LOK SABHA DEBATES

LOK SABHA

Tuesday, April 3, 1973/Chaitra 13,
1895 (Saka)

The Lok Sabha met at Eleven of the
Clock

[MR. SPEAKER in the Chair]

ORAL ANSWERS TO QUESTIONS

Assessment regarding working of Sindri Fertilizer Plant

*583. SHRI MUKHTIAR SINGH
MALIK:

SHRI BIRENDER SINGH RAO:

Will the Minister of PETROLEUM
AND CHEMICALS be pleased to state:

(a) whether any assessment has been made by Government regarding the working of the Sindri Unit of Fertilizer Corporation during the last three years;

(b) if so, the nature of irregularities found in its working; and

(c) the steps taken or proposed to be taken to improve the working of this Unit?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI D. K. BOROOAH): (a) to (c). The working of the Sindri unit has been reviewed from time to time and appropriate remedial measures have been taken or are being taken to improve its performance. Detailed information in this regard is given in the statement laid on the Table of the Sabha.

Statement

(a) to (c). The performance of the Sindri Unit in the last three years in

terms of production and financial results is given below:—

The attainable capacity of the unit was assessed in 1964 as 99,000 tonnes of Nitrogen per annum. In May, 1972, a Technical Committee appointed by the Board of the Corporation assessed that the attainable capacity during the next five years cannot be expected to be more than 75—80 thousand tonnes of Nitrogen per year.

The production during the last three years was as under:—

1970-71	1971-72	1972-73
84.50	74.00	65.0
		(likely)

The unit made a cumulative profit of about Rs. 16 crores upto the end of 1967-68. The unit has been incurring losses during the last three years as under:—

	(Rs. in lakhs)
1969-70	25.76
1970-71	157.95
1971-72	346.97

The reasons for the losses have been identified. These are rise in prices of raw materials, loss of production due to rapid deterioration of plant and machinery and the poor condition of coke-oven batteries all of which are to be expected in an aging plant; rise in freight rates, additional electricity duty, increased maintenance cost due to the age of the plants and higher consumption of raw materials like gypsum and coal due to their poor quality.

Several measures, both short-term and long-term, have been or are being taken to improve the economics of working of this plant through increased production. Apart from repairs and renovations to different sections of

this old plant, a scheme is already under implementation for manufacture of triple superphosphate at Sindri. This would eliminate dependence on natural gypsum, the quality and supplies of which are presenting difficulty and also ensure regular supply of by-product gypsum for production of ammonium sulphate. The expenditure incurred on this scheme would be about Rs. 35 crores in addition to expenditure on renovation referred to above.

Since these measures cannot by themselves be expected to improve the economics of working of this plant beyond a certain point, a large scale expansion and modernisation is also contemplated. The scheme which would increase the capacity for production of nitrogen from about 90,000 tonnes per annum to about 2,55,000 tonnes per annum would be based on heavy petroleum fractions as the feedstock in lieu of Coke/Coke oven gas being presently used as feedstock at Sindri. This scheme is estimated to cost about Rs. 96 crores.

SHRI MUKHTIAR SINGH MALIK: Sir, the hon. Minister has given in his statement so many reasons for the losses occurring in the plant at Sindri. I would like to point out that besides these reasons, according to my information, the plant has suffered because of the power politics played by the Managing Director Mr. Chakravarty. I would like to know from the hon. Minister whether the General Manager Shri R. K. Ghosh, appealed to the Hon. Minister for his confirmation as the Managing Director, Mr. K. R. Chakravarty, is not confirming him in spite of the fact that he was approved as the General Manager by the Bureau of Public Enterprises and he has offered to quit the FCI rather than to face humiliation at the hands of Mr. Chakravarty. I would like to know whether this is a fact.... (Interruptions). Whether the former G. M., Shri Gosh, was beaten by the hired goondas of the Managing Director?

As I have already submitted, besides the reason given by the hon. Minister, some power politics was being played

by the Managing Director, Shri Chakravarty.

MR. SPEAKER: I think the gentleman is not here. You cannot bring in his name. You can mention his designation.

SHRI MUKHTIAR SINGH MALIK: My question is—I am not mentioning his name—whether the former G.M. Shri Khanna was beaten by the hired goondas of the Managing Director? When these people were suspended by the Personnel Manager, the Managing Director reinstated them while Mr. Khanna was asked to proceed on leave.

MR. SPEAKER: Is it a part of the assessment?

SHRI MUKHTIAR SINGH MALIK: This is mainly due to the power politics being played by the Managing Director.

SHRI D. K. BOROOAH: That is not our assessment?

MR. SPEAKER: His question was very categorical. He referred to the General Manager and your reply should also be categorical.

SHRI D. K. BOROOAH: Therefore, I said that that was no tmy assessment.

श्री बिरेंद्र सिंह राव : स्पीकर साहब, मैं मिनिस्टर साहब से दर्याफ्त करना चाहता हूँ कि पिछले सालों में इन्स्टाल्ड कैपेसिटी की कितना परसेंट इस फैक्ट्री में काम होता रहा? क्या यह सच है कि पिछले चन्द सालों में यके बाद दीगरे कई जनरल मैनेजर तब्दील हुए, और क्या यह सच है कि जो इस फैक्ट्री के ग्रन्दर नुकसान होता रहा वह प्लान्ट के पुराने होने की वजह से नहीं बल्कि मैनेजीरियल बराबी की वजह से होता था ?

क्या यह सच है कि पिछले दिनों राजस्व सभा में कुछ मेम्बर्स प्राक पार्लियामेंट की तरफ से मैनेजिंग डायरेक्टर के खिलाफ यह इन्क्वायरी कराये गये कि इस फ़ैक्टिलेक्चर प्लान्ट में मैनेजिंग डायरेक्टर करप्शन कैसा रहा है, अच्छे अच्छे आदमियों को निकाल रहा है और कुछ पोलिटिशियन्स को वहां से क्या मिलता है ? और अगर वह इन्क्वायरी

लगाये गये तो उस के मुत्तल्लिक सरकार ने क्या कदम उठाये और क्या सरकार इस बारे में सी० बी० आई० की इनक्वायरी कराने के लिए तैयार हैं ?

SHRI D. K. BOROOAH: The percentage of the installed capacity is rather on the low side. I shall give you the exact figures. It is 65 per cent of the installed capacity which is rather low for a fertiliser factory; it should be at least 80 per cent. In his second question he asked about certain charges made by the hon. Members of the Rajya Sabha against the Managing Director. If you will remember this was explained the other day also; all these are being looked into by the department. He has been asked for his explanation and I am told that he has just submitted his explanation and that is being processed and as soon as we come to some conclusion about it we shall do the needful.

श्री चन्द्र शंलानी : चेयरमैन और मैनेजिंग डायरेक्टर श्री के० आर० चक्रवर्ती ने सी० बी० आई० की इनक्वायरी से बचने के लिए क्या आपको इस्तीफा दे दिया है और अगर दे दिया है तो क्या उसको स्वीकार कर लिया गया है ? क्या यह भी सत्य है जो चाजिज श्री चक्रवर्ती के ऊपर लगाए गए हैं उनके रिकार्ड बह जला रहे हैं, उनको नष्ट कर रहे हैं और यदि हां, तो क्या ऐसे व्यक्ति पर देशद्रोह का मुकदमा नहीं चलना चाहिए ?

श्री देवकान्त बरुआ : हम एफ० सी० आई० का रिआर्गेनाइजेशन करना चाहते हैं। इसके बारे में मैंने राज्य सभा में एलान भी किया था। उसी के मुताबिक उन्होंने अपना इस्तीफा भेजा है लेकिन हम ने अभी तक उसको ग्रहण नहीं किया है।

श्री सुहृन्ध जमीलुर्रहमान : जो स्टेटमेंट किया गया है इसकी दो लाइनें

में आपकी इजाजत से पढ़ना चाहता हूँ। इस में लिखा है कि प्रोडक्शन टारगेट 99,000 टन था। लेकिन 1970-71 में वह 84.50 टन दिखाया गया है, 1971-72 में वह घट कर 74 टन रह गया और 1972-73 में 65 टन रह गया। एस्टीमेटेड लौस का भी विवरण इस में दिया हुआ है। 1969-70 में 25.76 लाख था, 1970-71 में 157.95 लाख और 1971-72 में वह 346.97 लाख हो गया। अगर कल पुर्जे खराब थे और टारगेट प्रोडक्शन नहीं दे सकते थे तो 1964 के बाद क्या कभी जनरल मैनेजर ने मिनिस्ट्री को रिपोर्ट भेजी कि पुर्जे या मशीनरी खराब हो गए हैं, कल कारखाने खराब हो गए हैं और ये टारगेट प्रोडक्शन नहीं दे रहे हैं और इनके सुधार के लिए कुछ किया जाना चाहिए ? 1964 से ले कर 1973 तक क्या कभी भी ऐसी कोई रिविजिशन उनकी तरफ से आई और अगर आई तो मिनिस्ट्री ने उस पर क्या कार्यवाई की ?

श्री देवकान्त बरुआ : इसके बारे में दो तीन बार जांच हो चुकी है। एक बुनियाद पर कुछ सिद्धान्त ले लिया गया है। 35 करोड़ रुपया इसकी इम्प्रूवमेंट के लिए और पूरा नया बनाने के लिए रखा गया है और उसकी एक स्कीम भी बन गई है। अभी पुरानी मशीनरी है। जिपसम जो राजस्थान से आता था उसकी क्वालिटी में भी खराबी हुई है। इसलिए पूरा परिवर्तन करने के लिए एक सिद्धान्त तय किया गया है और काम शुरू कर दिया गया है।

श्री राम नारायण शर्मा : तीन वर्षों का जो विवरण दिया गया है इन तीन वर्षों में जनरल मैनेजर कौन थे और क्या इस बीच स्थायी जनरल मैनेजर की व्यवस्था की गई थी जब से स्थायी जनरल मैनेजर को वहां से हटाया गया ?

मंत्री जी ने बताया है कि इसकी एक्स-पैशन के लिए स्कीम बन रही है हैवी पेट्रोलियम के बेसिस पर। अब तक कोयले का बेसिस था। इसके लिए बरौनी में काम हो रहा है। इससे उठता हुआ प्रश्न एक और था। 1972 में एक टीम ने एमेसमेंट किया था। उसने कहा था कि 80 परसेंट कैपेसिटी का प्रोडक्शन होना चाहिए और प्रोडक्शन हुआ है 65 परसेंट। मैं जानना चाहता हूँ कि इन सब बीमारियों का इलाज क्या है?

श्री बेंबकांत बहग्रा : यह सही है कि अभी तक वहां अमोनियम सल्फेट कोक ओवन गैस से बनता था। इसमें तबदीली करके हैवी पेट्रोलियम और फरनेस आयल से बनाने का सिद्धान्त तय किया गया है और फरनेस बरौनी से आने वाला है। माडर्नाइज्ड प्लांट जो ला रहे हैं उससे हम अभी 90,000 टन से बढ़ा कर 2,55,000 टन करना चाहते हैं और चाहते हैं कि वह वायएवल यूनिट बने।

जो पहला सवाल सदस्य महोदय ने किया था कि इन तीन सालों में जनरल मैनेजर स्थायी थे या अस्थायी थे, मुझे उन के तजुर्बे से मालूम होता है कि स्थायी थे।

श्री राम नारायण शर्मा : जी नहीं, नहीं थे। कोई जनरल मैनेजर नहीं है। डिप्टी मैनेजरल नेजर एक्टिंग जनरल मैनेजर हैं।

SHRI G. VISWANATHAN: According to the statement, Government propose to spend about Rs. 131 crores on the Sindri Fertilizer Plant. Does this include machinery, renovation and replacement? In how many years this amount will be spent and when will you get the renovated plant?

*English Translation of Bengali.

SHRI D. K. BOROOAH: The implementation of the entire scheme is likely to take four years.

***SHRI KRISHNA CHANDRA HALDER:** Sir, the hon. Minister in his statement has given figures of production and losses which show that there has been a continuous fall in production and loss, increased since 1969-70 which is because of bad management. I would therefore like to know from the hon. Minister, what steps he proposes to take to overhaul the Board of Management to overcome this difficulty? Secondly whether he proposes to include the workers' representatives in the Board of Management so that the losses may be contained and the factory may start making profits?

***SHRI D. K. BOROOAH:** Mr. Speaker Sir, in reply to the hon. Member I would like to say that it cannot be accepted that the losses were only because of bad management. So far as workers' participation is concerned it is a desirable thing and I will keep the suggestion in view.

Shortage of Cooking Gas

***584. SHRI VEKARIA:**

SHRI ARVIND M. PATEL:

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Government are aware of the shortage of cooking gas in India and particularly in Gujarat State;

(b) if so, the reasons for the shortage; and

(c) the action taken by Government to solve the problem?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI D. K. BOROOAH): (a) and (b). Even though the production of Liquefied Petroleum Gas (commonly known as cooking gas or LPG) has been in-

creasing at a very fast rate, it continues to remain short of the country's fast growing demands. This results in complaints of shortages, long waiting lists for securing connections, requests for the extension of its marketing to new towns etc.

(c) The production and distribution arrangements are being extended to the maximum extent feasible.

SHRI VEKARIA: In the reply it is stated that there is shortage in production. At the same time, we see in the fields in Gujarat that gas is burning without any use. What are the reasons for gas being allowed to burn and not put to any use?

SHRI D. K. BOROOAH: I think, the hon. Member is referring to natural gas being flared up. Here, the question is about refined gas. The L.P.G. is a refined gas. That is a natural gas. That can also be liquefied. That is an expensive process. That will be what is known as liquefied natural gas. But that natural gas is used for making fertilisers.

SHRI VEKARIA: The Minister has said that it can be converted into cooking gas. Why is the Government not taking any steps to meet this shortage?

SHRI D. K. BOROOAH: The refined gas you can get out of only the gas produced by the refinery. That will depend upon the availability of the gas produced by the refineries. That can be liquefied. Therefore, it depends upon the quantum of crude processed in the refinery. I find that the Koyali Refinery produces 60,000 tonnes of gas. As and when we process more crude either by expanding refineries or by establishing new refineries, then the production of L.P.G. also will increase.

श्री अरवि एम. पटेल : अध्यक्ष महोदय, मंत्री महोदय ने बताया कि एल. पी. जी. की कमी है और उस की वजह

उन्होंने बताया लेकिन वह वजह वाजिब नहीं लगती। वास्तव में गैस सिलिंडर की कमी है। हमारे देश में कुकिंग गैस का उत्पादन काफी मात्रा में हो रहा है लेकिन गैस सिलिंडर उस मात्रा में पहुंच नहीं पा रहे हैं। इसलिए मैं मंत्री महोदय से जानना चाहता हूं कि क्या गैस सिलिंडर का अधिक उत्पादन हो। इस के लिए सरकार कोई उपाय सोच रही है और मैं जानना चाहता हूं कि गैस सिलिंडर के उत्पादन पर नियंत्रण है या नहीं? नहीं है तो खानगी क्षेत्र में उस का उत्पादन हो, क्या ऐसा कुछ सरकार सोचती है?

श्री देवकान्त बरुआ : मैं सदस्य महोदय से सहमत हूं कि सिलिंडर का अभाव भी एक कारण है। वह सिलिंडर हम यहां बना रहे हैं और उस के लिए एक खास ढंग का स्टील चाहिए एल्युमिनियम किल्ड क्वालिटी स्टील जिस को कि टिस्को और एच. एस. एल. बना रहे हैं लेकिन वह पर्याप्त परिमाण में नहीं मिलता है। इसलिए हम ने गवर्नमेंट से मांग की है कि इस को इम्पोर्ट करने की इजाजत मिलनी चाहिए। यह एक कारण है, लेकिन तब भी मैं यह समझता हूं कि सब से बड़ा कारण यह है कि हमारा गैस का उत्पादन मांग की तुलना में पर्याप्त नहीं है।

श्री फूल चन्द बर्मा : अध्यक्ष महोदय, मंत्री जी ने अपने उत्तर में अभी यह स्वीकार किया कि देश में जितनी कुकिंग गैस की मांग है उस के अनुरूप हम सप्लाई नहीं कर पा रहे हैं और जहां तक गैस का सवाल है मध्य प्रदेश में तो महीनों तक कुकिंग गैस नहीं मिलती है। दिल्ली में भी यही हालत है। तो मैं जानना चाहता हूं जैसा कि अभी माननीय सदस्य ने पूछा कि गैस के सिलिंडर की कमी है और जो सिलिंडर में लगने वाली धातु या लोहा है वह आप के पास है

नहीं तो क्या आप इस को विदेशों से मंगाने के लिए प्रयत्न कर रहे हैं या देशी किसी फर्म के माध्यम से तैयार कराने का प्रबन्ध कर रहे हैं

श्री बबकान्त बरुआ : माननीय सदस्य को शायद ठीक से मेरा उत्तर सुनने का अवसर प्राप्त नहीं हुआ। मैंने कहा था कि यह तो टिस्को और एच० एस० एल बना रहे हैं। एक खास किस्म का लोहा इस में लगता है, एल्युमिनियम किल्ड क्वालिटी स्टील जिसे कहते हैं और यह हम यहां बनाते भी हैं और विदेश से मंगाने के लिए भी फाइनुल्स मिनिस्ट्री से या जो विभाग इम्पोर्ट के लिए इजाजत देता है, उससे इजाजत मांगी है। लेकिन जैसा मैंने पहले कहा था गैस की भी कमी है।

ताप्ती नदी बांध परियोजना के संबंध में महाराष्ट्र से सर्वेक्षण रिपोर्ट

* 586. श्री गंगाचरण दीक्षित : क्या सिंचाई और विद्युत मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या महाराष्ट्र सरकार ने ताप्ती नदी बांध परियोजना के सम्बन्ध में सर्वेक्षण रिपोर्ट केन्द्रीय सरकार को प्रस्तुत कर दी है; और

(ख) यदि हां, तो केन्द्रीय सरकार ने उस पर क्या कार्यवाही की है ?

सिंचाई और विद्युत मंत्रालय में उपमंत्री (श्री बालगोविन्द वर्मा) : (क) और (ख) : एक विवरण सभा पटल पर रखा जाता है।

विवरण

(क) और (ख). अपर ताप्ती परियोजना, जिसमें महाराष्ट्र में 1.37 लाख एकड़ क्षेत्र को सिंचाई सुविधाएं प्रदान करने के लिए जल गांधी जिले में हतनूर ग्राम के निकट ताप्ती नदी के पार दायाँ तट नहर के साथ एक द्वार वाला बियर का निर्माण परिकल्पित है, महाराष्ट्र की विकासात्मक योजनाओं में कार्याचयन के लिए मार्च, 1970 में स्वीकृत की गई थी और इस समय परियोजना पर निर्माण कार्य चल रहा है।

महाराष्ट्र और मध्य-प्रदेश सरकारों ने परियोजना के चरण-दो, जिसमें संयुक्त प्रयास के रूप में भी संचय बांध, विद्युत् घर और नहरें परिकल्पित हैं, को शुरू करने का विचार किया है। इन प्रस्तावों पर दोनों सरकारों द्वारा अन्वेषण किए जा रहे हैं। परियोजना रिपोर्ट और प्राक्कलन अभी तक प्राप्त नहीं हुए हैं।

श्री गंगा चरण दीक्षित : ताप्ती नदी मध्य प्रदेश से निकलती है और उस का ज्यादा बहाव मध्य प्रदेश में ही है। मैं यह जानना चाहता हूँ कि जो योजना स्वीकृत की गई है, जिस के अन्तर्गत जलगांधी जिले में हतनूर गांव के निकट एक बांध का निर्माण हो रहा है, क्या महाराष्ट्र सरकार द्वारा तयार की गई उस की सर्वेक्षण रिपोर्ट में उस योजना के द्वारा मध्य प्रदेश की भूमि को भी सिंचित करने की व्यवस्था की गई थी। क्या उस योजना से मध्य प्रदेश को कोई फायदा होगा ?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO): I am very glad to state that Madhya Pradesh and Maharashtra Governments have arrived at a very good compromise in trying to develop

the Tapti river for the use of both the States. There are three proposals on the river—one at Kheria and the other at Nawatha, two dams at both the places, and the third at Hatnur. Hatnur is under construction and the other two are under investigation. Both the Governments have accepted sharing of the waters and so on, and they have promised to send the report by June this year. When the report is received, those two projects will be considered and sanctioned, and then water will be available for both Maharashtra and Madhya Pradesh.

श्री गंगाधर दीक्षित : मंत्री महोदय ने सैकण्ड स्टेज के बारे में कहा है। मैं यह जानना चाहता हूँ कि फ़र्स्ट स्टेज में जो काम आलरेडी हो रहा है, क्या उस के द्वारा मध्य प्रदेश को कोई फ़ायदा होगा।

DR. K. L. RAO: What we call Upper Tapi Stage-II refers to the proposed construction of dams at Kheria and Nawatha. The one that is constructed at Hatnur does not benefit Madhya Pradesh. The other two reservoirs will benefit Madhya Pradesh.

Security of Services of Employees in Private Companies

*587. SHRI BHOGENDRA JHA: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) whether it is proposed to ensure statutorily security of service and service conditions of the executives and other officers of private firms and companies in India; and

(b) if so, the main features of the proposal?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI D. R.

CHAVAN): (a) and (b). The Companies Act, 1956 regulates the appointment of and remuneration payable to the Directors and Managers as defined in sub-sections (24) and (26) of Section 2 thereof, in Public Limited Companies or Private Limited Companies which are subsidiaries of Public Limited Companies or Private Company deemed to be public companies under section 43A of the Act only. There is no proposal to amend the Companies Act to enlarge the scope of these provisions to cover persons other than managerial personnel.

However, the definition of "workman" as defined in Section 2(s) of the Industrial Disputes Act, 1947 is restricted to workmen drawing wages less than Rs. 500 per month and it does not apply to persons employed mainly in managerial or administrative capacity or to supervisory staff. The question whether this definition of "workman" should be redefined for enlarging its scope to cover all or any of the other categories of employees is a matter for the Ministry of Labour and Employment to consider.

SHRI BHOGENDRA JHA: It is common knowledge that in the private sector, the management and the owners naturally aspire for, and attempt to implement, the policy of 'hire and fire', and that is why all the officers are dependent upon them for their livelihood and they entirely support the management in helping to violate the Companies Act, Income-tax Act, Labour laws, safety rules, etc. Keeping that in view, may I know what is the hurdle in having in the private sector also the same rules and service conditions which apply to the public sector?

SHRI D. R. CHAVAN: Security of service conditions of executive and other officers of private firms and companies cannot be provided for statutorily under the Companies Act because the power of the Government

to legislate on company law is governed by entry 44 of the Seventh Schedule of the Constitution of India. Under this entry, the Central Government is empowered to enact laws for the purpose of incorporation, regulation and winding up of companies. The Companies Act of 1956 has been enacted in exercise of this legislative power. It is clear from this enactment that laws relating to the security of service, conditions of service of the executives and other officers of private firms and companies is not within the ambit of the Companies Act. Therefore, in the last para of my reply I said that the scope of the definition 'workman' as given in the Industrial Disputes Act is proposed to be widened further. Now, the term 'workman' covers all employees of workmen drawing a salary below Rs. 500. Now, it is proposed to widen the scope of this to cover all these employees drawing a salary upto Rs. 1000 and that I have said.

SHRI BHOGENDRA JHA: The Minister perhaps feels helpless. But I do not understand why, when he realises that it is necessary to amend the law, he cannot amend the law or even the Constitution for that purpose because we know that on certain occasions like this Government feel helpless.

When Mr. Bhagwat Jha Azad was the Labour Minister, he and Mr. Jagjivan Ram openly assured us that no workmen working in the Tatas would be dismissed and they gave this assurance—I understand—on the advice of the Prime Minister. But, despite that assurance, 34 employees were dismissed.

Just recently, another firm nearby at Faridabad, the Kelvinator of India Ltd. had dismissed one Mr. B. N. Singh, Sales Assistant, without any justification and even the medical certificate was not accepted. So, I want to know what the hurdle is. If the Government so realises that an

amendment of the law is necessary so that there may be a uniform law governing the service conditions, etc., of the private sector employees and officers just like in the public sector, what is the hurdle to it?

SHRI D. R. CHAVAN: As I said just now, the case to which a reference has been made by my hon. friend will be covered under the Industrial Disputes Act.... (Interruptions) As I said, under the Constitution, it is beyond the ambit of the Company Law to provide security of service to those employees whom the hon. Member just now referred to.

SHRI BHOGENDRA JHA: Why not amend the law if the Government so feel?

MR. SPEAKER: Whatever is the reply, that is before you.

SHRI A. P. SHARMA: Just now the hon. Minister has said that the Industrial Disputes Act is proposed to be revised to cover employees drawing a salary upto Rs. 1000 instead of Rs. 500 as at present. May I know that in view of the recommendation of the Third Pay Commission's report, as there will be many employees who will be still required to be covered, does the Government propose to see that all class III and Class IV employees are covered under the Industrial Disputes Act?

SHRI D. R. CHAVAN: This is a question which has to be addressed to the Minister of Labour.... (Interruptions) I answered the question but normally the question should have been transferred to the Labour Ministry. Therefore, I collected this information and on the basis of the information I have replied.

SHRI BHAWAT JHA AZAD: I will put a supplementary purely relating to this Ministry. I would like to know whether with respect to the class

of executives and other officers of private companies who are mentioned in this question, with a view to amend the law, if necessary in future, has any assessment been made as to how these private companies even under the present law are not giving full security to their employees. Have you made any assessment about that?

SHRI D. R. CHAVAN: To my knowledge, I do not think any assessment has been made about it.

SHRI DINEN BHATTACHARYYA: Should I take from the Minister's reply that at the present moment there is no security of service for those employees who are drawing more than Rs. 500? If that is so, can a provision be made in the Companies Act? As Mr. Bhogendra Jha said, you can obviate and circumvent many of the corrupt practices, if these people in the higher-ups are given some sort of security under the law. Is there any such proposal before the Government or not?

SHRI D. R. CHAVAN: This is being looked into under the Industrial Disputes Act.

Reasons for delay in implementing the recommendations of the Bureau of Industrial Costs and Prices on Bulk Drugs

589. **SHRI P. M. MEHTA:** Will the Minister of PETROLEUM AND CHEMICALS be pleased to state the reasons why the recommendations of the Bureau of Industrial Costs and Prices in respect of fair prices of certain bulk drugs and norms and mark-up as prescribed in the Drugs (Price Control) Order, 1970 are not being implemented expeditiously?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI D. K. BOROOAH): The report of the Working Group set up under the Chairmanship of the Chairman, Bureau of Industrial Costs and Prices in

respect of fair prices of certain bulk drugs, etc., is under active consideration and a decision is expected to be taken soon. The Working Group has made a number of suggestions regarding fixation of prices of 24 bulk drugs (including gelatine capsules) and to regulate the prices of formulations and the effect of such recommendations has to be studied in great detail with reference to the implications for the drug industry as a whole. The various representations received from the pharmaceutical associations have also to be taken into account.

SHRI P. M. MEHTA: I would like to know from the hon. Minister as to on which date the reference was made to the Working Group to recommend the selling price of 26, not 24, bulk drugs? When did they actually submit their report? Since how long has this been under active consideration of the Government?

SHRI D. K. BOROOAH: My submission is this. There were 25 bulk drugs examined by the Working Group under the aegis of the Bureau of Industrial Costs and Prices and one of the items namely transfusion solution was not considered to be coming under the bulk drug category and therefore it was decided to take away this item from the study of the Working Group. Originally it was 25 and then because of this, this came to 24, and this one item was left out. It was not considered to be a bulk drug. The report was submitted in October, 1972. There are 50,000 formulations which are involved and this is a broad spectrum, broad subject and therefore it is taking some time. Even so, we are hoping to come to decision by about 15th of May.

SHRI P. M. MEHTA: On what date the reference was made to them?

SHRI D. K. BOROOAH: This working group was set up in September, 1970. They submitted the report between April to October 1972. The last report was in October, 1972.

SHRI P. M. MEHTA: So, it took two years for them. Now, my second question is this. Is the Minister aware of the fact that 15 to 20 foreign dominated firms are controlling the drug industry and business worth Rs. 260 crores out of Rs. 360 crores? That is why they are making huge profits and repatriating huge amount of money by way of dividends, profits, by way of technical know-how, royalties, etc. They are not willing to implement the recommendations and they do not want to take any action. This is a very serious matter. May I know whether the association, namely, OPPC is exerting any pressure on the Ministry, to see that no action is taken or action is delayed or diluted?

SHRI D. K. BOROOAH: Sir, I am in agreement with the hon. Member that the Drug industry is dominated by foreign companies as well as foreign companies in which there are Indian equities. But the reason he adduced for not implementing is not the influence of these. On the other hand there is a thinking in my Ministry that we should help the Indian manufacturers of drugs and pharmaceuticals to the extent possible. So, the question of influence of foreign drug companies does not arise.

श्री विभूति मिश्र : हमारी सरकार सिफारिशों के बारे में कब तक फैसला करेगी तथा जो ड्रग गांवों तक पहुंचेगी, अस्पतालों तक पहुंचेगी, क्या उस पर कीमत निश्चित रूप से लिखी रहेगी या नहीं लिखी रहेगी ?

श्री देवकान्त बरुआ : मैंने 15 मई के पहले इस को करने का सिद्धान्त तय कर लिया है। विभूति मिश्र जी ने जैसा बताया है कि उस पर ठाम लिखित रहना चाहिए, यह भी अच्छी सलाह है, इस के बारे में विचार करेंगे।

श्री विभूति मिश्र : आप ने कहा कि लिखवा देंगे, मैं जानना चाहता हूं कि सरकार इस के बारे में सोच रही है या नहीं सोच रही है ?

श्री देवकान्त बरुआ : यह बात सरकार सोच रही है और जब विभूति मिश्र जी ने कहा है तो इस से भी हमारे हाथ मजबूत हैं।

SHRI K. S. CHAVDA: May I know whether Study Group on industrial costs and prices have made any recommendation regarding foreign dominated firms for controlling and regulating because they are making fabulous profits in case of drugs?

SHRI D. K. BOROOAH: It is the policy also that the foreign companies should dilute their equities and introduce Indian participants. But the whole question will be gone into by a committee consisting of MPs as well as experts as to how to reduce the area of dominance by the foreign drug companies.

Captive mines for Thermal Power Stations

*591. SHRI B. S. BHAURA: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether the suggestion that thermal power stations should have captive mines to ensure adequate supply of coal to them has been implemented; and

(b) if so, where and in what manner?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BAL GOVIND VERMA): (a) and (b). The various Thermal Power Stations are being linked to particular collieries to supply their needs of coal on long term basis. In view of electricity generation and the Coal mining, both now being in the Public Sector, it may not be necessary for the Power Stations to have captive mines of their own.

At present Neyveli Lignite Corporation have their own mines for supply of lignite to the Thermal Power Station located there.

SHRI B. S. BHAURA: This suggestion was made as due to shortage of coal there was shortage of electric supply from thermal plants. May I know from the hon. Minister, if this is true, on what ground the government has rejected this suggestion?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO): It is true that at some power stations it has not been possible to meet their full requirements of coal. Therefore, the question of locating thermal stations at the pit-heads is under considerations. At the moment we have got some thermal stations at the coal pit-heads but even then we find there is not sufficient coal supply. As the coal mines are now in the hands of the government we do not want separate mines for the projects.

SHRI B. S. BHAURA: In view of the fact that there is no colliery or coal mines near Punjab, to which colliery is the Bhatinda thermal plant going to be linked up by Government?

DR. K. L. RAO: It is true that Punjab is short of coal. That is why there is reluctance for sanctioning power stations based on coal in Punjab. But due to the urgency of the requirement, the Bhatinda power station has been located in Punjab. That power station has to be linked to Bihar-Bengal coal fields; later when the Central India coal fields at Singrouli are able to be linked, it will get coal from Singrouli.

SHRI S. R. DAMANI: Since the last one year there is a general complaint of poor quality coal supplied to thermal stations. What are the reasons for this supply of poor quality coal and what steps are Government going to take to improve the

quality of the coal supplied to thermal plants so that they can generate to full capacity and do not have to suffer on account of supply of inferior quality coal?

DR. K. L. RAO: It is true that the thermal power plants have to utilise poor quality coal as that is the coal available in their country. Most of the power plants have to use coal. That is why the thermal power plants in India will be based essentially on coal.

With regard to the point the hon. member has raised, the only difficulty is that there are some abrasive materials in this coal which are very injurious to the equipment; coal gets mixed up with some stones. Therefore, a suggestion has been made that this coal should be passed through washeries which will eliminate these abrasive materials. We have got to have coal for use in these plants which will be free of these abrasive materials. That has to be done by the washeries.

SHRI D. D. DESAI: The hon. Minister stated that the collieries are now in the public sector and there is no need for linking. But the designs of the firing and grate system of the boilers fully dependent upon coal analysis. Would it not be proper to analyse the coal of different seams and the thermal stations are specifically linked to collieries producing coal suitable for such plants? One of the reasons for breakdown of thermal plants, maintenance problems or reduced capacity is the presence of sulphur, phosphorous ash and other matters in the coal supplied and used. Therefore, would it not be proper to design the thermal plants based on an analysis of the coal to be supplied to them?

DR. K. L. RAO: Naturally, power stations must be designed to obtain the maximum efficiency with a particular coal. In fact, the boiler has to be designed only after knowing where

the coal is to come from and what is its quality. In India, we are not well organised in this respect; we are not able to have supply of coal arranged that way to the thermal stations. But I hope in the future it will be possible to fix up every power station to a particular coal field. That is the object. There is a Fuel Linkage Committee to link up coal mines to particular power stations. That is being done. I only hope that the coal mines will be developed to such an extent that it will be possible to link up in this way.

I did not say there was no need for linkage. I said there is no necessity for taking any action for the captive mines, not for linkage. Linkage must be there. The boiler must always be designed for a particular coal.

प्रबन्ध तथा श्रम सम्बन्धी निगमित उपक्रम
समूह द्वारा दिए गए सुझाव

* 593. श्री अम्बेश : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) प्रबन्ध तथा श्रम सम्बन्धी निगमित उपक्रम समूह ने अपनी स्थापना होने के बाद से अब तक कितने विषयों पर विचार किया है ;

(ख) क्या इस समूह ने रेलवे के ढांचे में परिवर्तन लाने का सुझाव दिया है ; और

(ग) यदि हां, तो इस समूह द्वारा दिए गए सुझावों की मुख्य बातें क्या हैं ?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) The Corporate Enterprise Group of Management and Labour in their 1st meeting held so far, in November, 1972, discussed in detail the methods and procedures for the conduct of business of the Group and the agenda for the next meeting.

(b) No.

(c) Does not arise.

श्री अम्बेश : क्या मंत्री जी बताने की कृपा करेंगे कि इसकी स्थापना कब हुई थी, इसकी रिपोर्ट कब तक देनी है और साथ ही क्या यह भी बतलायेंगे कि इसका स्कोप क्या है किन किन विषयों के अन्तर्गत इसको अधिकार दिए गए हैं अपनी रिपोर्ट प्रस्तुत करने के लिए ?

श्री मुहम्मद शफी कुरेशी : इसमें कोई रिपोर्ट नहीं देनी है बल्कि एक किस्म से मनेजमेन्ट और लेबर के आपस में काम करने का तरीका है ताकि इसमें रेलवे की भलाई हो। पहली मीटिंग नवम्बर 1972 में हुई है और अगली मीटिंग की तारीख मुकर्रर नहीं हुई है। जिन चीजों की तरफ ध्यान देंगे वह यह हैं कि रेलवे का मनेजमेन्ट और लेबर इस तरह से काम करे जिससे रेलवे की एफीशिएन्सी बढ़े और वह उन बातों पर भी गौर करें जो कि वेलफेयर के काम हैं—मकानों, हास्पिटल और स्कूल—उसमें लेबर और मनेजमेन्ट दोनों मिलकर काम करें। इस ग्रुप का मकसद ही यह है कि रेलवे की मजदूरी और तरक्की के लिए दोनों मिल कर काम करें।

SHRI A. P. SHARMA: Under this scheme, I understand that a joint management study team has to go and study the working of the railways in different places. May I know what is the position in regard to that?

SHRI MOHD. SHAFI QURESHI: It was decided that after this committee functions at the Central level, we will see how it works and then extend it to the zonal level also.

**Study regarding maintenance
of Indigenous and Imported
Turbo Generator Sets**

*594. SHRI D. D. DESAI: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether Government have made any comparative study of the costs of (i) installed KW, (ii) unit of power generated and (iii) maintenance of indigenous and imported Turbo Generator sets; and

(b) if so, the findings of the study?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) and (b). A statement is laid on the Table of the House.

Statement

(a) and (b). Although a number of projects to be equipped with indigenously manufactured turbo generator sets are already in hand, very few installations equipped with indigenous sets have so far been completed and commissioned. In fact,

out of the total present installed capacity of about 18 million kW, only 0.54 million kW is comprised of indigenously manufactured sets (365 MW thermal and 175 MW hydro). It is, therefore, too premature at this stage to make a comparative study, as suggested. The cost as well as performance of the indigeneous generating sets are, however, being watched carefully with a view to effecting improvements in future. Partinent data are also being compiled which will enable a comparative study as soon as statistically significant data become available.

SHRI D. D. DESAI: In the statement, it is mentioned that 18 million kilowatts is the present installed capacity and that only 0.54 million kilowatts is the indigenous sets capacity, and therefore it is not possible to give the cost for the unit of the installed power generated, the cost of operation and the cost of maintenance. Would the Minister now consider whether it is worth-while depending upon indigenous plants solely, when, during the whole of the past decade, the total addition in the installed capacity has been hardly of the order of 0.54 million kilowatts and when he is not in a position to disclose the figures in rupees for the unit-cost of the installed capacity, of indigenous as well as imported sets? In the light of the present difficulty, when the ratio is 1:20, that is, one rupee invested in power yields Rs. 20 by way of GNP per annum, would the Minister consider it proper to hold the country to ransom by the present difficulties in power generation?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO): It is true—what the hon. Member has said, namely, through the indigenous manufactured sets, there is only half a million kilowatts of power so far. Out of the 18 million kilowatts that we have in a day, only half a million is through indigenous sources. But we expect to add this year 1973-74, another one

million to one and half million kilowatt of indigenous manufacture, so that at the end of the further Plan, we expect to have 20 million kilowatts and we expect to have two million kilowatts through indigenous manufacture.

What the hon. Member said is also true, that is, in order to ensure adequate power and stop the shortage of power in the country we should not hesitate to import if necessary. That is also our policy. But the idea is to try to manufacture as much as possible indigenously rather than by import. But, if it is found at any time that the power development in this country is being retarded on account of the want of various machines, certainly import will be made.

SHRI D. D. DESAI: The present annual programme of additional power generation capacity is of the order of 2.5 million kilowatts, and by your own statement in the last decade the total output of indigenous plants has been about half a million kilowatts only. What is the reason for it? Are you going to make up every year, by imported equipment, two million kilowatts and are you going to make up the backlog by adding four million kilowatts by import immediately?

DR. K. L. RAO: This question is being looked into by a committee which has appointed for this purpose. The hon. Minister in charge of it in Uttar Pradesh is the Chairman of the Committee and the Committee consists of a number of Ministers of the States. They are going into this question to see how far equipment has to be imported from outside to meet the needs of power development in this country. I expect the Committee's report in a few months and then it is time for us to think of that problem. On the whole, I should say that initially we had some troubles and it took some time for us to deal with them and make suitable improvements in the workshops and so on and we are now in a better position and consequently

we are in a position to do much better in the manufacture of indigenous machinery than before.

Execution of Nagarjuna Sagar Project, Andhra Pradesh

*595. **SHRI K. RAMAKRISHNA REDDY:** Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) the progress made in the execution of Nagarjuna Sagar Project, Andhra Pradesh; and

(b) the places and the area to be benefited by the project, District-wise?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) and (b). A statement is laid on the Table of the House.

Statement

(a) and (b). The construction of Nagarjunasagar Dam is nearly complete. The main canal on the right bank upto mile 57, branches and distributories in blocks 1 to 10 and part of block 11 have been completed, and potential of 7.26 lakh acres created. The main canal on the left bank upto mile 72, branches and distributories in blocks 1 to 12 and part of block 13 have been completed, and a potential of 2.81 lakh acres created.

The State Government have reported that the area localised in the various districts is as follows:—

Right Bank Canal:

Prakasam District	..	4.46 lakh acres
Guntur District	..	6.65 lakh acres

Left Bank Canal:

Nalgonda district	..	3.05 lakh acres
Khammam district	..	2.15 lakh acres
Krishna district	..	1.65 lakh acres

The area yet to be localised is 2.58 lakh acres.

SHRI K. RAMAKRISHNA REDDY: Will the hon. Minister kindly tell us by what time the Nagarjunasagar project would be completed and how much area will be irrigated?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO): I expect the project to be completed in the Fifth Plan and the total area contemplated at present for irrigation is about 20.5 lakhs.

SHRI K. RAMAKRISHNA REDDY: By what time power will be generated from the Nagarjunasagar project and what steps are being taken for this purpose?

DR. K. L. RAO: It is the pump storage system which is contemplated here and machines have got to be imported from outside and I expect this to be done in the Fifth Plan.

WRITTEN ANSWERS TO QUESTIONS

Progress made for Reorganisation of R. P. F.

*581. **SHRI G. Y. KRISHNAN:**

SHRI VARKEY GEORGE:

Will the Minister of RAILWAYS be pleased to refer to the reply given to Unstarred Question No. 1040 on the 21st November, 1972 regarding changes proposed in the set up of Railway Protection Force to combat crime on Railways and state the progress of implementation of the scheme chalked out for the reorganisation of Railway Protection Force?

THE MINISTER OF RAILWAYS (SHRI L. N. MISHRA): The implementation of the scheme of Re-organisation of Railway Protection Force on the Railways is being actively pursued. As a first step in that respect about 1600 Rakshaks have already been recruited. The reaction of additional posts of supervisory staff (non-gazetted) is at present under scrutiny of the respective Railway Administrations and those of Gazetted Officers is under examination in the Railway

Ministry. The implementation of other consequential changes as envisaged in the scheme will follow subsequently.

कोट्टवाल्सा और किरन्दूल (दक्षिण पूर्व रेलवे) के बीच रेलवे लाइन

*582. **श्री हुकम चन्द कछवाय :** क्या रेल मंत्री दक्षिण-पूर्व रेलवे के विद्युतीकरण के बारे में 5 दिसम्बर, 1972 के अतारांकित प्रश्न संख्या 3002 के उत्तर के सम्बन्ध में यह बताने की कृपा कर सकें कि :

(क) क्या कोट्टवाल्सा और किरन्दूल के बीच रेलवे लाइन के बारे में सर्वेक्षण इस बीच पूरा कर लिया गया है; और

(ख) यदि हां, तो उसका क्या परिणाम निकला है और उस सम्बन्ध में सरकार का भावी कार्यक्रम क्या है ?

रेल मंत्री (श्री एल० एम० मिश्र) :
(क) जी हां ।

(ख) दक्षिण-पूर्व रेलवे के वाल्तेरु-कोट्टवाल्सा-किरन्दूल खण्ड का बिजलीकरण मुख्यतः इस ढलान वाले खण्ड में लौह अयस्क की भारी मात्रा में ढुलाई के लिए किया जा रहा है । इस रेलवे लाइन की लम्बाई 471 कि० मी० है जिसके बिजलीकरण पर 19.16 करोड़ रुपये खर्च होने का अनुमान है । इस निर्माण कार्य को आगे बढ़ाने के लिए अलग से अधिकारियों का एक दल तैनात किया जा चुका है । प्रारम्भिक अभिकल्प तैयार कर लिये गये हैं और ऊपरी उपस्कर, उप-स्टेशन आदि की सप्लाई और संस्थापन के लिए टेंडर खुल

चुके हैं और उनकी जांच पड़ताल की जा रही है। इस योजना के 1976 में किसी समय चालू होने की सम्भावना है।

इस खण्ड में लाइन क्षमता को अनुकूलतम बनाने के लिए सर्वेक्षण समिति की रिपोर्ट विचाराधीन है।

कर्वी स्टेशन से चित्रकूट (मध्य रेलवे) तक रेलवे लाइन बढ़ाना

*585. श्री राम रतन शर्मा : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार का विचार मध्य रेलवे के कर्वी स्टेशन से चित्रकूट तक रेलवे लाइन बढ़ाने का है; और

(ख) यदि हां, तो उस पर कब तक कार्य आरम्भ हो जाने की संभावना है ?

रेल मंत्री (श्री एल० एम० मिश्र) :
(क) कर्वी और चित्रकूट झांसी-मानिकपुर खण्ड के दो रेलवे स्टेशन हैं। इन स्टेशनों के बीच रेलवे लाइन के विस्तार का प्रश्न नहीं उठता।

(ख) प्रश्न नहीं उठता

Supply of power to Tripura, Mizoram and other parts of Eastern India from Bangladesh

*588. SHRI M. RAM GOPAL REDDY: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether Tripura, Mizoram and other parts of Eastern India are likely to get power from Bangladesh; and

(b) if so, the terms and conditions for the power supply by Bangladesh?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO): (a) and (b). The Indo-Bangladesh Power Coordination Board constituted recently is yet to start working. It is expected that these matters will be considered by the Board in due course.

Replacement of old Railway Engines

*590. SHRI R. S. PANDEY: Will the Minister of RAILWAYS be pleased to state:

(a) whether many of the Railway Engines are quite old and due to their break-downs, trains are often late;

(b) whether Government have made an assessment in this regard; and

(c) the steps being taken to replace the old Railway engines?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) There are some overaged Engines, but trains are not often late on this account.

(b) Yes.

(c) It is proposed to replace only those locos which are beyond economical repairs or are not suitable for operating requirements.

Expansion of Refineries by Foreign Oil Companies

*592. SHRI DHARAMRAO AFZALPURKAR: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) the number of foreign oil companies which have applied to Government for expansion of their refineries; and

(b) the reaction of Government thereto?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI D. K. BAROOAH): (a) and (b). Of the four foreign oil companies owing refineries in India, the Assam Oil Company had earlier applied for the expansion of its refinery at Digboi. The Government did not accept this proposal in the extent of the consideration of the overall question of setting up of additional refinery capacity in Assam culminating in the decision to put up a new refinery at Bongaigaon. The other three foreign oil companies i.e., Burmah Shell, Esso and Caltex claimed that they have between them spare capacity of about 3 million tonnes per annum. The question of utilising the additional capacity claimed to be available at these refineries will be considered by the Government at the appropriate time when the demand for products in the economic supply areas of these refineries justifies such utilisation.

Estimated Power Requirements in North Bengal Districts

*596. SHRI R. N. BARMAN: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether Government have made any survey of the power requirements in North Bengal District; and

(b) if so, the main feature thereof and how Government propose to meet the demand?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO): (a): Yes, Sir. The West Bengal State Electricity Board had carried out a quick survey in July/August, 1972 of North Bengal area regarding the power requirements.

(b) The main features of the survey are given in the statement enclosed.

The following steps are proposed to be taken to meet the demands:—

- (i) The State Electricity Board have installed/are installing some second hand diesel sets to meet the immediate shortage. The derated capacity of these is about 3.5 MW.
- (ii) Efforts are being made to get about 10 MW power from Bihar and 3 MW from Assam State Electricity Boards.
- (iii) 2x3.5 MW sets have been permitted for import to reinforce the power supply position in North Bengal.
- (iv) It has been proposed to set up a new thermal power station at Dalkhola with an installed capacity of 2 x 120 MW units to supply power to North Bengal and North Bihar.

	<i>Statement</i>					
	1971-72	1972-73	1973-74	1974-75	1975-76	1976-77
Installed capacity (MW)	36.8	49.5	49.5	49.5	51.5	51.5
Peak capacity (MW)	21.5	32.1	35.5	37.7	39.7	40.7
Peak Load—MW	18.9	34.0	46.0	56.0	66.0	77.0
Gross Margin—%	13.7	5.6	22.8	32.7	40.0	47.0
Energy potential—MkWh	47.9	87.6	130.5	144.0	149.8	149.8
Energy requirement—MkWh	44.5	89.6	129.0	161.0	196.0	235.0
Surplus (Deficit)—MkWh	3.4	(2.0)	1.5	(17)	(46.2)	(85.2)

Unorthodox Methods for laying New Railway Lines

*597. SHRI SHRIKISHAN MODI:
SHRI BIBHUTI MISHRA:

Will the Minister of RAILWAYS be pleased to state:

(a) whether his Ministry proposes to adopt unorthodox methods for laying new Railway lines; and if so, the gist thereof;

(b) whether he discussed this matter with Finance and Planning Ministers; and

(c) if so, the reaction of the Finance and Planning Ministers thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes. A new strategy for construction of new railway lines required for development purposes is under consideration. The guiding principles have already been indicated in Para 41 of the speech of the Minister of Railways while presenting the Budget for the year 1973-74 on 20th February, 1973. The same principles will also apply to the conversion projects in the underdeveloped areas.

(b) and (c). A reference has already been made to both the Minister for Finance as well as the Minister for Planning. Keeping in view the persistent demands from various States and the existing drought conditions in the country, they have been requested to provide an enhanced outlay of Rs. 255 crores on this account. Their reaction is awaited.

Refilling of Aircraft of Foreign Airlines in India by I.O.C.

*598. SHRI PRIYA RANJAN DAS MUNSI: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether the Indian Oil Corporation has increased its business of refilling aircraft of foreign Airlines at

Palam, Dum Dum and Santa Cruz Airports;

(b) if so, what is the actual number of foreign Airlines whose aircraft are refilled by Indian Oil Corporation in India at the moment; and

(c) what is the annual net profit of Indian Oil Corporation on this account?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI D. K. BAROOAH): (a) Yes, Sir.

(b) Eighteen.

(c) The IOC has estimated its annual net profit on this account as Rs. 12 lakhs.

बिहार की सिंचाई योजना के लिए सहायता

*599. श्री रामावतार शास्त्री :
क्या सिंचाई और विद्युत् मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बिहार सरकार ने 98 करोड़ रुपये की लागत की कोई सिंचाई योजना तैयार की है ;

(ख) क्या राज्य सरकार ने इस योजना को कार्यान्वित करने के लिए केन्द्रीय सरकार से भी सहायता की मांग की है; और

(ग) यदि हां, तो सरकार की उस पर क्या प्रतिक्रिया है ?

सिंचाई और विद्युत् मंत्री (डा० के० एल० गव) : (क) भारत सरकार को बिहार सरकार से 98 करोड़ रुपये की लागत की कोई भी सिंचाई स्कीम प्राप्त नहीं हुई है। परन्तु उसे फरवरी, 1973 में

सुवर्णरेखा बहुदेशीय परियोजना प्राप्त हुई है, जिस पर 90 करोड़ रुपये लागत आने का अनुमान है।

(ख) जी, हां।

(ग) वित्तीय सहायता देने के प्रश्न से पहले, परियोजना की अभी जांच होनी है और इसको स्वीकृति प्रदान की जानी है।

परिसीमन आयोग का गठन

*600. श्री शिव कुमार शास्त्री:

श्री एम० एस० शिवस्वामी

क्या विधि, न्याय और कम्पनी कार्य मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या परिसीमन आयोग का गठन पूरा हो गया है ;

(ख) यदि हां, तो वे राज्य कौन-कौन से हैं जिन्हें आयोग अपने कार्य में प्राथमिकता देगा; और

(ग) यह अपना प्रतिवेदन कब तक प्रस्तुत कर देगा ?

विधि, न्याय और कम्पनी कार्य मंत्री (श्री एच० आर० गोखले) : (क) जी हां।

(ख) परिसीमन आयोग उत्तर प्रदेश और नागालैण्ड राज्यों तथा पांडीचेरी संघ राज्य क्षेत्र के सम्बन्ध में परिसीमन कार्य को प्राथमिकता देगा क्योंकि इन राज्यों और संघ राज्य क्षेत्र में साधारण निर्वाचन

1974 के आरम्भ में होने वाले हैं। चूंकि उड़ीसा राज्य की विधानसभा और मणीपुर राज्य की विधान सभा विघटित कर दी गई है अतः हो सकता है कि आयोग इन राज्यों की बाबत परिसीमन कार्य को भी प्राथमिकता के आधार पर करे।

(ग) इस समय यह बताना सम्भव नहीं है कि आयोग अपना कार्य पूरा करने में कितना समय लगाएगा।

Impact of agitation in Andhra Pradesh on movement of coal from Tamil Nadu

5700. SHRI G. Y. KRISHNAN: Will the Minister of RAILWAYS be pleased to state:

(a) whether the movement of coal from Tamil Nadu to feed thermal power stations had been affected due to the upheaval in Andhra Pradesh; and

(b) if so, the reaction of Government thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). The Hon'ble Member presumably refers to the movement of coal for power stations in Tamil Nadu.

Despite dislocation of railway operation in Andhra Region due to agitation, coal supplies to the power houses in the Southern Region were maintained by the longer route via Raichur.

Shareholders of Orissa Mineral Development Co. Ltd.

5701. SHRI BALJIBHAI PARMAR: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to refer to the reply given to Unstarred Question No. 5419 on the 22nd December, 1972 and state:

(a) the number of shareholders of Orissa Mineral Dev. Co. Ltd., which hold little less than half the share capital of M/s. Bolani Ores Ltd.

(b) how many of the shares are held by promoters of the holding company i.e. Orissa Mineral and how many by the Institutions and public; and

(c) the number of shareholders holding less than Rs. 20,000 worth of face value of shares?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI D. R. CHAVAN): (a) to (c). Information is being collected and it will be laid on the Table of the House.

Relieving of Managing Director of Cochin Oil Refinery

5702. DR. H. P. SHARMA:

SHRI JYOTIRMOY BOSU:

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether the Managing Director of the Cochin Oil Refinery has recently been relieved of his post by the Phillips Petroleum Company, the foreign collaborator in the Refinery, and replaced by a new Managing Director; and

(b) if so, the grounds on which the former Managing Director has been replaced?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) The Managing Director of the Cochin Refinery has not been relieved of his post by the Phillips Petroleum Company, but has been transferred to take over another assignment under the control of that Company in the normal manner.

(b) Does not arise in view of answer to Part (a) of the Question.

Planning Commission's suggestion for Railway Lines in Adivasi/Backward Areas.

5703. SHRI MARTAND SINGH OF REWA: Will the Minister of RAILWAYS be pleased to state:

(a) whether the Planning Commission has suggested to the Railway Ministry the necessity for introducing new Railway lines in the Fifth Five Year Plan in the interest of the development of backward areas;

(b) whether the Railway Ministry has considered the Adivasis areas in Madhya Pradesh in this context, particular the Rewa Region also; and

(c) if so, the outcome thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) A memorandum prepared by the Government of Madhya Pradesh regarding development of rail communications in the State has been forwarded by the Planning Commission.

(b) and (c). A traffic survey for a new B. G. line from Satna Beohari via Rewa, is well in progress and nearing completion. A decision regarding the construction of Satna-Rewa-Beohari line will be taken after the results of the survey in progress are known.

Also a traffic survey for a B. G. line from Dhalli-Rajhara to Dantewara/Jagdalpur has recently been completed and the report is at present under examination of the Railway Board. Meanwhile detailed Engineering Survey for this line also has been taken up. Further consideration to this proposal will be given after the results of this survey become known. The traffic survey for the conversion into B. G. of the northern section of the Satpura Narrow Gauge Railway System with its branches consisting of (a) Parasias-Chhindwara-Seoni-Nainpur-Mandla Fort (b) Jabalpur-Nainpur-Balaghat-Gondia and (c) Chhindwara-Nagpur is well in progress. Further consideration to the project will be given after the survey is completed and the results thereof become known. A reconnaissance survey for the extension of the B. G. line from Indore to Mhow (21 Kms.) has been completed and report is under examination.

Payments to Creditors of Golcha Properties Limited

5704. SHRI BISHWANATH JHUNJHUNWALA: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) what are the collections made till date by the Liquidator of the Golcha Properties Pvt. Ltd;

(b) how much of this amount has been earmarked for distribution for payment of loans to the creditors;

(c) what is the monthly income from the different units of the properties that is being collected by the Liquidator; and

(d) whether the cinemas are showing the same profit as before they came under the Liquidator and if so, the reasons for not distributing the accumulated money to the creditors?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI D. R. CHAVAN): (a) to (d). Information is being collected and will be laid on the table of the House.

Setting up of a Granulated Fertiliser Plant in M.P.

5705. SHRI RANABHADUR SINGH: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Government of Madhya Pradesh have approached the centre for permission to set up a granulated fertilizer plant in the state; and

(b) if so, the reaction of the Central Government to the request?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) No, Sir.

(b) Does not arise.

Irregularities in Operating Accounts Branch, D.S., Office, Howrah

5706. SHRI K. LAKKAPPA: Will the Minister of RAILWAYS be pleased to refer to the reply given to Unstarred Question No. 3799 on the 29th August, 1972 regarding Enquiry into irregularities in operating Accounts Branch, D.S. Office, Howrah and state:

(a) whether enquiry into the submission of false documents as pointed out by Audit in their letter dated the 22nd January, 1968 has since been completed, if so, the results thereof:

(b) whether the name of the person who submitted false documents regarding his educational qualifications, does not appear in Calcutta Gazette dated the 12th May, 1938

containing list of successful candidates who passed the Matriculation examination; and

(c) Whether Director General Vigilance has enquired into the reasons why the Vigilance Officer, Eastern Railway dropped this case of obtaining appointment and promotion by falsification of documents and if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) The matter is still under reference between the Howrah Division and the Audit Officer.

(b) The Calcutta Gazette dated the 12th May, 1938 does not contain the name of the person.

(c) The case was looked into by the Director General. Vigilance, Railway Board. It was found that the competent authority of the Railway Administration had, on legal advice, decided that the disciplinary case against the employee in question could not be proceeded with to prove the charge in the absence of the relevant original records and the evidence of competent persons. The case was accordingly not pursued by Vigilance.

Assessment of the Scheme to replace "Box" Wagons to carry more Coal to Uttar Pradesh, Punjab and Haryana introduced during Third Plan Period

5707. SHRI AMBESH: Will the Minister of RAILWAYS be pleased to state:

(a) whether during IIIrd Plan period under a scheme "Box" wagons with 2000 tonnes capacity were replaced by those with 3500 tonnes capacity to carry coal to Uttar Pradesh, Punjab and Haryana; and

(b) if so, the reaction of Government as to the success or failure of the scheme?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS, (SHRI MOHD. SHAFI QURESHI): (a) and (b). The Hon'ble Member presumably refers to the movement of coal being undertaken gradually in heavy capacity BOX rakes in place of ordinary BOX rakes. This is being done as a matter of policy to improve the pay load of trains and conserve line capacity. The scheme is proving successful.

Allotment of Wagons to Umaria for Supply of Charcoal to India Metal and Ferro Alloys, Bhubaneswar

5708. SHRI MARTAND SINGH OF REWA: Will the Minister of RAILWAYS be pleased to state:

(a) whether a large number of tenders placed by the Forest Department for the allotment of wagons at Umaria, for the movement of charcoal to be supplied to Indian Metal and Ferro Alloys, Bhubaneswar, are still pending for six months and more; and

(b) if so, the reasons therefor and the action taken by Government or proposed to be taken in the near future?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) No.

(b) Does not arise.

पूर्वी रेलवे में बिना टिकट यात्रा करने वाले यात्रियों से वसूल की गई धन राशि

5709. श्री हुकम चन्द कठवाय : क्या रेल मंत्री यह बताने की कृपा करेंगे कि विगत तीन महीनों में पूर्वी रेलवे में बिना टिकट यात्रा करने वालों से जुमनि और किराये के रूप में कितना राजस्व वसूल किया गया ?

रेल मंत्रालय में उप-मंत्री (श्री मुहम्मद शफी कुरेशी) : पिछले तीन महीनों अर्थात् दिसम्बर, 72 से फरवरी, 73 के दौरान पकड़े गये बिना टिकट यात्रियों से किराये और दण्ड के रूप में वसूल की गई राशि इस प्रकार थी :—

दण्ड के रूप में 7,35,612 रुपये
किराये के रूप में 2,44,903 रुपये ।

मध्य रेलवे में बिना टिकट यात्रा करने वाले यात्रियों से वसूल की गई राशियाँ

5710. श्री हुकम चन्द कठवाय : क्या रेल मंत्री यह बताने की कृपा करेंगे कि विगत तीन महीनों में मध्य रेलवे में बिना टिकट यात्रा करने वालों से जुमनि और किराये के रूप में कुल कितना राजस्व वसूल किया गया ?

रेल मंत्रालय में उपमंत्री (श्री मुहम्मद शफी कुरेशी) : पिछले तीन महीनों अर्थात् दिसम्बर, 72 से फरवरी, 73 के दौरान बिना टिकट पकड़े गये यात्रियों से किराये और दण्ड के रूप में वसूल की गई राशि इस प्रकार थी :—

दण्ड के रूप में 5,77,957 रुपये ।
किराये के रूप में 3,66,130 रुपये ।

मध्य रेलवे में गत पांच महीनों में अपराधों और हत्याओं की घटनाएँ

5711. श्री हुकम चन्द कठवाय : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) मध्य रेलवे में गत पांच महीनों में चलती गाड़ियों में अपराध की कितनी घटनाएँ दर्ज की गई; और

(ख) उपरोक्त अवधि में हत्याओं की कितनी घटनाएँ हुई ?

रेल मंत्रालय में उपमंत्री (श्री मुहम्मद शफी कुरेशी) : (क) 120 ।

(ख) 1 ।

बधई बोलीमोरा नैरो गेज लाइन को मोटर गेज में बदलना

5712. श्री अमरसिंह चौधरी : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बधई बोलीमोरा नैरो गेज लाइन को मोटर गेज में बदलने का कोई प्रस्ताव है ;

(ख) यदि हां, तो उसका कार्य कब तक प्रारंभ होने को संभावना है; और

(ग) यदि नहीं, तो उसके क्या कारण हैं ?

रेल मंत्रालय में उपमंत्री (श्री मुहम्मद शफी कुरेशी) : (क) जी नहीं ।

(ख) प्रश्न नहीं उठता ।

(ग) अलाउद्दौला शाखा लाइन समिति— 1969 की सिफारिशों के आधार पर 11 खण्डों पर आमान परिवर्तन के लिए प्रारम्भिक सर्वेक्षण करने के लिए आदेश दे दिये गये थे । इनमें बाघा-बिजली मोरा को शामिल नहीं किया गया था । इसमें पूर्व भिये गये सर्वेक्षण के परिणाम मालूम हो जाने के बाद ही बाघा-बिजलीमोरा छोटी लाइन खण्ड सहित शेष जिन खण्डों के आमान परिवर्तन की सिफारिश की गई है उनके मामले पर विचार किया जायेगा ।

विरमगाम और हावड़ा के बीच गाड़ी चलाना

5713. श्री अमरसिंह चौधरी : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या विरमगाम और हावड़ा के बीच गाड़ी चलाने की मांग की गई है; और

(ख) यदि हां, तो इस दिशा में सरकार द्वारा क्या कार्यवाही की जा रही है ?

रेल मंत्रालय में उपमंत्री (श्री मुहम्मद शफी कुरेशी) : (क) जी हां ।

(ख) हावड़ा और विरमगाम के बीच एक सीधी गाड़ी का चलाया जाना याता-यान की सम्बन्धी औचित्य के न होने के अलावा परिचालन की दृष्टि से भी व्यावहारिक नहीं है क्योंकि मार्गवर्ती खण्डों पर लाइन क्षमता और हावड़ा में टर्मिनल सुविधाएं अपर्याप्त हैं ।

Extension of Narrow Gauge Line from Pathankot to Haripur Gulair in Himachal Pradesh

5714. SHRI SUKHDEO PRASAD VERMA: Will the Minister of RAILWAYS be pleased to state:

(a) whether there are pressing demands to extend the existing narrow-gauge Rail line from Pathankot to Haripur Gulair in Himachal Pradesh;

(b) whether the work would be taken up in the Fourth Five Year Plan; and

(c) if not, the reasons therefor?

THE DEPUTY MINISTER IN THE
MINISTRY OF RAILWAYS (SHRI
MOHD. SHAFI QURESHI): (a) and
(b). No.

(c) The declared policy of the Government at present is that no further N. G. line should be constructed.

महाराष्ट्र में ताप्ती नदी परियोजना

5715. श्री गंगाचरण दीक्षित :

(क) महाराष्ट्र में ताप्ती नदी परियोजना की क्रयान्विति के संबंध में नवीनतम स्थिति क्या है तथा उसके पूरा होने का निर्धारित समय क्या है;

(ख) क्या इस परियोजना में बुरहानपुर तहसील (मध्य प्रदेश) के जैनाबाद गांव के पास ताप्ती नदी पर बने बांध को ऊंचा उठाने की योजना भी शामिल है; और

(ग) यदि हां, तो उसकी मुख्य बातें क्या हैं?

सिंचाई और विद्युत् मंत्रालय ने उपमंत्री (श्री बालगोविन्द वर्मा) :
(क) परियोजना निर्माण के प्रारम्भिक चरणों में है तथा पावना योजना में इसके पूर्ण हो जाने का संभावना है ।

(ख) और (ग). परियोजना प्राकल्पन में 1 लाख रुपये प्रावधान (1) मध्य प्रदेश में हसनूर के निकट नदी के आवश्यक निचले पथों को ऊंचा करने (2) मध्य प्रदेश में जैनाबाद के निकट नदी के निचले पथों के ऊंचा करने अथवा इसके अंतिम

सिरों को, यदि आवश्यक हो, सुधारने के लिए है ।

Introduction of New Trains during 1973-74.

5716. KUMARI KAMLA KUMARI:
Will the Minister of RAILWAYS be pleased to state:

(a) the number of passenger trains which are proposed to be started in the year 1973-74, State-wise; and

(b) the route on which these trains will run and by what time these will start running?

THE DEPUTY MINISTER IN THE
MINISTRY OF RAILWAYS (SHRI
MOHD. SHAFI QURESHI): (a) and
(b). Consistent with the availability of requisite resources by way of line/terminal capacity, additional trains are introduced/extended to meet the requirements of traffic on different sections. Trains are not introduced State-wise. So far, the following proposals for the introduction/extension of trains during 1973-74 have been finalised:—

(i) A pair of biweekly Janata Express trains between Bina and Lucknow by extending Bombay-Bina bi-weekly Janata Express from 1st April, 1973.

(ii) A pair of fast trains between Buxar and Patna by extending Delhi-Buxar Express/Fast Passenger from 1st April, 1973.

(iii) A pair of Express trains between Katihar and Jaynagar/Nirmali via Purnea and Darbhanga from middle of April, 1973.

(iv) A pair of shuttle trains between Rangapara North and Tezpur from 15th April, 1973.

- (v) A pair of bi-weekly Jayanti Janata Expresses between Delhi area and Samastipur.

Setting up of Thermal Power Station in Bihar in Collaboration with Rumania

5717. KUMARI KAMLA KUMARI: Will the Minister of IRRIGATION & POWER be pleased to state:

(a) whether Government propose to set up thermal power stations in Bihar in collaboration with Rumania; and

(b) if so, the main features of the proposal?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) and (b). There is no proposal under consideration of the Government to set up thermal power stations in Bihar in collaboration with Rumania.

Paid UP Capital of Companies

5718. KUMARI KAMLA KUMARI: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) the number of Joint Stock Companies both Public and Private and their total amount of paid-up capital at the end of the 1972; and

(b) the total amount of paid-up capital of Government undertakings and private undertakings controlled by large industrial Houses at the end of this period?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI D. R. CHAVAN): (a) and (b). The information is being collected and will be laid on the Table of the House.

Representation by Tile Manufacturers of Kerala for Supply of Wagons

5719. SHRI VAYALAR RAVI: Will the Minister of RAILWAYS be pleased to state:

(a) whether Government have received any representation regarding the difficulties experienced by the Tile Manufacturers in Kerala in getting Railway wagons to carry tiles to different parts of the country;

(b) if so, the steps taken thereon; and

(c) whether box wagons carrying food material to Kerala are returning empty and the authorities are not allowing tiles to be carried in these empty wagons and if so, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes.

(b) and (c). Box wagons are primarily meant for movement in block rakes of goods in bulk like coal etc. and hence cannot be used for loading of tiles without detriment to coal loading. Tile Industry in Kerala should not have any special reasons for insisting on the supply of box wagons as this traffic can easily be cleared in other than box wagons which can be made available. This traffic was moving in ordinary wagons before the advent of Box wagons.

Power Plan for Kerala

5720. SHRI VAYALAR RAVI: Will the Minister of IRRIGATION & POWER be pleased to state:

(a) whether Government have drawn up a 10-year Power Plan for the State of Kerala; and

(b) if so, the broad outlines thereof and the steps taken in this regard?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) Government of India have prepared a tentative Power Plan (Generation) for the decade 1971—81 which includes proposals for a power programme for Kerala State also.

(b) These proposals cover the following hydro schemes in Kerala aggregating to 1285 MW:

1. Idikki	320 MW
2. Idikki Extn.	320 MW
3. Kuttiadi	75 MW
4. Silent Valley	120 MW
5. Lower Perayar	140 MW
6. Poringalkuthu R.B.	140 MW
7. Small Hydel	30 MW

Kuttiadi Project^a has already been commissioned while work on Idikki is in progress. The Silent Valley Scheme has been sanctioned by the Planning Commission. Idikki Extension Scheme has been accepted by the Advisory Committee on irrigation, Flood Control and Power Projects but formal sanction of the Planning Commission is awaited. The Scheme reports in respect of Lower Periyar Poringalkuthu R.B. and small hydel schemes are yet to be received.

Award of Transfer Allowance to Railway Employees

5721. SHRI M. S. SIVASWAMY: Will the Minister of RAILWAYS be pleased to state:

(a) whether Government have considered the award regarding transfer allowance to Railway employees given by the Board of Arbitration; and

(b) if so, the decision taken in the matter and progress made?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes.

(b) Orders are being issued.

Deposits of Crude Oil

5722. SHRI VARKEY GEORGE: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) the approximate deposits of oil which India possesses at present; and

(b) the time by which the country is likely to be self-sufficient in this regard?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) As on 1st January 1972, the total estimated quantity of recoverable oil deposits in the oil-fields in India was about 114.3 million tonnes.

(b) It is not possible to make any realistic projection in this regard at this stage.

Poor Performance of Public Sector Fertilizer Plants due to Out-moded Machinery

5723. SHRI BISHWANATH JHUN-JHUNWALA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether the performance of the public sector is poor as compared to the fertilizer plants in the private sector plants due to the installation of out-moded machinery in these units; and

(b) if so, whether any enquiry has been made as to why such machinery was installed in public sector plant when the private sector could install

extent of the increase in the amount of demurrage charges that they will be required to pay under the increased levy cannot be assessed as the rate is still to be decided.

As regards hours of detention to wagons during the last one year, the information is being collected and will be laid on the Table of the Sabha.

Revised Sanction for Kabini Irrigation Project, Mysore

5726. SHRI RAMACHANDRAN KADANNAPPALLI: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether revised sanction has been issued to the revised proposal of the Kabini Irrigation Project of Mysore Government; and

(b) if so, the extent of area in Kerala State likely to be submerged on the completion of the said project under the revised proposal and the compensation to be paid to the Kerala Government?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) and (b). The Planning Commission approved in 1958 a small sized Kabini Project which did not involve any submergence in Kerala. In July, 1970 the Government of Mysore sent a revised Kabini Project and it is stated therein that the area that will be submerged will be 254 acres and that land required for colonies etc. will be 650 acres and the total compensation may be about Rs. 22 lakhs. The revised project has not been approved by the Government of India.

Disbanding of M.T.P.O. in Madras

5727. SHRI M. RAM GOPAL REDDY: Will the Minister of RAILWAYS be pleased to state:

(a) whether the Metropolitan Transport Planning Organisation in Madras will be disbanded by the end of the year; and

(b) if so, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). Position regarding the Metropolitan Transport Project Organisation will be known after completion in 1973 of the surveys/studies in the hand of this organisation as also after completion of the 1981 traffic projections now in hand with the State Government.

Death of Station Master, Miraj Station (South Central Railway)

5728. SHRI S. M. SIDDAYYA: Will the Minister of RAILWAYS be pleased to state:

(a) whether the Station Master, Miraj Station on the South Central Railway died on 31st December, 1972 under suspicious circumstances; if so, the facts of the incident;

(b) whether an enquiry has been instituted and if so, the outcome thereof; and

(c) whether any arrests have been made so far?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) to (c). Shri H. Mallikarjunayya, Station Master, Miraj Station died on 31st December 1972 at about 0.30 hours, after he had sustained head in-

juries. The Railway Police registered a case under Sections 302 and 34 of I.P.C. Investigations in this connection are still in progress. Two railway employees—a Cabin Asstt. Station Master and a relieving Asstt. Station Master were arrested on 2nd January 1973 and 1st February 1973 respectively; they were placed under suspension from the date of their arrest.

Import of Diesel Generating Sets

5729. SHRI ONKAR LAL BERWA:
SHRI M. SANJEEVI RAO:

Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether some diesel generating sets are being imported from abroad;

(b) if so, the capacity thereof; and

(c) the names of the countries from which these are being imported?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) to (c). It is proposed to import for the present 4 sets of 3.5 MW each from USSR for Haryana and West Bengal State Electricity Boards.

It has further been decided to permit import of large size diesel sets from Rupee Payment Area countries for use as stand by sets by industries.

Suburban Railway Net-Work for Delhi

5730. SHRI DHARAMRAO AFZAL-PURKAR:
SHRI BANAMALI
PATNAIK:

Will the Minister of RAILWAYS be pleased to state:

(a) whether the Metropolitan Transport Study Team of the Plan-

ning Commission has suggested construction of suburban Railway network as one of the measures to meet the developing transport needs of Delhi;

(b) whether the Central Road Research Institute has carried out any survey of Traffic and Transport requirements of Delhi; and

(c) if so, the details thereof and the reaction of Government thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Metropolitan Transport Team of the Planning Commission suggested techno-economic feasibility survey of a surface Mass Rapid Transit System.

(b) Yes.

(c) Based on the traffic surveys, Central Road Research Institute, New Delhi, prepared a traffic and transportation plan for Delhi and identified the traffic corridors for Mass Rapid Transit System. Metropolitan Transport Project (Railway) Organisation is conducting techno-economic feasibility studies of Mass Rapid Transit System at present.

Companies Registered under Companies Act in Kerala

5731. SHRIMATI BHARGAVI THANKAPPAN: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state the total number of companies in Kerala functioning under the Companies Act at present?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI D. R. CHAVAN): One thousand one hundred and fifty-three companies limited by shares, registered under the Companies Act were at work in the State of Kerala as on 31st December, 1972.

Percentage of Growth of Fertilizer Industry

5732. DR. LAXMINARAIN PANDEYA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state the percentage of growth in fertilizer industry during the last three years?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): The required information is as under:

Year	Nitrogen	Percentage growth Phosphate
1970—71	15.9	3.2
1971—72	14.7	12.1
1972—73	12.3	16.9

5733. SHRI SAMAR GUHA: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) the names of the various industrial and trade concerns under the control of the M/s. Shaw Wallace and Co., Calcutta;

(b) whether this British concern has sold some of its units; and

(c) if so, the particulars thereof?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI D. R. CHAVAN): (a) Shaw Wallace and Co., Ltd. has the following subsidiaries:—

1. Cruickshank and Co. Ltd., Calcutta.

2. The Hooghly Flour Mills Co. Ltd., Calcutta.

3. The Indian Yeast Co. Ltd., Calcutta and Uran.

4. The New Samanbagh Tea Co. Ltd., Calcutta and Sylhet.

5. Rajnagar Tea Co. Ltd., Calcutta and Sylhet.

6. Tezpore Tea Co. Ltd., Calcutta and Darrang.

7. Shawlace Nominees Ltd., Calcutta.

8. Shaw Pearson and Smith Ltd., London.

9. Shaw Wallace Bangladesh Ltd., Chittagong, Chalna and Dacca.

10. Shaw Wallace and Hedges Ltd., Ceylon.

11. Lee, Hedges and Co. Ltd., Ceylon.

12. McLarens Ltd., Ceylon.

13. Shaw Industries Ltd., Ceylon.

14. Madras Hides and Skins Exporters Ltd., Madras (In liquidation).

15. SKOL Breweries Ltd.

(b) and (c). Shaw Wallace and Co., Ltd. is an Indian Company in which non-resident shareholders hold about 44.5 per cent shares, according to the information available with the Department. As far as the Department is aware, the company has not sold any of its units but the company had sold the shares it held in Amalgamated Coal Fields Ltd. and Pench Valley Coal Co. Ltd. (both incorporated in India) and in R. G. Shaw and Co. Ltd. (Incorporated in the U.K.).

Explosion in Sindri Fertilizer Plant (upto 28th March, 1973) were as under:

5734. KUMARI KAMLA KUMARI:
Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) the number of explosions in Sindri Fertilizer Plant in the year 1971-72 and the number of persons who got injured; and

(b) the amount of compensation given to them and the steps taken by Government to inquire into the causes of explosion?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) There were no explosions in Sindri Unit in 1971-72.

(b). Does not arise.

Coal Requirement of Gujarat State during 1972-73.

5735. SHRI ARVIND M. PATEL:
SHRI VEKARIA:

Will the Minister of RAILWAYS be pleased to state:

(a) what was the total requirement of coal of Gujarat State for the year 1972-73, month-wise; and

(b) how much coal was supplied during that period?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS. (SHRI MOHD. SHAFI QURESHI): (a) and (b). The month-wise programme and loading of different types of coal and coke to Gujarat State during 1972-73

Month	Programme	Loading
April, 72	14543	9846
May, 72	15491	9728
June, 72	14656	9733
July, 72	14069	10824
Aug. 72	15106	10479
Sep. 72	14751	10222
Oct. 72	16485	12080
Nov. 72	15343	9671
Dec. 72	16496	10623
Jan. 73	14723	13065
Feb. 73	14863	9060
Mar. 73	15761	8802
		(upto 28th March)

Delay in completion of Projects due to fault of contractors

5736. SHRI E. V. VIKHE PATIL:
Will the Minister of IRRIGATION & POWER be pleased to refer to the reply given to Unstarred Question No. 2015 on the 6th March, 1973 regarding delay in completion of projects due to fault of contractors and state:

(a) whether any action was taken against contractors who were held responsible for delay in the execution of the projects and if so, their names and the nature of action taken against each; and

(b) the names of such contractors who got additional money under escalation clause of agreement and the amount paid to each such contractor?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) and (b). The requisite in-

formation is being collected from the concerned State Governments, State Electricity Boards etc. and will be placed on the Table of the House on its receipt.

Holding of Elections to the Legislative Assembly in Orissa

5737. SHRI FATESINGHRAO GAEKWAD: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) whether Government are taking steps to hold early elections to the Legislative Assembly of Orissa;

(b) if so, when the elections are proposed to be held; and

(c) if not, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI NITIRAJ SINGH CHAUDHARY): (a) Before a General Election is held in the State of Orissa to constitute a new Assembly, fresh delimitation of Assembly and Parliamentary Constituencies on the basis of the 1971 Census figures has to be completed. Certain preliminary steps for the holding of elections have already been initiated by the Election Commission. The Commission has taken steps to revise the electoral rolls intensively in Orissa with 1st January, 1973 as the qualifying date. The enumeration work is scheduled to start with effect from April 15, 1973, and the rolls are expected to be published in draft by September 15, 1973. After disposal of the claims and objections by the electoral registration officers, necessary amendments to the draft published rolls are to be printed and thereafter the rolls so revised are expected to be finally published by November, 1973.

(b) No date for the election has yet been fixed.

(c) Does not arise.

Grant of Loans to Assam for Petrochemical Project at Namrup

5738. SHRI SUKHDEO PRASAD VERMA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Assam Government have asked for a loan for the Petrochemical project at Namrup in Assam; and

(b) if so, the reaction of Government in this regard?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH):

(a) The Assam Industrial Development Corporation has applied to the financial institutions for financing the project.

(b) The loan application is under consideration of the financial institutions.

Setting up of Nuclear Thermal Projects in Mysore

5739. SHRI G. Y. KRISHNAN: Will the Minister of IRRIGATION & POWER be pleased to state:

(a) whether Mysore State have requested the Central Government to set up either nuclear or thermal projects in the State and have made an offer that the power generated therefrom could be used through the Southern power grid; and

(b) if so, the reaction of Central Government thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) No specific proposal has so far been received from the Government of Mysore.

(b) Does not arise.

Fuel Oil used in fertilizer plants5740. **SHRI G. Y. KRISHNAN:****SHRI DHARAMRAO AFZAL-PURKAR:**

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state the extent of fuel oil being used at present by fertilizer plants for production of fertilizers along with the names of the plants?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): Presently, no fertilizer plant is in operation based on fuel oil as feedstock for ammonia production. However, Haldia and the Nangal (Expansion) Projects are under implementation based on fuel oil/heavy petroleum fractions as feedstock. Sindri (Modernisation Scheme) will also be using fuel oil/heavy fractions as the feedstock.

Policy on conversion of main lines from metre gauge to broad gauge

5741. **SHRI N. R. VEKARIA:** Will the Minister of RAILWAYS be pleased to state Government's policy about the Branch lines when the Main lines are converted from Metre Gauge to Broad Gauge?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): Conversion of lines from metre gauge to broad gauge is considered on the basis of transportation requirements which cannot be catered to by providing other cheaper line capacity works. In the case of branch lines those which for operational considerations have to be treated along with the main line as a composite project irrespective of financial viability or otherwise are taken up along with the main line for conversion.

Railway wagons for Bhilai Steel Plant.

5742. **SHRI M. RAM GOPAL REDDY:** Will the Minister of RAILWAYS be pleased to state:

(a) whether the effective functioning of the Bhilai Steel Plant is hampered due to shortage of wagons; and

(b) if so, the steps Government have taken to remedy the situation?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) No.

(b) Does not arise.

खैरार, खुरहुण्ड, डिगबाही और अतर्रा रेलवे स्टेशनों पर पीने के पानी की व्यवस्था

5743. **श्री राम रतन शर्मा:** क्या रेल मंत्री यह बताते की कृपा करेंगे कि :

(क) क्या मध्य रेलवे में झांसी-भानिकपुर के बीच खैरार, खुरहुण्ड, डिगबाही तथा अतर्रा रेलवे स्टेशनों में यात्रियों के लिए पीने के पानी की समुचित व्यवस्था है, और

(ख) यदि नहीं, तो क्यों ?

रेल-संसाधन में उपमंत्री (श्री मुहम्मद शफी कुरेशी) : (क) जी हाँ ।

(ख) उपर्युक्त भाग (क) के उत्तर को देखते हुए प्रश्न नहीं उठता ।

मध्य प्रदेश में नई रेलवे लाइनों के लिए
राज्य सरकार का प्रस्ताव

5744. श्री मंजु चरण दीक्षित :
क्या रेल मंत्री यह बताने की कृपा करेंगे
कि:

(क) क्या मध्य प्रदेश सरकार ने
हाल में रेलवे बोर्ड को प्रस्ताव भेजा है
कि मध्य प्रदेश राज्य में कुछ नई रेलवे
लाइनों का निर्माण किया जाये;

(ख) यदि हां, तो उसकी मुख्य बातें
क्या हैं; और

(ग) उस पर सरकार की क्या प्रति-
क्रिया है ?

रेल मंत्रालय में उप मंत्री (श्री मुहम्मद
शफी कुरेशी) : (क) और (ख) मध्य
प्रदेश सरकार द्वारा राज्य में रेल संचार
का विकास करने के सम्बन्ध में तैयार किया
गया एक ज्ञापन योजना आयोग द्वारा
अग्रसित कर दिया गया है:

इसमें निम्नलिखित नयी लाइनों और
ग्राम परिवर्तन के बारे में विचार करने
का सुझाव दिया गया है:—

(1) इन्दौर-धार-झबुआ-दोहद ।

(2) खण्डवा-मिकनगांव-खारगोन
बडवानी-झबुआ-दोहद ।

(3) जबलपुर-दमोह-टीकामठ-
ललितपुर ।

(4) सांगर-करेली-नरसिंघपुर-
छिन्वाड़ा

(5) टीकमगढ़-छतरपुर-खुजराहो,
पन्ना-सतना ।

(6) सतना-रीवा-झोहरा ।

(7) चिरीमिरी-बड़बाड़ीह-बैकुण्ठ-
पुर-अम्बिकापुर

(8) भेराण्ड लूली-कोग्रान्डागांव-जगदल-
पुर ।

(9) जबलपुर-बालाघाट-गोदिया ।

(10) सिम्रोनी-छिन्वाड़ा-परासिया
नागपुर ।

(11) धमतरी-रायपुर और अम्भानपुर
राजीन-नवापाड़ा ।

(12) शिवपुर-ग्वालियर-भिन्ड-सवाई
माधोंपुर का बदलाव ।

(13) जोरा (शिवपुर-ग्वालियर)
मुरैना-अम्बाह-सोनी (ग्वालियर) भिन्ड का
बदलाव ।

(14) शिवपुरी-ग्वालियर तक गुना-
भक्ती रेल सम्पर्क ।

(15) उज्जैन-आगरा (बदलाव) नल-
खेड़ा-सुसनेर-झलवाड़ा-कोटा (राजस्थान)

(16) बालाघाट-बारासिबनी-कटंगी-
तिरोड़ी-रेलवे स्टेशन ।

(17) डल्ली ल्जेहरा-नारायणपुर-
कोन्डागांव-भदलपुर ।

(18) किरिन्दुल से कौटावलासा ।

(19) चन्दा और काजीपेट के बीच
किरिन्दुल से केलनुर तक ।

या

(20) दन्नेवाड़ा से चान्दा और

(21) जगदलपुर-टिटसागर

(ग) ऊपर (क) और (ख) में
उल्लिखित प्रस्तावों में से निम्नलिखित
नयी लाइनों/ग्राम परिवर्तन के सम्बन्ध

सर्वेक्षण किये जा चुके हैं/ किये जा रहे हैं :

- (1) इन्डौर-बोहद : 1953-55 में किये गये इंजीनियरी और यातायात सर्वेक्षण से पता चला कि यह लाइन अलाभप्रद रहेगी ।
- (2) सतना-रीव-बिहौरी : इस लाइन से यातायात सर्वेक्षण का काम बहुत भली प्रकार चल रहा है और लगभग पूरा होने वाला है ।
- (3) ढल्ली-राजहरा से दन्तेवाडा/ जगदलपुर, ऊपर (क) और (ख) में क्रम० सं० 17 के अनुसार :

ढल्ली-राजहरा से दन्तेवाडा/ जगदलपुर के बीच बड़ी लाइन के लिए यातायात सर्वेक्षण हाल ही में पूरा किया जा चुका है और रेलवे बोर्ड द्वारा रिपोर्ट की जांच की जा रही है । इस बीच इस लाइन के लिए विस्तृत इंजीनियरी सर्वेक्षण का काम भी प्रारम्भ कर दिया गया है । इस सर्वेक्षण के परिणामों का पता लग जाने के बाद इस प्रस्ताव पर आगे विचार किया जायेगा ।

- (4) सतपुड़ा छोटी लाइन रेलवे प्रणाली के उत्तरी खण्ड का बड़ी लाइन में बदलाव । सतपुड़ा छोटी लाइन रेलवे प्रणाली के उत्तरी खण्ड को, निम्नमें उसकी (क) पश्चिम-छिन्दवाड़ा-सिमोनी-नैनपुर-मान्डला पोर्ट (ख) जबलपुर-नैनपुर-बालाघाट-गोदिया और

(ग) छिन्दवाड़ा-नागपुर शाखाएं भी शामिल हैं, बड़ी लाइन में बदलने के सम्बन्ध में यातायात सर्वेक्षण का काम भली प्रकार चल रहा है । सर्वेक्षण पूरा हो जाने और उसके परिणामों का पता चल जाने के बाद इस परियोजना पर आगे और विचार किया जायेगा ।

- (5) इन्डौर-मऊ : (योजना आयोग द्वारा अग्रेषित सूची में शामिल नहीं है) इस विस्तार (21 कि० मी०) के लिए दोहरे सर्वेक्षण पूरा किया जा चुका है और रिपोर्ट की जांच की जा रही है ।
- (6) रायपुर-धमतरी छोटी लाइन खण्ड का बड़ी लाइन में बदलाव, इस बदलाव के लिए यातायात सर्वेक्षण पूरा किया जा चुका है और इस समय रेलवे बोर्ड सर्वेक्षण रिपोर्ट की जांच कर रहा है;
- (7) किरिन्दुल से कोटाबलासा : यह लाइन पहले से मौजूद है ।

Confirmation of Employees having served for more than five years on North Eastern Railway

5745. SHRI BHOGENDRA JHA: Will the Minister of RAILWAYS be pleased to refer to the reply given to Unstarred Question No. 2180 on the 6th March, 1973 regarding confirmation of employees having served for more than five years (North Eastern Railway) and state:

(a) what are the prescribed criteria or conditions that have not yet been

satisfied by the employees who have not yet been confirmed and the number of employees who are not yet eligible because of non-fulfilment of these conditions in various divisions;

(b) the reasons why the number of such employees is large in Samastipur Division and at the Headquarters; and

(c) when and how many permanent vacancies are expected in the respective Division?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) to (c). The information is being collected and will be laid on the Table of the Sabha.

Allotment of Petrol Filling Stations

5746. SHRI R. S. PANDEY: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) what is the present policy of Government for allotting Petrol Filling Stations;

(b) whether it is contemplated to allot them on open tender basis so as to earn more revenue and if not, the reasons therefor; and

(c) whether some individuals or parties are having more than one petrol station in Delhi and if so, whether it is proposed to cancel allotment of more than one petrol station in such cases?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH):

(a) The IOC, an autonomous public sector undertaking, introduced in December, 1971 a Scheme whereby all the Corporation-owned Retail Outlets and other agencies are awarded preferentially to the disabled defence personnel, widows/dependents of those killed or missing in action and ex-servicemen on the basis of the specific recommendations made by the Director General of Resettlement, Ministry

of Defence. Where the Director General of Resettlement is unable to recommend any candidate for a given location, IOC advertises for the award of that dealership/agency to unemployed engineers/graduates from the low income group families etc. In respect of all the other Retail Outlets which are not located on Corporation-owned sites, first priority in the allotment is, however, given to unemployed graduates/engineers of low income group families etc. In all these cases subject to all other things being equal, applicants belonging to the Scheduled Castes/Tribes are given weightage in the matter of selections.

The Indo-Burma Petroleum Co., in which Government have majority shares, allots all its Retail Outlets located on Company-owned sites and Kerosene Oil agencies on a preferential basis to nominees of the Director General of Resettlement/ex-Servicemen. In respect of all other Retail Outlets, the Coy awards dealerships in linewith its commercial interests.

The Government have no control at present over the private oil companies in the matter of allotment of their dealerships/agencies.

(b) No such proposal is contemplated or is considered feasible as the margins of the dealers are controlled.

(c) The present policy of the IOC is not to allot more than one dealership for an individual. While in the past IOC had allotted more than one dealership to a party in a few cases, there are no such allotments made in Delhi. The private oil companies, however, have a few such Retail outlets in Delhi. There is no proposal under contemplation to regulate the ownership of such Retail Outlets.

Black Marketing by Petrol Filling Station dealers

5747. SHRI R. S. PANDEY: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether crude oil and other petroleum items are being sold in the

black market by the Petrol Filling Station dealers;

(b) whether any complaint have been received in this regard; and

(c) if so, the action taken against such dealers.

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH):

(a) to (c). Petrol, High Speed Diesel Oil (HSD) and Lubricating oils are generally the petroleum products sold through the petrol filling stations. No specific complaints have been received about these products being sold in the black market by the filling station dealers. It has, however, been reported that some retail outlet dealers were recovering service charges on both petrol and HSD. Action is being taken to stop this unauthorised practice.

Nationalisation of Foreign owned and Foreign controlled Companies in India

5748. SHRI B. S. BHAURA:

SHRI INDRAJIT GUPTA:

Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) whether the asset value of the monopoly houses under foreign control taken together account for more than 45 per cent of the total assets of the 75 Monopoly Houses as mentioned in the Monopolies Inquiry Commission's Report;

(b) whether the working of the foreign owned and foreign controlled companies and their numerous connections with domestic business groups have been contributing to the growth of monopoly and concentration of economic power in the country; and

(c) if so, whether there is any proposal to nationalise all foreign owned and foreign controlled companies in India?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI D. R. CHAVAN): (a) No Sir, the assets of foreign controlled Monopoly Groups as per MIC Report constituted 11.1 per cent of the total assets of the 75 Industrial Groups.

(b) No Sir, Under Section 18-A of the Foreign Exchange Regulation Act, foreign branches and foreign majority companies are prohibited from acting as technical and management advisers or agents in the trading or commercial fields except with the general or special permission of the Central Government or the Reserve Bank of India. Further a revised Foreign Exchange Regulation Bill has been introduced in the Parliament, so that the activities of foreign companies or Indian companies having foreign share-holding of 40 per cent or more will need Government approval afresh.

(c) Decision on nationalisation of any enterprise whether foreign or Indian, is taken with reference to the needs of the economy and of public interest.

Scheme for laying pipelines for carrying Crude Oil and Petroleum products

5749. SHRI B. S. BHAURA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) what was the target fixed for laying pipelines for carrying crude oil and petroleum products during the Fourth Plan period and what has been the achievement so far;

(b) whether schemes for laying pipelines for Fifth Plan are being worked out; and

(c) if so, how many kilometres of pipelines are for crude oil and how many kilometres for petroleum products?

**MINISTER IN THE
DEPT. OF PETROLEUM AND
CHEMICALS (SHRI DALBIR
SINGH):** (a) The ONGC had a target
of 320 Km for laying crude oil and
natural gas pipelines during the
Fourth Five Year Plan period. Till
now, 172 Km have already been laid.
No specific provision for crude oil or
product lines was made in the Fourth
Five Year Plan for the Indian Oil
Corporation. In the mid-term ap-
praisal of the Fourth Five Year Plan
made in December 1971, provision
was made for laying a 210 Km pro-
duct pipeline from Haldia to Raj-
bandh. Of this, 114 Km have been
completed so far. The Salaya-NW
Refinery crude oil pipeline, 1200 Km
in length, was also included in the
mid-term appraisal of the Fourth
Plan. Some initial work has been
started but the pipeline is expected to
be completed in the Fifth Five Year
Plan.

(b) and (c). The ONGC has tenta-
tive plans to lay crude oil and natural
gas pipelines of about 230 Km during
the period 1973 to 1978. The Indian
Oil Corporation proposes to lay 1400
Km of crude oil pipeline and 700 Km
of products pipeline during the Fifth
Plan period.

Name of Project

HYDRO

**Indigenous Turbo Generator sets
installed in the country**

6750. **SHRI D. D. DESAI:** Will the
Minister of IRRIGATION AND
POWER be pleased to state:

(a) the number and ratings of indi-
genous Turbo Generator Sets installed
and commissioned in the country
when the imports of Turbo Generator
sets were banned or restricted; and

(b) the number and ratings of
indigenous Turbo Generator sets in-
stalled and commissioned in the
country today?

**THE DEPUTY MINISTER IN THE
MINISTRY OF IRRIGATION AND
POWER (SHRI BALGOVIND
VERMA):** (a) No major indigenous
set (Hydro and thermal) was in ope-
ration when the import of Turbo
Generator sets was banned in July,
1967.

(b) The number and ratings of in-
digenous Turbo Generator sets in-
stalled and commissioned in the
country at present are given be-
low:—

No. of units & size (MW)	Total capa- city
--------------------------------	---------------------

Rail link between Kothagadan and Kavur in Fifth Plan period

5751. SHRI K. RAMAKRISHNA REDDY: Will the Minister of RAILWAYS be pleased to state:

(a) the progress made so far regarding linking of Kothagadan and Kavur; and

(b) whether the scheme would be implemented in the first year of the Fifth Plan?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Recent updating of the earlier survey report for a BG line from Bhadrachalam (Kottagudam) to Kovvur has revealed that this line would not be economically viable. As such, it is difficult to consider the construction of this rail link.

(b) Proposals for the Fifth Plan have not been finalised. It is difficult to say whether this project will merit inclusion.

Jaldhaka Hydro Project North Bengal

5752. SHRI R. N. BARMAN: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether the Jaldhaka Hydro Electric Project, North Bengal has been fully commissioned; and

(b) if so, the power that is now being generated from the project?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) Yes, Sir. The Jaldhaka Hydro Electric Project, North Bengal has been fully commissioned.

(b) The firm output of 18 MW is being generated from the Power Station.

Running of an Air-Conditioned Chair Car Train from Sealdah to New Bongaigaon

5753. SHRI R. N. BARMAN: Will the Minister of RAILWAYS be pleased to state:

(a) whether his Ministry proposes to run an air-conditioned chair car train from Sealdah to New Bongaigaon bi-weekly or tri-weekly; and

(b) if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) No.

(b) Apart from lack of traffic justification, introduction of an Air-conditioned Express between Sealdah and New Bongaigaon is not feasible for want of a spare Air-conditioned Express rake.

Introduction of an Express Train from Sealdah to New Bongaigaon via Bolpur and Farakka

5754. SHRI R. N. BARMAN: Will the Minister of RAILWAYS be pleased to state:

(a) whether one train connecting Howrah and New Cooch Behar is not enough to meet the increasing demand of passenger traffic;

(b) if so, whether his Ministry proposes to introduce another train known as North Bengal Express originating from Sealdah via Bolpur and Farakka upto New Bongaigaon instead of the present two trains upto New Jalpaiguri; and

(c) whether the Ministry has received a representation from the people of that locality including Bar Association, Cooch Behar in this regard and if so, the reaction of Government thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) to (c). Some representations have been received for introduction of another

train between Sealdah/Howrah and New Bongaigaon. Introduction of an additional train between Sealdah/Howrah and New Bongaigaon is, however, at present operationally not feasible due to lack of adequate line capacity via Farakka and for want of necessary terminal facilities at Sealdah/Howrah.

Construction of Thermal Power Plant in North Bengal

5755. SHRI R. N. BARMAN: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether Government have started construction of Thermal Power Plant at Dalkhola sanctioned for North Bengal; and

(b) if so, the time by which it is expected to be commissioned into service?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) No, Sir The construction work on the Dalkhola Thermal Power Project has not yet commenced as the project has not so far been approved by the Planning Commission.

(b) The project is expected to take six years to be completed from the date of commencement of work.

बाढ़ से होने वाले विनाश को रोकने के लिए बक्सर से कोइलवर तक बांध का निर्माण करने की योजना

5756. श्री रामावतार शास्त्री : क्या सिंघाई और बिद्युत् मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार ने बाढ़ से होने वाले विनाश को रोकने के लिए बक्सर से कोइलवर तक एक बांध बनाने की योजना तैयार की है; और

(ख) यदि हाँ, तो इस योजना की मुख्य रूपरेखा क्या है ?

सिंघाई और बिद्युत् मंत्रालय में उपमंत्री (श्री बालगोविन्द वर्मा) : (क) और (ख). बिहार राज्य सरकार ने 10.10 करोड़ रुपये की अनुमानित लागत पर शाहाबाद जिले में बक्सर से कोइलवर तक तटबन्ध के निर्माण के लिए एक स्कीम तैयार की है। स्कीम में 172 किलोमीटर तटबन्धों का निर्माण परिकल्पित है—गंगा के दाएं तट पर 94 किलोमीटर, गंगा की पूर्वी और पश्चिमी सहायक नदियों के दोनों तटों पर 67 किलोमीटर और कोइलवर पुल से गंगा के साथ इसके संगम तक सोन के बाएं तट पर 11 किलोमीटर। इस स्कीम से 79,000 हेक्टेयर क्षेत्र को लाभ होगा।

Expenditure incurred on Power Generation Projects

5757. SHRI RAMAVATAR SHASTRI: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) the total amount of money spent so far on power generation projects by the Centre and States in the first three years of the Fourth Five Year Plan;

(b) the power generation capacity added in these three years;

(c) whether the targets fixed in the Fourth Plan for power generation are likely to be achieved; and

(d) if not, the extent of short fall expected and the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) The amount spent on

generation projects during three years 1969-70 to 1971-72; is as per statement attached.

(b) The installed capacity added during the first three years of the Fourth Five Year Plan is 2.75 million KW.

(c) and (d). The target for the Fourth Plan envisaged an addition of 9.2 m.kw. of installed generating capacity. According to the recent reviews, there may be a shortfall of about 3 to 3.5 million kw, due to the following reasons:

(i) Delay in receipt of main equipment	1.20 ml. KW.
(ii) Delay in receipt of main equipment as well as delay in completion of civil works.	1.20 ml. KW.
(iii) Delay in completion of civil works only.	0.85 ml. KW.
(iv) Delay in erection	0.20 ml. KW.
(v) Other reasons	0.11 ml. KW.
	3.56 ml. KW.

STATEMENT

Amount spent on generation projects during three years 1969-70 to 1971-72

States	Expenditure incurred on generation projects during 1969-70 to 1971-72 (Rs. Crores)

Railway Board's concern over delay in Wagon release

5758. SHRI RAMAVATAR SHASTRI: Will the Minister of RAILWAYS be pleased to state:

(a) whether the attention of Government has been drawn to the news item appearing in the 'Hindustan Standard' on the 2nd January, 1973 under the caption "Railway Board's concern over delay in wagon release";

(b) if so, Government's reaction thereto; and

(c) the steps Government propose to take to put an end to this problem?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes.

(b) There has been improvement in release of wagons in Calcutta and Howrah areas during the months of October, 1972 to January, 1973 as compared to the corresponding months of the previous year.

(c) Besides enhancement in the rates of demurrage and wharfage charges from 1st December, 1972, the defaulting parties are contacted where necessary, to secure quick release of wagons.

मियां भाई न्यायाधिकरण पंचाट के परिणाम-
स्वरूप वित्तीय भार

5759. श्री शिव कुमार शास्त्री:
क्या रेल मंत्री यह बताने की कृपा करेंगे कि:

(क) मियां भाई न्यायाधिकरण की सिफारिश स्वीकार कर लेने से रेलवे को कितना अधिक वित्तीय भार वहन करना पड़ेगा;

(ख) ये सिफारिशें किस तिथि से कार्यान्वित की जायेंगी; और

(ग) इस प्रयोजन के लिए आवेक्षित अतिरिक्त धन यमि जुटावे के लिए क्या प्रबन्ध किये जा रहे हैं?

रेल मंत्रालय में जन-मंत्री (श्री मुहम्मद शफी कुरेशी): (क) अनुमान है कि मियां भाई अधिकरण की रिपोर्ट को पूरी तरह लागू करने में सरकार पर राजस्व लेखे में 12.5 करोड़ रुपये और पूंजी लेखे में 7 करोड़ रुपये का वार्षिक खर्च पड़ेगा।

(ख) एक विवरण, जिसमें यह दिखाया गया है कि जिन सिफारिशों पर सरकार ने निर्णय ले लिया है, वे कौन सी तारीख से प्रभावी हैं, सभा पटल पर रख दिया गया है। (सभासद से रखा गया देखिए संख्या LT-4701/73/अन्य सिफारिशों पर सरकार सक्रिय रूप से विचार कर रही है।

(ग) 1973-74 के कार्यसंचालन व्यय के बजट अनुमानों में 6.73 करोड़ रुपये की व्यवस्था की गयी है जिससे उन निर्णयों का खर्च पूरा हो जायेगा जो लिये जा चुके हैं।

Surprise checks by Vigilance Organisation of Railways on Reservation Offices at Delhi and New Delhi Stations (Northern Railway)

5760. SHRI ONKAR LAL BERWA:
Will the Minister of RAILWAYS be pleased to refer to the reply given to Unstarred Question No. 5012 of the 19th December, 1972 regarding the surprise checks by Vigilance Organisation of Railways on Reservation Offices at Delhi and New Delhi Stations (Northern Railway) and to state:

(a) whether any action was taken against those found indulging in malpractices; and

(b) if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). During the checks conducted, no

staff was found indulging in mal-practices. As such, the question of taking action against the staff does not arise.

Periodical Transfers of Health Inspectors on Northern Railway

5761. SHRI ONKAR LAL BERWA: Will the Minister of RAILWAYS be pleased to state:

(a) whether certain Health Inspectors over Northern Railway are working at particular stations for the last 10—20 years and others are being transferred from one station to another frequently;

(b) whether over other Indian Railways the Health Inspectors are transferred from one station to another periodically;

(c) if so, the reasons for not adopting uniform policy over all Indian Railways; and

(d) the number of Health Inspectors over Northern Railway working at one place/station for the last 10 to 20 years and what remedial steps the administration proposes to take to minimise the resentment prevailing amongst the Health Inspectors?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) to (c). Yes, some have been working in the same place for 10 to 20 years. Transfers where made, are on promotion/reversion or in other exigencies of service etc. General orders for periodical transfers (which have also been now revoked) did not apply to this category.

(d) Eight. Government are not aware of any such resentment.

Reconstruction of Board of Directors of Indo-Burma Petroleum Company Limited

5763. SHRI INDRAJIT GUPTA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether the Board of Directors of Indo-Burma Petroleum Company, Limited has been reconstituted after it became a Government of India Undertaking;

(b) if so, whether a number of I.O.C. personnel have been inducted into the Director's Board of I.B.P.; and

(c) whether the same Board also looks after I.B.P.'s subsidiaries, viz. Balmer Lawrie and others?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH):

(a) Yes, Sir.

(b) Ever since the IBP became a subsidiary of IOC in January, 1970 its Board of Directors has comprised the nominees of the IOC. Government of India acquired the shares of IBP from the IOC on 16-9-72, i.e. after IBP's Board of Directors had already been reconstituted in the Annual General Meeting of the IBP held on 29-6-72. The question of reconstituting the Board of the IBP will now arise only at the next Annual General Meeting normally scheduled to be held by 30th June, 1973. However, two additional Directors, i.e. one each from the Ministry of Finance and the Ministry of Petroleum & Chemicals have been coopted on the Board of Directors of the IBP after the acquisition of IBP's shares by the Government from the IOC.

(c) No, Sir. Each Company has a separate Board of Directors.

Inter-Connections Between Foreign Companies and large Industrial Houses

5764. SHRI INDRAJIT GUPTA: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) how many of the large industrial groups mentioned in the Monopoly Inquiry Commission's report are controlled by foreigners and what are the names of these groups;

(b) the total foreign capital invested in each of these groups; and

(c) how many of these foreign controlled companies have connections with domestic business groups and what is the nature of these connections?

in these houses through the foreign holding companies in the Paid-up capital of their Indian subsidiaries belonging to each of these houses as 31-3-71 is given in the statement attached.

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI D. R. CHAVAN): (a) and (b). The Monopoly Inquiry Commission showed 14 of the 75 industrial groups as appearing to be under foreign control. The names of these foreign controlled houses and the foreign capital invested

(c) The information is not available as the Companies Act, 1956 does not define a foreign controlled company and further there is no provision in the Companies Act, whereby the nationality of the shareholder is required to be disclosed.

Statement

LIST OF FOREIGN CONTROLLED HOUSES AS PER MIC REPORT

S.No. Name of the foreign controlled house.

Amount of foreign capital invested by Foreign Holding Cos. in the P.U.C. of their Indian Subsidiaries belonging to respective Houses as on 31-3-1971.

(Rs. in lakhs)

1. Andrew Yule	16.00
2. Bird-Heilgers	83.59

**Binny House was merged with Macneill & Barry (Sl. No. 7) by Industrial Licensing Policy Enquiry Committee.

चकिया स्टेशन (पूर्वोत्तर रेलवे) से बालिका उच्च विद्यालय तक अग्रोच रोड का निर्माण

5765. श्री कमल मिश्र मधुकर :
क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या उत्तर-पूर्व रेलवे में चकिया स्टेशन से पूर्व की ओर एक गर्ल्स हाई स्कूल एवं मिडिल स्कूल आधा फर्लांग की दूरी पर स्थित है;

(ख) क्या उक्त स्कूलों की लड़कियों को स्कूल जाने के लिए रेलवे लाइन के बचल से गुजरना पड़ता है और रेलवे विभाग ने लड़कियों के स्कूल जाने के लिए अभी तक अग्रोच रोड नहीं बनाई है;

(ग) क्या सरकार का विचार चकिया में बालिका उच्च विद्यालय तक अग्रोच रोड का निर्माण करने का है; और

(घ) यदि हां, तो कब तक और यदि नहीं तो उसके क्या कारण हैं ?

रेल मंत्रालय में उप मंत्री (श्री मुहम्मद शफी कुरेशी) : (क) से (घ) . एक गैर-रेलवे गर्ल्स हाई स्कूल और एक गैर-रेलवे गर्ल्स मिडिल स्कूल चकिया स्टेशन से पूरव रेलवे सीमा के बाहर गैर-सरकारी जमीन पर स्थित हैं । स्कूल तक पहुंच मार्ग की व्यवस्था करना रेलवे की जिम्मेवारी नहीं है ।

“भागीरथ” पत्रिका का प्रकाशन

5766. श्री कमल मिश्र मधुकर :
श्री ईश्वर चौधरी :

क्या सिंचाई और विद्युत मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या उनके मंत्रालय की ओर से हिंदी में ‘भागीरथ’ पत्रिका प्रकाशित की जाती है;

(ख) क्या उक्त पत्रिका का प्रकाशन निश्चित समय पर और नियमित ढंग से नहीं किया जाता;

(ग) यदि हां, तो उसके क्या कारण हैं; और

(घ) क्या सरकार का विचार इस पत्रिका का प्रकाशन भारत की सभी र 1९८० भाषाओं में करने का है और यदि हां, तो यह कार्य कब तक प्रारंभ होने की संभावना

सिंचाई और विद्युत मंत्रालय में उपमंत्री (श्री बालगोविन्द बर्मा) : (क) से (ग) .—अंग्रेजी त्रैमासिक ‘भागीरथ’ का हिन्दी रूपान्तर अक्टूबर, 1972 से प्रकाशित किया जा रहा है । प्रारंभिक कठिनाइयों के कारण, प्रथम दो प्रकाशनों में कुछ विलम्ब हो गया है ।

(घ) ऐसा कोई प्रस्ताव विचाराधीन नहीं है ।

बिहार में ग्रामीण विद्युतीकरण योजनाओं के कार्यान्वयन के लिए धनराशि

फरक्का, खजूरियाघाट और कोरापट-बस्तर परियोजनाओं के रेलवे कर्मचारियों को परियोजना भत्ता

5767. श्री कमल मिश्र मधुकर :
क्या सिंचाई और विद्युत् मंत्री यह बताने की कृपा करेंगे कि :

5768. श्री कमल मिश्र मधुकर : क्या
रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) केन्द्र ने बिहार में ग्रामीण विद्युतीकरण योजनाओं के कार्यान्वयन के लिए अब तक कितनी धनराशि दी है; और

(क) क्या सरकार ने फरक्का, खजूरियाघाट परियोजनाओं और कोरापट-बस्तर परियोजना के निकट कार्य करने वाले रेलवे कर्मचारियों को परियोजना भत्ते के संबंध में निर्णय देने के लिए श्री के० एन० वाचू की अध्यक्षता में एक संयुक्त न्यायाधिकरण की नियुक्ति की थी; और

(ख) चालू वर्ष के दौरान कितनी धनराशि दिए जाने की संभावना है ?

(ख) क्या श्री वाचू द्वारा दिये गये निर्णय के अनुसार, उपरोक्त स्थानों में लगभग चार हजार रेलवे कर्मचारियों को परियोजना भत्ता दिया गया था ?

सिंचाई और विद्युत् मंत्रालय में उपमंत्री (श्री बालगोविन्द वर्मा): (क) और (ख): ग्राम विद्युतीकरण के कार्यक्रमों के लिए वित्त-व्यवस्था राज्य योजना परिव्ययों में से की जाती है। राज्य बिजली बोर्डों को उनकी ग्राम विद्युतीकरण की स्कीमों के कार्यान्वयन के लिए, योगात्मक वित्त सहायता ग्राम विद्युतीकरण निगम के जरिए दी जाती है जिसकी स्थापना जुलाई, 1969 में केन्द्रीय क्षेत्र में की गई थी। मार्च, 1973 के अन्त तक ग्राम विद्युतीकरण निगम ने बिहार राज्य बिजली बोर्ड की 30 स्कीमों स्वीकृत की हैं जिनमें 3,545 गांवों के विद्युतीकरण, 43,422 पंपसेटों के ऊर्जन और 6,887 लघु तथा कृषि उद्योगों को बिजली प्रदाय करने के लिए, 1731.36 लाख रुपये की ऋण सहायता सम्मिलित है।

रेल मंत्रालय में उप मंत्री (श्री मुहम्मद शाफी कुरेशी) : (क) जी हां।

(ख) फरक्का बांध परियोजना क्षेत्र में काम करने वाले लगभग 2,743 कर्मचारियों को परियोजना भत्ता स्वीकृत किया गया था। डी० बी० कै० परियोजना क्षेत्र के कोरापुट और बस्तर जिलों में काम करने वाले रेल कर्मचारियों को ऐसे किसी भत्ते की स्वीकृति नहीं दी गयी है, क्योंकि इनमें से कोई भी वास्तविक रूप में किसी ऐसे काम पर नहीं लगा है जिसका परियोजना से सीधा संबंध है।

चालू वर्ष के दौरान ऋण सहायता, बिहार राज्य बिजली बोर्ड द्वारा प्रस्तुत तथा ग्राम विद्युतीकरण निगम द्वारा नियत मानदण्डों के अनुसार अनुमोदित की गई स्कीमों की संख्या पर निर्भर करेगी।

पूर्वोत्तर रेलवे के कर्मचारियों को वर्दियों की सप्लाई

5769. श्री कमल मिश्र सधुकर: क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) पूर्वोत्तर रेलवे के हजारों कर्मचारियों को किन कारणों से वर्ष 1972 के लिए वर्दियां अभी तक नहीं दी गई हैं ;

(ख) क्या 1962 के भारत-चीन युद्ध के दौरान "बर्दी-शीर्षक" के अन्तर्गत कटौती की गई थी, जो कि अभी तक चली आ रही है और जिस पर अभी तक पुनर्विचार नहीं किया गया है ; और

(ग) क्या सरकार का इस बारे में कोई नया निर्णय करने का विचार है और यदि हां, तो कब तक और यदि नहीं, तो उसके क्या कारण हैं ?

रेल मंत्रालय में उप मंत्री (श्री मुहम्मद शफी कुरेशी) : (क) 1972 की गर्मियों के लिए वस्त्रों की पूरी सप्लाई हो चुकी है। जहां तक 1972-73 की सर्दियों के लिए वस्त्रों का संबंध है, सप्लाई में विलम्ब का कारण यह था (1) उत्तर प्रदेश सरकार द्वारा बिजली की सप्लाई के कारण सरकारी आयुध कारखाना, शाहजहांपुर द्वारा ओवर कोटों की सप्लाई के लिए सुपूर्दगी अनुसूची का पालन नहीं किया गया और (2) महानिदेशक, संभरण और निपटान के दर ठेके पर संभरण-कर्ताओं द्वारा ऊर्जी जसियों की सप्लाई नहीं हुई।

फिर भी, इस दिशा में निरन्तर प्रयास किया जा रहा है और आशा है शीघ्र ही बकाया वस्त्रों की काफी मात्रा में सप्लाई हो जायेगी।

(ख) और (ग). 1962 के भारत-चीन युद्ध के दौरान वर्दियों में कोई कटौती नहीं की गयी थी।

लेकिन मितव्ययता के उद्देश्य से 1966 के कुछ अनुदेश जारी किये गये थे जो अभी भी लागू हैं। वर्दी समिति की सिफारिशों के आधार पर रेल कर्मचारियों की विभिन्न कोटियों की वर्दियां सप्लाई करने के समूचे प्रश्न पर फिर से विचार किया जा रहा है।

Setting up of a Committee on sharing of waters of different rivers

5770. SHRI D. B. CHANDRA GOWDA: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether Government propose to set up a permanent Committee to look after the sharing of waters of different rivers in the country; and

(b) if so, the main features of the proposal in this regard?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) and (b). As a result of the increasing use of water resources of the country and the programmes of larger utilisation in the future the need has been recognised for evolving a national water policy and form a National Water Resources Council and Rivers Basin Commissions so as to ensure a continuous appraisal of the needs for water and the most

beneficial and equitable allocation of available water for different uses in the interest of the country as a whole.

As a first step it would be necessary to amend some provisions in the Constitution so as to reflect the concept of water as a national asset and to provide for the settlement of inter-State river disputes by conciliation, arbitration or otherwise. Views of the State Governments have been sought on these issues.

Construction of Thanneermuckom Bund and Thottappalli Spillway in Kerala

5771. SHRI C. K. CHANDRAPPAN: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) the stage at which the construction of the Thanneermuckom bundh and Thottappalli spillway in Alleppey District, Kerala stands at present;

(b) the total expenditure estimated for this scheme when it began and the estimated expenditure for it now for its completion;

(c) what are the works of this scheme completed so far and how much money has been spent on it till now; and

(d) the reasons for delay in the construction of this Project?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) to (c). The Thanneermuckom project has been planned to be done in three stages, each stage covering one third of the total length of the bundh. The first stage along with the twin lock is completed and the work on the second stage is in progress.

The original cost of the project was Rs. 1.50 crores. It is now estimated to cost about Rs. 4.4 crores. The expenditure incurred so far on the project is about Rs. 3 crores,

(d) The delay is mainly due to the inadequate provision of funds by the State Government; other contributory factors are defaulting of contractors, unforeseen technical problems and the lack of special equipments like dredgers etc.

Benefits achieved from construction of Thanneermuckom Project, Kerala

5772. SHRI C. K. CHANDRAPPAN: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) what are the benefits expected to be achieved by the construction of Thanneermuckom project and Thottappalli spillway in Alleppey, Kerala;

(b) what are the benefits so far achieved from this scheme; and

(c) when this project is expected to be completed?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) to (c). The salt water barrier at Thanneermuckom is intended to prevent ingress of salt water in order to protect the single crop paddy land and enable second crop cultivation and is expected to result in an increased production of 41,000 tons of rice. It is expected that the barrier would be commissioned in December 1974, when benefits will start accruing from it. This barrier is essential for the Kuttanad development scheme, a major land reclamation scheme to enable cultivation of 51,000 ha. of paddy land and increase paddy production by 141,000 tons of paddy.

The Thottappally spillway was completed in December 1954 during the first five year plan. The spillway is for letting out flood water during rainy season and to prevent ingress of salinity from the sea and it has been effective in mitigating the ravages of flood in Kuttanad area in Alleppey district.

Setting up of General Stores Depot-cum-Scrap Shop in Trivandrum

5773. SHRI C. K. CHANDRAPPAN: Will the Minister of RAILWAYS be pleased to state:

(a) whether Broad Gauge Feeding Centre in Madras is required to meet even the needs of Railway in down South;

(b) if so, whether there is any proposal to strengthen the store depots in the South; and

(c) whether there is any proposal to set up a General Stores Depot-cum-Scrap shop in Trivandrum?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Broad Gauge feeding depot in Madras is meeting the need of the railway in Broad Gauge area in South up to Cochin Harbour terminus. Needs of Metre Gauge area like Trivandrum are met from Nagapattinam and Golden Rock Depots.

(b) and (c). No. The present arrangement is considered satisfactory.

Construction of Railway Over-Bridges at Tellicherry Station and Temple Gate in Kerala

5774. SHRI C. K. CHANDRAPPAN: Will the Minister of RAILWAYS be pleased to refer to the reply given to Unstarred Question No. 1370 on the 8th August, 1972 and state:

(a) whether the construction of the Railway over-bridges near the Railway stations in Tellicherry and Temple Gate in Kerala has been taken up; and

(b) if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) No.

(b) Plans and estimates for both the works are yet to be finalised and the

same are pending with the State Government who are the sponsoring authorities. The bridge portion is to be constructed by the Railway, whereas the approaches are to be constructed 'by the State Government. The estimate for the works will be sanctioned, and work started, as soon as the State Government are ready to take up their portion of the work, so that the bridge portions and the approaches are completed more or less simultaneously.

Construction of Over-bridges in Kerala

5775. SHRI C. K. CHANDRAPPAN: Will the Minister of RAILWAYS be pleased to state:

(a) how many Railway over-bridges were constructed in Kerala in 1971-72 and 1972-73; and

(b) how many more will be constructed during 1973-74?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) 1971-72—One.

1972-73—Two.

(b) There are a number of proposals in various stages of investigation, preparation of plans and estimates in consultation with the State Government. There is no proposal for construction of any over-bridge during 1973-74.

New Railway Lines in Northern States in Punjab, U.P., Bihar and Madhya Pradesh

5776. SHRI RAM PRAKASH: Will the Minister of RAILWAYS be pleased to state which are the new Railway lines in northern states of Punjab, Uttar Pradesh, Bihar and Madhya Pradesh for which surveys have been in progress or have already been completed?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): Information regarding Railway Statistics is not compiled State-wise or Region-wise, but Railway-wise. The States of Punjab, U.P., Bihar and Madhya Pradesh are served by Central, Northern, North Eastern, Eastern, South Eastern and Western Railways. Particulars of Surveys for new lines carried out in the past on these Railways are given in Chapter—IV—New Construction and Engineering Works—of the Report by the Railway Board on Indian Railways for each respective year. Copies of the Reports upto the year 1971-72 are available in the Library of the Parliament.

New lines for which Surveys were sanctioned in the above mentioned States during 1972-73 are as under:—

- | | |
|--|---|
| (1) Jagadhri-Chandi Garh

Loss caused due to delay in sanctioning Mithapur Project

5777. SHRI RAM PRAKASH: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether delay by Government in sanctioning Mithapur project has cost our country Rs. 25 crores on the import of fertilizers; and

(b) if so, the steps proposed to wipe out this loss?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) and (b). This Project was cleared by the issue of a letter of intent, but this has not yet been converted into an industrial licence pending fulfilment by the company of certain essential conditions in the letter of intent. The foreign exchange saving is estimated at Rs. 20 crores per annum when the plant is in production at full rated capacity.

Delay in Commissioning Cochin and Barauni Fertilizer Project

5778. SHRI R. P. ULAGANAMBI: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) the causes for delay in completing and commissioning Cochin and Barauni Fertilizer projects under his charge; and

(b) the steps taken by Government to expedite the commissioning of these projects?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) and (b). Slippage in the construction of the Cochin Project was mainly due to delay in the supply of indigenous equipment. The construction of the project has been completed and trial runs are in progress. The slippage in commissioning is, however, due to difficulties encountered during the trial runs. As regards the Barauni fertilizer project, the slippage in the completion schedule has been mainly due to (i) non-availability of steel for site fabrication as well as fabrication of equipment indigenously; (ii) delay in receipt of some of the imported raw materials like stainless steel; (iii) delayed delivery of indigenous equipment; and (iv) delay in the completion of supply and erection contract by indigenous parties. Transportation bottlenecks for heavy items of equipment and labour troubles have also contributed to delay. All possible assistance has

been and is being provided to the projects to remove the various bottlenecks encountered.

Countries from which Crude Oil was imported

5779. SHRI R. P. ULAGANAMBI: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state the names of the countries from which crude oil was imported during the last three years?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): The information is as under:—

Year	Names of the countries from which crude oil was imported
1970	Iran, Saudi Arabia and Kuwait.
1971	Iran and Saudi Arabia.
1972	Iran, Saudi Arabia and Iraq.

Prosecution by Railways against Employees for Misappropriation

5780. SHRI R. P. ULAGANAMBI: Will the Minister of RAILWAYS be pleased to state:

(a) how many prosecutions were launched by the Railways which involved more than Rs. 10,000 relating to fraud and misappropriation by the Railway employees during the year 1969—72;

(b) how many resulted in conviction; and

(c) the steps taken to check such cases of fraud and misappropriation by Railway employees?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). The information is being collected and will be laid on the Table of

(c) In addition to investigations into complaints of frauds and misappropriation the Railways also conduct preventive checks and regular inspections with a view to unearthing such malpractices. Every case after detection is also investigated to see if there is any lacunae in the procedure in force and to locate areas of non-observance of rules and orders.

Compensation for loss, damage, theft and pilferage of Sugar, Jaggery, Tea, Textile and Machinery

5781. SHRI R. P. ULAGANAMBI: Will the Minister of RAILWAYS be pleased to state:

(a) the amount of compensation paid year to year since 1970 for loss, damage, theft and pilferage of sugar, jaggery, tea, textiles and machinery; and

(b) how many prosecutions were launched during this period and how many resulted in conviction of the offenders in connection with loss, damage, theft and pilferage of goods under the custody of the Railways?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) The amount of compensation paid on account of loss, theft, pilferage, damage etc. of sugar, jaggery, tea and textiles is given in the attached statement. Separate claims statistics on the item 'machinery' are not maintained.

(b) the number of persons prosecuted and convicted since 1970 in connection with loss, damage, theft and pilferage of goods under the custody of the Railways is as under:—

Year	No. of persons prosecuted	No. of persons convicted
1970	3961	1567
1971	3947	1328
1972	3714	1012

Statement

Amount of compensation paid on account of loss, theft, pilferage, damage etc.

Commodities	1969-70 (Rs in lakhs)	1970-71 (Rs in lakhs)	1971-72 (Rs in lakhs)
Sugar	95.66	105.64	96.72
Jaggery	7.44	5.27	4.38
Tea	41.50	40.32	47.53
Textiles	75.54	65.75	71.02

Decline in Movement of Coal to Power Stations

5782. SHRI R. P. ULAGANAMBI:
SHRI E. V. VIKHE PATIL:

Will the Minister of RAILWAYS be pleased to state:

(a) whether there has been decrease in the movement of coal by Railways during the years 1971-72 and 1972-73;

(b) the extent to which such decline took place and the causes thereof;

(c) whether there was any decline in the movement of coal to various thermal power stations also, if so, the extent thereof; and

(d) whether the movement of coal by Railway took place according to the expectations of the Fourth Five Year Plan?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) There has been no decrease in the movement of coal by Railways during the years 1971-72 and 1972-73 as compared to 1970-71.

(b) Does not arise.

(c) No.

(d) Movement of coal by rail was according to expectations only in the first year of the Fourth Five-Year Plan.

National Railway Users Consultative Council

5783. SHRI LALJI BHAI: Will the Minister of RAILWAYS be pleased to state:

(a) whether in reconstituting the National Railway Users' Consultative Council, provision of membership from Zonal Railway Users Consultative Committee has been withdrawn recently;

(b) whether this step will not debar the Zonal Railway Users' Consultative Committees of the different Railways from highlighting their difficulties and giving suggestions to National Railway Users' Consultative Council; and

(c) if so, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes.

(b) and (c). The National Railway Users' Consultative Council deals with broad policy matters relating to the services and facilities provided by the Railways. Zonal Railway Users' Consultative Committee function at the Headquarters of each zonal railway to deal with local matters concerning the zones. The suggestions made at the Zonal Committee meetings which are not within the competence of the Zonal Railway are referred to the Railway Ministry for consideration.

Rail Connection between Jamnagar and Morvi-Maliya (Western Railway)

5784. SHRI D. P. JADEJA: Will the Minister of RAILWAYS be pleased to state:

(a) whether there is any proposal to connect Jamnagar and Morvi-Maliya on Western Railway; and

(b) if so, what is the present position?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) No.

(b) Does not arise.

Wagons to carry salt from Saurashtra Region in Gujarat

5785. SHRI D. P. JADEJA:

SHRI ARVIND M. PATEL:

Will the Minister of RAILWAYS be pleased to state:

(a) what was the demand of wagons

to carry salt from the Sourashtra Region in Gujarat District-wise during the last three years, year-wise; and

(b) the number of wagons supplied to each area?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). Statistics of loading are not maintained by the railways civil district-wise. Saurashtra Region is mostly served by the Bhavnagar and Rajkot Divisions of Western Railway and particulars of demands placed and wagons loaded with salt from these two Divisions during the last three years are as under:—

Category of salt	1970		1971		1972	
	No. of demands placed	No. of wagons loaded	No. of demands placed	No. of wagons loaded	No. of demands placed	No. of wagons loaded
Programmed salt	14977	14163	18645	14526	24869	18655
Industrial salt	7035	6093	10562	8998	3414	2538
Non-programmed salt	21383	16810	32157	13706	30003	10243

Linking of Major Operational Centres with integrated communication system

5786. SHRI BIBHUTI MISHRA: Will the Minister of RAILWAYS be pleased to state:

(a) whether the Minister stated in Delhi while inaugurating Delhi—Mughalsarai Microwave system that all major operational centres of the Indian Railways would be linked by an integrated communication system by 1976; and

(b) if so, its advantages for the efficient running of trains?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes.

(b) The integrated Microwave system of communication will provide reliable "on demand" communication between important centres of rail operation like major Loco Sheds, yards, Interchange points, control offices, Divisional and Zonal Headquarter offices, alongwith Radio patching of existing open wire control communication. This would enable proper control, co-ordination and efficient operation of Railway working.

भारत और पाकिस्तान के बीच तेल की खोज के लिये करार

5787. श्री विभूति मिश्र : क्या पेट्रोलियम और रसायन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या भारत में विभिन्न स्थानों में और समुद्र के अन्दर तेल की खोज के लिए भारत और पाकिस्तान के बीच एक करार है ;

(ख) यदि हां, तो उक्त करार के अन्तर्गत अब तक कहाँ-कहाँ तेल की खोज का कार्य प्रारम्भ किया गया है; और

(ग) इस करार से भारत को किस सीमा तक लाभ होगा ?

पेट्रोलियम और रसायन मंत्रालय में उपमंत्री (श्री बलबीर सिंह) : (क) जी, नहीं ।

(ख) और (ग) . प्रश्न नहीं उठता ।

दहापुरोड और दोहद के बीच नई रेलवे लाइन

5789. श्री अमर सिंह चौधरी : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या दहापुरोड और दोहद के बीच रेलवे लाइन बिछाने का विचार है; और

(ख) यदि हां, तो कब तक ?

रेल मंत्रालय में उपमंत्री (श्री मुहम्मद शफी कुरेशी) (क) जी, नहीं.

(ख) प्रश्न नहीं उठता ।

रेलवे में फायरमैनो का तबादला

5790. श्री अमर सिंह चौधरी : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) रेलवे में फायरमैनो के तबादले के बारे में क्या नियम हैं;

(ख) क्या अलग अलग जोनों के लिए भिन्न भिन्न नियम हैं; और

(ग) क्या वहां अनुसूचित जनजातियों के लिए आरक्षित पद हैं और इन पदों को किस तरह से भरा जाता है ?

रेल मंत्रालय में उप मंत्री (श्री मुहम्मद शफी कुरेशी) : (क) और (ख) . रेलों पर अराजपत्रित रेल कर्मचारियों का स्थानान्तरण, जिनमें फायरमैन भी शामिल हैं, आमतौर पर उनकी क्रमिक वरिष्ठता यूनिटों के भीतर ही किया जाता है ।

(ग) जी हां । जहां तक फायरमैन "ए" का संबंध है, 75 प्रतिशत रिक्तियां सीधी भर्ती द्वारा भरी जाती हैं । इस सीधी भर्ती के कोटे में आरक्षित रिक्तियां का निर्धारित प्रतिशत अनुसूचित जन जातियों को आवंटित किया जाता है । फायरमैन "बी" और फायरमैन "सी" के मामले में, जहां ये पद पदोन्नति द्वारा भरे जाते हैं आरक्षित रिक्तियों का निर्धारित प्रतिशत अनुसूचित जन जातियों को आवंटित किया जाता है ।

Providing sitting accommodation to each Third Class Passenger

5791. SHRI S. C. SAMANTA: Will the Minister of RAILWAYS be pleased to state:

(a) whether his Ministry has any plan to assure each and every third class passenger of at least sitting accommodation whenever he buys a ticket for travelling on any train; and

(b) what are the plans of the Ministry to ease overcrowding in Third class bogies?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) No. However, as mentioned in para 29 of the Budget Speech on 20th February, 1973, the entire accommodation on Selected Super Fast Express Trains would be reserved and every passenger in these trains will therefore have guaranteed accommodation.

(b) In order to assess the extent of overcrowding in third class, census of occupation is conducted twice a year. On the basis of the results of these studies undertaken by the Railways, efforts are made to introduce additional trains, to augment the loads of existing trains and to extend the runs of trains keeping in view the availability of rolling stock, sectional and terminal capacity etc.

During the period April to November, 1972 a total of 136 trains involving 7,398 additional daily train kilometres were introduced/extended and the loads of 338 trains were augmented utilising 521 coaches.

It has been decided to replace the existing second class coaches/compartments by third class coaches/compartments, which will also help relieve overcrowding in III Class.

Improvement in the Working of Zonal Committees

5792. SHRI S. C. SAMANTA: Will the Minister of RAILWAYS be pleased to state:

(a) what are the reasons that even the most reasonable demands of the members of Zonal Committees are either turned down or go into deaf ears of the Railway administration;

(b) what are the advantages that accrue to the Railways because of the deliberations of the Zonal Committees when their individual and/or collective demands have no meaning to the Railway administration; and

(c) whether any improvement is likely to be made in the working of such Committees and if so, the broad outlines thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). Full advantage is taken by the Railway Administrations of the suggestions and advice received from the members of Zonal Users' Consultative Committees and these are adopted to the extent feasible. Within the financial resources available, recommendations of the Committee are accepted.

(c) For identifying himself more closely with the interests of the local users it has been decided by the Minister that he will personally attend one meeting of the Zonal Railway Users' Consultative Committee on each zone. This will infuse a new vitality in the functioning of these Committees and held in speedier solution of many local problems of the users.

Commissioning of first fuel oil based fertilizer plant

5793. SHRI BHAGWAT JHA AZADI: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether the construction of India's first fuel oil based fertilizer factory has started; and

(b) by what time it is expected to be commissioned?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) Yes, Sir.

(b) According to present indications, the project is expected to be completed and be ready for commissioning by January 1976. Commercial production is expected to be established six months thereafter i.e. by July 1976.

Purchase of shares by Indian Metals and Ferro Alloys of Orissa

5794. SHRI CHINTAMANI PANIGRAHI: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) whether the Indian Metals and Ferro Alloys Limited of Orissa at Bhubaneswar which runs the ferro-sylcon plant at Thiruvelli in Koraput (Orissa) had purchased shares of the Industrial Development Corporation of Orissa;

(b) if so, when and what is the amount involved in this; and

(c) whether it had taken the permission for this from the concerned authorities?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI D. R. CHAVAN): (a) to (c). The information is being collected and will be laid on the Table of the House.

Import of Kerosene from Soviet Union

5795. SHRI ARJUN SETHI: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Government have signed an agreement with Soviet Union recently to import 6.5 lakh tonnes of Kerosene; and

(b) if so, the broad features thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH):

(a) and (b). The Government of India have a long term Trade Agreement for the period 1971—75 with the USSR and this Agreement provides, apart from other items, the import of superior kerosene and high speed diesel oils also every year. The Trade Plan provision for the current year i.e. 1973 provides for the import of 5.0 lakh tonnes of kerosene oil and 1.0 lakh tonnes of high speed diesel oil. Against this provision, IOC has negotiated for the import of 5.50 lakh tonnes of superior kerosene oil during 1973. ICC will be signing a contract with the USSR suppliers M/s. SOJUZNEFTEXPORT in this regard shortly. This quantity of 5.50 lakh tonnes of kerosene oil is in addition to the quantity of 0.80 lakh tonnes of kerosene oil that is being supplied during the current year under the contract signed for the year 1972.

The above supplies will be made against rupee payment.

Prime Minister's arbitration in Sona river water dispute with Madhya Pradesh

5796. SHRI ARJUN SETHI: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether Bihar Government have recently requested the Prime Minister to arbitrate in Sona river water dispute with Madhya Pradesh; and

(b) if so, the reaction of the Central Government thereto?

THE DEPUTY MINISTER OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) No written request has been received.

(b) Does not arise.

Loss in production of fertilizer at Trombay

5797. SHRI ARJUN SETHI: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether the production of fertilizer at Trombay has been hit due to disruption in supply of petroleum products; and

(b) if so, the remedial steps proposed to be taken?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH):
(a) No, Sir.

(b) Does not arise.

Multi-purpose signal device on Delhi-Meerut Railway line

5798. SHRI NAWAL KISHORE SHARMA: Will the Minister of RAILWAYS be pleased to state:

(a) whether Northern Railway have introduced a multi-purpose coloured lights signal device on Delhi-Meerut Railway line;

(b) if so, the salient features of the functioning of such a device;

(c) how far the new device is superior to the previous system; and

(d) whether the same system will be adopted on other Railways in the country and if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes; Multiple Aspect Colour light signalling has been introduced on the Delhi-Meerut City section of Northern Railway, except at Ghazlabad where similar work is in progress.

(b) and (c). Colour light signals have better visibility and display uniform aspects during the day as well as at night. The system of Multiple

Aspect Colour light signalling provides the driver with a timely warning, while approaching a signal at danger. A driver also gets an indication of the aspect exhibited by the signal ahead, which enables him to regulate his train better.

(d) Multiple Aspect Signalling is being provided on all Railways, as and when the existing signalling requires replacement, both on trunk routes and main lines, on a programmed basis. All new electrified sections are also being provided with Multiple Aspect Colour light signalling.

Regulating the working of Foreign Pharmaceutical Companies

5000. SHRI VAYALAR RAVI: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state whether Government propose to regulate the working of the foreign pharmaceutical companies, and if so, the broad outlines of the proposal?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): Government have recently reviewed the Industrial policy and as a result thereof the Drugs and Pharmaceuticals Industry has now been included in the list of industries in which the foreign concerns and subsidiaries and branches of foreign companies are eligible to participate. Their investment applications will be considered as per guidelines on the dilution of foreign equity, and will also be examined with reference to technological aspects, export potentialities etc. The imports of drugs and intermediates are being regulated on an increasing scale by canalisation through STC with a view to ensure that such items are not purchased at high prices from foreign companies, including parent organizations. The import of raw materials is allowed to small companies having a turn-over of less than Rs. 1 crore, on a higher scale than to the larger units. This measure will help build up the small scale sector.

Applications from foreign companies for grant of industrial licences for formulation activities are generally not favoured unless coupled with proposals for production of bulk drugs. They are also generally bound down to supply a substantial portion of their bulk drug production to the non-associated formulators which is also expected to help growth of the Indian sector.

Import of crude oil during 1972-73 and its allocation to public and private sector agencies

5801. SHRI VAYALAR RAVI:
SHRI GADADHAR SAHA:

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) the total quantity of crude Oil imported in the country during 1972-73 and the country-wise break-up of the imports;

(b) the shares of each Private oil company and Public sector agencies in this total import and the prices paid by the public sector agencies and the private companies for the imported crude; and

(c) whether there is any difference between these prices and if so, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH):
(a) The information for 1972 is as under:—

Name of the country	Quantity of Crude Oil imported (Approx) (In million tonnes)
Iran	9.654
Saudi Arabia	2.510
Iraq	0.146
TOTAL	12.310

(b) and (c). Out of 12.31 million tonnes, 7.237 million tonnes was imported by the private oil companies and 5.073 million tonnes by the public sector agencies. The company-wise break-up of these figures of imports is as under:—

Private Oil Companies	In million tonnes
Burmah-Shell	3.575
Esso	2.510
Caltex	1.152
TOTAL	7.237

Public Sector

1. Cochin Refineries	2.363
2. Madras Refineries	2.605
3. Indian Oil Corporation	0.105
	5.073

The prices at present being claimed by the companies for the import of crude oil are as under:—

Private Oil Company

1. Burmah-Shell	\$2.250/bbl.
2. Esso	\$2.087/bbl.
3. Caltex	\$2.250/bbl.

Public Sector

1. Madras Refineries	\$1.92/bbl (Suppliers have claimed \$2.21/bbl from January, 1973)
2. Cochin Refineries	\$2.0515/bbl.
3. Indian Oil Corporation	It is not in the commercial interests of the IOC to disclose this price.

As the type, specifications, sources and terms of import of crude Oil vary from company to company, the prices claimed by them are not comparable.

Alleged wastage of Rs. 40 crores on oil wells in Gujarat

5802. SHRI JYOTIRMOY BOSU: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether his attention has been drawn to a report published in "Blitz" an English Weekly published from Bombay, dated the 17th February, 1973 under the caption "ONGC wastes Rs. 40 crores on dud wells"; and

(b) if so, Government's reaction thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH):
(a) Yes, Sir.

(b) Chairman, ONGC, has been asked to get an enquiry made into the various allegations.

Report submitted by Committee of officers of Howrah division of Eastern railway for rehabilitation of Howrah-Amta and Howrah, Sheakhala Light Railway

5803. SHRI JYOTIRMOY BOSU: Will the Minister of RAILWAYS be pleased to state:

(a) whether on 17th July, 1972, a Committee headed by ENC (Track) and assisted by respective Divisional officers of engineering, mechanical and signal branches, along with Divisional Accounts Officer of Howrah division, Eastern Railway, was appointed to examine the condition of track, workshop equipment and other assets of Howrah-Amta and Howrah-Sheakhala light railways and to indicate the steps to be taken for rehabilitation work;

(b) if so, whether the Committee has recently submitted its reports to Government;

(c) if so, the main findings thereof; and

(d) the reasons why the report has not been laid on the Table of the House?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) In compliance with the Railway Board's orders dated 17-7-1972, the Eastern Railway had appointed this Survey Committee.

(b) Yes.

(c) (i) Fish-plates, sleepers, rails and costly fittings from rolling stock are missing;

(ii) Shops, markets and coal depots have come up on the Railway track;

(iii) About Rs. 82 lakhs will be incurred in rehabilitating the assets of the two Light Railways;

(iv) About 53 weeks would be required for reviving the two Light Railways.

(d) It was not necessary in respect of a report submitted by a purely departmental Survey Committee.

Monopoly of private sector in the field of power Consultancy Services

5804. SHRI JYOTIRMOY BOSU: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether there exists a virtual monopoly of private sector in the field of power Consultancy Services in spite of availability of tried and proved expertise/experience in this field in Public Sector; and

(b) whether Government propose to take steps to break this private sector monopoly; and

(c) if so, how?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) to (c). No, Sir. In the case of hydro electric projects, the major part of the consultancy work for design and engineering is carried out by design Organisations under State and Central Governments. In the case of thermal projects, there are mainly three established independent Consultancy Organisations, two of which are in the private sector and one in the public sector. The proposals of further augmenting consultancy services in the thermal field in the public sector are under consideration.

Linking of power planning with Five Year Plans

5805. SHRI RAM BHAGAT PASWAN:

SHRI RAGHUNANDAN LAL BHATIA:

Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether Government have come to the conclusion that power planning should not be linked to the Five Year Plans; and

(b) if so, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) and (b). Power Development being a continuous process requires to be planned on a long-term basis. It is, therefore, necessary to have a long term perspective plan for power Development. The Annual and Five Year Power Plans have to be dovetailed with the long-term perspective plan.

Representation from Fitters of Loco Shed, Allahabad

5806. DR. LAXMINARAIN PANDEYA: Will the Minister of RAILWAYS be pleased to refer to the reply given to Unstarred Question No. 5032 on the 19th December, 1972 regarding representation from Fitters of Loco Shed, Allahabad and state:

(a) whether the required information has since been collected;

(b) if so, the gist thereof; and

(c) if not, the time by which the required information is likely to be collected and laid on the Table?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) to (c). The required information is given in the statement attached.

STATEMENT

Question No, Date & Reference	Subject	Remarks
1	2	3

Unstarred Question No. Asking :

5032 dated the 19th December, 1972 by Shri Jagannath Rao Joshi.

(a) whether several representations have been received by the Railway Authorities during the period 1968-71 about due seniority, promotion, increments and scales of pay etc. from certain fitters of the Allahabad Loco Shed, who had been wrongly removed from service in the year 1947 and were reinstated in service after the Allahabad High Court held in 1964 that their removal orders were illegal ; and

(a) Yes, only one representation was received.

1

2

3

(b) if so, the date of each representation, points raised in each of them and the action taken thereon ?

(b) The representation is dated 12-8-1969. There in the employee has requested for proforma promotion and fixation of pay consequent upon his reinstatement in service in pursuance of a judgement of the Allahabad High Court. This is under examination.

रेल दुर्घटनाओं में जान और माल की हानि की क्षतिपूर्ति

5807. डा० लक्ष्मीनारायण पांडेय : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या रेलवे दुर्घटनाओं के परिणामस्वरूप जान और माल की हुई हानि की क्षतिपूर्ति देने संबंधी निर्णय सरकार करती हैं; और

(ख) यदि हां, तो इसका आधार क्या है ?

रेल मंत्रालय में उप-मंत्री (श्री मुहम्मद शफी कुरेशी) : (क) सरकार ने वर्तमान कानूनों से भिन्न आधार पर मुआवजा देने का कोई विनिश्चय नहीं किया है ।

(ख) प्रश्न नहीं उठता ।

Extension of Shoranur-Nilambur Railway Line up to Calicut

5809. SHRI C. H. MOHAMED KOYA: Will the Minister of RAILWAYS be pleased to state:

(a) whether there is any proposal to extend the Shoranur-Nilambur Railway to Calicut to make it economic; and

(b) if not, whether Government propose to examine the possibility of such a proposal?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) No.

(b) In view of the tight financial position & poor traffic prospects, it would be difficult to consider this line at present.

Supply of Equipment from Malaysia for Power Plants

5811. SHRI M. S. SANJEEVI RAO: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether any agreement has been signed with Malaysian Government for the supply of equipment for three Power Plants; and

(b) if so, the main features thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) and (b). The Bharat Heavy Electricals Ltd. have secured, in 1971, an order from the National Electricity Board Malaysia to design, manufacture, erect and commission three oil fired boilers of 120 MW capacity for the 'Tuanku' a far Power Station at Port Dickson, Malaysia, valued at Malaysian 38,007,052 (Rs. 9.31 crores). The first boiler is

to be erected at site and commissioned within 30 months from the date of order to proceed with the work, the second boiler within 38 months and the entire work is to be completed within 62 months.

In addition to the above, in January 1970, the BHEL secured an order from the National Electricity Board, Malaysia, for the supply, erection and commissioning of 2 Nos. 5,50,000 lb/hr. boilers. These boilers are already under various stages of erection site in Malaysia.

Cancellation of transfer of Parcel Clerks at New Delhi Station to Kalka Station

5812. SHRI MAHADEEPAK SINGH SHAKYA: Will the Minister of RAILWAYS be pleased to state:

(a) whether some Parcel clerks working at New Delhi station were transferred to Kalka station in the month of February, 1973 on account of misbehaviour and misconduct;

(b) whether these transfers have been cancelled and if so, the reasons therefor;

(c) whether some investigations are also in progress against them by the Vigilance Department, Railway Board for causing loss of revenue to the administration by not realising the undercharges on the consignments of oranges in the year 1972; and

(d) if so, further action taken in the matter?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). Only one Parcel clerk was ordered to be transferred from New Delhi to Kalka but the transfer order has been stayed pending further investigations.

(c) The Parcel clerk concerned along with some other staff figured in a case of alleged non-recovery of undercharges on a consignment of oranges.

The matter is currently under enquiry by the Vigilance Directorate, Railway Board.

(d) Appropriate action will be taken against the staff concerned in the light of the results of enquiries.

आदिवासी क्षेत्रों में नई रेलवे लाइनें बिछाने का मापदण्ड

5813. श्री भारत सिंह चौहान :
श्री भगीरथ भंडार :

क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या अन्य राज्यों की तुलना में मध्य प्रदेश में किलोमीटर में रेलवे लाइन कम हैं;

(ख) क्या गत 20 वर्षों से आदिवासी क्षेत्रों में रेलवे लाइन बिछाने की मांग की जा

(ग) क्या केन्द्रीय सरकार ने ऐसे क्षेत्रों में नई रेलवे लाइन बिछाने के लिए कोई मापदंड निर्धारित किया है; और

(घ) यदि हां, तो वह क्या है ?

रेल मंत्रालय में उपमंत्री (श्री मुहम्मद शफी कुरेशी) : (क) जी नहीं । मध्य प्रदेश में किलोमीटर में रेलवे लाइनों की लम्बाई उत्तर प्रदेश को छोड़कर अन्य सभी राज्यों की अपेक्षा अधिक है ।

(ख) जी हां ।

(ग) और (घ) . वर्तमान नियमों के अंतर्गत, नयी लाइनों की वित्तीय दृष्टि से लाभकर होना चाहिए; परम्परागत रीति से पूंजी निवेश दर 6.75 प्रतिशत और बढ़ागत नकद प्रवाह रीति से 10 प्रतिशत

प्रतिफल मिलना चाहिए बशर्ते ये लाइनें सामरिक कारणों से अपेक्षित न हों। प्रायः भारी उद्योगों की स्थापना खनिज और प्राकृतिक संपदाओं के दोहन, पत्तन सुविधाओं के विस्तार आदि की सेवा करने वाली लाइनें ही वित्तीय लाभप्रदता के मानदण्ड को पूरा करती हैं फिर भी, देश के पिछड़े क्षेत्रों में विकास के प्रयोजन से अपेक्षित नयी लाइनों के निर्माण के लिए, जैसा कि रेल मंत्री महोदय अपने बजट भाषण में बता चुके हैं, नीचे लिखे आधार पर एक नये दृष्टिकोण से विचार किया जा रहा है :—

- (i) लाइन के निर्माण की अवधि में और उसके बन जाने तथा यातायात के लिए खुल जाने के बाद कुछ विनिर्दिष्ट वर्षों तक सामान्य राजस्व को लाभांश देयता के भुगतान से पूर्णतः अथवा आंशिक रूप से छूट देना;
- (ii) भूमि दे कर और निर्माण-कार्य के लिए मुफ्त श्रम की व्यवस्था करके निर्माण की लागत कम करने में राज्य सरकारों और स्थानीय प्राधिकारियों का सहयोग;
- (iii) नव-निर्मित लाइन के लिए लागू किराये और माल भाड़े के ढांचे में उपबुक्त ऊर्ध्वगामी समायोजन करना, जिसे सामान्य भाषा में "प्रभार्य मील-दूरी में स्फीति" कहा जाता है;
- (iv) विच्छिन्न आधार पर किराया भाड़ा लगाना ताकि मानक किराये-भाड़ को अधिक-दूरी-कम-किराया वाली संरचना के विरुद्ध संतुलन बनाया जा सके।

Occupation of passenger bogies by Milk Vendors between Delhi and Ghaziabad

5814. KUMARI KAMLA KUMARI: Will the Minister of RAILWAYS be pleased to state:

(a) whether Government are aware

that all passenger bogies are occupied by Milk Vendors in trains running between Delhi and Ghaziabad especially in the morning and evening and Railway authorities show their inability to take any action against the Milk vendors and the passengers face great inconvenience in these local trains; and

(b) if so, the action to be taken by Government in this regard?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). Government are aware that Milk Vendors travel between Delhi and Ghaziabad specially in the morning and evening hours by certain trains but frequent checks are carried out by Ticket Checking Staff to ensure that they do not cause avoidable inconvenience to other passengers. On 2 Dn. ATD Passenger train which leaves Delhi at 8-30 hrs. and which is mostly availed by Milk Vendors, 1½ bogies with a total carrying capacity of 120 seats have been earmarked separately for them.

Electric Train between Palwal and Delhi

5815. SHRI ARVIND M. PATEL: Will the Minister of RAILWAYS be pleased to state:

(a) whether there is any proposal for running an electric train between Palwal and Delhi in the near future;

(b) if so, when; and

(c) whether any survey has been done in this respect?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) to (c). A feasibility study by the Metropolitan Transport Project Organisation (Railways) for the requirements of intra-city and suburban traffic for Delhi Metropolitan Area is currently in Progress. A final decision in regard to the scope of works required, including introduction of electric trains would be taken on receipt and examination of their report.

Curbs on distribution of profits by companies

5816. SHRI B. V. NAIK: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) whether Government have received any proposals for declaring a time bound ban on distributable profits and to plough them back into industry for a period of five years;

(b) if so, from whom; and

(c) the reaction of Government thereto?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI D. R. CHAVAN): (a) No, Sir.

(b) and (c). Do not arise.

Proportion of Skilled and Unskilled Labour engaged in 1 Kilometre of Railway Line in B.G. Category

5817. SHRI B. V. NAIK: Will the Minister of RAILWAYS be pleased to state:

(a) what is the total employment potential of 1 kilometre of Railway line in the broad gauge category; and

(b) of the above, what is the proportion of skilled and unskilled labour?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI) (a) and (b). Staff strength, skilled and unskilled, is provided taking into account several factors, like work load, nature of work, equipment in use etc., and not on kilometreage or gauge of track.

Talks held with Andhra Pradesh Governor's advisor on power crisis

5818. SHRI Y. ESWARA REDDY: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether he had recently held talks with Andhra Pradesh Governor's Advisor regarding the power crisis in the State; and

(b) if so, the outcome of the talks?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): Yes, Sir. The Minister of Irrigation and Power had discussions with the Advisor to Governor of Andhra Pradesh on the 8th March 1973 at Andhra regarding the power position in the State.

The Minister of Irrigation and Power gave a number of suggestions for improvement and further development. These include the following:—

(i) Central Water and Power Commission may convene a meeting to examine optimum regulation from Machkund and Balimela so as to relieve to a small extent the power shortage in Andhra Pradesh and also to ensure enough water for commissioning of the Balimela Power House.

(ii) If necessary a Joint Management Board could be set up to regulate the release of water and sharing of power between Orissa and Andhra Pradesh in respect of Machkund Power house as also generation of power at Balimela and Upper Sileru.

(iii) An expert Team of the Ministry of Irrigation and Power should study the working of Ramagundam 'A' Power Station which was generating 5 MW against the installed capacity of 37.5 MW.

(iv) Efforts should be made to commission the first unit of Kothagudem 'B' Station in June 1973 as scheduled.

- (v) A Special Officer should be posted by the State Electricity Board to assure supply of proper quality coal free of stones to the power stations.

- (vi) An extra amount of Rs. 4.0 crores should be provided for the Lower Sileru Project during 1973-74.

- (vii) High priority should be given to Vijayawada Thermal Project (2x200 MW).

Cases pending with Andhra Pradesh High Court

5819. SHRI Y. ESWARA REDDY: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) what is the number of cases pending before the Andhra Pradesh High Court;

(b) since when these cases have been pending; and

(c) what are the reasons for the slow disposal of cases?

THE MINISTER OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI H. R. GOKHALE): (a) The total number of cases pending at the end of 1972 was 19,527, comprising of 15,892 main cases and 3,635 miscellaneous cases.

(b) A statement showing the period of pendency of the main cases is attached. Similar information in respect of the miscellaneous cases is not readily available. It is being ascertained and will be laid on the Table of the House.

(c) (i) Increase in institutions, and

(ii) Election Petitions in the hearing of which seven Judges are engaged.

STATEMENT

Number of main Cases		Since when pending
3	.	1965
4	.	1966
17	.	1967
70	.	1968
259	.	1969
824	.	1970
3,572	.	1971
11,143	.	1972

Power cut in Andhra Pradesh

5820. SHRI Y. ESWARA REDDY: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether the Andhra Pradesh Government cut ranging from 10 to 50 per cent;

(b) if so, to what extent the power cut will affect industrial and agricultural production in the State; and

(c) upto what period the power cut will remain in force in the State?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) Yes, Sir. The Andhra Pradesh Government have imposed power cuts ranging from 10 per cent to 50 per cent on demand and energy from 25th February 1973.

(b) No detailed quantitative assessment of the effect of the power cut on industrial and agricultural production has been made.

(c) The position in respect of power cut will ease when the 62.5 MW unit at Ramagundem Thermal Power Station which is under forced outage is re-commissioned and one unit of 110 MW is commissioned at Kothagudem Power Station in June 1973. On its

commissioning, supply from Balimela Hydro Electric Project is also expected to be made available to Andhra Pradesh for some time.

Action against M/s. Smith and Nephew and M/s. Anglo-Thai Corporation for Contravening Industries (Development and Reg.) Act

5821 SHRI K. S. CHAVDA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to refer to the reply given to Unstarred Question No. 3 against M/s. Smith and Nephew and M/s. Anglo-Thai Corporation for having contravened provisions of the Industries (Dev. and Reg.) Act, has been under consideration and when it is expected to be finalised?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): M/s. Smith and Nephew India Limited hold an industrial licence for the manufacture of Nivea Cream and Nivea Skin Oil. They have submitted an application for a c.o.b. licence for the manufacture of a number of items including Nivea Vanishing Cream and the application is under consideration.

M/s. Anglo-Thai Corporation Limited are not borne on the list of the D.G.T.D. Detailed particulars about this company have, therefore, been called for from the State Government concerned.

Delay in Vitamin 'C' Project of Hindustan Antibiotics Limited

5822 SHRI K. S. CHAVDA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) what is the present position of Vitamin C Project of the Hindustan Anti-biotics Ltd;

(b) when the plant is expected to commence commercial production and market this product; and

(c) whether any responsibility has been fixed for the inordinate delay in the implementation of this project

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) and (b). The plant for the manufacture of Vitamin C has been installed and is under trial run. It is expected to go into commercial production in about six months.

(c) No, Sir. The delay in implementation of the project was due to various factors viz., (i) prolonged efforts made in developing and proving indigenous technology (ii) impounding of shipment of capital equipment in Pakistan during Indo-Pak hostilities and (iii) non availability of cement and steel, etc., which were beyond the undertaking's control.

पाली (मारवाड़) रेलवे स्टेशन पर पानी के कुलर की व्यवस्था

5823. श्री मूलचन्द डागा : क्या रेल मंत्री यह बताने की कृपा करेंगे कि पाली (मारवाड़) रेलवे स्टेशन पर यात्रियों को पीने का ठंडा पानी देने के लिये कूलर की व्यवस्था न करने के क्या कारण हैं ?

रेल मंत्रालय में उप-मंत्री (श्री सुहृन्मद शफी कुरेशी) : इस स्टेशन पर यात्रियों को ठण्डा पानी सप्लाई करने की शर्ति व्यवस्था पहले से मौजूद हैं ।

मारवाड़ जंक्शन में गन्दे पड़े प्रतीक्षालय

5824. श्री मूल चन्द डागा : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मारवाड़ जंक्शन पर प्रथम श्रेणी और दूसरी श्रेणी के प्रतीक्षालय तथा

आनागार गंदे पड़े रहते हैं तथा उनका निर्माण बढ़ने तरीके से किया गया है; और

(ख) क्या रेलवे विभाग का विचार उसमें सुधार करने का है और यदि हां, तो कब तक ऐसा किया जायेगा ?

रेल मंत्रालय में उप-मंत्री (श्री मुहम्मद शफी कुरेशी) : (क) जी नहीं ।

(ख) प्रश्न नहीं उठता ।

टिकट चेक करने वाले अधिकारियों के लिए बैज (बिल्ले)

5825 श्री मूलचन्द डागा : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या टिकट चेक करने वाले अधिकारी अपना नाम तथा पदनाम लिखा हुआ बैज (बिल्ला) अपनी वर्दी पर लगाते हैं; और

(ख) यदि नहीं, तो इसके क्या कारण हैं ?

रेल मंत्रालय में उप-मंत्री (श्री मुहम्मद शफी कुरेशी) : (क) और (ख). टिकट-जांच अधिकारी अपनी वर्दी पर बैज लगाते हैं जिस पर उनका पदनाम लिखा रहता है । प्रत्येक रेलवे के दो या तीन बड़े स्टेशनों पर नियुक्त टिकट जांच कर्मचारियों को उनके नाम के बैज जारी करने के अनुरोध भी जारी किये गये हैं ।

Passengers faced violent troubles from Demonstrators in Orissa

5826. SHRI SAMAR GUHA: Will the Minister of RAILWAYS be pleased to state:

(a) whether during the month of February last Railway passengers travelling between West Bengal and Orissa and some Railway stations in Orissa faced violent troubles from Demonstrators;

(b) if so, the number of such incidents and the extent of casualties caused as a result thereof; and

(c) the steps taken by Government to deal with such situations?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes.

(b) 5 such incidents occurred and a few casualties were reported.

(c) The security branch of the Railways keeps close liaison with the executive and Intelligence Branches of the State Police, and they exchange information regarding matters affecting the running of the Railway and protection of important installations.

2. Guarding of vulnerable points and patrolling of the track in vulnerable sections is taken up by the State Police or the Railway Protection Force as the case may be, when trouble is apprehended.

3. In addition to strengthening the security arrangements at Railway Stations in areas where trouble is likely to occur, action is taken by the Government Railway Police and the Railway Protection Force to escort train on affected sections.

4. The local Police arrange patrolling near railway stations and the railway track adjoining educational institutions when required.

5. Steps have been taken to project to the public the beneficial effects of destruction of National assets like Railway property. In this connection Press communiques special articles/brochures are being issued by the Railway Board and the Zonal Railways. Radio talks are also given by officers and others.

6. The subject is also brought up in the National Railway Users' consultative committee meetings, seeking their co-operation in this respect.

7. The Indian Railways Act, 1890 is being amended in order to make the punishment for destruction of Railway property more deterrent:

Better Amenities to Passengers

5827. SHRI BANAMALI PATNAIK: Will the Minister of RAILWAYS be pleased to state:

(a) the steps taken to provide better amenities to passengers during the last three years;

(b) the results achieved so far;

(c) whether the change made in the ten day limit of advance booking has helped the people in any way and if so, in what way; and

(d) the steps envisaged to remove congestion on the railways?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Steps were taken to provide basic amenities at all stations and to improve the existing amenities wherever considered necessary.

(b) The work of providing basic amenities for passengers like Waiting Halls, Benches, Lights, Drinking Water, Latrines, platforms with well maintained surface, proper booking arrangements and Shady trees on all regular and flag stations and a rail level platform, a small waiting shed, to serve also as Booking office, lights and shady trees at all halt stations has been completed on the Indian Railways.

(c) The extension in the time limit for advance reservation in all classes was made on an experimental measure for a period of one month from 15th November 1972 to 14th December 1972. This experiment will be repeated during the period of the ensuing summer rush and the results will be studied thereafter.

(d) Steps envisaged to remove the congestion on the Railways include:—

(i) augmentation of the carrying capacity of long distance Mail/Express trains by dieselisation/electrification.

(ii) running special trains and attaching extra coaches to important trains where operationally feasible to clear the traffic during rush periods.

(iii) introducing additional trains, extending the runs of existing trains and also augmenting their loads to the extent feasible.

(iv) opening of additional booking and reservation counters and advancing/extending the hours of their working as necessary.

Setting up of Oil Refineries in Collaboration with Foreign Countries

5828. SHRI SAMAR GUHA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) the terms and conditions regarding collaboration with foreign countries for setting up oil refineries in India;

(b) the projects covered by collaboration agreements and the time schedule for completing them; and

(c) the expenditure in terms of rupees and foreign exchange estimated to be incurred on these projects?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) There are no standard terms and conditions regarding collaboration with foreign countries for setting up oil refineries in India and each case has to be considered on its merits.

(b) The only refinery which has so far been covered by duly executed collaboration agreement with a foreign country is the Madras Refinery.

(c) The total investment and the foreign exchange component thereof in respect of the Madras Refinery project are given below:

Total investment:	Rs. 430,125,000
Foreign exchange component:	\$20,724,000

समाज विरोधी तत्वों द्वारा चल टिकट परीक्षकों का पीटा जाना

5829. श्री शंकर दयाल सिंह : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) गत एक वर्ष में समाज विरोधी तत्वों द्वारा आक्रमण किये जाने के परिणाम-स्वरूप मारे गये और घायल हुए चल टिकट परीक्षकों की, जोनवार, संख्या कितनी है; और

(ख) मृत व्यक्तियों के परिवारों और घायल व्यक्तियों को सरकार द्वारा दी गई सहायता का ब्यौरा क्या है ?

रेल मंत्रालय में उप-मंत्री (श्री मुहम्मद शफी कुरैशी) : (क) और एक विवरण संलग्न है।

क्रम सं०	रेलवे का नाम	गत एक वर्ष के दौरान मारे गये और घायल हुए चल टिकट परीक्षकों की संख्या	घायलों को किस प्रकार की सहायता दी गयी
----------	--------------	--	---------------------------------------

		मारे गये	घायल हुए	
1.	मध्य .	—	1	प्राथमिक चिकित्सा

विलम्ब शुल्क के रूप में अर्द्ध राजस्व

5830. श्री शंकर दयाल सिंह : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) गत एक वर्ष में रेलवे को विलम्ब शुल्क के रूप में कितना राजस्व प्राप्त हुआ और उसका क्षेत्र-वार ब्यौरा क्या है;

(ख) ऐसे सरकारी संस्थानों की संख्या कितनी है जिनकी और विलम्ब शुल्क की एक लाख रुपये से अधिक की राशि बकाया है; और

(ग) बकाया राशि वसूल करने के लिए क्या कदम उठाये गये हैं ?

रेल मंत्रालय में उप-मंत्री (श्री मुहम्मद शफी कुरैशी) : (क) क्षेत्रीय रेलों द्वारा 1971-72 की अवधि में वसूल की गयी विलम्ब-शुल्क की राशि 635.68 रु थी, जो नीचे दी गयी है :—

रेलवे	(लाख रुपयों में) राशि
मध्य . . .	86.04
पूर्व . . .	179.58
उत्तर . . .	7.45
पूर्वोत्तर . . .	27.55
पूर्वोत्तर सीमा . . .	12.01
दक्षिण . . .	19.15
दक्षिण मध्य . . .	31.12
दक्षिण पूर्व . . .	244.31
पश्चिम . . .	8.47
	635.68

(ख) ऐसे संस्थानों की संख्या 33 है ।

(ग) पार्टियों द्वारा उठाये गये विवादों की जांच की जा रही है और क्षेत्रीय रेलों द्वारा पार्टियों को यह समझाने का निरन्तर प्रयास किया जा रहा है कि वे रेलवे की बकाया राशि का यथाशीघ्र भुगतान कर दें ।

रेलवे स्टेशनों पर बुक-स्टालों पर बेची जाने वाली पुस्तक

5831. श्री शंकर दयाल सिंह : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार रेलवे स्टेशनों के बुक स्टालों पर रखे जाने वाले साहित्य की जांच करती है और इस संबंध में सरकार द्वारा निर्धारित किसी नियम का उल्लंघन करने पर किसी व्यक्ति को दण्ड दिया गया है;

(ख) क्या कोई ऐसा प्रस्ताव सरकार के विचाराधीन है कि रेलवे स्टेशनों पर एक व्यक्ति या एक फर्म के पास एक से अधिक स्टाल न हों; और

(ग) क्या सरकार को इस संबंध में कई संस्थाओं से सुझाव प्राप्त हुए हैं ?

रेल मंत्रालय में उप-मंत्री (श्री मुहम्मद शफी कुरैशी) : (क) किताब की दुकान के ठेकेदारों द्वारा आपत्तिजनक साहित्य की बिक्री की जांच और रोक-थाम के लिए विभागीय अधिकारियों और किताबों की दुकान की सलाहकार समितियों के सदस्यों द्वारा निरीक्षण किये जाते हैं । जिन मामलों में ठेकेदार ऐसे साहित्य बेचते हुए पाये जाते हैं उनके विरुद्ध करार की शर्तों के अनुसार आवश्यक कार्रवाई की जाती है ।

कतिपय रेलों के स्टेशनों पर आपत्ति-जनक साहित्य बेचने के कुछ मामले हुए हैं । ऐसे किताब की दुकान के ठेकेदारों के विरुद्ध चेतावनी देकर या उन पर जुर्माना लगाकर उपयुक्त कार्रवाई की गयी ।

(ख) और (ग) . जी नहीं । लेकिन 21-3-1973 को लोक सभा में रेल मंत्री द्वारा दिये गये बयान को ध्यान में रखते हुए इस संबंध में समीक्षा की जा रही है ।

वर्ष 1972 में बिना टिकट यात्रा करने वाले व्यक्तियों से वसूल किया गया जुर्माना

5832. श्री शंकर बयाल सिंह : क्या रेल मंत्री यह बताने की कृपा करेंगे कि गत एक वर्ष में जनवरी, 1973 तक रेल गाड़ियों में क्षेत्रवार बिना टिकट यात्रा करते हुए पकड़े गये यात्रियों से जुर्माने के रूप में कितनी धनराशि वसूल की गई ?

रेल मंत्रालय में उपमंत्री (श्री मोहम्मद शाफी कुरेशी) 1972 के दौरान और जनवरी, 1972 में बिना टिकट यात्रा करने वाले यात्रियों से वसूल की गयी जुर्माने की रकम इस प्रकार है :-

रेलवे	1972 के दौरान रुपये	जनवरी, 1973 में रुपये
मध्य	1,42,240	9,034
पूर्व	8,45,432	71,240
उत्तर	3,55,781	10,180
पूर्वोत्तर	2,75,042	20,255
पूर्वोत्तर सीमा	3,131	578
दक्षिण	49,207	5,957
दक्षिण-मध्य	25,076	462
दक्षिण-पूर्व	18,934	1,490
पश्चिम	69,564	7,001

Increase in Payment of Claims to Traders due to unholy Alliance with Claim Staff

5434. SHRI RAJDEO SINGH: Will the Minister of RAILWAYS be pleased to state:

(a) whether the increasing number of cases of compensation for goods pilfered while in the custody of Railway is due to unholy alliance of traders with the claims dealing authorities at different levels; and

(b) if so, the action taken to guard against such payments?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). Claims are settled on merits and under the extent legal provisions after careful scrutiny of all relevant records regarding the quantum of shortage, amount claimed and the title of the claimants. Claims of high valuation are paid only after prior check and concurrence by the associated Finance.

Quarters for Station Masters and Assistant Station Masters

5835. SHRI RAJDEO SINGH: Will the Minister of RAILWAYS be pleased to state:

(a) the total number of Station Masters and Assistant Station Masters provided with quarters Zone-wise;

(b) whether Station Masters and Assistant Station Masters are classified as essential staff performing shift duties and their number Zone-wise without quarters; and

(c) if so, the reasons why extra fund is not allotted for immediate construction of quarters for them?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) to

(c) The information is being collected and will be laid on the Table of the Sabha.

Officers kept at Zonal and Divisional Headquarters for more than Five Years

5836. SHRI RAJDEO SINGH: Will the Minister of RAILWAYS be pleased to state:

(a) the total number of officers kept at one Zonal and Divisional Headquarters for more than five years; and

(b) the reasons for their not being transferred?

THE MINISTER OF RAILWAYS (SHRI L. N. MISHRA): (a) The information is being collected and will be placed on the table of the Sabha.

(b) No rigid period of stay of officers at one place has been fixed. Transfers are periodically made keeping in view administrative requirements.

Integrated plan for Power Development

5837. SHRIMATI BHARGAVI THANKAPPAN: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether Government have worked out any integrated plan for power development in the country; and

(b) if so, what are the respective places of hydel, thermal and nuclear energies in the development of power generation under the plan?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) Yes, Sir. Ministry of Irrigation and Power have prepared a Power Plan (Generation) for the decade 1971-81 on integrated basis

(b) According to this Plan, the total installed capacity in the country is proposed to be increased to 32.00 million KW comprising 22.3 million KW

of hydro, 25.5 million KW of thermal and 4.2 million KW of nuclear capacity.

Cases pending with Kerala High Court

5838. SHRIMATI BHARGAVI THANKAPPAN: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) what is the total number of pending cases in the Kerala High Court;

(b) since when these cases were pending; and

(c) the reasons for the slow disposal of cases?

THE MINISTER OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI H. R. GOKHALE): (a) 29,353 cases at the end of 1972.

(b) A statement is attached.

(c) The main reason is increase in institutions.

Survey for New Lines in Uttar Pradesh

5839. DR. GOVIND DAS RICHHA-RIYA: Will the Minister of RAILWAYS be pleased to state which are the new Railway lines in Uttar Pradesh for which surveys have been in progress or have already been completed?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): Information regarding Railway Statistics is not compiled Statewise or Regionwise, but Railway-wise. The State of Uttar Pradesh is served by Northern, Central North Eastern and Western Railways. Particulars of surveys for new lines carried out in the past on these Railways are given in Chapter IV—New Construction and Engineering Works—of the Report by the Railway Board on Indian Railways for each respective year. Copies of these Reports upto year 1971-72 are available in the Library of the Parliament. Only updating of the earlier Survey Reports of Shahdara—Saharanpur separate B.G. line in U.P. was done during 1972-73.

Overtime Allowance paid to Railway Employees during 1971 and 1972

5840. PROF. NARAIN CHAND PARASHAR: Will the Minister of RAILWAYS be pleased to state:

(a) the amount of Overtime Allowance paid to the Railway Employees in the case of each of the nine Railways, for the calendar years 1971 and 1972; and

(b) whether any steps are being taken to discourage this tendency?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). Information is being Collected and will be laid on the Table of the Sabha.

Names and Addresses of Recipients of Gallantry and other awards on Indian Railways

5841. PROF. NARAIN CHAND PARASHAR: Will the Minister of RAILWAYS be pleased to state:

(a) the names and present and permanent addresses of the Railway Officers who were awarded the Padma Shri, of the firemen who were awarded Vir Chakras, of the three Railwaymen who were awarded the Shaurya Chakras and of the Brigadier who commanded the 472 H. Q. Railway Engineers Brigade of Territorial Army in Bangladesh and was awarded the Ati Vishist Seva Medal for distinguished service during the Indo-Pak conflict of 1971; and

(b) the financial or other service benefits given to these employees by the Railways in token of their distinguished service to the country?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). A statement containing the information is laid on the Table of the House [Placed in Library. See No. LT-4702/73.]

Names of Stations where there is no Provision for Drinking Water, Tea Stalls and Waiting Rooms

5842. PROF. NARAIN CHAND PARASHAR:

SHRI HUKAM CHAND KACHWAI:

Will the Minister of RAILWAYS be pleased to state:

(a) the number of stations on each of the Railways (other than Flag stations) where there is no provision for drinking water, tea stalls and waiting rooms, as on 31st December, 1972; and

(b) whether any serious consideration is being paid to provide these basic amenities at all such stations?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b) Provision of drinking water arrangements is a basic amenity at all stations except halt stations and these arrangements already exist at such stations. Tea stalls and waiting rooms are not basic amenities. There are 3604 stations where there are no tea stalls while there are 2626 stations where there are no waiting rooms. These are provided where justified as per traffic needs on a programmed basis in consultation with the Railway Users' Amenities Committees and subject to availability of funds.

Measure to Prevent Thefts and Pilferages and Composition of State Level Committees

5843. PROF. NARAIN CHAND PARASHAR: Will the Minister of RAILWAYS be pleased to state:

(a) the measures which have been initiated by Government to prevent and detect the incidence of thefts and pilferages on the Railways during the last one year; and

(b) the composition of the State Level Committees and Basic Level Committees set up for the States of Punjab, Haryana and Himachal Pradesh to eliminate thefts and pilferages?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) The following are some of the important measures which have been taken by the Government during the last year to prevent thefts and pilferages on the Railways:—

(i) Joint supervision of loading and unloading operations by the staff of Commercial and Security Departments;

(ii) Surprise test checking of Loaded wagons;

(iii) Watch by plain-clothed RPF Personnel;

(iv) Armed escorting of goods trains by RPF in the affected areas;

(v) Armed guarding and patrolling of vulnerable points, yards and sections;

(vi) Patrolling of highly notorious sections by trained dogs of R.P.F.

(vii) Movement of vulnerable commodities such as Sugar, Food-grains, Oil-seeds and iron and steel in block loads escorted by armed R. P. F. personnel.

(viii) Emphasis on correct/proper packing, marking of packages and labelling of wagons to avoid package/wagons going astray or getting delayed in transit.

(ix) Detention of a number of criminals and receivers of stolen property under Special Acts.

(x) Emphasis on collection of intelligence regarding criminals/receivers of stolen property and organising raids on them.

(b) In accordance with a policy decision, two types of Joint Committees were set up on each Railway. One was at the State Level and the other at the Basic unit level. The State Level Committees were set up for the States of Punjab and Haryana and not for Himachal Pradesh. Similarly, Basic Level Committees were set up at various stations in Punjab and Haryana. These committees were not set up in Himachal Pradesh as there was no problem of thefts and pilferages in that State.

The composition of these Committees was decided to be as follows subject to the option of the Railway Administrations to make such minor changes therein as may be called for to suit local conditions:—

A. State Level Committee:

(State Representatives)

(i) Home Secretary—Chairman.

(ii) Inspector General of Police—Member.

(iii) DIG/CID and Railways—Member.

(Railway Representatives)

(iv) Chief Security Officer—Member.

(v) Sr. Dy. General Manager—Member.

(vi) Chief Commercial Supdt.—Member.

(vii) (Labour Representatives)

One representative each from All India Railway Men's Federation and National Federation of Indian Railwaymen—Member.

B. Basic Unit Level Committee:

- (i) A Gazetted Officer having control over the unit—Chairman.
- (ii) Two representatives from the official side—Member
- (iii) Two representatives from the staff side one each from the recognised unions—Member.

Shortage of Wagons for Transportation of Cement in Himachal Pradesh

5844. PROF. NARAIN CHAND PARASHAR: Will the Minister of RAILWAYS be pleased to state:

(a) whether complaints have been received from the people of Himachal Pradesh regarding shortage of wagons for carrying cement to the interior of the State in the months of January, February and March 1973; and

(b) if so, the action taken on these complaints and the causes which led to the non-availability of wagons at the appropriate time?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) A letter was received from the Government of Himachal Pradesh in March seeking assistance for stepping up of movement of cement to that State. A letter addressed to the Ministry of Industrial Development in the Government of India from the Government of Himachal Pradesh had also been received earlier in January.

(b) In the letter addressed to the Ministry of Industrial Development, Himachal Pradesh Government had indicated their monthly requirement of cement as 2700 metric tonnes. During January, February and first 20 days of March, a total of about 15,000 tonnes of cement was despatched from different cement factories for Himachal Pradesh. There is thus no shortfall in supply of wagons for meeting the requirement of cement of this State. Supply of wagons to the factories from where this State draws its requirements of cement is quite satisfactory. The transshipment performance at Kalka and Pathankot is being progressively stepped up, so as to increase the quantum of movement into Himachal Pradesh. The daily average number of Broad Gauge wagons transhipped at these two points improved from 13 in November to 19 in December, 20 in January, 16 in February and 26 in March in the first 20 days.

Irregularities in Supply of Crude Oil to Bangladesh

5845. SHRI VASANT SATHE: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether the attention of Government has been drawn to the news report in Blitz dated the 17th February, 1973 regarding the reported irregularities in supply of Petroleum crude to Bangladesh;

(b) if so, the reaction of Government thereto;

(c) whether Government have ordered enquiry into the affairs and suspended the officials concerned with the deal in the Ministry of Petroleum and Chemicals and Indian Oil Corporation; and

(d) if not, why not?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) Yes, Sir.

(b) to (d). Government are enquiring into the alleged irregularities by

some officers of the Indian Oil Corporation regarding the contract for transportation of crude oil to Bangladesh.

Report Submitted by Monopolies Commission after 1-12-1972

5846. SHRI E. V. VIKHE PATEL: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to refer to the reply to USQ No. 1027 on the 27th February, 1973 and state:

(a) the subject matter of the report made by the Monopolies Commission after 1st December, 1972;

(b) the nature of recommendations made therein; and

(c) whether Government have initiated any action thereon?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI D. R. CHAVAN): (a) The report was submitted by the M.R.T.B. Commission under section 23(6) of the M.R.T.P. Act, 1969 on the proposal from Sarabhai M. Chemicals Private Limited and Sarabhai Sons Private Limited for their amalgamation with Telerad Private Limited.

(b) The Commission recommended that the proposed amalgamation would not be in the public interest and should not be approved.

(c) The applicant company has informed Government that the original scheme of amalgamation is abandoned.

Officer of F.C.I. found guilty by Ayer Commission

5847. SHRI R. P. YADAV: Will the Minister of PETROLEUM AND CHEMICALS be pleased to refer to the reply given to Unstarred Question No. 3023 on the 5th December, 1972 regarding Officer of Fertilizer Corporation of India found guilty by Ayer Commission and state:

(a) whether the requisite information has since been collected; and

(b) if so, the main points thereof and if not the time by which the same would be collected?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) No, Sir.

(b) Every effort is being made to expedite the collection of the requisite information which will be laid on the Table of the House as early as possible.

Decision on resignation of Managing Director, Director (Production and Marketing) and Finance Director of F.C.I.

5848. SHRI CHANDRA SHAILANI: SHRI JAGANNATH MISHRA:

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether resignations of Managing Director, Production and Marketing Director and Finance Director of the Fertilizer Corporation of India are under consideration of Government;

(b) if so, decision taken thereon; and

(c) the reasons for delay in taking a decision?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) to (c). No Sir. However to facilitate the reorganisation of the Fertilizer Corporation of India, the Managing Director has offered voluntarily to proceed on retirement. This offer will be considered, if necessary, when the reorganisation scheme of the Corporation is finalised.

Row Over Fertilizer Corporation of India Resolved

5849. SHRI R. P. YADAV:

SHRI ACHAL SINGH:

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Government are aware of News-item appeared in the Indian Express dated 29th September, 1972 under the caption "Row over Fertilizer Corporation of India Resolved";

(b) if so, whether the report is true;

(c) whether officers approved by Empanelment Committee have been posted as General Managers and rejected ones reverted to their substantive posts; and

(d) if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) Yes, Sir.

(b) to (d). The Fertilizer Corporation have recently submitted proposals for appointments to the posts of General Managers. These are under consideration.

Appointment of Director (Marketing) in F.C.I.

5850. SHRI JAGANNATH MISHRA:
SHRI NAWAL KISHORE SHARMA:

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Government propose to fill in the post of Director (Marketing) in the Fertilizer Corporation of India as recommended by Ramakrishnayya Committee; and

(b) if so, when and if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) and (b). A plan for the reorganisation of the F.C.I. is under consideration and the question of appointing a separate Director for Marketing will be considered as a part of that plan.

गत तीन वर्षों में हटाई गई खतरे की जंजीर और जंजीर खींचे जाने के मामले

5851. श्री हुकम चन्द कछवाय :

श्री नरेन्द्र सिंह : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) जनवरी, 1971 से अब तक कितनी गाड़ियों में से खतरे की जंजीर हटा दी गई है;

(ख) गत तीन वर्षों में जोनवार,

जंजीर खींचे जाने की कितनी घटनाएँ हुई; और

(ग) गाड़ियों में जंजीर खींचे जाने की बढ़ती हुई घटनाओं को रोकने के लिए सरकार क्या कदम उठाने जा रही है ?

रेल मंत्रालय में उप-मंत्री (श्री मोहम्मद शफी कुरैशी) : (क) जितनी गाड़ियों से खतरे की जंजीर हटायी जाती है उनकी संख्या समय-समय पर भिन्न-भिन्न होती है क्योंकि यह परिस्थितियों की गंभीरता पर निर्भर है। महिला डिब्बों और पूर्ण डाक यान को छोड़कर लगभग 625 गाड़ियों से इस समय खतरे की जंजीर के उपकरण हटा दिये गये हैं। इसके अतिरिक्त, पूर्व रेलवे की सभी उपनगरीय गाड़ियों से खतरे की जंजीर हटा दी गई है।

(ख) एक विवरण संलग्न है।

(ग) अनधिकृत रूप से खतरे की जंजीर खींचने की घटनाओं की रोक थाम के लिए रेल प्रशासन द्वारा किये गये उपाय नीचे दिये गये हैं:—

(i) तीसरे दर्जे के डिब्बों में सादे पोशाक वाले चल टिकट परीक्षकों और रेलवे सुरक्षा दल के कर्मचारियों को तैनात करना;

(ii) खतरे की जंजीर खींचने की रोक थाम करने वाले दस्तों, जिनमें चल टिकट परीक्षक और रेलवे सुरक्षा दल के कार्मिक रहते हैं, द्वारा आकस्मिक जांच करना;

(iii) अनधिकृत रूप से खतरे की जंजीर खींचने के लिए बदनाम स्थलों पर बदमाशों को घात लगाकर पकड़ने के लिए आकस्मिक जांच की व्यवस्था करना;

(iv) समाचार पत्रों में इशतहारी, सिनेमा-स्लाइडों आदि के जरिए और महत्वपूर्ण स्टेशनों पर लगे लाउडस्पीकों द्वारा शिक्षात्मक आंदोलन चलाना;

(v) सेवा निवृत्त या सेवारत वरिष्ठ रेल अधिकारियों द्वारा शिक्षण संस्थानों में व्याख्यान दिला कर खतरे की जंजीर खींचने को बुराई के बारे में विद्यार्थियों में चेतना पैदा करना;

(vi) खतरे की जंजीर खींचने वालों को पकड़ लेने वालों को इनाम देना;

(vii) गाड़ियों से खतरे की जंजीर के उपकरण हटा लेना ।

विवरण

क्षेत्रवार पिछले तीन वर्षों में गाड़ियों में खतरे की जंजीर खींचने के मामलों की संख्या

रेलवे 1970-71 1971-72 1972-73

Cancellation of Transfer Orders of Staff of Chittaranjan Locomotives Works

5852. SHRI ROBIN SEN: Will the Minister of RAILWAYS be pleased to state:

(a) whether any staff of the Chittaranjan Locomotive Works who were served with orders of transfer to other Railways have since been allowed to re-join the Chittaranjan Locomotives Works after cancelling their transfer orders; and

(b) if so, their number and considerations for cancellation of their transfer orders?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS

(SHRI MOHD. SHAFI QURESHI):

(a) and (b). The transfer orders of four persons have been cancelled by the local Administration after due consideration of the appeals submitted by them.

**Kerala Government Proposal for
Rail Link from Kottayam to
Bodinaikannur Via Idikki**

5853. SHRI M. K. KRISHNAN: Will the Minister of RAILWAYS be pleased to state:

(a) whether the State Government of Kerala have represented to construct of a link line from Kottayam to Bodina Ikannur via Idikki, Pernadu and Kumili;

(b) if so, whether Government have decided to conduct a Traffic-cum-engineering survey of the line; and

(c) if not, when a decision is likely to be taken?

THE DEPUTY MINISTER IN
THE MINISTRY OF RAILWAYS
(SHRI MOHD. SHAFI QURESHI):
(a) Yes.

(b) and (c). No. This line will have to negotiate the Western Ghats over considerable length and the terrain is such that construction would involve prohibitively high cost. The line is also likely to be restrictive in capacity on account of steep gradients and sharp curves. As the line will traverse a hilly terrain of dense forests, it may not have adequate traffic either and hence there is little likelihood of this line being economically viable. Survey will not be justified.

**Doubling of Line from Shoranur to
Mangalore**

5854. SHRI M. K. KRISHNAN: Will the Minister of RAILWAYS be pleased to state:

(a) whether there is any proposal under consideration for the doubling the existing line from Shoranur to Mangalore;

(b) whether the traffic-cum-Engineering Survey on this line is proposed to be conducted; and

(c) if not, when such a survey is likely to be conducted?

THE DEPUTY MINISTER IN
THE MINISTRY OF RAILWAYS
(SHRI MOHD. SHAFI QURESHI):

(a) No.

(b) No.

(c) Survey will be considered when the need for additional capacity is established.

Expenditure on R.P.F.

5855. SHRI DHAN SHAH PRADHA:

SHRI HUKAM CHAND
KACHWAI:

Will the Minister of RAILWAYS be pleased to state the expenditure incurred on Railways Protection Force by Indian Railways during 1970-71, 1971-72 and 1972-73?

THE DEPUTY MINISTER IN
THE MINISTRY OF RAILWAYS
(SHRI MOHD. SHAFI QURESHI):
The expenditure incurred on Railways Protection Force during the years 1970-71, 1971-72 and 1972-73 is as under:—

1970-71	1971-72	1972-73
Rs.	Rs.	Rs.
12,64,31,219	12,75,00,094	14.92 crores
		(Approximately)

Grant of Transfer Allowance to Railway Employees

5856. SHRI M. S. SANJEEVI RAO: Will the Minister of RAILWAYS be pleased to state:

(a) whether Class III Railway staff has been granted transfer allowance equal to the amount of one month's pay and Class IV staff equal to the amount of half month's pay; and

(b) if so, the reasons for this discrimination?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI):

(a) No.

(b) Question does not arise.

Condonation of Break in Service of Ex. A.I.O.Ws. (Western Railway) now working as A.P.W.Is. on Northern Railway

5857. SHRI JAGANNATH RAO JOSHI: Will the Minister of RAILWAYS be pleased to state:

(a) whether the question of condoning the break in service of Ex-A.I.O. Ws. of Western Railway now working as A.P.W. Is on Northern Railway has been pending since 1968;

(b) if so, the reasons why their service is not being treated as continuous in spite of repeated assurances on the floor of parliament; and

(c) the time required to finalise the issue?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes.

(b) and (c). The question of condoning the break in service of 12 ex-A.I.O.Ws. of Western Railway later absorbed as A.P.W. Is on the North-

ern Railway is presently at the final stages of consideration by the General Manager, Western Railway in consultation with his F.A. & C.A.O. The issue could not be finalised so far on account of the following reasons:

- (i) The service particulars of these persons had to be collected from various subordinate offices on the Western Railway.
- (ii) In between their service records had to be sent to Northern Railway to facilitate fixation of their pay in the present posts held by them on the Northern Railway.
- (iii) The Western Railway had to collect back their service records from the Northern Railway in order to enable the subordinate offices on the Western Railway to process their cases regarding condonation of break in service and submit proposals to the Headquarters Office for consideration of the General Manager in consultation with his F.A. & C.A.O. Concerted efforts are being made for finalisation of the case.

Construction of over-bridges on Manmad-Dhond Railway line

5858. SHRI E. V. VIKHE PATIL: Will the Minister of RAILWAYS be pleased to state:

(a) whether the Railway Administration has received representations for constructing over-bridges on the Manmad-Dhond Railway line at a number of places; and

(b) if so, the action taken by Government thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes.

(b) work for construction of road over bridge near Ankai has been sanctioned and preliminary arrangements for taking up the work are in hand. The estimate for the proposed road over bridge at Ahmednagar has been sent to the State Government for their acceptance in February, 1973. Further action for sanction and execution would be taken after the State Government approve the estimate and are in a position to take up the construction of the approaches.

Promotion of Officers belonging to Scheduled Castes/Scheduled Tribes against Reserved Quota

5859. SHRI CHANDRA SHAILANI: Will the Minister of RAILWAYS be pleased to state:

(a) whether the decision of the Cabinet for granting the benefit of reservation in the promotion to various grades in gazetted services (both Class I and Class II) has been implemented in the Railways and if not, why;

(b) whether the reserved vacancies for the year 1972-73 have been worked out and the panel of officers formed to fill in the vacancies grade-wise;

(c) how many officers have been promoted on the Railways, Zone-wise from Assistant officers level to Senior Scale, Senior Scale to Junior Administrative grade, Junior Administrative to Inter Administrative grade, Inter Administrative to Senior Administrative grade and above as a result of the implementation of the above orders during the period; and

(d) what steps have been taken by Government to ensure that officers belonging to the Scheduled Castes/Scheduled Tribes get the promotions against the reserved quota in time?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) to (d),

Information is being collected and will be laid on the Table of the Sabha.

Himachal Pradesh's Hydel Power Generation Plan

5860. SHRI PARTAP SINGH: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether the Himachal Pradesh Government have submitted to Central Government a hydel power generation plan;

(b) if so, the main features thereof; and

(c) the reaction of Government thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) Himachal Pradesh Government has submitted a Plan indicating the Hydro Electric Projects to be taken up in that State for investigations/implementation during 5th and 6th Five Year Plans.

(b) The major projects suggested therein for benefits during the 5th and 6th Plan periods alongwith the installed capacity are as follows:

1. Parbati	.	.	1900MW
2. Kol	.	.	1250MW
3. Nathpa-Jhakri	.	.	1000MW
4. Bhaba	.	.	150MW
5. Baspa	.	.	400MW
6. Chamera	.	.	400MW
7. Dadhu	.	.	100MW
8. Gyspa	.	.	225MW

In addition to the above, a number of medium hydel schemes aggregating to a total installed capacity of 90 MW and also some Micro Hydel Schemes have been suggested.

(c) The Nathpa-Thakri and Parba-Stage I Projects have been included in the Central Sector in the tentative 5th Plan to yield benefits in the early part of the 6th Plan.

Wagons of Iron Delivered without reweighment at Tughlakabad (N.R.)

5861. SHRI ONKAR LAL BERWA: Will the Minister of RAILWAYS be pleased to state:

(a) whether his Ministry is aware that some Goods Clerks Grade Rs. 250-380(AS) working at Tughlakabad (Northern Railway) delivered some wagons of iron without reweighment being 'Sender Weight Accepted' in the months of July and October, 1971;

(b) whether such cases of 42 wagons were investigated by the Vigilance, Railway Board in the year 1972;

(c) if so, the result thereof and the action taken in the matter?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes.

(b) 5 instances of iron/steel consignments with remarks 'Sender's Weight Accepted' having been allowed delivery without reweighment by the Chief Goods Clerk, Tughlakabad came to the notice of the Vigilance Branch of the Northern Railway during the course of an investigation in the year 1972. No such investigations were made by the Vigilance Directorate of the Railway Board in 1972.

(c) Action under the Railway Servants (Discipline & Appeal) Rules was initiated against the staff concerned and a warning was issued to him for the lapse on his part.

Robbery between Lucknow and Kasganj

5862. SHRI M. RAM GOPAL REDDY: Will the Minister of RAILWAYS be pleased to state:

(a) whether recently an armed robbery took place in the Lucknow-Kasganj fast passenger train;

(b) if so, the facts thereof; and

(c) what steps Government have taken or propose to take to prevent recurrence of such incidents?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) On 14th March, 1973 when 62 Dn Passenger train was on the run, and (b) between Shahgarh and Mala railway stations of North Eastern Railway, 4 persons robbed one Passenger Shri Govind Prasad of Distt. Pilibhit and deprived him of Rs. 290/- in cash in a third class compartment. Two persons got down from the running train near the outer signal of Shahgarh station and 2 others were caught by the victim with the help of other passengers of the same IIIrd class compartment. None was injured.

The Government Railway Police/Pilibhit registered a case in crime No. 46 on 14th March, 1973 under section 392/224 IPC and investigations are in progress.

(c) The following preventive steps are being taken to check such crimes:—

(i) To the extent possible, Government Railway Police escorts are provided on all important night passenger trains to ensure safety of passengers in the affected areas.

(ii) Surprise checks/supervision of escort duties has been further intensified.

(iii) Train escorts found negligent in their duties are punished suitably.

- (iv) Railway Protection Force staff have been directed to extend active cooperation to Government Railway Police and Civil Police in tracking down criminals responsible for such incidents on the Railways.
- (v) Close liaison is maintained with Government Railway Police and Civil Police to keep strict surveillance over bad characters operating in the affected sections and frequent raids are organised by the Police for the arrest of wanted criminals.
- (vi) Periodical meetings, at all levels, are held by the RPF officials with the GRP and Civil Police officials with a view to ensure better coordination and effective prevention and detection of crime.
- (vii) Railways on their part, are however, vitally concerned with the safety of passengers and goods and have been taking all necessary steps by way of
 - (a) Bringing to the notice of the State Government and Ministry of Home Affairs, wherever considered necessary all such occurrences for suitable preventive action and holding coordination meetings with State Police, at all levels.
 - (b) Bringing up this subject in the periodical Inspectors—Generals Conference.
 - (c) Providing safety devices in carriages and improving security measures.
- (viii) Concerned at the growing incidence of heinous crimes in running trains and railway premises in the Eastern States of U.P., Bihar, West Bengal, Orissa and Assam, the Minister of Railways convened a

meeting of Home Ministers, Inspector Generals of Police of these States in New Delhi on 21st March, 1973 to take effective steps to minimise the cases of heinous crime. As a result of this meeting, a working group consisting of higher senior officers of the Central and State Governments has been formed to thoroughly examine the various suggestions made at the meeting, to effectively tackle the problem and to report to the Minister of Railways as early as possible.

Licence fee levied on Soda Water Stall at Tambaram Railway Station

5863. SHRI T. S. LAKSHMANAN: Will the Minister of RAILWAYS be pleased to state:

(a) the sales turnover and licence fee levied for each Soda Water Stall at Stations between Madras Beach and Tambaram on Southern Railway for the last three years;

(b) whether even though the sales turnover is more at Madras Park than that at Tambaram, the licence fee levied for Park Stall is less than that levied for Tambaram; and

(c) if so, the reasons for the discrimination; and the reaction of Government in the matter?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) A complete statement giving information for the last three years will be laid on the Table of the Sabha.

(b) and (c). At Madras Park Station, there is only a Soda Water Stall whereas at Tambaram Station, a combined Fruit and Soda Water Stall is functioning. The sales turnover for the Soda Water Stall at Madras Park is less than that of the combined Fruit and Soda Water Stall at Tambaram.

**Wagons for removal of Timber from
Railway Stations in Chhattisgarh
(Madhya Pradesh)**

5864. SHRI M. RAM GOPAL REDDY: Will the Minister of RAILWAYS be pleased to state:

(a) whether due to the non-availability of wagons timber rots at Railway stations of Chhattisgarh and other areas of Madhya Pradesh; and

(b) if so, the action taken to make the wagons available in time for the purpose?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). Traffic in timber normally moves under the lowest priority class 'E' and hence, there is some delay in meeting the demands in areas where higher-priority traffic also originates. However, loading has been stepped up and during the period from August 1972 to February 1973, a total number of 10,163 wagons were loaded with timber as compared to 9,596 wagons loaded during the corresponding period of 1971-72. Efforts will however, continue to be made to clear this traffic as expeditiously as possible.

**अखिल भारतीय बालचर संस्था द्वारा यंत्रियों
को शिक्षित करने का अभियान**

5865. श्री शिव कुमार शास्त्री : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या अखिल भारतीय बालचर संस्था ने रेल यांत्रियों को शिक्षित करने का एक अभियान शुरू किया है; और

(ख) क्या इस संस्था को रेलवे द्वारा वेतन या पारिश्रमिक आदि के रूप में कुछ दिया जायेगा ?

रेल मंत्रालय में उपमंत्री (श्री मोहम्मद शफी कुरेशी) (क) जी नहीं । लेकिन भारतीय स्वाधीनता दिवस के रजत जयन्ती कार्यक्रम के एक अंग के रूप में भारत स्काउट एवं गाईड संगठन के सदस्यों ने 28 जनवरी, 1973

को भारतीय रेलों के कुछ चुने हुए स्टेशनों पर रेल सेवा दिवस मनाया था । इन स्टेशनों पर स्काउटों ने यात्री जनता को पंक्तियों में खड़े करने, रेल परिसर को साफ-सुथरा रखने, बिना टिकट यात्रा की जांच करने, यात्रियों को पीने का पानी सप्लाई करने आदि कामों में सहायता दी ।

(ख) उन्हें कोई वेतन अथवा पारिश्रमिक नहीं दिया गया और न दिया जायेगा । सिंदरी तथा अन्य रसायनिक कारखानों में रसायनिक खाद के उत्पादन में वृद्धि

5866. श्री शिव कुमार शास्त्री : क्या पेट्रोलियम और रसायन मंत्री यह बताते की कृपा करेंगे कि :

(क) क्या सिंदरी तथा अन्य कारखानों में कुछ रासायनिक खाद का उत्पादन बढ़ाने के लिए कोई योजना सरकार के विचाराधीन है; और

(ख) यदि हां, तो उसका ब्यौरा क्या है ?

पेट्रोलियम तथा रसायन मंत्रालय में उपमंत्री (श्री बलबीर सिंह) : (क) और (ख) उपलब्ध सहुलियों के दयासंभव प्रयोग करने के लिए बनाया गया सामान्य रिपेयर और नवीकरण कार्यक्रम के अतिरिक्त एक आधुनिकीकरण योजना विचाराधीन है । इस योजना में सिन्दरी में संभरण सामग्री के रूप में ईंधन तेल/हैवी पेट्रोलियम प्रैक्शन्स का प्रयोग कर, नाइ-ट्रोजन उत्पादन को लगभग 90,000 टन प्रति वर्ष से बढ़ा कर लगभग 2,55,000 टन प्रति वर्ष करने की परिकल्पना है । यह सिन्दरी में संभरण सामग्री के रूप में इस समय प्रयोग किये जा रहे कोबाल्ट ओबेन गैस के

बड़े में होगा। आधुनिकीकरण योजना की अनुमानित लागत लगभग 96 करोड़ रुपये होगी।

पांचवीं पंच वर्षीय योजना की अवधि में ऐसे स्थलों के संबंध में जहां अतिरिक्त ऊर्ध्वरक्ष क्षमता उत्पन्न की जा सके, विस्तृत अध्ययन किये जा रहे हैं।

राजस्थान नहर पर कार्य

5867. श्री शिव कुमार शास्त्री : क्या सिंचाई और विद्युत मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या पंजाब के कुछ किसानों द्वारा अनेक स्थानों पर मुक्तसर-गंगानगर विद्युत सप्लाई प्रबंधों में गड़बड़ी के कारण राजस्थान नहर परियोजना का कार्य रुका हुआ है;

(ख) क्या गंगानगर जिले को भाखड़ा से अपने भाग के रूप में डेढ़ लाख यूनिट बिजली अभी तक मिल रही है; और

(ग) राजस्थान नहर का कार्य कब शुरू किया जायेगा ?

सिंचाई और विद्युत् मंत्रालय में उपमंत्री (श्री बालगोविन्द वर्मा) : (क) और (ग) . मुक्तसर-गंगानगर प्रेषण लाइन में खराबी होने के फलस्वरूप, राजस्थान नहर परियोजना को जनवरी के अंतिम सप्ताह के दौरान बिजली की सप्लाई बंद रही, जिसके कारण मुख्य नहर पर निर्माण का कार्य लगभग रुका रहा। बिजली की सप्लाई एक सप्ताह के बाद चालू कर दी गई थी।

(ख) गंगानगर को भाखड़ा से प्रतिदिन 1,20,000 से 1,50,000 यूनिट तक बिजली मिलती रही है।

Cost of production of Electric Power in States

5868. SHRI S. P. BHATTACHARYA: Will the Minister of IRRIGATION AND POWER be pleased to state the cost of production of electric power per unit in different States and the price per unit at which it is sold to industrialists, big and small, and to domestic consumers?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): Statement 'A' showing pooled cost of generation of electric power in the different States is laid on the Table of the House. [Placed in Library. See No. LT 4703/73.]

Average rates at which electricity is sold to industrial consumers, big and small and to domestic consumers are given in the Statement 'B' laid on the Table of the House. [Placed in Library. See No. LT-4703/73.]

Demand and Supply of Power

5869. SHRI JYOTIRMOY BOSU: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) the State wise power demand and supply position during the period May 15, 1972 to January 15, 1973;

(b) whether supply position has improved; and

(c) if so, the main features thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) A statement showing Statewise demand and supply of electric energy in million KWhr. during the period from May, 1972 to January, 1973 is laid on the Table of the House. [Placed in Library See No. LT-4704/73.]

(b) and (c). The power supply position in most of the States during the period from May to September 1972

was fairly satisfactory. The position however deteriorated thereafter on account of failure of monsoons coupled with increase in demand for power. The difficult power supply position is expected to continue till the onset of monsoon this year.

**All India Railwaymen's Federation
Stand on Bonus**

5870. SHRI JYOTIRMOY BOSU:
DR. LAXMINARAIN
PANDEYA:

Will the Minister of RAILWAYS be pleased to state:

(a) whether his attention has been drawn to a paper circulated among the Members of Parliament by the All India Railwaymen's Federation explaining its stand on Bonus; and

(b) if so, what are his observations on the same?

THE DEPUTY MINISTER IN THE
MINISTRY OF RAILWAYS (SHRI
MOHD. SHAFI QURESHI): (a) Yes.

(b) The question would have to be considered in the wake of the report of the Pay Commission.

Irrigation of Drought Affected Areas

5871. SHRI Y. ESWARA REDDY:
Will the Minister of IRRIGATION
AND POWER be pleased to state:

(a) whether Government have drawn up any plan for irrigating the chronically drought affected areas in the country; and

(b) if so, the main features thereof?

THE DEPUTY MINISTER IN THE
MINISTRY OF IRRIGATION AND
POWER (SHRI BALGOVIND VERMA): (a) and (b). The Ministry of

Agriculture initiated in 1970-71 a Central Sector programme for the Drought Prone Areas with a total outlay of Rs. 100 crores for the development of selected chronically drought affected areas. This programme covers 54 selected districts in 13 States. The main elements of the programme are: minor irrigation, soil conservation, afforestation, roads, etc. The provision of irrigation facilities in these areas, has, however, been accorded the first priority. Out of the total cost of the sanctioned schemes amounting about Rs. 112 crores, minor irrigation schemes account for nearly Rs. 59 crores. These schemes are intended to benefit an area of 5 lakh hectares.

While examining new major and medium projects for implementation during the Fifth Plan, priority is proposed to be given to projects which will serve drought affected areas, identified by the Ministry of Agriculture and the Irrigation Commission. The water which may be transferred from surplus regions is also proposed to be used mostly for drought affected areas.

Requirements of Petroleum Products

5872. SHRI S. A. MURUGANANTHAM: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) the estimated requirements of petroleum products in the country;

(b) how much of these requirements are now met by production in India;

(c) what is the share of public sector refineries in India's total petroleum production; and

(d) what are Government's plans to step up production of petroleum in the public sector?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) and (b). The table below shows the estimated total requirements, indigenous availability of petroleum crude oil and refined petroleum products for the year 1973:

	(Million tonnes)		
	<i>Indigenous</i>	<i>Imported</i>	<i>Total</i>
Crude oil	7.35	13.95	21.30
Refined products	19.7	4.4	24.1

(c) The share of public sector refineries in India's total production for 1973 is estimated at 62 per cent.

(d) It is proposed to suitably expand the public sector refinery capacity so that the total capacity in operation at the end of the 5th Plan period may be about 42 million tonnes. The share of the public sector in this total at that time is expected to be 80 per cent.

Increase in Crude Price since 1969

5873. SHRI KRISHNA CHANDRA HALDER: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state the total increase in prices of crude oil granted to foreign oil Companies since the end of 1969?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): There was no increase in the price of crude oil during the period 1968 to February 1970. In fact during this period the prices were reduced three times. The price of crude oil has however been sought to be increased by the oil companies since November 1970. The total increases claimed upto 1st April, 1973 are shown below:—

	<i>US cents per barrel</i>
Burmah-Shell and Caltex	97.0
Esso	83.7

Supply of Coal to DESU by Private Contractors

5874. SHRI S. P. BHATTACHARYA: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether Delhi Electric Supply Undertaking is in a serious crisis due to the dependence on private contractors for its supply of coal;

(b) if so, the action taken against the contractors for their go-slow action; and

(c) if no action has been taken the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) to (c). No Sir. Before the Nationalisation of non-coking coal mines, the coal supplied by the private coal suppliers was found in some cases to be below the prescribed specifications. This attracted the penalties laid down in the contract. While this was under consideration in Delhi Electric Supply Undertaking the private coal supplier either stopped supplying coal or deferred the supplies. The DESU, therefore, arranged coal supply from the National Coal Development Corporation and the Bharat Coking Coal Ltd., for meeting its requirements. As a result, coal supplies are being received regularly and the coal stock has been built up.

According to the contract, a penalty of 25 paise per metric ton is recoverable from the security deposit for short supply. The security deposit is already with the Undertaking. Action as provided in the contract is being taken by Delhi Electric Supply Undertaking.

Memorandum from Co-Ordination Committee Beas Electricity Workers Union, Chandigarh

5875. SHRI B. S. BHAURA: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether Government have received any memorandum from the Co-ordination Committee Beas Electricity Workers Union, Chandigarh;

(b) if so, the gist thereof; and

(c) action taken by Government thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) Yes, Sir.

(b) The memorandum contains the following demands:

(i) Bonus at 8.33 per cent for the year 1971-72;

(ii) Electricity concession;

(iii) *Ex-gratia* payments; and

(iv) Project allowance to all the employees from the date of formation of the various offices (including those posted at Chandigarh).

(c) These demands were considered in February 1973 by the Standing Committee of the Beas Construction Board and the concerned employees can now either opt for drawing Electricity Board Allowance @ 8.33 per cent in lieu of Bonus plus Electricity concession with effect from 1st October, 1972 or 4 per cent Electricity Board Allowance in lieu of Bonus plus Terminal Benefit. The *ex-gratia* payment at the rate of 1 per cent as sanctioned by the Punjab State Electricity Board to their employees during the year 1969-70 and 7 days wages to Haryana State Electricity Board employees as sanctioned by their parent Board, has also been approved for the employees drawn from these two Boards and working on the Beas Project.

मध्य प्रदेश में कोयला क्षेत्रों में ताप बिजलीघरों की स्थापना

5876. श्री नाथूराम ग्रहिवार :
क्या सिंघाई और विद्युत मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बिजली उत्पादन के लिए उपयुक्त कोयला बड़ी मात्रा में मध्य प्रदेश में उपलब्ध है;

(ख) क्या मध्य प्रदेश सरकार ने कोयला क्षेत्रों में ताप बिजलीघर स्थापित करने के लिए केन्द्रीय सरकार से बार-बार अनुरोध किया है; और

(ग) यदि हां, तो इस मामले में कार्यवाही न करने के क्या कारण हैं ?

सिंघाई और विद्युत मंत्रालय में उपमंत्री (श्री बाल गोविन्द वर्मा) : (क) जी, हां। विद्युत् उत्पादन के लिए उपयुक्त अधिकतर घटिया बिस्म के कोयले के बृहत् भण्डार मध्य प्रदेश में उपलब्ध हैं।

(ख) और (ग). राज्य में कोयला खानों के निकट ताप-विद्युत् केन्द्रों की स्थापना करने के लिए मध्य प्रदेश सरकार ने प्रस्ताव प्रस्तुत किये थे। अमरकंटक और कोर्वा पर विस्तार (3 × 120 मैगावाट) स्वीकृत किये जा चुके हैं और इन पर कार्य प्रारम्भ कर दिया गया है। सतेंपुड़ा तथा सिंगराउली खानों के निकट बृहत् ताप-विद्युत् केन्द्रों की स्थापना के लिए परियोजना रिपोर्टें प्राप्त हो चुकी हैं तथा उनकी जांच की जा रही है। कोयला-खानों के निकट बृहत् ताप-विद्युत् केन्द्रों की स्थापना करने के वास्ते स्थलों का चयन करने के लिए

सरकार ने एक समिति की भी नियुक्ति की है तथा इस समिति से मध्य प्रदेश में दो उपयुक्त स्थलों का चयन करने के लिए कहा गया है।

राष्ट्रीय ग्रिड के माध्यम से विद्युत का उत्पादन

5877. श्री नाथुराम अहिरवार : क्या सिचाई और विद्युत् मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या कोयला क्षेत्रों में उत्पादित विद्युत् को राष्ट्रीय ग्रिड से दूरस्थ स्थानों पर विद्युत् सप्लाई की तुलना में दूरस्थ स्थानों पर कोयला ले जाकर बिजली का उत्पादन बहुत महंगा पड़ता है; और

(ख) यदि हां, तो राष्ट्रीय ग्रिड द्वारा सस्ती तथा पर्याप्त बिजली के उत्पादन तथा सप्लाई करने में सरकार को कितनी कठिनाइयों का सामना करना पड़ रहा है ?

सिचाई और विद्युत् मंत्रालय में उपमंत्री (श्री बाल गोविन्द बर्मा) : (क) केन्द्रीय जल और विद्युत् आयोग में किये गये तकनीकी आर्थिक अध्ययनों से पता चलता है कि प्रपुंज विद्युत् के वद्युत् पारेषण और कोयले के वहन की सापेक्ष अर्थव्यवस्था अनेक घटकों पर निर्भर करती है और उसमें बहुत घट-बढ़ होती है। यह सामान्य परिणाम निकालना ठीक नहीं होगा कि भार केन्द्रों पर स्थित विद्युत् केन्द्रों की अपेक्षा पिट-हैड विद्युत् केन्द्र हमेशा बेहतर होते हैं।

(ख) बृहत् ताप-विद्युत् केन्द्रों के प्रतिष्ठापन के लिए उपयुक्त स्थलों जो कोयला क्षेत्रों के निकट हों तथा जहां शीतलन जल की यथेष्ट आपूर्ति हो, के संबंध में पर्याप्त अन्वेषण करने होते हैं। इसके परिणामस्वरूप, ऐसे बृहत् ताप विद्युत् केन्द्रों की आयोजन तथा अभिकल्पित में पर्याप्त समय लगता है। ताप विद्युत् केन्द्रों में प्रतिष्ठापित होने वाले देशी उपस्कर की आपूर्ति के लिए डिलिवरी की एक लम्बी अवधियों की आवश्यकता होती है। खानों की उत्पादन क्षमता का भी आयोजन और समन्वय करना होता है ताकि विद्युत् केन्द्रों के लिए कोयला समय पर उपलब्ध हो सके। 400 के०वी० अतिरिक्त उच्च बोल्टता पारेषण लाइनों के लिए देशी उपस्कर देश में अभी तक उपलब्ध नहीं हैं और इसे केवल पांचवीं योजना में ही विकसित किया जा सकेगा।

Allotment of Land near Delhi to Co-operative Housing Societies of Railwaymen

5878. SHRI NATHU RAM AHIRWAR: Will the Minister of RAILWAYS be pleased to state:

(a) whether it is the policy of Railway Ministry to stimulate the growth of house building activities amongst the Railwaymen; and

(b) if so, whether his Ministry has any scheme to allot the surplus Railway land in Delhi Area or near Delhi to the Co-operative Housing Societies of the Railwaymen?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes,

(b) No surplus land is available. However, Railway Employees Co-operative Housing Societies are allotted land by the Delhi Development Authority.

Move by Engineers and Technical Staff Working in Department of Irrigation and Power

5879. SHRI B. R. SHUKLA: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether there is any move on the part of Engineers and technical staff serving under the Department of Irrigation and Power to be wholly independent of the supervisory control of the IAS Officers; and

(b) if so, the reaction of the Central Government towards this move?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) No, Sir,

(b) Does not arise.

Supply of Power to Electrically-run Trains by Railways

5880. SHRI B. R. SHUKLA: Will the Minister of RAILWAYS be pleased to States; and

(a) whether Government are considering the desirability of establishing their own system for supplying electricity to the electrically-run trains in view of the disruptions caused by the State Electricity Boards of various States; and

(b) if not, what alternative arrangements Government intend to make to avert such disruptions in future?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI):

(a) Yes.

(b) Does not arise.

Electrification of Harijan Basties in Orissa

5881. SHRI ANADI CHARAN DAS: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) the number of Harijan Basties which have been electrified in Orissa during the Silver Jubilee year of India's Independence; and

(b) the names of villages, District-wise?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a). As intimated by the Orissa State Electricity Board, 52 Adivasi/Harijan villages have been electrified so far in the State during the Silver Jubilee year of India's Independence.

(b) The names of villages, District wise are as follows:—

District	No. of villages	Names of villages
Keonjhar	15	Palasa, Jhargram, Basugaon, Basudevpur, Tanta Kasia, Angutia, Sirakale, Kapaspara, Tikiri, Patala Sasanga, Kainta, Meheswarapur, Jamudalak.
Koraput	16	Bikrampur, Siuni, Dutaguda, Sanmasigam, Kamuliput, Mahaliaput, Kaliaguda, Sanapadia, Jagatrigud Bujabal, Menjar, Naugada, Kalimda, Gogiput-Bhata Chinch, Kunturi Dhalo.
Phulbani	1	Hilung.
Sundergarh	20	Rupidihi, Kurga, Konapali, Balijuri, Kaikacher, Ratanpur, Angiemunda, Patrapali, Jharmunda Lankahura. Kooisinga, Rajpur, Biritola, Himiripu Bhagapali, Panchamahar, Tasaldihi, Chattampar, Bartankala, Jhariapali.

Opening a new Railway Station at Bari-Thangada between Byree and Dhanmandal Railway Stations (S. E. Railway)

5882. SHRI ANADI CHARAN DAS: Will the Minister of RAILWAYS be pleased to state whether Government have any proposal to open a new Railway Station at Bari-Thangada in between Byree and Dhanmandal Railway Stations of South Eastern Railway?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): Yes, a proposal to open a train halt at Bari-thengarh between Byree and Dhanmandal stations on the South Eastern Railway is under examination.

पहाड़ी क्षेत्रों में रेल लाइनों बिछाने के लिये सर्वेक्षण

5883. श्री नरेन्द्र सिंह बिष्ट : क्या मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार ने पहाड़ी क्षेत्रों में रेलें चलाने के सम्बन्ध में कोई दल सर्वेक्षण के लिए भेजे हैं;

(ख) यदि कोई दल हो भेजे गये हैं तो क्या निकट भविष्य में सरकार का विचार पहाड़ी क्षेत्रों में ऐसे दल भेजने का है, और यदि नहीं, तो इन पहाड़ी क्षेत्रों में कोई सर्वेक्षण किये बिना ही रेल गाड़ियां चलाने सम्बन्धी कोई योजना सरकार के विचाराधीन है;

(ग) यदि हां, तो यह प्रस्ताव कब तक स्वीकार कर लिया जायेगा; और

(घ) यदि नहीं, तो इसके क्या कारण हैं ?

रेल मंत्रालय में उपमंत्री (श्री मुहम्मद शफी कुरेशी) : (क) जी हां । जम्मू और काश्मीर, हिमाचल प्रदेश, असम, उड़ीसा और त्रिपुरा राज्यों में, जहां न्यूनाधिक पहाड़ी क्षेत्र पड़ते हैं, महत्वपूर्ण नयी लाइनों के लिए सर्वेक्षण किये जा रहे हैं ।

(ख) से (घ). सर्वेक्षण कराये बिना नयी लाइनों का निर्माण सम्भव नहीं है । जहां तक उपर्युक्त 'क' में उल्लिखित राज्य में नयी लाइनें बनाने का सम्बन्ध है, सर्वेक्षणों के पूरा हो जाने और उनकी रिपोर्टों की सभी दृष्टि से जांच कर लेने के बाद इन प्रस्तावों पर आगे विचार किया जायेगा ।

पहाड़ी क्षेत्रों के लिये रेलें

5884. श्री नरेन्द्र सिंह बिष्ट : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या उन्हें या उनके मंत्रालय को पहाड़ी क्षेत्रों की जनता की ओर से बार-बार यह मांग की जा रही है कि पहाड़ी क्षेत्रों में भी रेल चलाई जायें; और

(ख) यदि हां, तो सरकार ने इस दिशा में अब तक क्या कदम उठाये हैं ?

रेल मंत्रालय में उपमंत्री (श्री मुहम्मद शफी कुरेशी) : (क) जी हां ।

(ख) इस समय नयी लाइनों के लिए जम्मू और काश्मीर, हिमाचल प्रदेश, असम, उड़ीसा और त्रिपुरा राज्यों में सर्वेक्षण किये जा रहे हैं जहां अधिकतर पहाड़ी भूभागों का सामना करना पड़ रहा है । इन सर्वेक्षणों के

पूरा हो जाने और उनकी रिपोर्टों पर सब पहलुओं से विचार हो जाने के बाद इन लाइनों के निर्माण के प्रस्तावों पर आगे विचार किया जायेगा।

Drought Relief Measures on Major and Medium Irrigation Schemes

5885. SHRI S. R. DAMANI: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) the broad outlines of works carried and as a drought relief measure on major and medium irrigation schemes in the country in the current year;

(b) the number of people who found employment thereunder and the amount spent on them as wages; and

(c) the permanent benefits likely to result from these works?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) to (c). Information is being collected and will be laid on the Table of the House.

Conversion of Miraj-Latur Narrow Gauge Line into Broad Gauge as Scarcity Relief Measure

5886. SHRI ANNASAHEB GOTKHINDE: Will the Minister of RAILWAYS be pleased to state:

(a) whether the Prime Minister has announced the sanctioning of the work of converting the Miraj-Latur narrow gauge line into broad gauge line as scarcity relief work;

(b) the broad outlines of the works that would be taken up immediately;

(c) whether the work on the tract between Miraj and Sangola will be taken up simultaneously; and

(d) if not, the reasons therefor and the date when that work is likely to be taken up?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). In his statement made by the Minister on 26th February, 1973, it was, *inter alia*, mentioned that earthwork on the Miraj-Latur section will be taken up as a measure of drought relief.

(c) and (d). This is already covered in the section from Miraj to Latur.

New Railway Lines proposed for Fifth Five Year Plan

5887. SHRI S. M. SIDDAYYA: Will the Minister of RAILWAYS be pleased to state:

(a) what are the new Railway lines that are proposed to be taken up in the Fifth Five Year Plan in each of the zones in the country; and

(b) whether the regional imbalances will be taken into consideration in fixing the priority?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). A decision about the new lines likely to be taken up would be taken during the formulation of the proposals for the 5th Plan keeping in view all aspects of economic development of the country.

Ad hoc Assistance to Orissa for Completion of Medium Irrigation Projects

5888. SHRI DEVENDRA SATPATHY: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether Government have received any request from the Government of Orissa for *ad hoc* assistance

for speeding up the work for completion of incomplete Medium Irrigation Projects and for starting new projects; and

(b) if so, the names of such projects and the amounts of money allotted to each project for 1972-73 and 1973-74?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA):

(a) and (b). The Government of Orissa have been urging that special central assistance outside the State Plan framework may be provided to them for irrigation projects in their State. The question of providing such assistance for six medium irrigation projects namely Salia, Ghodahado, Bahuda (Stage-I), Uttei, Baghua and Dahuka, as well as the Mahanadi delta project whose accelerated construction can help to create significant additional irrigation potential in the next three years is being looked into by the Planning Commission.

Arrangements made for the Transportation of Foodgrains from Ports of Arrival

5889. **SHRI ERASMO DE SEQUEIRA:** Will the Minister of RAILWAYS be pleased to state what are the arrangements made by the Railways with reference to each port of arrival for speedy clearance of foodgrains expected to arrive from February 1973 onwards in terms of number and capacity of wagons allotted, month-wise, for the purpose from each port for February, March, April and May 1973?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): Wagon supplies for movement of imported foodgrains are arranged in item 'b' priority according to the programme of wagon requirements received from the Ministry of Agriculture every

month based on the anticipated arrival of foodgrains at different ports. The daily wagon quotas fixed during February and March, 1973 were as under:—

	Broad Gauge	Metre Gauge
February '73	220	50
March '73	355	165

As movement of imported foodgrains from Ports is arranged on a very high priority, there is normally no difficulty in arranging expeditious clearance.

Extension of Railway Line upto Manipur

5890. **SHRIMATI JYOTSNA CHANDA:** Will the Minister of RAILWAYS be pleased to state:

(a) whether Government propose to take up survey work for extension of railways upto Manipur in the Fourth Plan; and

(b) if not in the IV Plan, whether Government propose to consider including it in the Fifth Plan?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). Preliminary Engineering-cum-Traffic Surveys for extension of a M.G. line from Silchar to Jirighat are already in progress. However further consideration to this proposal will be given after the survey is completed.

Complaints from Member of Parliament Regarding Mis-Management in F.C.I.

5891. SHRI CHANDRA SHAILANI: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Government's attention has been drawn to the editorial in the 'Times of India' dated the 13th March, 1972 under the caption "Cherry Prospects" stating that Managerial inefficiency is clearly to blame for mismanagement in the Fertilizer Corporation of India;

(b) whether Government have also been receiving such complaints from the Members of Parliament; and

(c) if so, the list of the complaints and the action taken in the matter so far?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH). (a) Yes, Sir.

(b) and (c). Certain complaints have been received in this regard with the suggestion that the top management of the Fertilizer Corporation of India should be changed in the interests of efficiency. These are under examination.

Multipurpose Barak Project

5892. SHRIMATI JYOTSNA CHANDA: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) the progress made on Multipurpose Barak Project; and

(b) if no progress has been made uptill now, whether Government propose to take up this Project soon?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND

VERMA): (a) and (b). The project report of the Barak Dam at Bhubandhar site has been prepared by the Central Water and Power Commission and forwarded in the State Government of Assam in April, 1972. The State Government have reported that matters relating to the population affected land submerged etc. are yet to be discussed by them with Manipur State Government for finalising the project proposals. Thereafter, the scheme is to be processed for obtaining the approval of the Planning Commission, for its implementation as a part of the State Plan.

सिंचाई और विद्युत् मंत्रालय में हिन्दी कार्य के लिए स्वीकृत पद

5893. श्री ईश्वर चौधरी : क्या सिंचाई और विद्युत् मंत्री यह बताने की कृपा करेंगे कि :

(क) उनके मंत्रालय में हिन्दी कार्य के लिए कुल कितने पद स्वीकृत हैं;

(ख) क्या इन सभी पदों पर नियमित नियुक्तियां की गई हैं; और

(ग) यदि नहीं, तो हिन्दी कार्य के लिए स्वीकृत पदों पर की गयी नियुक्तियों को नियमित करने के लिए विलम्ब को रोकने के लिए क्या कार्यवाही की गयी है ?

सिंचाई और विद्युत् मंत्रालय में उपमंत्री (श्री बालगोविंद वर्मा) : (क) दस ।

(ख) और (ग)॥ छः पद नियमित रूप से भरे गये हैं । शेष पद, इस समय, तदर्थ रूप में भरे हुए हैं । इनके लिए भर्ती-नियमों को अंतिम रूप देये जाने के तुरंत उपरांत, इन्हें नियमित रूप से भरा जायेगा ।

केन्द्रीय जल तथा विद्युत् आयोग के कार्य अध्ययन एकक में काम कर रहे कर्मचारी

5894. श्री ईश्वर चौधरी : क्या सिंचाई और विद्युत् मंत्री यह बताने की कृपा करेंगे कि केन्द्रीय जल तथा विद्युत् आयोग के कार्य अध्ययन यूनिट में कितने कर्मचारी हैं और उनके लिए क्या योग्यताएँ निर्धारित की गयी हैं ?

सिंचाई और विद्युत् मंत्रालय में उपमंत्री (श्री बालगोविन्द वर्मा) : अपेक्षित सूचना संलग्न विवरण में दी गई है।

विवरण

पद का नाम पदों की संख्या	योग्यताएं
उप-निदेशक (इंजीनियरी)	एक
प्रवर व्यवसायिक सहायक (सांख्यिकी)	एक
सहायक	दो
	कार्य-अध्ययन एकक में कार्य करने वाले अधिकारियों के लिए कोई विशिष्ट योग्यताएं निर्धारित नहीं की गई हैं। बहरहाल, आवश्यकतानुसार उपनिदेशक/कार्यकारी अभियंता के पद के अभियंता को एकक-प्रमुख के रूप में नियुक्त किया गया है। ए. प्रवर व्यवसायिक सहायक और दो सहायक, जिन्हें कार्य-अध्ययन संबंधी पद्धतियों का प्रशिक्षण दिया गया है, उसकी सहायता करते हैं।

सिंचाई तथा विद्युत् मंत्रालय में राजभाषा अधिनियम को कार्यान्वित करने के लिये की गई व्यवस्था

5895. श्री यमुना प्रसाद मंडल : क्या सिंचाई और विद्युत् मंत्री यह बताने की कृपा करेंगे कि :

(क) उनके मंत्रालय में राजभाषा अधिनियम को कार्यान्वित करने के लिए क्या व्यवस्था की गई है;

(ख) इसके लिए कितने पद मंजूर किये गये हैं और उन पदों पर अब तक कितनी नियमित नियुक्तियां की गई हैं;

(ग) क्या हिन्दी अधिकारी तथा अनुवादकों के कई पत्रों पर उचित रूप से चयन द्वारा नियमित नियुक्तियां नहीं की गई हैं; और

(घ) यदि हां, तो ऐसी अनियमितताओं को दूर करने के लिए क्या कार्यवाही की गई है ?

सिंचाई और विद्युत् मंत्रालय में उपमंत्री (श्री बालगोविन्द वर्मा) : (क) राजभाषा कार्यान्वयन-अधिनियम के प्रावधानों के अनुसार मंत्रालय के कार्य में हिन्दी का प्रभागी प्रयोग किया जा रहा है। एक पूर्ण हिन्दी अनुभाग की स्थापना की गई है। मंत्रालय में प्राप्त हिन्दी पत्रों के उत्तर हिन्दी में भेजे जाते हैं। सब संकल्प, अधिसूचनाएं, प्रशासन-रिपोर्ट आदि अंग्रेजी के अलावा हिन्दी में भी प्रकाशित की जाती है। सरकारी कामकाज में हिन्दी का प्रयोग करने के लिए कर्मचारियों को प्रोत्साहन दिया जाता है। इस सम्बन्ध में हुई प्रगति की समीक्षा मंत्रालय में स्थापित राजभाषा कार्यान्वयन समिति द्वारा समय समय पर की जाती है।

(ख) दस पद मंजूर किये गये हैं, जिनमें से छ. पद नियमित आधार पर भरे गये हैं।

(ग) हिन्दी अधिकारी का पद नियमित आधार पर भरा गया है, परन्तु संबंधित पदधारी इस समय किसी दूसरे कार्यालय में डेपूटेशन पर गये हुए हैं। परिणाम रिक्त स्थान तदर्थ आधार पर भरा गया है। भर्ती नियमों को अन्तिम रूप दिये जाने के समय तक हिन्दी अनुवादक वर्ग—I और हिन्दी अनुवादक वर्ग—II के पद तदर्थ। पर गये हैं। आधार पर भरे गये हैं।

(घ) भर्ती नियमों के अधिसूचित हो जाने पर हिन्दी अनुवादक के पदों पर नियुक्तियां नियमित आधार पर कर दी जाएंगी।

Recommendations of Work-Study Unit of C.W. and P.C.

5896. SHRI YAMUNA PRASAD MANDAL: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) What are the recommendations of the Work-Study unit for C.S.M.R.S. and other sections and directorate of C.W. and P.C., and

(b) how much time was taken by the W.S. Unit for studying each section and directorate during 1972-73?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) and (b). The information is contained in the Statement laid on the Table of the House. [Placed in Library. See No. LT-4705/73].

Work-Study Unit of C.W. and P.C.

5897. SHRI YAMUNA PRASAD MANDAL: Will the Minister of

IRRIGATION AND POWER be pleased to state:

(a) what are the strength and duties of the Work-Study Unit of C.W. and P.C.; and

(b) how many Directorates/sections have been undertaken for the study during 1972-73 and what is the outcome?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) and (b). A statement giving the requisite information is attached.

STATEMENT

1. STRENGTH OF THE WORK-STUDY UNIT

Deputy Director—1 (One)

Senior Professional Assistant (Statistics)—1 (One)

Assistant—2 (Two)

2. DUTIES OF THE WORK-STUDY UNIT:

(i) Study of the organisational structure, methods of work and procedure with a view to suggesting measures for reform so as to improve the efficiency of the Organisation.

(ii) Study of staffing of the establishments under the Commission with a view to suggesting economy in staff consistent with administrative efficiency.

(iii) Evolving standards of performance and norms of work relating to job peculiar to the Commission.

3. NUMBER OF DIRECTORATES/SECTIONS EXAMINED BY WORKS STUDY UNIT DURING 1972-73.

The work study of a total number of 13 Directorates/Sections of the Central Water and Power Commission was undertaken during 1972-73.

4. OUTCOME OF THE RECOMMENDATIONS OF THE WORK-STUDY UNIT.

The Works Study Unit has recommended creation of a number of posts in the CW&PC. These are under consideration.

Conversion of Metre Gauge Line from Bongaigaon to Gauhati into Broad Gauge

5898. SHRI BISWANARAYAN SHASTRI: Will the Minister of RAILWAYS be pleased to state:

(a) whether the proposal for conversion of metre gauge line into broad gauge line from Bongaigaon to Gauhati has been finalised;

(b) if so, whether survey has been made; and

(c) when the construction will be completed?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) to (c). Conversion of the Bongaigaon-Gauhati M. G. to B. G. section has been included in the Railways' Perspective Plan on gauge conversion. The Engineering and Traffic Surveys for this conversion have been completed and the reports are now being examined. An Economic Study has also been carried out. This conversion scheme is under active consideration and a decision will be taken after the reports and Economic Study are examined from all aspects.

पूर्वोत्तर रेलवे में बिना टिकट यात्रा करने वालों की संख्या में वृद्धि

5899. श्री सरजू पांडे : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या गत एक वर्ष में पूर्वोत्तर रेलवे में बिना टिकट यात्रा करने वालों की संख्या में भारी वृद्धि हुई है;

(ख) यदि हां, तो इसे रोकने के लिए क्या कार्यवाही की गई है; और

(ग) इसके परिणामस्वरूप किस सीमा तक बिना टिकट यात्रा को रोका गया है ?

रेल मंत्रालय में उपमंत्री (श्री मुहम्मद शफी कुरेशी) : (क) जी नहीं ।

(ख) ऐसी सामाजिक बुराइयों के विरुद्ध प्रभावी प्रचार-कार्य के अलावा, निम्नलिखित उपाय किये जाते रहेंगे :—

- (1) नियमित और अचानक जांच के अलावा, भेद्य खंडों में भारी संख्या में टिकट जांच करने वाले कर्मचारियों, रेलवे सुरक्षा दल और सरकारी रेलवे पुलिस के कर्मचारियों के साथ रेलवे मजिस्ट्रेटों को तैनात करके बड़े पैमाने पर जांच-कार्य किया जायेगा ।
- (2) राज्य सरकारों के सहयोग से संयुक्त अभियान चलाये जायेंगे ।
- (3) दोषी कर्मचारियों को दण्ड दिया जायेगा और अनुकरणीय सेवा करने वालों को पुरस्कार दिया जायेगा ताकि कर्मचारी कारगर ढंग से कार्य करें ।
- (4) पूर्वोत्तर रेलवे के उत्तरी बिहार वाले भाग में, बिना टिकट यात्रा के विरुद्ध वरिष्ठ वेतनमान के एक अधिकारी की देख-रेख में रेलवे सुरक्षा दल के कर्मचारियों की सहायता से, 50 चल टिकट परीक्षकों का एक तदर्थ संगठन जोरदार अभियान चला रहा है ।

(ग) बिना टिकट या गलत टिकट लेकर यात्रा करने वाले व्यक्तियों की संख्या 1971 में 1,49,777 से घटकर 1972 में 1,44,489 हो गयी अर्थात् इसमें 3 प्रतिशत से अधिक की कमी हुई ।

12.03 hrs.

PAPER LAID ON THE TABLE

FIFTY-FIRST REPORT OF LAW
COMMISSION

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI NITIRAJ SINGH CHAUDHARY): I beg to lay on the Table a copy of the Fifty-first Report of the Law Commission on compensation for injuries caused by automobiles in hit-and-run cases.—[Placed in Library. See No. LT-4681/73].

PUBLIC ACCOUNTS COMMITTEE

SEVENTY-NINTH REPORT

SHRI SEZHIYAN (Kumbakonam): I beg to present the Seventy-ninth Report of the Public Accounts Committee on paragraphs relating to Railway Operation, Expenditure etc., included in the Report of the Comptroller and Auditor General of India for the year 1970-71—Union Government (Railways).

UNTOUCHABILITY (OFFENCES)
AMENDMENT AND MISCELLANEOUS
PROVISIONS BILLAPPOINTMENT OF MEMBERS TO JOINT
COMMITTEE

SHRI S. M. SIDDAYYA (Chamara-janagar): I beg to move:

"That this House do appoint Sarvashri K. C. Pant, A. M. Chellachami and Amar Singh Chaudhari to the Joint Committee on the Bill to amend the Untouchability (Offences) Act, 1955 and further to amend the Representation of the People Act, 1951 in the vacancies caused by Shri R. D. Bhandare ceasing to be a member of the House and by the resignations of Sarvashri Subodh Hansda and D. P. Yadav".

MR. SPEAKER: The question is:

"That this House do appoint Sarvashri K. C. Pant, A. M. Chellachami and Amar Singh Chaudhari to the Joint Committee on the Bill to amend the Untouchability (Offences) Act (1955 and further to amend the Representation of the People Act, 1951 in the vacancies caused by Shri R. D. Bhandare ceasing to be a member of the House and by the resignations of Sarvashri Subodh Hansda and D. P. Yadav".

The motion was adopted.

12.05 hrs.

MINES (AMENDMENT) BILL

(i) APPOINTMENT OF MEMBER TO JOINT
COMMITTEE

SHRI A. P. SHARMA (Buxar): I beg to move:

"That this House do appoint Shri Purushottam Kakodkar to the Joint Committee on the Bill further to amend the Mines Act, 1952 in the vacancy caused by the resignation of Shri Balgovind Verma."

MR. SPEAKER: The question is:

"That this House do appoint Shri Purushottam Kakodkar to the Joint Committee on the Bill further to amend the Mines Act, 1952 in the vacancy caused by the resignation of Shri Balgovind Verma."

The motion was adopted.

(ii) EXTENSION OF TIME FOR PRESENTATION
OF REPORT OF JOINT COM-
MITTEE

SHRI A. P. SHARMA: I beg to move:

"That this House do further extend upto the first day of the second week of the next session, the time for the presentation of the Report of the Joint Committee on the Bill further to amend the Mines Act, 1952".

Distt.

SHRI ATAL BIHARI VAJPAYEE (Gwalior): Why are they asking for extension of time? This is the second time that they are asking for extension.

SHRI A. P. SHARMA: At a sitting held on the 28th March of this Committee, the Minister of Labour and Rehabilitation again requested for time upto 7th April, 1973 to move amendments on the Bill for consideration. It was not possible thereafter to receive amendments from the Members and to consider clause by clause and to adopt the report before the stipulated time, that is, 4th May, 1973. The Committee, therefore, decided to ask for extension for the presentation of the Report upto the first day of the next session.

MR. SPEAKER: I am very happy that he did not use that old word.

SHRI ATAL BIHARI VAJPAYEE: The explanation given by the Hon. Member is not at all convincing.

SHRI A. P. SHARMA: I convince him that there is a further reason. The Committee wanted to submit the report by the 4th of May. But, in the meanwhile, the Coal-mines had been nationalised. On that I raised questions and the Labour Minister wanted more time.

MR. SPEAKER: All right, let me now put it to the vote.

SHRI ATAL BIHARI VAJPAYEE: In the meantime, if another industry, is nationalised, then again they will come up before this House and ask for more time. Let them finish with this and then the House may decide about the Coal-mines.

MR. SPEAKER: The question is:

"That this House do further extend upto the first day of the second week of the next session, the time for the presentation of the Report of the Joint Committee on the Bill further to amend the Mines Act, 1952".

The motion was adopted.

MR. SPEAKER: Now, I call Shri Kiruttinan.

SHRI JYOTIRMOY BOSU (Diamond Harbour): May I make my submission?

MR. SPEAKER: Mr. Bosu, of what stuff are you made of? I advise you to come for your performance after leaving some days. Don't do it everyday. I am worried about your health.

PROF. MADHU DANDAVATE (Rajapur): In the *habeas corpus* petitions, some obstructions are put in the court. This is a very serious matter. Half a second only may be allowed to me.

MR. SPEAKER: May I tell all of you that I am not going to allow a matter under 377 which can be the subject of a question? You don't put the question; you come with 377. 377 was originally planned that where there is marginal difference between a point of order and the other point. I could allow it. Now you are using it as everybody's wife? Don't do it.

Now, Shri Kiruttinan.

12.08 hrs.

RE. ALLOTMENT OF FUNDS FOR DROUGHT RELIEF IN RAMANATHAPURAM DISTRICT

SHRI THA KIRUTTINAN (Sivaganja): Mr. Speaker, Sir, I am very thankful to you for having permitted me to raise this vital issue under rule 377. This concerns my district. And so, it is my bounden duty to bring this issue to the notice of the Government as also this august House.

During the Fourth Five Year Plan, in Tamil Nadu, Ramanathapuram district and Dharmapuri District were declared as drought-prone districts and two crores of rupees were allotted to each district to meet the drought situation. I understand that this was also raised in the Tamil Nadu Assembly. The Government have proceeded to select only Dharmapuri District.

And during the Fifth Five Year Plan they want to do away with Ramana-thapuram District and they are going to spend a sum of Rs. 4 crores during this Plan period for Dharmapuri Dis-trict alone.

This is an injustice meted out to Ramanathapuram. This is unfair on the part of this Government and I charge this Government for this wilful discrimination. Mr. Subramaniam, the Industrial Development Minister, hails from that constituency and that is why I feel Government has conspired to spend all the Rs. 4 crores in Dharmapuri District. This should be rectified. I demand that Ramanatha-puram district also be declared as a drought-prone district and another Rs. 2 crores should be allotted during the fifth plan for that district.

SHRIMATI V. JEYALAKSHMI (Si-vakasi): I am also from Ramnad district..

MR. SPEAKER: You settle it between yourselves.

SHRI R. V. SWAMINATHAN (Ma-durai): Sir, I am also interested as I was born in Ramnad district and I agree with the suggestion made by the hon. Member that justice should be done to Ramnad District.

12.11 hrs.

RE. ATROCITIES ON HARIJANS IN UTTAR PRADESH

SHRI T. BALAKRISHNIAH (Tiru-pathi): Sir, I want to draw the atten-tion of the House to the atrocities committed from time to time on the unfortunate Harijans in this country, particularly in U.P. It has been re-ported in the *Indian Express* dated 29-3-73 that a group of high caste Hindus attached a group of Harijans with firearms and lathis in Soon vil-lage in police station Bisend as a re-sult of which a Harijan was killed. In another case, a Harijan woman was

raped in the hospital premises by one of the relations of a doctor of the hospital. I want to know what action has been taken by the State Govern-ment and the Central Government to protect the interests of Harijans in the country.

12.12 hrs.

RE. ALLEGED MALTREATMENT OF SHRI LALJI BHAI, M.P. AT AJMER RAILWAY STATION

MR. SPEAKER: I have received an intimation of a motion of privilege that the hon. member, Shri Lalji Bhai was maltreated at a railway station by certain young men. But he is not here now.

श्री अटल बिहारी वाजपेयी (ग्वालियर) :
 इजाजत दें तो मैं बता दूँ। श्री लाल जी भाई पार्लियामेंट की बैठक में भाग लेने के लिए आ रहे थे। जब वे अजमेर स्टेशन पर पहुंचे तो कुछ लोगों ने उन से टिकट मांगी। टिकट मांगने वाले रेल कर्मचारी नहीं थे। उन्होंने कहा कि आप रेल कर्मचारी नहीं हैं, न आप यूनिफार्म में हैं, आप को टिकट हम नहीं दिखायेंगे फिर वे उन को पकड़ कर टीटी के कमरे में ले गए। वहां रेल कर्मचारी भी आ गए। रेल कर्मचारियों को उन्होंने ने बताया कि मैं पार्लियामेंट का मੈम्बर हूँ। मेरे पास आईडेंटी कार्ड है। लेकिन उन के साथ दुर्व्यवहार किया गया, उन्हें गालियां दी गईं। उन का सूट केस उन से छीन लिया गया और कैश भी मो दिया गया कि इन पर 201 रुपया जुर्माना करिये। जब बेतुलाशी लेने लगे सूट केस की तो उस में से आईडेंटी कार्ड निकला। फिर भी रेल कर्मचारियों ने माफी नहीं मांगी। रेल कर्मचारी सारे मामले पर लीपापोती करना चाहते हैं। क्या इसलिए कि वह आदिवासी और सीधे सज्जन हैं और संसद की बैठक में भाग लेने के लिये आ रहे थे? मेरा निवेदन है

[श्री अटल बिहारी वाजपेयी]

कि यह पार्टी का सवाल नहीं है। हम आम तौर पर रेल कर्मचारियों की शिकायत यहां उठाना नहीं चाहते। लेकिन अगर किसी संसद सदस्य के साथ इस तरह का व्यवहार हो और उस के मामले में अभी तक कोई जांच न की जाए तो यह बड़ी चिन्ता की बात है। आप सारे मामले को देखिये।

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): I am very sorry that such an incident took place at Ajmer Station. I will certainly look into it and get all the details. If it is found that the railway employees, knowing fully well that he is a Member of Parliament and he has the identity card with him, did not treat him with proper respect, serious action would be taken.

MR. SPEAKER: Two things should be made clear. What was the capacity of these people who were not in uniform? How could they check tickets? Why should such things happen? Secondly, when he told the railway officials that he was a Member of Parliament why did they search his baggage, instead of asking him to show his identity card? This is the fourth or fifth time that such things are happening. I think they take a pleasure in doing such things. Incidents of this nature should be avoided.

12.17 hrs.

DEMANDS FOR GRANTS, 1973-74—
Contd.

MINISTRY OF INDUSTRIAL DEVELOPMENT
AND DEPARTMENT OF SCIENCE AND
TECHNOLOGY—Contd.

MR. SPEAKER: The House will now take up further discussion and voting on the Demand for Grants under the Ministry of Industrial Development and the Department of Science and Technology. Shri M. C. Daga will continue his speech.

श्री आर० एन० शर्मा (धनबाद) : चार बजे मैं अपने पैरों पर खड़ा हुआ था और मुझे कहा गया था कि इस के बाद मेरा भाषण होगा।

अध्यक्ष महोदय : पैरों पर खड़ा होने की बात नहीं है।

श्री आर० एन० शर्मा : 3 बजकर 50 मिनट पर हमें समय दिया गया। चार बजे हाउस दूसरे बिजिनेस के लिए एडजर्न हुआ।

अध्यक्ष महोदय : आप तो नहीं थे। क्या किया जाए? अब तो गाड़ी निकल गई है। और किसी गाड़ी पर चढ़ियेगा।

श्री मूलचन्द डागा (पाली) : देश में गरीबी हटाओ के नारे के साथ उत्पादन बढ़ाओ का नारा भी होना चाहिये। जब तक गरीबी हटाओ के नारे के साथ उत्पादन बढ़ाओ का नारा कामयाब नहीं होगा देश में गरीबी नहीं मिट सकती। इस के लिए औद्योगिक विकास करना होगा और इस के लिये देश में जितने साधन हैं उन सब का उपयोग करना होगा।

आज देश के अन्दर सरकारी उद्योग हैं, गर सरकारी उद्योग हैं और मिश्रित उद्योग हैं। एक पालिसी का स्पष्टीकरण होना चाहिये। अगर सरकारी उद्योग में से देश की दौलत बढ़ती है, देश का विकास होता है तो अच्छी बात है। लेकिन गैर सरकारी उद्योगों को भी हमें बढ़ावा देना चाहिये। हम ज्वायंट सेक्टर की बात भी करते हैं। हमारी नीति स्पष्ट होनी चाहिये। श्री पाई ने अभी अभी एक बात कही थी, रीसेंटली एक बात कही थी :

Mr. Pai said that there could be no dichotomy between private enterprise and public enterprise. All enterprises were national enterprises, Mr. Pai said.....He said 'our aim is to reach you quickly so that you in turn reach the masses quickly with abundant material of common consumption at a reasonable cost.'

सिद्धान्त की बातों में आप कोई कसर नहीं रखते। नीति की बातें करने में आप बड़े कुशल हैं और होना चाहिये। लेकिन कभी कभी आप की नीति को ले कर अविश्वास की भावना भी कुछ लोगों के मन में पैदा होती है। आर्टिकल 39 यह नहीं कहता कि हम सब को नेशनलाइज कर दें। वह कहता है : आर्टिकल 39(बी) इस प्रकार है :

“The State shall, in particular, direct its policy towards securing—

(b) that the ownership and control of the material resources of the community are so distributed as best to subserve the common good;”

लेकिन मुझे इस से यह मालूम नहीं हुआ कि हम किससी इंडस्ट्रीज का नेशनलाइजेशन करना चाहते हैं। मैं नेशनलाइजेशन के विरुद्ध नहीं हूँ। लेकिन मैं यह अस्मना चाहता हूँ कि इस बार में हमारी नीति क्या है। स्पष्ट नीति न होने के कारण विभिन्न क्षेत्रों में संशय उत्पन्न होता है। मैं यह नहीं चाहता कि कैपिटलिस्ट्स और मोनोपली हाउसिज को बढ़ावा दिया जाये या अर्थ का केन्द्रीकरण हो। लेकिन आवश्यकता इस बात की है कि सरकार इस बारे में अपनी नीति को स्पष्ट करे। एक लेख में कहा गया है :

“The Government should clearly define the areas of operation of public, joint and private undertakings in terms of economic criteria and, thereafter, allow entrepreneurs to function unimpeded in the areas allotted to them is eminently sensible.”

दो दिन पहले एक मंच पर भाषण देते हुए श्री० एच० एच० मुकुर्जी ने कहा कि सरलता का नेशनलाइजेशन आवश्यक नहीं है और लोगों में सन्निधि का अभाव है। नेशनल मंचि कोर से एक नीति निर्धारित की गई थी कि हम कहां नेशनलाइजेशन करना चाहते हैं और कहां नहीं।

करना चाहते हैं। लेकिन आज-कल कुछ प्रतिशत लोग कहते हैं कि हर एक चीज का राष्ट्रीयकरण कर दिया जाये। इस प्रकार की बातों से देश में एक अविश्वास का वातावरण पैदा हो गया है, जो कि औद्योगीकरण के मार्ग में बाधक सिद्ध हो रहा है।

अगर हम समझते हैं कि इस देश में प्राइवेट सैक्टर के लिए कोई स्थान नहीं है, तो हमें कैपिटलिस्ट्स से यह कह देना चाहिए कि हमारी अर्थ-व्यवस्था में काला बाजार आदि जो बुराइयां बढ़ रही हैं, उन के लिए वे दोषी हैं, इस लिए हम उन से कोई सहयोग नहीं लेना चाहते हैं। लेकिन हम देखते हैं कि हमारे नेताओं की ओर से उन लोगों को उत्पादन बढ़ाने का आह्वान किया जाता है। और श्री पार्स कहते हैं कि प्राइवेट और पब्लिक एंटरप्राइज के बीच में कोई पारस्परिक संबंध का अभाव नहीं है। इसी तरह श्रीमती इन्दिरा गांधी ने भी बार-बार कहा है कि देश की सब समस्याओं का इजाजत राष्ट्रीयकरण नहीं है।

इसलिए यह आवश्यक है कि हम इस सम्बन्ध में अपनी नीति को स्पष्ट करें। कहा जाता है कि पूंजीपति मुनाफा कमाते हैं। मैं समझता हूँ कि हमारे सामने यह सवाल नहीं है। सोवियत संघ में भी यह प्रश्न उठ रहा है कि कम्युनिस्टों में बाटा क्यों हो रहा है। हमें यह कहते हैं कि मारी सब इंडस्ट्रीज में बाटा हो? इसलिए हमें यह स्पष्ट करना होगा कि कम्युनिस्टों का नेशनलाइजेशन किसका आदेश और कम्युनिस्टों का नेशनलाइजेशन नहीं किया जाएगा, ताकि सब लोग देश विकास में सहयोग दे सकें।

[श्री मूल चन्द डागा]

कम्पनीज कानून पास करने के बाद और भारी टैक्सेशन लगाने के बाद हमने जायंट सेक्टर की पालिसी अख्त्यार की है ताकि हम कैपिटलिस्ट्स के एक्सपर्ट नालेज और मैनेजमेंट सम्बन्धी योग्यता का लाभ उठा सकें। हमें अपने देश के प्राइवेट सेक्टर में काम करने वाले लोगों को भी पैट्रियाटिक समझना होगा। एक तरफ तो हम उन की निन्दा और आलोचना करें और दूसरी तरफ हम उन से सहयोग मांगें, ये दोनों बातें एक साथ नहीं चल सकती हैं।

श्री टाटा की ओर से सरकार को जो मेमोरेंडम दिया गया है उस में कहा गया है :

"Even more significant, only one licence was issued upto December, 1971 to a larger house against 131 applications from them made after the introduction of the new Industrial Licensing Policy on the 18th February, 1970."

औद्योगीकरण के मार्ग में सब से बड़ी बाधा यह है कि सरकार की मशीनरी में बहुत कृटियां हैं। एस्टीमेट्स कमेटी ने अपनी 1971-72 की रिपोर्ट में कहा है :

"The Committee feel that the Directorate Central of Technical Development have an important responsibility to discharge in the matter of planning and assisting in the modernisation of industries, particularly those of traditional nature such as textiles, jute, etc. The Committee consider that one of the reasons why India has not been able to enlarge its exports in textiles is the delay in modernising the industry to keep pace with technological developments. The Committee would, therefore, stress that the Directorate General of Technical Development/Ministry

of Industrial Development should, in close consultation with the industry and Development Councils, prepare concrete programme for modernisation of industries, particularly those in the traditional fields and make every effort to meet the requirements of machinery and equipment for modernisation by developing indigenous capacity in the country. Government should extend a helping hand."

कमेटी ने जगह जगह पर गवर्नमेंट की मशीनरी की गलतियों का उल्लेख किया है उस ने कहा है :

"The Committee are not able to understand how Government could reconcile themselves to a situation where even on paper there is a shortage to the extent of 20,000 to 60,000 tonnes per year between the demand and indigenous availability of soda ash. It was only in March, 1971, that the Ministry of Petroleum and Chemicals thought of issuing a Press Release and inviting applications for licences."

कमेटी ने सरकार की मशीनरी के बारे में आगे कहा है :

"The Committee feel greatly concerned that these technical officers who have gathered valuable experience and have the capacity to give guidance to industry should become so paper and routine bound. They would like Government to take immediate action to ensure that the officers of the Directorate General give greater attention to their developmental role."

जब तक सरकारी मशीनरी को टाइटन नहीं किया जाता है और जब तक औद्योगीकरण से सम्बन्धित सभी मिनिस्ट्रीज—रेलवे मिनिस्ट्री, फिनांस मिनिस्ट्री और विभिन्न रा मैटीरियल सम्बन्धी मिनिस्ट्रीज—का कोऑर्डिनेशन नहीं होता है, तब तक इंडस्ट्रियल डेवलपमेंट होना

बहुत मुश्किल है। जहाँ तक औद्योगीकरण के लिए धन का प्रश्न है, आज स्थिति यह है कि बैंकों के डिपॉजिट बढ़ रहे हैं, लेकिन उद्योग खोलने के लिये लोन नहीं दिये जाते हैं। "इन सर्व आफ बारोजर्ज" शीर्षक के एक लेख में कहा गया है :

"It was natural that at the recent Conference in New Delhi, of Chairmen of nationalised banks with the Finance Minister, Shri Y. B. Chavan, the problem of unutilised funds of the banks should have received so much of attention."

आई० एफ० सी० के चेयरमैन, श्री सी० डी० खन्ना, ने राजस्थान में उद्योगों को वित्तीय सहायता देने के बारे में कहा है :

"I do agree that as regards IFC financing, the share of Rajasthan is very low. According to the last Annual Report of the Corporation, as against 565 projects worth Rs. 397 crores for the country, in Rajasthan only 14 projects have been assisted with a total amount of Rs. 17 crores."

यह सरकार की अपनी निकाली हुई किताब है, इस में छोटे उद्योगों को वित्तीय सहायता देने के बारे में कहा गया है:

"Lack of adequate finance and credit has always been a major problem of small industries in India."

छोटे उद्योगों को फिनांस नहीं मिल रहा है, श्रम मटेरियल नहीं मिल रहा है।

This is a booklet called '25 years of Progress—Small Scale Industries' and I got it yesterday. What does it say:

"According to the Team, nearly 60 per cent of the firms analysed provided evidence that critical shortages of materials and components that could only be purchased at higher black market prices made it unprofitable for them to expand."

यह कहते हैं कि ब्लैक मार्केटिंग में आप को सामान खरीदना पड़ता है।

"....their production to fuller utilization of capacity. Another 18 per cent of the firms stated that they could not get additional supplies at any prices. Nearly half of the firms which could find it unprofitable to increase production because of the black market prices of raw materials were facing competition with larger firms making similar products, and the larger firms were getting allocated inputs at fixed prices." So, this is regarding inadequate supply of the required raw materials. Further on they say:

"Adequate supply of required quality of raw materials both indigenous and imported still continues to be an important problem faced by small industries sector."

This is proved by their own documents. It is not my document, it is your Department's documents.

आप को रा मटेरियल अवेलेबल नहीं है पैसा है खजाने में तो दिया नहीं जा रहा है। लाइसेंस इतनी दरखास्तें देने के बाद भी मिल नहीं रहा है।

सारे हिन्दुस्तान में एक बात आज बहुत ज्यादा हो रही है। स्मगल गुड्स बहुत आते हैं और करोड़ों रुपये की चीजें आती हैं। बड़े बड़े साबुन ब्लेड्स और इस तरह की अनेक चीजें स्मलिंग के जरिए आती हैं जो करोड़ों रुपये की कीमत की होती हैं। कॉस्मेटिक्स और परफ्यूमरी गुड्स जो हैं, उन के बारे में मैं पढ़ रहा हूँ :

The Commerce of February 10, 1972 says:

"The perfumery manufactures contend that production of processed foods, toiletries and cosmetics is dependent on good quality perfumery. There is also an export market for perfumery goods as also for

[श्री मूलचन्द डागा]

the goods in which perfumery is used. It is therefore wrong to treat the industry as a luxury industry. Many of the units producing perfumery goods are in the small industry sector and the government should re-orient its policy towards the industry so as to provide it with more credit facilities as also meeting its requirements of imports particularly the items in which canalisation has taken place."

करोड़ों रुपये का फारेन एक्सचेंज हम को मिल सकता है। एक तरफ आप फारेन एक्सचेंज की बात करते हैं और एक तरफ टुबैको कम्पनी वाले अपने होटल खोल रहे हैं। इंडिया टुबैको कम्पनी ने अपने तीन होटल खड़े कर लिए हैं।

तो मैं एक बात कहना चाहता हूँ कि आप को रा मैटीरियल ग्रवेलेबल नहीं है, लोगों के अन्दर आप का विश्वास नहीं है। आप क्लीयर बात नहीं कर सकते और फिर आप कहते हैं कि इंडस्ट्रीज का डेवलपमेंट होना चाहिए। और इस में लेबरर्स जो हैं, लेबर लीडर्स से भी एक बात को आप को कहनी चाहिए कि उन्हें भी उत्पादन बढ़ाने में सहयोग देना होगा। जो थ्रू आउट कस्ट्री की एकानामी है उस को आगे बढ़ाना है। तो इस सारे का कोम्प्राइजेशन होने के बाद और स्पष्ट नीति की घोषणा होने के बाद देश में नई औद्योगिक जो शक्तियाँ हैं उन में नवीनीकरण आ सकता है अन्यथा नहीं।

SHRI B. K. DASCHOWDHURY (Cooch-Bihar): Industrial development is really an engine for social development and industrial development does not mean establishment of factories or starting of units here and there. It must have a plan in the most regulated manner. No doubt, Sir, for the past few years, the Minister of Industrial Development and the Government of India have been following the policy in a planned manner and with a social objective to curb the monopolists and deliver the goods to the country and the society.

But, I would say, Sir, as a matter of fact, what we find today is that the policy which we had been following all along,—though I cannot say has totally failed,—could not deliver the goods to the society and to the country. If the object is such as to attain these social justice aims by curbing the monopoly, by giving relief to the poor people, then, I must say, it is really a good thing. I feel very happy when the hon. Minister has brought up a new policy beginning from this year, with the intention to have certain ceiling powers, in order to curb monopolies. But the fact remains that out of the policy which we had been following in the past, the monopolists have grown up. I will give some of the figures. In 1966 the total capital in the hands of Tatas were 505.36 crores and in 1969-70 it has gone up to Rs. 638.5 crores. The Birlas had in 1966 Rs. 457.84 crores and in 1969-70 this has come to Rs. 629.6 crores. So also many others are there. I do not like to refer to all these in detail, but this is the trend that we see. How does this thing happen, Sir?

As a matter of fact the public sector industries or the public sector undertakings have taken all the big projects and the core industries in their hands. But I think it is high time now that Government starts some re-thinking over all these issues, namely, to what extent they should only be confined to the core sectors, to what extent they should also go in in the sphere of domestic producing and articles very much needed by the people. All the disadvantages are to be faced by the Government and all the advantages are being fully shared by these monopoly houses. On the one hand there is recurring loss in respect of our public sector in the core industries and the basic industries and on the other hand these monopoly houses are getting fattened and fattened with more and more of profits. Secondly, Sir, in the process of practising the capitalist economy,

which is being followed by these monopoly houses, it is their policy only to go in for more and more of profits. They come to the Government for licence and then they carry on their business in such a way as to make huge profits. The capitalist ethic is behind all these things, that is, to make money from whatever source it may be, however it may be possible. Money is the only consideration. They don't consider in what manner they get it. They do not mind getting it even by exploiting the suffering of the people, sucking the blood of the people.

I would therefore submit to the Government and to the hon. Minister here that there should be some rethinking on how we can plan our industrial development in the country, to what extent we are to go in for the core industries and to what extent we could energise ourselves for producing articles of domestic consumption and articles vitally needed by the people which are important for the country. So far as domestic production is concerned, excepting for these core industries, almost the entire portion lies in the hands of the monopoly sector, leading to frequent price rise. They have in their hands full manoeuvrability; they do not produce according to licensed capacity; artificial scarcity condition is being created as a result of which we find that there is great demand and supply is slackening and prices are going up. Whether the Minister has got any machinery to go into and to follow as to why these big monopoly houses are not producing upto the licensed capacity.

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C SUBRAMANIAM): The complaint has been that they have over-reached the capacity.

SHRI B. K. DASCHOWDHURY: I am thankful to the hon. Minister for referring to the point. In some

cases most surreptitiously they produced more. But in a majority of cases they do not produce upto their capacity. What action the government likes to take against them. Have the government got the machinery to follow this so that they may go upto their licensed capacity and the production may be upto the Plan level. Because on this very planning many other things depend. The government plan and assess the requirements in such a way that upto such and such year if these developments come up to that level this will generate so much employment. It is related both to the question of employment and production. One is related to the other. So, it is essential that the Government must have machinery as the hon. Minister referred that in some cases they surreptitiously produced more and putting their production behind the market and arranging a sort of black-market.

I have gone through the Report to a certain extent as it has been submitted by the hon. Minister and his Ministry. These are very good. It says that the production is going up. No doubt, it is laudable. It is also said in comparison to the last year the production has gone up by 7.3 per cent. And they say this production could be possible because the power generation would also be increased to 11 per cent. With certain limitations they referred in their Report that power generation increase would be limited to certain areas and overall power shortage is there. Agreeing to that fact even then we find that in several parts of the country industries have been closed down or one shift has been closed down due to acute shortage of power. What measures the Government likes to take to increase the production upto the Plan level that should be gone into.

In the matter of finances the hon. Minister has given almost an elaborate study as to how this IFC and other financial institutions are helpful. They are helpful but they are

[Shri B. K. Daschowdhury]

helpful to whom? If the Ministry of Industrial Development has got no link or relation with the Ministry of Finance so far as this industrial production and commission of licensed industries are concerned, it will be difficult to have an overall control about financial institutions and also to have a planned rate of growth of industrial development in the country. We find that these financial institutions are giving finances more and more only to the private sector and this is limited to the 20 larger houses. This must be made known to the hon. Minister.

In the report, it has been said that Rs. 164 crores of finance has been given between July 1971 and June 1972. The major percentage of even this has gone to the private sector. No doubt, we have a mixed economy policy in regard to industrial development, but if the major portion of these finances is to go simply into the hands of the monopoly houses, how is the social objective in our planned economy and industrial development to be achieved? This is a serious point and I would request the hon. Minister to consider it.

Even with these liberal terms offered by the financial institutions, it was very aptly said by Shri Daga that not much has gone to Rajasthan. I quite agree. There are many other States. The hon. Minister may kindly go through the statistics of the total amount released for development of West Bengal industries or for industries to be developed in West Bengal by the financial institutions, IFC, IDBI and the banks. What are the reasons for this inadequate assistance?

I would say that, if necessary, the Ministry of Industrial Development must have co-ordination with the Ministry of Finance so that for advancing the planned economy and industrial development, finances may

be given to these industrialists or entrepreneurs. I would not support the big houses or monopoly houses; I am referring to assistance to the small sector, the small private sector, wherever it is necessary to give such assistance.

Coming to small scale industries, it has been said that it is government policy to foster development of the small scale sector and small scale industry. But I do not find adequate provision for helping the small scale industry. Very often when these small manufacturers or small co-operatives go to the financial institutions or banks for assistance, they do not get proper assistance. Certain positive measures should be taken so that, say, a small manufacturer or a small co-operative, with a very small capital, should be able to readily get financial assistance. Some measures must be found out and put into operation to this end.

Here I have in my hand a memorandum of the All India Small Scale Lamp Manufacturers' Association. They are bulb manufacturers. They say that the small scale sector has the largest employment potential, five or ten times that of the big or more sophisticated industries in the manufacture of electric bulbs. I would request the hon. Minister to consider whether it is not desirable to announce a policy whereby at least some reservation or protective right is given to them so that manufacture of bulbs of 5, 10 and upto 100 watts is done in this sector and licences to manufacture these are not given to the big houses or sophisticated industries. By this means, the small scale sector may come up so that they may have a larger employment potential. Financial assistance should also be given. Government should also take up the responsibility of seeing to it that their products get sold to all the public enterprises and to other government sectors or for government requirements. If this is done these people can be helped.

Thirdly, I want to point out another aspect in respect of the small scale manufacturers. My third point is this. It should also be considered, in consultation with the Finance Ministry, whether certain remissions in respect of the excise duty could be given. It is necessary. The financial concession which can give a larger potential of employment is a necessity.

Another aspect of the small scale manufacture is the celluloid comb industry in West Bengal.

MR. SPEAKER: Your time is up.

SHRI B. K. DASCHOWDHURY: Just one sentence.

MR. SPEAKER: It is a very bad habit, not taking notice of the bell and going on like this.

SHRI B. K. DASCHOWDHURY: I am finishing. By the present fiscal policy, the excise duty on the celluloid comb industry has been increased from 89 per cent to 208 per cent. This is a small scale industry coming within the industrial development of the country. I would request the hon. Minister to consider whether it would be possible to have a dialogue with the Ministry of Finance to give certain fiscal relief in the matter of this excise duty on this item.

MR. SPEAKER: Shri Ram Rathan Sharma— not there. Now, Shri Pranab Kumar Mukherjee.

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): Mr. Speaker, Sir, at the very outset, I should offer you my heartiest thanks for giving me an opportunity to take part in this debate.

Sir, as I sat listening to the discussion and the speeches of various hon. Members, three major trends are visible from the observations of the hon. Members; one is about licensing—certain procedural delays; secondly, the

attitude of the Government towards the larger houses, and thirdly, the importance of the small scale sector. In relation to that, the recent industrial policy resolution which was announced on 3rd February, 1973 has also come under discussion.

In this connection, one hon. Member has mentioned that instead of making clear the position of the Government in respect of industrial policy, the new industrial policy which has been announced on the 3rd February, 1973 is practically a repetition of the older one and perhaps, if I remember correctly, he used the word that the Government has tried to "hoodwink" the whole issue and repeated the old ideas. I think he has not made justice to the policy resolution of the 3rd February, 1973. It has been categorically stated in the said resolution that the larger houses will not be allowed to enter into the joint sector in fields in which they are not allowed under ordinary circumstances; under no circumstances will the joint sector be allowed to be used by the larger houses in the field where they are already not working under the general system and under the Government policy.

Secondly, it has been pointed out that there is no improvement in the policy resolution, but perhaps he has failed to note that by accepting the interpretation of the licensing Policy Enquiry Committee, and by accepting Rs. 20 crores as the criterion for larger houses—from Rs. 35 crores—certain more houses have been earmarked as larger houses as per this resolution which will help control on monopoly concentration of wealth. These two visible improvements perhaps have not been noticed by the hon. Member who has criticised the industrial policy resolution of the 3rd February, 1973.

Then, it has been pointed out that Government is giving licences to the larger houses or that the Government is giving licences to monopoly houses and they are being allowed to expand. They say that they are being allowed

[Shri Pranab Kumar Mukherjee] to make profit by the Policy Resolution. I do not like to go into the details of each case but I shall quote figures of licences issued to the larger houses so that one can see how they have gone down in these years. In 1969 out of 221 licences issued, only 38 went to the twenty larger houses; that means 17.2 per cent. In 1970 out of 363 licences issued twenty went in favour of those houses, 5.5 per cent. In 1972 while the number of licences issued have increased considerably, that is, 563, the share of the larger houses stood at 10.6 per cent. One cannot say that the larger houses are being patronised in the issue of licences. It is the declared policy of the Government that the larger houses will be permitted to expand or have new investments only within the broad framework of Government policy, and in issuing licences, we are keeping it in view.

It was pointed out that the NIDC is changing its role. In fact one hon. Member took exception and said why it had changed its role from granting loan to the industries for modernisation and rehabilitation and switched over to the job of rendering consultancy services. Mr. Speaker, you will yourself appreciate the valuable service rendered by the NIDC in the consultancy field. During the year under review they undertook sixty cases, not only in India but outside India, in Ceylon, Iran, Nepal, etc., and their services are appreciated by all concerned. Certain other institutions are helping the industries, particularly for modernisation and rehabilitation. The Industrial Finance Corporation, the IDBI, nationalised banks and other institutions are there and if the NIDC also were to do the same job, I apprehend it will be repetition and duplication. In these circumstances, the switch over to consultancy services is a change towards progress.

There was reference, not only on this occasion but on other occasions also, to the shortage of cement. In

absolute terms there is no shortage. Since 1968 each year cement production has been increasing. 11.04 million in 1968, 13.62 million tonnes in 1969, 13.91 million tonnes in 1970; and in the year 1972 we expected a production of 17 million tonnes but because of power shortage, the strike that took place in the cement industry and other factories also, production did not reach that target. It was certainly more than what it was last year and our expectations are that it would be a little over 15 million tonnes.

13.00 hrs.

SHRI K. GOPAL (Karur): Can you just enlighten us about the demand for the cement?

SHRI PRANAB KUMAR MUKHERJEE: I may tell you that the demand for cement has been increasing. It has been estimated that it is increasing at the rate of 8 per cent a year. In view of this, it has been taken up by the Planning Commission and the Ministry that in order to meet this demand during the Fifth Five Year Plan, we hope to step up the capacity to the extent of 12 million tonnes. I may tell this House that the total production capacity for the cement uptodate is 19.7 million tonnes. In the cement industry, we go upto 90 per cent of its utilisation capacity. During the last three years, our capacity utilisation was 80 to 85 per cent. Now 90 per cent of the capacity would be utilised so as to meet the total requirements of cement. At the end of the Fifth Five Year Plan, the requirement would be of the order of 28.9 million tonnes. Therefore, we have to step up the capacity to the extent of 12 million tonnes more. I can tell you that we have already issued licences—not to the larger houses—to a great extent to the public sector undertakings, States Industrial Development Corporations etc. It is expected that if this is translated into production, then at the end of the Fourth Plan period, we can expect to

have an additional production to the extent of 1.74 million tonnes. And during Fifth Plan period we are in a position to increase the production to the extent of 12 million tons. If the production continues in this way, it is expected that, at the end of Fifth Five Year Plan, there may not be any shortage of cement. But, at the same time, there are factors like this which cannot be predicted. If there is power shortage or if there are extraordinary situations like this, it cannot be predicted that production will come up to our estimation.

So far as cement sector is concerned, this is a very important sector—a heavy investment sector—and we should keep this thing in mind that though it is left to the big houses also to come up and though it is left to the private entrepreneurs to come up and though this is a core sector, no new entrepreneurs are coming forward in the cement sector as the rate of return is very small. In view of that, the public sector undertaking, like the Cement Corporation of India, has to play a big role. I may tell the House that they are playing a big role and they are doing their best to utilise the capacity to the fullest extent possible.

In this connection, I may tell you that they have now undertaken six additional projects. We have two cement factories under the Cement Corporation of India which are in production and during the Fifth Plan, many more projects are going to come up.

I would not like to take much time of the House but I would only like to concentrate on another point. That is about regional development. Much has been said about it. It is the policy of the Government of India to develop it equitably and to see that each and every part of India is developed properly. In view of this, certain schemes have already been taken up by the Government of India. It has been pointed out that adequate assistance is not given for development

of backward regions. I can give certain figures. I.D.B.I. gives assistance to 59 units upto the end of December, 1972 to the extent of Rs. 2,231.75 lakhs. Same is the case with regard to I.F.C.I. They rendered assistance to the extent of Rs. 1,437 lakhs upto the period ending December 1972. 10 per cent subsidy scheme not 15 per cent has been extended to a number of districts. The assistance has been increased and it is expected that during the Fifth Plan, some more schemes would come up. By merely establishing a certain industry and by giving licences to establish one or two industrial units in a backward area, the whole problem will not be solved. There should be a strategy of total development of backward areas. Infrastructure should be there for developing industries there. Arrangements should be made to create a climate for self-generating employment. You will admit that the State Governments are to play an important role therein. The State Governments should develop the infrastructure necessary for developing the backward regions.

In this connection I may tell you that the Industrial Development Ministry has taken the initiative to develop the backward areas.

SHRI B. K. DASCHOWDHURY:
You should not forget West Bengal.

SHRI PRANAB KUMAR MUKHERJEE: I am not forgetting it. I only say that development of all backward areas is in my view. The rural industries projects scheme is being extended. 10 per cent subsidy scheme is being extended. More and more districts are being taken up under concessional financial assistance from the financial institutions. We have to establish certain suitable institutions to take advantage of these facilities. There are certain schemes for which cent per cent financial assistance was given and certain areas are taking advantage of it. Certain areas are not in position to take advantage of it. So, it is not a question of discrimination. It is a question of adaptability

[Shri Pranab Kumar Mukherjee]
and establishing the machinery which should be available to help those areas to come up.

With these words, I thank you again for giving me this opportunity to speak for the first time in this House.

*SHRI A. DURAIRASU (Perambalur): Hon. Mr. Speaker, Sir, on behalf of my party, the Dravida Munnetra Kazhagam, I rise to say a few words on the Demands for Grants of the Ministry of Industrial Development.

At the very outset I would like to point out that in the Annual Report of the Ministry, below the name of the Ministry in English, the Hindi name of the Ministry has been given in English letters. This is contrary to the assurance given to this House by the then hon. Minister of Parliamentary Affairs, Shri Raj Bahalpur, in 1970. He had assured this House that, along with the name of the Ministry in English, the Hindi name would be given in Devanagari script, and not in English letters at any cost. But I regret to say that in the Annual Reports of the Ministries as also in all other Parliamentary papers like the Agenda, the Questions, the Answers etc., the Hindi names or the Hindi equivalents are being given in English letters. For example the Hindi name of the Ministry, AUDYOGIK VIKAS MANTHRALAYA is given in English letters. I voice my strong objection to this kind of indirect imposition of Hindi and also that this is directly contrary to the assurance given to this House. I hope that the hon. Minister Shri C. Subramaniam approaches this question with the same degree of emotional upsurge as he had done some years ago when he submitted his resignation from the Central Council of Ministers on the question of indirect imposition of Hindi on the non-Hindi speaking people. I have my own grave doubts whether he himself understands the meaning of Audyogik Vikas.

I would now refer to the notable new appearance of the Ministry of Industrial Development. As the industrial growth of the country has been showing definite signs of shrinking the industry of Industrial Development has also shrunk in its size and importance. Within one year of assumption of office as the Minister of Industrial Development by Shri C. Subramaniam six public sector undertakings which were under the charge of this Ministry had been taken away from this Ministry. I have also come to know that the rank of the Minister of Industrial Development in the Central Council of Ministers has been lowered. I am not saying this in a humorous vein. I say this in sincere sorrow because you know Sir that I also hail from Tamil Nadu like the Minister of Industrial Development and that the blood is thicker than water.

Before I go to other important points I would in brief refer to the statement of Shri C. Subramaniam which he made about the Samayanallur Thermal Plant during the half-an-hour discussion on March 7, 1973. He expressed his view point that the D.M.K. Government should have acted with some forethought in disposing of the Samayanallur Thermal Plant, which had the installed capacity of 34 MW. I want to inform the House through you, Sir, that this Thermal Plant had the installed capacity of only 14 MW and it could meet only 1 per cent requirement of Tamil Nadu. Then, the cost of generation was very high as compared to Basin Bridge Thermal Plant and Neiveli Plant. In this plant the cost of production was 12.3 paise per unit, while it was 8.8 paise per unit in Basin Bridge Plant and 5.9 paise per unit in Neiveli. On account of such low efficiency and high cost of production, there was an annual loss of Rs. 50 lakhs in this Plant. Even then the D.M.K. Government on its own did not dispose of this plant. As early as 1965, when the D.M.K. Government was not there in Tamil

*The original speech was delivered in Tamil.

Nadu, when neither Arignar Anna nor Dr. Kalaignar Karunanidhi was the Chief Minister of Tamil Nadu Government, when the monopoly of Congress Party was there throughout the country and when the Congress Party was ruling the State of Tamil Nadu, a high-power Committee was constituted to make a thorough enquiry into the economics of this Plant and to suggest ways and means for a thorough overhauling of the plant. On 16th July 1968 this highpower Committee submitted its Report which contained the recommendation that this Plant should be closed. In view of the sound arguments advanced by the Committee for making such a recommendation, the D.M.K. Government had no alternative but to implement this recommendation. It is not as if that the Government of Tamil Nadu led by my party acted on its own in closing down this Plant.

I also wonder how a Plant with a capacity of 14 MW could become a plant with a capacity of 34 MW by the time the hon. Minister of Industrial Development reaches from Madurai to Delhi. I would even go to the extent of saying that if only the hon. Minister of Industrial Development had such inherent talent to produce electric power of this magnitude so quickly, then there would not have been such serious power shortage throughout the country. Dr. K. L. Rao an eminent colleague of Shri C. Subramaniam, has categorically stated that the current power scarcity which is widespread throughout the country is mainly due to the unprecedented failure of monsoon. I would only say that it should not become a habit with the Central Minister that he should show his accusing finger at the DMK Government for even natural calamities.

Sir, with a view to arresting the growing trend of concentration of economic power in the industrial sector, with a view to preventing the concentration of industries in a few hands, the Monopolies and Restrictive

Trade Practices Act was enacted and it came into force on the 1st June 1970. During the period of two and a half years that this Act has been in operation, out of the total number of 25,000 companies in the private sector only 853 companies have been brought under the purview of this Act. These 853 companies have net assets of the value of Rs. 4,847 crores, which accounts for about 50 per cent of the aggregate value of the assets of the total number of companies in the private sector. During these 2½ years only 5 companies were refused permission by the Government to expand their activities.

Though during the Fourth Plan period, an outlay of Rs. 24,000 crores has been made for industrial development it is to be highly regretted that the anticipated industrial development has not taken place. It should also be a matter of grave concern that even the installed capacity has not been fully exploited. The annual growth has therefore been much less than the target. The plan target for industrial development was 5.6 per cent. But, even according to the statistics of the Government, the rate of industrial growth in 1971-72 was 1.5 per cent, and in 1972-73 it would be between 1.5 per cent to 2 per cent. It is authoritatively learnt that during the fourth plan period from 1969 to 1974 the rate of industrial growth would be just 3.5 per cent and not more than that. I should say that the main reason for this kind of miserable performance is the irregular implementation of incorrect licensing policy. The licensing policy gets distorted every time the incumbent of the Ministry changes. If one Minister of Industrial Development liberalises the licensing policy, his successor immediately reverses the trend by putting many restrictions and regulations.

Some years ago the Estimates Committee of this House had recommended that licenses for putting up new units should be given only when the

[Shri A. Durairasu]
existing units had utilised at least 75 per cent of the installed productive capacity. But in 1970 on account of the liberalisation policy of the then Minister of Industrial Development innumerable licences were issued in complete disregard of this important recommendation. The industrialists who acquired these licences did not care to set up industrial units. In Appendix V of this year's Annual Report of the Ministry, details of installed productive capacity and actual utilisation of different industries have been enumerated. You will see the performance of 216 industries here. Out of 216 industries more than 200 industries have not utilised even half of the installed productive capacity. If one wants to know the reasons for this and also enquires as to what steps have been taken by the Government for ensuring 100 per cent utilisation of the installed capacity, the Minister will say that these units are in the private sector and his Ministry has not got enough powers to ensure full utilisation of the productive capacity. But, it is well within his reach to stop the issuance of new licences to those industries which have not fully utilised the installed productive capacity. On the other hand, more and more licences have been given to such people.

In 1969, 286 industrial licences had been given to 75 monopoly houses; in 1970, out of 47 industrial licences issued, 20 licences had gone to 20 monopoly houses; in 1971, 114 industrial licences out of 159 licences issued had gone to Tatas, Birlas and such other big industrialists. After giving the licences, what is the use of crying hoarse about undue growth of monopolies in the country? It is inexplicable to me that, when there is such a wide gap between profession and practice, the Ministers have got the gumption to talk about concentration of economic power in the industrial sector and the concentration of industries in a few hands.

Sir, you will be surprised to know that 80 per cent of the total licences issued last year has gone to Maharashtra. 90 per cent of the public sector financial institutions are located in Maharashtra which enables the industrialists of Maharashtra to utilise maximum financial facilities offered by the Government. I need not say that this has led to the inevitable regional imbalance in the matter of industrial growth in the country. I would suggest that some headquarters of these public financial institutions or at least all the branches of these financial institutions should be located in Madras so that the four southern States can try to derive benefits from them.

In Appendix 7 of the Annual Report—page 163—of the Ministry it has been mentioned that under 17 heads our country is in a position to meet the demands of developing countries of the world. As I have my own doubts about this tall claim, I would like to know from the hon. Minister as to how many additional licences have been issued for these 17 industries during the past two years and who are the industrialists in receipt of this bounty from the Government.

Similarly, in Appendix VI of the Report—page 161—information regarding the training courses conducted by the United Nations Industrial Development Organisation in different parts of the world during 1972 has been given. I would like to know from the hon. Minister the number of technically qualified people sent from India to attend these training courses conducted by the UNIDO and in particular the number of technically qualified people belonging to the four southern States who were deputed to attend these training courses.

Before I conclude, I would refer to the system of distribution of essential raw materials for the industries. While some units in some regions are starved out for want of essential raw materials, some others in other regions

enjoy the plentiful supply of raw materials. I will not be far from wrong if I say that this unfortunate situation is mainly due to unimaginative and defective system of distribution of essential raw materials. I would appeal to the hon. Minister of Industrial Development that the distribution of essential raw materials should be entrusted to the State Governments as they are the institutions nearer to the industries and they are aware of the immediate problems of the industries.

With these words, I conclude my speech and I thank you for the opportunity given to me to participate in the debate.

SHRI VASANT SATHE (Akola): Mr. Speaker, Sir, I rise to support the Demands for Grants in respect of the Ministry of Industrial Development. This is a very important field, Sir, and I would like to invite the attention of the hon. Minister to certain basic points that arise for our consideration.

13.21 hrs.

[MR. DEPUTY-SPEAKER in the Chair]

The report begins by saying:

"The Department of Industrial Development is responsible for the promotion of industrialisation of the country by encouraging the orderly development of large, medium and small scale industries, both in the private and in the public sectors."

Therefore, the object of the Department of Industrial Development is to bring about an orderly development—I underline the word 'orderly'—of not only large industries but medium and small scale industries and both of them can be in the private as well as the public sector, if I understand English correctly.

Let us see to what extent we have succeeded in our policy of holding first the concentration of wealth in

the hands of a few—growth of monopoly or growth of concentration of wealth. Pandit Jawaharlal Nehru, while speaking on the Industrial Policy Resolution, 1956, had said:

"The public sector was expected to control the strategic points of economy, while the private sector was to develop within the prescribed limit. Further, as far as the private sector is concerned, the development of private sector (a) should result in social gain and (b) uninhibited growth of production should not result in accumulation of wealth and economic power in individual hands."

The basic principle was that, while the capital resources in the private sector should be utilised in the development of the country's economy, the profit that accrued in this sector should be utilised in the interest of the community and not for the purpose of promoting concentration of economic power in a few hands.

Then, in 1960, Pandit Jawaharlal Nehru had to ask this question, 'Where has this money gone?', and appointed a committee well known as Mahalanobis Committee to go into this question as to where had the money gone. That Committee came out with the report that this money had gone in the hands of about 200 houses and later on it was estimated by the Wanchoo Committee that the black money was to the tune of about Rs. 7,000 crores.

This year, in the Economic Survey, we are told that the national income has increased from Rs. 13,200 crores in 1961-62 to Rs. 19,200 crores in 1971-72. The national income has increased by 45 per cent, but the per capita income increased from Rs. 308 to Rs. 348, as compared to 1961-62, hardly by about 13 per cent. Where has this money gone? You ask this question again in the Year of Grace, 1973, and the answer is that this 30 per cent money has gone in the form of black money underground into the hands, again, of that limited sector whose

[Shri Vasant Sathe]

per capita income is above Rs. 1,000, who are 0.3 per cent in the country. What is the use of saying that the object of our industrial policy is to bring about a balanced growth, to check concentration of wealth, to stop monopolistic tendency, when Plan after Plan you discover that the same question has to be posed again? You began by saying all those things and at the end of the First Five-Year Plan you asked the question, 'Where has the money gone?'. We started with the beautiful concept of mixed economy where we do the donkey's work in the public sector and produce the infra-structure, the raw materials, steel, coal, cement, fertilisers, etc., and they, in the private sector, produce the end product where they get the profit. At the end of the First Five Year Plan, you asked the question, 'Where has the money gone?' First time, it can be said to be a mistake.

In the Second Five Year Plan, you ask the same question—where the money has gone? When you do it twice, be called a blunder. But at the end of the Third Five Year Plan and now in the Fourth Five Year Plan, if you ask the same question, 'Where the money has gone?', it is no more blunder, it becomes a deliberate act of inaction and that deliberate misconception lay in our whole concept of this mixed economy. This is an unmixed unmitigated evil. You left the entire consumer goods industry to the private sector. They make the real profits. They make the end products and there I ask the question: where is the real net value added or the real net surplus and where is more capital formation taking place? After all the nationalisation of banking and after all the increase in public sector investment, 95 per cent and more of the net value added is still in the private sector and you know the public sector investment has grown and according to the figures of the Government of India in the First Plan, it was 46.4 per cent in

the public sector and in the private sector it was 53.6 per cent. In the Second Plan, it was 54.75 in the public sector and 45.25 per cent in the private sector and in the Third Plan—it was 60.6 per cent in the public sector and 39.4 per cent in the private sector and in the Fourth Plan it is 65.6 per cent and private sector 34.4 per cent. In spite of this lower investment in private sector, how is it that the rich are still becoming richer? How is it that the money concentration, all that you put in in the form of deficit financing all that you put in the form of surplus, all that you put in in the form of agricultural growth and subsidies and all that and in the public sector investment, how and where does it get mopped up? It gets mopped up in the hands of these few who have the real commanding heights. You are only talking of commanding heights. You are on the heights all right but not commanding. Your commands are not obeyed by anybody. You have no capacity to see that your commands are implemented. It would be better if you come to the commanding fields instead of remaining at the so-called commanding heights. Then you will get some results. Unfortunately, we cannot do that because of this whole wrong, basically wrong concept of mixed economy. You may break your head. I tell you that this economic jargon with all your so-called fine concepts, will not be of much avail now you have discovered a new thing—from mixed economy to joint sector. You think you are discovering something new? You have always been having a joint sector serving in this country. But what has that resulted in? Now this joint sector concept will be a partnership with corruption because the whole capitalist concept is based on corruption based on capital accumulation in the hands of a few for private profit motive. They will use all their wealth to corrupt other sources, corrupt your politics, corrupt your civil servants, corrupt your entire machinery. That is the malady.

They call it 'business'. They say it is 'dhandha'. We know what is the philosophy of capitalist. Their philosophy is that everything is for sale including your soul and the soul is the first victim and once that becomes a victim then, as the song goes:

यहां हर चीज बिकती है, बोलो जी, तुम क्या
क्या खरीदोगे ?

लालाजी, तुम क्या क्या खरीदोगे ?

बोलोजी तुम क्या क्या खरीदोगे ?

यहां हर चीज बिकती है ।

Wherever that philosophy is ruling, in that country there is no social progress and there is no salvation in the exploitative capitalist structure.

Therefore, when you talk of controlling the industry, a point I want to mention is that you talk of checking monopolistic growth. What did happen? Eight business houses I need not name them, but, if you like I will. They are: Tatas, Birlas, Martin Burns, Bangurs, Thapar, Surjmal Nagarmal, Mafatlal and ACC. Their real assets grew from Rs. 1597 crores to Rs. 2085 crores in three years—from 1966-67 to 1969-70.

After that, at the rate of growth of ten percent, you say, you have taken action in restraining and in controlling the monopolists. Whom are you deceiving, Sir? Let us introspect; let us realise this, we are not deceiving anybody else but ourselves. Therefore, as far as control of monopoly houses is concerned, I have said that unless you give up this concept of mixed economy, you will not be able to achieve the desired goal. You shall have to order what will be produced, and that must be the priority goods and consumer goods needed by the maximum number of our people in the country.

What about the regional imbalances? You have said that you have selected 227 backward districts. How many licences have you given? In

1971-72 you have given licences 626 and letters of intent 1015. In 1972-73 you have given 877 industrial licences and 563 letters of intent. Tell me how many of these are in the backward areas? Can you name them? How many of these are actually in these so-called 227 backward districts, Sir? 80 licences were given in 6 months, that is, letters of intent and licences put together. The industrial licences were 43 and letters of intent were 37 and this is for Maharashtra. You know what happened. All of them without exception have been located in the Bombay-Poona track. This is what happens to the policy of regional imbalance. There is infrastructure available in Vidarba in places like Akola, Nagpur and Chanda. How many industries have you set up there? Have you taken care in this respect so that regional imbalances are removed?

These measures will not help in removing the regional imbalances. The most important thing you have to do is to ensure that there is raw material availability to those small-scale industries which you want to establish in the backward areas. The next important thing is that there should be guarantee for marketing. With these two things, I tell you, you will be able to solve the problem of regional imbalance as well as production of necessities of this country. We have got very scarce resources in our country. For God's sake, don't waste these scarce resources in the form of cosmetics, lipsticks, other kinds of soaps and toiletry, of Lever Brothers, and so on and so forth. It is very important to see that none of our scarce national resources get wasted in any manner. What is important is that you should see that there is a complete reorientation in this policy of industrial growth. We cannot at all progress with this muddle-headed concept of mixed economy. Participation and partnership with the corrupt capitalist sector is not what is required but we should have a complete national sector. No private sector, no

[Shri Vasant Sathe]

public sector, but national sector,— this is what is required and this is what should be our aim. With these words I close. Thank you.

SHRI S. L. PEJE (Ratnagiri): I rise to support the Demands for Grants of the Industrial Development Ministry.

Sir, the role of Industrial Development Department is to bring about systematic and uniform and even growth of industrialisation of the country, by encouraging financial assistance, by encouraging development of large and medium and small scale industries, both in the public and in the private sectors. During the last decade many industries both in the private and public sectors have come forward to take advantage of these facilities.

Though there was a set-back to the growth of industry in the year 1970-71 the industries have registered an appreciable growth during the first 9 months of 1972. This was mainly due to cotton textile, heavy chemicals, engineering, cements, mining and transport equipment. This growth rate of 7.3 per cent will not be possible due to the shortage of power and availability of raw-material in the remaining period of this year. Serious and sustained efforts have to be made in order to sustain this rate of growth.

Sir, industries with less than Rs. 1 crore investment are exempted from licences. They are now subjected to registration just to watch the different activities in this particular sector. The total number of letters of intent and industrial licences has increased. Many new entrepreneurs are coming forward to avail of this new opportunity. But these newcomers are mostly concentrated in the already developed areas. So far as my State is concerned all the industries are concentrated in Poona and Bombay Regions. So far as the rest of Maharashtra is concerned the industry is not attracting though

financial and other assistance is assured by government. They are reluctant to go to the backward region. I will request the Minister to find out the causes as to why entrepreneurs in spite of concessions and other facilities are not attracted to go to the backward regions? I come from Ratnagiri which is one of the 226 backward districts in the whole of India. Very few industries have come to this region as there is no infra-structure, that is, there should be communication; there should be marketing facilities; there should be availability of raw-material, etc.

Though government have earmarked 10 per cent indigenous and scarce imported raw material for these backward districts it is not available even when this material is imported and canalised through STC. Representatives of the big houses can easily approach STC officials and get the release order but a small newcomer from a backward area cannot afford to come to Delhi or go to Bombay just to get the release order and secure raw-material. That is the main reason. They do not get the raw-material. Top priority should be given to small sector in raw material. That is why these backward districts are not catching up with the rest of the industrial growth of the country. Just now the Deputy Minister for Industrial Development quoted that there is a vast production of cement. The production has gone up from 11 m. tonnes to 17 m. tonnes during the last three to four years. I cannot dispute the fact. But one thing is certain that in taluka and district levels, cement is not available. This is well known to all. For a bag of cement one has to pay more than Rs. 25. And it is available in the black market. This fact must be noted by the Minister when he talks of accelerated production of cement.

Regarding the public sector, it was with a laudable and socialistic approach that Government ventured into the public sector and it was in

the larger interest of the nation to do so. Nearly Rs. 3,500-4,000 crores have been invested up till now in the public sector. But their performance during the last ten years is not satisfactory. Of course, there are a few exceptions to this. They are slowly gaining their health. The most important and cardinal aspect of the public sector is its sound economic health. But most of the units have failed to achieve the targets set before them at the time of their birth.

Regarding the joint sector, this is not a new concept in the industrial world. There are many industries, big and small or even small scale industries which are taking assistance directly from government or the institutional financing agencies. What is being done is that Government is collaborating only in financing. Management, marketing, sale of products—these aspects are not effectively controlled. In the appointment of directors, Government must have a say. I would urge upon the Ministry that if we are thinking of the joint sector, we must think also of effectively controlling the whole administration of the joint sector concerned.

Regarding industrial estates, some ten years ago the Government of India directed State Governments to see that in order to give preference to backward areas for development, areas which were neglected up till now, industrial estates should be organised on a cooperative basis. Accordingly, in Maharashtra in many districts industrial estates were organised on a co-operative basis in 1963-64. They were to come into existence by stages. The individual member was to contribute 20 per cent, Government was to contribute 20 per cent and the rest 60 per cent was to come from LIC or other in-

stitutional financing agencies in the form of a loan. But if you see the working of these estates established 8 or 9 years ago, they are in the red. Most of them have closed down because there is no raw material and there is no one to look after their grievances. Instead of talking of setting up new industries in the backward regions, I would suggest to Government that these industrial estates established in the co-operative sector should be scrutinised and revived.

Lastly, due to the concessions given by Government, so many people are coming forward to avail of these concessions in the name of fictitious and bogus organisations at the district level. These organisations are also not registered. They are exploiting these concessions.

Secondly, the depots distributing raw materials should be located in the districts and not in State capitals. When raw material is allotted at the State capital, the same is disposed of then and there, with the result that they do not reach the districts for which they are intended. In this way, the raw materials are being misused. I would urge upon the Government to make an inquiry into such matters and take corrective steps. Otherwise, industrial growth of such backward districts will not be achieved as desired by government.

श्री चिरंजीव झा (सहरसा) : उपाध्यक्ष महोदय, मैं उद्योग विकास मन्त्रालय की ग्रन्थानों की मांगों के समर्थन में खड़ा हूँ। मैं मन्त्री महोदय को बधाई दिये बगैर नहीं

[श्री चिरंजीव झा]

रह सकती, जिन्होंने इस मन्त्रालय को नवीन दिशा दी है, समाजवादी स्वरूप प्रदान किया है। सबसे बड़ी उपलब्धि यह है कि विज्ञान तथा तकनीक के आधार पर इन्होंने उद्योग विकास कार्यक्रम को आगे बढ़ाने का संकल्प किया है और उस रास्ते पर आगे चल चुके हैं। इसी सिलसिले में केन्द्रीय भवन अनुसन्धान संस्थान का भी उल्लेख करना चाहता हूँ— जिन्होंने कम समय में, कम साधनों से तथा कम खर्च से भवनों के निर्माण का काम आरम्भ कर दिया है। यह सराहनीय कार्य है। यदि इस तरह के कामों से तथा इसमें जो सफलता मिले, उस आधार पर बड़े पैमाने पर व्यापक रूप में देश में फैलाया जाय तो मकान बनाने में जो कठिनाइयाँ लोगों के सामने हैं, वे बहुत कुछ हल हो सकती हैं।

श्रीमान्, इसी क्रम में राष्ट्रीय भू-भौतिकी अनुसन्धान संस्थान द्वारा भारत-सोवियत सहयोग के आधार पर प्रथम बार इस प्रायः द्वीप में गहरी भूकम्पी गम्भीर तापमान के अध्ययन का कार्य प्रारम्भ किया गया है। यह भी उत्साहवर्धक प्रयत्न है। इतना ही नहीं, राष्ट्रीय रसायनिक प्रयोगशाला, केन्द्रीय ईंधन अनुसन्धान संस्थान, खाद्य प्राद्योगिकी अनुसन्धान संस्थान, केन्द्रीय चमड़ा अनुसन्धान संस्थान तथा जनधन विवरण बैंक, आदि, अनेकों विज्ञान और तकनीक के आधार पर जो संस्थाएँ बनी हैं, वे भी बहुत ही सराहनीय कार्य कर रही हैं।

हमारा मन्त्री महोदय से आग्रह है कि अगर वे ग्रामीण क्षेत्रों में सुलभ पथ परिवहन के हेतु इस तरह के विज्ञान और तकनीक के आधार पर उन क्षेत्रों में जो साधन उपलब्ध हैं, उसकी जांच करायेँ और इसी तरह से इस कार्यक्रम को आगे बढ़ायेँ तो आज जो परिवहन की कठिनाई, खास कर देहाती क्षेत्रों में है, वह दूर हो सकती है। साथ ही उत्तर बिहार के सहरसा जिले और देश के अन्य ऐसे पिछड़े जिलों और क्षेत्रों में उद्योगों की स्थापना के

लिये वहाँ जो साधन उपलब्ध हैं उनकी भी जांच कराई जानी चाहिये। इसके लिये अलग से एक संस्थान की स्थापना की जानी चाहिये, जो इस तरह की जांच करे और लोगों को बताये कि वहाँ कौन से उद्योग खड़े किये जा सकते हैं।

श्रीमान्, देश के अनेक क्षेत्रों में विकास के कार्य हुए हैं। इसमें सन्देह नहीं है, लेकिन उतनी ही सच यह बात भी है कि जो क्षेत्र पहले से विकसित रहे हैं, चाहे वे किसी भौगोलिक दृष्टिकोण से या ऐतिहासिक कारण से हों, लेकिन वे ही क्षेत्र ज्यादा विकसित हुए हैं। जो क्षेत्र पिछड़े थे, वे पिछड़े ही रह गये हैं। महानुभाव, पिछड़े क्षेत्रों में कुछ जिलों को योजना आयोग ने निर्धारित किया है और यह निश्चित किया है कि वे पिछड़े जिले हैं। उनमें विकास का काम तेजी से किया जाय, उसके लिये औद्योगिक विकास मन्त्रालय की ओर से सहायता का भी एलान किया गया है लेकिन तुराँ यह है कि जो इनका सिलसिला है उस ढंग से तो बहुत पिछड़े हुए क्षेत्रों में भी जो थोड़ा आगे बढ़े हुए हैं, कुछ विकसित हैं उन्हीं को लाभ मिल रहा है। जैसा कि उनका कहना है, जहाँ परिवहन की व्यवस्था नहीं है वहाँ उद्योग स्थापित नहीं हो सकते, लोग उद्योग स्थापित करने के लिये वहाँ नहीं जायेंगे जहाँ बिजली नहीं है वहाँ नहीं जायेंगे, जहाँ सघन कृषि क्षेत्र नहीं हैं, जहाँ सघन शिक्षा क्षेत्र नहीं हैं वहाँ वे नहीं जायेंगे। मैं नहीं समझता अगर यही क्राइटीरिया रखा जाये, इसी तरह की स्थिति रहे तो फिर वह क्षेत्र को जो एक दम पिछड़े हुए हैं, जो गांधीजी के शब्दों में—अन्टू दी लास्ट—सबसे नीचे धरातल पर हैं जहाँ बिजली नहीं है, जहाँ परिवहन की व्यवस्था नहीं है वहाँ कब तक आप पहुँचेंगे। यदि इसी आधार पर छोड़ देंगे तो पता नहीं इस देश का समयावित विकास कभी हो भी सकता है या नहीं। अतः इस सिलसिले में मेरा आग्रह है कि सरकार को स्वतः ऐसे जो निम्नतम स्तर के के पिछड़े क्षेत्र हैं वहाँ पर आगे बढ़ कर पब्लिक

सेक्टर की ओर से ही लघु उद्योग स्थापित करने की व्यवस्था करनी चाहिए।

आज बेकारों की फौज दिनों दिन बढ़ती चली जा रही है लेकिन हम उस अनुपात में रोजगार की व्यवस्था नहीं कर पा रहे हैं—यह एक भयावह स्थिति है। इसकी व्यवस्था बड़े बड़े उद्योग स्थापित करके आप कर सकेंगे, इसकी भी सम्भावना नहीं है। ऐसा आप नहीं कर सकेंगे। इसके लिए तो हमें लघु उद्योगों की ओर ही जाना होगा, ज्यादा से ज्यादा उनको प्रोत्साहन देना होगा तभी इस भीषण समस्या का हम समाधान कर पायेंगे। ग्राम उद्योग परियोजना के अनुसार मार्च, 1971 तक एक लाख 33 हजार व्यक्तियों को कार्य दिया गया है, 30,100 औद्योगिक इकाइयों को सहायता प्रदान की गई है और 1970-71 में 26 करोड़ रुपए के उत्पादन का अनुमान है इस अवधि में 39,500 व्यक्तियों को उन्नत तथा तकनीकी शिक्षा प्रदान करने की बात भी कही गयी है किन्तु गांवों के इस विशाल देश में इस आंकड़े की क्या विमात जहां लाख नहीं करोड़ों में बेकार और बेरोजगार लोग भटक रहे हैं। पता नहीं जिनको तकनीकी शिक्षा दी गयी है उन्हें भी रोजी रोजगार मुहैया करा दिया गया है या वे तकनीकी लोग भी शिक्षा प्राप्त करके अपने घर बेकार बैठे हुए हैं और भटक रहे हैं।

मैं मन्त्री जी का ध्यान बिहार की ओर भी खींचना चाहता हूं। बिहार में सौभाग्य से देश के 40 प्रतिशत खनिज इसी के भूगर्भ में समाविष्ट हैं किन्तु इसके बावजूद बिहार के पल्ले हैं यह दुर्भाग्य भी है कि वह सबसे पछड़ा हुआ है, सबसे गरीब क्षेत्र है उद्योग की दृष्टि से, बेकारी और बेरोजगारी की दृष्टि से वहां पर एक लाख व्यक्तियों में केवल 440 व्यक्ति ही उद्योगों पर निर्भर हैं। देश की कुल आबादी की 10.59 प्रतिशत आबादी बिहार में है लेकिन वहां पर देश की कुल भूमि

की केवल 5.71 प्रतिशत ही है। देश में आबादी का जो घनत्व है वह 370 व्यक्ति प्रति वर्गमील है किन्तु बिहार में आबादी का घनत्व 691 व्यक्ति प्रति वर्गमील है। बिहार की आबादी के 77 प्रतिशत व्यक्ति खेती पर निर्भर करते हैं। इतना ही नहीं, जहां देश में ग्रामीण तथा शहरी क्षेत्र के घनत्व का अनुपात क्रमशः 82.07 : 17.91 है वहां बिहार में वह अनुपात 91.59 : 8.41 है। इन आंकड़ों से स्पष्ट है कि वहां पर कृषि पर कितना बड़ा बोझ है। फिर भी केन्द्रीय उद्योग वित्त निगम की ओर से बिहार की जो उपेक्षा की जा रही है, बिहार पर जो अनुदार दृष्टि है उसमें सुधार किया जाना चाहिये। केन्द्रीय उद्योग वित्त निगम के इस रुख का प्रमाण यह है कि हमारे देश के औद्योगिक विकास में बिहार का हिस्सा सिर्फ 6 प्रतिशत है जबकि पश्चिम बंगाल और महाराष्ट्र का हिस्सा 21 प्रतिशत है। इसने जहां 82 करोड़ रुपया चीनी उद्योग के लिये सम्पूर्ण देश में दिये हैं लेकिन उसमें बिहार को केवल 90 लाख रुपया मिले हैं। जहां 1972 तक 526 उद्योगों को 376 करोड़ रुपये दिये गये हैं वहां बिहार को सिर्फ 25 उद्योगों को 22.23 करोड़ रुपये दिये गये हैं जबकि आबादी के अनुपात में तथा पिछड़ेपन की दृष्टि से इसे कम से कम 40-45 करोड़ मिलना चाहिये था। इस प्रकार से बिहार के साथ जो व्यवहार होता है वह अनुचित है और उसको दूर किया जाना चाहिये। मन्त्री महोदय को इस ओर ध्यान देना चाहिये ताकि बिहार भी अपने खनिज एवं प्राकृतिक साधन और जनशक्ति के आधार पर खड़ा हो सके और उद्योगों के मामले में भारत का एक विकसित राज्य बन सके। इसकी भी गरीबी दूर हो सके और बेरोजगारी तथा बेकारी मिट सके।

MR. DEPUTY-SPEAKER: Now, you will please conclude. That point has already been made by everybody. There is nothing new.

श्री चिरंजीव झा : मैं मन्त्री महोदय से यह निवेदन करना चाहूंगा कि आज जो लार्ज और लार्जर हाउसेज हैं, उनकी जो स्थिति है और जिस तरह से हमारे देश में गरीबी, पिछड़ापन और लोगों में बरोजगारी है वह बहुत कुछ उन लोगों की वजह से है। तो उस तरफ भी मन्त्री जो का ध्यान जाना चाहिये और उसको नियन्त्रण में लाना चाहिये।

मैं पुनः इस मन्त्रालय के अनुदानों की मांगों का समर्थन करता हूँ और आपको धन्यवाद देता हूँ जो आपने मुझे प्रश्न दिया।

औद्योगिक विकास मंत्रालय में उप-मंत्री (श्री जियाउर्रहमान अंसारी) : उपाध्यक्ष जी, कब्ल इसके कि मैं इण्डस्ट्रियल डेवलपमेंट की ग्राण्ट्स पर इस बहस में स्माल स्केल सेक्टर में जो थोड़ी बहुत इण्डस्ट्रियल डेवलपमेंट मिनिस्ट्री कर सकी है उसका तजक़िरा करूँ, मैं इस सदन के उन सारे के सारे माननीय सदस्यों का शुक्रिया अदा करना चाहता हूँ जिन्होंने खास तौर पर औद्योगिक विकास में, इण्डस्ट्रियल डेवलपमेंट के सिलसिले में और इस मुल्क की अनएम्प्लायमेंट प्रॉब्लम को दूर करने के सिलसिले में इस बात पर जोर दिया कि स्माल स्केल इण्डस्ट्रीज का डेवलपमेंट ज्यादा तेज़ी से होना चाहिये। मैं इस बात के लिये भी उनका शुक्रिया अदा करना चाहता हूँ कि उन्होंने खास तौर पर रीजनल इम्बैलेसेज को दूर करने और बैकवर्ड एरियाज को डेवलप करने की तरफ़ खास तवज्जह दी। मैं उस तश्वीश में, जो तश्वीश उनको, माननीय सदस्यों को स्माल स्केल इण्डस्ट्रीज को ज्यादा तेज़ी के साथ डेवलप करने की वजह से है, उनके साथ करीक होना चाहता हूँ। लेकिन मैं यह

सिर्फ़ अर्ज करना चाहता हूँ कि स्माल स्केल इण्डस्ट्रीज के डेवलपमेंट के सिलसिले में जो कुछ थोड़ा बहुत इण्डस्ट्रियल डेवलपमेंट मिनिस्ट्री कर सकी है उसके कुछ आंकड़े, उसके कुछ आदाद व गुमार इस हाउस के सामने रखना चाहता हूँ। इण्डस्ट्रियल डेवलपमेंट के सिलसिले में और खास तौर पर स्माल स्केल इण्डस्ट्रीज के डेवलपमेंट के सिलसिले में जब हमारी नज़र पड़ती है तो जो आंकड़े हमारे सामने हैं—1960-61 में कुल हमारी टोटल रजिस्टर्ड स्माल स्केल इण्डस्ट्रियल यूनिट्स, 61,000 थी। उसके मुकाबले में जब आज की रजिस्टर्ड स्माल स्केल यूनिट्स को देखते हैं तो यह तस्वीर हमारे सामने आती है कि 2 लाख 81 हजार रजिस्टर्ड स्माल स्केल इण्डस्ट्रियल यूनिट्स इस 9 साल के अर्से में इस मुल्क में उभर करके आयीं। यह सही है कि मैं इस डेवलपमेंट को बहुत काफ़ी नहीं समझता हूँ। मेरी भी ख़्वाहिश है कि इससे और ज्यादा होना चाहिये। लेकिन एक तरह का इत्मीनान होता है कि हम एक सही डायरेक्शन की तरफ़ बढ़ रहे हैं।

14.00 hrs.

उपाध्यक्ष महोदय, इण्डस्ट्रियल डेवलपमेंट का मसला, और खास तौर से स्माल स्केल सेक्टर में इण्डस्ट्रियल डेवलपमेंट का मसला एक टेढ़ा मसला है और हमारे भाई साठे साहब ने तो बड़ी आसानी से हल कर दिया, बैकवर्ड एरियाज के डेवलपमेंट के सिलसिले में बड़ी आसानी से इस मसले को हल कर दिया कि दो चीज़ें दे दो और उसके बाद सारे इम्बैलेसेज ख़त्म हो जायेंगे और सारी स्माल स्केल इण्डस्ट्रीज बढ़ जायेंगी। उन्होंने कहा कि रा-मैटीरियल और मार्केटिंग फ़ैसिलिटी जाये

दो चीजें दे दी जायें तो सारे इम्बैलेंसेज मुल्क भर के दूर हो जायेंगे और स्माल स्केल इण्डस्ट्रीज डेवलप हो जायेंगी। मैं उनसे डिसऐग्री करता हूँ। खाली ये दो चीजें मुल्क में स्माल स्केल इण्डस्ट्रीज के डेवलपमेंट के लिये, या बैकवर्ड एरियाज के डेवलपमेंट के लिये और रीजनल इम्बैलेंसेज को दूर करने के लिये काफी नहीं हैं। जो लोग भी इण्डस्ट्रीज के जानकार हैं, वह यह जानते हैं कि इण्डस्ट्री के डेवलपमेंट के लिये रा-मैटीरियल, मशीनरी, क्रेडिट फ़ैसिलिटीज, इन्फ्रा स्ट्रक्चर और उसके साथ साथ टेक्नीकल नो हाऊ, ये पांच मुख्य फ़ैक्टर्स हैं। इनमें से किसी भी एक फ़ैक्टर को अगर हम नैगलेक्ट कर देंगे तो रीजनल इम्बैलेंसेज को दूर नहीं कर सकते, और स्माल स्केल इण्डस्ट्रीज को जिद्ध तेजी के साथ बढ़ाना चाहते हैं, फ़लाना चाहते हैं, और मुल्क की अनएम्प्लायमेंट की प्रोबलम को सॉल्व करना चाहते हैं, नहीं कर सकते हैं।

इनमें से एक एक आइटम पर जो अभी तक हम कर सके हैं, उपाध्यक्ष जी, उसके ऊपर कुछ अर्ज करना चाहता हूँ, और यह भी बताना चाहता हूँ कि हमारी क्या प्लान्स हैं, क्या हम करना चाहते हैं, क्या हमारा औबजेक्टिव है और उस औबजेक्टिव को हम किस तौर पर हासिल करने के लिये क्या क्या कदम उठाना चाहते हैं। उपाध्यक्ष जी, रा-मैटीरियल के जो आंकड़े हमारे सामने हैं उनसे पता चलता है कि स्माल स्केल इण्डस्ट्रीज को 1961-62 में इम्पोर्टेड रा-मैटीरियल 16.58 करोड़ रु० की कीमत का स्माल स्केल इण्डस्ट्रीज सैक्टर में मिला। उसके मुकाबले में 1971-72 में

7.95 करोड़ रु० का इम्पोर्टेड मैटीरियल स्माल स्केल इण्डस्ट्रीज सैक्टर में दिया।

मैं दूसरे इंडिजिनस रा-मैटीरियल का जिक्र नहीं करना चाहता, लेकिन जो उनमें से सबसे ज्यादा महत्व का है, आयरन और स्टील उसका जिक्र जरूर करना चाहता हूँ। 1970 में 1 लाख 68 हजार 370 टनेज स्माल स्केल इण्डस्ट्रीज को अलाट हुआ। 1972 में 2 लाख 72 हजार 966 टनेज स्माल स्केल इण्डस्ट्रीज सैक्टर में आयरन और स्टील अलाट हुआ।

उपाध्यक्ष जी, नेशनल स्माल इण्डस्ट्रीज कोरपोरेशन ने जो हामर परचेज बेसिस पर मशीनरी दी है, उन मशीनरीज में 1969-70 में 4.56 करोड़ की इम्पोर्टेड मशीनरी स्माल स्केल इण्डस्ट्रीज सैक्टर में दी, और 1971-72 में 10.75 करोड़ की मशीनरीज दीं।

उपाध्यक्ष जी, क्रेडिट फ़ैसिलिटीज, जो तीसरा अहम मसला है किसी इण्डस्ट्री के डेवलप करने के सिलसिले में, आप जानते हैं, और यह सदन जानता है कि नेशनलाइजेशन से पहले जो कर्माशियल बैंक्स थे वह स्माल स्केल इण्डस्ट्रीज सैक्टर में बहुत मदद नहीं कर सकते थे। नेशनलाइजेशन से पहले जून, 1969 तक की जो फ़िगर्स हैं उनसे पता चलता है कि हमने 56,983 यूनिट्स को बैंक्स से असिस्टेंस दी, और जिसमें आउटस्टैंडिंग 286 करोड़ रु० का है। लेकिन इसके मुकाबले जून, 1972 में 1,25,067 यूनिट्स को कर्माशियल बैंक्स ने असिस्ट किया और उसमें 597 करोड़ रु०

[श्री जियाउर्रहमान अंसारी:]

आउटस्टैंडिंग है। ये फिगर्स मैंने इस खयाल से नहीं दीं कि गोया मामला बहुत ज्यादा आगे बढ़ गया है और सारा काम खत्म हो गया है। जो माननीय सदस्यों ने तशव्विश की उससे ऐंग्री करता हूँ। लेकिन जो थोड़ी बहुत हमारी ज़म्पलब्धियाँ हैं वे ऐसी हैं कि हम कह सकते हैं कि हमने एक अमली कदम उठाया है, खास तौर से दो, तीन साल के अर्से में।

मैं जिक्र करना चाहता हूँ जो फ़ाइनेंसिंग आ है स्माल स्केल सेक्टर में स्टेट फ़ाइनेंसिंग कोरपोरेशन्स से...

SHRI B. K. DASCHOWDHURY: It is not commensurate with the unit increase in money.

श्री जियाउर्रहमान अंसारी : मैं उसका भी जिक्र करूँगा।

जहाँ तक ट्रेनिंग और दूसरी सर्विसेज का बाल्लुक है, मेरे खयाल में ट्रेनिंग भी बहुत जरूरी एस्पेक्ट है। अगर सारे रा-मैटीरियल, सारी डिफेंसिलिटीज और सारी मशीनरी, सब कुछ हम किसी भी आदमी को दे दें, और जबकि हमारा एम्प्लॉयमेंट इस बात पर है कि हम स्माल स्केल इण्डस्ट्रीज सेक्टर में नये एन्टरप्राइजिस् को लाना चाहते हैं, तो यह सारी-की-सारी चीजें दे भी दी जायें, लेकिन अगर उन्हें प्रीपरेटिंग न हो एन्टरप्राइजोरशिप की, और जिस इण्डस्ट्री को चलाना चाहते हैं उनकी जानकारी न हो तो सारा का सारा हमारा सपना अधूरा रह जायगा, वह एक खवाब ही रह जायगा और कभी भी हम अपना टार्गेट पूरा नहीं कर सकेंगे। इस सिलसिले में मैं, ट्रेनिंग और दूसरी सर्विसेज के सिलसिले में जो स्माल स्केल इण्डस्ट्रीज सेक्टर ने काम किया है, उसके कुछ आंकड़े

मैं आपके सामने रखना चाहता हूँ। स्माल स्केल इण्डस्ट्रीज सर्विस इन्स्टीट्यूट्स जो हमारे हैं, जिन्होंने मैनेजमेंट डेवलपमेंट की, ट्रेनिंग के सिलसिले में और टेक्नीकल डेवलपमेंट के सिलसिले में, सैल्फ एम्प्लायमेंट ओरियेन्टेड कोर्सेज फ़ोर इंजीनियर्स, डिफेंस सर्विसेज के जो पर्सनल्स हैं, मैं ज्यादा आंकड़े नहीं देना चाहता...

MR. DEPUTY-SPEAKER: I would like to know whether all these figures you are giving are not already there in the Annual Report. Are they new figures you are giving? Because, if they are already there, what is the use of repeating them?

श्री जियाउर्रहमान अंसारी :

I do not think they are there. Most of them are not there.

Now I am not giving any more figures.

मैं अर्ज कर रहा था, मैं फिगर्स नहीं दे रहा हूँ।

स्माल स्केल इण्डस्ट्रीज सर्विस इन्स्टीट्यूट्स ने मुख्यतः ट्रेनिंग के सिलसिले में चाहे वह मैनेजमेंट की ट्रेनिंग हो, टेक्नीकल डिबेलपमेंट की ट्रेनिंग हो, सैल्फ एम्प्लायमेंट की ट्रेनिंग हो, काफी लोगों को ट्रेन किया है। इस ट्रेनिंग का एक पूरा सिलसिला हमने किया है। मुझे इतिहास हुआ पटना में एक वर्कशॉप में जाने का जहाँ स्माल स्केल इण्डस्ट्रियल डिबेलपमेंट आर्गनाइजेशन की तरफ से सेमिनार आर्गनाइज किया गया था जिस में सारे के सारे जो बाहर के हमारे टेक्नीकल लोग हो सकते थे बैंकिंग से ताल्लुक रखने वाले हों, इण्डस्ट्रीज से ताल्लुक रखने वाले हों, ट्रेड से ताल्लुक रखने वाले हों, सारे

के सारे पूरे के पूरे जोम के एक जगह इकट्ठा हुए थे और उन्होंने डिसकस किया था, मुख्तलिक पेपर तैयार किये थे, क्या क्या प्राबलैम्स हैं और उनका किस तरह से हल निकाला जा सकता है। इन सब चीजों से एक फिजा बनाने में, एक एटमासफियर बनाने में, ट्रेड परसनल को आगे बढ़ाने में और उन में हिम्मत पैदा करने में मदद मिलती है।

उपाध्यक्ष महोदय, मैं बड़े अदब के साथ अर्ज करना चाहता हूँ कि हमारा जो एजुकेशन सिस्टम है उस में एजुकेशन हासिल कर लेने के बाद खास तौर से हमारे एजुकेटिड यंगमैन सिवाय नौकरी के और कुछ नहीं सोच पाते। एजुकेशन हासिल करने के बाद उनको कहीं नौकरी के लिए ही जाना है, ऐसा वे सोचते हैं।

इस सिलसिले में हमारे नौजवान इंजीनियर और पढ़े लिखे लोगों में जहनी तबदीली लाने की जरूरत है, उनको ट्रेनिंग देने और एक फिजा पैदा करने की जरूरत है। उन में यह भावना पैदा होना चाहिये कि नहीं हम भी इण्डस्ट्रीज लगा सकते हैं और ऐसी भावना पैदा हो रही है। यह एक बहुत महत्वपूर्ण तबदीली आई है उनके महज जहन में। ट्रेनिंग के अलावा दूसरी मैनेजमेंट कंसटैंसी सर्विसिस हैं, ओपन हाउस डिसकशंस हैं, सैमोनार्ज हैं, डिब्रेलपमेंट प्रोग्राम्स हैं। इन सब से फिजा को बदलने में काफी मदद मिली है और हम काफी आगे बढ़े हैं।

श्री बी० एन० तिवारी : इनका स्ट्रक्चर और मार्किटिंग के लिए क्या किया है।

श्री जियाउर्रहमान अंसारी : वह भी मैं बताना चाहता हूँ। लेकिन एक दूसरी चीज भी है। कुछ प्रोडक्शन स्माल स्केल इण्डस्ट्रीज को प्रोडक्शन के सिलसिले में और परचेजिज के सिलसिले में देना भी बहुत जरूरी है। जहां तक प्रोडक्शन का ताल्लुक है 124 ग्राइटम्स इनके लिए बिल्कुल रिजर्व्ड हैं और ये स्माल स्केल इण्डस्ट्रीज में ही बन सकती हैं। 168 ग्राइटम्स ऐसी हैं जिन की परचेजिज सिर्फ स्माल स्केल इण्डस्ट्रीज से ही की जा सकती है। डायरेक्टर जनरल सप्लाइज एण्ड डिसपोजलज की जो परचेजिज हैं उस में भी काफी इजाफा हुआ है दो साल में और 25 करोड़ से बढ़ कर ये 86 करोड़ पर पहुंच गई हैं।

श्री बी० के० दासचौधरी : लैम्पस के सिलसिले में कुछ कहें।

श्री जियाउर्रहमान अंसारी : वैंस्ट बंगाल की स्माल स्केल इण्डस्ट्रीज के लैम्प प्रोड्यूसर कुछ मुश्त से मिले थे। उन्होंने मेरी इस तरफ तवज्जह दिलाई थी। वे स्माल स्केल इण्डस्ट्रियल सैंक्टर में बल्बज बनाते थे। किसी वजह से बड़ी इण्डस्ट्री को लाइसेंस दिये जाने की वजह से, उसकी कैपेसिटी बढ़ जाने की वजह से ये लोग हार्डशिप अनुभव कर रहे हैं और उनका कहना था कि सारे के सारे युनिट्स बन्द हो रहे हैं। मैं यकीन दिलाना चाहता हूँ कि इस पर हम तवज्जह दे रहे हैं और हम किसी भी तरह से स्मालर युनिट्स को मरने नहीं देंगे, खत्म नहीं होने देंगे।

MR. DEPUTY-SPEAKER: We are behind time now. Why not look towards the Chair, instead of giving elaborate replies to him...

SHRI B. K. DASCHOWDHURY: Let the hon. Minister explain this, Sir. It is very vital.

MR. DEPUTY-SPEAKER: It may be very vital, but he cannot deal with it by giving elaborate replies here. He has to deal it in his office, in his files, orders and that sort of thing.

Now, please conclude.

श्री जियाउर्रहमान अंसारी : मैं तीन चार बातों ही और अर्ज करना चाहता हूँ। नई इण्डस्ट्रियल पालिसी के तहत जो हमारा दृष्टिकोण है वह यह है कि जब हम किसी लार्ज स्केल इण्डस्ट्री को लाइसेंस दें तो उस में उनकी जो प्राजेक्ट होगी उस में कितनी एंसिलरीज प्राजेक्ट में शामिल होनी चाहिये, कितन कितन आइटम्ज को वे खुद प्रोड्यूस करेंगे, यह भी शामिल होना चाहिये। हम यह भी सोच रहे हैं कि भट्ट कमेटी ने जैसे रिपोर्ट की है कि कोई एक ऐसा लैजिस्लेशन होना चाहिये स्माल स्केल इण्डस्ट्रीज को प्रोटेक्शन देने के लिए कि उनको जो प्रोटेक्शन दिया जाता है वह कानूनी शकल अख्त्यार कर ले ताकि उसकी खिलाफवर्जी न हो सके।

स्माल स्केल इण्डस्ट्रीज का डिवेलपमेंट हम जिन डायरेक्शन्ज में ले जाना चाहते हैं उस में खास तौर से एग्री बेस्ड स्माल स्केल इण्डस्ट्रीज हैं, एक्सपोर्ट ओरियेंटेड लार्ज स्केल की एन्सलरी इण्डस्ट्रीज हैं और डिफेंस ओरियेंटेड इण्डस्ट्रीज हैं। इस सिलसिले में जो भी मदद हम स्माल स्केल इण्डस्ट्रीज

की कर रहे हैं, उसको और बढ़ाना चाहते

बैक्वर्ड एरियाज और बैक्वर्ड डिस्ट्रिक्ट्स की बात भी कही गई है। यह मामला दूसरी जगहों से जरा मुश्तलिफ है। इस वक्त जो फैसिलिटीज बैक्वर्ड एरियाज और बैक्वर्ड डिस्ट्रिक्ट्स को दी गई है, मैं खुद इस बात की तसलीम करता हूँ और महसूस करता हूँ कि कम हैं। इसको सरकार भी महसूस करती है कि वे काफी नहीं हैं। दस परसेंट की जो सबसिडी कुछ बैक्वर्ड डिस्ट्रिक्ट्स को दी गई है फाइनेंस मिनिस्टर साहब ने अपनी स्पीच में उसको पन्द्रह परसेंट बढ़ाने को कहा है। ये सारे के सारे नेक कदम हैं।

इनफ्रा स्ट्रक्चर डिवेलेप करने के लिए काफी तादाद में इण्डस्ट्रियल एस्टेट्स बनाने के लिए भी हमारे पास प्रोग्राम है ताकि इनफ्रा स्ट्रक्चर की कमी की वजह से जो मुश्किल खास तौर से स्माल स्केल इण्डस्ट्री को होती है वह न हो।

आखिर में मैं आपके जरिये इस सदन के सामने सिर्फ एक बात कहना चाहता हूँ कि जिस हद तक हम को स्माल-स्केल सैक्टर में बढ़ना चाहिए था, इस में शुबहा नहीं है कि अभी हम उस हद तक नहीं बढ़ सके हैं। लेकिन हमारा यह प्रयास और कोशिश है कि हम उस में तेजी के साथ बढ़ें, क्योंकि मुल्क की डेवेलपमेंट और अनएमप्लायमेंट की प्राबलम का सालूशन उन्हीं स्माल-स्केल इण्डस्ट्रीज को बढ़ाने और तरक्की देने में मुजमिर

شری شہا الرحمان انصاری :

(انڈسٹریل ڈویلپمنٹ منسٹری میں)
ڈپٹی منسٹر : ایادھکھس مہودے -
قبل اس کے کہ میں انڈسٹریل
ڈویلپمنٹ کی گرنا گرانٹس پر اس
بحث میں سال سکھل سیکٹر میں
جو تھوڑی بہت انڈسٹریل ڈویلپمنٹ
منسٹری کر سکی ہے - اس کا تذکرہ
کروں - میں اس سکن کے ان سارے
کے سارے مانیہ سدسیوں کا شکریہ ادا
کرنا چاہتا ہوں جنہوں نے خاص طور
پر ادھوکک وکاس میں انڈسٹریل
ڈویلپمنٹ کے سلسلے میں اور اس ملک
کی ایمپلائمنٹ پرابلم کو دور کرنے کے
سلسلے میں اس بات پر زور دیا کہ
سال سکھل انڈسٹریز کا ڈویلپمنٹ
زیادہ تیزی سے ہونا چاہئے - میں
اس بات کے لئے بھی ان کا شکریہ ادا
کرنا چاہتا ہوں کہ سال سکھل
انڈسٹریز کے سلسلے میں جو کچھ
تھوڑا بہت انڈسٹریل ڈویلپمنٹ
منسٹری کر سکی ہے کہ انہوں نے
خاص طور پر ریجنل امپلیمینٹس کو دور
کونے اور بیکورڈ انڈیا کو ڈیولپ کرنے
کی طرف خاص توجہ دی - میں اس
تشویش میں - جو تشویش ان کو -
مانیہ سدسیوں کو سال سکھل انڈسٹریز
کو زیادہ تیزی کے ساتھ ڈیولپ نہ
کرنے کی وجہ سے ہے - ان کے ساتھ
شریک ہونا چاہتا ہوں - لیکن میں یہ
صرف عرض کرنا چاہتا ہوں کہ سال

سکھل انڈسٹریز کے ڈویلپمنٹ کے
سلسلے میں جو کچھ تھوڑا بہت
انڈسٹریل ڈویلپمنٹ منسٹری کر سکی
ہے اس کے کچھ آنکڑے ، عدد و شمار
اس ہاؤس کے سامنے رکھنا چاہتا ہوں -
انڈسٹریل ڈویلپمنٹ کے سلسلے میں
اور خاص طور پر سال سکھل انڈسٹریز
کے ڈویلپمنٹ کے لئے جب محال
تو پڑتی ہے تو جو آنکڑے ہمارے سامنے
ہیں 1960-1961 میں کل ہماری
ٹوٹل رجسٹرڈ سال سکھل انڈسٹریل
یونٹس ہیں ۶۱۰۰۰ ہزار تھیں -
اس کے مقابلے میں جب آج کی
رجسٹرڈ سال سکھل یونٹ کو دیکھتے
ہیں تو یہ تصویر ہمارے سامنے آتی ہے - کہ
۲ لاکھ ۸۱ ہزار رجسٹرڈ سال سکھل
انڈسٹریل یونٹس اس نو سال کے عرصے
میں ابھو کرے آتی ہے - یہ صحیح
ہے کہ میں اس ڈویلپمنٹ کو بہت
کافی نہیں سمجھتا ہوں - مہدی بھی
خواہش ہے کہ اس سے اور زیادہ ہونا
چاہئے - لیکن اس طرح کا اطمینان
ہوتا ہے کہ ہم ایک صحیح ڈائریکشن
کی طرف بڑھ رہے ہیں -

ایادھکھس مہودے - انڈسٹریل
ڈویلپمنٹ کا مسئلہ اور خاص طور سے سال
سکھل سیکٹر میں انڈسٹریل ڈویلپمنٹ
کا مسئلہ ایک تھوڑا مسئلہ ہے - اور ہمارے
بھائی سیٹھی صاحب نے تو بڑی آسانی
سے حل کر دیا ہے - بیکورڈ انڈیا کے

سلسلے میں بڑی آسانی سے اس مسئلے کو حل کر دیا ہے۔ یہ دو چیزیں دے دو اور اس کے بعد سارے امپلیمنٹس ختم ہو جائیں گے۔ اور ساری سال سکھل انڈسٹری بڑھ جائیگی۔ انہوں نے کہا کہ را مینٹریل اور مارکیٹنگ فیسبلٹیٹیز یہ دو چیزیں دے دو۔ نو سارے امپلیمنٹس ملک بھر سے دو ہو جائیں گے۔ اور سال سکھل انڈسٹریز توہیلپ ہو جائیگی۔ میں ان سے دس ایگری کرتا ہوں۔ خالص یہ دو چیزیں ملک میں سال سکھل انڈسٹریز کے تیویلمینٹ کے لئے کافی نہیں ہیں۔ جو لوگ بھی انڈسٹریز کے جانکر ہیں۔ وہ یہ جانتے ہیں کہ انڈسٹری کے تیویلمینٹ کے لئے را مینٹریل۔ کریڈٹ فیسبلٹیٹیز۔ انفراسٹرکچر اور اس کے ساتھ ساتھ ٹیکنیکل نو ہاؤ یا یہ ہانچ خالص فیکٹری ہوں ان میں سے کسی بھی ایک سیکٹر کو اگر ہم نیوکلیمینٹ کوہیں کے تریمینٹل امپلیمنٹس کو ختم نہیں کر سکتے۔ اور سال انڈسٹریز کو جس تیوی کے ساتھ بڑھنا چاہئے اور ہم پھیلانا چاہتے ہیں۔ اور ملک کی ان ایپلیمنٹ کی پرابلم کو حل کرنا چاہتے ہیں۔ نہیں کر سکتے ہیں۔

ان میں سے ایک ایک آئٹم پر جو ابھی تک ہم کو سکے ہیں۔

اپادھکس جی اس کے آرہے کچھ عرض کرنا چاہتا ہوں۔ اور یہ بھی بتانا چاہتا ہوں کہ ہماری کیا پلانز ہیں۔ کیا ہم کوٹا چاہتے ہیں۔ کیا ہمارا اوہجیکٹو ہے اور اس اوہجیکٹو کو ہم کس طور پر حاصل کرنا چاہتے ہیں کیا کیا قدم اٹھانا چاہتے ہیں۔ اپادھکس جی۔ را مینٹریل کے جو انکڑے ہمارے سامنے ہیں۔ ان سے پتلا چلتا ہے کہ سال سکھل انڈسٹریز کو ۶۱-۱۹۶۰ میں امپورٹڈ مینٹریل ۱۶۰۵۸ روپے کی امپورٹڈ را کا سال سکھل انڈسٹریز سیکٹر میں۔ اس کے مقابلے میں ۱۹۷۰-۱۹۷۱ میں ۱۱۶۰۹۵ کروڑ روپے کا امپورٹڈ مینٹریل سال سکھل انڈسٹریز سیکٹر میں اس کے مقابلے میں دوسرے انڈیجھنسرا مینٹریل کا ذکر نہیں کرنا چاہتا لیکن جو ان میں سب سے اہمیت کا ہے انہیں ایڈسٹیل۔ اس کا ذکر ضرور کرنا چاہتا ہوں۔ ۱۹۶۰ میں ایک لاکھ ۶۸ ہزار اور ۳۸۰ ٹھنڈ سال سکھل انڈسٹریز کو آلات کہا گیا۔ ۱۹۷۲ میں ایک لاکھ ۷۲ ہزار نو ۶۸ ٹھنڈ سال سکھل انڈسٹریز سیکٹر میں انہیں ایڈسٹیل و آلات ہوا۔

اپادھکس جی تیشل سال انڈسٹریز کارپوریشن میں نے جو ہانچ پوچھو بھسز پر مشہوری دی ہے ان ۷۰-۱۹۶۹ ۲۰۵۶

کرور کی اسٹورٹیڈ مسٹریری سال
سکھل انڈسٹری سیکٹر میں دی
اور ۱۹۷۱-۱۹۷۲ میں ۱۰.۷۵ کرور
کی مشریری دے -

ایادھکھن جی کریڈٹ فوسلٹیز
جو توسرا اہم مسئلہ ہے کسی
انڈسٹری کے قویلیپ کرنے کے سلسلے
میں آپ جالتے ہیں اور یہ سدن
جانتا ہے کہ نیشنلائیزیشن کے پہلے
جو کمرشل بولکس تھے وہ سال
سکھل انڈسٹریز سیکٹر میں بہت
مدد نہیں دے سکتے تھے -
نیشنلائیزیشن سے پہلے جون ۱۹۶۹ تک
کی جو فکروز ہیں ان سے بیکہ
چلتا ہے کہ ہم نے ۵۶۹۸۳ پونٹس
کو بینک نے اسٹیمپس دی اور جس
میں آؤسٹیلڈنگ ۲۸۶ کرور روپے ہے
لیکن اس کے مقابلے میں جون ۱۹۷۲
میں 1,25,067 پونٹس کو کمرشیل بینک
نے اسٹیمپس دی اور اس میں ۵۹۷
کرور روپے آؤسٹیلڈنگ ہیں - یہ
فکروز میں نے اس خیال سے نہیں
دیں گویا معاملہ بہت زیادہ آگے بڑھ
گیا - اور سارا کام ختم ہو گیا ہے - جو
مانیہ سندھیوں نے تشویہ کی اس

کرنا چاہتا ہوں جو فائیلنگ ہوا ہے

ہمارے سال سکھل سیکٹر میں -
سٹورٹ فائیلنگ کارپوریشن سے

SHRI B. K. DASCHOWDHURY: It
is not commensurate with the unit
increase in money.

شری ضیالرحمان انصاری - میں
اس کا بھی ذکر کروں گا -

جہاں تک ٹریڈنگ اور دوسری
سروسز کا تعلق ہے میرے خول
میں ٹریڈنگ بھی بہت ضروری
اسپیکٹ ہے - اگر سارے رائلٹیڈ
ساری کریڈٹ فوسلٹیز اور ساری
مشینریز سب کچھ ہم کسی بھی
آدمی کو دے دیں اور جبکہ ہمارا
ایلمینٹس اس بات پر ہے کہ سال
سکھل انڈسٹریز سیکٹر میں نئے
ایلمینٹریلڈوز دو لانا چاہتے ہیں تو
ساری کی ساری چیزیں دے
دی جائیں - لیکن اگر انہیں برابر
ٹویڈنگ نہ ہو ایلیمینٹریلڈواشپ کی اور
جس انڈسٹری کو چلانا چاہتے ہیں
ان کی جانکاری نہ ہو تو سارا کا
سارا ہمارا سینا ادھورا رہ جاتا
ہے - وہ ایک خواب ہی رہ
جائیتا - اور کبھی بھی ہم اپنا
ٹارگٹ پورا نہیں کر سکتے -
اس سلسلے میں ٹریڈنگ اور دوسری
سروسز کے سلسلے میں جو سال
سکھل انڈسٹریز سیکٹر نے کام کیا
ہے اس کے کچھ انکڑے میں آپ کے سامنے
رکھنا چاہتا ہوں - سال سکھل انڈسٹریز
سروس انڈسٹریز جو ہماری ہیں

جہوں نے منجمعت ڈویلپمنٹ کی
ٹریننگ کے سلسلے میں اور ٹیکنیکل
ڈویلپمنٹ کے سلسلے میں سیلف
ایمپلائمنٹ کورسز فار انجینئرز کے
جو سپرسونل میں، میں زیادہ
آنکڑے نہیں دینا چاہتا ہوں۔

MR. DEPUTY-SPEAKER: I would like to know whether all these figures you are giving are not already there in the Annual Report. Are they new figures you are giving? Because if they are already there what is the use of repeating them.

SHRI ZIAUR RAHMAN ANSARI: I do not think they are there. Most of them are not there. Now I am not giving any more figures.

میں عرض کر رہا تھا کہ میں
فکرز نہیں دے رہا ہوں۔ سال
سکیل انڈسٹریز سروس انسٹیٹیوٹس
مختلف ٹریننگز کے سلسلے میں چاہے
وہ منجمعت کی ٹریننگ ہو۔
سیلف ایمپلائمنٹ کی ٹریننگ
ہو۔ کافی لوگوں کو ٹرینڈ کیا ہے۔
اس ٹریننگ کا ایک پورا سلسلہ ہم نے
کیا ہے۔ مجھے اتفاق ہوا پتہ میں
ایک ورکر ورکشاپ میں جانے کا جہاں
سال سکیل انڈسٹریز کی ڈویلپمنٹ
آرگنائزیشن کی طرف سے سمیٹار
آرگنائز کیا یلڈ تھا۔ میں سارے کے
سارے جو بہار کے ٹیکنیکل لوگ ہو
سکتے تھے۔ ہینکلنگ سے تعلق رکھنے
والے ہوں۔ انڈسٹریز سے تعلق رکھنے
والے ہوں ٹرینڈ سے تعلق رکھنے والے
ہوں۔ سارے کے سارے پورے کے پورے

ڈون میں ایک جگہ اگلے ہوئے
تھے۔ اور الہوں نے تسکس کہا تھا۔
مختلف مختلف پیپر تیار کئے تھے
کیا کہا پرابلز ہیں۔ ان
طرح سے حل نکالا۔ اچھا سکتا ہے
ان سب چیزوں سے ایک فضا بنانے
میں، ایک ایٹمووسفیئر بنانے میں
ٹرینڈ پرسنل آگے بڑھانے میں۔ اور
ان میں ہست پیدا کرنے میں
مدد ملتی ہے۔

ایڈھیکس مہوٹے میں ہرے
ادب کے ساتھ عرض کرنا چاہتا ہوں
کہ ہمارا جو ایجوکیشنل سسٹم ہے
اس میں ایجوکیشن حاصل کرنے کے
بعد خاص طور سے ہمارے ایجوکیشن
ایمپلائڈ سوائے نوکری کے اور کچھ
نہیں سوچ پائے۔ ایجوکیشن حاصل
کرنے کے بعد ان کو کہیں نوکری کے
لئے ہی جانا ہے۔ ایسا وہ سوچتے
ہیں۔ اس سلسلے میں ہمارے نوجوان
انجینئرز اور پڑھے لکھے لوگوں میں
ذہنی تبدیلی لانے کی ضرورت ہے
ان کو ٹریننگ دینے اور فضا پیدا
کرنے کی ضرورت ہے۔ ان میں یہ
بہاونا پیدا ہونی چاہیئے کہ
ہم بھی انڈسٹری لگا سکتے ہیں۔
اور ایسی بہاونا پیدا ہو رہی ہے۔
یہ ایک بہت اہم تبدیلی ہے۔ ان
کے ذہن میں ٹریننگ کے علاوہ
دوسری منجمعت کنسلٹنسی سروسز

ہیں۔ اوپن ہاؤس ڈسکھناڑ ہیں۔
سومہناڑ ہیں۔ ڈویلمنٹ پروگرام
ہیں ان سب سے فضا کو بدلنے
میں کافی مدد ملی ہے۔ اور ہم
کافی آگے بڑھے ہیں۔

سری تی این تھوری: انفوایٹرکچر
اور مارکٹنگ کے لئے کیا کیا ہے۔

شری ضیالرحمان آنصاری: وہ
بھی میں بتانا چاہتا ہوں۔ لیکن
ایک دوسری چیز بھی ہے۔ کچھ
پروٹیکشن سمسکھل انڈسٹریز کو
پروٹیکشن کے سلسلے میں اور پرچہز
کے سلسلے میں دینا بھی ضروری ہے۔
جہاں تک پروٹیکشن کا تعلق ہے
۱۲۴ آئٹمز ان کے لگے بالکل ریزرو
ہیں۔ اور یہ سمسکھل انڈسٹریز
میں می بن سکتی ہیں ۱۶۸
آئٹمز ایسی ہیں جن کی پرچہز
سمال سکھل انڈسٹری سے ہی کی
جا سکتی ہیں۔ تی۔ جی۔
ایس ایلڈ کی جو
پرچہز ہیں ان میں بھی کافی اضافہ
ہوا ہے۔ دو سال میں ۲۵ کروڑ سے
بڑھکر یہ ۸۶ کروڑ پر پہنچ گئی ہیں۔

شری بی۔ کے۔ داس چودھری:
کمپ کے سلسلے میں کچھ کہیں۔

شری ضیالرحمان: ویسٹ بنگال
کی سمسکھل انڈسٹریز کے کمپ

پروڈیوسرز کچھ سمجھ سے ملے تھے۔
انہوں نے میری اس طرف توجہ دلائی
تھی۔ جو سمسکھل انڈسٹریز میں
بلیب بنائے تھے۔ اس وجہ سے بڑی
انڈسٹریز کو لائسنسز دئے جانے کی
وجہ سے اس کی کچھ۔ مٹی بڑھ جانے
کی وجہ سے یہ لوگ ہارڈشپ محسوس
کر رہے ہیں۔ اور ان کا کہنا تھا کہ
سارے نے سارے یونٹس بند ہو رہے
ہیں۔ میں یقین دلانا چاہتا ہوں کہ
اس پر ہم توجہ دے رہے ہیں۔
اور ہم کسی بھی طرح سے سمسکھل
یونٹس کو مرنے نہیں دیں گے۔ ختم
نہیں ہونے دیں گے۔

MR. DEPUTY-SPEAKER: We are
behind time now. Why not look to-
wards the Chair, instead of giving
elaborate replies to him.....

SHRI B. K. DASCHOWDHURY: Let
the Hon. Minister explain this, Sir.
It is very vital.

MR. DEPUTY SPEAKAR: It may
be very vital, but he cannot deal with
it by giving elaborate replies here.
He has to deal it in his office, in his
files orders and that sort of thing

شری ضیالرحمان: میں تین چار
باتیں اور عرض کرنا چاہتا ہوں۔ نئی
انڈسٹریل پالیسی کے تحت جو ہمارا
نظریہ ہے وہ یہ ہے۔ کہ جب ہم
کسی لارج سکھل انڈسٹری کو لائسنس
دیں تو اس میں ان کی جو پراجیکٹ ہیں

اس میں کئی انسٹیٹیوٹس پراجیکٹ
میں شامل ہونی چاہیئے۔ کن کن
آئٹمز کو وہ خود پروجیکٹس کریں۔ یہ
بھی شامل ہونا چاہیئے۔ ہم یہ بھی
سوچ رہے ہیں کہ بجٹ کمیٹی نے
چھوٹے کہ رپورٹ کی ہے کہ کوئی ایک
ایسا لوہجسٹیشن ہونا چاہیئے کہ سال
سکیل انڈسٹریز کو پروجیکشن دینے کے
لئے کہ ان کو جو پروجیکشن دیا جاتا
ہے وہ قانونی شکل اختیار کرے تاکہ
اُس کی خلاف ورزی نہ ہو سکے۔ سال
سکیل انڈسٹریز کا ڈیولپمنٹ ہم جن
ڈیولپمنٹ میں لے جانا چاہتے ہیں۔
اس میں خاص طور سے ایگرو بیسڈ
سکیل سکیل انڈسٹریز ہیں۔ ایسپورٹ
اور نیٹ ورک سکیل کی انسٹیٹیوٹس
ہیں اور ڈیفنس اور نیٹ ورک انڈسٹریز
ہیں۔ اس سلسلے میں جو بھی مدد ہم
سال سکیل انڈسٹریز کی کر رہے
ہیں اس کو اور بڑھانا چاہتے ہیں

ہیگورڈ ایئرپورٹ اور ہیگورڈ سٹریٹ
کی بات بھی کہی گئی ہے یہ مطالبہ
دوسری جگہوں سے ذرا مختلف ہے۔ اس
وقت چونکہ سلیٹھز ہیگورڈ ایئر باز اور ہیگورڈ
ڈسٹرکٹس یہ دی گئی ہیں۔ میں خود
اس بات کو تسلیم کرتا ہوں اور
مختصر کرتا ہوں کہ کم ہیں۔
اس کو سرکار بھی محسوس کرتی ہے۔
وہ کافی نہیں ہیں۔ دس فیصدی

کی جو سو فیصد ہیگورڈ ڈسٹرکٹس
کو دی گئی ہیں۔ ڈیفنس منسٹر
صاحب نے ان کو اپنی سپلائی میں
۱۵ فی صدی بڑھانے کو کہا ہے۔ یہ
سارے کے سارے نہک قدم ہیں۔

انفراسٹرکچر ڈیولپمنٹ کرنے کے
لئے کافی تعداد میں انڈسٹریز
اسٹیمس بنانے کے لئے ہوتی ہمارے
پاس پروگرام ہیں تاکہ انفراسٹرکچر
کی کمی کی وجہ سے جو مسئلہ خاص
طور سے سال سکیل انڈسٹریز کی
ہوتی ہیں۔ وہ نہ ہوں۔

آخر میں میں آپ کے ذریعے اس
سدن کے سامنے صرف ایک بات کہنا
چاہتا ہوں۔ کہ جس حد تک نہیں
سال سکیل سپکٹر میں بڑھنا
چاہتے ہیں اس میں شعبہ شعبہ نہیں
ہے۔ کہ ہم ابھی تک اس حد تک
نہیں بڑھ سکے ہیں۔ لیکن ہماری یہ
کوشش ہے کہ ہم اس میں تیزی کے
ساتھ بڑھوں کہونکہ ملک کی ڈیولپمنٹ
اور ان الائنمنٹ کی پروگرام کا سہولش ان
ہی سے سال سکیل انڈسٹریز کو بڑھانے اور
ترقی دینے میں مدد ہے۔ لن الفاظ
کے ساتھ میں آپ کا شکریہ ادا کرتا ہوں۔

श्री तारकेश्वर पांडे (सलेमपुर) : उपाध्यक्ष महोदय, मेरी मान्यता है कि भारत सरकार उत्तर प्रदेश की उपेक्षा कर रही है और उत्तर प्रदेश अपने पूर्वी अंचल की उपेक्षा करता है। हम इस अंचल के प्रतिनिधि हैं और इस दुहरी मार से हम पीड़ित हैं।

उत्तर प्रदेश में 54 जिले हैं, जिन में से 27 जिले पिछड़े हुए माने जाते हैं। उत्तर प्रदेश की जनसंख्या का 46.7 प्रतिशत भाग पिछड़े हुए क्षेत्र में है। उत्तर प्रदेश की 37.5 प्रतिशत जनसंख्या पूर्वांचल में है और वह उपेक्षित है।

हमारी अर्थ-व्यवस्था एक मिश्रित अर्थ-व्यवस्था है। इस बात पर विचार करने की जरूरत है कि क्या मिश्रित अर्थ-व्यवस्था से हमारे समाजवाद के संकल्प पूरे हो सकते हैं। इस बारे में संकोच न कर के स्पष्ट रूप से विचार करना चाहिए। सरकार ने उद्योगों के सम्बन्ध में तीन श्रेणियां बनाई हैं; निजी क्षेत्र, सार्वजनिक क्षेत्र और अब एक नया क्षेत्र—संयुक्त क्षेत्र—आरम्भ किया गया है। इस सम्बन्ध में बहुत विचार करने के बाद मैं इस निष्कर्ष पर पहुंचा हूँ कि मिश्रित अर्थ-व्यवस्था से हमारी समस्याओं का समाधान नहीं हो पा रहा है। मैं सरकार, इस सदन और सारे देश के बुद्धिजीवियों से प्रार्थना करना चाहता हूँ कि इस बारे में विचार करने की जरूरत है कि क्या इस खिचड़ी अर्थ-व्यवस्था से हमारी समस्याओं का समाधान निकल सकता है, अगर नहीं निकल सकता है, तो फिर हम को कोई क्रान्तिकारी कदम उठाने की आवश्यकता है।

जहां तक उत्तर प्रदेश की अपेक्षा का सम्बन्ध है, पंच-वर्षीय योजनाएँ बनाते समय उत्तर प्रदेश की जनसंख्या का कुछ भी ध्यान नहीं रखा गया। अब तक उत्तर प्रदेश को जो सहायता दी गई है, वह उस की जनसंख्या को देखते हुए बहुत कम है। उत्तर प्रदेश जीवन के प्रत्येक क्षेत्र में पिछड़ता चला जा रहा है। अब इस बात पर विचार करने की जरूरत है कि जो राज्य निर्धन, गरीब और उपेक्षित है, जो औद्योगिक दृष्टि से और राज्यों से बहुत पीछे हैं, क्या उस की और उपेक्षा की जायेगी। इस स्थिति में उत्तर प्रदेश में बड़ा असन्तोष है, बड़ी उद्विग्नता है? भारत सरकार को इस पर गौर करना चाहिए।

सरकार ने कुछ जिलों को पिछड़े हुए जिले घोषित किया है, जिन में उत्तर प्रदेश के भी कुछ जिले हैं, और यह निश्चय किया कि उन्हें अमुक अमुक सुविधा दी जायेगी। मैं उद्योग मन्त्री से यह जानना चाहता हूँ—मैं उत्तर प्रदेश के बारे में विशेष रूप से जानना चाहता हूँ—कि क्या उन पिछड़े हुए जिलों में किसी ने उद्योग खोलने के लिए लाइसेंस लिया है, क्या किसी ने वहां पर कोई छोटा या बड़ा उद्योग स्थापित किया है। उन जिलों की स्थिति बड़ी भयावह है। उन जिलों की जनता में उद्योग स्थापित करने की भावना नहीं है। वहां निर्धनता है, अशिक्षा है, साधनों का अभाव है, यातायात के साधन बहुत वैज्ञानिक नहीं हैं, बहुत कम हैं। ऐसी स्थिति में कोई लाइसेंस नहीं लेता है।

[श्री तारकेश्वर पांडेय]

उदाहरण के लिए आप ने मुझे यह आदेश दिया कि अगर मैं इस नदी को पार कर लू, तो मुझे अमुक अनुदान मिलेगा। मैं तैरना नहीं जानता हूँ और आप उस की व्यवस्था नहीं करते हैं। तब आप का वह कागजी आदेश व्यर्थ और निरर्थक सिद्ध हो जाता है। सरकार हमारी सहायता करना चाहती है, लेकिन कोई लाइसेंस लेता नहीं है। सरकार हम को सहूलियत देना चाहती है, लेकिन बिना इंडस्ट्रीज के वह सहूलियत नहीं मिल सकती है।

मैं सरकार से जानना चाहता हूँ कि क्या पिछड़े हुए क्षेत्रों में निजी क्षेत्र, सार्वजनिक क्षेत्र और संयुक्त क्षेत्र में से किसी ने, या उन तीनों ने, कोई इंडस्ट्री स्थापित करने की इच्छा प्रकट की है; यदि नहीं, तो वह मुझ से स्पष्ट सुन ले कि उन जिलों की उन्नति नहीं हो सकती है, उन का औद्योगीकरण नहीं हो सकता है। उन जिलों में लाखों आदमी—शिक्षित और अशिक्षित—बेकार हैं। जिस अंचल से मैं आता हूँ उस में दुनिया में आबादी का सब से ज्यादा घनत्व देवरिया जिले में है। वहाँ फ्री आदमी एक-चौथाई भूमि पाता है। वहाँ छोटे छोटे किसान हैं और आबादी का पचाम फीसदी ऐसे लोग हैं, जिन के पास कोई जमीन नहीं है, जो खेतिहार मजदूर हैं। वहाँ उद्योग-धंधे नहीं हैं। यह व्यवस्था की गई है कि साढ़े छः एकड़ भूमि पर भूमि-कर नहीं लगेगा, लेकिन उत्तर प्रदेश सरकार ने जो विकास कर लगा दिया है, वह सब पर लग जायेगा। तब क्या होगा?

अगर सरकार इस स्थिति पर विचार नहीं करेगी, तो वर्तमान बेचैनी के परिणाम बहुत भयंकर होंगे। केवल नारों से समस्याओं का हल नहीं निकलेगा। अगर माननीय सदस्य बुरा न मानें, तो मैं कह दूँ कि दूसरे

दल के लोगों का उपदेश सुनने से भारत की समस्याओं का हल नहीं निकलेगा। मुझे यह बहुत अप्रिय मालूम होता है। हम दूसरों की बात सुनें, अगर वे हमारी बात सुनने के लिए तैयार हों। उदाहरण के लिए यदि हम अपने परिवार का संचालन करने के लिए किसी दूसरे को निमन्त्रित करें और कहें कि आईये, हम को शिक्षा दीजिए, तो यह बड़ी अघम बात होगी। इस तरह दल नहीं चल सकता है और देश नहीं उठ सकता है।

पिछड़े क्षेत्रों में उद्योग स्थापित करने की भावना नहीं है। सरकार वहाँ उद्योग-पतियों को नहीं भेजती है। सार्वजनिक क्षेत्र में कोई उद्योग चलाते नहीं हैं। यह जो नया नारा आप ने दिया है संयुक्त क्षेत्र का इस में कोई इंडस्ट्री जाती नहीं? खेन कम हैं। बेकारी अधिक है। अशिक्षा है। यातायात के साधन नहीं हैं। मैं आप से सीधा प्रश्न करना चाहता हूँ कि समस्या का हल कैसे आप करना चाहते हैं? क्या समाधान निकालते हैं? हमसे आप यह उम्मीद करते हैं कि जो अनुदान आपने प्रस्तुत किया है उस का हम समर्थन करें। मैं एक बड़ा पुराना विनयशील सिपाही हूँ, उस का समर्थन करता हूँ। लेकिन उस का समाधान जब तक आप नहीं निकालेंगे देश एक इंच आगे नहीं बढ़ सकता है। देश निर्धन होता चला जा रहा है। किसी क्षेत्र में उद्योग अधिक होते चले जा रहे हैं और किसी क्षेत्र में उद्योग का नामोनिशान नहीं है। आप बताइए इस का समाधान क्या निकालते हैं? अगर आप समाधान नहीं निकालते हैं तो मुझ से सुनिए, चाहे कितनी भी बात कीजिए, कितनी भी चर्चा कीजिए किसी प्रकार के नये आदर्श और संकल्प की घोषणा कीजिए, इस समस्या का समाधान नहीं हो सकता।

अब उत्तर प्रदेश के बारे में मैं यह कहना चाहता हूँ कि कानपुर शहर है वहाँ

उद्योग हैं। कानपुर और लखनऊ के बीच में उद्योग डबलप करने जा रहे हैं। उत्तर प्रदेश की जो कमिशनरियां हैं बनारस, गोरखपुर, आगरा, इलाहाबाद, मेरठ, बरेली और भी हो सकती हैं इन क्षेत्रों में सार्वजनिक रूप से नहीं, अधिक नहीं, लेकिन इन में कहीं इंडस्ट्रीज हैं, मगर जिलों का अगर मैं आप को नाम सुना दूं, उत्तर प्रदेश के पूर्वी अंचल में जिस में 18 जिले हैं, सिवाय बनारस और गोरखपुर को छोड़ कर के कहीं किसी इंडस्ट्री का नामो निशान नहीं है। आप ने सहूलियत दी, कोई लाइसेंस लेने वाला नहीं है। जो पुरानी इंडस्ट्री हमारी है, जो कुटीर उद्योग हैं वह मृत्यु को प्राप्त हो चुके हैं। (व्यवधान) लाइसेंस देने का प्रश्न नहीं है, कोई लेने वाला ही नहीं है। कुटीर उद्योग समाप्त हो चुके हैं। जन मानस में उद्योग की भावना नहीं है। खेती से समस्या का हल नहीं निकल सकता। एक बड़ी फौज बेकारों की खड़ी हो गई है। तो मैं आप के इस अनुदान का समर्थन करते हुए बड़े स्पष्ट शब्दों में आप से निवेदन करना चाहता हूं कि सदन के सामने आप स्पष्टीकरण करें कि जो पिछड़े हुए क्षेत्र हैं उन का समाधान आप क्या निकाल रहे हैं ?

श्री पन्नालाल बारूपाल (गंगानगर) : उपाध्यक्ष महोदय, मैं आप का बहुत आभारी हूं कि आप ने मुझे बोलने का समय दिया। मैंने कोई अध्ययन तो किया नहीं है और सही बात तो यह है कि पिछले बीस वर्षों का मुझे पार्लियामेंट का अनुभव है, अगर मैं यह कह दूं तो लोग मेरी बुद्धि का मजाक समझेंगे, मैं सरकार के आंकड़ों में, भाषणों में और आश्वासनों में विश्वास नहीं करता हूं। मैं वास्तविकता में विश्वास करता हूं। दरअसल हमारे माननीय सदस्य पांडेय जी तथा दूसरों ने जो विचार प्रकट किए हैं मैं उन से सहमत हूं। मैं एक मजदूर आदमी हूं, बुनकर हूं। चमड़े और जूते का काम हमारे परिवार और स्वजाति के लोग करते थे और बुनाई

का काम भी करते थे। लेकिन आज उद्योग विकास के नाम से हमारी सरकार दोहाई देती है गरीबों की रोजी रोटी देने की, पर मैं सरकार से कहना चाहता हूं कि वह मुझे साथ ले कर केवल राजस्थान में नहीं, सारे हिन्दुस्तान में चल कर उन गरीबों की हालत को देखें जो घरेलू उद्योग धंधों में लगे हुए थे, वास्तविकता यह है कि आज वह भूखों मर रहे हैं। क्यों भूखे मर रहे हैं ? क्यों कि उन के सारे निजी उद्योग चौपट हो गए। मिसाल के तौर पर मैं बताता हूं कि चमड़े और जूतों का काम करने वालों को सरकार ने प्रोत्साहन न दे कर बड़े बड़े कैपिटलिस्टों को, पूंजीपतियों और उद्योगपतियों को प्रोत्साहन दिया। कहते हैं चमार को खा गया बाटा, लोहार को खा गया टाटा और बुनकर को खा गया विरला। राय मजदूर और ईंटों के भट्ठों का काम करने वालों को खा गई डालमिया की सीमेंट फैक्ट्री।

मैं अपने यहां का अपने एक मोहल्ले का, उदाहरण देता हूं। मेरे मोहल्ले में पहले 120 दूकानें थीं जूता बनाने वालों की अब ईमानदारी से आप से कहता हूं दो दूकानें भी नहीं हैं। जिन गांवों में खादी का काम करने वालों की दस दस बीस बीस दूकानें थीं आज वह सब चौपट हो गई हैं। एक भी नहीं है और ग्रामोद्योग के नाम से आप ने खादी और ग्रामोद्योग वालों को यह दे दिया है जिस के अन्दर सब चोर और लुटेरे बैठे हुए हैं। वह सब लूट कर खा गए जिन को लाखों और करोड़ों रुपया आप देते हैं और वह हमीं लोगों से काम सीख सीख कर हमारे ही धन्धे को खत्म कर रहे हैं। मैं गुस्सा नहीं करता, मगर सही बात यह है कि हम को तो क्रूर दिया बेकार और वही वाम्हन बनिये जो हमी से प्रशिक्षण ले ले कर के जाते हैं हमारी ही रोजी रोटी छीन कर उन लोगों को आप यह धन्धा दे रहे हैं। यह है सरकार के समाजवाद का नमूना जो मैं आप को बताना चाहता हूं।

श्री के० एस० चावडा : (पाटन)
गरीबो हटाओ प्रोग्राम का क्या हो रहा है ?

श्री पन्नालाल बारूपाल : गरीबो हटाओ नहीं, गरीबो बढ़ाओ हो रहा है या गरीबो मिटाओ । डिस्ट्रिक्ट मत करिए । मुझे बोलने दीजिए ।

आज राजस्थान में क्योंकि पोलिटिकल पावर मेरे पोछे नहीं है, बांका नेर डिवाजन से केवल एक ग्राम में कांग्रेस का पिछले 20 वर्षों से यहां सदस्य हू, एक डोज हाईनेस महाराजा कर्णी सिंह हैं जो बहुत अच्छे हैं लेकिन वह इंडिपेंडेंट हैं, एक मैं हू, एक राज्य सभा में हैं और एक और दूमेरे हैं । तो मेरे कांग्रेस पार्टी के अकेले होने के कारण वहां कोई औद्योगिक विकास का काम नहीं हो पाया क्योंकि कहा कि

एक लकड़ी ना जले ना हो उजाला होय ।
बारूपाल का साथी कोई नहीं बारूपाल
अकेला होय ।

हमारा साथी कोई न होने से आज मेरे इनके में इंडस्ट्रियल डेवलपमेंट के नाम पर कहीं कोई विकास नहीं हुआ है, यह मैं मुख्तियार साहब को बताना चाहता हू । मैं जब देखता हू गंगा नगर, बांका नेर और राजस्थान को तो गंगा नगर कृषि प्रधान क्षेत्र है । वहां पर गंग नहर है, भाखड़ा नहर है और राजस्थान नहर है, गवार कहीं पैदा होता है और कारखाना कहीं बनाया जाता है ? ट्रैक्टर कहां चाहिए लेकिन ट्रैक्टर का कारखाना कहां बनाया है ? हम गन्ना पैदा करते हैं लेकिन चीनी की मिल कहां लगायी ? हमको उर्वरक चाहिये लेकिन

खाद का कारखाना कहां बनाया ? कमी बुद्धिमानी से न गवर्नमेंट ने सोचा और न सरकारी अफसरों ने सोचा । मुझे शर्म आती है आपकी बुद्धि और अकल पर । आप कहेंगे कि कैसी बकवास मैं करता हूँ, मगर मैं आपको बताऊँ, रुई हमू पैदा करते हैं और रुई के कारखाने कहां खोल रखे हैं बम्बई में । सोमेंट को जो हालत है उस पर शर्म आती है । आज हमारो लड़को ने टेलीफोन किया कि पिता जो, एक छोटे से काम के लिए 15 रु० में एक थैला सोमेंट का नहीं मिल रहा है, मैं बहुत हैरान हू । मैं ने कहा कि बेटो, तू चलो जा राजस्थान नहर का काम जहां हो रहा है, वहां सरकारा सोमेंट 5 रुपये में वह दे देंगे । शर्म का बात है कि चोरो का माल सरकार का जो है वह तो 5 रुपये में मिल जाता है और कंट्रोल का पन्द्रह रुपये में भी नहीं मिलता । यह है आपको गवर्नमेंट की व्यवस्था । मैं आपको सलाह क्या दू ।

आज जो योजनाएँ बनती हैं, मंत्री जो ने कहा कि पांच लाख मजदूरों को वह काम देंगे, ऐसी प्लानिंग बन रही है । एक हं। नुस्खा मेरा मान लें तो पांच लाख नहीं दस लाख को काम दे सकने हैं । आज लाइसेंस वालों को तो लाइसेंस पर लाइसेंस दिया जाता है, बिरला को दो, टाटा को दो, लेकिन वह समाजवाद जो आप लाना चाहते हैं, बड़ों का पेट काट कर छोटों को कब देंगे ? यह टाटा बिरला डालमिया—सुई भी वही बनाएं, इंजन भी वही बनाएं, केन भी वही बनाएं, पाउडर,

लिपस्टिक दुनिया भर के तेल और साबुन सब वही बनाएं ? यह क्या है ? मैं कहता हूँ वह भूखे नहीं मरेंगे । उनको ऐसा उद्योग दे दोजिये जिससे वह अपना पेट पाल सकें । हम किसी को भूखा नहीं मारना चाहते । जोश और जाने दो, गांधी जो वाली नीति को अपनाएँगे । ये छोटे छोटे धन्धे उनसे ले लोजिये और उनको उसके लिए रा मैनोरेयल मत दोजिये । वही फारमूला अपनाइए, करोड़ों आदमियों को एक एक धन्धा दे दोजिए, लाखों आदमियों को काम मिल जाएगा, बेकारों मिट जायेंगे । लेकिन कौन करे ? इस तरह समाजवाद आने वाला नहीं है । चीनो बहुत पैदा कर रहे हैं । चीनो को बात मैं बताऊँ ।

70 प्रतिशत चीनो जो कंट्रोल रेट में मिलता है वह तो दो पये दत्त पैसे किनो के भाव पर ले ने दोजिये जाइए कंट्रोल को हटाने वाला कहता है कि बाह्यजाल जा चीनो नहीं है । बाहर सरकार की बुद्धि । अजोब हैरानों की बात है । डेढ़ किनो चीनो कंट्रोल के भाव पर नहीं मिलता है और साढ़े चार रुपये के भाव पर तो टन चीनो ले लोजिए । सुब्रह्मण्यम साहब अगर हिन्दुस्तान के अन्दर शर्वत पिलाना चाहें तो मैं सौ टन चीनी लाकर उनको दे सकता हूँ साढ़े चार रुपये के भाव पर । क्या यही नीति है सरकार की ? सरकार को शर्म नहीं आती ऐसी नीति पर ? लोग हंसते हैं और जूते मारते हैं हमको कि तुम वहाँ पार्लियामेंट में बैठ कर क्या करते हो ? मैंने कहा कि हम वहाँ खड़े मारते हैं, क्या करें ? कौन सुनता है हमारी ?

तो यह कोई पालिसी है ? यह आपने बहुत अच्छा किया जो मुझे मौका दिया । मैं दुखी आदमी हूँ और आप सुन लें, न तो मुझे कोई मिनिस्ट्री चाहिए और न कोई और चीज चाहिए : मैं जनता का आदमी हूँ । जनता ने पांच बार चुन कर भेजा, आ गए । अब मैं थका गया । यहां आने में भी कोई मजा नहीं है । क्योंकि हमारी तो वही हालत है :

चाह गई चिन्ता मिटी मनुवां बेपरवाह ।
जिन को कुछ न चाहिए वही शाहंशाह ॥
मिनिस्ट्रियों से मैं अपने को अच्छा समझता हूँ । आप को तो लोग पोछ पोछे गाली देते हैं । हमको कम से कम नमस्ते तो करते हैं ।

यह आपको समझने की कोशिश करनी चाहिये । आप पदों पर बैठे हैं, इसलिये लोग आपको नमस्ते करते हैं, पदों से हट जायेंगे तो कोई नमस्ते नहीं करेगा । बहुत से मिनिस्टर सड़कों पर फिरते हैं, कोई नहीं पूछता । हमारी इन्दिरा जो देश में समाजवाद लाना चाहती हैं, लेकिन कुछ लोग उनके पोछे लिपटे हुए हैं, उनको समाजवादो नीतियों का नामो-निशान मिटाना चाहते हैं । हमारी मिनिस्ट्री में ऐसे आदमी हैं, ऐसे पूजोपति बैठे हुए हैं जिनको कुछ नहीं पता कि समाजवाद क्या है, वो स्वयं समाजवाद नहीं चाहते हैं ।

आपने कहा कि समाजवाद लायेंगे । लैंड रिफार्म की बहुत चर्चा चली, लेकिन खोदा पहाड़ निकला चूहा, क्या हुआ ? पे-कमीशन की रिपोर्ट आई है—क्या मिला ? लाखों-करोड़ों रुपया पे-कमीशन की रिपोर्ट बनाते बनाते अफसर खा गये । इसलिये मैं

[श्री पन्ना लाल बरुपाल]

आपसे कहता हूँ कि आप सोचिये, समझिये। खूनी क्रान्ति आयेगी, लोग आपका मज्जाक उड़ावेंगे। देश में तूफान आयेगा, उसको आप रोक नहीं सकेंगे। अगर कोई आदमी समय के प्रभाव को रोकने का असफल प्रयास करता है, वह बुद्धिमान नहीं है। बाढ़ आती है तो हमारे बालू के टीले रोक नहीं पायेंगे और फिर हमारा और आपका, किसी का पता नहीं लगेगा। इसलिये सुब्रह्मण्यम साहब, थोड़ा अक्ल से काम कीजिये।

SHRI K. GOPAL (Karur): Mr. Deputy Speaker, Sir, I rise to support the demands of the Ministry of Industrial Development. I am happy to see that the industrial growth for the period April to December, 1972 is 7.8 per cent as compared to 4.8 per cent in 1970 and 2.9 per cent in 1971. I am also happy to see that the capacity utilisation in many industries especially cement, paper, aluminium, caustic soda, soda ash, calcium, carbonate has been 90 per cent. But, in my opinion we should not just sit back and we should not feel happy about our performance and we should not feel complacent whatever we achieve. We should try and achieve more especially in the industries where there is lot of export potential. In this connection, I may mention about mica. We are exporting mica to many countries and I understand if mica is sent out from our country as a finished product, the foreign exchange earnings will be more than 10 times, than what we are getting now by sending raw mica:

We are exporting Iron ore from our country. We are trying to expand the steel plants and for some years we cannot utilise the iron ore which is available in the country. I agree, but mica—98 per cent of it is exported. I only wish....

MR. DEPUTY-SPEAKER: I am not sure whether mica comes under the Ministry of Industrial Development. There is a lot of confusion. I think it comes under the Ministry of Foreign Trade.

SHRI K. GOPAL: I next come to the joint sector concept. My friend Shri Sathe has dealt with it very extensively. I will make only one submission. If joint sector concept is a step towards abolition of the private sector, I agree with that. But in my humble opinion with this joint sector concept we are neither here nor there. As I said earlier, if we want to abolish the private sector in the future, we cannot have joint sector now. But for some time what we have seen and of what we have experience, we are falling only in the trap of the capitalists who have got hold on the private sector. Because, even in the management of many undertakings in which we are going to have this joint sector concept implemented, I find only people who had been in the private sector and they had been allowed to enter.

As for management, we should have a clear cut policy. In industries where we have got majority participation from public financial institutions we should send as representatives expects in those lines. There is no point in sending somebody from the Secretariat for the sake of representation; we must have people who know the job. I say this because many IAS officers are shunted out to these posts. I do not say that they lack integrity or efficiency; I say they are not meant for this job. To put a bureaucrat to run a textile mill will not only harm that industry but will also demoralise persons who belong to the cadre. Therefore only technocrats should be placed in positions where technical qualifications are needed. My submission is: a good technocrat could be a bureaucrat; but a bureaucrat could not be a good technocrat. May I in

this connection point out that the Hindustan Photo Films in my State lost Rs. 14 crores and the moment we put professional management there it turned the corner. It is the case with all industries. So, I request that technically competent people should be made to head these organisations.

I now come to the National Textile Corporation. Before 30 October when we took over 47 textile mills, many mills were reporting sick. Out of 630 textile mills, 103 are with the National Textile Corporation and since these were taken over I understand that they have started showing profits.

The basic needs of men are food and clothing. By taking over wholesale trade in wheat we are solving the food problem and I suggest that all the textile mills in our country should be brought under the National Textile Corporation. Experience has shown that we can certainly do the job. With regard to monopolies, I have to say this. On the one hand we say we want to curb monopolies and on the other hand we see that they are happily getting away with whatever they have got. The Industrial Policy Resolution is clear that expansion should be allowed only in sectors where it will help economic growth of the country. But even in unsophisticated areas, in areas where we can ourselves manage, the monopolies are allowed entry. In this context, I want to say that we are allowing expansion and diversification in many industries. For instance, the Union Carbide and the India Tobacco are allowed diversification in areas where we can do ourselves. The argument given is that they dilute foreign equity. Unless we physically dilute foreign equity in these concerns, we are not going to dilute foreign equity by merely asking them to increase Indian equity because you are allowing them to repatriate their profits to foreign lands. Legally we may not have the right to nationalise these industries but morally we have got every right to nationalise them.

Coming to the consumer industry, I do not know why many of the consumer industries cannot be standardised. Why do you want number of brands of cosmetic items? Why should we not standardize the items? In future, it will be easy for us to take over these industries if we standardize these consumer items in the country.

My hon. friends talked about backward areas. Unless we have the infra-structure, we are not going to have any industry. In my opinion, Government is to be clear about the infra-structure if we are going to develop our industry. If you say that you are going to develop the industries only where the infra-structure is available, we are not going to develop the backward areas. My request to the Minister is that only backward areas should be given special consideration.

Coming to my own State, I do not think that industrial growth is given any importance as it should be. Many reasons are put forward. One of the reasons is that there is inordinate delay in the matter of issuing of licences by the Centre. I would request the hon. Minister to enlighten us as to how many licences were asked for by our State and how many letters of intents have been issued and how many licences were actually issued so that the blame is not thrown on the Centre. On going through the Report of this Ministry I find that very few rooms are available in Vigyan Bhavan for housing the Ministry, and that the office has been shifted to a new building which was occupied by a foreign mission. On going through the report, I find that there is nothing more than that to encourage Scientists. In my opinion, without Scientists, we cannot advance at all. We have to give a lot of encouragement to them and they should not be left at the mercy of a few officials and they should be allowed to have their own say. In our country the scientists are not encouraged and they are not paid as much as they should have been. I would request the hon. Minister to

[Shri K. Gopal]

see that the scientists in our country are encouraged to the extent they should be.

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): Mr. Deputy-Speaker, Sir, only about eight months ago, I was called upon to administer this portfolio of Industrial Development and also to continue my charge of the Department of Science and Technology. But, I am no stranger to this because I had the privilege of administering many of the industries from 1960 to 1964 in Shri Jawaharlal Nehru's ministry. In between, I have had the experience of functioning in other ministries which includes Food and Agriculture. With this background, I am fully aware of the important and vital role which Industrial Development has got to play in the economic development of our country. But, at the same time, I do claim that I have some little knowledge of the mechanism of Industrial Development. It is from this aspect that I have closely listened to the speeches of various hon. Members from this side and also from the other side. I am really grateful to the various criticisms they have made as also to the suggestions that have been made for improving the performance of this Ministry which should lead to better economic development. We have submitted a report on the ministry's functioning during last year. Now we have attempted to give a full picture of the functioning of this ministry as also the functioning of various industrial units under our charge. Only recently heavy industries have been transferred to the Ministry of Heavy Industry. They have been put in charge of my abler and respected colleague. Shri T. A. Pai. But, still, we had to include an account of the functioning of these industrial units because, for most of the year, they were under the charge of this ministry.

One important feature with regard to industrial development during 1972

is the turn in the growth of the industries as such. Whereas in 1970 and 1971 the industrial growth was 4.8 and 2.9 per cent respectively, it has taken a turn for the better and it is likely to be 7 plus during 1972. Some mention was made with regard to the content of this growth, that nearly one-third or 27 per cent was in textile industry and it is the textile industry which has mainly contributed to this. It is not so. As a matter of fact, there are other very important areas in which this growth has taken place. As against an average increase of about 7 per cent, higher rates of increase have been registered in textiles 9.3, chemicals 18, non-metallic minerals 8.2, basic minerals 7, non-electric machinery 7.8, electric machinery 7, transport equipment 8.4, rubber products 12.1, leather and fur products 10.1 and mining and quarrying 7.6. There has been slackness, lower rates of increase and deceleration in non-priority items such as food manufacture 1.2, beverage and tobacco 3.4 and miscellaneous industries 28.4. I tried to find out what these miscellaneous industries are in which a decrease has taken place. They are water meters, watches and clocks, manufacture of jewellery and related articles and pencils. I do not think we need worry about these. So, it is not as if the growth has been in non-essential sector. On the other hand, in many of the priority industries and basic industries during 1972, significant growth has taken place. This will have to be kept in mind.

1973-74 is going to be a crucial year from two points of view. What we are able to achieve during 1973-74 will determine the level of achievements in the fourth plan. The capacities we are able to establish and the levels of production which we would be able to reach during 1973-74 will form the base upon which we have to build the fifth plan. From these two aspects, we have to attach some importance to the growth in 1973-74. From that point of view, we have to

be clear with regard to our priorities for the future and progress particularly during 1973-74. I propose to deal with this under three heads: 1. Utilisation of the existing capacity. 2. Implementation of the letters of intent and licences which have already been issued. 3. Future policy of licensing and the pattern of industrial growth.

15.00 hrs.

As far as the tempo of industrial growth particularly during the first one or two years of the Fifth Plan is concerned, it is my respectful submission that it is going to depend mainly on the utilisation of the existing capacity to the maximum extent possible. That alone could contribute to greater growth particularly when capacities which are available are not being utilized today. This is one aspect which we will have to keep in mind. We have been trying to take various measures for the utilisation of capacity. It is from this angle that we wanted to regularise some of the existing capacities for the purpose of maximum utilisation.

We called for applications from the various existing enterprises. If they had existing capacity and without further capital equipment being put in they would be in a position to improve production, then we were prepared to regularise that capacity. When applications were received on that basis, we divided them into two parts—applications by larger houses and applications by middle entrepreneurs and small-scale industries. With regard to small-scale industries and middle entrepreneurs, we took a more generous view and regularised most of the capacities which were asked for. Even there we were able to accept only 55 to 60 per cent of the applications roughly. The rest were for expansion in the guise of utilising the existing capacity. We could not allow that. That could be done only on the basis of fresh application for licence.

As far as larger houses are concerned, we have appointed a task force for the purpose of scrutinising how the larger capacities have come into existence. We regularise the excess capacity only in very crucial areas where production is very important for industrial growth or export possibilities are there. It is on that basis that we have now regularised the existing capacity.

For the purpose of utilisation of capacity we have to look into the area of supply of raw material. The availability of raw material stood in the way of utilising the existing capacity in many areas, particularly in engineering and chemical industries. We are trying to identify the deficiencies in availability of steel, non-ferrous metals and chemicals. We have an import programme so that sufficient raw materials may be available for the purpose of utilising these capacities. For 1973-74 also a similar exercise has been made. Taking into account the foreign exchange availability, it would be our endeavour to make available as much of raw materials as possible so that the existing capacities could be fully utilized. In this the requirement of the small-scale sector would be fully taken into account. I want to give this assurance to the House that we are giving, and trying to give, the highest priority to the development of small-scale industries as compared to the medium and large-scale industries. Therefore, the first constraint is with regard to raw materials.

The second is with regard to power about which good deal of concern was expressed not only in this House, but also outside. I am sure, my colleague, the Minister of Irrigation and Power, when his Ministry's demands come up, will fully deal with the problem relating to power. But, I would like at this stage, to place before this House the various steps which have already been taken for the purpose of meeting this shortage. I may, however, briefly outline the kind of steps that have been taken by the group of

[Shri C. Subramaniam]

Ministries which have been dealing with this problem since the beginning of this year.

The Prime Minister was pleased to constitute a Committee under the Chairmanship of the Planning Minister, including the Finance Minister, myself and my other colleagues. This group has been functioning from the beginning of this year and this group is assisted by a technical group headed by a Planning Commission Member, Mr. M. S. Pathak. The technical committee has identified specific steps to increase power generation from the 18 major thermal plants in the country. Secondly, time schedules have been drawn up for accelerating the completion of projects which are in advance stages of implementation. Additional provision of Rs. 26 crores has been made for these projects and measures such as expediting equipment supplies have been taken up. Several other steps for cutting down transmission losses, integrated grid operation, staggering of loads, better maintenance and so on, have also been initiated. It is our expectation that as a result of all these concerted steps, there will be definite improvement, given normal monsoon conditions, by December, 1973 and a more or less satisfactory position by June, 1974. To take care of the immediate emergency, we have also permitted the import of stand by diesel generating sets up to a capacity of 1500 KVA. The phenomenon of power shortage throughout the country in the current year once again demonstrates the need for bold planning in this sector, the timely completion of projects and fullest utilisation of existing generating capacity. The Government are actively engaged in taking all steps that are possible within a short term frame-work for improving the power position. Having said this, it is also necessary for me to say that the power situation in the first half of 1973 is likely to be the critical factor in increasing industrial output.

Sir, I would also like to reply to the point made by the hon. Member

from Tamil Nadu, with regard to the sale of a thermal generating set which was located in Samayanallur. Apart from the capacity, whether it was 30 MW or 60 MW, this was sold just a year back. Particularly, any Government should have anticipated a situation arising with regard to power availability. As a matter of fact, Tamil Nadu was purchasing power from the neighbouring States for the last two or three years. Now, we are importing generating sets, including industrialists from Tamil Nadu, where the power production will cost 20 to 30 paise, and in some cases, even 35 paise, per unit. Under such conditions, if this generating set had been available for Tamil Nadu, they would have produced at 6 paise or 7 paise. They say that this 6 paise or 7 paise was too much and it has been sold away. It is in that context that I wanted to mention this. Since it was raised again, I thought that I should mention this point.

SHRI V. MAYAVAN (Chidambaram): It is 12 paise.

SHRI C. SUBRAMANIAM: We also pay further for the import of this generating set in foreign exchange. Even if it is 12 paise, it is much cheaper than 30 paise.

We have also taken into account other constraints with regard to transport. My respected colleague, who was in-charge of Railways for some time, took definite steps. I am sure that these are being continued by the new Minister also, for the purpose of removing this bottleneck, for the transport of coal and various other bulk commodities which are necessary for industrial production and also for the purpose of moving even the finished goods from one area to another. I want to make it clear this bottleneck has to be removed.

Then, the other area is one of labour relations. This is a very sensitive subject. I am sure my new colleague in the Labour Ministry, will deal with this aspect when it comes up.

But I want to make this appeal to this House and, through this House, to the nation as a whole and, particularly to labour and labour leaders that while it is the responsibility of everybody and it is the responsibility of this House to protect the interests of, particularly, the working population, it is also necessary to see that industrial production is not affected in this process. Therefore, we will have to evolve machineries, we will have to procedures, so that industrial production during this critical period does not get affected because of industrial strife. I hope, this will be fully taken note of, particularly when we are all concerned with regard to the industrial growth and also with regard to what would be the industrial growth in the Fifth Plan, this year being the base year upon which we have to build. This will be fully realised by all those who are concerned with labour relations in the industrial sector.

I would like now to say a few words with regard to the performance of the public sector because there has been a good deal of continued criticism even from some of our friendly critics, if I may say so, leave alone those who have no faith in the public sector. There is a good deal of force when they say that when we have invested so much of money to the tune of Rs. 4000 crores or Rs. 5000 crores, we have not been getting much out of our investments. In my view, the main difficulty with regard to the public sector was, at the initial stages, of want of proper management. It is because of lack of proper management that there were many difficulties with which we were confronted and we were not in a position to solve them. But today, we are trying to see that this difficulty is remedied and it is being continuously remedied.

For the purpose of identifying these deficiencies, I had the privilege of initiating a new tool for the purpose of improving the performance of the public sector and what we call an

Action Committee was constituted under the chairmanship of the Planning Commission Member, again, Mr. M. S. Pathak. His name will be coming, I am sure, in many areas and I want to pay my tribute to the devoted servant who has been doing a good deal for the purpose of improving our public sector projects, not only the public sector projects but also for the purpose of general improvement in the industrial sector.

This Action Committee has been visiting each one of the projects. They were not just making an exercise sitting at the Yojna Bhavan. This group consisting of a number of experts in various areas and also drafted from the private sector—I am sure Jana Sangh Members will be pleased to hear that—visited each project and tried to identify what were the actual deficiencies in management, what were the actual deficiencies as far as the technical management is concerned. It is on that basis that action was being taken and is being taken in respect of each project for the purpose of improving it.

I have been saying this before and I want to say it again that the year 1972-73 is a turning-point with reference to the public sector performance. Therefore, let us not continue to be under the same impression that public sector projects will continue to perform at the same level and so we can always beat with the same stick and say, this is what has been done when you go to the public sector performance. As a matter of fact, the performance during the year has been of encouragement. From 1971-72, you will find the performance of public sector improving more and more. I would like to give some figures with regard to this.

The number of units making profits in 1970-71 was 52 out of 87 projects, and in 1971-72 the figure went up to 58, but meanwhile six more projects also came into production and, therefore, the figure is 58 out of 93. The

[Shri C. Subramaniam]

total profits of those projects came to Rs. 74.97 crores in 1970-71 and they went up to Rs. 99.65 crores in 1971-72....

SHRI K. S. CHAVDA: Was it due to conversion of loan into equity?

SHRI C. SUBRAMANIAM: When I express it in terms of rupees, it has absolutely no meaning unless it has got exhibited itself in production also. It is with regard to production that the improvements have taken place which get reflected in this. It is in the steel sector that we have been struggling hard, and it has got its own problems. Fortunately, there also, during the last six months, we find a much better picture with regard to the functioning of the steel plants.

With regard to some of the projects in this Ministry, I would like to give some information because, as far as the other industrial units are concerned, I am sure that as soon as these Demands are over and the Demands of the Ministry of Heavy Industry are taken up, my colleague will be able to give an account of the performance of the various giant units under his charge.

SHRI K. S. CHAVDA: What about IDPL?

SHRI C. SUBRAMANIAM: Even in IDPL, the performance is now much better than what it was before.

This upward trend can be specifically illustrated with reference to the public sector units in my own Ministry. Instrumentation Limited, Kota, which is one of our best units, has continued to show a good record and is actively engaged in putting up a new plant at Palghat, Kerala, which is expected to commence production in 1974. This is another feature which I would like to emphasize here. As a matter of fact, the collaboration has not even been finalised; we are still negotiating the collaboration. But, even now, the project implementation has been taken up, and the Managing

Director in charge of it has assured me that it would go into production in 1974. This Instrumentation Limited itself, according to the detailed project report, was expected to break even only after seven years' functioning. But, under this management, it was able to show profit even in the second year, and instead of 18 types of instruments they are now producing round about 80 or 85 types of instruments there.

I think, Mr. Gopal was mentioning how professional management could change the picture. As a matter of fact, Instrumentation Limited is one instance not only with reference to production there but also in respect of labour relations. I wish particularly those of us who are concerned with labour relations visit this project to find out what sort of labour relations have been built up there. Every worker there feels involved in the production there. He is proud of the achievements there and also to that extent he gets benefit also out of that production. This is how labour relations will have to be built up. It is not in the private sector where, they say, there is excellence of management; it is in the public sector. Therefore, you will find that, if only we have proper management, good labour relations can be built up. Management is not merely technical management; labour management is much more important in management aspect than anything else, and this unit is a standing example of that. Recently, our President visited it and paid a glowing tribute, particularly to the labour relations which exist in this unit.

It is also noteworthy that the Instrumentation Limited have been able to secure a prestigious export order for Rs. 1.5 crores against stiff international competition in Malaysia. I visited this project at Kota only a few months back, and it is not merely management which has contributed to this; more than that, it is the re-

search and developmental activity linked to this which has given them this dynamism to go forward.

Therefore, particularly, in our industrial projects, whether it be in the public sector or the private sector, it is not only technology and equipment which is important—no doubt, it is important—but management is a component of a good industrial enterprise. But, more than that, a third component is also necessary and that is research and developmental activities without which you will only stagnate and you can never make any progress. The Instrumentation Ltd. is an example in all these three sectors—with regard to technology, with regard to management and also with regard to research and development effort.

Hindustan Salts which turned the corner in 1970-71 has further increased its profits in 1971-72.

Hindustan Cables has been continuously making profits except in 1971-72.

The NEFA Newsprint Factory turned the corner in 1971-72 and is expected to make further progress in the coming year.

Another unit which has been having improvement in this year about which again Mr. Gopal has made a mention, is the Hindustan Photo Films where production has been stepped up dramatically. I have just now got a report from there and I would like to read it out because I am sure not only this House will be interested to know but also it will be encouraging to know how with proper management we can change the situation overnight and we have changed it overnight. Hindustan Photo Films has had a turn-over of Rs. 1 crore in March, 1973, the highest on record in the company, in one month, that is in March. The Company has achieved about 25 per cent of the turn-over of the whole of last year. The production value from October, 1972 to

March, 1973 has registered an increase of 55 per cent. as compared to the previous half year. Sales have increased by 95 per cent. Losses have dropped by 35 per cent. Thus, there is a gradual and an orderly progress and improvement and the fact that in spite of the power cut—in Tamil Nadu it is 75 per cent.—the company should have maintained employment without any lay-off and also have achieved this splendid progress, is indeed most creditable. From a Rs. 2.5 crore loss—they were losing Rs. 1 lakh per working day—the projection for 1973-74 indicates a profit of Rs. 1 crore. This will be a spectacular performance by any standard. I have every confidence that this problem-child of the public sector has not only turned the corner but also is poised for a year of healthy growth. This is on the basis of a part-time Chairman. A professional manager being a part-time Chairman—all the other officers remained the same—one man has turned the entire project overnight, so to say.

The problems of other units such as the National Instruments Ltd. at Calcutta, Bharat Ophthalmic Glass Ltd., Tannery and Footwear Corporation, have also been concretely identified. Various schemes for managerial improvement, diversification, modernisation, change-over from uneconomic lines of production, improved marketing, etc. have been identified in each case and are under implementation.

Something has been said about the Cement Corporation of India. This is also on its way, two projects are already on production. About it my colleague has already mentioned. Therefore, I need not weary the House with regard to this.

With regard to NIDC also, my colleague dealt with it but only one matter I would like to refer. Hon. Member, Mr. Kalyanasundaram made a mention about it, that there were some remarks by the Public Undertakings Committee with regard to the Managing Director and no action has been taken about it. I find from the

[Shri C. Subramaniam]

proceedings of this House that this was taken up later on and on an apology tendered by the Managing Director, the matter has been closed. But that has nothing to do with the performance of the NIDC itself. NIDC is quite a healthy organization, contributing to the further development of industrial development in our country and is also providing consultancy services to foreign countries as was mentioned by my colleague.

I come to the second topic now, namely, the implementation of the existing licences and the letters of intent which have already been issued. Hon. Members are aware that with the announcement of the Industrial Licensing Policy of February, 1970, there has been a spurt in the applications for letters of intent. The number of applications for letters of intent received in 1969 was for instance, 1420 as against which 2800 or 3000 applications have been received in each of the three years from 1970 to 1972. The Government have also had to gear up to the sharply increased pace of investment applications as is evident by the fact that as against 438 letters of intent cleared in 1970, approvals were given for 1015 in 1971 and 877 applications in 1972.

However, the issue of a letter of intent is only the first step and several other milestones have to be crossed before this piece of paper can be translated into actual production on ground.

The further steps that prospective investor has to take and the areas in which he needs continued support fall broadly into three grounds.

Firstly, approvals are required from the Central Government where necessary for foreign collaborations, the import of capital goods and for the issue of capital.

Secondly, the cooperation of the State Government is needed for the provision of land, water, power and

other items which relate to infrastructure and utilities.

Thirdly, long-term and short-term credit has to be provided by financing institutions such as nationalised banks, State Financing Corporations and all-India Institutions such as the IDBI, IFCI and ICICI.

The implementation of these letters of intent and licences can be speeded up only when all the three agencies coordinate and cooperate. So, this is the attempt we have undertaken now, so that it may not be necessary after getting the letter of intent or getting even the licence on the basis of the letter of intent to pass through a great deal of hurdle. As I stated elsewhere, the grant of licence or letter of intent should be a golden key to open the gates so that there could be a free passage for the purpose of implementing these things. We do realise that instead of being given all assistance at every stage any amount of obstacles are raised. I can very well understand that before the issue of letters of intent one should consider whether the letter of intent should be issued to particular individual or particular concern; at that stage you can take all precautionary measures that undesirable elements do not get the letter of intent. But once the letter of intent is given then every institution should see to it that this letter of intent fructifies into licence and licence into the production unit. Now we are trying to see that responsibilities are located so that if there are particular officials who deal with these things, it will be their responsibility to see that if there are these hurdles, they are removed. So, these are the steps which we have taken in this respect.

So far as the big houses are concerned somehow they see to it and somehow they have got the capacity to have all these hurdles removed. It is only the new-comers, the weaker elements, who are unable to get these things through. Therefore we should

take care to see that in this area we give all assistance possible particularly to medium entrepreneurs and newcomers and the small-scale manufacturers to get over these hurdles so that implementation can proceed ahead as quickly as possible. We have taken various measures for the purpose of finding out how the procedure could be streamlined and I hope to come out with certain positive proposals with regard to this matter within the next two or three months. At that time hon. Members will have an opportunity to give further suggestions for the improvement of these procedures and all those things.

AN HON. MEMBER: The licensing authority should utilise the power for locating industries in backward areas.

SHRI C. SUBRAMANIAM: I mentioned numbers with regard to the issue of letters of intent and also regard to the issue of licences to show that there have been good deal of activity there. But in addition to that as already stated this mere paper has no meaning, I might mention, there is evidence of definite improvement in the investment during the last two years. The number of new companies registered in 1970-71 was 1927 whereas in 1971-72 it is 2524. During the same period the capital goods licences merely doubled from Rs. 127 to Rs. 252 crores. The assistance disbursed by financial institutions has increased from Rs. 133 crores to Rs. 162 crores. So, it is not merely on the basis of number of letters of intent that there is an encouraging trend but even in regard to the implementation also we are making fairly good progress and it will have to be further speeded up.

Then I come to what is our policy with regard to future. There seems to be a confusion with regard to whose policy is this? Perhaps, Members seem to think that each Minister seems to think that each Minister may formulate a policy but ultimately it is the government's policy which

has to be implemented. Therefore, if there is a licensing policy today which was issued in 1970, it is a decision of the government which was given as the licensing policy of 1970. So also if we have issued a new licensing policy in 1973 it is the government's policy. I may formulate a policy but ultimately it has to be accepted by the government as the government's policy otherwise it has no meaning at all. I find a good deal of maligning of individuals taking place. Not that I am afraid of it. I am accustomed to it. But I want them to understand I am not here to prove my bonafides with regard to my radicalism, I am here as a member of the Cabinet to participate in the formulation of policies and once the policies are framed to implement those policies. If anybody is dissatisfied with it let them criticise and get it modified. This will have to be kept in mind.

As far as policy framed is concerned, we have the 1956 Resolution and this is the basic approach as far as our industrial policy is concerned which has been laid down as far back as 1956. The classical objectives of industrial development in India as they have evolved over the time are well-known and well-understood.

They aim at rapid industrialisation at the rate of 8—10 per cent a year as part of our overall strategy of development. This rate of growth is sought to be combined with a pattern of growth which reflects certain priorities which are outlined in successive five year plans. The mainly consist in the production of basic investment goods which will result in sustaining the rate of growth in future years, import substitution and export promotion to hasten self-reliance, restraints on the production of non-essential items and adequate and timely growth of output in basic consumption goods. Our pattern of development also has a special aspect, about the hon. was mentioning, in the sense

[Shri C. Subramaniam]

that we desire balanced regional development as well as the rapid development of the particularly backward areas in the country.

We have also sought to combine growth with social justice. By 'social justice' we mean a variety of positive and negative measures to contain and reduce the concentration of economic power which is prejudicial to the common good. The positive measures in this area are an exclusive role of the public sector in Schedule A industries combined with an increasingly dominant role in certain other industries included in Schedule B to the Industrial Policy Resolution of 1956.

Secondly, concentration is to be reduced by the promotion of small, medium and new entrepreneurs with financial and other types of promotional assistance being provided for the purpose. Thirdly, both the licensing policy and the MRTP Act are to be used in a co-ordinated manner to channel the resources and expertise available with the established entrepreneurs into priority industries and to ensure that investments made by larger houses and dominant undertakings are subjected to scrutiny and control.

This, in essence, is our policy and this is also reflected in the 1973 Licensing Policy Resolution.

SHRI M. RAM GOPAL REDDY: (Nizamabad): Have Government completely stopped issuing licences to monopoly houses?

SHRI C. SUBRAMANIAM: In the 1973 Licensing Policy Resolution, we have indicated the industries in appendix I in which the larger houses are also entitled to participate. We had too many definitions, one the core sector, the other heavy investment sector, then export promotion sector. Instead of these, we have now identified in appendix I the industries in which the larger houses will be allowed to enter, subject to other condi-

tions, to which I will come later on. The MRTP Act and all those things are still there. But they will be entitled to enter only these areas and no other areas.

Secondly, we had what we call a non-licence area; that is, below one crore of rupees, no licences were needed. But except the larger houses, that is Rs. 35 crores and above, and foreign majority companies, I think all the others were entitled to enter this field subject to certain conditions. So much so this was taken advantage of by many of the large houses. That loophole has been plugged. As already mentioned, instead of Rs. 35 crores and large and larger houses, we have now only large houses, that is Rs. 20 crores and above. So all the constraints which are applicable to the larger houses now will apply to this area as a whole.

Then a charge has been made that these larger houses have grown. Naturally growth leads to further growth. But during which period has this phenomenal growth taken place? The Tatas have gone from Rs. 500 crores to Rs. 850 crores or the Birlas have expanded by so much.

SHRI JAGANNATHRAO JOSHI (Shajapur): During Congress rule.

SHRI C. SUBRAMANIAM: Yes. Congress, no doubt; we do take responsibility for it. It was during 1966—70 when there was a holiday from licensing in respect of a number of industries. During this period, all these people, particularly the larger houses took advantage of it and entered very many areas. If you look particularly into the licences given later on, you will find how it is reflected. In 1970, that is after this period, we issued 363 licences out of which only 20 were for the larger houses. If you take 1971, 625 licences were issued.

SHRI K. S. CHAVDA: Because the elections were near.

SHRI C. SUBRAMANIAM: Why this political point on an industrial matter, I do not (*Interruptions*). He can have this fling when he speaks.

SHRI NATWARLAL PATEL (Mehsana): We are expected to issue more licences for industrial growth. You must be rather happy about it. The Minister is absolutely right.

SHRI C. SUBRAMANIAM: They have got their opportunities every zero hour. Why utilise this time again for these flings?

I wanted to point out that during the de-licensed period growth has taken place. In 1971 out of 625 licences, 114 were for the larger houses. The election was in February-March. Out of these 114 licences 87 are what are called COB* licences. They carry on business—i.e. units which have been built up during the de-licencing period. Out of 625 only 27 new licences were issued to the larger houses and out of 563, in the later year, you will find 34 c.o.b. licences and only 26 new licences were issued to the larger houses. Therefore, taking into account the area in which they have been operating and in areas in which they have to operate even now, the number of licences issued to the larger houses are very much restricted. I want to make this claim. But, apart from that, we have now positively laid down in our licensing policy, even though larger houses will be entitled to enter these areas, but preference will be given to the new comers and the middle sector units and if there are applications from the middle sector and the new entrepreneurs, they will be given preference over the larger houses. It in this context I would like the House to look at this joint sector proposal. This is very much misunderstood. It is this joint

sector concept which has been misunderstood and, perhaps, even now it is not being rightly understood by some people purposely.

Now, as far as I am concerned, I do not think I will be there for the implementation of the Sixth Plan Project or the formulation of the Plan. In the Fifth Plan are we going to have a mixed economy? Are we going to have a completely public sector economy, is the decision which we have to take to-day?

After considering the various practical aspects, we have come to the conclusion that it is not possible to completely go to the public sector in regard to the entire industrial growth during the Plan. Therefore, there has to be public sector project and there will have to be private sector projects also for the purpose of reaching this industrial growth during the Fifth Five Year Plan. Will the private sector be confined only to the small investment of Rs. 1 crore where no licence is required or to the heavy investment also? Take for example cement. To-day an average cement plant costs Rs. 10 crores to 12 crores. A paper plant costs about Rs. 40 crores. The sugar plant costs Rs. 3 to 4 crores. If you take a fertilizer plant, it costs Rs. 40 to 50 crores. Therefore, for the purpose of reaching the industrial growth it is necessary that the larger houses also and those who have got the capacity to participate in these projects, they will have to be given the opportunity. With regard to these huge resources, how do they have got these resources? If they have to participate certainly by their own resources which are available for this purpose naturally the public sector financial institutions will have to contribute in a big way. Shall we leave this contribution as we have been doing all along or shall we have a different pattern of development; as far as this is concerned, it is a matter which we have to consider. We thought that perhaps in any event we

[Shri C. Subramaniam]
have to participate in providing finance and we have done it in the past also. If you take any of the projects you will find, not only loan, contributions have been made by the financial institutions, even equity participation has been there.

Even though there may not have been equity participation initially, the I. I. C., the Unit Trust and various other financial institutions have purchased a large number of shares. If you take any big sized units you will find that the public financial institutions and the Government financial institutions have a large component of equity; sometimes even higher than the share of the larger houses. Still, till now, we are only sleeping partners and the management is completely in the hands of the larger houses, in the 5th plan also all these people will get finance from the public institutions and the management will be purely their concern. Our idea is that when we participate in equity, we should participate in the management also. This is the new joint sector concept. We find equity participation has always been there. It might not be mere equity participation now, but it will be participation in management also.

How do we achieve it? We have been shouting how the larger houses have been functioning, how they have been making profits. How are they able to achieve those results? Might be, there was one pioneer when they started the enterprise but that pioneer has vanished and it is only the family, which is now managing these things, not by themselves, even though they may be titular heads but by injecting professional management. When we say the private sector is efficient, we mean the efficiency of the professional management. Even in public sector when we say that something has been achieved, it is not the achievement of the Minister, but it is the achievement of the professional management. Perhaps the Minister was responsible

to induct professional management into it. Now, for what purpose is the efficiency of the professional management utilised? The loyalty of the management is to whom? It is to the larger house, not to the enterprise in which they are functioning. Suppose there is a conflict between the interests of the larger house as such and the individual industrial unit, in which the management is functioning, their loyalty is to safeguard the interests of the larger houses. That is the philosophy of the larger house professional management. The management is neutral. Whatever objective is given, they are able to achieve this objective. If you lay the objective as the protection of interest of the larger house they do it to the extent they are efficient and to the extent they are able to exploit the resources to their benefits. Therefore unless you cut this link, this loyalty between professional management and the larger houses, you will find that all these abuses continue. These abuses come in the purchasing policy, in the selling policy, in personnel policy and in the investment of resources. This is how the larger houses grow larger. Because of the efficient management of the professional people.

Therefore when we think of the joint sector this link will have to be broken and we should have the professional management with loyalty to the enterprise and not to the larger houses.

That is how we want to do it.

SHRI DINEN BHATTACHARYYA
(Serampore): Change of hearts.

SHRI C. SUBRAMANIAM: Unfortunately as long as there are parties, with their philosophy, no change of heart would take place. So we have to take some other measures for that purpose. That is what we are saying. We say that in the board of management, which is responsible for the policies, we should have a voice. We

should control that management. It is for this that we are trying to find out various alternatives, the chairman being appointed by us, the managing director instead of being appointed either by the larger house or by the Government the board itself all the responsibilities to appoint professional management for this purpose.

This is how we want to professionalise the management for the purpose of achieving the goals of the industrial undertaking, not for promoting the interests of the larger houses as such. This is the concept of joint sector. But, if some of the hon. Members say "no, no. Don't do it. Leave everything alone to the larger houses. Let them manage in whatever way they like," then it is open to them to have their own views. This is the philosophy behind the joint sector. How far it is going to do this, I am not able to say. But, this is worth-attempting and I hope and trust that we will be able to achieve some results out of this.

As somebody said, if we take over a further control, this will be taken care of by our successors who will be responsible for formulating policies later on. Let us not look too far and try to find how things are going to change after five years or fifteen years. This is as far as the joint sector is concerned.

Sir, I have taken a little more time than what I wanted to. I thought that I should place some of the facts before this House as also to the nation so that the nation also knows in which directions we are moving. There has been a good deal of demand for nationalisation. As I already stated, this is a matter of policy which has got to be decided. For the Fifth Plan, can we have nationalisation of more and more sectors or the entire nationalisation? What is the policy in regard to this?

Several Hon. Members referred to nationalisation. In this debate as well as in other debates in Parliament, this

question has come up frequently. Within the last week, demands have been raised in Parliament for the nationalisation of a wide variety of industries such as cigarettes, automobiles, cement, tyres and also sugar. The policy in regard to nationalisation has been clearly articulated from the very beginning of the evolution of our industrial policy. Even the Industrial Policy Statement of 1945 contained the following sentence:

"Within the field considered open for State enterprises, the question whether the existing units which are privately owned should be taken over by the State will be examined on the merits of each type of case".

This was in pre-independent, pre-socialist India. The Industrial Policy Resolution of 1956 clearly stated that "the adoption of the socialist pattern of society as a national objective, as well as the need for planned and rapid development, require that all industries of basic and strategic importance, or in the nature of public utility services, should be in the public sector.... It should also be remembered that it is always open to the State to undertake any type of industrial production."

The Resolution also contained the affirmation that it was "urgent to reduce disparities in income and wealth which exist to-day, to prevent private monopolies and the concentration of economic power in different fields in the hands of small numbers of individuals. Accordingly the State will progressively assume a predominant and direct responsibility for setting up new industrial undertakings and for developing transport facilities. It will also undertake State trading on an increasing scale". As regards 1956 Resolution, even though there is so much of opposition to the State trading in foodgrains, it has just been taken over after a long delay.

More recently, replying to the debate on the President's Address in

[Shri C. Subramaniam]

Rajya Sabha on March 3, 1970, Prime Minister had given a clear enunciation of Government's policy which I quoted only the other day on the floor of this House when this matter was raised. But, I would like to repeat the last portion:

"The economic battle which lies ahead requires many weapons in our armoury and nationalisation is only one of these weapons and it is one which should be used judiciously and with great care".

In a nutshell, it has been, and will continue to be Government's policy to use nationalisation not for its own sake but whenever it serves the public good. It is in this spirit that we have taken over Indian Iron and Steel, Indian Copper Corporation and coking and non-coking coal mines. We have to ensure that policies in this most important matter are judicious and careful and no fitful or capricious. I would, therefore, once again appeal to all sections of the House to show understanding and appreciation of Government's policies in this matter against the background and the broad sweep of the Industrial Policy Resolution of 1956 which we have most recently once again reaffirmed.

Another issue of policy touches on the role of foreign companies operating in India. Our basic tenet in these matters is to maintain an approach of great selectivity in allowing foreign technical and equity collaborations on the one hand and to ensure that we place no hardships or restraints on the free remittances of profits and dividends on the other hand. These two principles go together because we cannot maintain a commercially honourable position with our foreign investors if we are not selective at the point of their entry.

I would draw the attention of the House to the fact that as against about 300 to 400 foreign collaboration approvals that were being given annually in the early sixties, the figures has come

down to 200 to 250 in recent years, even though the number of licences has increased considerably. Similarly, while foreign equity was being permitted in about one-fourth of the approvals given in earlier years, the percentage is now around 15 per cent. While we have been and will continue to be selective in this manner in allowing foreign technical collaboration and particularly so in allowing foreign equity investments, we have to maintain a generally non-discriminatory treatment to foreign investors once they are allowed to participate in industrial ventures in India. We should not always think of India as being for ever a capital-importing or a technology-importing country. We are increasingly becoming exporters of capital and to some extent of technology. Hon. Members will be interested to know that as many as 97 joint ventures have been approved for the participation of Indian capital in as many as 25 countries abroad. Of these, 37 joint ventures are also in production. We should, therefore, recognise that India is a growing member of an international community. As such we need to be confident and self-reliant. It is not as if a country of India's nativity, history, size and industrial culture cannot cope with a cigarette company here or a toothpaste company there. As the Prime Minister has pointed out, we have many weapons in our armoury and we can deal with them in the right manner and at the right time. The ultimate weapon of nationalisation is not the only solution nor is it necessarily the most desirable one.

When we talk of the foreign companies functioning here, we should also consider what about Indian companies functioning abroad? Shall we say we shall never move abroad and remain closed within our boundaries without exporting our technology, capital and expertise? What we expect from other countries to be given to us, we should be able to give to others. Otherwise we do not have a policy at all.

SHRI VASANT SATHE: If the foreign companies here exploit our country, does it mean our companies abroad should exploit those countries?

SHRI C. SUBRAMANIAM: These are historical relics and they have to be dealt with as such.

About development of backward areas, most of the points have already been covered. It is not as if by locating a few industries we can make them into progressive areas. Only on the basis of exploiting the natural resources available within each area you would be able to develop that area and also bring in new industries into that area. Here also science and technology play a crucial role. I am sure hon. members are aware of the Karimnagar project in Andhra Pradesh.

SHRI K. S. CHAVDA: Garibnagar?

SHRI C. SUBRAMANIAM: Yes. We want to make it a prosperous nagar. A team representing various disciplines in our national laboratories has been sent there for making a survey and trying to find out what are the infrastructures which can be built with indigenous resources and what are the industries that can be build up there, how agriculture can be developed, but other allied industries can be brought there etc. Already a project formulation has been made. Unfortunately, events in Andhra have temporarily arrested the progress of this project. But we are not going to be content with the district alone. We want to have a few projects in other areas also so that within the Fifth plan period it would become the general pattern.

16.00 hrs.

SHRI VASANT SATHE: May I know how many licences have been issued in the backward areas?

MR. DEPUTY-SPEAKER: The junior Minister has given the figures.

SHRI C. SUBRAMANIAM: I have answered this nineteen times in this House.

I would like to make an appeal to this side of the House that once we have a policy formulation and once we decide upon a strategy for the Fifth Plan, there is no use of sniping at us. We want your full co-operation. For the benefit of hon. Members, at least on this side of the House, I would like to read a quotation from the speech of a person whom, I am sure, they will respect. He says:

"If you leave something to the private sector, give them freedom to function within those strategic controls. It is absurd to ask them to function, denying them room to function, denying them the initiative. We have the private sector because we think they will add to our common good, and if we deny them any initiative in this sphere demarcated for them, then they become useless and helpless."

These are the words of Jawaharlal Nehru. You may restrict the area but once you give them an area, then there is no use of saying that they are functioning in that area.

Science and technology was not very much touched upon mainly because perhaps we had a specific discussion on it last year, when I also dealt with it in an elaborate manner. Shri Jagannath Rao touched upon it in his speech. However, meaningful science and technology planning calls not only for a change in the attitude and mode of work of many of our scientific and technological institutions. It also requires that the nation, and particularly Parliament as representatives of the people understands and appreciates what science and technology have done and can do for our collective security and well being. I do not propose to recount here the large number of concrete instances where our Science and Technology effort both in terms of research and development work and in the application of known scientific and technological knowledge has led to social and economic returns. However, we are finding in case after case that where such

[Shri C. Subramaniam]

returns have accrued, there has been a realisation at the decision-making level concerned, that outlays on science and technology are qualitatively different from those on other kinds of activities. They not only lead to the building up of productive assets, seen so clearly in our fields, factories and power stations, but they enable us to extract greater and greater efficiencies of production and operation from those assets. Scientific and technological inputs go beyond even the important goals of maximising returns from productive investments already made. They provide the insights and thrust for the character and scope of the new investments to be made in the future.

It is of great importance, therefore, that we recognise that outlays on science and technology undertaken after careful and deliberate planning to ensure not only technical feasibility but capacity to commercialise the relevant technology in the economy quickly and efficiently really constitute not an "expenditure" but an "Investment"; an investment whose character must not be misunderstood merely because the tangible expression of its consequences are better seeds or more efficient factories; indeed, those seeds and factories are only embodiments of the scientific and technological inputs, which are what constitute the sinews of a strong nation with a modern agriculture and industry.

Sir, I have taken more time than I intended. I am proud to belong to this House. But, still, when we watch the proceedings in this House and listen to the various speeches made here, we get an impression that we are in a sinking boat—with our political parties creaking and creaking with our administration completely corrupt and a society sinking and corrupt. This is the sort of impression which one gets. But, I had the privilege of associating myself with another set of people, scientists and technologists during the last two months. Not that, there are no grievances,

there are no frustrations, but, the dominant mood there is one of self-confidence and a willingness to face the challenges. I want to tell this House that if only we are able to utilise this large reservoir of scientific and technological talent, which we already have, the future of our country is well-assured. Let us not, by what we say here, and what we do here, dampen that scientific spirit also which pervades the country today.

SHRI K. S. CHAVDA: Sir, while replying, the hon. Minister said that an Expert Committee had been constituted with regard to the public sector undertakings. I would like to know what action, the Committee had suggested with regard to IDPL, a public sector undertaking.

My second point is this. Why the benefits of the small scale sector are being given to foreign firms which are making huge profits? While speaking yesterday, I mentioned...

MR. DEPUTY-SPEAKER: Please put the question.

SHRI K. S. CHAVDA: The question is this. Why this Government is giving the benefits of the small scale sector to foreign firms?

I would like to ask one more question. I have mentioned yesterday that senior officers of the Industrial Development Ministry, after retirement, have joined foreign firms. I would like to know what steps are being taken to curb this tendency.

SHRI C. SUBRAMANIAM: The question relating to IDPL may be put, when the Demands of the Ministry of Petroleum and Chemicals are taken up.

As far as the matter of retired officers is concerned, it is not the Industrial Development Ministry which is concerned with it, but it is the Prime Minister and the Home Minister who are concerned with it. The question may be put to them.

MR. DEPUTY-SPEAKER: I shall put all the cut motions that were moved by Shri Dinen Bhattacharyya, Shri S. N. Singh and Shri D. K. Panda to vote.

All the cut motions were put and negatived.

MR. DEPUTY SPEAKER: Now, the question is:

"That the respective sums not exceeding the amounts on Revenue Account and Capital Account shown in the fourth column of the order paper be granted to the President to complete the sums necessary to defray the charges that will come in course of payment during the year ending the 31st day of March, 1974, in respect of the heads of demands entered in the second column thereof against Demands Nos. 58 and 59 relating to the Ministry of Industrial Development."

The motion was adopted.

MR. DEPUTY-SPEAKER: The question is:

"That the respective sums not exceeding the amounts on Revenue Account and Capital Account shown in the fourth column of the order paper be granted to the President to complete the sums necessary to defray the charges that will come in course of payment during the year ending the 31st day of March, 1974, in respect of the heads of demands entered in the second column thereof against Demands Nos. 95, 96 and 97 relating to the Department of Science and Technology."

The motion was adopted.

[The motions for Demands for Grants, which were adopted by the Lok Sabha, are reproduced below—Ed.]

DEMAND NO. 58—MINISTRY OF INDUSTRIAL DEVELOPMENT

"That a sum not exceeding Rs. 1,61,82,000 on Revenue Account

be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Ministry of Industrial Development'."

DEMAND NO. 59—INDUSTRIES

"That a sum not exceeding Rs. 12,61,34,000 on Revenue Account and not exceeding Rs. 24,17,93,000 on Capital Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Industries'."

DEMAND NO. 95.—DEPARTMENT OF SCIENCE AND TECHNOLOGY

"That a sum not exceeding Rs. 3,19,35,000 on Revenue Account and not exceeding Rs. 17,07,000 on Capital Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Department of Science and Technology'."

DEMAND NO. 96.—SURVEY OF INDIA

"That a sum not exceeding Rs. 20,19,58,000 on Revenue Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974 in respect of 'Survey of India'."

DEMAND NO. 97.—GRANTS TO COUNCIL OF SCIENTIFIC AND INDUSTRIAL RESEARCH

"That a sum not exceeding Rs. 20,19,58,000 on Revenue Account be granted to the President to

[Mr. Deputy-Speaker]

complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Grants to Council of Scientific and Industrial Research'."

MR. DEPUTY-SPEAKER: The House will not take up discussion and voting on Demands No. 44 and 45 relating to the Ministry of Heavy Industry for which 5 hours have been allotted.

Shri Jyotirmoy Bosu and Shri Ram Avtar Shastri have tabled cut motions to the Demands for Grants. I do not see them here. So, there is no question of their moving them.

DEMAND NO. 44.—MINISTRY OF HEAVY INDUSTRY

MR. DEPUTY-SPEAKER: Motion moved:

"That a sum not exceeding Rs. 10,50,000 on Revenue Account be granted to the president to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Ministry of Heavy Industry'."

DEMAND NO. 45.—HEAVY INDUSTRIES

MR. DEPUTY-SPEAKER: Motion moved:

"That a sum not exceeding Rs. 4,52,22,000 on Revenue Account and not exceeding Rs. 43,08,88,000 on Capital Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Heavy Industries'."

16.11 hrs.

[SHRI K. N. TIWARY in the Chair]

SHRI KRISHNA CHANDRA HALDER (Ausgram): Mr. Chairman, Sir, I rise to oppose the Demands for

Grants relating to the Ministry of Heavy Industry.

At the very outset, I would like to say that the progressive land reform is essential and it will expand internal market, will enhance industrial development and will, naturally, open new opportunities for the development of heavy engineering industry. After the newly organised Heavy Industry Ministry, it has become one of the most important Ministry and 16 important basic heavy engineering industries have come under this Ministry.

The most important machine-building units, such as, steel plants, collieries, dock-yards, power generation plants, fertiliser plants, flood control equipment, etc. are manufactured for industrialisation and development of the country without foreign aid. It can go forward to achieve self-reliance if these basic, vital, industries are run properly. But we find utter inefficiency and mismanagement. The cumulative loss in H.E.C., Heavy Electricals and M.A.M.C. is increasing gradually.

The total accumulated loss upto 31st March, 1973 will exceed Rs. 100 crores. The cumulative losses of the M.A.M.C. on 31st March, 1972 amounted to Rs. 36.51 crores. During 1972-73, the total loss would be only Rs 3.79 crores. In the Heavy Electricals, Bhopal, the cash losses would be to the tune of about Rs. 60 crores. We must have to find out those black sheep, top officials, who are responsible for heavy losses and who want to sabotage the progress of public sector undertakings of heavy engineering as the agent of private sector monopolists.

In Durgapur, 1500 persons have been recruited recently violating all the rules of recruitment in a politically motivated way. I would like to request the hon. Minister to absorb the Fire Service workers in the M.A.M.C.

The reign of terror in Durgapur is prevalent. It must be stopped for the sake of production.

The Heavy Electricals, Bhopal, is* incurring losses from the formative years since it went into production from 1961-62. The unhealthy labour relations exist in the Heavy Electricals, Bhopal. In the draft Project Report, the loss was anticipated for incoming 8 years, that is, upto 1969-70. But still it is incurring heavy loss.

As I mentioned previously, the cumulative loss of the Heavy Electricals is to the tune of about Rs. 60 crores. The capacity of the Plant had to be revised thrice due to the survey made by the Planning Commission for the requirement of heavy electricals in a faulty way. The items to be produced by the Plant had to be changed very frequently. The cases of corruption are rampant. The decisions are getting delayed due to red-tapism though the collaboration agreement with the G.E.C. and the AEI were there. They do not provide all possible technical know-how, specially in regard to turbine generators. Though, in spite of the above facts, the collaboration agreement ended in 1970, it had been renewed.

The industry cannot keep to the commitment of their delivery schedule and sometimes they abnormally lag behind resulting in abnormal delay in commissioning of the power plants in different parts of the country in these days of power crisis.

Regarding Heavy Engineering Corporation, Ranchi, the whole project, since its inception, has been facing a rough weather. The original estimate for the project was Rs. 132.79 crores. Later it was found that items costing nearly Rs. 50 crores were not included. The estimate was revised to Rs. 180.45 crores. This matter did not end here. It was being changed

under one pretext or the other, and now the estimated cost of the project has been arrived at Rs. 211.77 crores. It is not sure whether even this is final or temporary.

On faulty planning or estimates, the Committee on Public Undertakings has rightly commented that it is not proper to take grants in piecemeal. They have already spent nearly Rs. 200 crores. There is no co-ordination between the different plants; so chaotic is the condition that the detailed project report for the Foundry Forge Project did not indicate the year when the rated capacity could be achieved.

Regarding Heavy Machine Building Plant its present rated capacity is only 20 to 25 per cent. The Eighteenth Report of the Committee on Public Undertakings, on page 34, commented as follows:

"The Committee find that the Heavy Engineering Corporation has been able to reach no more than 19 to 20 per cent of its rated capacity in 1970-71 and with 'greatest of efforts' it may be able to achieve this year 30 per cent of the rated capacity. The Committee are constrained to observe that Heavy Engineering Corporation have not even been able to meet in full orders for equipment and machinery required for the Bokaro Steel plant. The Committee understand that in taking a decision on the further expansion of Bokaro, one of the considerations was to ensure that the Heavy Engineering Corporation have adequate load of work. The Committee also find that Government have sanctioned construction of three new steel plants besides expansion of Bhilai and other steel plants. The Committee see no reason why in this context, Heavy Engineering Corporation should not be able to pick up the work to its full capacity in the next two or three years and provide to the maximum extent possible indigenous equipment and machinery for meet-

(Shri Krishna Chander Halder)

the expansion requirements of Bokaro and other steel plants and the setting up of three new steel plants". and so on.

I want to know whether, at least now, Government have assessed the demand specifically for each plant. This is a vital point, for, every time in the past very scant regard was given to this point.

For want of quality control, Rs. 7.94 lakhs worth of equipment were found to be defective and the HEC had to replace the same. Therefore, better quality control is needed.

Both machine and labour are not utilised. In some of the plants, the wastage for both was to the extent of 50 per cent. It must be stopped. For a long time labour relations was not happy. In this connection I want to quote the editorial of the *Times of India* of 15th February, 1973. It says:

"The Minister for Heavy Industry faces a most challenging task. The performance of the sector entrusted to him has by and large been extremely poor so far. The heavy engineering complex at Ranchi, for example, had accumulated losses totalling Rs. 89 crores till March last year and the heavy electrical project at Bhopal Rs. 60 crores. The story almost everywhere has been one of mismanagement, lack of adequate expertise, poor labour relations and, in some cases, even downright jobbery and corruption. The site for the Ranchi unit itself was chosen against expert advice, with the result that about Rs. 4 crores had to be spent on piling. The management has been all along very poor and so prone to nepotism that many promising engineers have left in disgust. The present Chairman is the eighth in the 15 years of the plant's history."

Regarding corruption, I want to quote from the *Hindustan Times* dated 30th November, 1972.

"A year ago the post of a Deputy Superintendent (Personnel) was transferred to Delhi, apparently to enable the incumbent, the wife of a Member of Parliament, to be with her husband. But since it would have been difficult to justify the post in Delhi where the staff numbered less than 20, her designation was changed to a conveniently vague—"liaison officer." Despite the rule about a three-year minimum for promotion, this official had four promotions between 1961 and 1971."

I want to put questions to the Minister. This is a test case, since the incumbent is posted in Delhi—the Minister should, while replying, answer the following important questions:

1. What are the qualifications of this official and at what intervals did she get promotions?
2. Whether she is a 'liaison officer' or has she been promoted further?
3. How many officials with similar qualifications in HEC who joined HEC with her could get any promotion?
4. Whether the rule of promotion was kept in abeyance each time she was promoted?
5. Whether the Government would institute a high-level inquiry and fix the responsibility on officers who deliberately violated the rules to give her promotion?

Sir, she got four promotions between 1961-71. How could this happen? Is it a fact that all such promotions have been given because the incumbent is the wife of a Member of Parliament? If so, to which Party does he belong?

SHRI V. MAYAVAN (Chidambaram): May be from the ruling Party.

SHRI KRISHNA CHANDRA HALDER: It is stated that eight Managing Directors have come and gone. How can one concentrate on the work if such is the case? It is not a politician's job because Mr. K. D. Malaviya was once deputed as Managing Director. We know....

SHRI D. N. TIWARY (Gopalganj): Not Managing Director. He was Chairman.

SHRI KRISHNA CHANDRA HALDER: It should be a technocrat. Now, it is a hotch-potch made up of deputationists. No cadre system.

Sir, till 1970, 100 Soviet-trained technicians have left HEC to find employment in USA, Canada and Europe. Many have resigned. There is no rigid system of promotion on merit. There are two warring groups one under the Chairman and the other under the Deputy Chairman.

Sir, only 20 per cent of the workers are covered by the incentive scheme. Unless the entire labour force is covered by the incentive scheme, we cannot turn the difficult corner. I want to know from the Minister in this connection whether the Government is going to form a holding company in this industry and if so, why? I want to suggest a few points to the Minister.

Workers' participation is urgently needed for better production.

There should be a cadre system. Stop taking deputationists.

Develop a sound system of assessing the demands and production should be oriented accordingly.

End nepotism. Finalise rules of recruitment, confirmation and promotions. These should be followed rigorously for all cadres. Trust our youngmen. Create promotion opportunities for them. You should cover all labour under the incentive scheme. This is very necessary. All the units under the HEC or Heavy Engineering Industries should be properly coordinated and you should appoint technocrats and non-politicians only at the top. Lastly I would like to say that greater coordination should be ensured between Steel and Mines, Heavy Engineering and Industrial Development for our planned development.

श्री राम नारायण शर्मा (धनबाद) :
सभापति महोदय, मैं मिनिस्ट्री आफ़ हेवी इंडस्ट्री की मांगों का समर्थन करने के लिए खड़ा हुआ हूँ। सरकार ने हेवी इंडस्ट्री के लिए एक अलग मिनिस्ट्री का निर्माण करके उसकी तरफ़ विशेष ध्यान दिया है भारी उद्योगों की तरफ़—और खास तौर पर जो भारी उद्योग सार्वजनिक क्षेत्र में हैं, उनकी तरफ़—विशेष ध्यान देना भी चाहिए था। वर्तमान मंत्री महोदय सार्वजनिक क्षेत्र में काम कर रहे हैं। उनके लाइफ़ इनशोरेस कारपोरेशन को चलाने का अनुभव है। हमें उम्मीद है कि वह हेवी इंडस्ट्री के मामले में—खास तौर पर सार्वजनिक क्षेत्र के उद्योगों के मामले में—विशेष अभिरुचि दिखायेंगे और उनकी बीमारियों को दूर करने की कोशिश करेंगे।

सार्वजनिक क्षेत्र के उद्योगों के मजदूरों के बीच में काम करने के नाते हम लोगों को उन उद्योगों में होने वाली सब तरह की बातों की जानकारी रहती है। वे बीमारियाँ उन उद्योगों में बर कर जाती हैं, जिससे उद्योग पनप नहीं पाते हैं और उनका कार्य तथा उत्पादन हमारी आशा के अनकूल नहीं होता है। जो रिपोर्ट स सर्कुलेट की गई हैं,

[श्री राम नारायण शर्मा]

यदि उन पर टीका करने बजाय मैं सरकार का ध्यान कुछ महत्वपूर्ण बातों की ओर आकर्षित करूं, और सरकार उन पर ध्यान दे, तो वह उद्योग की बड़ी सेवा होगी।

जो लोग सार्वजनिक क्षेत्र के उद्योगों को बढ़ावा देने के लिए कमिटिड नहीं हैं, उनको जहां तहां से ला कर इन उद्योगों की बड़ी कुसेवा होती है और वे चौपट हो जाते हैं। इस तरह के बहुत से उदाहरण मौजूद हैं। जब वे आते हैं, तो अकेले नहीं आते हैं, क्योंकि अकेले तो वे सारे काम को सम्भाल नहीं सकेंगे बल्कि वे अपने विश्वासभाजनों को भी अपने साथ लाते हैं। जैसा कि अभी माननीय सदस्य, श्री हाल्दार ने बताया है, यह दुर्भाग्य की बात है कि अभी कारखाने को चालू हुए आठ साल हुए हैं और इन आठ साल में आठ चेयरमैन, आठ मैनेजिंग डायरेक्टर और जनरल मैनेजर आदि बदल गये हैं। और जब वह आते हैं तब तो अपने साथ बारात लेकर आते हैं, सी पचास लोगों को लेकर आते हैं। लेकिन जब जाते हैं तो अकेले चले जाते हैं, उस बारात को छोड़ कर चले जाते हैं। तो मैलेडी यह हो जाती है कि यह उसके ऊपर बोझ बढ़ता ही जाता है और संख्या बढ़ती ही जाती है। सरकार तो एम्प्लायमेंट लोगों को देना चाहती है, किसी को हटा नहीं सकती। तो इस तरह से उसका बोझ बढ़ता जाता है और जिनकी जरूरत नहीं है ऐसे लोगों की संख्या बहुत बड़ी हो जाती है और वह केवल उनकी जरूरत नहीं है, वे काम नहीं करते हैं, ऐसी बात नहीं है। वे दूसरों को भी काम नहीं करने देते हैं, इस तरह की परिस्थिति पैदा करते हैं क्योंकि लोगों में आम धारणा यह होती है कि अगर एक आदमी बैठ कर के बिना काम किये पैसा लेता है तो दूसरे को भी वैसा करने की प्रवृत्ति हो जाती है। वह भी उसी प्रलोभन में आता है बिना काम किए हुए पैसे पाने के। बहुत से लोग तो बिना काम किए हुए पैसा ही नहीं ओवर टाइम भी ले जाते हैं।

घर बैठे उनको मुनाफे का हिस्सा भी मिल जाता है और इंसेंटिव भी मिल जाता है। उनकी एटेंडेंस रहती है लेकिन काम नहीं होता है।

इसलिए उद्योग की जो तह की बीमारी है यह उन अफसरों का चुनाव है जो ऐसे निकम्मे लोगों को वहां पर ले जा कर भर देते हैं। होना यह चाहिये कि केवल काम के स्थानों को जब उनके यहां हों तो उन स्थानों पर वहां पर जो लोग लगे हुए हैं उनमें कोई उपयुक्त नहीं हो तभी वे बाहर से आदमी लें। दूसरे उद्योगों में जो लगे हुए हों पब्लिक सेक्टर में, जैसे एक जगह सरप्लस है दूसरी जगह कमी है तो जहां सरप्लस है वहां से उठा करके जहां कमी है वहां दे करके काम चलना चाहिये। लेकिन उनकी यह प्रवृत्ति नहीं होती है और इसमें यह होता है कि आम तौर पर लोगों का नैतिक स्तर गिरता जाता है, लोगों में काम करने की रुचि नहीं रहती है और जो काम नहीं करते हैं वही डंडे से शासन चलाने की चिन्ता में रहते हैं। काम लेने वाले भी काम नहीं करते हैं। इसकी वजह से काम नहीं होता है। अगर काम लेने वाले काम करते तो बखूबी काम हो। लेकिन दुर्भाग्य की बात है कि कभी कभी यह देखने में आता है कि जिनकी काम लेने की जिम्मेदारी होती है वही काम नहीं करते तो वे दूसरों से काम कैसे ले सकते हैं? इस तरह की भावना वहां काम करती है और यह उद्योग को चौपट करती जाती है। फिर उद्योग दुर्भाग्य की बात है कि पब्लिक सेक्टर में वह त्याग की भावना, तपस्या की भावना और उद्योग को उन्नत करने की भावना जो होनी चाहिये वह नहीं रहती है। वहां पर जाकर आप देखें आजकल सारे राजे महाराजे चले गए लेकिन ये नए राजे महाराजे वहां पैदा हो गए हैं। ये राजे महाराजे जो ख्वाब भी नहीं देख सकते थे उससे भी ज्यादा ऐश और इशरत के साथ ये रहते हैं। और जब इस तरह से रहते हैं तो न वे काम करते हैं और न काम ले पाते हैं। मैनेजमेंट सुपरफ्लुअस हो जाता

है। सरकार कहती है कि उत्पादकता बढ़ाने के लिए। प्रोडक्टिविटी काँसिल सब जगह बनी। हर प्लांट में प्लांट कमेटी को बढ़ाने की बात थी जिस से वर्कर्स के टेलेंट को वह इस्तेमाल कर सकें, उनके सुझावों को काम में ला सकें। उसकी जाँच कर सके। लेकिन इसकी तरफ किसी की तबज्जह नहीं जाती। वह शुरू शुरू में जब पार्टिसिपेशन आफ वर्कर्स इन मैनेजमेंट हुआ था तो कुछ फर्मों में एक एक वर्कर्स के रेप्रेजेन्टेटिव को रख दिए गए थे। लेकिन वर्कर्स रेप्रेजेन्टेटिव जो हैं उन में भी मैनेजमेंट के लोग यह कोशिश करते हैं कि जो येस मैं हो जो वहाँ जाकर के उन के काम में कुछ विघ्न न उपस्थित करे, जिसकी बातों की पहुँच उनके ऊपर हाई कमांड तक नहीं हो, ऐसे लोगों को रखें जिससे कि उनके भेद खुलें नहीं और उन चीजों को दबा कर के रखें। तो वर्कर्स पार्टिसिपेशन इन मैनेजमेंट जो है, रिपोर्ट में 6 उद्योगों के नाम हैं, माननीय मंत्री जी बताएंगे कि इसमें से कितने उद्योगों में वर्कर्स के रेप्रेजेन्टेटिव को बोर्ड में रखा गया है। और मैं तो यह सुझाव देने वाला हूँ सरकार को अब निश्चय करना चाहिये क्योंकि वह दिन चले गए जब कि यहाँ सेक्रेटैरियट में बैठे बैठे लोग विभिन्न स्थानों पर उद्योग चलाएं। वर्कर्स का अधिक से अधिक पार्टिसिपेशन उसमें होना चाहिए बल्कि मैं तो सुझाव दूंगा कि यूगोस्लाविया के आधार पर वर्कर्स को प्लांट की जिम्मेदारी दे कर के देखें कि वर्कर्स उसको चला पाते हैं या नहीं। फाइनेंशियल ईशूज को कंट्रोल करने के लिए कुछ फाइनेंशियल आदमियों को रखिए, कुछ टेक्नोक्रेट भी रखिए। लेकिन जहाँ तक सारी चीजों का कंट्रोल करने का मामला है, एकोनामी और प्रोडक्शन का मामला है प्लांट की सारी जिम्मेदारी वर्कर्स के ऊपर देनी चाहिए और बोर्ड के अन्दर इट शूड नाट बी ए पार्टिसिपेशन आफ वर्कर्स, इट शूड बी ए बोर्ड मैनेज्ड बाई बी वर्कर्स। वर्कर्स का बोर्ड होना चाहिए जो इन उद्योगों को आगे बढ़ाए।

सरकार का ध्यान इस दिशा में जाना चाहिए और सरकार वास्तविक रूप में उद्योग में लगे हुए लोगों से काम लेना चाहती है तो सरकार को उनके दिमाग को भी इस्तेमाल करना चाहिए, केवल श्रम को ही नहीं।

अभी हमारे भाई हैवी इंजीनियरिंग कारपोरेशन रांची की बात कर रहे थे। वास्तव में बहुत ही दुःख की बात है और दुःख की बात यह है कि मदर प्लांट कह कर इस प्लांट की अपने मुल्क में स्थापना हुई थी कि यह प्लांट बहुत से बड़े बड़े प्लांट्स को भारी भारी मिल्स को अपने मुल्क में खड़ा करेगा। लेकिन यह मदर प्लांट सिक मदर का काम कर रही है। तो जब मदर सिक हो तो उसका चाइल्ड कैसे होगा? आज प्रश्न यही आ गया मैं मंत्री जी की तबज्जह इधर आकर्षित करूंगा, रिपोर्ट में कहा है कि कुछ सुधार हैं। लेकिन रशियन फिगर हम लोगों के सामने दी हुई है कि 30 परसेंट इम्प्रूवमेंट किया पिछले साल के ऊपर पिछले साल का क्या परफार्मेंस था? टारगेट से अगर उसको कम्पेयर करें तो वह जीरो बटा तीस परसेंट क्या होगा? जीरो बटा तीस परसेंट भी जीरो होगा और जीरो बटा 100 परसेंट भी जीरो होगा। 1968 से ये प्रोडक्शन में आये हैं लेकिन वह जो टारगेट था उसको कभी भी उन्होंने अपने लाइफ टाइम में अचीव नहीं किया। वह टारगेट अभी भी इनसे बहुत दूर है। अभी भी यह मसूबा है कि कि 73 और 74 में 50 परसेंट बढ़ जायेंगे। मैं कुछ उदाहरण आपके सामने देता हूँ। हैवी मशीन बिल्डिंग प्लांट है उसमें हैवी मशीन का टारगेट है 80 हजार टन और स्ट्रक्चर का है 25 हजार टन। अब हैवी मशीन इन्होंने जो तैयार किया है 80 हजार टन के मुकाबिले में वह है 69-70 में 24462 टन, 1970-71 में 23109 टन और 71-72 में 30468 टन। यह 1969-70, 70-71

[श्री राम नारायण शर्मा]
और 71-72 में तैयार किया है। लेकिन इसकी तुलना 80 हजार से करें तो वह 30 हजार भी 80 हजार का कौन सा हिस्सा होता है यह आप भली भांति अनुमान लगा सकते हैं। अगर इनकी फिगर देखें एन्युअल रिपोर्ट में तो यह कहते हैं कि हम 65 प्रतिशत अचीव कर गये हैं। यह 65 प्रतिशत कैसे होता है? इसका हिसाब कैसे बैठता है? 80 हजार का 30 हजार 65 प्रतिशत कैसे हो जाता है? फिर उसको अधिक दिखलाने के लिये उसकी वैल्यू की जा रही है। हर साल जो वैल्यू बढ़ती है, उसको वैल्यूएशन के रूप में दिखलाया है।

इसी तरह से जो फोर्ड फाउंडेशन प्लांट है, उसका टारगेट 1 लाख 20 हजार टन था, उसके अग्रेस्ट इन्होंने 1969-70 में 11,635 टन किया, अर्थात् 10 परसेंट आफ दि कैपेसिटी। ये कहते हैं कि 1969-70 में 10 परसेंट हो गया, 1970-72 में 15 परसेंट हो गया, 20 परसेंट हो गया, 30 परसेंट हो गया,—यह क्या बढ़ता है? मैंने अभी बताया कि 1969-70 में 11,635 टन हुआ, यह सेलेबिल गुड्स का है। 1970-71 में 16,031 टन किया, 1971-72 में 20,954 टन किया—यह सब 1 लाख 20 हजार टन के अग्रेस्ट है।

इसी तरह से आप देखेंगे कि इनका जो हैवी मशीन टूल प्लांट है उसमें 278 मशीनें बनाने का लक्ष्य है, लेकिन 278 के मुकाबले 1969-70 में केवल 27 मशीनें बनीं जो 10 परसेंट से भी कम है। यदि टनेज के रूप में लें तो इनकी कैपेसिटी 10 हजार टन की थी, उसके मुकाबले केवल 542 टन बना, एक हजार टन भी नहीं बना, यदि एक हजार टन बनता तो 10 परसेंट होता। मशीनों का नवम्बर 10 परसेंट है, लेकिन टनेज में तो केवल 5 परसेंट ही है। 1970-71 में 28 मशीनें बनाई, अर्थात् केवल एक मशीन अधिक बनी, लेकिन 1971-72 में फिर

20 मशीनें ही बन पायी, अर्थात् 27 से घट कर 20 रह गई यह है इनका टारगेट का एचीवमेंट।

1969-70 में इन्होंने 18 करोड़ 18 लाख रुपये का घाटा दिया, 1970-71 में 14 करोड़ 43 लाख का घाटा दिया और 1971-72 में 15 करोड़ 85 लाख का घाटा दिया। वहां पर वर्कस को यह धारणा है कि इसमें लगभग 8 करोड़ रुपया वेजेज के रूप में दिया जाता है और 8 करोड़ रुपया आफिसर्ज की तलब के रूप में जाता है, अर्थात् दोनों में 50 : 50 का अनुपात है। यदि सरकार इस प्लांट को बन्द करके 16 करोड़ रुपया दक्षिणा देकर उनकी छुट्टी कर दे तो वे लोग कुछ और काम करके देश के लिये कुछ और निर्माण कर सकते हैं—इस तरह की परिस्थिति वहां पर हो गई है। उन लोगों का यह भी कहना है कि इस प्लांट की जो कैपिटल कास्ट है, उससे तीन गुना घाटा दिया जा चुका है। 1966-67 में यह प्लांट चालू हुआ था और अब हम 1973-74 की बात कर रहे हैं—तब से लेकर अब तक तीन गुना घाटा दिया जा चुका है।

इनकी रिपोर्ट यह बतलाती है कि इसके लिये एक टास्क-फोर्स बनाई गई है। हमें पता नहीं है कि वह टास्क-फोर्स यहां से बैठकर टास्क करेगी या ग्रान्डी-स्पाट जा कर टास्क करेगी। उस टास्क-फोर्स के साथ जिस फोर्स को काम करना है, उससे भी कोई सम्पर्क होना या नहीं।

एक बार मैं इंजीनियरों से बात कर रहा था। उन्होंने कहा कि हम लोगों की 80 परसेंट ग्रान्डी-स्पाट कैपेसिटी है। इनकी प्राइव्क्लेश है 19-20 परसेंट और उनकी ग्रान्डी-स्पाट कैपेसिटी है 80 परसेंट, इसलिये यह हिसाब मिल जाता है। इस ग्रान्डी-स्पाट कैपेसिटी के लिये वे लोग

कहते हैं कि हमारा काम इसलिये नहीं हो सका कि हमारे यहां ट्रेण्ड परसोनल का अभाव है। अब हम रेलवे से लोको को लेने वाले हैं। इनके यहां इतनी बड़ी संख्या में ट्रेण्ड-परसोनल हैं, इंजिनियर्स हैं, टैक्नीशियन्स हैं, ह्यूज आर्मी है, उसके बावजूद भी कहते हैं कि ट्रेण्ड परसोनल नहीं है। पिछले साल सी० टी० आई० वाले स्ट्राइक पर बैठे थे, बहुत लम्बी चौड़ी स्ट्राइक के बाद उनका फंसला हुआ था। वहां पर कोई देखने वाला नहीं है। वर्कर्स पार्टिशियन तो दूर रहा, इण्डस्ट्रियल रिलेशन भी देखने के लिये कोई आदमी नहीं है। इण्डस्ट्रियल डायरेक्टर परसोनल कहां से होगा, जब वहां इण्डस्ट्रियल रिलेशन देखने के लिये भी कोई प्रापर आदमी नहीं है। इस समय भी 19 हजार आदमी काम करते हैं—मास्टर रोल, ऑफिसर्स और दूसरी लेबर को मिला कर। तीन साल पहले इनकी संख्या 16 हजार थी, इस तरह से फौज बढ़ती जा रही है। इस लिए बढ़ती जाती है कि विभाग बार-बार बदलता जाता है। एक बार की बात है कि यहाँ से एक कमेटी वहां गई थी, उसने कहा कि बहुत बड़ी संख्या में सरप्लस लेबर है, उस को कम करो। जब तक उस कमेटी की रिपोर्ट आई, तब तक वहां दूसरी कमेटी पहुंच गई और उस ने कहा कि अधिक से अधिक लोगों को काम किस तरह से दिया जाय, उस तरह से प्लान करो। समझ में नहीं आता कि यह सब किस तरह से होता है, किस तरह से प्लानिंग चलता है। एक आदमी डायरेक्शन देता है कि वहां बहुत बड़ी संख्या में लेबर सरप्लस है, उस को यूटिलाइज करो, तब तक वह हाथ बदल जाता है और दूसरा आदमी वहां जाता है, वह कहता है कि अधिक से अधिक एम्प्लायमेंट प्रोवाइड करना है। मुल्क में अनएम्प्लायमेंट है, इस लिए अधिक से अधिक एम्प्लाय करने की व्यवस्था करो। कम से कम थिंकिंग तो क्लियर होना चाहिए। यदि हम अधिक से अधिक लोगों को एम्प्लायमेंट देना चाहते हैं तो हम को इन सब इमेजों

में नहीं जाना चाहिए। छूट दे देनी चाहिए कि वहां पर जितने आदमियों को रख सको, उतने आदमियों को रखो।

जब कोई बात आती है तो, सभापति जी, कहा जाता है कि वर्कर्स में राइवलरी है। 10 यूनियन्स रजिस्टर्ड हैं और उन में भी कई यूनियनों में दो-दो फांक हैं, इस तरह से 12-14 यूनियन्स हो जाती हैं। सरकार कहती है कि हम तो यह चाहते हैं कि हर बड़े उद्योग में एक यूनियन हो, तो सरकार को उस दिशा में भी कदम उठाना चाहिए। अगर जरूरत पड़े तो एक ही पोलिटीकल पार्टी भी बनाने की कोशिश करनी चाहिए। मुल्क में एक यूनियन, एक पोलिटीकल पार्टी, एक झण्डा—झण्डा चाहे अलग अलग हों—लेकिन जब हर मिनिस्टर की अलग अलग यूनियन हो जाती है तो उसका क्या इलाज होगा। आज एक मिनिस्टर वहां जाते हैं एक यूनियन को आशीर्वाद दे आते हैं, वह झण्डा लेकर खड़े हो जाते हैं। दूसरे मिनिस्टर जाते हैं, वह दूसरी यूनियन को आशीर्वाद दे आते हैं, एक ही झण्डा के नीचे कई-कई यूनियन्स हो जाती हैं। इनमें कई यूनियन्स ऐसी हैं जो इसी पार्टी की हैं, जिसकी यहां से वहां तक हुकूमत है, लेकिन किसी को सेक्टर की पट्रोनेज मिली है, किसी को स्टेट की पट्रोनेज मिली है। यूनियन्स के प्लेटफार्म को इस्तेमाल कर के, वर्कर्स को बदनाम करके, वर्कर्स को गुमराह कर के, इस तरह की जो बातें की जाती हैं—वह उपयुक्त नहीं जंचता है।

बोकारो को ले लीजिये—उसका भी एक लक्ष्य है, हालांकि वह इस में नहीं है और इसी वजह से में उसमें नहीं गया हूं। बोकारो का प्रोडक्शन अप्रैल-मई-जून में शुरू होना था, अक्टूबर में शुरू हुआ और उसके लक्ष्य के अनुसार जो उसकी रिक्वायरमेंट थी वह आज तक पूरी नहीं हुई, शायद अब पूरी होगी जो 1971 में पूरी होनी चाहिए थी।

[श्री रामनारायण शर्मा]

तो इस तरह की बात चलती है। इन्हीं शब्दों के साथ में माननीय मंत्री जी का ध्यान आकर्षित करूंगा और चाहूंगा कि इस विभाग में या उद्योग में लगी हुई बीमारियों का अगर इलाज करेंगे तो पूरी सफलता का श्रय उनको मिलेगा।

SHRI S. M. BANERJEE (Kanpur): Mr. Chairman, Sir, at the very outset, I welcome the formation of the Ministry under a very dynamic person. Shri T. A. Pai and an extremely hardworking person, that is, Shri Sid-deshwar Prasad. I also welcome the appointment of a technocrat of a very high calibre—a high quality—Shri Manohar Sondhi as Secretary of this Department.

It is known, most probably, to the entire House that Shri Sondhi was one of those under whose guidance we achieved in our defence industry manufacture of a tank, called Vija-yanta tank and we defeated the Pat-ton tank supplied by the United States in our war with Pakistan. It is a very healthy sign that the Govern-ment of India have started appoint-ing technocrats in place of I.A.S. and I.C.S. officers as Secretary of the De-partment. Previously, Shri Wadud Khan was appointed Secretary of the Steel Ministry. I am sure, the person like Shri Pai will be able to do much if he remains in this Ministry. The whole difficulty is that once the Mini-ster has a grip over the whole prob-lem, he is immediately shifted. I would request the hon. Prime Minister to kindly realise this and give some more importance to such industries and keep on continuing him there for at least three years so that he may im-prove those projects. Otherwise, the Minister comes and goes away and other people think that they too are working casually as a casual minis-ter does.

16.53 hrs.

[SHRI N. K. P. SALVE in the Chair]

I have a great hope that these pub-

lic undertakings—these were also de-scribed by our late lamented Pandit Jawaharlal Nehru as places of pilgri-mage—will advance and prosper under the wise guidance of Shri Pai.

Many hon. Members have criticised the working of the public undertak-ings like the H.E.C., H.A.L., B.H.E.L., Steel and structural under-takings under this Ministry. I am not pessimistic about the working of these undertakings. I know that a day is not very far when these in-dustrial undertakings would be the show-piece of our country. I am sure, that the country has realised it now that the main cause for our vic-tory over Pakistan was not only be-cause of the might of our army—the superiority of our army—but also cause of the growth of our public sector undertakings in our country. This is also due to our self-sufficiency in many spheres whereas Pakistan had to depend for everything on other countries. Indeed we should not be so pessimistic about the whole things that things are not good. After all if you compare the progress that has been made by H.E.C., in 1960 or 1961 and 1972-73, there is a vast difference. I am sure that things have improved.

Hon. Members criticised him. Even Shri Sharma was telling the same thing. We have a suggestion to offer 'Why don't you recognise the unions on the basis of the representative char-acter? Who is going to assess the re-presentative character unless there is a ballot? Let the workers elect their own representative by means of a ballot.

Any Member who is elected whe-ther with a red flag or any other flag should be given a chance to work for 2 years and that should be the representative union. I would not say much about Ranchi because things have improved there. But it is true that the position is not so good in HEL, BHEL etc. Retired railway off-icers are made either Chairman or Managing Director of these undertak-

ings. When a person after retirement at 58 or 60 years comes, naturally he loses all initiative and the other persons from whom he has to take work also lose their initiative. So, I request the Minister not to appoint retired personnel to these undertakings. I do not say after retirement people become senile; not always. In politics there is no age of retirement, but in other sectors, some age of retirement should be there. I visited HEL, Bhopal when Pandit Nehru was Prime Minister. There were strikes there because the Chairman did not keep his promise. When I met him, he was smoking a hookah and he said, "Mr. Banerjee, let it be close for 10 or 12 days. I am not going to settle their grievances." In contrast, the other day when a token strike for a day was coming up in BHEL in Hardwar and when we approached the Minister, he said, "I do not want production to stop for a minute, not to speak of a day." In spite of pressures on him from various quarters not to negotiate with the union, he gave the instructions that negotiations should start. That should be the spirit. I assure him our full co-operation because he has proved his impartiality and sense of justice before the workers.

At the same time, I want to give some suggestions. Braithwaite (India) Limited is a new concern taken over by the Government of India after a proper enquiry. It is one of the biggest units employing about 7300 skilled workmen, some of them highly qualified technical personnel. I am told one of the top army officers who was absolutely unsuccessful in the Heavy Vehicle Factory at Avadi has been shifted to this unit. I have no grouse against him; I do not want to impute any motive. But he is a true Army General and he wants the civilians also to behave like Subedar-Majors, which is impossible in a public undertaking. He may be a most efficient officer. But he is a high-browed person who does not believe in trade unionism and considers it an unavoidable nuisance.

He should change his behaviour. Otherwise, things will become worse. In Avadi, when civilian officers like Mr. Sondhi were there, there was not even a day's strike, even though we were itching for a strike.

17.00 hrs.

We were very eager to organise a demonstration in Avadi but we could not do it because the workers were really happy. I do not want to name this officer. This army General is behaving in a fashion which is unbecoming of a General Manager or Managing Director of a big public sector concern.

I should say something about BHEL, Hardwar. The hon. Minister knows the demand of the workers of HEL, Hardwar. In fact, they came in a procession and met the hon. Minister. I am thankful to Professor Siddheswar Prasad, who spent practically six hours to discuss their demands. They are a wonderful lot of young people with enthusiasm and ambition. They really want to work for the fulfilment of our mission and lead us to socialism. They want to translate our slogan of socialism into action. They have certain problems. While the employees of every public sector undertaking gets a bonus, because of the limitation of five years and so on, these workers are deprived of any bonus. If necessary, the Bonus Act should be changed so that they can be given bonus. Any employee who has worked to the satisfaction of the officers for more than one year should be paid bonus.

Then there is the question of the work charged establishment employees. There are people who have worked for more than 8 to 10 years. They are still temporary, casual employees, not getting any of the benefits which the other employees get. I know that those posts are now being converted into permanent and regular posts and their services are being regularised. I would say that those who have put in three years should

[Shri S. M. Banerjee]

be treated as regular employees. Unless there is security of service and the workers feel secure, how can you expect them to give their best? Now their services can be terminated without any notice and they are not entitled to the medical treatment or quarters. I would request the hon. Minister to see that something is done to help such workers who are doing their work to the best of their efficiency.

Then I come to the Triveni Heavy Electricals, Allahabad (Naini). Recently, there was a strike there. That strike took place because of the hot-headedness of some officials. Fortunately, the strike was settled at the instance of the Centre.

Unfortunately, the State labour laws are made applicable to all these public sector undertakings. So, it becomes difficult for the hon. Minister, the Secretary of the Ministry, or the Chairman of the Corporation to act expeditiously because they have to depend on the State Government for the application of labour laws. This is a peculiar position. It is a Central project, the decisions of the Wage Boards appointed by the Central Government are implemented there and even the Central standing instructions are made applicable to them. But when the applicability of labour laws comes, it is the State laws that are made applicable. The result is that State politics plays a very vital role in the matter of the working of unions. Suppose a State Labour Minister is allergic to a particular union, then, he immediately recognises or registers that particular union. The question was raised in this House and it was suggested that these public undertakings should be covered under the Central Labour Laws. This will help in better management and the hon. Minister, from here, would be able to control. The Chief Labour Commissioner (Central) can intervene in the matter effectively, submit a report here, whether of success or failure and immediately things can improve. But, here, you have to ask

the Chief Ministers. Sometimes, the Union Labour Minister and the State Labour Ministers intervene and sometimes politics—this is human weakness—has to play a very vital role. I would urge that this should be done at the Central level and the Hon. Minister should apply his mind to this.

Now, I come to the functioning of the various sections. I fully support hon. Member Shri Sharma when he said that the workers should be given due share. Due share in what? The share should be not only in matter of bonus. These public undertakings, according to Pandit Jawaharlal Nehru are places of pilgrimages, they are our show-pieces and they will take us towards socialism today or tomorrow. All the units are going to be nationalised. I am waiting for that day. I wish I am alive to see this. The workers have to be given a proper role. He must have a feeling that a particular project belongs to him and he should be given a position. He should be made a Member or a Director. Participation of labour in management was a slogan given by Shri Nanda, and owned by this Government. But, what happened to that? Except in Durgapur and certain other places, this has not been fully implemented. I would request Mr. Pai—who was formerly Chairman of LIC where he has dealt with so many unions and federations effectively and efficiently—to give proper place to the workers, on the Boards etc.

Then, elected section committees must be formed in all public undertakings. These should not be nominated. Once you nominate, it will be difficult for you to assess whether it is Banerjee's union or any other union. You will be in difficulties and you will be confronted with a bundle of flags and it will be difficult for you to function.

Another point is about the scheme of joint consultative machinery. All the defence undertakings, all the P&T undertakings, and in fact the entire

Railways are covered by the joint consultative machinery both at the national level, at the departmental level and at the third and fourth levels. Why such a machinery could not be formed in the public undertakings? Once the workers get a forum, where they can ventilate their grievances, there is bound to be no labour unrest.

Labour problem is essentially a human problem. I can assure the hon. Minister that once these ideas are properly considered, objectively and dispassionately, there will be no trouble in these undertakings and I assure the hon. Minister,—from my side and on behalf of those unions which I represent—that we shall not fight for nothing; if we have to fight, we shall fight only in self-defence and not to offend the Union Minister or sabotage anything. We know that there are people who are after public sector. We know that there are right reactionary forces which are after defaming the public sector. But, once this tirade starts against the public sector, once this campaign starts against the public sector, headed by these reactionary forces, we shall leave all other demands and we shall defend the public sector with all our might, whether our demands are conceded or not. Our first aim is to protect the interests of the public sector undertakings, to see that more and more industries come under public sector. The day, when every industrial unit in this country will come under one flag, will definitely come.

श्री शशि भूषण (दक्षिण दिल्ली) : मैं मंत्री महोदय को मुबारकबाद देता हूँ कि उन्होंने बहुत ठीक समय पर और जिस पर हिन्दुस्तान का भविष्य निर्भर करता है, उस विभाग को अपने हाथ में लिया है। वह जीवन में जहाँ भी रहे हैं कामयाब रहे हैं और यहाँ भी मैं उनकी सफलता की कामना करता हूँ। उनके उप मंत्री जो जहाँ साहित्यिक हैं, गरल पीना जानते हैं, अमृत वर्षा करना भी

जानते हैं। मैं समझता हूँ कि उन दोनों के मजदूरों के साथ बड़े अच्छे सम्बन्ध रह सकेंगे। यह जोड़ा बहुत मुनासिब है।

पब्लिक सेक्टर का विरोध समझ में नहीं आता। हमारी पार्टी इसका विरोध करे यह तो हो ही नहीं सकता है। पब्लिक सेक्टर की जो फलसफा है, हमारी पार्टी की जो फिलोसोफी है, पोलिटिकल फिलोसोफी है वह यह है कि हम समाजवाद लाना चाहते हैं। समाजवाद का मतलब ही यह है कि प्रोडक्शन और डिस्ट्रीब्यूशन जनता के हाथ में हो। इसलिए जो लोग आधी भावना से पब्लिक सेक्टर के प्रति मान्यता रखते हैं, मैं चाहता हूँ कि देश को बल प्रदान करने के लिए उन्हें पब्लिक सेक्टर पर पूरा-पूरा विश्वास करना चाहिए और इस काम में सहयोग देना चाहिए ताकि वह आग बढ़ सके।

पिछले दिनों पब्लिक सेक्टर में कुछ खामियां रही हैं। उसकी सब से बड़ी वजह यह थी कि कोई ऐसी जगह नहीं थी जहाँ से प्रापर मैनेजमेंट वहाँ पहुँच सकता। यू०पी०एस० सी० जैसे है, उनका एक सिस्टम है, अपना केडर तैयार करते हैं लेकिन पब्लिक सेक्टर में कोई अभी तक उस ढंग का केडर बनाने के लिए संस्थान नहीं बना। ब्यूरो आफ पब्लिक एंटरप्राइजिज बना है लेकिन वह भी पूरे तौर पर काम नहीं करता है। मुझे खुशी है कि यू०पी०एस०सी० में अब तक आई०सी० एस० चेयरमैन होता था और अब वहाँ टेक्नोक्रेट आ गया है। मैं समझता हूँ कि इसी तरह से एक टेक्नोक्रेट के मातहत ऐसी संस्था का निर्माण होना चाहिए जो सही मैनेजर चुन सके।

देश के अन्दर एक इंस्टीट्यूट फार पब्लिक अंडरटेकिंग्स बनना चाहिए जो सरकार के अन्तर्गत हो, उसमें लेबर और मैनेजमेंट के प्रतिनिधि फोरम बनाएं और दोनों अपनी अपनी बात वहाँ रख सकें और निर्णय ले

[श्री शशि भूषण]

सकें और किसी पर ज्यादा निर्भर न रहना पड़े। जो साधारण काम होते हैं और जिन के रास्ते में अंडर सैक्रेटरी और दूसरे लोग दुविधा डालते हैं न डाल सकें बल्कि व अपने पैरों पर खड़ा हो सकें। इस ढंग से कोई व्यवस्था हम को करनी चाहिए।

सिफारिशें इतनी पब्लिक सैक्टर में आती हैं कि उनके आधार पर बहुत ज्यादा लोगों को रख लिया जाता है। इनकी वजह से नैपोटिज्म भी वहां घुसा रहा है। आपने पड़ा होगा कि इटली में पार्लियामेंट ने एक बिल पास किया है जो एकट बन गया है जिस में यह व्यवस्था है कि अगर कोई मैम्बर पार्लियामेंट सिफारिश करेगा तो उसको पांच हजार रुपये जुर्माना देना पड़ेगा, अगर कोई अफसर उसकी सिफारिश को छिपा लेगा तो उस को भी जुर्माना देना पड़ेगा। मैं चाहता हूं कि हम को भी ऐसा कानून बनाना चाहिए जिस में एम एल एज और एम पीज सिफारिश करें तो उनको फाइन देना पड़े। इसके साथ साथ जिन अफसरों को क्षमता दी जाती है किसी कार्य को करने की, वे अगर उसके बाहर जा कर काम करते हैं तो उनकी भी किसी भी तरह से बढ्शान जाए, उनको फाइन भी किया जाए, तरक्की भी उनकी रोकी जाए और वक्त हो तो उनकी निकाला भी जाए। सख्ती के साथ सिफारिशों को आप कानूनी ढंग से नहीं रोकते हैं तो अच्छे नतीजे निकलने की आशा नहीं की जा सकती है। पब्लिक सैक्टर में आंख बंद करके भरती हुई है।

उसका नतीजा यह है कि हम को नुकसान उठाना पड़ रहा है। लेकिन इसका मतलब यह नहीं है कि पब्लिक सैक्टर ने कुछ नहीं किया है। रांची का कारखाना है। हमारे देश को इस पर गर्व होना चाहिए। यह कोई भैंस नहीं है जो रोज दूध देगी और रोज आप उसको तोल लेंगे। बड़ी बड़ी, चालीस चालीस लाख की मशीनें हैं जो कभी कभी खांचा बनाने के लिए, प्रेशर देने के काम में आती है, मिलिट्री के तथा दूसरे बड़े बड़े कारखानों की मशीनें बनाने के काम में आती हैं और आप चाहें कि रोज वहां से आप को दूध मिले तो यह सम्भव नहीं है। लेकिन जो पब्लिक सैक्टर के प्रति दुर्भावना रखते हैं और प्राइवेट सैक्टर को ईश्वर का वरदान समझते हैं वे अंधविश्वासी हैं, ऐसा मैं मानता हूं। देश को पब्लिक सैक्टर पर गर्व करना चाहिए। लेकिन जिन की इनके प्रति दुर्भावना रहती है उनको सदबुद्धि आए तो अच्छा है।

मजदूरों के अधिकारों का भी सवाल है। उस ओर ध्यान नहीं दिया गया है। देश में श्रम की प्रतिष्ठा नहीं हुई है। अफसर श्रमिकों से बहुत दूर हैं दिल्ली तौर पर, दिमागी तौर पर और आर्थिक तौर पर दूरी तो है ही। व्यवहारिक तौर पर भी उनको जन में रुचि लेनी चाहिए ट्रेड यूनियंस में भी प्रजातंत्रीय ढंग लाना चाहिए। सीक्रेट बैलट द्वारा चुन कर

जो उनके प्रतिनिधि आएँ उनको मैनेजमेंट में हिस्सा आपको देना चाहिए। लेकिन अरुणर बड़ा चतुर होता है क्यों कि यह बुद्धजीवी होता है। वह कई यूनियनों बनवा देता है। अगर हम प्रजातन्त्रीय ढंग लागू करें तो मैं समझता हूँ कि मैनेजमेंट सुचारु रूप से चल सकता है। दो तीन साल पहले हमने एक कान्फ्रस की थी। प्रधान मंत्री उस में आई थीं। पाई साहब भी आए थे। वह मैनेजमेंट के सिसिने में थी। वहाँ सभी ने कहा था कि मैनेजमेंट में वर्कर्स का पार्टिसिपेशन होना चाहिए। लेकिन अभी तक उसकी कोई व्यवस्था नहीं बनी है। इसको आपको जल्दी करना चाहिए ताकि मजदूरों में आत्मविश्वास की भावना पैदा हो सके और वे समझ सकें कि जिस फैक्ट्री में वे काम करते हैं वह उनकी अपनी फैक्ट्री है। इस से बहुत सी यूनियन्स बनाने का जो लोगों को मौका मिलता है नहीं मिलेगा। कुछ लोग हैं जो वैचारिक तौर पर पब्लिक सेक्टर के खिलाफ नहीं हैं लेकिन सोवियत कोलेबोरेशन से जो भी पब्लिक सेक्टर देश में बना है, पता नहीं उसके खिलाफ वे क्यों हैं। चीन की प्रतिक्रिया या किसी दूसरे देश की प्रतिक्रिया का उन पर असर है यह मुझे पता नहीं। उसे वे अन्दर से सबोटाज करना चाहते हैं। उनको इस बात का खयाल नहीं कि ये कारखाने हमारे देश के हैं, इन से देश तरक्की करेगा। लेकिन वे तोड़फोड़ वहाँ करते हैं। कभी दुर्गापुर में कुछ तोड़ देंगे और कभी दूसरी जगह।

लोगों से हमें सतर्क रहना चाहिए। अन्तर्राष्ट्रीय तौर पर लोगों में झगड़े हो सकते हैं, कोई सोवियत संघ को पसन्द करता है कोई नहीं करता है और वह चीन को करता है। उनकी राजनीति बेचारे कारखानों में आए, ऐसी दयनीय स्थिति पैदा नहीं होने दी जानी चाहिए। मैं डिटेल में जाना नहीं चाहता। सब लोग एक दूसरे के वाकिफ हैं, कोई नया परिचय नहीं है। इस देश की प्रगति को कोई रोक नहीं सकता है, पब्लिक सेक्टर के स्थायित्व को कोई रोक नहीं सकता है। दुनिया की कोई ताकत इस देश की आर्थिक तरक्की को नहीं रोक सकती है। थोड़ा सा प्रयत्न हुआ था लेकिन यह देश सम्भल गया। हम अपने दोस्त और दुश्मन को पहचानते हैं। हिन्दुस्तान सैनिक दृष्टि से विश्व की चौथी ताकत है। आर्थिक दृष्टि से भी इसको बड़ी ताकत बनना चाहिए और अपने पैरों पर खड़ा होना चाहिए। कोई देश विदेशी परम्परा या विचारों से तरक्की नहीं करता। तोड़फोड़ के तरीके बन्द करके निर्माण के तरीके अपनाने चाहिए और मिल कर आगे हमको बढ़ना चाहिए।

पब्लिक सेक्टर ने बहुत सा इम्पोर्ट बचाया है, धन बचाया है। एक साहब अभी कह रहे थे कि आठ करोड़ अफसरों को जाता है और आठ करोड़ मजदूरों को तो दक्षिणा दे कर इनको बन्द करो, तो यह कैसे हो सकता है। हमारे देश का सारा भविष्य इन पर निर्भर करता है। बोकारो का कार-

[श्री शशि भूषण]

खाना, रांची का कारखाना और दूसरे कारखाने जो हैं इन पर निर्भर हो कर हम बड़े बड़े प्लांट बना रहे हैं। प्लांट्स को चलने के लिए टेक्नीकल ट्रेनिंग की जरूरत है कारखाना बनाने के बाद इसकी व्यवस्था हो सकती है। इस तरह के देश अगर आप जर्मनी से या अमेरिका से तुलना करें या ब्रिटेन से करें तो यह ठीक नहीं होगा। भिलाई में जो बेचारे ज़मीन खोदते थे आदिवासी वे टेक्नीकल काम में लग गए हैं। कौन दुनिया में यह सोच सकता था कि जंगलों में रहने वाला, हजारों साल से खुली हवा में रहने वाला इस तरह से टेक्नीकल काम कर सकता है। जो सामाजिक परिवर्तन इन बड़े बड़े कारखानों में लाया है, देश के सोचने के तरीके को बदला है, वैज्ञानिक तरीके को अपनाया है और जो इन बड़े कारखानों की देन है वह बहुत बड़ी देन है और उससे अगर कोई इन्कार करता है तो मैं समझता हूँ कि वह देश जा शुभ चिन्तक नहीं है।

रिसर्च और डेवेलपमेंट के सेंटर को और तेज़ी से और उस को काफ़ी मदद दे कर बढ़ाना चाहिये। मेरा तर्ज़ुमा है कि टाटा रिसर्च सेंटर हो या दिल्ली क्लायम मिल वालों का रिसर्च सेंटर हो, वे गवर्नमेंट से ऐंड लेते हैं, पी० एल०-480 से ऐंड लेते हैं, लेकिन लाभ खुद लेते हैं और नुकसान सरकार को देते हैं। इसलिए हमारे रिसर्च सेंटर अपने पैरों पर खड़े होने चाहिए। मुझे मंत्री महोदय के नेतृत्व और अपने इंजीनियर्स तथा वैज्ञानिकों की योग्यता पर पूरा भरोसा है। मुझे आशा है कि वे हमारे उद्योगों की तरक्की के लिए नई नई चीज़ें ईजाद करेंगे।

कैंडर और डिज़िलिन का सवाल भी बहुत जरूरी है। जब कोई तालाब सूख जाता है तो मछलियां भी मर जाती हैं और बगुज़ा भाग जाता है। इसी तरह जब किसी कारखाने में घाटा होता है, तो

उस के बड़े अफ़सर वहां से चले जाते हैं। इसलिए मैं चाहता हूँ कि इन उद्योगों में काम करने वालों को स्थायित्व दिया जाये और उन की क्षमता को बढ़ाया जाये। यह तय कर दिया जाये कि जो इंजीनियर किसी फ़ैक्टरी में काम कर रहा है, वह दस साल तक कहीं और नहीं जायेगा। कुछ लोग ट्रेनिंग सरकारी उद्योगों में लेते हैं, सरकारी पैसे से मैनेजमेंट ट्रेनिंग लेते हैं, दो तीन साल के बाद अमेरिका जाते हैं और फिर किसी प्राइवेट कारखाने में चले जाते हैं। वे तोड़-फोड़ का सेंटर पब्लिक सैक्टर को बनाते हैं और सेवा करते हैं प्राइवेट सैक्टर की। प्राइवेट सैक्टर के लोग इन अफ़िसर्स को बहुत ब्राइब करते हैं। अगर कोई अच्छा टेक्नीशन हो, तो वे उस को ख़रीद लेते हैं। हमें सीधी साहब पर फ़रक़ है। अगर वह विदेशों में जायें, तो उन को लाखों रुपये मिल सकते हैं। अच्छे टेक्नोक्रेट्स के लिए पैसे की कमी नहीं है। जो लोग पब्लिक सैक्टर में काम करते हैं और त्याग करते हैं, उन की सराहना करनी चाहिए। हमें यह कोशिश करनी चाहिए कि कोई हमारे यहां काम सीख कर बाहर न जाये, हम अपनी टेलेंट को बाहर न जाने दें, हम उन को काम करने और तरक्की का मौका दें।

जब हम ने देश में समाजवाद लाना है, तो अफ़सरों और मजदूरों में जो व्यावहारिक फ़र्ज है, उन को दूर करने के लिए भी हमें आवश्यक कार्यवाही करनी चाहिये। पब्लिक सैक्टर की तरक्की के लिए यह जरूरी है कि मजदूरों और अफ़सरों के दिलों में समाजवादी चेतना जाग्रत की जाये और उन दोनों में अच्छे सम्बन्ध स्थापित हों। मिनिस्ट्री को समाजवाद के लिए कमिटीड कैंडर बनाने के लिए स्टडी सर्वेक्ज, किताबों और शिक्षा के केन्द्रों की व्यवस्था करनी चाहिए। मैं समझता हूँ कि मंत्री महोदय उस दिशा में जरूर कदम बढ़ायेंगे।

मैं हरिद्वार कई बार गया हूँ। पिछले दिनों वहाँ हड़ताल हुई थी। उस समय भी मैं लोगों से बातचीत करने के लिए गया। मैं देखता हूँ कि वहाँ पर कई यूनियन्ज बनी हुई हैं और अधिकारी भी उन में पूरा हिस्सा लेते हैं। मैं चाहूँगा कि जो प्रगतिशील लोग हैं, उन की यूनियन्ज को साथ मिल कर काम करना चाहिए।

यह भी जरूरी है कि मजदूरों के लिए मकानों, दवा-दारू और शिक्षा की और साल, दो साल काम करने के बाद उन को पर्सनिंट करने की जरूर व्यवस्था करनी चाहिए। अगर मजदूर फ्रस्ट्रेटिड रहेगा, तो वह अच्छी तरह काम नहीं कर पायेगा। उन को पूरी सुरक्षा देनी चाहिए, जैसी कि अफसरों को दी गई है। आखिर वे देश के भाग्य-निर्माता हैं। किसी प्लांट के प्रति मजदूरों का भी उतना ही दायित्व है, जितना कि अफसरों या नेताओं का होता है। इस लिए सब को समान स्तर पर लाने के लिए देश में एक नया वातावरण बनाना होगा।

श्री जगन्नाथ राव जोशी (शाजापुर) : सभापति महोदय, सदन में भारी उद्योग मंत्रालय के अनुदानों की मांगों पर बहस हो रही है। प्रारम्भ में ही मैं इस बात का स्वागत करता हूँ कि भारी उद्योगों का एक अलग मंत्रालय बना कर उस की जिम्मेदारी एक ऐसे व्यक्ति को सौंप दी गई है, जिन की सत्व-परीक्षा हो रही है। मैं पूरे विश्वास के साथ आशा करता हूँ कि वह इस सत्व-परीक्षा में इस कसौटी पर, पूरे उत्तरेंगे और सार्वजनिक उद्योगों से देश को वास्तव में जो लाभ होना चाहिए, वह होगा।

डा० विश्वेश्वरैया ने किसी भी उद्योग की सफलता के लिए सात "एम" बताये

थे: मैन, मनी, मैटीरियल, मशीन, मैनेजमेंट, मोड आफ ट्रांसपोर्ट और मार्केट। इस से स्पष्ट है कि किसी भी उद्योग की सफलता के लिए हर बात का बड़ा महत्व होता है। सार्वजनिक उद्योग साध्य नहीं हैं, साधन हैं। लेकिन अभी श्री शशि भूषण के भाषण को सुनने के बाद ऐसा लगा कि मानो सार्वजनिक उद्योग साध्य हैं—सार्वजनिक क्षेत्र में किसी उद्योग को खड़ा कर दिया तो अपनी जिम्मेदारी पूरी हो गई। यदि किसी सामान्य आदमी के घर से गाय को ले कर और कालोनी में बांध दें, मगर उस को घास चारा न डालें, तो क्या वह दूध देगी? नहीं देगी। गाय घर में हो या सार्वजनिक क्षेत्र में हो, जब तक हम उस की हिफाजत नहीं करेंगे और उस को घास चारा नहीं खिलायेंगे, तब तक हम उस से जो अपेक्षा करते हैं, वह पूरी नहीं होगी।

मुझे यह कहते हुए बड़ा दुख होता है कि जब उद्योग की स्थापना ही पोलिटिकल ओवरटोन से की जाती है, तो सारा दृष्टिकोण ही बदल जाता है। रांची का हैवी इंजीनियरिंग कार्पोरेशन एक बड़ा काम-प्लेक्स है। उस के बारे में हमारी कमिटी की रिपोर्ट में कहा गया है—मैं कबोट करता हूँ:

"The Government appointed a Committee under the Chairmanship of Mr. Jehangir Ghandy, Director, Tata Industries (Private) Limited, to examine the proposals of the U.S.S.R. Team and the U.K. Mission, and to advise them on the most suitable place for the establishment of Heavy Engineering Industry. The Committee reported in March, 1957, that the proposals of the U.K. Mission were preferable to that of the Soviet Team. However, ultimately, at the end of 1957, the Government decided to set up the Plant with technical collaboration and credit assistance of the U.S.S.R."

[श्री जगन्नाथ राव जोशी]

मुझे किसी देश के बारे में कुछ नहीं कहना है। अगर इस में यू०एस०एस०आर० के बजाये जर्मनी होता, तब भी कोई फर्क नहीं पड़ता। कमेटी ने कहा है कि एक देश की अच्छी शर्तों को छोड़ कर दूसरे देश के साथ समझौता किया गया। इस बात का कोई स्पष्टीकरण नहीं दिया गया है। किसी देश के साथ हमारी मित्रता है, इस का मतलब यह नहीं है कि हम हर बात में उस को लायें। जब हम कोई उद्योग खड़ा करते हैं, तो हमें यह देखना पड़ेगा कि किस देश के साथ कोलैबोरेशन करने से उस में सफलता मिलेगी। कमेटी की रिपोर्ट से यह बात साफ है कि जब प्रारम्भ से ही इस प्लांट के सम्बन्ध में पोलिटिकल ओवरटोनज बीच में आ गईं, तो आगे चल कर उस में गड़बड़ी हो, इस पर कोई आश्चर्य नहीं।

पिछली मांगों के सम्बन्ध में मंत्री महोदय, श्री सुब्रह्मण्यम्, ने कहा कि बहुत कुछ मैनेजमेंट पर डिपेंड करता है। इसीलिए मैंने कहा है कि श्री पाई पर बड़ी भारी जिम्मेदारी आ गई है। मंत्री महोदय ने कहा कि दि रिजल्ट्स कुड बि चेंज्ड ओवरनाइट। मतलब यह है कि ऊपर वालों की दृष्टि से हिसाब से सब कुछ चलता है। कमेटी ने अपनी रिपोर्ट में फ्रिक्वेंट चेंजिज इन टाप मैनेजमेंट का जिक्र किया है। हमारे कारखानों में पूरी सफलता न मिलने और गड़बड़ी होने का यह एक कारण है। मैं किसी व्यक्ति विशेष में नहीं जाना चाहता हूँ, लेकिन यह तथ्य है कि राजनीति में पूरी रुचि लेने वाले श्री के० डी० मालवीय को 212 करोड़ रुपये के बड़े भारी काम्प्लेक्स, रांची के हैवी इंजीनियरिंग कार्पोरेशन, का चेयरमैन बना दिया गया। लेकिन वह वहां एक साल भी नहीं रहे। जब श्रीमती विजयलक्ष्मी पंडित की सीट खाली हुई, तो उस पर चुनाव लड़ने के लिए उन्होंने अपने पद से त्यागपत्र दे दिया। मैं उन को बोध नहीं देता

किन्तु जिन लोगों की रुचि राजनीति में है उन को इन उद्योगों में क्यों भेजा जाये?

स्थिति यह है कि गोटी बिठाने का काम होता है, जिस पर मुझे दुःख होता है। इस तरह काम नहीं चल सकता है। इस सदन में भूतपूर्व रेल मंत्री, श्री हनुमन्तैया, की मैंने पीट थपथपाई थी कि उन्होंने इस बात का प्रयास किया कि ट्रेन समय पर चले। और ट्रेनें समय पर चलने लगीं। लेकिन फिर वह बदल दिये गये। उन के बाद श्री पाई आये और फिर वह भी बदल दिये गये। भगवान जाने, उन की गोटी कहां बँटेगी—अभी वह इस मंत्रालय में आये हैं, पता नहीं कब तक रहेंगे। उन को रांची के हैवी इंजीनियरिंग कार्पोरेशन, हैवी इलेक्ट्रिकल्ज, भोपाल, या हरिद्वार, या हैदराबाद या एच० एम० टी० ऐसे उद्योगों को ठीक करना है। हमें याद है कि श्री चव्हाण कम्यूनलिज्म का अन्त करने के लिए यहां से निकले, लेकिन भोपाल से ही वापिस आ गये। वह पहुंचे नहीं वहां तक। बीच में दूसरा आर्डर निकल गया। जो भी काम हम हाथ में लेते हैं उस को पूरा करने की दृष्टि से निश्चितता तो होनी चाहिए। आखिर यह उद्योग क्यों हम ने शुरू किया, वह लक्ष्य हमारे सामने होना चाहिए, तब जा कर होगा। यदि कल्पना यह होगी कि इस उद्योग की वजह से हम समाजवाद ला रहे हैं या इस उद्योग की वजह से हम सरकार को आगे बढ़ा रहे हैं तो आखिर

Whether it was due to the necessity of economic factors or only to have that economic heights?

एकानामिक हाइट्स जो हैं आप की इन उद्योगों में अगर अपना उत्पादन का लक्ष्य आप पूरा नहीं कर पाए तो एक तो चीज यह हो गई, लेकिन लगातार डाटा देना यह बात तो मेरी समझ में नहीं आती। अभी सुब्रह्मण्यम् साहब ने यह बता दिया कि टाटा बिरला और दूसरे ऐसे लोगों ने

अपनी सारी सम्पत्ति कैसे बढ़ाई और कौन से समय में बढ़ाई, यह उन्होंने बता दिया। उद्योग चलाने वाले सब उद्योग अपने घाटे में नहीं चलाते। उसे लाभान्वित करते हैं। वह लाभ वह खुद खाते हैं। हमारी अपेक्षा यह थी कि सरकार खुद उद्योग चलाए और उस में जो लाभ आए वह जनता को वापस आ जाएगा। जनता उस से समृद्ध होगी नाट-इन कैश बट इन काइंड। लेकिन इस की जगह आप देखें कि भोपाल हैवी एलेक्ट्रिकल्स में 1960 में प्रोडक्शन शुरू होने के बाद भी 1972 तक घाटा ही घाटा वहां दिख रहा है। तो आखिर यह घाटा कब कम होगा ?

मेरे पास एक अखबार है जिस में पाई साहब का वक्तव्य है कि एच ई सी लासेज में टच 100 क्रोर्स। अभी तक 89.90 करोड़ का जो लास है वह आगे 100 करोड़ तक हो जायेगा। लेकिन ब्रेक ईवेन हम करेंगे ऐसी आशा आप ने प्रकट की है। 1973 में आप ब्रेक ईवेन करने वाले हैं। परन्तु यह जो मेरे पास पब्लिक अण्डरटेकिंग्स कमेटी की रिपोर्ट है यह रिपोर्ट इस पर आशंका प्रकट करती है, नहीं तो मैं मान लेता। कमेटी की रिपोर्ट बहुत साफ है।

The Committee highly deplors that the Project Report does not include any realistic assessment as to when the Corporation was likely to break even. All the exercises made so far differ widely from each

other. The break even point is being shifted from year to year by bringing down the likely production and sale value thereof. From the studies made so far it is difficult to know as to what are the actual years anticipated and whether the Corporation would really break even within any reasonable measure of time.

अब यह तो कमेटी का कहना है। मैं यह मानता हूं ब्रेक ईवेन होता तो अच्छा था। लेकिन पब्लिक अण्डरटेकिंग्स कमेटी इस के अंतर्गत गई है और सारा अध्ययन करने के बाद वह इस नतीजे पर पहुंचे हैं क्योंकि यहां तो सारी बात इस पर है कि इन की जो डिटेल्ड रिपोर्ट है उस में कई चीजें शामिल न कर के रिपोर्ट दी है जिस की वजह से ऐसा है। अब आप देखें शुरू का जो प्रोजेक्ट था वह 132 करोड़ से बढ़ते बढ़ते 211 करोड़ तक पहुंच गया। तो इस का मतलब यह होता है कि एस्टीमेट करते समय हम कुछ ध्यान से एस्टीमेट नहीं करते और बाद में यह कहना कि डिटेल्ड रिपोर्ट में यह बात नहीं थी। 45 करोड़ रुपये उस में शामिल नहीं किए गए थे, यह बात कोई शोभा नहीं देती। इसलिए आज भी जितने पब्लिक सेक्टर हैं उन में जो खामियां हैं, कमियां हैं उन को पूरा करना है तो इस में कई चीजें जो कमेटी ने नोट डाउन की हैं, उन के ऊपर ध्यान देना होगा।

इसमें स्पेयर्स के बारे में दिया है कि आइडिल इन्वेन्ट्री बहुत है। यानी हर पब्लिक सेक्टर में यह भी एक बहुत बड़ा कारण हुआ है कि डेड कैपिटल पड़ा हुआ है और रांची इंजीनियरिंग कारपोरेशन में तो बताया है कि 2 करोड़ के स्पेयर्स यंत्र से पहले आ गए थे। यानी मशीन आने से पहले

[श्री गन्नाथ राव जोशी]

स्पेयरस गए। मशीन आने में देर हो गई। बीच में स्पेयर सड़ खराब हो गए। तो यह क्या तरीका है ? मशीन आने से पहले स्पेयर आ गए और जब तक मशीन नहीं आई तब तक वह खराब हो गए। यह तो बहुत अनुचित है। यह रिपोर्ट में कहा है। दो करोड़ के करीब के स्पेयरस खराब हो गए यह बात तो कोई अपने लिए शोभा नहीं देती।

दूसरी बात यह है कि वहां ओवर-स्टाफिंग है और इस का निदान उन्होंने किया है कि एक तरफ तो ओवर स्टाफिंग है और दूसरी तरफ जहां टेकनिकल नो हाउ के लिए आवश्यक सामग्री या आदमी चाहिए वहां वह नहीं है। एह दोनों हैं साथ साथ। अनयूटिलाइज्ड कैपेसिटी यह तो हर पब्लिक सेक्टर के अंदर है। कोई पब्लिक सेक्टर इस से अछूता नहीं है। सब पब्लिक सेक्टर जितने हैं उन की कैपेसिटी अनयूटिलाइज्ड है। यानी रेंटड कैपेसिटी जितनी है उतनी होती नहीं और वहां देखा यह जाता है कि आवश्यकता से ज्यादा आफिसर्स भरे हैं; आवश्यकता से ज्यादा काम करने वाले भरे हैं। दूसरे प्लांट में यह देखा जाता है कि आवश्यकता के अनुसार लोग नहीं हैं। अब यह दोनों बातें समझ में नहीं आती।

हैवी इंजीनियरिंग कारपोरेशन की रिपोर्ट पढ़ते समय मुझे लगा कि क्रेंस की शार्टेज की वजह से जो काम होने वाला था वह हुआ नहीं और आगे चल कर पता चलता है कि क्रेंस का काम नहीं है इसलिए क्रेंस ऐसे ही पड़े हैं। क्यों पड़े हैं ? क्योंकि क्रेंस का उपयोग उस काम के लिए नहीं है। यदि उस क्रेंस का उपयोग उस काम के लिए नहीं है तो वह वहां रखे किस लिए हैं ? जहां दूसरे काम के लिए उस का उपयोग हो सकता है वहां वह भेज दिया जाय। इसलिए पब्लिक सेक्टर की जितनी बीमारी है, जैसा मैंने

अभी कहा मेन, मैटर और मैटीरियल, यह सारी जितनी बातें हैं और जो उन का मार्केट होता है, मार्केट के बारे में भी जो आप का अन्दाजा सब गलत निकलता है। उस की वजह से भोपाल हैवी इलैक्ट्रिकल्स का यह हाल है कि वहां सामान पड़ा हुआ है, उसके लिए मार्केट नहीं है। तो आप पहले तो मार्केट रिसर्च करें कि कौन-कौन सी चीजों के लिए मार्केट कहां-कहां उपलब्ध होगी। वह न करें प्रोडक्शन करें जानें से उसका नतीजा आखिर घाटों में निकलता है।

सब से पहले इस बात की ओर ध्यान देना जरूरी है कि सार्वजनिक उद्योग जो घाटे की वजह से बदनाम होते चले जा रहे हैं, उस स्थिति में परिवर्तन हो। कोई अगर ऐसा समझता है कि यह हम को लगता है तो हमें यह बिल्कुल अच्छा नहीं लगता। लेकिन जो भी काम हम करें वह ठीक ढंग से करें यह आवश्यक है। हम सार्वजनिक उद्योग का विरोध ही करते हैं ऐसी बात नहीं है। रेलवे एक सार्वजनिक उद्योग है जो सरकार के हाथ में है। किसी ने यह नहीं कहा कि हमारे हाथ में रेलवे दे दो। किन्तु सरकार यदि रेलवे को चलाना चाहती है तो ठीक ढंग से चलाए, कुछ हिसाब से, नियम से और योजनाबद्ध तरीके से चलाए। सार्वजनिक उद्योग का हम विरोध के लिये विरोध नहीं करना चाहते। सार्वजनिक उद्योग हों या खानगी उद्योग हों ये दोनों उद्योग देश के हित के लिए, देश के लाभ के लिए विशिष्ट योजना के अनुसार चलें, यही हमारा कहना है।

सार्वजनिक उद्योगों में जो लेबर ट्रबल है उस की ओर भी ध्यान देने की आवश्यकता है। विशेषकर एच.एम.टी की बात मैं सामने रखना चाहता हूँ जिस में पिछले तीन चार वर्षों से लाभ हो रहा था उसी में आज लेबर

ट्रबल और पावर शार्टेज की वजह से 3 करोड़ का घाटा उन्होंने दिखाया है। वास्तव में आज इन घड़ियों की मांग है और उन्होंने दुनिया भर में कई आफिसेज इस को मार्केट में लाने के लिए खोले हैं। मैं मंत्री महोदय से जानना चाहता हूँ कि क्या यह घाटा ड्यू टु ऑनली लेबर ट्रबल है? मैसूर प्रदेश में तो पावर कट सिर्फ 25 प्रतिशत है। इसी की वजह से पिछले साल में जहाँ लाभ होता था वहाँ एकदम 3 करोड़ का घाटा हो, यह बात जरा अंदर जाकर गहराई से अध्ययन करने की है। लेबर ट्रबल का जहाँ तक सवाल है इस के बारे में कोई निश्चित नीति नहीं है। अपनी जो यूनियन होती है उसी को बढ़ावा देने की बात होती है। हम ने बार बार मांग की और जब मध्य प्रदेश में संविद सरकार थी तो हम ने प्रस्ताव पारित किया था कि कौन सी यूनियन अधिकृत है यह सीक्रेट बैलट से निर्णय हो। यह प्रस्ताव हम ने आस किया था संविद शासन के अंतर्गत। उस पर आप ने क्यों नहीं अमल किया? जो झगड़े आज होते हैं, इंटर यूनियन स्पर्धा जो होती है उस को यदि समाप्त करना चाहते हैं तो कोई सिद्धांत सामने रख लीजिए। जैसे कि राजनीति में हम ने सिद्धांत स्वीकार किया है कि जिस पार्टी को बहुमत मिलेगा वह पार्टी अधिकार में आएगी। हर एक की काम करने का अधिकार तो रहेगा ही : हर यूनियन को काम करने का अधिकार रहेगा। किन्तु अधिकृत उसी को माना जाय जिस को सीक्रेट बैलट से बहुमत मिले।

लेबर के पार्टिसिपेशन की बात तो हम बहुत करते हैं। विद्यार्थी पार्टिसिपेशन के साथ साथ लेबर पार्टिसिपेशन की बात भी बोलते हैं। लेकिन होता कुछ नहीं है। किसे हृद तक यह चीज हम करें कैसे करें, यह प्रबन्ध में भी भागीदार हों, लाभ में भी भागीदार हों, यह सब मानते हैं लेकिन

कहीं भी इसकी शुरुआत हम ने नहीं की। बोनस का ऐक्ट पास किया, 4 प्रतिशत से बढ़ाकर 8.33 प्रतिशत बोनस किया। लेकिन उस का दायरा बढ़ा कर सब को उस में शामिल करने की कोशिश नहीं की। कुछ लोग उस के बाहर ही रह गए। तो यह चीज क्यों होती है? एक सिद्धांत स्वीकार कर लीजिए लेबर ट्रबल को समाप्त करने की दृष्टि से और सरकारी क्षेत्र में तो कम से कम एक आदर्श उद्योगपति के रूप में सरकार सब के सामने आए यह मैं चाहता हूँ। लेबर ट्रबल को समाप्त करने की दृष्टि से यह बहुत आवश्यक है। बोनस के बारे में पहले झगड़ा हो, इसके बाद हम कुछ स्वीकार करें यह नहीं होना चाहिये। बोनस जो आपने ऐक्ट पास करके तय किया है वह सब जगह लागू होना चाहिये और वह सब को मिसना चाहिये। आप लेबर पार्टिसिपेशन के सिद्धान्त को स्वीकार कर और उसे लागू करें।

अब कुछ चीजें ऐसी हैं जो सरकार ने अपने हाथ में ली हैं जैसे स्कूटर है, ट्रैक्टर है कार है। ट्रैक्टर के बारे में तो यह कहा गया है इसी में कि

“In the field of agricultural machinery, there is a sudden recession in demand.....”

यभी इस मदन में जब दो दिन पहले चर्चा हुई तो मंत्री जी ने स्वीकार किया था कि अनसरटेनटी क्रिपेटिड बिकाज आफ दी लैंड सीलिंग के कारण यह ट्रैक्टर की डिमांड घट गई है। मैं कहना चाहता हूँ कि अपने उत्साह के बल बूते पर आप एक दम तीस हजार ट्रैक्टर निर्माण करें और आगे चल कर ज़मीन की सीलिंग लागू करके ज़मीन अगर छोटी करें और उन ट्रैक्टरों का उपयोग न हो पाए तो यह ठीक नहीं है। या तो काब हार्स पावर के छोटे ट्रैक्टर हम बनाएं

because these are the days of mini things. Mini is becoming fashionable. Let there be a mini tractor.

[श्री जगन्नाथ राव जोशी]

ताकि वह पांच एकड़ भूमि में, छोटी भूमि में काम करे। ट्रैक्टर बड़ा और भूमि छोटी—ये दोनों बातें साथ साथ नहीं चलेंगी। जब मंत्री महोदय स्वीकार करते हैं कि लैण्ड सीलिंग के कारण जो अनसर्टेन्टी क्रिएट हुई है उस की वजह से ट्रैक्टर की डिमाण्ड घट गई है—इस को देखना होगा। स्कूटर की मांग बहुत है। कारों की मांग बहुत है। मैं पब्लिक सेक्टर और प्राइवेट सेक्टर के झगड़े में नहीं जाना चाहता, लेकिन छोटी कार को पब्लिक सेक्टर में बनाने की दृष्टि से कई मैम्बरों ने दुनिया भर का चक्कर लगाया कि कैसे वह कारखाना पब्लिक सेक्टर में खुले, लेकिन हम ने देखा कि वह पब्लिक सेक्टर को नहीं मिला, क्योंकि प्लानिंग कमीशन ने स्वीकार नहीं किया। इस के लिए कोई निश्चित नीति होनी चाहिये। जब तक निश्चित नीति नहीं होगी तब तक लक्ष्य पूरा नहीं होगा। मैं आशा करता हूं कि आप ऐसा करेंगे।

इन शब्दों के साथ मैं समाप्त करता हूं।

SHRI KARTIK ORAON (Lohardaga): Mr. Chairman, I rise to support the Demands for Grants of the Ministry of Heavy Industry. Before I start my speech, I would like to welcome the hon. Minister who has been appointed to this Ministry after the portfolio of Heavy Industry has been separated from the Ministry of Steel and Mines. This is a very good decision and a very significant one in the right direction because heavy industry has been the most important portfolio. This was an ailing child. The hon. Minister in charge has very recently been shifted from the Railways without having any accident in the Railways. Of course, he has been a financial wizard, having been Chairman of the Life Insurance Corporation. I hope, with his rich experience he will be able to give a new life to heavy industry.

Another significant step that has been taken is in appointing a technocrat, Shri M. Sondhi, as Secretary to this Ministry, a gentleman who has given a very good account of himself as Managing Director of the Bokaro Steel Plant. If these two persons can really put their heads together, I think there is great hope about the future of heavy industries.

I must say as one who has been associated with these industries that I am a very sad man so far as the performance of these industries is concerned. There is no question of hide and seek. Let us have an open diplomacy. Let us put the facts on the table. I know that these industries are really in a mess. Now strikes are the order of the day everywhere; whether it is about and by doctors, or assistant engineers asking for higher scales or workmen or labourers. It is strikes, strikes, strikes. To a large extent, it is not only the labourers who are responsible, but the top persons who are sitting at the top, giving directions from the top, are equally responsible.

If we cannot fix up the right person at the top and if we merely fix the top person on political consideration, we are not going to bring about any improvement. I am rather apprehensive that so long as this fiddling with the figures still continue, we cannot bring about any improvement. We must face the facts and we have to change the concept of profitability. What is the concept of profitability to-day in all the public undertakings? Last year, for instance, we incurred losses to the extent of Rs. 15 crores. But, this year we have lost substantially only of the order of Rs. 14.999 crores. We say, we have covered another milestone. We simply try to hide things and we do not come forward with facts. We want to sink only, we do not want to swim. If somebody wants to feel that he is swimming, when in fact he is sinking, this is something more dangerous. We are very optimistic. This

optimism may be defined as a madness of maintaining that everything is right when everything is wrong. What is happening to day? The hon. Minister and the Secretary have got a very tremendous challenge before them to face. They have to change the public undertakings from losing concerns to that of profit-earning ones. Shri R. N. Sharma was trying to explain as to how things are moving there. I would like to say that he has said nothing in the way in which he tried to explain things. Take the case of heavy machine building plant, of Heavy Engineering Corpn. Ltd., Ranchi. It has manufactured equipments, say of 40,000 tonnes, but 50 per cent are structurals and 25 per cent are imported components. If the H.M.P.P. is manufacturing equipments of 10,000 tonnes what is the use of their telling that it is manufacturing equipment worth 40,000 tonnes? This sort of thing must go. If there is something wrong, that must come to the surface. That is why I have said that we must have openly declared while explaining the facts as to what we have done is right or wrong. Only then, we will be able to move forward. We must have the ways and means to improve the situation.

In the H. E. C. everynow and then there is a problem of strike and things of that kind. I heard very recently that there was commotion in the HEC in regard to fixing the seniority. There is no uniform policy followed. They can fix up anybody who does not know anything. In the labour circle for example we have not been able to imbibe any sense of responsibility in them.

You know what the labourers say. They will simply say:

“रक्षुपति राक्ष ब राजा राम

पतित पावन सीताराम

बरा पैसा बीयाई काम ।”

That means nobody thinks that he has got the duty to do. The labourers must realise that they too are equal partners in the development of this industry. I have also heard of one tribal medical officer having been suspended or dismissed because he was late in attending the office.

Lot of things are happening in the H.E.C. that do not see the light of the day. I was rather surprised to find that he was dismissed. You know that it is the tribals who have given their lands for these big industries. And about 3,000 displaced persons have not got the jobs. Hardly one can judge as to why this medical officer should have been dismissed. Nobody has taken any sympathetic understanding with the people of that area. All I can say—the ministry should take note of this—is that anybody who threatens the tribal people has no right to be there. What is the use of your talking of industrial policy resolution. It has remained merely as a slogan and nothing else.

This is what they say in the Industrial Policy Resolution of 1956. How brilliantly it has been implemented! I quote :

“In order that industrialisation may benefit the economy of the country as a whole, it is important that disparities in the levels of development between different regions should be progressively reduced. The location of industries in different parts of the country is very often determined by factors such as availability of necessary raw materials or other natural resources. The concentration of industries in certain areas has also been due to ready availability of power, water-supply and transport facilities which have been developed there. It is one of the aims of national planning to ensure that these facilities are steadily made available to areas which are at present lagging behind industrially

[Shri Kartik Oraon]

or where there is greater need for providing opportunities for employment..."

But the tribes, after giving their land to the big projects, are like refugees in their own homes. We have to be very careful in dealing with the situation. No medical officer has been so far suspended or dismissed for such a trivial omission to act. It is a tribal officer who has met with this fate for the first time. I would like the Minister to go into the matter and see how it has happened. It has happened because some officer tried to behave like a dictator. He should learn to develop a sense of loyalty and team spirit to the project. The Industrial Policy Resolution goes on further :

"...provided the location is otherwise suitable. Only by a balanced and coordinated development of the industrial and agricultural economy of each region can the entire country attain a higher standard of living."

Here the standard of living has further gone down. This is one thing to which I want to draw the Minister's attention. Here in this House I have seen many Ministers making commitments that jobs upto Rs. 500 will be given to the local people. But in actual practice, the tribals and local people are working on work-charged basis or on daily wages. That is their fate. I would request the Minister to change this order.

There are certain things which we have to keep in mind. We say people must get 8-1/3 per cent bonus. We must realise that wages, salaries and bonus must be related to productivity. How comes it that you are losing every year and still giving bonus? This is very very wrong. You are not following the Industrial Policy Resolution. You are not trying to examine what is happening. You say, after all this is teething trouble. Teething trouble is often associated with diarrhoea. But can you say that every

diarrhoea is due to teething trouble? Can you believe that a man of 60 is having diarrhoea because he is having teething trouble? Therefore, there are a bundle of confusion.

First and foremost, all these projects must have some guidelines. After three years of going into production they must give a minimum yield of 10 per cent on the capital outlay. If they cannot give it, they must quit. The people in charge of these projects, if they are not able to give a good account of themselves, if they are not able to make their projects yield a good return, they should never be given promotion. Take the case of Shri Sondhi. He has definitely done a good job in a project when he was put in charge of it.

Take the question of car allowance. If somebody is related to somebody in the management of a project, he will get a car allowance, no matter whether he needs and uses a car or not. In the case of another person, he will not get a car allowance, even if he does a lot of travelling, if he is not related to the right people. Things of this type should be put a stop to. So, the hon. Minister should seriously think about these things.

The Minister is in charge of power development also, which is a very important portfolio, because power is basic for the development of other industries. Power development must precede the development in other sectors. I hope the hon. Minister will pay special attention to this.

We are trying to find out some remedies all the time, in terms of giving some dividends. In fact, remedies proved worse than diseases. Everybody goes there as a dictator. He does not care too much to the team spirit and loyalty to the organisation. So long as he can go to the Supreme Court for the vindication of his rights he does not care for the organisation he serves. That is why I say that we should have a uniform

policy. In our country, unfortunately, we do not have a uniform policy. If I am made the Chairman of a particular project, I will have my own pay scale, recruitment and promotion policies. If Shri Pai is made the Chairman, he will have a different pay scale and recruitment and promotion policies. Shri Sondhi will have still another. So, it is high time that we seriously think of having a public sector Public Service Commission. Then alone we can have a uniform pay scale and all the heart burning among the public sector employees will disappear. This is a very important point which we must keep in mind.

I would again emphasize that in selecting personnel for these industries we have to be very careful about the right men. In this, as in many others, men are more important than money, material and machines. If you have all these three things right, if your men are wrong, then everything will go wrong.

We have a tremendous task before us. Many industries are losing concerns. The Heavy Engineering Corporation is losing every year. In ten years' time it would have lost about Rs. 250 crores instead of making a profit of that scale. We talk of socialism, we talk of so many blooming things but our industries go on losing. Therefore, tomorrow the public are going to ask you whether Karl Marx was right or wrong. They are going to ask you are you going to give them employment, food, shelter, medical treatment, education for their children and all sorts of things. We cannot have any excuse. Therefore, we have a ray of hope with highest satisfaction in his installation as the Minister in-charge of this very important Ministry.

18.00 hrs.

About the foreign collaboration, no matter how alluring it may be, it has a retarding effect on our national efforts. So, apart from the foreign

collaborations, technical know-how and other things, we must have indigenous trained personnel. We must have a seniority list in respect of these heavy industries as to who should be sent where and when, if one dies or retires. We should have a seniority list of technical personnel.

It is not merely a question of profit and loss in these industries, this way or that way, but these industries are supposed to provide an instrument of social change at this critical juncture. That is why, I say, this is a very important Ministry.

I would like to request the hon. Minister to send a team of experts to all these industries, to go into the working of these industries, and to find out ways and means to see how improvements can be brought about.

You must remember one thing. Everybody has every right to have his own opinion, but nobody has a right to be wrong in relation to facts. And the facts are that these industries are in a very bad state of affairs. They are in a mess. You have to improve them. You have a challenging task and you have to solve it. That is what I have to say. Therefore, let the heavy industries be filled with good men, intelligent and efficient men, dedicated men....

AN HON. MEMBER: Committed.

SHRI KARTIK ORAON: Yes, committed also. Let them not forget the frailty of human nature that by going there they will forget everything.

With these words, I conclude.

MR. CHAIRMAN: The House now stands adjourned to re-assemble at 11 A.M. tomorrow.

18.01 hrs.

The Lok Sabha then adjourned till Eleven of the Clock on Wednesday, April 4, 1973/Chaitra 14, 1895 (Saka)

LOK SABHA DEBATES

I

2

LOK SABHA

Wednesday April 4, 1973/Chaitra

14, 1895 (Saka)

*The Lok Sabha met at
Eleven of the Clock*

[MR. SPEAKER in the Chair]

ORAL ANSWERS TO QUESTIONS

Setting up a Television Unit by Rajasthan State Industries in Collaboration with Mineral Development Corporation

*601. SHRI RAM PRAKASH: Will the Minister of ELECTRONICS be pleased to state:

(a) whether Government have decided to issue a licence for setting up a Television Unit by the Rajasthan State Industries in collaboration with Mineral Development Corporation; and

(b) if so, the proposed capacity of the unit?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT): (a) and (b). The Rajasthan State Industrial and Mineral Development Corporation Ltd., Jaipur have been granted a letter of intent on 14th April, 1972 to set up a new Industrial undertaking in Rajasthan to manufacture TV sets for an annual capacity of 5000 Nos.

श्री कृष्ण चन्द्र वस्तु : इस में प्रगति हो रही है। कुछ जमीन एक्वायर हो गई है। पब्लिक लिमिटेड कम्पनी

एक बन चुकी है और एक पैटेगान इलेक्ट्रो-निक्स नाम से नौजवान इंजीनियर ने कम्पनी बनाई है। राजस्थान स्टेट इंडस्ट्रियल एण्ड मिनरल डिवेलपमेंट कारपोरेशन ने इसको ज्वायंट सैक्टर में लगाने का फैसला किया है। ड्राफ्ट मैमोरैंडम और आर्टिकलज़ आफ एसोसिएशन जो कम्पनी के हैं उनको रजिस्ट्रार आफ कम्पनीज़ ने एप्रूव कर दिया है। राज्य सरकार ने हमें बताया है कि कम्पनी ने एक प्रोटोटाइप भी तैयार कर लिया है जिस की टेस्टिंग हो रही है।

श्री राम प्रकाश : इसके लिए विदेशी सहायता मिलेगी और अगर मिलेगी तो कितनी ?

अध्यक्ष महोदय : विदेशी सहायता का प्रश्न नहीं है। आपके दो सवाल हो चुके हैं।

SHRI HARI KISHORE SINGH: May I know from the hon. Minister whether there has been any assessment made regarding the requirement of TV sets during the Fifth Five-year Plan? May I also know how many more licenses will be issued for manufacture of TV sets and whether they will be manufactured in the private sector or the public sector?

SHRI K. C. PANT: The assessment earlier made revealed a demand of something like 2 lakhs of sets. That

has been more than covered so far as the Fourth Plan is concerned and licenses have been issued. I am speaking from memory, it would be somewhere between 2 lakhs and 3 lakhs. By the end of the Fifth plan the projected demand will be 5 lakhs and licenses will be issued. So far as the other point is concerned, there is a clear cut policy followed by the Electronics Commission which gives licenses to the public sector and the small scale sector in the private sector and this is being done in such a manner that there is equitable distribution throughout the country.

श्री राम प्रकाश : टेलीविजन फैंट्री राजस्थान में लगाने की जो बात आप सोच रहे हैं इसको किसी पिछड़े हुए इलाके में क्या लगाया जाएगा ताकि वहां के लोगों को रोजगार मिल सके ?

श्री कृष्ण चन्द्र पन्त : यह लैटर आफ इंटेंट तो जयपुर के लिए ही दिया गया है ।

श्री राम प्रकाश : लैटर आफ इंटेंट की क्या पोज़िशन है ?

Week-long Festival of Dance, Drama and Music at Red Fort, Delhi

*602. SHRI M. KATHAMUTHU: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether a week-long festival of dance, drama and music was held at Red Fort, Delhi in the last week of February;

(b) whether this was organised as part of the 25th anniversary celebrations of India's Independence; and

(c) whether All India Radio and Television Centre Delhi have produced any documentary of the event?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINGH): (a) and (b). Yes, Sir.

(c) No, Sir, but a news item of this function was included on the inaugural day, in the T.V. Newscast as well as in two youths bulletins and a pradeshik bulletin. However, since then instructions have been issued that Festivals of such importance should be taken advantage of by different media.

SHRI M. KATHAMUTHU: In his reply the hon. Minister stated about the future progress but I want to know why the Ministry of Information and Broadcasting has failed to take documentaries so that people can see it in other places where television is there. This can also be sent outside the country when cultural exchanges are taking place.

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI I. K. GUJRAL): The participants in the festival are regular participants in All India Radio's normal programmes also. We have got a fund of their tape recordings which we do use from time to time and those have been prepared in the best studio conditions where the recordings are naturally much better. Whenever this takes place in a public place or public hall, etc. the accoustics is not always best everywhere and that is one of the reasons why we did not do it. Naturally, I feel, from the national point of view more advantage could have been taken and that is why instructions have been issued that in future such opportunities should be better utilised.

SHRI M. KATHAMUTHU: Ministry of Education is the organiser of this festival. May I know whether

they have approached this Ministry for Broadcasting? Is it due to lack of coordination or some controversy between these two Ministries?

SHRI I. K. GUJRAL: This function was held in close cooperation between the two Ministries. I would say this quite categorically. The technical assistants, sound engineers etc. of the Ministry of Information assisted them. There was no controversy whatsoever between the two Ministries.

SHRI SAMAR GUHA: I had the opportunity to see the dance, drama depicting the national integration of the country which is really very unique. I think the students particularly should have got the opportunity to see it. Today, the President is going to open a very important exhibition of the revolutionaries abroad who fought for our freedom. A documentary film should be taken by the Ministry of these things particularly for display among students who are losing perspective of our freedom struggle.

SHRI I. K. GUJRAL: I agree with my hon. friend. We pay considerable attention to it. It is because of our this policy that the various media in the Ministry do use these exhibitions and medium of expression for projecting programmes to the students.

श्री राजेन्द्र प्रसाद यादव : अध्यक्ष महोदय, सूचना और प्रसारण मंत्रालय के कलाकारों द्वारा जो विभिन्न प्रदेशों के नृत्य प्रदर्शित किए जाते हैं उस में वास्तविकता झलक नहीं पाती, तो क्या सरकार इस दिशा में सोचेगी कि आगे जो सांस्कृतिक कार्यक्रम प्रदर्शित किए जायें उन में विभिन्न प्रदेशों के कलाकारों को बुला कर उन्हें उस में भाग लेने दिया जाये जिससे उन में वास्तविकता आ सके ?

SHRI I. K. GUJRAL: My hon. friend would keep in mind that every area of the country has a radio station of its own. So far as song and drama in concerned there is considerable inter-flow of talent in that.

SHRI P. G. MAVALANKAR: May I know whether this week-long festival of dance, drama and music was available for witnessing to the general public at concessional charges? If so, what were the charges.

SHRI I. K. GUJRAL: This festival was held for about a week and so far as I know it was very well attended and the admission fee was very nominal.

T.V. Protocol with G.D.R. signed by A.I.R.

***604. SHRI B. S. BHAURA:**

SHRI ARJUN SETHI:

Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether A.I.R. has signed a T.V. Protocol with the German Democratic Republic; and

(b) if so, the main features thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) Yes, Sir.

(b) The main features of the Protocol are:

- (i) Exchange of films and video tape recordings on subjects like music, drama, sports and matters of scientific, educational and cultural interest;
- (ii) exchange of news-film material;
- (iii) provision of assistance to correspondents and cameramen on a mutual basis and

exchange of Delegations between the two countries.

SHRI B. S. BHAURA: It is very good that we have signed a protocol with the GDR. In view of the fact that GDR is a socialist country and they have some films on their national construction and building of socialism whether Government is going to make any arrangement in our country to exhibit those films to enthuse our people in favour of socialism?

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI I. K. GUJRAL): This is an exchange programme and it is for GDR to decide what films they would like to send. It is also for us to see what programmes fit in with our general approach. Also please keep one thing in mind that there is language barrier which has to be kept in mind whenever a programme is to be projected.

SHRI B. S. BHAURA: You have said in the written answer, "provision of assistance to correspondents and cameramen on a mutual basis and exchange of delegations between the two countries." In view of the fact that GDR in one of those countries where sports have developed very much—as we have seen in last olympics—and since we know what sports are in our country, may I know whether the Government is going to send any delegation of sportsmen to know how they develop sports in the GDR?

SHRI I. K. GUJRAL: So far as the exchange of sportsmen is concerned, it will be a part of the general cultural agreement between the two countries. So far as this Ministry is concerned, it is an agreement for the exchange of radio and TV programmes.

SHRI B. S. BHAURA: In item (i) of part (a) of the main answer, you have said, "exchange of films and video tape recordings on subjects like music, drama, sports and matters of scientific..." etc.

SHRI I. K. GUJRAL: So far as the materials are concerned, yes; sportsmen are covered in the broad spectrum of things.

So far as sports are concerned, we recently had a team from there and we had a festival here for a week where all sports films made everywhere were shown and in that the GDR things were also included.

SHRI ARJUN SETHI: May I know from the hon. Minister the names of other countries where we have such a protocol wherein our country has signed such kinds of protocols or at least have proposals to sign in the future?

MR. SPEAKER: This question only relates to the GDR. (*Interruption*).

SHRI ARJUN SETHI: May I know from the hon. Minister whether this protocol is distinct from the other protocol which the Minister of Education signed recently for the development of the German language in our country?

SHRI I. K. GUJRAL: This is a different question.

राज्यों द्वारा मनोरंजन कर के एक भाग का
सिनेमा गृहों के निर्माण पर व्यय
किया जाना

* 606. श्री धनशाह प्रधान :

श्री रणबहादुर सिंह :

क्या सूचना और प्रसारण मंत्री देश में सिनेमा गृहों की सांग के बारे में 14 मार्च, 1973 के अतारंकित प्रश्न संख्या

3361 के उत्तर के सम्बन्ध में यह बताने की कृपा करेंगे कि उन राज्यों के नाम क्या हैं जो राज्यों के सूचना मन्त्रियों के सम्मेलन में की गई मनोरंजन कर के एक निश्चित भाग को अधिक सिनेमा गृहों के निर्माण पर व्यय करने सम्बन्धी सिफारिश से सहमत हो गए हैं ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): The Conference of State Ministers of Information, held in December, 1972 at New Delhi, was attended by all State Governments except Tripura. The recommendation that the States should divert a fixed proportion of collections from entertainment tax for promoting the construction of more cinemas was adopted unanimously.

श्री धनशाह प्रधान : मैं जानना चाहता हूँ कि ऐसे राज्यों के क्या नाम हैं जो इस की सिफारिश को नहीं मंजूर किए हैं तथा कितने राज्य इस में सहमत हो गए हैं एक निश्चित अनुपात पर ? दूसरी बात—क्या सिनेमा गृहों के मनोरंजन करों में ए श्रेणी और बी श्रेणी के नगरों में कुछ अन्तर है ? यदि हां, तो कितना और किस प्रकार से ? तीसरी बात—क्या एक ही श्रेणी के नगरों के मनोरंजन करों में भी अन्तर है ? यदि हां, तो क्यों ?

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI I. K. GUJRAL): The resolution, as mentioned by my hon. colleague, was adopted unanimously by all the State Ministers of Information. Therefore,

there is no question of any State agreeing or not agreeing. I have now written letters to all the Chief Ministers drawing their attention to this recommendation and requesting them to create this fund in the various States so that promotional activity can start.

I have also drawn their attention to the fact that, at the moment, cinemas are concentrated mostly in the bigger cities and it is very important that the cinemas should be available in smaller towns and rural areas. That is why this fund is necessary. We have also drawn the attention of the banks to try to promote this so that more cinemas can come up.

श्री मूलचन्द डागा : म्यूनिसिपैलिटीज आदि जितनी स्वायत्त शासन संस्थाएँ हैं, वे सब मनोरंजन कर से होने वाली आमदनी से ही अपना निर्वाह करती हैं। इस स्थिति में उन्होंने यह वायदा कैसे कर लिया कि वे अपने फंडज केन्द्रीय सरकार को दे देंगी और इस प्रकार नये सिनेमागृह बनाने के लिए यह धनराशि कैसे उपलब्ध हो जायेगी ?

श्री आइ० के० गुजराल : इस सिलसिले में एक बात तो यह है कि एन्टरटेनमेंट टैक्स कोई म्यूनिसिपल टैक्स नहीं है, बल्कि वह स्टेट गवर्नमेंट्स का टैक्स है। दूसरे, सूचना मन्त्रियों की कॉन्फ्रेंस में जो सिफारिश की गई, वह यह नहीं थी कि वह रुपया सेंटर को दे दिया जाये, बल्कि यह कि हर एक स्टेट अपने यहां एक नया फंड बनाये। उस से फायदा यह होगा जब सिनेमा ज्यादा होंगे, तो एन्टरटेनमेंट टैक्स की मद में आमदनी भी बढ़ेगी

और प्रमोशनल एक्टिविटीज भी साथ साथ चलेंगी ।

SHRI VIKRAM MAHAJAN: May I know which State has put this recommendation into actual practice?

SHRI I. K. GUJRAL: Letters have gone now and I hope they will do it but some Governments are already doing it. For instance some work is being done by the Mysore and the Tamilnad Governments; the Government of Andhra was taking steps in this direction and the Government of Assam also is keenly interested.

श्री भागीरथ भंडार : मंत्री महोदय ने कहा है कि राज्यों को बताया गया है कि अधिक से अधिक सिनेमागृहों का निर्माण हो, ताकि उन से अधिक में अधिक टैक्स मिले । क्या मंत्री महोदय जानते हैं कि आज-कल सिनेमागृहों में दर्शकों को बिना टिकट प्रवेश दे कर करों की चोरी की जाती है; यदि हा, तो क्या शासन इस ओर भी ध्यान देगा और इस की रोकथाम के लिए उचित उपाय करेगा ?

SHRI I. K. GUJRAL: This is a State subject.

Completion of Western Kosi, Rajasthan and Gandak Canal Projects during Fifth Plan

***607. SHRI BHOGEN DRA JHA:** Will the Minister of PLANNING be pleased to state:

(a) whether it is proposed to ensure completion of the Western Kosi, Rajasthan and Gandak Canal projects during the Fifth Plan period by providing the total amount of funds required and if so, the broad outlines of the proposal; and

(b) if not, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) The proposals from the States for the Fifth Five Year Plan are yet to be received and the programme for the Irrigation sector in the different States for the Fifth Plan is yet to be finalised. Efforts would, however, be made to provide funds to complete the Western Kosi Canal, Rajasthan Canal and Gandak Projects during the Fifth Five Year Plan.

(b) The question does not arise.

SHRI BHOGEN DRA JHA: May I know whether many State Governments are facing combined offensive of the landlords lobby to go slow with these because in their view if these projects are being implemented the land that will be held by them will come down by half according to the new land ceiling Acts and so they are beginning to sabotage these bigger projects. In this context, is it a fact that not a single State Government, either Rajasthan or Bihar has proposed the completion of these projects during the Fifth Plan and asked for provision of full funds for the same? Is it a fact that the Bihar Government has sought only about half of the amount, thereby, they fully concede that they will not be able to complete it even in the Fifth Five Year Plan period. So, in such a condition. I want to know whether the Central Government proposes to take over those important projects like Kosi, Gandak, Rajasthan and Nagarjuna Sagar under the Centre and implement them straightway.

THE MINISTER OF PLANNING (SHRI D. P. DHAR): Sir, it is not correct the Governments of Bihar and Rajasthan are not keen for the accelerated development and completion of these projects. As a matter of fact, we are under very heavy pressure from both the Governments for the early completion of these projects. The Planning Commission

is engaged in examining the possibilities of accelerating the completion of these two projects.

SHRI BHOGENDRA JHA: I want to know whether the Minister of States, Shri Mohan Dharia, who is sitting here, had stated at Patna that the Central Government was examining the possibility of taking over these projects and implementing them under the Centre's supervision and in such a condition, whether the Government of Bihar had only sought Rs. 25 crores for the duration of the Fifth Plan. I have got here in the form of a written answer from the Ministry of Irrigation and Power. This is what the Government of Bihar has sought. In such a condition, I want to know whether, in case the State Governments, due to paucity of funds with them, are not in a position to provide for the full amount, the Central Government is going to ensure that the same is definitely provided for and see that these projects are completed during the 5th Five Year Plan period.

SHRI MOHAN DHARIA: Sir, while I was in Bihar—at Patna—I did not discuss this matter with the Chief Minister and other Ministers concerned. It is they who insisted for the acceleration of these projects and I told them that if they took some area under the integrated development programme, the Central Government might like to come forward in assisting them to the extent possible. There is no question of taking over the projects from the Government of Bihar.

SHRI BHOGENDRA JHA: If the State Government demands full amount for completion of the project during the Fifth Plan period, whether the Central Government is going to ensure that the full amount is provided for so that these projects are completed definitely during the Fifth Plan period itself. That was my question.

SHRI D. P. DHAR: As far as the question of providing the full amount is concerned, this matter will be examined and discussed in relation to the resources position. But I can assure the hon. Member that the Planning Commission and the Central Government are very keen to complete, as far as possible, by providing adequate resources, those of the projects which are capable of quick fruition.

SHRI D. N. TIWARY: Gandak Project has a history of its own. During the last twelve or thirteen years, more than 15,000 acres of land have been acquired by Government and they are lying waste. Neither there is any production on these areas nor channels are being constructed. I want to know whether the Government is aware of this fact that Bihar Government has recently set up Gandak Area Development Authority? Also I want to know whether the Government has received any information about this. If so, whether they are going to take suitable action to develop that area. You know that during the last 15 years so, there is a loss in production to the extent of 30 lakhs tons.

SHRI D. P. DHAR: I must admit that these two projects have been moving very slowly on account of various factors including constraints on resources. But, we have, in the Planning Commission, requested the Governments concerned that wherever irrigation potential is either already available or is likely to become available, area development programme should be evolved so that the total development of the area which is commanded by irrigation potentialities that are created could be undertaken.

अध्यक्ष महोदय : आप कहिए कि आप क्या पूछना चाहते हैं ?

श्री बिभूति मिश्र : यह बात ठीक नहीं है । ऐसी बात है कि हम केवल

आप के दर्शन करने के लिए यहां आये हैं, हम को जनता ने यहां भेजा है। इस लिए आप पहले हमारी बात सुनिये। हिन्दुस्तान के सब से बड़े इन्जीनियर श्री कंवर सेन ने कहा है कि दुनिया का सबसे सस्ता और सब से ज्यादा लाभदायी प्रोजेक्ट गण्डक-प्रोजेक्ट है। जिस पर 50 करोड़ रुपया खर्च होते होते 150 करोड़ रुपये खर्च हो गये। अभी मेरे जिले में एक-डेढ़ लाख एकड़ भूमि में सिंचाई हुई है। मेरे अपने गांव को पानी मिला है, जहां 10 मन धान होता था, वहां 25 मन हुआ है। यह गण्डक कमाण्ड एरिया 35 लाख एकड़ की सिंचाई करेगा, जिस में नेपाल और उत्तर प्रदेश के क्षेत्र भी शामिल हैं। मैं जानना चाहता हूं कि इतने बड़े प्रोजेक्ट को क्या केन्द्रीय सरकार लेने जा रही है, क्योंकि यह बिहार गवर्नमेंट की कैपेसिटी के बाहर है और 12 साल से ज्यादा इस को चलते हुए हो गया है, इस लिए केन्द्रीय सरकार इस को ले ? यह सरकार अमरीका से घूरा मिला हुआ माइलो भीख मांग रही है, लेकिन इस को पैसा दे कर बनाने के लिए सोच रही है या नहीं ?

श्री डी० पी० धर : जनाबेवाला, जहां तक इस बात का ताल्लुक है कि ग्रान्टेबिल मेम्बर की जरायत तक पानी नहीं पहुंचा, मुझे बहुत अफसोस है और मैं बिहार गवर्नमेंट से कहूंगा कि अब खरीफ सिंचाई के सिलसिले में खास तवज्जह रखें। अभी तक गण्डक के बेनिफिट्स का ताल्लुक है,

मैं जनाब की खिदमत में अर्ज करना चाहता हूं कि इस का पूरा फायदा उठाने के लिए हम ने कोशिश की है कि वहां पर एक अथोरिटी बने, एक बोर्ड बने, जिस को इस काम को चलाने के लिए, पूरा करने के लिए अख्तियारात हों और हमें उम्मीद है कि अब यह काम तेजी से चलेगा।

श्री विभूति मिश्र : यू० पी० और बिहार की अथोरटी बनी हुई है। मैं जानना चाहता हूं कि केन्द्रीय सरकार इस को लेना चाहती है या नहीं लेना चाहती है ? अथोरिटी तो वहां पर पहले से बनी हुई है, जिस में उत्तर प्रदेश और बिहार के गवर्नर हैं, दोनों मुख्य मंत्री हैं, इस में कौन सी नई बात आपने बतलाई है ?

SHRI D. P. DHAR: I think the Governments of Bihar and U.P. are fully capable of looking after this project and the Government of India sees no reasons to interfere in the work of these Governments.

SHRI DINEN BHATTACHARYYA: May I know whether it is a fact, as it has been agitated in West Bengal for a long time that due to non-availability of water in the lower portion of West Bengal—all the waters are being utilised in Bihar—the Bengal irrigation is going to suffer very much? If so, what steps do Government propose to take in this matter?

SHRI D. P. DHAR: I do not think this question pertains to my ministry but I may assure the hon. member that the interests of Bengal will not be allowed to suffer.

श्री श्रीकार लाल बोरवा : अध्यक्ष महोदय, राजस्थान सरकार भयंकर अकाल की वजह से नहर पर एक पैसा भी नहीं खर्च कर सकती। आज 25 साल आबादी

को हो गये, उस से भी दस साल पहले से बन रही है। इस भयंकर अकाल को देखते हुए क्या केन्द्रीय सरकार राजस्थान कैनल को अपने हाथ में लेगी और यदि नहीं लेगी, तो क्या इतनी पर्याप्त मात्रा में धन देगी जिससे इसका विकास आगे बढ़ सके। पिछले 27 सालों से वह वहीं की-वहीं पड़ी हुई है।

SHRI D. P. DHAR: Adequate financial provisions have been made for expediting the work on the Rajasthan Canal. If the capacity for undertaking more work in volume is established, more funds will be made available. I would submit here in this connection that the panacea for all ills is not that the Central Government should take over one project after another. The Rajasthan Government is quite capable of looking after itself.

श्री मूलचन्द डागा : अध्यक्ष महोदय, राजस्थान कैनल को एक विशाल परियोजना माना जाता है, लेकिन राजस्थान सरकार इस परियोजना पर जिस ढीली गति से काम कर रही है, उस को देखते हुए क्या आप कोई ऐसी अथारिटी कायम करना चाहते हैं जिस से इस काम को गति मिले और काम जल्दी पूरा हो जाये।

SHRI D. P. DHAR: The question relates to the Rajasthan Canal. As far as the hon. Member's suggestion is concerned, I have already submitted that extra funds have been made available for accelerating the work on Rajasthan Canal. As far as the constitution of the special board is concerned, it is in the process of being constituted and I think within about 15 or 20 days a competent high-powered board will look after the Rajasthan

Canal. We have also gone on record to say that if any equipment, if any further finances are required for accelerating the work on Rajasthan Canal further, there will be no constraint, there will be no hesitation on the part of the Centre to provide funds. If the hon. Members had not yielded to the temptation of getting excited on an account of Shri Piloo Mody, I would have said this earlier.

Amount Reimbursed as Medical Bill to P. & T. Employees during 1971 and 1972

*611. **PROF. NARAIN CHAND PARASHAR:** Will the Minister of COMMUNICATIONS be pleased to state:

(a) the total amount of bill for Medical reimbursement as claimed by the employees of the P. & T. Department, Circle-wise and at the Directorate level, for the years 1971 and 1972, separately; and

(b) whether the justifiability of whole question is proposed to be examined?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMUNICATIONS (SHRI JAGANNATH PAHADIA):
(a) The Medical reimbursement as claimed by the employees of the P. & T. Department for the years 1971 and 1972 is 5.24 and 5.58 crores respectively. Details of the expenditure circle-wise and at Directorate level is furnished in the statement laid on the Table of the House. [Placed in Library. See No. LT-4709/73].

(b) No. The reimbursement of medical claims preferred only in accordance with the rules and regulations as laid down in the Central Services Medical Attendance Rule, 1944, as amended from time to time, are entertained.

श्री० नारायण चन्द पाराशर :
माननीय अध्यक्ष महोदय, क्या मैं आपके माध्यम से संचार मंत्री से जान सकूंगा कि

यह मेडिकल रिइम्बर्समेंट की राशि 5.24 करोड़ से बढ़कर एक साल में 5.57 करोड़ हो गई सारे देश में परन्तु ग्राम्य सर्किल में 89 लाख से घटकर 19 लाख रह गई तो उससे लगता है कि बीमारी के कारण ऐसा नहीं हुआ बल्कि रुल्स में गड़बड़ी है इसलिए क्या मन्त्री जी रुल्स को ठीक करके ऐसा कानून बनायेंगे जिससे इस तरह की डिस्ट्रिपैन्सीज को दूर किया जा सके ?

संचार मंत्री (श्री हेमवतीनन्दन बहुगुणा) : मेडिकल रिइम्बर्समेंट बिल के सिलसिले में हमने एक कमेटी बिठाई थी, उस कमेटी ने कुछ सिफारिशों की और उन सिफारिशों को लागू करा दिया गया है और उम्मीद है उसके मुताबिक जब काम होगा तो इसमें जो कुछ गलत काम करने वाले लोग हैं, उन पर रूकावट आयेगी। वैसे अगर देखा जाये तो जो लिस्ट दी गई है, 45 हमारे सर्किल हेड्स हैं वहां 15 जगह बिल कम हो गया है, दो जगह बराबर रहा है और 28 जगह बढ़ती आया है। तो वास्तव में यह सुपर्विजन का भी मामला है, इससे मैं एग्री करता हूं माननीय सदस्य से और जो कुछ किया गया है अभी तक उसको हम और सख्त करने की कोशिश कर रहे हैं।

श्री० नारायण चन्द पाराशर : क्या मैं आपके माध्यम से माननीय संचार मंत्री से जान सकूंगा कि जैसा पिछले दिनों उपमंत्री जी ने कहा था ओवर-टाइम एग्जाउन्स के सिलसिले में कि 8 करोड़ से

बढ़कर एक साल में 10 करोड़ हो गया तो क्या इन दोनों प्रश्नों को एग्जामिन करने के लिए आप कोई कमेटी बनायेंगे ?

श्री हेमवतीनन्दन बहुगुणा : पे कमीशन ने सारा मामला देखा है और उसकी सिफारिशें अभी सरकार के सामने आई

श्री फूलचन्द वर्मा : अध्यक्ष महोदय, मैं आपके माध्यम से माननीय मंत्री जी से जानना चाहता हूं कि क्या आपको मालूम है कि जहां तक मेडिकल रिइम्बर्समेंट बिल का सम्बन्ध है, इसमें कुछ शिकायतें आपके पास आई हैं कि जाली बिल जारी डाक्टर्स ने दस्तखत करा कर सरकार के मामले प्रस्तुत किए जाते हैं, कुछ कर्मचारी इस तरह का काम करते हैं इसलिए यह मेडिकल रिइम्बर्समेंट बिल की जो प्रणाली है उसको समाप्त करके कर्मचारियों को उनकी तनख्वाह के साथ मेडिकल एड के रूप में कुछ धनराशि प्रति माह देने के सम्बन्ध में आपके मन्त्रालय के सम्मुख कोई प्रस्ताव क्या विचाराधीन है ?

श्री हेमवतीनन्दन बहुगुणा : जी नहीं, यह प्रश्न केवल मेरे मन्त्रालय से सम्बन्धित नहीं है बल्कि यह तो सारे केन्द्रीय सरकार के कर्मचारियों से सम्बन्धित है। जैसा मैंने कहा पे कमीशन इस पर भी विचार कर रहा था। जहां तक जाली लोगों का ताल्लुक है, हमारे विभाग द्वारा पकड़े गए डाक्टर और पैसा लेने वाले लोगों की सजा जबलपुर में हुई है

अभी हाल में, ऐसा आपने अखबारों में पढ़ा होगा और दूसरी जगहों पर भी लोगों को पकड़वाने की कोशिश है।

श्री रामावतार शास्त्री : अध्यक्ष जी, अब भी जो कर्मचारियों को दवा के नाम पर पैसा देने की व्यवस्था है उस व्यवस्था से कितने प्रतिशत कर्मचारियों को लाभ पहुंचता है ?

श्री हेमचरीन्द्रन बहुगुणा . मां प्रतिशत ।

श्री रामावतार शास्त्री . यह गलत है। कुछ ही लोग इसका फायदा उठाते हैं और एक बड़ा बहुमत इससे वंचित रह जाता है। इस बात को मैं जानता हूं। इसलिए क्या आप ऐसी कोई फीस दे सकते हैं ?

श्री हेमचरीन्द्रन बहुगुणा . यह लाभ सभी के लिए उपलब्ध है। जो बीमार होगा वह लाभ उठायेगा। किसी को कोई रुकावट नहीं है लेकिन शास्त्री जी की नजर में कोई बीमार हो तो खबर करे उसका हम इलाज करायेंगे।

SHRI ARJUN SETHI: The hon. Minister has just now said that, in some cases, the claims have gone down. But I find from the statement that, so far as Orissa is concerned, the claims have gone up. In this connection, may I ask the hon. Minister whether he is aware of the fact that most of the medical reimbursement bills submitted to PMG, Orissa Circle, are fictitious and there are irregularities, and if so, what action has he taken to solve this problem?

SHRI H. N. BAHUGUNA: It is true that some places of Orissa Circle, not all, were really a victim of this particular type of racket. We have isolated those cases and opened our dispensaries there so that there is no difficulty. The hon. Member from Berhampore knows that. His was one of the areas where the difficulty was great.

So far as fictitious bills are concerned, in Orissa we detected some and we reported the matter against the Authorised Medical Attendant also to the Income Tax Department and the Income Tax Department has realised quite a big sum from him.

SHRI DINEN BHATTACHARYYA: The hon. Minister laughingly answered that upto 100 per cent he will allow reimbursement. May I know from the Minister whether in big cities there is a system under which employees get ready reimbursement but in the suburbs the difficulty is that they have to either report to the District Medical Officer or to any other Medical Officer quite away from their residence and on account of that, many of the employees are losing reimbursement?

SHRI H. N. BAHUGUNA: All people are covered by this recently the Health Ministry has agreed to extend the question of authorisation of medical aid even from Ayurvedic or Unani or Homeopathic dispensaries. Therefore, the rural areas will also be by and large covered by this.

Foreign Cement and other Material in possession of Cooch Behar Refugee Service

*612. SHRI B. K. DASCHOWDHURY:
SHRI R. N. BARMAN:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Government are aware that quite a large consignment of foreign cement and other materials

are in the one possession of Cooch-Bihar Refugee Service, Distt. Cooch-Bihar, West Bengal;

(b) whether such foreign materials are illegally utilised; and

(c) if so, the action Government propose to take in the matter?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT): (a) to (c). Facts are being ascertained.

SHRI B. K. DASCHOWDHURY: May I submit to you that because this is a very important question involving foreign aid, the question be postponed to a date after two weeks, I do not mind, so that the Government may have sufficient time to inquire into the matter. With your permission, let the question be postponed by one week or two weeks or three weeks, whatever time they require.

SHRI K. C. PANT: I do not mind. We have asked the Commerce Ministry. They do not have the information at present. We are trying to ascertain it.

SHRI B. K. DASCHOWDHURY: Let it be postponed in that case.

MR. SPEAKER: Some date must be shown when it can be fixed. Otherwise, it will be very difficult for us...

In the case of the Minister, the other day, we gave a definite name and I put it down on that date....

SHRI PILOO MODY: If the Minister does not have the information in a certain week, the question may be put down for the following week.

MR. SPEAKER: Putting it for the following week will not help; the same reply will come.

SHRI K. C. PANT: I suggest that we collect the information and place it on the Table of the House so that the Member may see it and if he feels necessary, he can table a further question.

डाक और तार बोर्ड को अधिक स्वायत्तता

*613. श्री राम भगत पासवान :

क्या संचार मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार ने डाक और तार बोर्ड को अधिक स्वायत्तता देने का निर्णय किया है; और

(ख) यदि हां, तो उसे क्या स्वायत्तता दी जाएगी ?

संचार मंत्रालय में उप-मंत्री (श्री जगन्नाथ पहाड़िया) : (क) और (ख). डाक-तार बोर्ड, जो कि संचार मंत्रालय का एक संघटन है, वित्तीय मामलों के अलावा अन्य सभी मामलों में, भारत सरकार के मंत्रालयों को उपलब्ध शक्तियों का प्रयोग करता ही है। हाल ही में, भारत सरकार ने डाक-तार बोर्ड के सम्बन्ध में प्रशासन सुधार आयोग की सिफारिशों की जांच कर, डाक-तार बोर्ड को भारत सरकार के मंत्रालयों को प्राप्त वित्तीय शक्तियां भी प्रदान की हैं जिससे बोर्ड अपनी कार्यप्रणाली में और अधिक स्वायत्तता का अनुभव करे ।

श्री राम भगत पासवान : माननीय अध्यक्ष महोदय, मैं आदरणीय संचार मंत्री से जानना चाहूंगा कि हाल ही में एडमिनिस्ट्रेटिव रिफॉर्म कमीशन की रिपोर्ट के अनुसार पी. एंड टी बोर्ड को वित्तीय मामलों में भी एटोनमी दे दी गई है तो क्या पी. एंड टी बोर्ड पी. एंड टी कर्मचारियों को जो चिल्ड्रन एजुकेशन एलाउन्स उच्चतम शिक्षा तक जारी रखने का प्रश्न है और उसको एन्हांस करने का संकल है उसपर भी विचार करेगा ?

संचार मंत्री (श्री हेमवतीनन्दन बहुगुणा) : इस सप्लीमेंटरी का जो सवाल है उससे कोई ताल्लुक नहीं है ।

श्री राम भगत पासवान : वित्तीय मामलों का जो प्रश्न है वह भी पी एण्ड टी बोर्ड के अधिकार के अन्दर आता है ।

MR. SPEAKER: The question is about granting greater autonomy to the P & T Board and 'if so, the nature of autonomy proposed to be granted'.

SHRI H. N. BAHUGUNA: But the hon. Member was asking whether I may make use of this autonomy for granting some allowance to the P. & T. employees. That is a question which is hardly relevant to the question tabled.

SHRI MANORANJAN HAZRA: May I know what is the present autonomy and what will be the future autonomy?

SHRI H. N. BAHUGUNA: The present has now become past so far as the present position stands. The P&T Board will now exercise and is currently exercising all powers of the Ministry in financial matters. All other Ministries have certain powers and the same powers are now being used by the Board. The Board does not have to go to the Communications Ministry for finalisation of a number of things except where external finances are involved.

श्री डी० एन० तिवारी : रेलवे बोर्ड का हमारा अनुभव बहुत ही कटु है । प्रति वर्ष हाउस में उसको एबालिज करने की मांग उठती है । मैं चाहता हूँ कि वही अधिकार इस बोर्ड को न दें जिससे वही प्रतिक्रिया इसके बारे में भी हर साल दोहराई जाए । क्या संघी महोदय इस

सिलसिले में सतर्कता बरतने की कोशिश करेंगे ?

श्री हेमवतीनन्दन बहुगुणा : सिफारिश यह थी कि पी एण्ड टी बोर्ड को रेलवे बोर्ड की तरह बना दिया जाए । उसके मैरिट्स और डीमैरिट्स में जाए बगैर मैं कहना चाहता हूँ कि ऐसा करना हमने कई कारणों से ठीक नहीं समझा । जितना बाजिब समझा है वह माननीय सदस्य की आकांक्षाओं के अनुरूप है ।

SHRI R. P. YADAV: May I know from the hon. Minister the present composition of the Board?

SHRI H. N. BAHUGUNA: The Board has a Chairman and Members who are drawn both from the Tele-communications and the Postal side. One Member who is called Member (Finance) looks after financial matters and is drawn from the Financial Service of the Government of India.

Atomic Power Station in Bihar

*614. SHRI RAMAVATAR SHASTRI:

SHRI BIBHUTI MISHRA:

Will the Minister of PLANNING be pleased to state:

(a) whether the Bihar Legislative Assembly has unanimously adopted a motion demanding the setting up of an atomic power station in Bihar;

(b) whether the said motion has been received by the Central Government; and

(c) if so, their reaction thereto?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) Yes, Sir.

(b) No, Sir.

(c) Does not arise.

श्री रामावतार शास्त्री : बिहार के मुख्य मंत्री ने योजना मंत्रालय या योजना मंत्री के सामने बिहार में परमाणु बिजली-घर की स्थापना करने का कोई प्रस्ताव रखा है, यदि हां, तो उसका ब्यौरा क्या है और इसके बारे में सरकार की प्रतिक्रिया क्या है ?

MR. SPEAKER: I am really surprised. To part (a) you say 'Yes, Sir, and to the ext question whether the said motion was received by you. you say, 'No, Sir.'

SHRI MOHAN DHARIA: After receipt of the question, we made enquiries from the Bihar Legislative and Bihar Government as to whether a resolution was passed or not....

MR. SPEAKER: When you have said, 'Yes, Sir', that means you will have some communication.. (Interruptions)

SHRI MOHAN DHARIA: After receipt of this question by my office, I verified from the Bihar Government and the Bihar Assembly whether any resolution was passed. At the same time, I verified from my office whether we have received any communication. So far as the communication is concerned, we have not received it, but, it is a fact that a resolution was passed.

MR. SPEAKER: How do you know it as a fact if there was no communication?

SHRI H. N. BAHUGUNA: He establishes the communication.

SHRI MOHAN DHARIA: I establish the communication.

MR. SPEAKER: About the resolution, you say that no communication was received from the Bihar Government or the Bihar Assembly but you

say that a resolution was passed... Any way, I do not want to go into it.

श्री रामावतार शास्त्री : मेरा प्रश्न मंत्री जी ने शायद सुना नहीं है। बिहार के मुख्य मंत्री ने योजना मंत्रालय या योजना मंत्री के सामने बिहार में परमाणु बिजली घर की स्थापना करने का कोई प्रस्ताव रखा है, यदि हां, तो उसका ब्यौरा क्या है और इसके बारे में सरकार की प्रतिक्रिया क्या है ?

SHRI MOHAN DHARIA: We have not received any proposal from the Bihar Government.

श्री रामावतार शास्त्री : बिहार में और खास तौर से उत्तर बिहार में बिजली की भारी कमी है तथा विधान सभा के माध्यम से बिहार की पांच करोड़ से ज्यादा जनता की सर्वसम्मत मांग को देखते हुए क्या सरकार बिहार में परमाणु बिजली घर बनाने का विचार रखती है, यदि नहीं, तो क्यों नहीं ?

SHRI MOHAN DHARIA: We have not received any proposal. But, on the basis of my information I would tell that nuclear generation requires huge investment and if we look at the production cost we find that we have to invest nearly 10 paise per unit here whereas in thermal generation, it is about 7 paise or so. There is lot of coal in Bihar and with investment of Rs. 140 crores it is possible for Bihar to produce nearly 300 kw. raising to 400 kw. The gestation period for thermal station is 5 to 6 years and for nuclear power it is nearly 10 years.

श्री बिभूति मिश्र : सब से अच्छी बात यह है कि जो मंत्री बनाया जाए वह सारे देश का दौरा कर लिया करे और यह देख लिया करे कि कौन सा देश का भाग कैसा है। उत्तर बिहार की बात करते हैं

तो समस्तीपुर तक तो बड़ी लाइन है लेकिन उसके बाद छोटी लाइन हो जाती है और कोयला जाता नहीं है। बिहार लेजिस्लेचर ने पास किया है कि चम्पारण में बाल्मीकि-नगर या भैंसालोटन कहिए वहां एटमिक एनर्जी का कारखाना लगाया जाए। अगर मंत्री जी को पता नहीं है तो मंत्री जी इसके बारे में फिर दरिपास्त कर लें और इस सवाल को आप हल करें उस वक्त तक जब तक सूचना न आ जाए। उत्तर बिहार और बाकी देश की पर कैपिटल कंजम्पशन में एक और सवा ग्यारह का अन्तर है। इतने ज्यादा बैक्वर्ड एरिया के लिए मंत्री जी क्या एटमिक पावर स्टेशन लगाने की बात सोच रहे हैं और सोच रहे हैं तो कब तक उसको वह लगाने जा रहे हैं? क्या लेजिस्लेचर से भी दरिपास्त करेंगे कि पास किया है या नहीं किया है?

प्रश्नकर्ता महोदय : आपको पता है मोशन आई है और आई है तो क्या रिएक्शन है, क्या इसका आपको पता है?

THE MINISTER OF PLANNING (SHRI D. P. DHAR): I must feel guilty in that I cannot oblige the hon. Member as far as the motion is concerned. There are certain pre-requisites which determine the establishment of an atomic power station at a particular place. The location has to be determined according to those pre-requisites. It is very well known that the atomic generation is a costly power. As my friend has said the cost of generation per unit would be about 10 paise as against thermal generation which would be about 6-7 paise. Thirdly, it has to be remembered that any power which is transmitted beyond 500 miles becomes not only expensive but uneconomic. It would be in my humble opinion not at all feasible to have an atomic power

station in Bihar where there is abundance of coal. What is necessary is utilisation of that coal for conversion into thermal energy.

WRITTEN ANSWERS TO QUESTIONS

Telephone Exchanges in Palghat District, Kerala

***603. SHRI M. K. KRISHNAN:** Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether Government propose to establish more Telephone Exchanges in Palghat District, Kerala, during 1973-74; and

(b) if so, names of places selected for the purpose?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA):

(a) Yes, Sir.

(b) Following telephone exchanges are proposed to be opened during 1973-74 in Palghat District, Kerala:

(1) Alanalloor	50 lines SAX
(2) Padagiri	50 lines SAX
(3) Agah	25 lines SAX
(4) Kunnisseri	25 lines SAX

Forwarding of Applications of Stenographers Grade III for Higher Posts

***605. SHRI NARENDRA SINGH BISHT:** Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the Ministry of Home Affairs have recently passed certain orders which do not permit the regular Stenographers Grade III of M. H. A. cadre to apply for higher posts in other Government Departments/Organisations/Public Undertakings;

(b) if so, whether the said orders are against those orders of the Department of Personnel which permit all the Central Government employees to

apply for higher posts outside their respective Departments; and

(c) if so, whether such orders are enforced in other Departments/Ministries of Government of India?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT): (a) No Sir.

(b) Generally 4 applications in a year of non-scientific and non-technical employees of the Government can be forwarded for employment in higher posts on the basis of advertisements/notices etc. Applications, however, can be withheld by the competent authority if it considers it to be in public interest. In a few cases in this Ministry applications of stenographers grade III for posts in other Ministries/Departments were withheld in public interest. The decisions on the withholding of applications were taken on the merits of each case.

(c) This Ministry is not aware whether other Ministries/Departments have also withheld applications of stenographers grade III in public interest.

बन्द उद्योगों को पुनः खोलना]

*608. श्री एम० एस० पुरती :

श्री विश्वनाथ मुनमुनवाला :

क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) देश भर में बन्द पड़े उद्योगों की संख्या कितनी है और इसके फलस्वरूप बेकार हुए मजदूरों की संख्या कितनी है; और

(ख) उन्हें तत्कालिक सहायता प्रदान करने के लिए क्या कदम उठाये गये हैं जिससे उन्हें पुनः खोला जा सके ।

औद्योगिक विकास तथा विज्ञान और

औद्योगिकी मंत्री (श्री सी० सुब्रह्मण्यम) :

(क) देश में बन्द पड़े एककों की संख्या तथा इस प्रकार बन्द हुए एककों से प्रभावित कामगारों की संख्या बताने वाला एक विवरण सभा पटल पर रखा जाता है । [ग्रन्थालय में रखा गया । देखिए सं.या.एल० टी०—4710/73] ।

(ख) उन्हें फिर से चलाने के लिए सामान्यतः निम्नलिखित कदम उठाए गये हैं :—

(1) भारतीय औद्योगिक पुनर्निर्माण निगम, कलकत्ता द्वारा पुनर्निर्माण सहायता का विस्तार ।

(2) श्रम-विभाग द्वारा समझौता ।

(3) केन्द्रीय / राज्य-सरकार द्वारा एककों को प्रत्यक्ष वित्तीय सहायता का विस्तार ।

(4) उद्योग (विकास तथा विनियमन) अधिनियम के अधीन जहां कहीं उचित हो औद्योगिक उपक्रमों को प्रबन्ध को अपने हाथ में लेना ।

Measures to simplify the procedure for Industrial Licensing

*609. SHRI DEVINDER SINGH GARCHA: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether Government are considering some measures to be adopted to simplify the procedure for industrial licensing in the country; and

(b) if so, the measures under consideration and when a decision will be taken in this regard?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) and (b). The process of streamlining the procedures for disposal of applications for industrial licences is a continuous one. A number of steps have already been taken in this regard. Government have initiated again studies of the procedures and arrangements in a systematic fashion in order to review the rationale of each step in the investment process. These studies are likely to take four to six months.

Annual Plan for Orissa for 1973-74

*610. SHRI CHINTAMANI PANIGRAHI: Will the Minister of PLANNING be pleased to state:

(a) whether the Planning Commission has recommended a plan outlay of Rs. 65 crores and 60 lakh for Orissa for the year 1973-74;

(b) if so, what will be the share of the Centre and the State in this outlay; and

(c) to what extent the proposed outlay exceeds the plan outlay for 1971-72 and 1972-73?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) and (b). Yes, Sir. An outlay of Rs. 65.60 crores comprising of Central assistance of Rs. 37.03 crores and State's resources of Rs. 28.57 crores has been approved for Annual Plan 1973-74 of Orissa.

(c) The outlay for 1973-74 (Rs. 65.60 crores) is higher by Rs. 17.27 crores and Rs. 8.18 crores over the approved outlay of Rs. 48.33 crores and Rs. 57.42 crores for 1971-72 and 1972-73 respectively.

Supply of Cotton and Stores to Sick Textile Mills on 'No Profit, and No Loss' Basis

*615. SHRI SHASHI BHUSHAN: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether any arrangements have been made by the National Textile Corporation for the supply of cotton and stores to the sick textile mills on 'no profit, no loss' basis to boost up their economy and if so, the salient features thereof; and

(b) the machinery set up to ensure that the money invested by Government in these mills is properly utilised by the management of the mills?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) The National Textile Corporation has been operating, since 1969, a scheme for the purchase and supply of cotton to some of the textile mills, the management of which has been taken over by Government. The Corporation has obtained from Government loans amounting to Rs. 2.50 crores which are being utilised for implementation of this scheme. This amount is being treated as margin money, and against it the Corporation has obtained cash credit limits from various banks to the extent of Rs. 7 crores approximately. At present, 19 mills are participating in the scheme. The salient features of the scheme are as follows:—

(i) Cotton under the scheme is purchased by the Corporation on behalf of the Government managed mills and sold to them at original purchase price plus the actual expenses incurred.

(ii) The scheme is being implemented through the Authorised Controllers/Chief Executive Officers of the mills

who act as Constituted Attorneys of the Corporation for the purpose of this scheme.

- (iii) Keeping in view the cotton requirements of the mills, funds for margin money and cash credit limits already negotiated with the banks by the Corporation, are allocated to the Constituted Attorneys.
- (iv) Mills normally pay to the Corporation interest at the rate of 1 per cent above bank rates for such advances. A higher rate of interest of 5 per cent above bank rates is charged when there is a breach of the agreement between the mills and the Corporation.
- (v) Mills also pay service charges at 0.15 per cent of the value of cotton at the actual purchase price.
- (vi) No interest is charged on the funds remaining unutilised upto 10 per cent of the funds provided by the Corporation. Interest on the unutilised amount in excess of 10 per cent of the funds provided is charged at the rate of 8 1/2 per cent.
- (vii) The Constituted Attorneys maintain all account in this respect on behalf of the Corporation.
- (viii) Mills join the scheme on voluntary basis and are free to opt out by giving one month's notice.

(b) Some of the measures taken to ensure proper utilisation of money invested by the Corporation in these mills are as follows:—

- (a) Purchase Committees have been appointed for each mill to ensure that the funds involved for purchase of cotton under the scheme are properly utilised.

(b) Financial Advisers and Chief Accounts Officers have been appointed in each mills. These officers watch day to day working of these mills and ensure that the funds released to the mills are properly utilised.

(c) Supervision Committees have also been appointed to supervise the working of the mills and they also keep a watch with regard to the proper utilisation of the funds released to the mills.

(d) The Corporation is scrutinising Daily Banks and Financial statements with a view to keeping a watch over proper utilisation of funds. The Corporation has decided to set up an internal audit organisation of its own to ensure *inter alia*, continuous audit and test check of accounts.

(e) The accounts are subject to statutory audit.

Import of spacers from Japan for use in the Bhabha Atomic Centre, Bombay

*616. SHRI NAWAL KISHORE SHARMA: Will the Minister of ATOMIC ENERGY be pleased to state:

(a) whether India has placed orders with a Japanese firm for importing spacers to be used in the Bhabha Atomic Centre, Bombay.

(b) if so, the number of spacers to be imported from Japan and their value;

(c) whether payment will be made in Indian rupee or in foreign exchange and

(d) whether global tenders were invited for import of these spacers from other atomic power countries?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF ELECTRONICS, MINISTER OF INFORMATION AND BROADCASTING AND MINISTER OF SPACE (SHRIMATI INDIRA GANDHI): (a) and (b). An order for the supply of 1200 sets of Zircaloy Spacers at a total f.o.b. cost of 45.3 million yen for use in the reload fuel for the Tarapur Atomic Power Station has been placed on a Japanese firm.

(c) The Payment will be made in foreign exchange.

(d) An open tender for the purchase of these Spacers was floated in India. Besides, certain firms established abroad, who were considered as potential suppliers, were also specifically requested to quote for the supply of these spacers. The order was placed on the lowest bidder.

Medium of instruction issue in Assam

*617. SHRI H. N. MUKHERJEE: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the recent talks between the Chief Minister of Assam and the Cachar leaders on the medium of instruction issue had not produced any desired results, and

(b) if so, whether the Centre propose to intervene in the dispute with a view to finding out a solution acceptable to all the parties concerned?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT): (a). No Sir.

(b). The controversy relating to medium of instruction in Assam involves complex issues. The Central Government remain in close touch with developments in Assam and continuous efforts are being made to find an amicable solution.

Seminar on Science and Technology held at Kanpur

*618. SHRI SHRIKISHAN MODI: SHRI P. M. MEHTA:

Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether Government have decided to direct the scientific and technological activities towards fulfilment of national goals and for adopting an integrated approach in planning and implementation;

(b) whether he attended a two-day regional seminar organised by the National Committee on Science and Technology at Kanpur on 13th February, 1973;

(c) whether a Science and Technology plan is being prepared by the N.C.S.T. through the active participation of the working Scientists, Technologists, Economists, Industrial Manager and other professionals; and

(d) if so, the salient features of the plan?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE & TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) to (c). Yes, Sir.

(d) The basic premise behind the Science and Technology Plan is that science and technology should serve the needs of the common man and directly reinforce our programmes for eliminating mass poverty. Technological self-reliance is the major plank in our development strategy, but in certain areas such food, energy and defence equipment, efforts will be made to achieve maximum possible self-sufficiency. The plan will be based on a detailed assessment of the existing knowledge and competence in the various sectors of economy and the potentials for developments with reference to our socio-economic needs.

Public Sector Corporation for Industrial Undertakings

*619. SHRI D. B. CHANDRA GOWDA: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether there is any proposal under Government's consideration to set up a Public Sector Corporation to manage Industrial Undertakings other than textile units, taken over by Government; and

(b) if so, the main features of the proposal?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) and (b). The question of institutional arrangements for the management of non-textile industrial units taken over under the Industries (Development & Regulation) Act has been under the consideration of Government. No final decision in the matter has so far been taken.

Development of Hill areas during Fifth Plan

*620. SHRI PANNA LAL BARUPAL: Will the Minister of PLANNING be pleased to state:

(a) whether for the agricultural and other development of hill areas of the country, Government propose to formulate scheme different from the schemes formulated for the development of the plains; and

(b) if so, the broad outlines thereof?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) and (b). The responsibility for formulating programmes of development generally rests with the State Governments. It is, however, being urged that the State Governments should, while formulating Agriculture and

other development programmes, take into consideration the peculiar physico-geographic conditions, resource endowment, infrastructure network, etc., of different regions including the hill areas falling within their jurisdiction.

दैनिक पत्र "अवन्तिका" के साझेदारों द्वारा विनियोजित पूंजी

5900. श्री हुकम चन्द कछवाय : क्या सूचना और प्रसारण मंत्री हिन्दी दैनिक पत्र 'अवन्तिका' के साझेदारों के बारे में 16 अगस्त, 1972 के अतारांकित प्रश्न सं० 2341 के उत्तर के सम्बन्ध में यह बताने की कृपा करेंगे कि :

(क) उज्जैन के दैनिक पत्र "अवन्तिका" के तीनों साझेदारों में से प्रत्येक ने विभिन्न अवसरों पर कितनी-कितनी पूंजी लगाई और जनवरी, 1973 तक उन्होंने कुल कितनी पूंजी लगाई थी ; और

(ख) क्या उक्त फर्म में कुछ अन्य साझेदार भी शामिल हुए हैं और यदि हां, तो कितने और उनमें से प्रत्येक ने कितनी पूंजी लगाई है ?

सूचना और प्रसारण मंत्रालय में उप-मंत्री (श्री धर्मवीर सिंह) : (क) और (ख). प्रकाशक के द्वारा समाचारपत्रों के रजिस्ट्रार को भेजे गए 31 दिसम्बर, 1972 को समाप्त होने वाले वर्ष के वार्षिक विवरण के अनुसार हिन्दी दैनिक "अवन्तिका" की मालिक दो हिस्सेदारों की एक अप्रंजीकृत फर्म है। फर्म की पूंजी में प्रत्येक के तेरह हजार पांच सौ रुपये हैं। प्रकाशक ने रजिस्ट्रार को सूचित किया है कि दिसम्बर, 1972 से साझेदारी में कोई परिवर्तन नहीं हुआ है।

Medical Claims of Employees of Delhi Administration

5901. SHRI DHARAMRAO AFZALPURKAR: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether an amount exceeding rupees sixty lakhs is being drawn by the employees of Delhi Administration on medical claims;

(b) if so, whether any enquiry in this regard has taken place; and

(c) the number of employees who have submitted claims exceeding Rs. 4000/- during 1972-73?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) No, Sir.

(b) Does not arise.

(c) Three.

Formation of Accounts Cadre in Delhi Administration

5902. SHRI DHARAMRAO AFZALPURKAR: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether an Accounts Cadre is to be formed under Delhi Administration;

(b) whether the Administration Officers/Superintendents of Administration holding Gazetted posts sponsored for training for a lower post of S.A.S. Accountant are entitled to claim higher pay during training period; and

(c) whether these officials will be appointed Accountants or promoted to higher posts or will be considered for promotion to higher posts without obtaining any accounts experience?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a). Yes Sir.

(b). According to Delhi Administration, Superintendents (Grade I of the Subordinate Ministerial Service) and Assistant/Head Clerks (Grade II of the Sub-ordinate Ministerial Service) are sponsored for training in S.A.S. at the Northern Zonal Accountancy Training Institute at Jammu. During the period of training, they are entitled to pay and other allowances against the posts which they were holding before proceeding on training.

(c) For appointment to the posts of Accountants or higher posts, the eligibility of these officials will be considered in accordance with the provisions of rules of the proposed Accounts Service of Delhi Administration as and when these are finalized.

Use of titles with Names

5903. SHRI S. D. SOMASUNDARAM: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the titles like "Padma Shri" are not to be used along with the names of persons concerned in the post-Independence period; and

(b) if so, whether Government have issued any instructions in this regard?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) Decorations like "Padma Shri" are not titles and should be prefixed or suffixed with the names of awardness.

(b) From time to time press notes have been issued informing the public that the awards should not be used as titles. Instructions have also been issued to Ministries/Departments of the Government of India and the Governments of States and Union Territories.

"Trail of Traitors" of freedom struggle

5904. SHRI DHARAMRAO AFZAL-PURKAR: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether any request has been made to the Government by the Indian Revolutionaries for 'Trail of Traitors' of the Freedom Struggle against British Imperialists; and

(b) if so, the main points thereof and the reaction of Union Government thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). No specific request has been received from the Indian Revolutionaries for trial of traitors of the Freedom Struggle against British Imperialists. However, the Conference of Indian Revolutionaries held at Kanpur in February 1973 had adopted a resolution demanding a through probe into the death of Shri Chandra Shekhar Azad and demanded action against those found guilty and responsible for the death of Shri Azad.

No such proposal is at present under the consideration of the Government.

अन्तर्राज्यीय विवादों को सुलझाने में क्षेत्रीय परिषदों से सहायता

5905. श्री एम० एस० पुरती : क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार को क्षेत्रीय परिषदों से अन्तर्राज्यीय विवादों के सुलझाने में कोई सहायता प्राप्त हुई है, और

(ख) यदि हां, तो तत्सम्बन्धी मुख्य बातें क्या हैं ?

गृह मंत्रालय में उपमंत्री (श्री एफ० एच० मोहसिन) : (क) और (ख). राज्य पुनर्गठन अधिनियम 1956 में प्रस्तुत

की गई योजना के अनुसार क्षेत्रीय परिषदें कार्य कर रही हैं। उनका कार्य निम्नलिखित विषयों में विचार करना तथा सम्बन्धित सरकारों को सिफारिश करना है :—

(क) आर्थिक तथा सामाजिक योजना के क्षेत्र में सार्वजनिक हित का कोई विषय।

(ख) सीमा विवादों, भाषाई अल्प संख्यकों अथवा अन्तर्राज्यीय परिवहन सम्बन्धी कोई विषय; और

(ग) उस अधिनियम के अन्तर्गत राज्यों के पुनर्गठन सम्बन्धी अथवा उससे उत्पन्न कोई विषय।

ये परिषदें सलाहकार बोर्ड के रूप में हैं और सम्बन्धित राज्य सरकारों के दृष्टिकोण को ध्यान में रखने के बाद सिफारिशें करनी हैं, अतः उनकी सिफारिशें सहमति के एक उपाय के रूप में प्रतिनिधित्व करती हैं। गृह मंत्रालय इन सिफारिशों के कार्यान्वयन को देखता है और ये परिषदें समय समय पर अपनी सिफारिशों के कार्यान्वयन की प्रगति की स्वयं समीक्षा करती हैं और जहां आवश्यक होता है नई सिफारिशें करती हैं। इस प्रकार क्षेत्रीय परिषदें सदस्य राज्यों के सामान्य हित के विभिन्न विषयों पर विचार करने के लिए एक मंच की व्यवस्था करती हैं और ऐसे विषयों में लाभदायक भूमिका निभाती हैं।

ग्रान्ध प्रवेश के निकटवर्ती जिलों (चित्तूर-पल्ली) में नक्सलपंथियों द्वारा पुलिस से हथियारों का छीना जाना

5906. श्री एम० एस० पुरती : क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार को ग्रान्ध के निकटवर्ती जिलों (चित्तूरपल्ली) में कुछ नक्सलपंथियों द्वारा पुलिस से हथियार छीनने की जानकारी मिली है ;

(ख) क्या यह जानकारी भी मिली है कि नक्सलपंथियों को पृथकतावादियों से सहयोग मिल रहा है; और

(ग) यदि हां, तो इस प्रकार की घटनाओं को रोकने के लिए सरकार ने क्या कार्यवाही की है ?

गृह मंत्रालय में उपमंत्री

एफ० एच० मोहसिन) : (क) से (ग) तथ्य मालूम किए जा रहे हैं।

उड़ीसा राज्य से पाकिस्तानी राष्ट्रियों का निष्कासन

5907. श्री हुकम चन्द कछवाय : क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) 31 मार्च, 1972 को उड़ीसा में भूमिगत 30 पाकिस्तानी राष्ट्रियों में से कितने पाकिस्तानी राष्ट्रियों को खोज निकाला गया और उनमें से कितनों को निर्वासित किया गया ;

(ख) भूमिगत पाकिस्तानी राष्ट्रियों का जिला-वार ब्योरा क्या है; और

(ग) शेष पाकिस्तानी राष्ट्रियों का पता लगाने और उन्हें निर्वासित करने के लिए सरकार का क्या कार्यवाही करने का विचार है ?

गृह मंत्रालय में उपमंत्री (श्री एफ० एच० मोहसिन) : (क) से (ग). सूचना एकत्रित की जा रही है तथा सदन के पद पर रख दी जायेगी।

इन्दौर में लघु उद्योग

5908. श्री गंगा चरण दीक्षित : क्या औद्योगिक मंत्री यह बताने की कृपा करेंगे कि इन्दौर डिवीजन (मध्य प्रदेश) में वर्ष 1971-72 और 1972-73 के दौरान लघु उद्योग स्थापित करने के सम्बन्ध में क्या प्रगति हुई है ?

औद्योगिक विकास मंत्रालय में उप-मंत्री (श्री जिन्नाउर रहमान अन्सारी) : उद्योग निदेशक, मध्य प्रदेश के पास पंजीकृत इन्दौर डिवीजन के लघु एककों की संख्या, जो कि 31 दिसम्बर, 1971 को 6315 थी, 31 दिसम्बर, 1972 को बढ़ कर लगभग 7800 हो गई है।

Instances of the Misuse of the Power Conferred by M.I.S.A.

55909. SHRI RANABAHADUR SINGH: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether any gross misuse of the powers conferred by the Maintenance of Internal Security Act have been brought to the notice of Government;

(b) if so, how many such instances have been reported and from what States; and

(c) the steps Government propose to take to stop such undemocratic misuse of power by the Executive?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) No Sir.

(b) Does not arise.

(c) Instructions have been issued to the State Governments/Union Territory Administrations to ensure that all authorities competent to exercise powers under the MIS Act, 1971 are fully conversant with the requirements of the Constitution and the Act and that these requirements are strictly adhered to while making use of these powers. The State Governments/Union Territory Administrations have also been requested that while confirming detention orders issued by District Magistrates and Commissioners of Police, they should satisfy themselves that the requirements of the law and the Constitution have been fully met.

Seminar of the Experts on the Transfer of Technology

5910. SHRI RANABAHADUR SINGH: Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether there has been a Seminar of the Experts on 'the transfer of Technology' in Delhi;

(b) if so, the names of the countries which participated in the Seminar; and

(c) the broad recommendations made in the Seminar?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE & TECHNOLOGY (SHRI C. SUBRAMANIAM: (a) Yes, Sir. A three day International Seminar on Transfer of Technology was held from December 11, 1972 to December 13, 1972 at New Delhi.

(b). The Seminar was attended by experts from India and 35 foreign countries, consultants, representatives from UNIDO and 8 other international organisations. A list of participants is laid on the Table of the House. [Placed in Library. See No. LT/73.]

(c) The main recommendations and suggestions of the Seminar are

contained in the 'CSIR News—Vol. 23' dated 15th February, 1973, copies of which are available in the Library of the Parliament.

Documentary Film on Kumaran Asan, poet of Kerala

5911. SHRI VAYALAR RAVI: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether the Films Division have decided to produce a documentary film on Kumaran Asan, the famous poet and social reformer of Kerala; and

(b) if so, the length of the film and other features thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) and (b). The production of the film on Kumaran Asan by the Films Division, has been held over, as the Government of Kerala are understood to be producing a documentary film on him.

Setting up of Industries in Kerala

5912. SHRI VAYALAR RAVI: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether there is any proposal to start any new industry in the State of Kerala under the central sector or with central assistance during the year 1973-74; and

(b) if so, the broad outlines thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): (a) and (b). The Instrumentation Limited, Kota—a

fully owned Central Government Undertaking, have a proposal to establish their second unit at Palghat (Kerala) for the manufacture of control valves and allied items in the first instance. The investment on this project is estimated at Rs. 2.80 crores with an employment potential of 600 to begin with. Action to set up this unit at Palghat would progress during the year 1973-74.

The Hindustan Paper Corporation Ltd.—a fully owned Central Government Undertaking, have a proposal to set up a newsprint project in the District of Kottayam (Kerala) for an annual capacity of 80,000 tonnes newsprint (including magazine paper) at an approximate cost of Rs. 35 crores. Preliminary action in this connection would be taken in the year 1973-74.

Memo from artistes of Calicut Radio Station

5913. SHRI RAMACHANDRAN KADANNAPPALLI: Will the Minister of INFORMATION AND BROADCASTING be pleased to state;

(a) whether Government have received any memorandum from the artistes of Calicut Radio Station; and

(b) if so, the action taken thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINGH): (a) Yes, Sir.

(b) The various demands put forward by the staff artists of Calicut and the action taken on them are indicated below:—

Demand	Remarks
1. Raise the age of retirement to 60 years for staff artists.	Government have already agreed to grant extensions upto the age of 60 to staff artists belonging to certain creative groups viz. musicians instrumentalists conductors and composers, if they are otherwise fit.
2. Provide gratuity to all staff artists on retirement.	This is being examined by Government.
3. Immediately start job evaluation and finish it within one month.	The National Productivity Council have already commenced the work and are likely to submit their report after a few months.
4. Bring back to Delhi all the staff artists transferred to Bombay consequent upon the shifting of Vividh Bharati.	It has already been decided to freeze vacancies at Delhi and in nearby stations in the categories concerned so as to enable the transfer back of the Vividh Bharati staff artists at present at Bombay. In pursuance of this decision two Producers, one announcer, three Production Assistants and one script Writer have already been transferred to Delhi or other stations of their choice.
5. Stop operation of SIU report.	The SIU report is still under examination in Government.

Demand	Remarks
6. Immediately set up joint consultative Machinery at all levels.	Informal Consultative Committees for staff artists have already been set up at all levels, viz. at the level of the Ministry, Directorate General, All India Radio and the stations.
7. Formulate and implement fair promotion policy in consultation with the staff Artists Union.	Recruitment rules have been framed after taking into consideration the suggestions made by the AIR Staff Artists Union and these provide reasonable avenues of promotion to staff artists working in AIR consistent with the requirements of the services.
8. Pay 8.33% bonus to all staff artists and all AIR employees for the year 1971-72.	Employees of AIR are not entitled to bonus under the payment of Bonus Act, 1965. A decision to the contrary cannot be taken in isolation from general policy in respect of Government employees.
9. Extra pay for extra work and work and overtime for national holidays etc.	Extra remuneration for extra work is already being paid.
Grant of pension to freedom fighters from Kerala	Engineering graduates and diploma holders selected under the practical stipendiary scheme in Kerala
5914. SHRI RAMACHANDRAN KADDANNAPPALLI: Will the Minister of HOME AFFAIRS be pleased to state:	5915. SHRI RAMACHANDRAN KADANNAPPALLI: Will the Minister of PLANNING be pleased to state:
(a) the total number of the applications received from Kerala for grant of pension to freedom fighters; and	(a) the number of engineering graduates and diploma holders selected under the practical stipendiary scheme in Kerala State so far and the number proposed to be selected under the said scheme during the year 1973-74; and
(b) the number of sanctioned applications?	(b) whether Government propose to enlarge the scope of the said scheme as far as the Kerala State is concerned?
THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) 4,076 applications have been received.	THE MINISTER OF STATE IN THE MINISTRY OF PLANING (SHRI MOHAN DHARIA): (a) and (b). Under the practical stipendiary scheme, an amount of Rs. 2.40 lakhs was allocated to Kerala State by the Ministry of Education for placement
(a) 565 cases have been approved for pension.	

of 180 Engineering degree/diploma holders in 1972-73 but information regarding the number of persons actually placed under the scheme during the current year is not available. In 1973-74, it is proposed to enlarge the scope of the scheme and the State Government has been advised to formulate proposals for placement of a larger number of candidates under the scheme.

Role of C.P.I. in Andhra Pradesh

5916. SHRI HUKAM CHAND
KACHWAI:

SHRI R. V. BADE:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the attention of Government has been drawn to the statement of Shri N. G. Ranga published in 'Motherland' dated the 13th March, 1973 that C.P.I. is engineering Civil war in Andhra Pradesh; and

(b) the reaction of Government thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) Government have seen the news report in question.

(b) Government's attitude towards the complex problems of Andhra Pradesh had been explained in the House.

Service conditions of Scheduled Castes and Scheduled Tribe employees

5917. SHRI AMBESH: Will the PRIME MINISTER be pleased to state the main points of the circulars issued by the Department of Personnel and Administrative Reforms in respect of the appointments/promotions/service conditions of the Scheduled Caste and Scheduled Tribe employees for the period from 1st January, 1970 to 31st December, 1972?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): A statement giving the required information is laid on the Table of the House [Placed in Library See No.LT-4712/73.]

Scheduled Caste/Scheduled Tribe Under Secretaries in Government of India

5918. SHRI AMBESH: Will the PRIME MINISTER be pleased to state:

(a) the total number of sanctioned posts of Under Secretaries in the various Ministries/Departments of Government of India on 1st January, 1973;

(b) the number of Under Secretaries in various Ministries/Departments actually working on these posts on 1st January, 1973;

(c) the number of Scheduled Castes and Scheduled Tribes out of them; and

(d) whether it is correct that the number of Scheduled Castes and Scheduled Tribe Under Secretaries is not in accordance with their percentage of representation; if so, whether Government propose to promote S.C./S.T. Section Officers as Under Secretaries and if not, the reason therefor?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) to (c). Information being collected. Statement will be laid on the table of the House.

(d) As there is no separate reservation laid down for the posts of Under Secretaries, the question does not arise.

Withdrawing of ban on recruitment in Government Establishments

5919. SHRI R. V. BADE: Will the PRIME MINISTER be pleased to state:

(a) whether Government propose to withdraw the ban on recruitment in Government Establishments completely; and

(b) if so, when?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) and (b). There is no general ban on recruitment in Government Establishments. However, there is a limited ban on direct recruitment to certain categories of Class III and Class IV posts. This ban is proposed to be reviewed after the Third Pay Commission's recommendations have been considered by the Government.

Cheaper T.V. model designed by the radio and electricals manufacturing Company Limited, Bangalore

5920. DR. H. P. SHARMA: Will the Minister of ELECTRONICS be pleased to state:

(a) whether the Radio and Electricals Manufacturing Company Limited (R.E.M.C.O.) in Bangalore has been successful in designing a new model of T.V. which would be cheaper than any existing model;

(b) if so, the salient features of this new model set and the cost thereof including excise; and

(c) the steps taken by Government to ensure large scale manufacture of this cheaper T.V. set?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT): (a) and (b).

Radio and Electrical Manufacturing Company Limited (REMCO) Bangalore, (which is a Public Sector Undertaking of the Government of Mysore) have released on March 10, a 19" TV set under the name 'Jyotsna'. The set which is designed for single-channel reception employs 14 valves and is priced at Rs. 1935.50 including excise duty of Rs. 143 and sales tax of Rs. 235.50.

(c) TV sets as manufactured in this country employ different designs resulting in different ex-factory prices. They also have varying foreign exchange components and have different performance characteristics, particularly in terms of maintenance. Government do not intend, at this stage, to standardise on a single design but have prescribed a uniform pack value for units in the small scale sector.

Adulteration and black marketing of cement in Assam

5921. SHRI ROBIN KAKOTI: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether Government are aware that adulteration and black marketing in cement are going on in Assam and other North Eastern States; and

(b) if so, the steps being taken by Government in the matter?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): (a) No specific complaints have been received regarding adulteration of cement and black marketing in Assam and other North Eastern States.

(b) Does not arise.

उत्तर प्रदेश के आगरा और झांसी जिलों
के गांवों में सार्वजनिक टेलीफोन
केन्द्र

5922. डा० गोविन्द दास रिछारिया :
क्या संचार मंत्री यह बताने की कृपा करेंगे
कि :

(क) उत्तर प्रदेश में आगरा और
झांसी जिलों के अन्तर्गत उन गांवों के,
तहसीलवार, नाम क्या हैं जिनमें सार्वजनिक
टेलीफोन केन्द्र हैं ; और

(ख) उपरोक्त जिलों में उन गांवों के
नाम क्या हैं जिनमें वर्ष 1973-74 में
सार्वजनिक टेलीफोन केन्द्र स्थापित करने
का सरकार का विचार है ?

संचार मंत्री (श्री हेमवतीनन्दन
बहुगुणा) : (क) और (ख). वांछित
सूचना एक विवरण पत्र में सभा पटल पर
रखी जाती है। [ग्रन्थालय में रखा गया।
देखिए संख्या LT-4713/73]।

**Thefts and Burglaries in North Avenue,
New Delhi**

5923. SHRI NARENDRA SINGH:
Will the Minister of HOME AFFAIRS
be pleased to state:

(a) whether the number of thefts
and burglaries in the area catered by
North Avenue Police Station in New

Delhi have been on an increase, and
if so, the number of such cases in
the area during 1970, 1971 and 1972
so far;

(b) whether the police station staff
refuse to register cases of this kind
when reported to them and leave the
culprits scot-free even when they are
caught red-handed;

(c) the number of cases during
this period wherein the culprits were
not prosecuted even when stolen goods
had been recovered from their posses-
sions and in how many cases the
accused were (i) convicted, and (ii)
acquitted; and

(d) the steps taken to reshuffle re-
orientate the police station staff for
effective security of the area?

THE DEPUTY MINISTER IN THE
MINISTRY OF HOME AFFAIRS
(SHRI F. H. MOHSIN): (a) Yes, Sir.

Cases	1970	1971	1972	1973 (upto 28-2-1973)
Burglary	2	4	7	Nil
Theft	4	4	7	Nil

(b) No such complaint has come to
notice.

(c) There was no case in which the
accused could not be prosecuted in
spite of effecting recovery of stolen
goods from his possession.

The number of cases of burglary and theft in which accused were convicted or acquitted is indicated below:—

Year	Burglary		Theft	
	convicted	acquitted	convicted	acquitted
1970	2	..	1	..
1971	..	..	1	..
1972	1	..	..	..
1973 (upto 28-2-1973)	..	..	..	..

(d) The staff is normally replaced on the completion of their tenure of posting or on administrative grounds, as and when required.

Monitoring and Evaluation Organisation on Implementation of projects

5924. SHRI VASANT SATHE: Will the Minister of PLANNING be pleased to state:

(a) whether the proposed Monitoring and Evaluation Organisation on Implementation of Projects will also include centrally sponsored projects; and

(b) if not, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) Yes, Sir on a selective basis.

(b) Does not arise.

Progress Achieved by Central Information Service

5925. SHRI MUHAMMED SHERIFF: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) the date on which the Central Information Service came into being; and

(b) the progress made by the said Service so far?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) the Central Information Service was constituted on March 1, 1960.

(b) There were 612 posts in the various grades of the Service at its initial constitution; the Service now consists of 984 posts. A statement indicating the grade structure of the Service on March 1, 1960 and as on March 31, 1973 is attached.

STATEMENT

No. of posts as on 1-3-1960	Grade structure and pay scale	No. of posts as on 31-3-1973
Nil	Selection Grade (Rs. 2500—125/2-2750)	
1	Senior Administrative Grade (i) (Senior Scale—Rs. 1800—100—2000)	5
2	(ii) (Junior Scale —Rs. 1600—100—1800)	10
9	Junior Administrative Grade (i) (Senior Scale—Rs. 1300—60—1600)	17
8	(i) (Junior Scale—Rs. 1100—50—1400)	15
83	Grade I (Rs. 700—40—1100—50/2—1250)	152
68	Grade II (Rs. 400—400—450—30—500—35—570—EB—35—95)	132
137	Grade III (Rs. 350—25—500—30—590—EB—30—800)	172
304	Grade IV (Rs. 270—10—290—15—410—EB—15—485)	480

Appointment Against Grade IV Prior to Commencement of CIS

5926. SHRI MUHAMMED SHERIFF:
Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) the criteria, including age, qualifications etc., adopted for regularisation of candidates appointed departmentally by his Ministry against Grade IV posts prior to the commencement of CIS; and

(b) whether regularisation of departmental candidates as mentioned above was done under provision of the Central Information Service Rules, if so, the number of the rule?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINGH): (a) and (b). The Central Information Service was constituted on 1st March, 1960. Prior to that

date 142 persons had been selected and appointed, departmentally, at different times to various posts proposed to be included in Grade IV of the Service by the respective participating organisations of the Ministry of Information and Broadcasting on the basis of qualifications, experience, age limits, etc., prescribed, with due regard to the requirements of the posts, and not according to a uniform set of criteria.

2. 31 candidates were eligible under Rule 2(b) (i) of the CIS Rules, 1959, for consideration for appointment to Grade IV of the Service at its initial constitution. Their suitability was determined by a selection committee set up under Rule 5 of the Rules, with member of the Union Public Service Commission as President and departmental representatives as members. They were appointed to Grade IV on the recommendation of the Committee and with the approval of the Commission.

3. 108 persons were declared departmental candidates with the concurrence of the Commission under Rule 2(b)(ii) of the C.I.S. Rules. The suitability of these officers for appointment to Grade IV at its initial constitution of the Service was also determined by a selection committee, with a member of the Commission as Chairman, and were appointed to that grade under Rule 5 on the recommendation of the committee and with the approval of the Commission. Two candidates had resigned and one did not wish to be considered for appointment to the Service.

C.I.S. Grade IV Examination, 1964

5927. **SHRI MUHAMMED SHERIFF:** Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) the number of employees, appointed departmentally by the Ministry against Grade IV posts prior to the date of commencement of Central Information Service;

(b) whether the copy of appointment order of such employees mentioned above would be laid on the Table of the House; and

(c) the actual number of employees from amongst the employees as mentioned above who were declared departmental candidates against the competitive post of Central Information Service Grade IV examination, 1964?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) 142.

(b) Orders of appointment were issued to the selected candidates by the concerned media organisation of the Ministry of Information and Broadcasting. Specimen copies of such orders will be laid on the Table of the House shortly.

(c) 101 persons were appointed to Grade IV as 'departmental candidates' against vacancies reported earlier to Union Public Service Commission for direct recruitment. Of the remaining 41 out of 142 officers, 31 had already been appointed to Grade IV at its initial constitution as 'departmental candidates' under Rule 2(b)(i); 7 were appointed under Rule 5, read with Rule 2(b)(ii), 2 had resigned and 1 did not wish to be considered for the Service.

Departmental Candidates Absorbed at Initial constitution of C.I.S.

5928. **SHRI MUHAMMED SHERIFF:** Will the Minister of INFORMATION AND BROADCASTING be pleased to state the number of departmental candidates directly absorbed in Grade IV of the Central Information Service at the initial constitution of the Service?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): The Central Information Service was constituted on March 1, 1960. One hundred and twenty eight departmental candidates were appointed to Grade IV of the C.I.S. with effect from that date; and 108 more persons were approved by the Union Public Service Commission subsequently for appointment to the Service at its initial constitution.

A.I.R. employees suspended on charge of bigamy

5929. **SHRI DALIP SINGH:** Will the Minister of INFORMATION AND BROADCASTING be pleased to state the number of employees suspended on the charge of bigamy during the last three years in A.I.R., New Delhi; and the number of cases in which charge-sheets have been changed more than once?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): No employee of All India

Radio was placed under suspension on the charge of bigamy nor was any charge-sheet modified during the last three years.

the reply given to Unstarred Question No. 23 on the 21st February, 1973 regarding dispersal of industries in backward areas and state:

नारियल जटा उद्योग पर उपकर

5930. श्री धर्मराव अकजलपुरकर :
क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) नारियल जटा बोर्ड ने वर्ष 1971-72 के दौरान नारियल जटा पर उपकर की कुल कितनी राशि वसूल की; और

(ख) नारियल जटा उद्योग के विकास पर सरकार ने कितनी राशि व्यय की ?

औद्योगिक विकास मंत्रालय में उप-मंत्री (श्री जियोउरहमान अन्सारी) : (क) कांयर बोर्ड कांयर पर उपकर वसूल नहीं करता । किन्तु निर्यात के लिए नारियल की जटा से बनाए गए सभी प्रकार के फाइबरों, धागों और उत्पादों पर केन्द्रीय सरकार द्वारा 98 पैसे प्रति क्विन्टल की दर से उपकर वसूल किया जाता है । 1971-72 में भारत सरकार द्वारा उपकर के रूप में कुल 2,94,905.54 रुपये की राशि वसूल की गई ।

(ख) कांयर बोर्ड के माध्यम से कांयर (नारियल जटा) उद्योग का विकास करने के लिए 1971-72 में सरकार ने 18.94 लाख रुपये व्यय किए ।

Licences issued for starting industries in backward areas of Tripura, Manipur, Meghalaya, Mizoram and Assam

5931. SHRI DASARATHA DEB: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to refer to

(a) how many licences were issued for starting industries in the backward areas during the last two years and how many of them were given to Tripura, Manipur, Meghalaya and Mizoram separately; and

(b) the types of industries to be set up in these areas?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) 76 Industrial Licences were issued in each of the two years 1971 and 1972 for starting industries in backward areas. Out of these two relate to Tripura and one to Meghalaya.

(b) Cement and food processing industries.

Broadcasting in Tripura Language from Akashvani, Calcutta

5932. SHRI DASARATHA DEB: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether Government have received reports that broadcasts in Tripuri language made from Akashvani, Calcutta are not audible even in Tripura; and

(b) if so, whether Government propose to change the Centre and timing for making broadcast audible there?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) The quality of reception of Tripuri programmes relayed from Calcutta is not satisfactory on Medium Wave but satisfactory on Short Wave.

(b) It has been decided to shift the Tripuri programmes from Calcutta to Agartala shortly.

Reservations for Scheduled Tribes in Tribal Development Block, Tripura

5933. SHRI DASARATHA DEB: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether no tribal has been appointed in Class I and II posts in the Tribal Development Block of Tripura;

(b) whether posts for all categories, including Class I and II in various Governmental Departments in Tripura including Tribal Development Block, are reserve for candidates belonging to Scheduled Tribes;

(c) if so, the percentage of reservations made in different categories in the various Departments; and

(d) if not, the reasons thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) to (d). The information has been called from the State Government and will be laid on the Table of the Sabha when received.

Shortage of Raw Movie Films

5934. SHRI R. V. BADE:

SHRI HUKAM CHAND KACHWAI:

Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether there is an acute shortage of raw movie films and some audiovisual equipments like specialised lenses, etc; and

(b) if so, the steps taken by Government to meet the shortage?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI BHARAM BIR SINHA): (a) No, Sir.

(b) Does not arise.

Cost of production of Salt

5935. SHRI ROBIN KAKOTI: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) the cost of production of salt per tonne in the different production Centres;

(b) Ex-factory price of salt per tonne in different places of manufacture; and

(c) present selling price of salt per kilo in different North Eastern States of the country?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): (a) The cost of production of salt is generally between Rs. 12/- and Rs. 30/- per metric tonne, varying from place to place and producer to producer, bulk of whom are in the private sector.

(b) The ex-factory prices of salt at various centres are indicated in the attached statement.

(c) Retail prices of salt in the North Eastern parts of the country are as follows:—

	Price in Paise per Kg.
[Meghalaya	35 to 40
Tripura	40 to 70
[Manipur	40 to 50
Mizoram	40
[Assam	30 to 40
Nagaland	30 to 40
Arunachal Pradesh	30 to 40

Public Sector companies under Ministry of Industrial Development

5936. SHRI ROBIN KAKOTI: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) the name of the Public Sector companies formed by his Ministry;

(b) the number of Directors in each of these companies; and

(c) facilities including daily fees, honorarium, T.A., given to the Directors of each of these companies?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): (a) to (c). The required information is given in the statement laid on the Table of the House. [Placed in Library. See No. LT-4714/73.]

Closure of small scale engineering units in Mysore

5937. SHRI K. MALLANNA: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether any small scale engineering units have recently been closed in the Mysore State; and

(b) if so, their number and the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI ZIAUR RAHMAN ANSARI): (a) and (b). The information is being collected from the State Government and will be laid on the Table of the House.

Setting up of paper mills in and Nagaland.

5938. SHRI ROBIN KAKOTI: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) the total amount of expenditure to be incurred on the paper mills proposed to be set up in Assam and Nagaland separately;

(b) the total quantity of pulp and paper to be produced by each of the mills;

(c) the progress made so far in establishment of these mills; and

(d) when they will go in production?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): (a) to (d). A statement is laid on the Table of the House. [Placed in Library See No. LT-4715/73.]

Issue of licences to Corporations ..setting up of industries in Assam

5939. SHRI ROBIN KAKOTI: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) the number of licences by Government to (i) Assam Small Industries Development Corporation Limited, (ii) Assam Major Industries Development Corporation Limited, and (iii) Agro-Industries Corporation of Assam during last three years;

(b) the number of licences actually utilised and the Industries set by each of them; and

(c) the number of licences utilised by these corporations so far?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) to (c). During the years 1970, 1971 and 1972, no industrial licence has been issued in the name of Assam Small Industries Development Corporation Limited or Agro-Industries Corporation of Assam. So far as this Ministry is aware, there is no company named "Assam Major Industries Development Corporation". It appears that the reference is to the Assam State Industrial Development Corporation. During this period, three industrial licences were issued to the Assam State Industrial Development Corporation and one industrial licence was issued in favour of Assam Cement Ltd., a State Government Undertaking which has since gone to Meghalaya. These licences, which relate to sugar, portland cement, methanol, formalin, glue, caustic chlorine and hydrochloric acid, at various stages of implementation.

Appointment of Secretary to Andaman and Nicobar Administration

5940. SHRI S. D. SOMASUNDARAM: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the Principal Engineer/Chief Engineer under Manipur, N.E.F.A. and Tripura Administration were also acting as Secretaries to the respective Administration;

(b) Whether Government of India had accepted in principle to allow the Chief Engineer of Uttar Pradesh Electricity Board to act as Additional Secretary to the same Ministry; and

(c) if so, the reasons why the same uniform policy could not be followed in respect of Andaman and Nicobar Administration as well?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) In 1968, when Manipur was a Union territory, the Principal Engineer, Public Works Department, Manipur, was allowed by the Local Administration to function as Ex-Officio Additional Secretary in respect of Public Works Department only. This arrangement was short lived.

In Arunachal Pradesh Administration (formerly N. E. F. A.), there is no Chief Engineer or Principal Engineer. The Superintending Engineer, Circle I, is functioning as Ex-Officio Secretary under an order issued by the Administration.

When Tripura was a Union territory, the Principal Engineer was designated in May, 1961, as Ex-Officio Secretary of the Public Works Department including Electricity and Irrigation.

(b) The Government of Uttar Pradesh have intimated that the Chief Engineer of Uttar Pradesh State Electricity Board has not been declared as Ex-Officio Secretary either by the State Government or by the Government of India.

(c) The Principal Engineer, Andaman and Nicobar Islands, has been declared as Ex-officio Secretary (Public Works) Andaman and Nicobar Administration with effect from the 22nd February, 1973.

Approval of Schemes for Providing Employment during Current Year

5941. SHRI BISHWANATH JHUNJHUNWALA: Will the Minister of PLANNING be pleased to state:

(a) whether the Planning Commission has approved schemes worth Rs. 42 crore for the current year for providing Employment for the educated unemployed in the country;

(b) if so, the names of the different schemes together with the estimated employment opportunities that could be created under each; and

(c) What was the total amount sanctioned for similar schemes during the last year with respective employment potential under each and how much of the targets could be achieved during the last year?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) to (c). The Planning Commission had approved special employment schemes for educated unemployed involving an outlay of Rs. 57.63 crores during the year 1972-73. In addition, a Central assistance of Rs. 27 crores was also allocated to various States and Union Territories for Special Employment Programmes to benefit both educated as well as uneducated job seekers. During 1971-72, an amount of Rs. 16.11 crores had been allocated for schemes for educated unemployed, of which Rs. 13.48 crores were released to the State Governments and Union Territories. The scheme-wise details regarding the allocations made and the employment generated by them in 1971-72 and the employment expected in 1972-73 are given in the statement laid on the Table of the House. [Placed in Library. See No. LT-4716/73.]

Assessment of Schemes for Providing Employment

5942. SHRI BISHWANATH JHUNJHUNWALA: Will the Minister of PLANNING be pleased to state:

(a) whether Government have made any assessment of the achievements of the different schemes that were launched during the last two years either exclusively by the Central Government or by the State Governments with substantial Central assistance for generating employment both among the educated and uneducated unemployed persons in the country; and

(b) if so, the names of the different schemes launched and the total amount of money spent under each during the period with the number of persons could be given employment?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) Yes, Sir.

(b) A statement indicating the amounts allocated and the employment generated under the Special Employment and Welfare Programmes during 1971-72 and 1972-73 is laid on the Table of the House. [Placed in Library. See No. LT-4717/73.]

पांचवीं योजना के लिए संयुक्त राष्ट्र विकास कार्यक्रम के अन्तर्गत सहायता

5943. श्री गंगा चरण दीक्षित : क्या योजना मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या पांचवीं पंचवर्षीय योजना के लिए संयुक्त राष्ट्र विकास कार्यक्रम के अन्तर्गत मिलने वाली सहायता के सम्बन्ध में सरकार ने कोई कार्यक्रम तैयार किया है ?

(ख) यदि हां, तो उसका ब्यौरा क्या है; और

(ग) संयुक्त राष्ट्र विकास कार्यक्रम ने उक्त योजना के लिए कितनी सहायता देने का वचन दिया है ?

योजना मंत्रालय में राज्य मंत्री (श्री मोहन धारिया) : (क) जी, हां ।

संयुक्त राष्ट्र विकास कार्यक्रम से 1972-79 के वर्षों में, जिनमें पांचवीं पंचवर्षीय योजना अवधि (1974-79) आती है, के दौरान मिलने वाली सहायता के सम्बन्ध में सरकार ने एक कार्यक्रम तैयार किया है।

(ख) संयुक्त राष्ट्र विकास कार्यक्रम से परियोजनावार तदर्थ आधार पर तकनीकी सहायता मिली थी। परन्तु 1 जनवरी, 1972 से कार्यक्रम दृष्टिकोण का सूत्रपात किया गया है। इसके अन्तर्गत संयुक्त राष्ट्र विकास कार्यक्रम के निवेशों का उपयोग, प्राप्त करने वाले देशों के राष्ट्रीय विकास उद्देश्यों के साथ सामंजस्य बिठा कर किया जाता है। 1972-76 की अवधि के लिए भारत (संयुक्त राष्ट्र विकास कार्यक्रम) प्रमण्डल कार्यक्रम में 123 बड़ी परियोजनाएँ हैं जिनके पूरक के रूप में कृषि, सिंचाई, बिजली, परिवहन, संचार, विज्ञान, उभरती हुई प्रौद्योगिकी, स्वास्थ्य, शिक्षा, विदेश व्यापार, आवास और शहरी विकास जैसे अर्थ व्यवस्था के विभिन्न क्षेत्रों की छोटी परियोजनाओं के लिए व्यवस्था की गई है। भारतीय कार्यक्रम को सात वर्षों की अवधि में फैला कर 1979 तक बढ़ाया गया है ताकि इसे पांचवीं योजना के साथ समन्वित किया जा सके।

(ग) 1972-76 की अवधि के लिए भारत के लिए अनुमोदित निर्देशक आयोजन संकड़े 500 लाख डॉलर हैं।

Works and Housing Ministry's Proposal regarding appointment of Assistant Engineers from Graduate/Non-Graduate Junior Engineers

5944. SHRI S. D. SOMASUNDA RAM: Will the PRIME MINISTER be pleased to state:

(a) whether the Ministry of Works and Housing have sent a proposal for fixing a quota of 50:50 for the appointment of graduate and non-graduate Junior Engineers to the grade of Assistant Engineers and the consequential amendments to the Recruitment Rules for the post of Assistant Engineers and subsequently the matter was discussed many times with the officers concerned recently and requested to clear the proposal as quickly as possible; and

(b) if so, the reasons for inordinate delay to dispose the matter?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL: (SHRI RAM NIWAS MIRDHA): (a) and (b). It is correct that a proposal for the amendment of the Recruitment Rules relating to the posts of Assistant Engineer in the Central Public Works Department was received in the Department of Personnel and Administrative Reforms from the Ministry of Work and Housing. As the proposal involved several legal and service aspects which required further consideration, the matter has been under discussion with them. The Ministry of Law had also to be consulted. Representations have also been received from the Union Engineers Associations on behalf of both graduates and non-graduates putting forward their respective points of view on the proposed amendment. Certain clarifications which were considered necessary for a proper examination of the case have since been received from the Ministry of Works and Housing

recently and the matter is under examination in the Department of Personnel and Administrative Reforms. It would also be necessary to discuss the matter with the representatives of the Ministry of Works and Housing, before coming to a final decision.

उत्तर प्रदेश के बिजली इंजीनियरों की हड़ताल में विदेशी एजेन्सी का हाथ होना ।

5945. श्री कृष्ण चन्द्र पांडे : क्या गृह मंत्री यह बताने की कृपा करेंगे कि

(क) क्या उत्तर प्रदेश के बिजली इंजीनियरों और कर्मचारियों की जनवरी, 1973 में जो हड़ताल हुई थी, उसमें किसी विदेशी एजेन्सी का हाथ था; और

(ख) यदि हां, तो इस बारे में सरकार ने क्या कार्यवाही की है ?

गृह मंत्रालय में उपमंत्री (श्री एफ० एच० मोहसिन) : (क) सरकार के पास ऐसी कोई सूचना नहीं है ।

(ख) प्रश्न नहीं उठता ।

बस्ती (उत्तर प्रदेश) का विकास

5946. श्री कृष्ण चन्द्र पांडे : क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या उत्तर प्रदेश के पिछड़े जिले बस्ती में औद्योगिक एकक स्थापित करने का सरकार का विचार है; और

(ख) यदि हां, तो कब ?

औद्योगिक विकास तथा विज्ञान और औद्योगिकी मंत्री (श्री सी० सुब्रह्मण्यम) : (क) और (ख) : उत्तर प्रदेश एग्री इण्डस्ट्रियल कारपोरेशन (कृषि उद्योग

निगम) लिमिटेड ने बस्ती में ट्रैक्टर तथा अन्य कृषि औजारों की मरम्मत हेतु एक उपभोक्ता सेवा केन्द्र स्थापित किया है । कारपोरेशन का वहां डिब्बे और बोतल भराई का भी एक एकक चलाने का विचार है । उत्तर प्रदेश लघु उद्योग निगम ने एक खाण्डसारी एकक स्थापित कर लिया है और चीनी मिट्टी का एक एकक बनने वाला है ।

Survey for Social Disabilities of Harijans and Adivasis in Madhya Pradesh

5947. SHRI MARTAND SINGH OF REWA: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Government have conducted any survey in the field of social disabilities of Harijans and Adivasis in the State of Madhya Pradesh;

(b) if so, the findings of the survey; and

(c) the scheme Government has framed to remove the disabilities to which Harijans and Adivasis are subjected?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). Details of various surveys conducted, and the findings of these surveys, will be found in the Reports of the Commissioner for Scheduled Castes and Scheduled Tribes for the years 1964-65, 1966-67 and 1969-70 laid on the Table of the House on 30th March, 1967, 24th April, 1968 and 22nd December, 1971.

(c) All the schemes under the Backward Classes Sector are aimed at removing the disabilities of Harijans and Adivasis and raising their educational and economic status.

Distribution of Awards to Home Guards

5948. SHRI ACHAL SINGH: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether a proposal to distribute medals to Home Guards and Officers who rendered meritorious services during the Emergencies and otherwise in Home Guards Organisation Delhi is under consideration; and

(b) if so, what will be criteria for grant of Medals?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). The Ministry of Defence have instituted a Sangram Medal which is awardable to all the Home Guards and Civil Defence personnel in Border States. A proposal is, however, under consideration to award this medal to Civil Defence volunteers and those Home Guards who manned the Civil Defence services in Civil Defence towns, including Delhi also.

A proposal is also under consideration to institute the following two medals;

(1) President's Home Guards and Civil Defence Medal.

(2) Home Guards and Civil Defence Medals.

The criteria for the award of these medals are distinguished and meritorious services respectively, or acts

of gallantry. Home Guards and Civil Defence volunteers all over the country who render distinguished/meritorious services or perform acts of gallantry will be eligible for these medals.

Scheduled Caste/Scheduled Tribes employees in U.P.S.C.

5949. SHRI A. S. KASTURE: Will the PRIME MINISTER be pleased to state:

(a) the total staff strength of the Union Public Service Commission in Gazetted, Non-gazetted and class IV categories;

(b) the total staff strength belonging to Scheduled Castes and Scheduled Tribes in these categories;

(c) the reasons for not maintaining the required percentage of reservations for Scheduled Castes/Tribes in various categories; and

(d) the steps proposed to be taken to fill in the reserved posts in gazetted and higher non-gazetted categories?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL: (SHRI RAM NIWAS MIRDHA): (a) and (b). The position is as follows:—

Category	Total staff strength	No. of employees belonging to Scheduled Castes	No. of employees belonging to Scheduled Tribes
Gazetted	123	5	2
Non-Gazetted	745	83	5
Class IV	229	77	12

Out of the total gazetted and non-gazetted strength of 123 and 745 indicated above; 108, and 607 respectively belong to organized services whose controlling authority is not the U.P.S.C. In respect of these organized services, necessary steps to maintain the required percentage of reservation for Scheduled Castes and

Scheduled Tribes are taken at source by the respective cadre controlling authorities. The position in regard to the number of persons belonging to the Scheduled Castes and Scheduled Tribes amongst the members of the organized services working in the Union Public Service Commission is as follows:—

Category	Total No. of employers working in the UPSC belonging to organized services	No. of employees belonging to Scheduled Castes	No. of employees belonging to Scheduled Tribes
Gazetted	108	5	2
Non-Gazetted	607	68	4

(c) and (d). Recruitment to posts/services in the Office of the Union Public Service Commission is being made in accordance with the orders governing reservation of vacancies for members of the Scheduled Castes and Scheduled Tribes. Adequate steps have also been taken to fill the reserved vacancies by the appointment of persons belonging to Scheduled Castes/Tribes. Wherever necessary, such posts are advertised in the press if adequate response is not received from the Employment Exchanges.

Orders Re. Seniority Benefits to re-Employed Ex-Servicement

5950. SHRI RANA BAHADUR SINGH: Will the PRIME MINISTER be pleased to state:

(a) whether Government have issued orders extending the scope of the seniority benefits to ex-servicemen absorbed in all the Departments; and

(b) if so, the outlines thereof?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) and (b). Apparently the Question seeks information as to whether ex-servicemen who were/are absorbed in all Departments of Government of India were/are given the benefits of their past service in Armed Forces for purposes of seniority in posts in which they were/are re-employed. Broadly, the position is that, prior to 22th December 1959, except in Departments/Offices where a different rule of seniority was adopted with the prior concurrence of Ministry of Home Affairs (now Department of Personnel and Administrative Reforms), seniority of Central Government employees was determined on the basis of length of service in the grade or in an equivalent grade, "service in an equivalent grade" being defined as service on a rate of pay exceeding the minimum of the time scale of the pay attached to the post in which seniority was to be determined. Accordingly, ex-servicemen appointed prior to 22nd

December 1959 in Departments/Offices where the above-mentioned principles were applicable, could count such service in the Armed Forces for the purpose of seniority.

With effect from 22nd December 1959, fresh seniority principles were promulgated, replacing the principle of length of service etc. mentioned above. After the promulgation of these revised principles, ex-service-men on their appointment to Departments/Offices in which the revised principles are applicable, are not entitled to count their service in the Armed Forces for the purpose of seniority.

बई दिल्ली में दुकानों से प्राचीन मूर्तियां बरामद होना

5951. श्री चन्डूलाल चन्द्राकर :

श्री मुख्तियार सिंह मलिक :

क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या दिल्ली पुलिस ने नई दिल्ली के एक होटल में पुरानी वस्तुएं बेचने वाली एक दुकान पर छापा मार कर 12 प्राचीन मूर्तियां बरामद की हैं ;

(ख) उक्त मूर्तियां कहां-कहां से चुराई गई थीं और क्या सभी तथ्यों का पता लगाया जा चुका है ;

(ग) क्या इन मूर्तियां चुराने वालों का सम्बन्ध किसी अन्तर्राष्ट्रीय गिरोह से है ;

(घ) यदि हां, तो इस सम्बन्ध में पूरा ब्यौरा क्या है ; और

(ङ) इस सम्बन्ध में कितने व्यक्ति पकड़े गये हैं और उनके विरुद्ध क्या कार्यवाही की गई है ?

गृह मंत्रालय में उप-मंत्री (श्री एक एच० मोहसिन) : (क) जी हां, श्रीमान् ।

(ख) अभी तक मालूम नहीं है ।

(ग) अभी तक मालूम नहीं है ।

(घ) प्रश्न नहीं उठता ।

(ङ) मामले की जांच हो रही है और अभी तक कोई व्यक्ति गिरफ्तार नहीं किया गया है ।

Complaints against Hindustan Pilkingtons

5952. SHRI RAJDEO SINGH: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether Government have received complaints regarding the firm Hindustan Pilkingtons in the optical trade manufacturing fair quantities of white or coloured eye glasses which are allegedly only window glass sheets ultimately surfaced, finished and palmed off to the public as sunglasses etc.; and

(b) if so, the action taken by Government in this regard?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) No, Sir.

(b) Does not arise.

**उत्तर प्रदेश के मालखान छेदियापूर्वा गांव में
एक हरिजन की हत्या**

5953. श्री फूलचन्द वर्मा : क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार का ध्यान दिनांक 2 जनवरी, 1973 के 'वीर अर्जुन' में प्रकाशित इस समाचार की ओर दिलाया गया है कि प्रतापगढ़ से लगभग 30 किलोमीटर दूर मालखान छेदियापूर्वा गांव में राजदुलार नामक एक हरिजन की कुछ तथाकथित सवर्ण हिन्दुओं ने रात को गोली मार कर हत्या कर दी थी; और

(ख) यदि हां, तो कितने व्यक्तियों को गिरफ्तार किया गया है और सरकार ने इस सम्बन्ध में क्या कार्यवाही की है ?

गृह मंत्रालय में उपमन्त्री (श्री ए० एच० मोहसिन) : (क) और (ख): सरकार ने 2 जनवरी, 1973 के 'वीर अर्जुन' में प्रकाशित सम्बद्ध समाचार देखा है। राज्य सरकार से तथ्य मालूम किये जा रहे हैं।

**Post Office Facility at Kusimi Village
Distt. Siddhi, M.P.**

5954. SHRI RANA BAHADUR SINGH: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether the village of Kusumi District Sidhi, Madhya Pradesh which is the headquarter of the Tribal Block still does not have the basic facility of a Post Office; and

(b) if so, by when a Post Office will be opened there?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA):

(a) The village is having the postal facilities of collection and delivery of mails. However, there is no Post Office in the village at present.

(b) it is anticipated that a Post Office if opened in the village will run into a loss beyond the limits prescribed by the P&T Department. The Post Office can, however, be opened if the amount of loss for the first year amounting to Rs. 115.85 is paid by the interested party.

Disparity in Sanctioning Telephone Connections

5955. SHRI PRABODH CHANDRA: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether in many cases people who had applied for telephones more than 8 years ago have not got the telephones, but people who have applied a few months back got their connections; and

(b) whether in many cases the connections are given in the name of persons who are covered under priority category without their knowledge, and the telephones are in use by others?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA):

(a) The position of allotment of telephones in O.Y.T., special and General categories differ from Exchange to Exchange. Whereas in easy Exchanges, people can get telephones on demand even in General category, it is a fact that in certain difficult Exchanges, people have not been able to get telephones for more than 8 years in General category.

(b) No.

Cement Plant in Surplus Zones of the South and West

5956. SHRI R. R. SINGH DEO: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether the attention of Government has been invited to a report in the Economic Times of 21st November, 1972, stating that there are differences between the Industrial Development and the Finance Ministries over the setting up of cement plants in the surplus zones of the South and West; and

(b) whether Government have studied this report and if so, the reaction of Government thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): (a) and (b). The Government of India have seen the report appearing in the Economic Times dated 21st November, 1972 stating *inter alia* that there are differences between the Ministry of Industrial Development and Finance Ministry over the sanctioning of new cement plant in the Southern and Western zones of the country. However, it is denied that there are any difference between the Ministries of Industrial Development and Finance regarding the need for setting up of cement plants in the Southern and Western zones of the country. After taking into account all aspects of the matter, appropriate decision would be taken by the Government of India.

Number of Cases of Atrocities on Scheduled Castes and Scheduled Tribes in States and Union Territories

5957. SHRI S. M. SIDDAYYA: Will the Minister of HOME AFFAIRS be pleased to state:

(a) the number of atrocities committed on the Scheduled Castes and Scheduled Tribes in each State and

Union Territory since first January, 1971 upto first February, 1973; and

(b) whether intervention by the Central Government is contemplated as suggested in the recent Conference of Chief Ministers?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) Information is being collected and will be laid on the table of the House.

(b) The Central Government deplore the occurrence of such incidents. They have requested all the State Governments to impress upon the authorities concerned to ensure prompt and effective investigation of offences committed against the Harijans. It has been clarified that any failure to do so would amount to grave dereliction of duty on the part of the officers concerned.

Use of Religious Places for Anti-Indian Propaganda by Pakistani Elements in U.P.

5958. SHRI S. N. MISRA: Will the Minister of HOME AFFAIRS be pleased to state whether it is within the knowledge of Government that mosques and religious places in the State of U.P. are being used for anti-Indian propaganda by the Pakistani elements?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): There is no evidence that Mosques and religious places in the State of Uttar Pradesh are being used for anti-Indian propaganda by Pakistani elements.

Defence materials produced in National Instrument Factory, Calcutta

5959. SHRI PRIYA RANJAN DAS MUNSI: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether some defence materials are produced in the National Instrument Factory at Calcutta;

(b) if so, whether the Ministry can expand a specific department in the National Instrument specially for Defence materials; and

(c) what are the basic products of the National Instrument required for the Ministry of Defence?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): (a) Yes, Sir.

(b) A separate product division exists in National Instruments Limited, Calcutta for production and supply of Infra-red Night Vision Equipment for Defence.

(c) Infra-red Night Vision Equipment and Optic Theodolite.

Central Press Accreditation to President of Delhi Press Reporters Association

5960. SHRI S. C. SAMANTA:

SHRI MADHURYA HALDAR:

Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether Shri Malik, President of Delhi Press Reporters Association and leading organizer of National Union of Journalists (I) has been given central press accreditation; and

(b) whether the present Principal Information Officer and immediate past Public Relations Manager of Indian Airlines was unaware of a court judgment finding this journalist responsible for cheating IAC and another journalist?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) On the request of

the Resident Editor of the Times of India, Shri K. M. Malik, Chief Reporter of the newspaper was given Central Press Accreditation in replacement of the earlier Chief Reporter Shri B. K. Joshi. Shri Malik was granted the accreditation by the Central Press Accreditation Committee taking into account that both the Newspaper and the correspondent himself were duly qualified under the rules.

(b) The Principal Information Officer was aware of the court case, but that case, however, had no bearing on the correspondent's accreditation.

Life expectancy in India

5961. SHRI RAJDEO SINGH:

SHRI JYOTIRMOY BOSU:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether according to the United Nations Demographic Year Book which was published recently the male life expectancy in India is 44.89 years, still 11.27 less than that of men born in Sweden which has the highest longevity rate;

(b) whether according to the Year-Book, men in India can expect to live longer than women whereas life expectancy of women is generally higher than that of men throughout the world; and

(c) if so, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) The U.N. Demographic Year Book 1971 (which is the latest available) gives the expectation of life at birth for males in India to be 41.89 years. This relates to the decade 1951—60. For the same decade, the expectation of life at birth for Sweden is found to be 70.86 years resulting in a difference of 28.97 years between the two figures.

(b) and (c). In India as also in some other developing countries as Sri Lanka, Pakistan, etc., the expectation of life at birth of females is lower than that of males, due to comparatively adverse mortality conditions for women.

Jhuggi Jhonpuri clearance campaign in Delhi

5962. SHRI RAMAVATAR SHASTRI: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Delhi Municipal Corporation have launched a Jhuggi-Jhonpuri clearance campaign in the name of cleanliness and beautification of the city;

(b) if so, whether the Prime Minister and the Home Minister had recently paid a visit to those areas to see the plight of the homeless people who have fallen victims to the said campaign; and

(c) if so, the particulars of the areas affected by the said campaign and the arrangement made for settling those homeless people?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) The Municipal Corporation of Delhi has informed that no Jhuggi Jhonpuri were removed under any campaign in the name of cleanliness and beautification. Encroachments from Municipal land were removed on various occasions under the Municipal Corporation Act.

(b) The Prime Minister accompanied by the Home Minister paid a visit to the Kingsway Camp and Timarpur area where some demolitions had taken place because of unauthorised constructions which were creating road blocks.

(c) The Corporation have informed that the encroachments, under the Municipal Corporation Act, were removed from the following sites:

- (1) Mundewalan Road near Motia Khan (Hoshiar Singh Marg).

(2) Desh Bandhu Gupta Road.

(3) Teliwara.

(4) New Delhi Railway Station.

(5) Kingsway Camp.

As there were temporary encroachments at Desh Bandhu Gupta Road and Teliwara, no rehabilitation of any squatter was undertaken. The squatters removed from Mundewalan Road near Motia Khan (Hoshiar Singh Marg), New Delhi Railway Station and Kingsway Camp have been settled according to the Corporation.

Committee on Burn and Company Limited, Howrah

5963. SHRI YAMUNA PRASAD MANDAL:

SHRI INDRAJIT GUPTA:

Will the Minister of INDUSTRIAL DEVELOPMENT, SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether the Committee to enquire into the affairs of the Burn and Company Limited, Howrah has submitted its report; and

(b) if so, the finding of the Committee?

THE MINISTER OF INDUSTRIAL DEVELOPMENT, SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) No, Sir.

(b) Does not arise.

Schedule for replacing fuel elements in Atomic Power Plants

5964. SHRI E. V. VIKHE PATIL: Will the Minister of ATOMIC ENERGY be pleased to state:

(a) whether any schedule has been drawn for replacing fuel elements in Atomic Power Plants; if so, the scheduled periodicity thereof;

(b) whether the prescribed schedule was adhered to in each of the Atomic Plants for changing the fuel elements;

(c) the particulars of such schedules and the actual date or dates when the fuel elements were replaced; and

(d) whether at present fuel elements have been replaced in all the Atomic Plants; and if not, the reasons therefor?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF ELECTRONICS, MINISTER OF INFORMATION AND BROADCASTING AND MINISTER OF SPACE (SHRIMATI INDIRA GANDHI): (a) Yes, Sir. This has been done for Tarapur which is at present the only operating Station. The reactors at Tarapur operate on an approximately annual fuel cycle. The more exact schedules are, however, determined about 6 to 8 months in advance of the fuelling outage.

(b) The pre-determined schedules are adhered to as far as possible, however, during 1971-72 deviations had to be made to suit the requirements of the grids.

(c) Unit I of TAPS was shut down for its first refuelling on August 17, 1971 as scheduled. It has again been shut down for its second refuelling in January 1973 as per a schedule revised to suit the grid requirements. The refuelling and maintenance works are in progress.

Unit II of TAPS was scheduled for its first refueling around November 1971, but this was postponed till March 23, 1972 to accommodate urgent power requirements of the Maharashtra and Gujarat grids and to enable completion of shutdown jobs in progress on Unit I. The refuelling of Unit II and other works were completed on December 21, 1972. This unit is presently in operation at full load.

(d) The Tarapur reactors have been designed to require replacement of 20 per cent of fuel bundles at each refuelling outage. This has been done during the outages to date.

Alleged monopolising of Radio and T.V. programmes

5965. SHRI SAROJ MUKHERJEE:
SHRI RAJDEO SINGH:

Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether his Ministry has received any complaints regarding monopolising of Radio and T.V. programmes by twenty-two families only;

(b) whether the wives, daughters, sons and other relatives of Ministers, and Politicians get preferences in selections made for various programmes of A.I.R. and T.V.; and

(c) whether the genuine talents regarding real artistes are neglected during allotment of programmes not through negligence of the authorities concerned but through the lacunae in the rules and if so, what the Ministry proposes to do to overcome this weakness of the rules and conventions?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) No, Sir, but remarks to this effect had appeared in a local English newspaper in its weekly column on radio programmes.

(b) and (c). No, Sir.

संघ राज्य क्षेत्र मिजोरम को उपद्रवग्रस्त घोषित किया जाना

5966. श्री शिव कुमार शास्त्री :
श्री बरके जार्ज :

क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या समूचे मिजोरम क्षेत्र को 6 मास के लिए उपद्रवग्रस्त क्षेत्र घोषित कर दिया गया है ;

(ख) क्या सशस्त्र मिजो विद्रोहियों की गतिविधियों और विस्फोटों के कारण भारी क्षति हुई है; और

(ग) यदि हां, तो इन विद्रोहियों के विरुद्ध सरकार ने क्या कार्यवाही की है ?

गृह मंत्रालय में उपमंत्री (श्री एफ० एच० मोहसिन) : (क) असम उपद्रवग्रस्त क्षेत्र अधिनियम, 1955 के अन्तर्गत प्रशासक द्वारा दिनांक 1 मार्च, 1973 को जारी की गई एक अधिसूचना द्वारा मिजोरम संघ शासित क्षेत्र को और 6 महीने की अवधि के लिए "उपद्रवग्रस्त क्षेत्र" घोषित किया गया है।

(ख) जबकि सशस्त्र मिजो विद्रोहियों द्वारा सरकारी धन की चोरी के कारण कुछ क्षति हुई है, परन्तु ऐसे विद्रोहियों की तोड़फोड़ की गतिविधियों द्वारा हुई क्षति नगण्य बताई गई है।

(ग) ऐसे भूमिगत विद्रोहियों की गतिविधि में वृद्धि को रोकने के उद्देश्य से मिजोरम प्रशासन ने सुरक्षा के कड़े उपाय किए हैं।

Tenure of Secretary, U.P.S.C.

5967. SHRI S. M. BANERJEE: Will the PRIME MINISTER be pleased to state:

(a) whether the present incumbent of the post of Secretary, Union Public Service Commission, has been holding this post for the past 9 years;

(b) whether usually the period fixed for holding the post of Secretary, U.P.S.C. is three years; and

(c) if so, the reasons for keeping the present incumbent in the post of Secretary, U.P.S.C. for as many as 9 years?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIR-DHA): (a) and (b). Under Regulation 3 of the U.P.S.C. (Staff) Regulations, 1958 made by the President under clause (b) of article 318 of the Constitution, the Secretary of the Commission shall be appointed by the Commission and shall hold office for such period as may be fixed at the time of his appointment. No fixed tenure has been prescribed for the post of Secretary to the Commission. The present Secretary of the Commission was appointed with effect from 22-2-1965 and his tenure was fixed for five years with effect from that date, in the first instance. The term was extended for a further period of three years with effect from 22-2-1970. Pending the selection and appointment of a successor, his term has been further extended for a period of three months with effect from 22-2-1973.

(c) Does not arise.

उत्तर प्रदेश के जिलाबस्ती में कराही ग्राम के हरिजनों के मकानों को लूटा जाना

5968. श्री अनंत प्रसाद धूसिया :

क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या उत्तर प्रदेश के जिला बस्ती में कराही ग्राम के हरिजनों के घरों को वहां के जमींदार तथा अन्य लोगों ने हाल ही में लूट लिया है ;

(ख) क्या पुलिस ने उक्त घटना की रिपोर्ट दर्ज करने से इन्कार कर दिया तथा हरिजनों को गाली दी तथा उन्हें धमका कर पुलिस स्टेशन से भगा दिया; और

(ग) क्या इस मामले की रिपोर्ट जिलाधीश तथा पुलिस अधीक्षक को भी की गई थी; और यदि हां, तो उन्होंने पुलिस अधिकारियों तथा जमींदारों के विरुद्ध क्या कार्यवाही की ?

गृह मंत्रालय तथा कर्मिक विभाग में राज्यमंत्री (श्री राम निवास मिर्चा) ।

(क) और (ख) . उत्तर प्रदेश सरकार से प्राप्त सूचना के अनुसार 7 फरवरी, 1973 को जिला बस्ती, थाना कोतवाली, ग्राम कराही के कुछ हरिजनों ने पुलिस में शिकायत की थी कि गांव के कुछ अहीरों ने उनकी एक झोपड़ी में आग लगा दी और उनकी औरतों और बच्चों को भी पीटा था । भारतीय दण्ड संहिता की धारा 147 / 323 / 436 के अन्तर्गत एक मामला तुरन्त दर्ज किया गया था । विरोधी पक्ष द्वारा भी उसी घटना के सम्बन्ध में शिकायत करने पर भारतीय दण्ड संहिता की धारा 147 / 323 / 325 / 336 / 436 के अन्तर्गत प्रतिकारात्मक मामला दर्ज किया गया था । पुलिस ने एक हरिजन तथा दो विरोधी पक्षकारों को गिरफ्तार किया था । 22 फरवरी, 1973 को दोनों मामलों में आरोप पत्र प्रस्तुत किए गये जो निर्णयाधीन हैं । दोनों पक्षों के

19 व्यक्तियों के विरुद्ध दण्ड प्रक्रिया संहिता की धारा 107/ 117 के अन्तर्गत पुलिस ने कार्यवाही भी आरम्भ की थी । वह भूमि खण्ड जिसके लिए दोनों पक्षकारों के बीच विवाद हुआ था उसे दण्ड प्रक्रिया संहिता की धारा 145 के अधीन जप्त किया गया था ।

(ग) हरिजनों द्वारा की गई एक शिकायत दिनांक 19 फरवरी, 1973 को पुलिस अधीक्षक बस्ती के कार्यालय में प्राप्त हुई थी । इसमें आरोप था कि जब हरिजन आवेदक थाने में रिपोर्ट लिखाने गये तो इसके विपरीत उनके विरुद्ध एक मामला दर्ज किया गया और उनको जेल में बन्द किया गया था । दिनांक 20 फरवरी, 1973 को जिला मजिस्ट्रेट को की गई एक अन्य शिकायत में यह आरोप लगाया गया था कि कोतवाली पुलिस ने हरिजनों की रिपोर्ट दर्ज करने से मना कर दिया था और दूसरी ओर सूचना देने वाले को गिरफ्तार कर लिया था । इस शिकायत को भी पुलिस अधीक्षक को भेज दिया गया था । पुलिस अधीक्षक द्वारा रिपोर्ट दी गई है कि कोतवाली पुलिस द्वारा प्रथम सूचना रिपोर्ट दर्ज न करने के सम्बन्ध में शिकायत सिद्ध नहीं हुई थी । दोनों पक्षों द्वारा की गई शिकायत दर्ज करने तथा जांच करने में पुलिस ने तुरन्त कार्यवाही की थी । कोतवाली पुलिस का कोई भी पुलिस कर्मचारी गलती पर नहीं पाया गया । अतः पुलिस के विरुद्ध कार्यवाही करने का प्रश्न नहीं उठता ।

Statement of Assam Minister of Supply on Assam riots

5969. SHRI M. M. JOSEPH:

SHRI JAGANNATH MISHRA:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether some Ministers were involved in the recent Assam riots as alleged by the Assam Minister of Supply in Lumding on 16th February, 1973; and

(b) if so, the main points thereof and the steps taken by Central Government in this regard?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). Facts are being ascertained from the Government of Assam. *

Murder of Samyukta, Socialist Party Leader in Bihar

5970. SHRI BHAGIRATH BHANVAR: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether two Samyukta Socialist party Leaders were pulled out of a bus and killed by a gang of miscreants in Bihar on 26th February, 1973;

(b) whether a judicial inquiry has been set up in the matter; and

(c) whether the Centre had placed its investigating machinery at the disposal of the State Government to enquire into the sordid event?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) to (c). Facts are being ascertained.

राज्यों से साम्प्रदायिक दंगों को रोकने के बारे में राज्यों के मुख्य मंत्रियों के साथ बातचीत

5971. श्री विभूति मिश्र : क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या राज्यों में साम्प्रदायिक दंगों को रोकने के बारे में प्रधान मंत्री तथा गृह मंत्री ने 23 फरवरी, 1973 को विभिन्न राज्यों के मुख्य मंत्रियों के साथ बातचीत की थी ;

(ख) यदि हां, तो क्या यह भी निर्णय किया गया है कि साम्प्रदायिक दंगों को शान्त करने के लिए केन्द्रीय सरकार यथोचित सहायता देगी; और

(ग) यदि हां, तो केन्द्रीय सरकार द्वारा क्या सहायता दी जाएगी ?

गृह मंत्रालय तथा कार्मिक विभाग में राज्य मंत्री (श्री राम निवास मिर्धा) :

(क) इस सम्बन्ध में तारांकित प्रश्न संख्या 401 दिनांक 21 मार्च, 1973 को लोक सभा में दिए गये उत्तर की ओर ध्यान आकर्षित किया जाता है।

(ख) और (ग). केन्द्रीय सरकार ने ऐसे मामलों में राज्य सरकारों के साथ सदैव निकट सम्पर्क बनाये रखा है। केन्द्रीय सरकार साम्प्रदायिक दंगों से निपटने के लिए केन्द्रीय बलों को तैनात करने समेत सभी सम्भव सहायता भी उपलब्ध करा रही है।

Escape to Nepal by Bihari Muslims who Crossed into Indian Borders from Bangladesh

5972. SHRI BIBHUTI MISHRA: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Bihari Muslims who crossed into Indian borders from Bangladesh have gone over to Nepal;

(b) Government's information in this regard; and

(c) whether Indian police have connived in their crossing borders and going over to Nepal?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). Government understand that some non-Bengali Muslims from Bangladesh are in Nepal. The possibility of these persons having crossed over to Nepal from Indian territory cannot be ruled out.

(c) No, Sir.

Plan for Rebel Nagas to Restart Trouble in Nagaland with the Assistance from Foreign Powers

5973. SHRI SAMAR GUHA: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the Naga rebels desire to reconcile their relation with the Nagaland Government or renew their hostile activities;

(b) whether any attempt has been made by the rebels to contact Government of India; and

(c) whether any foreign power, is otherwise, helping them to restart trouble in Nagaland?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) The Naga rebels have given no indication of their intentions either way.

(b) No, Sir.

(c) It is known that some of the misguided Nagas have been maintaining contacts with some foreign countries to obtain training facilities, supplies, arms and ammunition and finances for the Naga rebels.

Meeting of the Indo-Soviet Joint Panel to consider Reports of the Preparatory Committees and Groups

5974. SHRI PRABHUDAS PATEL:

SHRI P. A. SAMINATHAN:

Will the Minister of PLANNING be pleased to state:

(a) whether Indo-Soviet Joint Panel met in Delhi on 8th February, 1973 to consider reports of various preparatory Committees and groups on specific proposals for greater co-operation between the two countries;

(b) if so, who represented India and USSR in this panel; and

(c) the decisions arrived at the meeting?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) The Inter-Governmental Indo-Soviet Commission on Economic, Scientific and Technical Cooperation which was set up in accordance with an Agreement signed by India and USSR in Moscow on September 9, 1972, held its first Session in New Delhi from February 9 to February 17, 1973. The two delegations were assisted by their respective experts who began their talks on January 30, 1973.

(b) The composition of the Indo-Soviet Joint Commission giving the names of the members of the two sides is given in the attached statement.

(c) The Commission approved the results of the work of the Group of Experts of the two sides. At the

end of the discussions between the two sides, an agreed Protocol was drawn up. This protocol envisages continued cooperation between India and the Soviet Union in fields such as ferrous and non-ferrous metallurgy, the development of production, cooperation the production and pro-

cessing of oil and natural gas as well as setting up of additional oil refining capacity, different areas in the field of electronics, science and technology, increase of exports of non-traditional items from India to USSR and the construction of the Calcutta underground railway.

STATEMENT

Composition of the Indo-Soviet Joint Commission for Economic, Scientific and Technical Cooperation

Indian Side

1. Shri D. P. Dhar, Minister for Planning—*Chairman*.
2. Shri B. D. Pande, Cabinet Secretary.
3. Shri M. G. Kaul, Secretary, Department of Economic Affairs.
4. Shri B. B. Lal, Secretary, Ministry of Commerce.
5. Prof. M. G. K. Menon, Secretary, Department of Economics.
6. Prof. S. Dhanwan, Secretary, Department of Space.
7. Dr. R. Ramanna, Member, National Committee on Science & Technology.
8. Shri B. K. Sanyal, Additional Secretary, Ministry of External Affairs.

Soviet Side

1. Mr. S. A. Skachkov—*Chairman* Chairman, USSR State Committee for Foreign Economic Relations.
2. Mr. L. N. Efremov, Deputy Chairman, USSR State Committee for Science & Technology; Deputy Chairman of the Soviet Side of the Commission.
3. Mr. I. T. Grishin, Deputy Minister of Foreign Trade.
4. Mr. V. A. Sergeev, Deputy Chairman, USSR State Committee for Foreign Economic Relations.
5. Mr. V. B. Spandarian, Member of the USSR State Planning Committee; Chief of Foreign Trade Department.

Self-employment for Educated Unemployed

5975. SHRI K. MALLANNA: Will the Minister of PLANNING be pleased to state:

(a) whether Government have any programme for self employment among the educated unemployed in the country, if so, the salient features thereof; and

(b) whether any specific schemes in this regard have also been prepared and circulated to the Universities and other educational institutions and also to the Employment Exchanges?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) and (b). A Statement is placed on the Table of the House. [Placed in Library. See No. LT-4718/73.]

U.P. Government Scheme for Additional Job opportunities for Educated Unemployed

5976. SHRI RAJDEO SINGH: Will the Minister of PLANNING be pleased to state:

(a) whether Uttar Pradesh Government have submitted to the Central Government a scheme costing Rs. 30.5 crores for creating additional job opportunities for 86,500 educated unemployed in the financial year 1973-74;

(b) if so, whether in the context of the backwardness of so vast a State the Central Government are prepared to give their assent to the scheme and provide finance to launch this scheme; and

(c) the main outlines of the scheme?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) Yes, Sir.

(b) and (c). The State Government has advised to recast and revise the schemes and the matter is under consideration.

50 per cent increase in population of Andaman and Nicobar Islands

5977. SHRI RAM BHAGAT PASWAN: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the population of the Andaman and Nicobar group of Islands has increased by over 50 per cent during the last decade; and

(b) if so, the reasons thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) Yes, Sir. The population of Andaman and Nicobar group of Islands has increased by 81.17 per cent during the de-1961-71.

(b) This may be largely due to immigration of people from other States of India.

Impounding of Passport of Shri Kalyan Basu

5978. SHRI B. V. NAIK: Will the PRIME MINISTER be pleased to state

(a) whether the passport of one Shri Kalyan Basu has been impounded; and

(b) if so, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) and (b). No, Sir. An inquiry by the Directorate of Enforcement into the alleged violation of the provisions of the Foreign Exchange Regulation Act, 1947 by Shri Kalyan Kumar Basu is in progress. Shri Basu while being interrogated by the Directorate of Enforcement left his passport with the Directorate for purposes of investigation. Subsequently, as per the orders of the Chief Presidency Magistrate, Calcutta, the passport has been retained by the Directorate of Enforcement for the purpose of the case.

Allocation of funds for Development of Backward Districts in Gujarat during 1973-74

5979. SHRI ARVIND M. PATEL: Will the Minister of PLANNING be pleased to state the total amount earmarked for the development of backward districts of Gujarat State for the year 1973-74, District-wise?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): The Central assistance to the State Government is allocated in the form of block loans and block grants and not earmarked for any specific programmes/schemes or areas. Government of Gujarat have provided an amount of Rs. 3.26 crores in the Annual Plan 1973-74 for the development of Special and

Backward Areas under special schemes over and above the allocations accruing to these areas under normal plan programmes.

Financial Assistance to Haryana for Development of Backward Areas

5980. SHRI BIRENDER SINGH RAO:

SHRI MUKHTIAR SINGH MALIK:

Will the Minister of PLANNING be pleased to state:

(a) whether Government of Haryana have approached the Central Government for financial assistance for the development of backward areas of that State;

(b) if so, whether the demands of that State have since been examined and met by the Central Government; and

(c) if so, the areas and projects for which this assistance will be utilised?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) to (c). A statement is placed on the Table of the House.

The Government of Haryana has identified its Southern desert belt comprising the districts of Mahendragarh, Hissar and parts of Gurgaon and Rohtak as backward. From time to time, the State Government has requested the Planning Commission for provision of financial assistance for the development of these areas and as a result, Government of India has already provided assistance to the State in the following manner:

(i) Both Hissar and Mahendragarh districts had been declared as industrially backward and, therefore, eligible

for the sanction of concessional finance from financial institutions.

(ii) Mahendragarh district has been declared entitled to 10 per cent subsidy on account of capital investment against industrial investment.

(iii) Rs. 3.5 crores were sanctioned for the year 1972-73 outside the Plan for the following projects, which would benefit the districts of Mahendragarh and Hissar:

(a) Indira Ghandi Canal:	1.5 crores
(b) B. N. Chakravarty Canal:	1.5 crores
(c) Lining of Hansi Canal:	0.5 crores
TOTAL	3.5 crores

In addition, specific assistance provided to Haryana Government for the following programme may also help in this regard:—

Emergency Agricultural Production Programme: Rs. 428 lakhs.

Funds earmarked for development of Small Scale Industries in Gujarat

5981. SHRI VEKARIA: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state the total amount earmarked for the development of small scale industries in Gujarat State, District-wise for the year 1973-74?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI ZIAUR RAHMAN ANSARI): The Planning Commission has approved a total outlay of Rs. 120 lakhs for the year 1973-74 for the development of Village and Small Industries in Gujarat State. It has, however, not been allotted district-wise.

एक्स-रे फिल्मों का आयात

5982. श्री ओंकार लाल बेरवा :
क्या औद्योगिक विकास मंत्री यह बताने की
कृपा करेंगे कि :

(क) देश में एक्स-रे फिल्मों की
कितनी आवश्यकता

(ख) गत तीन वर्षों में विदेशों से
कितनी एक्स-रे फिल्मों का आयात किया
गया है और यह आयात किन-किन देशों से
किया गया है; और

(ग) इनका देश में ही उत्पादन करने
के लिए सरकार द्वारा क्या कार्यवाही की
जा रही है जिससे हमारे देश को इन के लिए
विदेशों पर निर्भर न रहना पड़े ?

**औद्योगिक विकास मंत्रालय में उप-मंत्री
(श्री प्रणव कुमार मुखर्जी) :**

(क) देश में एक्स-रे फिल्मों की
विद्यमान आवश्यकता लगभग 150
लाख वर्ग मीटर प्रतिवर्ष है ।

(ख) वर्ष 1970-71 से 1972-73
(अगस्त, 1972 तक) में विदेशों से
आयात की गई एक्स-रे फिल्मों और
प्लेटों की संख्या नीचे दी जाती है :—

देश	1970-71	1971-72	1972-73 (अगस्त 72 तक)
	वर्ग मीटर	वर्ग मीटर	वर्ग मीटर
बेल्जियम . .	174,000	125,000	140,000
चेकोस्लोवाकिया . .	117,000	73,000	99,000
जर्मनी का लोकतंत्रात्मक गणराज्य . .	428,000	276,000	203,000
जर्मनी का संघीय गण- राज्य . .	89,000	235,000	71,000
इटली . .	358,000	—	—
जापान . .	40,000	211,000	37,000
ग्रेट ब्रिटेन . .	739,000	122,000	346,000
अमरीका . .	86,000	32,000	7,000
हंगरी . .	71,000	91,000	—
अन्य . .	18,000	19,000	नगण्य
योग	21,20,000	1184,000	908,000

(ग) मैसर्स हिन्दुस्तान फोटो फिल्म कम्पनी लिमिटेड, उटकमंड ही देश में एक एक्स-रे फिल्म बनाने वाला एकक है। इसकी अधिष्ठापित क्षमता 10 लाख वर्ग मीटर प्रतिवर्ष फिल्में बनाने की है। वे आयातित जम्बो रोल्स को भी एक्स-रे फिल्मों में परिवर्तित कर देते हैं। वर्ष 1972-73 में उनका उत्पादन 713,000 वर्ग मीटर हो जाने का अनुमान है। पांचवीं पंचवर्षीय योजना की अवधि में हिन्दुस्तान फोटो फिल्म मैनुफैक्चरिंग कम्पनी का विचार पोलिएस्टर आधार पर प्रतिवर्ष 50 लाख वर्ग मीटर चिकित्सा-एक्स-रे फिल्में बनाने का है। जिससे आशा की जाती है कि वर्ष 1980 तक देश की मांग पूरी हो सकेगी।

Assistance to Jammu and Kashmir for Industrial Development

5983. SHRI JAGANNATH MISHRA: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether Jammu and Kashmir State has sought substantial aid for its industrial development plans; and

(b) if so, the decision of Government in this regard?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) and (b). Central assistance to States is given through block loan/grants, on an annual plan basis. The State Government's annual plan 1973-74 envisages Rs. 215 lakhs for industrial development. The total Central assistance approved for Jammu & Kashmir for 1973-74 for various development schemes is Rs. 34.21 crores.

बस्तर (मध्य प्रदेश) में आदिवासियों के लिए कल्याण योजनाओं की राशि का उपयोग न किया जाना

5984. श्री गंगा चरण बोक्षित : क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश में बस्तर जिले में आदिवासियों के कल्याण के लिए चार करोड़ रुपये की योजनाएं मंजूर की गई थी परन्तु इस राशि का अभी तक एक प्रतिशत भी खर्च नहीं किया गया है; और

(ख) यदि हां, तो इसके क्या कारण हैं ?

गृह मंत्रालय में उपमंत्री (श्री एफ० एच० मोहसिन) : (क) और (ख). राज्य सरकार से सूचना मांगी गई है और जब प्राप्त हो जायगी सभा पटल पर रख दी जायेगी।

Effect of Andhra agitation on economy of the State

5986. SHRI Y. ESWARA REDDY: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the separatist agitation in Andhra Pradesh has seriously affected the economy of State; and

(b) if so, the estimated loss to the States economy due to the agitation?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). While it is a fact that the economy of Andhra Pradesh has been affected by the agitations in different parts of the State, no precise estimate of the loss has yet been made.

Publicity to 25th Anniversary of India's Independence by Films Division.

5989. SHRI SUKHDEO PRASAD VERMA: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether the 25th Anniversary of India's Independence was not given due publicity by the Films Division of his Ministry; and

(b) if so, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) and (b). The Films Division have given due publicity to 25th Anniversary of India's Independence through Indian News Reviews and documentary films. A list of films is attached. [Placed in Library. See No.. LT-4719/73.]

Demolition of stalls outside New Delhi Railway Station

5990. SHRI YAMUNA PRASAD MANDAL: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Delhi Administration demolished stalls outside New Delhi Railway Station in the month of January, 1973; and

(b) if so, whether the stall holders were prewarned or notices issued to them?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS: (SHRI F. H. MOHSIN): (a) and (b). The Delhi Municipal Corporation, with the assistance of the Delhi Administration, removed un-authorised encroachments from the pedestrian pavements outside the New Delhi Railway Station in January, 1973. The persons encroaching the pavements were given due notice to shift their goods to the alternative site adjoining the area and were also provided transport.

Beating of a Harijan by caste Hindus in village Khurna, District Monghyr, Bihar

5992. SHRI M. KATHAMUTHU: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether on 23rd January, 1973 a Harijan was beaten by Caste Hindus in village Khurna, Thana Jhajha, District Monghyr, Bihar; and

(b) the action taken by Government against those responsible?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). Facts are being ascertained from the State Government.

नई दिल्ली नगर पालिका तथा दिल्ली विद्युत् प्रदाय संस्थान में काम करने वाले बिजली कर्मचारियों को अनुग्रहपूर्वक भुगतान .

5993. श्री हुकम चन्द कछवाय :

श्री बी० आर० बी० बड़े :

क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या दिल्ली विद्युत् प्रदाय संस्थान के कर्मचारियों को अनुग्रहपूर्वक भुगतान किया जाता है ;

(ख) क्या नई दिल्ली नगरपालिका में काम करने वाले बिजली कर्मचारियों को भी अनुग्रहपूर्वक भुगतान करने का निर्णय किया गया है; और

(ग) यदि हां, तो उनको अनुग्रहपूर्वक भुगतान कब किया जायेगा ?

गृह मंत्रालय में उपमंत्री (श्री एफ० एच० मोहसिन) : (क) और (ख). जी हां श्रीमान्। नई दिल्ली नगरपालिका ने नई दिल्ली नगरपालिका के विद्युत् विभाग के उन कर्मचारियों को अनुग्रहात भुगतान करने का निर्णय किया है जिनकी ड्यूटी दिल्ली विद्युत् प्रदान उपक्रम में उनके समान पद वाले कर्मचारियों के अनुरूप हैं।

(ग) नई दिल्ली नगर पालिका ने कर्मचारियों की पात्रता निश्चित करने के लिए कार्यवाही आरम्भ करने का निर्णय किया है ताकि उस समय तक उन्हें भुगतान किया जा सके जबकि दिल्ली विद्युत् प्रदाय उपक्रम सामान्यतया भुगतान करता है।

N.C.S.T.'s report on utility of windmill for generating electricity

5996. SHRI BHAGWAT JHA AZAD: Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether the expert group set up by National Committee on Science & Technology has submitted any report regarding the utility of windmills for generating electricity;

(b) if the windmills can also be used for pumping water for irrigation and drinking; and

(c) whether the report has been considered by the Government?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) to (c). The NCST has set up an expert Group to assess the potentials in utilising windmills for generating electricity as well as for pumping water for irrigation and drinking purposes. The expert Group has not yet submitted its report.

Commutation of death sentence of Amrit Bhushan Gupta

5997. SHRI SAMAR GUHA: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether mercy petition for commutation of the death punishment of Amrit Bhushan Gupta of Delhi, an engineer and literateur, is yet to be considered by the president as reported in the Hindi daily 'Hindustan' dated the 6th March, 1973;

(b) whether he is under treatment in Mental Hospital at Ranchi; and

(c) the action which Government propose to take in the matter?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) Yes, Sir.

(b) a portion of the Hospital for Mental Diseases Ranchi has been declared as a 'special prison' under the Prisons Act, 1894, and he is kept there pending treatment.

(c) the mercy petition of condemned prisoner Amrit Bhushan Gupta will be considered on its merits with due regard to general policy.

Telephone sub-Division in Palghat town

5998. SHRI M. K. KRISHNAN: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether Government have received any proposal from Kerala Circle of P&T for the establishment of an additional Telephone sub-Division in Palghat town;

(b) if so, whether Government have taken any decision thereon; and

(c) if not, the reasons therefor?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA): (a) Yes.

(b) and (c). Orders for the formation of a new Phones Sub Division, with headquarters at Palghat, have been issued.

Cases against officers of Coir Board

5999. SHRI M. K. KRISHNAN:

SHRI C. H. MOHAMED KOYO:

Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether the C.B.I. registered a case as per crime No. 1/73 against officers of the Coir Board;

(b) if so, who are those officers and what are the charges framed against them; and

(c) whether any of the said officers are placed under suspension; if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI ZIAUR RAHMAN ANSARI): (a) and (b). The Central Bureau of Investigation has registered a case for investigation under preliminary enquiry No. 1/73 against the Secretary of the Coir Board on 12th January, 1973. The allegations against him are that he had shown undue favour to the publicity firm M/s. Walter Thompson, Bombay now M/s. Hindustan Thompson, in their appointment as advertising consultants to the Coir Board, with consequent pecuniary loss to the Board.

(c) No, Sir, the preliminary enquiry is still in progress.

Outlay for Uttar Pradesh during fifth Plan

6000. SHRI NARENDRA SINGH BISHT: Will the Minister of PLANNING be pleased to state:

(a) whether the total outlay in the Fourth Five Year Plan for Uttar Pra-

desh was too inadequate to meet the basic needs of the people;

(b) if so, the reasons therefor; and

(c) whether Government propose to keep this aspect in view while determining the outlay for Uttar Pradesh during the Fifth Plan?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) to (c). It is true that the outlay of Rs. 965 crores fixed for the Fourth Five Year Plan of Uttar Pradesh is not commensurate with the problems of the backwardness of the State. However, the decision in this matter had to be taken in the context of the formula for Central Assistance evolved unanimously by the Chief Ministers and the resources for the Fourth Plan mobilised by the State.

As stated in the Approach to the Fifth Plan, special consideration will now be given in the Fifth Plan to the ward States including Uttar Pradesh.

पिछड़े क्षेत्रों में इलेक्ट्रानिक कारखानों की स्थापना

6001. श्री नरेन्द्र सिंह बिष्ट : क्या इलेक्ट्रानिक्स मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार का विचार देश के पिछड़े क्षेत्रों में इलेक्ट्रानिक्स कारखाने स्थापित करने का है ;

(ख) यदि हां, तो क्या इस बारे में कोई योजना बनाई गई है ?

(ग) यदि हां, तो इन उद्योगों की स्थापना के लिए पिछड़े क्षेत्रों में किन स्थानों को चुना गया है; और

(घ) यदि अभी कोई योजना नहीं बनाई गई है तो यह कब तक बना ली जायेगी और उद्योगों की स्थापना के लिए स्थानों का चयन किन आधारों पर किया जायेगा ?

गृह मंत्रालय में राज्य मंत्री (श्री कृष्ण चन्द्र पन्त) : (क) से (घ). इलैक्ट्रानिक्स विभाग साधारणतः कोई फैक्ट्री स्वयं स्थापित नहीं करता वरन् सरकारी क्षेत्र की कम्पनियों तथा राज्य उपक्रमों को इलैक्ट्रानिक्स में नई यूनिटें स्थापित करने के लिए प्रोत्साहित करता है। इस कार्य में, साथ ही साथ संगठित क्षेत्र तथा लघु उद्योग क्षेत्र में इलैक्ट्रानिक्स महीनों के लिए आवश्यक प्रयोज्यता हेतु, विभाग, पिछड़े क्षेत्रों में ऐसे यूनिटों की स्थापना के लिए विशेष सावधानी बरत रहा है। पिछड़ेपन का निर्णय करते समय, विभाग किसी विशेष क्षेत्र में इलैक्ट्रानिक्स उद्योग के विकास स्तर को ध्यान में रखता है और राज्य में नये यूनिटों को तथा क्षेत्रों को जहां ऐसा उद्योग अभी तक पूर्णरूप से विकसित नहीं हुआ है अपना समर्थन प्रदान करता है। विभाग का यह भी मत है कि किसी भी औद्योगिक उपक्रम की प्रयोज्यता को सफल बनाने के लिए ढाँचे से बाहर की सुविधाओं को न्यूनतम स्तर देने की आवश्यकता है।

Imbalance in the Developmental activities among various regions of Uttar Pradesh

6002. SHRI NARENDRA SINGH BISHT: Will the Minister of PLANNING be pleased to state:

(a) whether there is imbalance in respect of developmental activities amongst the various regions including hill districts of Uttar Pradesh; and

(b) if so, the reasons therefor and the steps taken or proposed to be taken to correct the imbalance?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) and (b). A statement is laid on the Table of the House.

STATEMENT

There are imbalances between the various regions of Uttar Pradesh which are due to many interacting factors such as the nature of topography, relative inaccessibility, lack of infra-structural facilities, poor development of institutional structure as also inadequate attention and the limitations of resources endowment.

The following steps have been taken to correct the regional imbalances between the hills and other areas of U.P.

(a) In the matter of distribution of Plan outlay between the backward regions, the State Government has taken note of their backwardness.

(b) For the hill areas, special pattern of Central assistance was laid down for the Fourth Plan under which the grant component was fixed at 50 per cent as compared to 30 per cent for the rest of the State.

(c) Plan expenditure for the hill districts has been earmarked for ensuring that there is no diversion of Plan outlays to other areas.

(d) The State Government has set up the Parvatiya Vikas Nigam which is responsible for mobilising the institutional finance and undertaking the commercial projects in the hill region.

(e) A multipurpose project has been in operation in Almora since 1969. One of the main objective of the project is to take up high yielding and other important varieties programme in selected areas. This project has also

been imparting training to farmers about improved agricultural practices.

(f) (The Planning Commission has set up a Committee of Direction for the development of hill areas under the Chairmanship of Dr. B. S. Minhas, Member, Planning Commission. As a result of the deliberations of this Committee, steps have been taken to obtain more reliable data relating to prevailing land use operations, crop rotations and productivity in agriculture as well as horticulture. A number of Study/Working Groups have already been set up at the instance of the Committee of Direction. The reports of these Groups are in the process of finalisation.

(g) For the other backward regions, the State Government has set up two Corporations namely, the Poorvanchal Vikas Nigam and Bundelkhand Vikas Nigam. These will also be responsible for mobilizing institutional finance and undertaking the commercial projects in these regions.

(h) 36 Districts have been identified as "industrially backward" and are eligible for concessional finance from the financing institutions. Out of these, 6 districts are located in the hill region of U.P. In so far as 10 per cent capital subsidy for industrial ventures is concerned, Almora District in the U.P. Hills in addition to Basti, Ballia, Faizabad, Jhansi and Rai Bareille have been selected.

(i) In the drawing up of proposals for the minimum need programme to be taken up in the Fifth Five Year Plan, the State Government has taken note of the levels of development reached in the sectors related to minimum needs, and it is expected that in the matter of items of social consumption, the disparities between various regions of the State will be narrowed down by the end of the Fifth Five Year Plan. In this connection, the need of the Hill Areas are being separately identified.

Booking of persons for 'Charcha Ka Vishya Hai'

6003. SHRI DHAN SHAH PRADHAN; Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) since when the programme 'Charcha Ka Vishya Hai' from Delhi Station is being broadcast; and

(b) what criteria have been fixed for booking persons for the said programmes?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) From 15th January, 1972.

(b) The primary considerations which guide All India Radio in booking a person for a programme are:—

1. Standing in his particular field of activity/specialisation.
2. his suitability from the point of view of requirements of the broadcasting medium such as his capacity to communicate intelligently with listeners, the suitability of voice, delivery etc.
3. availability of the person.

Staff on Commercial Broadcasting Service, Chandigarh and Jullundur

6004. SHRI DHAN SHAH PRADHAN; Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) the designations of the persons working on the Staff of Commercial Broadcasting Service, Chandigarh and Jullundur; and

(b) the reasons for not sending them to their respective stations uptil now?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): A statement giving the required information is enclosed.

(b) The following members of staff are operating from commercial Broadcasting Service, Delhi:—

(1) Programme Executive	
(2) Production Assistant (Senior Grade)	3
(3) General Assistant	2

It has not been possible to transfer this staff to Chandigarh/Jullundur for administrative reasons (mainly accommodation and technical staff)

Communal clash at Bombay

6005. SHRI BHOGENDRA JHA:
Will the Minister of HOME AFFAIRS
be pleased to state:

(a) whether there was a communal
clash during celebrations of their vic-
tories in Bombay Corporation Elec-
tions by two communal parties on 11th
March, 1973;

(b) whether this clash resulted in
police firing and deaths;

(c) whether there was any plan to
engineer communal clashes by some
communal forces; and

(d) what were the actual causes and
forces behind this clash and Govern-
ment's reaction thereon?

THE MINISTER OF STATE IN THE
MINISTRY OF HOME AFFAIRS
AND IN THE DEPARTMENT OF
PERSONNEL (SHRI RAM NIWAS
MIRDHA: (a) to (d). According to
the information received from the Gov-
ernment of Maharashtra, the suppor-
ters of the Muslim League, the Jana
Sangh and the Shiv Sena had taken
out victory processions in some parts
of Bombay on 11th March, 1973 to fel-
icitate their respective candidates who
were successful in the civic elections
in Bombay. On the way, the proces-
sionists shouted provocative slogans

against one another which led to vio-
lence. In order to bring the situation
under control, police resorted to firing
resulting in the death of two persons.
Cases have been registered in respect
of specific offences.

**Visit of the Home Secretary to Uttar
Pradesh State to enquire into harass-
ment of Harijans**

6006. SHRI DEVINDER SINGH
GARCHA:

SHRI BIBHUTI MISHRA:

Will the Minister of HOME AF-
FAIRS be pleased to state:

(a) whether the Home Secretary
recently visited the State of Uttar
Pradesh and discussed with the senior
officials, the growing incidents of
harassment to Harijans;

(b) if so, his findings thereof; and

(c) whether he will be sent to
more States in the near future?

THE MINISTER OF STATE IN THE
MINISTRY OF HOME AFFAIRS AND
IN THE DEPARTMENT OF PERSO-
NNEL (SHRI RAM NIWAS MIR-
DHA: (a) to (c). The Home Secre-
tary visited Lucknow on the 27th
February, 1973 and had discussions

with senior officers of the Government of Uttar Pradesh in regard to several problems of national integration, including problems of backward classes, linguistic minorities, promotion of Urdu and communal tension. The Union Home Secretary reiterated the policy of the Government that the administration should be solicitous of the welfare of weaker sections of the society. Whenever any unfortunate incident takes place in which members of weaker sections are the victims, the importance of a firm attitude and action on the part of the authorities concerned against those committing the atrocities was stressed by him. He also impressed on the officials that the discretion available to them within the legal and constitutional framework should be fully exercised to ensure that the minorities and weaker sections have a fair deal and do not suffer under any handicap on account of their weaker position in society.

The State Government are alive to the need for vigilance in safeguarding the interests of members of Scheduled Castes and other weaker sections of society and for taking action, according to law in cases of harassment of Harijans and other weaker sections.

Whenever the Union Home Secretary visits any State, similar discussions are usually held.

Rules Governing Opening of Branch Post Offices

6007. PROF. NARAIN CHAND PARASHAR: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether rules of the Post and Telegraph Department do not allow the opening of Branch post offices, when the parent offices to which they

are to be attached are not permanent (Whether departmental or extra departmental); and

(b) whether there are any such branch offices, at present which are attached to E.D.S.Os/S.Os., which are not permanent, though self-supporting?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA):

(a) New Post Offices are normally not allowed to be opened in the delivery jurisdiction of experimental post offices when such a measure is likely to jeopardise the chance for making the latter office permanent during the course of the normal experimental period. It may however, be mentioned that the Branch post office after its opening is attached to its accounts office, which may not necessarily be its parent office.

(b) Yes.

Salary Bill for P. & T. Employees for 1971 and 1972

6008. PROF. NARAIN CHAND PARASHAR: Will the Minister of COMMUNICATIONS be pleased to state:

(a) the total amount of salary bill paid to the employees of the P.&T. Department at circle level, in all the Circles of the Country for the calendar years 1971 and 1972, as also of the P.&T. Directorate and the P.&T. Board; and

(b) the overtime allowance paid for the said period?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA):
(a) Salary Bills:

(Figures in lakhs of rupees)

1971		1972	
P & T Board	All Circles and Units in the Country (except P & T Board)	P & T Board	All Circles and Units in the Country (except P & T Board)
1,15.0	1,24,07.0	1,18.0	1,38,91.0
(b) Overtime Allowances			
1.5	9,74.5	1.4	11,28.6

Interception of a Motor Car by B.S.F. at Dinahata Sub-Division, Distt. Cooch Behar

6009. SHRI B. K. DASCHOW-DHURY:

SHRI R. N. BARMAN:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether his Ministry is aware that about 6 weeks before a motor car was intercepted by the B.S.F. near at the border of Bangladesh at Dinahata sub-division District Cooch Behar (West Bengal) while proceeding to Bangladesh;

(b) whether his Ministry is also aware that group of smugglers and alleged saboteurs including some foreign nationals were the occupants in the said car; and

(c) if so, the action taken by Government both against the personnel and other alleged offenders?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) to (c). According to the information available, a car was intercepted by the Border Security Force on the 24th January, 1973 when it was going towards

Gitaldah in Dinahata Sub-Division, District Cooch Behar (West Bengal). The occupants of the car along with the car were handed over to the civil police for necessary action. Further facts about the case are being ascertained from the Government of West Bengal.

Association of a Former B.S.F. Commandant with Cooch Behar Refugee Service

6010. SHRI B. K. DASCHOW-DHURY:

SHRI R. N. BARMAN:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether any permission is necessary for a Government servant or Border Security Force personnel to get employment in any private agency particularly attached with a foreign organisation, after retirement;

(b) whether Government are aware that one B.S.F. commandant posted at Cooch Behar for some years had illegal liaison with the Cooch Behar Refugee Service, district Cooch Behar, West Bengal, a foreign national organisation and after his retirement has accepted job under the said Cooch Behar Refugee Service; and

(c) if so, the steps Government propose to take in the matter?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) In the case of Central Government Class I employees, prior permission is necessary.

(b) and (c). The facts are being ascertained. The question of taking any steps in the matter will depend upon the facts revealed.

बिहार के फिल्म निर्माताओं द्वारा मैथिली, भोजपुरी आदि बोलियों में फिल्मों का तैयार किया जाना

6011. श्री रामावतार शास्त्री : क्या सूचना और प्रसारण मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बिहार के किन्हीं फिल्म निर्माताओं ने मैथिली और भोजपुरी में फिल्में तैयार की हैं ;

(ख) यदि हां, तो उनके नाम क्या

(ग) क्या इस प्रकार की फिल्मों के निर्माण के लिए सरकार उन्हें कोई सहायता प्रदान करती है अथवा प्रदान की है; और

(घ) यदि हां, तो उसका व्यौरा क्या

सूचना और प्रसारण मंत्रालय में उपमंत्री (श्री धर्मवीर सिंह) : (क) और (ख). 1971 में दो फिल्में, एक मैथिली में तथा दूसरी भोजपुरी में प्रकाशित की गई थी। इन फिल्मों के निर्माता बिहार के हैं या नहीं, यह पता नहीं है। निर्माता हैं श्री एस० एच० मुंजे (मैथिली में 'कन्यादान' के निर्माता) तथा श्री लाल (भोजपुरी में 'डेर चालक जिनकरा' के निर्माता)।

(ग) और (घ). फिल्म वित्त निगम को भोजपुरी एवं मैथिली समेत सभी भाषाओं में फिल्में बनाने के लिए प्राथमिकता प्राप्त होती है। इन प्राथमिकताओं की छानबीन करने के बाद, निगम द्वारा ऋण सर्वथा गुण दोष के आधार पर दिए जाते हैं न कि इस आधार पर कि फिल्में किस भाषा में बनाई जाती है।

Building for Song and Drama Division in Delhi

6012. SHRI SHASHI BHUSHAN: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) the number of places at which the offices etc. of the Song and Drama Division are scattered in Delhi and their exact locations; and

(b) the time by which Government propose to provide it with its own building for rehearsals, and other activities?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) The offices of Song and Drama Division are located at the following four places in Delhi.

- (1) 15/16, Subhash Marg, Darya Ganj, Delhi.
- (2) Maharashtra Rangayan, Nutan Marathi Higher Secondary School, Phar Ganj, New Delhi.
- (3) Gandharva Mahavidyalaya Building, Deen Dayal Upad-haya Marg, New Delhi.
- (4) Rabindra Rangshala, Upper Ridge Road, New Delhi.

(b) While item (4) above is a Government Building and (1) is Government-allotted accommodation, the others are places hired directly by the Song and Drama Division. Various proposals are under examination to provide the Division with adequate space for its needs.

Plays Produced in Song and Drama Division

6013. SHRI SHASHI BHUSHAN: Will the Minister of INFORMATION AND BROADCASTING be pleased to state the number of plays produced in the Song and Drama Division during the last three years?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): The number of plays produced in the Song and Drama Division during the period 1st April, 1970 to 31st March, 1973 is 174.

Rural Industries Project in Jaipur (Rajasthan)

6014. SHRI NAWAL KISHORE SHARMA: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether the view of the economic backwardness and uneducated unemployment in backward districts of Rajasthan, especially in Jaipur District, Government have any scheme to allot rural industrial projects for that district in the Fifth Plan period; and

(b) if so, the broad outlines thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI ZIAUR RAHAMAN ANSARI): (a) No proposal from the Government of Rajasthan for location of Rural Industries project in Jaipur District in the Fifth Five Year Plan period has been received.

(b) Does not arise.

Disruption of Telecommunication Lines between Delhi and Calcutta

6016. SHRI NAWAL KISHORE SHARMA: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether telecommunication lines between Delhi and Calcutta were disrupted recently if so, the causes of disruption;

(b) the estimated loss suffered by Government as a result thereof; and

(c) the steps being taken by Government to avoid such disruptions in future?

THE MINISTER OF COMMUNICATIONS (SHRI H. M. BAHUGUNA):

(a) Yes. Interruptions were caused due to cable faults as a result of land slides and damage to the cable by road construction parties. In one case miscreants forced open a repeater building and damaged the communications equipment.

(b) The failures on this route averaged 45 hours per month from January, 73 to March, 73. The Revenue and other losses however cannot be estimated accurately, as many calls may have been delayed only and not cancelled.

(c) Close Co-ordination between the P&T and the road construction authorities is maintained at all levels to avoid such break-downs. The break-downs due to land slides are unavoidable. To protect against unauthorised entry into the unattended repeaters. Remote Door alarms are being provided which would indicate at the main station, forced entry into unattended stations.

शिमला जिले के टिक्कर स्थान पर टेलीफोन एक्सचेंज स्थापित करना

6017. श्री पन्नालाल बारूपाल : क्या संचार मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या हिमाचल प्रदेश के शिमला जिले के टिक्कर स्थान पर टेलीफोन एक्सचेंज

खोलने सम्बन्धी मांग पर सरकार विचार कर रही है; और

(ख) यदि हां, तो एक्सचेंज कब तक खोले जाने की प्रस्ताव है ?

संचार मंत्री (श्री हेमवतीनन्दन बहुगुणा) : (क) जी हां ।

(ख) यह प्रोजेक्ट वित्तीय दृष्टि से लाभकर नहीं है । मामले का पुनरीक्षण किया जा रहा है । एक्सचेंज स्थापित करने का फैसला हो जाने के बाद उसके चालू करने में करीब 1½ वर्ष लगने की संभावना है ।

**Ad-Hoc Appointments by Government
Deplored by U.P.S.C.**

6018. SHRI BIBHUTI MISHRA:
SHRI M. S. SIVASWAMY:

Will the PRIME MINISTER be pleased to state:

(a) whether Government's attention has been drawn to the news-item reported in the *Hindustan Times* dated the 9th March, 1973 wherein it is stated that U.P.S.C. has deplored *ad-hoc* appointments in Government.

(b) whether lack of adequate care in the assessment of man power requirements and failure on the part of the controlling authority to convey information to the Commission in time regarding their requirements to the Commission tended to weaken the administrative machinery; and

(c) the steps Government propose to take to avoid *ad-hoc* appointments?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) Yes, Sir.

(b) and (c). In paragraph 41 of their Twenty-second Annual Report for the period from April 1, 1971, to March 31, 1972, a copy of which has already been laid on the Table of the House, the Union Public Service Commission have stated *inter alia* as follows:

"The somewhat persistent tendency to make *ad-hoc* appointments and to allow them to continue without adequate justification, the lack of adequate care in the assessment of man power requirements, and the failure on the part of controlling authorities of certain Services to convey timely intimation regarding their requirements to the Commission, are features that tend to weaken the administrative machinery and vitiate the processes of personnel recruitment."

The observation of the Union Public Service Commission about which there can be no two opinions are being brought to the notice of the various Ministries/Departments. Cases of irregular appointments made without consultation with the Commission are also brought to the notice of the various Ministries/Departments concerned from time to time, so that they may investigate the circumstances in which such appointments were made, fix responsibility therefor and take remedial steps wherever necessary.

आंध्र और तेलंगाना के नेताओं के साथ
प्रधान मंत्री की बातचीत

6019. श्री विभूति मिश्र :

श्री शिव कुमार शास्त्री :

क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मार्च, 1973 के पहले और दूसरे सप्ताह में प्रधान मंत्री श्री आंध्र और तेलंगाना के संसद सदस्यों और

इस क्षेत्रों के विभिन्न प्रमुख नेताओं से बातचीत हुई थी; और

(ख) यदि हां, तो इस बातचीत का क्या परिणाम रहा ?

यह मंत्रालय में उपमंत्री (श्री एफ. एच. मोहसिन) : (क) और (ख). प्रधान मंत्री आन्ध्र प्रदेश के संसद् सदस्यों और अन्य नेताओं से मिलती रही हैं। ये बैठकें मुल्की नियम विवाद के कारण पैदा हुई जटिल समस्या के विभिन्न पहलुओं पर क्रिचर विनिमय के रूप में हुई हैं।

Strength of male and female employees in T.V. Centre, New Delhi

6020. SHRI LALJI BHAI: will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether for most of the jobs in Television Centre, New Delhi, women candidates are preferred to male candidates; and

(b) if so, the number of male and female employees working in various capacities in Television Centre, New Delhi?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAMBIR SINHA): (a) No, Sir. Persons are selected in accordance of the requirement of jobs.

(b) A statement containing the requisite information is laid on the Table of the House [Placed in Library. See No. LT-4720/73.]

Sale of Paper Products at High Rates

6021. SHRI BIRENDER SINGH RAO: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether Government are aware that some paper manufacturing units in the country are selling their products at higher rates than the prescribed rates; and

(b) if so, the steps taken by Government to check such practices?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): (a) While ex-mill prices have largely remained stable, there have been certain complaints about higher prices being charged by retailers/dealers mostly because of temporary and local shortages.

(b) At present there is no proposal to impose controls on the commodity. But if situation warrants, the Government will consider the question of introducing suitable corrective measures.

Seizure of Arms and Ammunitions from West Bengal

6022. SHRI JYOTIRMOY BOSU: SHRI HUKAM CHAND KACHWAI:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the Border Security Force has recently unearthed large number of arms and ammunitions from West Bengal through a series of raids in the border areas;

(b) if so, the arms and ammunitions unearthed; and

(c) the sources of these arms and ammunitions?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) Yes, Sir; the Border Security Forces recovered certain arms and ammunition as a result of raids conducted by them in the border areas of West Bengal.

(b) (i) *Arms*

303 Rifle	3 nos.
12 bore gun	4 „

दिल्ली टेलीफोन एक्सचेंज में काल अपरेटर

6023. श्री फूलचन्द वर्मा : क्या संचार मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या दिल्ली टेलीफोन एक्सचेंजों में काल अपरेटरों को तृतीय श्रेणी के कर्मचारियों के समकक्ष समझा जाता है ; और

(ख) यदि हां, तो कुछ काल अपरेटरों को तृतीय श्रेणी में और उनमें से कुछ को

चतुर्थ श्रेणी में अस्थायी आधार पर रखने के क्या कारण हैं ?

संचार मंत्री (श्री हेमबतीनन्दन बहुगुणा) : (क) और (ख). डाक-तार विभाग में काल अपरेटर नाम को कोई काडर नहीं है। इसलिए इस काडर को तृतीय श्रेणी या चतुर्थ श्रेणी में वर्गीकृत करने का प्रश्न ही नहीं उठता।

कृष्ण नगर, दिल्ली 51, के निवासियों में पुलिस चौकी के इन्चार्ज के विरुद्ध रोष

6024. श्री फूलचन्द वर्मा : क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या कृष्ण नगर, दिल्ली-51 के पुलिस चौकी के इन्चार्ज के विरुद्ध वहां के लोगों ने 8 मार्च, 1973 को अपना रोष प्रकट किया क्योंकि इस पुलिस चौकी के इन्चार्ज ने एक नव नवयुवक को झूठे मामले में फंसा दिया था ;

(ख) क्या इस मामले की जांच 11 मार्च, 1973 को पुलिस अधिकारियों द्वारा की गई थी; और

(ग) यदि हां, तो इस जांच के निष्कर्ष क्या हैं और इस बारे में सरकार द्वारा क्या कार्यवाही की गई है

गृह मंत्रालय में उपमंत्री (श्री एक० एच० मोहसिन) : (क) जी नहीं, श्रीमान्। किन्तु दिल्ली पुलिस के महा निरीक्षक को दो नवयुवकों की गिरफ्तारी के सम्बन्ध में कृष्ण नगर के कुछ निवासियों से गैर-कानूनी गिरफ्तारी की एक शिकायत मिली थी।

(ख) जी हां, श्रीमान्।

(ग) दो नवयुवकों के विरुद्ध मामले की जांच-पड़ताल हो रही है तथा गैर-कानूनी गिरफ्तारी की शिकायत के बारे में पूछताछ की जा रही है।

दिल्ली प्रशासन द्वारा आन्तरिक सुरक्षा बनाए रखना अधिनियम के अन्तर्गत चलाये गये मामले

6025. श्री फूलचन्द वर्मा : क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) गत डेढ़ वर्ष के दौरान दिल्ली प्रशासन द्वारा आन्तरिक सुरक्षा बनाए रखना, अधिनियम के अन्तर्गत कितने मामले चलाये गये;

(ख) ये मामले किन-किन व्यक्तियों अथवा संस्थाओं से सम्बन्धित थे; और

(ग) इनमें से कितने मामले सरकार (प्रशासन) द्वारा किन-किन परिस्थितियों में वापिस लिये गये ?

गृह नज्दालय में उपरंत्रो (श्री एक० एच० मंहसिन) : (क) से (ग) . दिल्ली प्रशासन से प्राप्त सूचना के अनुसार 28 फरवरी, 1973 को समाप्त होने वाली 18 महीने की अवधि में आन्तरिक सुरक्षा अनुरक्षण अधिनियम के उपबन्धों के अन्तर्गत कुल 64 व्यक्तियों को नजरबन्द करने के आदेश दिये गये थे। इन सभी व्यक्तियों को छोड़ दिया गया है और उस तारीख को वास्तव में कोई भी व्यक्ति नजरबन्द नहीं था। नजरबन्द किये गये व्यक्तियों के नामों और संस्थाओं के बारे में, जिनसे इन मामलों का सम्बन्ध था, व्यूरे एकत्र किये जा रहे हैं और सदन के पटल पर रख दिये जायेंगे।

कोटा, राजस्थान में डायल घुमाकर सीधे टेलीफोन करने की प्रणाली को लागू करना

6026. श्री ओंकार लाल बेरवा : क्या संचार मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या चालू योजना में कोटा, राजस्थान में डायल घुमाकर सीधे टेलीफोन करने की प्रणाली को लागू करने का विचार

(ख) यदि हां, तो कब तक; और

(ग) यदि नहीं, तो उसके क्या कारण

संचार मंत्री (श्री हेमवतीनन्दन बहुगुणा) : (क) जी हां,। कोटा में एक आटोमैटिक एक्सचेंज स्थापित करने का प्रस्ताव है। हालांकि यह प्रस्ताव चालू योजना में शामिल है; लेकिन वास्तविक रूप में इस एक्सचेंज के वर्ष 1974-75 में ही चालू होने की सम्भावना है।

(ख) आटोमैटिक एक्सचेंज के लिए इमारत का निर्माण हो रहा है। इसके लिए उपस्कर की सप्लाई भी हो रही है। आशा है कि यह एक्सचेंज वर्ष 1975 में चालू हो जाएगा।

(ग) ऊपर (क) और (ख) में दिए गए उत्तरों को मद्दे नजर रखते हुए इसका प्रश्न ही नहीं उठता।

जयपुर के रेल डाक सेवा के कार्यालय के ऊपर विश्राम गृह, मनोरंजन गृह और निरीक्षण गृह का निर्माण

6027. श्री ओंकार लाल बेरवा : क्या संचार मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या जयपुर के रेल डाक सेवा के कार्यालय के ऊपर विश्राम गृह, मनोरंजन गृह और निरीक्षण गृह का निर्माण करने के लिए बहुत समय पहले कार्यवाही शुरू की गई थी; और

(ख) यदि हां, तो अब तक इनका निर्माण कार्य पूरा न करने के क्या कारण हैं ?

संचार मंत्री (श्री हेमवतीनन्दन बहुगुणा) : (क) जी हां ।

(ख) जयपुर में रेल डाक सेवा की जो नई इमारत बनी है, उसमें रेल विभाग हमें विश्राम गृह, मनोरंजन गृह और निरीक्षण गृह की सुविधाएं देने के लिए तैयार नहीं है । तथापि रेल विभाग पार्सल कार्यालय की एक अपनी इमारत में जगह देने के लिए सहमत है । वह पार्सल कार्यालय के लिए एक दूसरी इमारत तैयार कर रहा है । जब रेल विभाग का पार्सल कार्यालय दूसरी इमारत में चला जाएगा, तो रेल विभाग से यह जगह हमारे विभाग को मिल जाएगी । वर्ष 1973 के दौरान जब रेल विभाग के पार्सल कार्यालय की इमारत डाक-तार विभाग को सौंप दी जाएगी तो वहां उपर्युक्त सभी सुविधाओं की व्यवस्था कर दी जाएगी ।

कोटा के इन्स्ट्रुमेंटेशन यूनिट का विस्तार

6028. श्री श्रींकार लाल बेरवा : क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या कोटा में चल रहे इन्स्ट्रुमेंटेशन यूनिट का विस्तार करने के लिए सरकार की कोई योजना है; और

(ख) यदि हां, तो इसकी रूपरेखा क्या है

औद्योगिक विकास मंत्रालय में उप-मंत्री (श्री प्रवण कुमार मुकजी) : (क) जी, हां ।

(ख) कोटा एकक में वर्तमान बनाई जाने वाली 4 करोड़ वस्तुओं की निर्धारित क्षमता को विपणन की आवश्यकता के आधार पर बढ़ाकर 9 करोड़ करने के लक्ष्य के अलावा बैलों और मेलबेन जैसी कुछ नई वस्तुएं, एकीकृत प्रभावित (यूनीफाइड सिस्टम) अपदूषण नियंत्रक यंत्र और नियंत्रक बनाने का कम्पनी ने 440 लाख रुपये के अनुमानित परिव्यय से विचार किया है ।

जो औजार इन दिनों कोटा एकक में बनते हैं उनमें बैलो और मेम्ब्रेन का अनिवार्यतः प्रयोग होता है । अधिकाधिक स्वालम्बन की दिशा में अग्रसर होने के लिए इन प्रमुख पुर्जों को बनाना अत्यावश्यक है । इन वस्तुओं को सोवियत जानकारी की सहायता से बनाया जायेगा ।

एकीकृत प्रणाली (यूनीफाइड सिस्टम) की आयोजना का उद्देश्य जटिल प्रौद्योगिकी से लाभान्वित हो कर प्रौद्योगिकी को शीघ्रता पूर्वक अद्यतन बनाना है । इससे कम्पनी 1975 के बाद भारत में प्रोसेसस कंट्रोल इन्स्ट्रुमेंटेशन की आवश्यकताएं पूरी कर लेगी तथा साथ ही विशेष कर रसायन और उर्वरकों के क्षेत्र में निर्यात बाजार की आवश्यकताएं पूरी कर लेगी । जैसे-जैसे देश में औद्योगीकरण प्रगति करता है अपदूषण नियंत्रण का महत्व बढ़ता जायेगा । यह महत्वपूर्ण क्षेत्र है कम्पनी का विचार

है कि यथा आवश्यक गवेषणा और विकास के प्रयासों, सहयोगों के माध्यम से पंचवर्षीय योजना में इस वस्तु का उत्पादन प्रारम्भ किया जाए।

सवाई माधोपुर के रेल डाक सेवा कार्यालय के लिए छोटी इमारत

6029. श्री ओंकार लाल बेरवा : क्या संचार मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या रेल डाक सेवा कार्यालय, सवाई माधोपुर की इमारत बहुत छोटी होने के कारण वहां पर काम सुविधा से नहीं हो सकता है ;

(ख) क्या बहुत से डाक के थैले कार्यालय के बाहर पड़े रहते हैं और इनके चुराये जाने का डर बना रहता है ; और

(ग) यदि हां, तो सरकार द्वारा इस बारे में क्या कार्यवाही किये जाने का विचार है ?

संचार मंत्री (श्री हेमवतीनन्दन बहुगुणा) : (क) इस कार्यालय में मौजूदा जगह सिर्फ 16 वर्ग मीटर कम है और इससे कार्यालय के सुचारु रूप से काम करने में कोई अधिक असुविधा नहीं होती

(ख) जो पार्सल इस स्थान से होकर गुजरने वाले आर० एम० एस० मेल वैन में रखे नहीं जा सकते हैं और खुले रह जाते हैं उन्हें कभी-कभी बरामदे में रख दिया जाता है। ऐसे मौके बहुत कम होते हैं। कार्यालय के अहाते की रखवाली और सुरक्षा सुनिश्चित करने के लिए एक विभागीय चौकीदार की नियुक्ति की गई है।

(ग) रेल प्राधिकारियों से कहा गया है कि बरामदे में लकड़ी को एक जाली लगाने की व्यवस्था करें।

Improving Police-people ties

6030. SHRI M. S. SIVASWAMY: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether any measures have been taken by Government to make the police-people ties better in the country; and

(b) if so, the main points thereof and progress achieved in this regard?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) The Police is a State subject. However, the Government of India have also taken a number of measures to improve the police-public ties in the country.

(b) The following measures have been taken by the Government of India to improve the Police-public relations in the country:—

(1) The Institute of Criminology and Forensic Science, New Delhi is conducting special orientation courses on 'Police-Community Relations' for officers of the rank of Superintendent of Police. In these courses, Parliamentarians experts and senior Police officers are invited to deliver lectures to the participants and to participate in the discussions. The Institute have so far completed four courses of one week's duration. 82 Superintendents of Police have participated in these courses. It is hoped that these courses would considerably help participants in improving Police-community relations at the District level.

(2) Crime Prevention Weeks are organised by the Central Bureau of Investigation in various States every alternate year. In these Weeks, Police Departments organise exhibitions. Citizens are encouraged to visit

police stations in order to have some idea of the working of the Police. Special efforts are made to inform the public about not only the achievements but also handicaps and limitations of the Police. Co-operation of the citizens is also sought in the prevention and detection of the crime.

(3) A Bureau of Police Research and Development has been set up in 1970 to study various Police problems and suggest remedial measures. The Bureau has made special studies on issues like 'Reluctance of Public to aid the Police in the Detection of Crime', 'Crime Reporting at Police stations', 'Press and the Police' etc. A study on the 'Police-public relations with particular reference to students and the labour' is also proposed to be undertaken by the Bureau.

Based on these studies, States are requested to initiate various measures for creating an atmosphere where healthy relations between Police and public can develop further.

(4) In some States Public Relations Officers have been appointed for creating a better rapport between Police and the public.

Recently the Government of India have requested the State Governments/Union Territories to appoint Public Relations Officers in the Offices of the Inspectors General of Police, where they do not exist at present.

(5) In 1971 a Committee on Police Training was appointed by the Government of India. One of the terms of reference of the Committee was to suggest measures to bring about 'improvement in the relations between the Police force and the public based on mutual trust, confidence and co-operation'. The Committee have since submitted their report and various recommendations made by the Committee on Police-Public relationship are being examined by the Government of India in consultation with the States.

Electricity, Water and Conservancy Services of N.D.M.C.

6031. SHRI M. S. SIVASWAMY: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Electricity, Water and Conservancy services of N.D.M.C. have recently been declared as essential services; and

(b) if so, the main points thereof and the reasons for the same?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) Yes Sir.

(b) The Administrator of the Union Territory of Delhi (Lt. Governor, Delhi) declared the employment of persons in connection with distribution of electricity, water and conservancy services of the New Delhi Municipal Committee as coming under the purview of the provisions of sub-Rule (1) of Rule 119 of the Defence of India Rules, 1971, as in his opinion the maintenance of these services was essential to the life of the Community. The main reason for declaring these services as essential was that there was a general strike of New Delhi Municipal Committee workers from 8th March, 1973, and there was a likelihood of the disruption of these services.

Assistance to West Bengal for Preparing District Plans for Identifying Problems of Backward Regions

6032. SHRI GADADHAR SAHA: Will the Minister of PLANNING be pleased to state:

(a) the assistance given to West Bengal for preparing District Plans for identifying problems of backward regions;

(b) whether the Planning Commission has offered assistance to West Bengal for preparing district plans for identifying the problems of backward regions in the State; if so, the assistance so far offered for the purpose; and

in by the Scheduled Caste. These posts have been filled in on *ad-hoc* basis from departmental candidates according to seniority and qualifications. The only Scheduled Caste candidate who fulfilled the qualifications according to seniority, was appointed to the post.

(iii) There are five posts of Ayurvedic Vaid in the New Delhi Municipal Committee. Only three posts were filled in during the last three years, out of which one post was reserved for Scheduled Caste/Scheduled Tribes. Only one candidate, belonging to the Scheduled Caste, applied for the post and as he did not fulfill the prescribed qualifications, his candidature was not considered.

Bonus to Employees of Coir Board

6038. SHRI C. K. CHANDRAPPAN: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to refer to the reply given to Unstarred Question No. 4567 on 15th December, 1972 regarding meeting of Coir Board regarding payment of Bonus and state:

(a) whether Government have taken a final decision of grant financial sanction to Coir Board for giving Bonus to its employees;

(b) whether the employees of the Coffee Board are given bonus; and

(c) if so, the reasons for not giving bonus to the employees of the Coir Board?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI ZIAUR RAHMAN ANSARI): (a) to (c). The question of giving bonus to the employees of the Coir Board is still under the consideration of the Government. Eligible employees of the Coffee Board are given bonus.

Facilities for Small Units

6039. SHRI C. K. CHANDRAPPAN: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether the attention of Government has been drawn to the news item appearing in the 'Hindustan Standard' (Calcutta) dated the 6th March, 1973 under the heading "Small units continue to cry for facilities"; and

(b) if so, the reaction of the Government thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI ZIAUR RAHMAN ANSARI): (a) Yes, Sir.

(b) The availability of raw materials and other facilities to small scale industrialist units has been continuously on the increase. Steps are, however, being taken to improve the position further.

Activities of C.I.A.

6040. SHRI S. M. BANERJEE: Will the Minister of HOME AFFAIRS be pleased to state:

(a) what further steps have been taken to eliminate the C.I.A. activities throughout the country; and

(b) whether cultural organizations receiving money from C.I.A. are likely to be closed down and if not, the reasons for the same?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) Government maintain a continuous watch over such activities. The disclosure, however, of information which Gov-

ernment have in its possession or the details of what is done to counter the activities of foreign intelligence organisations, including the CIA, will not serve any public interest.

(b) Attention is invited to answer furnished by the Minister of External Affairs to unstarred question No. 558 on the 22nd February, 1973 regarding control over foreign cultural centres in India. The House is also aware of the reasons why the office of the Asia Foundation in India was wound up in 1968 under the orders of the Government of India. Government have no definite information of any Indian cultural organisation receiving funds from CIA.

Generation of Electricity in Atomic Power Plants

6041. SHRI SHANKER RAO SAVANT: Will the Minister of ATOMIC ENERGY be pleased to state:

(a) the capacity and actual generation of electricity in each of the atomic plants in India;

(b) whether Government propose to expand the existing plants or to set up new plants, if so, their proposed locations and capacity;

(c) in what other ways atomic energy is proposed to be put to civil uses; and

(d) whether India has to depend upon any foreign country for a complete know how of the generation, conversion and use of atomic energy; and if so, upon which countries and to what extent?

THE PRIME MINISTER, MINISTER OF ENERGY, MINISTER OF ELECTRONICS, MINISTER OF INFORMATION AND BROADCASTING AND MINISTER OF SPACE (SHRIMATI INDIRA GANDHI): (a) Presently only one atomic power station at Tarapur with 420 MWe capacity is in operation. The yearly figures for generation of

electricity in this station are given below:

<i>Year</i>	<i>Units of Electricity generated</i>
1969 (Since April 1, 69—the date Station commenced generation).	785.867 million
1970	2177.533 million
1971	1789.990 million
1972	870.411 million
1973 (upto February 73)	322.632 million

(b) Two more power stations in Rajasthan and Tamil Nadu are under construction. Further proposals are under formulation.

(c) The different peaceful uses of atomic energy are described in the Annual Report of the Department for the year 1971-72; copies of which are available in the Parliament Library. These activities are proposed to be continued.

(d) No, Sir.

Use of Bangla Desh Relief Postal Stamps after 1.4-1973

6043. SHRI SHANKERRAO SAVANT: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether the Bangla Desh Relief Postal Stamps can be used after 1st April, 1973 for postal purposes; and

(b) if not, whether their value will be returned to those who possess these stamps?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA): (a) No.

(b) Yes. Unspoilt 5 paise RRT stamps for use on postal articles and inland letter cards and aerogrammes

embossed with RRT stamps can be exchanged at any post office for ordinary postage stamps or cash upto 30th September, 1973.

Recovery of dues from Dalmia Cement group by Cement Corporation of India

6044. SHRI SAT PAL KAPUR: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether the Cement Corporation of India has to recover some money from the Dalmia Cement group towards freight;

(b) if so, the amount thereof as on 28th February, 1973 and how this amount was allowed to accumulate; and

(c) the steps taken to recover this amount?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): (a) and (b). M/s. Dalmia Dadri Cement Co. has not so far paid an amount of about Rs. 136.28 lakhs as on 28th February, 1973 due from them to the Cement Regulation Account for the reason that the Appeal challenging the validity of the Cement Control Order, 1967 under which the above amount becomes due, is yet to be finally decided by the Delhi High Court.

(c) The various alternatives for realisation of the dues are being explored.

Transfer of Registration with one Telephone Exchange to another without Loss of Seniority

6045. SHRI SAT PAL KAPUR: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether a person who gets his name registered with a particular telephone exchange can get it changed, in case, the person change his

address, later on, to some other telephone exchange which serves the new area;

(b) whether the seniority of the registered person is not disturbed and he is accommodated in the new exchange from the date of his original registration; and

(c) whether there have been cases where such seniority has not been restored when the registered persons got the registration changed from Jor Bagh to Connaught Place exchange (New Delhi) in 1972 and if so, the reasons therefor and the action taken to restore the seniority?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA):

(a) Yes provided both the exchanges from part of the same telephone system and provided the name and constitution of the registered party is not altered.

(b) Yes. The seniority now is not disturbed.

(c) No.

Construction of Quarters for P. & T. Staff in Palghat Town, Kerala

6046. SHRI A. K. GOPALAN: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether there is any proposal under consideration to construct quarters for Posts and Telegraphs staff in Palghat Town, Kerala; and

(b) if so, when it is likely to be implemented?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA):

(a) Yes, Sir.

(b) Sanction for construction of 33 staff quarters has been issued and tenders have been already invited. The work is likely to be completed during 1974-75.

**Telephone Exchange at Calicut,
Kerala**

6047. SHRI A. K. GOPALAN: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether there is any proposal under the consideration of Government to establish another Telephone Exchange at Calicut, Kerala;

(b) if so, the broad features thereof; and

(c) when it is likely to be under operation?

THE MINISTER OF COMMUNICATIONS (SHRI H.N. BAHUGUNA):

(a) Yes. It is proposed to set up a second exchange unit in the existing telephone exchange building on an additional floor under construction.

(b) To begin with, 900 lines are proposed to be installed in the new unit to be expanded by another 600 lines subsequently. The first 900 lines are likely to be commissioned by March, 1974.

(c) Does not arise in view of replies to (a) and (b).

**Expansion in meteorological Research
Facilities in Thumba Space Research
Centre**

6048. SHRI VAYALAR RAVI: Will the Minister of SPACE be pleased to state:

(a) whether Government propose to expand the meteorological research facilities in the Thumba Space Research Centre, if so, the outlines thereof;

(b) whether there is any proposal to use aircraft and ships in mid ocean for understanding the complex factors that affect our weather; and

(c) if so, the outlines of the proposal and steps taken thereon?

146 LS—7.

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF ELECTRONICS, MINISTER OF INFORMATION AND BROADCASTING AND MINISTER OF SPACE (SHRIMATI INDIRA GANDHI): (a) and (b). No, Sir.

(b) Does not arise.

**Abrogation of Article 370 demanded
by Political Parties in J. & K. State**

6049. SHRI P. M. MEHTA:

SHRI K. LAKKAPPA:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether some political parties in Jammu and Kashmir State have demanded the abrogation of Article 370;

(b) whether the President of All India Jammu and Kashmir Awami Action Committee has also demanded the same; and

(c) if so, the reaction of Government thereto?

THE MINISTER OF HOME AFFAIRS (SHRI UMA SHANKAR DIKSHIT): (a) and (b). Yes, Sir. Presumably, the Hon'ble Members are referring, in part (b), to the President of the All J. & K. New Awami Action Committee.

(c) No proposal to abrogate article 370 of the Constitution is at present under the consideration of Government.

**Delay in disposal of applications for
Industrial Licences**

6050. SHRI P. M. MEHTA:

SHRI P. GANGA DEB:

Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether Government have taken any steps for eliminating unnecessary

delays in the disposal of applications for Industrial licences;

(b) whether the delays continue to take place at all stages of the Industrial Licensing process including the stage of approval of foreign collaboration and of import of capital goods;

(c) whether his Ministry had issued in the past instructions to various authorities prescribing the procedure and the time limits for initial processing of licensing applications; and

(d) whether it has been found by experts that this procedure has not proved effective enough and if so, what steps are being considered in this regard?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) to (d). Government have been constantly keeping under review the procedures relating to the disposal of applications for industrial licences and other clearances. In order to reduce the time that is being taken in such clearances, time limits have also been prescribed for the various stages of processing an application. The delays that occur are the resultant of many factors which are now currently under study in a systematic fashion. The rationale of each stage in the decision making process is being reviewed.

Satellite for T.V. service for Eastern region

6051. SHRI ARJUN SETHI: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether Government want to have a satellite for eastern region to provide television service to the people of the area; and

(b) if so, the broad outlines thereof and when it would start functioning?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) For providing Television service, it is not necessary to have separate satellites for different regions of the country.

(b) Does not arise.

Article published in the Bulletin by the International Atomic Energy Agency

6052. SHRI ARJUN SETHI: Will the Minister of ATOMIC ENERGY be pleased to state:

(a) whether Government's attention has been drawn to an article published in "Bulletin of the International Atomic Energy Agency" which reads "India will have a total installed capacity of 43 million kilowatts of nuclear power by the end of the century"; and

(b) if so, the reaction of the Government thereto?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF ELECTRONICS, MINISTER OF INFORMATION AND BROADCASTING AND MINISTER OF SPACE (SHRIMATI INDIRA GANDHI): (a) Yes, Sir.

(b) Subject to the manufacturing capability of the Industry, the capacity of the electrical grid and transport facilities, it is hoped to achieve this target.

Report of the Enquiry Committee on Andhra Pradesh Liquor Tragedy

6053. SHRI K. LAKKAPPA:
SHRI P. GANGADEB:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Government have decided to probe the Andhra Pradesh Liquor Tragedy;

(b) if so, the members of the Enquiry Committee; and

(c) whether they have submitted the report to Government?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). A One-man Enquiry Commission headed by Shri A. Krishnaswamy, First Member of the Board of Revenue, Andhra Pradesh, has been appointed under the Commission of Enquiry Act, 1952 to inquire into the Liquor Tragedy incident at Suryapet town in Andhra Pradesh, on 23rd February, 1973.

(c) No, Sir. The Commission has been given two months time for submission of its Report.

Activities of National Front of Indian Trade Union.

6054. SHRI INDRAJIT GUPTA: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Government have received any representations regarding the suspicious activities of an organisation called "National Front of Indian Trade Unions" with its headquarters at Calcutta;

(b) whether there are any reports that the said organisation is being liberally financed from foreign sources; and

(c) whether any investigation has been conducted into the affairs of the N.F.I.T.U.?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) Government have seen a representation regarding the activities of the National Front of Indian Trade Unions, Calcutta.

(b) and (c). Facts are being ascertained.

Alleged misuse of S.T.D. Calls by P. & T. Officers

6055. SHRI K. SURYANARAYANA: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether any instructions on the lines of those issued by the Ministry of Finance *vide* their O.M. N.O.F. 14 (17)-E(Coord)/71. dated the 5th October, 1972 regarding economy in expenditure on telephones provision of STD barring facility for office and residential telephones have been issued by his Ministry also for the guidance of the Officers of the Telegraph and Telephone Departments;

(b) if so, the broad outlines thereof and if not, the reasons therefor; and

(c) what other measures he proposes to take to prevent in the misuse of private STD calls being made from the telephones of the Officers of the Post and Telegraph Department especially when these calls are not paid for and only book adjustment in respect thereof is made?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA): (a) Comprehensive instructions regarding S.T.D. barring of service telephone connections office as well as residential had been issued by the P&T Directorate in February, 1972 on the basis of Finance Ministry's earlier O.M. No. F.14(17)-E(Coord)/71, dated 14th October, 1971.

(b) Relevant extracts of this office letter No. 4-13/71-PHA, dated 22nd February, 1972 are given in the attached statement.

(c) In case of residential connections, the P&T Department has adopted even more strict measures than those outlined by Finance Ministry by compulsory barring of all residential service connections provided for non-gazetted officers.

Statement

It has been decided to STD bar most of the P&T service connections as a measure of economy at all exchanges where facility for STD barring exists or becomes available. In such exchanges STD facility should be barred from all office connections for officers below the rank of Divisional Engineer Telegraphs/Sr. Supdt. of Post Offices and equivalent. The office connections would also include those provided in Telegraph Offices, Telephone Exchanges, Post Offices, etc.

In regard to residential connections, the STD service may be barred from connections provided for officers below the gazetted ranks and on request from officers of gazetted ranks.

Exceptions to the general policy indicated in para 2 above may be made in very special cases by the Heads of Offices (not below the rank of Directors) after recording the reasons why it is considered essential to allow STD facility in the particular cases in public interest. A list of cases in which exceptions are made should be forwarded to the Director General, Posts & Telegraphs (PHA Section) together with the reasons recorded in each case. In respect of STD barred connections, access to the trunk service will be available as usual, i.e. via the manual trunk exchange.

**Cement factory at Cooch Behar;
West Bengal**

6056. SHRI R. N. BARMAN: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether his Ministry has received a scheme from the Government of West Bengal to issue a licence for a cement factory at Cooch Behar, West Bengal;

(b) if so, the outlines of the scheme proposed investment and employment potential and the time by which the Scheme will be cleared by Government; and

(c) if not, the reasons for delay in clearing the project?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): (a) to (c). An application has been received for a licence from the Government Meghalaya for the setting up of a cement factory at Garo Hills/Cooch Behar as a joint venture with the Government of West Bengal. A sum of Rs. 17 crores is to be spent on the scheme. About 900 persons are likely to get employment in various capacities. The application is being examined in consultation with the various authorities.

**Cigarette factory at Cooch Behar,
West Bengal**

6057. SHRI R. N. BARMAN: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether his ministry has received a request from the Government of West Bengal for the issue of a licence for a cigarette factory to be started at Cooch Behar, (West Bengal);

(b) if so, the outlines of the scheme, proposed investment and employment potential and how soon the same will be cleared by the Central Government?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) and (b). Recently a proposal was received from the Government of West Bengal for approval in principle to the setting up of a new industrial undertaking in Cooch Behar District for the manufacture of cigarettes by a company with foreign investment. The State Government have been informed that in view of the foreign investment involved, the dominance of foreign companies in this industry and the priority to be

assigned to this industry, the proposal could not be viewed with sympathy. They have however been informed that any other proposal sponsored by the State Government in an acceptable form could be considered.

Civil Force to cope with various Internal Threats to the Country

6058. SHRI RAMSHEKHAR PRASAD SINGH:

SHRI PRABHUDAS PATEL:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Union Government are considering to set up a strong civil force to cope with various internal threats to the country's security; and

(b) if so, when the final decision is likely to be taken?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) No such proposal is under consideration.

(b) Does not arise.

पांचवीं योजना का मसौदा

6059. श्री हुकम चन्द कछवाय : क्या योजना मंत्री यह बनाने की कृपा करेंगे कि :

(क) क्या पांचवी योजना का अन्तिम मसौदा इस बीच तैयार कर लिया गया है; और

(ख) यदि नहीं, तो इसके कब तक तैयार हो जाने की संभावना है ?

योजना मंत्रालय में राज्य मंत्री (श्री मोहन धारिया) : (क) पांचवीं पंचवर्षीय योजना का प्रारूप तैयार किया जा रहा है ।

(ख) सितम्बर, 1973 के अन्त तक ।

International News Agency

6060. SHRI FATESINGHRAO GAEKWAD:

DR. RANEN SEN:

Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether Government are aware that news about India and other Asian countries tend to be one-sided or slanted in favour of the West because the global news agencies incorporated in the Western countries dominate in Asia;

(b) if so, whether Government have made any efforts towards promoting an International News Agency in collaboration with other Asian countries; and

(c) if so, the main features thereof and the results achieved?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) Yes, Sir.

(b) Government consider it desirable to strive for greater flow of information between developing countries in Asia through bilateral arrangements between Indian news agencies and the news agencies in the countries concerned.

(c) Does not arise.

Utilization of mass media in curbing violence

6061. SHRI RAJDEO SINGH: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether the mass media can be successfully utilised in curbing violence by opening and maintaining channels of effective communications between the people and the policy-makers;

(b) whether the prime national objective was communicating the democratic way of life; and

(c) whether the mass media of communication miserably failed in conveying to the vast masses a correct appraisal of the important issues and the stakes involved and in securing their understanding and sympathy for a democratic and peaceful way of life?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) Media of mass communication comprise one of the important instruments in this endeavour.

(b) Communicating the democratic way of life is one of the major objectives of the media.

(c) No, Sir.

'Thinking Frying Pan' invented in Denmark

6062. SHRI RAJDEO SINGH: Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether Government are aware that one of the World's richest inventors, Karl Kroyer of Denmark, has invented a "thinking Frying pan", which will cook anything without use of hands;

(b) if so, whether Government consider it advisable to make use of this invention; and

(c) if not, whether Government propose to obtain the information and to develop it indigenously?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) No, Sir.

(b) Does not arise.

(c) Necessary information is being collected. The question of developing the invention indigenously does not arise at this stage.

Benefits given to Gazetted Officers of Telecommunication Winge

6063. SHRIMATI SAVITRI SHYAM: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether some fringe benefits have been given to Gazetted Officers of Telecommunication wings; and

(b) if so, the main features thereof?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA): (a) and (b). Gazetted Officers of Telecommunication wings are enjoying the same fringe benefits like House Rent allowance, reimbursement of tuition fee, medical facilities etc. which are being enjoyed by other gazetted officers of the Central Government sanctioned by the Ministry of Finance from time to time.

Recovery of dues from Telephone subscribers

6064. SHRIMATI SAVITRI SHYAM: Will the Minister of COMMUNICATIONS be pleased to state:

(a) the total amount to be recovered from the subscribers of telephones in all the States in the country, State-wise;

(b) the steps being taken by Government to recover the dues from the subscribers; and

(c) the reasons for not recovering the dues from the subscribers so far?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA): (a) As on 1-1-1973, the total amount of Rs. 680.78 lakhs was to be recovered from the subscribers of the telephones in all the States in the country. Detail according to P&T Circle/Districts is appended. Statewise figures are not separately available.

(b) The telephones of the defaulting subscribers (barring the telephones of exempted categories) are disconnected. Efforts to recover the arrears are made by correspondence and personal contacts. In the case of private subscribers whose connections have been closed, legal action is resorted to wherever necessary.

(c) The P&T Department provides telephone service to subscribers on a credit basis, the credit allowed to a subscriber in the shape of unrepaid local calls and trunk calls being virtually unlimited. Therefore, in a Department where the system of post billing is in vogue some arrears are inevitable.

Setting up of a Centre of Bhabha Atomic Energy Institution in U.P.

6065. SHRIMATI SAVITRI SHYAM: Will the Minister of ATOMIC ENERGY be pleased to state:

(a) whether Government propose to set up a centre of the Bhabha Atomic Energy Institution in Barielly District of Uttar Pradesh; if so, the proposed location of the centre;

(b) the time by which it will commence functioning; and

(c) the estimated expenditure to be incurred?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF ELECTRONICS, MINISTER OF INFORMATION AND BROADCASTING AND MINISTER OF SPACE (SHRIMATI INDIRA GANDHI):
(a) No, Sir.

(b) and (c). Do not arise.

Language in Port Blair Schools

6066. SHRI S. A. MURUGANANTHAM: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether in Port Blair the second language is Tamil according to the census of 1971;

(b) whether Tamil is taught up to 5th Standard only in the island;

(c) whether the Tamil Education Protection Committee in Port Blair has requested the Government to include Tamil along with the Bengali, Hindi, Urdu and English languages there; and

(d) if so, the decision taken by Government on it?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) The census figures relating to language data for Port Blair have not yet been finalised.

(b) In Andaman and Nicobar Islands education is already being imparted through the medium of the mother-tongue at the primary stage. Facilities are also available for the study of the mother-tongue, including Tamil, as a third language during the secondary stage.

(c) A demand has been made that the medium of instruction during the secondary stage should also be in Tamil.

(d) The matter is under consideration.

News Paper report captioned "I.S.R.O.-Nasa Joint experiment or U.S. espionage system over Indian Space"

6067. SHRI S. A. MURUGANANTHAM: Will the Minister of SPACE be pleased to state:

(a) whether Government's attention has been drawn to the report appearing in *Blitz* dated 10th March, 1973 under the caption "I.S.R.O.-Nasa Joint experiment or U.S. espionage system over Indian Space"; and

(b) if so, Government's reaction thereto?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF ELECTRONICS, MINISTER OF INFORMATION AND BROADCASTING AND MINISTER OF SPACE (SHRIMATI INDIRA GANDHI):

(a) Yes, Sir.

(b) The statements contained therein are not factually correct.

Checking of movements of privately owned vessels and motor-boats by Harbour Master of Andaman and Nicobar Islands

6068. SHRI BHAGWAT JHA AZAD: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the Harbour Master of Andaman and Nicobar Islands maintain record of all privately owned vessels and motor-boats and their movements to avoid enemy agents causing harm to national interests in these far off Ports of the country; and

(b) if so, whereabouts of motor-boat named 'Ranee' purchased by Andaman Timber Industries from her former owner, a planter, named Subhan Ali of Port Blair?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) No, Sir.

(b) Andamans Administration has set afoot enquiries regarding the vessel 'Ranee'.

Inter-State boundary disputes

6069. SHRI MUHAMMED SHERIFF:

SHRI R. P. ULAGANAMBI:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether there are some boundary disputes still pending amongst the States in the country; and

(b) if so, the main features thereof and the time by which these are likely to be solved?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). The three inter-State boundary disputes which exist at present, relate to (i) Assam-Nagaland boundary; (ii) Boundary between Punjab, Haryana and Himachal Pradesh; and (iii) Boundaries between Maharashtra and Mysore and Kerala. Government have appointed an Adviser to ascertain the facts relating to Assam-Nagaland boundary and the need for any adjustments and also to bring about an agreed solution. His recommendations are awaited. In regard to the other two disputes, the possible areas of agreement between the Chief Ministers concerned are being explored with a view to securing a mutually agreed solution. It is obviously difficult to set any time-limit for resolving such disputes.

Number of cases of the arrest of persons under M.I.S.A. reported to Central Government by the States

6070. SHRI DINEN BHATTACHARYYA: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the State Governments send reports regarding the arrest of persons under MISA;

(b) if so, the number of cases State-wise during the last one year; and

(c) whether the Home Ministry makes any review of the cases of arrest and in case of any misuse what is the suggestion of the Ministry to the State Government concerned?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) Yes, Sir. State Governments send such reports to the Central Government regarding orders of detention that have been made or approved by them, as required by Section 3(4) of the MIS Act, 1971.

(b) A statement is attached.

(c) No instances of misuse of the powers available under the MIS Act, 1971, have come to notice in the reviews in the Ministry of Home Affairs. Instructions have been issued to the State Government/Union Territory Administrations to ensure that all authorities competent to exercise powers under the MIS Act, 1971 are fully conversant with the requirements of the Constitution and the Act and that these requirements are strictly adhered to while making use of these powers. The State Governments/Union Territory Administrations have also been requested that while confirming detention orders issued by District Magistrates and Commissioners of Police, they should satisfy themselves that the requirements of the law and the Constitution have been fully met.

Statement

S. No.	Name of State/U.T. Administration	Number of persons detained in 1972
1.	Andhra Pradesh	73
2.	Assam	104
3.	Bihar	8
4.	Gujarat	36
5.	Haryana	2

1	2	3
6.	Jammu and Kashmir	70 (Up to 1-11-72)
7.	Himachal Pradesh	7
8.	Kerala	15
9.	Madhya Pradesh	55
10.	Maharashtra	37
11.	Mysore	3
12.	Orissa	1
13.	Punjab	98
14.	Rajasthan	7
15.	Tripura	36
16.	Uttar Pradesh	28
17.	West Bengal	3137
18.	Delhi	20 (Including 4 Nagas, detained by the Central Govern- ment.)
19.	Goa, Daman & Diu	1
20.	Mizoram	1

No such detentions were made in the remaining States/U.T. Administrations during the above period.

Control on manufacture of Flash Light Cases

6072. DR. RANEN SEN: Will the Minister of INDUSTRIAL DEVELOPMENT, SCIENCE AND TECHNOLOGY be pleased to refer to the reply given to Unstarred Question No. 8179 dated the 31st May, 1972 regarding production beyond licensed capacity by M/s. Union Carbide and state:

(a) whether any control exist in relation to the manufacture of flash light cases;

(b) whether Government directed the manufacturer of brass sheets not to supply brass sheets to Flash Light manufacturers;

(c) whether Government fixed a quota of 465 tonnes for Union Carbide vide letter dated the 17th July, 1970;

(d) whether the Union Carbide has drawn 600 and 677 tonnes of brass sheets during the year 1970 and 1971 respectively; and

(e) if so, the action Government have taken against Union Carbide?

THE MINISTER OF INDUSTRIAL DEVELOPMENT, SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) An informal arrangement exists whereby the two leading manufacturers of flashlight cases in the organised sector cannot produce brass flash light cases beyond a certain limit.

(b) Yes, Sir. But these instructions were issued in 1969 and withdrawn in 1970.

(c) Yes, Sir.

(d) Yes, Sir.

(e) A quota of 465 tonnes was fixed with reference to the capacity for brass flashlight cases. Brass is used also in the manufacture of switches and locks, whether torches are manufactured in plastic, aluminium or steel—for which the quantity of brass needed differs from torch to torch. Considering these additional requirements, the consumption of brass during 1970 and 1971 does not lead to any presumption that the party has produced brass torches in excess of the level of production allowed to it.

Skachkov Report on Soviet aided projects in India

6073. SHRI P. K. DEO: Will the Minister of PLANNING be pleased to state:

(a) whether Government have received the Skachkov Report from the Soviet Union regarding the Soviet Union-aided projects in India;

(b) if so, the main observations and recommendations made in the report and the reaction of Government thereto; and

(c) whether a copy of the report will be laid on the Table of the House?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) No, Sir.

(b) and (c). The Question does not arise.

High Power Transmitter at A.I.R. Visakhapatnam

6074. SHRI K. RAMAKRISHNA REDDY: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether High Power transmitter will be installed at Visakhapatnam A.I.R. Station; and

(b) if so, by which time the Transmitter will start functioning?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) Yes, Sir.

(b) 1975-76.

Day-time broadcast over Cuddappah Station of A.I.R.

6075. SHRI K. RAMAKRISHNA REDDY: Will the Minister of INFORMATION AND BROADCASTING be pleased to state whether Cuddappah Station broadcast programmes during day time also?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): No, Sir. But it is likely to do so before the end of 1973.

Inclusion of Research Officers/Asst. Directors working on ad hoc posts in the Indian Economic Service/Indian Statistical Service

6076. SHRI K. RAMAKRISHNA REDDY: Will the PRIME MINISTER be pleased to state:

(a) the number of Research Officers/Asst. Directors working on ad-hoc posts since 1966 but not included in the I.E.S./I.S.S.;

(b) whether the officers are getting their regular pay by issuing temporary sanctions; and

(c) whether any decision has been taken to include these officers having put in 5 years, in the regular I.E.S. (Indian Economic Service) I.S.S. (Indian Statistical Service) by changing their recruitment rules, if necessary?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) The number of officers working on an *ad-hoc* basis in Grade IV posts of the Indian Economic Service and the Indian Statistical Service from or before 31-12-1966 and who have not been included in either Service is 39 and 34 respectively.

(b) In all cases, approval of U.P.S.C. to the continued officiation of the officers is sought at periodic intervals and sanctions are issued on receipt of such approval. In some cases, however, interruptions have occurred in the officers drawing their salaries regularly, when they fell due. When such interruptions occur, Department of Personnel make special efforts to get the payment of salaries restored.

(c) No, Sir.

Application for Industrial Licences from Monopoly Houses

6077. **SHRI PRIYA RANJAN DAS MUNSI:** Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) how many new applications for licences of new Industrial Plants or schemes or projects have been submitted before the Ministry from 14th March, 1972 to 13th March, 1973.

(b) how many of them have been granted and which are those schemes and who are the entrepreneurs; and

(c) how many licences are yet pending for consideration and how many of them are within the monopoly houses?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) to (b). Statistics are being maintained calendar year-wise only. During the year, 1972, 1973 applications were received for the establishment of new undertakings. Against these applications, 97 letters of intent

and 9 licences have been issued. Details of licences and letters of intent issued are published regularly in the 'Weekly Bulletin of Industrial Licences, Import Licences and Export Licences', the weekly 'Indian Trade Journal', and the monthly 'Journal of Industry and Trade'. Copies of these publications are supplied regularly to the Parliament Library.

(c) Against 1673 applications, referred to above, 1297 applications were under consideration as on 1st January 1973 and 11 of these are from the larger industrial houses as defined in the Report of the Industrial Licensing Policy Inquiry Committee.

Wider Application of Radio-Isotopes

6078. **SHRI VISHWANATH PRATAP SINGH:** Will the Minister of ATOMIC ENERGY be pleased to state the steps being taken by the Government for wider application of Radio-Isotopes?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF ELECTRONICS, MINISTER OF INFORMATION AND BROADCASTING AND MINISTER OF SPACE (SHRI MATI INDIRA GANDHI): Details of the various programmes being undertaken in this regard are set out in annual Report of the Department of Atomic Energy for the year 1971-72, which was circulated to the Hon'ble Members and copies of which are available in the Parliament Library.

Annual Plan for Himachal Pradesh for 1973-74

6079. **SHRI PRATAP SINGH:** Will the Minister of PLANNING be pleased to state:

(a) whether Himachal Pradesh Government have submitted their annual plan for the year 1973-74 to the Central Government;

(b) whether the Central Government have accepted it, and if so, the outlines thereof; and

(c) if not, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) and (b). The State Government submitted plan proposals for Rs. 30.38 crores for the year 1973-74 against which a plan of Rs. 30.38 crores has been approved by the Planning Commission.

The sectoral outlays for the plan for Rs. 30.58 crores are as follows:—

	(Rs. in crores)
1. Agricultural and Allied Programmes including Cooperation, Community Development and Panchayats	9 35
2. Irrigation & Power	4 75
3. Industry & Minerals	1 64
4. Transport & Communications	7 69
5. Social Services	6 89
6. Miscellaneous	0 26
	30 58

(c) Does not arise.

“आधुनिक भारत के निर्माता” शीर्षक से एक पुस्तक का प्रकाशन

6080. श्री मूलचन्द डागा . क्या सूचना और प्रसारण मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या “आधुनिक भारत के निर्माता” शीर्षक से एक पुस्तक के प्रकाशन का कार्य पिछले दो वर्षों के दौरान प्रारम्भ किया गया था और यदि हां, तो उसके उद्देश्य क्या हैं, और उस पर 1971 तथा 1972 में, अलग-अलग, क्या व्यय हुआ ; और

(ख) उसमें किन-किन महान विभूतियों की जीवनियां प्रकाशित की गई हैं और

इस पुस्तक की कितनी प्रतियां अब तक बिक चुकी हैं ?

सूचना और प्रसारण मंत्रालय में उपमंत्री (श्री धर्मवीर सिंह) : (क) अप्रैल, 1957 में, ‘वर्तमान भारत के निर्माता’ माला के अन्तर्गत उन सुप्रसिद्ध व्यक्तियों की जीवनियां प्रकाशित करने का निर्णय किया गया था, जो राष्ट्रीय पुनर्जागरण तथा स्वाधीनता की प्राप्ति के लिए उदासी री हैं। 1971 तथा 1972 के दौरान इस योजना पर हुआ खर्च इस प्रकार है :—

1971	1972
रुपय	रुपय
78,195	12,930

(ख) “वर्तमान भारत के निर्माता” माला के अन्तर्गत अब तक जिन सुप्रसिद्ध व्यक्तियों की जीवनियां प्रकाशित की गई हैं उनके नाम तथा उनकी बिकी प्रतियों की संख्या ।

व्यक्ति का नाम	बिकी प्रतियों की संख्या

**“पीत पत्रकारिता” (येलो जनसिज्म)
के विरुद्ध विधान**

6081. श्री मूलचन्द डागा
सूचना और प्रसारण मंत्री यह बताने
कृपा करेंगे कि :

(क) क्या सरकार का ध्यान दैनिक
‘हिन्दुस्तान’ दिनांक 8 नवम्बर, 1972
में छपे सम्पादकीय नोट ‘पीत पत्रकारिता’
(येलो जर्नलिज्म) की ओर दिलाया
गया है और यदि हां, तो सरकार की उस
पर क्या प्रतिक्रिया है; और का

(ख) क्या सरकार का विचार पीत
पत्रकारिता को रोकने के लिए कोई सख्त
कदम उठाने और उसके लिए आवश्यक
विधान बनाने का है और यदि हां, तो
यह विधान कब तक बनाया जायेगा और
यदि नहीं, तो उसके क्या कारण हैं ?

सूचना और प्रसारण मंत्रालय में उप-
मंत्री (श्री धर्मवीर सिंह) : (क) और
(ख). सरकार ने सम्पादकीय को नोट
कर लिया है। यह ‘पीत पत्रकारिता’
को कोई प्रोत्साहन नहीं देती।

केन्द्रीय सरकार के विज्ञापनों के लिए
समाचारपत्रों तथा नियतकालिक पत्रों का
चयन करते समय इस बात का ध्यान रखा
जाता है कि प्रकाशन पत्रकारिता सम्बन्धी
नैतिकता के स्वीकृत सिद्धान्तों तथा मापदण्डों
का अनुसरण करता है या नहीं। ऐसे
समाचारपत्रों तथा नियतकालिक पत्रों को
विज्ञापन नहीं दिए जाते जो शालीनत
तथा नैतिकता के स्वीकृत सिद्धान्तों के
विरुद्ध आचरण करते हैं। तथापि, कोई
विशेष कानून बनाने का कोई प्रस्ताव नहीं
है, क्योंकि चरित्र विषयक आरोपों तथा
भयादोहन के विरुद्ध कानूनी उपाय पहले
ही हैं।

समाचार-पत्रों की स्वतन्त्रता के लिए सरकार बचनबद्ध है। समाचारपत्रों के स्वामित्व को औद्योगिक घरानों से अलग करने की सरकारी नीति समाचारपत्रों की स्वतन्त्रता को बढ़ाने तथा ऐसे ग्रुप हितों के दबाव को दूर करके इसको वास्तविक अर्थ देने की है।

राष्ट्रीय एकता के लिए संगठन और परियोजनाएं

6082. श्री मूलचन्द डागा : क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या राष्ट्रीय एकता से सम्बन्धित अनुसंधान परियोजनाओं तथा अन्य गति-विधियों के लिए स्वैच्छिक संगठनों को वित्तीय सहायता का प्रावधान 1970, 1971 और 1972 में किया गया था ;

(ख) यदि हां, तो वर्ष-वार कितना ; और

(ग) प्रत्येक कार्यक्रम पर कितनी धन-राशि व्यय की गई ?

गृह मंत्रालय तथा कार्मिक विभाग में राज्य मंत्री (श्री राम निवास मिर्धा) :
(क) और (ख) . जी हां, श्रीमान् । गृह मंत्रालय के बजट में 1970-71 वर्ष में 4,90,000 रुपये, 1971-72 वर्ष में 3,75,000 रुपये और 1972-73 वर्ष में 3,00,000 रुपये की व्यवस्था की गई थी ।

(ग) प्रत्येक कार्यक्रम पर स्वीकृत की गई धनराशि का विवरण सभा पटल पर रखा गया । [पुस्तकालय में रखा गया । देखिए संख्या LT 4721/73]

Location of Postal Research and Development Centre

6083. SHRI E. V. VIKHE PATIL:
SHRI D. B. CHANDRA
GOWDA:

Will the Minister of COMMUNICATIONS be pleased to state:

(a) the places where the proposed Postal Research and Development Centre and the regional workshops would be located;

(b) whether the Research Centre would be set up with foreign assistance; and

(c) if so, the nature of assistance expected to be received and from which countries?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA):
(a) Postal Research and Development Centre is proposed to be established as a Research Organisation but the location of the same has not been finalised as yet. The Regional Workshops which would be four in number are being tentatively proposed to be established for the four regions at Hyderabad, Rourkela, Nasik and Ghaziabad depending upon other facilities being available at these places. However, final locations will be decided when the projects are finally approved.

(b) No.

(c) Does not arise.

Development of Backward areas of Gujarat during Fifth Plan

6084. SHRI ARVIND M. PATEL:
SHRI VEKARIA:

Will the Minister of PLANNING be pleased to state:

(a) whether Central Government have received any scheme from Gujarat Government for the development of backward areas in the State during the Fifth Plan period; and

(b) if so, the salient feature of the scheme?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) Planning Commission have not so far received from the Government of Gujarat any scheme relating to the development of backward areas in the State during the Fifth Plan.

(b) Does not arise.

Films produced during 1970-71

6085. SHRI ARVID M. PATEL: Will the Minister of INFORMATION AND BROADCASTING be pleased to state the number of films produced in India during 1970 and 1971 year-wise and language-wise?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): The language-wise numbers of films produced in 1970 and 1971 (both long and short films) are as follows:—

S. No.	Language	No. of films during 1970		No. of films during 1971	
		35 mm	16 mm	35 mm	16 mm

Cement factories Functioning in India

6086. SHRI VEKARIA: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state the number of cement factories functioning in India, State-wise, and their annual production?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): A statement is laid on the Table of the House. [Placed in Library. See No. LT-4722/73.]

Films produced in 1972

6087. SHRI D. P. JADEJA: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) the number of films produced in India during 1972;

(b) the number of films which were passed by the Censor Board; and

(c) the number of films rejected and the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) 1746.

(b) 1736.

(c) 10 films were refused certificates as these were against public order, decency or morality or were replete with scenes of violence.

रोजगार के अवसर बनाने के कार्यक्रम के बारे में संसद सदस्यों के विचार

6089. श्री जगदीश नारायण मंडल : क्या योजना मंत्री यह बताने की कृपा करेंगे कि

(क) क्या अगले वर्ष रोजगार के अवसर बढ़ाने के लिए तैयार किए गए कार्य-

146 L.S.—8.

क्रम पर संसद सदस्यों की राय ली गई है ;

(ख) यदि नहीं, तो उसके क्या कारण हैं; और

(ग) क्या सरकार का विचार बेरोजगारों को रोजगार देने के लिए प्रत्येक संसद सदस्य के लिए रोजगार और धनराशि का कोटा नियत करने का है ?

योजना मंत्रालय में राज्य मंत्री (श्री मोहन धारिया) : (क) और (ख). सभी नीति सम्बन्धी मामलों पर माननीय संसद सदस्यों से हमेशा सलाह ली जाती है। कार्यक्रमों को तैयार करते समय सदस्यों द्वारा विभिन्न स्तरों पर व्यक्त विचारों को हमेशा ध्यान में रखा जाता है। रोजगार सम्बन्धी स्कीमों पर सम्बद्ध राज्य सरकारों तथा मन्त्रालयों से विचार-विमर्श किया जाता है और नीतियों के अनुसार ही इन्हें तैयार किया जाता है।

(ग) जी, नहीं।

Representation from Employees of Nizam of Hyderabad's Private Estate

6090. SHRI INDRAJIT GUPTA: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether any representation has been received on behalf of the employees of the Nizam of Hyderabad's Private Estate, alleging that their pensions are being transferred by the management from the "Khazana of Estate" to a Charitable Trust, thus avoiding the right of "Husne Khidmath";

(b) if so, whether this will make the pensioners dependent on charity and deprive them of their rights; and

(c) whether Government have taken any action to protect the pensioners' rights?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHR K. C. PANT): (a) to (c). The Government have received a copy of the representation addressed to the former Nizam of Hyderabad by the Nizam's Private Estate Dismissed Employees and Pensioners Association against the management of the estate in transferring the "Khazana of Estate" to the "Charitable Trust". As the employment is private, Government cannot interfere in the matter.

Installation of status of Netaji Subhas Chandra Bose at Port Blair

6091. **SHRI SAMAR GUHA:** Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Home Ministry decided during the last Lok Sabha to instal a statue of Netaji Subhas Chandra Bose at Port Blair and take other suitable measures to commemorate his visit to Andaman Islands, as the Head of the Free India Government in 1943, including his visit to Andaman Cellular Jail, which he described as Bastille of India;

(b) whether certain amount of fund was also allocated for the purpose; and

(c) if so, the main points of the Government proposal and the steps taken thereafter to implement them?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) to (c). Government had taken a decision to put up a statue of Netaji Subhas Chandra Bose at Port Blair. A sum of Rs. 2,479 lakhs was provided for this purpose in the Fourth Five Year Plan. The Lalit Kala Akademi, New Delhi, were requested to finalise a suitable design for the statue. It was also decided to pay Rs. 5,000/- each to the three artists for preparing scale model of the statue in plaster of Paris.

Visit of a Team of M.Ps to Andaman Cellular Jail

6092. **SHRI SAMAR GUHA:** Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether a team of members of Parliament was sent to the Andaman Islands to visit the Andaman Cellular Jail particularly to suggest ways and means to preserve the Cellular Jail there as a memorial for the revolutionaries and martyrs who were deported there by the British Government;

(b) if so, the outlines of the broad suggestions made by the team;

(c) whether Government have examined and approved the suggestions made by the M.Ps team; and

(d) if so, the steps taken by the Government to implement those suggestions?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) to (d). A statement is attached.

STATEMENT

A visit by a team of twelve Members of Parliament to the Andaman and Nicobar Islands during the period from 20th to 28th October, 1969, was arranged with a view to giving a group of interested Members of Parliament an opportunity to see the Cellular Jail at Port Blair. No specific request was made to the team to make any suggestions for the preservation of the Cellular Jail or on any other matter. One of the Members sent a 'draft' note containing his suggestions for the preservation of the Cellular Jail and for commemorating the association of these Islands with Netaji Subhas Chandra Bose, and also touching upon the problems of the displaced persons settled in these Islands. At the Members suggestion, the Department of Parliamentary Affairs circulated the

'draft' note to the other members of the team for making any additional suggestions or alterations, as the case may be. The Department of Parliamentary Affairs have informed that, so far, only four members have communicated their reactions. No reply has been received from the other Members.

It may, however, be mentioned that it has already been decided to preserve the Central Tower and the existing three wings of the Cellular Jail at Port Blair as a national monument.

A decision has also been taken to put up a statue of Netaji Subhas Chandra Bose at Port Blair.

Industrial Production in West Bengal

6093. SHRI SAMAR GUHA: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether industrial production showed promising growth during 1971-72 and the state of growth was maintained during the first part of 1972-73 in West Bengal;

(b) if so, the rate of growth during the period;

(c) the effect on industrial production due to shortage and irregular supplies of raw material and power crisis; and

(d) the reasons for promising growth of industrial production?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) A statement showing industrial production in West Bengal for certain major industries during 1970, 1971 and 1972 is laid on the Table of the House [Placed in Library. See No. LT-4728/73.]

(b) The precise overall growth rate cannot be worked out because the weighing diagram for these industries specifically for West Bengal is not separately available.

(c) Production in a number of industries has been hampered owing to shortage of steel but this has been only one of several reasons, many units being affected by other difficulties such as shortage of working capital and/or difficult labour relations. No information is available in regard to the effect on production of the recent power cuts.

(d) One factor behind the revival of a favourable industrial climate and of industrial production has been the sixteen-point programme adopted by the West Bengal Government, buttressed by the positive assistance given by the Industrial Reconstruction Corporation of India. A number of units have been revived by take-over of closed engineering units by the Central Government under the Industries (Development and Regulation) Act.

बिहार में डी० जी० टी०डी० की शाखाएँ खोलने का प्रस्ताव

6094. श्री विरंजीव झा : क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बिहार जैसे इस्पात का उत्पादन करने वाले मुख्य राज्य में डी० जी० टी० डी० के कोई कार्यालय नहीं हैं, और

(ख) यदि हाँ, तो इसके क्या कारण हैं और इनके कार्यालय उक्त राज्य में कब तक खोले जाएँगे ?

विकास तथा विज्ञान और प्रौद्योगिकी विभाग (श्री सी० सुब्रह्मण्यम) :
(क) बिहार राज्य सरकार किसी भी रूप

राज्य में तकनीकी विकास के महानिदेशालय का कोई कार्यालय नहीं है।

(ख) चूंकि तकनीकी विकास के महानिदेशालय के कार्य प्रमुख रूप से सलाह देने और विकास से सम्बन्धित हैं जिसमें संपूर्ण औद्योगिक क्षेत्र सम्मिलित हैं अतः क्षेत्रीय कार्यालयों की आवश्यकता महसूस नहीं की गई है।

दिल्ली में सीमेंट की कमी

6095. श्री शिवकुमार शास्त्री : क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या उनका ध्यान 'हिन्दुस्तान' (हिन्दी) दिनांक 7 मार्च, 1973 में प्रकाशित दिल्ली के कार्यकारी पार्षद श्री ओ० पी० बहल के उम वक्तव्य की ओर दिलाया गया है जिसमें उन्होंने कहा है कि सीमेंट की दिल्ली में जितनी मांग है उससे आधा भी गत माह नहीं आया;

(ख) क्या इससे जनजीवन बुरी तरह प्रभावित हुआ है; और

(ग) यदि हां, तो सीमेंट की अपेक्षित मात्रा में सप्लाई को सुनिश्चित करने के लिए सरकार द्वारा क्या कार्यवाही की जा रही है ?

औद्योगिक विकास मंत्रालय से उप-मंत्री (श्री प्रणव कुमार मुखर्जी) : (क) जी, हां।

(ख) और (ग) निम्नलिखित कारणों से सीमेंट की उत्पादन में गिरावट आ जाने

के कारण इन दिनों सीमेंट की कमी हो रही है :—

(क) 17 अगस्त, 1972 से 29 अगस्त, 1972 तक श्रमिकों की ग्राम हड़ताल।

(ख) हरियाणा, गुजरात, तमिलनाडु, आन्ध्र प्रदेश, उड़ीसा, मैसूर, उत्तर प्रदेश और राजस्थान के राज्य विद्युत् बोर्डों द्वारा की गई बिजली की कटौती।

(ग) आन्ध्र प्रदेश में मशीनों के खराब हो जाने तथा अशान्त स्थिति जिसके कारण यातायात पर प्रतिकूल प्रभाव पड़ा है।

इस कारणों के फलस्वरूप सीमेंट के उत्पादन में हुई अनुमानित कमी करीब 4 लाख मी० टन प्रतिमास है। जहां तक दिल्ली क्षेत्र का सम्बन्ध है 1965 से लेकर दिल्ली को भेजी जाने वाली सीमेंट की मात्रा में निरन्तर वृद्धि होती रही है किन्तु मांग में अधिक तेजी से वृद्धि हुई है। दिल्ली की सम्भरण स्थिति पर उपरि-लिखित कारणों का प्रतिकूल प्रभाव पड़ा है। जब कभी भी कमी की सूचना मिलती है, रेल विभाग के परामर्श से रेल द्वारा शीघ्रता से सीमेंट पहुंचाने के लिए विशेष कार्यक्रम तैयार किए जाते हैं। दिल्ली की तात्कालिक आवश्यकता को पूरा करने के लिए 13 मार्च, 1973 को 10,000 मी० टन अतिरिक्त सीमेंट भेजा गया था जो अब पहुंच गया है। समान वितरण का सुनिश्चय करने के लिए

दिल्ली प्रशासन ने आवश्यक वस्तु अधिनियम के अधीन 12 जुलाई, 1972 को एक आदेश भी जारी किया है जिसके द्वारा वह सीमेंट के प्रत्येक स्टैकिस्ट की स्वास्तविक बिक्री पर नियन्त्रण रखता है।

Scheme for development of Industries in Himachal Pradesh

6096. SHRI PRATAP SINGH: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether Himachal Government have submitted any scheme for development of small industries and medium industries in the State during 1973-74;

(b) if so, the outlines of the scheme and the nature of incentives proposed to be offered thereunder; and

(c) Government's reaction thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI ZIAUR RAHMAN ANSARI): (a) to (c). The annual plan proposals of Himachal Pradesh containing schemes for development of small, large and medium industries for 1973-74 were discussed in the Planning Commission. The schemes in the small scale sector include assistance under the State Aid to Industries Act and grant of loans by other State Financing Institutions such as the State's Small Industries Development Corporation, Industrial Cooperatives and Industrial Estates etc. The schemes under large and medium industries include modernisation and expansion of Nahan Foundry, taking up of new projects by the Himachal Pradesh, Mining and Industrial Development Corporation, establishment of a Cement factory, Granulated Fertilizer

factory, projects for spindle units, a Woollen factory and a Brewery etc.

The incentives for promotion of small scale industries include liberalised credit under State Aid to Industries Act, loans at concessional rates of interest by the term lending institutions. Similar incentives are not given to large scale or medium units. In addition 10 per cent Central subsidy on capital investment by industrial units in selected backward districts of the State.

Following outlays in respect of large and medium industries and village and Small Industries have been approved by the Planning Commission for the year 1973-74:—

(Rs. in lakhs)	
Large and Medium Industries	Village and Small Industries
95	61

Setting up of Public Sector Industries in Himachal Pradesh

6097. SHRI PRATAP SINGH: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether Government have any scheme for setting up some factories in the Public Sector in Himachal Pradesh during the year 1973-74; and

(b) if so, the broad outlines thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): (a) and (b). The Cement Corporation of India have a proposal to set up a cement plant at Paonta (Himachal Pradesh) with a capacity of 2 lakhs tonnes per annum

at an estimated cost of Rs. 1,178 lakhs. Preliminary action, in this connection will be taken during the year 1973-74. Actual production would, however, commence after four to five years.

प्रधान मंत्री के निवास स्थान के सामने
जन संघ के लोगों द्वारा धरना

6098. श्री हुकम चन्द कछवाय :
क्या गृह मंत्री यह बताने की कृपा करेंगे
कि :

(क) क्या भारतीय जनसंघ, दिल्ली
के लोगों ने प्रधान मंत्री के दिल्ली
स्थित निवास स्थान के समक्ष जनवरी,
1973 में धरना दिया था ;

(ख) यदि हां, तो उसके क्या कारण
थे ; और

(ग) इस सम्बन्ध में सरकार ने क्या
कार्यवाही की है ?

गृह मंत्रालय में उपमंत्री (श्री एफ०
एच० मोहलिन) : (क) से (ग). 14
जनवरी, 1973 को दिल्ली प्रदेश जनसंघ
के कुछ कार्यकर्ताओं ने प्रधान मंत्री के निवास
स्थान पर "धरना" दिया था। धरना
मूल्यों में वृद्धि और उचित दर की दुकानों
में कुछ अनिवार्य वस्तुएं उपलब्ध न होने के
विरुद्ध था। जनसंघ कार्यकर्ताओं ने इस
विषय पर एक ज्ञापन भी दिया था। ज्ञापन
की एक प्रति आन्तरिक व्यापार विभाग (अब
वाणिज्य मंत्रालय की अधीन) को भेज दी गई

**Inquiries against Dr. Mahtab and Shri
Biju Patnaik**

6099. SHRI GIRIDHAR GOMANGO:
Will the PRIME MINISTER be
pleased to state:

(a) whether Orissa Government had
so far appointed three inquiry com-
missions i.e. Sarju Prasad Commis-
sion, Madholkar Commission and the
Khanna Commission, to inquire into
certain charges against Dr. Mahtab
and Shri Biju Patnaik;

(b) if so, whether no action has so
far been taken by the Orissa Govern-
ment on the findings of those Commis-
sions; and

(c) whether the Union Government
are now considering to take urgent
steps to implement them?

THE MINISTER OF STATE IN THE
MINISTRY OF HOME AFFAIRS
AND IN THE DEPARTMENT OF
PERSONNEL (SHRI RAM NIWAS
MIRDHA): (a) The Khanna Commis-
sion of Inquiry was appointed by the
Government of Orissa in 1967 to en-
quire into allegations against Shri
Biju Patnaik and others. No Commis-
sion of Inquiry under the Commissions
of Inquiry Act, 1952 was appointed
under Shri J. R. Madholkar, who was
only requested by the State Govern-
ment to conduct a preliminary veri-
fication into allegations contained in a
Memorandum submitted to the Presi-
dent. On the basis of Shri Madhol-
kar's recommendations the Sarjoo
Prasad Commission was appointed by
the Government of Orissa in 1971 to
inquire into certain charges against
Dr. H. K. Mahtab.

(b) and (c). On the State Govern-
ment's request, the C.B.I. are taking
up investigation of such of the *prima
facie* charges against Dr. H. K. Mahtab
as have been established in the Sarjoo
Prasad Commission's report and which
indicate Commission of a cognizable
offence.

12 hrs.

**RE: REPORTED STATEMENT OF
ATTORNEY-GENERAL BEFORE
SUPREME COURT ABOUT AMEND-
ING MAINTENANCE OF INTERNAL
SECURITY ACT**

(Interruptions).

MR. SPEAKER: Order, order. You have already discussed it. There were many motions on that day—adjournment motion, privilege motion, calling attention, and motion under Rule 377. On that day, this was raised also as a privilege motion, and you based that on the newspaper report which was exactly the same as the lawyer says. On that basis I allowed it. The Minister put the other version. I gave you the choice, whatever statement was there in the paper, that was already before you.

(Interruptions)

MR. SPEAKER: Order, order. I shall call one by one and allow them one or two minutes each.

SHRI JYOTIRMOY BOSU (Diamond Harbour): Sir, the two counsels have given a written statement, addressed to your good self, saying that the Attorney-General did say, "If your Lordships strike down section 17A of the MISA, 5,000 detenus will have to be released forthwith in West Bengal alone and it will create serious difficulties for the Government" and so on. This letter is dated yesterday. "The Government will have the law amended in ten days' time in the light of the arguments that were presented." This makes all the difference, because Mr. Gokhale, while speaking on the adjournment motion, had categorically denied that the Attorney-General had made a submission before the Supreme Court taking it for granted that the Government will amend this Act to suit the conditions, and therefore, he has misled the House, and therefore, it is a fit case and it should be sent to the Privileges Committee, so that Mr. Gokhale, the Attorney-General, and the two advocates belonging to the opposite party, could be heard together and the House

should be given the correct information.

SHRI INDRAJIT GUPTA (Alipore): The statement made by the Law Minister during his reply on Monday has now been shown up in a different light in view of the statements made by the two advocates and which they have incorporated, I believe, in a letter addressed to you also.

The version of the newspaper reporter present in the court might be discounted; that is the way we function and I know the newspaper reporter has no chance pitted against the word of such an August personality as the Law Minister. But here are two responsible practising senior advocates of the Supreme Court who were appearing for the detenus in this case and after having read the statement made by the Law Minister in the House they have said: we take full responsibility for stating that the newspaper report was not distorted and what Mr. Niren De actually said was: we will have the law amended in ten days' time. They have stated that they have addressed a letter to you. The note placed by the hon. Minister before the House the other day says:

"In the circumstances the Attorney-General, on the instructions given to him at the Conference—(namely, the conference he had with the Law Minister)—and in view of the grave consequences that might arise if the Supreme Court gave a judgment immediately overruling Gopalan's case, requested for some time, namely, about a week or ten days, and assured the court that the Government would consider the matter in the meantime, including the amendment of the Internal Security Act, if considered necessary."

It is now quite clear that they are now trying to wriggle out of what was stated there, after having committed that indiscretion. Those responsible advocates say: they had stated that

[Shri Indrajit Gupta]

within ten days the Act would be amended and if necessary Parliament would pass it.

Our view is that it is a serious matter, because it affects the liberty of so many citizens. How to get at the truth? You have said: they have given one version and this is another version, how can I decide? Somebody has to decide and truth cannot be the casualty. If the advocates are wrong and are telling an untruth they must be prepared to take the consequences; if the Minister is telling an untruth and misleading the House he must take the consequences. The truth must be got at, and it can only be done if this matter is referred to the Committee of Privileges and they are permitted to go into the matter in depth to make detailed enquiries, take evidence and find out and then come before us with their report. Truth should not be stifled in this way. Those advocates are not irresponsible people.... (Interruptions).

MR. SPEAKER: Your motion was on the basis of the newspaper report. Now you are referring to the advocates.

SHRI INDRAJIT GUPTA: I am basing it on the newspaper report and also on the contention of the two advocates.

SHRI SEZHIYAN (Kumbakonam): The other day we had a discussion on the adjournment motion on the failure of the Government. Now this one is a privilege motion for misleading the House. During that discussion itself it was put clearly by me: "The Minister had laid on the Table a note given by Shri Niren De; there is a counter-statement by Prof. Mukherjee. Of course Prof. Mukherjee had not said exactly what had been told to him. But if he is going to rely on that or go by that, I am afraid we should have not only what was told to Prof. Mukherjee but also the version of other persons involved in this

because there have been the opposite counsels also, Mr. R. K. Garg and Mr. Gooptu. These two persons should be called. If they cannot come before the bar of this House, the entire matter should go to the privileges committee and the privileges committee should go through all the evidence and give an account of what has happened."

Therefore, Sir, whenever something inconvenient appears in the press—in this case it is significant, not one press but all the papers have published a uniform version—they say we won't accept. Previously also, in Pipelines Inquiry case, they said that what had appeared in the press was not reliable. In this case, we have got every reason to believe that what has appeared in the press is also corroborated by the Counsels who were present there, as also in the note given by Shri Niren De. He omitted what the judges said conveniently in the statement that has been presented to the House.

Therefore, the House may not able to go through all the evidences. I feel that this is a fit case to go to the Committee of Privileges.

श्री जगन्नाथ राव जोशी : (शाजापुर) :
अध्यक्ष महोदय, उस दिन सारा मामला यह था कि Whether anybody can take the Parliament for granted और सदन के सामने माननीय मंत्री महोदय ने जो वक्तव्य दिया उसके विरोध में दो सर्वोच्च न्यायालय के अधिवक्ताओं ने जब खंडन करके आपको भी लिखा है तो बात साफ है कि मंत्री महोदय ने सदन के सामने सही जानकारी नहीं रखी। इसलिये यह साफ विशेषाधिकार का प्रश्न बनता है इसको स्वीकार करने में आपको कौन सी आपत्ति है? इसको आप विशेषाधिकार समिति को सौंप दीजिये।

SHRI N. K. P. SALVE (Betul): Mr. Speaker, Sir, in the Opposition, if the opposition thinks that it would not be brow-beaten, they must equally realise that our party could not be brow-beaten either. Let us consider the matter on a rational plane. Sir, on your decision depends an extremely important precedent of the Parliament. The question involved is this: Do we accept the word of the Attorney General and a written report submitted by him and given to the Law Minister and read out by him with all the responsibility, or do we listen to the statement made by two lawyers who were interested in expeditious delivery of the judgment, as is reported? I do not want to go deep into the matter. But the two lawyers are known to be politicians. Your decision is on a delicate issue. There is a written report of the Attorney General on which the Law Minister, a highly responsible official of the Government of India makes a statement. He has described certain facts of the proceedings in the Supreme Court that referred to here. He is a Member of this House. As against his, if the words of the lawyers are to be taken, hereafter, imagine what will happen in this country? Any person will make a statement, contradicting a statement made in the House. Sometimes the opposition may make such a statement. And they may contradict what is said by the Government or what is said by the Member of this House or what is said by the Minister. And if we start a discussion and a debate on such controversy and refer it to the Privileges Committee, every time that would be the most pernicious, most deleterious and most disastrous precedent that will ever be laid down by this Parliament. (*Interruptions*).

SHRI PILOO MODY (Godhra): Mr. Speaker, Sir, I do not think that Indian jurisprudence has yet separated or segregated one category of people whose word counts for more than another category of citizen. If it happens, then we shall have to take a second look at Indian Democracy and

the Indian Parliament. But, as the Constitution stands and as Parliament stands, I find it highly objectionable for an Hon. Member to come and say that just because somebody happens to be so-and-so, a paid employee of the Government of India, and because he happens to be a Member of the House, which incidentally he is as a Law Minister, his word should weigh or count for more than the word of a respected citizen of a country who pays his tax just as equally as others.

SHRI SHYAMNANDAN MISHRA (Begusarai): This issue must be discussed a little more clearly than is sought to be done by the hon. members on the other side or, if I may be permitted to do so, as has been presented to the House by the Chair. The question with which we are grappling is whether the adjournment motion that we discussed two days before does away with the need for bringing a privilege motion or knocks down the basis for a privilege motion to be brought at this stage. The point which the Chair has made to the House is that since the adjournment motion was discussed, the discussion of a privilege motion was precluded. In my respectful submission, this would not be a correct position to take. At that time we did not press for the privilege motion because the rules regarding adjournment motions clearly state that if the adjournment motion is taken up, the privilege motion cannot be taken up simultaneously. During the course of the discussion, hon. members did make remarks to the effect that issues of contempt and privilege were indeed involved. However, it was only because of the rule with regard to the adjournment motions that we did not take up the matter. There was some justification for the House or for the Chair to think that since the note of the Attorney General which was placed on the Table of the House, the basis for the privilege motion did not arise nor was the basis for the privilege motion strong enough. The news-

[Shri Shyamnandan Mishra]

paper reports were sought to be rebutted by the note of the Attorney General. One could give the Attorney General the benefit of doubt and some amount of credence could be given to what he said in his note. Probably one would be in some difficulty in judging at that stage whether to place more reliance on the Attorney General's note or on the newspaper reports. Now that a new fact has been discovered and other parties concerned have come forward saying that the assurance in question was indeed given to the court, the matter becomes completely different from what it was at the stage of discussion on the adjournment motion.

श्री शंकर दयाल सिंह (चतरा) : अध्यक्ष महोदय, मेरा प्वाइंट आफ़ आर्डर है । मैं जानना चाहता हूँ—क्या आपने इस विषय पर कोई डिस्कशन एलाउ किया है ? अगर डिस्कशन एलाउ नहीं किया है तो सारी बात आपके सामने हैं, सब लोग बोल रहे हैं, इस मामले को आगे न बढ़ाया जाय । मैंने 317 के अन्तर्गत आप को लिखा था और आपने शायद एलाउ भी किया है, इसलिये आप दूसरे विषय को लीजिये ।

श्री नरेन्द्र कुमार साल्वे : ये सही बात कह रहे हैं, यह प्रोसीजर का सवाल है ।

MR. SPEAKER: May I request you to have patience and listen?

SHRI SHYAMNANDAN MISHRA: We have now got three versions of the alleged assurance of the Attorney-General to the Supreme Court: 1. The newspaper report; 2. The note of the Attorney-General; 3. The views of the two advocates who had appeared before the Supreme Court. I ask the Chair, what is the way of ascertaining the truth in this matter and whether the truth need be ascertained or not. Since the issue relates to the contempt of the House, and the assurance un-

dermines the dignity of the House, it is extremely necessary that the truth in this matter be ascertained. Had the issue been of a smaller nature, we could have ignored it. But since the assurance was given before the Supreme Court which means that the Attorney General wanted to bring the House into ridicule, we have every right to demand that the truth in this matter be ascertained. That can be done only by referring the matter to the Committee of Privileges which can hear evidence and contact all the parties concerned.

PROF. MADHU DANDVATE (Rajapur): I fully agree with the hon Member Shri Salve, that whatever ruling you give on this matter, is going to be the precedent for the future, and a very important precedent. You yourself in your initial remarks said that the subject-matter was already debated and discussed during the adjournment motion. I wish to point out that after the debate and rejection of the adjournment motion, new factors have come up. As was rightly pointed out, two counsels for the detenus have come forward with a statement and they say that they have forwarded a copy to the hon. Speaker so that he may consider it from the point of view of parliamentary democracy. Sir, I would request you to take up this matter as the Speaker of this House. As one hon. Member has rightly said, it is the word of the Attorney-General against that of two members of the bar. I would point out that a very dangerous precedent could be set up if you give premium to the statement that is made by the Attorney-General as against that of the advocates appearing as defence counsel, who have come out with this statement in the name of liberty and freedom. The hon. Minister in his statement has dubbed them as politicians. The Minister who made this statement is a politician and the Members of this House are politicians. To dub these advocates as politically-motivated people and to attribute motives to their statement is very wrong.

Sir, they have made an appeal to you through this statement. Therefore, it is a right issue for privilege and the privilege motion should be admitted.

SHRI DINEN BHATTACHARYYA (Serampore): Sir, the two advocates have very categorically stated that Shri Niren De:

"...did tell the court on March 30, that the Government will have the law amended in ten days' time in the light of the arguments."

They further say:

"He (Mr. De) was categorical that the law would be amended. It was clear to all of us present in the Court that the law would be amended within ten days in the light of the arguments."

So, here is a fit case to be referred to the privileges Committee. Do not take the onus on yourself, because the Privileges Committee is meant for that.

SHRI JAGANNATH RAO (Chattrapur): In the motion given notice of now, no new factors have been brought in. What the advocates have said has already appeared in the press. There was a full-dress debate on this issue by way of an adjournment motion. In the same session there cannot be another motion on the same subject. Even though it is given notice of as a privilege motion, the facts are the same—two versions of a case one by the Attorney-General and another by two advocates. It cannot be taken up, under rule 338.

SHRI SAMAR GUHA (Contai): According to the press report, Mr. Gooptu and Mr. Garg have addressed a letter to you. Not only that, they have also issued a statement to the press, contradicting the statement made by the Minister of Law and also by the Attorney-General, Shri Niren De. It is reported that Mr. Garg and Mr. Gooptu have addressed a letter, jointly, to you; first, I want to know whether it is a fact.

Secondly, they have categorically contradicted the statement that has been made by the hon. Minister of Law in an amended form. It has appeared in the Press. They have said it very categorically. What they have said, I do not want to repeat; many Members of Parliament have already quoted it. I want to know from you whether it is possible to verify what he said in the Supreme Court. It must be on record, Sir. It is not a hearsay; it is not a Press report. (*Interruptions*) Mr. Speaker, I want to draw your attention to the point that these two lawyers have contradicted the statement that has been made by the hon. Minister of Law on the floor of the House in an amended form. I want to know whether the statement made by the hon. Minister of Law is correct or whether the contradiction that has been issued by the two lawyers is correct. That can be verified from the record of the Supreme Court. I want to know from you, Sir, as a letter has also been addressed to you by these two lawyers, whether you are going to verify from the record of the Supreme Court if what Mr. Niren De said, as has been reported by the Law Minister here, is correct or not.

SHRI R. S. PANDEY (Rajnandgaon): On a point of order. I would like to have your precise ruling whether we are going to take notice of the statement made outside parliament or whether we are going to take notice of the statement made by the Minister of Law on the floor of the House.

SHRI A. K. M. ISHAQUE (Basirhat): Some members have suggested that parliament should ascertain the truth. I want to know from you when from Parliament has assumed to itself the duty of ascertaining the truth. This function, so far as I know, belongs to a court of law. Parliament never assumes to itself this function.

SHRI VIKRAM MAHAJAN (Kangra): The question now being raised was raised last time when the Adjournment Motion was being discussed.

[Shri Vikram Mahajan]

There are certain practices and procedures which are followed in this House. One of them is this. I am reading Rule 338:

"A motion shall not raise a question substantially identical with one on which the House has given a decision in the same session."

Now, Sir, what is the issue involved? The issue involved now is the statement of Mr. Niren De in the Supreme Court. This has already been discussed. I humbly submit that you may not permit them to raise this issue again because this will be violation of the practice and procedure of this House.

SHRI S. M. BANERJEE (Kanpur): My point of order is this(Interruptions)

MR. SPEAKER: Mr. Pandey, please do not get up every time....(Interruptions). I have to give the ruling, not they.

SHRI INDRAJIT GUPTA: What Mr. Pandey is saying amounts to this, that only these hon. Members of Parliament sitting inside this Chamber can be relied upon and every citizen outside the Parliament has got no value.

SHRI K. S. CHAVDA (Pafan): A very dangerous statement (Interruptions)

MR. SPEAKER: Please sit down and listen....

SHRI S.M. BANERJEE: My point of order is this. You have observed that because the matter was discussed in the form of an adjournment motion and there had been a threadbare discussion when both the parties expressed their views, you consider that it is also included in that and that no more discussion is necessary and that this cannot be referred to the Privileges Committee.

May I remind you that in this House when certain statements were made by some hon. Members and the Minister challenged it, then a privilege motion against that particular Member for making a wrong allegation against the Minister was moved in this House. I can quote that instance.

In this particular case, after the publication of the press reports and after seeing the observations made by these two Counsels, Shri R. K. Garg and Shri Googtu and they have written to you a letter also wherein they have quoted the exact words which were uttered in the court or at least the observations of Mr. Justice Hegde must have been noted. (Interruptions).

Sir, now, if there is no privilege against the Law Minister, then there can be a privilege motion against Shri Garg and his friend, Shri Googtu, for distorting the proceedings of the House. Suppose I move a privilege motion against them for distorting the proceedings of the House, will you allow in that case Mr. Garg to come here and explain the whole case himself?

Mr. Garg is as responsible and as honourable as any of the hon. Members of this House, including the Ministers. When Members of this House say something about outsiders, they are protected because they enjoy immunity. What about those outsiders who say something about this House? They are hauled up. (Interruptions).

Sir, here, it is a fit case for being sent to the Privileges Committee and I hope you will kindly give your ruling on the basis of the glorious tradition of this House.

MR. SPEAKER: I hope you will kindly.....

SHRI SEZHIYAN: You can consider and give your decision.

SHRI JYOTIRMOY BOSU: In the afternoon, if you like.

MR. SPEAKER: For what reasons?

SHRI JYOTIRMOY BOSU: For sending it to the Privileges Committee.

MR. SPEAKER: Why in the afternoon? You will not then hesitate to say I am pressurised and all that. I do not want that....

SHRI SHYAMNANDAN MISHRA: In the case of privilege, the Chair must give a very comprehensive and detailed ruling.

MR. SPEAKER: I will bring you the sequence of the events. You brought motions you brought motions—for adjournment, privilege motions and calling-attention motions.

SHRI JYOTIRMOY BOSU: Did you find time to read them all? Why are you mixing them up?

MR. SPEAKER: Don't talk irresponsibly. Kindly sit down....(Interruptions). If you do not want it, I will proceed to the next item.....(Interruptions). You gave four types of Motions the other day, and you based your Motions on the newspaper report. On those Motions I said: There are four of them. What type of Motion would you like to be discussed? Then you said, Adjournment Motion. Then a point of order was raised and I read out the rule on the Adjournment Motion. It was also pointed out by Mr. Mahajan. Then there was the contention which I accepted, because it is provided in the Rules themselves, that Adjournment Motion shall not raise a question of privilege. When I put this to the House, you said, no, no, we will not take it as that, we want Adjournment Motion. So that matter was discussed. For three hours you had been

discussing it. And, the House gave a decision on it.

Today I received the letter from two honourable lawyers. References were made to that letter. Now, I may tell you, I belong to the same profession, I have been practising, I have been teaching. I have all respects for lawyers on this side or that side. The lawyers base that motion on the newspaper report and the Minister contended and said this thing and that thing.

SHRI JYOTIRMOY BOSU: What is this thing and that thing, Sir?

MR. SPEAKER: They did not accept your version; they had their own version. You had your own version. Kindly sit down. So long as it pleases you, you listen with patience. Whenever you find it is not so pleasing to you, you immediately start interrupting. Kindly don't do it.

After quoting the Attorney General, this is what the lawyers have stated—this is on top of page 2. They stated:

"The newspaper reports referred to in this note are correct and statements attributed to the Attorney-General in the newspaper set out the position absolutely correctly."

Now, that Motion which I allowed, was based on the newspaper report. It is again on the same newspaper report that the lawyers are now basing their claim, which report, they say, is correct. There is no question of saying that the lawyers are right or wrong or that the Attorney General is right or wrong. The basis of the whole discussion was the same newspaper report, which these lawyers are quoting now. On that basis the discussion was allowed. The subject-matter was discussed for three hours.

[Mr. Speaker]

The House gave its finding, its decision. An identical matter cannot be discussed now in the House once again. It is an identical matter and therefore, there is no question of raising the same matter in any other form, in any other motion. I am not allowing it.

(Interruptions)

MR. SPEAKER: I am not allowing anybody. Papers to be laid on the Table. Shri Ram Niwas Mirdha.

12.45 hrs.

PAPERS LAID ON THE TABLE

NOTIFICATIONS UNDER ALL INDIA SERVICES ACT, 1951

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): Sir, I beg to lay on the Table a copy each of the following Notifications (Hindi and English versions) under sub-section (2) of section 3 of the All India Services Act, 1951:—

- (i) The Indian Forest Service (Probation) Amendment Rules, 1973, published in Notification No. G.S.R. 257 in Gazette of India dated the 17th March, 1973.
- (ii) The Indian Administrative Service (Cadre) Amendment Rules, 1973, published in Notification No. G.S.R. 277 in Gazette of India dated the 24th March, 1973.
- (iii) The Indian Police Service (Cadre) Amendment Rules, 1973, published in Notification No. G.S.R. 278 in Gazette of India dated the 24th March, 1973.
- (iv) The Indian Administrative Service (Recruitment) Amendment Rules, 1973, published in Notification No.

G.S.R. 279 in Gazette of India dated the 24th March, 1973.

- (v) The Indian Police Service (Recruitment) Amendment Rules 1973, published in Notification No. G.S.R. 280 in Gazette of India dated the 24th March, 1973.

[Placed in Library. See No. LT-4707/73.]

REVIEW AND ANNUAL REPORT, ETC. OF URANIUM CORPORATION OF INDIA LTD.,
JADUGUDA

SHRI RAM NIWAS MIRDHA: Sir, on behalf of Shri K. C. Pant, I beg to lay on the Table a copy each of the following papers (Hindi and English versions) under sub-section (1) of section 619A of the Companies Act, 1956:—

- (1) Review by the Government on the working of the Uranium Corporation of India Limited, Jaduguda, for the year 1971-72.
- (2) Annual Report of the Uranium Corporation of India Limited, Jaduguda, for the year 1971-72 along with the Audited Accounts and the comments of the Comptroller and Auditor General thereon. [Placed in Library. See No. LT-4708/73.]

12.46 hrs.

RE. REPORTED STATEMENT OF ATTORNEY GENERAL BEFORE SUPREME COURT ABOUT AMENDING MAINTENANCE OF INTERNAL SECURITY ACT—contd.

(Interruptions)

MR. SPEAKER: May I request you to kindly sit down. I have already given my ruling. I am passing on to the next item. Two Ministers already laid their papers.

MODY: Sir, as far as the subject of the ad-

directly
er the
majority correctly disposed of. But in
the course of the adjournment motion
statements were made here, which are
incorrect. Those statements become a
matter of dispute. This has nothing to
do with the subject matter at all. It
has to do with the Minister whether
he spoke all untruth or not.

12.47 hrs.

RE MISCELLANEOUS ISSUES
RAISED BY MEMBERS

श्री शंकर दयाल सिंह (चतरा) :
मैं आपके माध्यम से मंत्री महोदय का ध्यान
डालमियानगर में चल रही पन्द्रह हजार मजदूरों
की हड़ताल की ओर दिलाना चाहता हूँ ।
यह हड़ताल 27 तारीख से चल रही है ।
यह उनकी रोजी रोटी का सवाल है ।
उनके परिवारों का सवाल है । मैं
प्रार्थना करता हूँ कि मंत्री महोदय हस्तक्षेप
करें और मजदूरों की हड़ताल तुड़वायें और
उनकी तथा उनके बाल बच्चों की जान
बचायें । साथ ही वह एक वक्तव्य भी इसके
सम्बन्ध में सदन में दें ।

SHRI SAMAR MUKHERJEE
(Howrah): Sir, I wish to raise the
following serious matter and request
the concerned Minister to make a
statement thereon.

On the 2nd April, 1973, 15,000 wor-
kers of the Bhilai steel plant were
teargassed and lathi-charged by the
police when they were demonstrating,
demanding equal treatment of non-
operational and operational staff of
the steel plant in the matter of bonus
and incentive in production.

The workers were going to submit a
memorandum to the Minister of Steel
and Mines, Shri. Kumeramangalam,
who was in Bhilai on that day. The
demonstration was entirely peaceful.

According to the telegram which I
have received from Bhilai, a large
number of workers were injured in
the indiscriminate lathi charge. The
workers have every right to demand
redressal of their grievances from the
concerned Minister peacefully. The re-
pression let loose on the workers by
the police will not be conducive to
the functioning of the steel plant. So,
I wish to raise this matter at this
zero hour today in this House.

SHRI SAMAR GUHA (Contai): Sir,
I have also written to you on this
matter. I want also to draw your
attention to the fact that there were
15,000 workers in Bhilai who have not
only been lathi-charged but brutally
teargassed also. They wanted to pre-
sent a memorandum to the concerned
Minister, the hon. Minister of Steel
and Mines. The matter is very serious
for other reasons also. The Chief
Minister of Madhya Pradesh was also
concerned with it. It was a very legi-
timate demand of the workers, the
non-operational workers who want to
have the same privilege and benefit as
the operational workers there in re-
gard to bonus and other concessions
for the workers. They had a legiti-
mate right to appear before the hon.
Minister, and there is nothing in the
report that appeared in the press to
show that these 15,000 workers who
met the hon. Minister to place their
memorandum before him indulged in
any untoward incident, or that they
were going to give any trouble. On
the refusal of the hon. Minister to
accept their memorandum, and the
Chief Minister also was there and
when they were raising some slogans,
and when there was only a peaceful
demonstration, and when they were
only waiting on the hon. Minister and
the Chief Minister, in a mood of ap-
prehension the police started lathi-
charge and tear-gassing,

This is a matter which concerns this
House, and I would also like to make
a request of the hon. Minister of Steel
and Mines, comrade Kumeramanga-
lam the former comrade Kumeramanga-
lam—

AN HON. MEMBER: Ex-comrade.
(Interruptions)

SHRI SAMAR GUHA: Yes ex-comrade Kumaramangalam, to make a statement on this matter.

SHRI DINEN BHATTACHARYYA (Serampore): Yesterday we gave a calling attention notice. It was decided that it would come today. What about the Minister?

MR. SPEAKER: The Minister is in the hospital. The Minister suddenly had to be removed to the hospital. I am very sorry about it. Will you make some statement now or later on?

इस्पात और खान मंत्रालय में उप-मंत्री
(श्री सुखदेव प्रसाद) : इस बारे में फैक्ट्स कलेक्ट किये जा रहे हैं। हम बाद में स्टेटमेंट देंगे।

MR. SPEAKER: He is saying that the information will be given before the House.

SHRI JYOTIRMOY BOSU (Diamond Harbour): Sir, I seek your permission. I wrote to you about the jute workers of Kanpur.

MR. SPEAKER: It was already raised in this House.

श्री जगन्नाथ राव जोशी (शाजापुर) :
अध्यक्ष महोदय, बम्बई—आगरा नेशनल हाईवे पर चम्बल नदी के पुल का एक पायर फंसा जाने के बारे में मंत्री महोदय ने इस सदन में एक वक्तव्य दिया था। आज खबर आई है कि उसके तीन पायर और चार स्तंभ गिर गये हैं। एक चौकीदार भी नदी में गिर गया, जिसकी आर्मी ने बचाया। मैं चाहता हूँ कि मंत्री महोदय इस बारे में एक वक्तव्य दें और बतायें कि यह घटना क्यों हुई और इसमें किसकी लापरवाही थी।

नौबत और परिवहन मंत्री (श्री राध बहादुर) : अध्यक्ष महोदय, इसमें लापरवाही का प्रश्न पैदा नहीं होता। मैंने 1 मार्च को निवेदन किया था कि इस पुल के 17वें पीयर की बुनियाद दो फीट घंसा जाने की वजह से पुल का 200 फीट डैक नीचे झुक गया और आवागमन को खतरा पैदा हो गया। हमने पुल पर यातायात बन्द कर दिया और दूसरी वाक्स्था की कि जिससे आवागमन जारी रहा। हमें 3 अप्रैल को सुबह यह रिपोर्ट मिली कि उससे पिछली रात को क्रेकड पोर्शन के दो इवटमेंट्स के बीच में चार आर्चें थे, वे गिर गये। यह हादसा रात के बक्न दुप्रा और इत्तिफाक से उस बक्न वहां कोई नहीं था। उसमें चौकीदार को भी चोट नहीं आयी। चौकीदार ज़ौरह सब सुरक्षित हैं।

इस बीच में हमने यातायात जारी कर दिया है। एक फेरो चल रही है। हम पानटून इकट्ठे कर रहे हैं। खयाल है कि 20 अप्रैल तक यातायात पूरी तरह चलू हो जायेगा। इसके साथ ही मरम्मत का भी इन्तजाम किया जा रहा है। इसकी छानबीन करने के लिये हमने जो इंजिनियर्स भेजे, उन्होंने बताया कि नीचे चट्टान में क्रेक नज़र आया। इसके अलावा उन बेल्ट का स्टैमिंग भी कैंकड था, जिस पर पायर बने होते हैं। चट्टान के नीचे घंसा जानों की वजह से ऐसा हो सकता है। कुछे पीयर चट्टान पर बने थे और कुछे उभरे नहीं थे कि चट्टान भी नीचे घंसा सकती है।

SHRI S. M. BANERJEE (Kanpur): I raised the question about the strike in the J and K jute mill and only because of this they have started sacking the trade union workers.

MR. SPEAKER: It was raised in this House already; you cannot raise it a second time.

SHRI S. M. BANERJEE: The Minister did not make a statement that day. When I raised this question last time, you said that you would ask the Minister to make a statement. The strike has been there for the last 66 days in Kanpur and many persons are being sacked. In view of this you should request the hon. Minister to make a statement. Or, let this mill be taken over by the Government.

SHRI JYOTIRMOY BOSU: Hundreds of workers will benefit if you kindly ask the Minister to make the statement.

MR. SPEAKER: We shall now take up the discussion on the next item.

DEMANDS FOR GRANTS—1973-74—contd.

13 hrs.

MINISTRY OF HEAVY INDUSTRY—contd.

MR. SPEAKER: The time allotted for these demands was five hours; and three hours and ten minutes are available. I hope the Parties will stick to their timelimit.

SHRI D. D. DESAI (Kaira): In the past few hours we have discussed the demands for grants of the Ministry of Heavy Industry. This Ministry has been recently created and that very fact clearly establishes the importance that the Government attaches to this sector. The policy in respect of the general development of heavy industries has already been announced and the growth of capacity has been remarkable, both in the public sector and the private sector.

There have been, in few cases, non-utilisation of capacity and carried forward losses. The new Ministry is

charged with a great responsibility of recovering past losses as well as making good the established capacity and to this extent, the Parliament may wish Godspeed. We should not even mind approving the grants which have been requested in the fullest measure. The new capacity which is required to be created is also of a substantial nature because, our country was known more to be related to handicraft and cottage industries during the pre-Christian era and post-Christian era. In fact, according to Parkinson, for nearly a thousand years between 250 B.C. and 850 A.D. India was the largest exporter in the world and all the gold of the world flowed to India in return for the goods supplied by India. This was the Indian artisan's capability.

But, with the industrial revolution, because of slavery—the bondage we lagged behind considerably in this particular field. And now we have to make good this past period by our accelerated progress for which the Ministry is applying its efforts. The goods which are covered by this industry are of a very wide nature. Their importance is so great for they are related to important sectors or vital sectors like fertilisers, refineries, heavy chemical plants, steel plants, metallurgical industries, smelters for non-ferrous metals, rolling mills, power plants railway locomotives, cement plants, sugar plants, paper and pulp plants, equipments for material handling synthetics and textile machinery and a very wide variety of things are involved. The know-how for all these things is yet to be fully established in this country. I am glad that the Ministry has secured advanced know-how, for example, for boilers, that of combustion Engineering of U.S.A. and for machine tools from American Tools and so on, many collaborations have been obtained. These would naturally result in a certain amount of upgrading of the products which are already being manufactured within the country.

[Shri D. D. Desai]

The industry has substituted imports which have resulted in self-reliance. That cannot be denied. The figures are reflected in the present year's imports. In spite of our increased industrial tempo, the overall imports on account of machinery had gone down. Had it not been for the food and other imports, our present year's surplus would have been considerably more. This increased export or the increased surplus is partly offset by the power shortage that the country suffers from. I would request the Ministry—not to be critical but constructive criticism—to help relax the imports of large turbo generating sets. HEIL and BHEL have already got ample orders in hands. They had also got the benefits of banning imports, even before the first Turbo generating set was not even installed. After ten years, we have hardly and commissioned 0.54 million K.W. out of 18 million K.W. of today's installed capacity. We will have hardly 20 million K.W. of installed capacity at the end of the Fourth Plan period which is less than the targetted capacity by about 4 million K.W. We must blame ourselves partly for having not established 24 million K.W. in spite of all these units operating in the heavy electrical sector.

Now, the private sector electrical industry, is set for an annual growth rate of 3 million K.W. The private sector electrical industry is fully geared to deliver power transmission, distribution and power utilisation equipments, for 3 million K.W. annual growth rate. Unfortunately, our turbo generating sets production is very considerably less. Therefore the Ministry should help in overcoming this gap. The target for the Fourth Plan, according to Heavy Industry Ministry is 35 million K.W. or a little more. But yesterday the figure given by the Minister of Irrigation and Power was 52 million K.W. at the end of 1981. This difference is obviously substantial. In any case, the Heavy Industry ministry will not be able to

make deliveries on time of the turbo sets to make up even 35 million K.W. So, to bridge the gap, the ministry may itself make certain import arrangements promptly for making power available. The ratio is, that one rupee invested in the power sector generates yearly Rs. 20 in GNP and in addition, stresses and strains due to shortages, unemployment, and so on. Could be avoided. We should look at it from an overall angle and not a sectional angle of a particular department or ministry.

The present day world market is Rs. 10,000 to 20,000 a ton of sophisticated fabricated steel items. Within this country we are able to manufacture between Rs. 5,000 to 7,000 a ton. With our largest known iron ore reserves and our indigenous machinery fabrication facilities and capacity to deliver machinery for international markets, our country can very well take advantage of this situation and increase the exports.

In each unit the kind of difficulty the ministry has suffered, there are two common points before us—labour and power. Labour Ministry is under the Government of India and power also is in the public sector. So, it is possible to mend these things. In any case every country has these problems and these are required to be solved. Personnel policy, power and other inputs should be taken good care of before embarking upon investments and industrial operations as is done in other countries.

It is stated that certain incentives have been given for developing backward areas. The other day I had mentioned that in a country like Ireland hardly 20 miles from Dublin, people consider the area to be backward and 35 to 40 per cent is given straightway as grant. £4,000 are given as grant to industry for every employee that gets new employment. 75000 persons are unemployed and the Government of Ireland is going all out to see that everyone gets employment. £4,000 are equal to Rs. 80,000

almost. We do not need so much money in this country to do it. But the importance is emphasised by this figure that employment is considered so vital in advanced countries and the incentives offered are substantially more.

There has been often talk about failure in the public sector. Yesterday the Minister for Industrial Development said in this respect that certain units have come out of the red and are making profits because they have changed the top managers. That itself indicates that the initiative of an individual does play a substantial part. In that case, why should we have objection to the initiative of the individual in other matters? In this aspect we have seen a substantial contradiction because we think that a body which has not a definition is in a good position to undertake a function which an individual is discredited to discharge. As far as the industrial policy is concerned, whether it be the Government or the industry or the social sphere, the initiative of the individual plays a substantial part. The Minister of Industrial Development himself praised the work of certain individuals. At the same time, he is thinking of organising the industry in a manner where the individual is totally lost. I would request the hon. Minister to see that the initiative of the individual is utilized to the maximum benefit of the country.

In the field of transport, automobiles, shipping and a few other fields we have to do a lot. A lot of criticism has been levelled against Indian motorcars. Yet, nothing has been done to improve. Then, we are still making small boats of 10,000, 20,000 or 30,000 tonnes while a small country like Japan is making ships or tankers of one million tonnes. With such a long coastline, with excellent facilities for dredging for deep sea harbours, why should we annually import such huge quantity of shipping tonnage, when it is very easy to buy the plates, fabricate them and give employment within our own country? Therefore,

I would request the hon. Minister to locate at least three, four or half a dozen ship-yards for manufacturing ships for the international market. Because, shipping is one area where labour-intensive work is involved. That is one of the reasons why Japan has been able to outstrip the United States, U.K. and Western Europe, which have been very much advanced in designs and other things. I would repeat that greater importance and stress should be given to shipping for which India was known from time immemorial. In fact, during the Spanish Armada Nelson's fleet contained several ships manufactured on the Gujarat coast. It is a historic fact that lead could be re-established.

MR. SPEAKER: So, Gujarat contributed to the might of the British.

SHRI D. D. DESAI: Sir, I would close my speech by thanking you for giving me the time for supporting the Demands of the Ministry. Most of us have wished the new Minister well in his task, which is of a very difficult nature.

SHRI V. MAYAVAN (Chidambaram): Mr. Speaker, Sir, at the outset. I congratulate the new Minister on his having taken over this portfolio. He is a dynamic person and will be able to deal with the various aspects of heavy industries in a clever and tactful manner. This is a newly created Ministry. Most of the units here have been drawn from the Ministry of Industrial Development and Ministry of Steel and Mines. It is just 57 days' old and this baby has to bear the hunt of all kinds of mismanagement of public sector undertakings like the Heavy Engineering Corporation, Heavy Electricals, Bharat Electricals Ltd., Mines and Allied Machinery Corporation, HMT, etc., etc. Sir, I am sure that the new Minister will be able to bring up this child by way of feeding the raw materials and settling labour disputes. I would like to refer to certain misplaced aspirations and hopes of the Ministry.

[Shri V. Mayavan]

It is stated on page 4 of the Report:

"As at the end of October, 1972, the total value of orders in hand with varying deliveries during next five years is about Rs. 222 crores."

I would like to know from the hon. Minister as to when these orders have been placed with Heavy Electricals, Bhopal and their scheduled dates of delivery. It is not a question of making profits or losses, but it is a question of sound business management. How many times have the Heavy Electricals requested for the postponement of the scheduled delivery dates.

Coming to the Heavy Pressure Boiler Plant at Tiruchi, is it not a fact that, on account of the delay in the supply of generating machinery, the Aton Power Project at Kalpakkam is getting delayed by three or four years?

Regarding Heavy Electricals Equipment Plant at Hardwar, it is stated in the Annual Report on page 8:

"There is likely to be a shortfall in production due to delayed delivery of imported components and unreliable quality of indigenous castings. The matter is being taken up with the suppliers to improve the quality and delivery of indigenous castings."

I want to know categorically from the hon. Minister the value of the purchase of unreliable indigenous castings. If there has been a contract, what action has been taken against the suppliers for giving unreliable castings?

As regards HMT, it had been the most rewarding public sector unit. But during the year 1972-73, it was afflicted by frequent labour let-downs. I am quoting from page 11 of the Report:

"Unfortunately the Company has been beset with recurring labour

troubles. As a result, the industrial relations, particularly during the second and third quarters of the current financial year, in HMT I and II and Watch Factory at Bangalore deteriorated."

I would request the hon. Minister to inform the House as to what kind of steps have been taken to resolve the labour disputes in HMT. I understand that the labour of HMT have got some genuine grievances. Government is professing to have given the prime of place for labour welfare. But I wonder how the HMT management had allowed eruption of labour unrest in 1972-73. This eruption cannot take place overnight. It must have been simmering for long. I request the hon. Minister to bestow his attention to settle this labour unrest as regards HMT. It gets the world market; so we may be able to earn a lot of foreign exchange if that labour unrest is settled.

Most of our heavy industrial units are the mercy babies of foreign collaborators. I can quote many instances how the production of various heavy industrial units suffered. The Heavy Electricals, Hardwar suffered in production on account of the delayed delivery of imported components. The Machine Tools Corporation of India also suffers in production on account of delay in respect of imported components and raw materials. Scooters (India) which has been recently set up in Lucknow is yet to get a lot of plant and equipment from Italy.

Here, I would like to refer to the report of the year 1972 of the Ministry of Industrial Development in which it has been categorically stated that the country is in a position to supply to developing foreign countries the required number of cranes and wagons. How hollow this claim of one wing of the Government of India is, can be well judged from the half-hearted encouragement being given to

Jessops and Co. and Braithwaite & Co. of the way to favour the non-skilled employees of the unit, who are related to political big-wigs. He was also narrating how a lady official of the Corporation, who also happens to be the wife of a Member of Parliament—I hope that the Member of Parliament belongs to the ruling side—was given undue promotion by four places and this matter will have to be looked into by the hon. Minister because if such things crop up in the public sector undertakings, definitely the undertaking will run on loss. /

It has been stated in the report that these units have been suffering from shortage of essential raw materials since 1968, particularly, steel. I do not know what it means to say that “some progress has been made in improving production.” How are they going to fulfil their export commitments under these circumstances?

The Heavy Engineering Corporation Ranchi—many earlier speakers have already dealt with that subject—born in 1958 continues to be afflicted by the virus of inefficiency and mismanagement. As on 31-3-72, the cumulative loss was estimated at Rs. 89.19 crores which has this year gone upto Rs. 100 crores which is 50 per cent of the amount of expenditure incurred on this undertaking. I can foresee the Minister's explanation of long gestation period needed by the projects of such a magnitude and complexity. I was surprised to read in the Report that the Heavy Machine Tools plant suffers in production on account of the non-availability of skilled workers. What an irony is it, Sir?

13.23 hrs.

[MR. DEPUTY SPEAKER—in the Chair]

We have been talking that we are going to provide employment to the unemployed engineers, diploma-holders and so on. There is a widespread unemployment among the lakhs of technically qualified diploma and degree-holding youth of the country. But, here is a unit suffering for want of skilled workers. The completion of the Bokaro Steel Plant is getting delayed and delayed on account of the inability of the Heavy Engineering Corporation to meet its commitments of supplies. That does not matter. But as the first speaker from the CPI has made a mention of it and Prof. Madhu Dandavate also mentioned it, the management of Heavy Engineering Corporation does not hesitate to go out

As regards the automobile industry, there was a huge hue and cry outside and also inside in the House about this industry. The quality of the passenger car is deteriorating day by day and it is going from bad to worse. The judge of the Supreme Court has observed like this in regard to the passenger cars that are manufactured in this country. I quote his very words. He said:

“Excepting the born every part makes noise.”

So, I request the hon. Minister to bestow his attention in regard to improvement in our automobile industry and see that this industry is nationalised.

डा० गोबिन्द दास रिछारिया (झांसी) :

उपाध्यक्ष महोदय, भारी उद्योग मंत्रालय की मांगों का समर्थन करते हुए मैं मंत्री जी से निवेदन करना चाहता हूँ कि भारी उद्योगों का केवल हमारे देश में ही नहीं बल्कि जहाँ भी किसी देश या राष्ट्र का योजनाओं के माध्यम से विकास किया जाता है उसमें एक बड़ा महत्वपूर्ण स्थान होता है। हमारे देश में भी भारी उद्योगों का एक महत्वपूर्ण स्थान है देश के संतुलित विकास के लिए और देश के विकास को आगे बढ़ाने के लिए, इसलिए मेरा निवेदन है कि जब आप केन्द्रीय सरकार से भारी उद्योगों के

[डा० गोबिन्द दास रिछारिया]

की व्यवस्था करते हैं या उनका वितरण करते हैं प्रदेशों को तब आपकी जो नीति है कि जो पिछड़े हुए प्रदेश हैं या प्रदेशों के अन्दर जो पिछड़े हुए हिस्से हैं उनको आप भारी उद्योग वितरण करने में या आबांटित करने में विशेष तौर से ध्यान में रखें। इस सन्दर्भ में मैं आपको ध्यान दिलाना चाहता हूँ कि इस देश में उत्तर प्रदेश सरीखा प्रदेश जिसकी सबसे अधिक आमदनी है वह पिछड़ गया है प्रति व्यक्ति आमदनी में आपकी चार योजनाओं के बाद यदि आप उसके लिए विवेचना करें, पहली योजना से लेकर अबतक तो जितने भारी उद्योग स्थापित किए गए हैं केन्द्रीय सरकार के द्वारा उसमें उत्तर प्रदेश आबादी के लिहाज से पीछे पड़ गया है। इसलिए मेरा आपसे अनुरोध है कि आप पाचवीं पंचवर्षीय योजना में इस बात का ध्यान रखें कि समन्वित विकास के लिए इस बात की आवश्यकता है कि उत्तर प्रदेश को भी उतने भारी उद्योग दें जिससे कि वह भी प्रति व्यक्ति आमदनी में और प्रदेशों के साथ आ सके।

इसके साथ साथ मंत्री जी को यह भी ध्यान रखने की आवश्यकता है कि प्रदेशों के अन्तर्गत आने वाले कुछ ऐसे हिस्से हैं जो बहुत पिछड़े हुए हैं तो बटवारा करते समय इस बात को भी देखा जाय कि वे कौन से ऐसे क्षेत्र हैं, कौन से ऐसे भू-भाग हैं प्रदेशों के अन्तर्गत जोकि बहुत पीछे हैं जिनकी तरफ विशेष तौर से ध्यान नहीं दिया जाता है। इस सन्दर्भ में मैं निवेदन करना चाहता हूँ कि उत्तर प्रदेश में एक बुन्देलखण्ड का हिस्सा है, पहाड़ी जिले हैं या पूर्वी जिले हैं जहां आज

भी भारी कमी है बड़े उद्योगों की और अभी तक बहुत कम भारी उद्योग वहां पर लगे हैं। बुन्देलखण्ड की स्थिति तो यह है कि आजादी के 25 वर्षों के बाद भी कोई उद्योग वहां पर स्थापित नहीं किया गया है जबकि वहां पर भूमि मौजूद है, वहां पर बिजली मौजूद है, पानी की लाइन भी वहां पर है, रेलवे लाइन भी वहां पर है। फिर भी स्वतन्त्रता के 25 वर्षों के बाद जनप्रतिनिधियों की मांग के बावजूद कोई भारी उद्योग वहां नहीं पहुंचा है। इसलिए मेरा अनुरोध है कि आप ऐसे क्षेत्रों का ध्यान रखें जबकि आपकी यह नीति है और आप यह चाहते हैं कि जो पिछड़े हुए क्षेत्र हैं उनका विकास हो। अतः आपको अपने स्तर पर भी भारी उद्योग लगाने के सम्बन्ध में उत्तर प्रदेश में बुन्देलखण्ड का जो पिछड़ा हुआ क्षेत्र है उसको ध्यान में रखने की आवश्यकता है। जहां तक खनिज पदार्थ का सम्बन्ध है, उत्तर प्रदेश में जो झांसी डिवीजन है, बुन्देलखण्ड का जो क्षेत्र है वहां पर आपको अधिक से अधिक खनिज पदार्थ मिल सकते हैं। जो सर्वे हुआ है उससे भी पता चला है कि वहां पर बहुत खनिज पदार्थ हैं।

इसके साथ साथ भारी उद्योगों को चलाने के लिए बिजली की बड़ी आवश्यकता है इसलिए बिजली का विकास युद्धस्तर पर होना चाहिए। आप सिंचाई व बिजली मंत्री को यह मलाह दें कि एटामिक पावर के जितने केन्द्र अभी बन रहे हैं या बनने वाले हैं उनको शीघ्र पूरा किया जाये। साथ साथ कोयले से जितनी बिजली पैदा की जा सकती है उसका भी प्रयास करने की आवश्यकता है। पानी की बिजली भी बड़े बड़े पावर

हाउसेज बनाकर पैदा की जानी चाहिए ।
जहां पर कि नदियों में 12 महीने पानी रहता है ।

इसके साथ साथ में कहना चाहता हूं कि भारी उद्योगों में पैदावार बढ़ाने के लिए यह जरूरी है कि जो मजदूर हैं उनको प्रशासन में और मुनाफे में हिस्सेदार बनाया जाए । यदि आप नीति विषयक कामों में उनको हिस्सेदार बनाएंगे, मुनाफे में उनको हिस्सेदार बनाएंगे तो जो शिकायत रहती है तमाम देश को या लोक सभा को रहती है कि सरकार जो उद्योग लगाती है उन में मुनाफा नहीं होता है, बरसों तक वे घाटे में चलते रहते हैं, वह शिकायत दूर हो सकेगी ।

इन शब्दों के साथ में इस मंत्रालय के खर्च की मांगों का समर्थन करता हूँ ।

DR. KAILAS (Bombay South): Mr. Deputy Speaker, Sir, while supporting the demands of the Ministry of Heavy Industries, I would like to comment on its report of 1972-73. But before I do so, I must congratulate the Prime Minister for creating this Ministry of Heavy Industries and for giving this heavy charge to a very dynamic, intelligent, quick decision maker and a practical man, Mr. Pai, to manage the whole affair.

This is a challenge to him and the country looks at him with great hopes. I have read his biography. I have seen him working because he is managing some medical institutions also. He will put his business minded approach into the industrial development of the country. I am sure he will fulfil the high hopes which the Prime Minister and the country expect from him.

We all rightly boast of the achievements of Instrumentation (India) Ltd. Only yesterday Mr. C. Subramaniam said that we must be proud of the

happy relations between the management and the labour there and the way they are working—firstly with one shift, then two shifts and now with three shifts. They have not only achieved the rated capacity but have also been able to supply the orders in time which had been placed either by the government or by the private parties. Not only that this Instrumentation (India) Ltd. has raised the image of this country by getting an export order from Malaysia. Hence, we expect Mr. Pai to take up very seriously and create more examples next year to be quoted, so that we can say that we are proud of these undertakings, say, the Heavy Electricals or the HMT or any other project which is under his charge, whether it is Triveni Structurals or any other. Take, for instance the Heavy Engineering Corporation, the Mining and Allied Machinery Corporation, Durgapur, The Triveni Structurals, Allahabad, the Tungabhadra Steel Plant, Ltd., the Bharat Heavy Plate and Vessels, the Engineering Products, Ltd., the Auto Industries including tractors, the earth-moving equipment and others. These were under different Ministries and now they have been brought under his control, and hence whatever has happened and has been done,—perhaps he is taking the good side of it and the bad side of it on his shoulders—is there for him to see. I have mentioned these undertakings purposely because on these lies the progress of the nation.

We judge the industries by two methods; by seeing whether the installed capacity is covered up by the industry or not, and whether we are having more staff than normal, because overstaffing is causing us concern. Secondly, we have to see whether a particular industry is making profits and adding to the general exchequer of the country. I am very sorry to state that this has not happened in any of the industries which have come

[Dr. Kailas]

under his control today. Almost all of them are losing. Hence the challenge is a still bigger. I know that Mr. Pai, as head of the team, will be able to work intelligently, and take the co-operation of his officers. But I want him to see that right from the Minister level to the lowest worker, he takes everybody into confidence so that the production comes to its targeted figure. The methods which the public industries used to follow were that whenever they could not reach the target fixed, they reduced it for the next year, or lowered it. I think he would not allow this and that he would see why the target was fixed so unrealistic and why, after taking into consideration the availability of raw materials and taking into consideration the release of foreign exchange, still, they could not achieve the target and the next year, the officers meet or perhaps they successfully convince the Minister why they have lowered the target or tried to explain that we could achieve only this much as realistic. This should not happen. I hope with the experience gained over so many years, they would base their targets on practical experience gained and see that this sort of lowering is not allowed any more under the charge of the efficient Minister and the efficient Deputy Minister. I am sorry I did not mention the Deputy Minister earlier. I have personally known the working of Prof. Siddhaswar Prasad. He has also worked very nicely and he was doing very well in his previous portfolio under industrial Development.

I would like to give some examples of failures of some industries only. The atomic Energy Commission had placed an order with the Bhopal Heavy Electricals. The ONGC had placed an order with the Ranchi plant for rigs.

Both the public undertakings, whether it be Bhopal or Ranchi, gave certain dates of delivery. The delivery dates went off: even after the due time,

passed they have not given delivery as yet. After two years also, they would not give delivery and in the third year even they could not give the date. They are putting into difficulty the Atomic Energy Commission, the ONGC and others. This is the history of almost all public sector undertakings who bank heavily on the promises or assurance given by sister public undertakings. I am afraid that these public undertakings perhaps take orders from private businessmen and complete their jobs earlier than our jobs and give delivery in time.

It has come to my notice that the HMT branch at Ajmer had placed an order for certain parts with Patel and Company at Bombay; they took the order and they said that November 70 would be the delivery date. But no delivery came. When I went there with the Public Undertakings Committee, I came to know that they were exporting those parts instead of supplying H.M.T., Ajmer.

SHRI S. M. BANERJEE (Kanpur): You are a doctor; can you not give us the reason why the delivery did not take place.

DR. KAILAS: I know; but perhaps you know better because you are in labour.

SHRI S. M. BANERJEE: I am not at pains.

DR. KAILAS: I was saying that Patel Company was exporting those parts and not delivering them to HMT Ajmer on schedule. When I went to Bombay with one of the officers and spoke to the Chairman of the Patel Company, they were kind enough to promise delivery within three months and they tried to explain, as businessmen usually do, that they were fulfilling commitments made earlier.

MR. DEPUTY-SPEAKER: Please try to conclude now.

DR. KAILAS: It is unfortunate that the Heavy Electricals (India) Ltd. and the Bharat Heavy Electricals Ltd.

have let down many public undertakings by not delivering machinery contracted for as per the contracted date. It is unfortunate that due to their failures in keeping the delivery schedule they have let down the process of self sufficiency in power generation and oil exploration. I request the Minister to see that delivery schedule of industries under him fulfill their obligation in time. It has been stated in the report of this Ministry that steps have been taken to re-endorse licenses for higher capacities on the basis of capacity installed and that the dependance on single source supply of raw material would be relieved in the foreseeable future.

I would like to know from the Minister as to when was the order placed for one 1600 KVAR series Reactor for Badarpur Thermal Power Project as I am given to understand that Heavy Electricals (India) Ltd. have taken much more time beyond date of delivery and yet there are no signs of getting into shape Badarpur Thermal Power Project.

MR. DEPUTY-SPEAKER: There will be myriads of such cases. Why not pass them on the Minister?

DR. KAILAS: I congratulate the Govt. for the decision of treating cash losses upto 31st March, 1972 as interest free loan for a period of three years and for accepting a moratorium on the repayment of loans for meeting the accumulated cash losses for a period of three years.

This decision will give more support to the management and the workers. I am sure that from next year onwards, their balance sheet will show profits in absolute terms. The Heavy Electric Equipment Plant, Hardwar for the manufacture of thermal sets, hydro-sets, electric machines and associated control gear has done a good job for State Electricity Boards of different States but the delayed de-

livery of imported components and unreliable quality of indigenous castings have been putting this undertaking on sound footing.

It is said that the decision for location of a Foundry Forge Plant is being delayed for last five years. A decision was taken and it was settled. It was again shifted. Again the decision is not being taken. They are going to instal the foundry forging plant taking the public sector undertakings as a whole. You cannot have a forging plant in the South and work in the North—about 1,500 miles or 2,000 miles away. Otherwise the position becomes worse and we will be helpless. Hence I am saying that this should not be repeated again. I am sure that Shri Pai will take the decision immediately. The Public Undertakings Committee was unanimous on this that the forging plant should be located at Hardwar. I visited this plant twice and I was convinced that the H.M.T. which has done a good job must have a Foundry Forge Plant of its own. Small, medium and large industries get from H.M.T. the machines from them. It has come to our personal knowledge that the machines and/or Universal lathes have been manufactured for large and larger houses and they do not lift the machines or lathes. The reason mentioned by all of them is that they could not get loans from I.D.B. or N.I.D.C. and hence they cannot pay and take the delivery. May I ask whether Mahendra and Mahendra, Tatas and Birlas have stated facts of getting the loans correct? Why should they not get the loans? How machines worth about 5 to 6 crores is lying ready for delivery in H.M.T. workshop? Why there are not being lifted? I cannot understand as to why this is happening. Shri Pai has got to talk to the financial institutions like I.D.B., N.C.D.C. and others to give the loan as much as possible. H.M.T. machines are ready for delivery. They should be lifted. I hope the Minister will kindly look into this.

[Dr. Kailas]

I think Triveni Structural have not been able to work well. The steel building structures, hydraulic gates, pen stocks, storage tanks, etc. have not been undertaken in a big way. They constructed a three hundred meter T.V. tower in Bombay. I think they took about months more than the scheduled completion. I believe in Srinagar too Triveni constructed it. Probably it could not withstand the weather. It fell down and the T.V. Station had to be closed down as a result of this. If this happened, we must enquire into the matter as to why the Triveni Structural was not selected by the I & D Ministry and why was the private party given this contract. If Triveni has done it, then also we must enquire as to why this was done in sub-standard way. I understand Triveni is shifting to a new site and it needs expansion at an estimated cost of 104 lakhs.

When will the shifting process be completed and can the present building be utilised as a workers' colony or recreation centre.

MR. DEPUTY-SPEAKER: Will you please cooperate? If you are a Member of the Public Undertakings Committee, you could have put these things to that Committee.

DR. KAILAS: Who reads that. That is my misfortune.

MR. DEPUTY-SPEAKER: If they cannot read, what can the Minister do in a few minutes?

SHRI S. M. BANERJEE: Sir, the convention is that the Members of the Public Undertakings should not speak. And we must follow that.

MR. DEPUTY-SPEAKER: That is what I understand from his speech.

DR. KAILAS: With these words I support the demands of this Ministry.

श्री रामवतार शास्त्री (पटना):
उपाध्यक्ष महोदय, मैं दो बातों की ओर मंत्री
महोदय का ध्यान आकर्षित करना चाहता

हूँ। उन दोनों बातों को ले कर बिहार के लोगों में काफी चिन्ता है और तकलीफ भी है क्योंकि वे दो कारखाने वहाँ बन्द पड़े हैं। एक कारखाने का नाम आर्थर बटलर इंजीनियरिंग कम्पनी मुजफ्फरपुर और दूसरे का नाम है ब्रिटानिया इंजीनियरिंग कम्पनी मौकामा। दोनों में रेल के डिब्बे बनते थे और यह सर्वविदित है कि हमारे देश में रेल के डिब्बों की कमी है। उन की ज्यादा से ज्यादा आवश्यकता है। लेकिन अफसोस की बात है कि ये दोनों कम्पनियाँ महीनों से बन्द पड़ी हैं जिस की वजह से उत्पादन तो बन्द ही है, हजारों मजदूरों के सामने बेकारी की समस्या उपस्थित है। यों आर्थर बटलर कम्पनी को बिहार की सरकार ने सरकारी अधिकार में लेने के लिए भारत सरकार से प्रार्थना भी की है और जहाँ तक मेरी जानकारी है यह सरकार के सामने विचाराधीन भी है। लेकिन सरकार अपने हाथ में लेने में अनावश्यक विलम्ब कर रही है जिस की वजह से वहाँ के मजदूरों की स्थिति दयनीय होती जा रही है और साथ साथ उत्पादन भी बन्द है। वहाँ उस कारखाने को बन्द करने में तो भी गड़बड़ी इस के मैनेजिंग एजेंट ने की है उन की पूरी जांच सरकार को करवानी चाहिए और अगर उन का दोष उस में पाया जाय तो उन के खिलाफ कार्यवाही भी की जानी चाहिए। अगर ऐसा नहीं किया जाएगा तो जब जिस की मर्जी होगी कारखाने को बन्द कर देगा, उत्पादन ठप कर देगा और मजदूर बेकार बना दिए जाएंगे। मजदूरों के सामने भारी समस्या इस तरह से उपस्थित हो जाएगी। मैं चाहूंगा कि मंत्री महोदय यहाँ इस बात की घोषणा करें कि

आर्थर बटलर इंजीनियरिंग कम्पनी को कब वह अपने हाथ में ले रहे हैं और वहां का उत्पादन कार्य कब शुरू कर रहे हैं ?

मैं यह भी जानना चाहूंगा कि जो ब्रिटानिया कम्पनी है उसे भी लेने के लिए, मुनते हैं कि मामला विचाराधीन है, तो इस के बारे में मामला कहां तक बढ़ा है और सरकार इस ब्रिटानिया इंजीनियरिंग कम्पनी को कब से अपने हाथ में लेने का विचार रखती है और कब से वहां काम चालू करना चाहती है ताकि वहां जो बेकार मजदूर पड़े हुए हैं उन को काम मिल सके । बिहार में बेकारी की समस्या बड़ी उग्र है । सब से ज्यादा बेकारों की तादाद जहां तक मुझे मालूम है बिहार में है और बड़े बड़े उद्योग पिछले दिनों में वहां एक भी नहीं खुले हैं । उत्तर बिहार में तो कोई भी भारी उद्योग है ही नहीं । केवल चीनी की मिलें जरूर है । लेकिन भारी उद्योग कोई नहीं है । आर्थर बटलर इंजीनियरिंग कम्पनी उत्तर बिहार में ही है । तो उस को तो सरकार शुरू करे ती और भी कोशिश उस को करनी चाहिये कि उस एरिया में बड़े उद्योग धन्धे खड़े हो सके । मजदूरों का जो बकाया पड़ा हुआ है वह बटलर कम्पनी में हो या ब्रिटानिया कम्पनी में हो, उन की तनख्याएँ पड़ी हुई हैं, ले आफ चल रहा है, उस का पैसा भी उन को नहीं दिया गया है, बोनस जो तमाम मजदूरों को मिला है उस बोनस की राशि भी मालिकों पर बकाया है तो मैं निवेदन करूंगा कि कारखानों को अपने हाथ में लेने के साथ-साथ मजदूरों के बकाया की अदायगी कराने को

तरफ भी सरकार ध्यान दे । ये दोनों बातें सैं आप के सामने उठाना चाहता हूं । एक मंत्री जी तो बिहार से ही आते हैं, उन को तो बहुत कुछ मालूम है, तो मेरी इन दोनों बातों पर वह रोशनी डालें ताकि बिहार की जनता को संतोष हो सके कि सरकार क्या करने जा रही है ।

THE MINISTER OF HEAVY INDUSTRY (SHRI T. A. PAI): Sir, I am grateful to my hon. colleagues on both sides for the very encouraging words they have spoken about me and the hopes they are entertaining about my ability to take up the challenge that has been entrusted to me of making the losing public sector undertakings work. Sir, I accept that challenge. With their goodwill and co-operation and with the help of my Ministry, I am confident that these units need not continue to suffer as they have suffered in the past. Hon. Members have concentrated their attention to the losing concerns and rightly so. All that they have said about the public sector units has been said by me as a Member of Parliament myself. Therefore, I share all their views and it is my responsibility to see that the deficiencies no longer continue.

While going through the working of these public sector units, I was aware that the emphasis laid on the profit and loss in terms of money did not matter very much to the country. What shocked me was that while we had created the capacity, there were failure to utilize it which was a total loss that the country suffered all these years. We had obviously created this capacity with certain objectives. In fact, we created this capacity because the private sector was not able to do it. We created this in strategic sectors because we intended to lead the country to self-reliance by helping other industries also to come up and we wanted to give up reliance on foreign countries as early as possible.

[Shri T. A. Pai]

All this was already provided. Year after year, plan after plan, the emphasis has been to achieve the capacity. I do not think that we have laid sufficient emphasis on utilising the capacity that we have created. So, the first task of the Ministry is to see why this capacity could not be utilized as fully as we could, because if this capacity is utilized not only the losses would be reduced but we would be able to provide goods for the other public sector undertakings and reduce their costs also. If we do not utilize our capacity, as a result of our faulty costing, we increase the cost of our own products and give it to the captive markets of other public sector units, our children and grand children would be permanently committed to paying higher for the goods that are produced in this country. This is one aspect that we in the public sector will have to take note of.

Secondly, everybody says that the public sector does not work on account of Parliament criticising the people who work in the public sector and they become nervous and do not take any decisions. I have been myself an executive in the public sector. Nobody came in my way of doing anything good. In fact, the very image of that public sector was changed when that unit started functioning. So, I have told all those who are working in the public sector not to bother about these criticisms because I am alone responsible for the failure of any unit and if they succeed, the credit for that will go to them alone. With this assurance, I think they should not have one more alibi for failure that because of the criticisms in Parliament, they could not function properly.

Thirdly, if they have suffered for want of raw materials, I do not think the public sector could have any excuse for it. If the public sector units with the mighty backing of this government could not get the raw material, it must be only on account

of faulty planning in getting them, and I think we should not allow it any more.

Again, I have found in many public sector units that financial control only meant checking some entries, being very particular about travel bills and other small things. They are not very particular to pay their bills in time, or to collect the dues which run into crores of rupees. Their financial control of management is entirely different. It may be good for a government department but not necessarily for a business undertaking, where the management of financial resources make up for either efficiency or losses.

14 hrs.

Well, again take the question of labour relations. Strangely enough in this country we have two sets of public sector institutions—one which we took over from the private sector; the other we ourselves have created in this country for strategic reasons. Now, what is the attitude of those who work in this? The same as in the private sector—the culture continues to be the same. The objectives are forgotten in the public sector and people who work in the public sector, unless they are committed to solve the problems of the country through the instruments of this public sector in which the hopes of the poor people rests so much in this country, nothing could be achieved and that is why I find we require continuous dialogue between the management and the labour. We are required to talk of participation of the labour in management. The same concepts which are good enough in the private sector are being transferred to the public sector. I would like to make it clear, in the public sector there is nothing like the management where the manager is a boss over the employees who are going to be managed. It is an old concept where different people keep different positions and discharge different responsi-

bilities. Now without the co-operation and working of all of them together for a common objective, they will not be able to succeed at all. So, here participation is no longer a concession that we give to the worker. It is an inherent right in him to be a participant in the working processes. The public sector belongs to him as well, as much as to anyone else. Here, I am appealing to all the labour leaders to help me to bring about this re-orientation in this attitude and its results to continue. That attitude—on one part of the public sector representing the so-called management and the other part the so-called labour and endless dialogue how one should behave with the other, which means we are trying to perpetuate feudalist attitude in the country and forgetting that the public sector employee is a very important soldier in fighting the battle of our economic and social transformation in this country; unless change in this attitude is brought about, let us ask them what do they want, what sort of machinery should be constituted to look after their interest. I am not holding labour alone responsible. I am holding responsible those who are in the management and whose attitude and culture is not different from the private sector management where they think that they are managing the concern. To-day the most successful management is one which is concerned with managing the people. I think they are talking of industrial relationship. I for one would consider human relationship much more important than industrial relationship, application of common sense much more important than in scientific management. Ultimately, we will have to get the results, and how exactly we can achieve it.

In the public sector I find so many unions, each one trying to assert itself, fighting with each other and I do not know how we can say, even if law or some Government machinery says that this is a majority union, we are faced with the problem that it is not. Somebody raises a dispute and

it has been suggested to us why do you not get over this problem by resorting to system of ballot? I have had the benefit of discussion with these leaders. I find one thing to evolve—the solution in consultation with them. While it looks, I think, quite a favourable solution to resort to balloting, the other group says what we want to build up is not a political organisation within a public sector, what we want to build up is an organisation of the employees, and, therefore, elections must not be resorted to but only membership should be resorted to. But I do not know how I can solve it. But nevertheless, I am going to give instructions to all the units working under me in the public sector that if any worker gives in writing that he should agree to deduct his membership fee and remit it to any union, we are prepared to undertake that so that once for all we know who is represented by whom. I think that is fair enough. We are prepared to undertake that responsibility. Let all the members decide everything to see that this will expose the labour to the risk of victimisation. The trade union movement has come to study. The right of the labour for bilateral discussion with employer on terms of equality and not on terms of charity has come to stay. If ever we talk of victimisation, we should also give up the talk of going on strike, paralysing production, because today unless we produce, we are not going to remove the poverty in this country. I, therefore, appeal to all labour leaders of this House and outside to cooperate with us in evolving a machinery which will remove all sense of injustice of labourers, which will give them a sense of participation. I am raising this point of participation because—if people are satisfied with only representation on the Board of Directors, I can simply say, 'Allright; I will give you representation on the Board'—I am myself convinced that mere representation on the Board is not going to solve the problem of labour or ourselves. It must be a total participation from the lowest level to the highest level.

[Shri T. A. Pai]

Therefore, how it could be achieved is a problem which all of us concerned with the success of the public sector in this country should be worried about.

I visited a public sector unit the other day. The Union members came to me and said, 'This unit of ours has made a loss of Rs. 5½ crores; we want an inquiry to be made'. It looked irritating to those who are in the management that labour should insist on this kind of thing. But I have thought over the problem. I want to assure the House that any information concerning the working of any unit will be available to all the workers working in that unit and nothing will be withheld, because the worker must know why that unit is making a loss. He is not only a worker but is also a citizen of this country as much as you are and I am. If any public sector unit has made a loss, I would myself have raised the question, how did it make a loss. So, he has also the right to know. The conclusion may be that the loss would not have been there, if he had also cooperated. It would help us a great deal. Therefore, I hereby declare that no information will be withheld, it will be kept every year before them—all the details they want—and I would place the same information before the House. If any public sector makes a loss, I would come to you and tell you what are the reasons for it, who has been responsible for it and what steps we are going to take to make it up.

Now, let me take up the biggest unit, the Heavy Engineering Corporation at Ranchi. This year it is going to make a loss of Rs. 14 crores. I think, we are reaching a century of losses so far as this unit is concerned. This is, perhaps, the biggest challenge I have—how to make it work. It was created to be a mother-plant to solve the problem of industrial development not only in this country but in all the developing countries around us, and, therefore, if we have not looked for opportunities to make use of this

—for want of orders and all that—I think, our vision was very limited and very restricted. As against this, our production is worth about Rs. 48 crores this year. We have now targeted and I assure my hon. colleague that we shall not be a party to reduce any of the targets once fixed. I shall charge all the executives responsible to stick to them and I hope one day this House will accuse me of over-production....

DR. KAILAS: No, No.

SHRI T. A. PAI: So far as the public sector is concerned, I would like to be in that enviable position of over-production rather than getting the accusation of under-production because I do not want to make any difference between the public and private sectors. The machinery is the same. The question is one of using it with a proper planning. Why we suffer in the public sector is because we think and we depend that this capacity has been created to serve the needs of several public sector undertakings and the decisions do not come in so quickly and very often, the specifications change from plant to plant with the result that the capacity created for a particular manufacture of a particular capacity is not utilised. Now, take for instance, the blast furnace. Our expertise has developed for manufacturing blast furnaces of 2,000 cubic metre. Somebody says that the steel industry has advanced so much that it is better to have a 2,700 cubic metre blast furnace. All right, we shall have it, we shall have it in the Sixth Plan. But, meanwhile, whatever we can do, with advantage do, we must be able to do that and we must go ahead. Therefore, we now propose to concentrate and standardise the plants that we want to manufacture, whether it be chemical plants, fertilizer plants or cement plants. I do not think that the country can have the luxury, each one having different types of specifications and ourselves trying to manufacture different things. What is needed is production in plenty of these machinery and also in time.

Now, that brings me to your complaint that whatever orders we take we may not implement it in time. I entirely agree with you. This is one of our shortcomings. I think whatever orders we accept we should be able to carry them out. If there are problems, we should try to overcome them. Of course the delays are mostly due to failure of power and other difficulties might be there. Everyone is writing to forgive us for our shortcomings if they are really genuine.

With its programme of production in the Heavy Engineering Corporation next year estimated at Rs. 60 crores, we expect to break-even. It has been pointed out that the capacity in the forge plant and the capacity in the machine tools plant is so heavily under-utilised. We are fully aware of it and we are trying to see that getting orders does not mean that we are going to fulfil them as we have seen it in the past. But I feel now that we will not suffer for want of orders. But it is our duty to fulfil them as quickly as possible.

As against this, the MAMC which has been another losing unit about which some years ago the Committee on Public Undertakings recommended that it may be closed down, I may tell you, has been revived this year where from a loss of Rs. 1 crore, our present turn-over was Rs. 9.38 crores and next year we expect a turn-over of Rs. 13 crores and we are going to break-even.

As against these series of failures, perhaps, I would like to bring to your notice that the Heavy Electricals, Bhopal and Bharat Heavy Electricals have done exceedingly well. Yesterday, my colleague had given the examples of successful public undertakings. I am giving you an instance to show that the public sector can also succeed, losing organizations also can make a profit. The Bhopal Heavy Electricals is likely to make a profit

of about Rs. 3 to 3.5 crores this year as against losses all these years. The Bharat Heavy Electricals which had a targeted figure of Rs. 82 crores is going to reach Rs. 85 crores this year and will be making a profit of Rs. 5.75 crores. The Heavy Engineering Corporation which was targeted for a production of Rs. 51.9 crores has actually reached Rs. 54 crores and probably will make a profit of Rs. 3 crores. It only shows that even the targets have been exceeded in some cases. But it does not mean that the capacity has been fully utilised to meet the needs of all power plants. You have pointed out that the Heavy Electricals India and the Bharat Heavy Electricals have not been delivering their plants in time. There have been occasions also where they delivered the plants in time and in advance but again the problem is that Rs. 30 crores and odd is due to them from the various Electricity Boards. I think we will have to manage our affairs in a businesslike manner and collect money that is due to us.

This year we have supplied to the country generators of 1.1 million kilowatts and next year we shall be supplying to the country 2 million kilowatts of generating sets. In the course of the Fifth Five Year Plan, I have drawn up the schedule of delivery for every six months and I hope that we will be able to keep up to those commitments and fulfil the programmes of the Fifth Five-Year Plan, as orders are placed with us for 10 million kilowatts of generating sets. We even look forward to forward planning so far as the Sixth Plan is concerned so that our plants are not idle at any time. We are also exploring the possibilities of trying to see that the requirements of the developing countries around us are also fully utilised. In the past production was undertaken only on the basis of orders. Now I have given instruction that since 60 per cent of our production is for thermal, I have requested the management to see that we go ahead with the manufacture of

[Shri T. A. Pai]

standard sets of 110 and 200 M.W. whether they are ordered or not, because, even if there are no orders for them, we can look forward for marketing outside. As 40 per cent of the capacity is hydro-electric. I have said that we must develop the consultancy agency within the Heavy Electricals. With the cooperation of the State Governments and with the advanced designs, I am sure, we will be able to assess their requirements and produce them.

With regard to forward planning. I am trying to remove the bottlenecks and I shall see that the management is held responsible for performance. Mr. Banerjee said that retired people must not be taken up for important posts. I entirely agree with him. I will also add that there is no question of people within the organisation itself behaving like retired people also. I want to add that those who are in the public sector are also accountable for performance. Everybody has been asking as to what has happened. Certainly, there is accountability for the performance, for the responsibility that you have taken. I do not think anybody should have any sense of security provided except on the basis of that performance alone. I propose to do something in this regard and to bring up certain measures and I sincerely hope that I will have the fullest support of the honourable House.

The essence and the merit of the public sector lies on the question whether they are able to remove the poverty of this country. The investment in the public sector units under my Ministry and in the heavy industry comes to the order of Rs. 3,600 crores. I would like to see that day, very early, when I will be able to get a return of ten per cent on these investments, rather than to come to the House and say that it is inevitable that public sector has to incur losses. We must build up the social infrastructure. The social infra-structure needs scarcely one per cent of the

capital invested and we have had the benefit of interest also. I want to take the House into confidence and say that this is a challenge which we have to face. I request hon. Members not to think that these characteristics apply only to the public sector. In the private sector also there are very many deficiencies. We must not forget that. We find deficiency in regard to management. Various capacities have been created out of borrowing for which our children and grand-children are committed to repay. Not to realise this would be a sin. We are now trying to see that the various capacities under my ministry and various ministries are properly assessed and we take into consideration the requirement of the country not only in the Fifth Plan but in the Sixth Plan as well. The technique used in this country unfortunately had been of not producing for plenty, but of producing for shortages where the sellers' market is perpetuated for all time to come, where profit is the only motive, where production and profitability have been identified to mean the same thing. To me profitability does not mean only productivity. Production very often may not be profitable. It may be high when there is low production also. But what the country requires now is plentiful production of essential requirements of the people so that within a reasonable period of time the people's needs could be satisfied that they can have their essential requirements, rather than only money income being made available to them. Nobody will be satisfied with mere money income alone. They will ask, what that money income is going to do for them.

So far as the private sector is concerned, we are going to take the same attitude. I will now deal with the private sector industries which are of major importance to us.

On the one hand I am concerned with the mother industries which are responsible for manufacturing of other machines for other industries.

We are, therefore, trying to assess our capacity for manufacture of cement plants, paper plants, etc. so that we build up sufficiently early plan targets of production of all these is not impeded. Because this machinery is not available in the country there is a powerful import lobby in this country which is trying to convince us it is better to import rather than building. I would very much like to go into the question of import of capital machinery whether we could have made it here and thus could have used the foreign exchange for different purpose. Some tell me that the Indian machinery is costly while the imported machinery is cheaper so why produce the same in India. All of you are aware that the raw-material cost is higher in our country. We have taxed at every stage of production with the result the cost of raw-material is higher. We want it to be encouraged because we wanted to export elsewhere making loss and those losses are going to be subsidised by this country. Let us encourage our people to use our machinery. Let us improve and perfect. That is the first obligation.

Let me now go into one of the important industries, namely, automobile industry in the country. Everybody is worried about the automobile industry. So far as government is concerned there should be a policy for this industry also. Now, automobile industry represents commercial vehicles, motor cars, scooters and three-wheelers which are the vehicle of the common man. With the limited resources we have, either of money or the physical resources, what should we encourage to be built in this country? The only answer is to build an efficient public transport system. Therefore, if you are producing vehicles your Metropolitan system must be looked after. Its difficulties must be solved first. Therefore, I would like to lay very much emphasis on the production of commercial vehicles which, at present we are producing about 40,000 as against our requirement of 80,000. As a result

thereof the prices of commercial vehicles are very high. There is lot of black-market and premium. It is necessary that we must build up a sufficient transport system both through railways and roadways. If every item attempted to be produced in the Fifth Five Year Plan has to find a market throughout the country and be made available to the people at reasonable prices I expect that this production which is now hardly 40,000 should be raised to 50,000. We are now taking up the matter with the Defence Ministry under whom the Shaktiman unit comes, to encourage this unit to produce commercial vehicles so that the deficit of 30,000 should be made up and the requirements of the country could be taken care of.

AN. HON. MEMBER: What about having 'small bus' instead of having 'small car'?

SHRI T. A. PAI: Regarding cars the Hindustan has the capacity of 30,000 cars Premier has got the capacity of 14,000 cars and Standard has the capacity for 3,400 cars. As against this the Hindustan manufactured 30,000 cars; Premier manufactured 14,000 cars and Standard manufactured 1,400. Now they expected to go upto 2,400 by this September. This industry has suffered on account of shortage of power in Madras because the parts are manufactured by other industries in the State itself. There is a proposal to increase the production of Premier Automobile by another 4,000 and ultimately it might go up to 22,000. We are looking into this problem. I would like to tell the House that the government has substantial control through the financial institutions in all these units either as equity share-holders or as lenders and it is necessary that we must see that this capacity is used in the best interests of the country. Therefore, my first concern is to see how best existing capacity could be made use of.

Well, so far as the small....

SHRI VASANT SATHE. (Akola): What about quality?

SHRI T. A. PAI: I will come to that.

We have given letters of intent to six persons, to produce this small car. So far, 5 people have registered. I do not know—except perhaps one or two, most of them might not have taken any steps to go ahead. But, I do hope that this House will agree that it is necessary that the country cannot depend entirely on foreign designs. The fact remains that these three manufacturers, though they started ten or fifteen years earlier, did not apply their mind to research and development, to do something on their own for improving the designs or improving the cars as such. Even at this stage, the proposals that come to us, are only to seek foreign collaboration for the improved model. This only shows that steps necessary to improve the quality or to have even a better model in the interest of the country have not been taken.

So far as the quality is concerned, I am very much concerned about the quality of cars that are manufactured in this country. I have decided to do one thing now. So far, Government was insisting that new cars manufactured in this country or new scooters manufactured in this country, must be sent to the Vehicle Research and Development Organisation at Ahmednagar and should be checked up. This did not apply to the old cars like Hindustan, Premiers, Standard or Escorts. The argument was that this was a foreign design, and therefore, must be necessarily superior. Sir, whatever the design is, I know the very content of the car has undergone a change so much that every year the quality also has undergone a change. Therefore, it would be proper that all vehicles, including proto-types, should be subjected to similar tests. What are the tests?

One is that all cars should conform to the specifications held out by the manufacturers—that it runs so many miles per gallon, that it accommodates

so many persons etc. Secondly, it should be seen whether the car is safe enough for those who travel in it or the people at large. Well, I propose to see that an order is passed making it compulsory on all manufacturers to conform to these tests. Checking only the proto-type is not enough. It would be of no use if only one car is tested. The Government will take powers to see that it has the right to pick up at random from any car in the line and send it to that organisation and see that it is tested. Once this is decided, I hope and I am sure the manufacturers will be concerned with improving the quality of the spare parts. How can I impose control on the quality of spare parts? We have an Inspecting Wing. We are now trying to see that 100 to 140 spare parts are subjected to the ISI standards and specifications. I hope by these steps, we should be able to control the entire car industry and impose these quality control tests. I hope the House will appreciate this.

I would like to point out another thing. So far as private cars in this country are concerned, they are now becoming more or less a status symbol. The price of Rs. 25,000 or Rs. 30,000 is enough to complete a house by an individual or celebrate three marriages of his daughters or educate his two sons in the college. But, people are very much concerned only about having a car. In the city of Bombay, 25 lakhs of people are transported every day by the suburban railway traffic, 25 lakhs of people are transported by BEST, 80,000 private cars are responsible for transporting 10 lakhs of people and 15,000 taxies are responsible for transporting ten lakhs of people. The problem before the country is this. Do we have to over-crowd our streets by providing cars? Should we provide it for a taxi or should we provide it to a private individual? A car owned by any one of us, is used hardly for 2½ hours out of 24 hours. A car owned as a taxi can be used for 16 hours out of 24 hours. The question is, whether

in a poor country like ours, we can afford non-use of our essential resources. This will have to be taken care of. Strangely enough, so far, out of 47,000 cars that we manufacture in this country, hardly 4,000 used to be given for the purpose of providing taxies throughout the country and in a city like Bombay, hardly 300 to 400 a year. I have decided to change this pattern. I have decided to raise this quota from 3,000—4,000 to 14,750. Thirty-five per cent of the cars manufactured in this country, over a period of two years, are going to provide taxi service throughout the country including cities. Not only that. Out of this, I am specifically providing for 5 per cent, that is 2256 cars to be allotted to matriculates and above, who want to be self-employed and who are prepared to take taxi driving as a career. This would be given to them on a priority basis and this could be financed by our banking system and this will help them to have a career and also availability of cars.

Sir, I have decided also to withdraw the management quota of cars from the management and make five per cent of the cars available to doctors and nurses and other occupations socially desirable in this country and whose occupation requires them to move about. This quota will be made available to this profession. I hope the House will endorse this move.

AN HON. MEMBER: What about banks?

SHRI T. A. PAI: So far as I am concerned, I shall certainly do my best to use my influence with the banking system to see that the individual owner-drivers are encouraged to build up their work. I would certainly take it up with the Posts and Telegraphs Department and my colleague in charge of the Posts and Telegraphs Department to provide telephone facilities also in cities like Bombay so that the taxies are easily available to people who would like to use them.

SHRI DINEN BHATTACHARYYA (Serampore): What about bringing down the cost of the cars? That is the main thing.

SHRI T. A. PAI: About costs, they cannot be brought down. I can only say that the cost can be brought down by a better utilisation of the vehicle. We are responsible for the taxies. On this point, so long as we see that the excise and other taxes on cars remain high, it is impossible for me to think of other things unless the order of manufacture of two lakhs to three lakhs of cars by a single unit. Therefore, why do we have to worry about the cost? It is only those who can afford will pay for it. But I am trying to see that we concentrate on the scooters.

SHRI DINEN BHATTACHARYYA: As you are giving preference to the taxies, why don't you bring down the price, the cost, also?

SHRI T. A. PAI: I do not want to be very popular by making a false commitment that the prices will be brought down. I would like to make my statement clear that I would like to help the taxi-drivers by giving more cars than ever before it was possible for them to have, without influence.

AN HON. MEMBER: Is there any proposal to reduce the excise duty on taxies?

SHRI T. A. PAI: This question of taxation on cars is not only a problem before the States as well as the Centre, but I hope some efforts will be taken to see that it is reduced. I am all for looking into the essential problems of the travelling public. (Interruptions).

The problem today is, even the taxi-drivers, to get a car, have to pay a heavy premium, to get a loan even if he be the owner. Cars are owned by a few individuals and the taxi-drivers have to hire them out and

[Shri T. A. Pai]

these people are still living as taxi-drivers. Let me first of all try to solve the problem of making the taxis available to them and let us all work for ideal condition to be brought about where everybody will make it a point to bring down the prices not only of motor-cars but of other essentials of life also.

SHRI KRISHNA CHANDRA HALDER (Ausgram): My question is, whether you will be able to supply the equipment to Bokaro Steel Plant in time or not.

SHRI T. A. PAI: I am very happy that people have now become very anxious to see that all our public sector units become....

SHRI KRISHNA CHANDRA HALDER: The heavy industries in general.

SHRI T. A. PAI: I am very happy that I can assure everybody, and I assure the House, on behalf of the Ministry of Heavy Industry, that Bokaro's working will not suffer for want of any material being supplied in time by us.

Now, at present, 61,000 scooters are being manufactured in this country. I expect that, with many of the units making a greater effort, by 1973-74 this production will be going up to 97,000. In 1974-75, we should be able to reach at least 1,50,000, and by the end of the fifth Plan we shall be able to reach the figure of about three lakhs in respect of the production of scooters. I hope this will bring about general satisfaction to the common-people who may be able to get a scooter rather than a car.

We have at present the capacity for manufacturing 35,000 tractors. This year on account of power shortage we shall be able to manufacture only 20-25,000 tractors. HMT has taken upon itself the responsibility for the manufacture, ultimately, of 12,000 tractors

in the public sector; around 4,000 will be manufactured this year. Hindustan Tractors private limited company in Baroda has been taken over by the Government under the Industrial Development and Regulation Act; it had a capacity to manufacture 7,000 tractors; it had come down to the manufacture of 500 tractors. I hope this capacity will be fully utilised. The licensed capacity at present is 1,20,000. In order to see that the installed capacity in the country is fully utilised. I should like to see the import of tractors stopped forthwith so that the local manufacturers do not suffer. Yesterday it was said that due to land ceiling the demand is stagnating or slackening. If it is so I do not know why anybody should be tempted to import tractor at all.

I agree that individual big farmers may not be able to go in for tractors. The solution lies in the Agro Industries Corporation starting service centres; the tractors will be owned by them and made available to farmers on hire so that even the poorest farmer could use it.

The drought affected areas are bound to face problems because of the depletion of bullock-power. We are told that in many places bullocks had been permitted to die and even if there are rains now it would be difficult to carry on cultivation as usual. I have directed that power tillers and small tractors should be immediately made available to the Agro Industries Corporation in Gujarat, Bihar, Mysore, and Maharashtra so that they might be made available to the farmers in time.

SHRI B. K. DASCHOWDHURY (Cooch-Bihar): What about the farmers of others states?

SHRI T. A. PAI: This should be done so that they may be ready to make use of a good season, God willing; and we may take the best advantage of it.

If there is equal enthusiasm in other areas or if there is scarcity reported from elsewhere, I shall certainly help others to get these things.

DR. KARNI SINGH (Bikaner): We are also a drought affected area in Rajasthan.

SHRI T. A. PAI: I am sorry I forgot to mention Rajasthan. If there are any lapses on my part, please bring to my notice so that it may go on record and it will be set right.

I should like to tell my friends in the private sector that very often we go on accusing each other and say how you are more efficient and so on; it is not going to take us very far. Looking into the automobile industries, the world Bank team had recently classified some of these institutions and given summary rating which indicates overall efficiency, financial, technical, managerial, etc.; Bajaj tempo—85.4 per cent, Telco 81.6 per cent, Premier Automobiles—57.8 per cent, Asok Leyland—46.2 per cent. Mahindra 33 per cent and Hindustan Motors 26.4 per cent.

So far as tractors are concerned, the figures are as follows:—

T.A.F.E. 75.6 per cent.

Eicher Tractors 71.5 per cent and so on.

In the private sector, many of the units will have to go a long way before they are able to hold their head and say that their products are as good as any other product. Whichever sector it may be, the first concern should be that we become quality conscious. Ultimately, we have to produce these things which we can manufacture. You can say that there is no demand. What is the demand? The demand is at what price the people can afford to buy. A pair of legs and hands do not make the purchasing power. Ultimately, the country will have to manufacture them within the

country. Most of the people both in the private and in the public sectors do not identify the things required in abundance. Take for example application of science and technology. This has to be improved so as to satisfy the people. Socialism does not mean distribution of money. The people must have the satisfaction in their consumption. In some of the commodities, the prices are so high that they have become only a status symbol in this country. The prices are so high in this country that you cannot bring about an artificial class distinction in this country.

We propose to set up in our ministry what is called a Data Bank to have an assessment of capacity already created. We would like to find out from the people as to the requirements of this country in the Fifth Plan and Sixth Plan period so that the needs of these industries are continuously looked after and production is continuously assured and the bottlenecks that we have are removed as quickly as possible.

As a Minister in charge of Heavy Industry I find one thing that though it is not related to me, I find that there is some kind of aversion to develop ancillary industries in the private sector as well as in public sector. I do not know how the ordinary people in this country could be brought up unless we are in a position to give them encouragement, finances, technical know-how etc., etc. so as to coordinate their activities and allow the ancillary industries too to come up. I admit that within the limitation I will have to see that a considerable effort is made to bring it up. If necessary, I shall pressurise the Commercial Banks also to come into the picture. With a coordinated effort I think this lacuna would be removed.

Another problem is this. I find that because of the sectoral distinction that we have made in regard to small-scale, medium and large industries, in spite of the fact that the

[Shri T. A. Pai]

small scale industry with machinery worth Rs. 7 lakhs, by its efficiency, when it grows into an industry worth 9 lakhs of machinery, it ceases to get all the privileges that a small industry is entitled to get. There is no concession given in the matter of foreign exchange or in the matter of raw materials. As a result other people refuse to allow them to grow. I would like to see that that monopoly is broken.

I think when the small scale industry becomes a medium scale industry, it deserves all support and encouragement because that is necessary in our country not only to build up industries but it is necessary also to build up entrepreneurship in all classes—middle as well as lower middle classes—because this is the only way by which the monopoly can be broken up in this country.

श्री लाल जी साई (उदयपुर) : मैं यह जानना चाहूंगा कि एलाटमेंट और रैगुलराइजेशन ये दो तरीके सरकार अपना रखे हैं जमीन के एलाटमेंट के लिए। लेकिन उस के उपर भी फी बीघा 12 सौ 13 सौ रुपये किसानों से प्रीमियम फीस के रूप में वसूल किए जाते हैं। ऐसी हालत में ट्रैक्टर का क्या उपयोग हो सकता है।

SHRI T. A. PAI: Though this does not concern me, if you could bring it to my notice, I shall take that up with my colleague so that this difficulty is got over.

The H.M.T. is under me. It has got various units. We club the figures of the profits or losses of all units. Still, I am not satisfied. I would like each unit to produce its own profits. I do not want a balance sheet to show them. Each unit has come into existence for a specific purpose. If they run into losses, since in this country our resources is scarce, the management will have to take care to see that the resources are not invested

into a venture without any idea of getting a return on it. The resources could have been alternatively used. Though in principle we have taken a decision that we could have a holding company, I would rather convert my ministry itself into a holding company....

AN HON. MEMBER: Private or public?

SHRI T. A. PAI: Public and belonging to all of you. Therefore, the very management aspects which a holding company is expected to look into will be looked into by the ministry because we have more of technical problems to handle and very little of civilian service. So, we could be eminently organised into a holding company answerable to Parliament for all the deeds and misdeeds of the units working under us. Therefore, instead of going into a new format, we shall see that the existing units are made answerable for total production. We shall see that the Central Manager, the Financial Controller and the Production Manager are jointly held responsible for fulfilling the objectives they have undertaken, after a full and frank discussion with us. All these exercises we are starting.

Mr. Ramavatar Shastri spoke about the wagon industry. As Railway Minister I have said that we have placed orders with the wagon manufacturers in the country. They were complaining that these orders were being placed on an annual basis and the Railway Board itself does not know its own mind. I have sorted out the problem and said that orders should be placed on a three year or five year basis, so that sure orders might be given. But I have now realised that placing orders does not mean getting wagons. We have 14 wagon manufacturing unit in this country of which 6 or 7 are sick. Most of them are closing down. The Railway Convention Committee had advised the railways that they should be careful in increasing their own

capacity in disregard of the capacity of the private sector we had created. In all these units, the public financial institutions have considerable stake. In the past I placed orders. Now I will have to take orders. Already about one or two units about which my hon. friend spoke, orders are being passed under the Industries Regulation Act to take them over. We are also considering the case of two or three units in Calcutta under the Burn & Company and ISW and with Jessops and Braithwaite coming under our ministry, we shall have to constitute a Wagon Authority to see that he after the wagon capacity in each of these units is properly assessed, and standardised and we give them every assistance by way of raw materials and also orders from the Railway Board at economic prices in order that this industry might be sustained. Very often there has been conflict between our export commitments as well as domestic requirements. I think even the export requirements will have to be planned regularly by this Wagon Authority; An early decision will be taken on this subject so that the problems he has raised can be solved.

SHRI VASANT SATHE: While talking of ancillary industries, would you also take into consideration the development of backward areas of that the problem of regional imbalance can be tackled?

SHRI T. A. PAI: It is a pertinent point. In the case of many ancillary industries like the automobile ancillary industries, their location in backward area does not handicap anybody. We shall certainly take in consideration this aspect.

The problem of adivasis working in HEC, Ranchi was raised. I feel concerned that we have failed to provide housing for the people who have been displaced as a result of the mining of this project and rehoming of them. There are 300 or 400 remaining. I assure the Hon.

the problem will be solved before the end of the year and they will be rehabilitated by provision of work. More than that, I have found that people belonging to the Scheduled Castes and backward classes of this country, given the facilities, can show talents which are absolutely as much as the talents found elsewhere, particularly in making use of their hands and working machines. I would certainly take up the responsibility of providing special training for these people so that they might be properly equipped to take up the job in terms of equality with the rest. This is a human problem and I would concede this is of great importance.

Another point that strikes me is the development of managerial talent within the public sector itself. If I am asked this question in how many ways the Heavy Engineering has failed, to me one of the most important fields is in producing its own managers. After 15 years of existence, if you take that all the people you have taken at the time of its starting were brilliant people, how is it that you could not provide opportunities for them to come to the top? So, I propose to have an incentive scheme to encourage people drawing a salary within the units.

[Shri T. A. Pai]

that the frictions which are usually found are avoided.

SHRI KRISHNA CHANDRA HALDER: Are you going to appoint technocrats at the top level?

MR. DEPUTY-SPEAKER: That is what he was saying.

SHRI KRISHNA CHANDRA HALDER: Then, will the workers be included in the incentive scheme? In my speech I raised a specific case of corruption to which I want a categorical answer.

SHRI T. A. PAI: It is very difficult for me to answer one case of corruption that has been brought up. If the hon. Member brings it to my notice, I shall certainly get it investigated and send him a reply. Whether in public sector or private sector it is high time that we put down corruption.

MR. DEPUTY-SPEAKER: Individual cases cannot be discussed in this House.

SHRI T. A. PAI: My hon. friend, Shri S. M. Banerjee, yesterday referred to the recent appointment of a Managing Director for Braithwaite. I may inform him that I had a chance to have a discussion with this gentleman. He is progressive in his outlook. He was found to be one of the most efficient managers at Avadi where the production during his time was the highest. I am saying this because Shri Banerjee would not make a remark without knowing the facts. I want to bring it to his notice in fairness to the gentleman who has taken up this responsibility. I expect that those people who have now come up to these responsibilities should come up to the expectations of the House in every way.

SHRI MURUGACHY (Amalapuram): I am thinking of the fact that land is being taken for the tractor hall.

SHRI T. A. PAI: Over a number of years we have created a museum of tractors in this country of all sizes. In the drought affected areas the smaller tractors available within the country and the power tillers would be made available in larger numbers. (Interruptions).

MR. DEPUTY-SPEAKER: I would like to ascertain from you whether you were here in the House during the speech of the Minister. Most of the questions come from those members who were not here and they want him to repeat the same thing that he has dealt with in his speech.

There is no cut motion to these demands. I will put the demands to the House. The question is:

"That the respective sums not exceeding the amounts on Revenue Account and Capital Account shown in the fourth column of the order paper be granted to the President to complete the sums necessary to defray the charges that will come in course of payment during the year ending the 31st day of March, 1974, in respect of the heads of demands entered in the second column thereof against Demands Nos. 44 and 45 relating to the Ministry of Heavy Industry.

The motion was adopted.

[The motions for Demands for Grants which were adopted by the Lok Sabha are reproduced below Ed.]

DEMAND NO. 44—MINISTRY OF HEAVY INDUSTRY

"That a sum not exceeding Rs. 10,50,000 on Revenue Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of Ministry of Heavy Industry."

DEMAND NO. 45—HEAVY INDUSTRIES

"That a sum not exceeding Rs. 4,52,22,000 on Revenue Account and not exceeding Rs. 43,08,88,000 on Capital Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Heavy Industry'."

14.56 hrs.

MINISTRY OF EDUCATION AND SOCIAL WELFARE AND DEPARTMENT OF CULTURE

MR. DEPUTY-SPEAKER: The House will now take up discussion and voting on Demand Nos. 25 to 27 relating to the Ministry of Education and Social Welfare and Demand Nos. 92 and 93 relating to Department of Culture for which 6 hours have been allotted.

Hon. Members present in the House who are desirous of moving their cut motions may send slips to the Table within 15 minutes indicating the serial numbers of the cut motions they would like to move.

DEMAND No. 25—DEPARTMENT OF EDUCATION

MR. DEPUTY-SPEAKER: Motion moved:

"That a sum not exceeding Rs. 2, 21,48,000 on Revenue Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Department of Education'."

DEMAND No. 26—EDUCATION

MR. DEPUTY-SPEAKER: Motion moved:

"That a sum not exceeding Rs. 97,98,94,000 on Revenue Account and not exceeding Rs. 88,49,000 on

Capital Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Education'."

DEMAND No. 27—DEPARTMENT OF SOCIAL WELFARE

MR. DEPUTY-SPEAKER: Motion moved:

"That a sum not exceeding Rs. 22,09,52,000 on Revenue Account and not exceeding Rs. 4,17,000 on Capital Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Department of Social Welfare'."

DEMAND No. 92—DEPARTMENT OF CULTURE

MR. DEPUTY-SPEAKER: Motion moved:

"That a sum not exceeding Rs. 5,59,34,000 on Revenue Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Department of Culture'."

DEMAND No. 93—ARCHAEOLOGY

MR. DEPUTY-SPEAKER: Motion moved:

"That a sum not exceeding Rs. 2,18,08,000 on Revenue Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Archaeology'."

SHRI SAROJ MUKHERJEE
(Katwa): I beg to move:

"That the Demand under the head Department of Education be reduced by Rs. 100."

[Failure to implement the directive principle of the Constitution to make primary education free to every child of India (3)].

"That the Demand under the head Department of Education be reduced by Rs. 100."

[Failure to uplift the educational status of the Scheduled Castes, Scheduled Tribes and backward sections of the Indian people by giving them opportunity to get education free in every village (4)].

"That the Demand under the head Department of Education be reduced by Rs. 100."

[Need of introducing the pension scheme for college teachers of all categories throughout the country, as the colleges are bound with the Central U.G.C. Scheme (5)].

"That the Demand under the head Department of Education be reduced by Rs. 100."

[Need of introducing the pension scheme for the non-teaching staff including the bearers of college hostels (sponsored, private or otherwise) all of which are linked with U.G.C. Scheme (6)].

"That the Demand under the head Education be reduced by Rs. 100."

[Need of simplified categorisation of colleges and of teaching staff with uniform pay scale throughout India (7)].

"That the Demand under the head Department of Education be reduced by Rs. 100."

[Need to increase the pay scale of the college teachers of all categories to make it at par with Government college teachers (8)].

"That the Demand under the head Department of Education be reduced by Rs. 100."

[Need to extend the facilities to the college teachers who are newly appointed by calculating service-period rendered in teaching in schools prior to joining the college and to bring these facilities at par with the other teachers of the colleges (9)].

"That the Demand under the head Department of Education be reduced by Rs. 100."

[Need to change the present examination system in colleges and make it attractive for the students instead of repelling them from appearing in examinations (10)].

"That the Demand under the head Department of Education be reduced by Rs. 100."

[Failure to promote the programme of education, training and rehabilitation of the physically and mentally handicapped (11)].

"That the Demand under the head Department of Social Welfare be reduced by Rs. 100."

[Failure to set up training centres for women in handicrafts, stitching, tailoring, weaving and knitting through training-cum-production centre in every village of India (12)].

SHRI P. G. MAVALANKAR
(Ahmedabad): I beg to move:

"That the demand under the head Department of Education be reduced to Re. 1."

[Failure to ensure that the Minister of Education is a full member of the Cabinet (13)].

"That the demand under the head Department of Education be reduced to Re. 1."

[Failure to provide a large budget for education to meet the urgent needs of several programmes and projects with the aim of all round and rapid development of the human factor in our economy and polity (14)].

"That the demand under the head Department of Education be reduced to Re. 1.

[Failure to formulate a truly national policy with regard to the working of the two Central Universities the Hindu Vishwa Vidyalaya at Varanasi and the Muslim University at Aligarh (15)]

"That the demand under the head Department of Education be reduced to Re. 1.

[Failure to strengthen the annual budget of the University Grants Commission with a view to achieving better and greater results in the sphere of Higher Education in the whole country (16)].

"That the demand under the head Department of Education be reduced to Re. 1.

[Failure to implement several useful and purposeful recommendations of the Kothari Commission on Education (17)].

"That the demand under the head Department of Education be reduced to Re. 1."

[Failure to persuade the State Governments to put into practice proposals of the UGC in regard to improvement of salary scales and service conditions of college and University teachers all over the country (18)].

"That the demand under the head Department of Education be reduced to Re. 1.

[Failure to help U.G.C. start and strengthen autonomous colleges in the important educational centres spread throughout the nation (19)].

"That the demand under the head Department of Education be reduced to Re. 1.

[Failure to face effectively and immediately the challenge of student unrest in the various educational campuses (20)].

"That the demand under the head Department of Education be reduced to Re. 1.

[Failure to help U.G.C. start and educational policy which will meet the requirement of the new independent democratic nation-State of India (21)].

"That the demand under the head Department of Education be reduced to Re. 1.

[Failure to obtain uniform standards and practices of achieving peaks of excellence in the universities and allied institutions of Higher Education in the entire land (22)].

"That the demand under the head Department of Education be reduced to Re. 1.

[Failure to accelerate the nation-wide programme of providing free, compulsory and universal education to all boys and girls in the age group 5 to 14, as per Constitutional directive (23)].

"That the demand under the head Department of Education be reduced to Re. 1.

[Failure to work out an intelligent, imaginative and helpful project of educational T.V. during the decade of the Seventies (24)].

[Shri. P. G. Mavalankar]

"That the demand under the head Department of Education be reduced to Re. 1.

[Failure to take steps to provide for the meaningful working of the continuing education programme for all adults, both literate and semi-literate as well as skilled and semi-skilled (25)].

"That the demand under the head Department of Education be reduced to Re. 1.

[Failure to speed up the pace of development of regional languages in particular reference to medium of instruction and publication of books both original and translated (26)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Need for upgrading the miserably low salary scales of Primary School Teachers all over the country (27)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Need for allotting larger funds to all States and Union territories for accelerating the spread of compulsory free universal primary education in India (28)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Need for encouraging multi-purpose secondary schools in our country (29)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Need for ensuring proper conditions of service, security of tenure and better scales of salary to all the confirmed teachers in secondary schools (30)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Need for improving the salary scales and service conditions of non-teaching staff in colleges all over the country (31)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Need for developing a vigorous programme of physical education in all high schools and colleges (32)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Need for providing more funds for further encouragement of games and sports in all our educational institutions (33)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Need for making secondary education free to all girls throughout the nation (34)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Need for setting up specialized educational institutions for women in the fields of home science, handicrafts, tailoring, knittings, nursing and first aid, etc. (35)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Need for making provision for Annual Book Allowance to all categories of teachers in colleges and universities (36)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Need for radically reorienting the entire examination system with a view to eliminating the evils of guides, tuitions and suggestions and with the object to enabling students to think independently and critically on the subject matter of their studies (37)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Need for development of an extensive library service in higher secondary schools and colleges so as to encourage continuous and intensive reading habits among the students and teachers community (38)].

"That the demand under the head Department of Education be reduced by Rs. 100".

[Need for restoring all the cuts that were imposed from time to time under the pretext of crisis and emergency in various educational programmes and projects already planned (39)].

"That the demand under the head Department of Social Welfare be reduced by Rs. 100."

[Need for establishing special training centres for the blind, the handicapped and the mentally retarded (40)].

SHRI C. K. CHANDRAPPAN:
(Telicherry): I beg to move:

"That the demand under the head Department of Education be reduced to Re. 1."

[Failure to ban the semi-fascist and para-military organisations like R.S.S. from functioning in the campuses of the universities and other educational institutions in the country (41)].

"That the demand under the head Department of Education be reduced to Re. 1."

[Failure to provide adequate students' representatives in all the administrative and academic bodies of the Central universities (42)].

"That the demand under the head Department of Education be reduced to Re. 1."

[Failure to bring about necessary controls, in Union territories, over the private management who had commercialised our education in their effort to reduce education into a profitable enterprise (43)].

"That the demand under the head Department of Education be reduced to Re. 1."

[Failure to provide conditions for the democratic functioning of the students unions in all the educational institutions under Central Control (44)].

"That the demand under the head Department of Education be reduced to Re. 1."

[Failure to abolish the so-called public schools which are functioning in the union territories as a remnant of colonialism (45)].

"That the demand under the head Department of Education be reduced to Re. 1."

[Failure to reorient the education in such a way that it becomes an effective instrument of social change and progress (46)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Need to take steps to provide better facilities for sports so that Indian sports develop upto international standards (47)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Failure to evolve a modern examination system discarding the present outdated and obsolete one (48)].

[Shri C. K. Chandrappan]

"That the demand under the head Department of Education be reduced by Rs. 100."

[Failure to instill in the minds of students the national goals of socialism, secularism and democracy by giving a new content to our education (49)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Failure in taking up a massive literacy scheme with a view to effectively fighting illiteracy (50)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Need to enquire into the complaints about the bureaucratic and authoritarian actions of certain Vice-Chancellors against the University teachers (51)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Need to provide better sports facilities in our countryside (52)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Need to strengthen the laboratories in Universities to promote research (53)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Need to provide better conditions of work for the university teachers and also for the non-teaching staff in the Union territories (54)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Need to weed out the C.I.A. cover organisations from the field

of education such as Viswa Yuvak Kendra (55)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Need to seek the co-operation of all the students organisations in the country to create conditions of peace and tranquility in the academic world (56)].

"That the demand under the head Department of Education be reduced to Re. 1."

[Failure to provide vocational bias to education (57)].

"That the demand under the head Department of Education be reduced to Re. 1."

[Failure to provide conditions to run the Central Universities as model Centres of education, by providing full democratic rights to students and teachers and by reforming academic and administrative bodies in these institutions (58)].

"That the demand under the head Department of Education be reduced to Re. 1."

[Failure to encourage and expand a massive library movement in our country, particularly in the rural side (59)].

"That the demand under the head Department of Education be reduced to Re. 1."

[Failure in setting in a high power commission to enquire into the infiltration of communal organisations in educational institutions and its consequences and also for suggesting remedies (60)].

"That the demand under the head Department of Education be reduced to Re. 1."

[Failure to weed out the imperialist influence from our education (61)].

"That the demand under the head Department of Education be reduced to Re. 1."

[Failure to stop the CIA infiltration in various forms in our education (62)].

SHRIMATI BIBHA GHOSH GO-SWAMI (Nabadwip): I beg to move:

"That the demand under the head Department of Education be reduced by Rs. 100."

[Increase in the absolute number of illiterates in the country (63)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Failure to eradicate illiteracy even after 25 years of independence (64)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Failure to provide universal, free and compulsory education for the age group 6—14 (65)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Failure to provide adequate special help to the relevant States for free education upto class VIII (66)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Failure to provide facilities for adult education to any significant extent. (67)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Failure to change the national priorities in favour of education (68)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Failure to implement a uniform national scale of all teachers throughout India which will compare favourably with other professions and be at least at par with the growth of economy in the country (69)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Failure to reform the examination system despite the recommendations of the Committees, Commissions and Educationists over the past decades (70)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Failure to provide proper climate for meaningful education by ensuring either jobs or unemployment benefits to the products of the educational system (71)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Failure to combat regional and sectoral imbalance in education (72)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Failure to maintain a proper attitude towards teachers' organisations in Union territories and also to provide proper facilities for them (73)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Failure to provide adequate special facilities for girls' education in Union territories (74)].

[Shrimati Bibha Ghosh Goswami]
"That the demand under the head
Education be reduced by Rs. 100."

[Failure to provide free books,
mid-day meals and school uni-
forms for all primary school
children (77)].

"That the demand under the head
Education be reduced by Rs. 100."

[Failure to provide security of
service, pension schemes and in-
surance benefits for teaching and
non-teaching staff of schools and
colleges under the Central control
(78)].

"That the demand under the head
Education be reduced by Rs. 100."

[Failure to provide facilities for
compulsory games and sports in
schools in India (79)].

"That the Demand under the head
Education be reduced by Rs. 100."

[Failure to secure from the
Railway Ministry the revival of
Teachers' Individual Railway con-
cessions (80)].

"That the demand under the head
Department of Social Welfare be
reduced by Rs. 100."

[Lack of awareness of and con-
cern for the problem of footpath
dwellers in big cities (81)]

SHRI GADADHAR SAHA (Bir-
bhum): I beg to move:

"That the demand under the head
Department of Education be reduced
by Rs. 100."

[Failure to introduce and imple-
ment pension scheme for all em-
ployees in educational institutions
in Union territories (82)].

"That the demand under the head
Department of Education be reduced
by Rs. 100."

[Failure to start payment of
pension to retired teachers within

reasonable time limit after their
retirement in Union territories
(83)].

"That the demand under the head
Department of Education be reduced
by Rs. 100."

[Failure to provide* guarantee
for security of service to teachers
in educational institutions in
Union territories (84)].

"That the demand under the head
Department of Education be reduced
by Rs. 100."

[Failure to bring about change
in examination system (85)].

"That the demand under the head
Department of Education be reduced
by Rs. 100."

[Failure to check deterioration
in the standard of education (86)].

"That the demand under the head
Department of Education be reduced
by Rs. 100."

[Failure to award special grant
to the wards of teaching and non-
teaching staff educational insti-
tutions to cover the whole cost of
education (87)].

"That the demand under the head
Department of Education be reduced
by Rs. 100."

[Failure to make primary edu-
cation free, compulsory and uni-
versal to all children in the age
group of 5—14 according to direc-
tive principle of the Constitution
in all States (88)].

"That the demand under the head
Department of Education be reduced
by Rs. 100."

[Failure to formulate and im-
plement a national policy on edu-
cation (89)].

"That the demand under the head Department of Education be reduced by Rs. 100."

[Failure to implement certain useful and purposeful recommendations of the Kothari Commission on Education in respect of pay scale of teachers and their service conditions (90)].

"That the demand under the head Department of Education be reduced by Rs. 100."

tutions in rural areas and absorb
the folk artistes who are suffering
for lack of finance in various cul-
tural activities of our country
(2)].

"That the demand under the head
Department of Culture be reduced
by Rs. 100."

[Need to recognise the writers,
poets and novelists in various
States belonging to the politics
opposed to the ruling party (3)].

That the demand under the head
Archaeology be reduced by Rs. 100."

[Need to further excavate and
explore the past history in the
region known as "Pandu Rajar
Bhibi" in the district of Burdwan
(P. S. Ausgram), West Bengal,
India (4)].

SHRI C. K. CHANDRAPAN I: I
beg to move:

"That the demand under the head
Department of Culture be reduced
to Re. 1."

[Failure to provide necessary
facilities for the development of
the folk arts, crafts and culture
(5)].

"That the demand under the head
Department of Culture be reduced
to Re. 1."

[Failure to provide adequate
facilities for translation of well-
known literature from different
languages to all Indian languages
(6)].

SHRI GADADHAR SAHA: I beg
to move:

"That the demand under the head
Archaeology be reduced by Rs. 100."

[Need to excavate and explore
the past history in the area
known as Ralic of Past History
protected by Government at
Nanoor in Birbhum District. West
Bengal (8)].

MR. DEPUTY SPEAKER: The cut
motions are also before the House.
Shrimati Bibha Ghosh Goswami.

**SHRIMATI BIBHA GHOSH GOS-
WAMI (Nabadwip):** Sir, at the out-
set I would ask for a little more
time. The Government have come
out with a blueprint of education in
the Fifth Five Year Plan and I need
some time to deal with that.

The word 'Education' has now be-
come almost synonymous with 'crisis'.
Open the newspaper any day, and
there is invariably some news or
other about student unrest, teachers'
strike, closure of institutions and so on
and so forth. The Government has
brought the whole situation to a
complete mess.

And this is the inevitable result of
the class bias of the Government in
its over-all policy decisions. They
are continuously talking of "so-
cialism", "socialistic pattern", "Social
justice" and of course, 'garibi hatao'.
while continuously acting as the
auxilliary instrument of landlordism
and monopoly capital. In a way the

same thing is reflected in the education policy—State spending a greater sum of money for the rich, and lesser for the expense of the poor.

The Government does no longer talk of universal, free and compulsory primary education. The official figures talk of 'enrolment facilities', not enrolment as such. It is now officially recognised that compulsory universal primary education cannot be implemented because the problem of drop-out cannot be solved so long as the vast majority of our people remain poor.

That means, the poorer masses cannot afford to send their children to schools even if there are free schooling facilities.

15 hrs.

[SHRI K. N. TIWARI in the Chair]

The children have to work and help the sheer survival of their families. The recipe of "Mid-day meals" is offered as an incentive for attending the schools. But it is so insignificant that it does not work. I do not know where it will stand after the Rs. 950 crores cut in the original Plan provisions proposed by the Ministry and the C.A.B.E.

As a result, according to official figures, schooling facilities were made available for about 80 per cent of the population in the relevant age-group but the rate of drop-out is so serious that so far actual enrolment in our primary schools is not more than 52 per cent. In fact, as it is pointed out by Prof. A. K. Sen, in the course of his valuable lectures on "The crisis in Indian Education", this percentage will be much less if we take into account the percentage dropping out of class V and the fact that the number of primary school children above the relevant age-group is much more than the number of younger children in post-primary classes.

I am quoting from the document "Education" in the Fifth Five Year Plan. It says:

"Of every 100 children that enter class I, only 40 reach class V and only 25 reach class VIII. The drop-out rates for girls are higher than those for boys. The rates for Scheduled Castes are even higher and those for Scheduled Tribes are probably the highest."

If we go by the N.C.E.R.T. Survey Report, in some States, we reach the fantastic figures of only 27 per cent of boys and 15 per cent of girls seeing their way through from Class I to Class IV. It is this continuous increase in the rate of drop-out that explains the absolute increase in illiteracy. Look at the funny contradiction. You spend money, though ridiculously insufficient, on Adult education, and Adult literacy campaign. On the other hand, your schools cannot retain students, and they drop-out every year in large number and join the army of illiterates. I am sure, ours is the near-worst performance in the world after 25 years of Independence and this performance has given us an all-time record of illiteracy. Of the 55 crores of illiterates in the world today, 38 crores live in India. There is no use referring to the examples of China or of the war-torn Vietnam successfully having put an end to illiteracy. Even with such a huge drop-out rate, the Government fails to offer facilities for secondary education because, they say, they do not have resources.

A complete lack of proper sense of priority characterises this Government. They can find money to inflate the expenditure for top-heavy administration and for police and military. But for education, they have got no money. No use asking them to realise the income-tax arrears or black-money.

Today, they are openly talking of restrictions on secondary education.

[Shrimati Bibha Ghosh Goswami]
They think a lot of public fund is being wasted on education which has no relationship with the employment market. They are saying the same thing about college education. They are facing a situation where demand for more facilities is going up. This is inevitable. Firstly, because the aspirations of our people are being more and more articulate. Secondly, and this is more important, the acute unemployment situation has resulted in a growing craze for a higher degree as an essential passport to the employment market.

The Government have never tried seriously to any manpower planning. All along they are talking big of education as a part of the productive process, but never actually tried to make education relevant to the needs of a democratic society. They possibly cannot do that because, with more than 80 per cent of our people living in the country side, the crux of the question of our economy is the agrarian question and in that sector, they have a record of thorough bungling. Their new agricultural strategy has resulted in eviction of small peasants and displacement of a great number of agricultural labourers. The mechanisation programme has resulted in lesser employment. If this is the state of affairs in agriculture where even unskilled labour surplus is growing every day, how can you think of making education relevant to the forces or techniques of production?

It follows obviously that your entire emphasis is on conventional general education inherited from the imperialist British. In spite of a considerable expansion of the administration requiring white-collared workers, today, you have a huge number of educated unemployed. Even after the tall talks of India needing more and more technicians and doctors, lakhs of our precious engineers and doctors are out on the streets. As

a result, education has become thoroughly irrelevant to the life of the student. A student is prompted only by the need for a degree; the content of education is not important. Hence, the growing unrest amongst the students.

This system alienates the teachers also. You give the lowest priority to teachers' salaries, amenities in the educational institutions or democratic structure of administration. The national pay scales of teachers which will compare favourably to other professions in the country are yet nowhere on the horizon.

Sir, the policies and attitudes of this Government have brought forth the rising wave of struggles of teachers in India. They lack security of service and they are ill-paid. If I may cite the information given in the Report of the Advisory Committee of the NCERT some time ago, the all India average of salary of teachers for all types of educational institutions, including universities, in 1964-65, was Rs. 1,543 per teacher per annum; that comes to Rs. 128 per teacher per month. And whatever growth has been there in the rate of salaries of teachers has been, in most cases, eroded away by price, rise, and in many cases, the actual or real salary has substantially diminished. We hear every day long sermons that teachers are the builders of the nation and so on, but when it comes to enhancing their salaries and catering to their needs, we are told that they have no resources.

A large part of our schools and colleges are in the private sector and the teachers are always at the mercy of the private managers. Right now, the college and university teachers of West Bengal are agitating for reinstatement of their colleagues who have been dismissed by the Kamarpukur College authorities. Most of the colleges in West Bengal, according to a memorandum to the Chief Minister

from West Bengal College and University Teachers' Association, are on the point of bankruptcy leading to a long time non-payment of salaries to thousands of college teachers. Another point is that monthly payment of full pay packet is a foreign practice to most of the schools and colleges of West Bengal. The State Government of West Bengal is busy issuing circulars to the detriment of secondary education. One recent order proposes cutting off the head of the taller person to make him equal to the shorter one. Under the pretext of introducing a uniform pattern of grant-in-aid, the full deficit scheme, which was begun as long back as 1948, has suddenly been withdrawn. All Madrashes, high and higher, a number of whom enjoyed full deficit, are totally excluded from grant as are all Junior or High Schools or middle schools.

In West Bengal, hundreds of teachers are being victimised. They are not being allowed to join their schools and the managements are trying to dismiss them on the plea of their absence from duty. Widespread organised violence by the Chhatra-Parishad hoodlums is being unleashed against the teachers. It may not be out of place to mention that lists containing the names of some such teachers were submitted to the hon. Minister who, apparently, could not persuade the State Government to take corrective steps. In fact, the State Government is even refusing to reply for the last several months. The Haryana school teachers' strike is a very recent example. Thousands were dismissed; thousands were arrested and beaten up by anti-socials at the instance of the State Government. More than 15,000 were jailed. Rajasthan teachers and college teachers of Punjab and Haryana were arrested and jailed. Even in a centrally controlled University like the Punjab University, the Vice-Chancellor goes on harassing teachers, victimising them and using the

Senate and the Syndicate for his autocratic rule and you remain a silent spectator.

This is your attitude to education and educators. Everytime somebody talks of these things in this House, we are told that 'education' is a State subject. On the other hand, you build a campaign for converting education as a central or a concurrent subject. The States obviously adopt a policy that the Centre adopts. And, after all, it is the same Congress ruling in the States as well as in the Centre.

The Government have worked out a so-called new strategy of educational planning. It is a wonderful solution—a combination of privilege and merit. Let me try to restate the arguments put forth:

"The demand for education is too high. We cannot afford to offer minimum facilities to everybody, not even at the level of primary education. We are wasting our funds spending too much for too many. We shall, therefore, spend much more for a few and much less for the many. But we must also talk of socialism, social justice, delinking quality from privilege and facilities for the poor. So we will distribute some concessions here and there."

Here is a glaring confession from the Ministry. This is the working paper for the Fifth Five Year plan. It says:

"Since resources are limited and good education cannot be immediately provided to all, it is essential that admissions to our good schools are regulated on the basis of merit and social justice. These model schools would, therefore, be provided with adequate hostel facilities and at least 25 per cent of their seats would be reserved for

[Shrimati Bibha Ghosh Goswami]
children coming from the socially
and economically deprived groups
who would be paid suitable scho-
larships..."

In actual terms, what are you doing? You are going to have one model primary in each block, one model secondary in each district and autonomous colleges upto 5 per cent of the total number of colleges. Who will be the students of these models—the so-called pace-setting institutions? Obviously, the children of the rich. Because the fees in these schools and colleges will be much higher and mostly these will be residential type of institutions.

THE DEPUTY MINISTER IN THE
MINISTRY OF EDUCATION AND
SOCIAL WELFARE AND IN THE
DEPARTMENT OF CULTURE (SHRI
D. P. YADAV): We shall not charge
any fees if it comes to that.

SHRIMATI BIBHA GHOSH GOS-
WAMI: You may reply to all these
while you reply.

Now you will pay for their build-
ings and equipment. And the or-
dinary schools and colleges will take
care of themselves. Thus, there will
be two parallel channels of educa-
tion. As Prof. Kumares Chakraverty
has rightly pointed out in an article:

"Thus the model primary school
will feed the model secondary school
which will feed the autonomous
college and the University. This
will be the channel of good educa-
tion meant primarily for the rich,
both rural and urban. On the other
hand, the ordinary primary school,
the ordinary secondary school and
the ordinary college will be linked
in the same chain. This is the re-
sult of reconciliation efforts be-
tween qualitative improvement and
claims of expansion. And this is
another name for growth with
social justice."

And what other purpose does it serve?
I quote again from the same:

"The new scheme will also pro-
vide an objective background for
ideological unification of the rural
and urban elite, particularly by
building a new bridge between the
rural and urban beneficiaries of the
development of our economy on
capitalist lines."

I know the Government will at
once talk of scholarships for 25 per
cent of the students. But the amount
of scholarships is so small that it will
be virtually meaningless and, by and
large, it will also go to help the com-
paratively richer. Besides, the propor-
tion of scholarships is also in the in-
verse ratio. On the one hand, you
say 40 per cent of our population is
below the poverty line and, on the
other hand, you claim to observe the
rules of social justice by offering 25
per cent scholarships.

Just look at your Budget. You re-
duce the total expenditure from about
138 crores last year to about 125 cro-
res this year. That means, in percen-
tage, you reduce it to 1.62 per cent of
the total budgeted outlay. This Gov-
ernment, as I have said earlier, totally
lack a sense of understanding about
the pivotal significance of Education
in modern society. If they had any
such sense of understanding they
would have at least raised the status
of the Ministry of Education to Cab-
inet level. They have got only a dis-
torted and lopsided sense of national
priorities. Sir, we spend twice as much
money on a single heavy engineering
plant as we spend on the total budget
on Education. We spend more on a
single item of Central Police under
the Ministry of Home Affairs, than
what we spend on Education. And
in a country of illiterates, we spend
on family planning about half the
amount we spend on Education, thus
putting the cart before the horse.
Why maintain a Ministry at all for
spending such a paltry sum? The

Education portfolio may better be handed over to any other Ministry, say, Animal Husbandry, rather than having a Minister of the calibre of our present Minister. We demand a minimum of ten per cent of the Central Budget to be spent on Education as recommended by the Kher Committee as far back as 1952. We demand a minimum of ten per cent of the total Plan outlay of the Fifth Plan to be earmarked for education. As it stands now, this is only four per cent of the plan outlay.

Within the reduced expenditure you introduce some special allocation of more than Rs. 70 lakhs for so called expansion and improvement of the quality of primary education. Obviously this will go for starting the process of establishing model primary schools meant for the children of the rich.

According to the Ministry, universal free primary education would be implemented by 1980-81. It is with that view that the Minister must have proposed the budget allocations. But where is the additional allocation for mounting the 'sizeable programme of advance action' referred to by the Ministry? I know reference will be made to State budgets but so far as I have been able to ascertain with information available here, State Budgets are equally disappointing.

Regarding movement of salary scales of university and college teachers contained in these Detailed Demands, I want to know something. The Gajendragadkar Committee, now known as Sen Committee, is yet to submit its report. Is it a fact that the Ministry is already aware of the recommendations of the Committee? Or does it mean that the amount of Rs. 1 crore allocated for this purpose is ad hoc and that Supplementary Demands will be brought forward in the near future?

A point regarding the ten plus two years pattern of school education.

What is happening in the States? Despite repeated representations by the ABTA, the Govt. of West Bengal refuses to sit with the teachers' organisations and take their views into account on the subject of reorganisation of Education. The destiny of lakhs of students and the security of service of thousands of teachers are at stake. It should be emphasised from the Centre that the States are not to hurry, they are to take adequate time for planning and reorganisation. Otherwise you will again have to say that the ten plus two years is a failure.

In the end I would like to sound a note of caution. The state of affairs in our schools, colleges and universities is highly explosive. Students, out of a sense of deep frustration, are asking for a voice in managing the affairs of their institutions. Teachers are demanding participation in a democratic structure of administration. Everywhere they are demanding nationalisation of education. On the other hand private trusts dominated by vested interests including big monopoly houses are trying to assert their autonomy. They are violating the minimum norms of academic institutions of university rules. If the Government does not act in a proper way and in time, teachers all over India will rise up. Teachers' movement is growing all over India. No amount of repression will be enough to suppress their voice.

And, so long as you fail to ensure the people's right to Education and Education related to employment, you will soon be in a position when this House will discuss formation of a new Police Force for educational institutions and that Police Force will consume most of your budgetary allocation on Education.

डा० मोहिन्द दास (जबलपुर) : सभापति जी, हम ने निश्चय किया है कि हमारे देश में

[डा० गोविन्द दास]

सामाजिक रचना समाजवादी हो। यह निश्चय सर्वथा उचित निश्चय है क्योंकि एक व्यक्ति गुल्छरे उड़ाता रहे और 99 भूखों मरें ऐसा समाज रह नहीं सकता ? परन्तु समाजवाद कैसे आयेगा इस संबंध में गम्भीरता से विचार करने की आवश्यकता है। मैं समझता हूँ कि समाजवाद लाने के लिए हमारी शिक्षा ऐसी होनी चाहिए जिस से कि हम समाजवाद की स्थापना कर सकें। देश की उन्नति बहुत दूर तक निर्भर है इंजीनियरों पर, टेक्नोलॉजिस्ट्स पर, कृषि वैज्ञानिकों पर, प्रशासकों पर और डाक्टरों पर। परन्तु ये सब के सब तैयार किए जा रहे हैं उस शिक्षा के द्वारा जो शिक्षा उन्हें विदेशी भाषा में दी जा रही है। क्या यह संभव है कि ये लोग सच्ची दृष्टि से इस प्रकार के भारतीय बन सकें कि जो समाजवाद की स्थापना कर सकें।

15.21 hrs.

[SHRI S. A. KADER in the Chair]

सन् 1967 में भारत सरकार ने विश्व-विद्यालयों के कुलपतियों और उपकुलपतियों का एक सम्मेलन किया था और उस सम्मेलन में यह निश्चय हुआ था कि विश्वविद्यालय स्तर तक की शिक्षा का माध्यम भारतीय भाषाएं हों। छः वर्ष बीत गये। स्थिति ज्यों की त्यों है और अभी भी शिक्षा का माध्यम भारतीय भाषाएं नहीं हो सकीं। अभी बंगला देश स्वतंत्र हुआ है। बंगला देश में यह निश्चय हुआ है कि वहां विश्वविद्यालय स्तर तक की शिक्षा का माध्यम बंगला भाषा हो। वहां की सरकार ने यह आदेश भी दिया है कि जब तक विश्वविद्यालय के स्तर तक की शिक्षा की पुस्तकें तैयार नहीं हो जातीं तब तक अंग्रेजी

पुस्तकों से सहायता ली जा सकती है। लेकिन उन अंग्रेजी पुस्तकों के बावजूद भी शिक्षा बंगला भाषा में दी जायगी। हमारे लिए भी मेरी दृष्टि में यह अत्यन्त आवश्यक है।

शिक्षा मंत्रालय ने हिन्दी और भारतीय भाषाओं की पुस्तकें लिखवाने का निर्णय किया है। लेकिन मैं कहना चाहता हूँ कि इसकी स्थिति अत्यन्त शोचनीय है। शिक्षा मंत्रालय के शब्दावली आयोग और केन्द्रीय हिन्दी निर्देशालय को यह उत्तरदायित्व सौंपा गया है। पर यह आश्चर्य की बात है कि पिछले चार वर्षों में इन दोनों कार्यालयों के अध्यक्ष की नियुक्ति नहीं हुई। बिना अध्यक्ष के ये कार्यालय चल रहे हैं। मेरी समझ में नहीं आता कि चार वर्ष तक कार्यालयों के अध्यक्ष नियुक्त न हों और कार्यालय काम करते रहें। सन् 1964 में इन दोनों कार्यालयों को मिला कर एक कार्यालय बनाया गया। पर उस समय भी इसके अध्यक्ष एक हों या दो अध्यक्ष हों यह एक विवाद का प्रश्न था। जब कि दोनों कार्यालय एक हो गये थे तो एक अध्यक्ष की नियुक्ति होनी चाहिए थी। वह नहीं हो सकी। सदस्यों को यह भी जानकर आश्चर्य होगा कि इस पद को भरने के लिए लोक सेवा आयोग से कहा गया था। लोक सेवा आयोग ने इस पद के लिए जिन सज्जन का नाम निश्चित किया था नौ महीने हो गये उस बात को, उन महाशय के पास अब तक नियुक्ति का पत्र नहीं गया। आप पता लगाये यह बात सत्य है या नहीं? इस विभाग में तीन सौ से ऊपर विद्वान काम करते हैं। इन तीन सौ विद्वानों में दो सौ से अधिक ऐसे विद्वान हैं जिनको डाक्टरेट की डिग्री प्राप्त है। किन्तु

इन से पुस्तकें लिखवाने या शब्दावली के निर्माण का काम न लेकर क्लर्की का काम लिया जाता है। यह कहां तक उचित है इस पर भी विचार करने की आवश्यकता है।

शिक्षा मंत्रालय में इस समय बहुत अधिक कार्यालय हैं। युवा सेवा विभाग और समाज कल्याण विभाग ये दोनों विभाग शिक्षा मंत्रालय के अन्दर कर दिये गये हैं। पहले ये दोनों विभाग शिक्षा मंत्रालय के अन्दर नहीं थे। अब इन सब का कार्य प्रोफेसर नुरुल हसन साहब करते हैं जो कि कैबिनेट दर्जे के मिनिस्टर न हो कर अभी तक राज्य मंत्री हैं। मेरा यह सुझाव है कि इतना बड़ा काम है और इतना अधिक काम है कि प्रोफेसर नुरुल हसन साहब को जो कि बड़े योग्य व्यक्ति हैं, कैबिनेट दर्जे का मिनिस्टर बनायें और यह सम्भव न हो तो फिर इस मंत्रालय का काम दो विभागों में विभक्त कर देना चाहिए। जैसे पंडित जवाहर लाल नेहरू के समय था कि एक विभाग का काम प्रोफेसर हुमायु कबीर देखते थे और दूसरे विभाग का काम डा० श्रीमाली देखते थे। तो या तो उन को कैबिनेट दर्जे का मिनिस्टर बनायें या शिक्षा विभाग के काम के दो मंत्रालय कर दें और दो राज्य मंत्रियों के जिम्मे आप यह काम करें।

देश में आज छोटी मोटी बातों को लेकर भी बड़े बड़े आन्दोलन खड़े हो जाते हैं। मुझे यह देख कर सचमुच संतोष होता है कि हिन्दी और भारतीय भाषाओं की इतनी अवहेलना होने पर भी हिन्दी भाषा भाषी और भारतीय भाषा भाषी शांत हैं। वह कोई आन्दोलन नहीं कर रहे हैं। लेकिन मैं सरकार को

आगाह कर देना चाहता हूं कि यदि हिन्दी को और भारतीय भाषाओं को उनका उचित स्थान शिक्षा में नहीं मिला तो एक विस्फोटक स्थिति पैदा हो सकती है।

संविधान में देवनागरी लिपि में लिखी जाने वाली हिन्दी को राजभाषा बनाया गया था। फिर भी न जाने क्यों बार-बार रोमन लिपि की बात उठाई जाती है। संसद के निर्णय के बाद भी कि सभी सरकारी रिपोर्टें, मंत्रालय तथा अधिकारियों के नाम देवनागरी लिपि में लिखे जायेंगे वह रोमन लिपि में लिखे जाते हैं। हमारे डी० एम० के० दल को भी इस बात पर आश्चर्य है। हम लोगों को जो हिन्दी भाषा भाषी हैं उन को यदि इस पर आश्चर्य हो तो कोई ऐसी बात नहीं है। लेकिन हमारे डी० एम० के० दल को भी इस बात पर आश्चर्य होता है।

अब मैं कुछ ऐसी बातें कहना चाहता हूं जो बातें मैं सदा कहता रहा हूं और तब तक कहता रहूंगा जब तक कि उन लोगों के संबंध में सरकारी निर्णय संतोषजनक नहीं हो जाते। हमारे देश का यह युग निर्माण का युग है। निर्माण दो प्रकार का हो रहा है। एक निर्माण भौतिक वस्तुओं का निर्माण है, दूसरा निर्माण नई पीढ़ी का निर्माण है। भौतिक वस्तुओं के निर्माण में चाहे हमें कुछ सफलता मिली हो, लेकिन जहां तक नई पीढ़ी के निर्माण का संबंध है हमारी स्थिति वैसी की वैसी ही है जैसी पहले थी। नई पीढ़ी के निर्माण का आधार उनकी शिक्षा है। शिक्षा के दो उद्देश्य हैं। एक शिक्षा मानव को मानव बनाती है और दूसरी शिक्षा से उसको अपनी जीविका चलाने के लिए कुछ साधन प्राप्त होते हैं। इन दोनों

[श्री० गोविन्द दास]

बातों में हमारी शिक्षा अब तक सर्वथा असफल रही है। जहां तक मानव को मानव बनाने का सम्बन्ध है, यह केवल भौतिक उन्नति नहीं कर सकती। हमारी सारी दृष्टि भौतिक उन्नति पर निर्भर हो गई है। मैं भौतिक उन्नति के विरुद्ध नहीं हूं, भौतिक उन्नति होनी चाहिए। लेकिन अगर हमारी सारी दृष्टि केवल भौतिक उन्नति पर केन्द्रित हो जाय तो वह व्यष्टि और समष्टि के लिये कल्याणकारी नहीं हो सकती। भौतिक उन्नति पर सारी दृष्टि हो जाने के कारण आज समाज में रिश्वतखोरी, घूसखोरी, जाने कितने सामाजिक पाप आ गये हैं। पैसे का स्थान ईश्वर से भी ऊंचा हो गया है। ईश्वर के सम्बन्ध में दो मत हैं—कुछ लोग आस्तिक हैं और कुछ लोग नास्तिक हैं, लेकिन पैसे के सम्बन्ध में कोई नास्तिक नहीं है, सब आस्तिक हैं। जैसा मैंने कहा कि मैं भौतिक उन्नति के विरुद्ध नहीं हूं, लेकिन भौतिक उन्नति के साथ जब तक समन्वय आध्यात्मिक उन्नति का न किया जाय, तब तक व्यष्टि और समष्टि का कल्याण सम्भव नहीं है।

संसार की चार संस्कृतियां सब से पुरानी हैं—भारतीय संस्कृति, मिश्र की संस्कृति, चीन की संस्कृति, यूनान की संस्कृति। भारत का तो मैं हूं ही, मिश्र, चीन और यूनान को मैंने देखा है। संस्कृति से प्रेम होने के कारण मैंने इस बात को देखने का प्रयत्न किया है कि क्या इन देशों का जीवन वहां की प्राचीन संस्कृति के अनुसार चल रहा है। आप यदि आज मिश्र, चीन और यूनान जायें तो आपको वहां की प्राचीन संस्कृति या तो वहां के राजदरबारों में दिखाई देगी या वहां के अजायब-

घरों में दिखाई देगा। वहां के जीवन में हम को उन की प्राचीन संस्कृति की परम्परा दिखाई नहीं देती। भारत एक-मात्र ऐसा देश है जिसकी प्राचीन संस्कृति की परम्परा आज भी भारतीय जीवन में है और यह धर्म-प्राण संस्कृति रही है।

धर्म शब्द का हम ने बड़ा गलत अर्थ किया है—रिलीजन या मज़हब। धर्म शब्द का रिलीजन या मज़हब अर्थ नहीं होता। धर्म तो बड़ा व्यापक शब्द है। विनोबा जी ने कहा है—

“धर्म शब्द इतना विशाल और व्यापक है कि उसके सारे अर्थ बताने वाला शब्द मैंने आज तक किसी भी भाषा में नहीं पाया।”

धर्म के हमारे प्राचीन ग्रन्थों में अनेकों वर्णन किये गये हैं और उसके कहीं 10 कहीं 12, कहीं 16 और भागवत में तो 30 लक्षण कहे हैं। मनुस्मृति में, जो हमारी सबसे महान् स्मृति है, 10 लक्षणों का वर्णन है—

धृतिः क्षमा दमो स्तेयं शौचमिन्द्रिय निग्रहः
धी विद्या सत्यमक्रोधो दशकं धर्म लक्षणम् ॥

एक श्लोक में सारा धर्म आ जाता है। इसी के साथ एक और वाक्य है, जो अत्यन्त सरल वाक्य है और जो इससे भी व्यापक अर्थ वाला है वह है—धारयति इति धर्मः। अर्थात् जो धारण करे, वह धर्म है।

हमारे संविधान में सैकुलर शब्द का उपयोग किया गया है, लेकिन उसका गलत अर्थ लगाया जा रहा है। उस अर्थ का कारण यह है कि हम ने हमेशा अंग्रेजी में सोचने का प्रयत्न किया है, अंग्रेजी शब्दों का उपयोग किया है।

पश्चिम में सैकुलर शब्द का जो अर्थ है, जिस रूप में वहाँ किया जाता है, वह स्थिति यहाँ नहीं है, यहाँ की स्थिति भिन्न है, लेकिन अंग्रेजी में चिन्तन के कारण उस शब्द को हमें यहाँ पर रखना पड़ा ।

वास्तव में धर्मों में कोई अन्तर है ही नहीं । देश, काल और अवसर के अनुसार व्यवहार में कुछ अन्तर आ जाता है और हम समझने लगते हैं कि सिद्धान्तों का मतभेद है । आचरण में किसी का अहित न हो, वही सच्चा धर्म है, अतः सदाचार ही सच्चा धर्म हो सकता है, बिना ऐसे धर्म के नैतिकता सम्भव नहीं है । जब तक हमारी शिक्षा का आधार धर्म नहीं होगा, तब तक काम नहीं चलेगा ।

अब हम देखें कि शिक्षा के सम्बन्ध में जो विभिन्न आयोग नियुक्त हुए, उन्होंने इस विषय में क्या कहा है—हमारे स्वराज्य के पहले सन 1882-83 में हंटर आयोग नियुक्त हुआ । उसने कहा—

“विद्यार्थियों के नैतिक स्तर को उठाने के लिये एक ऐसा पाठ्यग्रन्थ तैयार होना चाहिए जिसमें मानव धर्म के सारभूत सामान्य सिद्धान्तों को रखा जाय ।”

1948-49 में हमारे भूतपूर्व राष्ट्रपति डा० राधाकृष्णन की अध्यक्षता में एक आयोग बना । उसने कहा—

“धार्मिक शिक्षा में रुढ़ियों का बहिष्कार कर आध्यात्मिक शिक्षण पर ध्यान देना आवश्यक है ।”

1959-60 में श्रीयुत श्रीप्रकाशजी की अध्यक्षता में एक कमेटी बनी । उसने कहा—

“जनता पर से धर्म का अंकुश हटते जाने के कारण शिक्षा जगत तथा समाज में बहुत दोष आ गये हैं । भारतीय जीवन का आधार धर्म रहा है । आज यह सूख डीला हो रहा है ।

अतः राष्ट्र का जीवन छिन्न-भिन्न होने से रोकने के लिए धर्म का आधार पुनः तैयार करना होगा जिसमें नैतिक तथा आध्यात्मिक मूल्यों की शिक्षा दी जाय ।”

सन 1964-66 में कोठारी कमीशन बना और कोठारी आयोग ने कहा—

“धर्म का सम्यक ढंग से विभिन्न विभागों द्वारा अध्ययन कराया जाय तथा इस तरह का साहित्य तैयार हो कि सारे शिक्षा क्षेत्र में उन मान्यताओं को प्रभावोत्पादक ढंग से किस प्रकार प्रयुक्त किया जा सकता है, इस पर विचार हो ।”

अब मैं कुछ उन महान विभूतियों के विचार आप के समक्ष रखना चाहता हूँ जो हमारे स्वराज्य के पहले से लेकर आज तक देश में एक विशिष्ट स्थान रखते हैं । हमारे राष्ट्रपिता महात्मा गांधी ने अच्छी शिक्षा के सम्बन्ध में अपने विचार व्यक्त करते हुए कहा है—

“अच्छी शिक्षा के लिये व्यक्तिगत जीवन की पवित्रता सब से बड़ी शर्त है ।”

महामना पं० मदन मोहन मालवीयजी ने कहा है—

“युवकों को यह शिक्षा मिलना अत्यन्त आवश्यक है कि वे अपने सामने सर्वोत्तम आदर्श रखें । दूसरे के प्रति हम को ऐसी कोई कृति कदापि नहीं करनी चाहिए, जिसको अगूर दूसरा हमारे लिये करे तो हमें दुख हो । संक्षेप में यही सब धर्मों का सार है ।”

गुरुदेव रविन्द्र नाथ ठाकुर ने कहा है—

“मानवता को पहले ज्यादा विस्तीर्ण भावनाओं से पूर्ण और

[डा० गोबिन्द दास]

बलशाली एकता का अनुभव करना है ।”

योगिराज अरविन्द ने कहा है—

“ज्ञान, भक्ति और निष्काम कर्म आर्य शिक्षा के मूल तत्व हैं । हमारा उद्देश्य होना चाहिए ऐसी उपयुक्त शिक्षा देना, जिस में भावी संतान ज्ञानी, सत्यनिष्ठ, साहसी और विनीत हो ।”

श्रीमती एनी बेसेंट ने कहा है—

“शिक्षा वही सच्ची शिक्षा है, जो व्यक्ति की आध्यात्मिक, बौद्धिक, नैतिक तथा शारीरिक आवश्यकताओं की पूर्ति करे ।”

डा० राधाकृष्णन कहते हैं—

“आध्यात्मिक पुनरुत्थान के बिना वैज्ञानिक उपलब्धियां न शिक्षा कारण बनेंगी ।”

मैं आप से कहना चाहता हूँ कि हमारी शिक्षा अत्यन्त दूषित है, इस शिक्षा को परिवर्तित करने के लिए आज हम को कटिबद्ध होना चाहिए । यह बात बराबर कही जाती है कि शिक्षा हमारी दूषित है, परन्तु उन दोषों को दूर करने के लिए कोई प्रयत्न नहीं किया जाता । हम नई पीढ़ी को अच्छी शिक्षा के अनुरूप बना सकते हैं । मैं आप को इटली और जर्मनी का दृष्टान्त देता हूँ । मुसोलिनी और हिटलर ने इस प्रकार की शिक्षा अपने-अपने देशों में इजाद की थी कि वहाँ के सब लोग फासिस्टवाद और नास्तिकवाद के समर्थक हो गये । हम तो एक ऐसी शिक्षा प्रचलित करना चाहते हैं जिसके द्वारा व्यष्टि और समष्टि का सच्चा निर्माण हो सके ।

स्वामी विवेकानन्द हर व्यक्ति से पूछा करते थे—क्या तुम मनुष्य हो ? एक छोटे से

वाक्य में कितना बड़ा अर्थ है इसको आप देखें । उनका यह पूछना कि क्या तुम मनुष्य हो—यह एक ऐसा सवाल है जिसके अन्तर्गत सब कुछ आ जाता है । जैसा मैंने आपसे कहा था कि शिक्षा के दो उद्देश्य हैं—पहला, शिक्षा मानव को मानव बनाती है और दूसरा, शिक्षा जीवको-पार्जन के लिए सुझाव देती है । इन दोनों दृष्टियों से हमारी शिक्षा अत्यन्त दोषपूर्ण है । शिक्षा के इन दोषों को दूर किया जाये, ऐसा सरकार कहती है लेकिन यह दोष दूर नहीं किये जा रहे हैं ।

अन्त में मैं आपसे कहना चाहता हूँ कि यदि हम इस देश का निर्माण करना चाहते हैं, इस देश का कल्याण करना चाहते हैं तो भौतिकता और आध्यात्मिकता—दोनों का समन्वय करके हम को इस प्रकार की शिक्षा अपनी मातृभाषा में दिलवाने का प्रयत्न करना चाहिए ताकि हमारी शिक्षा में जो दोष आ गये हैं, जोकि विभिन्न आयोगों ने बनाये हैं उनको दूर करके यहाँ पर एक आदर्श शिक्षा प्रणाली स्थापित कर सकें और तभी हमारी नयी पीढ़ी का उचित रूप से निर्माण हो सकेगा ।

SHRI C. K. CHANDRAPPA (Telli-cherry): Sir, when we discuss the demands for grants for Education Ministry, this is perhaps an opportunity for us to discuss certain important policy matters with regard to education.

When we are discussing the grant this year, it is a discussion which takes place on the eve of our Fifth Five Year Plan. There are so many proposals made with regard to Education Reforms in the Approach Paper to the Fifth Plan. This should also be kept in mind. We have passed 25 years after achieving independence. But, if you look at the picture of education, I agree with my honourable friend who just now said that education presents a dismal picture. If you look at various aspects of it, you can say the same thing.

There is growing illiteracy. Government still think in terms of percentage and say that literacy has gone up from 16 per cent to 29 per cent from the year 1951 to 1971. This will be the argument advanced by Government. There is the other side of the picture. The fact remains however that 386 million people in this country are to-day illiterates. There are 88 million more than the number of illiterates that we had in this country in 1951. Can we say that this is a very creditable achievement? What we have failed was to unleash the massive movement in the country for the eradication of illiteracy. There are attempts made by government. I do not deny that. Those attempts were so meagre in relation to the stupendous nature of the problems which we are faced with. Government have to do still more.

After reading their report and even after reading the Approach Paper to Fifth Plan we do not find that there is any programme of a massive campaign against illiteracy in this country. We cannot blame all the time that growth of illiteracy is due to population explosion. It is not so. If you take the example of a big country like the Soviet Union, in thirty years' time, illiteracy had been eradicated in that country. If you take the example of Cuba—a small country—within ten years, there too they have eradicated illiteracy. We in this country, after 25 years and after almost four Plans had been completed, are still seeing the mounting illiteracy. I am sorry to say that Government have failed in unleashing the massive programme against illiteracy.

Coming to primary and secondary education, the Government is often trying to experiment with it. Perhaps the latest experiment which was just now mentioned was about the model schools around which a theory called "seed farm" theory has been enunciated. This is another way of projecting the so-called public school education

in a democratic garb. In 5000 community project areas, Government will bring in these new model schools. This scheme, in my view, will create conditions for the upper strata of society, the haves, to send their children to the more sophisticated schools and they will benefit from it, and no nipple from these institutions will spread all over the country as you visualise. This will be more help to the "haves" at the expense of the down-trodden masses who are illiterate and who are not even provided with minimum conditions of education. This will only benefit the children of the rich.

The other day we discussed the Delhi School Education Bill. I agree you have taken a step forward to have some minimum control over the so-called public schools. But is it not a fact that in this country public schools are still free to do whatever they like and try to create an elite in the society who ape the western society in their day to day life, who are a sort of sophisticated snobs who are still thinking they are living under the old British regime? Whatever the controls you may provide for, these public schools are going to remain and during their annual functions, Ministers, even the Prime Minister and the President will go and bless them and they will make capital out of it.

Coming to university education, you are running the Central Universities and universities deemed to be Central Universities. Certain universities like Punjab University are under some sort of control of the Centre. Last year, during the budget session, a Bill was adopted regarding the Aligarh Muslim University. Around that university today the entire reaction is being mobilised. They are trying to form a grand alliance there, create conditions of anarchy and ferment communalism in our country. The Government somehow took an attitude which also contributed to it. They rushed through the Bill. The sugges-

[Shri C. K. Chandrappan]
tion made by our spokesman that the Bill be referred to a select committee was not accepted. I still do not understand what was the immediate necessity for rushing it through in Parliament. The Minister himself came with a bundle of amendments, showing thereby that he himself had not made up his mind till the last moment. This is now being used by the reactionaries for their propaganda. They say that it was rushed through without considering all aspects.

You might be knowing that the leaders of the Syndicate are taking interest in this University. Shri Piloo Mody has been bestowed with life membership of the Aligarh Muslim University. Shri Atal Bihari Vajpayee visited that University and had discussions there. What were they doing there? How have they suddenly become the friends of the Muslim community? I have no doubt that they are fishing in troubled waters. The conditions created in the country today are such that all the democratic forces in the country are having a tolerant attitude towards the problems which are being posed in the context of the Aligarh Muslim University Act. So, it is time that we have a second look. By that, of course, I do not mean that we go back to the old condition of communalism in the Aligarh University. We should fight the arch communal elements, whether of the majority or minority community. At the same time, the democratic feeling should be respected and the historical character of the University should not be changed.

The Gajendragadkar Commission Report is now being sanctified by the Central Government. Whenever we talk of the reform of the University, they refer to the recommendations of this Commission. I have my reservation about the recommendations of this Commission because about the governance of the Universities the Commission has presented certain ideas before the country which are ugly authoritarian and undemocratic,

which visualize a hierarchical system in the University administration. We are against that. Why do you not allow this House to have an opportunity to discuss this Report? While formulating the Aligarh Muslim University Bill the Government was mainly guided by this Commission's Report. Under that Bill the Vice-Chancellor is given dictatorial powers. He nominates all sorts of people. Whatever semblance of democracy we thought would be there, was also denied. The student representation was made a mere mockery, if you compared it with student representation in Kerala University. This is the type of report which guided the Government in the formulation of the Bill on Delhi University. So, we have our own reservations about that Bill also.

Coming to the Banaras Hindu University, another Central University, there also the Jan Sangh is trying to create communal passion and tension. This is not something new which we are discussing. What prevents you from removing the office of the RSS from the Banaras University campus? The Minister stated the other day that the RSS has filed a case. Now I understand that it is the Vice-Chancellor who has filed a case. You should take necessary steps to remove the RSS office from the University campus.

The RSS has some 32 *sakhas*. Everyone knows that they give paramilitary training and that they are a fascist organisation. Yet, they are allowed a free hand in the University life. I am very sorry to say that in spite of all talk of secularism, the UP Government is conniving with the RSS. They allow the R.S.S. to do any amount of hooliganism in the university and the district administration in Banaras is mainly responsible for that. No Marxist is found here now. There is a grand alliance with Banaras Hindu University ranging from Swatantra Party to Syndicate and to Marxist Party. On 10th of April they collected some students. They should

not create a misunderstanding that Banaras Hindu University students were agitating. A band of hooligans, a band of rowdies, they were collected by all these parties and they said that they were going to capture the administration. There was Section 144. I do not know what has prevented to stop that procession. Instead, the Magistrate who is the so-called custodian of law and order, guided these people inside the university campus. These people, like this magistrate, should be summarily sacked if you want to create conditions of normalcy in this institution. In this context I would like to ask what happened to that Memorandum. I am not referring to the memorandum given by the students of the Banaras Hindu University. 160 Members of both the Houses gave you the memorandum, gave the Prime Minister a memorandum demanding the banning of R.S.S. from all the educational institutions. Nothing has happened, and I would suggest to you to take immediate measures to ban the RSS from functioning inside the university campus, inside the academic atmosphere in the schools or universities or colleges. Are you ready to appoint a high-power commission with Members of Parliament or with judges to go into the fact how far the communal elements are creating troubles in the university, in the educational institutions? Let them come out with their report, then your hands may be strengthened to deal with them. These are certain things about which the country is concerned.

This Ministry deals with an enormous amount of matters. Its hands are full. Some are overflowing. I am not casting any aspersion on the Minister because the Ministry is dealing with a vast area. But, unfortunately, what is happening in the field of sports? I think the Minister never remembers about sports, not because he is not interested but is overburdened. My suggestion is let us have a Sports Ministry, a full-fledged Sports

Ministry, to deal with sports matters. It will perhaps, give sports more respectability, perhaps it will get more attention. Let us leave aside the socialist countries, the advance countries in sports. Take a small country like GDR. It is smaller than the State of Kerala. They got number of gold medals in olympics. Our big country only got a bronze medal. It is not a creditable achievement. There is a scandal about our performance in Munich, how guests of the bureaucrats who conducted these sports came and they were sitting and sleeping and eating everything in the olympics village. It was a scandal and then there came so many suggestions regarding how to improve sports. But my point is, if you want to have a better deal to sports, we must have a full-fledged Ministry for sports and physical culture and secondly, we must have a mass approach to sports. May be, it may not be a very respectable idea. But what is meant by mass approach?

16 hrs.

Let us give sport facilities to primary school children onwards. Let us have a programme to give at least a playground to primary schools. Let us have a programme to give some minimum sport facilities to the village poor who are often considered out of bounds in the world of sports confined to the sophisticated and civilised section of people in the cities and urban areas. Let us have a different attitude to all these problems.

Lastly, coming to Culture, we have so many Akademies. About these Akademies, the Khosla Committee Report has been presented to the Ministry. I would only like to tell the Minister that these Akademies should serve the purpose of the country to develop a new culture, a new value, a new understanding of life.

As far as education is concerned, the modern concept of education is that it should be used as an effective.

[Shri C. K. Chandrappan]

instrument of social transformation. How far have we achieved it? We have to see whether our education is giving ideals of socialism, secularism and democracy to our children. These are the guiding principles of our nation. In the field of sports, in the field of culture also, there is no objective which is giving any direction. It is a den of nepotism and favouritism. I hope, the Minister will have a strong hand to deal with it and to clean the Augean stable.

With these words, I conclude and I am sorry to say that I am not able to support these Demands.

*SHRIMATI V. JEYALAKSHMI (Sivakasi): Hon. Mr. Chairman, Sir. I rise to say a few words on the Demands for Grants of the Ministry of Education and Social Welfare. I will confine my remarks to the activities of the Social Welfare Department.

Sir, it is reported that for the year 1973-74 the Social Welfare Directorate wanted Rs. 38 crores, but the Government unceremoniously reduced this demand by as much as Rs. 13 crores. This has resulted in the unenviable situation that the current year's allocation will be much less than last year's allocation. I refer to this to show that social welfare is receiving diminishing attention from the Government.

It is also stated that the Government have taken a decision to transfer the Social Welfare Directorate to Delhi Administration. I understand that the Administrative Reforms Commission has also made such a recommendation. I take this opportunity to say that, whether the Government ultimately transfer the Social Welfare Directorate to Delhi Administration or not, the Central Social Welfare Board must be wound up as early as possible. Sir, the Central Social Welfare Board has been constituted into a company from 1-4-1969. I am strongly of the view

that this Board is a white elephant. For the year 1972-73 a sum of Rs. 3.24 crores was allocated to the Central Social Welfare Board for its plan and non-plan expenditure. For 1973-74 a sum of Rs. 3.34 crores is sought to be allocated to the Board. It is widely believed that nearly 40 per cent of the allocation, mainly meant* for giving grants to voluntary institutions engaged in social welfare activities, is utilised for meeting the administrative expenses of the Board. The activities of the Central Social Welfare Board could as well be transferred to the Social Welfare Directorate because the Board is just duplicating the activities of the Directorate. So far the Central Social Welfare Board has not done anything substantial and tangible for ameliorating the sufferings of destitute women and children in our country. All the 39 Members of the Board might be eminent and acknowledged social workers in the country. Instead of sitting and confabulating at Delhi about the problems of poor and needy people, they could concentrate their energy in doing something constructive in their respective States. I suggest, that, after abolishing the Central Social Welfare Board, a Committee comprising of women M.L.As and women M.Ps and other reputed social workers of the State should be constituted and allowed to function in the Capital of each State. Such a Committee should be sanctioned grants and aid by the Central Government and it must be entrusted with the responsibility of distributing such grants and aid to voluntary social welfare organisations functioning in that State. In such a set-up the Committee will be able to exercise close and continuous supervision on the utilisation of moneys sanctioned and the progress of work for which such moneys have been sanctioned. These Committees in the State capitals should be made to work directly under the Ministry of Social Welfare. If this suggestion is not acceptable to the hon. Minister,

*Original speech was delivered in Tamil.

then I would suggest that the Minister of Education and Social Welfare should also become the Chairman of the Central Social Welfare Board so that he can guide the Board effectively in formulating its programme of activities.

Sir, in September 1971 a Committee under the chairmanship of Shrimati Phulrenu Guha was constituted to enquire into the conditions of Indian women. During its 19 months of existence this Committee consisting of 13 Members has just finalised its questionnaire. I have come across a news item stating that even in the matter of preparing this questionnaire there were differences of opinion among the Members of the Committee. I do not know how the Government hope to receive the Report of the Committee by September 1973, that is to say, within a period of six months, especially when the Committee has been working at a snail's pace. It has been reported that the Committee tried to assess the political awareness of Indian women in 1972 General Elections. I wonder whether the Committee has taken any pains to find out the position of girl-students in our Colleges. Recently, in a Delhi University Girls' Hostel outrageous vandalism was committed. Such a deplorable and detestable incident took place also in a Girls' Hostel in Bhopal. The working Girls of the capital city are living in primitive conditions in the Working Girls' Hostel on Kasturba Gandhi Marg Road. We came across every day in the newspapers the atrocious treatment meted out to innocent and hapless Harijan women, women belonging to backward classes in our country. I hope and believe that under the Government headed by our Prime Minister, Mrs. Indira Gandhi, who is the pride of womanhood all over the world, adequate steps will be taken to protect the honour and dignity of Indian women and this Committee will submit its far-reaching recommendations as early as possible.

I would now refer to the scheme for assistance to voluntary organisations for welfare services for destitute women in our country. Destitute women between 45 and 65 years are being given help and also women between 18—24 years receive assistance. During 1972-73 in the Budget a sum of Rs. 15 lakhs was allocated for this scheme. But in the revised estimates for 1972-73 this allocation was cut down to Rs. 5 lakhs. I am surprised how a paltry sum of Rs. 5 lakhs would be sufficient to cater to the requirements of estimated 80 lakhs of destitute women in our country. You will be dismayed to know that even this amount of Rs. 5 lakhs seems not to have been utilised. I would appeal to the hon. Minister that the Government should not try to console this House by trying to prove the success of a scheme with the help of some concocted statistics. I would like him to go into this question and ensure that sufficient money is allocated for the purpose of helping lakhs of destitute women in our country.

Coming next to Family and Child Welfare Projects, which is primarily meant for the welfare of rural people, I have no hesitation in saying that the Government have not met with success here also. As has been conclusively proved by 1971 Census, 44 crores of our people, i.e., about 80 per cent of our total population live in 5 lakhs of villages. An amount of Rs. 1.39 crores was allocated for this scheme in 1971-72 and Rs. 1.68 crores in 1972-73. Upto the end of 1971-72 there were 247 such projects in the country. It is not very difficult to calculate that for 2000 villages there is one such project. I do not know how many more five-year plans are required to cover the entire rural area under this scheme. I would appeal to the hon. Minister that more energetic steps should be taken for implementing this vital scheme vigorously throughout the country.

I would now take up the Special Nutrition Programme for Children and

[Shrimati V. Jeyalakshmi]

Expectant and Nursing mothers. I would request the hon. Minister to make a special note of what I am saying. Under this scheme during 1970-71 a beneficiary got an assistance of Rs. 20 in a year. 6,55,000 beneficiaries received a total assistance of Rs. 1.30 crores. In 1971-72 each beneficiary got Rs. 40 in a year. In 1972-73 we have made the progress of giving Rs. 50 per year to each beneficiary under this scheme. If you take the administrative expenses involved in implementing this scheme, this amount may also shrink by 50 per cent. I have given these statistics to show that this scheme also is of no use to the children and nursing mothers of our country, whose number runs to 12 crores according to the Annual Report of the Ministry and you should know, Sir, that 6 crores out of this are not sure of the source of getting two square meals a day. I request the hon. Minister to bestow his personal attention and see that more money is allocated for this scheme.

It has been mentioned in the Annual Report that a National Children's Policy Resolution will be adopted very shortly by the Government. It is also proposed that a National Children's Board will be constituted under the chairmanship of our Prime Minister, Mrs. Indira Gandhi, to formulate and implement a comprehensive welfare programme for the children of our country. We have been hearing about this from the days of Shri Shrimali, Shri Chagla, Shri Triguna Sen, Shri V. K. R. V. Rao, Shri Siddhartha Shankar Ray who were in succession the Education Ministers at the Centre. I hope and trust that at least under the stewardship of Dr. Nural Hassan this will become a reality. I need not say that the future of our country is mainly dependent upon the verve and strength of our children.

We are talking day in and day out that we should render all assistance to the physically handicapped people in our country. You know that they

are in lakhs in our country. It is shocking to find that during 1972-73 only 850 handicapped people could secure employment through 11 Special Employment Exchanges. I hope, Sir, that you will agree with me if I say that more attention should be paid to this problem.

Another issue which is relevant here is the problem of primary education. Out of 100 children who join a primary school only 40 children go up to 5th Standard and only 25 reach 8th Standard. According to a UNESCO Report, 75 per cent of the total illiterate population of the world is in India. In the Approach Paper to the Fifth Plan, it is mentioned that by the end of the Fifth Plan their number will go upto 40 crores. It is evident from the fact that the Government are proposing an outlay of Rs. 1030 crores in the Fifth Plan for primary education. This goes to prove my contention that during 25 years of our independent existence, adequate attention has not been paid to primary education in our country. Let us hope that at least during the 5th Plan the injustice meted out to Primary Education is done with.

According to 1971 Census, the Tamil population in Andaman and Nicobar islands occupies the second place. While Bengali and Urdu languages have been declared as the media of instruction, Tamil language has not yet become the medium of instruction in schools. I request that the hon. Minister should take steps to make Tamil language also as the medium of instruction in Andaman and Nicobar islands.

Before I conclude, I would refer to another important issue. At the time of recent strike of Haryana teachers, all the Opposition parties here—the Swatantra Party, the Congress Organisation, the Jana Sangh, the D.M.K., the Communist Party Marxist, ganged up to table any number of Calling Attention motions with the intention

of condemning the ruling Congress Party. There used to be frequent heated debates in this House. But, in Tamil Nadu when the Graduate Teachers started their agitation for getting the recommendations of Kothari Commission implemented by the State Government—I hope, Sir, you will agree that this is a just demand of the Graduate Teachers of Tamil Nadu—the Tamil Nadu D.M.K. Government restored to strong-arm methods to put down the Teachers' strike. At that time, the Swatntra Party, the Congress Organisation, the Communist Party Marxist attacked violently the repressive policy of the D.M.K. Government in Tamil Nadu.

SHRI MOHANRAJ KALINGARAYAR (Pollachi): This has nothing to do with the Education Ministry's Demands.

SHRIMATI V. JEYALAKSHMI: I refer to this because in this House, the parties, which opposed the policy of your party in Tamil Nadu, joined with you in raising the chorus of protest about the handling of Haryana Teachers' strike by the Congress Ruling Party here.

SHRI MOHANRAJ KALINGARAYAR: Let her make some good suggestions instead of saying all these things.

SHRIMATI V. JEYALAKSHMI: During the past few months, the D.M.K. Government is vigorously engaged in suppressing the movement of the teachers and students in Tamil Nadu. The Tamil Nadu Police without any compunction entered the Clive's Hostel in Tiruchirappalli and manhandled the students. In a pre-meditated attack by the police in a Tirunelveli College, one student Lourdunathan was killed. The Principal of a Tirunelveli College, Prof. Srinivasan was brutally attacked by the Police. The temples of education are

being desecrated by the D.M.K. Government. To tell you in brief, there is today barbaric rule of D.M.K. Government in Tamil Nadu.

With these words, I support the Demands for Grants of the Ministry of Education and Social Welfare and I conclude my speech.

श्री सुधाकर पाण्डेय (चंदौली) : श्रीमन्, मैं शिक्षा मन्त्रालय की अनुदानों की मांगों का समर्थन करता हूँ। सबसे पहले मैं "नवभारत टाइम्स" में प्रकाशित एक लेख "एक अध्ययन एक अर्थशास्त्री का" की ओर मदन का ध्यान ले जाना चाहता हूँ। अर्थ शास्त्री का नाम है— डा० ई० एफ० शूमेकर। उनका यह कहना है— "80 प्रतिशत बौद्धिक एवं सांस्कृतिक शमसान में रहते हैं, लेकिन उसका उचित उपयोग नहीं हो रहा है।" ऐसी स्थिति में आज हम शिक्षा मन्त्रालय की मांगों के ऊपर बहस करने जा रहे हैं।

स्वतन्त्रता के बाद शिक्षा के क्षेत्र में हमने बड़े सत्कार्य स्वीकार किये हैं और जितने हमारे साधन हैं, उन साधनों के अनुपात में हमने बहुत से अच्छे अच्छे कार्य किये हैं। किन्तु फिर भी देश को सम्पूर्ण रूप से साक्षर नहीं पाये हैं, शिक्षित बनाने की बात तो दूर की है। इसकी तह में जब हम जाते हैं तो देखते हैं कि आज हम इतने भौतिकवादी हो गये हैं कि शिक्षा को ही सबसे ज्यादा हम काटना चाहते हैं। हर क्षेत्र में जहां रुपये की कमी करनी हो वहां शिक्षा को हम काट देते हैं। यह नहीं देखते कि शिक्षा में जो धन लगाया जाता है वह कम से कम 50-60 साल तक देश के काम आता है। जो देश शिक्षित नहीं होते, जो देश सांस्कृतिक नहीं होते वे संसार में न तो अपना कल्याण कर सकते हैं और न संसार के लोगों का कल्याण कर सकते हैं। आप देखेंगे कि अभी जो हमारी सालाना पंचवर्षीय योजना चल रही है उसमें 75 करोड़ रुपए गत वर्ष थे और अब मैंने सुना है शायद इस वर्ष 55 करोड़

[श्री सुधाकर पाण्डेय]

ही रखे गये हैं। सिद्धान्ततः यह स्वीकार किया गया था और होना भी चाहिए कि हमारे बजट का दस प्रतिशत शिक्षा पर व्यय होना चाहिए किन्तु कभी 5 प्रतिशत और इस समय साढ़े 5 प्रतिशत व्यय हो रहा है। यह सीमा 7 प्रतिशत तक चली गई थी किन्तु अब उससे घटकर यह व्यय हो रहा है। ऐसी स्थिति में यह कल्पना करना कि हम शिक्षा में क्रान्ति कर सकेंगे और नाना प्रकार के भाषण देना जगह जगह पर कि हम शिक्षा में क्रान्ति करने जा रहे हैं यह एक प्रकार की आत्मप्रवचना होगी क्योंकि शिक्षा के ऊपर यदि ध्यान नहीं दिया गया तो जो कल कारखाने बनाए जा रहे हैं, हरित क्रान्ति की जा रही है वह सारी की सारी व्यर्थ हो जायेगी यदि मनुष्य बनाने का कारखाना मजबूत नहीं बनेगा। हमारा दुर्भाग्य है कि 25 वर्षों में मनुष्य बनाने का जो कारखाना था उसको हमने मजबूत नहीं बनाया। चुनाव के समय हमने कुछ सिद्धान्त के वादे किए थे परन्तु उनकी गति भी बड़ी मन्द दिखाई पड़ती है। वादा था कि प्रत्येक ब्लाक में एक माडल स्कूल बनाएंगे और प्रत्येक जिले में एक माडल हाई स्कूल बनाएंगे लेकिन उसके सम्बन्ध में जो स्थिति चल रही है वह बड़ी दयनीय है। यदि उसमें गति नहीं लाई गई तो हमारी शिक्षा का कल्याण नहीं होगा।

जब उच्च शिक्षा की बात आती है तो स्वतः यू०जी०सी०की ओर, विश्वविद्यालय अनुदान आयोग की ओर हमारा ध्यान जाता है। इधर बहुत दिनों से उसकी रिपोर्ट पर हमारे सदन में चर्चा भी नहीं हुई है। कई वर्ष पहले पब्लिक एकाउण्ट्स कमेटी ने कहा था कि यू०जी०सी०ने जो कार्य किया है वह अच्छा किया है लेकिन उसकी जांच पड़ताल होनी चाहिए। उसने जो कार्य किए हैं वह कहीं अच्छे किए हैं और कहीं खराब हैं और इसकी जांच-पड़ताल कभी भी नहीं हुई है। मैं जानता

हूँ यू० जी० सी० भी अच्छा काम करती है किन्तु उसकी जांच पड़ताल होनी चाहिए और पी० ए० सी० ने जो कहा है उसके अनुसार होनी चाहिए। यू०जी०सी०में गतवर्ष साढ़े 27 करोड़ रुपया खर्च किया गया था और इस वर्ष उसके लिए साढ़े 22 करोड़ रुपए रखे गए हैं। यह विश्वविद्यालय की उच्च शिक्षा के लिए पांच परसेंट की कटौती क्यों की जा रही है—यह मेरी समझ में नहीं आता। इस कटौती को भी पूरा करना चाहिए। विश्वविद्यालय अनुदान आयोग विश्वविद्यालयों को तो करोड़ों रुपया दे रहा है किन्तु डिग्री कालेजेज जो हैं, स्नातक कालेजेज जो हैं जिनमें हमारे लगभग 88 प्रतिशत विद्यार्थी पढ़ते हैं उनको बहुत ही कम दे रहा है। यदि यह कहा जाये कि 12 परसेंट को आप सारी ग्रांट दे रहे हैं और 88 परसेंट को नाम मात्र दे रहे हैं तो उसमें कोई अत्युक्ति नहीं होगी। वास्तव में शिक्षा को यदि शहरों में हमने केन्द्रित किया और शिक्षा को गांवों तक नहीं ले गए तो जिस सामाजिक क्रान्ति की भूमिका हम प्रस्तुत करना चाहते हैं वह सामाजिक क्रान्ति कभी आने वाली नहीं है क्योंकि यह देश गांवों में बसता है। गांवों में प्राइमरी पाठशालाओं तक की दुर्गति है। गांवों के लोगों को जाकर शहरों में पढ़ना पड़े और कुछ विश्वविद्यालयों में सारा धन खर्च हो जाये और कालेजों को कुछ न मिले यह कहां तक उचित होगा। इसलिए मेरा आपको सुझाव है कि विश्वविद्यालय अनुदान आयोग भले ही विश्वविद्यालयों को कम रकम दे किन्तु इन संस्थाओं को अधिक से अधिक रकम देनी चाहिए।

यह भी बड़े आश्चर्य की बात है कि विश्वविद्यालय अनुदान आयोग अधिक से अधिक तीन लाख रुपया एक महाविद्यालय को देता है चाहे वह बहुत बड़ा विद्यालय हो और चाहे बहुत छोटा विद्यालय हो। वह विद्यालय चाहे बम्बई में हो, चाहे दिल्ली में हो और चाहे बनारस में हो या फिर मिर्जापुर के जंगम

में हो। एक तरफ हमारा यह नफ़ा है कि जो पिछड़े हुए हैं उनको हम आगे बढ़ाने का प्रयत्न करेंगे, जो गरीब हैं उनको अधिक देने का प्रयत्न करेंगे इसलिए दूसरी तरफ सभी को एक ही स्तर पर देने की बात समाप्त होनी चाहिए। जिनकी जो आवश्यकता है उसके अनुसार उन्हें देना चाहिए। इसके अतिरिक्त यह धनराशि केवल तीन लाख तक ही सीमित नहीं रहनी चाहिए। यदि कहीं पर अधिक की आवश्यकता हो तो अधिक भी देना चाहिए।

इस प्रसंग में डीम्ड यूनिवर्सिटी, माने हुए विश्वविद्यालय की भी मैं चर्चा करना चाहूंगा यह बेचारे न तो हियों में हैं, न शियों में हैं। न विश्वविद्यालय हैं और न कालेज हैं, बीच में लटक रहे हैं नपुंसकों की तरह और वहां विद्यार्थियों को पढ़ा रहे हैं। हज़ार हज़ार विद्यार्थी भी वहां पढ़ रहे हैं। तो इनके ऊपर जो कलंक का टीका है, उनके रूप के ऊपर उसको दूर करने के लिए या तो कोई अच्छा नाम रख दीजिए या कोई अच्छी वक़्त दे दीजिए लेकिन उनको इस रूप में मत रखिए क्योंकि यह बेचारे हमारे राष्ट्रीय मूवमेन्ट, हमारे राष्ट्रीय आन्दोलन के मूलाधार रहे हैं। उनको यदि प्रान्तीय सरकार यूनिवर्सिटी बनावे तो मैं आपसे आग्रह करूंगा कि आप इस बात की गारण्टी दे दीजिए कि जितना रुपया इस समय आप उनको दे रहे हैं वह बराबर देते रहेंगे। उनमें से किसी की महात्मा गांधी ने स्थापना की है, किसी की किसी ने स्थापना की है तो उन विद्यालयों की भी कुछ प्रतिष्ठा होनी चाहिए।

अब मैं केन्द्रीय विश्वविद्यालयों के बारे में कुछ कहना चाहूंगा। उनकी यहाँ पर बड़ी चर्चा उठाई गई है और अभी कुछ लोग काशी भी गए थे पीलू मोदी वगैरह। मैं समझता था वह गंगा नहायेंगे और विश्वनाथजी के दर्शन

करेंगे क्योंकि लोग काशी इसीलिए जाते हैं। बा तो फिर मरने जाते हैं क्योंकि केवल काशी ही एक ऐसी जगह है जहाँ मरने में लोगों को आनन्द आता है। लेकिन आज वह अखबार में अपना वक्तव्य दे रहे हैं कि श्रीमालीजी हटाये जायें। जब आचार्य नरेन्द्रदेवजी आये थे तब आपने वक्तव्य दिया था कि नरेन्द्रदेव जी हटाये जायें। जब सी० पी० रामास्वामी अय्यर आये थे तब आपने कहा था कि वे हटाये जायें। जब बी० एस० झा आये थे तब आपने कहा था कि वे हटाये जायें। जब अमरनाथ झा आये थे तब आपने कहा था कि वह हटाये जायें। जो भी आता है उसी के लिए आप कहते हैं कि हटाया जाये। मालवीय जी ने वहाँ पर विश्वविद्यालय इसलिए स्थापित किया था कि वह एक गरीब क्षेत्र है देश का इसलिए वहाँ पर एक महान् विश्वविद्यालय स्थापित हो जाये जहाँ पर गरीब लोग भी उच्च से उच्च शिक्षा गंगा का जल पीकर के प्राप्त कर सकें क्योंकि काशी की परम्परा रही है :

चना चबैना गंगजल जो पुरवै कर्तार।

काशी कबहुं न छाड़िये विश्वनाथ दरबार।

लेकिन अब जो लोग वहाँ जाते हैं वह ऐसा वातावरण तैयार करते हैं, उन्होंने वहाँ की गलियां देखी नहीं, लोगों से मिले नहीं और यह कह दिया कि श्रीमालीजी हटा दिए जायें। श्रीमालीजी स्थाई रूप से अजर अमर होकर वहाँ नहीं गए हैं... (व्यवधान) गंगा स्नान भी नहीं की और वहाँ से वापिस आ गए इसलिए उनको पुण्य भी नहीं मिलेगा बल्कि पाप ही मिलेगा क्योंकि दूसरों के घर में प्रवेश करके हिंसा कर रहे हैं। शिक्षा संस्थाओं में यदि कोई बाहरी व्यक्ति प्रवेश करता है तो वह एक प्रकार की मानसिक हिंसा करता है।

स्वायत्तता की बात उठाई जाती है। मेरी समझ में नहीं आता कि विश्वविद्यालयों में स्वायत्तता किस बात के लिए हो? क्या लड़कों

[श्री सुधाकर पाण्डेय]

को स्वायत्तता तोड़-फोड़ करने के लिए हो ? क्या अध्यापकों को स्वायत्तता इस बात की हो कि वे पढ़ावें नहीं ? क्या बाहरी नेताओं को इस बात की स्वायत्तता मिले कि किसी प्रकार से वहां के लोगों को बरगलावें जिससे लाठी चले, गोली चले और उसके बाद कुछ छात्र चले उनको मिल जायें जो कि वोट मांगने में उनका साथ दें ? किस प्रकार की स्वायत्तता चाहते हैं, यह मेरी समझ में नहीं आता । पहले की जो शिक्षा संस्थायें थी वहां राजा और राज पुरुष जाने में डरते थे । यदि जाते भी थे यह पूछने के लिए जाते थे कि कुशलक्षम तो है, मंगल तो है, आचार्यों के लिए क्या किया जाये और विद्यार्थियों के लिए क्या किया जाये ताकि शिक्षा जो है वह पुनीत ढंग से चल सके । किन्तु आज के राजनयिक शिक्षा संस्थाओं में भ्रष्टाचार उत्पन्न करने के लिए जाते हैं । फिर सरकार का दायित्व हो जाता है कि वह देखे कि शिक्षा संस्थाओं में किसी प्रकार से स्वायत्तता नष्ट न हो और दूसरी ओर जो साम्प्रदायिक तत्व हैं या मानसिक रूप से सड़े हुए लोग हैं या किसी प्रकार के लोग हैं उनकी ओर से शिक्षा संस्थाओं में साम्प्रदायिकता या किसी प्रकार की स्थिति उत्पन्न की जाती है तो वह घृणित है, जघन्य है, उनको अराष्ट्रीय कार्य माना जाना चाहिए । यह कार्य चाहे आर० एस० एस० के माध्यम से हो या और किसी के माध्यम से हो । मुनते हैं कि आर० एस० एस० के मकान का मुकद्दमा चल रहा है । मैंने सुना है कि वहां पर आर० एस० एस० की शाखायें लग रही हैं इसके ऊपर कोई केस नहीं चल रहा है । शिक्षा मन्त्रालय उन

शाखाओं पर कोई प्रतिबन्ध क्यों नहीं लगाता है ? मैं कहता हूं कि केवल आर० एस० एस० पर ही क्यों प्रतिबन्ध लगे कोई भी यदि शाखा खोलना चाहे, अखाड़ा खोलना चाहे या कोई और हुड़दंग करना चाहे तो उन सभी के ऊपर रोक लगनी चाहिए । शिक्षा संस्थाओं में इस समय आर० एस० एस० की शाखायें लग रही हैं—काशी का नागरिक होने के नाते मैं यह बात कह रहा हूं । अधिक शाखायें वहां पर लग रही हैं ।

एक बात और है कि श्रीमाली जी को हटाने से समस्या का कोई निदान नहीं है । निदान तब होगा जब सम्बद्ध पक्ष जो हैं वह काशी विश्वविद्यालय को मुक्त कर दें क्योंकि सन् 1958 से मैं देख रहा हूं बराबर वहां आन्दोलन चलते रहे हैं । जुलाई में आन्दोलन आरम्भ होता है और जनवरी में आकर समाप्त हो जाता है । इस बार आन्दोलन कुछ लम्बा चल गया लेकिन अब स्थिति यह है कि वह आन्दोलन समाप्त होने को आया है । थोड़े से मुट्ठी भर लोग जो असामाजिक हैं वह काशी विश्वविद्यालय की शान्ति भंग करें यह बुरी बात है—इसका विरोध प्रत्येक क्षेत्र में होना चाहिए ।

चन्द्रप्पनजी ने एक बात यहां पर कही कि उत्तर प्रदेश का शासन बड़ा निकम्मा है, यह किसी प्रकार का कोआपरेशन नहीं दे रहा है । मेरी सूचना है कि उत्तर प्रदेश का मौजूदा शासन जो है उसने काशी विश्वविद्यालय के सम्बन्ध में जितना कोआपरेशन, सहयोग दिया है उतना इसके पहले किसी भी सरकार ने चाहे वह संविद की सरकार रही हो जिसमें कम्युनिस्ट सरकार भी सम्मिलित थी, उतना सहयोग नहीं दिया है ।

SHRI C. K. CHANDRAPPAN: The Vice-Chancellor of the Banaras Hindu University had gone to court with the idea that the Uttar Pradesh Government would not give him enough support. That was during the time of the SVD government. Now, the Tripathi government has come, and under the Tripathi government, the administration in the Banaras district is conniving with the RSS. That is my allegation.

The RSS working inside the Banaras Hindu University is not being controlled, in spite of the demand made by the Vice-Chancellor of the University, by the district administration.

श्री सुधाकर पांडेय : यदि माननीय सदस्य की ऐसी सूचना है, तो एक हफ्ता पहले काशी हिन्दू विश्वविद्यालय के वाइस-चांसलर से मेरी बात हुई थी और उन्होंने कहा था कि मुझे उत्तर प्रदेश सरकार से पूरा सहयोग मिल रहा है। कहीं न कहीं गड़बड़ी जरूर है—या मेरी समझ में गड़बड़ी है, या डा० श्रीमाली के कहने में गड़बड़ी है, या माननीय सदस्य के कहने में गड़बड़ी है। मैंने इस सम्बन्ध में मुख्य मंत्री से भी बात की है। जैसा कि मैंने कहा है, डा० श्रीमाली से मेरी बात हुई है और उन्होंने कहा है कि जितना कोआपरेशन उनको आज मिल रहा है, उतना इससे पहले नहीं मिला था।

एक माननीय सदस्य : आर० एस० एस० को बैन कर दिया जाये।

श्री सुधाकर पांडेय : आर० एस० एस० को बैन करना केन्द्रीय सरकार का काम है, प्रांतीय सरकार का नहीं। आज हमारा जो कानून है उसके अन्तर्गत किसी को जबर्दस्ती निकाल कर नहीं फैंक सकते। मकान खाली कराने के लिये न्यायालय में जाना पड़ता है।

श्री एस० एम० बनर्जी (कानपुर) : हम तो भगवान से यह प्रार्थना करते हैं कि भूचाल आ जाये और वह बिल्डिंग गिर जाये।

श्री सुधाकर पांडेय : बनारस हिन्दू विश्वविद्यालय के आन्दोलन के समय हम लोग जो बात कहते थे, हमारे कम्युनिस्ट मित्र उस समय उसका विरोध करते थे, लेकिन मुझे प्रसन्नता है कि जो बात हम उस समय कहते थे, वही बात आज वे कह रहे

जहां तक अलीगढ़ विश्वविद्यालय का सम्बन्ध है, जब 1967 में काशी हिन्दू विश्वविद्यालय विधेयक पर चर्चा हो रही थी, तो सरकार की ओर से कहा गया था कि उस विधेयक के माडल पर अलीगढ़ विश्वविद्यालय के सम्बन्ध में एक बिल बनेगा, उसमें थोड़ा बहुत परिवर्तन हो जायेगा। और जब वही हुआ—मैं समझता हूं कि उसमें थोड़ा बहुत परिवर्तन हुआ होगा, अधिक परिवर्तन नहीं हुआ है—तो उस पर शोर-गुल मचाने की आवश्यकता नहीं है।

हमारे कुछ मित्रों ने कहा है कि विश्वविद्यालय में जनतंत्र की स्थापना होनी चाहिये। कोई भी व्यक्ति इससे इन्कार नहीं कर सकता है कि जनतांत्रिक प्रणाली को महत्व दिया जाना चाहिये। किन्तु जैसे मैंने पहले प्रश्न उठाया था, जनतंत्र किस लिये—क्या साम्प्रदायिकता की वृद्धि के लिये जनतंत्र की स्थापना होनी चाहिये, क्या वोटों के लिये आत्मा या आदर्श का सीढ़ा करना चाहिये। आज जो श्री बनारसी दास अलीगढ़ विश्वविद्यालय में जाकर उस

[श्री सुधाकर पाण्डेय]

लाइफ मेम्बर—जीवन भर के लिये सदस्य— बन रहे हैं, एक समय था कि उनके नेताओं, श्री सी० बी० गुप्ता और श्रीमती सुचेता कृपलानी, ने यह मांग की थी कि अलीगढ़ विश्वविद्यालय के मेडिकल कालेज में रिजर्वेशन न हो, रिजर्वेशन तोड़ दिया जाये, और वह तोड़ा भी गया। इसकी तुलना में आज श्री कमलापति का कहना है कि अगर विश्वविद्यालय की ऐकेडेमिक बाडीज या ऐक्सीक्यूटिव बाडीज चाहें कि चूंकि वे लोग पिछड़े हुये हैं, इसलिये उनको रिजर्वेशन मिले, तो उनको इसका अधिकार है। माननीय सदस्य इससे पता लगा लें कि कौन सा शासन डेमोक्रेटिक है।

यदि अलीगढ़ विश्वविद्यालय की ऐक्सीक्यूटिव के लोग या अन्य लोग चाहते हैं कि अलीगढ़ विश्वविद्यालय विधेयक में परिवर्तन हो, और यदि उसमें परिवर्तन होता है, तो उस पर किसी को आपत्ति नहीं हो सकती है। लेकिन चाहे काशी विश्वविद्यालय में हिन्दू साम्प्रदायिकता हो और चाहे अलीगढ़ विश्वविद्यालय में मुस्लिम साम्प्रदायिकता हो, अगर सरकार साम्प्रदायिकता के सामने एक बार झुकी, तो उसका अन्त कहां होगा? देश के टुकड़े टुकड़े हो जाने में उसका अन्त होगा और वह किसी भी व्यक्ति को स्वीकार नहीं हो सकता है, क्योंकि शिक्षा रहेगी, तो देश रहेगा, राष्ट्रीयता रहेगी, तो देश आगे बढ़ेगा। यदि इस पर किसी प्रकार का समझौता किया गया, तो बहुत बुरा होगा।

माननीय सदस्य, श्री चन्द्रपूजन, ने ऐकेडेमियों का उल्लेख किया है। मैंने

अपने भाषण के शुरू में कहा है कि आज हमारा देश एक बौद्धिक और सांस्कृतिक शमशान बन रहा है। अगर इस देश में समाजवाद होगा, तो उसकी कोई न कोई संस्कृति होगी, और उसकी मूल धारा वह होगी, जो इस जमीन पर पैनी है, और वह धारा रही है नाना प्रकार के वेदों के द्वारा अभद्र और समानता देखने की। समाजवाद हो, या कोई भी वाद हो, इससे मतभेद नहीं हो सकता है।

लेकिन हमारी तीनों ऐकेडेमियों ने कोई भी ऐसा अच्छा काम नहीं किया है, जो देश में सांस्कृतिक जीवन का पुनरुद्धार कर सके। देश में ऐकेडेमियां हीनी चाहियें सांस्कृतिक जीवन के पुनरुद्धार के लिये, लेकिन इन ऐकेडेमियों का काम अच्छा नहीं रहा है। इस सम्बन्ध में जो रिपोर्ट आई है उसके सम्बन्ध में जनतन्त्र का यह तकाजा है कि उन ऐकेडेमियों से रिपोर्ट मांग ली जाए कि उनका क्या जवाब है? शायद जवाब आया हो और शायद न आया हो, किन्तु यदि वे जवाब न दें, तो उसके लिये देश की प्रगति न रोकी जाये और उस पर कोई न कोई कार्यवाही करनी चाहिये, ताकि देश के लोग समझें कि देश में साहित्य, संस्कृति और कला के लिये भी कुछ काम हो रहा है।

डा० गोविन्द दास ने हिन्दी की बड़ी चर्चा की। मैं हिन्दी का पक्षधर हूं, लेकिन मैं हिन्दी को तोड़ने वाली भाषा नहीं मानता हूं। यदि हिन्दी चली जाये और राष्ट्र बच जाये, तो मैं स्वीकार कर लूंगा कि हिन्दी जाये और राष्ट्र रहे। किसी डायरेक्टर के

रहने या न रहने से हिन्दी आगे नहीं बढ़ेगी। हिन्दी तभी बढ़ेगी, जब हमारे भीतर यह भावना और यह संकल्प होगा कि हम विदेशी भाषा को उठा फेंकेगे, क्योंकि विदेशी भाषा के रहने से हमारी शिक्षा का व्यय-भार बढ़ता है, शिक्षा का मूल तत्व जन-जन के मानस तक नहीं पहुँचता है और हमारा जीवन उतना आगे नहीं बढ़ पाता है, जितना बढ़ना चाहिये। विश्व में ज्ञान जिस गति से बढ़ रहा है, हम उस गति से तभी चल सकते हैं, जब कि भारतीय भाषाओं में शिक्षा हो।

मैं शिक्षा मंत्रालय को उसके अच्छे कार्यों के लिये बधायी देता हूँ। किन्तु मैं यह चेतावनी देना चाहता हूँ कि उसके कार्य करने की गति बड़ी मन्द है। जिस गति से कार्य होना चाहिये, वह गति नहीं आ पा रही है। उसका कारण हम लोग भी हो सकते हैं, और लोग भी हो सकते हैं।

मैंने ओपन विश्वविद्यालय की बात कही थी। मुझे आश्वासन दिया गया कि वह खुल जायेगी। इसके लिये एक कमेटी बनी, किन्तु पता नहीं, आज तक उसकी रिपोर्ट आई है या नहीं। शायद उसमें कई वर्ष लग जायेंगे। शायद जब हम दूसरा चुनाव लड़ कर यहां आयेंगे, तब उसकी रिपोर्ट आयेगी।

एक लेबर विश्वविद्यालय, वर्कर्स यूनिवर्सिटी, की कल्पना की जानी चाहिये। जहां हमारी हैवी इंडस्ट्रीज स्थित हैं, वहां हजारों श्रमिक काम करते हैं। उन स्थानों पर विश्वविद्यालय या डीम्ड विश्वविद्यालय स्थापित किये जाने चाहिये, जिनमें वर्कर्स अपने खाली समय में अपने ज्ञान का संवर्द्धन करें और उस ज्ञान का उपयोग अपने प्रमोशन के लिये और अपने जीवन को मंगलमय बनाने के लिये करें।

प्राइवेट परीक्षाओं की व्यवस्था फिर से की जानी चाहिये। अगर कारेस्पोंडेंस

कोर्स पर्याप्त सिद्ध नहीं होता है, तो हर एक यूनिवर्सिटी प्राइवेट परीक्षाओं की व्यवस्था करे। जो लोग काम करते हैं, अगर वे ज्ञान-वृद्धि करना चाहते हैं, तो उस पर प्रतिबन्ध लगाने से ज्ञान प्राप्त करने के फंडामेंटल राईट पर प्रतिबन्ध लगता है और देश के निर्माण पर प्रतिरोध लगता है। मैं चाहता हूँ कि शिक्षा मंत्रालय इस सम्बन्ध में अपने प्रभाव का प्रयोग करे।

इन शब्दों के साथ मैं शिक्षा मंत्रालय के अनुदानों की मांगों का समर्थन करता हूँ।

SHRI P. G. MAVALANKAR (Ahmedabad): I think we are all well agreed that food and education must receive the topmost priority for our people in free India. But we have not done this so far. Both these priorities have been set aside, by and large, and the last 25 years of our freedom have brought us to a situation where we are deficient in food and still more deficient in education. I am never tired of repeating that it is a great tragedy that the hon. Minister of Education in our country for many years has not been a full member of the Union Cabinet.

In a country where the Ministry of Education is not represented by a full-fledged Member in the Cabinet, it shows the kind of priority and the kind of value that the Government and administration attach to education. I am hoping very much that before long, the Minister of Education, whoever he may be, will become, a full-fledged Member of the Cabinet.

Sir, since independence and even before, people belonging to all kinds of fields and particularly those at the very top and even after Independence, men like the Presidents, Vice Presidents or the Prime Ministers and what is more surprising and distress-

[Shri P. G. Mavalankar]

sing is that even the Education Ministers, all have been saying on all kinds of public platforms that there is something radically wrong with our education. Now, I cannot say that. None of them has the imagination or the intelligence. I do not say that they lack both these things. I only say that none of them has the courage of their conviction to put into practice what, they think, ought to be done with regard to radical reforms in our educational system.

Sir, it is a great tragedy that in spite of 25 years which have rolled by nothing much significant has been done in the realm of education. Sir, the annual report of the Ministry of Education incidentally, makes a very dull reading. I am glad that the Ministry of Education is being headed by two esteemed professors both the Minister of Education and his colleague are Professors. I wish that these two hon. gentlemen and learned professors do spend some time in redrafting a portion of this report so that it may become a much more interesting document. After 25 years of independence, they have given us some kind of a picture of educated youth and educated Indians. But unfortunately we find that the picture that we get is only an all round confusion and all-round chaos. This report speaks that the Ministry of Education have been doing something. They only think of this scheme or that scheme. After 25 years of independence they are going on with the setting up of more buildings. They are going to set up Bharat Bhavans in Delhi as also in other parts of the country. What is needed is not a Bhavan but a new individual and a new youth who will vibrate with new ideas, new imagination, new skills, new learning new enthusiasm and new dedication.

I do not think that the Ministry of Education has done anything useful in this regard. In the very short time at my disposal, I shall briefly refer to a few points in a summary fashion. I hope this House will not take it that

I am trying to make my suggestions in my dogmatic manner. Now, first and foremost, want to put more emphasis on primary education. It is no use saying that the Government is aware of the constitutional directive of making primary education free, universal and compulsory. It is not enough. You will have to see that the education that you give in that regard is of such a quality that even the sons and daughters of the highest are going to these schools only. But at present they do not do so. What happens is that they go to other schools, public schools and even abroad where the standard of education is higher. You do not give the necessary facilities and the same quality of education to the vast number of children. Young children who are very intelligent and who have all the capacities and potentialities are being huddled into, and they are unable to utilise their capacities and knowledge. Closely connected with the question of quality of primary education is the salary drawn by the primary school teachers. The tragedy of this country is that even after 25 years of freedom, these primary school teachers get much lower pay than the scavengers and the peons. I am not saying that the scavengers and peons should be paid less. But is the scavengers job more important than the person whose job it is to mould young minds in the formative period? This is a very sorry state of affairs.

Let me come to the problem of college and university education. What do we see here? In spite of 25 years of freedom, these are far from becoming temples of learning and far from becoming institutions where there is quest for truth, they become or continue to remain the old colonial types of structures where professors and other people are not able to do anything by way of research and so on. You still find that in almost all our universities the colonial heritage persists. Administration is more important than the academic matters. Administration prevails

over academic matters. This has got to be eradicated. We have to break fresh ground. These universities must become places where minds are cultivated, citizenship developed and critical independent thinking vigorously promoted.

Coming to adult education, the current term is "continuing education", it is not enough that we get educated formally. Even after our formal education is completed, our informal education must go on as a life long process. I feel sad that the Education Ministry and Department of Social Welfare have given very little money to voluntary institutions in regard to the promotion of adult or continuing education.

I shall not say anything about UGC because the UGC Report may come up later during this session for discussion and I may have an opportunity to speak on that.

I agree with other hon. members that the budget for education is miserably poor. Even if you add up the education budgets of the various States, the amount is not that big. This only shows the wrong priority we are giving to education. If we want to see our children develop, education must have a larger share. At least the Education Ministry must pull its weight and influence to see that the education budget is not cut in times of emergency and crisis, because generally education is the first casualty when there is an emergency.

We must see that our educational institutions, particularly universities and colleges, are freed from the dangers, difficulties and obstacles put forward by politicians. In a large number of universities appointments are made on political considerations. I have no particular name in mind, but in a number of cases persons discredited in political life and in Parliament and elsewhere have been offered Vice-Chancellorship because they have

to be given some job. Unless politicians are kept miles away from our educational institutions, we would not be able to have any improvement.

I want to say something about teachers on whom so much depends. What are we doing to attract the best talent for this profession? Look at their poor pay, insecurity of service and absence of freedom to experiment. That is why Khuranas and Naralikars go abroad because in this country they have no freedom to experiment in their laboratories and classrooms. If we want good teachers, we must see to it that all these deficiencies are removed. This is the only way to eliminate student unrest. Unless a dialogue takes place between the teachers and the students, we will not make any progress in education.

Lastly, I submit that any amount of money spent on developing education is not something which goes waste. Education is one of those areas where deficits are bound to increase. You can almost make it a general rule that greater the deficit, the better the progress. It may be a deficit in finance, but it is a great investment in terms of producing better citizens, because they are places where the spirit of dissent is allowed to grow and a healthy controversy is allowed to take place. It is on this spirit of dissent that educational institutions thrive. It is these matters that are developing democracy to such a large extent. I hope, therefore, that the few thoughts that I have placed before this hon. House will make my esteemed friends, Professor Nurul Hasan and his colleagues see that education gets good and top priority, that all the wrong pictures and perversions that we have been seeing will be eliminated, that the chaos and confusion will go and that we will have a picture of a new India, vibrant India and a better India which will find a place in the comity of nations.

SHRI Y. S. MAHAJAN (Buldana):
Mr. Chairman, while supporting the

[Shri Y. S. Mahajan]

Demands for Grants of the Education Ministry, I have to say that the amount allocated this year is much less than the amount we find in the revised budget of last year. The difference is nearly Rs. 13 crores. I am sorry to say that after 25 years of independence we have not learnt the lesson that expenditure on education is an investment in man. We invest in machines, brick and mortar but we fail to invest adequate amounts in human beings. This makes one feel that education is a neglected department at the Centre.

16.52 hrs.

[SHRI K. N. TIWARY in the Chair]

The most unsatisfactory aspect of our education is the condition of primary education. It was more than 90 years ago that the grand old man, Dadabhai Naoroji, demanded free and compulsory education for children in the whole of India. Naturally, the foreign government did not pay heed to his request. Later on, Shri G. K. Gokhale tried his best to see that primary education was made compulsory in the whole of India. But, on administrative and financial grounds this request was not accepted. After 1919 the State Governments tried to expand primary education.

What was the position at the time of the achievement of freedom? The percentage of literacy was only 14 in 1947. After 26 years of freedom i.e. by the year 1971 we could raise the percentage to 39.51. During this period of 25 years we made considerable progress. Even then, the number of illiterates today is much greater than in 1947. So, we are in a very deplorable condition. Further, the percentage of literacy among girls is much lower than among boys. At the end of the Fourth Plan the number of children receiving primary education will be 85 per cent. The other 15 per cent would be almost all girls. That means that 30 per cent of our girls

would not be receiving primary education in our country even at the end of the Fourth Plan. This is a terrible state of affairs. This should be treated with the greatest urgency and primary education should be given the highest priority in the Fifth Plan.

The quality of education is simply deplorable. Among the students who join the first standard only 35 per cent go up to the fifth class. Even though the question of the quality of education has been discussed a number of times, no effort has been made to improve it. For this purpose it is necessary that we have major reforms. So far as teachers are concerned, we should train not only matriculates but also induct some graduates into the primary field. It is to improve the level of primary education that the Central Board of Education has proposed that in the Fifth Plan we should have model primary schools which will not create bossism or superiority complex, as suggested by Shri Chandrappan, but which will make for higher and better type of education and which will not exclude children of the deprived sections of the community. Such model primary schools can be located in each development block. 50 per cent of the children can be taken from the sections which are backward and the remaining 50 per cent can be taken on merit from other sections of the community. Such model schools should centre around certain developmental activities. These will improve the methods of teaching and will make for search of talent. If we really want to improve the level of education, we will have to experiment in this way. I suggest to the hon. Minister that advance action may be taken in this field.

Another point which has been discussed *ad nauseam* for the last 10 years is about the reorganisation of secondary education, the division of period between 10 years and 2 and 3

years. That has been hanging fire for a long time. In my state, for instance; the schools said, "We will accept the scheme of 2 years after the Matriculation so that the boys can go for college education afterwards for 3 years. We want laboratories; we want new buildings; we have to appoint teachers with M.A. and M.Sc. degrees. We have to give higher grades. We are prepared to do it provided the Government finances the expenditure." The Government did not have the money. But, I suggest, we go ahead with this scheme. We should have at least 4 or 5 such schools in each district so that some real beginning could be made for improvement in the field of education.

What is happening in the country? We have ideas. The ideas have been given not only by our experts but by foreign experts also. But these ideas have not been tried. We have not shown any courage in experimenting on the lines of these ideas. We have not done it because of lack of courage and imagination. We should go ahead with this scheme. I suggest that so far as primary education is concerned, it should be given the highest priority. The annual Report says that we shall achieve the object of compulsory primary education in our country by the end of the Fifth Plan. I think, that is taking the whole thing in a rather leisurely manner. It should be given the highest priority and urgency. The hon. Minister is himself a teacher. I suggest to him that the objective should be achieved within the next two years. I hope, this suggestion will be considered seriously.

श्री गंगाधरन दीक्षित (खंडवा) :
सभापति जी, किसी कुशल मल्लाह को जर्जरित नौका दी जाये, बिना किसी साज-सज्जा के और उस नदी में जहां खूब उत्ताल तरंगें नाच रही हों, उसहे कहा जाय कि तू उस किनारे तक नौका चला ले जाय। तब क्या हालत होगी? वह नौका टूट जायेगी

और किनारे तक नहीं पहुंच पायेगी। वही हालत आज हमारे शिक्षा मंत्रालय की है। उनसे कहा जाता है कि युवकों के द्वारा क्रान्ति कराई जाये, क्योंकि युवक शिक्षित हैं, युवक मेधावी हैं, उसमें खोलने वाला खून है। लेकिन प्रश्न यह उठना है—जीवन के संघर्षों की चपेटों से उसकी शिक्षा ढिंग गई है, सामाजिक द्वन्द्वों के बे माप भार से उसकी मेधा शक्ति कुंठित हो गई है। जीवन के संघर्षों में सामाजिक द्वन्द्वों के हिमपात से पथराये उसके शरीर में कहां से खून खौलेगा? उसको कहा जाता है कि राष्ट्रीय उत्थान में वह हमारा सहयोग दे, हमारे समाज का समाजीकरण करे। उस नवयुवक और उस विद्यार्थी को कहा जाता है कि वह देश के चरित्र निर्माण में समाज और व्यक्ति के समाजीकरण में सहयोग दे लेकिन वह अपना सहयोग कैसे दे सकेगा जब कि हम उसके पाठ्यक्रम में वही बाबा आदम के जमाने के घिसे पिटे निरर्थक ज्ञान देने वाले विषय ही रखें और रटन्त क्षमता पर आधारित प्रचलित परीक्षा प्रणाली रख जिसमें कि विद्यार्थी व्यर्थ में अपने जीवन के बहुमूल्य वर्षों की बलि दे दें। इतना ही नहीं, जब वह प्रमाणपत्रों की पोटली बांध कर वहां से निकलता है तो रोजगार के दरवाजे पर भटकता हुआ हताश होकर बैठ जाता है और उसको कुछ नजर नहीं आता है। वह कुंठा ग्रसित हो जाता है उसमें खीज उत्पन्न होती है और फिर उस खीज को वह किसी भी मार्ग के द्वारा निकालने के लिये तैयार हो जाता है। वह कहता है कि जाँ समाज, जो शासन मेरे की सिबाय निराशा के और कुछ नहीं देता है तो

[श्री गंगाचरण दीक्षित]

फिर उस समाज का विध्वंस हो। उस समाज के प्रति उसक कुंठा भावना जागृत होती है और वह चाहता है कि इस समाज का सत्यानाश हो क्योंकि वह कुंठा से ग्रसित हो जाता है, वह जीवन के संघर्षों में हताश हो जाता है। वह और क्या सोचेगा ?

17 hrs.

आज विश्वविद्यालय के पुनीत प्रांगण में हम क्या देखते हैं ? अन्तर्द्वन्द्वों को, असंगतियों को और जो वहां के बड़े बड़े शिक्षकों के बीच में छिना झपटी का वातावरण है उसको हम यह कह कर छिपा देते हैं कि विद्यार्थियों में अनुशासनहीनता है। यह हम नहीं देखते कि आज उपकुलपतियों की नियुक्ति राजनीतिक संरक्षण के रूप में की जाती है। मैं पूछना चाहता हूं कि शासन से कि श्री मदन मोहन मालवीय, डा० परांजपे, गंगानाथ झा, अमरनाथ झा, आशुतोष मुकर्जी जैसे उपकुलपति कहां हैं जैसा कि हमारे पूर्ववक्ताओं ने बताया, एक समय था, जब इलाहाबाद, बनारस, कलकत्ता विश्वविद्यालयों पर हमें गुमान था, हमें नाज था, हम गौरव महसूस करते थे कि ऐसे भी हमारे यहां विश्वविद्यालय हैं। उस समय मावलवीय जी की यह ध्वनि—मातृ देवो भव, पितृ देवो भव, सत्यात् न प्रमिदितव्यम्—बनारस की ईंटों से निकलती थी। परन्तु आज वहां के प्रोफेसर. वहां के बड़े बड़े शिक्षक विद्यार्थियों के कंधे पर बन्दूक चलाकर अपना स्वार्थ सिद्ध करना चाहते हैं। आज वहां पर गुटबाजी का निर्माण होता है। लड़के ही नहीं बल्कि शिक्षक गुटबाजी करते हैं।

जब तक हम विद्यार्थियों को इस गुटबाजी से दूर नहीं करेंगे तब तक हमारे विश्वविद्यालय पुनीत नहीं हो सकते हैं।

पहले ब्रिटिश गवर्नमेंट के टाइम में हमारी शिक्षा के पिछले दरवाजे जो सरकारी दफ्तरों की ओर खुले हुये थे, मुझे खेद के साथ कहना पड़ता है कि आज भी हमारे विद्यालयों के पिछले दरवाजे सरकारी दफ्तरों की ओर खुले हुये हैं। आज भी जो लड़के वहां से निकलते हैं वे केवल यह आशा लेकर निकलते हैं कि हमें कोई नौकरी करनी है। उसे कोई आस्था या कोई प्रेम शारीरिक श्रम से नहीं है। आज किसी भी पढ़े लिखे आदमी में शारीरिक श्रम के प्रति कोई आस्था नहीं है। आज अमरीका का एक इंजीनियर या जर्मनी का इंजीनियर किसी यंत्र को सुधारने के लिये जाता है तो उसे डामर में कोलतार में अपने हाथ बढ़ाने के लिये किसी प्रकार का कोई संकोच नहीं होता है। परन्तु हमारे यहां का कोई इंजीनियर अगर कोई काम करने के लिये जाता है तो वह अपने को भव्यता का नमूना समझता है, वह समझता है कि मैं भव्य पुरुष हूं, मैं कोलतार में अपने हाथ क्यों बढ़ाऊं। तो शारीरिक श्रम के प्रति आस्था न पैदा करना, यह आज की शिक्षा में एक बड़ा भारी दोष है। उद्योगों के प्रति भी कोई आस्था हमारे शिक्षा के कार्यक्रम में नहीं है। हम राजनीतिज्ञ पैदा करते हैं, हम शिक्षा शास्त्री पैदा करते हैं, हम अर्थ शास्त्री पैदा करते हैं, हम डाक्टर पैदा करते हैं, हम इंजीनियर पैदा करते हैं लेकिन क्या हम आज ऐसे भी विद्यार्थी पैदा

करते हैं जो कि विश्वविद्यालय के द्वार के बाहर निकल कर यह सोचे कि मेरा हित किममें है और मेरा अहित किस में है ? जो हमने शिक्षा प्राप्त की है उसमें कौन सा ज्ञान प्राप्त किया है ? यदि हम अंग्रेजी का एक विषय रख सकते हैं, यदि हम और दूसरे विषय रख सकते हैं तो हमारे जो सोशल स्टडी और समाज दर्शन के विषय है उनको कम्पलसरी क्यों न रखा जाय ।

हमारे सामने दो विकल्प हैं । एक तो यह है कि हम सरकारीकरण कर दें और पढ़ने वालों को यह आश्वासन दे दें कि शिक्षा प्राप्त करके निकलने के बाद हम तुमको नौकरी देंगे । जिस प्रकार से और दूसरे साम्यवादी देशों में होता है । या फिर हमें विद्यार्थी के मस्तिष्क से यह भावना निकालनी पड़ेगी कि तेरे को जो शिक्षा दी जा रही है वह नौकरी के लिये नहीं दी जा रही है । यानी या तो शिक्षा के साथ साथ आप यह भावना दें कि नौकरी देने का काम भी सरकार का होगा या फिर यह कहें कि जो शिक्षा दी जाती है वह केवल नौकरी के लिये नहीं दी जा रही है तुझे काम करना पड़ेगा । आज की स्थिति में विश्वविद्यालय से बाहर निकल कर लड़के हताश हो जाते हैं । उसके ऊपर उसके मां बाप का भारी व्यय हो जाता है । वह जब देखता है कि मेरे मां बाप ने मेरे ऊपर इतना पैसा खर्च कर दिया है तो उसके बाद वह निराश होकर घूमने लगता है और जब सिवाय आक्रोश के, सिवाय कुंठा के और सिवाय निराशा के उसके हाथ कुछ नहीं आता तो वह आग बबूला हो जाता है ।

मेरी आपसे प्रार्थना है कि आप दी बातें कीजिये । एक तो जैसा मैंने विकल्प दिया वह कीजिये और दूसरे रटन्त क्षमता पर आधारित जो आपकी परीक्षा प्रणाली है उसको आप दूर करें । वह परीक्षा केवल रटन्त प्रणाली पर आधारित होती है और उससे कोई सार नहीं निकलता है । उसके दैनन्दनी जीवन की परीक्षा लीजिये । अपनी शिक्षा में रहते हुये समाज के प्रति उसने क्या काम किया है उससे सम्बन्धित भी आप उसके कार्यकलाप देखिये । खेल में उसने क्या किया इसको देखिये । इन सारी बातों की जांच के बाद परीक्षा प्रणाली में आपको परिवर्तन करना चाहिये । केवल रटन्त विद्या ही उचित नहीं है । अक्षर ज्ञान तो केवल स्मरण शक्ति पर रहता है उससे बुद्धि का विकास नहीं होता है । हमारी जो आयोजना बनी थी मेरे ख्याल से उसका मूल लक्ष्य यह था कि हम इन्सान पैदा करेंगे, हम मानव का विकास करेंगे, और मानव पूंजी का निर्माण करेंगे लेकिन आज क्या हो रहा है ? आज मानव पूंजी का निर्माण नहीं हो रहा है । हम भौतिक पूंजी का निर्माण करने जा रहे हैं । उपलब्धियों का जब हम आंकलन करते हैं तो मानवीय चातुर्य या प्रशिक्षित कल्पना शक्ति की तरफ हमारा ध्यान नहीं जाता है । स्थूल चीजों की प्राप्ति में ही हम अपनी इतिश्री समझ लेते हैं कि हमने बहुत काम कर लिया है । अब एक परम्परा पैदा हुई है कि प्रयोगशालायें खोल दी जायें । मेरी समझ में नहीं आता कि प्रयोगशालायें क्या कोई वृक्ष हैं जो लगाते ही फल देने लगेंगे ? प्रयोगशालायें या इंजीनियरीरिंग कालेज

[श्री गंगाचरण दीक्षित]

खोलने से कोई फायदा नहीं होगा जब तक कि उसका प्रयोग करने की विद्या आप नहीं सिखायेंगे। आज हमें खेद के साथ कहना पड़ता है कि जापान जैसा देश जो कि 1946 में युद्ध के कारण जर्जरित हो गया था जब वहां भूमि सुधार कानून बना, तो दस काश्तकारों में नौ ऐनौ थे, जो उस कानून को समझ सकते थे हमारे देश में आज ऐसे कितने काश्तकार हैं, जिनमें उनके लिये बनाये जाने वाले कानूनों को समझने की क्षमता हो?—मुश्किल से दस में से एक काश्तकार निकलेगा, जो उन कानूनों को समझ सके। यही कारण है कि जापान ने कृषि में ही नहीं, अपितु उद्योग में भी एशिया में सर्वोच्च स्थान प्राप्त किया।

चाइना का उदाहरण हमारे सामने है। वहां हाफ-एण्ड-हाफ स्कूल हैं, जहां तीन घंटे कृषि-कार्यसीखना और तीन अन्य घंटे शिक्षा प्राप्त करना अनिवार्य है। वहां जब लड़का पढ़ कर निकलता है, तो उसके लिये गांवों में जाना—बैंक टू दि विलेजिज—आवश्यक हो जाता है, ताकि वह वहां जाकर लोगों को सिखा ही नहीं सके किन्तु उनसे कुछ सीख भी सकें।

जापान में केवल कृषि का ही उत्थान नहीं हुआ है, बल्कि वहां यंत्रीकरण, टेक्नालाजी, में भी अपूर्व प्रगति हुई है। वहां टेक्नालाजी प्रधानता दी गई है, प्रयोग करने की क्षमता पर बल दिया गया है, क्योंकि केवल विकास करना ही पर्याप्त नहीं है, अपितु जब तक हमारे पास विकास को कार्यान्वित करने और विकास का प्रयोग करने का ज्ञान नहीं होगा, उस दिशा में हमारा ब्रेन डेवलप नहीं होगा, तब तक हम प्रगति नहीं कर सकते हैं।

इसलिये हमें पहले यह काम करना पड़ेगा कि हम अपने वर्तमान पाठ्यक्रमों में सुधार करें। अगर राष्ट्रीय विचारशीलता का कोई मापदंड है तो आने वाले नागरिकों को दिया जाने वाला बौद्धिक खाद्य, अर्थात् हमारा पाठ्यक्रम, है। इसलिये हमें अपने पाठ्यक्रमों को सुधारना पड़ेगा।

अभी डा० गोविन्द दास ने कहा है कि हम सैकुलरिज्म के नाम पर आध्यात्म को भूलते जा रहे हैं। जैसा कि मैंने पहले भी कहा था, मुझे बड़े खेद के साथ कहना पड़ता है कि पहले मध्य प्रदेश में बच्चों को पढ़ाया जाता था : “ग” से “गणेश”, लेकिन जब वहां पर पाठ्य-पुस्तकों का राष्ट्रीयकरण हुआ, तो यह समझा गया कि इससे सम्प्रदायवाद को बढ़ावा मिलेगा और इसलिए “ग” से “गणेश” के स्थान पर “ग” से “गधा” कर दिया गया। अगर पुस्तकों में “ग” से “गणेश” लिखने से सम्प्रदायवाद आता था, तो क्या “ग” से “गधा” लिखने से बेवकूफी नहीं आयेगी, क्योंकि बच्चे “ग” के रूप में गधा ही देखेंगे?

यह व्यवस्था क्यों नहीं की जाती कि हिन्दू, मुस्लिम, क्रिश्चियन, जैन और बौद्ध आदि सब धर्मों के अच्छे, अच्छे उदाहरण, उनके महान पुरुषों, पैगम्बरों और अवतारों—जैसे, महावीर स्वामी—की शिक्षाओं और कथाओं आदि के संकलित करके अपने प्राइमरी स्कूलों और माध्यमिक शालाओं के बच्चों को पढ़ाया जाये, ताकि उनको मानस का विकास हो ?

आज हमारे शिक्षा के क्षेत्र में एक नई हवा बह रही है। कारखानों में जो यूनियन-बाजी हड़तालें और नारेबाजी होती है, वह मारे विश्वविद्यालयों और स्कूलों तथा कालेजों में भी शुरू हो गई है। शासन को इसको बहुत जल्दी बन्द करना चाहिये। विश्वविद्यालयों और स्कूल-कालेजों में यह जो नई प्रवृत्ति शुरू हुई है, उसके लिये हम सब,

हमारे राजनेता चाहें वे सत्तारूढ़ हों और चाहें सत्ताच्युत हों और चाहें वे किसी भी पाटों को बिलांग करते हों, जिम्मेदार हैं। हर एक आदमी ने अपना अपना रंगीन चश्मा लगा लिया है। सत्तारूढ़ या सत्ताच्युत राजनेताओं ने एक चश्मा लगाया है, विश्वविद्यालय की ऐकडमी के लोगों ने दूसरा चश्मा लगाया है और फैकल्टी के लोगों ने तीसरा चश्मा लगाया है। हर एक आदमी अपने अपने चश्मे से विश्वविद्यालय को देखता है और बीमार विश्वविद्यालय की हर एक आदमी अलग अलग ढंग से उपचार करता है। इसका नतीजा यह है कि शिक्षा जगत में अराजकता फैल रही है।

न केवल शासन का, बल्कि देश में रहने वाले प्रत्येक व्यक्ति का यह उत्तरदायित्व है कि साक्षरता को बढ़ाया जाये। यह काम केवल शासन के द्वारा नहीं होगा। साक्षरता, और वह भी क्रियात्मक साक्षरता, नारेबाजी से नहीं आयगी, बल्कि इसके लिये जनता और शासन दोनों को मिल कर काम करना पड़ेगा। अगर हम चाहें कि बिना जनता के सहयोग के केवल शासन के द्वारा ही देश में साक्षरता आ जाये, तो वह सम्भव नहीं है।

आपने जो मुझे समय दिया, उसके लिये मैं आपका आभारी हूँ।

श्री धनंशाह प्रधान (शहडोल) : सभापति महोदय, इस मंत्रालय की मांगों के अन्तर्गत मैं अपनी बात केवल समाज कल्याण विभाग तक ही सीमित रखूंगा। समाज कल्याण सम्बन्धी अनेक कार्यों का उत्तरदायित्व इस मंत्रालय पर है। बच्चों के लिये विशेष पोषक आहार और गर्भवती महिलाओं के लिये पोषक तत्व योजना से लगभग 32 लाख व्यक्ति लाभ उठा रहे हैं। बाल कल्याण परियोजनाएँ, शहरों में नौकरी करने वाली महिलाओं के लिये होस्टल सुविधायें और मंदिरा निवेद्य आदि कार्य भी यह मंत्रालय कर रहा है।

किन्तु महिलाओं की दशा में कोई उल्लेखनीय सुधार नहीं हुआ है। आज हमारे देश में महिलाओं की जागृति हो रही है और वे अनेक क्षेत्रों में आगे आ रही हैं, लेकिन उनके सामने अनेक समस्याएँ हैं। बहुधा महिलाओं की सुरक्षा के सम्बन्ध में अनेक घटनाएँ देश में होती रहती हैं। सरकारी और गैर-सरकारी कार्यालयों में काम करने वाली महिलाओं की अधिक सुविधायें देनी चाहिये और उन्हें समान काम के लिये समान वेतन मिलना चाहिये। कार्यालय में काम करने वाली जो महिलाएँ घर में गृहस्ती की देखभाल करती हैं, उन्हें दोहरा काम करने पड़ता है। अतः उन्हें अधिक सुविधायें और राहत देने की आवश्यकता है। शहरी क्षेत्रों में काम करने वाली महिला कर्मचारियों को बसों में प्राथमिकता दी जानी चाहिये और यह भी व्यवस्था की जानी चाहिये कि बार-बार उनका ट्रांसफर न हो। शहरों में उनके लिये होस्टल निर्माण के लिये उदारतापूर्वक आर्थिक सहायता दी जाये। उन्हें अपनी शिकायतें विभाग के अध्यक्ष तक पहुंचाने की इजाजत होनी चाहिये और उनके विरुद्ध अनुशासन की कार्यवाही न की जाये।

महाराष्ट्र सरकार ने सरकारी नौकरियों में महिला कर्मचारियों की समस्याओं के बारे में रिपोर्ट प्रकाशित की है। उसमें दिये गये मूल्यवान सुझावों पर ध्यान देने की आवश्यकता है।

भारत की जनसंख्या का पांचवाँ हिस्सा अनुसूचित जनजातियाँ, आदिम जातियाँ, घुमक्कड़ जातियाँ और बमजारे आदि हैं। 1971 की जनगणना के अनुसार आदिवासियों और आदिम जनजातियों की संख्या लगभग 38 करोड़ है। संविधान के अन्तर्गत समाज के इन पिछड़े और दुर्बल वर्गों को विशेष संरक्षण और सुविधायें प्राप्त हैं। उनके

[श्री धनशाह प्रधान]

लिये विशेष शिक्षा और आर्थिक उन्नति के प्रावधान हैं। किन्तु यह बड़े दुःख की बात है कि देश के विभिन्न भागों में उनके प्रति अन्याय और अनाचार की घटनाएँ होती रहती हैं।

स्वतंत्रता के पच्चीस वर्ष बीतने पर भी देश में आज बहुत बड़ी संख्या में ये लोग दयनीय स्थिति में रह रहे हैं। उनके रहने के लिये ठीक मकान नहीं हैं। उनके गांवों में आने-जाने के रास्ते अच्छी स्थिति में नहीं हैं। पटवारी और तहसीलदार आदि सरकारी अधिकारी उन को परेशान करते हैं।

कोयला खदान क्षेत्रों में हरिजनों और आदिवासियों से उन की जमीन छीन ली गई है और उनको कोई मुआवजा नहीं दिया गया है।

शिक्षा, समाज कल्याण तथा संस्कृति मंत्री (प्रो० एस० नूरुल हसन): मैं दखल नहीं देना चाहता, लेकिन मैं अर्ज करना चाहता हूँ कि आदिवासियों और हरिजनों का मामला समाज कल्याण मंत्रालय से निकाल कर गृह मंत्रालय को दे दिया गया है।

श्री धनशाह प्रधान : सभापति महोदय, मैं पहले निवेदन कर चुका हूँ कि मैं समाज कल्याण के विषय पर थोड़ा सा प्रकाश डालूंगा।

सभापति महोदय: अगर इस मंत्रालय के अंतर्गत वह विभाग नहीं है तो उसकी चर्चा यहां करने से तो आपको कोई जवाब उसका मिलेगा नहीं। वह विभाग गृह मंत्रालय में चला गया है। वह विषय आया और चला गया तो उसको अब छोड़िये।

श्री धनशाह प्रधान : आदिवासियों के सम्बन्ध में जैसा कि पांडेय जी ने बताया कि आदिवासियों के गांवों में स्कूलों की व्यवस्था और उद्योगों में उनके लिए मजदूरी की व्यवस्था

होनी चाहिए, उसका मैं समर्थन करता हूँ और यह निवेदन करता हूँ कि उनके गांवों में अच्छी शिक्षा की व्यवस्था होनी चाहिए तथा उन्हें मुफ्त शिक्षा प्रदान की जानी चाहिए।

शहडोल जिला आदिवासी क्षेत्र है जहां कई एक ऐसे विद्यालय हैं जिन्हें शासन से अनुदान प्राप्त होता रहा है। किन्तु उनका अनुदान बन्द कर दिया गया है और उनकी स्थिति खराब होती जा रही है। तो जहां ऐसी स्थिति है जहां विद्यालय बन्द होने वाले हैं और जिन्हें पहले अनुदान प्राप्त होता रहा है उन्हें शासन की ओर से अनुदान दिलाने की कृपा की जाय ताकि वहां के बच्चों की शिक्षा का समुचित इंतजाम हो सके।

इसके अंतर्गत जहां तक खेलकूद और समाज कल्याण आदि के कार्यों का सम्बन्ध है, आदिवासी क्षेत्र में मेरा निवेदन है कि खेलों की व्यवस्था और क्लबों की व्यवस्था होनी चाहिए जिससे कि वहां के लोग कुछ शिक्षा ग्रहण कर सकें और जहां वह देश का समाचार सुन सकें। जहां ऐसे पिछड़े समाज के लोग हैं वहां इस तरह की व्यवस्था होनी चाहिए जिससे वे भी कुछ लाभ इससे उठा सकें, यही मेरा निवेदन है।

श्री अमर सिंह चौधरी (मांडवी) : सभापति महोदय, शिक्षा एवं समाज कल्याण मंत्रालय के अनुदानों की मांगों पर हम चर्चा कर रहे हैं। वैसे किसी भी राष्ट्र के उत्थान के लिए शिक्षा का उचित प्रबन्ध होना जरूरी है। हमारे देश ने स्वतंत्रता के पश्चात कुछ प्रगति जरूर की है, औद्योगिक प्रगति की है, आर्थिक विकास किया है, विज्ञान का विकास हुआ है। लेकिन मैं खेद के साथ बताना चाहता हूँ कि शिक्षा के बारे में हम ने बहुत कम सोचा है। हमारी शिक्षा का ढांचा बहुत बेढंगा है। अंग्रेजों के जमाने का जो शिक्षा का ढांचा चला आ रहा है वह हमें बदलना होगा। हम हर रोज शिक्षा के बारे में परिवर्तन करने के लिए डिस्कशन

करते हैं। कुछ दिनों पहले महाराष्ट्र के सेवाग्राम में शिक्षा का एक सम्मेलन हुआ था जिसमें हमारी प्रधान मंत्री भी उपस्थित थीं और कई राज्यों के शिक्षा मंत्री भी उपस्थित थे। कई यूनिवर्सिटीज के चांसलर और वाइस-चांसलर सब उपस्थित थे। उन सब लोगों ने यह मत रखा था कि जो हमारी वर्तमान शिक्षा प्रणाली है उसको बदलना होगा, उसमें परिवर्तन करना होगा। मुझे बड़ा आश्चर्य है कि हम सब लोग इस में सहमत हैं, हम सब लोग शिक्षा में परिवर्तन चाहते हैं तो अब तक परिवर्तन क्यों नहीं ला सके? परिवर्तन के लिए कौन रोकता है ?

शिक्षा के अंदर जो कमी है उसको देखते हुए हमारे राष्ट्रपिता महात्मा गांधी ने शिक्षा के सम्बन्ध में कुछ मौलिक विचार रखे थे। लेकिन उनके विचार भी हम भूल गये हैं। गांधी जी शिक्षा को जीवन के लिए उपयोगी बनाना चाहते थे। वह डिग्री और प्रमाणपत्रों को महत्व नहीं देते थे। वह चाहते थे कि देश का हर नौजवान आत्मनिर्भर, सेवा-भावनायुक्त और चरित्रशील बने। क्या हमारी शिक्षा में यह सिद्धान्त चरितार्थ हुआ है। अगर नहीं तो क्यों हम यह शिक्षा इतनी देर तक चालू रखे हैं ?

आजकल गुजरात में और महाराष्ट्र में बुनियादी शिक्षा, नई तालीम की शिक्षा दी जाती है और हमारी प्रधान मंत्री भी उस शिक्षा की बड़ी सराहना करती हैं। हमारे शिक्षा मंत्री भी नई तालीम की शिक्षा की बड़ी प्रशंसा करते हैं। लेकिन जब उस पर अमल करने की बात आती है तो वे लोग उससे दूर हट जाते हैं। गुजरात में और साउथ गुजरात में हम ऐसी सस्थाएँ चलाते हैं और हायर एजुकेशन के लिए गांधी जी के सिद्धान्त के अनुसार एक संस्था एक छोटे से गांव में गांधी विद्यापीठ के नाम से चल रही है। उसको आर्थिक सहायता प्राप्त नहीं होती और उसको मान्यता भी अभी तक प्राप्त नहीं हुई है।

हम मान्यता के लिए बात करते हैं तो मंत्री जी कहते हैं कि यू०जी०सी० उसको मान्यता नहीं देती है। एक ओर तो नई तालीम की शिक्षा के ऊपर जोर देते हैं और दूसरी ओर हम इस प्रकार का कार्य करते हैं। हमारी शिक्षा में भेदभाव की नीति चल रही है। गरीबों के लड़के अलग स्कूलों में पढ़ाये जाते हैं और बड़े लोगों के, अमीरों के, मंत्रियों के और अफसरों के लड़के अच्छे स्कूलों में पढ़ाये जाते हैं। इस पर हमें उतना एतराज नहीं है, लेकिन एतराज इस बात पर है कि जो गरीबों के बच्चे नई तालीम के स्कूलों से पढ़े हुए होते हैं उनका उचित सम्मान सरकार नहीं करती है। मैं चाहूंगा कि उनका उचित सम्मान हो। सरकार से मैं यह प्रार्थना करूंगा कि जब हम नई तालीम की बात करते हैं तो उसका उचित सम्मान करना जरूरी है।

बाल शिक्षा का प्रचार एवं प्रसार ग्रामीण क्षेत्रों में बहुत कम हुआ है। मजदूर बस्तियों में बाल शिक्षा की सुविधाएँ होनी चाहिए ताकि उन बच्चों में हम पढ़ाई की रुचि पैदा कर सकें।

जितने माननीय सदस्य यहां बोले हैं सब ने यह कहा है कि प्राइमरी शिक्षा फ्री होनी चाहिए, हायर एजुकेशन भी फ्री करनी चाहिए। लेकिन मैं यह बताना चाहता हू कि हमारे कितने ही गांव ऐसे हैं जहां लड़कों के बैठकर पढ़ने के लिए मकान नहीं हैं। हजारों लड़के पेड़ के नीचे बैठ कर पढ़ते हैं। मैं यह निवेदन करूंगा कि शिक्षा को फ्री करने के बदले हम उन गांवों में पहले स्कूल के लिए बिल्डिंगें बनायें। अभी तक यह काम नहीं हो पा रहा है

हरिजन, आदिवासी एवं पहाड़ी प्रदेशों में होस्टल-कम-स्कुल का बड़े पैमाने पर इंतजाम करने की आवश्यकता है। युगों से पीड़ित और दलित लोगों के उत्कर्ष के लिए सरकार जितना करे उतना कम है।

समाज कल्याण के बारे में एक दो बातें मैं बताना चाहता हूँ। बूढ़ों को, और विकलांगों

[श्री अमर सिंह चौधरी]

को पेंशन देनी चाहिए और जो संस्थाएँ इस सेवा कार्य में जुटी हैं उन्हें प्रोत्साहित देना चाहिए ।

सभापति महोदय : शिक्षा मंत्री ने बताया कि वह विषय शिक्षा मंत्रालय से निकल कर के गृह मंत्रालय में चला गया है । इसलिए आप शिक्षा की बात कीजिये ।

श्री अमर सिंह चौधरी : पोषण-युक्त आहार जो बच्चों को दिया जाता है उसकी में बड़ी प्रशंसा करता हूँ और सारी हरिजन और आदिवासी बस्तियों में यह कार्यक्रम ठीक से चलाये जाने का अनुरोध करता हूँ ।

प्राथमिक स्वास्थ्य केन्द्रों की कमी को हमें पूरा करना चाहिए और स्टाफ और दवाइयों का प्रबन्ध ठीक तरह से करना चाहिए ।

अन्त में मैं एक बात और बताना चाहता हूँ कि हमारे ऐसे हजारों गांव हैं जहाँ पीने का पानी नहीं है । उन गांवों में पीने के पानी की व्यवस्था करनी चाहिए ।

SHRI GIRIDHAR GOMANGO (Koraput): I rise to support the demands for grants of the Ministry of Education and Social Welfare and of Culture. The hon. Minister said that from social welfare department the tribal welfare had been transferred to the Home Ministry and we hope that the tribals shall get the administrative protection of the Home Ministry, those people are being exploited by traders and middlemen. Article 46 of the Constitution of India lays down that the 'State shall protect with special care the educational and economic interest of weaker sections of the people and in particular the Scheduled Caste and the Scheduled Tribe and shall protect them from social injustice and all forms of exploitation'. Sir, the Constitution of India gives protection.

MR. CHAIRMAN: Why are you discussing the subject that has been transferred from this Ministry to the Home Ministry?

SHRI GIRIDHAR GOMANGO: What about tribal education?

MR. CHAIRMAN: *You can speak on that.

SHRI GIRIDHAR GOMANGO: I am submitting that constitutional provision is that tribal education will remain with the Education Minister. I am talking about educational problems of tribals.

In India we will see that there are 212 tribals with different dialects. They have no common language to understand each other. In Orissa, there are nearabout 62 different tribes. They have 26 different tribal dialects. They have unwritten tradition. How can you expect that their educational problems would be solved? In tribal areas, Christian missionaries are converting the tribals and they have written volumes of books about religion in Roman script with tribal dialect. You will see that there is only dialect and there is no script for tribes. The two scripts Santhal and samra languages, are already in existence. When we are allowing Missionaries to do this and when we are encouraging the development of Roman script, we are not giving the chance to respective State scripts in tribal areas.

They should frame the script which was recently invented, and Santhal and Samra language should be introduced as the medium of instruction.

We are facing a language problem in India. I am not pressing but presenting before the august House that the tribal language should be given priority. When we are adopting the medium of instruction, in tribal areas, tribal language should be adopted as medium of instruction.

I hope that they will get some guidance and help from this Ministry, who want to learn these scripts in tribal areas.

In tribal areas those who are posted as teachers are suffering a lot because these are hilly areas and the teachers are not getting any facilities. I request the hon. Minister to do something in this regard. My problem is this. We are thinking of having central schools everywhere. Why should we not adopt the same thing in tribal areas?

I want to say something about general education. There is quantitative increase in schools, colleges and universities. But the quality is going down. What is the reason behind this? For example, the definition of the educational institution is this: it is a factory which produces good and moral people. See the conditions in which the students study in college etc. See the moral standards. Everywhere there is disturbance in education.

As regards new education, I want to say something. We want to have socialism in India. When we are thinking in this line, social type of education should be introduced in our educational system. Teachers are the creators of good citizens in this country. In the past, you know the respect the teachers had, as Brahma, Bishnu and Maheshwara. The inner meaning is: they are the symbol of creators, stabilisers and destroyers also. That is the main principal character of teachers. So, unless we give top priority to education, darkness will remain in India and we will not see intellectual light at present and in future also.

Nobody cares for the blind men and disabled persons. We should give them education and other facilities in the best possible manner. It is the duty of the Government to take care of them. Those who are illiterate are also blind, though they have eyes. We are realising this

lately. It is high time that Government took proper steps, so that we can achieve our goal of education.

श्री डी० डी० कांबले (लातूर): सभापति जी, शिक्षा के सम्बन्ध में जो बजट रखा गया है, उसका समर्थन करते हुए मैं चन्द बातें आपके सामने रखना चाहता हूँ। स्वतन्त्रता प्राप्ति के बाद गांधी जी ने एक स्वप्न देखा था, उन्होंने उस समय चरित्र निर्माण को भारतीय शिक्षा का लक्ष्य माना था। उनका कहना था "कि बालकों में सच्चाई, वीरता, साहस तथा त्याग के भाव उत्पन्न हों—एसी शिक्षा प्रदान करने की आवश्यकता है।" इसी चीज को ध्यान में रख कर संविधान में हमने कम्पलसरी फ्री प्राइमरी एजुकेशन की बात मान ली थी, लेकिन इतने सालों के बाद भी हम उसको नहीं कर पाये। मैं समझता हूँ कि मंत्री महोदय के सामने इसमें कुछ दिक्कतें हैं—जब से वे इस मंत्रालय में आये हैं तब से जो भी बजट आया है, वह घटते हुए रकम का बजट आया है। मैं चाहता हूँ कि मंत्री महोदय इस पर थोड़ा ज्यादा जोर से ध्यान दें, बजट में कमी न करे इस सम्बन्ध में सारा हाउस आपके साथ है। देहातों में आज यह स्थिति है कि प्राइमरी एजुकेशन निःशुल्क रूप में नहीं दी जायगी तो गरीबों के बच्चे नहीं पढ़ सकेंगे। कहीं भी कोई शुल्क लग जाता है तो गरीब लोगों को पढ़ने में असुविधा होती है तथा पिछड़ा वर्ग अपने बच्चों को नहीं पढ़ा सकता है। इस लिये फ्री कम्पलसरी एजुकेशन के लिये पूरा जोर लगाइये ताकि देहातों में शिक्षा का प्रबन्ध हो सके।

सभापति महोदय, शिक्षा ही हमारे जीवन का मूल आधार है। शिक्षा ही हमारे राष्ट्रीय जीवन को, हमारे चाल-चलन को, हमारे रहन-सहन को, हमारे सारे कार्यों को प्रतिबिम्बित करती है। राष्ट्र की प्रगति के लिये हम जिसनी भी चीजें अपनाते हैं, सङ्घ, दवाखाने ये सब किस के लिये बनते हैं—हमारे भावी नागरिकों के

[श्री टी० डी० काबले]

जीवन के लिये बनते हैं, हमारे नागरिक को इस तरह से ढाला जाये कि वे स्वतन्त्रतावादी देशाभिमानी, धर्म-निर्पेक्ष और लोक शाही को मानने वाले बनें। जब हम यह आदर्श अपने सामने रखते हैं तो प्रश्न उठता है कि आज के विद्यालयों में, यूनिवर्सिटीज में क्या इस प्रकार की शिक्षा दी जाती है? इस तरफ़ आपका ध्यान जाना जरूरी है। आप कह सकते हैं कि यह विषय राज्यों का है, लेकिन मैं कहूंगा कि सारे देश के लिये इसकी जरूरत है—चाहे यह राज्यों का विषय हो, या केन्द्र का लेकिन आपको देखना होगा कि सेन्टर इसमें किस हद तक मदद कर सकता है, गाइड कर सकता है।

हमारे एक मित्र कह रहे थे कि बहुत से शिक्षा संस्थान हैं जहां राजनीतिक जीवन का आधार लेकर वहां के विद्यार्थियों का इस्तेमाल किया जाता है। यह बहुत ही बुरी चीज़ हमारे देश में फैल रही है कि चाहे किसी पार्टी का आदमी हो उसको कुछ आन्दोलन फैलाना है, उसको किसी चीज़ को लोगों में ले जाना है तो पहले वह विद्यार्थियों को पकड़ता है, उनको बहकाता है और इस प्रकार अपनी पार्टी की शक्ति का प्रदर्शन करना चाहता है। मैं कहूंगा कि विद्यार्थी भावी जीवन का एक नया रूप होता है उसको हम जैसी भी शक्ल देंगे वैसा ही वह बनेगा। मैं तो कहता हूं कि विद्यार्थी का जीवन पानी जैसा है। “पानी तेरा रंग कैसा, जिसमें मिलाओ वैसा।” जिस प्रकार की शिक्षा आप उसे देंगे, जिस ओर भी उसे ले जायेंगे उस ओर ही वह चला जायेगा। वह एक कोरे कागज़ के समान है। उसको जैसा भी रंग देंगे वैसा ही बनेगा। हम चाहते हैं कि हमारे विद्यार्थी आगे बढ़ें, स्वच्छ और सही नागरिक बनें लेकिन आज उनका पाठ्यक्रम क्या है, उसका पाठ्यक्रम इस प्रकार का है

कि वह किताब पढ़ ले और फिर उसका जवाब दें। पास होने पर नौकरी की तलाश करें। पहले उसमें आमूल परिवर्तन होना चाहिए। आज हम कितने लोगों को नौकरी देने वाले हैं? पढ़ना तो सभी के लिए जरूरी है, इस देश का हर बच्चा पढ़ेगा, इस देश में सारे ही पढ़ने लिखने वाले हो ही जायेंगे। क्या हम सभी को नौकरी देने वाले हैं? सभी को नौकरी मिल नहीं सकती है और सब नौकरी कर भी नहीं सकते हैं। हमारी शिक्षा का मूल उद्देश्य क्या है? हमारी शिक्षा का मूल उद्देश्य नौकरी देना ही नहीं होना चाहिए। आप इसका विभाजन कीजिए कि कितने लोगों की सरकारी नौकरी के लिए आवश्यकता है, कितने इंजीनियर्स की आवश्यकता है, कितने डाक्टर्स की आवश्यकता है, कितने किसानों की आवश्यकता है और इसी प्रकार से किस-किस काम के लिए कितने-कितने लोगों की आवश्यकता है। इस बात को दृष्टि में रखते हुए आप शिक्षा का विभाजन कीजिए ताकि भावी नागरिक जीवन में कोई असुविधा न हो। आज वह किताबें पढ़ता है, कालेज में जाता है और फिर नौकरी चाहता है। बेकारों की लिस्ट में उसका नाम लिख दिया जाता है। इनसे कोई अच्छे धनी घर के लड़के भी होते हैं लेकिन बेकारों की लिस्ट में उसका नाम भी जरूर आ जाता है। इस प्रकार से बेकारों की लिस्ट बहुत बड़ी बन जाती है। जिनको नौकरी की आवश्यकता है उनका नाम भी उसमें होता है और जिनको नौकरी की आवश्यकता नहीं है उनका नाम भी उसमें होता है। जिनको नौकरी चाहिए और आप जिनको नौकरी देना चाहते हैं। ठीक है उनके लिए आप काम दीजिए लेकिन

स्कूल में और कॉलेज में जो शिक्षा है उसमें आमूल परिवर्तन करना होगा क्योंकि नौकरी की शिक्षा देने से कुछ होने वाला नहीं है। उनको उद्योग धंधे का शिक्षण देना होगा जैसे टेलरी में, कारपेन्ट्री में और दूसरे अनेक धंधों में लगाना होगा। हमें इस प्रकार की शिक्षा लागू करनी होगी कि आगे चल कर अगर नौकरी न मिले तो वे उद्योगों में जा सकें और अपने पैरों पर खड़े होकर कोई अपना काम कर सकें। यदि केवल नौकरी के लिए ही हम उनको पढ़ायेंगे तो हमारे लिए बड़ी मुसीबत हो जायेगी और फिर हमारे पास उनके लिये कोई इलाज नहीं रह जायेगा।

एक चीज मैं और कहना चाहता हूं कि इस बजट में जो आपने धनराशि रखी है उसमें हर वर्ष कमी होती जा रही है। आपने रिपोर्ट में बताया है कि अगले पांच वर्षों में फ्री प्राइमरी एजुकेशन पूरी होने वाली है लेकिन जब बजट ही घट रहा है तो फिर उसकी पूर्ति किस प्रकार से हो सकेगी? मैं आपसे कहूंगा कि हमारी बहुत सी चीजे होती हैं जिनको लक्ष्मरी कहते हैं हर डिपार्टमेंट में उनकी कमी कीजिए लेकिन शिक्षा में कमी मत कीजिए। शिक्षा के द्वारा हमें बच्चों को पढ़ाना, आगे बढ़ाना और काम में लगाना है और यदि उसमें भी पैसे की कमी हो तो फिर वे आगे कैसे बढ़ सकेंगे? इस लिए मेरा निवेदन है कि इसके लिये आप बजट ज्यादा रखें। मैंने जैसा शुरू में कहा इस मामले में सारा सदन आपके साथ रहेगा। इस लिए मेहरबानी करके आप इस तरफ ध्यान दें क्योंकि शिक्षा के बजट में कमी होने से हमारा कोई लाभ नहीं हो सकेगा।

अब मैं प्राइवेट संस्थाओं के सम्बन्ध में कुछ कहना चाहता हूं। कुछ लोगों ने प्राइवेट संस्थाओं को अपनी आमदनी का जरिया बनाया हुआ है। मैं तो इस विचार का हूं कि जितनी भी शिक्षा संस्थाएँ हैं उनको सरकार

अपनी ओर से ही चलाये। यदि यह सम्भव न हो तो कम से कम यह उन संस्थाओं पर चेक रखें, निगरानी रखें और देखें कि सचमुच में वहां क्या पढ़ाया जाता है, कितने शिक्षक हैं और क्या काम करते हैं और उनका कोई सही आडिट भी होता है या नहीं। आपसे लाखों रुपए का अनुदान वे ले जाते हैं लेकिन बाद में कोई पूछने वाला नहीं होता। आप सिर्फ रिपोर्ट देख लेते हैं और उसको मान लेते

तीसरी चीज यह है कि शिक्षकों को आदर्शवान कहा जाता है, उनको निर्माता बताया जाता है लेकिन साथ साथ उनकी सुविधा का भी ध्यान रखना जरूरी होता है। शहरों में तो उनको रहने के लिए मकान मिल सकते हैं लेकिन देहातों में बड़ी कठिनाई होती है। अगर किसी गांव में एक दो टीचर्स की जगहें होती हैं और टीचर्स वहां जाते हैं तो उनको रहने के लिए जगह नहीं मिलती है। ग्राम पंचायत के आदमी कह देते हैं कि पंचायत में रह जाओ या मदरसे में रह जाओ और बच्चों को पढ़ाओ। इस लिए उनके सामने एक बड़ी मुसीबत की बात होती है। इस सम्बन्ध में आप को कुछ बजट रखना होगा और राज्य सरकारों को गाइड करना होगा। जैसे कि रेलवे डिपार्टमेंट अपने एम्प्लाइज को कहीं भेजता है तो उसके रहने का प्रबन्ध वहीं होता है। इसी तरह से आप भी शिक्षा के सम्बन्ध में कर सकते हैं। आप ग्राम पंचायतों से और संस्थाओं से कह सकते हैं कि जब तक शिक्षकों के रहने के लिए जगह नहीं होगी तब तक ग्रान्ट नहीं दी जायेगी और उनको मान्यता नहीं मिलेगी जब तक कि शिक्षकों के रहने का प्रबन्ध नहीं होगा। क्योंकि उसके बाद ही शिक्षक वहां पर आराम से रह सकेगा और ठीक से बच्चों को पढ़ाने में भी उसकी रुची होगी।

इतना ही कहकर मैं समाप्त करता हूं।

SHRI BHALJIBHAI PARMAR (Dohad): Mr. Chairman, Sir, I thank you for giving me an opportunity to speak on the Demands for Grants relating to the Ministry of Education and Social Welfare.

The total budget provision for the Department of Education and Social Welfare is Rs. 12580.22 lakhs for the year 1973-74. This includes the secretariat of the Department of Education and other Revenue expenditure and provision for general education and expansion of primary education which cannot satisfy the genuine needs of the educated people of the whole country. Comparatively, we spend a lot for our defence purposes. Now, in normal times, we must solve the problem of unemployment among the educated youth who wander in search of jobs and who are quite frustrated. The Department must think of solving the problem of unemployment on a war-footing. The education must be such which can enthuse people and must raise a hope of leading a happy life. What do we find today? Even graduates and highly educated engineers are frustrated and unemployed. The education must be job-oriented.

The Central Government has made a good start for educated unemployed people by providing 60,000 teachers for elementary education with corresponding inspectors, class-rooms, provision of free text-books, midday meals, etc. during 1971-72 and 1972-73 in assisting the State Governments and Union Territory administrations on hundred per cent basis. During 1973-74, additional 30,000 teachers and other assistance is likely to be provided in this connection. Looking to the vast problem of unemployment, a provision for 60,000 teachers be made yearly as was done in the past. The teachers' training period must be made for one year and not for two years as brilliant S.S.C. passed persons are recruited for the purpose.

They must also be absorbed as teachers soon after they complete their training.

Adult education must be started departmentally as well as by assisting voluntary agencies. Even after 25 years of Independence, the measures in this field do not seem to be as vigorous as mentioned in the body of the Report. Even a great bulk of the population is quite illiterate. They have even to put their thumb impressions while signing. In rural and tribal areas, the primary school teachers must be entrusted with this work. They must run night adult education classes and make the people read and write and liquidate illiteracy. Required equipment for such classes be provided free of cost by the Government.

Now I come to youth welfare. There is unrest among the youths of today. They must be trained properly. 100 Nehru Yuvak Kendras are proposed to be started by Government. In every district, there must be district-level and taluka-level yuvak kendras as sub-centres. The establishment of rural sports centres is really a necessity to enthuse rural people and inspire them. Physical education must be given top priority. What our youths require today are muscles of iron and hearts of steel. They can understand Gita or scriptures better if they are able-bodied and noble-minded.

Our country is still lagging behind in the fulfilment of the Constitutional directive of free primary education, especially in the age group of 6-11 years; it is expected to be fulfilled by the end of the Fifth Plan. This is, in fact, being implemented at a snail's speed.

Now I come to the school meals programme. This is a 'must' for the drought-affected areas of the various States of India and Union Territories. Children generally leave the schools and go away with their parents in

search of labour in rural areas and particularly in tribal areas. In this connection I would like to suggest to Government that they should start adequate number of Ashram schools sponsored by Central Government in tribal areas, instead of having village schools, in suitable groups of villages coming within a radius of every five miles. This will really serve the purpose and then the tribal children can be brought in line with the children of caste Hindus.

The secondary schools run in the tribal areas must be given 100 per cent expenditure on construction of school buildings, staff quarters and science and laboratory equipment in the beginning.

Now I come to the welfare of teachers. The triple benefit scheme (pension, provident fund and insurance) for the benefit of teachers in aided institutions must be made compulsory in all the States, so that their welfare can be attended to properly.

With regard to the scheme of Balwadis, I would like to suggest that all the tribal areas must be covered with this programme of Balwadis which is a 'must' for the real welfare and all round development of Adivasis.

Now I come to the educational technology project which has been approved by Government during the year by making full use of films, radio broadcasts and the new educational techniques such as audio-recorders, programme learning, etc., for stimulating education at all levels. To bring about qualitative improvement in education, it must be started in rural areas, and specially in tribal areas of the country, as they are, comparatively, very much lagging behind in development.

In the Institutes of Technology at Kharagpur, Bombay, Madras, Kanpur and Delhi, in the total student enrolment and out-turn of graduates from these Institutes, a proper percentage of Scheduled Castes and Scheduled

Tribes must be mentioned and maintained. In every Annual Report of the Ministry of Education and Social Welfare, the progress in this connection must be mentioned specifically.

With regard to scholarships, there are three categories of scholarships (a) scholarships for Indian students for study in India, (b) scholarships for Indian students for study abroad; and (c) scholarships for foreign students for study in India. I want to know whether there is any special provision for students from Scheduled Castes and Scheduled Tribes in the case of the first two categories, and if not, whether the Government would make such a provision in future for the benefit of the Scheduled Castes and Scheduled Tribes.

श्री लालजी भाई (उदयपुर): सभापति महोदय, सदन में गणपूर्ति नहीं है।

MR. CHAIRMAN: The bell is being rung. Now there is quorum, the hon. Member may please continue.

SHRI BHALJIBHAI PARMAR: Due care may be taken to impart spiritual education to the students so that there can be proper discipline in leading their lives and they become disciplined citizens of the country. Really, character is destiny and character building activities must be started in every educational institution.

श्री रुद्र प्रताप सिंह (बाराबंकी): सभापति महोदय, मैं आप का हृदय से आभारी हूँ कि आप ने मुझे राष्ट्र की स्वतंत्रता के रजत-जयन्ती वर्ष में शिक्षा मंत्रालय तथा उस के सांस्कृतिक विभाग के अनुदानों की मांगों पर अपने विचार व्यक्त करने का अवसर प्रदान किया। मैं उन का समर्थन करने के लिए खड़ा हुआ हूँ।

इस माननीय सदन ने मुझे को पुरातत्व विभाग के केन्द्रीय परामर्शदाता बोर्ड का सदस्य होने का सौभाग्य प्रदान किया है। इस कारण से मैं अपने को केवल उसी

[श्री रुद्र प्रतापसिंह]

विषय तक सीमित रखना चाहता हूँ। मेरे पूर्व वक्ता माननीय सदस्य शिक्षा जगत की समस्याओं और उन के निराकरण के सम्बन्ध में विस्तारपूर्वक प्रकाश डाल चुके हैं। इस लिए मैं उस की पुनरावृत्ति नहीं करना चाहता हूँ और मैं केवल सांस्कृतिक विभाग तक अपने को सीमित रखूंगा।

राष्ट्र के पुरावशेष, भग्नावशेष, अवशेष तथा उस की बहुमूल्य कलाकृतियाँ देश के इतिहास पर प्रकाश डालती हैं। इतिहास इस बात का साक्षी है कि भारत पर सदैव आक्रमण होते रहे हैं और यहां सदैव युद्ध होते रहे हैं। इस कारण से हमारे देश के भग्नावशेष और पुरावशेषों का विध्वंस और नष्ट हो जाना बहुत ही स्वाभाविक है। इतिहास इस बात का भी साक्षी है कि हमारे देश का तमाम साहित्य युद्धों की विभीषिका में समाप्त हो गया है। इस लिए अपने देश के पुरावशेषों और भग्नावशेषों से हम को अपनी संस्कृति की खोज करनी पड़ती है।

18.00 hrs.

मैं प्रधान मंत्री जी, शिक्षा मंत्री जी तथा उन के मंत्रालय को इस बात के लिए बधाई देना चाहता हूँ कि स्मारकों के संरक्षण के कार्य में उन्होंने धर्म-निरपेक्षता की नीति को अपनाया है। जैसा कि इस माननीय सदन को ज्ञात है, हमारे पुराने पुरावशेष विभाग के द्वारा जिस प्रकार से मन्दिरों का संरक्षण किया जाता है, उसी प्रकार मस्जिदों का भी संरक्षण किया जाता है। तो हमारी जो नीति है धर्म-निरपेक्षता की उसी के अनुसार यह कार्य हो रहा है।

मैं इस संबंध में यह कहना चाहता हूँ कि जहां अपने देश के इतिहास की खोज करनी है जिन पुरावशेषों और भग्नावशेषों के द्वारा उन के लिए जो यहां पर अनुदान का प्रावधान किया गया है वह उस खोज के अनुरूप नहीं है, वह बहुत कम है। उस को

और अधिक होना चाहिए। तभी हम अपने वास्तविक इतिहास की खोज कर सकेंगे।

जहां तक उद्यानों के अनुरक्षण की बात है इस बात की व्यवस्था की जानी चाहिए कि स्मारकों के साथ के जो उद्यान हैं उन को इस प्रकार से सजाया जाय कि जिस से जिस समय का वह स्मारक है उसी समय का वह उद्यान भी हो। खोजों और खुदाई के सम्बन्ध में अब तक जो कार्य हुआ है उसी की सराहना करते हुए मैं इस बात को पुनः दोहराना चाहता हूँ कि खोजों और खुदाई के लिए अधिक धन के प्रावधान की आवश्यकता है। जो कुछ भी प्रावधान किया गया है वह बहुत कम है।

सभापति महोदय : माननीय सदस्य अब अपना भाषण कल जारी रखें।

18.02 hrs.

HALF AN HOUR DISCUSSION

EARNING BY SPECIAL TRAINS ON
Sealdah Division

Eastern Railway

MR. CHAIRMAN: The House will now take up Half-an-Hour discussion by Dr. Saradish Roy.

*DR. SARADISH ROY (Bolepur): Mr. Chairman, Sir, on 27-2-73 I had put a question to the hon. Railway Minister. In part (a) of that question I had asked for the number of special trains run on the Sealdah Division of the Eastern Railway during the week ending 31-12-72. In reply the hon. Minister had stated 424 special train were run. In part (b) I had asked what amount of extra passenger fare was earned by such special trains; In reply the hon. Minister had stated that figures of earning are not maintained train wise. In part (c) I had asked how earnings from passenger fare in the

Division during the week compares with earnings during the previous week. The words previous week may please be noted. In the reply the hon. Minister had stated that the earnings during the period ending 31-12-72 were about Rs. 54 thousands more as compared to the corresponding figures for the period ending 20-12-72.

Sir, it must be noted here that replying to the third part of my question the hon. Minister had tried to evade the answer. I wanted the figures for the week ending on 31-12-72. This was a Sunday. The previous Sunday had fallen on 24-12-72 but the Minister's reply has given the position only as on 20-12-72 and the amount of extra earning was shown Rs. 54,000. My contention is that had the hon. Minister indicated the figures of earning upto 24-12-72, the total amount would have been far less than Rs. 54,000 and consequently the earnings per special trains would have also been far less and in order to cover up the whole matter the hon. Minister had indicated the position as on 20-12-72. If we divide this earning only on the special train then the earning per special train comes to less than Rs. 127 but as I have stated earlier, if the figures upto 24-12-72 were taken into consideration then this figure would fall further. This is the crux of the matter. Now, Sir, all these special trains were run in the Sealdah Division. In this Division 209 pair of trains run every day out of which only 4 are long distance trains and the rest are local trains. Apart from acute overcrowding, the passenger traffic in this division is so excessive that the passengers have to travel on foot boards or cling precariously to the compartment doors and make a peri-

ous journey to their destination. Accidents are common occurrences in this division. When this is the condition of the general public, we find that during the 7 days 30 pairs of special trains daily, which came to 15 per cent more than the total number of trains were run by the Railways in this division. From this am I to conclude that Government had an experiment for 7 days. From the experiment it has now been shown that at least 15 per cent more trains can be run easily in this division and in a division where the pressure of passenger traffic is so high and in order to relieve the difficulties of the travelling passengers, on the basis of their own experiment, will the Government now consider the question of increasing the number of regular trains in this Division? I think this is essential. I would therefore demand that Government should furnish the figures of earnings for the railways for the week ending on 24-12-72. If the Government gives this figure I am sure the earnings will be shown much less than Rs. 54,000|- I would like to know how many of more special trains were long distance trains. Why the 424 special trains were run? Some newspapers have said that they were intended for a "Tamasha", while other have said it was for a "Circus" but we know that all these trains were arranged to see that more persons could go and attend the annual session of a political party now ruling which was held in the last week of December on the outskirts of Calcutta. We have already discussed in this House on 28-3-73 how trains were arranged to facilitate the arrival of the demonstrators to a demonstration at Delhi of a political party which is an ally of the ruling party where people had travelled free. But, Sir, the present discussion highlights how the ruling party itself had used

[Dr. Saradish Roy]
rather misused their power and the facility of the railway for their own party interests. (interruption). I will not discuss here, how the ruling party had galvanised its various departments both at the centre and in the States for the success of this session; I will not discuss how the public undertakings had helped this ruling party for this session and how an exhibition organised by the ruling party was helped with financial donations amounting to thousands of rupees from the industrialists and Public Undertakings. I will also not discuss how this party had taken the assistance of nearly 15,000 police personnel as volunteers to make the session a success. I will also not discuss how an over bridge was specially constructed with the help of the army. I would like to know the real reason for providing these special trains. What I would like to stress is that not only in Sealdah but in Howrah division also, special trains were run only to see that more people could come to attend the session and make it a success. There was no other objective behind it. Sir, even the cost of running a bus comes to more than Rs. 127/- per bus. But I am surprised that special trains were provided which fetched revenue for less than that. Not only this, the name of the Railway station where the session was held was changed from Uttodanga to "Bidhan Nagar Station" and the obvious objective was to make the session a success. This is one side of the picture and now let us turn to the other side of it. Sir, when the democratic opposition parties organised their meetings at Calcutta on the 4th October and 26th November 1972 to voice their grievances against the ruling Congress in West Bengal, then with the help of Police and CRP the railway authorities forcibly detained the ticket holding delegates at the different railway stat-

ions though they were holding valid tickets and they were told that they could only go to the opposite direction and not towards Sealdah and that no tickets will be needed for the return journey. Not only this Sir, on the 28-3-73 the Marxist and other leftist democratic parties held a rally in Calcutta to protest against rising prices, unemployment etc., and the news appearing in the *Times of India* of 28-3-73 will show how the authorities had tried their best to foil this move. Comrade Jyoti Bosu says, I quote, "Mr. Bosu alleged that people coming to join the rally had been prevented by the police at some places. He made particular reference to a group coming from Murishadabad to allege that "people on the side of the administration" had sought to derail the train by removing fish plates. Fortunately the driver detected it and could avoid a disaster."

This is the true face of the ruling party. On the one hand they are exploiting the railway facilities and running special trains to make their own session a success and on the other hand the Congress ruled Governments are using CRP and RPF to detain the opposition demonstrators proceed to attend their meetings. They are also trying to see that even with tickets the opposition delegates are not able to travel and fish plates are being removed and attempts are made to derail the train. On the 4th October last two MPs had sent telegrams to the Government drawing their attention to all these but nothing was done and even persons who are permitted to travel as attendants to MPs were prevented to proceed. This is what is happening in West Bengal. Sir, special trains were run from Patna and during the discussion on ticketless travel held on 28-3-73 in this House the Railway Minister had stated that the party concerned had de-

posited money for the use of special trains. I would like to know whether the Congress Party had deposited any money for this 424 special trains and if so the break up of this deposit for each train. Sir I have tried to find out the rules which govern the running of these special trains. I have not been able to get any. Either there is no rule and even if there be any they are twisted only to suit the interest of the ruling party when the opposition parties want the facility they are made to deposit some advance but when the Congress party wants the facility the deposit becomes redundant. I would also like to know from the hon. Minister how many Railway officials were deputed to Sealdah from other places and how many officials from the Railway Board were detailed on duty at Sealdah during this week and how much was spent on them. How many among the 424 trains were long distance trains and how much was earned by Railway for the week ending 24-12-72. We know Sir that the Government is run by the party but here we see that Government is run for the party. The trains are also run for the interest of the party. I will charge this Government that all these special trains were run only to serve the interest of the Congress party. I would like to have categorical answers to all the questions that I have raised particularly the earnings of the railways from running these special trains for the week ending 24-12-72 as compared to the earnings for the preceding and succeeding week.

*SHRI AJIT KUMAR SAHA (Vishnupur): Mr. Chairman, Sir, I would like to raise a few points in this connection. I would like to know from the hon. Minister, just as Government had run 424 special trains for the Congress Session, whether the same facility is given to other political parties when their sessions are held and if so, the names of the political parties and the number of trains that were run. I

would also like to know whether the Congress party had deposited any advance money for availing the benefit of the special trains and if so, the total amount deposited. I would also like to know whether it is a fact that when the CPI(M) party held its meetings on 4-10-72 and 21-11-72 in Calcutta then the railway authorities with the help of the CRP and RPF detained the ticket holding passengers who were proceeding to attend the session at different railway stations in West Bengal. For running the special trains, the railway authorities had deputed a large number of officers at Calcutta. I would like to know the number of such officers and the total amount spent on them for their stay in Calcutta and finally, Sir, I would like to know the number of extra tickets sold during the period under question as compared to the sale of tickets during the first week of January.

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): When the hon. Member tabled this question and later on when the half an hour discussion was allowed, I was under the impression that he was very much concerned with the finances of Railways. But after hearing him, I see that his worry is not about the finances of the Indian Railways; his worry seems to be about the immense popularity of the Indian National Congress. I want to clear the impression that these were not special trains in the sense that they were not booked by any party. These trains were run after seeing the vast sea of people moving from one place to another and money was paid by those people.

The hon. Member calculated correctly that since Rs. 54,000 were collected from these 424 trains, each train has given Rs. 127. He forgets that these were short distance trains and we have calculated that nearly 350000

*The original speech has delivered in Bengali.

[Shri Mohd. Shafi Qureshi]
extra journeys were performed by season ticket holders. There were about 8000 people travelling every day and 25000 commuters have made a large number of trips by these short distance trains. Nearly 1300 people were carried in one train. We have to look at the rush and also keep in view the convenience of the commuters, who were travelling by trains. Keeping these things in view we made an attempt to provide special trains. If the Congress is holding a session in any place and more trains are required we shall certainly run them. I want to make it clear that no discrimination has been made in favour of any party. Any political party which wants to hold meetings and wants train for this purpose in any part of the country has been allowed special trains.

DR. SARADISH ROY: Name one

SHRI MOHD. SHAFI QURESHI:
C.P.M.

DR. SARADISH ROY: Money was deposited.

SHRI MOHD. SHAFI QURESHI:
They wanted long distance special trains from Calcutta, from the South to Punjab and those were given. I took personal care to satisfy Mr. Bosu and he was all the time in contact with me on telephone to see that those trains were provided to his party. They are provided to every party without discrimination.

The hon. Member has raised one point and said that because of these trains much inconvenience was caused to the public and to the commuters.

As I have already made it clear these additional trains were put to clear the rush. Normally commuters are using these trains. Special care was taken to see that the officers were deployed specially to provide for the needs of this particular section. As and when the increase number of special trains, naturally, more people have to be employed. That happens

every where. To meet the emergency in connection with the fairs or any religious congregation or gathering we have to run more trains. Naturally we have to employ more men. We have not shown any special favour to any party in this regard.

The hon. Member raised another point. After giving him the commuters who have travelled in the trains, he would be convinced that it is not correct to say that we have lost revenue on account of this. In fact our earnings have been more. This was about Rs. 54,000 as compared to any other period. In the reply an error has crept in. Instead of 30-12-72 it was mentioned as 31-12-72. This error I want to correct.

DR. SARADISH ROY: My question was different. The answer given was for the period ending 20-12-1972. He is not correct.

SHRI MOHD. SHAFI QURESHI: I
We are not getting income and expenditure statement trainwise. Tri-monthly accounts are submitted. The hon. Member wanted that we should give figures for a particular period. This we have tried to give. I can assure him that there is no loss to the railways and nobody has been allowed to travel without a ticket.

DR. SARADISH ROY: How can you say that?

SHRI MOHD. SHAFI QURESHI: I
do not want to enter into any argument. I have tried to tell that no person has travelled in the trains without a ticket. If the hon. Member has got any proof to the contrary he is welcome to bring it to my notice. It was also stated that whenever any meeting is being held more people go there to attend it. But lesser people come back. Whatever may be the case we have to clear the rush and that was why those special trains were put. On 25th December thirty-eight trains were run. From 26th to 29th also thirty-eight trains were run each

day. On 30th December twenty-two trains were run in the UP direction, that is, 212 trains were run on the UP direction and the same number of trains were run on the DOWN direction. What the hon. Member is trying to make out is this namely that all these 424 trains were going in one direction.

That is not so. As regards our earning, I have already stated that our accounts are sent on a tri-monthly basis. We have taken out ten days' earnings. These are the figures which have been given to the hon. Member. I feel that there is nothing for me to add. I think the hon. Member should have a broader mind to appreciate my point. After all in this country there are millions of people living. It is not a small gathering or a small party meeting. I wish that you too can hold such a meeting and if you wish we shall provide you with more trains. If he gives one instance where persons travelling by a special train were arrested and harassed, I am to take

the blame. Simply making wild allegations is not correct.

SHRI DINEN BHATTACHARYYA (Serampore): On 4th October last, 50,000 passengers who were going to attend a meeting in Calcutta were forced to stay on the Howrah station platform.

SHRI MOHD. SHAFI QURESHI: In the end, I would like to refute all the allegations which have been made by the hon. member that the railways had connived at bringing more people to Bidhannagar without ticket or that railway officials were utilised at the session at Bidhannagar. These allegations are baseless and incorrect.

MR. CHAIRMAN: The House stands adjourned till 11 A.M. tomorrow.

18.26 hrs.

The Lok Sabha then adjourned till Eleven of the clock on Thursday, April 5, 1973/Chaitra 15, 1895 (Saka).

1895 (Saka)

The Lok Sabha met at Eleven of the
Clock.

[MR. SPEAKER in the Chair]

ORAL ANSWERS TO QUESTIONS

कोयला श्रमिकों और अभ्रक श्रमिकों की
मजूरी में अन्तर

*623. श्री शंकर दयाल सिंह : क्या
श्रम और पुनर्वास मंत्री यह बताने की कृपा
करेंगे कि :

(क) देश में कोयला श्रमिकों और
अभ्रक श्रमिकों की अलग-अलग संख्या कितनी
है ;

(ख) क्या कोयला श्रमिकों और अभ्रक
श्रमिकों की दैनिक मजूरी में कोई अन्तर है ;
और

(ग) इस अन्तर को समाप्त करने के
लिये सरकार क्या कार्यवाही कर रही है ?

THE MINISTER OF LABOUR AND
REHABILITATION (SHRI RAGHU-
NATHA REDDY): (a) The average
daily employment in coal mines
(1971) and mica mines and factories
(1970) was 3,82,250 and 31,908 res-
pectively.

(b) Yes, Sir. The wages of workers
in the coal mining industry are higher.
These were fixed by a Central Wage
Board.

(c) The wages of mica workers have
been fixed by the State Governments
under the Minimum Wages Act, 1948.
The Act provides for review and revi-
sion of minimum wages and the State
Governments would no doubt increase
the existing wages to the extent neces-
sary and feasible.

श्री शंकर दयाल सिंह : मान्यवर, बड़े
दुःख के साथ कहना पड़ता है कि कोयला
मजदूर और अभ्रक मजदूर, दोनों एक ही
तरह की खान में जाकर काम करते हैं, दोनों
की जान को एक ही तरह का जोखिम रहता
है लेकिन कोयला मजदूरों पर सरकार ने
बहुत ध्यान दिया है, अभ्रक मजदूरों पर कोई
ध्यान नहीं दिया दिया है, और जैसा मंत्री महोदय
ने अपने उत्तर में कहा कि केवल 31,000
अभ्रक मजदूर हैं, यह बात गलत है

अध्यक्ष महोदय : आप भाषण के चक्कर
में पड़ गये । सवाल कीजिये, वरना नतीजा
यह होता है कि प्रश्न पूरे नहीं होते हैं ।

श्री शंकर दयाल सिंह : इसलिये मैं
मंत्री महोदय से जानना चाहता हूँ कि क्या
वह अभ्रक क्षेत्रों का भ्रमण खुद करेंगे और
अधिकारियों से कहेंगे कि वहां जाकर उनकी
स्थिति को देखें और देखकर इस तरह की
रिपोर्ट दें जिससे कोयला श्रमिक और अभ्रक
श्रमिकों के बीच की खाई पट सके ?

SHRI RAGHUNATHA REDDY:
I propose to tour most of the mining
areas in order to study this problem
and impress upon the State Govern-
ments about the necessity of revising
the wage scales.

श्री शंकर दयाल सिंह : मेरा दूसरा
सवाल यह है कि मंत्री महोदय ने कहा
कि 1948 में मिनिमम वेज के अनुसार अभ्रक

APRIL 5, 1973

मजदूरों के बारे में स्टेट गवर्नमेंट ने नीति बनायी थी तो 1948 से लेकर 1973 तक बहुत समय बीत चुका है इसलिये आज जो अवरक मजदूरों की स्थिति है उसके ऊपर विचार करते हुये सरकार क्या इस बात पर ध्यान देगी कि कोयला मजदूरों को जितना वेतन मिलता है उतना ही अवरक मददूरों को भी दिया जाये ?

SHRI RAGHUNATHA REDDY: In Andhra Pradesh, the wages were revised in 1972 and they are 3.15; in Bihar, the wages were revised in 1968 and they are 2.25; in Rajasthan, in 1971—3.25; in Tamil Nadu, in 1962—1.38. I understand, Tamil Nadu and Bihar are contemplating the revision of scales. They are trying to do it.

SHRI S. M. BANERJEE: I would like to know from the hon. Minister whether he is aware that before the coal mines were taken over by the Government, the recommendations of the Wage Board were not implemented by the coal mine-owners. I wish to know whether, after the taking over of the coal mines, the wages recommended by the Wage Board have been given to all workers.

SHRI RAGHUNATHA REDDY: The Wage Board recommendations are not statutory in character, as the hon. Member knows. The Ministry of Mines which has taken over the mines is looking into this problem and is vigorously pursuing it.

SHRI HARI KISHORE SINGH: In view of the fact that mica mines are spread over in more than one State of the country, will be Central Government appoint its own Wage Board to review the whole situation?

SHRI RAGHUNATHA REDDY: This is a suggestion for examination.

SHRI M. RAM GOPAL REDDY: I would like to know from the hon. Minister whether the capacity of the mica mine-owners is the same as that of coal mine-owners.

MR. SPEAKER: This is not a question about capacity.

SHRI M. RAM GOPAL REDDY: I mean the paying capacity.

MR. SPEAKER: I am sorry, it is not a relevant question. (*Interruption*).

SHRI M. RAM GOPAL REDDY: Is there no answer?

MR. SPEAKER: He may be ready with an answer. But I am not holding it in order.

Plan to use Industrial know-how for Mutual Benefit by Non-Aligned Nations

*624. SHRI RAJDEO SINGH: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether the non-aligned meet in Algiers in September this year is scheduled to put in operation the Lusaka declaration that there was a vast store of industrial know-how and resources within the non-aligned family that could be used to mutual benefit by proper planning;

(b) if so, whether Government are working on plans by which the non-aligned nations could help each others' industrialisation without seeking aid from outside the fold; and

(c) if so, the broad outlines thereof?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) The question of economic cooperation amongst non-aligned countries has been discussed since the Lusaka Conference at the Conference of Foreign Ministers of Non-aligned Countries held in Georgetown in August, 1972. Standing Committee of Non-aligned Countries in New York has also been discussing follow-up action with a view to implementation of the deci-

slons arrived at in the field of economic cooperation amongst non-aligned countries. It is expected that this subject will be considered in depth at the forthcoming Summit meeting in Algiers in September, 1973.

(b) and (c). Mutual assistance for economic development forms an important aspect of economic cooperation amongst the non-aligned countries. India is a member of the Standing Committee, and has been assisting in the efforts of that Committee in this respect. At the present stage, important aspects of economic cooperation amongst non-aligned countries are under study by the Committee. Meetings of economic experts are also proposed to be held before the Algiers Summit Conference.

SHRI RAJDEO SINGH: May I know whether adoption of the agreed measures by the coming Algiers Summit Conference will have any sort of international sanction and binding on participating countries?

SHRI SURENDRA PAL SINGH: Various proposals have been put forward by the last Conference and they are now being studied by the Standing Committee and they are bound to be discussed in detail when the Summit takes place later.

SHRI RAJDEO SINGH: May I know whether, at the present stage, our Government is prepared to give some broad outlines of its mind?

SHRI SURENDRA PAL SINGH: This matter is now being discussed at various levels. A number of countries have been asked to produce papers on the subjects to be discussed. Once the papers are prepared, they will be discussed at the Standing Committee meeting which is to take place in Kabul before the Summit Meeting. We have no more details of the programme.

Implementation of Recommendations of National Labour Commission

*625. DR. H. P. SHARMA: Will the Minister of LABOUR AND REHABI-

LITATION be pleased to state:

(a) the decisions taken on the various recommendations of the National Labour Commission headed by Shri Gajendragadkar and the action taken so far in pursuance thereof;

(b) the recommendations which have been rejected and the reasons for such rejection; and

(c) the recommendations which are still under examination, and the reasons for the delay in taking a decision thereon?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI RAGHU-NATHA REDDY): (a) A statement (No. I) indicating a classification of the various recommendations according to action taken is laid on the Table of the House. [Placed in Library. See No. LT-4724/73].

(b) A statement (No. II) indicating the recommendations not accepted and the reasons therefor is also laid on the Table of the House. [Placed in Library. See No. LT-4724/73].

(c) These are indicated in Statement No. I. It has not been possible to take decisions on some of the recommendations as a few have to be examined in the light of the Pay Commission's report; in the case of a few others, the Department of Personnel are considering the matter and a number of others are still to be considered by the national tripartite.

DR. H. P. SHARMA: One of the subjects dealt at considerable length in the deliberations of the National Labour Commission was to fix norms and evolve a formula that would fix the living wage or, what was called, the need-based minimum wage. Would the Government explain the factors that it took into consideration while fixing Rs. 185 as the minimum wage—by the Third Pay Commission? I want to know the rationale or the reasons which you took into account.

how far you have gone in incorporating the recommendations of the National Labour Commission while fixing up Rs. 185 as the minimum wage.

SHRI RAGHUNATHA REDDY: There are three hundred recommendations made by the National Labour Commission. I have given the analysis of the various recommendations accepted, implemented, sought to be implemented and also under consideration. In the absence of notice of a specific question, I humbly submit, it is not possible for me to answer pointedly one topic. The hon. Member may, therefore, give notice of a specific question on that.

DR. H. P. SHARMA: Among the recommendations of the Commission which have been listed as 'not accepted' is the one relating to the Minimum Wages Act for agricultural labour. The recommendation reads: 'The field agency for the implementation of the Minimum Wages Act for agricultural labour should be the Zila Parishad and its functionaries at the village level'. The reason given for not accepting it is that the State Governments were not willing to accept this recommendation. All I want to know is this. Is the Government satisfied with this? Does it feel that it has done its job by leaving it at that, or does it feel that it has a responsibility to the vast force of agricultural labour which is, perhaps, the more vulnerable part of the labour force, which is unorganized and belongs mostly to Scheduled Castes. Is the Government considering re-examining this matter with a view to safeguard the interests of the agricultural labour?

SHRI RAGHUNATHA REDDY: With regard to this question, I told the House previously also that the entire problem of agricultural labour is now being studied. After a proper study, this question would be reconsidered and re-examined. I have full sympathy and I am also equally anxious as the hon. Member, to do something as far as the Agricultural labour is concerned.

DR. RANEN SEN: In view of the fact that one of the recommendations of the National Labour Commission was in regard to industrial relations and also in view of the fact that the Government was contemplating to come out with a statute in order to ensure good industrial relations, may I know whether the Government thought over all these matters in respect of industrial relations and the view points and opinion of the other trade union centres in this regard?

SHRI RAGHUNATHA REDDY: Keeping in mind the entire broad spectrum of the industrial relations and also the realities of life, the Government propose to bring in a legislation as early as possible, a legislation which would be broadly acceptable to all sections.

SHRI S. M. BANERJEE: I hope it will not be the same as the one circulated by Mr. Khadilkar.

SHRI SAMAR GUHA: I want to know whether the Government has accepted the principle of one union for one industry.

Secondly, about agricultural labour, just now the hon. Minister said that this problem is being discussed for the last few years and every time it is being said that the Government is re-examining the whole question. Have you set any time schedule as to when the question of framing a minimum wages legislation for the agricultural labour who constitute 57 per cent of our labour force will be taken up seriously?

SHRI RAGHUNATHA REDDY: With regard to the first part of the question, though it is an ideal proposition to have one union for one unit, the Government will have to take into account the realities of life.

With regard to the minimum wages legislation, I have already made my submission.

SHRI D. N. TIWARY: May I know whether, as the agricultural labour force is spread throughout the length and breadth of the country in about six lakhs of villages, whether the Government intend to set up an organization to see that whatever minimum wage that is fixed, is actually adhered to?

MR. SPEAKER: This is just the same question as a Member asked earlier.

SHRI D. N. TIWARY: Have they set up any machinery That is the question.

SHRI RAGHUNATHA REDDY: As a first step in this direction, I am trying to organise an expert cell in the Ministry of Labour itself to study this question in all its ramifications. After proper studies are available, we are also anxious to introduce elements of an organization either in terms of legislation or otherwise, in order to bring this unorganised sector into some form of organised sector.

पाकिस्तान में भारतीय युद्धबन्धियों के साथ किये गये अमानवीय व्यवहार के बारे में सीधी बातचीत करने का प्रस्ताव

*626. श्री फूलचन्द वर्मा : क्या विदेश मंत्री यह बताने की कृपा करेंगे कि :

(क) भारतीय युद्धबन्धियों के साथ किये गये अमानवीय व्यवहार की कोई शिकायत सरकार द्वारा सीधे पाकिस्तान से न करने के क्या कारण हैं ; और

(ख) क्या शिमला समझौते की भावना के अनुसार इस बारे में पाकिस्तान से बातचीत हो सकती है ?

THE MINISTER OF EXTERNAL AFFAIRS (SHRI SWARAN SINGH):

(a) Complaints of ill-treatment made by Indian POWs repatriated from Pakistan have been verified and a protest note has been handed over to the ICRC for taking up this matter with Pakistan Government. The reason why the Government have approached

is that this organisation has been looking after the welfare of the POWs in both the countries under the Geneva Convention.

(b) Government will consider the possibility of raising this matter with Pakistan when talks on the resolution of the POW issue are held. Meanwhile, it is proposed to pursue this matter through the ICRC.

श्री फूलचन्द वर्मा : 18 दिसम्बर, 1971 को सदन में जो पाकिस्तान हमारे लापता युद्धबन्धियों की सूची दी गई थी वह कुल मिलाकर 2233 लोगों की थी । उसके बाद पुनः मार्च, और अप्रैल, 1972 में जो सूची दी गई थी उसमें वह संख्या काफी कम थी । मैं जानना चाहता हूँ कि दिसम्बर, में जो सूची दी गई थी वह गलत थी या मार्च अप्रैल में जो सूची दी गई थी वह गलत थी ? मार्च-अप्रैल में जो सूची दी गई थी लापता युद्धबन्धियों की चूँकि वह काफी कम थी तो क्या इसका यह मतलब हुआ कि पाकिस्तान ने हमारे लापता युद्धबन्धियों को मार डाला है ? यदि मार डाला है तो इस सम्बन्ध में रेड क्रॉस के द्वारा सरकार कोई जांच करवाना चाहती है ?

SHRI SWARAN SINGH: This question does not relate to numbers but it relates to inhuman treatment. On the substantive question we did receive some information that some of the personnel of the Indian Armed forces including officers were shot down after they had surrendered and had been taken captive. To the extent that this information was available we have already taken up this matter through ICRC with the Government of Pakistan.

श्री फूलचन्द वर्मा : मंत्री महोदय ने कहा है कि रेड क्रॉस सोसायटी के द्वारा हमने एक विरोध पत्र भेजा है । मैं जानना चाहता हूँ कि वह किस तारीख को भेजा है, क्या रेड क्रॉस सोसायटी को

गवर्नमेंट का कोई उत्तर प्राप्त हुआ है, यदि हुआ है तो उसके बारे में आपने अभी तक क्या कार्यवाही की है तथा उसका सम्पूर्ण ज्वीरा क्या है ?

SHRI SWARAN SINGH: This protest note was given after verification of the fact from the prisoners of war who were repatriated to India. This repatriation, as the House may recall, took place in the month of December and this protest note had been sent in March. No reply has yet been received. I would also like to add this. Earlier too two notes had sent, one on 10-3-1972 and the second one on 27-4-1972 for which no reply has yet been received. We are not fully satisfied about every person having been accounted for by the Pakistan Armed Forces but that is a separate matter.

SHRI PRABODH CHANDRA: May I know from the Government whether the Pakistan Government in season and out of season brings out all sorts of complaints against the Government of India for their ill-treatment of Pakistani prisoners held in India, while our case suffers because Government of India has shown utmost restraint regarding the ill treatment of Indian prisoners held by Pakistan either before the International Red Cross or the International Community?

SHRI SWARAN SINGH: It is true we have shown greater restraint and we should not be sorry for that.

SHRI S. M. BANERJEE: Pakistan is trying to get the favour of world opinion especially the Muslim countries and the Arab countries and I would like to know one thing in the light of his own statement which has been published in today's *Statesman*.

MR. SPEAKER: May I just remind you that this is about Indians?

SHRI S. M. BANERJEE: This is also about prisoners of war, it is a mutual thing, Sir.

MR. SPEAKER: You have a clever way of dealing with things.

SHRI S. M. BANERJEE: If you like you may disallow, Sir.

MR. SPEAKER: I disallowed it in advance. I have followed it. You are referring to his statement which is different.

SHRI S. M. BANERJEE: The case of those Indians who are detained in Pakistan is connected with the release of Pakistani prisoners of war in India.

MR. SPEAKER: Please don't go too far; please ask a question within the relevant limits.

SHRI S. M. BANERJEE: I just want to know whether the Government of India has taken any decision in consultation with the Bangla Desh Government to release those Pakistani prisoners of war against whom there are no cases pending.

MR. SPEAKER: This is not relevant. I disallow it. You can ask a separate question.

I am like a revolving fan coming sometimes this side and sometimes that side. A revolving fan would not respond to a person which it is not facing.

SHRI SHANKERRAO SAVANT: What is the nature of the complaints of inhuman treatment meted out to our prisoners in Pakistan?

SHRI SWARAN SINGH: The types of complaints that have come to our notice are shooting of persons after they had surrendered or had been taken into captivity, torture to extract statements or information and several other methods of inhuman treatment?

SHRI SHANKERRAO SAVANT: May I know how many persons were shot dead?

SHRI SWARAN SINGH: We have received information so far about 12 such cases.

SHRI N. K. SANGHI: In view of the fact that third degree methods were employed to extract confessions from the prisoners of war, may I know if the matter is being taken up at the United Nations forum so that this sort of thing may not be repeated?

SHRI SWARAN SINGH: It is a suggestion which can be considered.

SHRI MADHURYA HALDER: I want to know if the Indian prisoners of war can be released from Pakistan by releasing an equal number of Pakistani prisoners of war here.

MR. SPEAKER: This question is about inhuman treatment. Will this inhuman treatment stop if they are exchanged?

SHRI SWARAN SINGH: Perhaps the hon. member has forgotten the fact, which has been stated on the floor of the House that so far as Indian prisoners of war with Pakistan are concerned, they were only on the western front and all those persons have already been repatriated. There may be a dispute about some odd number missing, but according to Pakistan, there are no Indian prisoners of war with them now. So, the basis of this question is no longer there.

Rejuvenation of Indian Iron and Steel Company

*628. **SHRI GIRIDHAR GOMANGO:**

SHRI PRABHUDAS PATEL:

Will the Minister of STEEL AND MINES be pleased to state:

(a) whether a Rs. 48 crore comprehensive programme has been drawn to rejuvenate the Indian Iron and Steel Company so that it can achieve its million tonne production target by 1976;

(b) if so, the main features of the programme; and

(c) whether there is an ample scope for turning the Indian Iron and Steel Company into an encouraging viable unit?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) to (c). A statement is laid on the Table of the House.

Statement

(a) Yes, Sir.

(b) The essential features of the programme are:

- (i) Improvement of raw material handling facilities particularly in relation to Coal and Iron Ore;
- (ii) Emergency and hotrepairs, of Nos. 7, 8 and 9 Coke Oven Batteries and rebuilding of No. 7 battery;
- (iii) Building a new Ladle House for Blast Furnaces.
- (iv) Repairs of Open Hearth Furnaces and converters;
- (v) Augmentation of steam generation capacity and thus of power generation.
- (vi) Rehabilitation of handling equipment like cranes and ground charges.
- (vii) modernising and fully rehabilitating rolling stock;
- (viii) providing facilities for oil firing.

(c) Yes Sir.

SHRI GIRIDHAR GOMANGO: The essential features of the programme of rejuvenation of IISCO are stated in the statement. May I know what are the machines where this programme would be extended?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARAMANGALAM): The different heads under which this programme is being implemented are given in para (b) of the statement. Briefly, item (i) i.e. raw material handling facilities etc. relates to the coal handling plant where two Titan cranes which have been in service for 20 years have to be replaced. The same is the position in regard to the hammer mill. As for the second item, emergency and hot repairs of the coke oven batteries 7, 8 and 9 and rebuilding of No. 7 battery, these have to be done. Then new ladle house for blast furnace under item 3 and Open hearth furnaces and converters; this is mainly due to poor availability because there is deterioration in the condition of the body steel works. In relation to the other items, we are putting through detailed programmes mainly because of ageing equipment.

SHRI GIRIDHAR GOMANGO: In reply to part (c), the hon. Minister stated that there will be improvement of raw material handling facilities particularly in relation to coal and iron ore. May I know what is the total output of raw materials in the country at present, State-wise, and whether Government are proposing to fully utilise the raw materials of India in the Fifth Plan?

SHRI S. MOHAN KUMARAMANGALAM: I have no doubt that whatever raw materials we have we will use fully. As for the balancing facilities we are putting in in regard to repairs to and rehabilitation of the plant, it is in order to be able to put them to the maximum use.

DR. RANEN SEN: When IISCO was taken over, it was stated both publicly and in this House that there were cases of mismanagement in the plant as also bad industrial relations. Have these two things been taken special note of by the Minister because their solution is essential for rejuven-

ation of IISCO? If so, what steps have been taken by Government to rectify the mismanagement and remove those people responsible for it and also have better industrial relations?

SHRI S. MOHAN KUMARAMANGALAM: The hon. member is aware that a new Custodian was appointed to take charge of IISCO who was not previously in IISCO, namely, Shri Aurobinda Ray. He has appointed a new Commercial Director who had previously been working in IISCO's branches in Delhi and who was assessed to be very competent officer. A new General Superintendent has been inducted into IISCO. He has had long experience in the steel line. Earlier, he had been working in the Rourkela steel plant. Certain officers against whom certain charges had been made have either resigned or retired. That is so far as the managerial part is concerned. We have taken quite serious action on this score.

DR. RANEN SEN: What about the improvement of industrial relations?

MR. SPEAKER: 'Rejuvenation' is a very wide term. He is asking too much.

SHRI S. MOHAN KUMARAMANGALAM: I thought I had covered the point the hon. member made. He asked me about the question of reorganisation of the management and that I have covered.

श्री अचल सिंह: क्या मंत्री महोदय यह बतान की कृपा करेंगे कि पब्लिक सेक्टर के चार स्टील प्लांट कब तक फुल कैपेसिटी से काम करने लगेंगे और उनमें पूरा पूरा माब तैयार होने लग जायेगा ?

कायदा महोदय: यह सवाल तो इन्डियन प्रायव्हेट एंड स्टील कम्पनी के बारे में है ।

SHRI S. MOHAN KUMARAMANGALAM: I think as and when we put

through our rehabilitation programme, we expect that we would be able to reach the rated production of one million tonnes in 1975-76.

उच्च श्रेणी की काफी मात्रा वाले बौक्साइट क्षेत्रों को एल्युमिना बनाने के लिए प्रारक्षित करना

*629. श्री भारत सिंह चौहान : क्या इलाहाबाद और जयपुर मंत्री यह बताने की कृपा करेंगे कि क्या उन क्षेत्रों को, जहां उच्च श्रेणी का बौक्साइट काफी मात्रा में है, एल्युमिना बनाने के लिये प्रारक्षित किया गया है ?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): High grade bauxite deposits in the country have been generally reserved for Aluminium industry.

श्री भारत सिंह चौहान : मध्य प्रदेश में बिलासपुर डिस्ट्रिक्ट में बहुत बड़ी मात्रा में उत्तम श्रेणी का बौक्साइट मिला है । पहले उसका उपयोग निजी क्षेत्र में किया जाता था । मैं यह जानना चाहता हूं कि वह उद्योग न मरे और वह फिर से चालू हो, इस सम्बन्ध में, केन्द्रीय सरकार क्या विचार कर रही है ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARAMANGALAM): So far as the bauxite deposits in the district of Bilaspur are concerned, it has been entirely reserved for exploitation in the public sector, that is, the exploitation by the Bharat Aluminium Co.

श्री भारत सिंह चौहान : सरगुजा डिस्ट्रिक्ट में जो सर्वेक्षण हुआ है, और जो अभी भी हो रहा है, उसकी रिपोर्ट है कि उस क्षेत्र में 21 लाख टन बौक्साइट उपलब्ध है । क्या शासन उस बौक्साइट का उपयोग करने के लिये सार्वजनिक क्षेत्र में एल्युमिनियम का कारखाना खोलने के लिये तैयार है ?

SHRI S. MOHAN KUMARAMANGALAM: At present, the Hon. Member

is aware that the main project in the State of Madhya Pradesh is the project of Korba and we are concentrating on putting it through as early as we can, utilising the deposits in Amarkantha in Shahdol district and in Bhatkopahar in Bilaspur. So far as other deposits are concerned, I am aware there are other deposits and since available resources are there we will develop them.

MR. SPEAKER: Next question.

SHRI D. P. JADEJA: Sir, please allow us to put a supplementary.

MR. SPEAKER: I have already passed on to the next question.

SHRI D. P. JADEJA: He is not going to object to that.

MR. SPEAKER: Can it not be postponed for some other occasion. Next question.

पाकिस्तान के आंतरिक मामलों में भारत द्वारा कथित हस्तक्षेप

*630. श्री श्रीकांत लाल बोरबा : क्या विदेश मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या पाकिस्तान ने यह धमकी दी है कि यदि भारत ने उसके आन्तरिक मामलों में हस्तक्षेप किया तो शिमला समझौता तोड़ दिया जायेगा ; और

(ख) यदि हाँ तो इसके उत्तर में सरकार का क्या कार्यवाही करने का विचार है ?

THE MINISTER OF EXTERNAL AFFAIRS (SHRI SWARAN SINGH): (a) Government's attention has been drawn to reports of President Bhutto's statement to this effect.

(b) The reported Statement refers to a purely imaginary situation without any basis, since Government continues to follow the policy of non-interference in the internal affairs of Pakistan.

श्री श्रीकार लाल बोरवा : मैं यह जानना चाहता हूँ कि पाकिस्तान ने अब तक शिमला समझौता कितनी दफा भंग किया है और उसकी कितनी धाराओं का उल्लंघन किया है ?

SHRI SWARAN SINGH: Sir, the basic, operative part where the line of control in Jammu and Kashmir was to be delineated, that delineation has been completed and withdrawals have taken place. That was the most important operative provision of the Simla Agreement. There is an agreement further to discuss matters with a view to find agreed solution to the remaining problems. It is true that in attitudes and statements, the Pakistani leaders have been taking an extreme view and have made several statements which are not consistent with the spirit of the Simla Agreement.

श्री श्रीकार लाल बोरवा : : अध्यक्ष महोदय, मैं यह जानना चाहता हूँ कि भारत सरकार इस मरे हुए शिमला समझौते को कब तक आक्सीजन देती रहेगी और कब तक इसका इंतजार करेगी ?

अध्यक्ष महोदय यह मरा हुआ तो नहीं है ।

SHRI SWARAN SINGH: It is not dead; neither are we giving it any oxygen. It is a document which lays down a sound principle for settlement of mutual disputes and I request the hon. Member to view it dispassionately rather than to a line which I think is not based on a correct appreciation of the facts of the situation.

श्रीमती सहोदराबाई राय : अध्यक्ष महोदय, मैं आप के माध्यम से पूछना चाहती हूँ कि पाकिस्तान के लोग हमारे किसानों के भक्षी उठा ले जाते हैं . . .

सभापति महोदय : आप बैठिए, आप तो मध्य प्रदेश में हैं, मैं बिल्कुल बोर्डर पर

बसता हूँ। आप बेफिक्र, रहिए, जब कोई बात होगी तो मैं आपको बता दूंगा ।

SHRI P. VENKATASUBBAIAH: Every time President Bhutto and other Pakistani Leaders want to camouflage their acts of omission and commission by pointing out India as the seapagoat. May I know from the hon. Minister whether the present trend of bringing Pakistan, India Bangla Desh together is now being initiated by the Chinese Prime Minister as reported in today's papers and if so whether the Government of India has not pursued their attempts to bring Bangla Desh and Pakistan into a sort of bilateral negotiations to solve the problems without anybody's interference, much less the interference of China?

SHRI SWARAN SINGH: So far China has not approached us with any suggestion of a tripartite meeting. I have not seen the Press report and if there is a report I should say that it might be based on speculation: so far no contact has been made by the Chinese with the Government of India in this respect. With regard to the Second part, I do agree that the disputes or differences between India and Pakistan should be resolved in accordance with the Simla Agreement by mutual discussion and agreement; this is the policy which we continue to follow.

SHRI P. G. MAVALANKAR: In view of the fact that the Simla Agreement has been more or less in a condition of stalemate and the spirit of Simla understanding is fast evaporating and in view of the fact further that the Pakistani President has continuously been given threats and issuing all kinds of contradictory statements to various newspapers in the world, may I know why the Government of India is not taking more firm and strong action to meet partly the propaganda of the Pakistan Government and partly to assert India's rightful stand? How long will

this unilateral action go on with regard to the Simla Agreement and is not the Government considering responding effectively to Pakistan's tactics and propaganda? What are the positive steps that our Government are taking?

SHRI SWARAN SINGH: It is true that the statements of President Bhutto are not always consistent; they are full of contradictions. But I may remind the hon. Member that when Indian Press people asked him about his contradictory statements, he made a statement to the effect that the Indian subcontinent itself was full of so many contradictions and that he was a product of that. In view of that very clear statement, it is difficult to continue to raise objections to the various contradictory statement that President Bhutto may choose to make. We have been proceeding on the basis of accepting the Pakistani stand as conveyed to us rather than be too much obsessed by various statements that are made from time to time. I think that we should not be too much obsessed by propaganda and what appears in newspaper in Pakistan or other countries. These are important vital issues which cannot be resolved by propaganda. The Simla Agreement does provide the basis for the settlement. I am quite sure that propaganda also will not resolve the problem. That was why we signed the Simla Agreement and we should try to bind Pakistan to it and to take every step to find mutually acceptable agreements and mutually acceptable solutions. No outsiders can resolve these vital issues which have bedevilled the relations of India with Pakistan.

Increase in Relief Assistance to Bangladesh Refugees

*631. **SHRI B. K. DASCHOWDHURY:** Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether his Ministry has decided to increase the quantum of cash and relief assistance given to the displaced persons from the erstwhile East Pakistan now Bangladesh;

(b) whether his Ministry has received a petition to consider increment of such relief assistance from inhabitants of Nowgaon Camp and Mana Group of Camps; and

(c) if so, the reaction of Government thereto?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI RAGHUNATHA REDDY): (a) and (c). Relief assistance is given only to the displaced persons from the erstwhile East Pakistan (now Bangladesh) who are living in Camps. The question of increasing the quantum of such assistance is being looked into by the Government.

(b) No formal petition has been received by the Department of Rehabilitation.

SHRI B. K. DASCHOWDHURY: The reply of the hon. Minister seems to be surprising. I simply would like to know from the hon. Minister whether it is a fact that in January last, the erstwhile Deputy Minister of Rehabilitation visited that particular Mana group of camps and if so, whether the people of Nowgaon Camp referred to by me had submitted a memorandum and whether their cases are being considered in view of the assurance that I got from him on subsequent occasions and other meetings that I had with him. In view of all these things, how many months more or years more would be required by the Ministry to consider extending this relief assistance to the poor displaced persons.

SHRI RAGHUNATHA REDDY: About the memorandum referred to by the hon. Member which has been given by the President of the Mana Group of Camps to the then Deputy

Minister, I do not have immediate information with me. I shall find out. We have got information that the hon. Member himself had written a letter to this Department on various matters specially drawing the attention on this aspect. I do not like to refer to the hon. Member's letter. I have great respect for all the petitions and the hon. Member would pardon me for not referring to them.

So far as the family of six is concerned, instead of Rs. 70 Rs. 72 have been given. For more than six, instead of Rs. 75 Rs. 80 is sought to be paid. Subsidised ration is also being given to the refugees. In case employment is not possible, their case is also being considered, 200 grammes for the adult are being given as ration. Enhancement of the quantum and other matters also being considered by the Ministry of Finance.

SHRI B. K. DASCHOWDHURY: I think the hon. Minister has not received all information from the ministry. In the case of Mana group of camps it is not a fact that they are given subsidised rations. I would request the hon. Minister to consider whether it is possible to issue immediate instructions to give them financial assistance according to the Ministry's rules. For the subsidised ration why no policy decision has been taken for this particular Mana Group of Camps. Otherwise all people there will die within a few days.

SHRI RAGHUNATHA REDDY: It would be immediately examined and considered.

SHRI SAMAR GUHA: I want to know from the Government the total number of refugees still waiting for the rehabilitation. How long are they waiting for the rehabilitation and has Government attempted any time-bound programme for the rehabilitation? If so, I want to know the details thereof?

SHRI RAGHUNATHA REDDY: According to the information available with us 7547 families have turned from Bangladesh 23-3-1973. Out of these families, 4259 families have been moved from Bashirhat to Mana upto 17-3-1973. In addition, 313 families who had returned to the camps/rehabilitation sites from where they had deserted direct, have also been moved to Mana. About 2,585 families are awaiting dispersal at Bashirhat after verification, 248 families are also awaiting dispersal in Dandakaranya Project and in Chandrapur Project in Maharashtra where they have gone direct. In addition, 142 such families have arrived in Tripura.

SHRI SAMAR GUHA: Prior to 1971 also, thousands of refugees have come. I wanted to know the total number.

MR. SPEAKER: For that you should give separate notice. This question is about the increase in quantum of relief assistance.

श्री लालजी भाई : मैं आपके माध्यम से मंत्री महोदय से जानना चाहता हूँ कि बंगला देश के विस्थापितों के लिए राहत कार्य देने के लिए धनराशि के आंकड़ क्या हैं तथा इन राहत कार्यों के दौरान भ्रष्टाचार की कुछ शिकायत आप के पास आई हैं ?

SHRI RAGHUNATHA REDDY: There are complaints and we are looking into them.

SHRI A. K. M. ISHAQUE: May I know how much amount has been spent up till now by the Central Government on relief assistance, which is very much in the nature of being unproductive? May I know whether that amount would have been sufficient to rehabilitate a substantial portion of the floating population who migrated from East Pakistan? May I know for how long the Government of India will allow this floating population to create political instability in West Bengal?

SHRI RAGHUNATHA REDDY: The second part of the question, I have already answered about the dispersal of the refugees. About the first part, I do not have immediate information. I will supply it to the hon. member.

देश में इस्पात कारखानों की स्थापना

*633. श्री बनसाह प्रधान : क्या इस्पात और खान मंत्री यह बताने व कृपा करेंगे कि :

(क) क्या देश में कुछ नये इस्पात कारखाने स्थापित करने का सरकार ने कोई निर्णय लिया है;

(ख) यदि हां, तो किन-किन राज्यों में ये कारखाने स्थापित किये जायेंगे; और

(ग) क्या इन कारखानों के लिए विदेशी सहयोग लेने का भी प्रयास किया गया है और यदि हां, तो उन देशों के नाम क्या हैं और इन इस्पात संयंत्रों में पूंजी लगाने के लिए क्या व्यवस्था की गई है ?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) and (b). No, Sir; except for the three new steel plants being set up at Salem in Tamilnadu, at Visakhapatnam in Andhra Pradesh and at Vijayanagar near Hospet in Mysore State.

In connection with the longterm steel development programme preliminary techno-economic studies for some potential sites are, however, proposed to be taken up by the Steel Authority of India Limited.

(c) There are no proposals at present for foreign collaboration for the aforesaid three new steel projects. The question of importing some of the plant and equipment as also obtaining technical know-how for the manufacture of some sophisticated products would be considered at the appropriate stage.

श्री बनसाह प्रधान : मुख्य मंत्री, मैं आप के माध्यम से जानना चाहता हूँ कि जिन कारखानों को खोलने की व्यवस्था की गई है, क्या वे पिछड़े हुए इलाकों में हैं ?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMAR RAMANGALAM): Both Visakhapatnam and Hospet are not industrially advanced areas. I do not think it is possible to call Visakhapatnam as a backward area but certainly it is not industrially Advanced. So far as Vijayanagaram is concerned, it is certainly a backward area where there is very little industry. Salem also is not considered a major industrial area in the South.

श्री बनसाह प्रधान : क्या सरकार ने पिछले अधिवेशन में यह आश्वासन दिया था कि शहडोल जिले के बिजुरी क्षेत्र में जो 6 लाख की सम्पत्ति खराब हो रही है, वहां पर हम कोयला खदान खोलने की व्यवस्था कर रहे हैं ? क्या सरकार ने यह नीति बदल दी है और अब बिजुरी कोयला खदान को नहीं खोलेंगे ? क्या विन्ध प्रदेश के पिछड़े जिलों में—जैसे रीवा, संतना, शहडोल या अन्य पिछड़े क्षेत्रों में इस्पात कारखाना खोलने का सरकार का विचार है ?

SHRI S. MOHAN KUMARAMANGALAM: To my knowledge, no assurance has been given regarding the opening of mines. Regarding the opening of industries, to such a wide question I am not in a position to say categorically either "yes" or "no". All that I can say is that I have given no assurance.

Reassessment of India's Relations with commonwealth

*634. **SHRI SAMAR GUHA:** Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether Government have made any reassessment of India's relation with the Commonwealth;

(b) whether India's commitment to the Commonwealth outlived its purpose in view of U.K.'s entry into European Common Market; and

(c) the political, economic and cultural reasons for India's continued membership of the Commonwealth?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH):

(a) It is customary for Government to review India's membership of various international bodies, including the Commonwealth, from time to time.

(b) While it is true that the U.K.'s entry into the European Common Market has adversely affected the traditional pattern of Indo-U.K. Trade, based on Commonwealth preferences, efforts are continuing, with the U.K.'s active cooperation, to mitigate these effects to the extent possible.

(c) The Commonwealth members derive numerous benefits through co-operation in the financial, cultural and economic fields. The Commonwealth Telecommunications Agreement, The Commonwealth Technical Assistance Programme, the Commonwealth Air Transport (Technical Information) Council, the Commonwealth Foundation (Educational) are some examples. As an association of Nations belonging to all continents and comprising peoples of all races and religions, the Commonwealth also provides useful forum for exchange of ideas on international issues.

SHRI SAMAR GUHA: Commonwealth is nothing but an institution as a good memorial for the British Empire. I do not know how long this stigma.....

MR. SPEAKER: Ask your question. Otherwise, the question Hour will be over before the answer.

SHRI SAMAR GUHA: In view of the changed pattern of international relations between different countries, what specific political purpose the membership of the Commonwealth ensures?

THE MINISTER OF EXTERNAL AFFAIRS (SHRI SWARAN SINGH):

The international situation is never static. It is changing and it is all the more reason that a group of independent countries, would be meeting together to exchange their opinions about the changing international situation. It serves a great political purpose to be able to understand the views of countries in Africa there are a very large number of African countries in the Commonwealth in Asia and in Canada, which is another Commonwealth country which follows an independent policy. So, it is always an advantage to have a forum where these opinions are exchanged.

SHRI SAMAR GUHA: The hon. Minister has referred to a group of countries. Looking historically, this group of countries represents nothing but the history of slavery to the British Empire. I want to know from the hon. Minister what are the economic and cultural benefits that we are deriving by continuing our membership in the Commonwealth, particularly, in view of the changed economic pattern of U.K. with European countries.

SHRI SWARAN SINGH: This has been answered in the main reply itself.

WRITTEN ANSWERS TO QUESTIONS

Invitation to Prime Minister to visit Sri Lanka

*621. **SHRI M. S. PURTY:**

SHRI G. Y. KRISHNAN:

Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether Sri Lanka has extended an invitation to the Prime Minister;

(b) whether Sri Lanka has also invited the views of the Prime Minister for solving the problem of Stateless persons of Indian origin living there; and

(c) the reaction of Government thereto?

THE MINISTER OF EXTERNAL AFFAIRS (SHRI SWARAN SINGH):

(a) Yes, Sir.

(b) The Prime Ministers of Sri Lanka and India have been in contact with each other on this matter.

(c) Government are cooperating fully in order to ensure the implementation of the Indo-Ceylon Agreement of 1964, which, as Honourable Members are aware, deals with the question of Stateless persons of Indian origin in Sri Lanka.

President Nixon's Assurance to Pakistan to help release of P.O.Ws in India

*622. SHRI H. N. MUKHERJEE:
SHRI M. S. SANJEEVI RAO:

Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether Government's attention has been drawn to the statement made recently by President Bhutto's Special Emissary, Mr. Ghulam Mustafa Khar, after his return from Washington, that President Nixon has assured Pakistan that he would use his good offices for the early release of the Pakistani Prisoners of War held in India; and

(b) if so, Government's reaction thereto?

THE MINISTER OF EXTERNAL AFFAIRS (SHRI SWARAN SINGH):

(a) Yes, Sir. Government have seen reports to this effect.

(b) Government are convinced that sub-continental problems can best be resolved through direct negotiations between the countries concerned without any third party intervention. This view has also been reflected in various statements made by U.S. Official spokesmen.

Purchase of war-ships from Yugoslavia via by India

*627. SHRI NAWAL KISHORE SHARMA: Will the Minister of DEFENCE be pleased to state:

(a) whether India is purchasing three War-ships from Yugoslavia;
164 L.S.—2

(b) if so, the cost of these ships and how much foreign exchange is involved; and

(c) the time by which these ships will reach India?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) No. Sir.

(b) and c). Do not arise.

Position of Orissa in total Minerals output and Export thereof

*632. SHRI CHINTAMANI PANIGRAHI: Will the Minister of STEEL AND MINES be pleased to state the position of Orissa in the total mineral output and export in the country?

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMAR RAMANGALAM): Orissa occupies the sixth position in the statewide order of value of mineral production during 1971 and 1972. Two statements showing:—

(i) The position of Orissa in the total mineral production in India during 1972, and

(ii) the despatches for exports of minerals for the whole of India and for Orissa during 1972.

are placed on the Table of the House. [Placed in Library.. See No. LT-4725/73].

Setting up of a Third Wage Board for working Journalists

*635. DR. GOVIND DAS RICH-
HARIYA:
SHRI P. M. MEHTA:

Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether the Government have since taken any final decision on the question of appointing another Wage Board for the Working Journalists; and

(b) if so, its terms of reference?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI RAGHUNATHA REDDY): (a) No, Sir.

(b) Does not arise.

सरकार द्वारा मैसर्स इंडियन कापर कारपोरेशन लिमिटेड को अधिकार में लेना

*636. श्री मूलचन्द डागा : क्या इस्पात और खान मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार ने 20 मार्च, 1972 से मैसर्स इंडियन कापर कारपोरेशन लिमिटेड को अपने अधिकार में ले लिया है;

(ख) यदि हां, तो सरकार ने उस पर कितनी पूंजी लगाई है; और

(ग) सरकार ने उक्त कम्पनी को कितनी क्षतिपूर्ति दी है अथवा देने का विचार है और यह क्षतिपूर्ति किस रूप में दी गई है अथवा देने का विचार है ?

इस्पात और खान मंत्री (श्री एस० मोहन कुमारमंगलम) : (क) भारतीय ताम्र निगम लिमिटेड के उपक्रम का 10 मार्च, 1972 से प्रबन्ध ग्रहण किया गया था। भारतीय ताम्र निगम (उपक्रम का अर्जन) अधिनियम, 1972 द्वारा 21-9-1972 से भारतीय ताम्र निगम के उपक्रम का अर्जन किया गया था। 21-9-1972 से भारतीय ताम्र निगम के उपक्रम की आस्तियों और दायित्वों को हिन्दुस्तान ताम्र निगम को अन्तरित किया गया है।

(ख) 1972-73 के दौरान, पूंजी व्यय की अनुमानित राशि 169 लाख रुपये है। इसके अतिरिक्त, साधारण अनुरक्षण और प्रतिस्थापन सक्रियाओं पर 100 लाख रुपये व्यय किये गये हैं। सरकार को सुरदा और पाथागोरा खानों इत्यादि के लिए विस्तारण प्रायोजनाएं प्राप्त हुई हैं। यह प्रस्ताव सरकार के विचाराधीन है।

(ग) मैसर्स भारतीय ताम्र निगम लिमिटेड को 10-3-72 से 20-9-72

तक की कासावधि के लिए 75,000 रु० प्रति मास की दर से 4,78,225 रुपयों की राशि संदत्त की गई थी। भारतीय ताम्र निगम (उपक्रम का अर्जन) अधिनियम, 1972 की धारा 11 की उपधारा (1) के अनुसार, मैसर्स भारतीय ताम्र निगम लिमिटेड को उनके उपक्रम के अर्जन के लिए 7.5 करोड़ रुपयों की नगद राशि संदत्त की गई थी।

Production of Cossipore Ordnance Factory and Ichapore Gun Factory

*637. SHRI PRIYA RANJAN DAS MUNSI: Will the Minister of DEFENCE be pleased to state:

(a) whether his Ministry propose to produce other products of Engineering goods apart from the defence products in Cossipore Ordnance Factory/ Ichapore Gun Factory; and

(b) if so, the outlines thereof?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): (a) and (b). Yes, Sir. It has been the policy of the Government to utilise spare capacities available in the Ordnance Factories after meeting the demands of the Defence Services to produce items for civilian use. In accordance with this policy, Gun & Shell Factory, Cossipore and Rifle Factory Ichapore have already been producing and will continue to produce goods for civil Government departments/undertakings and private civil indentors to the extent feasible.

Rifle Factory, Ichapore is already producing and marketing sporting arms for civil use.

Geneva Disarmament Conference

*638. SHRI C. JANARDHANAN: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) the progress so far made by the 25 Nation Geneva Disarmament Conference;

(b) the specific proposals that are now being discussed by the Conference regarding disarmament;

(c) whether China and France have refused to participate at the Conference; and

(d) if so, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) The Conference of the Committee on Disarmament has so far not been able to make any progress towards the accomplishment of its principal task of reaching agreement on treaty on general and complete disarmament under effective international control. However, following the discussion in the Committee on partial or collateral measures, the following treaties have been concluded:

(i) Treaty on the Prohibition of the emplacement of Nuclear Weapons and other Weapons of mass destruction on the seabed and the Ocean Floor and in the Sub-soil thereof; and

(ii) Convention for the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on their Destruction.

(b) The question of an underground nuclear test ban and the prohibition of chemical weapons are receiving priority consideration at the current session of the Conference of the Committee on Disarmament.

(c) and (d). China is not a member of the Committee on Disarmament. Although France is a member, it has declined to participate in the work of the Committee from its very inception. The non-participation by France is believed to be mainly due to its belief that since disarmament is mainly a question of nuclear disarmament, meaningful discussion can only take

place among the States which possess nuclear weapons.

States not having any Unit of Heavy Industry

639. PROF. NARAIN CHAND PARASHAR: Will the Minister of HEAVY INDUSTRY be pleased to state:

(a) the names of the States, which do not have even a single unit of the Heavy Industry in them; and

(b) whether Government propose starting at least one unit of Heavy Industry in each one of these States?

THE MINISTER OF HEAVY INDUSTRY (SHRI T. A. PAI): (a) and (b). The States in which no unit of industry within the purview of this Ministry is located are Assam, Gujarat, Himachal Pradesh, Manipur, Meghalaya, Nagaland, Orissa, Punjab and Tripura. There is no immediate proposal to set up any particular heavy industry unit in the public sector in any of these States.

Alleged Misrepresentation of Prime Minister's view on release of Pak. P.O.Ws.

*640. SHRI VISHWANATH PRATAP SINGH: Will the Minister of EXTERNAL AFFAIRS be pleased to state Government's reaction to the reported mis-representation by the Correspondent of 'Guardian' of Prime Minister's view on the release of Pakistani P.O.Ws.?

THE MINISTER OF EXTERNAL AFFAIRS (SHRI SWARAN SINGH): An authentic version of Prime Minister's interview with the 'Guardian' correspondent Walter Schwarz was released to the Presses as soon as inaccuracies in the paper's report were brought to the notice of the Government. No further action was considered necessary.

Hunger Strike by Calcutta Dock Workers

6100. SHRI M. S. SIVASWAMY: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether any hunger strike by the Calcutta dock workers was held in support of their 13 point demand in New Delhi on the 26th February, '73; and

(b) if so, the main points thereof; and

(c) whether Government have considered the demands of the workers. if so, the steps taken by Government in agreeing to their just demands?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKAT-SWAMY): (a) Intimation of relay hunger strike was given but it was not resorted to.

(b) The demands generally related to the improvement in the service conditions of certain categories of dock workers at Calcutta. The main demand pertained to the payment of bonus at the rate of 8-1/3 per cent for the year 1970-71.

(c) The question of improving the service conditions of dock workers is constantly under review by Government. The main demand for the payment of bonus at the rate of 8-1/3 per cent for 1970-71 is receiving Government's active consideration.

Embezzlement from Indian Naval Fund

6101. SHRI M. S. SIVASWAMY: Will the Minister of DEFENCE be pleased to state:

(a) whether any progress was achieved in the matter of embezzlement of \$500,000 from in Indian Naval Fund in 1961 in India; and

(b) if so, the particulars thereof?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) and (b). Shri E. E. Jhirad, former Judge, Advocate General (Navy), who is charged with the embezzlement of Rs. 8,42,457.50 from the Naval Prize Fund between 1959 and 1961, was arrested in New York on 4th August, 1972. Proceedings for extradition of Shri Jhirad have been initiated by the Government and are in progress.

Meeting of Task Force for setting up New Steel Plants

6102. SHRI JYOTIRMOY BOSU: Will the Minister of STEEL AND MINES be pleased to state:

(a) whether at a high level task force meeting held on the 5th March, 1973, by the Secretary of Steel, recommendations were made in regard to the sites of five new steel plants;

(b) whether a former Secretary of Steel who was present at the meeting made a strong plea for locating a plant in Mysore near Kudremukh; and

(c) the sites recommended by the task force and the time-table for setting up new plants at each location?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) Presumably, the reference is to the meeting of the Task Force on Iron & Steel (Fifth Plan) which was held on March 6, 1973, under the chairmanship of the Secretary, Department of Steel. In the context of the long-term programme for steel capacity, a few potential sites for the purpose of taking up preliminary studies were considered including one which may possibly be based on the Kudremukh iron ore deposits.

(b) No, Sir.

(c) The recommendations of the Task Force are yet to be finalized.

Mediation offers by foreign countries to settle P.O.Ws.' issue

6103. SHRI BISWANATH JHUNJHUNWALA: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether the American Government offered their good offices to Pakistan to settle the Pak P.O.Ws' issue with India and Bangladesh;

(b) if so, whether Government have been sounded by America in this connection; and

(c) whether any other country has offered to mediate in the matter and if so, their names and the reaction of the concerned parties i.e. Bangladesh India and Pakistan in this matter?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) Government have seen reports of the statement made to this effect by President Bhutto's Special Emissary Mr. Ghulam Mustafa Khar after his recent visit to Washington.

(b) and (c). No formal offer of mediation on the P.O.W. issue has been received by Government from any country.

Compensation for land acquired for Steel Plants

6104. SHRI BISHWANATH JHUNJHUNWALA: Will the Minister of STEEL AND MINES be pleased to state:

(a) whether Government have made any inventory of names of persons whose land has been taken over by Government for construction of steel plants in the country;

(b) how many of these persons, apart from compensation for the land, has been offered jobs in the steel plants; and

(c) whether any scrutiny of the plant-wise list has been made to find out the number of persons in whose case even compensation has not been

paid and the total amount thereof and the number of persons who are yet to be absorbed in jobs and by what time this will be completed?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) to (c) Land for a project is acquired by the State Government concerned and any compensation payable therefor is actually paid and disbursed by the State Government authorities. The project authorities pay whatever compensation amount is payable to the State Government. Accordingly, an inventory of names of persons whose lands have been acquired would be available with the State Government and the information as to whether compensation has actually been paid to all of them would also be available with them.

As regards employment, the recruitment policy laid down by Government for public sector undertakings envisages preference for those who have been displaced from such lands in the matter of recruitment of unskilled workers and to posts of skilled workers, clerks and other non-technical staff whose scales of pay are comparatively low, so long as basic qualifications and experience are forthcoming. The posts are notified to the Employment Exchange. The displaced persons have to get themselves registered in the Exchange and are considered for employment therefore on the basis of a certificate issued to such persons by the local authorities certifying that these are displaced persons. Accordingly, information as to whether or not each and every affected person has been given employment would not be available with steel plant authorities.

However, information relating to the amount of compensation paid by the Steel Plants to the State Governments concerned and the number of displaced persons who have been provided employment is being collected and will be laid on the Table of the House.

Saving of Foreign Exchange from Sound Ranging System Equipment

6105. SHRI RANABAHADUR SINGH: Will the Minister of DEFENCE be pleased to state the saving of foreign exchange due to manufacture of the Sound Ranging System Equipment in the country?

THE MINISTER OF STATE (DEFENCE PRODUCTIONS) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): The Equipment has not been so far taken up for production. No indication of the foreign exchange saving can therefore be given.

उद्योग (विकास और विनियमन) अधिनियम के अन्तर्गत मध्य प्रदेश के कम विकसित क्षेत्रों में लाइसेंस देना

6106. श्री गंगा चरण दीक्षित : क्या इस्पात और खान मंत्री यह बताने की कृपा करेंगे कि :

(क) मध्य प्रदेश राज्य में कम विकसित क्षेत्र कौन से हैं और इन क्षेत्रों की खानों के नाम क्या हैं तथा उनके लाइसेंस शुदा क्षमता कितनी है और उद्योग (विकास और विनियमन) अधिनियम के अन्तर्गत उन्हें किस-किस तिथि को लाइसेंस दिये गये हैं;

(ख) गत तीन वर्षों में उनमें कितना उत्पादन हुआ है;

(ग) उन में से प्रत्येक खान को अपना पूर्ण विस्तार करने हेतु पिछली बार मंजूरी कब दी गई थी; और

(घ) क्या उत्पादन में कमी हुई है और यदि हां, तो प्रत्येक खान में उत्पादन में कितनी-कितनी कमी हुई है और यदि इसके कोई कारण हैं, तो वे क्या हैं ?

इस्पात और खान मंत्रालय में उप-मंत्री (श्री सुखदेव प्रसाद) : (क) से (घ) अपेक्षित जानकारी एकत्रित की जा रही है और सभा पटल पर रखी जायेगी ।

मध्य प्रदेश के रोलिंग मिलों को लोहे और इस्पात की सप्लाई

6107. श्री गंगा चरण दीक्षित : क्या इस्पात और खान मंत्री यह बताने की कृपा करेंगे कि :

(क) गत तीन वर्षों में मध्य प्रदेश के विभिन्न रोलिंग मिलों को वर्षवार तथा मिलवार कितना लोहा तथा इस्पात (लोह के पिंड, लोह की कतरने और लोहे का चूर्ण सप्लाई किया गया ; और

(ख) उक्त अवधि के दौरान उपरोक्त मिलों को सप्लाई किये गये कच्चे माल से उन्होंने कितना उत्पादन किया है ?

इस्पात और खान मंत्रालय में उप-मंत्री (श्री सुखदेव प्रसाद) : (क) और (ख). जानकारी प्राप्त की जा रही है और सभा-पटल पर रख दी जायेगी ।

मध्य प्रदेश में कोयला क्षेत्रों के कर्मचारियों को कोयला खान कर्मचारी कल्याण निधि से लाभ

6108. श्री गंगा चरण दीक्षित : क्या श्रम और पुनर्वास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश के कोयला क्षेत्रों में काम कर रहे कर्मचारियों को कोयला खान कर्मचारी कल्याण निधि से अनेक वर्षों से कोई लाभ नहीं हो रहा है ; और

(ख) यदि हां, तो इसके क्या कारण

श्रम और पुनर्वास मंत्रालय में उप-मंत्री (श्री जी० बेंकटस्वामी) : (क) जी नहीं । मध्य प्रदेश क्षेत्र की कोयला खानों के श्रमिक, कोयला खान श्रम कल्याण संगठन द्वारा चिकित्सा,

व्यवस्था, जल पूर्ति, शैक्षिक और मनोरंजन क्रियक शक्ति के समान बढ़ावा सभी विभिन्न सुविधायें प्राप्त कर रहे हैं

(ख) प्रश्न नहीं उठता।

मध्य प्रदेश के कोयला खानों के मालिकों द्वारा कोयला खान विनियमन अधिनियम का उल्लंघन किया जाना

6109. श्री गंगा चरण दीक्षित : क्या भ्रम और पुनर्वासि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश के अधिकांश कोयला खान मालिक कोयला खान विनियमन अधिनियम का निरन्तर उल्लंघन कर रहे हैं ;

(ख) यदि हां, तो उन खान मालिकों की संख्या कितनी है तथा उनके नाम क्या हैं, जिन्होंने गत तीन वर्षों में खान विनियमन अधिनियम का उल्लंघन किया है ; और

(ग) उनके विरुद्ध क्या कार्यवाही की गई है ?

भ्रम और पुनर्वासि मंत्रालय में उप-मंत्री (श्री जी० बेंकटस्वामी) : (क) से (ग) सूचना एकत्र की जा रही है और सदन के मेज पर रख दी जायेगी।

मध्य प्रदेश में सूती कपड़ा तथा इंजीनियरिंग श्रमिकों की समस्यायें

6110. श्री गंगा चरण दीक्षित : क्या भ्रम और पुनर्वासि मंत्री यह बताने की कृपा करेंगे कि :

(क) सरकार ने यह सुनिश्चित करने के लिये क्या कार्यवाही की है कि मध्य प्रदेश में सूती कपड़ा तथा इंजीनियरिंग श्रमिकों की समस्यायें सुलझाई जा सकें ; और

(ख) वर्ष 1970-71 और 1971-72 में 31 कारखानों के बन्द होने के फलस्वरूप कितने श्रमिकों पर असर पड़ा है ?

भ्रम और पुनर्वासि मंत्रालय में उप-मंत्री (श्री जी० बेंकटस्वामी) : (क) और (ख) मामला अग्रसरक रूप से राज्य क्षेत्राधिकार में आता है।

Medical Department of Dandakaranya Project

6111. SHRI R. V. BADE: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether specialised apparatus for various sections of the Medical Department of Dandakaranya Project and specialists posts were sanctioned long time back but no specialists have been posted so far;

(b) if so, the apparatus purchased and when and how many specialists' posts are lying vacant and since when; and

(c) whether Government are considering to post specialists soon, if so, when?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI RAGHUNATHA REDDY): (a) to (c). According to the information received from the Dandakaranya Project Administration, the specialised apparatus required for various sections of Medical Department of the Dandakaranya Project were sanctioned and purchased from time to time. Cardiological apparatus was sanctioned and purchased during 1963, 1964 and 1967 by stages. Radiological apparatus and MMR were purchased during 1963. Dental unit and Ophthalmic apparatus were purchased during 1965. Surgical and Gynaecological apparatus were purchased by stages during 1961, 1964 and 1966. It is, however, not correct that no specialists have been posted so far. Three officers of the specialists Grade of the Central Health Service namely the Chief Medical Officer, the Surgeon and the T.B. Specialist are in position now. These Specialists' posts as well as those of Pathologist and Gynaecologist had up even before the Danda-

karanya Project joined the Central Health Service Scheme during September, 1966. The Specialist's post of Pathologist has remained vacant since 24th April, 1969 and that of Gynaecologist since 19th August, 1969 as these posts are encadred in the Central Health Service and no incumbents could be found for manning these posts by the Ministry of Health and Family Planning. Specialist's post of Radiologist is lying vacant since 26th November, 1962. The Union Public Service Commission have been requested to select an incumbent for this post. Posts of Physician-cum-Superintendent and Ophthalmic Surgeon have been vacant since November, 1970 and November, 1971 respectively. Requisitions for these posts also have been placed with the Union Public Service Commission whose nominations are awaited.

Indo-Pak Relations After Simla Pact

6112. KUMARI KAMLA KUMARI: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether Pakistan is coming closer to China and U.S.A. and her relations with India are becoming far from satisfactory after Simla Pact; and

(b) if so, the reaction of Government thereto?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) and (b). Pakistan's relations with China have been close for the past few years and continue to be so.

Regarding relations of U.S.A. with Pakistan the Government have already expressed their concern about the recent unfortunate decision of the U.S. Government to lift the embargo on the supply of arms to Pakistan.

On Indo-Pakistan relations the position is that after the delineation of the Line of Control in J & K and withdrawal of troops under the Simla

Agreement, there has been little further progress inspite of Government of India's efforts. This has been mainly due to Pakistan's refusal to recognise the realities of the situation in the sub-continent. Government are, however, constantly exploring the possibilities of implementing the provisions of the Simla Agreement.

Mining leases reserved for Government Undertakings granted to 20 Large Industrial Houses

6113. KUMARI KAMLA KUMARI: Will the Minister of STEEL AND MINES be pleased to state:

(a) whether some mining leases reserved for Government undertakings and Government Mineral Departments have been granted to large Industrial Houses; and

(b) if not, the particulars of the leases granted to 20 large industrial houses in the year 1972 in Bihar and Madhya Pradesh States?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) and (b). The information is being collected and will be laid on the Table of the House.

Dues regarding Mining Lease from Large Industrial House

6114. KUMARI KAMLA KUMARI: Will the Minister of STEEL AND MINES be pleased to state:

(a) the total balances of all types of dues to be taken from Large Industrial Houses regarding Mining leases;

(b) whether all dues have not been cleared by 20 large Industrial Houses in 1972; and

(c) If so, the reasons therefor and the total balances to be realised from them for the year?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a)

to (c). The information is being collected and will be laid on the Table of the House.

Common Recruitment Policy for Heavy Industrial Units

6115. SHRI VAYALAR RAVI
Will the Minister of HEAVY INDUSTRY be pleased to state:

(a) whether there is any proposal to introduce a common recruitment policy for the heavy industrial units in the country; and

(b) if so, the salient features thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF HEAVY INDUSTRY (SHRI SIDDHESHWAR PRASAD): (a) Recruitment to various posts in Public Sector Undertakings in the country is made in accordance with a common policy formulated by the Government for the purpose. No new proposal is under consideration to formulate a recruitment policy exclusively for heavy industrial units.

(b) Does not arise.

Schemes for Labour Contract Societies in Kerala

6116. SHRI RAMACHANDRAN KADANNAPPALLI: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether any proposals/schemes regarding the formation of Labour Contract Societies in each Taluk for undertaking the execution of departmental works on contract basis has been received from the Kerala Government; and

(b) if so, the action taken thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKATSWAMY): (a). No.

(b) Does not arise.

Shortage of C. I Sheets in Assam

6117. SHRI ROBIN KAKOTI: Will the Minister of STEEL AND MINES be pleased to state:

(a) whether there has been an acute scarcity of C.I. sheets in Assam for the last many years;

(b) the allotment of C.I. sheets to different States for the last three years; and

(c) the basis on which the allotment of CI sheets is made to the States?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) It is presumed that the reference is to galvanised corrugated sheets. The availability position of these sheets is at present comparatively easy.

(b) and (c). Under the present system of distribution, there are no state-wise allocations. Despatches of steel including GC sheets from the main steel producers are regulated by the Steel Priority Committee after taking into account the end use for which steel is required, the availability and competing demands. However, details of quantities of GC sheets despatched to different States in the last three years are being ascertained and will be laid on the Table of the House.

Commission allowed to Auctioneers Appointed by D.G.S. & D.

6118. SHRIMATI JYOTSNA CHANDA: Will the Minister of SUPPLY be pleased to state:

(a) the rates of commission allowed to Government auctioneers appointed by the DGS&D during the last five auctioneering contracts;

(b) whether the commission allowed in the last contract is considered workable in accordance with the essential pre-requisites of these auctioneers and also in view of the present steep rise in the price index; and

(c) if so, the reasons for accepting the non-workable rates?

THE MINISTER OF SUPPLY (SHRI SHAHNAWAZ KHAN): (a) The required information is furnished in the statement laid on the Table of the House. [Placed in Library. See No. LT-4726/73].

(b) Yes.

(c) Does not arise.

Auctioneering Contracts

6119. SHRIMATI JYOTSNA CHANDA: Will the Minister of SUPPLY be pleased to state:

(a) whether the minimum rates of commission quoted by the prospective auctioneers are main criterion for granting auctioneering contracts by the DGS&D;

(b) if not, the other essential conditions which are taken into consideration while granting an auctioneering contract; and

(c) whether all the conditions prescribed by Government were strictly followed while awarding the last auctioneering contract; if not, the reasons for the departure from the established contract practices?

THE MINISTER OF SUPPLY (SHRI SHAHNAWAZ KHAN): (a) No.

(b) The essential conditions which are taken into consideration while granting an auctioneering contract are:—

- (i) Adequate proof in support of previous experience as Auctioneer;
- (ii) Sound financial position to handle the Government money;
- (iii) Valid income-tax clearance certificate;
- (iv) Police report for a satisfactory conduct; and

(v) Competitive and workable rate of commission.

(c) Yes.

Manufacture of Steel Tubes

6120. DR. GOBIND DAS RICHHA-RIYA: Will the Minister of HEAVY INDUSTRY be pleased to state:

(a) the number of factories engaged in the manufacture of steel tubes;

(b) the total quantum of steel tubes manufactured in the country during last three years, year-wise;

(c) whether some applicants who were given registration numbers for manufacture of steel tubes are pending with Government for a long time and if so, the reasons therefor; and

(d) the names of the applicants whose cases are pending since 1969?

THE DEPUTY MINISTER IN THE MINISTRY OF HEAVY INDUSTRY (SHRI SIDDHESHWAR PRASAD): (a) 16 units are at present manufacturing steel tubes in the organised sector of the industry.

(b) The production of steel tubes during last three years in the organised sector was as below:—

1970	2,15,578 tonnes
1971	2,34,133 tonnes
1972	3,27,219 tonnes

(c) and (d). No application for registration for the manufacture of steel tubes is now pending with the Government.

गणतंत्र दिवस पर भवनों पर रोशनी करना

6121. श्री हुकम चन्द कछवाय :
क्या रक्षा मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या 1973 के गणतंत्र दिवस पर विभिन्न सरकारी और गैर-सरकारी भवनों पर रोशनी नहीं की गई थी ; और

(ख) यदि हां, तो इसके क्या कारण हैं

रक्षा मंत्री (श्री जगजीवन राम) :
(क) और (ख). देश के कुछ हिस्सों में सूखे की स्थिति तथा ग्रामतौर पर बिजली की कमी के कारण, इस वर्ष गणतंत्र दिवस समारोह के अवसर पर सरकारी इमारतों पर रोशनी नहीं की गई थी।

Sale of Revolvers and Cartridges to General Public

6122. SHRI S. N. MISRA: Will the Minister of DEFENCE be pleased to state:

(a) whether Government are manufacturing pistols and revolvers and their cartridges for sale to the general public;

(b) if so, what small weapons are available for purchase and from where and how; and

(c) what are the sale prices of such small arms?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): (a) Pistols and Revolvers are not at present manufactured in the Ordnance Factories. However, a composite project for the manufacture of 32 Pistols for the civilian use and those required by the Services has been sanctioned and the production is likely to commence in about 4 years time.

Cartridges 32 "Revolver Long and Cartridges 32" Athletic Starter are manufactured in the Ordnance Factories for sale to the general public through registered arms and ammunition dealers.

(b) and (c). Do not arise.

Revision of Wages

6123. SHRI D. K. PANDA: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether the attention of Government has been drawn to the news-item with caption "Bhahuguna wants wages revised" appearing in the *Hindustan Times* dated the 13th February, 1973; and

(b) if so, the reaction of Government thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKATSWAMY): (a) and (b). The Press report referred to contains the personal views of the Minister of Communications and these have been noted.

News Report Regarding Losses in Heavy Engineering Corporation

6124. SHRI RAMKANWAR:
DR. LAXMINARAIN
PANDEYA:

Will the Minister of HEAVY INDUSTRY be pleased to state:

(a) whether the attention of the Government has been drawn to a report in the *Hindustan Times* dated the 29th November, 1972, regarding the functioning of the Heavy Engineering Corporation, Limited;

(b) whether reports bring out serious lapses on the part of the management which has led to heavy losses of public money;

(c) whether any investigations have been conducted in regard to the functioning of the Heavy Engineering Corporation, Limited; and

(d) the gist thereof and the action, if any, taken in regard to the proposals made by the investigating body?

THE DEPUTY MINISTER OF HEAVY INDUSTRY (SHRI SIDDHESHWAR PRASAD): (a) Yes, Sir. An article under the caption "HEC: A Lumbering Giant" appeared in the *Hindustan Times* in three instalments. The first instalment was published on November 29, 1972.

(b) The article contains allegations of certain lapses on the part of the Heavy Engineering Corporation management resulting in heavy losses.

The losses incurred by the Heavy Engineering Corporation cannot entirely be attributed to lapses on the part of the management of Heavy Engineering Corporation. Losses in a project of this magnitude and complexity are inevitable in the initial years of operation. The losses have primarily arisen on account of heavy investments involved and long gestation periods, which entail a heavy burden of interest, depreciation and overheads. To a certain extent, the losses can also be attributed to the slow rate of build-up or production due to a combination of factors including unsatisfactory industrial relations and deficiencies in management in the initial phase of operation of the HEC plants.

(c) The functioning of Heavy Engineering Corporation is under constant review by the Government. A task force to periodically review the performance of the Heavy Engineering Corporation was constituted in the Ministry in April, 1971. The Committee on Public Undertakings on two occasions (1967 and 1971) examined in detail the working of the Heavy Engineering Corporation. An Action Committee on Public Enterprises, set up by the Government also examined the working of the HEC in May/June, 1972.

(d) The major shortcomings brought out by the different studies relate to unsatisfactory industrial relations, lack of proper production

planning and control, defective procedures regarding procurement of materials, deficiencies in material handling and maintenance, high level of rejections, high idle time of men and machines, lack of trained personnel and the need to strengthen the management.

In order to overcome these shortcomings, the following steps have been taken/are being taken:

(i) To improve the industrial relations, grievances of the workers are redressed as quickly as possible, a rational personnel policy is being introduced and promotion procedures are being systematised.

(ii) Detailed itemised plan of production has been prepared by the HEC for each shop and is being closely followed.

(iii) Procedures relating to procurement and handling of materials have been streamlined. The procurement, issue and accounting of materials is being computerised, with a view to eliminate idle time on account of shortage of materials. The recommendations made by the Administrative Staff College, Hyderabad, who studied maintenance and material handling in the foundry forge plant at the request of the HEC are being implemented.

(iv) In order to have stringent quality control and to reduce the high percentage of rejections, production has to conform strictly to the specifications incorporated in the technology sheets. In addition, the training of workers and first line supervisors has been made more intense and incentives are based on production conforming to specifications.

(v) With a view to reducing idle time of men and machines, time keeping with the aid of time punching clocks has been introduced and double/triple shifts in identified areas are being introduced progressively.

An incentive scheme is being introduced in a phased manner in order to develop proper motivation.

(vi) The possibility of obtaining trained personnel from other sources including railway workshops is being considered by the HEC.

(vii) New general managers for the foundry forge plant and the heavy machine building plant were appointed by the Government in May, 1972. It is expected that a new Director (Finance) will be appointed soon. Action to fill other key posts, viz., General Manager (Production, Planning and Control), Chief Engineer (Production and Planning) and System Manager has been initiated by the HEC.

New Labour Laws to regulate industrial relations

6125. SHRI P. GANGADEB:
SHRI P. M. MEHTA:

Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether Centre has received a number of proposals from State Governments seeking its approval for enacting new labour laws to regulate industrial relations in their respective areas; and

(b) if so, how many States have submitted their proposals?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKATSWAMY): (a) and (b). Proposals had been received from five State Governments.

Vigilance Cases against Executive Engineer Dandakaranya Project.

6126. SHRI HUKAM CHAND KACHWAI: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether some vigilance cases were instituted against the present

Executive Engineer of the Central Division at Umerkote of Dandakaranya Project; if so, when;

(b) whether he was promoted in spite of the vigilance cases against him;

(c) whether the vigilance cases have been finalised and action taken; and

(d) if so, the nature thereof?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI RAGHUNATHA REDDY): (a) No, Sir.

(b) to (d). Do not arise.

Smuggling of Arms by Foreign Legation

6127. SHRI D. D. DESAI: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether Government are aware of any attempt being made by any foreign legation in this country for smuggling in arms; and

(b) what steps have been taken to prevent any smuggling of arms by foreign legations to foment internal revolts here?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) No Sir.

(b) Government continually take all possible steps to prevent smuggling of arms by any one for any purpose whatsoever. For security reasons it will not be desirable to disclose those steps.

Setting up of Panel of Experts to advise Techniques of Energy Planning by U. N. Secretary General

6128. SHRI R. V. SWAMINATHAN: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether India has urged upon the U. N. Committee on Natural Re-

sources to recommend to the Secretary-General to set up a panel of experts to advise on the more sophisticated techniques of energy planning for the benefit of the developing countries; and

(b) if so, the reaction of the Committee thereto?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) Yes, Sir.

(b). The Committee took note of India's proposal as well as some other proposals submitted by other delegations. No decisions were taken on any of them.

Production of Wagons in Indian Standard Wagon Company at Asansol

6129. SHRI NAWAL KISHORE SHARMA: Will the Ministry of HEAVY INDUSTRY be pleased to state:

(a) whether production of M/s. Indian Standard Wagon Company at Asansol has been decreasing during the last three years;

(b) if so, the reasons therefor;

(c) whether an enquiry committee has been set up by Government to investigate the cause of decline in production of wagons; and

(d) if so, the result of the enquiry and the steps being taken by Government to increase the production to make up the loss?

THE DEPUTY MINISTER IN THE MINISTRY OF HEAVY INDUSTRY (SHRI SIDDHESHWAR PRASAD): (a) Yes, Sir.

(b) to (d): A Committee was appointed by the Government to investigate into the affairs of M/s. Indian Standard Wagon Company Ltd. The Committee has just submitted its report. It is under consideration.

Facilities provided to I.N.A. Personnel

6130. SHRI VIKRAM MAHAJAN: Will the Minister of DEFENCE be pleased to state:

(a) what facilities have been given to the I.N.A. personnel so far; and

(b) whether any facilities have been given to their dependents and if not, the reasons thereof?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) and (b). A statement is attached.

STATEMENT

1. Ex-Indian Army Personnel

1.1. Army Officers and men who had joined the INA were divided by the British Government of India into three categories viz., 'Whites', 'Greys' and 'Blacks'. 'Whites' were reinstated in service, 'Greys' were discharged and 'Blacks' were dismissed and/or convicted. After transfer of power, the Government of India re-considered the cases of Greys and Blacks. All the officers and men who had been convicted and imprisoned were released. Orders of dismissal were set aside and re-placed by orders of discharge so that no stigma should attach to the members of the I.N.A. The previous classification did not hold good any longer and was no more a bar for service with the State in any capacity. Re-instatement in the army of these personnel was however, ruled out because they had lost touch with the Army for a number of years and their re-instatement would have led to many complications both practical and psychological.

1.2. In cases in which dismissal from service was converted into discharge/retirement the following benefits were given:—

- (i) Service pension/gratuity admissible under the normal rules assessed on whole of the service upto the date of discharge/retirement;

(ii) War gratuity in full under the existing rules, assessed on the whole of the war service upto the date of discharge;

(iii) Lump sum grants ranging from Rs. 400/- to Rs. 800/-, to personnel who were disabled while serving with the Indian National Army, and to the dependents of the personnel who died while serving with the Indian National Army;

(iv) Ad-hoc financial relief as follows:—

Officers	Rs. 1,500/-
JCOs	Rs. 500/-
NCOs	Rs. 220/-
Ors	Rs. 160/-
NCsE	Rs. 120/-

(v) Arrears of forfeited pay and allowances; and

(vi) Restoration of pension in the case of re-employed pensioners.

2. Ex-Indian Army personnel who had joined INA and their dependents are eligible to receive all the benefits normally extended to the other Indian Army ex-servicemen and their dependents, such as financial assistance for resettlement and rehabilitation in civil life, at the prescribed rates, from various funds meant for this purpose, land grants sanctioned under the various Central and State Colonisation Schemes, for ex-servicemen, assistance in securing Civil Employment etc.

II others (i.e. those who were not serving in the Indian Army at the time of joining the Indian National Army).

1. In 1961, it was decided that participation in the I N A movement should be treated to be at par with participation in the National movement in India. Accordingly, ex-INA personnel are treated as freedom

fighters and are eligible for reliefs in the matter of employment to public service, financial assistance, educational concessions to children, etc., as are admissible to political sufferers. State Governments have been requested to follow the same policy and to extend to ex-INA personnel in the States the same concessions as are sanctioned by them for freedom fighters in their areas.

2. The Government of India have sanctioned a new pension scheme for freedom fighters which came into force on 15-8-72. Ex-INA personnel who suffered imprisonment/detention in jails within the country or in detention camps etc., outside the country, for a period of not less than 6 months or lost their jobs, civil or military, or means of livelihood, due to their participation in the I.N.A. movement, are eligible on application, for the grant of pension under this scheme, provided their annual income is less than Rs. 5,000/-. Families of the ex-I.N.A. personnel who lost their lives while fighting with the Britishers are also eligible for the grant of pension under the scheme. Persons who are not Indian citizens or are not residing in India are not eligible for the grant of pension under this scheme.

Request from Indonesian Government for Joint Naval Exercises with Indian War-Ships

6131. SHRI NAWAL KISHORE SHARMA:
SHRI VARKEY GEORGE:

Will the Minister of DEFENCE be pleased to state:

(a) whether Indonesian Government have requested the Government of India to impart joint Naval Exercise with Indian war-ships to Indian Navy;

(b) if so, the details thereof together with the date and venue of exercise;

(c) the war-ships taking part on both the sides; and

(d) whether some more friendly countries will also participate?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) to (d). At the suggestion of the Chief of Naval Staff, Indonesian Navy, it has been agreed, in principle, to have a joint naval exercise between the Indonesian Navy and the Indian Navy. The details regarding the date and venue etc. of the exercise, and the war-ships which will participate in the same, have not yet been finalised. At present there is no proposal for any other country to participate in the exercise.

Centre's help to Goa for raising iron ore production

6132. **SHRI PURUSHOTTAM KAKODKAR:**
SHRI P. GANGADEB:

Will the Minister of STEEL AND MINES be pleased to state whether Government are considering to help Goa to raise Iron Ore production in that State?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): There is no special proposal under consideration of the Government to help Goa to raise iron ore production in that State.

Approval of Sub-Marine built by Mazagon Dock Limited

6133. **SHRI C. K. JAFFER SHARIEF:**

SHRI M. RAM GOPAL REDDY:

Will the Minister of DEFENCE be pleased to state:

(a) whether any decision has been taken by Government regarding the approval of submarine which has been built by Mazagon Dock Limited in Bombay; and

(b) if so, the nature of the decision of Government in this regard?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): (a) and (b). Mazagon Dock Limited, Bombay, has not so far built any submarines. The question of Government taking any decision in regard to approval of such a submarine does not, therefore, arise.

Threat posed by Sino-Japanese Rapprochement

6134. **SHRI M. M. JOSEPH:** Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether Government have considered the issue in regard to the collective security systems in Asia considering the threat posed by the Sino-Japanese rapprochement according to the commentator of the Novesti Press Agency; and

(b) if so, the facts thereof?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) and (b). Our view is that it is for the countries in the region to discuss various ideas on the subject and evolve, in consultation with each other, ways and means to safeguard their independence and sovereignty and strengthen cooperation among themselves. As far as rapprochement between China and Japan is concerned, Government welcomes improvement of bilateral relations between all countries and any step which may help relations of tensions in this part of the world.

H.M.T. Collaboration with Citizen Watch Company of Japan for making Watch Parts

6135. **SHRI K. MALLANNA:** Will the Minister of HEAVY INDUSTRY be pleased to state:

(a) whether the H.M.T. had entered into collaboration with citizen Watch Company of Japan for mak-

ing various parts of the watches; and

(b) if so, the reaction of Government thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF HEAVY INDUSTRY (SHRI SIDDHESHWAR PRASAD): (a) and (b). Hindustan Machine Tools Limited have an existing collaboration agreement with Citizen Watch Company of Japan for making wrist watches and certain components thereof. This agreement, however, does not include critical components like main springs hair-springs and shock absorbers.

H.M.T. Collaboration with Malaysian Party for manufacture of Machines Tools

6136. SHI K. MALLANNA: Will the Minister of HEAVY INDUSTRY be pleased to state:

(a) whether the H.M.T. is entering into a collaboration with a party in Malaysia for the manufacture of machine tools; and

(b) if so, the salient features thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF HEAVY INDUSTRY (SHRI SIDDHESHWAR PRASAD): (a). No, Sir.

(b). Does not arise.

H.M.T. Negotiations with Swiss Company for making Watch Parts

6137. SHRI K. MALLANNA: Will the Minister of HEAVY INDUSTRY be pleased to state:

(a) whether H.M.T. had negotiated with a Swiss Company for making parts of the watch; and

(b) if so, the result of negotiation?

THE DEPUTY MINISTER IN THE MINISTRY OF HEAVY INDUSTRY (SHRI SIDDHESHWAR PRASAD):

(a). No, Sir.

(b). Does not arise.

Percentage of Imported Parts in Tractors manufactured in India

6138. SHRI ONKAR LAL BERWA: Will the Minister of HEAVY INDUSTRY be pleased to refer to the reply given to Part (b) of Unstarred Question No. 2438 on the 8th March, 1973 regarding manufacture of Tractors and state the percentage of imported spare parts used, in the manufacture of tractors in India?

THE DEPUTY MINISTER IN THE MINISTRY OF HEAVY INDUSTRY (SHRI SIDDHESHWAR PRASAD): The percentage of imported parts (and not imported spare parts) in the tractors manufactured in the country at present is as under:—

Name of manufacturing unit	Percentage of Imported parts
(1) M/s. International Tractors Co. of India Ltd., Bombay (International-B.275) (35HP)	10.0
(2) M/s. Tractors & Farm Equipment Ltd Madras (MF-1035 35 HP)	8.5
(3) M/s Escorts Ltd., Faridabad (Escort-25-35HP)	12.0
(4) M/s. Eicher Tractors India Ltd., Faridabad (Eicher 26.5 HP)	8.7
(5) M/s. Escort Tractors Ltd., Faridabad (Ford-46HP)	50.0
(6) M/s. Hindustan Tractors Ltd., Baroda HWD-50 (50 HP) : HWD-35 (35 HP) :	26.0 45.0
(7) The Hindustan Machine Tools Ltd., Punjore (Zetor-2011/2511) (25 HP)	67.5

Grant of Stand-by Credit to Nepal

6139. SHRI C. K. JAFFER SHARIEF: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether Government have agreed to the Nepalese Government's request to make available a stand-by credit of Rs. 10 crores; and

(b) if so, the nature of its terms and conditions?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) Yes, Sir.

(b) The credit will be utilized for expenditure only in India. It will bear an interest of 5 per cent per annum on the amounts actually drawn, besides a commitment charge of half per cent per annum on such part of the credit as is not drawn.

Compensation paid for Acquisition of Land

6140. SHRI BHOGENDRA JHA: Will the Minister of DEFENCE be pleased to refer to the reply given to Unstarred Question No. 1418 on the 1st March, 1973 and state;

(a) what was the total compensation paid for 2215.193 acres of private land including the additional compensation awarded by the court; and

(b) the total amount received by each individual land owner?

THE MINISTER OF DEFENCE (JAGJIVAN RAM): (a) and (b). The information is being collected and will be placed on the Table of the House.

पटना से प्रकाशित होने वाले उर्दू के समाचार-पत्र

6141. श्री रामावतार शास्त्री : क्या भ्रम और पुनर्वासि मंत्री यह बताने की कृपा करेंगे कि :

(क) पटना से प्रकाशित होने वाले दैनिक उर्दू समाचार पत्रों की संख्या और नाम क्या हैं ;

(ख) क्या इन समाचार-पत्रों ने भ्रम-जीवी पत्रकार अधिनियम को और भ्रमजीवी पत्रकार मण्डली बोर्ड की सिफारिशों को भी तक लागू नहीं किया है ; और

(ग) यदि हां, तो इस सम्बन्ध में सरकार ने क्या कार्यवाही की है और उसके क्या परिणाम निकले हैं ?

भ्रम और पुनर्वासि मंत्रालय में उप-मंत्री (श्री जी० वेंकटस्वामी) : (क) से (ग). सूचना एकत्र की जा रही है ।

Plan to cover demand of Lead and Zinc

6142. SHRI D. B. CHANDRA GOWDA: Will the Minister of STEEL AND MINES be pleased to state:

(a) whether the State-owned Hindustan Zinc Limited has drawn up an ambitious plan to cover the shortfall, between the demand and availability of lead and zinc during the Fifth Plan period; and

(b) if so, the salient features of the plan and what would be the demand for zinc at the end of 1980?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) and (b). The demand for zinc and lead by the end of the Fifth Plan period is likely to be of the order of 200,000 tonnes and 118,000 tonnes respectively. As against this, the existing production capacity is as follows:—

	Licensed capacity per annum	Present production per annum
	(In tonnes)	
Hindustan Zinc Ltd. (Public Sector)		
Debari Zinc Smelter.	18,000	13,000
Tundoo Lead Smelter.	5,400	3,000
Cominco Binani Zinc Ltd. Private Sector		
Zinc.	20,000	14-15,000

In addition, Hindustan Zinc Ltd. has been licensed to set up two smelters, one at Vizag and the other at Debari

as expansion of the existing smelter, as indicated below:—

	Licenced capacity per annum (In Tonnes)
<i>Vizag Zinc Smelter</i>	
Zinc	30,000
Lead	10,000
<i>Dcbari expansion</i>	18,000

These two schemes are expected to be completed by the end of 1975.

Therefore, the gap between the zinc production capacity in 1976, i.e., 86,000 tonnes and the estimated demand for zinc at the end of the Fifth Plan, i.e., 200,000 tonnes, would have to be filled by setting up other zinc smelters in the country. The matter is under consideration of Government. It may be added in this regard that Hindustan Zinc Ltd., is examining the feasibility of setting up during the Fifth Plan, a smelter with a capacity of about 50,000 tonnes zinc and 10,000 tonnes lead based on Rajpura-Dariba deposits, Cominco-Binani Zinc Ltd., may also expand their capacity by 20,000 tonnes during the Fifth Plan.

Non-Governmental Machinery for fostering Indo-Bangladesh Friendship

6143. SHRI S. C. SAMANTA: Will the Minister of EXTERNAL AFFAIRS be pleased to state whether there exists any machinery at non-Governmental level for fostering ever growing friendly relations between the peoples of Bangladesh and India.

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): A large number of friendship societies are in existence with a view to fostering friendship between the peoples of India and Bangladesh.

Press comments about Prime Minister's statement on American Bombing of North Vietnam

6144. SHRI JYOTIRMOY BOSU: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether attention of Government has been drawn to an editorial in "The Washington Evening Star" dated the 16th February, 1973, wherein it has been stated that "the Prime Minister Indira Gandhi's attack on the American bombing of North Vietnam might have been due to India's exclusion from the Paris Conference on Indo-China"; and

(b) if so, Government's reaction thereto?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) Government have seen comments to this effect in the U.S. press.

(b) Our opposition to U.S. bombings of Vietnam was based on certain principles and dates back to many years. It has nothing to do with our inclusion or exclusion at the Paris Conference. We would have liked to be at such Conference only if we had been invited by common consent of all sides concerned.

Takeover of Private Sector Car Manufacturing Firms

6145. SHRI JYOTIRMOY BOSU: Will the Minister of HEAVY INDUSTRY be pleased to refer to the reply given to part (b) of Unstarred Question No. 3436 on the 15th March, 1973 regarding Indian made cars and state;

(a) whether Government are considering to take over the private sector car manufacturing firms with a view to manufacture cheap and qualitatively better cars; and

(b) if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF HEAVY INDUSTRY (SHRI SIDDHESHWAR PRASAD):

(a) There is no specific proposal under consideration of the Government.

(b) Government decision in this behalf will depend on the techno-economic merits as also socio-economic benefits and the priority of the industry in the Plan.

लेखकों और पत्रकारों की पाकिस्तानी युद्धबन्दियों के मामले में प्रधान मंत्री के साथ बैठक

6146. श्री शंकर दयाल सिंह : क्या विदेश मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या हाल ही में कुछ लेखक और पत्रकार उनसे मिले थे और अनुरोध किया था कि पाकिस्तानी युद्धबन्दियों को रिहा कर दिया जाये ; और

(ख) यदि हां, तो उनके नाम क्या हैं और बातचीत का सारांश क्या है ?

विदेश मंत्रालय में राज्य-मंत्री (श्री सुरेन्द्र पाल सिंह) : (क) जी हां।

(ख) सर्वश्री खुशवन्त सिंह, जी०एल० मेहता, किशन चन्दर और खाजा अहमद अब्बास पाकिस्तानी युद्धबन्दियों को जल्दी छोड़ देने की सम्भावना पर बातचीत करने के लिए 5 मार्च, 1973 को प्रधान मन्त्री से मिले थे। प्रधान मन्त्री जी ने इस मामले पर सरकार के सर्वविदित सैद्धान्तिक निर्णय से उन्हें अवगत करा दिया।

श्रम कल्याण केन्द्र अस्पताल, झुमुरीतल्लैया, बिहार

6147. श्री शंकर दयाल सिंह : क्या श्रम और पुनर्वास मन्त्री यह बताने की कृपा करेंगे कि :

(क) श्रम कल्याण केन्द्र, झुमुरीतल्लैया, बिहार में श्रमिकों के लिए कितने बेंडों के अस्पताल हैं और क्या वहां बाहरी व्यक्तियों से इलाज की भी व्यवस्था है ;

(ख) क्या वहां डाक्टरों की संख्या आवश्यकता से अधिक है और दवाओं की व्यवस्था भरपूर मात्रा में नहीं है ; और

(ग) बाहरी व्यक्तियों के इलाज की व्यवस्था "आउटडोर" के रूप में किए जाने में सरकार को क्या कठिनाई है ?

श्रम और पुनर्वास मंत्रालय में उप-मंत्री (श्री जी० वेंकटस्वामी) : (क) श्रमिक खान श्रमिक कल्याण संगठन के अन्तर्गत कर्मा (झुमुरीतल्लैया) में अस्पतालों में श्रमिक खनिकों के लाभ के लिए 150 पलंगों की व्यवस्था है। बहिरंग मरीजों के उपचार के लिए सुविधाएं भी उपलब्ध हैं।

(ख) जी नहीं।

(ग) श्रमिक खान श्रमिक कल्याण निधि अधिनियम के अन्तर्गत व्यवस्थित की गई चिकित्सीय और अन्य सुविधाओं के लिए श्रमिक खान श्रमिकों के अतिरिक्त अन्य व्यक्ति हकदार नहीं हैं। इसलिए निधि के अस्पतालों और औषधालयों में उनके चिकित्सा के लिए राज्य सरकार अंशदान दिया करती थी। यह किये गये खर्च को पूरा करने के लिए पर्याप्त नहीं हुआ। तथापि, उन्होंने अब यह बताया है कि उनके अंशदान को बढ़ाने का एक प्रस्ताव उनके विचाराधीन है। फलतः, निधि चिकित्सा की सुविधाओं को गैर श्रमिक खनिकों को भी दे रहा है जो कि वह पहले पा रहे थे।

Development of Mechanical Mine Layer to lay and bury anti-tank non-detectable Mines

6148. SHRI RAJDEO SINGH:
SHRI BIBHUTI MISHRA:

Will the Minister of DEFENCE be pleased to state:

(a) whether a mechanical mine layer to lay and bury anti-tank non-detectable mines has been developed by the Research and Development Establishment of the Defence Ministry at Poona; and

(b) if so, whether this mechanical mine layer will speed up mining in large areas?

THE MINISTER STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): (a) and (b). Yes, Sir.

Sample Survey to Ascertain Employment Pattern of Graduates

6149. DR. H. P. SHARMA:
SHRI M. S. SIVASWAMY:

Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether Government have undertaken a sample survey to ascertain the employment pattern of graduates in the country;

(b) the salient features and precise objectives of the survey.

(c) the agency which has been assigned with the job and the basis on which the areas or persons to be subjected to the survey are to be chosen; and

(d) the time by which the survey is likely to be completed?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKAT-SWAMY): (a) Yes, Sir.

(b) and (c). A statement is attached.

(d) The Report of the Survey is likely to be completed by the end of March, 1974.

STATEMENT

The survey relates to the employment pattern of graduates (including post-graduates) and diploma holders in Engineering/Technology (equivalent to graduates) who had obtained their degree/diploma during the year 1968 from any University, Polytechnic etc. in the country. The object of the survey is to bring out relationship between the education and employment of these graduates.

The Survey is being conducted by the Directorate General of Employment and Training in the Ministry of

Labour and Rehabilitation under the technical guidance of a Committee of Direction comprising representatives of Planning Commission, University Grants Commission etc. The selection of alumni for the survey is based on the following criteria:—

- (i) all post-graduates (including doctorates), graduates with honours, graduates in professional/technical subjects and other graduates who have secured 1st Division;
- (ii) 50 per cent of the graduates who have secured second division; and
- (iii) 25 per cent of the graduates who have secured third division and the Engineering diploma holders.

The lists of addresses for the Survey are obtained directly from Universities/Colleges-Polytechnics which are sampled on the above basis. To the sampled alumni the prescribed questionnaire is mailed.

दिल्ली में घटिया किस्म के कोयले की सप्लाई

6150. श्री फूलचन्द वर्मा: क्या इस्पात और खान मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या दिल्ली में कोयले की दुकानों से बहुत बड़ी मात्रा में चूरा और रेत मिला हुआ कोयला उपभोक्ताओं को बेचा जा रहा है ; और

(ख) यदि हां, तो इस प्रकार का घटिया कोयला सप्लाई किये जाने के क्या कारण हैं ?

इस्पात और खान मंत्रालय में उप-मंत्री (श्री मुखर्जी प्रसाद) : (क) जी, नहीं।

(ख) प्रश्न नहीं उठता है।

**नेपाल, श्रीलंका और बर्मा में रह रहे
भारतीय**

6152. श्री फूलचन्द वर्मा : क्या विदेश मन्त्री यह बताने की कृपा करेंगे कि नेपाल, श्री लंका और बर्मा में रह रहे भारतीय मूल के लोगों की अलग अलग संख्या कितनी है ?

विदेश मंत्रालय में राज्य-मंत्री (श्री सुरेन्द्रपाल सिंह) : सूचना इस प्रकार है :

बर्मा : लगभग 2 लाख

श्री लंका : लगभग 975,000

नेपाल : 30 से 40 लाख के बीच ।

**Colours and badges awarded to
Battalions of Indian Army**

6153. SHRI NAWAL KISHORE SHARMA: Will the Minister of DEFENCE be pleased to state:

(a) whether most of Battalions and Regiments of the Indian Army are still holding their colours which were awarded to them by the British Government;

(b) if so, the number of such Battalions and Regiments in the country;

(c) the reasons for not doing away with the old colours to these Battalions and Regiments; and

(d) the time by which all the Indian Army will be provided with their new colour and badges?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) and (b). All colours awarded by the Britain Government have since been replaced by new colours, except in the case of four regiments.

(c) and (d). The post independence policy regarding award of colours was finalised by Government in August, 1962. Since then the Army has been engaged constantly in operations on our borders. The design of

the new colours for these four regiments will have to be approved by the President, got manufactured according to the prescribed design and specifications and then presented to the Regiments by the President. Every effort will be made to complete the process as early as possible.

**Threat to Indian Mission at Kathmandu
by Black December Group**

6154. SHRI PRABHUDAS PATEL: SHR GIRIDHAR GOMANGO:

Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether the Indian Mission at Kathmandu has been asked to take extra security precautions in view of the threat posed by the Black December Group; and

(b) whether any military personnel has been deputed to Kathmandu to assist the Indian Mission?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) Following the incident in our High Commission in London on 20th February, 1973, all our Missions abroad, including Kathmandu, have been asked to implement special security instructions to meet such threats.

(b) No, Sir.

रक्षा विभाग द्वारा दी गई जीपें

6155. श्री श्रीकार लाल बरवा : क्या रक्षा मन्त्री यह बताने की कृपा करेंगे कि :

(क) वर्ष 1971-72 के दौरान रक्षा विभाग द्वारा दिये गये सरकारी कोटे से कितनी जीपें बिक्री के लिए उपलब्ध की गईं ;

(ख) जिन व्यक्तियों ने अब तक जीपें नहीं खरीदी हैं, क्या वे अब भी उन्हें खरीद सकते हैं; और

(ग) यदि हां, तो कब तक?

रक्षा मंत्री (श्री जगजीवन राम) :
(क) से (ग) . रक्षा मन्त्रालय द्वारा आवांटेन करने के लिए जीपों का कोई सरकारी कोटा नहीं है। वर्तमान नियमों के अधीन, संस्थाओं के कतिपय वर्गों के अतिरिक्त, संसद, राज्य विधान मण्डलों, और महानगर परिषद, दिल्ली के सदस्य विधायक के रूप में अपनी अवधि के दौरान रक्षा सेवाओं द्वारा निकाल दिए स्टाक से, पूर्वनिश्चित मूल्य पर, एक बार एक जीप अथवा एक मोटर साइकल प्राप्त कर सकते हैं। भूतपूर्व सैनिक अथवा उसकी विधवा को उनके जीवन काल में, छंटनी की गई मोटरगाड़ी का एक बार आवांटेन करने की सुविधाएं भी उपलब्ध हैं।

1971-72 के दौरान पूर्वोक्त वर्गों के कार्मिकों को बांटी गई जीपों की संख्या निम्नांकित है :

1971 600 नग

1972 353 नग

Rehabilitation of repatriates from other countries in Orissa

6156. SHRI CHINTAMANI PANIGRAHI: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) the amount sanctioned and released to Orissa Government in 1970-71, 1971-72 and 1972-73 for the rehabilitation of repatriates in the State;

(b) the countries from which these repatriates came; and

(c) the rehabilitation programmes on which this amount was spent?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI RAGHUNATHA REDDY): (a) to (c). Repatriates from Burma only have been resettled in Orissa. An amount of Rs. 19.60 lakhs has been sanctioned and released to the Government of Orissa for grant of business and housing loans to the repatriates from Burma. Year wise figures are as follows:—

	Business Loan	Housing Loan
	Rs.	Rs.
1970-71	7.00 lakhs	6.60 lakhs
1971-72	3.00 lakhs	3.00 lakhs
1972-73	..	..
	10.00 lakhs	9.60 lakhs

Completion of Mini-steel Plant in Orissa

6157. SHRI CHINTAMANI PANIGRAHI: Will the Minister of STEEL AND MINES be pleased to state:

(a) whether the proposed mini-steel plant in Orissa has been constructed by now; and

(b) if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) and (b). The question presumably refers to the sponge iron-cum-electric furnace complex proposed to be set up at Barbiljoda by the Industrial Development Corporation of Orissa for manufacture of steel billets. The Corporation are examining all technical and economic aspects with a view to implementing this scheme.

कोयला खानों में दुर्घटनाओं में मारे गये व्यक्ति

6158. श्री धन शाह प्रधान : क्या भ्रम और पुनर्वासि मन्त्री यह बताने की कृपा करेंगे कि :

(क) देश की विभिन्न कोयला खानों में वर्ष 1971-72 के दौरान दुर्घटनाओं में

मारे गये व्यक्तियों की संख्या का ब्यौरा क्या है ;

(ख) किन किन कोयला क्षेत्रों में गत वर्ष की अपेक्षा इन दुर्घटनाओं में वृद्धि हुई है ; और

(ग) इन दुर्घटनाओं की संख्या में कमी करने के लिए सरकार द्वारा क्या कदम उठाये गये ?

श्रम और पुनर्वासि मंत्रालय में उप-मंत्री (श्री जी० बेंकटस्वामी) : (क) एक विवरण संलग्न है ।

(ख) आंध्र प्रदेश, मध्यप्रदेश, उड़ीसा, तमिलनाडु और पश्चिम बंगाल में घातक दुर्घटनाओं और ऐसी दुर्घटनाओं में मरने वालों की संख्या ने 1971 की अपेक्षा 1972 में सीमान्त वृद्धियां दिखाई ।

(ग) 1972 में कोयला खानों में मृत्यु संख्या की समग्र रूप से स्थिति, 1971 की अपेक्षा अच्छी है । फिर भी कोयला खानों में सुरक्षा विनियमों की कारगर क्रियान्विति को सुनिश्चित करने के लिए खान सुरक्षा महानिदेशालय द्वारा सतत् प्रयास किये जा रहे हैं ।

विवरण

(क) 1971-72 के दौरान विभिन्न खानों में दुर्घटनाओं के कारण मारे गए व्यक्तियों की संख्या के ब्यौरे :

कोयला क्षेत्र	1971	1972
1	2	3
असम	9	2
आन्ध्र प्रदेश	15	21
बिहार	125	90
जम्मू और काश्मीर	3	1
मध्य प्रदेश	39	37
महाराष्ट्र	6	4

1	2	3
उड़ीसा	5	8
तमिलनाडु	—	1
पश्चिम बंगाल	39	54
	231	218

विशेष ध्यान दीजिए : 1972 के लिए आंकड़े अनन्तिम ।

Supply of Arms to Pakistan by Iran during and after last Indo-Pak War

6160. SHRI SAMAR GUHA:

SHRI BHOGENDRA JHA:

Will the Minister of DEFENCE be pleased to state:

(a) whether during the last Indo-Pak war and thereafter Iran supplied arms and military air craft and other equipments to Pakistan; and

(b) if so, the nature thereof?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) Government are aware that a certain amount of military equipment was passed to Pakistan from Iran during the period in question;

(b) The details cannot be disclosed in public interest.

Sanction obtained for prosecutions filed in Employees Provident Fund Organisation

6161. SHRI R. P. YADAV: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether sanctions are obtained before filing of the prosecution from the State Government in the Employees Provident Fund organisation;

(b) if so, the sanctions obtained from the State Government of Bihar by the Regional Commissioner, during

the last two years with the names of the establishments, period involved, the date of sanction obtained and the date of filing the prosecution;

(c) whether complaints and petitions are not filed for months together even after obtaining the sanction for prosecution from the State Government; and

(d) if so, the reasons for the glaring irregularities?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKATASWAMY): (a) to (d). Information is being collected by the Provident Fund Authorities and it will be laid on the Table of the Sabha in due course.

राजस्थान में पाकिस्तानी शरणार्थी

6162. श्री मूलचन्द डागा : क्या भ्रम और पुनर्वासि मंत्री यह बताने की कृपा करेंगे कि :

(क) विगत युद्ध के बाद अब तक राजस्थान में पाकिस्तान से कितने शरणार्थी आए हैं और उन्हें किन किन स्थानों पर रखा गया है ; उन पर अब तक कितनी धनराशि व्यय की जा चुकी है और इस समय उन पर प्रति दिन कितना धन व्यय होता है; और

(ख) क्या उनकी देखभाल करने की सन्तोषजनक व्यवस्था के अभाव में एक साल के भीतर 80 शरणार्थी मर चुके हैं ?

भ्रम और पुनर्वासि मंत्री (श्री रघुनाथ रेड्डी) : (क) राजस्थान सरकार से प्राप्त रिपोर्ट के अनुसार जानकारी नीचे दी गई है ?

(i) वर्तमान शरणार्थियों की संख्या
61,269

(ii) शिविरों के नाम :-

(1) बिसाला

(2) सबीतदा

(3) निम्बला

(4) बरदियादा

(5) राजदल

(6) पुशद

(7) हरसानी

(8) तुरबी

(9) जिरब

(10) बलेवा

(11) गदरा रोड

(12) चोहटान

(13) कपराओं

(14) अलामसर

(15) घनाऊ

(16) अती घनाऊ

(17) मिथराओ

(18) मेठा का तला

(19) बीजासर

(20) बीजरद

(21) केलनोर

(22) भासर (i)

(23) भाकासर (ii)

(24) सितोराम

(25) जरेना

(iii) कुल शिविर जनसंख्या—58027

(iv) अब तक किया गया कुल खर्च—128.47 लाख रुपये

(v) प्रतिदिन औसत खर्च—56,000 रुपये

(ख) जी, नहीं ।

खेतड़ी तांबा परियोजना में लगाई गई पूंजी और इसके लिए खरीदी गई मशीनों की लागत

6163. श्री मूलचन्द डागा : क्या इस्पात और खान मंत्री यह बताने की कृपा करेंगे कि :

(क) खेतड़ी तांबा परियोजना में अब तक कुल कितनी पूंजी लगाई गई है ;

(ख) इस राशि में से कितनी लागत की मशीनें खरीदी गईं और सेवाओं पर अब तक कितनी राशि खर्च की गई ; और

(ग) आगामी पंचवर्षीय योजना तक खेतड़ी (राजस्थान) में कितनी मात्रा में तांबा निकाला जायेगा ?

इस्पात और खान मंत्रालय में उप-मंत्री (श्री सुखदेव प्रसाद): (क) खेतड़ी ताम्र संकुल में फरवरी, 1973 तक कुल 76 करोड़ रुपये का विनिधान किया गया था ।

(ख) लगभग 34 करोड़ रुपयों के मूल्य के उपकरणों और मशीनरी के लिए आदेश दिए जा चुके हैं । इंजीनियरी सेवाओं पर 6 करोड़ रुपए की राशि व्यय की गई है ।

(ग) पंचम पंचवर्षीय योजना के अन्त तक, खेतड़ी ताम्र परियोजना में प्रतिवर्ष लगभग 25,000 टन ताम्र धातु उत्पादित किए जाने की संभावना है ।

Conclusion of Technical Economic Co-operation Agreement with Tanzania

6164. SHRI RAM PRAKASH:
SHRI VAYALAR RAVI:

Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether technical economic cooperation agreement has been recently concluded with Tanzania; and

(b) if so, the main feature of the agreement?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) An Agreement on Friendship and Technical Economic and Scientific Cooperation with Tanzania was signed on 28th January, 1966

(b) The Agreement is on general lines, to facilitate and promote technical, economic and scientific cooperation, and provides for:—

(a) exchange of personnel for training purposes in technical schools, scientific and other institutes, factories and other production centres in each country and grant of scholarships.

(b) exchange of experts' visits with a view to lecturing, instructing and acquiring expert knowledge in the other country.

(c) provision of the services of experts.

(d) exchange and giving of technical documentation and necessary equipment, including the exchange and giving of corresponding information.

(e) cooperation in scientific research work between scientific institutes and bodies of the two countries, and exchange of information, books and scientific publications.

(f) setting up of joint industrial ventures.

(g) cooperation of production enterprises in finding the most suitable technical solutions and attaining increased productivity.

रक्षा विभाग के व्यय में कटौती

6165. श्री मूलचन्द डागा : क्या रक्षा मंत्री यह बताने की कृपा करेंगे कि क्या रक्षा विभाग का विचार देश की आर्थिक स्थिति को ध्यान में रखते हुए अपने व्यय में कटौती करने का है ?

रक्षा मंत्री (श्री जगजीवन राम) : 1973-74 के लिए रक्षा प्राक्कलन बनाते समय साधनों पर नियन्त्रण तथा सुरक्षा की अनिवार्य आवश्यकताओं को ध्यान में रखा गया था और रक्षा व्यय में और कटौती करने का तत्काल कोई प्रस्ताव नहीं है ।

Proposal to declare mediterranean as an area of Peace

6166. SHRI PRIYA RANJAN DAS MUNSI: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether the Yugoslav Prime Minister, Mr. Dzemal Bijedic and Smt. Indira Gandhi sponsored a proposal for declaring the Mediterranean an area of peace; and

(b) if so, the broad outlines of the declaration?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) and (b). No, Sir. The proposal for declaring the Mediterranean an area of peace is still in a preliminary stage. The matter is under consideration of the interested States of that area.

Persons injured and died at the time of clearing mines in Punjab Sector

6167. SHRI PRIYA RANJAN DAS MUNSI:
SHRI M. S. PURTY:

Will the Minister of DEFENCE be pleased to state:

(a) how many persons have been injured or have lost their lives during the time of clearing the mines near Punjab sector in the border of Pakistan after the war;

(b) how many of them are civilians and how many of them are Army personnel; and

(c) whether any compensation were given to them?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) to (c). Sixty six Army personnel were injured and four lost their lives whilst clearing mines in the Punjab sector after the war. Army personnel injured are allowed extra pensionary benefits. The next of kin of Army

personnel who are killed in such circumstances are also allowed extra pensionary benefits. Civilians are not used for mine clearing operations.

Setting up Defence Based Industries

6168. PROF. NARAIN CHAND PARASHAR: Will the Minister of DEFENCE be pleased to state:

(a) whether a request has been received by the Government regarding the setting up of Defence based industries in the border States of Jammu and Kashmir, Himachal Pradesh, Punjab, Haryana, Rajasthan and Gujarat; and

(b) if so, Government's decision on this request?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): (a) Yes, Sir. We have had requests in the past from all these States.

(b) The location of Defence projects is decided in each case on full consideration of all relevant factors including strategic and techno-economic considerations of the project. Claims of all these States were duly examined while finalising the location of various defence projects.

Running of a Military Special Train between New Delhi and Jammu

6169. PROF. NARAIN CHAND PARASHAR: Will the Minister of DEFENCE be pleased to state:

(a) whether the Ministry of Defence has received a suggestion to persuade the Railway authorities to start a daily military special train between New Delhi and Jammu, for the convenience of the Military personnel hailing from the States of Jammu and Kashmir, Himachal Pradesh, Punjab and Haryana; and

(b) if so, the reaction of Government to this suggestion?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) Yes, Sir.

(b) The proposal was examined and was not considered practicable.

Acquisition of Chinese Gun Boats by Pakistan

6170. **SHRI VISHWANATH PRATAP SINGH:** Will the Minister of DEFENCE be pleased to state the reaction of the Government to the reported acquisition of Chinese gun-boats by Pakistan?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): Government are aware of the situation. All possible steps are being taken in the matter.

Purchase of Harrier Fighters from U.K. by India

6171. **SHRI VISHWANATH PRATAP SINGH:** Will the Minister of DEFENCE be pleased to state whether Government are thinking of buying vertical take off Harrier fighters from U.K.?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): No such proposal is under consideration.

Pak-Iranian Naval Cooperation in Arabian Sea

6172. **SHRI VISHWANATH PRATAP SINGH:** Will the Minister of DEFENCE be pleased to state the Government's reaction to the reported Pak-Iranian naval co-operation in the Arabian Sea?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): Government are aware of the situation. All possible steps are taken by Government for the security of country. The position is reviewed from time to time.

Comments by Ceylon Workers Congress over Shastri-Sirimavo Agreement

6173 **SHRI S. A. MURUGANATHAM:** Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether Mr. Thondaman, President of the Ceylon Workers Congress, had said that the estate labour of Indian origin in Sri Lanka have been relegated to the status of national illegitimacy by the Shastri-Sirimavo Agreement of 1964; and

(b) if so, Government's reaction thereto?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) and (b). Government have seen reports wherein Mr. Thondaman, President of the Ceylon Workers Congress, is reported to have said that the stateless persons of Indian origin in Sri Lanka have been relegated to a form of national illegitimacy. He has not linked the 1964 agreement with the so called illegitimacy. As the Hon. Members are aware, the Governments of India and Sri Lanka are taking steps to end the statelessness of these persons in accordance with the Indo-Ceylon Agreement of 1964.

Cruelty meted out to Indian Seamen in Pakistan Jails

6174. **SHRI SHRIKISHAN MODI:** Will the Minister of EXTERNAL AFFAIRS be pleased to state whether almost all the 79 Indian seamen released on the 10th March, 1973 and handed over to the Indian Government have complained of cruelty meted out to them in Pakistan jails?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): According to information available with Government, it is

understood that the 79 Indian seamen in Pakistani jails released on 10th March, 1973 were generally maltreated and in some cases were even beaten.

British nuclear submarines' right to entry into Asian ports

6175. SHRI JYOTIRMOY BOSU: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether his attention has been drawn to a news-item published in the *Statesman*, Calcutta edition, dated the 7th February, 1973, under the caption "British Nuclear Submarines—Right of Entry into Asian Ports sought"; and

(b) if so, Government's reaction thereto?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) Yes, Sir.

(b) The policy of the Government of India in this matter is well known. In consonance with that policy, Government has played an active role in advocating at the Non-Aligned Conferences and the United Nations the declaration of Indian Ocean as a zone of peace. The Government of India has, accordingly, drawn the attention of all countries to the United Nations General Assembly Resolution 2832 (XXVI) of December 16, 1971, regarding the declaration of the Indian Ocean as a zone of peace which, *inter alia*, calls upon the Great Powers to enter into immediate consultations with the littoral States of the Indian Ocean with a view to eliminating from the Indian Ocean the disposition of nuclear weapons. The Government of India has also informed all countries that it is the Government's policy not to offer host facilities at Indian ports to foreign vessels which have nuclear weapons on board.

Production as per cent of rated capacity of Public Sector Steel Plants

6176. SHRI JYOTIRMOY BOSU: Will the Minister of STEEL AND MINES be pleased to refer to the reply given to Unstarred Question No. 1476 on the 1st March, 1973, regarding stagnation in steel production due to non-utilisation of capacity and state:

(a) the production as per cent of rated capacity of each public sector steel plant, including IISCO month by month from April, 1972 to January, 1973; and

(b) the reasons why capacity utilisation is not improving even now?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) and (b). The following table shows production of Steel ingots during the months, April 1972 to March, 1973, as percentage of monthly rated capacity:—

	Bhilai	Durgapur	Rourkela	IISCO
April 72	81	48	49	41
May	74	41	53	40
June	70	38	57	28
July	87	50	63	29
August	84	38	71	47
September	80	48	71	48
October	87	48	63	52
November	80	35	71	47
December	91	38	69	53
January, 73	90	50	71	39
February, 73	88	46	68	43
March, 73	102	63	78	53

It will be noticed that there has been general improvement in capacity utilisation during the months of February (28 days) and March, 1973. Further improvement is expected in the current financial year.

Violation of Passport Regulations reported by Passport Control Authorities at Santa Cruz, Bombay

6177. SHRI INDRAJIT GUPTA: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether any person holding a Portuguese passport is permitted to enter or leave India;

(b) whether the Brazilian Embassy in New Delhi is authorised to issue Portuguese passport to persons wishing to leave India;

(c) whether Government of India permit Indian citizens to emigrate on the basis of Portuguese passports issued in Delhi by the Brazilian Embassy; and

(d) if the answers to (a), (b) or (c) be in the negative, whether the Passport Control Authorities of Santa Cruz Airport, Bombay, have reported any violation of such regulations during March, 1973?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) No Person holding a Portuguese Passport is permitted to enter India without a valid visa. No person holding a Portuguese passport is allowed to leave India without a departure endorsement.

(b) Yes, Sir. The Brazilian Embassy in New Delhi is authorised to issue Portuguese passports to *bona fide* Portuguese nationals.

(c) If an Indian citizen, having renounced his Indian citizenship, acquires a Portuguese passport issued by the Brazilian Embassy, he is dealt with in accordance with the law relating to foreigners and can leave India on the strength of a departure endorsement on his passport.

(d) We have not so far received report of any violation of our regulations on the subject.

Unsatisfactory output performance of Durgapur Steel Plant

6178. SHRI INDRAJIT GUPTA: Will the Minister of STEEL AND MINES be pleased to state:

(a) whether it has been decided that in view of the Durgapur steel plant's unsatisfactory output performance, no further expansion of this plant is called for;

(b) if so, whether the specific steps taken to improve output have failed; and

(c) the reasons for the same?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUBODH HANSDA): (a) No, Sir.

(b) and (c). Do not arise.

Demands of Dandakaranya Employees' Association

6179. SHRI INDRAJIT GUPTA: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether the Dandakaranya Employees' Association (Non-Gazetted) has been making repeated representations for early settlement of their long-standing demands and grievances;

(b) whether the Dandakaranya Authority is proceeding with termination of services of the work-charged staff in violation of earlier assurances;

(c) whether a number of leading official of the Employees Association have been served with transfer notices; and

(d) if so, Government's reaction in the matter?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI RAGHUNATHA REDDY): (a) Yes, Sir.

(b) Some of the junior employees of work-charged establishment have been served with retrenchment notices, but these have been stayed at present till 30th April, 1973. Efforts are being made to avoid retrenchment.

(c) According to the information received from the Dandakaranya Project Administration no leading officials of the Employees' Association namely, the President, the Vice-President, the General Secretary, the Joint Secretary and/or the Treasurer, have been served with transfer notices.

(d) Does not arise.

Wage negotiating Committee with representatives of Management and labour in B.H.E.L.

6180. SHRI INDRAJIT GUPTA:
SHRI K. M. MADHUKAR:-

Will the Minister of HEAVY INDUSTRY be pleased to state:

(a) whether Government intend to set up a wage negotiating Committee with representatives of Management and labour in B.H.E.L.;

(b) if so, the salient features thereof; and

(c) whether Government intend to set up such mechanism in other establishments too?

THE DEPUTY MINISTER IN THE MINISTRY OF HEAVY INDUSTRY (SHRI SIDDHESHWAR PRASAD):
(a) to (c). Government have accorded approval for the setting up of a bi-partite negotiating Committee for wage revision in the Heavy Electrical Undertakings. This Committee will broadly examine the principles which should govern the structure of emoluments of the employees in the BHEL and HEIL, Bhopal, also having regard to increased production and productivity and will recommend

such changes as are considered desirable and feasible taking into account the historical background, the economic conditions in the country and the implications on the rest of Industries in a developing economy like ours.

International Convention of Trade Union Rights and Liberties

6181. SHRI B. S. BHAURA: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) what are the international conventions of trade union rights and trade union liberties;

(b) whether all or any part of these conventions have been ratified by India; and

(c) if so, the particulars thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKATSWAMY): (a) There are five ILO Conventions on the subject. These are: Convention No. 11 concerning the Rights of Association and Combination of Agricultural Workers, 1921; Convention No. 84 concerning the Right of Association and the Settlement of Labour Disputes in Non-Metropolitan Territories, 1947; Convention No. 87 concerning Freedom of Association and Protection of the Right to Organise, 1948; Convention No. 98 concerning the Application of the Principles of the Right to Organise and to Bargain Collectively, 1949; and Convention No. 135 concerning Protection and Facilities to be Afforded to Workers' Representatives in the Undertaking, 1971.

(b) and (c). Of these, Convention No. 11 has been ratified by India. Convention No. 84 relates to Non-Metropolitan Territories and is not applicable to India. Though not formally ratified, the basic principles of the other three Conventions are being generally complied with.

Manufacture of Railway wagons

(b) the annual production during the last three years?

6182. SHRI D. P. JADEJA:

SHRI VEKARIA::

Will the Minister of HEAVY INDUSTRY be pleased to state::

(a) the names of industries which are manufacturing Railway wagons in India; and

THE DEPUTY MINISTER IN THE MINISTRY OF HEAVY INDUSTRY (SHRI SIDDHESHWAR PRASAD):

(a) and (b). The requisite information is given below:—

S.No.	Names of Industries which are manufacturing Railway Wagons in India	Annual Production in Nos. in terms of four wheelers		
		1970	1971	1972

Defence Production Units in the country

6183. SHRI D. P. JADEJA: Will the Minister of DEFENCE be pleased to state the number of defence units working in the country State-wise?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): A statement is laid on the Table of the House. [Placed in Library. See No. LT-4727/73.]

Implementation of Paris Peace Treaty

6184. SHRIMATI BHARGAVI THANKAPPAN:
SHRI M. RAM GOPAL REDDY:

Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether the P.R.G. of South Vietnam has requested the non-aligned countries to use their good offices to ensure the successful implementation of the Paris Peace Treaty;

(b) whether India has been approached by the P.R.G. in this context; and

(c) if so, the reaction of Government thereto?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) and (b). Yes, Sir. The document signed in Paris is, however, not a Treaty but an Agreement.

(c) India supports the implementation of the Agreement by all concerned.

रूस की सहायता से भिलाई तथा रुरकेला और बोकारो इस्पात संयंत्रों के विकास की योजना

6185. डॉ० लक्ष्मीनारायण पांडेय : क्या इस्पात और खान मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या रूस की सहायता से भारत में भिलाई, रुरकेला तथा बोकारो इस्पात संयंत्रों के विस्तार की योजना बनाई गई है; और

(ख) यदि हां, तो तत्सम्बन्धी मुख्य बातें क्या हैं ?

इस्पात और खान मंत्रालय में उप-मंत्री (श्री सुखदेव प्रसाद) : (क) और (ख) . भिलाई इस्पात कारखाने और बोकारो इस्पात कारखाने का 40 लाख टन क्षमता तक विस्तार करने का कार्य पहले ही चल रहा है। इस विषय में सोवियत संगठन आवश्यक तकनीकी सहायता प्रदान कर रहे हैं। इन विस्तारों के लिए सोवियत संघ से ऋण के रूप में भी सहायता मिली है।

2. भारत सोवियत संयुक्त आयोग की बैठक के सम्बन्ध में सोवियत पक्ष से हुई हाल की बातों के दौरान भिलाई इस्पात कारखाने का 70 लाख टन और बोकारो इस्पात कारखाने का लगभग 100 लाख टन इस्पात पिण्ड की वार्षिक क्षमता तक विस्तार करने की सम्भावना को स्वीकार किया गया था। भारतीय संगठन सोवियत संगठनों की यथा आवश्यक सहायता से इन कारखानों के विस्तार हेतु तकनीकी आर्थिक प्रतिवेदन तैयार करेंगे।

3. सोवियत रूस की सहायता से राउरकेला इस्पात कारखाने का विस्तार करने का कोई प्रस्ताव नहीं है।

ट्रेक्टरों के निर्माण के लिए आशय-यत्र

6186. डॉ० लक्ष्मीनारायण पांडेय : क्या भारी उद्योग मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या ट्रेक्टरों के निर्माण के लिए सरकार द्वारा नए उद्योगपतियों को लाइसेंस तथा आशय-यत्र जारी किए गए हैं;

(ख) यदि हां, तो 1972-73 में ऐसे कितने लाइसेंस जारी किए गए; और

(ग) 1973-74 के अन्त तक कितने ट्रेक्टरों के बनने की सम्भावना है ?

भारी उद्योग मंत्रालय में उप-मंत्री (श्री सिद्धेश्वर प्रसाद) : (क) जी, हां।

(ख) किंसी भी नये उद्योगपति को वर्ष 1972-73 में ट्रैक्टर बनाने हेतु कोई आशय-पत्र नहीं दिया गया है। किन्तु पहले जारी किये गये एक आशय-पत्र को इस वर्ष लाइसेंस में परिवर्तित किया गया है।

(ग) लगभग 45,000 ट्रैक्टर बनाए जायेंगे।

कर्मचारी राज्य बीमा योजना का विस्तार

6187. डा० लक्ष्मीनारायण पांडेय : क्या श्रम और पुनर्वासि मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार को यह सिफारिश की गई है कि कर्मचारी राज्य बीमा योजना का और अधिक विस्तार करके इसे छोटे कारखानों में काम करने वाले मजदूरों पर भी लागू किया जाये; और

(ख) यदि हां, तो इसको कार्य रूप देने की वर्तमान स्थिति क्या है ?

श्रम और पुनर्वासि मंत्रालय में उप-मंत्री (श्री जी० वेंकटस्वामी) : (क) जी हां। इस सम्बन्ध में एक सिफारिश संदर्श योजना विषयक समिति द्वारा, जिसने हाल ही में अपनी रिपोर्ट प्रस्तुत की, की गई है।

(ख) कर्मचारी राज्य बीमा निगम ने 17 मार्च, 1973 को हुई अपनी बैठक में, लगभग तीन महीने की अवधि में निगम की एक विशेष डम रिपोर्ट पर विचार करने के लिए बुलाने का निश्चय किया है। इस मामले पर निगम के विचारों को ध्यान में रख कर आगे विचार किया जायेगा।

विभिन्न राज्यों के लिए लोहे का कोटा

6188. श्री विभूति मिश्र : क्या इस्पात और खान मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या विभिन्न राज्यों में साइलों और मकानों के बनाने के लिए लोहे का कोटा वहां की जनसंख्या के आधार पर केन्द्रीय सरकार द्वारा निश्चित किया जाता है;

(ख) यदि हां, तो प्रत्येक राज्य को कितना कोटा दिया गया है और क्या बिहार के लोग वर्तमान कोटे से असन्तुष्ट हैं; और

(ग) क्या सरकार का विचार बिहार के लिए कोटे में वृद्धि करने का है ?

इस्पात और खान मंत्रालय में उप-मंत्री (श्री सुखदेव प्रसाद) : (क) जी, नहीं। अब इस्पात का राज्यवार कोटा नहीं दिया जाता है। मुख्य इस्पात कारखानों से इस्पात के प्रेषणों का विनियमन इस्पात प्राथमिकता समिति द्वारा प्रत्येक तिमाही में इस्पात के अन्ततः उपयोग, उपलब्धि और स्पर्धी मांगों को ध्यान में रख कर किया जाता है;

(ख) और (ग). प्रश्न नहीं उठते।

काठमाण्डू जाते हुए 26 भारतीयों की मृत्यु

6189. श्री विभूति मिश्र : क्या विदेश मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या महाशिवरात्रि के अवसर पर पशुपतिनाथ के दर्शनार्थ काठमाण्डू जाते हुए मारे गये 26 भारतीयों की लाशों की पहचान इस बीच कर ली गई है; और

(ख) यदि हां, तो उनके नाम क्या और वे कहां के रहने वाले थे ?

विदेश मंत्रालय में राज्य-मंत्री (श्री सुरेन्द्रपाल सिंह) : (क) 4 मार्च और 6 मार्च की दो दुर्घटनाओं में कुल मिलाकर 13 भारतीय तीर्थयात्री मरे। शवों की पहचान हो गई है।

(ख) इन दो दुर्घटनाओं में जो भारतीय तीर्थयात्री मरे, उनके नाम और पते इस प्रकार हैं :

1. कलसिया तेली (स्त्री), जिआयो ग्राम, जिला छपरा (बिहार)
2. कान्ता (स्त्री-60), देवरिया (उ० प्र०)

3. रूपतारा अबाधिया, मन्थरा गांव,
जिला छपरा (बिहार)
4. राम सेवक कुर्मी कमाना मौजा
जिला गोंडा (उ० प्र०)
5. लखपतिया अबाधिया, थाना परसा,
जिला छपरा (बिहार)
6. गणेश प्रसाद कुर्मी, भालो मलियान
ग्राम का मुखिया, थाना सगता
(रक्सौल के निकट)
7. पार्वती कुर्मी (क्रम संख्या 6 की
पत्नी)
8. कुमारी हीरामती देवी कुर्मी, क्रम
संख्या 6 की भतीजी ।
9. रामचन्द्र प्रसाद कुर्मी, क्रम संख्या 6
का दामाद ।
10. राज प्रसाद कुर्मी, क्रम संख्या 6 का
भाई ।
11. उगान कुर्मी, सरसुआ ग्राम, थाना
सगता, रक्सौल के समीप ।
12. चुनिया कुर्मी, ग्राम थाना सगता,
रक्सौल के निकट ।
13. बीरातातमा, ग्राम थाना सगता,
रक्सौल के निकट ।

**Letter of Intent issued for manufac-
ture of Tractors at Pratapgarh**

6190. SHRI DINESH SINGH: Will the Minister of HEAVY INDUSTRY be pleased to state:

(a) whether the letter of intent issued for the manufacture of tractors at Pratapgarh has been converted into an industrial licence;

(b) if so, when the factory is expected to go into production;

(c) whether the company has been permitted import of tractors and parts thereof; and

(d) if so, the number of tractors to be imported?

THE DEPUTY MINISTER IN THE MINISTRY OF HEAVY INDUSTRY (SHRI SIDDHESHWAR PRASAD): (a) Yes, Sir.

(b) It is not possible at this stage to forecast the date when they will go into production.

(c) and (d). They have been permitted to import 500 tractors in "Semi knocked Down" condition.

**Coal Production at Singareni group of
Collieries**

6191. SHRI P. NARASIMHA REDDY: Will the Minister of STEEL AND MINES be pleased to state:

(a) the steps proposed to step up coal production at Singareni group of collieries in the context of increasing shortage of coal in the country; and

(b) whether there is a proposal under consideration for undertaking open-cut mining to augment production and profitability?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) To meet the increasing demand for the power sector and other consumer industries, the Singareni Collieries propose to increase their production from the existing level of 5.2 million tonnes to 10 million tonnes by 1978-79. For this purpose, they have already drawn up a programme of development of a number of mines. Further, with a view to increase the production from 10 million tonnes to 12 million tonnes by 1978-79, the Company is drawing up another programme of development of mines.

(b) The Company had conducted extensive studies of the deposits in Ramagundam area for open-cast mining. The preliminary Feasibility studies suggest economic viability of the project.

Small Traders affected by Take Over of Coal Mines

6192. DR. RANEN SEN: Will the Minister of STEEL AND MINES be pleased to state:

(a) whether 2000 small traders are affected by the take-over of coal mines by the Government; and

(b) if so, the extent thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) No, Sir.

(b) Does not arise.

Idle Capacity in Machine Tool Industry

6193. DR. RANEN SEN: Will the Minister of HEAVY INDUSTRY be pleased to state:

(a) whether there is idle capacity in the machine tool industry to the extent of 30 per cent;

(b) if so, the reasons therefor; and

(c) the steps taken to ensure full utilisation of the capacity in the machine tool industry?

THE DEPUTY MINISTER IN THE MINISTRY OF HEAVY INDUSTRY (SHRI SIDDHESHWAR PRASAD): (a) The extent of capacity utilisation in Machine Tool Industry at present is 63.5 per cent.

(b) and (c). The industry recorded a steep fall in production during the years 1967 and 1968 mainly due to the recession in the Engineering Industries. Production has gradually started picking up and it is expected that capacity utilisation to the extent of 75 per cent will be possible in the next two years. In an industry of this type, production level at 80 per cent of rated capacity is considered to be the optimum.

Review of working of Joint Negotiating Committee for Steel Industry

6194. DR. RANEN SEN: Will the Minister of STEEL AND MINES be pleased to state:

(a) whether Government have reviewed the working of the the Joint Negotiating Committee for steel industry; and

(b) if so, the achievements and shortcomings of the Committee?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) and (b). While no review as such of the working of the Joint Negotiating Committee for Steel Industry has been made, Government are aware of the tasks undertaken and progress made by the Committee in various directions. Apart from supervising the implementation of the wage agreement, the Committee has been devoting its attention to standardisation of scales of pay, designations and certain amenities and formulation of a scheme for regulation of contract labour. It has recently finalised the targets of production for each of the steel plants for 1973-74 fixed on the basis of joint discussion between the Management and the workers at the plant level.

Talks with Trade Unions on Industrial Relations

6195. DR. RANEN SEN: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether Government propose to hold another round of talks with the representatives of Central Trade Union Organisations before finalising the proposed Industrial Relations Bill; and

(b) if so, when the talks are expected to be held?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKATSWAMY): (a) and (b). There is no such proposal at present.

Revision of Wages in Scheduled Employment

6196. SHRI S. A. MURUGANANTHAM: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether the State Governments are to revise the minimum wages in scheduled employment at least once in every five years under the Minimum Wages Act of 1948;

(b) whether it has come to the notice of Government that some States, like Maharashtra, have not revised wages in such scheduled employments in a large number of industries for the last six or seven years; and

(c) if so, the action Government propose to take in this connection?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKATSWAMY): (a) Yes. Under section 3(1) (b) of the Minimum Wages Act, 1948, the 'appropriate Government' is required to review at such intervals as it may think fit, such intervals not exceeding five years, the minimum rates of wages already fixed and revise them, if necessary.

(b) Yes.

(c) The State Governments have been advised to effect wage revisions wherever due.

अनिवार्य सैनिक प्रशिक्षण

6197. श्री महादीपक सिंह शाक्य : क्या रक्षा मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या देश की सुरक्षा की दृष्टि से 18 वर्ष से अधिक आयु वाले व्यक्तियों के लिये सैनिक प्रशिक्षण अनिवार्य होना चाहिये ; और

(ख) यदि हां, तो इस बारे में सरकार की क्या नीति है ?

रक्षा मंत्री (श्री जगजीवन राम) : (क) और (ख). सशस्त्र सेनाओं में स्वैच्छिक आधार पर भर्ती सन्तोषजनक रही है। अतः देश में इस समय अनिवार्य सैनिक प्रशिक्षण देना आवश्यक नहीं है।

देश में अवकाश प्राप्त और अवकाश प्राप्त करने वाले सैनिक कर्मचारियों को रोजगार देना

6198. श्री महादीपक सिंह शाक्य : श्री राम भगत पासवान :

क्या रक्षा मंत्री यह बतावे की कृपा करेंगे कि :

(क) क्या इस समय देश में 5 लाख सैनिक कर्मचारी अवकाश प्राप्त हैं ;

(ख) क्या सरकार का विचार इनको रोजगार देने में प्राथमिकता देने का है ; और

(ग) यदि हां, तो प्रत्येक राज्य में ऐसे कितने बेरोजगार सैनिक कर्मचारी हैं और इस बारे में सरकार की क्या प्रतिक्रिया है ?

रक्षा मंत्री (श्री जगजीवन राम) :

(क) जी नहीं श्रीमन्, संख्या अधिक है।

(ख) भूतपूर्व कार्मिकों के शीघ्रता से पुनर्वास के लिए निम्नांकित मुख्य कदम उठाए गए हैं :—

(1) सभी केन्द्रीय मंत्रालयों और विभागों में 30 जून, 1974 तक भूतपूर्व सैनिकों के लिए तृतीय श्रेणी में 10 प्रतिशत तथा चतुर्थ श्रेणी में 20 प्रतिशत का आरक्षण करना ;

(2) आरक्षण की कुल प्रतिशतता को 45 प्रतिशत से 50 प्रतिशत तक बढ़ाना।

(3) सार्वजनिक क्षेत्र में उपक्रमों तथा राष्ट्रीयकृत बैंकों में तृतीय श्रेणी के 17½ प्रतिशत तथा चतुर्थ श्रेणी का 27½ प्रतिशत पदों का आरक्षण।

(4) विभिन्न राज्य सरकारों द्वारा सभी वर्गों के पदों का आरक्षण।

(5) संध लोक सेवा आयोग/सचिवालय प्रशिक्षण और प्रबन्ध संस्थान द्वारा लिये जाने वाली प्रतियोगिता परीक्षाओं में परीक्षा/आवेदन फीस की अदायगी से छूट।

(6) विभिन्न व्यवसायों और ट्रेडों में सेवामुक्तिपूर्व और पूर्व समुच्चैतर मुक्तोत्तर प्रशिक्षण योजनाएं। पाठ्यक्रम

(7) भूतपूर्व सैनिकों के रोजगार की देखभाल करने के लिए रोजगार और प्रशिक्षण महानिदेशालय में एक सैल का गठन; और

(8) कुछ राज्यों में भूतपूर्व कर्मिकों को शीघ्रता से रोजगार देने के लिए विशेष सैलों का सृजन।

(ग) 31-12-1972 को रोजगार कार्यालयों के "चालू रजिस्टर" में भूतपूर्व सैनिकों की राज्यवार संख्या निम्नांकित है :

राज्य/संघ शामिल क्षेत्र		संख्या
1	2	3
1. आन्ध्र प्रदेश	.	3396
2. असम	.	619
3. बिहार	.	3451

1	2	3
4. गुजरात	.	388
5. हरियाणा	.	4416
6. हिमाचल प्रदेश	.	2928
7. जम्मू व कश्मीर	.	2943
8. केरल	.	6002
9. मध्य प्रदेश	.	1691
10. महाराष्ट्र	.	5527
11. मैसूर	.	2846
12. उड़ीसा	.	1252
13. पंजाब	.	7790
14. राजस्थान	.	2448
15. तमिलनाडू	.	6541
16. उत्तर प्रदेश	.	8039
17. पश्चिम बंगाल	.	4839
18. चंडीगढ़	.	396
19. दिल्ली	.	2927
20. गोवा	.	48
21. लक्षद्वीप	.	11
22. मणिपुर	.	834
23. मेघालय	.	132
24. मिजोरम	.	204
25. पांडिचेरी	.	117
26. त्रिपुरा	.	195

जोड़ . 69980

देश में बेरोजगारी की समस्या को ध्यान में रखते हुए, सभी भूतपूर्व सैनिकों के लिए रोजगार पाना आसान कार्य नहीं है परन्तु यथा सम्भव अधिक से अधिक को रोजगार सहायता उपलब्ध कराने के लिए सरकार प्रयत्न कर रही है।

Man-Days Lost in 1972 Due to Strikes and Lockouts in Mysore

6199. SHRI C. K. JAFFER SHARIEF: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) the number of man-days lost during 1972 due to strikes and lockouts in the State of Mysore; and

(b) the loss suffered by the State due to strikes and lockouts?

State	No. of disputes (strikes and lockouts)	Mandays lost due to these disputes.	Value of production lost (in crores of rupees.)
Mysore	97	702,739	11.69*

*Value of production lost is in respect of 68 disputes for which information is available

Reorganisation of Defence Set-up

6200. SHRI C. K. JAFFER SHARIEF: Will the Minister of DEFENCE be pleased to state:

(a) whether there has been process of reorganisation of the defence set up with the creation of Northern Command; and

(b) if so, the facts thereof?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) Yes, Sir.

(b) The details cannot be disclosed in public interest.

Setting up of Asia-Pacific Organisation

6201. SHRI C. K. CHANDRAPPAN: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether Japan is keen to set up an Asia-Pacific Organisation with a larger scope and size than all the existing organisations;

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKATSWAMY): (a) and (b). According to the available provisional information, the number of mandays lost due to industrial disputes (strikes and lockouts) in Mysore and value of production loss during 1972 was as follows:

(b) whether any proposal has been made to India in this regard; and

(c) if so, the reaction of Government in this matter?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) to (c). Japanese leaders have spoken in general terms about the desirability of a larger international conference to consolidate peace in Asia but there has been no specific proposal.

Amount Set Apart for S.A.I.L. for Providing Capital to its Subsidiaries

6202. SHRI C. K. CHANDRAPPAN: Will the Minister of STEEL AND MINES be pleased to state:

(a) whether an amount has already been set apart for the Steel Authority of India Ltd., for providing capital to its subsidiaries;

(b) if so, the break-up thereof; and

(c) how this amount would be spent?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) and (b). An amount of Rs. 32.37 crores has been provided in the Demands for Grants of the Ministry of Steel and Mines for 1973-74 towards further subscription of share capital to Steel Authority of India Limited for investment in its subsidiaries. Subsidiary-wise break-up of the above amount is as under:

	(Rs. in crores)
1. Hindustan Steel Limited]	22.37
2. Salem Steel Limited . . .	1.00
3. National Mineral Development Corporation Limited .	6.00
4. Bharat Coking Coal Limited	3.00
	32.37

A provision of Rs. 10 lakhs has also been made for the Central Engineering and Design Bureau of HSL, which has since been formed into a separate subsidiary of SAIL under the name of Metallurgical and Engineering Consultants (India) Limited.

(c) These amounts would be utilised for financing the various approved capital schemes of the subsidiaries.

Mini-Steel Plants under S.A.I.L.

6203. SHRI C. K. CHANDRAPPA: Will the Minister of STEEL AND MINES be pleased to state:

(a) whether Government have decided to bring the mini-steel plants also under the Steel Authority of India Ltd.; and

(b) the reasons to decide at the beginning that the mini steel plants should not be brought under the S.A.I.L.?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES

(SHRI SUKHDEV PRASAD): (a) and (b). Government have decided that SAIL will exercise proxy rights on behalf of public financial institutions in respect of the shares held by them in private sector companies in the field of iron, steel and associated input industries. The so-called mini steel plants are also included in these industries. SAIL will exercise through these rights, such authority and control in these companies as will ensure that their operations, programmes and development are conducted in accordance with the National Plan.

Subscribed and Issued Capital for Giant holding Company for Steel and Associated Industries

6204. SHRI K. LAKKAPPA:
SHRI P. M. MEHTA:

Will the Minister of STEEL AND MINES be pleased to state:

(a) the total subscribed and issued capital for the giant holding company for steel and associated industries by the end of March, 1973;

(b) whether the Company has been registered on Steel Authority of India Ltd. (SAIL) on 24th January, 1973;

(c) whether the shareholding of the Government in Hindustan Steel, Bharat Coking Coal, National Mineral Development Corporation would be transferred to 'SAIL'; and

(d) the name of the companies which would be brought under it?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) The total subscribed and issued capital of Steel Authority of India Limited as on March 31, 1973, was Rs. 12,94,41,35,000/-.

(b) Yes, Sir.

(c) The shareholding of the Government of India in Hindustan Steel Limited has already been transferred to SAIL. Government's shareholdings

in Bharat Coking Coal Limited and in the National Mineral Development Corporation Limited are being transferred to SAIL.

(d) The following public sector undertakings will come under SAIL:

- (i) Hindustan Steel Limited
- (ii) National Mineral Development Corporation Ltd.
- (iii) Bharat Coking Coal Limited
- (iv) Bokaro Steel Limited
- (v) Hindustan Steel Works Construction Ltd.
- (iv) Salem Steel Limited

Default of E.P.F. by Units in Bihar

6205. SHRI MD. JAMILURRAHMAN: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) the number of Employees Provident Fund defaulting units in the State of Bihar with the names of the establishments, the names of the accused, amount due and recoverable and period involved;

(b) whether the two Jute Factories in Katihar are up-to-date in compliance; and

(c) if not, the nature of their default?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKATSWAMY): The Provident Fund Authorities have reported as under:—

(a) The number of defaulting units in the State of Bihar stood at 589 as on 31st December, 1972. The information in respect of names of all the defaulting establishments, the names of the accused, amount due and recoverable together with the period involved, is not available. However, a statement showing the names of 33 defaulting establishments which have failed to deposit the provident fund

contributions of Rs. 15,000 and above together with the amount in default, names of accused and the period involved as on 31st December, 1972 is laid on the Table of the House. [Placed in Library. See No. LT-4728/73].

(b) and (c). Two Jute factories in Katihar viz. M/s. R.B.H.M. Jute Mills (P) Ltd. and M/s. Katihar Jute Mills (P) Ltd. are not up-to-date in compliance and have defaulted in the payment of provident fund contributions.

E.P.F. Benefit to Employees of M/s. Champaran Sugar Co., Ltd., Barachakia, Bihar

6206. SHRI MD. JAMILURRAHMAN: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether the employees of M/s. Champaran Sugar Company Limited, Barachakia in the State of Bihar are not getting the benefits as per provisions of the E.P.F. Act, 1952 and are not admitted to the membership of the fund because of the various tactics by the management; and

(b) whether the Assistant Commissioner or Regional Commissioner propose to pay an immediate visit for a thorough inspection?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKATSWAMY): The Provident Fund Authorities have intimated as under:—

(a) The Provident Fund Inspector visited the factory on 27th December, 1972 but no irregularities were noticed by him in regard to the implementation of the provisions of the Employees' Provident Fund and Family Pension Fund Act, 1952 or in regard to the grant of membership of the Fund to the eligible employees of the said factory.

(b) Does not arise.

**E.P.F. in M/s. G. M. Corporation
(Pvt.) Ltd., Patna**

6207. SHRI MD. JAMILURRAHMAN: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether M/s. G. M. Corporation Pvt. Ltd., Patna was covered under E.P.F. Act, 1952 and the scheme framed thereunder and later on the same was released from the operation of the said Act; and

(b) if so, the reasons therefor and who is responsible for the same?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKATSWAMY): The Provident Fund Authorities have intimated as under:

(a) Yes.

(b) The establishment was uncovered under the orders of Regional Provident Fund Commissioner, Bihar, as it was not found coverable under the Employees' Provident Funds and Family Pension Fund Act, 1952 under the Scheduled head "Engineering Contractors."

**E.P.A. in M/s. Roxy Cinema
Motihari, Bihar**

6208. SHRI MD. JAMILURRAHMAN: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether M/s. Roxy Cinema, Motihari in the State of Bihar was covered under the E.P.F. Act, 1952 but was subsequently released from the operation of the said Act and the Scheme on the ground that it did not attract the provisions; and

(b) if so, the action proposed to be taken against the person for irregular release and whether any action to recover it has been conducted so far; if not, the reasons thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VEN-

KATSWAMY): The Provident Fund Authorities have intimated as under:

(a) Yes.

(b) The Regional Provident Fund Commissioner recovered the establishment on further examination as it did not employ twenty or more persons.

**Interim Report of Bhagwati
Committee**

6209. SHRI BIRENDER SINGH RAO: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) the recommendations made by the Bhagwati Committee in its interim report on unemployment submitted to Government;

(b) the salient features thereof; and

(c) the action taken on the recommendations contained therein?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKATSWAMY): (a) and (b). A copy of the interim report of the Committee was laid on the Table of the House on 24th March, 1972. A summary of the recommendations made in the Report is contained in para 90 of the report.

(c) The Inter-Ministerial Working Group which examined the interim report submitted by the Bhagwati Committee made certain suggestions regarding allocations to be made for the employment schemes in 1973-74. This has been kept in view while formulating the annual plan of 1973-74 of Central Ministries and State Government.

Blackmarketing in Coal and Steel

6210. SHRI BHOGENendra JHA: Will the Minister of STEEL AND MINES be pleased to state:

(a) whether unjustifiably high prices for coal and steel are being charged by traders from private and domestic consumers throughout the country; and

(b) if so, the steps being taken to ensure supply at the controlled rate?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) and (b). The position in respect of Coal and Steel is as follows:

(i) *Coal*.—There is no statutory control on coal prices since July 1967. Some traders taking undue advantage of the shortage of coal supplies in some regions due to inadequate rail transport and temporary difficulties arising out of the recent take over of the management of the non-coking coal mines by the Government did increase coal prices. Railways are making efforts to improve the wagon availability for ensuring increased coal supplies to the areas of shortage. Government are also taking steps to bring down prices by creating dumps in major cities and distribution through State administrations.

(ii) *Steel*.—Most of the steel produced is despatched to the actual consumers at regulated prices and only a small percentage of steel production is given to traders for resale purpose. There are three regulated sources for supply of steel material namely main Steel Plants, Billet Re-rollers and stockyards of the main producers and steel materials can be obtained from these sources at uniform prices all over the country.

Use of steel for any purpose other than that for which it is allotted or applied for is an offence. Action is taken whenever cases of leakage of steel given for actual use to the open market come to light.

E.P.F. Dues from Companies

6211. SHRI P. GANGADEB:
SHRI P. M. MEHTA:

Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether Provident Fund contributions for nearly Rs. 20 crores have

not been deposited with the authorities by a number of companies; and

(b) if so, the number of those companies?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKAT-SWAMY): (a) and (b). The Provident Fund Authorities have reported that 7685 un-exempted establishments (inclusive of Companies) have failed to deposit the provident fund contributions (inclusive of past accumulations) to the tune of about Rs. 21.56 crores as on 30-9-1972.

भारतीय नौसैनिक बेड़े में बढ़ोतरी

6212. श्री एम० एस्० पुरती :
श्री जी० वाई० कृष्णन् :

क्या रक्षा मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या भारत सरकार द्वारा भारतीय नौसैनिक बेड़े में कुछ बढ़ोतरी की गई है ;

(ख) क्या नौसेना में कुछ बड़े अफसरों के पद भी बढ़ाए गए हैं; और

(ग) यदि हां, तो उसका व्यौरा क्या

रक्षा मंत्री (श्री जगजीवन राम) :

(क) भारतीय नौसैनिक बेड़े, विशेषतया पनडुब्बी शस्त्र तथा पनडुब्बी रोधी नौसेना एयर विंग, को सुदृढ़ करने के लिए कदम उठाए गये हैं। नौसेना का विकास एक लगातार चलने वाली प्रक्रिया है।

(ख) जी हां श्रीमान।

(ग) प्रिन्सिपल स्टाफ अफसरों के दो पदों का ओहदा बढ़ाकर वाइस एडमिरल कर दिया गया है और रीयर एडमिरल पद में सहायक प्रिन्सिपल स्टाफ अफसरों के तीन पदों का सृजन किया गया है।

**Effect of shortage of Power on
production in Public Sector**

6213. SHRI ARJUN SETHI: Will the Minister of HEAVY INDUSTRY be pleased to state:

(a) to what extent the shortage of power hit the production in the public sector units; and

(b) the reaction of the Government thereto?

THE DEPUTY MINISTER IN THE
MINISTRY OF HEAVY INDUSTRY
(SHRI SIDDHESHWAR PRASAD):

(a) and (b). Production in public sector undertakings in the States where the power cut has been as high as 75 per cent or near abouts, has suffered a severe set back. States where the extent of power-cut has been of the level of 25 per cent or less there has been a marginal dislocation of the production schedule. It has, however, not been possible to quantify the extent of loss in production due to this factor.

The Ministry of Irrigation & Power have considered the problem of power shortage at Regional Power Conferences at which recommendations have been made both for immediate measures and for taking longer term action during the Fifth Plan. The short term measures include acceleration of work on a priority basis on power projects and generating units which may have gone out of order. In some cases, attempts are being made to bridge the gap by borrowing power from nearby surplus areas. Further, The Government is also having the matter reviewed on a regular basis by a Group of Ministers constituted for this purpose. The long term measures include setting up of new projects to be commissioned in the Fifth Plan to meet the increasing power requirements of the country.

In the case of hydro-electric projects, where there is complete dependence on rainfall and storage in the reservoirs, this year's drought has caused power shortages. It is hoped that the situa-

tion in these cases will improve with the next monsoon.

**बिहार में इस्पात नियंत्रक का कार्यालय
खोलने का प्रस्ताव**

6214. श्री चिरंजीव झा : क्या इस्पात और खान मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मुख्य इस्पात उत्पादक राज्य बिहार में इस्पात नियंत्रक का कोई कार्यालय नहीं है; और

(ख) यदि हां, तो उसके क्या कारण हैं और उनके कार्यालय उक्त राज्य में कब खोले जायेंगे ?

इस्पात और खान मंत्रालय में उप-मंत्री
(श्री मुखेश प्रसाद) : (क) जी, हां ।

(ख) दिल्ली, बम्बई, कलकत्ता, मद्रास, कानपुर और हैदराबाद में जहाँ इस्पात की खपत अधिक है लोहा और इस्पात नियंत्रक के क्षेत्रीय कार्यालय खोले गये हैं । ये कार्यालय क्षेत्रीय आधार पर खोले गये हैं और इनका काम इस्पात के दुरुपयोग विशेषतया, वास्तविक उपयोक्ताओं, जिनको इस्पात का आवंटन किया गया हो, द्वारा इसके दुरुपयोग को रोकना है । बिहार राज्य क्षेत्रीय लोहा और इस्पात नियंत्रक, कानपुर के क्षेत्राधिकार में है । फिलहाल प्रत्येक राज्य में अलग-अलग कार्यालय खोलने का कोई प्रस्ताव नहीं है ।

मुख्य इस्पात कारखानों के (बिहार राज्य में स्थित कारखाने भी शामिल हैं) कार्यकरण की देखभाल स्वयं इस्पात नियंत्रक के मुख्य कार्यालय द्वारा की जाती है ।

**Manufacture of D. 50-15A, Komatsu
and Hanomag-K-7 Crawler Tractors**

6215. SHRI S. M. BANERJEE: Will the Minister of HEAVY INDUSTRY be pleased to state:

(a) the prices of D. 50-15A Komatsu and Hanomag K-7 Crawler tractors

respectively based on which SKD/CKD packs were allowed to two public sector units undertaking the manufacture of these machines;

(b) the number of engines allowed in each case; and

(c) the extent of deletions in each lot by either of the units, excluding the prices of dozer blades and how these deletions compare with the relevant licencing conditions imposed on these units?

THE DEPUTY MINISTER IN THE MINISTRY OF HEAVY INDUSTRY (SHRI SIDDHESHWAR PRASAD): (a) The CIF price of complete Crawler Tractor model D 50-15A Komatsu is Rs. 93,800 and that of model Hanomag K-7 Rs. 1,70,000.

(b) 282 of Komatsu and 60 engines of Hanomag crawler tractors were allowed to be imported with SKD/CKD packs in the initial stages of manufacture.

(c) The required information is given as under:—

Model of crawler tractor	Deletion achieved	Lot Not
Komatsu D 50-15A	67%	I
	70%	II
	69·12%	III
	72%	IV
Hanomag K-7	26%	I
	58%	II

The extent of deletions achieved is in accordance with the manufacturing programme approved by Government.

Inflated price on Komatsu Crawler Tractors

8216. SHRI S. M. BANERJEE: Will the Minister of DEFENCE be pleased to state:

(a) whether the former Commercial Manager of the Bharat Earth Movers Limited and the Japanese Liaison Officer representing the foreign suppliers and manufacturers of

Komatsu Crawler Tractors had colluded in furnishing inflated price in foreign exchange to D.G.S. & D.;

(b) whether on discovery of the above facts by the Ministry of Agriculture, the Commercial Manager resigned his post and the Japanese Liaison Officer committed suicide; and

(c) the extent by which the prices thus artificially inflated by the above-mentioned officers affected the consumer interests?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): (a) to (c). Bharat Earth Movers Limited have not so far submitted any quotation to the DG-S&D for the import of Crawler Tractors. However, during discussions with the DG S&D and the Ministry of Food & Agriculture (Department of Agriculture in the year 1969 in respect of the price quoted by Bharat Earth Movers Limited for the indigenously produced D50-A15 type Crawler Tractors, the Company had, for the purposes of comparison, given an indication of the FOB price of such Crawler Tractors to the DG S&D. According to the Ministry of Food and Agriculture, the FOB Komatsu price of the D50-A15 Crawler Tractor then indicated by Bharat Earth Movers Limited was on the high side. However, the FOB price indicated by BEML was based on the information in this respect furnished by the local Komatsu Office. As BEML had at that time no regular distributorship or agency arrangement with Messrs. Komatsu, the price list for this equipment was not available to the Company. In any case, there was no proposal to import any Crawler Tractor from M/s. Komatsu at the above-mentioned FOB price and neither M/s. Komatsu nor Messrs BEML sought or received any benefit as a result of the indication of the FOB price as above. Therefore, the question of any collusion or prejudicial effect on the consumer interest does not arise.

2. The price of the indigenously produced D50-A15 Crawler Tractors quoted by BEML was based on the Company's cost of production and was not related to the FOB price of such Crawler Tractors. However, since the Ministry of Food and Agriculture was still not satisfied and considered BEML's price to be on the high side, the Company has, as a result of persuasion by Government, agreed to a Cost Study by the Bureau of Public Enterprises of its price for the D50-A15 Crawler Tractors and this Study is at present in progress.

3. We have no evidence to suggest that the resignation of the General Manager (Commercial) of BEML in 1971 and the reported suicide of the Komatsu representative with the above-mentioned issues have any link up.

Strike in J.K. Jute Mills Ltd., Kanpur

6217. SHRI S. M. BANERJEE: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether the strike in J.K. Jute Mills Ltd., Kanpur is still continuing;

(b) whether any reply has been received from the State Labour Minister; and

(c) if not, the steps taken by Government in this regard?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKATSWAMY): (a) Yes, Sir.

(b) and (c). The dispute falls within the purview of the State Government who have, however, sent us the facts relating to the dispute.

Foreign Agreements Committee re : Manufacture of Tractors and Power Tillers

6218. SHRI S. M. BANERJEE: Will the Minister of HEAVY INDUSTRY be pleased to state:

(a) whether a meeting of the Foreign Agreement Committee was held on the 9th September, 1968 to consider the collaboration cases of tractor and power tillers to be manufactured in the country; and

(b) if so, the make/model of tractors considered in this meeting indicating *inter alia* the horse-power in each case, as mentioned in the Agenda Notes circulated for this meeting?

THE DEPUTY MINISTER IN THE MINISTRY OF HEAVY INDUSTRY (SHRI SIDDHESHWAR PRASAD):

(a) Yes, Sir.

(b) The following collaboration proposals for tractors were considered at the Foreign Agreement Committee meeting held on the 9th September, 1968:—

(i) The Punjab State Industrial Development Corporation Ltd., Chandigarh.—Bulgarian 13 HP.

(ii) M/s. Ghaziabad Engineering Co. Pvt. Ltd., New Delhi (Now M/s. Harsha Tractors Ltd., New Delhi).—DT-14B (14 or 20HP).

(iii) M/s. Escorts Tractors Ford Ltd., Faridabad (46 HP).

Representation from M.P.s regarding functioning of Sainik Schools

6219. SHRI VAYALAR RAVI: Will the Minister of DEFENCE be pleased to state:

(a) whether Government received any representation from some Members of Parliament regarding the functioning of the Sainik Schools in India; and

(b) if so, the outline thereof and the reaction of Government thereto?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) Yes, Sir.

(b) Thirteen MPs had suggested the constitution of a Parliamentary Com-

mittee to look into the affairs of Sainik Schools. The Hon'ble Members felt that the conditions of service of the staff required revision and the schools should not be controlled by Service officers.

Government consider that since the objective of these schools is to train potential officers for Armed Forces, the association of experienced Service officers with the Sainik Schools is essential. The terms and conditions of service of teachers and other staff in these schools are similar to those obtaining in good Public Schools.

The desirability of reviewing the performance of Sainik Schools has been engaging the attention of the Government. A high powered Committee consisting of distinguished educationists, representatives of Ministries of Defence, Education and Finance and some State Governments is expected to start functioning shortly. Therefore it does not seem necessary to appoint a Parliamentary Committee for this purpose.

Change in Structure of Sainik School Administration

6220. SHRI VAYALAR RAVI: Will the Minister of DEFENCE be pleased to state:

(a) whether Government propose to bring about any change in the structure of Sainik School Administration so as to increase the utility of the education in these schools; and

(b) if so, the outlines thereof?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) and (b). A High Power Committee has already been constituted, with wide terms of reference to review basic objectives, performance and functioning of Sainik Schools. This Committee, which will be meeting shortly, will examine all aspects of the administration of the Sainik Schools. On receipt of the recommendations of the Committee Government will initiate necessary action.

बिहार के गिरीडीह जिले में टिसरी सब-डिवीजन की अभ्रक खानों में मजदूरों की मृत्यु

6221. श्री रामावतार शास्त्री : क्या भ्रम और पुनर्वास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बिहार के गिरीडीह जिले में टिसरी सब-डिवीजन की अभ्रक खानों में अक्टूबर, 1972 से पहली मार्च, 1973 तक हुई दुर्घटनाओं में पांच मजदूरों की अकाल मृत्यु हुई है ;

(ख) यदि हां, तो जिन अभ्रक खानों में उक्त दुर्घटनाएं घटी हैं उनके तथा मृतकों के नाम क्या हैं और इन दुर्घटनाओं के कारण क्या हैं ;

(ग) क्या इन दुर्घटनाओं के लिये उत्तरदायी व्यक्तियों के विरुद्ध अब तक कोई कार्यवाही नहीं की गई है ; और

(घ) यदि हां, तो इसके क्या कारण हैं और सरकार का विचार उनके विरुद्ध कब तक कार्यवाही करने का है और किस प्रकार की कार्यवाही की जायेगी ?

भ्रम और पुनर्वास मंत्रालय में उप-मंत्री (श्री जी० वेंकटस्वामी) : (क) जी हां ।

(ख) एक विवरण संलग्न है ।

(ग) और (घ). रेड़ी अभ्रक खान और रेडीयातारी अभ्रक खान में हुई दो दुर्घटनाएं छोड़ी हुई खानों में हुई हैं, दुर्घटनाएं जिनके बारे में यह अभिकथित है कि स्थानीय ग्रामवासियों द्वारा अनधिकृत कार्य हो रहा था जिसके परिणामस्वरूप दुर्घटनाएं हुई । चूंकि दुर्घटनाओं में अनधिकृत व्यक्ति अन्तर्गस्त थे और वे मारे गये इसलिए उनके विरुद्ध कार्रवाई करने का प्रश्न नहीं उठा तीसरी दुर्घटना के सम्बन्ध में रिपोर्ट की प्रतीक्षा की जा रही है और जांच रिपोर्ट के परिणामों के आधार पर यथोचित कार्रवाई की जायेगी ।

विवरण

(ख) खान का नाम	दुर्घटना की तारीख	दुर्घटना का कारण	मारे गये व्यक्तियों का नाम
1. मसर्स गावन माइका माइनिंग क० लि० की रेड़ी माइका माइन .	1-10-72	गैसों से दम घुटना	1. केदार पांडे 2. हेमराज रबीदास
2. मैसर्स गावन माइका माइनिंग क० लि० की रेड़ियातारी माइका माइन	29-1-73	दीवार का गिरना	1. कुलोसाग्रो 2. बदरी गोप
3. मैसर्स सिंगों माइका माइनिंग क० लि० की मुराली पहाड़ी .	1-3-73	छत का गिरना	चेतन तूरी ।

लपंगा कोलियरी के सरकार के हाथ में आने के बाद उसके मजदूरों को काम से हटाना

6222. श्री रामावतार शास्त्री : क्या इस्पात और खान मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बिहार के हजारीबाग जिले में लपंगा कोलियरी के सरकार के हाथ में आने के बाद उसके प्रबन्धक बोर्ड ने उसमें काम करने वाले 95 प्रतिशत मजदूरों को काम से निकाल कर नए मजदूरों की भर्ती की है;

(ख) यदि हां, तो ऐसे अधिकारियों के विरुद्ध क्या कार्यवाही की गई है; और

(ग) लपंगा कोलियरी में काम कर रहे मजदूरों की सेवा-अवधि क्या है ?

इस्पात और खान मंत्रालय में उप-मंत्री (श्री सुखदेव प्रसाद) : (क) से

(ग). जानकारी एकत्रित की जा रही है और संभा पटल पर रखी जाएगी ।

Setting up of Slag Granulation Plant near Bokaro by Bihar Government

6223. SHRI S. A. MURUGANANTHAM: Will the Minister of STEEL AND MINES be pleased to state:

(a) whether Bihar Government propose to set up a slag granulation plant near Bokaro;

(b) whether the Bokaro Steel Plant has agreed to supply Slag required by the proposed plant; and

(c) if so, the quantity and value of slag to be supplied by the Bokaro Steel Plant?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) to (c). The State Governments of Bihar and Uttar Pradesh had shown interest in setting up facilities to granulate the slag arisings from the Bokaro Steel Plant for manufacture of cement. However, the Board of Directors of Bokaro Steel Ltd. have recently decided to set up their own slag granulation Plant at Bokaro. After the setting up of the Plant, Bokaro Steel Plant would supply granulated lag to various customers including Governments of Bihar and Uttar Pradesh.

Import Contents of Warships built at Mazagon Dock Limited

6224. SHRI S. A. MURUGANANTHAM: Will the Minister of DEFENCE be pleased to state:

(a) what is the percentage of the import contents of warships built at Mazagon Dock, Bombay;

(b) what steps have been taken to eliminate these import contents completely; and

(c) how long it will take to achieve this aim?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): (a) The major activity of Mazagon Dock Ltd., Bombay in the field of warship construction at present relates to the Leander Class Frigates. Import content of the Frigates currently being built by Mazagon Dock Ltd. is approximately 45 per cent.

(b) and (c). Constant efforts are being made to increase the indigenous content of the frigates. Two Directorates, viz. a Directorate of Warship Projects and a Directorate of Production and Inspection (Naval) have been set up under the Department of Defence Production with a view to assist in maximum indigenisation of the various items of machinery/equipment for the Warships to be built in India. With the help of these agencies, indigenous manufacture of a number of major items including Main Boilers, Main Turbines and Main Gearing, etc., required for the Frigates, has been successfully established in the country. Indigenous production of sophisticated radar and fire control equipment for fitment on these Frigates has also commenced and considerable progress has also been achieved in the indigenous manufacture of auxiliary and electrical machinery.

While the progress towards indigenisation is expected to improve in the coming years, it may not be possible to achieve cent per cent indigenisation in view of the changing requirements of weaponry and equipment due to advances in technology and also because in the case of some of the items, indigenisation would not be economical due to very limited requirements.

Literary and Academic Publications to Jawans and Officers of Indian Army

6225. SHRI N. TOMBI SINGH: Will the Minister of DEFENCE be pleased to state:

(a) whether Government are aware that the Jawans and officers of the Indian Army are not receiving literary and academic publications suitable to them as their counterparts in other countries are;

(b) whether Government are considering a scheme for publication of selected books on selected subjects for sale among jawans and officers of the Indian Army at concessional rates and suitably edited for the purpose; and

(c) if so, the basic features of such scheme?

THE DEPUTY MINISTER IN THE MINISTRY OF DEFENCE (SHRI J. B. PATNAIK): (a) No, Sir. Adequate arrangements exist for the purchase of literary and academic publications considered suitable for jawans and officers which are placed in their recreation rooms and libraries for being studied by them.

(b) No, Sir.

(c) Does not arise.

Education of Labour for Healthy Labour-Employer Relations

6226. SHRI N. TOMBI SINGH: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether Government have taken up measures to educate various categories of labour for a healthy growth of labour-employer relation and trade unionism; if so, the broad outlines thereof;

(b) whether Government are considering measures for ensuring safeguards against destructive elements entering the labour world; and

(c) if so, the basic features of such measures?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKATSWAMY): (a) to (c). A countrywide programme of Workers' Education is in operation since 1958. The Scheme aims at creating a well informed and responsible labour force capable of organising and running the trade unions on sound lines. Under the Scheme, instruction is provided in topics like trade union philosophy, trade union organisation, union-management relations, labour legislation, collective bargaining and other matters of labour interest.

Measures to Supply C.I. Sheets and Iron rods to difficult Areas

6227. **SHRI N. TOMBI SINGH:** Will the Minister of STEEL AND MINES be pleased to state:

(a) whether Government are aware of the fact that far flung areas like Manipur are facing great difficulty owing to high prices of C.I. sheets and iron rods caused by non-reaching of their due quotas in time;

(b) if so, what measures have been taken or proposed to be taken to remove the said difficulty; and

(c) whether Government are considering special measures in the matters of wagon allotment and release of quotas for these difficult areas; if so, the broad outlines of the measures?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) and (b). There is no state-wise quota now for iron and steel materials. Despatches now take place in accordance with the decisions of the Steel Priority Committee, who allot priority, taking into consideration the end-use for which the material is required, the availability of the category, other competing demands, etc.

(c) No complaints have been received in recent months by the Ministry of Railways about inadequate movement of iron and steel from steel plants to Manipur due either to inadequate wagon availability or any operational restrictions in movements.

Raising of Manipur Regiment

6228. **SHRI N. TOMBI SINGH:** Will the Minister of DEFENCE be pleased to state:

(a) whether Government are considering the raising of Regiment to be named as Manipur Regiment; and

(b) if so, the salient features thereof?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) No, Sir.

(b) Does not arise.

Army Act Applicability

6229. **SHRI HUKAM CHAND KACHWAI:** Will the Minister of DEFENCE be pleased to state:

(a) whether Army Act is applicable in respect of the employees serving in Nos. 1, 2, 3 Field Ordnance Depots and Ordnance Transit Group, Pathankot; and

(b) if so, since when?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) Yes, Sir.

(b) Since 28th November, 1962.

Indefinite Hunger Strike by Military Engineering Service Employees at Pathankot

6230. **SHRI HUKAM CHAND KACHWAI:** Will the Minister of DEFENCE be pleased to state:

(a) whether there was fifty-two days long relay and indefinite hunger strike observed by the MES employees at Pathankot in September?

October, 1972; if so, which was the trade union and to whom affiliated and what were the demands;

(b) whether as a consequence of the above hunger strike all the casual employees having 180 days continuous service at their credit in MES within North and Western Commands were regularised but nearly 400 casual workers of MES at Pathankot are still not regularised; and

(c) if so, the reasons therefor?

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM): (a) A relay hunger strike was observed with effect from 6th September, 1972 by an unrecognised trade union called the Western Command MES Employees Union, in support of the following demands:—

(i) protection from transfer of office-bearers of the Union; and

(ii) conversion of casual employees into temporary ones.

(b) and (c). Action has already been taken by the concerned authorities to absorb as many casual persons as possible, as temporary employees, to the extent vacancies are available in the Unit at Pathankot.

Implementation of C.H.S. Rules in H.E.C., Ranchi

6232. SHRI KARTIK ORAON: Will the Minister of HEAVY INDUSTRY be pleased to state:

(a) whether the Management of Heavy Engineering Corporation Ltd., Ranchi had come to an agreement with Indian Medical Association, Jagannathpur Branch to regularise pay, promotion and other service conditions in line with those obtaining in Central Health Service;

(b) if so, when the agreement was entered into and whether prospective and late implementation imposed heavy losses upon the medical officers; and

(c) whether C.H.S. Rules are being implemented in letter and spirit by Management of H.E.C. Ltd., today in respect of pay promotion and other benefits?

THE DEPUTY MINISTER IN THE MINISTRY OF HEAVY INDUSTRY (SHRI SIDDESHWAR PRASAD):

(a) No, Sir.

(b) Does not arise.

(c) The C.H.S. Rules have not been made applicable to the Medical Organisation of the Heavy Engineering Corporation Ltd.

Agricultural Aircraft Manufactured by HAL

6233. SHRI VISHWANATH PRATAP SINGH: Will the Minister of DEFENCE be pleased to state:

(a) the number of agricultural aircraft that have so far been manufactured by HAL, Bangalore;

(b) the foreign exchange component involved in the production of each such aircraft;

(c) the production rate per annum of such aircrafts; and

(d) the total cost in Indian currency of one such aircraft, including the foreign exchange components?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDAYA CHARAN SHUKLA): (a) Two prototypes of the agricultural aircraft BASANT have so far been built by HAL, Bangalore Division and flight development trials are nearing completion.

(b) Rs. 2.5 lakhs per aircraft excluding back-up spares.

(c) The planned programme for the manufacture of this aircraft is as follows:—

1973—74		8
1974—75		20
1975—76		40
1976—77 onwards		60

(d) The estimated cost per aircraft is Rs. 6.9 lakhs on the basis of present indications. A firm estimate will however be available when regular production commences.

Plots available for Allotment to East Pak Refugees in Chittaranjan Park, New Delhi

6234. SHRI CHANDRIKA PRASAD: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether about 200 residential plots are still available for allotment to eligible displaced persons from erstwhile East Pakistan in Chittaranjan Park, New Delhi;

(b) whether Government have finalised the scheme for construction of multi-storeyed buildings on 55 large sized plots in the above rehabilitation colony; and

(c) if so, whether Government will consider the desirability of issuing a fresh press note for further allotment within a reasonable time?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI RAGHUNATHA REDDY): (a) 55 plots in 233 Sq. Yards Category and 2 plots in 160 Sq. Yards Category are now available for allotment. Another 154 plots in 160 Sq. Yards Category could not be developed as yet due to encroachments and litigation. It may be possible to develop some of these plots only.

(b) The details of the scheme are under examination in consultation with the Delhi Development Authority.

(c) A Press Note will be issued as soon as the scheme is finalised.

पूर्वी पाकिस्तान विस्थापित कालोनी, कालकाजी, नई दिल्ली में भूतपूर्व पूर्वी पाकिस्तान से आये विस्थापितों को अलाट किये गये प्लाट

6235. श्री चन्द्रिका प्रसाद : क्या श्रम और पुनर्वासि मंत्री यह बताने की कृपा करेंगे कि :

(क) कालकाजी, नई दिल्ली के निकट स्थित पूर्वी पाकिस्तान विस्थापित कालोनी में, दिल्ली में रहने वाले भूतपूर्व पूर्वी पाकिस्तान के कुल कितने विस्थापित को अब तक प्लाट अलाट किए गए हैं ;

(ख) उक्त कालोनी में जिन्हें प्लाट अलाट किए गए हैं उनके प्लाट-वार नाम और पतों सहित अन्य ब्यौरा क्या है;

(ग) क्या सरकार निकट भविष्य में उक्त कालोनी में पूर्वी पाकिस्तान के अन्य विस्थापितों को और प्लाट अलाट करेगी; और

(घ) यदि हां, तो तत्सम्बन्धी मोटी रूपरेखा क्या है ?

श्रम और पुनर्वासि मंत्री (श्री रघुनाथ रेड्डी) : (क) 1813 (एक हजार आठ सौ तेरह) ।

(ख) जानकारी एकत्रित की जा रही है और बाद में सभा की मेज पर रख दी जाएगी ।

(ग) और (घ). शेष प्लाट उचित पद्धति से भूतपूर्व पूर्वी पाकिस्तान से आए उन विस्थापित व्यक्तियों को अलाट किए जाएंगे जिन्होंने विभाग के प्रेस नोटों के प्रत्युत्तर में अनुरोध किया था और जिन्हें इसके लिए पात्र घोषित किया गया है या पात्र पाया गया है । यह भी इस शर्त पर किया जाएगा कि उस वर्ग में प्लाट उपलब्ध हों जिस वर्ग में वे आते हों ।

इसके अलावा सामूहिक आवास के आधार पर पात्र व्यक्तियों को अलाट करने के लिए बड़े आकार के 55 प्लॉट हैं। इस योजना के विवरणों की दिल्ली विकास प्राधिकरण की सलाह से जांच की जा रही है। जैसे ही योजना को अन्तिम रूप दे दिया जाएगा एक प्रेस नोट जारी कर दिया जाएगा।

Recognition of Trade Unions of Workers in Public Undertakings

6236. SHRI CHANDULAL CHANDRAKAR: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) the number of Trade Unions of Workers in various public undertakings which have got the recognition in the last three months;

(b) their affiliations with various political parties; and

(c) whether there is any new criteria for giving recognitions to various Trade Unions?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKATSWAMY): (a) and (b). Two Unions, affiliated to the All India Trade Union Congress, and functioning in the Public undertakings in the Central sphere were recognised on the basis of the verification of membership conducted under the Code of Discipline, during January to March 1973.

(c) No, Sir.

Advance for drought to Employees of Bhilai Steel Plant

6237. SHRI CHANDULAL CHANDRAKAR: Will the Minister of STEEL AND MINES be pleased to state:

(a) whether the Bhilai Steel Plant employees coming from Uttar Pradesh, Bihar and West Bengal were given Rs. 500 each as advance for drought in their respective States; and

(b) if so, the reasons for denying this facility to employees coming from Madhya Pradesh?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) No such advance has been given to any employee this year, i.e., 1972-73. The reference is probably to an advance given in 1967 to non-executive employees of HSL, including Bhilai Steel Plant, coming from the drought affected areas of Uttar Pradesh and Bihar. This advance was equivalent to three months' basic pay subject to a limit of Rs. 500. No such advance was given to employees from West Bengal.

(b) As no advance by way of drought relief has been given to any employee of HSL now, there is no question of employees from any State being denied a facility given to others.

Permanent Employees Working in Bhilai Steel Plant

6238. SHRI CHANDULAL CHANDRAKAR: Will the Minister of STEEL AND MINES be pleased to state:

(a) the total number of permanent employees working in the Bhilai Steel Plant;

(b) the number of Officers and others;

(c) how many employees were recruited. State-wise, category-wise since its inception each year; and

(d) the yearly amount spent on casual workers?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) and (b). The total number of permanent employees in the Bhilai Steel Plant as on March 1, 1973, was 44,850—of which 2,518 were Officers and 42,132 were other employees.

(c) Statistics of employment by place of birth or residence are not maintained by the Steel Plants under Hindustan Steel Ltd.

(d) During the year 1972-73 (up to 28th February, 1973) the total amount spent on casual workers was Rs. 40,87,652.58.

Co-operative Farming Society formed by Officers of Bhilai Steel Plant

6239. SHRI CHANDULAL CHANDRAKAR: Will the Minister of STEEL AND MINES be pleased to state:

(a) whether the Officers of Bhilai Steel Plant have ever formed a co-operative farming society;

(b) if so, how many acres of land was under the farm; and

(c) whether fencing, ploughing, and other maintenance of the farm are done by Bhilai Steel Plant and yet the same is running at a loss?

THE DEPUTY MINISTER IN THE MINISTRY OF STEEL AND MINES (SHRI SUKHDEV PRASAD): (a) Initially, 21 cooperative farming societies were constituted by the officers and workers of the various departments of Bhilai Steel Plant. Of these, 11 societies are functioning at present.

(b) 1,599 acres.

(c) In the initial stages, levelling and fencing of land of the societies was done by the plant management. Neither maintenance nor ploughing of the farms was done by the management. All the societies are not running at a loss. Out of the 11 functioning societies, four are working satisfactorily. Losses are mainly due to paucity of rains and inadequate supply of water.

Ratings of Hydro and Steam Generating sets manufactured by H.E.L. and B.H.E.L.

6240. SHRI D. D. DESAI: Will the Minister of HEAVY INDUSTRY be pleased to state:

(a) the number of ratings of Hydro and Steam Generating sets manufac-

tured by the H.E.L. and B.H.E.L. so far; and

(b) the respective dates of their commission, load taken as percentage of ratings, and the idle periods of each Unit due to break-down and maintenance?

THE DEPUTY MINISTER IN THE MINISTRY OF HEAVY INDUSTRY (SHRI SIDDHESHWAR PRASAD):

(a) and (b). A tabular statement is laid on the Table of the House. [Placed in Library. See No. LT-4729/73].

Schedule for Commencement/Completion and Commissioning of various projects under Ministry of Heavy Industry

6241. SHRI R. P. ULGANAMBI: Will the Minister of HEAVY INDUSTRY be pleased to state:

(a) the original time schedule for Commencement/Completion and Commissioning of each project/plant undertaken by each company/undertaking either fully or partly Government owned under the charge of the Ministry of Heavy Industry; and

(b) the original time schedule for commencement, completion and commissioning of each separate unit in each such project or plant if such commencement /completion/ commissioning was scheduled to be done unit by unit?

THE DEPUTY MINISTER IN THE MINISTRY OF HEAVY INDUSTRY (SHRI SIDDHESHWAR PRASAD):

(a) and (b). The requisite information is being collected and will be laid on the Table of the House.

Workers Laid off in Singareni Collieries

6242. SHRI M. RAM GOPAL REDDY: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether the workers in some of the mines of the Singareni Colli-

ries in Andhra Pradesh have been laid off; and

(b) if so, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKATSWAMY): (a) and (b). The management of Singareni Collieries Co. Ltd. had laid off from 10th March 1973 to 30th March 1973 about 20,000 workmen employed in their coal mines, as about 900 mining staff (Overmen, Sirdars and Shot Firers) had gone on strike from 10th March, 1973 to 20th March, 1973.

Damage to Indian Mission at Phnom Penh in Raid by an Unidentified Plane

6243. SHRI M. RAM GOPAL REDDY: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether any staff of the Indian Mission at Phnom Penh was killed or injured during the recent raid by an unidentified plane on the Presidential Palace at Cambodia;

(b) if so, the facts thereof; and

(c) the damage suffered by the Indian Mission thereby?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) No, Sir.

(b) Does not arise.

(c) Cracks appeared in the walls and ceilings of the house of our Charged Affaires. Some doors and windows were also damaged.

Compulsory Insurance for Workers in Hazardous Jobs

6244. SHRI M. RAM GOPAL REDDY: Will the Minister of LABOUR AND REHABILITATION be pleased to state:

(a) whether there is any proposal under consideration of the Govern-

ment for providing compulsory insurance cover to all workers or atleast to those workmen engaged in hazardous jobs; and

(b) if so, the time by which Government propose to take a final decision in the matter?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI G. VENKATSWAMY): (a) and (b). The Employees' State Insurance Act, 1948 already provides for compulsory insurance against employment injury for a large number of workers employed in perennial factories, employing 20 or more persons and using power. The question of further extension of the provisions of the Act to additional categories of establishments, including smaller factories, shops and commercial establishment, mines and plantations is under consideration. As for the workers employed in factories and other establishments, which are not covered by the Employees' State Insurance Act, but are covered by the Workmen's Compensation Act, a proposal for introducing compulsory insurance of employer's liability under the Act is under consideration. Government have also introduced from 1st March, 1971. Family Pension Schemes for members of the Employees' Provident Fund providing for the grant of Family Pension and Assurance Benefit to families in case of death of the member while in service.

कोटा गार्ड ट्रेनिंग सेंटर में गोली लगने से एक स्त्री का जखमी होना

6245. श्री श्रीकांत लाल बेरवा : क्या रक्षा मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या स्टेशन के निकट स्थित कोटा गार्ड ट्रेनिंग सेंटर में गोली चलाना सीखते समय चलाई गई गोली से फरवरी, 1973 में तीरथ गांव की एक स्त्री जखमी हो गई थी; और

(ख) यदि हां, तो उसके क्या कारण ?

रक्षा मंत्री (श्री जगजीवन राम) :

(क) और (ख). यह बताया गया है कि कोटा में दुदुवाड़ा रेंज में सेना द्वारा किए जाने वाले फायरिंग अभ्यास के दौरान बूढ़ी जिले से संबंधित एक स्त्री 2 मार्च 73 को घायल हो गई थी । फायरिंग तभी शुरू की गई थी जबकि रेंज पुलिस द्वारा खाली करवा दी गई और इस आशय का प्रमाण पत्र दिया गया था । एक जांच अदालत के आदेश दे दिए गए हैं । अदालत के निष्कर्ष प्राप्त होने के पश्चात् ही दुर्घटना के कारणों के संबंध में जाना जा सकता है ।

Import of Air Crash Tenders by Defence Institute of Fire Research

6246. SHRI FATEH SINGH RAO GAEKWAD: will the Minister of DEFENCE be pleased to state:

(a) the number of Air Crash Tenders imported during the last two years by the Defence Institute of Fire Research;

(b) the basis of distribution to various States and Union Territories; and

(c) the steps taken by Government to modify the old crash tenders and to stop the import and to develop the same indigenously?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): (a) No Air Crash tender has been imported by the Defence Institute of Fire Research during the last two years.

(b) Defence Institute of Fire Research is not responsible for distribution of Air Crash tenders to States/ Union Territories.

(c) The existing crash tenders with IAF have been modified to the extent possible and are currently in use. The project for indigenous development of crash tenders for the Air Force has

been taken in hand and is nearing completion. In so far as the air crash tenders for the Civil Aviation are concerned, the vehicles are being developed by the Director General, Civil Aviation and the Defence Institute of Fire Research in mutual consultation.

Expenditure Incurred on Import of Foam Compound for Extinguishing Fire

6247. SHRI FATEHSINGHRAO GAEKWAD: Will the Minister of DEFENCE be pleased to state:

(a) the total expenditure incurred by his Ministry for the import of Foam Compound for extinguishing fire during the last two years; and

(b) the steps taken by Government to make the Foam Compound and light water indigenously?

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): (a) No Foam Compound has been imported for extinguishing fire during the years 1971-72 and 1972-73. However, about 430 litres of Foam Compound was imported during the above period for trials and evaluation and the expenditure involved was about Rs. 6,500.

(b) Protein Foam Compound is already being manufactured indigenously. Steps have been taken to develop Fluoro Protein Foam Compound. Studies are being carried out for feasibility of the development of light water (Synthetic Fluoro Compound).

Setting up of Commonwealth of Asian Nations

6248. SHRI H. N. MUKHERJEE:
SHRI SHIV KUMAR SHASTRI:

Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether* proposals for a commonwealth of Asian Nations have been made recently;

(b) if so, the purpose of setting up such a Commonwealth of Asian Nations; and

(c) the reaction of Malaysia and other South East Asian countries to the proposal?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): (a) No, Sir.

(b) and (c). Do not arise.

खेतड़ी ताँबा खानों में उत्पादन में प्रगति

6249. श्री ओंकार लाल बेरवा : क्या इस्पात और खान मंत्री यह बताने की कृपा करेंगे कि :

(क) खेतड़ी ताँबा खान में वर्ष 1970 से अब तक उत्पादन में कितनी प्रगति हुई है ;

(ख) क्या यह प्रगति बहुत धीमी और

(ग) यदि हां, तो इस के क्या कारण

इस्पात और खान मंत्रालय में उप-मंत्री (श्री सुखदेव प्रसाद) : (क) खेतड़ी ताम्र परियोजना की खानों में ताम्र अयस्क का नियमित उत्पादन अभी आरम्भ नहीं हुआ है । तथापि, खान विकासीय मंत्रियाओं के प्रासंग में ताम्र अयस्क का कुल उत्पादन प्राप्त किया जा रहा है । 1970 से लगभग 2,75,000 टन विकासीय अयस्क, उत्पादित और स्टॉक में एकत्रित किया जा चुका है ।

(ख) जी, नहीं ।

(ग) प्रश्न नहीं उठता है ।

CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMPORTANCE

Reported brutal killing of three workers at East Basuria Colliery quarters near Dhanbad .

SHRI DINEN BHATTACHARYYA (Serampore): I call the attention of the Minister of Steel and Mines to the following matter of urgent public importance and request that he may make a statement thereon:

"The reported brutal killing of workers at the East Basuria Colliery quarters near Dhanbad on 2nd April, 1973, by a gang of armed goondas."

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMARA-MANGALAM): On April 2nd, 1973, at about 9.00 hours, a group of persons armed with fire arms like guns, rifles and country bombs attacked Dhowrah No. 4 of East Basuria Colliery now under the Bharat Coking Coal Limited as Custodian consequent on the take over of non-coking coal mines by the Government on 31st January, 1973. The Government of Bihar have reported that 22 gun shots and bullet marks have been found on the outer walls of different quarters. At the place of occurrence about 22 empty cartridges, one live cartridge, two live bombs and one misfired bomb were recovered.

After the attack, one dead body with gun shot wounds was found at the spot. The name of the deceased is Thami Mandal. Another dead body stated to be that of a worker called Kadir Mian was reportedly taken away by the attacking party. According to the Government of Bihar fourteen persons received gun-shot and rifle shot injuries of whom three were in serious condition. One of these, called Jagdish Mandal, is reported to have expired.

It is understood that the police has registered cases under Sections 147/148/149/302/307 IPC for rioting with murder and attempted murder, under

[Shri S. Mohan Kumaramanglam.]

Section 25 of the Arms Act and Section 5 of the Explosive Act. They had, by the evening of the 3rd instant arrested about 24 persons and also seized one of the cars alleged to have been used in the commission of the offence. Processes for arrest of those absconding are being executed. Reinforcements have been sent and patrolling in the area has been introduced.

At the time of occurrence of the offence, a party of the Central Industrial Security Force was camping in the area. Since they did not offer resistance, the Deputy Inspector General of Police Central Industrial Security Force has suspended the entire unit of CISF men.

The local manager of the colliery, Shri Kang and the Assistant Labour Officer, Shri A. P. Singh, who were also named as accused, are reportedly absconding. The Bihar Government have reported that the offence took place in collusion with the local management of the colliery. The Bharat Coking Coal Limited has suspended from service, pending enquiry, the Manager of the colliery, the Assistant Labour Officer and a supervisor named Ramchandra Singh. Bharat Coking Coal Limited is taking appropriate action against some other employees who have been named as accused.

That detailed reasons for the incident are being looked into. However, it may be mentioned that this locality is said to have an old history of inter-union rivalry.

I like to express my sincere condolences to the families of the unfortunate victims of the incident. All steps necessary to restore normal working conditions and security of life and property in the area will be taken and for this purpose full cooperation will be maintained with the State Government.

SHRI DINEN BHATTACHARYYA:
Mr. Speaker, Sir, it was rather a ghastly murder, a cold-blooded murder, that

Colliery (C.A.)

took place in this particular incident. No doubt, some steps have been taken; the Manager has been suspended and the Central Industrial Security Force men there have also been suspended.

But, Sir, this incident is not an isolated incident. The same nature of incident is taking place under the direct patronage of the ruling Party/ by the INTUC gangsters and goondas all over the industrial areas of West Bengal and specially in the coal belt of Asansol, Jharia and Dhanbad. This is a naked example.

In broad day light, at 09-00 hrs., in the morning, goondas in two or three cars reached the spot, first pulled down and tore away the CITU flag that was there in the football ground and then attacked Dhowrah, about which the statement mentions, for nearly 30 minutes! And action was taken only after 24 hours! May I know whether it will be quite correct on my part to conclude from this that there was collusion between the police, and the INTUC goondas, and if so, whether the Government will institute an inquiry into this matter? I want to know why there was this long gap. More than 24 hours were taken to arrest these goondas. The Manager is absconding as it appears from the statement. What is this? Can a colliery manager, after doing all this mischief, abscond for more than two days? Then, what Government is functioning there. I do not know. The Minister will kindly reply to that.

It was also a practice that, by keeping a large number of contract labourers, the labour relations in the colliery belts were always being utilised in favour or in the interest of coal mine owners. Those who have some experience of the coal belts know that the thana officers, the police officers, were regularly on the pay-rolls of coal mine owners. The same practice is still continuing, and it is a blatant example of the collusion of the police and the goondas who belong to INTUC.. (interruptions).

MR. SPEAKER: As you use these words, sometimes I find it very difficult to help you when you object to such words being used by others.

SHRI DINEN BHATTACHARYYA: Here is the *Times of India* which says that 25 INTUC men were held.. (Interruptions).

MR. SPEAKER: Then say 'men' and not 'goondas'. Otherwise, it will be very difficult for the Chair to control.

SHRI DINEN BHATTACHARYYA: I can manage myself if those people stand and speak.

MR. SPEAKER: Not a question of your managing, it is a question of the dignity of the House.... (Interruptions) No, please.

SHRI DINEN BHATTACHARYYA: I expect that it has been brought to the notice of Mr. Kumaramangalam who is the employing Minister of big industrial undertaking in the public sector—the report by the International Labour Organisation, which I want to mention—only the relevant portion.

Considering a series of such complaints from March 22, onwards by the CITU, United Trade Unions Congress and the Calcutta State Transport Employees' Union, the Committee on Freedom of Association of the ILO observed in its 136th report:

"The Committee takes the view that the situation involving the large number of unions affiliated to the complainant organization was of a sufficiently serious nature, involving not only physical violence and destruction of property but also the severe restriction of the free exercise of trade union rights as to warrant stringent measures being taken by the authorities to restore a normal situation."

SHRI A. P. SHARMA (Buxar): You must know the jurisdiction of the ILO.

SHRI DINEN BHATTACHARYYA:

You kindly consult your own dictionary. Again in para 66, the Committee recorded:

"It would appear, however, from the detailed information supplied by the complainants that although the authorities were aware of the frequency and gravity of the attacks on members of the CITU-affiliated organizations, on the property of these organisations, intervention on the part of the authorities was often inadequate to ensure protection of trade union rights."

May I know from the Minister whether the situation demands serious attention of the authority after the report of the I.L.O.P.? I think Dr. Ranen Sen and Mr. S. M. Banerjee would also corroborate that the same method of gangsterism is now being applied against the Unions that are led by them. I know particularly in the IOC Union of which Dr. Ranen Sen is the President, regular gangsterism and goondaism are being indulged in by the INTUC.

My question to the Minister, who poses himself to be very serious and progressive, is what positive action the Government purpose to take so that the trade union rights are really protected and the workers both of the collieries and other units exercise and enjoy the freedom at least to be a member of any union they like and that all legally constituted unions are allowed to function properly and that there is no further goondaism and attack and forcible occupation of trade union office and the practice of not allowing the trade union leaders to report to duty, as it is happening in his jurisdiction in the Durgapur Steel Plant? In this connection I will ask the Minister also to reply—it is also a case of inter-union rivalry—whether it is not a fact that the situation reached a new peak in the Durgapur area where two groups belonging to the same Congress Party are fighting each other causing disruption of production.

[Shri Dinen Bhattacharyya]

The Durgapur Steel Plant Management has referred this matter to the West Bengal Government and to Mr. Mohan Kumaramangalam for taking immediate steps in the matter. Nehru Forum Members call him as ex-communist party member; I do not have any complaint against him, but some may call him a renegade. I request him to give factual reply to all my questions.

SHRI A. P. SHARMA: What relevancy has his statement got with the Calling Attention Motion? It is just possible that your men may be ruling the goondalism there.

SHRI S. MOHAN KUMARAMANGALAM: It is an unfortunate incident. The hon. Member is not correct when he said that police came on the scene long afterwards. The police came soon after the incident and the incident itself lasted for a very short time. This is the information I have got. I am reading from the actual statement which I have got. This is to the effect that 'as the above occurrence took place suddenly and lasted for a very short time, by the time the police arrived, they fled away'. So far as absconding is concerned, the hon. Member knows that if anybody wants to abscond, he can abscond for some time and so let us not make too much of it. The seriousness with which the Government looks upon this can be seen by the speed with which action has been taken against persons responsible.

I am not aware of the contents of the report from which he quoted extensively. If he would be good enough to supply me a copy of it, I will get it examined and see what action can be taken in the matter.

Then, so far as Bharat Coking Coal is concerned, the Ministry of Mines are certainly not taking any partial attitude at all towards any union. I should have thought that the hon. Member with all his historical outlook and his study of the science of

politics would have appreciated that whenever there is a forward movement to restructure society resistance is always offered by some backward-looking people and this is an instance of that character. The very fact that proper action has been taken shows that we are not prepared to tolerate this type of resistance, and we will deal with it firmly. And, so far as inter-union rivalry is concerned, I don't think it is possible or helpful to go into that at this stage. He made some irrelevant remarks about Durgapur which he can put before me at the proper time.

SHRI SAMAR MUKHERJEE (Howrah): Sir, from the statement placed here by the Minister it is not clear who are forces behind these acts of murderous gangsterism. Thirty-four persons have been arrested but what is their colour and what is the purpose behind this? Nothing is mentioned. But it is evident that the management is involved in this. Some friends have taken exception to the term 'goonda' but I am reading from what has appeared in the *Amrita Bazar Patrika*:

"Three persons were killed and 14 injured when about 20 persons, all alleged to be hired goondas of a contractor-cum-labour leader, raided workers quarters at East Basuria Colliery of the Coal Mines Authority, a Government of India enterprise this morning and started indiscriminately firing on workers."

This is the report which has appeared in the Press. Hired goondas are being used to serve the purpose of these miscreants.

According to Shri S. K. Bakshi, General Secretary, Koyla Kamgar Union, the contract system was prevailing in the colliery even after the takeover by the Government. He also stated that the contractor had managed to get entry of about 300 men at the time of changeover of hands and was trying to replace old workers by his new recruits. This had caused great

resentment among the workers. Generally, the workers' resentment was perfectly justified and CITU probably took up the cause of the workers as opposed to the men of the contractor. That is why the attack concentrated on the CITU Union. According to police and eye-witness accounts the raiders tore up the hoisted flag at the Union office and proceeded towards the workers' quarters. They also threw about half a dozen bombs and fired gun shots. The police later recovered some used bombs and a couple of live bombs.

In the FIR lodged with the police the names of the colliery manager and the contractor-cum-labour leader have been mentioned. I want to know the name of this contractor-cum-labour leader from the Minister. This type of labour leaders are being encouraged by the management. They want to set-up stooge unions under INTUC with this type of people. This is the report which has appeared in the paper:

"The contractor-cum-labour leader besides other persons participated. The raiders continued their operations and escaped before the police could arrive and the Union leader has complained that the security force of the coal mines authority refused to protect when the workmen even approached them, on the plea that their commander was away."

So, this is a total conspiracy. It is not an isolated thing. In the *Amrita Bazar Patrika* the three names have already appeared of the persons who have already been killed.

But one name is not mentioned in the statement. The victims are Kadar Mian, Thami Mandal—he has been taken away by the gangsters; the body has not yet been recovered—and Samar Mian. Samar Main is not mentioned in the statement. Another person has succumbed to injuries in the hospital; the condition of three other persons is very serious. So they may also succumb any time.

I have received a telegram from the Secretary of the Union which says:

"Brutal firing by Manager and goondas in East Basuria colliery Dhanbad on second April on peaceful workmen. Four shot dead."

If that name is added to your statement, the figure becomes four—

"Several missing. Fourteen hospitalised with serious injuries."

He must inquire how many are missing and what has happened to them. This is the position in the colliery.

The facts admitted by the Minister in his statement reveal a serious situation in the Dhanbad colliery area where there is no administration and no rule and this happened in broad daylight. It is also stated that section 144 was in force before this action took place. Despite that and in the presence of the CISF men, these gangsters with arms at the instance of the Manager attacked Dhaura, and 22 bullets were fired. This is the statement of the Minister also. So, you can understand how serious is the situation there. This is not an isolated thing.

I will refer to one thing which I heard from some of the leaders of the colliery union when I visited Madhya Pradesh in January last. I was told by CITU union leaders in Banki Mongra that they got information through the local police privately; the police had warned them that the local management in Banki Mongra, an NCDC colliery, was employing anti-social elements and goondas to murder union leaders.

MR. SPEAKER: This is only a call attention motion. Be brief.

SHRI SAMAR MUKHERJEE: This is a serious matter. I am drawing the Minister's attention to the attitude of the management who are employing goondas to murder trade union leaders. If this becomes the attitude

[Shri Samar Mukherjee]
of the NCDC management, it is quite clear that they are not prepared to tolerate any union.

SHRI S. MOHAN KUMARAMAN-GALAM: It is a very unfair remarks.

SHRI SAMAR MUKHERJEE: This is the report I personally heard in Madhya Pradesh from our trade union leaders who had been warned by the local police privately they stated this to me; it is not second-hand information.

That is why I mention it here.

Then in Sura Kachar Colliery, three union leaders have been dismissed. They had issued a strike notice. They are going to strike....

MR. SPEAKER: This is not a general debate.

SHRI SAMAR MUKHERJEE: I am relating the attitude of the management.

MR. SPEAKER: It must relate to the call attention.

SHRI SAMAR MUKHERJEE: This is not an isolated incident. That is why the Government must think of changing the attitude of the management and take proper and stern action. Unless Government change their outlook and induce the management to establish good relations with the workers, the situation is bound to further worsen.

That is why my question to the Minister is whether the contract system is still in vogue there and the contractors are being allowed to have their men take jobs in the collieries in place of the old workers. Attempts are being made to smash the unions through these gangster methods.

SHRI S. MOHAN KUMARAMAN-GALAM: Sir, the hon. Member has quoted extensively from the reports in the *Amrita Bazar Patrika*, and most of the statements there are not very different from the statement I made on the floor of the House at the outset.

I would only mention that so far as the names of persons and the number

of persons are concerned, I am not prepared to make a categorical statement. I gave whatever information I had in my possession, but obviously there is nothing to gain by putting it as two, three, four or seven, because I do not think the quality of any incident is to be guided by the exact number of persons who have lost their lives. We have no motive in suppressing a name here or there, and I am sure the hon. Member will agree with me that I can leave it at that and let the investigation go on.

But I do point out to him that despite the seriousness of the incident, it would not be correct to say that there is no law and order and that the administration has broken down, because it is a fact that by the evening of the 3rd, as I have mentioned in my statement, 34 persons had been arrested and one of the cars alleged to have been used in the commissioning of the offence has been seized and patrolling is taking place. The normal law and order situation has been restored, but, of course, with severe petrolling by the police.

The hon. Member has charged that this type of incident is being encouraged by the management. I would like to make it quite clear that the Bharat Coking Coal's management has certainly not had anything to do with encouraging this type of incidents. The persons who have been pinpointed are persons who have been employees in the previous management—the private management—and we are going through an elaborate process of screening so as to exclude those who are bad officers. Naturally that takes time.

The hon. Member has commented on the question of induction of labour from outside. Yes; but I cannot say categorically the extent to which it was taking place. But certainly the local contractors both here and in the earlier Kargali incident, have been involved in some way and in a sense the basic cause for this type of unrest does arise out of the attempts made by this contractors and

others also to induct what he called correctly "new labour" as opposed to old labour. But he will appreciate that very strict instructions have been issued to Custodians both in the NCDC and the BCC that they must be careful to see that not a single "new labour", to use the same expression, is inducted and that the rights of those who have been really the workers in the mines are preserved, and the Custodians have been warned that we will take a very severe view of any mistake, particularly any fraudulent mistake, in respect of the instructions that we have sent.

The hon. Member referred to Madhya Pradesh. I would like to make it quite clear that there is no incident that has been reported from Madhya Pradesh of this character till now. And to try to picture the management of the NCDC as responsible for murdering well-known workers, there is no basis for that either. No such allegation till now has been brought to my notice. It would have been a little fair for the hon. Member to have brought it separately to my notice and had it been done I would certainly have examined it, but this is the first time that I have heard of any such allegation so far as Madhya Pradesh area is concerned.

Finally, so far as the question of the contract workers is concerned, we are not certainly going to permit contractors continue with their activity. The hon. Member has asked me about the name of a particular contractor. I am afraid I am not in a position to give him that.

SHRI SAMAR MUKHERJEE: Contractor-cum-labour leader.

SHRI S. MOHAN KUMARAMAN-GALAM: I do not know the name of any contractor-cum-labour leader. I have not been given any such name as yet. Since, as he is aware, a large number of persons have been arrested, undoubtedly, the motives and the particular circumstances under which this

incident has taken place will come to light in the course of the criminal proceedings, the case for which has already been registered. The hon. Member is aware that the sections under which the case has been registered are very major sections of the Indian Penal Code.

SHRI B. K. DASCHOWDHURY (Cooch-Bihar): I must appreciate the statement made by the hon. Minister originally and also the subsequent clarifications he made. Even then I must say with all sense of appreciation that the attitude taken so far by the hon. Minister or the administration is simply to put a stop to such incidents temporarily. While appreciating the statement I would certainly like to know whether any machinery has been evolved to stop any recurrence of such a nature in all these nationalised coal industries. We know that coal is not only the generator of power and energy, but it is practically a big generator of black money also. If the hon. Minister appoints a committee of enquiry or special commission to look into the matter in all its perspective, relations of the management and the workers, the affairs of the management having obligations to this particular industry, the particular mines concerned, it will be seen that everywhere the play of black money had its large share. There is the question of induction of this new labour. In some collieries we know the actual real workers or labourers of the particular coal mines, who were enrolled in the register of workers and labourers, and they had been paid their bonus, provident fund etc; all these things have been paid, not hundreds or thousands but lakhs and lakhs of rupees have been taken out and that was going on under the nose of the so-called political leaders and union leaders. If it is the claim of the hon. Member of this House that it was simply to destroy their own trade union some workers, some goondas had been employed by the management or anybody else, I would request them to consider in their own mind what they

[Shri B. K. Daschowdhury] were doing so long when such sort of black money was being generated from the coalfields themselves? I do not like to say this but simply on the face of it their behaviour at that time and till now seems to be mysterious. Today they claim that some other goondas are coming out and obstructing them. But the basic problem is not this. The basic problem is: how to improve the management of the coalfields in general and how to get rid of all these unhappy incidents as had happened in Kargil a few weeks ago and as had happened in Basuria colliery; there may be other incidents, unless it is looked into very seriously, in some other collieries. I would also like to know from the hon. Minister whether he will appoint a committee to study the recurrence of such situations, to go into the assets and the properties so far acquired by the managers of the respective collieries whose services are still being maintained? In each and every case the hon. Minister will find or the committee of enquiry will give its findings that they have amassed huge wealth, quite disproportionate to their own income, as they were getting as managers of that particular colliery.

MR. SPEAKER: Please conclude whatever you want to ask. We have fixed a certain time for all the five Members; if we are not able to finish within that time, there is no use fixing a time.

SHRI B. K. DASCHOWDHURY: I want to ask the hon. Minister one more question. To stop all these incidents in future, it is high time that the Government evolves a new policy. And these coal mine authorities may be asked to go into details to see whether any incident has occurred or not in all the collieries. He should certify that. That is the only way to avoid any incident in future.

SHRI S. MOHAN KUMARAMAN-GALAM: I appreciate what the hon. Member has said about the general situation in the area. There is certainly a lot of truth in it. The coalmine owners have an extremely cor-

rupting influence in society and possibly there is no sphere of society and of economic life of that area which they do not corrupt in one way or another. With all respect I do not think that the appointment of an inquiry committee that was suggested by him will be necessary in understanding this. The problem is well known. If it is a question of disproportionate assets of individuals, well, I think, there is the Income-tax Department which has got more than enough powers to proceed against any individuals of that character.

But, so far as the general problem in the coalmine is concerned, it is not a mystery, it is a wellknown fact. Even last year, hon. Member would remember the case of a Deputy Mechanical and Mining Engineer who had suffered. He was in Bharat Coking Coal. Unfortunately, the hon. Members on the other side often tend to feel that if a Mechanical and Mining Engineer is beaten by goondas, it is not important to bring a Calling Attention Notice on that. The Mechanical and Mining Engineer was beaten up in broad day-light. We will not be able to get any evidence in regard to that matter at all. The result is that the assailants went scot-free. It does prevail in some mine areas. We are taking action as much as we can. It will take us time to bring everything properly under control. I think that the hon. Members in this House will appreciate that a major change of this character will always be accompanied by incidents which are extremely deplorable. We should try to prevent it with all the best will in the world. Sometimes it happens.

SHRI GADADHAR SAHA (Birbhum): It is stated by the hon. Minister in his statement that Ram Chandra Singh is a supervisor of the colliery. It also appears from the statement of the Deputy Commissioner of Dhanbad, Shri Chandra Mohan Jha that he (Ram Chandra Singh) is Production Manager-cum-Trade Union leader of the colliery. It is also alleged that he was also once a labour contractor—a benami contractor. I want to

know from the hon. Minister categorically as to how Ramchandra Singh managed to become the Production Manager on the eve of take-over of coal mines.

In view of the fact that the system of contract labour is the root cause of many troubles and many such incidents, is the Minister prepared to bring forward legislation to abolish this contract system of labour?

My third question is this. It is said in the statement that fire-arms, like rifles, guns and three cars too were used for committing the offence. One car was seized. I want to know the name of the person the car seized belonged to. It is said that rifles, fire-arms etc., were used in this incident in which three colliery workers were killed. What is being done by the Minister to compensate for the loss of lives to the bereaved families?

SHRI S. MOHAN KUMARAMANGALAM: If I may answers the hon. Member and his tutor the following are the answers:

As for the question whether Ramchandra Singh is a labour leader, I have no information. The information I have in my possession shows that he is not a contractor himself, but he is related to a contractor. So far as the question of his being a Production Supervisor is concerned, that is correct. But there is nothing unnatural when he himself is not a contractor. As for the question regarding the policy on the abolition of the contract system, the hon. Member may be aware, we have discussed it with the leaders of different labour unions. We are committed to that policy but at the present moment we are finishing the screening and actual recruitment of labour. Regarding the question of compensation, I am not in a position to say anything at the moment, but I have no doubt that as in other cases compensation will be paid. He asked me about the name and the person from whom the

car was seized, I have no information about it at the moment.

श्री शशि भूषण (दक्षिण दिल्ली) :

अध्यक्ष महोदय, कोयला खान के राष्ट्रीयकरण के बाद जिन लोगों के मुंह में शोषण का खून लगा हुआ है वे चाहते हैं कि आप के इस राष्ट्रीयकरण के कार्य को किसी तरह असफल करें। और जैसा समर मुखर्जी ने कहा कि इस घटना में गुण्डे किराये पर आए गए थे मैं उन से सहमत हूँ। गुण्डों का कोई पार्टी नहीं होती। गुण्डे तो गुण्डे हैं। जब वह किराये पर लाए गए तो जो लोग उन को किराये पर लाए थे क्या सरकार की तरफ से कोई इस तरह का एक इंटेलिजेंस सेल आप बनाएंगे क्यों कि आप पुराने मैनेजर्स पर डिपेंड नहीं कर सकते, ठेकेदारों पर डिपेंड नहीं कर सकते, लोकल पुलिस पर डिपेंड नहीं कर सकते, ये सब उस के हिस्सेदार थे, तो एक ऐसा इंटेलिजेंस सेल या इस्टीमेट बनाएं पब्लिक सेक्टर का जो आप को बता सके कि जो आपने यह एक सामाजिक क्रान्ति की है उस को तोड़ने में कौन कौन लोग हैं ताकि उस को आप रोक सकें। यह कोई साधारण घटना नहीं है कि बम ले कर के और हथियार ले कर के कार में जायं और गोलियां चलाएं मजदूरों पर। उस में जितनी जल्दी सरकार ने कदम उठाया कि गिरफ्तारियां हुई, कुछ लोग जो फरार हैं उन को भी पकड़ा जायगा, जो मैनेजर्स हैं उन को भी सस्पेंड किया गया है और गिरफ्तारियां कर रहे हैं, मैं समझता हूँ कि इतनी जल्दी कार्यवाही बहुत कम होती है। जब कलकत्ता में सी० पी० आई० (एम०) की हुकूमत थी तब रोजाना ऐसी घटनाएं होती थीं, अगर वह मजबूती से कार्यवाही करते तो आज ढाई हजार नक्सलाइट्स जेल में नजरबन्द नहीं होते। मैं यही कहना चाहता हूँ कि यह कार्यवाही बहुत मुनासिब की गई है, बहुत जल्द की गई है,

[श्री शशि भूषण]

लेकिन इस के साथ साथ एक इन्टेलिजेन्स सेल भी बनाया जाय ताकि ऐसी घटनायें आगे न हो सकें।

आइ० एन० टी० यू० सी० की जो बात कही जाती है, वह राजनीतिक बात है, मैं इस को नहीं मानता। गुण्डा गुण्डा है, उस की कोई पार्टी नहीं है, सब को उसे कण्ठेम करना चाहिए। कोई भी गुण्डा लाल झण्डा ले कर निकल सकता है, तिरंगा झण्डा ले कर निकल सकता है, इसमें राजनीति को नहीं लाना चाहिए। इस लिए आप ने जो सख्त कार्यवाही की है, यदि जरूरत पड़े तो और ज्यादा कीजिए, क्योंकि आज आप की योजना को फेल करने की कोशिश की जा रही है।

दूसरी बात मैं ठेकेदारी प्रथा के बारे में कहना चाहता हूँ। हमारी एक एस्टीमेट्स कमेटी के काफ़ी मेम्बर्स वहाँ गये थे, हम ने देखा था कि बिलकुल भेड़-बकरियों और जानवरों की तरह से मजदूरों से काम लिया जाता है, उन को गोरखपुर या दूसरे इलाकों से लाया जाता है और ठेकेदार उन से निर्दयतापूर्वक काम लेते हैं। अगर यही ठेकेदार मैनेजमेन्ट के साथ मिल कर काम करेंगे तो वहाँ शान्ति कायम नहीं हो सकती, क्योंकि राष्ट्रीयकरण के बाद सरकार की जिम्मेदारी बढ़ गई है, इस लिए ठेकेदारी प्रथा फौरन खत्म होनी चाहिए। ठेकेदारी प्रथा, मनी लैंडिंग और फूड-होलिडिंग हमारे देश के राष्ट्रीय रोग हैं। अब आप पर जिम्मेदारी आई है, काफ़ी दायरों से इस को दूर कर रहे हैं, आप भी इस को खत्म कीजिए।

यहाँ यह कहा जाता है कि आप एक्स-कम्युनिस्ट मिनिस्टर हैं—ये सब राजनीतिक कल्पनायें हैं, मैं इन को नहीं मानता। श्रीमती इन्दिरा गांधी की सरकार में हम किसी को कैपिटलिस्ट्स

का स्टूज नहीं मानते और न ही कम्युनिस्ट मानते हैं। बिरोधी दल किसी को एक्स-कम्युनिस्ट, किसी को बिरला लावी का एजेंट कहते हैं, यह सब झूठ है, गलत है, इसका कोई महत्व नहीं है। मैं इस सब को एक राजनीतिक क्रान्ति मानता हूँ और इसी लिए इस को जिंक्र के बीच में नहीं लाना चाहता। गुण्डों के संरक्षण के लिए कैबिनेट में अलग अलग ढंग से सोचने वाले हैं—यह सब बेकार की धारणायें हैं, हमारी पार्टी एक समाजवादी पार्टी है—इसमें दो रायें नहीं हैं।

मैं जानना चाहता हूँ कि इन्टेलिजेन्स सेल आप कब तक बनायेंगे, तथा जो सामाजिक परिवर्तन किये गये हैं उन की रक्षा के लिए आप कौन से नये उपाय कर रहे हैं, ताकि आइन्दा ऐसी घटनायें न घटें। जो झण्डा ले कर निकलनेवाले गुण्डा तत्व हैं, उन की लिस्ट बनाई जानी चाहिए ताकि वे किसी मजदूर आन्दोलन में काम न कर सकें—यह बहुत जरूरी है। मैं जानना चाहता हूँ कि इस के लिए आप क्या कार्यवाही कर रहे हैं।

SHRI S. MOHAN KUMARAMAN-GALAM: The hon. Member has suggested that there should be an independent cell in the public sector organisations. He may rest assured that we do have our organisation to keep track of the position in relation to matters like places where there may be outbreak of violence and friction. Naturally, when incidents occur in such a vast area, all information is not available. I do not think there is any need to set up any independent cell because the organisations themselves have been entrusted with this type of work, apart obviously from the intelligence that is being collected by the police.

So far as the abolition of the contract system is concerned, I have already mentioned to the House that we are committed to that policy in

terms of the findings of the coal wage board and are going to take steps for implementation after the other work connected with the regularisation of the employees and the mini-workers has been completed.

12.54 hrs.

**STATEMENT RE: INCIDENTS AT
BHILAI STEEL PLANT**

THE MINISTER OF STEEL AND MINES (SHRI S. MOHAN KUMAR-MANGALAM): Sir, since the matter of the incidents at Bhilai on the 2nd April, 1973 has been raised in this House, I would like to put the facts before the House.

Bhilai Steel Plant had made record production of 211,000 tonnes of ingot steel in the month of March, 1973. This is 102 per cent. of the rated capacity and a good achievement. It has also produced 2,108,000 tonnes over the year 1972-73, which is the highest recorded production. I went down to Bhilai on the 2nd April in order to congratulate the engineers and workers on their excellent performance and also to announce the targets for next year's production, which had been fixed in consultation with the representatives of the workers.

After visiting the Plant where I met a number of engineers and workers, whom I personally congratulated on their excellent performance, I came to the head office of the Bhilai Steel Plant. There, a large number of ministerial employees under the leadership of the office-bearers of the Staff Association, invaded the administrative building and insisted that I must come out and discuss with them. I asked their representatives to come inside and discuss with me their problems. They insisted that I should come out and address them. Ultimately, I did so and they claimed that since they are also part of

the operational staff and in view of the excellent performance of the Plant, they are also entitled to some additional payment. I told them that I would discuss about this with their management who would meet them later in the day.

The Chairman of Hindustan Steel Ltd., Shri H. Bhaya and the General Manager, Shri P. R. Ahuja later met some representatives of the ministerial staff and after discussions, the representatives were informed that in view of the excellent performance of the Bhilai Steel Plant, they would be given two days' extra wages. The representatives of the ministerial staff expressed their full satisfaction with the decision of the management.

However, when the Chief Minister of Madhya Pradesh, Shri P. C. Sethi, and I arrived at the place of the meeting at 5 P.M., we found that a crowd, around 2,000 to 3,000 consisting mainly of ministerial staff and contract workers were shouting slogans condemning the management and acting in such a way that the atmosphere had become tense and any moment it was possible that violence might break out. The Chief Minister of Madhya Pradesh and I, therefore, decided that it would be better not to hold the meeting and cancelled it.

Later, a procession of some 2,000 to 3,000 strong crowd came to the Bhilai Hotel where I was staying. According to the Superintendent of Police who was on duty outside the Hotel, when he asked the processionists to choose a delegation who could go inside the Hotel and discuss their problems with me, they insisted that all of them should be allowed to go inside the Hotel. The Superintendent of Police, apprehending violence, refused to allow them. They then threw stones and brick-bats. A lathi-charge was resorted to, tear-gas shells were burst and the crowd dispersed.

I must express my regret at this unfortunate happening. I had al-

[Shri S. Mohan Kumarmangalam]

ways been ready to meet any delegation from the workers in Bhilai as in other centres and I was ready on that day. But it appeared from the manner stones and brick-bats were thrown that some persons at least in the crowd were prepared for more than merely meeting me and this unfortunate occurrence developed out of this. This is all the more unfortunate in view of the good record of Bhilai Plant in March, 1973. Almost all records have been broken not merely in production of ingot steel and saleable steel but in a large number of departments and my intention was to congratulate the workers personally on their excellent performance. Unfortunately, this was not possible.

STATEMENT BY MEMBER RE.
VARIATION IN ESTIMATES OF COST
OF APTA-MANGALORE RAILWAY
PROJECT

SHRI SHANKERRAO SAVANT (Kolaba): The estimates of the West Coast Railway Project from Apta to Mangalore vary from Minister to Minister and from time to time. This has created confusion in the minds of the people.

Shri Hanumanthaiya, the then Railway Minister, in his letter dated June 4, 1971 addressed to me had stated in the note appended to his letter as under:—

"Reconnaissance engineering and detailed traffic surveys for a new Railway line from Apta to Mangalore is now in good progress" and further down "The project may cost anything upto Rs. 100 crores"

It may be noted that this outer limit of Rs. 100 crores was given after the survey was in good progress as admitted by the Minister himself.

After the completion of the survey reports, Shri T. A. Pai, the then Rly. Minister wrote to me on September 23, 1972 that the line may cost about Rs. 214 crores.

Then Shri L. N. Mishra the present Railway Minister made his statement in the House on 26-2-1973 and he put the cost at Rs. 225 crores including rolling stock and interest. As a matter of fact it is wrong to include interest in the cost of construction. That is never done. Even the cost of the rolling stock should not be included in the cost of construction of the Railway line because the rolling stock will not be limited to this length of 910 kms. only but it will operate on the entire length of the line from Bombay to Kanya Kumari and further north and east.

In reply to supplementaries to my Starred Question No. 105 Shri Mishra said on 27-2-73 that the cost would be Rs. 325 crores and when Shri B. V. Naik asked how the cost went up by 100 crores in 24 hours, he replied that the Hon. Member should give thought to the interest part of it, rolling stock part of it.

As a matter of fact interest and rolling stock were included in the figure of Rs. 225 crores stated by the hon. Minister on the previous day itself.

Even more puzzling is the reply of Shri Qureshi, the Dy. Minister of Railways who while answering Unstarred Question No. 3131 on 13-3-1973 i.e., within less than a fortnight of the Railway Minister's statements on the floor of the House has put the cost at Rs. 213 crores. He has presumed that the work will be spread over 8 years.

The facts are too puzzling and require elucidation without recourse to any prevarication. It is hardly necessary to point out that the extremely discordant figures can only lead to the inference that somebody is playing with the figures with ulterior motives.

The Final Locational Survey and the actual expenditure after the completion of the work are two new bo-

geys that are being introduced to justify a further escalation of the cost. An estimate is essentially limited to the facts disclosed at the time of survey and investigation. The Minister should, therefore, give the actual cost of construction of the rail line without including the cost of hospitals, parks, interests and rolling stock and should explain why the outer limit of Rs. 100 crores mentioned in Shri Hanumanthaiya's letter is so blatantly outstripped by the latest figures.

MR. SPEAKER: The Minister's statement is very long. He may lay it on the Table of the House.

THE MINISTER OF RAILWAYS (SHRI L. N. MISHRA): Yes, Sir. I beg to lay my reply on the Table of the House.

STATEMENT

In his letter dated 4-6-1971, addressed to Shri Savant, the then Railway Minister, Shri Hanumanthaiya indicated that the survey for the new railway line from Apta to Mangalore extending over a length of 900 kms. was in good progress and the cost may be anything upto Rs. 100 crores. It was explained that this was purely a rough cost based on the usual average construction costs. When surveys are carried out, detailed data is collected on the alignment levels, cross sections, waterways, bridges and tunnels, and as and when the field work is completed, plans and sections are made out and quantities are first estimated. With the quantities and the rates as worked out based on the cost of materials and labour prevailing in the area and leads etc., the cost estimate is made out. It is only after the preliminary survey is over and the estimates are made out, that the approximate cost picture becomes available. Though this survey was in progress when the letter referred to earlier was addressed, it was not possible to give even an approximate cost as the estimate had yet to be framed. The estimate was prepared and sent to the

Board along with the report only in July '72. It will thus be clear that the Rs. 100 crores figure indicated in June '71 was only a very rough estimate as even the approximate cost based on the preliminary survey was available only very much later.

It was seen from the estimate as received from the Railway in July, '72, that the construction cost was about Rs. 195 crores, and the cost of locomotives and other rolling stock was about Rs. 19 crores. When the Minister of Railways, Shri Pai, wrote to Shri Savant on 23-9-72, this cost picture of Rs. 214 crores which was the cost of construction plus the cost of rolling stock was indicated to him.

In view of the difficult nature of the construction and the heavy investment involved, the construction of the project was proposed to be phased out over a considerable period of time—about 8 years, and interest during the period of construction on the investment was reckoned as about Rs. 45 crores on the construction cost of Rs. 195 crores. Thus the total outlay viz. the cost of construction, cost of rolling stock and interest during the period of construction was estimated at Rs. 259 crores, say Rs. 260 crores.

This estimate of Rs. 260 crores was examined in the Railway Board. With a view to bringing down the cost of the project, the Board asked the Central Railway to revise the estimate by adopting austerity standards, steeper gradients and limiting the construction to the barest essentials. The Central Railway intimated that the revised cost on the basis of these austerity standards would be Rs. 162.5 crores, exclusive of interest and rolling stock. On a further examination of this estimate in the Ministry of Railways, it was found that steeper gradients could be adopted only over some short lengths and that it would not be possible to reduce the cost of construction, exclusive of interest and rolling stock, to less than Rs. 170 crores. The revised total outlay including the cost of construction, cost

[Shri L. N. Mishra]

of rolling stock and interest during the period of construction, which will be somewhat less because of the reduced cost of construction, was worked out at Rs. 225 crores on the basis of 1971-72 prices. This was the figure given in the statement placed on the Table of the House on 26th February, 1973. I must also state that all these figures are provisional and a firm estimate of the cost of the project will become available only after a detailed Engineering and Final Location Survey is carried out.

Shri Savant in his statement has stated that "it is wrong to include interest in the cost of construction" and "that is never done." Interest charges during the period of construction have to be taken into account, because the Railways' liability for payment of dividend to General Revenues accrues on all the Capital-at-Charge including the projects under construction during the year. This is done invariably for determining the financial viability of all construction projects and the relevant rules in the Indian Railways Code specifically provide for this. In this case, the amount of interest is large because the intrinsic cost of the project itself is high and the period of construction is estimated to be eight years. I may also add that for getting the approval of this House for Demands for Grant only the cost of construction (exclusive of interest during the period of construction and rolling stock) is taken. The interest element is taken into account while determining the dividend liability and the cost of rolling stock is covered under the Demands for Rolling stock.

It is also not correct to say that the cost of rolling stock should not be included. The traffic requirements over such a long line can be met only by provision of additional rolling stock and the investment required on this rolling stock will certainly form part of the outlay for the project and has also to be reckoned for financial vi-

bility. It is only in the case of very small new lines that it can be assumed that the lines can be worked with the existing rolling stock. In any case, when in financial appraisal of a project credit for all the revenue earnings is taken, its cost must include also the overall capital outlay on all new assets including the rolling stock.

It has to be pointed out that no Final Location Survey has yet been done for the project and until this is done, detailed estimate of costs cannot be worked out. The Techno-economic survey already carried out can only give approximate costs and before construction can be taken up, estimates will have to be prepared in much greater detail based on a detailed Engineering Survey. The figure of Rs. 225 crores now advised as the total outlay of the project (including interest during the period of construction and cost of rolling stock) has been arrived at on the basis of the Techno-economic Survey and will necessarily be approximate. The actual cost is likely to be much more, particularly as the work will be spread over several years and there will be some escalation in the cost of materials and level of wages. In this case when no Final Location Survey has yet been done and a long time of about 8 years for completion is involved, it is only reasonable to assume that the real and actual cost will be very much more and will be of the order of Rs. 300 crores or so.

It will thus be seen that there has been no intention to mislead on the figures of cost and they have been given on the basis of the best estimates as available at that time.

The hon. Member has made another point that in the reply given by the Deputy Minister of Railways on an Unstarred Question on 13-3-1973 the cost was given as Rs. 213 crores as against the cost of Rs. 225 crores. This small difference is due to oversight and is regretted.

The precise figure of cost would be available only when the Final Loca-

tion Survey is carried out and the final estimates are prepared. Till then it will only be an approximate figure for general guidance. As has already been explained the present approximate figure as assessed after scrutiny is Rs. 225 crores which includes besides the cost of construction, the cost of rolling stock and the interest charges during the period of construction but excludes escalation. This will be modified, when the final estimates are received, after the Final Location and detailed Engineering Survey is completed.

MR. SPEAKER: He has taken pains to prepare that. I hope, your reply will not give rise to further complication again.

SHRI L. N. MISHRA: No, Sir; it will not.

13.04 hrs.

DISTURBED AREAS (SPECIAL COURTS) BILL

APPOINTMENT OF A MEMBER TO JOINT COMMITTEE

SHRI LILADHAR KOTOKI (Now-gong): I beg to move:

"That this House do appoint Shri Vikram Mahajan to the Joint Committee on the Bill to provide for the speedy trial of certain offences in certain areas and for matters connected therewith, in the vacancy caused by Shri R. D. Bhandare ceasing to be a member of the House."

MR. SPEAKER: The question is:

"That this House do appoint Shri Vikram Mahajan to the Joint Committee on the Bill to provide for the speedy trial of certain offences in certain areas and for matters connected therewith, in the vacancy caused by Shri R. D. Bhandare ceasing to be a member of the House."

The motion was adopted.

13.05 hrs.

RE. ACUTE SHORTAGE OF DOMESTIC COAL IN UTTAR PRADESH

MR. SPEAKER: Mr. S. M. Banerjee.

SHRI JYOTIRMOY BOSU (Diamond Harbour): Sir, I have also given notice....

MR. SPEAKER: You are not entitled to speak simply by giving a notice. It is not treated as a right under 377.

SHRI JYOTIRMOY BOSU: I am seeking your permission..

MR. SPEAKER: No, please.

Mr. Banerjee.

SHRI S. M. BANERJEE (Kanpur): Mr. Speaker, Sir, you have given me permission to raise this most important matter, the alarming situation created in the whole of Uttar Pradesh because of acute shortage of domestic coal due to non-availability of wagon. I am happy that the hon. Minister is here. There is a tremendous shortage of coal for domestic consumption in Uttar Pradesh, and since the last three months, from January to March, as against 7,200 wagons—the monthly quota is 2,400 wagons—, only 622 wagons have been supplied. There is practically no coal for domestic consumption in all the big cities like Kanpur, Banaras, Allahabad. With greatest difficulty, when the Delegation met yesterday the hon. Deputy Minister, Shri Mchd. Shafi Qureshi, he was kind enough to order supply of one rake which means hardly 84 wagons. I would request the hon. Minister for Railways to kindly make a statement and assure the people of U.P. and the State Government that U.P. will not suffer because of non-availability of domestic coal. Coal is available in the coal-fields but because of the non-availability of wagons we are not getting any coal. May I request that the Minister may make some statement because there is acute shortage?

13.06 hrs.

RE. ACUTE SHORTAGE OF DIESEL OIL IN PUNJAB

SHRI B. S. BHAURA (Bhatinda): Under Rule 377 of the Rules of Pro-

[Shri B. S. Bhaura]

13.09 hrs.

cedure and Conduct of Business in Lok Sabha I wish to raise the following matter of public importance.

There is acute shortage of diesel oil in Punjab resulting in hardship to farmers whose crops are not getting water because the shortage of electricity is already there and now diesel oil is also not available. Black-marketing in the sale of diesel oil is also going on as the dealers are charging very high price. I request that the Minister should make a statement.

SHRI JYOTIRMOY BOSU (Diamond Harbour): I want to make a submission, Sir. You have allowed two members under Rule 377. This is a very important matter concerning 2000 workers of Haryana....

MR. SPEAKER: I am not allowing you.

13.07 hrs.

RE. BUSINESS OF THE HOUSE

THE MINISTER OF PARLIAMENTARY AFFAIRS (SHRI K. RAGHURAMAIAH): May I make a statement? I have consulted the Leaders of the Opposition. Because there are a number of speakers on our side as well as on their side who want to participate in the debate on the Demands for Education, the remaining time is not enough and they have all agreed that we may extend the time. May I submit that we may extend it for the whole of the day. That will give us two hours more and the Minister may reply tomorrow. They have all agreed to it.

MR. SPEAKER: I hope you all agree.

The Minister will reply tomorrow.

HON. MEMBERS: Yes.

SHRI JYOTIRMOY BOSU (Diamond Harbour): May I get a little favour from you in this regard ...

MR. SPEAKER: Please do not bring in State matters every time.

DEMANDS FOR GRANTS, 1973-74 Contd.

MINISTER OF EDUCATION AND SOCIAL WELFARE AND DEPARTMENT OF CULTURE
Contd.

MR. SPEAKER: The House will now proceed with the further discussion and voting on the Demands for Grants under the control of the Ministry of Education and Social Welfare and the Department of Culture.

R Shri Rudra Pratap Singh.

श्री रुद्र प्रताप सिंह (बाराबंकी) : माननीय अध्यक्ष जी, विगत कार्य दिवस पर, मैं सदन में शिक्षा मंत्रालय के सांस्कृतिक विभाग के पुरातत्व उप-विभाग के सम्बन्ध में अपने विचार प्रकट कर रहा था। श्रीमन्, पुरातत्व विभाग के द्वारा समस्त प्रदेश तथा समस्त केन्द्र प्रशासित क्षेत्रों में, कश्मीर से लेकर कन्याकुमारी तक, गुजरात से असम तक स्मारकों के संरक्षण, सर्वेक्षण और अध्ययन का काम तीव्र गति से चलाने की आवश्यकता है जिस से कि राष्ट्र का प्राचीन तथा प्राचीनतम इतिहास जो अंधकार में हो गया है वह वर्तमान के प्रकाश में आ सके और भविष्य में हमारा मार्गदर्शन कर सके।

श्रीमन्, 1857 के स्वतन्त्रता संग्राम की सेनानी, लक्ष्मी बाई, के पति की समाधि को भी मंत्रालय द्वारा संरक्षण प्रदान किया जाय, यह हमारा बहुत ही नम्र निवेदन है। और मैं यह भी कहना चाहता हूँ कि उन का जो किला है, महल है, उस में उस समय की जो ऐतिहासिक वस्तुएँ प्राप्त हुई हैं उन को वहाँ पर एक संग्रहालय का स्वरूप प्रदान किया जाय।

श्रीमन्, पुरालेख तथा स्मारकों का सर्वेक्षण एक महत्वपूर्ण कार्य है। इस के द्वारा भारतीय संस्कृति की अनेकता में एकता

का दर्शन होता है और राष्ट्र की भावात्मक एकता को बल प्रदान होता है। इस बात की आवश्यकता है कि इस कार्य को अधिक तीव्रता के साथ बढ़ाया जाय।

श्रीमन्, पुरातत्व विभाग के द्वारा भारत के बाहर भी स्मारकों के संरक्षण का काम किया जा रहा है, और इस आलोच्य वर्ष में भी वमियान, अफगानिस्तान की कंदराओं में इस प्रकार के कार्य जारी रखे गए हैं। इसके लिए मैं सरकार की सराहना करता हूँ, और मैं इस बात का अनुरोध करता हूँ कि इस प्रकार का यदि सरकार प्रयास करना चाहे तो हमारे भारत के साथ एशिया के जितने भी देश हैं, वह चाहे लका, भूटान, सिक्किम, बर्मा, नेपाल, पाकिस्तान, बांग्लादेश, जापान और चीन, समस्त देशों में हमारे भारत के इतिहास और संस्कृति के अवशेष मिल सकते हैं जिनको संरक्षण दिये जाने की आवश्यकता

श्रीमन्, राष्ट्र के संग्रहालयों के सम्बन्ध में मैं यह कहना चाहता हूँ कि जिस प्रदेश और जिस केन्द्र प्रशासित क्षेत्रों में वहाँ के पुरावशेष और बहुमूल्य कला-कृतियाँ प्राप्त हों तो उसी क्षेत्र में संग्रहालयों की व्यवस्था की जानी चाहिए जिससे कि राष्ट्र की भावात्मक एकता को बल मिल सके और राष्ट्र के एक प्रदेश के और केन्द्र प्रशासित क्षेत्र के पर्यटक दूसरे क्षेत्रों में जा कर उनकी राष्ट्रीय भावना को बल मिल सके और विश्व समुदाय के लिए भारत एक आकर्षण का केन्द्र बन सके।

श्रीमन्, इसके साथ साथ मैं यह निवेदन करना चाहता हूँ कि सदन में हमने एक बहुमूल्य पुरातत्व तथा बहुमूल्य कला कृति विधेयक पारित किया था और उसमें यह व्यवस्था की गई थी कि आवश्यकता पड़ने पर हमारे देश में, हमारे राजा महाराजाओं के यहां, पूंजीपतियों के यहां

अब भी जो पुरावशेष बहुमूल्य कला-कृतियाँ उपलब्ध है उनको उनके महलों से, प्रासादों से निकाल कर उन्हें सार्वजनिक प्रदर्शन के हेतु संग्रहालयों में रखा जा सकता है ताकि उन कला कृतियों के सामने राष्ट्र के पर्यटक और विश्व समुदाय के पर्यटक अपने श्रद्धा के पुष्प चढ़ा सकें।

दो शब्द अब मैं दूसरे राष्ट्रों के साथ हमारे जो सांस्कृतिक करार हुए हैं उनके सम्बन्ध में कहना चाहता हूँ। जहाँ तक मेरी सूचना है विगत वर्ष तक भारत के 23 देशों के साथ सांस्कृतिक करार हुए थे। इस आलोच्य वर्ष में हमारे जर्मन जनवादी राज्य और बंगला देश के साथ सांस्कृतिक करार हुए हैं जिस की सराहना की जानी चाहिए। लेकिन मैं अनुरोध करना चाहता हूँ कि यदि हमारा सांस्कृतिक विभाग चाहे तो हमारे समस्त एशिया के देशों के साथ और विश्व के अधिकांश देशों के साथ सांस्कृतिक सम्बन्ध स्थापित हो सकते हैं। लेकिन हमें खेद है कि रजत जयन्ती वर्ष तक हमारी सूचना के अनुसार केवल 25 देशों के साथ ही हम सांस्कृतिक करार कर पाए हैं। इस दिशा में हमें विशेष ध्यान देना होगा।

विदेशों से आने वाले सांस्कृतिक प्रतिनिधि मंडलों और राष्ट्र से विदेशों में जाने वाले सांस्कृतिक प्रतिनिधि मंडलों के सम्बन्ध में मैं दो शब्द कहना चाहता हूँ। विदेशों से जो हमारे देश में प्रतिनिधि मंडल आते हैं उनका हमारे देश में उचित सम्मान होना चाहिए ताकि हम भारत-वासी दूसरे राष्ट्रों के दृष्टिकोण को समझ सकें। इसी प्रकार से हमारे देश से जो शिष्ट मंडल बाहर जाते हैं, प्रतिनिधि मंडल बाहर जाते हैं उनके लिए भी इस बात का ध्यान रखा जाना चाहिए कि उन्हें भारतीय संस्कृति, भारतीय इतिहास आदि का पूर्ण ज्ञान हो ताकि वे विश्व समुदाय

[श्री रुद्र प्रताप सिंह]

के सामने भारत के मस्तिष्क को ऊंचा कर सकें और उनके अन्दर किसी प्रकार की हीन भावना नहीं होनी चाहिए।

हमारी संस्कृति वसुदेव कुटुम्बकम की रही है। हमारी संस्कृति मानवतावाद की रही है। हमारे देश से जाने वाले शिष्ट मंडलों को अगर वसुदेव कुटुम्बकम का, मानवतावादी नीतियों का ज्ञान होगा तो निश्चित रूप से वे भारत के मस्तिष्क को विश्व समुदाय के सामने बहुत ऊंचा कर सकेंगे, इसमें सन्देह नहीं है।

शिष्ट मंडलों को बाहर जाने के लिए जो आर्थिक सहायता दी जाती है उसमें भी इस बात का ध्यान रखा जाना चाहिए कि उन्हें भारतीय संस्कृति का कितना ज्ञान है और वे बाहर जा कर हमारे देश का कितना गौरव बढ़ा सकेंगे।

आपका अधिक समय न लेते हुए दो शब्द और मैं सांस्कृतिक विभाग के अन्तर्गत कार्य करने वाली साहित्यिक और नाटक और संगीत अकादमियों के बारे में कहना चाहता हूँ। इन अकादमियों के द्वारा अब तक जो कार्य हुआ है वह बहुत कम हुआ है। इस दिशा में हमें बहुत कुछ करने की आवश्यकता है। भारत की संस्कृति अनेकता में एकता की है। यही उसकी विशेषता है। हमारे राष्ट्र की, समस्त प्रदेशों की, समस्त केन्द्र प्रशासित क्षेत्रों की अपनी सभ्यता है, अपनी संस्कृति है और देश के समस्त प्रदेशों और समस्त केन्द्र प्रशासित क्षेत्रों की सभ्यता और संस्कृति मिल कर हमारे राष्ट्र की संस्कृति का निर्माण करती हैं। इस प्रकार से इस बात की आवश्यकता है कि हमारे देश की, हमारे राष्ट्र की जितनी भाषायें हैं, केन्द्र शासित प्रदेशों की जितनी लोक

भाषायें हैं, लोक नृत्य हैं उनको भी हमारे सांस्कृतिक विभाग के द्वारा उचित प्रोत्साहन और उचित स्थान दिया जाना चाहिए और इन अकादमियों को उनके कार्य के आधार पर सहायता दी जानी चाहिए। अब तक जो कार्य हुआ है, मैं बहुत विनम्रतापूर्वक निवेदन करना चाहता हूँ कि वह अधिकतर व्यर्थ निष्ठ हुआ है। अब आवश्यकता इस बात की है कि हम अपने कार्य को विषय निष्ठ बनाने का प्रयत्न करें।

मुझे विश्वास है कि हमारे शिक्षा मंत्रालय का सांस्कृतिक विभाग जिस के सम्बन्ध में मैं अपने विचार प्रकट कर रहा हूँ वह हमारे ऐतिहासिक तथा सांस्कृतिक मूल्यों का संरक्षण करते हुए, उसका विकास और उसका संवर्धन कर सकेगा और विश्व को हमारी संस्कृति के स्वरूप को बता सकेगा और चाहे कोई किसी भी प्रदेश अथवा केन्द्र शासित क्षेत्र का रहने वाला हो वह उस क्षेत्र या प्रदेश का नागरिक नहीं है बल्कि भारत का नागरिक है, ऐसा आभास उनको करा सकेगा और हम सभी नागरिकों में राष्ट्रीय एकता की भावना और भारतीय संस्कृति के प्रति स्नेह और आदर की भावना का उदय कर सकेंगे, ऐसा मेरा विश्वास है।

हमारे सांस्कृतिक विभाग को इस प्रकार से कार्य करना चाहिए कि हम विश्व को यह बता सकें कि हमारी संस्कृति यह है :

जिन्हें शक हो वे करें और खुदाओं की तलाश, हम तो इंसान को दुनिया में खुदा कहते हैं।

इन शब्दों के साथ मैं सांस्कृतिक विभाग के अनुदानों की मांगों का हृदय से समर्थन करता हूँ।

*SHRI P. A. SAMINATHAN (Gobichettipalayam): Hon. Mr. Speaker, Sir, on behalf of my party, the Dravida Munnetra Kazhagam, I rise to say a few words on the Demands for Grants of the Ministry of Education and Social Welfare.

At the very outset, I would like to refer to the solemn assurance given to this House by the then Minister of Parliamentary Affairs, Shri Raj Bahadur. He assured this House that Hindi would not be indirectly imposed by using it in the Roman script in the Parliamentary Papers as also in documents like the Annual Reports of the Ministries of the Central Government. I am pained to say that this assurance to the House has been violated. You will see, Sir, that in all the Annual Reports of the Ministries and in all the documents like the Demands for Grants of the Ministries submitted to this House, Hindi has been used in Roman script instead of in Devanagari script. *On behalf of my party, the Dravida Munnetra Kazhagam and on behalf of four and half crores of people living in Tamil Nadu I record my strong protest against the imposition of Hindi in an indirect way by using it in Roman script in all the documents placed before this House and this is a gross violation of the solemn assurance given to this House by the then Minister of Parliamentary Affairs.

13.20 hrs.

[MR. DEPUTY-SPEAKER in the Chair]

Sir, education is incorporated in the State List of our Constitution and it is the exclusive responsibility of the State to provide educational facilities to the people. The great responsibility of imparting education has been placed on the shoulders of the State Government. When this is the constitutional position, there is here the Central Ministry of Education which is not required at all. I substantiate this argument by saying that the Central Ministry of Education is just an ins-

1973-74

trument of interference in the activities of education sponsored and implemented earnestly by the State Government by imposing unwarranted and unwanted restrictions on the State Governments. Besides interfering in the States' programmes of educational activities, what kind of assistance is being rendered by this Central Ministry to the growth of education in the country? Whatever little assistance that is being given by the Centre goes to higher education. There is no tangible assistance worth the name from the Centre for the growth of primary education among the people in the lowest rung of our society. I strongly condemn the attitude of negligence on the part of the Central Government shown to primary education. As compared to the financial allocation made to education in developed western countries, it is very much less in our country. The very fact that only 1.62 per cent of the Central Government's Budget has been allocated for education, culture and social welfare proves my contention that there is no need at all for the Ministry of Education, Culture and Social Welfare at the Centre. You will be glad to hear that the State Governments spend one-third of their Budget allocations on Education. The Education Department of D.M.K. Government in Tamil Nadu functioning under the dynamic leadership of Dr. Navalur Nedunchezian has been given 97.23 crores of rupees for 1973-74. If you put together the allotments made for medical education, agricultural education and so on, the total allocation for education comes to Rs. 108.56 crores. This is about 24 per cent of the Tamil Nadu Budget. When the crushing burden of providing the basic necessities of life to the people on the State Government, is there any need for the Ministry of Education at the Centre? While the provision of basic needs of the people like drinking water, rural and urban roads, medical facility, education, the implementation of welfare programmes for scheduled castes and scheduled tribes and backward classes, the im-

*The original speech was delivered in Tamil.

[Shri P. A. Saminathan]

plementation of labour welfare measures, etc., has been made the responsibility of the State Governments, enormous revenue yielding activities like the Foreign Trade, Posts and Telegraphs, Airlines, etc., and the power to issue licences for industries are under the charge of the Central Government. In addition to this, the Central Government have appropriated to themselves activities like education, maintenance of places of historical importance and archaeological interest, museums, libraries containing valuable inscriptions on copper plates and palm leaves and so on. I am sure Sir, you will agree with me if I say that all these activities should be handed over to the State Governments. I condemn the attitude of the Centre to get bloated at the cost of the States.

Sir, a sum of Rs. 53.40 crores was allocated for education last year. But this year only a sum of Rs. 25.85 crores has been allocated for education. If I want to know why the allocation for education has been cut so drastically, immediately I will be given the reply that the subject of welfare of scheduled castes and scheduled tribes has been transferred to the Ministry of Home Affairs. This leads me to the suspicion that since the Education Ministry has done everything that it could do for the welfare of scheduled castes and scheduled tribes and since there is nothing more for the Education Ministry to do in this respect, it has been transferred to the Ministry of Home Affairs. Or, it should be that the Education Ministry has failed to pay adequate attention to the welfare of the Scheduled Castes and Scheduled Tribes, it has been transferred to the Ministry of Home Affairs. I shall be happy if the hon. Minister of Education could clarify this point.

I will now refer to the Special Nutrition Programme for Children and Expectant Nursing Mothers. The wisdom of starting such a programme for giving nutritious food to children and expectant nursing mothers, which will

help them to restore normal health dawned upon the Central Government only in 1970, after 23 years of our Independence. It was a matter of surprise to me that this Government could think of such a scheme only after two decades of our Independence. It is reported that there are 6 crores of emaciated children in our country due to malnutrition. A medical expert has expressed his opinion that if nutritious food is not made available there is a likelihood of 4 lakhs of children dying within three months. It is to be highly deplored that the Central Government has not taken any constructive steps in this direction, though the international organisation UNICEF has been giving aid for this purpose from 1949. 2.5 lakhs of undernourished children and expectant nursing mothers in Tamil Nadu have been covered by this scheme. In Madras city alone there are 2,10,000 children and 40,000 expectant mothers who are in need of nutritious food. In Tamil Nadu this scheme is in operation in 20 towns. Sir, in this regard, the Tamil Nadu Government have formulated a scheme which is estimated to cost Rs. 10 crores to extend this scheme to backward areas, drought affected areas and to 20,000 slum areas where lakhs of Harijans are living. I appeal to the hon. Minister of Education to approve this scheme of Tamil Nadu Government and to give Rs. 10 crores to Tamil Nadu for implementing this scheme.

Sir, a National Centre for Blind has been set up and a paltry sum of Rs. 18.43 lakhs has been allocated for this. In our country there are two categories of blindness. One category is those who are born blind. The other category is those who lose their sight on account of under-nourishment and for want of nutritious food. The problems of these two categories are quite different from each other. But, here you will be shocked to know that a sum of Rs. 17,000 has been allocated for education to blind children. The number of blind people who cannot get their sight back by having

operations is about 2 crores. They are so poor that they cannot afford to undergo eye operations. If the Central Government want to help crores of blind people in our country, then there must be a Five Year Plan exclusively for this purpose. Crores of blind people in our country cannot get back their sight because they are very poor to undergo surgical operation. The Central Government must undertake a massive programme in this direction. Our Chief Minister, Dr. Kalaingar Karunanidhi, after pondering over this problem seriously, has become not only the path-finder but also the pace-setter for the entire country. He utilised his birthday for collecting funds for this purpose. He gave priority to giving eye-sight to the blind in his scheme of activities. On his birthday he collected donations which he utilised for conducting eye-camps in various parts of the State. All the poor blind people were given free food and free accommodation. They were given free medical attendance. After the operation, they were also given spectacles free of cost. On account of the magnificent initiative shown by our ever-diligent Chief Minister, in Tamil Nadu more than 1,42,000 poor blind people have got back their eye-sight.

Mahatma Gandhi, the father of our nation, felt his sacred duty to rehabilitate the beggars more particularly beggars suffering from leprosy. Our Chief Minister utilised his another birthday to collect donations for the noble task of rehabilitating beggars in Tamil Nadu. In each district of Tamil Nadu, a beggars rehabilitation home has been set up at a cost of Rs. 10 lakh each. When a State Government is taking so much interest in these activities, it is no doubt to be condemned that the Central Government have shown scant regard for human misery.

Similarly, a negligible sum has been allocated for the National Centre for Deaf and Dumb. In Tamil Nadu, our

Religious Endowments Minister, Thiru Kannappan, has been very successfully utilising the Temple Trust Funds for this humanitarian work. Orphanages, Homes for the Disabled Orphans etc., have been set up by the Temple Trusts. I say these things here because the Central Government can usefully emulate this illustrious example. The Central Government should take steps to establish in each District Headquarter a Home for Orphans which should help at least 5000 orphans in the district.

Even after 25 years of our Independence, the Central Government have not constructively reformed our educational system. I am constrained to say that this Government want to turn out from colleges and schools youths who will be fit for white-collar jobs only.

If this is not the motive of the Government, our educational system should have been transformed for the benefit of the people long time ago. During these two decades so many Commissions and Committees have gone into the question of educational reforms. In 1948-49, the Commission under the chairmanship of our former President, Dr. Radhakrishnan went into this question. In 1952-53, the Secondary Education Commission under the chairmanship of Dr. Lakshmanaswamy Mudaliar made many useful recommendations. In 1964-66 another Commission under the chairmanship of Dr. Kothari examined the entire gamut of our educational system and made many worthwhile recommendations. I want to censure the Government on their failure to implement in full the recommendations of these Commissions. Besides this, in 1968, the Resolution on National Policy of Education was unanimously passed by this House. I would like to know from the hon. Minister of Education what steps have been taken to translate this Resolution into constructive action.

Sir, the University Grants Commission gives grants directly to private

[Shri P. A. Saminathan]

colleges. This has enabled many people to make education as a commercial proposition. At the same time the Government Colleges are denied of any financial assistance from the U.G.C. You cannot deny that the State Government is the nearest agency to know about the financial requirements of Colleges. I would urge upon the Education Minister that the U.G.C. should hand over the money to the State Governments and entrust them with the power of disbursing the funds to the Colleges.

Under the scheme of providing employment to unemployed teachers sponsored by the Central Government in 1972-73 30000 teachers were enrolled throughout the country. Under this scheme, only 900 teachers from Tamil Nadu got the employment opportunity. But, Madhya Pradesh having the same population as that of Tamil Nadu got employment for 3000 teachers. 4800 teachers in Bihar having a population of 5.5 crores got the job opportunity. Rajasthan having a population of only 2.5 crores got employment for 2600 teachers. I have no alternative but to pass stricture on the Government for this partiality shown to Tamil Nadu. In Tamil Nadu 22000 trained teachers are unemployed. We can create employment opportunities for 80000 teachers, if the Central Government are keen to implement this scheme on the basis of actual requirement rather than on any partial performances.

Here, I would like to refer to the issues raised by the hon. Lady Member belonging to the ruling party from Tamil Nadu who participated in the Debate yesterday. She has made a valiant attempt to connect the Haryana Teachers' strike and the strike of Graduate Teachers of Tamil Nadu. Generally women express their views after a thorough deliberation of the issues involved. But, in this case the Lady Member has expressed her views without making any analysis of the issues involved. The Opposition Parties demanded a discussion in this

house on the strike of Haryana Teachers, but the ruling Congress Party Members including the hon. lady Member refused to permit such a discussion in this House. Does the hon. lady Member know about the demands of the Graduate teachers of Tamil Nadu? She must not be knowing because she is new to politics. She is enjoying the fruits of politics with the munificence of the Dravida Munnetra Kazhagam. Out of 5 demands of the Graduate teachers, three demands have been accepted by the Tamil Nadu Government. Sir, I would like to inform the house through you the contents of the other two demands of the Graduate teachers of Tamil Nadu were such that any Government with some sense of responsibility cannot accept. One of the demands was that the Tamil teachers should not be made the Headmasters or Principals. Their second demand was that the Tamil teacher should always get less than what a B.T. teacher gets. These Tamil teachers are their own colleagues. They have done as much to the cause of education as the Graduate teachers have done. Can you expect any Government in the world to concede to such a demand? If the hon. lady Member has got the courage, let her come to Tamil Nadu and issue such a declaration. It is easy to speak politics inside this House. She also referred to the incidents that occurred in Tiruchirappalli and Tirunelveli in which some students were involved. But these two incidents are under judicial enquiry. I think that the hon. lady Member does not know about the parliamentary procedure that any matter under a judicial enquiry should not be referred to in this House. Her father was a leading lawyer. I only sympathise that this lady member has not got even an iota of legal propriety in her.

I would refer to another important issue. The places of historical importance and archaeological interest are spread far and wide in our country. In consequence, the Central Ministry is not able to exercise ade-

quate supervision in their maintenance. I am afraid that they will all become relics of history if they are neglected like this by the Ministry of Education. I have to point out regretfully that the Centre does not permit the State Government even to honour the sentiments of local people. The Centre seems more interested in maintaining the past glory of the places rather than to associate their past glory with the present aspirations of people. I need not say about the refusal of permission by the Centre to erect a statue of the King Raja Rajan who built the ancient temple in Tamil Nadu.

I would appeal to the hon. Minister of Education that the ancient archaeological monuments and museums should be handed over to the State Governments who are in a better position to maintain them properly. The maintenance and management of Thanjavur Saraswathi Mahal Library should be handed over to the State Government of Tamil Nadu.

Before I conclude I would refer to the fact that during the Fourth Plan an outlay of Rs. 25.45 crores was proposed for the development of Indian languages. It is deplorable that for languages other than Hindi only a sum of Rs. 1.35 crores had been allocated. During the Fifth Plan, Rs. 25 crores have been proposed for Hindi alone. This is what the hon. Minister of Education has stated. I would like to warn here that every step you take for the development of Hindi and for the imposition of Hindi will to that extent endanger national unity. I am sure, Sir, that the Central Government are aware of the strong feelings of 4.5 crores of people in Tamil Nadu. I don't think that the memory of the Central Government in regard to the anti-Hindi agitation in 1965 in Tamil Nadu has yet been obliterated. The Army was called to quell the emotional upsurge of the entire people of Tamil Nadu and the State was given a blood-bath. I hope that the Central Government are not interested to create such a situation in Tamil Nadu. The

people of Tamil Nadu will ever be ready to shed their blood in protecting their rights. From 1938 onwards eminent Tamil leaders have opposed the Hindi imperialism. Thanthai Periyar, Perarignar Anna, Thiru Vee Ka and so many illustrious Tamil leaders had so far unequivocally opposed the imposition of Hindi on non-Hindi people. Our great leader Arignar Anna, who became the Chief Minister in 1967, gave up the three-language formula and he implemented vigorously the two-language formula in Tamil Nadu. I appeal to the hon. Minister of Education not to precipitate a crisis by trying to impose Hindi on non-Hindi speaking people.

Lastly, the Central Government every year celebrate the memory of eminent personalities of our country. But so far, the Centre has not cared to honour the memory of great Tamil savants like Thiruvalluvar, Plango Aidal Kambar, the revolutionary poet Subramania, Bharathi, another eminent poet Bharathi Dasan and other eminent personalities like Yogi Vemana from Andhra Pradesh, Narayana Guru and Vallathol from Kerala. I appeal to the hon. Minister of Education that he should bestow his personal attention in arranging programmes for paying homage to these great men from Southern States.

With these words, I conclude.

MR. DEPUTY-SPEAKER: Congress Members may take not more than ten minutes. There are 34 of them still in the queue.

Shri Parashar.

PROF. NARAIN CHAND PARASHAR (Hamirpur): Sir, I rise to support the Demands presented to this House by the hon. Minister for Education. I heard the speeches from the Opposition side, especially, the one made just now by D.M.K. Members; wherein the Ministry for Education at the Centre was called Ministry for Interference.

[Prof. Narain Chand Parashar]

On the one hand you are calling it as the Ministry for Interference and on the other hand, you are asking for Central assistance to various programmes in the States. Is it that you are interested only in money and not in any qualitative improvement of educational development? We must ponder over this and examine this in great depth. Unless India emerges as a nation, it is no use creating this State or that State. There can be no State or emergence of a nation unless we have a coordinated development programme for education for the whole of the country. My grouse, on the other hand, is that this wonderful book with so many of the printed words does not speak a word about the coordination of various educational programmes at the Central level.

As a member of the Central Advisory Board on Education, I moved a resolution in the CABE meeting on 19th September last year requesting for the Minister of Education at the Centre to constitute a committee to examine the Central responsibility in education. Later on it was changed that it should be a committee to examine the Central responsibility in education in the existing constitutional pattern. But the State Education Minister did not relish this idea and in the answers to my questions in the Lok Sabha, I have not so far got a clear assurance whether or not a day would come when we would examine what exactly is the Central responsibility in higher education or in education at all. There are resolutions for making education a concurrent subject and there are recommendations. A resolution by Shri Samanta was circulated for public opinion and some people supported it. But that as it may, since education is the force that will shape the destiny of the nation in the end when all these passions have calmed down and are spent, when all the regional chauvinism and the sparks produced here and there have died a natural death. It will be the Central Education Ministry

which will have the final say in the shaping of this destiny. So, I request the Minister that within the existing constitutional provisions, we should examine this question in depth.

There are various sectors. The Central Ministry tells us that they propose to start one primary school in each block and one model higher secondary school in each district as pace setters. It would have been better had we been given the actual names of the places or districts where these schools have been set up and where they are proposed to be set up during the current financial year for which we are considering the demands. A vague reply, shorn of exactness is something which is not palatable to me at least.

In a recent book by Gunnar Myrdal the author of *Asian Drama* it has been suggested that all developing countries are suffering from an inverted system of priorities in the system of education. That is, greater attention is paid to the financial and other aspects of university education, lesser to the secondary education and the least to the primary education. 23 years ago, the founding fathers proclaimed it as a Directive Principle of our Constitution that primary education would be free, universal and compulsory. I am sorry to say that in these 23 years, it has not been possible to see that the lamp of education is lit in every home. Darkness remains and nobody has paid any heed to it. There are universities which are becoming increasing centres of violence. As a teacher, I hang my head in shame that one university in this country has come forward with the plea that there should be a police force of the university authorities, so that they can strut and dance in authority like a District Magistrate or SHO. It is the killing of the teacher that has taken place and the upgrading of the SHO or District Magistrate by planting him in an educational institution.

According to this Report, Delhi University presents a very fine spect-

acle. 1869 persons have registered themselves for Ph.D. Over a lakh of students are getting education directly or indirectly from the colleges of this university, through correspondence courses etc. But reference could also have been made to the recent disturbances in Delhi University and some sort of a complete picture presented to the country as to what the Delhi University is. Even now the Delhi University Teachers' Association is threatening to launch an agitation for certain reasons. In this capital city of ours, the teachers who have put in some years of service outside are at a disadvantage as compared to those teachers who have started their service here with the result that some of the teachers in Punjab have become junior to their own pupils here because of the strange policy of the selection grades approved by the Academic Council of our University.

There is growing violence and the darkness is thickening in the B.H.U. and the A.M.U. These very high-sounding names are bringing to us the signals of a developing doom and, unless we act in time, we would be put to a great inconvenience in the coming years. The rising generation of our country is getting the symptoms of a disease. I have before me a statement issued by Mr. Harivansh Bahadur who is the President of the B.H.U. Chhatra Sangh, dt. 4th April, saying that there are RSS centres in the University called the Banaras Hindu University and 32 *shakhas* are being held regularly. If you cannot control communalism in one university, with what claim can you come forward before the country to wipe out communalism from the entire country? You cannot condemn, control and eradicate communalism from the A.M.U. and the B.H.U. and there are voices of communalism coming in the garb of minorities threatening the very unity of this country. I want to sound a note of warning that unless the RSS citadel is permanently destroyed from the B.H.U., nothing better can be expected. You will have every day the

Vishwavidyalya bandh which was organised on 19th March, 1973 and other funny things of the type and you will have strikes in universities and nobody will be able to save the persons who are working there.

Recently, I visited the Vishwabharti (Central) University and I found to my dismay that there are growing signs of violence there too. You have come forward with a proposal that you want to set up a Central University in north eastern India. I wish there could be some comparative study of the Central Universities vs. State Universities. After all, when there is a demand of one area, we are going to cater to that area and give a Central university. But there are certain other parts of the country where the State universities are flourishing and these State universities are nothing better than the boards for the game of chess played by regional politicians for making their own recruitment, promotion and all that.

The hon. Minister of Education comes forward with a plea that the Central Government has no authority to intervene because Education is a State subject. May I invite his kind attention to the barbarism let loose on teaching community in the recent years by certain regional politicians in the States, exploiting the regional autonomy for their purpose. Teachers have been transferred; they have been harassed; they have been intimidated; they have been shadowed by C.I.D. and other things have been done to them and all in the name of regional autonomy. Education is a State subject but a young man is not a State subject; violence and communalism are not a State subject. It cannot be controlled by any Chief Minister or by any Education Minister or by any Vice-Chancellor. It will spread with a fast speed. Nobody will be able to control it if it is not controlled in a year or two.

Similarly, may I bring to your attention the great injustice that has been

[Prof. Narain Chand Parashar]

done to the hill areas. The hon. Minister is the Chairman of a Committee which was appointed in September. What a wonderful Committee which has had not even a single sitting. I do not know what were the reasons. The Plan allocations are being finalised. But the Committee is still to meet.

Then, there is one wonderful institute, the Ladakh Institute of Higher Studies which was envisaged by our late Prime Minister Pandit Nehru as an institute of higher education corresponding to almost a university. But it was down-graded to a higher secondary school. I say that it should be restored to its original shape so that the soul of Jawaharlal Nehru may rest in peace and the students from border areas, who came with high hopes to get integrated in what was euphemistically called the mainstream of national life would be able to get the benefits of higher education as well as be able to preserve something of their past culture and heritage.

I want to bring other important point to the notice of the Education Minister. Unless we establish libraries in each one of the community development blocks, though on a small scale, from the Central pool we will not be able to help the educated, uneducated and semi-educated masses who will be able to get a few bits of modern knowledge from their school-going children. So, I would request him to have a programme for a network of libraries in all community development blocks on the pattern of the primary schools or model schools, because one national library is not enough. With these words, I support the Demands.

SHRI HAMENDRA SINGH BANERA (Bhilwara): Sir, after twenty five years of independence we have now come to the final conclusion that there is something basically wrong with our education policy. Time and again from all corners of this nation and from people of all spheres there has

been a constant demand that the education policy should be changed, that the education policy introduced by the Britishers to produce clerks should be shed and we should frame an education policy which will develop nationalism in the youth of this country. Our education policy should be job-oriented because the most acute problem before our nation today is unemployment among the educated masses. Unless and until you change your education policy and make it job oriented, the problem of unemployment can never be solved.

We have always condemned violence in the colleges and universities. But we have never detected; the root cause for the unfortunate happenings which affect everyone of us. The Education Minister has gone on record stating that a draft is being prepared to overhaul the policy of the Government of India. I hope he will be consulting the top educationists of the country before he implements it. I am saying this with a fear because a deep-rooted conspiracy is going on in the matter of higher education in India. I pray sincerely to the House to consider this aspect impartially and thoroughly and condemn the anti-national activities taking place right under the nose of Prof. Nurul Hasan.

Whenever a proposal comes before this Ministry in regard to education, even though the Minister accepts it, he quietly comes with an excuse that education is a State subject. But now with their party in power in nearly all the States and with the appointment of Chief Ministers as the Subedar of the Centre, I see no reason why he should not be able to convince them and make them implement it.

No doubt, the Government of India is appointing 60,000 teachers to help the States and the Union Territories in the field of promoting elementary education. But I pity the condition of the teachers of primary schools. See how low paid they are while we expect them to groom a child who has

to shoulder the responsibility of this great nation. In Japan the pay of a primary school teacher and that of a college lecturer are the same. We have still to attach a great importance to this section who have to contribute a great deal in the field of education and do everything to improve their service conditions. Please do not leave them at the altar of Panchas and Sarpanchas as is prevailing in Rajasthan where they are passing through torturous conditions.

I am sorry to say that the Central Government is neglecting its responsibility in the Union Territory of Delhi. The Education Directorate of Delhi has granted Selection Grades to those teachers who are no more in service, and those teachers who are entitled to them have been compelled to take the shelter of High Court. Teachers regard it as an act of dishonesty practised in the temples of learning. In schools, posts of Vice Principals, Post Graduate teachers, etc., are lying vacant. Senior teachers are frustrated on this account as well as on the account that their juniors are drawing more than what they are drawing. Faulty promotion policy, service rules, recruitment policy, etc., of the Directorate of Education, Delhi, are the main reasons for their discontentment. Selection Grade in aided schools should be implemented immediately as per the rules in government-owned schools. Here I may mention one very interesting point. The Pay Commission has considered the grade of pay of the teachers which was prevalent three years back; now the grade has been improved but the Pay Commission only considered the older grade.

I also want to bring to the notice of the hon. Minister the state of affairs in the Kendriya Hindi Nirdeshalaya. Its director has not been appointed for the last three years, while the Chairman is working on a temporary basis. The plans to promote Hindi are not being completed because of shortage of staff caused by retrenchment from time to time. Urdu Semi-

nars were held in Hyderabad and Lucknow about four months back. Rs. 80,000 were drawn to meet the expenses, but the account has not yet been submitted. Why is a separate Board for Urdu being set up? My Party has no objection to the development of this language, but the whole affair smells fishy. Because the U.P. elections are fast approaching and this Government has *mala fide* intentions in wooing the voters, they are giving it the unrequired importance. There is a strong rumour of Urdu being promoted as Raj Bhasha. I may warn the Government that any such thing at this juncture will have serious consequences.

My friends have discussed the state of affairs in the Banaras Hindu University and the problem of student unrest in the other Central Universities. Two years back when I was speaking on the Demands of the same Ministry, I had warned the then Education Minister that if the Vice-Chancellor of Banaras Hindu University, Dr. K. Shrimali, was not removed, the state of affairs in Banaras Hindu University were bound to deteriorate and it would become worse.

The present conditions there are due to the fact that the Vice-Chancellor has failed to win the confidence of the students and the teachers. His failure in curbing the activities of the unsocial elements in the University, the partiality observed in promotion of lecturers and appointments of the Heads of Departments and his only desire to activate communists who have been defeated in the elections to the students' unions, favouritism, nepotism, administrative inefficiency and the embezzlement of Rs. 13 lakhs are some of the factors responsible for the undesired climate in that temple of learning.

14 hrs.

The University was closed four times *sine die* and the students lost

[Shri Hamendra Singh Banera]
about nine months of their studies. That come to one academic year. Every time the University was closed the students had to go to their home and come back which alone cost Rs. 35 lakhs. Ten students were jailed from 10th March, 1973. When the Members of Parliament from the Opposition went to Varanasi, the Jail Superintendent did not allow them to meet these students. There are about ten to twelve charges—charges of murder, arson and dacoity, etc. against them. I may warn, Prof. Nurul Hasan, I know Shri Kanu Lal Shrivastava, I know he is your pet. To restore normalcy in the Banaras Hindu University, you should immediately constitute a commission of inquiry, it should be a very high-power commission and it should go into all these problems in the University. I appeal to the House and the Minister of Education to try and solve once for all this problem, that is, the political interference in the Universities. We are prepared to stay away completely provided all other Parties strictly observe it. But if you want only the Communists and Congress to participate, I am sorry, we will not allow them to do it. The Vidyarthi Parishad has a clean record and after resisting violence from Communists, that organization is held in high esteem as a disciplined one and a model for others.

MR. DEPUTY-SPEAKER: Why indulge in self-confession.

SHRI HAMENDRA SINGH BANERJA: Now I come to higher education.

Higher Education in India, it seems, has become the exclusive domain of the people having leftist leanings particularly of the CPI brand. During the last few years, most of the appointments have been made to favour scholars who excel not in their scholarship but in their being adherents of a particular ideology and belonging to a clique. A conscious and forceful bid is being made by the leftist forces to stage, if I may

say so, a *coup* in the institutions of higher learning. There is a lot of demand for what can be called 'committed' scholars who can re-write our history without any scruples as to the objectivity required of this discipline; who can pronounce their judgment afresh on the doings of Aurangzeb and Shivaji, to toe a given line by their high command. A glance at the organisation and functioning of such bodies as the Indian Council of Historical Research, Indian Council of Social Sciences Research, and institutions like the Institute for Advanced Studies, Simla and the Jawaharlal Nehru University in New Delhi would reveal that most of the people who have been given the plums happen to be these 'committed scholars'. More often than not their achievements in the field of scholarship have only been a secondary consideration in entrusting them with the jobs they now do. I would now like to cite a few instances to substantiate what I have just said.

The Indian Council of Historical Research, a brainchild of our present Education Minister Shri Nurul Hasan, has been constituted in such a fashion as to distribute the official patronage to the people who have been or still are the members of the CPI. The present director of a project on history has a basic degree in political science. Of course he was Secretary of the district CPI in Bihar. Another youngman who is not eligible for any scholarship anywhere, having a III Class in his BA and MA has been awarded a fellowship of Rs. 500 p.m. recently. I can give the names if you want. These scholars confine their research to a particular type of material and have a declared contempt for regional languages and various dialects of northern India spoken in medieval times.

The Indian Council of Social Sciences Research and the Institute of Advanced Studies do not conform to the norms in matters of selection laid down by themselves. For instance a person out of employment

was appointed on the staff on an *ad hoc* basis in the early years of the establishment of the ICSSR and soon after awarded a fellowship of Rs. 1100 p.m. He was later absorbed as an Associate Professor in the Jawaharlal Nehru University.

MR. DEPUTY-SPEAKER: Please do not use the floor of the House for going into these individual cases. You can write to the Minister and he will let you know.

SHRI HAMENDRA SINGH BANERA: If he wants, I can name them.

MR. DEPUTY-SPEAKER: No, no. You have already exceeded your time. These are individual cases. You can as well write to him and draw his attention. Please conclude.

SHRI HAMENDRA SINGH BANERA: About Jawaharlal Nehru University the most favoured child of the Education Ministry the less said the better. People have made it a springboard for more lucrative avenues and in doing so they shift from one discipline to another at their convenience. Nobody knows who will become a professor or an associate professor there. A gentleman who was a Reader for only a few months at the university next-door was offered a professorship and is now manoeuvring to stage a comeback to his parent institution as a senior professor.

MR. DEPUTY-SPEAKER: Please conclude now. You can pass on these details to the Education Minister.

SHRI HAMENDRA SINGH BANERA: Government is not doing much in promoting among the youth of this country the necessary spirit of nationalism. I hope the Minister will spell out some concrete programme which will develop self-confidence amongst them by opening new avenues of employment. More youth hostels should be opened in the country.

Again, don't pay attention in the urban areas only. Massive programmes of sports should be undertaken both in rural and urban areas. Please pay adequate attention to village areas also. This is very important. I need not have to tell you the advantages but it will certainly increase discipline and better understanding between themselves. Everyone knows the way Raja Bhalinder Singh, the IOA Chief failed at the Munich Olympics. The Government has not dealt strictly with the persons who are guilty of projecting such a nasty picture of our nation. I can understand the facts why we lost and if improved next time we will again become the champions, but, what about the misbehaviour of these senior officials? Will they be let free or will action be taken against them?

Lastly, I want to strongly make a demand for setting up a university at Ajmer. I know the Rajasthan Government has appointed a Committee headed by Dr. K. L. Shrimali which was going to decide where the location of a university in Rajasthan has to take place. He is busy in the politics of Banaras Hindu University. So, I pray that he should be relieved from there and sent to Rajasthan where he can solve our problem.

SHRI SHYAM SUNDER MOHAPATRA (Balasore): Mr. Deputy-Speaker, Sir, listening to the debate I am reminded of the great Prime Minister of U.K., Mr. Gladstone, who while moving the Education Bill to give education to the people of England said:

"Let us educate our masters."

It was a great saying because if we did not educate our masters we will not be doing justice. I feel I must invoke the couplet:

"Lead kindly light, Amidst the encircling gloom lead Though me on
Over crag and torrent till the night
is gone Lead me on"

[Shri Hamendra Singh Banera]

The illiterates of India today invoke the kindness of the Government of India to lead them through darkness to reach light. In our country there are more than 150 million illiterates who should get education. The Directive Principle says: We should give education to people upto the age of 14. After 25 years of Independence the illiterates in India are still groping in darkness and if we do not educate the people the country will never progress. The standard of a country's progress is measured by the standard of education that the people have. If we do not educate our masters, government will also become government of the illiterates as many political scientists say.

I must now bring to your notice the unrest, disappointment and frustration in the youth which culminated in the beginning of a naxalite movement in our country. There are more than 18,000 people in our jails who are naxalites and are rotting. Many of them are children below the age of 18. What was their fault? Frustration. They wanted jobs; the education could not give any jobs. Our education is not job-oriented. The students must feel that they are participants in the making of a nation. I remember Dr Chandrasekhar who was Member when he visited the Chinese Republic he went to a university and met the Rector of the University and said that he wanted to visit the hostel and campus. The rector took him round but he did not find a single student. Dr. Chandrasekhar asked where the students had gone. The Rector said they have gone to the fields. Dr. Chandrasekhar asked what they were doing there. The students should be in the university. Then the Rector said our education system is different. They have to participate in the making of the nation. They are now helping the peasants in the harvest season. The Meteorological Department has warned that within 7 days there will be a big cyclone and, as such, the harvest has to be over within 7 days. This is the type of educa-

tion which is needed. The students have to feel that they are part of this great nation. If there is trouble for the nation it is as much for their parents as for them. I asked the students have they become desperate? They have not. Who is responsible? All of us—the teachers, the guardians and the government—are responsible for this because we have not given them an opportunity to participate in the re-generation of our country. Every year the number of illiterates is growing. 1.60 crore illiterates are added every year. Who is responsible for this? In the Asian Conference in December, 1970 the then Education Minister, Dr. V. K. R. V. Rao, said we should have pilot projects. Well, seeing the news I thought it is something like pilot industry that he wanted that the country should have pilot projects to educate the people.

I say the students are very poor. Why not take up a scheme that in their off-time students can go and educate adult illiterates? The hon. Minister is a great professor. He knows that the student are in difficulty. They must do something. If every student is given 20 a month to educate a required number of adult illiterates, he has done a great job. Why not take up a scheme like that?

In our country, there is no such thing as voluntary labour. Our great Prime Minister, the late Pandit Nehru, sent a group of experts to China to see how through voluntary labour, a great dam had been constructed. The experts were surprised to know that a great dam was constructed by voluntary labour in China. Why not ask our students to do some road work, bridge work, railway construction work and other things? That is how students should participate in the making of the nation.

After the last great war, the entire nation of Japan was demolished, almost crumbled down to dust. The same thing happened to the German nation. Their entire society almost crumbled to dust. But what happened then? Everybody participated in the making of their new State.

Today that small, tiny group of islands constituting Japan is helping us as an industrial country. They claim they are the biggest industrial state in the entire South East Asia region or one of the biggest industrial countries in the world.

The students and youth have to be made to feel that they have to contribute something to the making of the nation. If you ask them to do voluntary labour, you must set before them an example of your own honesty and integrity. You must also participate and ask them to do likewise. You cannot move about in limousines or sit in air-conditioned rooms and expect the college and school boys and youth to participate in the making of the nation. Such a slogan will be hyperbole and nonsense.

The universities have become almost citadels of corruption. I am a teacher myself. I feel ashamed to say this. But I have to because I have to bring to your kind notice, and through you to the notice of the Government and people, how these universities have become citadel of corruption. This is because the teachers of today are not the teachers of olden days. The great Maharishi Janaka, who was a great philosopher, who had spiritual vision, had to walk miles to meet his teacher Yagyavalkya. We read about it in mythology. Where is that sentiment today? Today the students and teachers sit across the table, drink alcohol and discuss vices, something which we can never tolerate. They say 'we are friends'. Of course, we are friends, but there should be a distance kept between teachers and students. The teachers have no character. Naturally the students have no character. The parents have no character; naturally, the students have no character.

AN HON. MEMBER: What about us?

SHRI SHYAM SUNDER MOHAPATRA: So we have to build up a new society.

Everyday we hear of some ugly incidents. We heard the other day that some boys in Delhi University tried to rape a girl. Today I was reading in the newspapers that the Supreme Court had upheld the Patna High Court's strictures on some college boys who had engaged in a nude demonstration of themselves in front of a girls' hostel in Patna.

Who is responsible for all this? Is this our civilised society? Is this the society India had in bygone days? India was one of the pioneers in the movement of cultural philosophy. Today that has crumbled down to test, with boys making demonstrations before girls, before our own sisters and mothers.

Then mass-copying is a great problem. Students go on copying in the examination hall. We could not think of it in our days. Could anybody in our days think of teachers and students drinking alcohol and smoking together? Why do they do it. The students want jobs. We have to give them jobs. I feel that if the right to work was a fundamental right, there would have been no trouble. The right to primary education should have been a fundamental right. But it is not there. Education is the means to harmonise development of the mind and soul, said the great Plato, many many centuries ago. How to bring about harmony between mind and soul, how to bring about the feeling that 'I am part of this entire universe, feel that my mind and soul is part of the entire universe. We have to do this by education.

I will not take much time. But I will just quote from an article written by Shri Aswini Roy in the *Hindustan Times*.

MR. DEPUTY-SPEAKER: Give a summary.

SHRI SHYAM SUNDER MOHAPATRA: He writes that the social status of the professor in Germany

[Shri Shyam Sunder Mohapatra]
can be the cause of jealousy in many countries. One additional evidence of the status is the number drawn from their ranks into the prize political post of the country. He is a permanent civil servant with salaries equivalent to those comparable to the highest civil servant; the diplomats in that country are drawn from the ranks of professors. That is the status they enjoy. And what is the status of the professors in our country? The status of the college teacher is this: he feels that he is less than a peon; the college teacher feels that he is less than a domestic servant in Delhi. In Delhi, a domestic servant gets probably more amenities than a college professor. Unless we give the professors that status in society—they are no less than Ministers; they are no less than scientists; they are no less than military generals; they are the makers of our country—our country will not go ahead.

I hope the hon. Minister will pay them more money and bring a regeneration of our educational system.

SHRI B. S. MURTHY (Amalapuram): Mr. Speaker, Sir, I rise to support the demands made by the Ministry of Education and Social Welfare. Sir, this Ministry is today suffering from a stunted growth. I do not know why this Ministry does not deserve a Minister of Cabinet rank; not that a Minister of Cabinet rank will add anything great, but the country at large will be able to understand that the Ministry has been given a place of pride. For many years, this Ministry has always been treated as a Cinderella before marriage. I do not know when this Ministry will get itself married like Cinderella and get a better status than it is enjoying today.

AN HON. MEMBER: He is Prince Charming, as Minister.

SHRI B. S. MURTHY: Which Minister? Both of them are professors; and professors make very bad husbands, often, excluding honourable exceptions like the Deputy-Speaker

Sir, I am afraid that the Ministry is not able to do justice to this subject not because there is anything wrong with the people at the helm of affairs but because of the very attitude of the nation towards this subject. India has given the highest place for education. The Sanskrit sloka says, *Vidya Viheenaha Pashu*: the man who is not educated is a *pashu*; he is an animal. If that is the idea with which India has always given the highest place for education, how is it being done today? The most shabby treatment is given to the subject of education. I do not know why education has fallen on bad days.

SHRI G. VISWANATHAN (Wandiwash): Bad hands.

SHRI B. S. MURTHY: Yes; that is in Tamil Nadu. (*Interruptions*) Sir, one simple example is enough to state how things are deteriorating. In 1947, the illiterate population in India was computed to be 298 million, and this figure rose today to 386 million. That is, 88 million more have been added. At this rate, with this population explosion, how many years does India require to make cent per cent illiterates? It is a very serious matter. It is not that the Ministers only or the Government alone have to think of it; but it is the whole nation that should think of it.

Again you have promised universal, compulsory, free primary education 25 years ago. In many places education facilities are not there and I do not know how you can call it universal. I want to talk about primary education only because that is the crux of the problem. If 100 children are admitted to class I, only 50 reach the fifth class and by the time they go to the 7 or 8th class, the number dwindles to 25 and perhaps it comes down to 10 or 15 at the higher secondary stages. Why is there so much loss in terms of education? I do not know why the Government has not thought of this and appointed a committee to remedy this wastage in the primary classes

If you neglect primary education, there will be neglect all along the line. Some friends said how the colleges and universities were seething with persons who had gone there, not for studies but for other purposes. Primary education is the foundation and every effort must be made to see that healthy and good primary institutions are started in all the States.

There is a move today to have new primary schools and call them by grandiose names. I do not want education to be divided; one community or person to have one type of education and another, a different type of education. If you want to build an integrated nation, children must be brought together and given education and other opportunities of growth. Children should live together and learn to love each other as brothers and sisters; from that stage we must build up. If you are thinking that leaders of political parties and Members of parliament or the legislative assemblies could meet in Kashmir and promote national integration, it cannot be done it is sheer waste. We must start with the children and instil in them a sense of nationalism and that is laying foundations for national integration. Therefore, I am anxious that more money should be allotted to primary education.

How many of those so-called new schools are being established? It should not be limited to the children of the privileged, rich class. 50 or 60 per cent of the seats should go to children from backward and other communities, to the weaker sections. Otherwise these schools will not thrive and there will be revolt against such schools. The Ministry should take early steps to see that 60-70 per cent of the seats in these newly-started schools go to these backward communities.

In many places there are schools managed by the community development blocks. The role of the Community development Blocks is very bad. So much so, many teachers are today resigning in revolt against the

maltreatment meted out to them. I would like to tell the Central Ministry that there must be reproachment between the State Governments and the Central Government in order to see that Education is not entirely the monopoly of the State Governments.

Now, a good friend of mine, Shri Parashar said that education should be the Central subject. But, what about the nation? We cannot divide them into States and Central subjects. The building of a nation should be the entire responsibility of the Central Government. The State Governments may also participate and take the responsibility. I do not want to say that the State Governments need not wash off their hands of this responsibility. But, the Central Government should see that the educational policy is such that they build up a healthy nation. This is completely one with our national goal.

Once again I would like to emphasise that casteism and communalism should be avoided. About this I do not think either the State Governments or the Central Government is doing anything. Even to-day, there are a number of villages where caste-Hindu children are not being sent to the schools where the scheduled castes or backward class teachers are working. I do not know whether any enquiry has been made to find out how many schools are like this and how many of the teachers have been transferred. I would like the Centre to look into the matter and see that education really develops a nation which will become healthy and strong.

शिक्षा और समाज कल्याण मंत्रालय
तथा संस्कृति विभाग में उप-मंत्री (श्री
डी० पी० यादव) : उपाध्यक्ष महोदय,
माननीय सदस्यों ने बहुत अच्छे सुझाव
सदन के सामने रखे हैं और शिक्षा मंत्रालय
के पैसों में कमी न हो, कटौती न की जाय,
लगभग सभी सदस्यों ने इस बात की मांग
की है—इस के लिए मैं उन के प्रति आभार
मानता हूँ।

[श्री डी० पी० यादव]

माननीय सदस्यों ने जो सुझाव रखे हैं, उन में कुछ आलोचनात्मक हैं और कुछ रचनात्मक, मैं प्रत्येक बिन्दु पर तो नहीं जाना चाहूंगा, लेकिन इस माननीय सदन के सामने आश्वस्त हो कर और मुस्तैदी के साथ यह कहना चाहूंगा कि पिछले 25 सालों के अन्दर अगर हम ने कुछ गलतियाँ की हैं तो अब हम उन को दोहराने के लिए तैयार नहीं हैं। हमारी जो गलतियाँ हुई, हमारी जो खामियाँ थीं, हम उन को मान कर चलते हैं। आज देश में कितने शिक्षित हैं, कितने अशिक्षित हैं, कितने बेकार हैं, इस को बराबर न दोहरा कर, अब तो हमें एक ठोस रचनात्मक धरातल पर काम करना होगा।

श्रीमती विभा घोष गोस्वामी जी ने एक बहुत कारुणिक दृश्य खींचा है—हमारे यहां की एडल्ट इलिट्रेसी पर—मैं उन को बतलाना चाहूंगा कि आज हिन्दुस्तान में 38 करोड़ की संख्या निरक्षर लोगों की है, उस में शून्य से लेकर 6 वर्ष तक और 6 वर्ष से लेकर 80-90 साल के जो लोग हैं, उन तमाम लोगों की संख्या निहित है। यदि हम उस की समालोचना करें तो मैं इस निष्कर्ष पर पहुंचूंगा कि करीब 6-7 करोड़ बच्चे ऐसे होंगे जो 0 से 6 वर्ष की एज-ग्रुप में होंगे, उनकी कटौती हम पहले कर दे। इन के बाद हमारे पास जो 45 साल से ऊपर के लोग हैं, उन की शिक्षा पर भी अधिक पैसा खर्च करना, उन को साक्षर बनाने की चिन्ता करना भी इस समय उचित नहीं होगा। इस लिए 15 से लेकर 30 साल तक के जितने लोग हमारे देश में हैं उन की शिक्षा व्यवस्था कैसे हो, हम उन के लिए क्या करें—इस पर हमें एक ठोस कदम उठाना होगा। यदि हम इनकी संख्या को भी लें तो कम से कम 10-12 करोड़ लोग हमारे पास ऐसे हैं। लेकिन मैं सदन के सामने स्पष्ट कहना चाहूंगा कि पांचवीं पंच वर्षीय योजना

में सरकार ने यह फैसला किया है कि कम से कम 4 से 5 करोड़ तक ऐसे लोगों की जो 15 से लेकर 30 साल की उमर के होंगे उन्हें साक्षर बनायेंगे। साक्षर केवल साक्षरता के लिए नहीं, बल्कि अपने पैरों पर खड़ा होने के लिए साक्षर बनायेंगे ताकि वे जीवन में ऐसी कदम बढ़ा सकें जो रचनात्मक हो, उन के लिए जोत्तिकोशदक प्रवृत्ति पैदा करें। इस लिए हम केवल थ्योरेटिकल शिक्षा देने में विश्वास नहीं करते टेक्नीकल, बोकेशनल शिक्षा देने में विश्वास करने हैं और ऐसी शिक्षा में विश्वास करते हैं जो उत्पादक हो।

उत्पादन या उत्पादकता शिक्षा में कैसे आये, इस के बारे में लोगों में भिन्न भिन्न विचार हैं। जैसे महापात्र जो अभी कह रहे थे तथा कुछ अन्य सदस्यों ने भी कहा है—अब हमें अपने छात्रों को, निरक्षर बन्धुओं को ऐसे राजकीय कामों में लगाना होगा, जिस से राष्ट्र निर्माण की दिशा में काम करें। अब जहां तक हमारी पोटें-शियेल्टी का सवाल है, मैं इस सदन में दोहराना चाहूंगा—जब जब हमारी युवा पीढ़ी को पुकारा गया, वे राष्ट्र निर्माण का काम करने के लिए आगे आये, बड़ी मुस्तैदी के साथ आगे आये और उन्होंने काम किया। इस से बड़ा दृष्टांत और क्या हो सकता है कि 1972 में जब करोड़ों शरणार्थी आये थे, हम ने छात्रों को बुलाया था और उन्होंने नेशनल सर्विस स्कीम के माध्यम से इस चुनौती का मुकाबला किया—ऐसी दूसरी एक्जाम्पल नहीं हो सकती। अभी कुछ वर्ष पूर्व कोसी की भयंकर बाढ़ को कोई नहीं भुल सकता, उस समय हमारे छात्रों ने जो स्वयं-सेवा की और जो काम वहां पर किया, उसकी दूसरी एक्जाम्पल नहीं हो सकती। जरूरत इस बात की है कि इस अपार शक्ति को कैसे चैनलाइज करें? अतः हमारे मंत्रालय ने इस बात को सोचा है कि इसी साल हम गमियों की छुट्टियों में इन तमाम

छात्रों को जो 75 प्रतिशत स्कूलों और कालिजों से आयेंगे और 25 प्रतिशत ऐसे छात्र होंगे जो नान-कालिजियेट्स होंगे, ऐसे लगभग एक लाख छात्रों को अलग अलग कैम्पों में राष्ट्र निर्माण में, खास कर वार-अग्रेस्ट-फैमीन के प्रोग्राम में इन्वाल्व करेंगे। यह एक बहुत बड़ी चनौती है। मैं इस सदन को आश्वासन देना चाहूंगा कि हम भरसक प्रयत्न करेंगे कि हमारा यह कार्यक्रम सफल हो और हमारी युवा पीढ़ी इस राष्ट्र निर्माण के काम में आगे आये।

उपाध्यक्ष महोदय, हम लिट्रेसी को एम्पलायमेन्ट से लिंक करना चाहते हैं और इस सम्बन्ध में जो भी सुझाव सदन के सामने आये हैं और हमारा मंत्रालय इस सम्बन्ध में जो कुछ सोच रहा है—उस में हम बहुत जल्दबाजी में कोई कदम नहीं उठाना चाहते हैं, जिस से कि उस में कोई गड़बड़ी पैदा हो जाय। हम ने दृढ़ निश्चय कर लिया है कि जो 100 नेहरू यूवा कैम्प खोले हैं और जिन में 87-88 कैम्प काम भी करने लगे हैं, उन के माध्यम से हम अपनी योजना को आगे बढ़ायेंगे, वार अग्रेस्ट डिग्रीज और दूसरी समस्याओं का मुकाबला करने के लिए उन को तैयार करेंगे। इन तमाम समाज सेवा के कार्यों को पूरा करने के लिए, उन को एक साथ कोऑर्डिनेट करने के लिए हम ने ये 100 नेहरू युवा केन्द्र खोले हैं और पांच पंच वर्षीय योजना में प्रत्येक जिले में कम से कम एक-एक नेहरू युवा केंद्र खोल देंगे। इन के माध्यम से जो कालिज के हैं, नान-कालिज के हैं, पढ़े-लिखे हैं, बिना पढ़े-लिखे हैं, इन तमाम शक्तियों को एक साथ बटोर कर किस प्रकार काम में लगाया जाय, हम ने उस तरफ कदम बढ़ाया है, हम किसी भी ग्रिम-पिक्चर से निराश होने वाले नहीं हैं। मैं सदन को आश्वासन देना चाहता हूँ कि हम युवा पीढ़ी की शक्ति का सदुपयोग

करेंगे और मुस्तैदी के साथ सदुपयोग करेंगे।

उपाध्यक्ष जी, माननीय सदस्यों ने प्रत्येक प्रखंड और प्रत्येक जिले में लिट्रेसी के प्रचार के लिए लाइब्रेरी की बात कही है। राजा राम मोहन राय लाइब्रेरी फाउन्डेशन के माध्यम से हमने यह फैसला किया है कि प्रत्येक खंड तक लाइब्रेरी विस्तार की सेवा हम कायम करेंगे। कुछ पैसे की कमी शुरू में जरूर हो सकती है लेकिन जन सहयोग से और नेहरू युवा केन्द्र के माध्यम से राजा राम मोहन राय लाइब्रेरी फाउन्डेशन का हमने कार्यान्वयन शुरू कर दिया है, राज्य सरकारों को भी मदद दे रहे हैं और देंगे।

रह गई यूथ पालिसी की बात, तो उस मामले में मैं आपको बता चुका हूँ कि यूथ पालिसी में जो कुछ भी सदस्यों ने कहा है, सरकार एक पालिसी सोच रही है लेकिन उस पालिसी को सोचने से काम नहीं चलेगा, उसका कार्यान्वयन करने से काम चलेगा। पालिसी तो बनायें और उस पर कार्यान्वयन न कर सकें तो सारा का सारा बेकार हो जाता है। हमारे सामने एक टार्गेट होना चाहिए और हमारा गंतव्य स्थान होना चाहिए कि युवा शक्ति का हम क्या सदुपयोग करेंगे। वह पालिसी हमारे मंत्रालय में विचारार्थ है और हमने अन्त में निष्कर्ष निकाला है कि देश के रचनात्मक कार्य में, गरीबी मिटाने के कार्य में युवा शक्ति को हम लगायेंगे और यही हमारी पालिसी होगी।

श्री भान सिंह भौरा (भटिंडा) : बीस साल में हो जायेगा ?

श्री डी० पी० यादव : पांच साल में हो जायेगा। पांच साल का हम आश्वासन देते हैं। पांच साल में जरूर कर देंगे।

एक और बात माननीय सदस्यों ने स्पोर्ट्स के बारे में कही। हम इस बात को जान कर चलते हैं कि हम बहुत अधिक या

[श्री डी० पी० यादव]

कम गोल्ड मेडल बाहर से नहीं ला पाते हैं। अभी तक हमारा स्पोर्ट्स का काम कुछ ढीला जरूर था, इसको हम मानते हैं लेकिन अब ढीला नहीं है और न होने दिया जायेगा—इस बात का आश्वासन देने दीजिये। एसोसिएशन के नाम पर, फेडरेशन के नाम पर स्पोर्ट्स में कुछ पालिटिक्स आ गई है—उसको नेपोटिज्म कहिये, पालिटिक्स कहिए, जो कुछ भी कहिए—हम मानते हैं लेकिन हम उस पर रोकने के लिए तैयार नहीं हैं। सरकार भी इस बात को मानती है, आप भी मानते हैं और यह सदन भी मानता है लेकिन करना क्या होगा, जो भी आपका निर्देश होगा, जो भी आप चाहेंगे, हमारा मंत्रालय उसके लिए तैयार है। हमने सोचा है ग्रास रूट्स से, जो टैलेन्ट्स हमारे पास हैं सारे देश के युवक, नेहरू युवक केन्द्र के माध्यम से उस को संवारा जाये और उन तमाम लोगों को लेकर ट्रेनिंग दी जाये।

आज स्वीमिंग की बात उठती है, तैराकी की कि हम तैराक हैं या नहीं। हिन्दुस्तान में जितना साफ्ट वाटर है, जितनी नदियां यहां हैं उतनी कहीं नहीं हैं। जिस देश में गंगा बहती है, जिस देश में यमुना बहती है वहां के लोग तैराक नहीं होंगे यह बहुत आश्चर्य की बात है। अतः हमने सोचा है कि हम सौ टैलेन्ट्स को सम्पूर्ण देश से लायेंगे, गांवों से मल्लाहों की फैमिलीज से लाकर एक सौ ऐसे नवयुवकों को तैयार करेंगे जिसमें कोई भी फेडरेशन हमारा काम नहीं देंगे, इसके लिए हम एडवर्टाइज करेंगे सारे देश में और इस तरह से उनको यहां लायेंगे। साथ-साथ हमारे पास आर्चरी की जो विद्या है उसमें भी डिसाइज किया गया है कि सारे देश के कोने-कोने से तमाम लोगों का कम्पिटिशन करा कर सौ लोगों को रिसीव करेंगे और उनको इन्टेंसिव ट्रेनिंग देंगे। दंगल, कुश्ती में भी देहात के जो चुने हुए हमारे पहलवान हैं उनको राष्ट्रीय, अन्तर-राष्ट्रीय स्तर की जो कुश्तियां होती हैं उनमें तैयार करने के लिए सौ पहलवानों को, युवकों

को चुनेंगे और उनको तैयार किया जायेगा। हम ओलिंपिक्स से सोने के मेडल लायेंगे, चांदी के मेडल लायेंगे। वैसे हमको मेडल्स में ज्यादा विश्वास नहीं है बल्कि हमको राष्ट्र की हेल्थ में ज्यादा विश्वास है। राष्ट्र की हेल्थ, नेशनल हेल्थ को हमें देखना है, सोने के मेडल को नहीं देखना है। वहां जो पालिटिक्स है उसमें हम पड़ने के लिए तैयार नहीं हैं। रह गई हमारी टीम को विदेशों में भेजने की बात तो पालिटिक्स के कारण कुछ फेडरेशन और एसोसिएशन जो टीम भेजने में लोगों को प्रलोभन देते हैं और वहां जो राजनीति करते हैं, हमने फैसला किया है कि वाइलेट्रल कल्चरल एक्सचेंज प्रोग्राम में स्वयं इसको अपने हाथ से करेंगे लेकिन उनको भी डिस्टर्ब नहीं करेंगे, टीम ले जाना चाहें तो ले जायें लेकिन सरकार इसको दूसरों पर छोड़ने के लिए तैयार नहीं है। वाइलेट्रल प्रोग्राम के अन्तर्गत स्पोर्ट्स एक्टिविटीज की परमीशन देंगे जिससे खिलाड़ियों को संतोष हो कि सरकार उनकी कदर करती है और सरकार में उनका स्थान है।

हमने स्पोर्ट्स के लिए पिछले साल क्या किया, इसके बारे में भी सदन जानना चाहेगा। पटियाला में हमारा एक नेताजी सुभाष स्पोर्ट्स इंस्टीट्यूट है उसमें हम कोच को तैयार कर रहे हैं ताकि सभी प्रकार के जो खेल हैं, हर डिस्ट्रिक्ट में उस खेल का ट्रेन्ड कोच जाये जिससे सारे प्रदेश से टैलेन्ट एक साथ संग्रहीत कर सकें। हम ने अभी करीब करीब एक सौ स्पोर्ट्स कोच को देश के विभिन्न भागों में भेजा है। यह हमारी नेकनीयती का प्रमाण है कि हमने एक कदम इसमें आगे बढ़ाया है और आप इस बात को सराहेंगे।

माननीय सेठ गोविन्द दास जी जो सदा संस्कृति, धर्म इत्यादि की बात करते हैं, मैं उनकी भावनाओं की चोट नहीं देना चाहता हूं लेकिन यह देश जो है इसके संस्कार, इस देश की संस्कृति कहीं दूसरी जगह से उधार भांग कर नहीं लाई गई है। इस देश के संस्कार

और संस्कृति है परोपकार, इस देश की संस्कृति है दूसरों को मदद करने की क्षमता और पिछले साल डेढ़ साल पहले इस परोपकार की जिस क्षमता को हमने दिखाया है उसकी दुनिया में कोई मिसाल नहीं है। आज हम झूठ मूठ की बातों में पड़कर अपने असली कर्तव्य बसुर्बस कटुबकम् की थ्योरी को भूल जाने के लिए तैयार नहीं हैं। हमारी जो संस्कृति है उसमें हम विश्वास करते हैं। पं० जवाहरलाल नेहरू ने बांदुंग में जो पंचशील के सिद्धांत का अपनाया था उससे बड़ी संस्कृति और क्या हो सकती है।

सेठ जी ने सी०एस०टी०टी० के बारे में कुछ उल्लेख किया। मैं अधिक नहीं कहना चाहूंगा लेकिन साइन्स टर्मिनोलोजी जो हमारी थी, हमको हर्ष है जिस उद्देश्य से वह बनाई गई थी उसका 90 प्रतिशत काम लगभग समाप्त हो चुका है और दस प्रतिशत काम बचा हुआ है और हमारे मंत्रालय ने सोचा है कि इसको भी हमको सैन्ट्रल हिन्दी डायरेक्टोरेट और सी०एस०टी०टी० को मिलाकर कुछ ऐसी रूपरेखा करनी होगी जिसमें प्रैजेंट दायरे में काम निहित हो सके। एप्वाइन्टमेन्ट का कोई सवाल उसमें नहीं उठता है।

उपाध्यक्ष जी आप ने मुझे आदेश दिया है बैठने का, मैं उसकी अवहेलना नहीं कर सकता। एक, दो बातें और कहना चाहता हूं। उर्दू की कुछ बात आयी, हिन्दी के विकास की और अन्य भारतीय भाषाओं के विकास की बात आयी है। मैंने यहां कई बार कहा है और पुनः दोहराना चाहता हूं कि कोई भी भारतीय भाषा पैसे के अभाव में बिलखने नहीं पायेगी। जितने पैसे की आवश्यकता भारतीय भाषाओं के विकास के लिए पड़ेगी. . . .

SHRI C. T. DHANDAPANI (Dhara-puram): What is the allocation?

SHRI D. P. YADAV: Whatever you can spend. It depends on your capacity to spend.

SHRI C. T. DHANDAPANI: We wanted more funds for international studies. We have an institute. We sent a proposal for Rs. 18 lakhs. But you turned it down; you sent back the proposal asking us to prepare another scheme.

श्री डी० पी० यादव : उपाध्यक्ष जी, हम सभी भारतीय भाषाओं को बराबर की दृष्टि से देखेंगे। तमिलनाडु में तमिल भाषा के विकास के लिए 1 करोड़ रु० का आबंटन किया गया है। और वही तैलंग के लिए भी किया गया है। अतः किसी भाषा के लिए ज्यादा करें और दूसरी के लिये कम करें। यह आरोप सही नहीं है।

उपाध्यक्ष जी, कुछ लोगों ने बनारस हिन्दू यूनिवर्सिटी की बात उठायी है, कुछ ने अलीगढ़ विश्वविद्यालय की बात उठायी है। माननीय शिक्षा मंत्री इस पर विस्तारपूर्वक विवेचन करेंगे, मैं सदन को सिर्फ यह जानकारी देना चाहता हूं कि कुछ अनअवायडेबिल सर्कम्सटॉसेज के कारण आज अलीगढ़ यूनिवर्सिटी को बन्द कर देना पड़ा है कुछ समय के लिए। इस पर शिक्षा मंत्री जी अपने विचार विस्तारपूर्वक आप लोगों के सामने रखेंगे और बतायेंगे कि वस्तु स्थिति इस समय की क्या है।

उप अध्यक्ष जी, मैं सोशल वेलफेयर के बारे में भी कुछ कहना चाहूंगा और इतना आश्वासन देना चाहूंगा कि मिड डे मील, इंटेन्सिव चिल्ड्रन्स इंटेग्रेटेड प्रोग्राम और नरिशमेंट प्रोग्राम जो हमारा है तो पांचवीं योजना में न्यूट्रिशन पर हम करीब करीब, सभी को जब मिला देंगे तो, करीब पांच से 6 सौ करोड़ रुपये का आबंटन करने जा रहे हैं और मैं आशा करता हूं कि इस से कम सारी पौपुलेशन को तो कवर नहीं कर सकेंगे, लेकिन बहुत हद तक पौपुलेशन को कवर करेंगे।

सैन्ट्रल सोशल वेलफेयर बोर्ड की चर्चा की गयी है। अभी तक मैं यह आश्वासन दे सकता हूं कि सैन्ट्रल सोशल वेलफेयर बोर्ड ने कोई

[श्री डी० पी० यादव]

गनाह नहीं किया है, हो सकता है कि कहीं मानवीय कमजोरी हो, लेकिन उसके कारण इस संस्था को एक दम तोड़ दिया जाय यह कहना उचित नहीं है। मैं इस दलील को मानने के लिए तैयार नहीं हूँ। जहां तक डेस्टीट्यूट्स और ब्लाइन्ड बच्चों का सवाल है, यह पूछा गया कि हम क्या कर रहे हैं और आगे ऐसे लोगों के लिए हम क्या करना चाहते हैं। मुझे कहते हुए दुख होता है कि आज भारत में करीब 50 लाख के करीब लोग अंधे हैं, इतने लोग आंध्र के रोम से पीड़ित हैं। यह हमारे लिए एक चुनौती है। . . .

श्री कृष्ण चन्द्र पांडे (खलीलाबाद) : मेरा व्यवस्था का प्रश्न है। मैं मंत्री जी से जानना चाहता हूँ कि हर साल शिक्षा का बजट एक ओसत पर रहता था। लेकिन जब हम शिक्षा नीति में परिवर्तन करने की सोच रहे हैं, विद्यार्थियों को आगे बढ़ाने के लिए सोच रहे हैं तो ऐसे समय में शिक्षा का बजट कम क्यों हो गया है ?

MR. DEPUTY-SPEAKER: Order, please. I do not understand it.

श्री डी० पी० यादव : उपाध्यक्ष महोदय, यह सच है कि चिल्ड्रन्स इंटिग्रेटेड डेवलपमेंट प्रोग्राम के मातहत हेल्थ मिनिस्ट्री के साथ कोऑर्डिनेट करके कुछ ऐसा उपाय किया जाय जिससे किसी बच्चे को न्यूट्रिशन के अभाव में यह अनुभव न करना पड़े कि वह जन्मान्ध हो जाय, या उसकी आंख खराब हो जाय। इस प्रकार के सोशल वेलफेयर वर्क्स पांचवीं पंचवर्षीय योजना में भी हैं और हम उनको इम्प्लीमेंट करेंगे, ऐसा आश्वासन मैं देना चाहता हूँ।

SHRI G. VISWANATHAN (Wandi-wash): I would not have taken part in the debate but for the senseless act of the Government this morning in closing down the Aligarh Muslim University.

Yesterday I was there in Aligarh Muslim University. The examinations

were going on. In fact, last night, I witnessed a Mushaira also in the University Campus. There was no tension, no clash but this morning I was told and I was surprised to hear that the University has been closed down indefinitely.

This action of the authorities is not only undemocratic, it is atrocious. This Government and the Education Ministry want to spoil the academic career of the students. I do not know what the reason is. I want the Minister to explain why they have taken such an extreme step to close down the Aligarh Muslim University.

What is happening there? After all, it is a silent protest by the teaching staff and the students. There is no demonstration or agitation going on.

When the Aligarh Muslim University Bill was brought before this House in 1972, in the morning the Bill was sent to us, circulated the same morning and the Government wanted to introduce the Bill. We opposed it at the introduction stage itself. Even at that time was pointed out that this Bill would cause have on the students and the teaching staff, that we would have to consult all people concerned with the University and that you might take some time or refer it to the Select Committee, but it all fell on deaf ears. The Government refused to accept the suggestions and the Bill was rushed through and passed. Now, we are facing the consequences.

After all, the students and the staff of the Aligarh Muslim University want that the minority character of the University should be retained. It is the duty of the majority to safeguard the interests of the minority community, whether it be a linguistic minority or a racial minority or a religious minority. It is the duty, it is the bounden duty of the majority to safeguard their interests and the minorities should feel that they are safe and secure in the hands of the

majority. But, what the Government is doing is suppressing the rights of the minorities.

They say that they are implementing the Gajendragadkar Committee's report. I want to ask the Minister. When there are so many universities all over India, why have you picked up only the Aligarh Muslim University? Why have you not implemented it in other Universities? Why did you choose the Aligarh Muslim University as a sort of guinea pig for the experimentation of the Gajendragadkar Committee's report?

Not only the age-old concept of University autonomy is not being accepted by the Government but, on the other hand, they want to nominate to the Senate, the Governing Council and the Executive Council and pack them with their yes-men whether they belong to Prof. Nurul Hasan or the Government. We are afraid that most of them are going to be fallow-travellers and persons against the Muslim theology. The Government must give an assurance that the University will be re-opened.

This morning I saw truck-loads of the UP Provincial Armed Constabulary standing near the campus. Hundreds of buses are standing there and the students are being asked to vacate their rooms. Notices have been put up this morning and about 3000-4000 students are asked to vacate the hostels and they are asked to board the buses to reach their destination. It is a most atrocious thing one can ever imagine in the country.

I want the Government to immediately rescind the order closing down the University and the University should be immediately re opened.

श्री परियूपानन्द पंथली (टिहरी-गढ़वाल) : उपाध्यक्ष महोदय, मैं शिक्षा और समाज कल्याण मंत्रालय की मांगों का समर्थन करता हूँ।

माननीय उपमंत्री, श्री यादव, ने इल-लिट्रेसी को दूर करने के बारे में बहुत सी बातें बताई हैं। किन्तु मैं निवेदन करना चाहता हूँ कि यह बहुत बड़ी विडम्बना है कि एक ओर तो पिछले दस वर्ष में शिक्षितों की संख्या में 5 प्रतिशत की वृद्धि हुई है, अर्थात् लिट्रेसी का प्रतिशत 24 प्रतिशत से बढ़ कर 29 प्रतिशत हो गया है, और दूसरी ओर इसी अवधि में देश में 9 करोड़ निरक्षर और बढ़ गये हैं। आज भी हमारे देश में 80.54 प्रतिशत निरक्षर हैं और हमारे देश में निरक्षरों की जितनी संख्या है, वह विश्व भर की निरक्षर जनसंख्या का एक-तिहाई है।

जहां तक स्त्रियों का सम्बन्ध है, पुरुषों की तुलना में निरक्षरता का उनका प्रतिशत बहुत अधिक है। स्त्रियां आज पुरुषों से 32 वर्ष पीछे हैं। इस देश में केवल 18.72 प्रतिशत स्त्रियां साक्षर हैं। जहां तक उत्तर प्रदेश का सवाल है, शिक्षा की दृष्टि से वह नेशनल एवरेज से बहुत पीछे है। उत्तर प्रदेश में 21.77 प्रतिशत साक्षरता है और स्त्रियों में साक्षरता का प्रतिशत केवल 10.70 प्रतिशत है। गांवों में साक्षर स्त्रियों की संख्या 7 प्रतिशत से भी कम है।

15.00 hrs.

[SHRI K. N. TIWARY in the Chair]

एजुकेशन मिनिस्ट्री की रिपोर्ट में कांस्टीट्यूशनल डायरेक्टिव का उल्लेख किया गया है, जिसमें प्राइमरी एजुकेशन को विशेष महत्व दिया गया है। मैं शिक्षा मंत्री को इस बात के लिए बधाई देता हूँ कि इस रिपोर्ट में चौथे फ़ाइव-यीअर प्लान के अन्त तक 90,000 अतिरिक्त अध्यापकों की भर्ती का उल्लेख किया गया है। इस योजना में पिछड़े हुए क्षेत्रों को विशेष महत्व दिया जायेगा।

मैं आपका ध्यान सब-हिमालयन बार्डर रिजन की समस्याओं की ओर खींचना चाहता हूँ। यह क्षेत्र काश्मीर से लेकर नागालैंड और मेघालय तक फैला हुआ है। मैं शिक्षा मंत्री से निवेदन करूंगा कि दिल्ली

[श्री परिपूर्णानन्द पैन्पूली]

में बैठ कर पर्वतीय क्षेत्रों के लिए एजुकेशन की जो योजनाएँ बनाई जाती हैं, वे वहाँ की स्थिति के अनुकूल नहीं होती हैं। उस क्षेत्र के हजारों प्राइमरी स्कूलों में ऐसे बच्चे पढ़ते हैं, जिनको स्वच्छ पानी तक नहीं मिलता है। उन छोटेछोटे बच्चों को पहाड़ की चढ़ाई और उतराई पार करके चार पांच मील की दूरी पर स्कूल जाना पड़ता है। इस अवस्था में वे ठीक प्रकार से शिक्षा प्राप्त नहीं कर सकते हैं।

पिछले दिनों मैं उत्तर प्रदेश के उत्तर काशी जिले के टूर पर गया था। वहाँ मुझे यह देख कर आश्चर्य हुआ कि अध्यापक महीने में केवल उस दिन स्कूल जाता है, जिस दिन उसको वेतन लेना होता है। वहाँ न अध्यापक और न विद्यार्थी स्कूल में जाते हैं। आज वस्तुस्थिति यह है कि विद्यार्थी नकल करके इम्तहान पास करता है, सिफ़ारिश से नौकरी पाता है। और रिश्तत से काम करता है। जब देश का यह हाल है, तो उसकी शिक्षा में उन्नति कैसे हो पायेगी ?

उत्तर प्रदेश में टिहरी-गढ़वाल पहले महाराजा के शासन में एक रियासत थी। विलीनीकरण की शर्तों के मुताबिक वहाँ के सब सरकारी कर्मचारी उत्तर प्रदेश राज्य सरकार के कर्मचारी माने जाने चाहिए थे। विलीनीकरण की शर्तों के मुताबिक महाराजा को पेन्शन और अन्य सुविधायें तो सरकार ने दे दीं, किन्तु प्रान्तीय शासन ने 26 साल के बाद भी वहाँ के बेचारे अध्यापकों को अपने यहाँ नहीं लिया है। आज भी वे अधर में लटके हुए हैं, उनका कोई भविष्य नहीं है और वे संघर्षरत हैं। मैं शिक्षा मंत्री जी से अनुरोध करूँगा कि वह उत्तर प्रदेश सरकार पर दबाव डालें कि मर्जर एग्रीमेंट के मुताबिक राज्य सरकार उन अध्यापकों को अपनी सेवाओं में सम्मिलित करे।

मंत्रालय की रिपोर्ट में पहाड़ी क्षेत्रों में मिड-डे मील्व और न्यूट्रीशन प्रोग्राम का उल्लेख किया गया है। यदि आप स्वयं जाकर

देखें, तो ज्ञात होगा कि यह योजना एक तरह से फ़ार्स है और उस में कोई वास्तविकता नहीं है। अठारह पैसे प्रति बच्चा न्यूट्रीशन के नाम पर दिया जाता है, किन्तु उतना भी उसको नहीं मिल पाता है। इस योजना के लिए काम करने वाले स्टाफ के लोगों का वेतन इतना कम होता है कि वे ठीक तरह से काम नहीं कर सकते। इसके अतिरिक्त ट्रांसपोर्ट का खर्च और मैनेजरियल खर्चा भी उसी में जोड़ दिया जाता है। इसलिए बच्चों को कुछ नहीं मिल पाता है। महंगाई बढ़ने की वजह से यह कुछ न करने के बराबर है। इसलिए यदि इस योजना को कार्यान्वित करना है, तो उसके लिए आवश्यक धनराशि दी जाये, और पूरी सुविधायें दी जायें, वरना इस काम को एक ढकोसलेबाजी का रूप न दिया जाये। यह कहना प्रवचन मात्र होगा कि इस योजना से इतने प्रतिशत बच्चों को कवर कर दिया जायेगा। पहाड़ों में जिन बच्चों को दो वक्त खाना भी नहीं मिलता है, वे क्या पढ़ाई करेंगे। कुछ पाकेट्स ऐसे हैं, जहाँ मैलन्यूट्रीशन के कारण पचास प्रतिशत से अधिक बच्चे टी० बी० या दूसरी बीमारियों के शिकार हैं। उन बच्चों के भविष्य को सुधारने के लिए उन्हें अच्छा भोजन देने की विशेष आवश्यकता

आज हमारे देश में अंग्रेजी माध्यम से दी जाने वाली पब्लिक स्कूल एजुकेशन एक अभिशाप बनती जा रही है। अंग्रेजी माध्यम से शिक्षा पाना और अंग्रेजी में बातें करना हमारा स्टेटस सिम्बल हो गया है। इससे सारे देश की जनता दो वर्गों में बंट गई है। एक तरफ़ सरकारी कर्मचारी और नेता आदि मुट्ठी भर गिनती के लोग हैं जिनके बच्चे पब्लिक स्कूलों में पढ़ते हैं। देश के बाकी लोगों के बच्चों के लिए ऐसे स्कूल हैं, जहाँ अध्यापकों को वेतन न समय पर मिलता है और न वह पर्याप्त होता है, जहाँ बच्चों की पढ़ाई के लिए कोई ठीक व्यवस्था नहीं है। इस तरह सारा देश एक तरफ़ है और कुछ मुट्ठी भर

लोगों का एक अलग वर्ग बनता जा रहा है। इसकी रोक-थाम करने की आवश्यकता है।

मैं देश की एक बहुत बड़ी समस्या की तरफ आप का ध्यान दिलाना चाहता हूँ, जिसका सम्बन्ध शिक्षा और समाज कल्याण मंत्रालय से भी है। उचित शिक्षा न होने के कारण हमारे देश में अनैतिकता बढ़ती चली जा रही है। किसी सदस्य ने अनैतिकता अथवा वेश्या-वृत्ति की ओर ध्यान आकर्षित नहीं किया है। लाखों वेश्यायें हमारे देश के बड़े-बड़े शहरों में रहती हैं, किन्तु उससे अधिक संख्या क्लैडेन्स्टाइन प्रास्टीट्यूट्स की है। यू तो दिल्ली और बम्बई जैसे बड़े शहरों में साफ़िस्टिकेटिड क्लामिज में यह एक फ़ैशन जैसा हो गया है, लेकिन वास्तव में यह समस्या सोशो-इकानोमिक ज्यादा है।

मैं इस सदन का ध्यान आदिवासी इलाकों की लड़कियों की ओर आकर्षित करना चाहता हूँ, जिनको बहुत पतित जीवन व्यतीत करना पड़ रहा है। देहरादून जिले के जोनमार-भावर, उत्तर काशी और टिहरी-गढ़वाल की कोलटा जाति की लड़कियाँ और मध्य प्रदेश की बेड़िया और कंजर जाति की लड़कियाँ इसकी शिकार हैं। कुछ समय पहले इस सदन में मध्य प्रदेश और बिहार की आदिवासी लड़कियों को बेचने और वेश्यालयों में रखे जाने की घटनाओं की चर्चा हुई थी। ये आदिवासी बहुत गरीब होते हैं और पीढ़ियों से ऋणग्रस्त रहते हैं। जोनसार-भावर में जो देहरादून का हिस्सा है और जहाँ 61,000 की आबादी है, उन लोगों पर विभिन्न विभागों का पचास लाख रुपये से अधिक का कर्जा सरकारी खातों में दर्ज है। किसी के दादा या परदादा ने कर्जा लिया होगा, लेकिन वह अभी तक उसको नहीं चुका पाया है। केवल सूद देने के लिए ये लोग अपनी लड़कियों को बेचने पर बाध्य हो जाते हैं। वे लड़कियाँ आठ दस हाथों में गुजरने के बाद अन्त में वेश्यालयों में पहुँच जाती हैं।

मैं निवेदन करना चाहता हूँ कि अगर इस समस्या के समाधान की ओर ध्यान न

दिया गया, तो इससे बेनिरीयल डिजीज़िज़ और क्राइम आदि कई अन्य समस्याएँ पैदा होंगी। अगर यह समस्या हल हो गई, तो जो दूसरी बीमारियाँ इस के कारण पैदा होती हैं उनका स्वतः निराकरण हो जाएगा। मेरा निवेदन है कि वेश्या-वृत्ति निवारण की ओर विशेष ध्यान दिया जाना चाहिए। सप्रेमन आफ इम्मारेल ट्रेफिक एक्ट किमी जमाने में बना था, लेकिन वह इतना पंगू और निष्क्रिय हो चुका है कि उसके आधीन कुछ काम नहीं हो पाता है। मैंने अभी शोसन एन्ड मारल हाईजीन एसोसिएशन के लोगों से बात की और उनसे पूछा कि किन्नी लड़कियाँ ऐसी हैं, जो वेश्यालयों में भेजी जाती हैं। उन्होंने कहा कि इनके आंकड़े तो हमें मालूम नहीं हैं, लेकिन दिन्नी के जी० बी० रोड पर इतनी लड़कियाँ लोकेट की गईं। मैं समझता हूँ कि लड़कियों को लोकेट किए जाने के आंकड़ों में काम नहीं चल सकता है। आवश्यकता इस बात का है कि जिन इलाकों में यह समस्या है, उन इलाकों की आर्थिक और सामाजिक स्थिति सुधारने के लिए उचित कदम उठाए जायें। लेकिन इस काम को केवल सरकार नहीं कर सकेगी। यह वालेन्टरी आर्गनाइजेशन के करने का काम है।

एजेन्डा नोट्स फ़ार दो कॉन्फ़रेंस आफ स्टेट मिनिस्टर्स, जो 23 जुलाई, 1972 को हुई थी, के पेज 46-47 पर जो उल्लेख किया गया है, मैं आशा करता हूँ कि उसके अनुसार केन्द्रीय शिक्षा और मनोरंजन मन्त्रालय राज्यों को मार्ग-निर्देश देगा कि वालेन्टरी आर्गनाइजेशन के माध्यम से किसी प्रकार इसी काम को आगे बढ़ाना चाहिए। सरकार उनको कजूती से पैसा देती है और उनको पर्याप्त साधन सुलभ नहीं होते हैं। वालेन्टरी आर्गनाइजेशन में नौकरो करने वाले कार्यकर्ता किसी भी प्रकार उन लोगों से कम योग्य या कम सक्षम नहीं हैं, जो शासन के द्वारा बेतन पाते हैं। इसलिए वालेन्टरी आर्गनाइजेशन के माध्यम से इस काम को आगे बढ़ाना चाहिए।

[श्री परिपूर्णानन्द पैन्यूलो]

जहां तक आश्रम टाइप स्कूलों का और वालवाड़ियों का सम्बन्ध है, मैंने अपने चुनाव क्षेत्र में उनका निरीक्षण किया है और मैंने यह पाया है—मुझे स्पष्ट बात कहने के लिए धमा करें—कि वालन्टेरी आर्गनाइजेशन द्वारा संचालित आश्रम टाइप स्कूल और वालवाड़ियां कम सहायता मिलने पर भी शासन द्वारा चलाए जाने वाली संस्थाओं की तुलना में ज्यादा अच्छी तरह चल रही हैं।

कुछ सदस्यों ने संकेत किया है कि चूंकि यह डिपार्टमेंट निष्क्रिय था, इसलिए वह होम मिनिस्ट्री को दे दिया गया। कुछ सदस्यों ने कहा कि इसको ठीक पैसा नहीं मिलता है और वह लैप्स हो जाता है। सही बात यह है कि इसी सदन में पिछले सत्र में माननीय सदस्यों ने यह मांग की थी कि प्रधान मंत्री के पास गृह मन्त्रालय है, इसलिए इस विभाग को गृह मन्त्रालय को सौंप दिया जाए, तब इसका काम ज्यादा अच्छी तरह से हो सकेगा। इन मदन का मांग पर इस विभाग को गृह मन्त्रालय को सौंपा गया था। लेकिन इसमें सन्देह नहीं कि जो पैसा इस काम के लिए स्वीकार किया जाता है, वह लैप्स हो जाता है। अब तो कम पैसा मिलता है और जो मिलता है, वह लैप्स हो जाता है। स्टेट सव्जंक्ट होने के कारण यह पैसा राज्य सरकारों के माध्यम से खर्च होता है। अगर राज्य सरकारें इसका ठीक उपयोग नहीं करती हैं, तो केन्द्रीय समाज कल्याण विभाग क्या करे?

इसके लिए मैं माननीय मन्त्री जो से अनुरोध करूंगा कि कोई न कोई इसका साल्यूशन निकालें कि एक तो इसके लिए पैसा अधिक हो। आप दूसरे मन्त्रालयों से पैसा बटोर कर के इस काम के लिए ज्यादा प्राथमिकता के आधार पर दें और जो पैसा इसको मिलता है उसका पूरा-पूरा

सदुपयोग हो। मैं अनुरोध करूंगा कि वालन्टी आर्गनाइजेशन के माध्यम से इस काम को चला करना चाहेंगे तो ज्यादा अच्छी तरह से कर सकेंगे। इन शब्दों के साथ मैं इस मन्त्रालय की मांगों का समर्थन करता हूं और आपसे अनुरोध करता हूँ कि विशेषकर जो वीकार सेक्युन के हरिजन और आदिवासी लोग हैं या पिछड़े हुए इनके लोग हैं उनको ज्यादा सहायता आप करें।

अन्त में मैं एक शब्द अपना कांस्टो-ट्यूएन्सी के सम्बन्ध में भी निवेदन करना चाहता हूँ। टिहरो गढ़वाल में जो मेरा कांस्टोट्यूएन्सी है, साधारण देश में सब से कम है और सामाजिक विषमता बहुत अधिक है। वहां शिक्षा के लिए विशेष सहायता देने की आवश्यकता है। यह वरं स्वामी रामतीर्थ की सेंटिनर का है। उनके नाम पर एक डिग्री कॉलेज वहां है जिसको स्नातकोत्तर कक्षा के लिए आर्थिक सहायता देने का प्रावधान आपको करना चाहिए और वहां पर एक सेंट्रल स्कूल का प्रावधान भी आपको करना चाहिए।

श्री शिव कुमार शास्त्री (अलीगढ़) : माननीय समापति जी, स्वतन्त्रता के प्रारम्भिक काल से ही हमारे देश के मनीषी और विचारक यह अनुभव करने रहे हैं कि शिक्षा का यह ढांचा जो अंग्रेज ने अपने लाभ के लिए खड़ा किया था वह हमारे देश के विकास को आवश्यकताओं के अनुरूप नहीं है। अंग्रेज की शिक्षा का उद्देश्य क्या था यह मरुले ने अपने एक पत्र में लिखा है जिसकी कुछ पक्तियां इस प्रकार हैं :

'to form a class who may be interpreters between us and the millions, whom we can call a class of persons Indian in blood and colour, but English in taste, in opinions....'

इसके आगे कुछ और है। उपर्युक्त कहना है कि हम इस प्रकार के लोग तैयार कर दें जो हमारे और जिन के ऊपर हमें शासन करना है उनके बीच में बिबोलिए

का काम करें। अंग्रेज केवल यह चाहते थे। उन्हें और किसी प्रकार का विकास हो हो या न हो इसके कोई मतलब नहीं था।

शिक्षा का उद्देश्य यह है कि मनुष्य का सर्वांगीण विकास हो। शरीर का विकास हो, मन का विकास हो, और आत्मा का विकास हो। आज की शिक्षा के ढांचे में आप देखें तो ये चीजें कोई भी नहीं हैं। शरीर के विकास के लिए आवश्यक है कि उचित आहार हो। उसके साथ उचित व्यवहार और संयम का जीवन हो। आप देख लीजिए यह सारी की सारी चीजें आज उपेक्षित हैं। उसके बाद मानसिक उन्नति के लिए और आत्मिक उन्नति के लिये जो चीज हमारी शिक्षा में होनी चाहिए वह नहीं है। अगर केवल अक्षर ज्ञान ही शिक्षा है तो आज वही हमारी मारों को मारने बुराईयों की जड़ है। रिश्वत खाने वाले बिना पढ़े लिखे नहीं है। बिना पढ़ा लिखा आदमी चार रोटी ज्यादा खा जाएगा तो बदन हजमी हो जायेगी। पढ़े लिखे सोमेट के मैकड़ों कट्टे और सैंकड़ों मन तेल के पीपे पी जाए तो भी उनकी बदन हजमी नहीं होगी। तो यह सारी की सारी बुराई पढ़े लिखे जो हैं उनके अन्दर है जिसके लिए कहा कि:

आदमियत और शय है इल्म है कुछ और चीज।

लाब तोते को पढ़ाया पर वो हैवान ही रहा ॥

इसलिए मैं यह आप्रह कहूंगा कि जो मानवता का उद्देश्य है वह उसमें आना चाहिए, इस प्रकार से इसमें परिवर्तन किया जाए। प्रधान मन्त्री जी ने और शिक्षा मन्त्री जी ने भी कुछ स्थानों पर अपने भाषण में यह चर्चा की है कि हम शिक्षा के ढांचे में परिवर्तन कर रहे हैं। यह बड़े स्वागत योग्य बात है और यह बड़ी प्रशंसा की बात है। लेकिन इसके साथ-साथ जो विद्वानों की गोष्ठी एक इस प्रकार की होनी चाहिए

जो पूर्व और पश्चिम की सारी बातों को देख कर उसमें परिवर्तन करे, उसकी कोई चर्चा मैंने नहीं सुनी। केवल एक अनुरोध मैं करना चाहता हूं कि आप शिक्षा में परिवर्तन के लिए जो एक तरफ को झुकते रहे हैं और अपने यहां नहीं देखते यह प्रवृत्ति दूषित है और यह पहले से चली आ रही है। मैं आपसे कह देना चाहता हूं कि अपने प्राचीन आधार की शिक्षा बहुत अच्छी है। हमारे यहां आजकल समझा यह जाता है कि शिक्षा तब से प्रारम्भ होती है जबसे बच्चा स्कूल में जाता है। उससे पहले दो और शिक्षकों का जिक्र है और वह इससे अधिक महत्वपूर्ण हैं। सबसे पहले शिक्षक मां है और दूसरा शिक्षक पिता है। आजकल उनको शिक्षक को कोटि में गिना ही नहीं जाता। वह कितने महत्वपूर्ण शिक्षक हैं उसके लिए एक बात लिखी है कि :

उपाध्यायान् दशाचार्य, आचार्यागन्तु
शतानि ॥

सहस्रन्तु पितृणा माता गौरवेणाति-
रिच्यते ॥

एक लाख साधारण अध्यापक जितना पढ़ा सकते हैं उतना अकेले माता की शिक्षा होती है। इसलिए जब आप परिवर्तन करें तो इन सब चीजों का ध्यान रखें और तब परिवर्तन की बात आए।

अब मैं थोड़े से सुझाव आपको देना चाहता हूं। पहली बात तो यह है कि आपने शिक्षा मंत्रालय की ओर से गुरुकुल की शिक्षा प्रणाली को व्यवस्थित करने के लिए एक कमेटी बनाने का निश्चय किया है। यह बहुत अच्छी बात है। वह एक इस प्रकार की प्रणाली है जो आपकी प्रचीनता के चिह्न को दिखलाती है कि प्राचीन स्वरूप क्या था। इसके साथ-साथ जो चीज आप राष्ट्र के हित में रखना चाहते हैं वह उसके लिए एक आदर्श स्वरूप होगा। इसके लिए जितना शीघ्र कार्य हो सके उतना अच्छा है। वहां किसी प्रकार का अर्थभाव न

[श्री शिव कुमार शास्त्री]

आए, किसी प्रकार से उसके विकास में बाधा न आए इस प्रकार का यत्न आप करें।

इसके साथ-साथ जो बात मैं हर डिबेट में कहता आ रहा हूँ वह आज फिर दोहराता हूँ कि आपके विभागा फार्मुले से और किमी का लाभ हुआ हो या न हुआ हो लेकिन संस्कृत की हानि अवश्य हो गई है और हमारे यहां आता है कि :

त्वयिवर्धतिजीमूत सर्वेपिल्लविता द्रुमा ।

अस्माकस्त्वर्कं वृक्षाणां पूर्वपत्रं नश्यति ॥

जब वर्षा होती है तो चारों तरफ हरियाली फैल जाती है। लेकिन आक के पत्ते बेचारे पीले पड़-पड़ कर गिरने लग जाते हैं। संस्कृत की आज वही दशा हो रही है। इस समय परिवर्तित परिस्थितियों में उसकी विशेष सहारे की आवश्यकता है। अगर उसे यह सहारा नहीं देंगे तो आपके भारत की वह प्राचीन विद्या नष्ट हो जाएगी।

अब अन्तिम बात जो मुझमें और आपमें सीधे सम्बन्ध रखती है उसकी तरफ आता हूँ और वह है अलीगढ़ विश्वविद्यालय। पिछली बार जब उसका विधेयक प्रस्तुत हुआ था जो अब अधिनियम के रूप में है तो मैंने कुछ चीजों के आधार पर उसका विरोध किया था। लेकिन फिर भी जैसा आपने पास किया हमने सन्तोष इस बात पर किया कि कुछ लोग जो अधिकार किए हुए बैठे थे अपने फौलादी पन्जों में उस विद्यालय को कमे हुए बैठे थे, उनके पंजे ठीले होंगे। लेकिन अब मैंने सुना है कि अब फिर वही सारी की मारी शिथिलता आ रही है और उसमें आप कुछ परिवर्तन करने के लिए उद्यत हैं। कहावत वही हुई कि आगे क्यों बढ़ते हैं कि लड़ेंगे? कहा पीछे क्यों खिसक रहे हैं? कहा कि डर लग रहा है। जब आपने इतनी हिम्मत से एक काम किया था तो उसका दृढ़ता से पालन

करना चाहिए। इसलिए अलीगढ़ विश्व-विद्यालय के विकास के लिए, उसकी उन्नति के लिए जो निश्चय किया था यदि वह ठीक है तो उसको क्रियान्वित कीजिए। इस समय जो राजनीतिक चालें वोटों को लक्ष्य में रखकर या और किसी प्रकार से चली जा रही है उनके सामने आपको झुकना नहीं चाहिए।

श्रीमती सहोदराबाई राय (सागर) :
सभापति महोदय, ...

सभापति महोदय : आप बैठिए। देखिए, मेरे पास जो लिस्ट है वह आपके विहार की तरफ से आई है। मैं उसी को फालो कर रहा हूँ। दूसरी बात यह है कि लिस्ट बड़ी लम्बी है। इस वजह से मैं ज्यादा समय लोगों को नहीं दूंगा। पांच से सात मिनट दूंगा चाहें इसे साइड के हों या उस साइड के हों।

SHRI K. MALLANNA (Madhugiri):
Sir, I support the demands for the Ministry of Education. While supporting them, I would like to give some suggestions with regard to educational policy. Why should we give education to our youth? Why should we spend crores of rupees over education? The Centre is spending so much of money. The States are spending crores of rupees over education. Is our educational approach fulfilling the aspirations of the people and of the youth? Are we taking into consideration the growing awareness among the youth, the students and the people with regard to the socio-economic and political justice? *

Does our educational approach help in self-employment of youths and relieve the youth from office job seeking. What is the result.

Our education policy is as old as the British rule. Even after 25 years of independence our education system

is the same. So many changes have taken place. But our education policy maintains the *status quo*.

Under the present system of education, our educational institutions are producing students and youths only fit for office jobs. Our education system is like a big factory, which produces machine tools. Those tools are meant for only specific purpose; like that our educated young people fit only specific purpose, jobs in the offices. Now the outlook of the people is changed.

Among students and youths there is unrest, indiscipline etc. This is not only among the youths and students but also among teachers and parents. All this is due to our wrong educational approach.

There are vast differences with regard to managements of private and public schools, colleges and universities. In private schools the managements collect heavy tuition fees, contribution amount, earnest money etc., making huge profits. They have become actually commercial institutions. I need not say much about these things. The staff and teachers have no security and they are poorly remunerated. In public schools, colleges and universities, the staff and teachers are worrying about their grievances and students are worrying about their rights and standard of education.

The unemployment is due to defective policy of education. Due to unemployment and under-employment, there is unrest among our youths. The youths of the country have surrendered all their zeal, and enthusiasm. Due to improper nourishment, they have lost their mental and physical strength. There is restlessness in the country. Occasionally we hear of disturbances among the youth, teachers and parents because of all these factors. All these lead to demoralisation in society. All these are due to our existing educational approach.

So we have to realise that our educational policy should be changed

so as to rouse the awareness of the people with regard to socio-economic and political justice so as to make them take to self-employment and it should raise the standard of education.

Lastly we must think of the growing population and its menace to society. We must introduce population education so that our young generation should study the population situation, in family, community and the nation. We are spending crores of rupees on family planning over married people.

Our younger generation should know the situation as well in future. The object of population education should be to enable the students to understand that family size is controllable. The population limitation can facilitate the development of higher quality of life. The population education will also enable the students to appreciate the facts for preserving the health and welfare of the family, to ensure economic stability of the family and assure good prospects for younger generation.

Sex education is universally accepted in these days for the younger generation. So many countries are following it. I am concerned with sex-education only, so far as it relates to the objective population education. There should be no controversy or confusion. In our new policy of education the major components of sex-education with the Human physiology and reproduction, contraception, social interaction with human sexuality. Since our students are already studying biology, human reproduction, the new traits may also be introduced easily. It helps the students in developing a healthy outlook. Of course, this programme should be handled very carefully. We should study the needs of the community, its social norms and cultural backgrounds. It should be managed by competent people and proper evaluation should be done before extensive programme is under taken.

Unless we control our population and give its due place in our educational

[Shri K. Mallanna]

system, we will not be able to solve the multiple economic, social and political problems of our country.

In the light of these things, I feel that there must be change in the existing pattern of education and it must be implemented.

श्री हीरा लाल डोडा (बांसवाड़ा) : सभापति महोदय, मैं अपने आपको सौभाग्यशाली समझता हूँ कि आपने मुझे शिक्षा एवं समाज कल्याण मंत्रालय की मांगों पर बोलने का मौका दिया है। शिक्षा मंत्री जी ने सन 1969 से 70 और 1972-73 के बीच की चतुर्थ योजना की अवधि के लिये पिछड़े वर्गों के कल्याण के लिये समाज-कल्याण विभाग की मार्फत जो कार्यक्रम चलाये गये तथा पिछड़े एवं गरीब बच्चों को दी गई छात्रवृत्तियों तथा शिक्षा विभाग द्वारा दी गई धनराशि का अपनी रिपोर्ट में उल्लेख किया है। मैं 25 वर्ष पूर्व की तरफ नजर डालता हूँ तो मुझे लगता है कि देश के अन्दर शिक्षा की प्रगति हुई है। उस समय के कालिजों, उस समय के प्राइमरी स्कूलों और आज के कालिजों और स्कूलों के स्तर में काफी फर्क पड़ा है। मगर देश के 80 प्रतिशत गांवों में बसने वाले गरीब वर्ग का स्थान वही का वहीं नजर आता है। आर्थिक स्थिति 25 वर्ष पूर्व से आज ज्यादा खराब है। उनके पास न जमीन और न कोई उद्योग धन्धा है। उस पिछड़े वर्ग तक आज न बिजली पहुंच पायी है और न दूसरे साधन पहुंच पाये हैं, जब कि समाज कल्याण विभाग के द्वारा पिछड़े एवं गरीब वर्ग के लिये नई-नई योजनायें बनीं, करोड़ों रुपये के बजट बने और खर्च हो गये। उनके आंकड़े संसद के सामने आते हैं। मैं शिक्षा मंत्री जी से पूछना चाहता हूँ कि इस खर्च के अनुपात में शिडयूल्ड कास्ट्स और शिडयूल्ड ट्राइब्स की कितनी उन्नति हुई है।

मैं शिक्षा और समाज कल्याण मंत्री जी से यह भी पूछना चाहता हूँ कि 25 वर्षों

के बाद गांवों में, पहाड़ों में, जंगलों में बसने वाले आदिवासियों की क्या स्थिति है? बड़े बड़े शहरों में कालिज बन गये हैं, स्कूल बन गये, उन बच्चों के लिये पढ़ाई की व्यवस्था है, उनके लिये बैठने की सुविधा है, मगर गांवों और पहाड़ों के मध्य में रहने वाले आदिवासियों के बच्चों के लिये बैठने के साधन भी उपलब्ध नहीं हैं और न पक्के भवनों की व्यवस्था है। गांवों में जब स्कूल का भवन बनाने की बात आती है तो सरकार पहले ही कहना शुरू कर देती है कि गांव वाले स्कूल का भवन श्रमदान में बना कर दे, तब स्कूल खुलेगा। क्या यह गरीब वर्ग के साथ अन्याय नहीं है ...

सभापति महोदय : लिख कर लाने और पढ़ने की आदत अच्छी नहीं है। नोट्स बना कर लाय, उसको कन्सल्ट करना एलाउड है। हम देख रहे हैं कि आपके पूर्व वक्ता भी उसी तरह से लिख कर लाये और यहां पर पढ़ गये और आप भी पढ़ रहे हैं, यह पद्धति अच्छी नहीं है।

श्री हीरा लाल डोडा : सभापति महोदय, मैं तो पहली दफा बोल रहा हूँ, इसलिये तैयार करके लाया हूँ। आप कृपा करके मुझे पढ़ने दीजिये।

मैं जानना चाहता हूँ कि क्या शहरों में बसने वाले गांवों में बसने वालों से ज्यादा निर्धन और गरीब हैं? मैं गरीब और पिछड़े वर्गों की स्थिति सदन के सामने साफ साफ रखना चाहता हूँ। आज हमारी सरकार पिछड़े वर्ग को उठाना चाहती है और उसके अनुरूप योजना बनाई जाती है मगर कार्य रूप में परिणत नहीं होती—इसके क्या कारण हैं?

गांवों में प्राइमरी स्कूलों से लेकर माध्यमिक एवं उच्च माध्यमिक शालाओं के भवन निर्माण में क्वाफी मुसीबत है। मैं उन पिछड़े एवं गरीब वर्गों में से आता हूँ जहां आज खाने को रोटी मिलना दुर्लभ है, वहां स्कूल

भवन कैसे बन सकते हैं ? मैं अपने क्षेत्र का नक्शा आपके सामने रखना चाहता हूँ । गांवों में मिडिल स्कूल खोले जा सकते हैं, उच्च माध्यमिक शालायें खोली जा सकती हैं, मगर भवन निर्माण गरीब वर्ग नहीं कर सकता । मैं अपने गांव में मेरे सामने गुजर रही कहानी आपको बताना चाहता हूँ । सन 1953 में मैंने अपने गांव में बड़ी मुश्किल से मिडिल स्कूल खुलवाया । टूटा-फूटा भवन बनवाया लेकिन आज उसकी वही स्थिति है जो 1953 में थी । कारण यह है कि आदिवासियों की स्थिति खराब है । आज हम चाहते हैं कि गरीबों के बच्चों के लिये हाई स्कूल बनें मगर भवन की समस्या आगे बढ़ने से रोकती है । मैंने चारों तरफ अपने हाथ फैलाये, पैर मारे मगर अनाथ के हाथ खाली हैं । भवन कैसे बने यह स्थिति मेरे सामने है । तो गरीबों का भगवान मालिक है ।

इसी प्रकार डुंगरपुर जिले में कालेज होस्टल बन रहा है, उसका शिलान्यास राजस्थान के मुख्य मंत्री महोदय ने किया है मगर उसकी तरफ आज नजर उठा कर नहीं देखा जा रहा है । अतः मैं मंत्री महोदय से निवेदन करना चाहता हूँ कि यह मुसीबत मेरी नहीं है, यह मुसीबत देश की है । उसकी तरफ मैं सरकार का ध्यान दिलाना चाहता हूँ । पिछड़े एवं गरीब वर्ग के उत्थान हेतु, समाजवाद के सिद्धान्त को चरितार्थ करने हेतु सदन के सामने मैं कुछ मुख्य बातें रखना चाहता हूँ जिस पर सदन गौर करे ।

शिक्षा देश में अनिवार्य कर दी जाये । शेडयूल्ड ट्राइब्स और शेडयूल्ड कास्ट छात्रों को स्कूली फीस से मुक्त किया जाये । हमारे देश की 80 प्रतिशत जनता गांवों में बसती है, वह गरीब वर्ग में आती है । अतः मेरी सरकार से प्रार्थना है कि पिछड़े वर्ग को उठाने हेतु, शिक्षा के स्तर को ऊंचा उठाने के लिये

गांवों में भवन निर्माण, जैसा कि शहरों में होता है वैसी ही सरकार भवन निर्माण का कार्य अपने हाथ में लेकर बनावे ताकि हमारी नीति को सफलता मिले और गरीबों के बच्चे सुविधा से पढ़ सकें ।

कालेज होस्टल हर जगह खोले जाने चाहिये ताकि पिछड़े वर्ग के छात्र उनमें रहकर अपना अध्ययन कर सकें । पिछड़े इलाकों में जहां माध्यमिक एवं उच्च माध्यमिक शालायें हैं वहां उन छात्रों के स्वास्थ्य को मद्दे-नजर रखते हुये डिस्पेंसरी होनी चाहिये । यह समाज कल्याण बजट बनाते समय योजना में अनिवार्य करना चाहिये—यह मैं मंत्री महोदय से निवेदन करना चाहता हूँ ।

अब समाज कल्याण की मार्फत जो पिछड़े वर्ग के होस्टल देश के विभिन्न भागों में चल रहे हैं उनकी तरफ मैं आना चाहता हूँ । उन जंगलों एवं पहाड़ों में बसने वाले आदिवासियों के बच्चों को होस्टलों में भरती किया जाता है । सरकार के नियमानुसार समाज कल्याण की मार्फत उनके खाने पीने, कपड़े और किताबों का खर्च दिया जाता है । उन होस्टलों की व्यवस्था अस्त-व्यस्त चलती है । होस्टलों की देख रेख नहीं हो पाती है । रुपये का दुरुपयोग होता है । होस्टलों के मठाधीश अपने बंगले बनाते हैं और छात्रों को खाने के लिए पूरी रोटो नहीं देते हैं । इस लिए मैं यह कहने की स्थिति में हूँ कि समाज कल्याण विभाग इसकी जांच करे : इसके साथ ही माननीय सदस्यों से मैं निवेदन करना चाहता हूँ कि वे अपने क्षेत्र में समाज कल्याण विभाग की मार्फत या संस्थाओं की मार्फत चल रहे होस्टलों में जाएं और उन छात्रों की स्थिति को देख और उनकी मदद करें । मैं ने कई होस्टलों में जाकर देखा है कि 65-70 छात्रों के लिए एक किलोग्राम दाल ही दी जाती है । आटे की बात मैं क्या करू उनके दर्द को भगवान ही सुने ऐसी हालत है । उन होस्टलों में तमाम छात्रों की रोटी

[श्री होरा लाल डोडा]

वनने के बाद बांटकर दी जाती है जो प्रति छात्र एक या डेढ़ रोटी हिस्से में आती है। अतः मैं प्रार्थना करता हूँ कि होस्टलों की जांच हेतु संसद सदस्यों की एक कमेटी बनाई जाये ताकि वह जांच करके अपनी रिपोर्ट दे सके। मैं कोई शिकायत नहीं कर रहा हूँ क्योंकि यह एक वास्तविकता है। हमारी सरकार ने लाखों रुपये शिक्षा पर खर्च किए हैं मगर उसका सही ढंग में उपयोग नहीं हुआ है। बीच में दनाल अपना फायदा उठा रहे हैं।

पोषाहार कार्यक्रम देश के विभिन्न भागों में चल रहा है। पिछले वर्ग के बच्चों तथा माताओं को पौष्टिक आहार प्रदान किया जा रहा है। देश के विभिन्न भागों में 24, 600 केन्द्र खोले गए हैं जिनमें 32 लाख को लाभान्वित किया गया है। यह पोषाहार का कार्यक्रम शिक्षा विभाग के शिक्षकों की मार्फत किया जा रहा है। आज का शिक्षक देश का निर्माता है, वह देश का भविष्य बनाता है। मगर आज क्या हो रहा है? शिक्षक अपनी जिम्मेदारी नहीं समझते हैं और छात्र अपने मेकशनों में मजे ले रहे हैं। मास्टर पोषाहार की गरम गरम पकौड़ियों में मस्त हैं—यह स्थिति है। वार्षिक परीक्षाओं में छात्रों को पास जरूर कर दिया जाता है मगर योग्यता के बारे में क्या कहा जाये? सभी समझते हैं कि आज का बी० ए० पास विद्यार्थी पुराने जमाने के पांचवीं पास का मुकाबला नहीं कर सकता है। यह आज की स्थिति है। शिक्षक वर्ग अपनी जिम्मेदारी का नहीं निभा पाते हैं मगर वेतन वृद्धि के लिए यूनियनों बनाई जाती हैं और हड़तालों की जाती हैं। पार्टियों का सहारा लिया जाता है और सरकार पर दबाव डाला जाता है तथा अपनी मांगों को मंजूर कराने में जोर शोर से ताकत लगाई जाती है। विरोधी दल के नेता उन शिक्षक वर्ग को उकसाने में लगे रहते हैं। ऐसी ही समस्या हरियाणा, काशी विश्वविद्यालय की हमारे सामने आई है जिस

में छात्र संघ के अध्यक्ष श्री हरिकेश बहादुर ने अपने भाषण में स्पष्ट किया है।

हमारी सरकार ने शिक्षा के विषय में काफी तरक्की की है मगर फिर भी सुधार करने की गुंजायश है। मैं मंत्री महोदय से निवेदन करता चाहता हूँ कि मेरे निम्न प्रश्नों का उत्तर संतोषजनक देने की कृपा करें।

देश में अनिवार्य शिक्षा का कानून लागू किया जाये। शेड्यूल्ड कास्ट तथा शेड्यूल्ड ट्राइब्स के छात्रों को स्कूल की फीस से मुक्त किया जाये। गांवों में स्कूल भवन निर्माण का कार्य सरकार अपने हाथ में ले। कालेज होस्टेल हर जगह खोले जायें। हर माध्यमिक एवं उच्च माध्यमिक शालाओं के पास डिस्पेन्सरी कायम की जायें ताकि छात्रों को सुविधा मिल सके। समाज कल्याण के होस्टलों की सारे देश में व्यवस्था करनी चाहिए।

मैं आशा करता हूँ कि मेरी मांगों पर शिक्षा मंत्री महोदय अपना उत्तर देते समय ध्यान रखेंगे।

श्रीमती सुभद्रा जोशी (चांदनी चौक) : सभापति महोदय, आज शिक्षा विभाग के मंत्रालय पर बहुत चर्चा हो रही है। हमारे एक साथी पाराशर साहव ने इसका जिक्र किया कि स्टेट सब्जेक्ट है या सेन्टर का सब्जेक्ट है, इस बात के झमेले में स्कूलों और यूनिवर्सिटियों की सारी शिक्षा की हालत बहुत खराब है। मैं तो यह कहना चाहती हूँ कि हमारी सरकार ने बड़े बड़े काम खराब किए, बहुत बड़े बड़े लोहे के कारखाने लगाये, इंजन बनाए और बहुत काम हैं जो अभी नहीं किए पर फिर भी ऐसा लगता है कि जो सबसे ज्यादा आवश्यक काम था वह था हमारे नवयुवकों को बनाना, बच्चों को बनाना, मेरा खयाल है उस तरफ सरकार ने बहुत कम ध्यान दिया है और इसका मुझे बहुत अफसोस है। इस बात की सरकार की मुबारिकवाद है, मुझे ऐसा लगता है शायद पहली दफा कैबिनेट

को यह विभाग दिया गया है (व्यवधान) खैर यह बात हुई पर अभी भी मेरी राय है कि शिक्षा का सारा काम या तो केन्द्र को अपने हाथ में लेना चाहिए या ऐसा कोई कोऑर्डिनेशन होना चाहिए जिससे कि अच्छी तरह से काम हो सके ।

वरसों हो गए हम लोगों को सुनते कि टेक्स्ट बुक्स को अच्छी तरह से सुधारा जा रहा है और उसमें जो नफरत की चीजें हैं, जो लोगों को अलग अलग करने की चीजें हैं वह उसमें से हटाई जा रही है पर अभी तक उमका कोई परिणाम हमारे सामने नहीं आया है । कई साल हुए एक कमेटी बैठी थी "सैयदीन कमेटी" उस कमेटी की रिपोर्ट हम लोगों को चुपके से तो देखने को मिल गई पर सरकारी तौर पर उस कमेटी की रिपोर्ट पर क्या कार्यवाही हुई वह आज तक हमको मालूम नहीं है । मैं चाहती हूँ मंत्री महोदय उस पर रोशनी डालेंगे । सैयदीन कमेटी की रिपोर्ट के बारे में मैं एक बात साफ करना चाहती हूँ कि उन दिनों में जो किताबों की शिकायत हुई थी वह किसी खास जमात की तरफ से हुई थी पर जहाँ तक शिकायतों का ताल्लुक है उससे कोई हिन्दु मुसलमान का ताल्लुक नहीं था, एक विचारधारा की बात है जोकि सभी को देखना चाहिए कि बच्चों को किस तरह से शिक्षा मिले ।

दूसरी बात यह है कि जो ऐसे हमारे स्कूल और कालेज हैं जो अभी भी प्राइवेट तौर पर चलते हैं वह ज्यादातर टीचिंग शटाप्ट की तरह से हैं जहाँ पर व्यापार ज्यादा होता है और पढ़ाई की तरफ कम ध्यान दिया जाता है । मुझ को बहुत पहले एक स्कूल प्लस कालेज प्लस यूनिवर्सिटी और पता नहीं क्या क्या वह थी वहाँ पर प्रिंसिपल रहने का सौभाग्य प्राप्त हुआ था । वहाँ पर टीचर्स को जो तनखाह दी जाती थी, किसी को ज्यादा दी जाती थी कम की रसीद उससे ली जाती थी ताकि दूसरे लोग शिकायत न करें और किसी को कम दी जाती थी और उससे रसीद

ज्यादा की ली जाती थी । इस तरह से कई किस्म का हेर फेर वहाँ पर होता था । जब मैं ने उस स्कूल प्लस कालेज प्लस यूनिवर्सिटी से इस्तीफा दिया तो उसके मैनेजिंग डायरेक्टर ने मुझ से कहा आप अभी पढ़कर आई हैं और आप समझती हैं मैं खराब आदमी हूँ । इस लिए आप जा रही हैं, और उन्होंने कहा कि आप ने दुनिया देखी नहीं है, अभी आप देखेंगी कि दुनिया में मुझसे भी ज्यादा खराब लोग हैं । सभापति महोदय, यह बात सच है कि प्राइवेट स्कूल और कालेजों का बहुत बुरा हाल है और उस का ताल्लुक पता को ज्यादा ध्यान देना चाहिए । यह जो प्राइवेट स्कूल और कालेज हैं, चाहे किसी यूनिवर्सिटी से ताल्लुक रखते हों, उन की जो मैनेजिंग कमेटीज हैं, उन का अपना पढ़ाई का क्या स्टैन्डर्ड है, इस का भी कोई जर्ब होना चाहिए । मुझे बलरामपुर के एक डिग्री कालेज का मालूम है, कि उस की मैनेजिंग कमेटी में चौथी और पाचवी जमान पाम लोग भी नहीं हैं, जोकि पढ़े लिखे टीचर्स और प्रोफेसर्स को इंटरव्यू के लिए बुलाते हैं जो कि आने वालों के लिए बड़ा ह्यूमिलियेटिंग एक्सपीरियेंस होता है । वहाँ टीचर्स का प्रोवीडेंट फंड का उपयोग गायब सब तरह के फंड गायब, और जब टीचर्स ने प्रधान मंत्री को मेमोरैन्डम दिया कि इस की जांच हो तो जितने लोगों ने मेमोरैन्डम पर हस्ताक्षर किए थे सब डिसमिस्स हो गए, उन का आज तक पता नहीं है । कई दफा इस बार मे गोरखपुर यूनिवर्सिटी को और चांसलर के पास दर्खास्त की गयी लेकिन आज तक उन की कोई तहकीकात नहीं हुई । हमने राजाओं से रियासत ले ली, और बहुत कारखाने ले लिये, लेकिन कालेजों और स्कूल अभी तक उन लोगों के हाथ में छोड़ रखे हैं कि तुम चाहे जैसा बनाओ ।

सभापति जी, अभी एक वकालत आप ने सुनी जो बनारस में आर० एस० एस० कर रही है, उस की किस जोर से यहाँ पर वकालत की गयी और मंत्री महोदय तथा सरकार को किस तरह से धमकी दी गयी । किस तरह से

[श्रीमती सुभद्रा जोशी]

उन्होंने स्वीकार किया कि दो साल पहले हम ने कह दिया था कि इस वाइस-चांसलर को हटाओ नहीं तो यहां पर यह परिणाम होने वाला है। आप को यह मालूम हो जाना चाहिए कि कौन लोग हैं जो बनारस विश्वविद्यालय में इतना उधम मचा रहे हैं? कौन लोग हैं जो वहां पर शाखाएं चला रहे हैं? आज वहां की इमारत का मामला अदालत में पड़ा हुआ है। पर क्या यह मामला भी वहां अदालत में पड़ा है जो वहां पर 36 शाखाएँ चल रही हैं और उन को बन्द नहीं किया जाता मैं मंत्री महोदय से आज पूछना चाहती हूँ कि बनारस यूनिवर्सिटी का हाल देखिये जहां 35 शाखाएँ चलती हैं, जहां पर हथियार, बल्लम, लाठियां, तलवारें यूनिवर्सिटी के अन्दर चलती हैं, बम भी गिराये जाते हैं और बनाये जाते हैं। और सभापति महोदय मैं मंत्री महोदय का उसी बनारस शहर के दूसरे मोहल्लों का जिक्र करना चाहती हूँ कि उसी बनारस में एक कानून पास नहीं हुआ तो कुछ लोगों ने काले पट्टे बांध लिये एक यूनिवर्सिटी के बारे में। एक यूनिवर्सिटी में बम चलाये जाते हैं, तलवारें रखी जाती हैं, लाठियां चलायी जाती हैं, कत्ल किये जाते हैं और वहां सरकार खामोश रहती है, और उसी शहर के मोहल्लों में अगर कोई यूनिवर्सिटी का कानून पसन्द नहीं आया वहां किसी ने काले पट्टे बांध लिये, आज वहां पर जो अत्याचार किया जा रहा है वह इतिहास में लिखी जाने वाली बात है। इस लिये मैं मंत्री महोदय से कहना चाहता हूँ कि शिक्षा ऐसा मंत्रालय है जिस को सबसे पहले इस देश में यह साबित करना है कि इस देश में धर्म और भाषा के ऊपर कोई भेद नहीं किया जायेगा, और शिक्षा मंत्रालय को पहले कदम उस तरफ उठाना चाहिए।

सभापति महोदय अलीगढ़ का कानून पास हुआ, अभी हमारे उप-मंत्री महोदय ने कहा कि अलीगढ़ यूनिवर्सिटी का जो कानून पास हुआ उस पर मंत्री महोदय रोशनी डालेंगे। इसके बारे में बहुत नहीं कहना चाहता हूँ,

एक ही बात कहना चाहती हूँ, और यह कि दुनिया में कोई कानून सरकार का बनाया ऐसा नहीं होता जो कानून आवश्यकता पड़ने पर तबदील न किया जाये, उस को सुधारा न जाय। उस वक्त जब यह कानून पास हो रहा था उस के भी कई साल पहले से फिरकापरस्त लोगों ने और फिरकापरस्त जमातों ने इतना उधम मचा रखा है कि उस कानून को ठीक से सोवने समझने का मौका ही नहीं देते। उन फिरकापरस्तों की खिचातानी में अलीगढ़ कानून की जो ऐकेडेमिक साइड थी उस की तरफ कम तवज्जह देने का मौका मिला। इसलिये मैं कहना चाहती हूँ कि कोई भी, कानून हो, खासकर जो यूनिवर्सिटी से संबंधित है, जो पढ़ने पढ़ाने वालों से ताल्लुक रखता है, वह उन की समझ में आना ही चाहिये। चाहे हम कितने ही क्रान्तिकारी कदम उठाये डेमोक्रेसी में हम को जनता को साथ ले कर चलना है और जनता को समझा कर साथ ले कर चलना है। इस लिए कभी कभी हमारे क्रान्तिकारी कदमों की गति धीमी हो जाती है। क्या सरकार के पास कोई ऐसा क्रान्तिकारी कदम समाजवाद की तरफ तेजी से चलने के लिये नहीं है? सरकार इसीलिये धीमी हो जाती है कि उन को भारत के करोड़ों लोगों को समझाकर साथ ले चलना है इसलिये धीमे चलना पड़ता है। इसलिये फिरकापरस्ती का मुकाबला, कम्युनलिज्म का मुकाबला अनडेमोक्रेटिक तरीके से नहीं हो सकता है, उस को डेमोक्रेटिक तरीके से ही करना होगा। अलीगढ़ की ही बात नहीं, मैं तो यह कहूंगी कि मंत्री महोदय जितनी सेन्ट्रली ऐडमिनिस्टर्ड यूनिवर्सिटीज हैं उन के ऐडमिनिस्ट्रेशन के बारे में यूनिवर्सिटीज से सम्बन्ध रखने वालों की, सब की राय लें, और कोई ऐसा नक्शा बनायें जो कि सब किस्म की सेन्ट्रल यूनिवर्सिटीज लग सके। ऐसा कोई इंतजाम करें और वह सब पर लगाने की कोशिश करें तो मैं समझती हूँ कि ज्यादा फायदा होगा और चलेगा।

आखिरी बात मैं यह कहना चाहती हूँ कि हमारे उप-मंत्री महोदय ने उर्दू का जिक्र किया। अब इस बारे में क्या कहा जाय? एक तो पहले ही उर्दू पढ़ाने के लिये किस्म किस्म की शर्तें हैं कि कितने विद्यार्थी हों तब उर्दू पढ़ाने की सहूलियत हो सकती है। अब विद्यार्थी कोई यूनियन तो बना कर आते नहीं हैं कि 20-25 एक साथ जायें। जब एक-एक जाते हैं तो अध्यापक कड़ा है कि तुम तो एक ही हो। जब दूसरा आता है तो वह भी एक ही आता है। तो उर्दू की क्लाम शुरू नहीं हो पाती है। इसलिये मैं मंत्री महोदय से कहना चाहती हूँ कि जब आपने उर्दू पढ़ाने का ईमानदारी से फैसला कर लिया है तो यह शर्तें हटानी चाहिये ताकि सचमुच लोगों को पढ़ने का मौका मिले। साथ ही अगर उर्दू पढ़ानी है तो उर्दू की किताबें भी मिलनी चाहियें। दिया तले अंग्रेजों वाली बात दिल्ली में लागू होती है। यहां उर्दू की किताबें कई सालों से विद्यार्थियों को नहीं मिली। क्या फायदा आप की पौलिसी से? आप कहते हैं कि यह हमारी नीति है, आप कहते हैं कि संविधान में इस की व्यवस्था है, फिर भी अगर उस की उन्नति न हो और कोताही हो तो यह बात लोगों के दिल पर चोट करती है। इसलिये मैं मंत्री महोदय से निवेदन करूंगी कि इन सब चीजों का इंतजाम करें और ऐजुकेशन को अपने हाथ में ले कर सही करे ताकि यह जो प्राइवेट टीचिंग शौप्स जगह वह जगह खुली हुई हैं इनको बन्द किया जा सके।

आखिर में एक बात और कहनी है और वह यह कि जो पब्लिक स्कूल खुले हैं और उनमें पढ़ाने में जो अन्तर है, सारे स्कूलों में, इस को बन्द होना चाहिये। मुझे शौका मिला एक गांव में जाने का जहां एक गांव के टीचर्स ने जमा होकर कहा कि हमारे बच्चों के लिये स्कूल खुलना चाहिये। मैंने कहा कि आपके पड़ोस में स्कूल हैं। उन्होंने कहा कि हमारे पड़ोस में जिस स्कूल में हम पढ़ाते हैं हमारे बच्चे उस स्कूल में

पढ़ नहीं सकते, उन को वहां पढ़ाना मना है उन्होंने कहा कि हम यहां उन बच्चों को पढ़ाते हैं, जिन के मां-बाप की बहुत आमदनी है, वे मोटरों पर चढ़ते हैं, उनके बच्चे मोटरों पर चढ़ते हैं इस स्कूल में उन बच्चों के बैठने के लिए कुर्सी-मेज है। उन्होंने कहा कि इस स्कूल में हमारे बच्चों को पढ़ाने की इजाजत नहीं है, हमारे बच्चों को ऐसे स्कूलों में पढ़ना पड़ता है, जहां बैठने के लिये टाट या चटाई भी नहीं है, डेस्क नहीं हैं।

मैं निवेदन करना चाहती हूँ कि हमने आज नहीं तो कल, दस या बस या सौ बरस बाद इस देश में समाजवाद लाना है। लेकिन अगर हमारे बच्चों की परवरिश, पढ़ाई और नौकरी पाने में इतना फर्क होगा, तो वह दिन कभी नहीं आयेगा, इस बात की मुझे चिन्ता है। इस लिये मैं चाहूंगी कि सब स्कूलों को फौरन एक जैसा बनाने की कोशिश की जाये।

SHRI SAMAR GUHA (Contn): I want to start with a leading question to the hon. Education Minister. How long should this process of mass production of unemployed degree-holders and that too, nowadays, spurious degree-holders, continue in the name of education? The educational system not only has become a junk but its objective has become absolutely obsolete. We are carrying the legacy of the imperialist days when some kind of degrees were given to the students to make clerks.

Now, the effect is terrible. You are creating aspirations in the minds of those unemployed having BA and MA degrees. They are not getting employment. Aspirations are high, yet no requisite qualifications nowadays. The result is tension, conflict and frustration,—the result is education is out of tune with the social life.

In West Bengal I just cite you one instance, just a week before, according to press reports, in the live register of the employment exchange are 14 lakhs degree-holding unemployed

[Shri Samar Guha]

youth—a mass production of the Universities and Colleges. If you take the total figure of the whole country, it will be a fantastic figure. This fantastic figure does not require any sociological research to understand as to how they are contributing to the instability of the country, how they are contributing to the tension, how they are contributing to the regional tension and how they are contributing to the political conflicts. Recently, you yourself said in the House that there are regional conflicts in Assam, Orissa and other parts where the students have taken prominent part. In Assam, it is mostly students who have taken part in these regional conflicts. Not only so, it indicates that the sons of the soil theory is vitiating the whole concept of our national integration and the sons of the soil theory is getting into the minds of those youngs, I say, those degree-holding unemployed who have high aspirations. But there is a dangerous tendency of the erosion of the concept of national unity and national harmony. Regional concept is growing. I would say that the main reason of these tensions and conflicts, agitations, regional imbalances and the dangerous possibility of erosion of the whole basis of our national integration is this faulty system, this obsolete system of education.

I am extremely sorry to say that although there have been four Plans and we are just now going to the Fifth Plan, nevertheless it is strange, Sir, that in none of the Plans the importance of the education and its correlation with the other aspects of planning has been mentioned. When we, the Opposition Leaders, had a discussion with the Planning Minister, he was mentioning about that, but, going through pages after pages, I do not find any integrated scheme or any idea of how to integrate the planning with education and without integration of planning with education, as I said, these problems of unemployment and consequent regional tension will wreck the whole future of the country.

Sir, I have a pet subject, you know, that I draw inspiration from where. Netaji Subhash Chandra Bose while drawing out the future outline of planning, in free India gave third priority to education. First, defence-centric industries, second, employment-centric agriculture and other jobs producing small scale industries, and third, education and then other things.

I want to draw the attention, of the Honble Minister Sir, that he should have the courage to take certain decisions. About that decision of educational courses i.e., 10 plus 2 plus 3 scheme. Out of this 10 plus 2, this 2 must not be either junior college or the intermediate college. This idea of intermediate college or junior college, must be cast aside.

There must be rigorous admission of meritorious students and at the moment I would place this at 50 per cent although I would prefer 60 per cent,—but since at the present moment there are various difficulties I would place this at 50 per cent. If you can do it that would be better. What is absolutely necessary. I think, is that we should have professional oriented education,—I won't say job-oriented,—If you give more emphasis on professional-oriented education, then, there is the possibility of creating a sense of purpose in the minds of our youth, of our students. Then you will be able to create a feeling of faith in themselves which will greatly help us in lessening the sociological imbalances and tensions developing outside.

Then with regard to the period of education of ten plus two years, in West Bengal, while they followed 11 years till now, they are now reverting to the 10 year period and they are devising junior college, intermediate college. They are only reverting back to the system which was there 15 years ago. There is utter confusion in the whole method of education, in the whole curriculum, in the system of education and there is no coordination, no homogeneity.

A conference of Education Ministers should be called to devise a system of uniformity upto the secondary and higher secondary stages. Let there be uniformity in the method of teaching, let there be proper system of examination and curriculum and let there be uniformity all over the country. There are various difficulties regarding admissions about which I cannot go into in detail at this stage as I have no time, but one thing I would say and that is, that this uniformity in the curriculum, in the method of teaching and also examination of the students is a must. Have higher education, university education, post-graduate education etc. only for the meritorious boys and for no other boys. Leave the rest to the professional type of education. Only then you will be able to tackle this problem.

Recently I had occasion to go through a few history books; particularly of the * English-medium schools. These are produced by Macmillan, Orient Longmans etc. They are written by British authors. I am horrified to go through them and I wondered whether we are living in Victorian age or that of George V. These books make casual mention of Gandhiji, they don't devote enough attention to our freedom movement or on the important role played by Netaji, but about the visit of Queen Victoria, four or five pages are devoted.

THE MINISTER OF EDUCATION, SOCIAL WELFARE AND CULTURE (PROF. S. NURUL HASAN): Would you be kind enough to let me have the names of some of those books.

SHRI SAMAR GUHA: Certainly, Sir, I will do it. I am telling you about these things because this leads to cultural erosion of our youth. Cultural synthesis of the country is based on proper study of our own national history. In many school boards of different States only 50 per cent marks in history is being intro-

duced. With 50 per cent marks in history how can they understand the national culture? This is what I would particularly wish to stress for the attention of the hon Minister. They should take special care to see that proper history, not communal history, is being taught to our students—proper history having national perspective and the idea of national synthesis, at the formative, primary stage, so that the whole idea of national integration is stuck in their mind. You should have a few mobile exhibitions, particularly in the train, which may go all over the country and show some good films on national culture and national unity and the history of freedom. The audio-visual means of projecting national ideas into schools is very necessary. It is very dangerous that the concept of our national unity is getting eroded. It may lead to dangerous consequences.

16.00 hrs.

About Aligarh Muslim and Banaras Hindu universities I will say that you have done the original crime. You may have any theological university for the Muslims, Hindus and Christians but in the science course and the humanities course it is crime to have this concept of communal education. In the Bangla Desh constitution they have banned not only communal political parties but also denomination of any institution with communal or religious names. Have courage after the liberation of Bangla Desh and try to get out of this communal morass. Let there be theological university, if they want it, but not national university.

Now, a word about Dr. Sharimali. I should say the gentleman was Education Minister here. It is better if some friends advise him to quit. He has bungled and mismanaged and the whole nation is victim of it.

[Shri Samar Guha]

Lastly, about Dr. R. C. Majumdar. I have raised this question many a time in the past. He is 82 years old. He is doing great work of erudition and scholarship in history but you have not recognised him for national professorship. You have awarded national professorship to many. You have not honoured such an international scholar.

I want to ask one question whether in the Social Welfare Department the fund that was provided for war widows and destitute women—it is worth lakhs of rupees—has remained unspent. If it is so, why it is so? About the Children Welfare Policy Resolution, I would like to know how long it will continue to hibernate. There should be an integrated policy regarding Children Welfare Policy Resolution, National Children Board; services for children and youth in rural and urban areas and expansion of family and child welfare projects. How long would you take to integrate all these organisations? How long would you be in a state of uncertainty about the development of integrated policy in regard to children?

A word about Social Welfare Board. It mostly deals with women. As you are thinking of having a Children Welfare Board why not call the Social Welfare Board as Women Welfare Board and seek the help of really dedicated voluntary organisations for the same.

श्रीमती सहोदराबाई राय (यागर) :

सभापति महोदय, आपकी निगाह बड़ी अच्छी रही जो आपने मुझे मौका दे दिया। मैं आपको धन्यवाद देती हूँ और शिक्षा मंत्रालय की जो मांगें हैं उनका भी मैं समर्थन करती हूँ। मैं अंग्रेजी राज्य में पैदा हुई थी। 1947 के बाद से मैं देख रही हूँ, 1947 से पहले शिक्षा में इतनी उन्नति नहीं थी जितनी हमारे यहां सन् 1947 के बाद हुई है। क्योंकि पहले देहातों में न मिडिल स्कूल थे न हाई स्कूल थे और अब हर एक जगह प्राइमरी स्कूल, मिडिल

स्कूल और हाई स्कूल खुले हुए हैं। मैं अपने मध्य प्रदेश की बात करती हूँ क्योंकि यह यू०पी० का झगड़ा तो बराबर बना ही रहता है, न जाने कौन ग्रह लगा हुआ है। हमारे मध्य प्रदेश में बड़ी-बड़ी यूनिवर्सिटीज खुली हैं जैसे सागर यूनिवर्सिटी है, इन्दौर यूनिवर्सिटी, जबलपुर यूनिवर्सिटी है। मध्य प्रदेश में हर एक जगह आज यूनिवर्सिटी हैं। कोई झगड़ा नहीं है, न हमारे यहां के लड़के झाड़ू जानते हैं डिप्टी मिनिस्टर साहब यहां हैं मैं उन से कहूंगी कि आप मध्य प्रदेश को ज्यादा से ज्यादा अनुदान दीजिए ताकि हमारे यहां की यूनिवर्सिटीज और स्कूलों में किसी प्रकार के झगड़े न हों और पढ़ाई ठीक से हो।

हमारे जो इतने लड़के और लड़किया पढ़ कर निकलती हैं इन विद्यालयों में उनको कोई नौकरी नहीं मिलती और वे मारे-मारे फिरते हैं। तो ऐसी हालत में उनके लिए क्या कदम उठाने चाहिए यह आप सोचिए। जो एम० एल०ए० और एम०पी० उस क्षेत्र के होते हैं उन के यहां आकर वह दिन भर इक्लठा होते हैं। कहां तक चाय पिलाएं और कहां तक गावियां सुने? तो कैसे उनको नौकरी मिल सके इसके ऊपर सरकार सोचे। एक मेरा मुझाव है कि एक तो जो हाई स्कूल या मिडिल स्कूल हों वहां कृषि की शिक्षा मिलनी चाहिए क्योंकि देहात के लड़के बहुत आते हैं। उनके लिये कृषि की शिक्षा की व्यवस्था होनी चाहिए जो वह सीखे। नहीं तो हाई स्कूल या यूनिवर्सिटी से पढ़ कर निकलते हैं, नौकरी नहीं मिलती, घर जाते हैं तो खेती काम या घर का कोई काम वह करना नहीं चाहते। टेक्निकल स्कूल हों जहां लोहे का काम, बढ़ई का काम, लकड़ी का काम उन्हें अपने स्कूल में ही सिखाया जाये जिससे नौकरी न मिले तो अपने पैरों पर वह खड़े हो सकें।

जो थर्ड क्लास पास होने वाले लड़के होते हैं उनका तो कोई नाम ही नहीं लेता। उनके लिये कोई जगह कहीं नहीं होती। तो वह रात दिन

हम लोगों को कोसते हैं और गालियां देते हैं और शिक्षा मंत्री को भी गालियां देते हैं ऐसी स्थिति में उनके लिये कुछ काम दिलाने का उपाय सोचना चाहिये ।

हरिजन और आदिवासी लड़के जब शुरू से प्राथमिक पाठशाला में भर्ती होते हैं तो उन्हें उसी समय से वजीफा नहीं देते हैं । मेरा निवेदन है कि उन्हें शुरू से वजीफा और किताबें देनी चाहिये क्योंकि उनके माता-पिता की हालत बहुत खराब होती है । इस लिये वह उनको पढ़ाने से भी इनकार कर देते हैं । तो आप उनको शुरू से ही किताब और वजीफा दे । यह वजीफा जो देते हैं उसमें अगर लड़का पास नहीं हुआ तो साल भर के बाद उसका वजीफा बन्द कर देते हैं । ऐसा नहीं होना चाहिये । उनको यदि वह फेल हो जाते हैं तब भी वजीफा जरूर दोजिए जिससे कि वह आगे शिक्षा ग्रहण कर सकें और अपने पैरों पर खड़े हो सकें । ऐसा नियम आप लागू करिए । दूसरे, जो वजीफा उनको देते हैं वह न के बराबर है क्योंकि मंहगाई का टाइम है ।

एक माननीय सदस्य : प्राइम मिनिस्टर ने कह दिया है कि इसको पढ़ाया जाय ।

श्रीमती सहोदराबाई राय : प्राइम मिनिस्टर ने भी कह दिया है पर हर चीज तो इनके हाथ में है । तो इनको सोचना चाहिये कि जो 25 रुपया और 15 रुपया वजीफा हम देते हैं उसमें न तो लड़के के लिये चाय पानी का इंतजाम हो सकता है, न खाने का इंतजाम हो सकता है । तो 25 की जगह 50 रुपया और 15 की जगह 25 रुपया उसको दें जिसमें सही ढंग से वह पढ़ लिख सके ।

दूसरे, जो हमारे यहां अमेरिका का दलिया और तेल देते हैं वह इतना सड़ा हुआ है कि उससे दो चार बच्चे मर जाते होंगे । उसको बन्द कर देना चाहिये । सड़ा गला दलिया आता है अमेरिका का और वह इसलिये

देते हैं कि आप मांगते हैं, वह समझते हैं कि हिन्दुस्तान के लोग भुखमरे हैं, दे दो उनको । तो ये आप बन्द करें । अपने यहां भी तो अच्छा गल्ला होता है । आप क्यों नहीं उसका दलिया बना कर देते ? आप क्यों नहीं अपने यहां का तेल देते ? क्यों नहीं इस स्वल्पाहार की व्यवस्था अपने यहां से करते ? आपको सोचना चाहिये कि अमेरिका का दलिया वर्षों का रखा हुआ है । वह जब लड़कों को देते हैं तो उनकी विद्या भी चली जाती है और वह मर भी जाते हैं । ऐसा अन्न खाने से कभी भी उन्नति नहीं हो सकती है ।

हरिजनों के छात्रावास जो आपने खोले हैं उस में बहुत भेदभाव है । एक तरफ आप कहते हैं कि छूआछूत दूर हो । तो ये छात्रावास अलग से नहीं होने चाहिए । सब का एक साथ होना चाहिए । सब एक साथ पढ़ें लिखें और सब एक साथ रहें । अलग से छात्रावास होता है तों वह कहते हैं यह हरिजन है, यह हरिजन है, इस प्रकार के दूसरे ठाकुर, बाम्हन के लड़के जो होते हैं वह इनके साथ छूआछूत वरतते हैं । अगर ठाकुर, बाम्हन के लड़के और हरिजन लड़के एक साथ पढ़ेंगे तो भविष्य में आने वाली पीढ़ी के अन्दर छूआछूत नहीं रहेगा । क्योंकि हम जो पुराने प्रादमी हैं वह छूआछूत ज्यादा मानते हैं । अगर पुरुष छूआछूत को नहीं मानता है और किसी चमार के घर हो कर आये तो घर की स्त्री कहती है कि तुम चमार के यहां हो कर आये हो, घर की रोटो मत छूओ । यह भेद कैसे दूर होगा ? जब तक हमारी एग्रेसेशन से भेद नहीं ढटेगा, तब तक शिक्षा नहीं बढ़ सकती ।

पहले मौलाना आजाद शिक्षा मंत्री थे अब आप इस पद पर आये हैं — मंत्री महोदय अभी यहां बैठे थे, पता नहीं क्यों चले गये, उनको मेरी बातें सुननी चाहियें — उनका मुखारबिन्द भी हंसना है और नाम भी हंसना है, हंस कर बात निकाल देते हैं । आपको बड़े कदम उठाने चाहियें, अगर आप हंसते-हंसते समय निकाल देंगे तो काम

[श्रीमती सहोदराबाई राय]

नहीं होगा, शिक्षा की उन्नति नहीं हो सकेगी इसलिए मैं उनसे निवेदन करती हूँ कि आप सख्त कदम उठायें। जब मौलाना आजाद मिनिस्टर थे, तब कोई गड़बड़ी नहीं होती थी, लेकिन आपको न जाने कौन सा ग्रह लग गया है, जब से आप आये हैं शिक्षा के क्षेत्र में दो होते लगे हैं। कहीं हरियाणा में हो रहे हैं, कहीं पंजाब में हो रहे हैं, दूसरी जगहों पर हो रहे हैं—इस तरह से काम नहीं चलेगा, आप सख्ती से कदम उठावें।

हमारे लड़कों को जो बज्जोका मिलता है, यह बहुत थोड़ा है, उसमें उनका गुजारा नहीं होता है। उसे बढ़ाना चाहिए। आप न जाने क्यों डरते हैं, शायद मुसलमान होने के नाते डरते हैं, कहीं हमसे कोई नाराज न हो जाये। इनमें हिन्दू और मुसलमान का मवाल नहीं है, आप जी करे वह ठीक होना चाहिए।

मध्य प्रदेश में कई उर्दू के स्कूल हैं—वहाँ के बच्चे कहते हैं, मोमा तुम वहाँ जाती हो, शिक्षा मंत्री जो से कहो—हमारे पास किताबें नहीं हैं, पैसा नहीं मिलता है, मौलवा या मुल्ता नहीं हैं, हम कैसे पढ़ेंगे? आप उनके लिए कदम क्यों नहीं उठाते हैं। देश का संस्कृति में उर्दू, अंग्रेजी, हिन्दी सब के लिए मान है। इस लिए मैं कहना चाहता हूँ कि हमारे जा आदिवासी इलाके है उनको ठीक प्रकार से शिक्षा नहीं मिलता है और इसलिए वे ईसाई हो जाते हैं। क्यों हो जाते हैं? इसलिए कि न उनको पैसा मिलता है, न कपड़ा है, न उनके पास साधन हैं, न घर हैं। इसलिए यदि हमको धर्म को बचाना है—किन्ती भा धर्म के साथ जबरदस्ती नहीं होना चाहिए—तो उनको सुविधाएँ दीजिए, किताबें दीजिए, कपड़ा दीजिये, खाना दीजिए, तब वे कभी ईसाई नहीं होंगे।

हमारी महिलाएँ मुसलमान या ईसाई हो जाती हैं—क्यों हो जाती हैं। अगर

कोई विधवा स्त्री है तो न उसको मायके वाले रखते हैं और न सुसाल वाले रखते हैं वह कहीं जाय। इसलिये दूसरे धर्मों में चली जाती है। अगर आप उस को सोशल वेल-फेयर में जगह दें, ग्राम-मेविका में रखें, जहाँ भोज जाह हो, उस को लें तो उससे उसका धर्म बच जायेगा।

सभापति जी, मैं आप को धन्यवाद देती हूँ, आखिर आपने मुझे समय दिया, लेकिन आपको काले और गारे सब को देखना चाहिये (ध्यवधान) . . . । अब चुनाव के तान साल रह गये हैं, इस लिये शिक्षा का उन्नति कीजिये। इस कर मत टालिए, कदम उठाइये।

*SHRI SAKTI KUMAR SARKAR (Joynagar): Mr. Chairman, Sir, in keeping with the saying 'let hundreds of flowers blossom' I feel that we should speak in all the languages for the development of our culture. Due importance should be given to all the languages. The hon. Deputy Minister has spoken a short while ago in Hindi, Hence I think that I should speak in Bengali too. Sir, while rising to support the demands of the Ministry of Education, I will like to confine my views on a few points only, because at the fag end of the day. I do not think there is much scope left for delivering a speech. The important issues that I would like to place before you has already been covered to some extent by the Deputy Minister in his reply, but I feel that his reply to those points was incomplete. Sir, in yesterday's newspaper as well as in today's newspaper I have seen that the Delhi University authorities are contemplating what steps they would take against 'mass copying'. This problem is not confined to Delhi University alone. Today this problem is being faced by all the Universities all over the country. Sir, I am the Principal of an higher Institute and am asso-

ciated with two colleges. I am also on the Governing Body of four higher Secondary schools. From my personal experience of running educational institutions, I can say that the present day education system, instead of creating a healthy and creative atmosphere in our national life has only helped to create an explosive atmosphere. Now how to prevent this explosion, that is the problem before us. From the discussion held in this House and from the Deputy Minister's reply I found that efforts are being made to contain this student and youth unrest through the opening of a hundred Nehru Centres. But, Sir, we would have to dig deep to locate the root cause of all this unrest. Unless the cause of a disease is diagnosed, how can the treatment be prescribed? One reason for this discontent and unrest is generally said to be the lack of job opportunities to the educated youth and that is why the student unrest today has assumed this staggering proportion. It has been said that today we need expertise in every field and general education is being criticised. We are told to produce scientific and technically educated persons, more of engineers and technocrats. I do not know how much logic is behind such arguments. If that was true, how is it that there are thousands of jobless engineers in our country today. Does it not follow that the system of education which we have built in our country is basically defective? I have failed to find what measures have been taken till this day to remove those defects from our system of education. Sir, it is a matter of great regret that illiteracy is ever increasing in the country. If we fail to realise that darkness, instead of receding, is constantly on the increase, then all our efforts will be in vain and the grand edifice that we are dreaming to build through our Five year plans will collapse and crumble in the dust.

Sir, it is a matter of regret that

even the renowned professor Dr. Gridal Midal has said that in our country about one-third of the total expenditure on education is spent on higher education alone. Next comes secondary education and lastly comes primary education. So we see that primary education is not given due importance. We have failed to make primary education compulsory till this day, although we have professed in our Constitution to make primary education compulsory within 10 years. What happened to that assurance? Sir, 25 years have already elapsed since our independence but we are nowhere near the fulfilment of our promises and I am doubtful whether we will be able to fulfil them in another 25 years. Therefore we will all have to make sincere efforts to banish illiteracy from this land and this should be given topmost priority. By illiteracy of course I do not mean just the 3 R's. Imparting knowledge of the 3 R's alone will not mean removal of illiteracy. Our hon. President Shri V. V. Giri perhaps had said sometime back that the concept of the 3 R's should now be replaced by the 3 F's. We should place due stress, I think, on the functional 3 F's now. Sir, I want to place only one more question about higher secondary education. One fine morning we suddenly saw that the higher secondary system is being abolished. The eleventh class is being abolished and replaced by the earlier ten class course. At least this system has been already introduced in West Bengal. No wonder this whimsical action will create an disillusion in the field of education. Today we are having a system upto 10th class only, tomorrow it is replaced by eleven classes and the day after a 12th class system is introduced. What is all this? Certainly this uncertainty in the education system is not congenial to the healthy growth of education. Sir, I am myself a teacher. I run educational institutions and on the basis of my personal knowledge and experience I can say that this chaos in the field of education cannot be allowed.

[Shri Sakti Kumar Sarkar]

ed to continue. Therefore we will have to consider here and now how a permanent education system can be evolved. If we are to save education from this suffocating atmosphere, from this explosive atmosphere then we will also have to pay attention to the condition of the teachers. Why are the teachers forced to come down on the streets today like trade unions. Education can never flourish and prosper in a country where the teachers come down on the streets like trade unions. Therefore we will have to see that the teachers are not forced to behave like the trade unions. I will therefore implore that whenever the teachers have any grievance and whenever they put forth any demands, those should be considered forthwith and satisfactory solutions must be found.

Another thing I will mention Sir, and that is about the examination system in our country. The present examination system needs complete overhaul. Unless the examination system is overhauled completely, we will not be able to bring real education to the people even if we establish thousands of universities. Education creates and develops the creative mentality in a person for building the nation. Due to the defective education and examination system that creative mentality is being turned into an explosive mentality. Unless this is checked in time, we will have to pay a high price for this. Sir, I will like to draw your attention to one more thing and that is about the education system in West Bengal. As you know, in many States, education has been made free for the students belonging to the Scheduled Castes and Scheduled Tribes, upto the Higher Secondary standard. But Sir, in West Bengal this concession is being deliberately denied to the Scheduled Caste students. I do not know whether this is due to the paucity of funds. If it is, I will request the hon. Minister of Education with folded hands to provide the necessary

funds to the West Bengal Government so that education may be made free for the Scheduled Caste students in West Bengal atleast upto the secondary stage. Sir, I once again support the demands of the Ministry and with that Sir, I conclude my speech.

MR. CHAIRMAN: Shri H. M. Patel.

SHRI H. M. PATEL (Dhandhuka): Mr. Chairman, Sir, I must begin by congratulating the last two speakers. My own regret is that the last speaker did not speak in English. But, they certainly said great many home truths in a very straightforward and forthright language.

My request to the Minister for Education would be this. He might consider presenting his report in a somewhat different manner. I would have expected his report to tell me something about what, he thinks, he has achieved in the course of a year in respect of educational achievements as against the targets and objectives that he might have set for himself. For instance, when he talks of higher education, there is no mention about Kothari Commission report. That report was submitted six years ago. I think that one would have reasonably expected him to say how much of it, how many of their recommendations have been implemented or rejected and how many of them are under consideration. And what is the situation in regard to the Kothari Commission Report? Is it that that Commission was appointed only in order that his Report should be kept in a pigeon-hole or was there some other objective behind it. We should really do something to our education. Before Independence, we used to keep on saying that our educational system was bad; it was only designed to make Clerks and so and so forth. One, therefore, rightly expected that after Independence, there would be radical change in the system. That seemed to be the intention why several very learned Com-

missions had been appointed. They submitted their reports. But, it seems to me that we have continued with the same system without any significant change in it—whether it be the higher education, secondary education or anything else.

In regard to Secondary education, we are still talking about 10+2+3. The Report refers to a Committee of Chief Ministers and it says that they have now accepted the 10+2 formula. Education Ministry hopes that they will come forward and implement it with some degree of expedition.

What grounds does the minister have for expecting that they will really implement this decision with any degree of speed? I have grave doubts. I am sure he realises that the implications of this particular decision, however good and desirable it may be, are that it will mean very considerable financial burdens upon the State Governments and many State Governments may well hesitate to go forward with it, unless the Central Government is going to come to their assistance. As my friend Mr. Samar Guha said, already in Bengal they are thinking of junior and intermediate colleges. That is the direction in which certain other States are also thinking purely for financial reasons and not for educational reasons, because it will be almost impossible for the existing secondary schools to provide the facilities necessary for the 11th class requirements.

When I said the report is not presented in the way in which it should be, I had only this in mind that I would have expected the report really to tell us much more about the achievements towards the policy objectives that the ministry has set for itself. Only then can we be in a position to applaud its achievements or deride it for failure to achieve those objectives. I find it very difficult indeed to understand. For instance, what is the attitude and

approach of the ministry is regard to primary education. It says, as required in the Constitution's directive compulsory primary education is our objective. But how will you achieve it? If you look at the primary schools in almost any States, a vast majority of them scarcely deserve the name of a school. More often than not, one teacher is required to teach more than one class. What kind of education are we seeking to impart through these schools? Is it not generally conceded that primary education is the very foundation of education? Should these primary schools, therefore, not be established so that they are much more satisfactory? Should the number of teachers provided not be adequate? Should they also not be of a calibre that would enable them to impart the kind of teaching that should be imparted at that stage?

You would say, it is not the Central Government's responsibility. Undoubtedly, education is one of these subjects in regard to which all the criticisms made in this House today could be answered by the minister by one simple remark that much of this is the responsibility of the State Governments and I am not answerable for it. But why should you not make yourself answerable for it? If you cannot make yourself answerable for it, it seems to me that we might as well forget that we shall ever achieve any real progress in education in this country. There has to be a certain degree of central direction in the matter of education at all levels. Therefore, I have often felt and I am quite convinced that education should be made a concurrent subject. It is about time this was given serious consideration because unless that is done, it seems to me that the Ministry of Education will not be able to ensure, even if it were so minded and most earnest, that the State Governments carry out and implement the most desirable of the objectives in the manner in which they should be implemented.

[Shri H. M. Patel]

I would only refer to one further point, and that is with regard to National Social Service, National Sports' Organisation and the NCC. These three are very important for our young students, young men and women. Now two organisations are looking after them. While the Defence Ministry looks after the NCC the National Social Service and the National Sports' Organisation come under the Ministry of Education. In the same campus you have two separate organisations and quite often it leads to unhealthy competition. It would be far better if the three organisations were run in a co-ordinated manner and, if possible, run under one organisation, under one supervision. This, I think, is a suggestion which merits serious consideration.

SHRI RAJA RAM SHASTRI (Varanasi): Sir, I too want to join hands with those who want a complete revolution in our education system. No doubt, the whole system has completely collapsed. Beginning from the examination system, the whole scheme of studies and education has gone down from stage to stage and something radical needs to be done. From this point of view, I do not think we have a ready-made scheme to replace the existing one. We can only suggest that a study be made by competent people, particularly of those countries which have developed education of their own, independently, like China, Russia, Germany, Japan and Iran. We should not model our system, as we have been doing so long, only on the Western countries, big countries like America and England. We should look to other places where they have had to face conditions and situations similar to ours in modern times. I think some such study should be undertaken. Whether it is made by a committee or otherwise it is for the Ministry to decide.

Then, I have complaints regarding non-implementation. For instance, last year a very beautiful scheme was formulated by the Education

Minister in which he tried, and I think successfully so far as the scheme went, to reconcile our limited resources to our recruitment policy. His principle was that if we cannot admit everybody, we should admit only those who are selected on the basis of talent, rather than on the basis of the fact that they can pay for their education. The deficiency of payment can be made up by liberal scholarships. This was a very good scheme, a very beautiful scheme, which went towards providing equal opportunities and usher in socialism. We heard about this scheme last year. Till this year we have seen nothing of implementation on those lines. We have been doing something on these lines during the recent past too, but that is not the point. The point is that since the Education Minister formulated the scheme, nothing has been done further.

I will limit myself to that aspect of education which has relevance to national integration. I think education is the most important field of integration. It is here that the intellectual integration is first made, which is later carried out into practice. Our troubles in the field of national integration began not recently but as early as in ancient India. It is then that we separated our three religions Hinduism, Jainism and Buddhism into different lines and relegated them to three languages, that is, Sanskrit for Hinduism, Prakrit for Jainism and Pali for Buddhism. This was a sort of disintegration that we were working for in those early classical days.

Now, we know the results. The Education Minister being a great historian knows how we have lost by the trifurcation of these systems. Many progressive elements which would have held our country in good stead have been lost to us. Many opportunities of progress have been lost to us because of antiquated ideas dominating the field because they had no challenge from any other stream. The streams were three but we divi-

ded into separate channels. We shut our eyes to each other and rather became hostile to each other.

It is very necessary, I feel, that at least one institute in Delhi on a very high level should be established where the study of Sanskrit, Pali and Prakrit, that is, the study of Hinduism, Buddhism and Jainism could be made together, not only together in the sense of being within the same walls but in a very integrated way. This is the point.

Now, coming to recent days, we know there is a lot of talk about majority character of education and minority character of education. This is again a process of disintegration. From this, the feeling comes that our educational system has not been thoroughly secularised. Otherwise, there is no relevance in the cries of majority character of education and minority character of education. These questions begin only when we are not working on a firm secular base in our education. I think, a study should be made either through a Committee or otherwise as the Ministry thinks fit as to how to secularise our education completely so that these questions do not arise.

Coming to the Banaras University, in this context, I would say, the Banaras University is in a very difficult situation. I, coming from Banaras itself, know the intricacies of the problem. It is no use running down one side or another. So long as we do not approach the fundamentals of our educational policy, we should give all support, complete support, to the Vice-Chancellor because the Vice-Chancellor is a secular man, a thoroughly good man and a very competent man. Give all the powers to him. It would help, I think, if some Parliamentary Committee is sent to Banaras to help the Vice-Chancellor in his understanding and in his execution of the policies there and also to inform this august House about the true state of affairs there.

Another field of national integration is the emotional field, that is, the cultural field. As this Ministry also covers the field of culture, I would point out only one flaw in its working so far as culture is concerned. The Education Minister is a great historian and he knows that in the field of art, whenever some alien people, foreigners, settled down in our country, they brought their own style of art to this country and tried to integrate their art with the art of this country. In several stages, not all at once, they succeeded completely in producing new beautiful forms which really added the beauty of one form to the other.

This is the way how a composite culture develops. It is not by keeping ourselves in separate compartments, not by keeping our creations in separate varieties. We are talking of varieties all the time. Some of these varieties are so obnoxious and so offensive that they better go. But the fact is that we tolerate all those varieties under the assumption that there is underlying these a very beautiful unity. But looking closely at the point of unity, we hardly discover any unity except in the geographical sense.....

AN HON. MEMBER: Hippy culture.

SHRI RAJA RAM SHASTRI: This is all Hippy culture. This is all a museum sort of unity. I do not find any unity. Unity should rather develop in the field of emotions, in the field of art, in the field of education, in the field of work, in the field of action. Calling oneself by separate caste names, wearing separate types of turbans, eating separate types of food, observing separate types of days, all these varieties do not help in creating the beauty of unity. Unity should be free from these disunities. This unity can be developed in a deliberate way, if our academies and our cultural councils take the problem in right earnest.

[Shri Raja Rav Shastri]

The last field of national integration is social welfare. It is in social welfare that you put your integral theories into practice. In social integration, there is the question of social justice. Without social justice, there cannot be practical integration. Emotional integration, you get culture; intellectual integration, you get education, but without bringing this feeling of integration and the idea of integration, into practice in the social field, you cannot be really integrating the various divisive forces in the country. There should be the assurance of social justice. Social justice is a big thing. Social welfare is only the first step to social justice. Social justice has many forms, developed forms, but social welfare is just the first step, the very beginning of social justice. Unless this is looked after it is very difficult to say that we are an integrated people. If a person has no security against starvation, if he feels utterly lost in old age or when unemployed, he is absolutely reduced to a street beggar; in these conditions how can he feel and accept his responsibility in the development and growth of the country? There is a complaint against the common man, that he does not cooperate in implementing the plan. How can the common man cooperate when he is suffering from these disabilities? So, I would insist that social security must be taken in hand by the Ministry in right earnest. A committee should be constituted to go into the whole matter, and some scheme should be evolved. I do not say that there should be, immediately, a scheme like the Beveridge Plan in England, but something according to our own conditions, according to our resources. After studying the social security schemes in other countries, big and small, we should be able to come to something which gives us some security, at least so far as the resources permit.

These are the points I wanted to make.

MR. CHAIRMAN: Shrimati Savitri Shyam.

SHRI JYOTIRMOY BOSU: (Diamond Harbour): Sir, when the Demands for Grants of the Education Ministry are being discussed here, we are alarmed to hear that the Aligarh Muslim University has been closed down this noon for an indefinite period. It is a very serious matter because that institution has a character of its own, the minority culture is deeply involved. We want the Government to give us a statement right now. It is a very serious matter. They cannot impart education, but they are shutting down Universities often universities of this type of character.

SHRI EBRAHIM SULAIMAN SAIT (Kozhikode): Actually, at Aligarh Muslim University, there was no incident, no tension, nothing of that sort. It is a shameful thing that it has been closed down..... (interruptions).

MR. CHAIRMAN: This matter was raised before—I am told. The Minister has not made any statement. He may make, but just now we cannot compel the Minister to make a statement when he has nothing (Interruptions) There is a compulsion of discipline also. That, of course; we have to compel.

SHRI JYOTIRMOY BOSU: We take it that the Minister declines to give a statement. You have been good enough not to apply compulsion. We appreciate that. *Suo motu* should be not make a statement? The House is concerned and agitated over this.

THE MINISTER OF EDUCATION, SOCIAL WELFARE AND CULTURE (PROF. S. NURUL HASAN): My distinguished friend, as usual, is absent for most of the time from the House and then raises a problem. My colleague, the Deputy Minister, gave this information to the House and also stated that in the winding up reply,

I shall be dealing with this question at some length. This he has already said.

SHRI JYOTIRMOY BOSU: I am glad to hear that, but your remarks, perhaps, are not quite kind.

श्रीमती सावित्री श्याम (ग्रावला) :
सभापति महोदय, आप ने मुझे समय दिया इसके लिए आप को हार्दिक धन्यावाद ।

इस से पहले कि मैं शिक्षा मंत्रालय के अनुदानों की मांगों पर अपने कुछ विचार प्रकट करूं, मैं सब से पहले प्रो० नूरुल हसन साहब को मुबारकबाद देना चाहती हूं कि वह आजाद भारत के पहले शिक्षा मंत्री हैं जिन के मुंह से यह बात निकली कि हिन्दुस्तान की शिक्षा पद्धति में परिवर्तन होना चाहिए । हम महसूस करते हैं कि जब से हम आजाद हुए हैं, हमारी शिक्षा में कोई परिवर्तन नहीं हुआ है । इस में कोई सन्देह नहीं कि बड़ोतरी हुई है—हर तरफ बड़ोतरी हुई है, स्कूलों की संख्या में, शिक्षकों की संख्या में, पढ़ने वालों की संख्या में, लेकिन एक स्वतंत्र देश में जिस प्रकार की शिक्षा होती है, उस के अनुरूप हिन्दुस्तान की शिक्षा पद्धति में परिवर्तन नहीं हुआ है । आखिर हिन्दुस्तान केवल नदी पहाड़ों या कारखानों का ही देश नहीं है । वह इन्सानों का देश है और उस तरफ जितना ध्यान दिया जाना चाहिए था, वह नहीं दिया गया है ।

प्रोफेसर साहब ने, जो स्वयं एक शिक्षा के विशारद और पंडित हैं, यह एहसास किया है कि हमारी शिक्षा में परिवर्तन होना चाहिए । यह पहला कदम है, जो उन्होंने सोचा है और वह अवश्य होगा । मैं मांग करती हूं कि हिन्दुस्तान की शिक्षा का प्रोडक्टिविटी से क्या नाता है, यह साफ साफ होना चाहिए । समाज वादी सामाज में उस बच्चे की क्या भूमिका है जो आज स्कूल में बपढ़ रहा है, यह साफ साफ हो जाना चाहिए ।

आज हमारे देश में विश्वविद्यालयों की कमी नहीं है । लेकिन वे विश्वविद्यालय राजनीति के अखाड़े बने हुए हैं । मुझे से पहले कई वक्ताओं ने कहा है कि बनारस यूनिवर्सिटी में क्या हो रहा है, अलीगढ़ यूनिवर्सिटी की क्या दशा है । आज भी बनारस यूनिवर्सिटी में जनसंघ की शाखायें लगती हैं । आज भी वह बिल्डिंग आर० एस० एस० के हाथ में है, जिस का उपयोग किसी अच्छे काम में होना चाहिए था । प्रो० नूरुल हसन साहब एक सैकुलर स्टेट के सिटिजन है और एक सैकुलर स्टेट की गवर्नमेंट के रिप्रेजेन्टेटिव हैं । मेरी मांग है कि वह साहसपूर्वक सब सम्प्रदाय सम्बन्धी नामनक्लेचर को मिटा दें, चाहे वह नाम बनारस हिन्दू यूनिवर्सिटी में हो और चाहे अलीगढ़ मुस्लिम यूनिवर्सिटी में हो । अगर वह इस का प्रयास करेंगे, तो जनता उन का साथ देगी और भारत के इतिहास में उन का नाम अमर होगा । यह मेरी एक मांग है और मेरा यह निवेदन है । इस के ऊपर आप अपना एक सख्त कदम उठाइए ।

मुझे से पहले और लोगों ने भी इस पर प्रकाश डाला है और मैं भी कहना चाहती हूं, इस से पहले साल जब मैं शिक्षा मंत्रालय पर बोली थी तो आपके यही आफिसर्स थे इस गैलरी में जो आज भी बैठे हैं और मैं ने यह बात कही थी कि पंच वर्षीय योजनाओं के जरिए निस्सन्देह हमारी बहुत बड़ोतरी हुई, उसी तरह से शिक्षा के क्षेत्र में भी हुई । लेकिन जितनी डिस्पेंडेंसी, जितनी भिन्नता शिक्षा के क्षेत्र में साफ साफ दिखाई देती है और दूर से दिखाई देती है उतनी दूसरे क्षेत्रों में दिखाई नहीं देती । मैं विरुद्ध भी नहीं हूं पब्लिक स्कूलों के लेकिन मैं कहना यह चाहती हूं कि जितना खन पब्लिक स्कूलों ने एक भिन्नता का वातावरण एक्सप्लायटेशन और शोषण खड़ा किया है उतना और किसी क्षेत्र में देखने से नहीं आता है । मैं साहस के साथ मैं मिसाल दे कर कहना चाहती हूं कि माडर्न स्कूल दिल्ली का है जिस में बड़े बड़े लोगों के बच्चे पढ़ते हैं, इन आफिसर्स

[अ. नती सावित्री श्याम]

के बच्चे भी पढ़ते हैं जो गैलरी में बैठे हैं और यहां के लोगों के भी बच्चे पढ़ते हैं, जितना पक्षपात और जितना शोषण इस स्कूल में है उतना मुझे बहुत कम देखने को मिला है और भी बड़े शहरों के बहुत से स्कूल मैंने देखे हैं। कैपिटेशन फीस के नाम से दस दस हजार पांच पांच हजार और बीस बीस हजार रुपया इकट्ठा कर लिया जाता है और किस किस का दाखिला वहां किया जाता है यह देखने की चीज है। आप ने बड़े बड़े कामों के लिए बड़े बड़े कमीशन बिठाए कहीं मुदालियर कमीशन, कहीं राधाकृष्णन् कमीशन। तो मेहरबानी करके इन पब्लिक स्कूलों के लिए भी एक कमीशन बिठाइए जिससे कि आप को पता चले कि किस किस तरह का यहां इंतजाम है, किस किस तरह का यहां शोषण है और किस किस तरह का काम है। मैं पढ़ाई के लिए नहीं कहती कि पढ़ाई अच्छी नहीं होती। जरूर अच्छी होती होगी। लेकिन किस कीमत पर? देश के दो प्रतिशत बच्चे तो पब्लिक स्कूलों में पढ़ते हैं 98 प्रतिशत बच्चे उन स्कूलों में पढ़ते हैं जिनकी छतें टपकती रहती हैं। 300 स्कूल हमारे यहां ऐसे हैं जिन पर इसी सदन के माननीय सदस्य श्री फ्रैंक एंथनी जी की मोनोपली है जिस के हिसाब किताब को, जिस के प्रबन्ध को कोई देख नहीं सकता। उस में चर्च भी है, आफनेजर्ज भी हैं और उस की आड़ में लाखों और करोड़ों की एड जो बाहर से आ रही है उस का कोई अन्दाजा आप को नहीं है। वैसे तो मैं भी जानती हूं कि गवर्नमेंट आफ इंडिया के नियमों के अनुसार बिना सरकार की जानकारी के कोई भी ग्रान्ट नहीं आ सकती। लेकिन उस में वह आ रही है। तो इस कामशियलाइजेशन को, इस एक्सप्लायटेशन को आप किस तरह से रोकेंगे, यह आप को सोचना है। दो प्रतिशत बच्चों के लिए 98 प्रतिशत बच्चों की आहुति मत दीजिए यह मेरी आप से मांग है।

इसी सदन में सन 1968 में एक घोषणा हुई थी सरकार की तरफ से नेशनल पालिसी ऑन एजुकेशन की। उस के बाद य विचार

भी हुआ था कि हम कामन स्कूल खोलेंगे, नेवरहुड स्कूल खोलेंगे और हर एक ब्लॉक के अंदर उस की स्थापना होगी। प्रोफेसर नरूल हसन साहब ने भी एक बार एक प्रश्न के उत्तर में यह बताया था। तो मैं उन से जानना चाहूंगी कि कितने कामन स्कूल और कितने नेवरहुड स्कूलों की स्थापना अब तक की है? उन की यह घोषणा थी 1968 की जो मैं पढ़ना चाहती हूं।

"To promote social cohesion and national integration the Common School System as recommended by the Education Commission should be adopted. Efforts should be made to improve the standard of education in general schools. All special schools like Public Schools should be required to admit students on the basis of merit and also to provide a prescribed proportion of free-studentships to prevent segregation of social classes."

इस की घोषणा सन 1968 में हुई थी और आज सन 1973 है। इस की घोषणा आप ने भी की और इसी सदन में की। इस लिए मैं मांग करती हूं कि आप इस का भी जवाब दे कि कितने स्कूलों की स्थापना अब तक की गई है।

एक बात और कह देना चाहती हूं। जब किसी भी चीज में सरकारी रुपया खर्च करते हैं, किसी कारखाने में करें, किसी पब्लिक सेक्टर में करें तो पांच छः महीने बाद या साल बाद आशा करते हैं और देखते हैं कि कितनी उस में से उत्पादकता हुई? मैं पूछना चाहती हूं कि क्या शिक्षा के उपर भी खर्च करने के बाद आप यह देखते हैं कि कितनी इससे उन्नति हुई। मैं धन के संबंध में उन्नति नहीं कह रही हूं। कोई कामशियल बात में नहीं कह रही हूं। लेकिन काम कितना हुआ है इस बात के लिए मैं कहती हूं, क्या आप इस बात को जानने की कोशिश करते हैं? मैं पब्लिक एकाउंट्स कमेटी के आधार पर जिस की कि

इस सदन में बहस नहीं होती यद्यपि होनी चाहिए उसके आधार पर दो तीन मिसाल देती हूँ कि कितना शिक्षा के अंदर पैसे का दुरुपयोग है ? रूरल इंस्टीट्यूट्स जो 13 हैं हिन्दुस्तान में, उन को अभी अभी कुछ पैसा दिया गया है। उस में कोई एतराज नहीं है, लेकिन उन रूरल इंस्टीट्यूट्स के अंदर जिन की कई साल पहले स्थापना हुई थी, अब तक जो हम ने देखा तो जितनी उन की कैपेसिटी थी वह सब खाली रही। 1969-70 में 473 की कैपेसिटी खाली थी और 70-71 में 400 की कैपेसिटी खाली रही। क्या इस तरह से पैसे का दुरुपयोग नहीं हुआ ? या तो यह हो सकता है कि उस जगह की ग्रामीण अर्थ व्यवस्था क्या है उस के साथ उन बच्चों का अथवा उन इंस्टीट्यूट का कोई वास्ता नहीं था जिस से वहां उन्होंने दाखिला नहीं पाया और इसलिए वह खाली रहे। परकैपिटल उस का एक्सपेंडीचर पड़ा। लेकिन टीचर और टाट के अंदर जो एक रेशियो होना चाहिए उस में अंतर आया।

इसी तरह से दूसरी मिसाल में देना चाहती हूँ। इंडियन इंस्टीट्यूट आफ टेक्नोलॉजी जिस की स्थापना के महत्व को सब समझते हैं कि बड़े बड़े टेक्नोक्रेट और इंजीनियर्स इस में से हम पैदा करेंगे, इन की स्थापना का यह उद्देश्य है और उन्होंने काम भी अच्छा किया है। टेक्नोलॉजी के अंदर और इलेक्ट्रानिक्स के अंदर जो चमत्कार आज है वह वहां के विद्यार्थियों का है, उसके लिए हमें गौरव है। लेकिन अकेले आई टी आई दिल्ली के अंदर 300 विद्यार्थी ऐसे पढ़ते हैं जो कुछ पिछले साल भी निकले हैं और कुछ इस साल भी निकल रहे हैं वह मैथेमैटिक्स के अंदर फिजिक्स के अंदर और कैमिस्ट्री के अंदर गैज्युएट्स हैं। तो दिल्ली के अंदर यह आई आई टी इसलिए नहीं बनी कि वह साधारण ग्रेज्युएट तैयार करे चाहे वह साइंस के हों या सोशल साइंस के हों सोशल साइंस की भी एक ब्रांच वहां बन गई है। तो ये जो इंस्टीट्यूट्स हैं इन को आप सुधारने का प्रयत्न कीजिए।

इनका जो लक्ष्य है, जो महत्व है, और इनका जो परपज है कि अच्छे साइंटिस्ट्स, अच्छे टेक्नोलॉजिस्ट्स और टेक्नोक्रेट्स पैदा करें, उस की पूर्ति होनी चाहिए। इन का यह काम नहीं है कि सिम्पल ग्रेज्युएट्स बनाएं। इस के लिए और बहुत से कालेजज और स्कूलस हिन्दुस्तान भर में हैं जो इन की फैक्ट्री बने हुए हैं।

एक दूसरी मिसाल में और देती हूँ। बनारस हिन्दू यूनिवर्सिटी को एक हिस्टारिकल ग्रामर आफ हिन्दी लैंग्वेजज लिखवाने के लिए साढ़े तीन लाख रुपया सन 1959 में दिया गया। वह रुपया खत्म हो गया, उस का हिसाब नहीं किताब नहीं मेरा कहने का मतलब यह है और मिसाल दे कर मैं कह रही हूँ कि शिक्षा के नाम पर जितना रुपया खर्च हो रहा है वह कहा खर्च हो रहा है इस की किसी को जानकारी नहीं और इस में बहुत बड़ी जिम्मेदारी यू जी सी की है क्योंकि बहुत सा रुपया उसके माध्यम से जाता है। अभी प्रोफेसर कोठारी जो उसके अध्यक्ष थे रिटायर हुए हैं। बड़े योग्य व्यक्ति थे, मैं ने उन से भी कह था कि आप जहां रुपया देते हैं उस के लिए आप एकाउंटेबल हैं पार्लियामेंट को। आप इस बात को देखें कि वह रुपया कहाँ जाता है, उस का हिसाब किताब पार्लियामेंट को बताएं।

पब्लिक एकाउंट्स कमेटी और पब्लिक अंडरटेकिंग्स कमेटीज जो सिफारिशें करती हैं आप के ग्राफिसर लोग लीपपोत कर उनका जवाब भेज देते हैं। मैं चाहूंगी कि आप इसको पोलिटिकल लेवल पर देखें कि कहां उसमें कमी है।

17.00 hrs.

सभापति महोदय, हमारे देश के अन्दर हजारों ऐसे व्यक्ति हैं, हिन्दुस्तान के हर कोने में हैं, जो बड़े लिग्विस्ट हैं, शायर हैं। हिन्दुस्तान की आजादी की लड़ाई में वे जेल नहीं गए फांसी के तख्ते पर नहीं लटके, लेकिन उन्होंने अपने इल्म से इस मुल्क की बहुत खिदमत की

[श्रीमती साबीत्री इय्याम]

है। ऐसे लोग हर भाषा के अन्दर मौजूद हैं—हिन्दी, उर्दू, फारसी, तेलगू, मलयालम, सभी भाषाओं में हैं। पचासों वर्षों से सेवा करने के बाद आज उनके पास खाने के लिये रोटी भी नहीं है, ठिकाना भी नहीं है। मैंने आपके बजट को देखा लेकिन ऐसे व्यक्तियों के लिये आपके बजट में कहीं भी कोई प्रावीजन मुझे नहीं मिला। हिन्दुस्तान के उन लोगों के लिये, जिन्होंने अपने गीतों से आजादी की लड़ाई में जान फूँकी, जिन्होंने अपने गीतों को स्वयं गाया और दूसरों से गवाया, चाहे देवबन्द का स्कूल हो, बनारस हो या साउथ का एक बड़ा विश्वविद्यालय हो, मैं उनके लिये मंत्री महोदय से निवेदन करूंगी कि वह अवश्य प्रावीजन करें। उन लोगों ने वतन के लिये बहुत कुछ किया है, अब उनका बुढ़ापा आसानी से और इज्जत से कट सके।

SHRI EBRAHIM SULAIMAN SAIT (Kozhikode): Mr. Chairman, Sir, while I stand up to take part in the discussions on the demands of Ministry of Education I cannot but say that we have complete dis-satisfaction about the working of the Education Ministry. You know, today educational standards are deteriorating. We find a lot of unrest amongst the student population of the country and that is due to basic defect in the whole of education system which is causing frustration among the students today. Our education system does not suit to Indian conditions. Actually, we are copying the same education system that was made prevalent by the British Government when India was a slave country just to produce clerks. Therefore, the education system today is nothing but an education system that is not suited to the conditions of the country. We should have an education system that is job-oriented by which our younger generation is able to raise their standard in future life and face the realities of life with confidence.

One fact to which I want to draw the attention of the Education Minis-

ter is about the most shocking and disturbing situation that is prevailing at the Aligarh Muslim University to day. We have got the news this afternoon that Aligarh Muslim University has been ordered to be closed by the Vice Chancellor of the Aligarh Muslim University. As far as I know there was no reason to do as there was no incident and tension in the university at all.

Just yesterday, our respected colleague Mr. Viswanathan happened to be at the Aligarh Muslim University and has just returned this morning from there. He told me that he was attending a Mushaira last night at the Aligarh Muslim University and the situation there was peaceful. Suddenly, I am told this morning there was a order that Aligarh Muslim University should be closed down. Now, what is happening there? I am told that police and PAC is standing by and forcing the students to get out of the campus. Sometime back Aligarh Muslim University was made a concentration of the police force inside the campus. How is it possible for thousands and thousands of students who are just going to sit for the examination to vacate and get away and thus destroy their future academic career and future life as citizens of this country. This is a very very disturbing situation that has taken place at the Aligarh Muslim University.

I will not deal at length with the circumstances which have led to such a situation. I will only say that we suspect that this is the culmination of the process by which the authorities are conspiring to destroy this citadel of Muslim culture and learning and shining example of secularism in this country.

Members have said here while taking part in this discussion that there should not be any majority character or minority character as far as education is concerned. But this is against existing facts. When minori-

ties are there in this country, they will also have their educational institutions. The Constitution has very clearly given them a right to establish, administer and manage their own educational institutions.

You are well aware that when ever we have had foreign dignitaries visting this country, be it President Nasser of Egypt, King Faisal of Saudi Arabia or President Soekarno of Indonesia, they were all taken to Aligarh Muslim University to show them this shining example of secularism in this country. To say today that this is against secularism is something that denies the very facts in accordance with which the authorities were acting so far.

You are aware that there has been disturbing development and serious designs against Aligarh Muslim University right from 1965, when because of some incident, the University's Court and Council were abolished and by an Ordinance the entire administration of the University was taken over. Later by an Act, the Central Government took full control of the University through a nominated Court and Council. Ever since then, there has been a consistent demand on behalf of the community to see that the minority character and democratic character of the institution should be retained, safeguarded and protected. This demand has been put forth from every corner of the country.

DR. KAILAS (Bombay South): Are we discussing demands of Education or Aligarh Muslim University only? Secondly, how do secularism and minority character go together?

SHRI EBRAHIM SULAIMAN SAIT: I do not yield. We are having a discussion. Secular character means and the Constitution means that there should be protection to minorities when minorities exist.

MR. CHAIRMAN: The discussion is specific. You may refer to matter which may have taken place here

and there. At the same time by dilating upon them and taking your entire time on it, you are wasting your time because you may have very important suggestions to make as far as education is concerned which you may not have the time to make.

SHRI EBRAHIM SULAIMAN SAIT: When I knew about these facts about the situation existing in the University, I just thought of raising the issue here at this time.

MR. CHAIRMAN: You can have another opportunity.

SHRI EBRAHIM SULAIMAN SAIT: Aligarh Muslim University issue is part and parcel of our educational system. It is a central university and hence the entire responsibility lies with the Education Ministry of the Government of India. Nobody can shut out the discussion of Aligarh Muslim University here.

May I say that Aligarh has produced some of the greatest sons of the country? People like Maulana Mohammed Ali, Dr. Zakir Hussain, Rafi Ahmed Kidwai, Maulana Hazrat Mohani and Raja Mahendra Pratap have all been the products of Aligarh Muslim University. These are facts. There is no question of national or anti-national in this. I am talking of facts.

SHRI VASANT SATHE (Akola): Why do you want to destroy that character?

SHRI EBRAHIM SULAIMAN SAIT: We do not want to destroy it. On the other hand, we desire to safeguard such a character. This great University has produced some of the great sons of this country. We have done great service to the country.

DR. KAILAS: We are worried about the future, not the past. Talk of the future. Think of what our grand children will say about us.

SHRI EBRAHIM SULAIMAN SAIT:

Yes, we are also worried about the future of Aligarh Muslim University. We want that the minority and democratic character of the institution should be protected and continued.

You may ask what is the minority character? We do not shut out the gates of the university to anybody. Everybody should be there. All the communities should come there to get educated and enlightened, but again, this university has got a peculiar character. The Aligarh Muslim University was established by the Muslims for their own benefit. It was the Muslims themselves who contributed large sums of money, made endowments and constructed buildings, and thus requested the then Government of the country in 1920 to establish a university for the benefit of the Muslim community for their educational development. Even now, most of the Muslims in Bihar, Uttar Pradesh and other parts of the country are a backward community, and therefore they should be helped to come up. *(Interruption)*. I want every backward community to come up. Every backward community should be given the opportunity to progress. That does not mean that because some community is not given adequate opportunity to progress, the Muslims also should not be given this opportunity. I do not say that the Muslim community alone should be given educational facilities to progress. I say that all the backward communities should be given equal and adequate facilities to improve themselves.

SHRI VASANT SATHE: You say that it was established by the Muslims, for the Muslims and of the Muslims. Is that your concept of your secularism?

SHRI EBRAHIM SULAIMAN SAIT: I have already said what I understand about secularism. I am talking about the establishment of the university by the Muslims themselves. They

gave the funds; they gave the endowment, and the buildings, and it was established for their benefit.

MR. CHAIRMAN: There are non-Muslims also.

SHRI EBRAHIM SULAIMAN SAIT: I admit still there are non-Muslims there. As far as the medical college and the engineering college are concerned, the proportion is 30 per cent Muslims and 70 per cent non-Muslims; and as far as the other departments of university are concerned, it is 60 per cent Muslims and 40 per cent non-Muslims, today.

SHRI VASANT SATHE: Why don't you get representation in the Governing Body? Why don't you accept that? That is more democratic.

MR. CHAIRMAN: Order, please. We are going on a wrong direction. Just a minute. Please sit down. The subject before us is education; you are confining yourself only to take Aligarh Muslim University. Your time is up and I will have to call upon you to end your speech, and then, I am afraid that, in spite of your experience, the House will be deprived of many good suggestions that you may like to give. That is why I request you to confine yourself to education.

SHRI EBRAHIM SULAIMAN SAIT: I am speaking on education, and the Aligarh Muslim University is part of the subject of education. So, it does not mean that I should exclude it when discussing education. When our friends get time they can speak instead of interrupting me now. *(Interruptions)*. We can have the benefit of your wisdom also. I am not denying all this.

Now, even when the Chatterjee Commission was there, which went into the question of the Aligarh Muslim University, it suggested that there should be 65 per cent Muslims and 35 per cent non-Muslims in the university. That Commission itself

recommended this sort of proportion as far as the Muslims and the non-Muslim students in the university are concerned. All these facts are there. Now, why are we against the present policy? We say that not only is the minority character, but the democratic character of the university also is completely destroyed. That is what we say. An Aligarh Muslim University Bill was introduced in 1970 in the Rajya Sabha; it was withdrawn. That Bill was much better than the Bill which was introduced in 1972. This Bill we expected will be an improvement on the 1970 Bill. But instead Bill of 1972 was much worse. It went against the autonomy; the democratic character of the university was destroyed. This sort of Bill is being opposed today also by the Delhi and the Banaras Hindu Universities because it has no democratic character at all. The university's autonomy has been completely destroyed. All the powers have been given to the Vice-Chancellor, and Court and the Council is a completely nominated court and council. We want that this should be scrapped. We want that there should be a properly constituted court and council wherein we can have representatives of the minorities and others also with powers to administer the university. There should be effective minority representation, because, when we make a demand of minority character, we desire that the effective majority in the Court and Council should be of Muslims. When we say minority character, it also means that effective control should be in the hands of the true representatives of Muslim community.

SHRI VASANT SATHE: So, you say that the communal character should be maintained.

SHRI EBRAHIM SULAIMAN SAIT: No. I say that the minority character should be retained. There is no communalism here. So far as minorities are there, we have got our rights also.

We have to keep our identity. That is why we thought that we must have

effective control in the administration of the University and the Muslim majority should be reflected there. This is what we have been demanding, and this is nothing that is against the Constitution. Throughout the country there have been agitations against this Bill. We demand that this Act should be withdrawn immediately and the *status quo* should be established, which means the bringing back of the 1951 Act. A new Bill should be brought based on the recommendations of the Beg Committee, which will fulfil the aspirations of the Muslim minority, and passed. This is what we are asking. Instead of that to have police raj in the university, shut down the University, ask the students to get out, destroy the career of the students and disturb the academic atmosphere in the University is not a wise step. The Government of India, which says that it is democratic and which says that it is a secular Government, should do this to improve the conditions of the student population in this country.

श्री अनंत प्रसाद बस्निया (बस्ती) :

अध्यक्ष महोदय, शिक्षा से उपर बहुत से लोग बोल चुके हैं लेकिन मैं सिर्फ इसके सिस्टम पर बोलूंगा। भारतीय शिक्षा पद्धति में लाई विलिंगडन के जमाने से परिवर्तन की आवाज आती रही है और यह परिवर्तन अगर कहीं थोड़ा सा हुआ भी तो उसका बहुत ढिंढोरा पीटा गया और इतना रंग चढ़ाकर कहा गया जिसका कोई हिसाब नहीं। स्वतंत्रता प्राप्ति के बाद सभी राष्ट्रीय नेताओं ने और बड़े बड़े एजुकेशनस्ट्स ने यह कहा कि शिक्षा पद्धति में समाज तथा समय की आवश्यकतानुसार परिवर्तन होना चाहिए। उसके लिए पूरे देश में कमीशन बिठाये गए, उसकी मीटिंग की गई और उस पर लाखों रुपए खर्च किए गए परन्तु उसका परिणाम कुछ भी नहीं निकला। उसका इम्प्लीमेंटेशन भी नहीं हुआ और न शिक्षा के ढांचे में कोई पर्याप्त परिवर्तन हुआ जबकि पूरा देश आपके मातहत था, पूरा शासन-तंत्र आपके अंडर में था। यह एक बड़ी भारी

[श्री अरुण प्रसाद घुसिया]

दुर्भाग्य की बात थी। इसका कारण क्या है कि जब पूरा देश एक स्वर से यह चाहता था कि शिक्षा पद्धति में परिवर्तन हो, शिक्षा के द्वारा देश की उन्नति हो लेकिन वह नहीं हो सका जबकि पूरा देश आपके साथ था। उसमें कौन सी कठिनाई आई और वह क्यों नहीं पूरा हुआ? मेरे खयाल में इसका एक ही जवाब है और वह यह है कि गवर्नमेंट ने कोई कारगर कदम नहीं उठाया। उसके साथ साथ यह की ब्यूरोक्रेसी और धनिक वर्ग तथा सामन्तवादी हमेशा जनशिक्षा के विरोधी रहे हैं, वह इसकी आड़ में बैठे रहे हैं। वे लोग कभी भी यह नहीं चाहते हैं कि वहां की शिक्षा जनशिक्षा हो, वह सामाजिक शिक्षा के अनुरूप हो जिससे देश की उन्नति हो क्योंकि इसमें उसका बहुत बड़ा लाभ है। लाभ यह है कि सरकारी नौकरियों में उनको बड़ी से बड़ी जगह मिल जाती है। कल-कारखाने चलाने के लिए उनको मौका मिलता है और व्यापार की बहुत सी सुविधायें उनको मिलती हैं। इससे उनको अपार धन इकट्ठा करने में बहुत साधन मिल जाते हैं। मैं तो यह कहना चाहूंगा कि जो मौजूदा तालीम है उससे इस देश की उन्नति कभी भी नहीं होगी चाहे आप कुछ भी करें।

जब तक इस तालीम को आप प्रोजेक्टव नहीं बनायेंगे तब तक देश की हालत सुधरेगी नहीं। और जो वर्तमान शिक्षा चल रही है इसको तो मेरे खयाल से बरसाती बाढ़ का पानी ही कहना उपयुक्त होगा जिस को न पीजिये तो प्यास बुझती नहीं है और अगर पीजियेगा तो जुखाम और बुखार हो जायगा। अगर इस तालीम को समाज के आवश्यकता के अनुरूप नहीं बनाया गया तो इसका परिणाम यह होगा कि भयंकर बेकारी होगी और इसके साथ नेशनल इंटिग्रेटी और फ्रंटिनिटी बिल्कुल नाम मात्र को रह जायगी तथा देश में बड़ी भारी बेचैनी सी आयेगी। माननीय शिक्षा मंत्री महोदय इसको नोट करें, इसकी शुरूआत अभी से हो चुकी है और आने वाली पीढ़ी इस गलती को कभी माफ नहीं करेगी।

अब मैं अमरीका और जापान की शिक्षा पद्धति के बारे में बताना चाहता हूँ। अमरीका में भी, जैसी इस वक्त वर्तमान शिक्षा हमारे भारतवर्ष में है, जब यूरोप से सभी देशों के लोग गये थे वहां पर भी इसी तरह की शिक्षा थी। परन्तु बीसवीं शताब्दी के आरम्भ में उन लोगों ने देखा कि इससे हमारी आर्थिक समस्या हल नहीं हो पा रही है तो बीसवीं शताब्दी के आरम्भ में उन लोगों ने लैंड ग्रान्ट्स एक्ट पास किया और उस ने अनुसार बड़े बड़े फार्म तैयार कराये गये। हर एक सदस्य की कांस्टीट्यूएन्सी में इन फार्मों पर साइंस, एग्रीकल्चर, पोल्टी और दूसरी किस्म की जो जरूरी चीजें हैं, सब पर वहां व्यावहारिक ट्रेनिंग दी जाती थी और जो सामुदायिक विकास केन्द्र होते थे उनमें वह काम करते थे। इसका नतीजा यह हुआ कि सभी क्षेत्रों में बड़ी अच्छी तरह की हुई और देश समृद्ध हो गया।

अब मैं पड़ोसी देश, जापान का भी जिक्र कर देना चाहता हूँ। यहां की शिक्षा तो अमरीका से भी बहुत ज्यादा अच्छी है, और वहां की शिक्षा का ही परिणाम यह है कि वहां पर अनुशासन और श्रम के विषय में इतनी मान्यता है कि ईश्वर की पूजा से भी बढ़कर इस चीज की मान्यता दी जाती है। इसका परिणाम यह हुआ कि संसार में जितने जहाज बनते हैं उसके आधे जापान में बन रहे हैं। मोटर कार, इलेक्ट्रानिक्स, मशीनरीज, सभी चीजें जापान यूरोप के बहुत से देशों, और अमरीका तक से आगे बढ़ गया है, जिसका परिणाम यह हो रहा है कि जापान से एक प्रतिस्पर्धा हो गयी है तमाम इंडस्ट्रियल कन्ट्रीज की हमारा वह देश है जहां कि आदमी अपने देश में जब आते हैं तो आपकी बड़ी इज्जत करते हैं और आपकी मातृभूमि के आगे सर झुकाते हैं।

एक चीज में भाषा की पोलिसी परभी कहना चाहता हूँ कि आपकी लैंग्वेज पोलिसी कितनी गलत रही है। इस देश में भाषा के ऊपर कितने झगड़े हुए हैं जो शायद ही किसी देश में इतने हुए हों जितने कि यहां। यहां पर खून

खराबियां भी हुईं। फिर महोदय आपने कुछ जगहों पर संस्कृत यूनिवर्सिटीज खोलीं। संसार में क्या कहीं किसी मुल्क में संस्कृत बोली जाती है? कहीं भी नहीं। लेकिन फिर भी आपने संस्कृत विश्वविद्यालयों को ग्रांट दी। इसके साथ उन संस्कृत यूनिवर्सिटीज में क्या आप बता सकते हैं कि कितने मुसलमान हैं, कितने हरिजन हैं तथा दूसरी जातियों के हैं? क्या आपने पाली, प्राकृत और फारसी भाषाओं को भी ऐसा ही दर्जा दिया जो कि संस्कृत को दिया? नहीं दिया। इससे साबित होता है कि आपकी भाषा पोलिसी अनवाहेन्सड नहीं है।

आपने कल्चर के नाम पर कुछ ग्रांट कुछ किताबों के प्रचार के लिये दी थी, लेकिन क्या आप बता सकते हैं कि गुरु नानक और संत कबीर के उपदेशों और उनके साहित्य के विषय में क्या किया? कुछ नहीं किया। कबीर और नानक ऐसे संत थे कि जिस समाज में पैदा हुए उसी में रहे और ऐसे उपदेश इन्होंने लोगों को दिये कि हिन्दू इनको अपना समझते थे, मुसलमान अपना समझते थे और अछूत इन्हें अपना मसीहा समझते थे। लेकिन आपने उनके उपदेशों और साहित्य का कोई प्रचार नहीं किया।

सभापति महोदय : अब आप अपना भाषण समाप्त कीजिये। आप अनुचित लाभ उठा रहे हैं।

श्री अनंत प्रसाद बूसिया : बस मैं समाप्त ही कर रहा हूँ। अन्त में एक बात और कहनी है कि प्राइमरी से हायर सेकेन्ड्री स्कूल तक सब को नेशनलाइज किया जाय और डिग्री कालेजेज में टैकनालाजी, ऐग्रीकल्चर की पढ़ाई पर विशेष जोर दिया जाय। इसके साथ साथ हरिजनों की शिक्षा के लिये शिक्षा विभाग में एक सैल तैयार किया जाय जो देखे कि हरिजनों और आदिवासियों की शिक्षा का ठीक प्रसार हो रहा है कि नहीं।

MR. CHAIRMAN: Before I call upon the next Speaker, I would like to inform the House that at 5 minutes to 6 I will call upon the Minister to

begin his reply. He will continue his reply tomorrow. I have got so many names. Some threatening letters are also coming to the Chair from some members. I think if members on this side do not take more than 5 minutes, I can call a few of them.

आज मंत्री जी खड़े हो जायेंगे और कल तक उनका रिप्लाई चलेगा। जितने नाम सदस्यों के आये हैं सब के सब ऐकोमोडेट नहीं हो सकते हैं। मैं समझता हूँ कि उसके लिये कुछ न कुछ व्यवस्था करनी पड़ेगी।

श्री मान सिंह भौरा : एक एक मिनट हर माननीय सदस्य के टाइम में से कम कर दीजिये।

सभापति महोदय : एक एक मिनट कम करने से मतलब नहीं रखता है। अच्छा होगा कि माननीय सदस्य चेयर के साथ ताबुन करें और कार्यवाही पूरी करने में मदद करें। माननीय शैलानी जो, आप पांच मिनट में अपनी बात कह दें।

श्री चन्द्र शैलानी (हाथरस) : आप कहें तो एक मिनट भी न बोलूँ। मिनिस्टर साहब ने 10 मिनट के लिये मुझसे कहा है और दसवें सरियल नम्बर पर मेरा नाम था, लेकिन आप 31, 32वें नम्बर पर बुला रहे हैं। आप इन्साफ की कुर्सी पर बैठे हैं, थोड़ा आप को सोचना चाहिये। अगर आप नहीं चाहते तो नहीं बोलूंगा।

सभापति महोदय : आप बोलिये।

श्री चन्द्र शैलानी: सभापति जी, मैं शिक्षा मंत्रालय की अनुदानों की मांगों का समर्थन करने के लिये खड़ा हुआ हूँ। महोदय, यह इतना महत्वपूर्ण विषय है कि इतने कम समय में अपने विचार प्रकट करने में मैं अपने को असमर्थ पा रहा हूँ। इसलिये मेरा निवेदन है कि थोड़ा सा समय आप मुझे दें। शिक्षा के ऊपर किसी भी देश के भविष्य का निर्माण होता है। यह बहुत ही महत्वपूर्ण विषय है और इस पर भारत सरकार ने आजादी के बाद जो अपनी नीति अख्तियार की है वह, मैं यह तो मानता हूँ कि शिक्षा के क्षेत्र में काफी उन्नति

[श्री चन्द्र शैलानी]

हुई है और काफी प्रगति भी हुई है लेकिन जिस गति से उसकी उन्नति होनी चाहिए थी, मुझे जैसे इन्सान को उस पर संतोष नहीं है। मेरे जैसा समाजवादी विचारों और सिद्धान्तों को अमल में लाने वाला व्यक्ति यह महसूस करता है कि आज शिक्षा में आमूल-चूल परिवर्तन की आवश्यकता है, और वह तभी सम्भव हो सकता है, जब कि भारत सरकार इस बारे में बहुत गम्भीरता से सोचे और इसकी ओर ध्यान दे।

यहां मैं महामहिम राष्ट्रपति के उन शब्दों को दोहराना अपना कर्तव्य समझता हूं, जो उन्होंने अजमेर में मेयो कालेज में कहे थे : शिक्षित वर्ग के बेरोजगारों की कतारें यह बताते हैं कि आज देश के शिक्षित वर्ग में बहुत बड़ी बेरोजगारी है और उनमें कब क्रान्ति का जलजला फूट पड़गा, कहा नहीं जा सकता।

शिक्षा मंत्री, श्री नूरुल हसन साहब, भी शिक्षा पद्धति में परिवर्तन के हामी हैं और उन्होंने कई बार कहा है कि आज शिक्षा के क्षेत्र में क्रान्ति होनी चाहिए। हमारे देश की महान् नेता और देश के करोड़ों गरीब, भूखे, नंगे और अनपढ़ लोगों और समस्त जनता के हृदयों की स्वामिनी, श्रीमती इन्दिरा गांधी, ने भी यह स्वीकार किया है कि शिक्षा में जबर्दस्त क्रान्ति की ज़रूरत है।

मैं नहीं समझ पाता कि आखिर वे कौन सी चट्टानें हैं, जो हमारा रास्ता अवरुद्ध किये हुए हैं और जिनको हटा हम नहीं पा रहे हैं। मैं इस सम्माननीय सदन में यथार्थवादी विश्लेषण करने की गुस्ताखी करना चाहता हूं कि उन दीवारों को तोड़ने के लिए हमें क्रान्तिकारी कदम उठाने पड़ेंगे। इतिहास से विरासत में जहां हमें गुलामी मिली, वहीं असमानता विषमता, भेदभाव, शोषण, साम्प्रदायिकता और जात-पात भी मिली। सामाजिक क्रान्ति और सामाजिक चेतना के द्वारा उनको दूर करना और उन पर विजय प्राप्त करना हमारा लक्ष्य होना चाहिए और वह लक्ष्य है भी।

कानून बनाने का काम इस संसद का है। यहां ऐसे कानून बनने चाहिए, जिन के द्वारा सच्चे मानों में शिक्षा में आमूल-चूल परिवर्तन हों, जैसा कि हमारे नेतागण चाहते हैं। आज शिक्षा के पवित्र मन्दिरों में चलने वाली ठेकेदारी बन्द होनी चाहिए। देश की सारी शिक्षा का थोक व्यापार हमें अनाज के थोक व्यापार की तरह अपने हाथ में लेना होगा। जिस प्रकार प्रतिक्रियावादी और पूंजीवादी पार्टियां और उनके संरक्षक गल्ले के थोक व्यापार के सरकारीकरण का विरोध कर रहे हैं, उसी तरह शिक्षा के मन्दिरों को उन्होंने अपने निहित स्वार्थों का अड्डा और समाजवाद-विरोधी दकियानूसी व्यापार का साधन बना रखा है।

मिसाल के तौर पर मैं अलीगढ़ मुस्लिम यूनिवर्सिटी और हिन्दू विश्वविद्यालय, बनारस का नाम लेना चाहता हूं। मुझे वह कहते हुए अफसोस होता है कि आजादी के पच्चीस वर्ष बाद की अभी पिछले साल जब उत्तर प्रदेश विधान सभा के छ ; माननीय सदस्य अलीगढ़ मुस्लिम यूनिवर्सिटी में वहां पर हुए उपद्रवों के संबंध में तथ्यों की जानकारी लेने के लिए पहुंचे और यूनिवर्सिटी के गेस्ट हाउस में ठहरे, और वहां के साम्प्रदायिक तत्वों को यह पता लगा, तो उन्होंने आ कर वहां उन का बेइज्जत किया, उन का सामान फेंक दिया और उन के कपड़ों पर पान की पीक फेंकी।

आप को और इस सदन को, हिन्दुस्तान और पूरे संसार को पता है कि उससे पहले वहां पर राष्ट्रीय भावनाओं से ओतप्रोत, श्री अली यावर जंग की, जब कि वह अलीगढ़ यूनिवर्सिटी के वाइस-चांसलर थे, हत्या करने का प्रयास किया गया। वहां के राष्ट्रपति विचार के लोगों ने उन को बचा लिया, वना वहां कोई अप्रिय घटना घटित हो सकती थी। मंत्री महोदय भी कुछ दिन पहले अलीगढ़ गए थे। उन के साथ जो व्यवहार हुआ, वह बहुत ही खेदजनक और सभ्यजनक था।

अब मैं बनारस हिन्दू यूनिवर्सिटी पर आता हूँ। जैसा कि मुझ से पहले बहुत से वक्ताओं ने कहा है, मैं चाहता हूँ कि इन साम्प्रदायिक तत्वों का शीघ्र से शीघ्र इलाज किया जाये और विद्या के पवित्र मन्दिरों में जो विषैले नाग पल रहे हैं, उनको शीघ्र से शीघ्र वहाँ से हटाया जाये, अन्यथा यह नहीं कहा जा सकता है कि इस देश का भविष्य क्या होगा। मुझ से पहले कई वक्ताओं ने बताया है कि बनारस विश्वविद्यालय में एक भवन पर राष्ट्रीय स्वयंसेवक संघ के लोगों ने जर्बदस्ती कब्जा कर रखा है। यही नहीं, वहाँ पर आर० एस० एस० की 35 शाखाएँ लगती हैं।

जब बनारस यूनिवर्सिटी में उपद्रव हुए थे, तो वहाँ पर आर० एस० एस० के लोगों ने अर्थ शास्त्र विभाग के रीडर, डा० उमेश प्रसाद, को मारा और उन के दांत तोड़ दिए। आज भी वहाँ पर आये दिन उपद्रव होते रहते हैं और शांति भंग होती रहती है। साम्प्रदायिक तत्व विद्यालयों में पनपते हैं और उन को गिजा मिलती है। मेरी समझ में नहीं आता कि वे कौन सी ताकतें हैं जो उन को गिजा देती हैं। मेरा निवेदन है कि सरकार इन साम्प्रदायिक तत्वों को नेस्त नाबूद करने के उपाय सोचे, जिस से हमारा देश हरा-भरा हो और हमारे देश में अशांति की जगह शान्ति स्थापित हो। मुझे भूतपूर्व शिक्षा मंत्री, डा० त्रिगुण सेन के ये शब्द याद हैं कि शिक्षा में जो असमानता है, वह समाप्त होनी चाहिए, पब्लिक स्कूल बन्द होने चाहिए और मजदूर का बेटा हो या पूँजीपति का बेटा हो, सब को एक जैसी शिक्षा मिलनी चाहिए। लेकिन नौकरशाही की वजह से उन का यह सुझाव आज भी फाइलों में ही गुम है और पता नहीं, उस का क्या हो रहा है।

मुझ जैसे शोषित समाज के व्यक्ति को यह देख कर बड़ी वेदना होती है कि इस मूलक में एक तरफ तो एक बात अपने पाँच बरस के बेटे को दून स्कूल में भेज कर पाँच सौ रुपया

महीना खर्च करता है और दूसरी तरह शोषित और सर्वहारा वर्ग का एक बाप, जो सुबह से शाम तक कारखाने या खेत में खून पसीना बहा कर के इस देश का नव-निर्माण करता है, वह गरीब और मेहनतकश बाप अपने पाँच बरस के बेटे की शिक्षा के लिए पाँच रुपया महीना भी खर्च करने में असमर्थ है। इस मूलक में शिक्षा के क्षेत्र में इतनी बड़ी असमानता देखने को मिलती है। समाजवाद का हमारा स्वप्न तभी साकार होगा, जब हम को शिक्षा के क्षेत्र में इन्साफ और समानता देखने को मिलेगी।

मुझे आश्चर्य होता है, जब मैं बी० ए० या एम० एस० पास नौजवानों को सड़कों पर रिकशा खींचते हुए देखता हूँ और एक पूँजीपति के कबाड़ी बेटे को कार में जाते देखता हूँ, जिस को ए बी सी भी नहीं आती। आज पढ़े लिखे नौजवानों के सामने कोई निश्चित भविष्य नहीं है, और इसकी वजह से आज हम को लड़ाई-झगड़े उपद्रव, मारपीट और अनुशासनहीनता देखने को मिलती है।

मैं चाहता हूँ कि इस मूलक में समाजवादी विचार-धारा की शिक्षा हो, सामजवादी विचार-धारा से सोचने का तौर-तरीका हो और सच्चे मानों में नौकरशाही का स्थान लोकाधी ले। मैं चाहता हूँ कि हमारे देश का नाम बदल कर भारतीय समाजवादी गणतंत्र होना चाहिए।

आज देश में समाजवाद की जरूरत है, क्योंकि समाजवाद के द्वारा ही इस देश में समानता आ सकती है। शिक्षा का आधार भी समाजवाद होना चाहिए।

अब मैं समाज कल्याण के बारे में कुछ विचार प्रकट करना चाहता हूँ। हमारे देश में बहुत समय से सामाजिक उथल-पुथल देखने को मिल रही है और यहाँ पर सामाजिक अव्यवस्था है। अगर आजादी के पच्चीस वर्ष बाद भी, आजादी की रजत-जयन्ती के बाद भी, हम को यह सामाजिक अव्यवस्था

[श्री चन्द्र गैलाणी]

देखने को मिलती है, तो मैं सोचता हूँ कि हमारा लक्ष्य अभी पूरा नहीं हुआ है।

हमारे संविधान में डायरेक्टिव प्रिंसिपलज आफ स्टेट पालिसी में संविधान के लागू होने के दस वर्ष के भीतर चौदह साल तक के बच्चों के लिए निःशुल्क और अनिवार्य शिक्षा की व्यवस्था करने की बात कही गई है। क्या मैं समझूँ की दस वर्ष का मतलब सौ वर्ष होता है? देश को आजाद हुए पच्चीस वर्ष हो गए हैं, लेकिन आज भी मैं देखता हूँ कि जिन बच्चों को शिक्षा देने की जरूरत है, जो शिक्षा प्राप्त करने पर डाक्टर, इंजीनियर या प्रोफेसर बन सकते हैं, जो देश के निर्माता बन सकते हैं, उन के भविष्य को बनाने के लिए कोई सामग्री नहीं जुटाई जाती है और आज वे बाजार में दोने चाट कर अपने पेट की ज्वाला को शान्त करते हैं, उनको रोटी मिलाना भी दुश्वार है। मेरा निवेदन है कि सरकार का दर्जा एक पिता के बराबर है। अगर कोई पिता अपने बच्चे को अच्छी शिक्षा नहीं देता है, अच्छा खाना नहीं देता, अच्छे कपड़े नहीं पहनाता और उलटे जो कमाई कर रहा है उस से शराब पीता है तो उसे मैं नालायक बाप ही कहूँगा। इसी तरह से भारत की सरकार का यह परम कर्तव्य है कि वह भी अपने देश के हर नागरिक के लिए रोटी और रोजी का, उस की शिक्षा का पूरा इंतजाम करे और अगर इस में हमारी सरकार विफल रहती है तो मुझे अफसोस के साथ कहना पड़ता है कि भारतीय संविधान के जो प्रावधान हैं उन की तरफ उस का ध्यान नहीं है। इन शब्दों के साथ मैं अपनी बात खत्म करना चाहूँगा।

एक निवेदन और मैं आप से कहना चाहूँगा। वैसे मैं सरकार के इस निर्णय का स्वागत करता हूँ कि इस ने शैड्यूल्ड कास्ट एंड शैड्यूल्ड ट्राइब्स को होम मिनिस्ट्री में ले लिया है। यह स्वागत योग्य बात है। मैं चाहता था कि शैड्यूल्ड कास्ट एंड शैड्यूल्ड

यूल्ड ट्राइब्स के लोगों की समस्याओं को हल करने के लिए एक अलग से मंत्रालय खोला जाये। क्योंकि इस देश में छोटे छोटे विषयों, छोटी छोटी बातों के लिए मंत्रालय खोल रखे हैं जैसे पशुपालन, मछली पालन, मुर्गी पालन तो इतनी बड़ी समस्या जो शैड्यूल्ड कास्ट एंड शैड्यूल्ड ट्राइब्स की है उसके लिए भी अलग से एक मंत्रालय खोला जाये।

मेरा निवेदन है कि मेरी इन भावनाओं को सरकार तक आप पहुँचायें और उसके अनुसार ऐसे कार्य करें जिस से कि आप कम से कम शिक्षा के क्षेत्र में तो तरक्की हो। आज शिक्षा के क्षेत्र में हालत यह है कि प्राइमरी स्कूलों में कहीं टाट नहीं है, पीने का पानी नहीं है और उन के अध्यापकों की हालत बहुत खराब है। पैरों में फटी चप्पल है, शरीर पर फटा कुर्ता और फटी धांती है। मेरा निवेदन है कि इस स्थिति में अवश्य ही सुधार होना चाहिए और इन विद्या के मन्दिरों का निर्माण इस तरह से होना चाहिए जिस से कि सच्चे मानों में इन में से देश भक्त और देश के निर्माता निकल सकें।

समापति महोदय: देखिए यह बात जरा ठीक नहीं हो रही है। आपको जितना समय दिया गया उस का लाभ उठा कर आप और ज्यादा समय भी लेते हैं यह उचित नहीं है। आप दूसरे का भी खयाल रखें। और भी बहुत से लोग बोलने वाले हैं। आप एक घंटा और बैठना चाहें तो दूसरी बात है नहीं तो इस डिस्कशन को तो आज खत्म करना ही है। इसलिए जितना समय दिया जाये उससे अधिक न लें।

*SHRI JAGADISH BHATTACHARYA (Ghatal): Mr. Chairman, Sir, I would not go in detail about the working of the Ministry of Education and Social Welfare because the time at my disposal is short but still within this short time I would raise a few points for the consideration of the hon. Minister.

Sir, even though we speak eloquently about the urgency and need for the education of the people belonging to the Scheduled Castes and Scheduled Tribes, yet in practice we have not done really much. From my personal experience I can tell you Sir that whenever we go to our constituency the people belonging to the Scheduled Castes and Scheduled Tribes and the backward classes come to us and often say "why don't you give us a school?". These people are poor and in most of the cases they do not get a square meal a day yet they have a genuine craving for education. Sir, if we look into the census report, then we will be convinced that during the last 10 years nothing appreciable has been done for the spread of education among these people. Very often the Government proclaims and paints a rosy picture of the different schemes that they propose to undertake in future but I am not so much interested in future as in the present and therefore I would like to know what is being done for these people for the present for the picture of governmental action in this sphere is not very clear. Secondly I would like to say that the facilities that Government give for the benefit of the people belonging to the Scheduled Castes and Scheduled Tribes do not reach uniformly to all. It has so happened that even among the Scheduled Castes and Scheduled Tribes people a particular class has now emerged who have gained some higher status and most of the governmental benefits go to this circle at the cost of the multitude. In order to be entitled to the governmental benefits one has to conform to some educational standards. I must in this connection urge upon the Government that unless we liberalise our policy in this regard a great multitude of the Scheduled Castes and Scheduled Tribes people will always remain out of the purview of these benefits. If we look into the background of the students coming from this segment, we will find that a student may be the first in the whole of his generation who has come forward to get education. When this is the reality of the situation how can we

expect a very high standard of education growing among the average students coming from this class. If a student fails in a particular class or he gets little less mark in the examination then he is denied the facilities that he was getting before. I feel that this attitude is not conducive to the development of an atmosphere where the students of the Scheduled Castes and Scheduled Tribes should feel enthused to pursue their studies. While I do not approve of it I feel that the matter needs to be looked into afresh for importing greater liberalisation into the whole scheme. In the world of sports we have failed to create a place of our own. Except in hockey, cricket and even in football, we have remained almost a non-entity in the field of athletics. If we are really serious to see that our country gains its rightful place in the world forum of athletics, it is imperative that the training schemes for athletes should be started from the block level. I know Sir that some instructors and officers have been appointed for the promotion of games education among the rural youth but they survive on paper only and in fact they function no more and no less than a clerical hand to the B.D.O. They have no well chalked out programme before them nor they have funds to finance the same. Because of the lack of proper organisation, the entire rural youth energy is going waste. Sir, the rural young men particularly the Adivasis are far more energetic and to have a vast reservoir of stamina than their urban counterparts. I know Sir that a Adivasi youth can walk with ease 40/50 miles a day which may be an impossible task for even the best athlete who comes from the urban sector on whom the country mainly depends for a world competitive event.

Now, Sir, if we exploit this vast untapped source of energy who belong to the Scheduled Castes and Scheduled Tribes and the Adivasis and if we give them proper training

[Shri Jagadish Bhattacharyya]

then I am sure we would be able to create a new chapter in the world history of athletics and add to the glory of India. If we look to America, we will find that the Nigroes there, have brought laurels for their country and they are the persons who bag the largest number of medals in the Olympics for their country. Sir, a few days ago a wrestling competition was organised in Delhi. I was horrified to read in newspapers that the participating wrestlers were lodged in a house close to a latrine, the rooms were damp and the food was inadequate and even that too they had to cook themselves. This is the treatment that we are giving to our budding athletes from whom selections are made for our team for Olympics. Contrasting to this we often find that the cricket, hockey and football players are lodged in five star hotels. Why this difference in courtesy? Why this monstrous discrimination? Some housed in five star hotels and others in damp rooms near a latrine. We must try to end such appealing discrimination. India has a tradition in wrestling and we must try to regain the lost glory and to achieve it the first thing that we must do is to end discrimination.

I would now like to say a few words about the facilities given to destitute women. This is once again a sphere where the Ministry's record is a dismal one. Last year Rs. 15 lakhs was earmarked in estimates but it was actually reduced to Rs. 5 lakhs. Please note Sir from Rs. 15 lakhs to Rs. 5 lakhs. Whenever the Government wants to collect more funds, the Department of Education becomes the first casualty as if the country has no need for education and as if all other things should get a priority over it. But the irony of the matter is that even this small amount was not spent. Naturally a great number of destitute women, particularly the war widows who needed urgent help have gone without it. There are many destitute women in the rural areas whose de-

mands are genuine and in many cases even when we have forwarded their applications through the BDO, they have lost their way into Government files never to see the light of the day and the needy women could never get any help in their life time.

Now I will come to Government's policy of allocation of funds for propagation of different languages. We have found that last year the Government had spent Rs. 3.36 crores for the propagation of Hindi and for the rest of the 15 languages which have been recognised by the Constitution, the Government have spent only Rs. 1 crore. I have no quarrel with Hindi. Let it prosper and if need be let Government double the allocation but why this apathy towards other languages. Do they not deserve a better deal. You are giving them only a pittance. It is nothing more than a charity donation. This lopsided policy of the Government is hardly conducive rather runs counter to the cultural integration of the country. Sir, the language in which I am speaking is the language which has given our nation its national anthem. It is through this language that Rabindranath Tagore won the Nobel prize. There are many writers and poets of immense promise who are languishing in poverty today in West Bengal. If we are able to rehabilitate them financially, not only that the Bengali literature will be enriched but in turn it will enrich the composite culture of our country.

Sir, when Shri Siddhartha Shankar Ray was the Central Education Minister, he had promised to bring forward a "children policy Resolution". Still today nothing has been done by Government in this regard. I would therefore urge upon the Government to hasten the matter and take an early decision.

When we are suffering from the banes of illiteracy, we find that in the rural areas the scheme for free female education upto the 8th class, is not being run properly. Here if a girl fails once, she is denied the benefit of free education. I am sure that

Government must look into the matter and see that such unnecessary restraints are removed and the girls are given proper encouragement to pursue their education. A little while ago Shri Yadav had said that persons beyond the age 45 would be excluded from the purview of the scheme for giving education. I do not approve of it. I strongly feel that age should not be a bar to education. All persons irrespective of their age should be given education. It is necessary. It is a must. It is possible. It is imperative when we find that illiteracy is growing in our country. Even in the war ravaged Vietnam, except the idiots and the lunatics, none has been denied the light of education.

Sir, I would briefly touch upon two more points and conclude my speech. In Dandakaranya project the refugee students were educated through the medium of Bengali. I have received letter from these refugees who have complained that instead of Bengali, the students are now being taught through the medium of Oriya or Hindi. I do not know how far it is correct. I would therefore request the hon. Education Minister to kindly take some personal interest in the matter and find out the truth and he should also see that all the students who were hitherto being taught through the medium of Bengali are once again given the same facility.

And finally about the youth centres. There cannot be two opinions that the youth of our country should be given better opportunities and all steps in the direction of creation of such facilities should be welcomed. But here I would like to sound a word of caution. From our experience we have found that whenever any organisation is set up with Government assistance it soon develops to become an appendage of the State Government which utilise them for their party interest. I would therefore like to suggest that all these youth centres should be made autonomous and utmost care should be taken to see that they are not utilised for political considerations.

श्री मुखर्जी राज सैनी (बेहराइन) :
सभापति महोदय, मैं आप का बहुत आभारी हूँ, आपने मुझे शिक्षा मंत्रालय की मांगों पर बोलने का अवसर दिया। हमारा शिक्षा मंत्रालय आज कैबिनेट स्तर का मंत्रालय नहीं है—मंत्रालय भी छोटा है उसका बजट भी छोटा है, उस के प्रयास भी छोटे हैं। देश बहुत बड़ा है, शिक्षा का काम बहुत बड़ा है और जैसाकि कई माननीय सदस्यों ने कहा है शिक्षा के बगैर मनुष्य पशु के बराबर होता है। उस को मानव बनाने के लिए शिक्षा की आवश्यकता होती है, वह शिक्षा हर स्तर पर, हर गांव में, हर शहर में, सारी जनता को मिलनी चाहिए।

लेकिन पढ़ कर और सुन कर बड़ा ताज्जुब होता है कि 38 करोड़ व्यक्ति इस देश के अन्दर शिक्षा से वंचित हैं। जो शिक्षा मिलती है, वह किस को मिलती है कहां मिलती—इस बात को भी सब ने माना है कि शिक्षा के अन्दर भी छूआ-छूत आ गया है, अछूत और पंडित हो गए हैं। जिस तरह से हमारे हिन्दू समाज में वर्णव्यवस्था है, उसी तरह से हमारी शिक्षा में भी कुछ पंडितों वाली शिक्षा है और कुछ अछूतों वाली शिक्षा है। पंडितों वाली शिक्षा उन व्यक्तियों को मिलती है जो वेस्टेड इन्टरेस्ट हैं, पब्लिक स्कूलों में अपने बच्चों को भेजते हैं, जहां एक बच्चे पर 500 रुपए सहाय्य खर्च आता है। अछूतों वाली शिक्षा उन को मिलती है, जिनके पास साधन नहीं हैं, सरकार ने उन के लिए स्कूल खोल दिए हैं।

जहां तक शिक्षा के प्रसार का सम्बन्ध है बैसे तो 1962 तक 6 साल से 14 साल तक की उम्र के बच्चों की फ्री कम्पलसरी एजुकेशन मिलनी चाहिए थी, लेकिन अभी पांचवी पंच-वर्षीय योजना में अर्थात् 1979 तक 6 साल से 11 साल तक के बच्चों के लिए रखा गया है। 1979 तक इतना हो जाये तो भी ठीक है, लेकिन मंजिल कब तक पार होगी यह कहा नहीं जा सकता और शिक्षा एक महत्वपूर्ण चीज है, जिस के बगैर इंसान इंसान नहीं

[श्री मुल्की राज सैनी]

बन सकता। चाहिए तो यह था कि इस पर प्रारम्भ से ही ध्यान दिया जाता, भारत के नागरिकों को शिक्षा दे कर राजनीतिक तरीके से कांश्वास बनाया जाता, सामाजिक तरीके से समाजवाद की तरफ उन्हें आगे बढ़ाया जाता, लेकिन आज 1973 में भी हम 1979 का नाम सुन रहे हैं और वह भी केवल 6 साल से 11 साल के बच्चों के लिए। शिक्षा में आज जो ना-बराबरी है, अगर यह खत्म नहीं होती, हर एक घर में जब तक शिक्षा नहीं पहुँचाई जाती, जब तक शिक्षा निःशुल्क नहीं होती, तब तक देश के अन्दर हमारा यह कहना कि हम समाजवाद ले आयेगे रजत जयन्ती वर्ष के अन्दर यह कहाँ तक उचित है ?

सभापति महोदयः अब आप कल बोलिएगा। इस समय रेल्वे मिनिस्टर एक बयान देंगे। रेल्वे मिनिस्टर।

It seems there are 8 or 9 members from the Government side and three or four on the other side. I requested the Minister of Parliamentary Affairs about extension of time. He says the time might be extended by an hour. Therefore, the Minister will speak after these members speak.

SHRI EBRAHIM SULAIMAN SAIT: Is the Minister replying today?

MR. CHAIRMAN: Tomorrow.

STATEMENT RE. SHORTAGE OF COAL IN UTTAR PRADESH

THE MINISTER OF RAILWAYS (SHRI L. N. MISHRA): Sir, Shri S. M. Banerjee raised the question of shortage of coal in Uttar Pradesh this morning. While there has been progressive improvement in the loading of coal from Bengal and Bihar fields, since 1970-71, it is a fact and I am conscious of it that there is consider-

able unsatisfied demand of slack coal and soft coke. The railways are making every effort in conjunction with the new Coal Mines Authority to improve the level of loading within the existing resources. I had already indicated in my budget speech that there was need for additional wagons and that 15,000 wagons have been recently ordered over and above the 26,000 wagons already in order. With the materialisation of these orders for additional wagons, the level of loading is bound to increase.

After the taking over of the management of all coal mines by the Government, it has been possible for the Ministry of Steel and Mines and the railways to initiate schemes to re-organise coal loading to improve the wagon availability with a view to satisfying different demands for coal at the required levels. At the Ministerial level and at the operating levels on the zonal railways, there is adequate co-ordination in planning and execution of coal movements. The Ministry of Steel and Mines are also actively coordinating with the State Governments to bulk the coal requirements of small-scale industries, the brickburning industry and domestic consumers and move coal in large quantities in train loads from the coalfields to selected points in the respective States. Eventually, it is the intention to open dumps at convenient places from which further distribution would be done by road within a given radius.

I have no hesitation in saying that as a result of the joint efforts of the two Ministries, there will be an improvement in the availability of coal in different consuming centres in the country.

18.03 hrs.

The Lok Sabha then adjourned till Eleven of the Clock on Friday, April 6, 1973/Chaitra 16, 1895 (Saka).

LOK SABHA DEBATES

I

LOK SABHA

*Friday April 6, 1973/Chaitra 16, 1895
(Saka)*

*The Lok Sabha met at Eleven of
the Clock*

[MR. SPEAKER in the Chair].

ORAL ANSWERS TO QUESTIONS

Export of Hides and Skins

*641. SHRI RAM BHAGAT PASWAN: Will the Minister of COMMERCE be pleased to state:

(a) whether exports of hides and skins were at standstill during the month of January, 1973; and

(b) if so, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) No, Sir. About Rs. 17.5 crores worth of semi-processed hides and skins were exported during the month of January, 1973.

(b) Does not arise.

श्री राम भगत पासवान : अध्यक्ष महोदय, मैं आप के माध्यम से मंत्री महोदय से जानना चाहूंगा कि क्या यह सही है कि आज कल देश में खालों और चमड़ों की इतनी कमी है कि हमारे यहां उस पर आधारित उद्योगों को काफी कठिनाइयों का सामना करना पड़ रहा है । भविष्य में खालों और चमड़ों का निर्यात करते समय घरेलू आवश्यकताओं की पूर्ति के लिये ध्यान देने के लिये क्या सरकार कदम उठा रही है ?

183 LS—1.

2

SHRI A. C. GEORGE: Sir, this has been answered on an earlier occasion also. It is true that there was a shortage of raw material for the shoe-makers and the cobblers because of the higher levels of exports during 1972-73. So we have put restrictions on the quantum of exports and from 1-4-73 we are effecting a reduction over a period of next five years so that we can bring it down to the level of 25 per cent of what was prevailing in 1972-73. So this will take care of the shortage of raw materials.

श्री रामभगत पासवान : क्या सरकार इस बात पर विचार करेगी कि कच्ची और आधी पक्की खाल और चमड़े से बनाये गये मालों को निर्यात किया जाये ताकि विदेशी मुद्रा अधिक से अधिक प्राप्त हो सके और इस के निर्माताओं को बेरोजगारी का सामना न करना पड़े ?

SHRI A. C. GEORGE: I agree with the hon. Member that the ideal condition will be to export only finished goods or finished leather. But, since this is a traditional export prevailing over a period of longer years we cannot overnight stop it abruptly as it will mean dislocating the trade. Over a period we can bring it down to the level of 25 per cent which will meet the purpose.

SHRI ATAL BIHARI VAJPAYEE: May I know whether any duty has been imposed on the export of hides and skins? If so, what is the quantum?

SHRI A. C. GEORGE: Sir, the duty was prevalent on semi-finished skin even earlier on. From 20-3-1973 we have extended this export duty on hides also to the tune of 10 per cent.

श्री बी० पी० मौर्य : क्या इस प्रकार के चमड़ों को जो मंत्रालय बाहर भेजने की इजाजत देता है उस पर कोई इन्सेन्टिव देता है ? और यदि हां, तो उस को बन्द करने की कोई योजना है ?

SHRI A. C. GEORGE: Sir, in fact, we are putting disincentives to the export of hides and skins so that this may be passed on to a good extent to the finished leather and leather goods.

SHRI B. P. MAURYA: Let him say 'Yes' or 'No'.

SHRI A. C. GEORGE: Thank you very much. I say 'No' to this.

श्री हुकम चन्द कछवाय : अध्यक्ष महोदय, अभी मंत्री जी ने एक प्रश्न के उत्तर में बताया कि पिछले पांच सालों में कुछ अधिक खालों का निर्यात किया है ? तो क्या निर्यात करते समय भारत की आवश्यकता को ध्यान में रखते हुए ही ऐसा किया गया था ? क्या यह बात सही नहीं है कि जो निर्यात आप ने किया है उस के कारण इतना अधिक मूल्य बढ़ गया है कि जिस से जो छोटे लोग इस उद्योग में काम करते हैं, जो जूता बनाने वाले हैं उन को ठीक प्रकार से दाम नहीं मिलता है ? और मैं यह भी जानना चाहता हूँ कि यदि दाम बढ़ा है तो कितना प्रतिशत बढ़ा है, और आपने किस दाम पर खरीदा है और किस दाम पर बेचा है ?

SHRI A. C. GEORGE: Sir, when there was a restriction but by the competing countries, namely, Brazil and Argentina in the year 1972-73 there was a higher export growth for the semi-finished hides and skins. We noticed that this raw material shortage was as a result of this high rate of export of semi-finished hides and skins. We started putting the regulations as early as on 14th December 1972 and we were following it

up with different measures and this particular quota restriction will come to the help of the small producers, cobblers and foot-wear makers.

Decline in Share of direct Taxes in Total Revenue of Central Government

*642. SHRI NAWAL KISHORE SHARMA: Will the Minister of FINANCE be pleased to state:

(a) whether the Central Government's share of direct taxes to the total revenue is declining; and

(b) if so, the effect of the decline on the economy of the country?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN):

(a) The proportion of direct taxes to the total tax revenues of the Central Government (net of States' share) varies from year to year. On the whole, this ratio has shown some decline in the past.

(b) In Government's view this decline has had no adverse effect on the economy of the country.

श्री नवल किशोर शर्मा : अध्यक्ष महोदय, मंत्री महोदय के जवाब से लगता है कि न तो इस डिक्लाइन का देश की अर्थ व्यवस्था पर असर हुआ है कोई खराब, और न ही यह जो प्रत्यक्ष और अप्रत्यक्ष करों का जो अनुपात है यह बहुत बढ़ा है । इस संदर्भ में मैं मंत्री महोदय से जानना चाहता हूँ कि पिछले तीन साल में प्रत्यक्ष और अप्रत्यक्ष करों का अनुपात क्या रहा है, हर साल के आंकड़े दें ?

दूसरा प्रश्न यह है कि यह सर्वमान्य अर्थशास्त्र का सिद्धान्त नहीं है क्या कि जब अप्रत्यक्ष कर लगाये जाते हैं तो कीमतें बढ़ती हैं और उस का परिणाम यह होता है कि राष्ट्रीय आय पर उस का असर पड़ता है, उस के साथ ही

अध्यक्ष महोदय : आप एनालिसिस में न पड़िये, सीधा प्रश्न कीजिये ।

श्री नवल किशोर शर्मा : ऐसी स्थिति में मैं जानना चाहता हूँ कि कीमतों के बढ़ने से क्या देश की अर्थ व्यवस्था पर प्रतिकूल प्रभाव नहीं पड़ता है, उन की राय में, और नहीं पड़ा है पिछले तीन सालों में ?

SHRI YESHWANTRAO CHAVAN: The hon. Member has asked me two or three questions. I can give him the collection of direct and indirect taxes for the last three years. In the year 1971-72 the percentage of direct taxes was 19.7 and indirect taxes 80.3. In 1972-73 the direct taxes was 20.6, a little more than the year before, and indirect taxes 79.4.

1973-74 तो अभी शुरू हुआ है, उस के बारे में मैं क्या कहूँ कि क्या अनुपात होगा ?

The other question that he raised was whether indirect taxes do contribute to the price rise. I would say "yes, to a certain extent it does". It would be wrong to say that it does not. The only point that I would say is one has to take care in this particular matter to see that when we resort to indirect taxes there is no rise in the prices of those goods which have a direct impact on price rise. That is the only care that can be taken in this particular matter. The economic science says that indirect tax does not affect prices. Academically it is so. But ultimately it depends on the character or content and the nature of the economy of each country.

SHRI BHAGWAT JHA AZAD: Is it a fact that in India as a result of planning people who have been benefited and who have joined the top-most tax bracket have been paying less than before? Is it also a fact that whereas in capitalist America people in the top-most tax bracket pay more, in socialist India people in the top-

most tax bracket pay less? Has the Minister got any figures in this regard?

SHRI YESHWANTRAO CHAVAN: I am sorry, I have not the relevant figures. I can only give my general impression. So far as the corporate sector is concerned, I do not think it can be said that our corporate sector is paying less than the other sector. He has mentioned United States. For the information of the hon. Member I would say that in the United States the highest bracket has been brought down recently. If it is compared to the Indian tax level, I should say it is much less.

SHRI JYOTIRMOY BOSU: In view of the fact that the Reserve Bank of India Survey has shown that the profits sales and assets of the corporate sector has shown a big rise during the year 1970-71 may I know whether on the one hand the tax structure on the corporate sector has remained unchanged for the last ten years and, on the other tax reliefs have been given to those people on the pretext of incentives?

SHRI YESHWANTRAO CHAVAN: No, Sir. Only this year we have made some changes in the tax structure of the corporate sector.

SHRI JYOTIRMOY BOSU: I wanted to know whether the tax structure on the corporate sector has undergone any appreciable change. On the other hand, under the guise of incentives, various tax reliefs are being given.

SHRI YESHWANTRAO CHAVAN: Even in the case of incentives, during the last three years we have withdrawn many incentives. We have announced our intention to withdraw the development rebate except in the case of certain priority sectors and in the backward areas, as indicated in the budget.

Steps to Improve Favourable Balance of Trade in 1973-74

+

***643. SHRI BIBHUTI MISHRA:
SHRI RAGHUNANDAN LAL
BHATIA:**

Will the Minister of COMMERCE be pleased to state that measures taken or proposed to be taken to maintain and improve the favourable balance of trade with foreign countries during 1973-74?

THE MINISTER OF COMMERCE (PROF. D. P. CHATTOPADHYAYA): Trade statistics for the first ten months of April, 1972—January, 1973 already revealed a favourable balance of trade of Rs. 151 crores as against a deficit of Rs. 251 crores for the corresponding period of preceding year. We are also taking additional measures to further improve this balance by *inter alia*:

(a) steps for augmenting the export base so that the available exportable surplus can be increased;

(b) provision of raw materials to exporters at internationally competitive prices;

(c) suitable changes in the new Import-Export Policy in matters of import replenishment permitting export units to more liberally import machinery needed for export production etc.

It is proposed to further intensify our efforts in regard to exploration of foreign markets and for undertaking aggressive salesmanship abroad.

श्री बिभूति मिश्र : सरकार को धन्यवाद देना चाहिये कि उन्होंने 251 करोड़ रुपये के घाटे के 151 करोड़ रुपये के फेवरेबल ट्रेड बैलेंस में बदल दिया। मैं जानना चाहता हूँ कि मंत्री महोदय ने जो छकु (क), (ख) और (ग) में कहा है उस के सम्बन्ध वह कौन से सक्रिय कदम उठाने जा रहे हैं जिस

से इस देश का निर्यात बढ़ जाये और आयात कम हो जाये ?

PROF. D. P. CHATTOPADHYAYA: I have already answered it, but to concretise it I may say that in matters of supplying raw materials and also importing some ingredients for production of exportable commodities and also some fiscal relief and other things, we have taken certain steps which, I believe, will promote our export trade further.

श्री बिभूति मिश्र : क्या यह बात सही नहीं है कि इस देश में बहुत सी अन्डर इन्वायसिंग और ओवर-इन्वायसिंग होती हैं ? मैं जानना चाहता हूँ कि मंत्री महोदय इस के लिये कौन से स्टेप ले रहे हैं कि राष्ट्रपति भवन से ले कर पार्लियामेंट हाउस तक और सरकारी दफ्तरों में नीचे से लेकर ऊपर तक स्वदेशी की भावना जागृत हो और देश में ऐसी चीजों का खाना पीना कम हो जिस को हम बाहर भेज कर फारेन एक्सचेन्ज कमा सकते हैं। मंत्री महोदय ने मेरे पहले सवाल का जवाब ठीक से नहीं दिया है। मैं मंत्री महोदय से इस बात का जवाब चाहता हूँ क्योंकि जब तक यह नहीं होगा तब तक हमारे देश की अर्थ-व्यवस्था में हमारा फेवरेबल ट्रेड बैलेंस नहीं होगा। वित्त मंत्री जी यहां बैठे हुए हैं वह भी इस को पसन्द करेंगे अगर इस तरह के कदम उठाए जायें

PROF. D. P. CHATTOPADHYAYA: The problem of under-invoicing and over-invoicing is very vague. I would assure him that if some specific case is brought to our notice, we can look into it. About the dishes served in different dinner or lunch parties, I am hardly in a position to comment on it.

श्री बिभूति मिश्र : पहले सरकार स्वदेशी की भावना लाये राष्ट्रपति भवन से लेकर सरकारी दफ्तरों तक। सरकार दूसरों

को शिक्षा देती है लेकिन खुद कुछ नहीं करती ।
मुझ को इस का तो जवाब दिलवाया जाये ।

PROF. D. P. CHATTOPADHYAYA: I have already said that lavish expenses by government delegations going abroad are avoided. On the contrary, we have criticism on the floor of the House that the money that we give to the Delegations visiting foreign countries is inadequate to meet their ordinary expenses.

SHRI VASANT SATHE: With a view to saving our foreign exchange and effecting more savings on imports, does Government propose that the import of cotton to the tune of about Rs. 100 crores per year will now be curtailed ..

MR SPEAKAR: This is a specific question. Ask a general question.

SHRI VASANT SATHE: This is about import and export...

MR. SPEAKER: No; I am not going to allow this.

SHRI VASANT SATHE: I will put it in a different way, Sir. In view of the fact that our major earnings of foreign exchange are in the field of textiles and that too in the standard cloth that we produce out of cotton manufactured in the country, will the Government improve the balance of trade by reducing imports on cotton?

PROF. D. P. CHATTOPADHYAYA: Depending upon the demand and on the market situation sometimes we do import, but if there is not much demand and we can avoid it, we always reduce the quota.

SHRI P. M. MEHTA: May I know whether it is a fact that import licences to the order of Rs. 1,100 crores were granted without any export obligation and that has created an adverse effect on the balance of trade in the previous years, and if so, what

steps Government propose to take to improve the position?

PROF. D. P. CHATTOPADHYAYA: We do not give any licence without export obligation unless they are absolutely necessary for internal consumption or for earning foreign exchange for the country. The question of adverse balance of trade does not arise because it is favourable.

SHRI P. M. MEHTA: My question was specific, whether import licences to the order of Rs. 1,100 crores were granted without any export obligation.

PROF. D. P. CHATTOPADHYAYA: He has mentioned a specific figure. I cannot reply without proper notice.

SHRI HARI KISHORE SINGH: May I know what will be the position of our export figure and amount if we deduct the export to Bangladesh and how Government is going to make good the situation this year?

PROF. D. P. CHATTOPADHYAYA: Even if we deduct our projected export to Bangla Desh, our figure is, and will be, favourable.

SHRI A. K. M. ISHAQUE: I am very happy that in one particular year we had a very favourable trade balance. May I know from the hon. Minister what is the portion of the earning of foreign exchange from traditional export goods and what is the percentage of our earning of foreign exchange from finished products. I also want to know what is the scope for expansion of export from traditional goods and what is the scope for expansion of exports of finished goods.

MR. SPEAKER: What is the scope of the question also?

PROF. D. P. CHATTOPADHYAYA: I can only say that gradually the proportion between the traditional and non-traditional export items is changing. We are now exporting more and more non-traditional items and less and less of traditional items.

SHRI B. K. DASCHOWDHURY: I would like to know from the hon. Minister whether, with the Britain's entry into the European Common Market, India's export policy or, finally, the balance of trade will be adversely affected. Secondly, I would like to know whether the hon. Minister has come across the statement which has recently been published in the newspapers that Overseas Trade Development Institute in London has made some detailed studies and submitted the report. It has been said that with Britain's entry into the European Common Market India's business will be adversely affected.

PROF. D P. CHATTOPADHYAYA: In our policy formulation and projection of exports, we have taken note of the fact that EEC is taking and will be taking some sort of restrictions both quantitative and in terms of tariff over our export, but through certain negotiations which we have conducted, we have found that this is not going to be adversely affecting us in a big way in the next four or five years. We are still carrying on negotiations about the matters and I would say that the results are not very discouraging. That is one side of the picture. The other side of the picture is, as I have said, we find out other potential growth pockets of our export trade and the results thereof have been encouraging any favourable.

***Overdrafts taken by various State Governments from Commercial Banks**

***646. SHRI D. D. DESAI:** Will the Minister of FINANCE be pleased to state:

(a) whether several State Governments have resorted to overdrafts from Commercial Banks after the Centre stopped overdrafts facility

from the Reserve Bank over a particular limit; and

(b) the overdrafts taken from the commercial banks by various State Governments in 1970-71, 1971-72 and upto December, 1972?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN):

(a) Normally the States Governments borrow from the commercial banks for specific schemes like Food Procurement Operations, Distribution of Fertilisers and Pesticides or for the requirements of the departmentally run enterprises. They have not resorted to overdrafts from commercial banks after the implementation of the scheme for stoppage of States overdrafts with the Reserve Bank of India.

(b) Loans to the State Governments for food procurement operations were Rs. 26.9 crores Rs. 34.1 crores and Rs. 23.4 crores on that last Fridays of March 1971 and 1972 and on the Second Friday of March 1973 respectively.

SHRI D. D. DESAI: Have the State Government's repayment of the overdrafts been converted into loans with the Reserve Bank of India?

SHRI YESHWANTRAO CHAVAN: This is a separate question.

Extension of Scheme of Preferential Rates of Interest to Weaker Sections of Society throughout the Country

***648. SHRI BHOGENDRA JHA:** Will the Minister of FINANCE be pleased to state:

(a) whether it is proposed to extend the scheme of preferential rates of interest to weaker sections of the society throughout the country; and

(b) if not, the reasons therefor?

**THE MINISTER OF FINANCE
(SHRI YESHWANTRAO CHAVAN):**

(a) and (b). The scheme has recently been extended to SFDA AND MFAL districts. The scheme now covers 265 out of 338 districts. In addition, certain special categories in the weaker section i.e. physically handicapped persons; orphans, destitute women etc. are entitled to concessional rates of interest throughout the country. Since the scheme is an innovation in bank lending its further extension can only be considered after adequate experience has been gained in its operation.

SHRI BHOGENDRAO JHA: He has stated in reply to my question that it is extended to physically handicapped persons, orphans, destitute women etc. But, the purpose is to assist the weaker sections of the society and here the accumulation of interest over a period of time is comparatively less, comparatively limited. I would like to know why you could not extend the scheme and what is the hurdle if any which stands in the way of extending the scheme throughout the country for covering the poorer sections, the artisans, the agricultural labourers and the poor peasants. And, in particular, I would like to draw the attention of the Finance Minister to the recent example of West Bengal where the legislature has enacted a law to help the share-croppers to secure loans from the banks. So, in that context, I would like to know why this concessional rate of loans cannot be applied to share-croppers and other similar weaker sections throughout the country.

SHRI YESHWANTRAO CHAVAN: This scheme is not only applied to the physically handicapped persons, orphans, destitute women, etc., but it is one of the categories to which it applies. Really speaking, there are many other categories also and, depending upon their annual income, it is applied and that also has been

further liberalised as I announced in my Budget speech this year.

Therefore, there are two major improvements in the scheme that are made: (1) its geographical coverage has been extended and nearly 100 more districts have been included and (2) the perimeters of the income have also been further liberalised and the amount to be given at the preferential rate of interest has also been increased.

As I said in my reply, it is a new innovative lending scheme. One will have to find out how it works out in these districts and in the light of that, some further liberalisations can be considered. Even small agriculturists will get advantage of these schemes in the districts mentioned.

SHRI BHOGENDRAO JHA: The point that I have raised was in the light of the West Bengal enactment under which the share-croppers in West Bengal can get loans on the security of the State Government. I would like to know whether this section of share-croppers also for whom the State Government stand as security can get this loan at preferential rate of interest and secondly, whether these sections can get throughout the country.

SHRI YESHWANTRAO CHAVAN: If they come under any of the categories of this scheme, they should certainly get it whether the Act is there or not or whether the State Government give guarantee or not or whether they are share-croppers or not. If they fulfil the criteria mentioned here and if they belong to these districts and if they fulfil the annual income limit, they should certainly get it. I do not find any difficulty in it.

SHRI BHOGENDRAO JHA: I want to know whether this scheme meant for the weaker sections like physically handicapped persons, orphans,

destitute women, etc. is applicable to the whole of the country. Secondly whether other weaker sections like shoe-makers, pottery makers, rural carpenters, weavers and similar other weaker sections of the society who are also engaged in productive activities and are of great service to the community, can also take advantage of this scheme and also throughout the country. If not, why?

SHRI YESHWANTRAO CHAVAN:

It is a suggestion and it is certainly for consideration. But I would first like to see how the scheme functions in the 265 districts. But I see merit in the suggestion the hon. Member is making. That can be considered. But I do not want to commit myself. We have to see how this particular scheme functions. The scheme is meant for these types of people. Our idea is that at least we must allow ourselves a year or so to see how it functions. Our idea is to extend the scheme. It is not something static, it will have to be extended further but before doing it, we want to see how the present scheme works out. This is all I can say now.

SHRI K. MALLANNA: May I know from the hon. Minister how many people are identified under the MAFL Scheme and how many people are helped under this scheme?

SHRI YESHWANTRAO CHAVAN: That is a separate question altogether. That comes under the Agriculture Ministry. As I said this scheme is made applicable to those districts where the schemes are applicable. This is all I can say.

About identification of small holders and marginal holders, etc., the information can be given only by the Agriculture Ministry. I do not have it.

श्री भागीरथ भंडार : मंत्री महोदय ने बताया है कि समाज के कमजोर वर्गों और विकलांगों को कर्ज देने के लिए यह योजना बनाई गई है। मैं यह जानना चाहता हूँ कि इन लोगों को रियायती दर पर कर्ज देने के लिए सरकार ने क्या मापदंड निर्धारित किया है और क्या इस के लिए बैंकों में स्टाफ आदि की अलग से व्यवस्था की गई है, ताकि इन लोगों की जांच कर के उन्हें समय पर कर्ज दिया जा सके।

SHRI YESHWANTRAO CHAVAN:

At the present moment, to begin with, we have asked them to select at least one branch amongst 8 or 10 so that they pay specific attention to this particular thing. This is the only special arrangement that is being made at present. Naturally we will have to expand this scheme, depending upon the availability of proper staff.

श्री सरजू पांडे : मंत्री महोदय ने बताया है कि यह स्कीम देश के कुछ हिस्सों में लागू है। इस सम्बन्ध में उन्होंने 265 डिस्ट्रिक्ट्स का जिक्र किया है, लेकिन प्रदेशों के नाम नहीं बताये हैं। मैं यह जानना चाहता हूँ कि यह स्कीम देश के कितने प्रदेशों में लागू है, कर्ज में ज्यादा से ज्यादा कितनी धनराशि दी जाती है और सूद की दर क्या है।

श्री यशवन्त राव चव्हाण : मेरे पास इस वक्त उन सब डिस्ट्रिक्ट्स की लिस्ट नहीं है।

Out of 340 or 345, when we have covered 265. it means more than two-thirds of the country have been covered.

श्री सरजू पांडे : सूद की दर क्या है ?

SHRI YESHWANTRAO CHAVAN:
The bank rate is 4 per cent.

श्री विभूति मिश्र : मंत्री महोदय ने कहा है कि इस योजना से कबर्ड जियोग्राफिकल एरिया बढ़ा दिया गया है। मैं जानना चाहता हूँ कि क्या सभी बैंकों से यह कर्जा दिया जायेगा और कम से कम तथा अधिक से अधिक कितनी आमदनी वालों को यह कर्जा दिया जायेगा। कर्जा देते हुए सरकारी दफ्तरों की नोक-झोंक को दूर करने के क्या उपाय सजेस्ट किये गये हैं ?

SHRI YESHWANTRAO CHAVAN:
As regards the terms and conditions of loan, income criteria as applicable to individuals will not be applicable to the organisations mentioned therein. Each case will be judged on merits.

The income ceiling to eligibility will be raised to Rs. 3,000 now per annum in urban or semi-urban areas and Rs. 2,000 per annum in rural areas. The maximum amount that can be made available to any one borrower under the scheme will now be Rs. 1,500 for working capital and Rs. 5,000 for term loan. Borrowers who work largely on their own with such help as other members of their family or partner may give and who do not employ paid employees on a regular basis will also be eligible for lending under the scheme.

श्री हुकम चन्द कछवाय : मंत्री महोदय ने अपने बजट भाषण में समाज के कमजोर वर्गों को कर्ज देने के लिए बीस करोड़ रुपये रखने का जिक्र किया था। मेरे विचार में यह रकम ऊंट के मुँह में जीरे के समान है—वास्तव में यह कुछ भी नहीं है। मैं यह जानना चाहता हूँ कि इस योजना को सब प्रदेशों में कब तक लागू करने का विचार है। मंत्री महोदय ने बताया है कि आठ या दस बैंकों में से एक बैंक से यह कर्जा दिया जायेगा।

लेकिन इस योजना के बारे में कोई प्रचार नहीं है। लोगों को पता नहीं है कि उन को यह कर्जा मिल सकता है। मैं यह जानना चाहता हूँ कि इस योजना के बारे में अधिक प्रचार करने के लिए क्या व्यवस्था की गई है और बीस करोड़ रुपये की रकम को बढ़ाने के लिए क्या व्यवस्था की गई है ?

श्री यशवन्तराव चव्हाण : जहाँ तक प्रचार का सम्बन्ध है, मैंने अपनी बजट स्पोच में इस सदन को इस के बारे में बताया था। मैं माननीय सदस्यों से विनती करूँगा कि वे भी इस काम में मदद करें और लोगों को इसके बारे में समझावें। अगर इस के लिए कोई साहित्य प्रकाशित करने की जरूरत होगी, तो हम उसका भी ख्याल करेंगे।

India's Contribution to Asian Development Bank

*652. **SHRI VAYALAR RAVI:**
Will the Minister of FINANCE be pleased to state:

(a) the total contribution of India to the fund of Asian Development Bank and how it compares with the contribution of other countries and to the total capital of the Bank;

(b) the total amount of business done by India from this fund and its percentage to our contribution and its year-wise statistics; and

(c) the amount of business done by other countries and their respective percentage to their contributions?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN):

(a) Out of a total subscribed capital of \$2750 million of the Asian Development Bank India's capital subscription is \$232.5 million. Out of \$232.5 million India has paid \$57.7 million and further instalments of about \$11.2 million each will be payable in 1974 and 1975. The balance of

the subscription is callable. India's subscription is the largest among the developing member countries and ranks immediately below that of U.S.A. and Japan.

(b) As on 31st December 1972, India had secured contracts totalling \$3.511 million which is about 3.8 per cent of her subscription of \$93 mil-

lion. The contracts secured for the period ending 31st December 1970, totalled \$0.711 million; during 1971 and 1972 contracts worth \$0.920 million and \$1.88 million respectively were secured.

(c) A statement showing the available information is laid on the Table of the House.

Statement

(as on 31st December, 1972)

As the figures for procurement from each country for ADB financed projects are available as on 31st December, 1972 figures relating to subscription of the member countries for the corresponding period have been taken for comparison. As a consequence of the 150 per cent increase in the capital subscription of the ADB, India's subscription has increased from \$98 million to \$232.5 million.

SHRI VAYALAR RAVI: From the statement, and from the answer given by the hon. Minister, he has admitted that our Government has

got three representatives at the Asian Development Bank but they have miserably failed to secure either projects or any contracts in favour of our country. While it is stated that Japan's value of contracts has gone up to 138.347 million dollars, which is about 69.2 per cent, India's is the lowest, even though according to you, would like to recall the inefficient would also like to know whether, the Asian Development Bank; I is taking to get more benefits from hon. Minister what are the steps he So, I would like to know from the India is the third largest contributor.

officers of the Finance Ministry and what are the steps that he is going to take in this matter.

SHRI YESHWANTRAO CHAVAN:
As a matter of fact, the person who is the director there is not an officer from the Finance Ministry as such, because....

SHRI VAYALAR RAVI: He is from the Finance Ministry. I have got all the records.

SHRI YESHWANTRAO CHAVAN:
The alternate director is from the Finance Ministry certainly. But the Director is not from the Finance Ministry. It is no use merely singling out any particular Ministry for this matter. I quite agree that the performance in getting a share in the export, supplies, etc., is not as it should be, looking to our own contribution to the subscription, etc. But if he wants to know what steps we have taken in this regard, I have myself seen these facts. Even the Cabinet has taken note of this particular aspect and we have established a cell here to pursue this matter very carefully. Because one has to see that when the bank sanctions projects, there is some sort of international competitive ring that goes on and, therefore, we have to join this race and fulfil this test of competitiveness. For that matter, we have established a cell here which keeps in contact with the projects sanctioned there and the people who are capable of supply the services or the goods etc., in the form of exports. This new and special responsibility has been taken, and a group has been formed, headed by the Secretary of the Department of Economic Affairs also to look into this matter constantly. That is all that I can say.

SHRI VAYALAR RAVI: I am glad that the Finance Minister has

taken note of these facts. But I would like to know from the Finance Minister whether, out of the three representatives, one is the Vice-President and that one man is in the chair for the last five years and that the team has failed completely. I would like to know whether the Finance Minister would recall them and put new people who are capable enough to do the work.

SHRI YESHWANTRAO CHAVAN:
The Vice-President is the person who is elected by the Board there. There is no question of my recalling him. It is, in fact, an honour for us that an Indian, and a very experienced Indian at that, is the Vice-President of the bank. (*Interruption*)

SHRI JYOTIRMOY BOSU: Who are they?

SHRI YESHWANTRAO CHAVAN:
That is an independent bank. They elect. That bank is not subject to this Parliament. I am subject to this Parliament.

SHRI JYOTIRMOY BOSU: They must go through you, Mr. Chavan.

SHRI YESHWANTRAO CHAVAN:
The Directors representing India are nominated by us, for which I am responsible to you. But the Vice-President is elected by the Board.

SHRI ATAL BIHARI VAJPAYEE:
The question is whether the Finance Minister is satisfied with the performance of the gentleman who has been nominated by the Government of India.

SHRI YESHWANTRAO CHAVAN:
Certainly yes. He was nominated only six months before.

तस्करी का सोना और चांदी आदि का
पकड़ा जाना

+

*653. श्री लाल जी भाई :

श्री महावीर सिंह शास्त्री :

क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) वर्ष 1971-72 और वर्ष 1972-73 के दौरान कितने मूल्य का तस्करी का सोना चांदी और हीरे जवाहर पकड़े गये और

(ख) इन वर्षों में कितने मूल्य की विदेशी मुद्रा पकड़ी गयी ।

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) The value of the smuggled gold, silver, diamonds and precious stones seized by the Customs and Central Excise authorities during the years 1971-72 and 1972-73 (upto February) was as under:—

Commodity	Year (Value Rs. lakhs at Indian market rate)	
	1971-72	1972-73 (upto Feb.)
Gold	342	288
Silver	26	75
Diamonds & Precious stones	7	13

(b) The value of the foreign exchange seized by the Customs authorities and the Enforcement Directorate during the year 1971-72 and 1972-73 (upto February) was Rs. 56.1 lakhs and 44.5 lakhs respectively.

श्री लालजी भाई : अध्यक्ष महोदय, मैं जानना चाहता हूँ कि पकड़ी गई वस्तुयें किन-किन स्थानों से पकड़ी गईं तथा उन व्यक्तियों के नाम क्या हैं ?

अध्यक्ष महोदय : यह तो आप ने जैनरल सवाल पूछा है, इतने व्यक्तियों के नाम कैसे दिये जा सकते हैं । अगर आप पहले ही इतनी डिटेल्ड इन्फॉर्मेशन पूछते तो मैं इस को अनस्टाई क्वेश्चन बना देता ।

श्री लालजी भाई : किन किन स्थानों से पकड़े गये हैं, इतना बता दें ।

MR. SPEAKER: I am not allowing it.

श्री लालजी भाई : कितना लोग गिरफ्तार हुए हैं—इतना ही बतला दें ।

अध्यक्ष महोदय : इस में आप ने वैल्यू पूछी थी, अगर नाम और जगहों के नाम पूछने थे तो पहले स उस में जिक्र करना चाहिये था ताकि मिनिस्टर साहब जवाब देने के लिये तैयार रहते ।

श्री लालजी भाई : इन में विदेशों का कितना है, यहां का कितना है और कुल कितने लोग पकड़े गये—इतना बतला दीजिये ।

अध्यक्ष महोदय : आप यह पुछिये कि किस किस्म का सोना था, ज्यूवेलर्स कैसे हैं, उन की कोमत कम क्यों लिखी गई है या ज्यादा क्यों लिखी गई है, औरतों के थे या मर्दों के थे—आप के बजाय मैंने सबाल पूछ लिया है ।

श्री लालजी भाई : उन व्यक्तियों के खिलाफ क्या कार्यवाही की गई.....

अध्यक्ष महोदय : किन व्यक्तियों के खिलाफ ? मैंने इस सवाल को डिस-एलाउ कर दिया है । आप को व्यक्तियों के बारे में पूछना है तो अलग से सवाल भेजिये मिनिस्टर्स से जो सवाल पूछा गया है, वह उनके बारे में जवाब देंगे । एन-साइक्लोलोमी-डिया नहीं हैं, जो भी आप पूछेंगे सब का जवाब मिल जायेगा ।

श्री महावीर सिंह शास्त्री : मन्त्री महोदय ने अपने उत्तर में जो आंकड़े प्रस्तुत किए उससे पता चलता है कि इस देश में एक विस्तृत रूप में तस्करी का व्यापार होता है तो क्या मंत्री जो यह बतायेंगे कि जो तस्करों होती हैं

उसमें सरकारी कर्मचारियों की साठ-गांठ रहती है और उस साठ-गांठ के आधार पर यह तस्करी का माल विदेश से आता है, तस्करी उससे कायदा उगते हैं और तस्करों को तो आप दंडित करते हैं लेकिन जो भ्रष्ट सरकारी मशीनरी है उसके सम्बन्ध में आप क्या करने जा रहे हैं ?

SHRI K. R. GANESH: It is not correct to say, as the hon. Member has tried to allege, that smuggling is done in this country as a result of collusion of the officers with smugglers.

SHRI TRIDIB CHAUDHURI: The hon. Minister has given the latest figures, the figures for February 1973. After the recent shooting up of prices of gold in foreign markets, has there been any greater tendency of gold being smuggled into India?

SHRI K. R. GANESH: After the very sharp increase in the price of gold in the international market, our seizures indicate that there is a declining trend, so far as smuggling of gold is concerned.

SHRI VASANT SATHE: Is it not a fact that a large amount of smuggling goes undetected and not caught on account of our launches being very old compared to the modern launches used by the smugglers?

SHRI K. R. GANESH: I agree with the hon. Member that quite a substantial part of the smuggling of goods into our country remains undetected because we are yet to supply the customs preventive staff with appropriate fast launches to match the ones which the smugglers are using. This is under the consideration of the Government. A high-powered committee was set up which had submitted some report. We have now decided on the type of crafts necessary. There is some difficulty about getting the craft. We are trying to find out how best to get the crafts as early as possible.

श्री अबल सिंह : क्या मंत्री महोदय बतायेंगे कि जो माल पकड़ा गया है गवर्नमेंट ने उसको ले लिया है या नहीं ?

श्री क० आर० गणेश : जी हां, गवर्नमेंट ने सीज कर लिया है ।

SHRI JYOTIRMOY BOSU: What is the assessment of the Minister of the percentage of seizure of smuggled goods?

SHRI K. R. GANESH: It is very difficult to give a correct estimate of the percentage of seizure of smuggled goods. We can only have a guess. Kaul Committee, which was set up to go into this question, has arrived at a figure which the hon. Member is aware of. It is difficult to give any authoritative percentage.

SHRI H. M. PATEL: When was the high-powered committee appointed, and how long will it take the Government before we shall actually have the necessary type of launches or equipment?

SHRI K. R. GANESH: Now it is a question of getting these launches from foreign countries. We are trying to find out how best we could do it because there are certain difficulties in getting tenders and so on. But I can assure the hon. Member that Government is seriously seized of this matter and we shall try to find out some ways of getting these launches.

SHRI H. M. PATEL: My question was, when was the high-powered committee appointed. When was the Government seized of this question and how long has it taken to come to a decision or place the order for launches?

SHRI K. R. GANESH: After the high-powered committee was appointed, it was to be processed. It was referred to another committee. It has taken some time. We share the concern of the hon. Member. We want to do it as expeditiously as possible. (Interruptions)

राजस्थान, मध्य प्रदेश और गुजरात की
औद्योगिक वित्त निगम द्वारा दी गई
धनराशि

*654. डा० लक्ष्मी नारायण पांडेय
क्या वित्त मन्त्री यह बताते की कृपा
करेंगे कि :

(क) पिछले दो वर्षों के दौरान औद्योगिक वित्त निगम द्वारा राजस्थान, मध्य-प्रदेश और गुजरात को कितनी-कितनी धनराशि दी गई ;

(ख) क्या इस राशि का उपयोग पिछड़े क्षेत्रों में प्रायः नहीं किया गया है ; और

(ग) यदि हां, तो इस बारे में सरकार क्या कार्यवाही कर रही है ?

THE MINISTER OF FINANCE
SHRI YESHWANTRA CHAVAN:
(a) to (c). A Statement is laid on the Table of the House.

Statement

(a) to (c). The Industrial Finance Corporation renders financial assist-

ance to industrial concerns which are limited companies and industrial co-operative societies. It considers individual applications for financial assistance on merits subject to their satisfying the criteria of technical feasibility and economic viability. There is no allocation of funds as such either for particular areas or for specific industries. The Corporation considers applications for financial assistance for projects located or to be located in the districts identified as industrially less developed by the Planning Commission sympathetically and grants financial assistance on concessional terms. The Corporation, by suitable follow-up methods, ensures proper utilisation of funds by the assisted concerns.

The amount of the financial assistance sanctioned and disbursed by the Corporation to the projects located in the States of Rajasthan, Madhya Pradesh and Gujarat during its last two accounting years, namely, 1970-71 and 1971-72 (July—June) is given below:—

(Rs. in lakhs)

State	1970-71		1971-72	
	Sanctioned	Disbursed	Sanctioned	Disbursed
1. Rajasthan				
(a) Notified backward districts	75.50 (45.50)	..	..	66.50
(b) Other districts	5.60	4.00	122.70	33.77
TOTAL	81.10	4.00	122.70	100.27
2. Madhya Pradesh				
(a) Notified backward districts	..	..	..	20.00
(b) Other districts	45.00	25.70	29.32	92.85
TOTAL	45.00	25.70	29.32	112.85
3. Gujarat :				
(a) Notified backward districts	140.00 (140.00)	1.00	300.00	10.00
(b) Other districts	305.96	43.52	185.22	103.60
TOTAL	445.96	44.52	485.22	113.60

NOTE:— 1. Figures in brackets indicate the amount of loans sanctioned at concessional terms.

2. Disbursements include disbursements in respect of earlier sanctions also.

The Corporation had not rejected any application emanating from Rajasthan, Madhya Pradesh and Gujarat during the above two years ended 30th June, 1972.

डा० लक्ष्मीनारायण पांडेय : अध्यक्ष महोदय, मन्त्री महोदय द्वारा जो वक्तव्य दिया गया है उसमें दो बातें स्वीकार की गई हैं कि योजना आयोग द्वारा स्वीकृत उन जिलों को जो कि औद्योगिक क्षेत्र में पिछड़े हैं लोन दिया जाता है लेकिन मेरे प्रश्न का जो दूसरा भाग है कि क्या उनका उपयोग उन जिलों में नहीं हुआ है जिनके लिए वह राशि दी गई है और जिस कार्य के लिए दी गई है उसके सम्बन्ध में स्टेटमेंट में उत्तर नहीं आया है। उसमें यह जरूर है :

"The Corporation, by suitable follow-up methods, ensures proper utilisation of funds by the assisted concerns."

यह तो उसमें कहा है लेकिन आपके पास इस प्रकार की कोई शिकायत आई है, यदि आई है तो फालो अप मेथड्स द्वारा उसके बारे में आपने कौन सी कार्यवाही की है ?

SHRI YESHWANTRAO CHAVAN:
The only answer that I can give is that, as far as these three States are concerned, no application was rejected in the last two years. Naturally, the Corporation can consider applications which are there. Really speaking, there will have to be some sort of an initiative in the backward districts themselves. There is one more important fact that has to be taken note of: merely announcing concessional credit, etc., does not help by itself, unless there are infra-structural facilities available in the district; nobody will go for investment unless there is the availability of electricity, for example, unless there are certain developments of communications, for

example. Those things will naturally have to be done by the State Governments and other authorities as well. On behalf of the Corporation I can say one thing that, in the last two years, no application from these three States has been rejected.

डा० लक्ष्मीनारायण पांडेय : क्या मन्त्री महोदय बतायेंगे यह सही न कि जो औद्योगिक वित्त निगम हैं उनके द्वारा ऋण देने की प्रणाली इतनी उलझी और त्रुटिपूर्ण है जिसके कारण प्रतिष्ठानों को ऋण लेने में बड़ी कठिनाई आती है और वे निराश हो जाते हैं परिणामस्वरूप उद्योग खुल नहीं पाते हैं अतः उस प्रणाली में कोई सुधार करने पर विचार करेंगे ?

श्री यशवन्त राव चव्हाण : मैं मानना हूँ यह त्रुटि हो सकती है, त्रुटि नहीं होगी। ऐसा कहना मुश्किल है लेकिन उसको इम्प्रूव करने का कोशिश करते रहेंगे और आप भी कोई सुझाव हों तो देते रहिए ।

Talks held between the officials of India and Sudan in March, 1973

+

***655. SHRI SHRIKISHAN MODI:
SHRI PURUSHOTTAM
KAKODKAR:**

Will the Minister of COMMERCE be pleased to state:

(a) whether any talks were held between the officials of India and Sudan on the 7th March, 1973; and

(b) if so, the subjects discussed and the outcome of the discussion?

THE MINISTER OF COMMERCE (PROF. D. P. CHATTOPADHYAYA):
(a) and (b). A Sudanese Trade Delegation visited New Delhi from 6 to 12 March, 1973. Talks were held with this Delegation to introduce a scheme of "Technical Credit" in the working of Indo-Sudanese Trade Arrange-

ments. The Agreement reached provides for an adequate amount of "Technical Credit" available to both sides as and when needed. This Scheme of "Technical Credit" will be introduced in the working of the Trade Plan with effect from 1st August, 1973.

SHRI PURUSHOTTAM KAKODKAR: May I know from the hon. Minister as to what the items of import and export are and their value and whether the trade balance is adverse or not?

PROF. D. P. CHATTOPADHYAYA: The main items of export from India to Sudan are tea, jute manufactures, engineering and allied products, lentils, spices and some essential sorts of oils and from Sudan we generally import long staple cotton and some quantity of gum arabica.

SHRI PURUSHOTTAM KAKODKAR: What is the value of exports and imports?

PROF. D. P. CHATTOPADHYAYA: The value of the envisaged agreement will be of the order of approximately Rs. 100 crores and I would like to add that Sudan is our biggest trading partner among the developing countries.

MR. SPEAKER: Question Hour is over now.

WRITTEN ANSWERS TO QUESTIONS

Medical check up of Pilots at every Airport before conducting flights

*644. **SHRI D. B. CHANDRA GOWDA:** Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) whether pilots are medically checked up properly at every airport before they conduct the flights; and

(b) if not, the reasons therefor?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) and (b). While airline pilots are not medically examined before every take off, they are required to undergo a medical check up every six months or one year in accordance with the requirements of the Aircraft Rules. They are examined more frequently if necessary.

पेंशन के भुगतान में विलम्ब

*645. **श्री रामावतार शास्त्री :** क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या केन्द्रीय सरकार के सेवानिवृत्त कर्मचारियों को पेंशन के भुगतान में अनुचित विलम्ब होता है;

(ख) यदि हां, तो इसके क्या कारण हैं; और

(ग) इस विलम्ब को दूर करने के लिए सरकार ने क्या कार्यवाही की है अथवा करने का विचार है ?

वित्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश) : केन्द्रीय सिविल सेवा (पेंशन) नियमावली 1972 के नियम 60 के अंतर्गत पेंशन मंजूर करने की शक्ति विभागाध्यक्ष को अथवा किसी ऐसे अन्य प्राधिकारी को प्राप्त है, जो उस पद पर नियुक्ति करने की शक्ति रखता हो, जिस पर सेवा निवृत्त होने वाले सरकारी कर्मचारी की मस्तकिल नियुक्ति हों। इस प्रकार पेंशनों की मंजूरी किसी केन्द्रीकृत आधार पर नहीं की जाती है, परन्तु मंजूरी सारे देश भर में फैले स्तरों के अनेक प्राधिकारियों द्वारा दी जाती है। अतः पेंशन मंजूर करने वाले विभिन्न प्राधिकारियों को पेंशन की मंजूरी जारी करने में कितना समय लगता है और क्यों लगता है, इस बाबत नवीनतम जानकारी केन्द्रीय तौर से तत्काल उपलब्ध नहीं है।

वर्तमान कार्यविधि 1 अक्टूबर, 1969 से लागू हुई और इसकी मुख्य मुख्य बातें संलग्न विवरण में दी गयी हैं। इस कार्यविधि के अनुसार अराजपत्रित सरकारी कर्मचारियों के मामले में संगणित उपदान का तीन-चौथाई भाग और अन्तिम पेंशन जो उस कर्मचारी को देय अधिकतम पेंशन से अधिक नहीं हो, इन दोनों का भुगतान सेवा-निवृत्त होने वाले सरकारी कर्मचारी को उसके सेवानिवृत्ति के महीने के अनुवर्ती महीने की पहली तारीख को कार्यालयाध्यक्ष द्वारा की जानी होती है। उक्त अन्तिम पेंशन का भुगतान, लेखा-परीक्षा अधिकारी द्वारा अन्तिम पेंशन की रकम और उपदान का हिसाब लगा कर अधिकार-पत्र जारी करने तक किया जाता है। राजपत्रित सरकारी कर्मचारियों के मामले में उपदान और पेंशन की रकमों का अधिकार पत्र जारी करने की जिम्मेदारी लेखा परीक्षा अधिकारी की होती है। इनके मामले में भी नियमों में ऐसी व्यवस्था है कि यदि सरकारी कर्मचारी के सेवा निवृत्त होने तक उसकी अन्तिम पेंशन का निर्धारण नहीं हो सका हो तो उसको प्रत्याशित पेंशन और उपदान मंजूर किये जायेंगे। पेंशन मंजूर करने की कार्यविधि को सरल बनाने और उसमें सुधार करने की ओर सरकार का ध्यान सतत लगा रहता है और सरकार इसकी समीक्षा भी करती रहती है जिससे पेंशन के मामलों का जल्दी से निपटान हो सके।

विवरण

(i) लेखा परीक्षा अधिकारी को सूचित रखने के लिए प्रत्येक विभागाध्यक्ष द्वारा हर छमाही में उन सभी कर्मचारियों की सूची तैयार की जायगी जो अगले 12 से 18 महीनों में सेवानिवृत्त होने वाले हैं और ये सूचियां लेखा परीक्षा अधिकारी को भी भेजी जायेंगी। सरकारी आवास में रहने वाले अधिकारियों के मामले में अधिकारी की

सेवा निवृत्ति की प्रत्याशित तारीख से एक वर्ष पहले सम्पदा निदेशालय को भी बेबाकी पत्र जारी करने के लिए लिखा जायेगा।

(ii) पेंशन के लिए औपचारिक निवेदन पत्र राजपत्रित अधिकारियों द्वारा सीधे लेखा परीक्षा अधिकारी को और अराजपत्रित अधिकारियों द्वारा विभागाध्यक्ष को, सेवा-निवृत्ति की तारीख से एक वर्ष पहले भेजे जायेंगे।

(iii) एक बार मंजूर की जा चुकी पेंशन की रकम में, निवर्तमान सरकारी कर्मचारी के हित के प्रतिकूल कोई संशोधन नहीं किया जायगा, सिवाय उस स्थिति के जिसमें लिखाई की किसी भूल का बाद में पता चलने के कारण ऐसा संशोधन करना आवश्यक हो।

(iv) राजपत्रित सरकारी कर्मचारियों के मामले में पेंशन मंजूर करने वाले अधिकारी के आदेशों की सूचना विभागाध्यक्ष द्वारा लेखा परीक्षा अधिकारी को सेवा निवृत्ति की तारीख से पहले ही दी जायगी। यदि यह सूचना लेखा परीक्षा अधिकारी को उस समय तक प्राप्त नहीं होती है तो वह यह मान लेगा कि निवर्तमान अधिकारी को पूरी पेंशन और उपदान पाने की अनुमति है।

(v) अराजपत्रित सरकारी कर्मचारियों के मामले में कार्यालयाध्यक्ष, पेंशन के कागजों को तैयार करेगा और उनको लेखा परीक्षा अधिकारी के पास भेज देगा। इन कागजातों को लेखा परीक्षा अधिकारी के पास भेज दिये जाने के बाद कार्यालयाध्यक्ष अन्तिम पेंशन जो उस कर्मचारी को देय अधिकतम पेंशन से अधिक नहीं होगी और नियमों के अन्तर्गत देय उपदान का तीन-चौथाई भाग खजाने से निकालेगा और ऐसा प्रबन्ध करेगा कि उनका भुगतान उस अधिकारी को सेवा निवृत्ति के महीने के अनुवर्ती महीने के पहले दिन हो सके। अन्तिम पेंशन का भुगतान सब तक

जारी रहेगा जब तक परीक्षा अधिकारी द्वारा अन्तिम पेंशन निर्धारित और प्राधिकृत नहीं की जाती ।

(6) सरकार को देय रकमों की वसूली और समायोजन, सम्बन्धित अधिकारी के सेवा निवृत्त होने की तारीख से छः महीने की अवधि के अन्दर हो जाना चाहिए । सरकारी कर्मचारी के सरकारी आवास में रहने के सम्बन्ध में बकाया रही रकम की बाबत छः महीने की अवधि, सेवा निवृत्ति की तारीख अथवा सरकारी आवास पूरी तरह खाली कर देने की तारीख, में से जो भी बाद में होगी, उससे गिनी जायगी । इस अवधि के समाप्त हो जाने के बाद निवर्तमान सरकारी कर्मचारी द्वारा जमा की गयी रकम अथवा उपदान की रोकी गयी रकम उसको दे दी जायेगी ।

मध्य प्रदेश में अनुसूचित बैंकों का राष्ट्रीयकरण

*647. श्री गंगा चरण दीक्षित : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) मध्य प्रदेश में ऐसे अनुसूचित बैंकों के नाम क्या हैं जिनका अभी तक राष्ट्रीयकरण नहीं किया गया है; और

(ख) क्या सरकार का विचार इनका राष्ट्रीयकरण करने का है ?

वित्त मंत्री (श्री यशवन्तराव चव्हाण) :

(क) एक अनुसूचित बैंक, अर्थात् कृष्ण राम बलदेव बैंक लि० जिसका मुख्यालय मध्य प्रदेश में है, राष्ट्रीयकृत नहीं है ।

(ख) निजी क्षेत्र के बैंकों के राष्ट्रीयकरण से सम्बन्धित नीति पहले ही एक से अधिक बार सदन में बताई जा चुकी है और इस सम्बन्ध में सरकार के ह्दय में कोई परिवर्तन नहीं हुआ है ।

Nationalisation of Calcutta Licensed Measures Limited

*649. SHRI PRIYA RANJAN DAS MUNSI: Will the Minister of COMMERCE be pleased to state:

(a) whether any Memorandum has been submitted to his Ministry by the employees of the Calcutta Licensed Measures Limited for the nationalisation of that concern; and

(b) if so, the reason of his Ministry thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) A memorandum has been received from the Calcutta Licensed Measurers Local Assistants Association, for converting them into a public organisation.

(b) This Ministry does not propose to accede to the request.

Total outlay for Tourism Development in the Fifth Plan

*650. SHRI Y. ESWARA REDDY: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) what is the target fixed for foreign tourist traffic in the Fifth Plan;

(b) what is the total amount of foreign exchange expected to be earned in each year of the Fifth Plan period; and

(c) what is the total outlay for tourism development in the Fifth Plan period?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) A target of 800,000 by the end of 1978 has been fixed.

(b) The foreign exchange expected to be earned during each year of the

Fifth Plan period is estimated as follows:

Year	Provisional Estimates (Rs. in crores)
1974	66.00
1975	75.00
1976	87.00
1977	100.00
1978	114.00

(c) The total outlay for tourism development in the Fifth Plan has not yet been finalised.

Mismanagement in respect of M/s. National Jute Co. Ltd., West Bengal

*651. SHRI INDRAJIT GUPTA: Will the Minister of COMMERCE be pleased to state:

(a) whether he has received complaints of serious mismanagement and financial irregularities in respect of M/s. National Jute Co. Ltd. Rajgunge West Bengal and whether any inquiry has been ordered into the complaints received;

(b) whether there is apprehension that this biggest Jute mill in India may close down unless Government intervene to save it; and

(c) the Company's outstanding loans from banks and financial institutions?

THE MINISTER OF COMMERCE (PROF. D. P. CHATTOPADHYAYA):

(a) to (c). In January, 1973 the West Bengal Government had brought to the notice of the Central Government that the National Co. was about to close down for want of sufficient working capital. It had also been stated that (a) the C.B.I. had started some enquiry against the Bill, (b) the Company had no audited balance-sheet for the last three years, and (c)

the management had created encumbrances on the assets of the industrial undertaking and brought about a situation which was likely to affect the production in the Mill. The State Government had suggested an inquiry into the affairs of the Mill under the provisions of the Industries (Development and Regulation) Act.

2. The Central Government have not yet reached any final conclusion on the State Government's suggestion. Meanwhile, the mill is in production and has not closed down.

3. According to the Mill Company, the outstanding loans amount to Rs. 572.62 lakhs.

Purchase of Tobacco by S.T.C. in Andhra Pradesh

*656. SHRI P. NARASIMHA REDDY: Will the Minister of COMMERCE be pleased to state:

(a) whether the State Trading Corporation has undertaken to buy tobacco in Andhra Pradesh during the current season; and

(b) what arrangements have been made to avoid complaints of unfair practices made during the last seasonal operations?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) No, Sir, the S.T.C. is not undertaking to purchase tobacco in Andhra Pradesh during the current season on the lines they were required during 1972.

(b) Does not arise.

Appointment of Study Team to inquire into the working of Nationalised banks

*657. SHRI MUKHTIAR SINGH MALIK: Will the Minister of FINANCE be pleased to state:

(a) whether Government have appointed a study team to inquire

into the working of Nationalised Banks in the country recently;

(b) if so, the composition of the study team;

(c) whether the study team has since submitted its report to Government; and

(d) if so, the salient features of the report?

THE MINISTER OF FINANCE
(SHRI YESHWANTRA CHAVAN):

(a) No, Sir.

(b) to (d). Does not arise.

शल्य चिकित्सा (आपरेसन) में
काम आने वाले औजारों का आयात

*658. श्री ओंकार लाल बॅरवा :
क्या वाणिज्य मंत्री यह बताने की कृपा
करेंगे कि :

(क) शल्य चिकित्सा (आपरेसन) में
काम आने वाले कितने तथा किस तरह के
औजार विदेशों से आयात किये जाते हैं;
और

(ख) किन देशों से इन औजारों का
आयात किया जा रहा है तथा उसकी शर्तें
क्या हैं ?

वाणिज्य मंत्री(प्रॉ० डी० पी० चट्टो-
पाश्वाय) : (क) और (ख). शल्य चिकित्सा
संबंधी उपस्करों/उपकरणों की विभिन्न मदों
के आयात मूल्य, मात्रा तथा आयातों के देशों
के नाम दर्शाने वाला एक विवरण सभा पटल
पर रखा है। [ग्रन्थालय में रखा गया। देखिये
संख्या LT-4738/73]।

Impact of proposed revaluation of
Mark and floatation of other
Currencies on Indian Rupee

*659. DR. H. P. SHARMA: Will the
Minister of FINANCE be pleased to
state the precise assessment of the
impact of the proposed upward re-
valuation of the West German Mark
and the contemplated collective float
against dollar by a Group of Six
Common Market countries, on the
Indian rupee?

THE MINISTER OF FINANCE
(SHRI YASWANTRA CHAVAN):
After the revaluation of West Ger-
man Mark and joint float by the
Group of Six Common Market coun-
tries which became effective after the
major foreign exchange markets re-
opened on 19th March, 1973, the
pound sterling has tended to appre-
ciate marginally. There has been a
corresponding appreciation of the
Indian rupee in relation to the curren-
cies of the six countries of the EEC.
The situation in the exchange mar-
kets is highly fluid and uncertain.
This uncertainty can no doubt be
harmful for our exports. However,
it is difficult to assess at this stage its
impact.

Rural Savings Scheme

*660. SHRI CHIRANJIB JHA: Will
the Minister of FINANCE be pleased
to state:

(a) the total amount collected under
the National Savings Scheme during
1972 and the amount received from
the rural areas;

(b) whether Government propose
to implement 'Rural Savings Scheme'
with the co-operation of Fertiliser
Corporation of India, Gram Pancha-
yats and State Governments; and

(c) the outlines of the Rural Sav-
ings Scheme?

THE DEPUTY MINISTER IN THE MINISTRY OF FINANCE (SHRI-MATI SUSHILA ROHATGI): (a) A statement showing the amount of small savings collections through rural and urban Post Offices, State-wise, during the financial year 1971-72, is laid on the Table of the House.

Similar particulars for the subsequent period are not yet available.

(b) and (c). There is no separate Rural Savings Scheme, as such. A statement indicating the steps taken to mobilise rural savings is laid on the Table of the House.

Statement I

(In lakhs of Rupees)

Name of Circle State	Collections		
	Rural Post Offices	Urban Post Offices	Total
1. Andhra Pradesh	9,37	15,03	24,40
2. Assam, Meghalaya, Manipur, Arunachal, Nagaland, Tripura and Mizoram	9,51	15,33	24,84
3. Bihar	29,92	39,42	69,34
4. Delhi	19	36,67	36,86
5. Gujarat	25,56	25,71	51,27
6. Jammu and Kashmir	1,77	4, 0	6,07
7. Kerala	12,59	9,90	22,49
8. Madhya Pradesh	4,15	21,4	25,79
9. Maharashtra	30,41	115,97	146,38
10. Mysore	4,70	18,80	23,50
11. Orissa	8,11	16,64	24,75
12. Punjab, Haryana and Himachal	27,49	60,93	88,42
13. Rajasthan	3,63	9,94	13,57
14. Tamil Nadu	16,20	38,10	54,30
15. Uttar Pradesh	42,48	94,97	137,45
16. West Bengal	28,93	59,41	88,34
TOTAL	255,01	582,76	837,77

STATEMENT II

1. Master Plans have been drawn up to canvass for savings in more affluent rural areas on a selective basis, in particular the cash crop in-

comes of sugar cane, Tobacco, Potatoes and Wheat.

2. Special * campaigns were taken up during the Rabi and Kharif harvest with the help of the Food Corpora-

tion of India, Marketing Societies, State Governments and other procurement agencies functioning at the purchase centres. With their help, the more affluent and the middle rung of farmers who are paid through cheques at the mandis were contacted by the staff of the National Savings Organisation, Marketing Committees, Authorised Agents, etc. Investments were made on the spot. During the Rabi drives in the States of Punjab, Haryana, Rajasthan and Uttar Pradesh, Rs. 4.75 crores were collected in small savings at these various centres last year.

3. Extra Departmental Branch Postmasters are allowed commission at 1 per cent on deposits in 3 and 5 Year Time Deposit accounts made at their office counters. Extra Departmental Branch Postmasters are also paid 1 per cent of the increase in balance in the *P.O.S.Bs., in excess of Rs. 500, as compared to the balance in the previous year as commission. During the period April—December, 1972, 22941 village Postmasters out of the 68625 were trained in the work and they secured collections amounting to Rs. 1.38 crores.

4. To promote local enthusiasm and Rs. 150 are awarded to each Block/Panchayat Pramukh securing the highest collection in the area during the special drives arranged for publicising Small Savings.

Contract for Construction of Hall of Nations and Hall of Industries at Asia '72

6251. SHRI R. S. PANDEY: Will the Minister of COMMERCE be pleased to state:

(a) whether the contract for construction of Hall of Nations and Hall of Industries and some other build-

ings at Asia 72 Fair in New Delhi was given to M/s. Puri Constructions Private Limited on tender basis;

(b) whether the tender submitted by the above firm was the lowest and if not on what grounds the Government awarded the construction contract to the said firm;

(c) whether this firm was advanced a big sum of money to start the construction but its work has been found lower than the accepted standard; and

(d) whether Government have conducted any inquiry into this aspects and if so, the outcome thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) Yes, Sir. The works of Hall of Nations and three units of Hall of Industries were awarded on tender basis to M/s. Puri Construction (P) Ltd. The work of 4th Unit of Industries was however awarded without call of tenders, but on the same rates, terms and conditions as for the Hall of Nations and 3 units of Hall of Industries, as approved by the Works Advisory Board, Ministry of Works and Housing.

(b) Yes, Sir.

(c) No advance was paid to start the construction. However, the firm was paid advance against staging materials brought at site, later on, strictly as per terms and conditions of the agreement against Indemnity Bond and Bank Guarantee. We are ensuring that the construction work is of requisite standard.

(d) Question does not arise.

**इन्स्टीट्यूट ऑफ मैनेजमेंट डिवेलपमेंट
(प्रबन्धक विकास संस्थान)**

6252. श्री घनश्याह प्रधान : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

*Post Office Savings Banks.

(क) क्या 'इंस्टीच्यूट आफ मनेजमेंट डिवलपमेंट' स्थापित करने का कोई प्रस्ताव सरकार के विचाराधीन है; और

(ख) यदि हां, तो तत्सम्बन्धी मुख्य बातें क्या हैं ?

वित्त मंत्री (श्री यशवन्तराव चव्हाण) :

(क) और (ख). भारतीय औद्योगिक वित्त निगम, सरकारी क्षेत्र की सावधिक ऋणदात्री वित्तीय संस्थाओं में से एक संस्था ने एक प्रबंध विकास संस्थान का प्रायोजन किया है। जिसका 17 मई, 1972 को संस्था पंजीकरण अधिनियम, 1860 के अन्तर्गत नयी दिल्ली में पंजीकरण किया गया है। इस संस्थान का उद्घाटन 8 मार्च, 1973 को किया गया है।

इस संस्थान का उद्देश्य आधुनिक प्रबन्ध तकनीकों में निगम के ग्राहकों को प्रशिक्षण प्रदान करना है, विशेषतः नये उद्यमकर्ताओं और उन औद्योगिकी विदों को निगम की वित्तीय सहायता के साथ औद्योगिक परियोजनाओं का आयोजन करते हैं। निगम के आसामियों को आधुनिक प्रबन्ध तकनीकों में प्रशिक्षण देने के अलावा संस्थान सभी स्तरों पर निगम के कर्मचारियों को प्रशिक्षण देगा तथा विकास बैंक कारिता में राज्य और अखिल भारतीय स्तरों पर सावधिक ऋण दात्री वित्तीय संस्थाओं के कर्मचारियों को भी प्रशिक्षण देगा।

अन्य साधनों के साथ संस्थान का वित्त पोषण जर्मन संघीय गणराज्य की क्रेडिटस्टाण्ट फर वीडराउफबाड द्वारा निगम को मंजूर किये गये ड्यूशमार्क ऋण लाइन्स में से पैदा होने वाली ब्याज विभेदक निधियों में से केन्द्रीय सरकार द्वारा निगम को उपलब्ध कराये गये अनुदानों के द्वारा किया जायेगा।

संस्था का सामान्य अधीक्षण, निदेशन और संस्था के कार्यों और उसकी आय और

सम्पत्ति का नियंत्रण कार्य संस्था के प्रबंध विकास संस्थान, नयी दिल्ली के गवर्नर बोर्ड नामक शासी निकाय में निहित होंगी।

Report of Second Central Study Team to Rajasthan

6258. SHRI BISHWANATH JHUN-JHUNWALA: Will the Minister of FINANCE be pleased to state:

(a) whether the second team that was sent to Rajasthan to assess the financial requirement of the State to deal with the prevailing drought situation has since submitted its recommendations to the Central Government, if so, the gist thereof;

(b) how much money by way of direct relief work and how much for components have been suggested by this team; and

(c) how these recommendations compare with the recommendation of the first team and how much of the recommended amount has since been released to the State Government for utilisation?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) to (c). During the financial year 1972-73 three Central teams visited the State to assess the requirements of expenditure on drought relief measures. The ceilings adopted on the basis of the recommendations of each of those teams are given in the Statement laid on the Table of the House. An amount of Rs. 11 crores has been released during 1972-73 to the State Government on the basis of the progress of expenditure reported. Further releases will be based on the progress of expenditure to be reported by the State Government with reference to the ceilings adopted as also in the light of periodic assessment to be made by Central teams of the expenditure on Relief Works.

STATEMENT

(Rs. in lakhs)

	Relief Items	Loan Items	Total	Period covered
1st team	218.81	..	218.81	June-July, 1972
2nd team	318.00	123.00	441.00	August 1972—March, 1973.
3rd team Relief works	No ceiling			@October 1972 to September 1973.
Other Relief Items	354.00	158.00	512. *	

[@The ceilings recommended by the third Central team supersede the ceilings adopted on the basis of second Central team's report].

*Exclusive of expenditure on Relief Works].

रुस को निर्यात की गई वस्तुओं का मूल्य

6254. श्री हुकम चन्द कछवाय :
क्या वाणिज्य मंत्री यह बताने की कृपा करेंगे कि :

(क) वर्ष 1970-71 और 1971-72 के दौरान भारतीय मुद्रा में कितने मूल्य की वस्तुओं का रुस को निर्यात किया गया है; और

(ख) वित्तीय वर्ष 1972-73 के दौरान निर्यात की जाने वाली वस्तुओं का अनुमानित मूल्य क्या है ?

वाणिज्य मंत्रालय में उपमन्त्री (श्री ए० सी० जार्ज) : (क) 1970-71 तथा 1971-72 के दौरान सोवियत संघ को निर्यात की गई वस्तुओं का मूल्य नीचे दिया गया है :

करोड़ रु० में

1970-71	209.85
1971-72	208.70

(ख) 1972-73 के दौरान सोवियत संघ को निर्यात की गई वस्तुओं का मूल्य अनुमानतः लगभग 230 करोड़ रु० है ।

Report of Central Team on drought affected areas of Mysore

6255. SHRI K. MALLANNA: Will the Minister of FINANCE be pleased to state:

(a) whether the Central team has submitted its report on drought affected areas of the Mysore State;

(b) if so, what are its recommendations; and

(c) the action taken by the Centre thereon?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) Yes, Sir.

(b) The Central Team has recommended that expenditure incurred on generating employment through relief works approved by Central Teams would qualify for Central assistance. For other items the Central Team has recommended a ceiling of Rs. 5.12 crores.

(c) These recommendations have been accepted and communicated to the State Government. An amount of Rs. 16.5 crores has been released to the State Government by way of Central assistance during 1972-73. Further releases will be based on the progress of expenditure to be reported by the State Government with reference to the ceilings adopted as also in the light of periodic assessment to be made by Central Teams of the expenditure on relief works.

Seizure of Adulterated Tea at Howrah

6256. SHRI R. V. BADE:
SHRI HUKAM CHAND
KACHWAI:

Will the Minister of COMMERCE be pleased to state:

(a) whether during the month of March, 1973 about 16 thousand K. Grams of tea was seized at Howrah;

(b) whether too many things not fit for human consumption were found mixed in the tea; and

(c) the action taken by Government in this matter?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) to (c). About 52,000 kgs. of tea waste in 1053 bags was seized on 9/10 March, 1973 from a godown at Howrah. The following materials were also seized from the said godown:

(i) Saw dust	2 bags
(ii) Stone chip	1 bags
(iii) Sand (Coloured black)	2
(iv) Coconut fibre mixed sand and leather dust . .	129 bags
(v) Black dust looking dust tea	188 bags
(vi) Coloured dust looking like saw dust and Cow dung dust	

(vii) 2000 bottles containing liquids with labels "Saribadi Salsa" of Sadhana Aushdhalaya of Dacca. 100 wooden boxes

West Bengal Government have initiated appropriate action against the offenders. Representative samples of the seized goods have been sent by them for chemical analysis.

Deficits in the Budgets of States

6257. SHRI VAYALAR RAVI: Will the Minister of FINANCE be pleased to state:

(a) the total amount of deficit in the budgets of different State Governments and its State-wise break up;

(b) whether the Central Government have given any guidelines to the States to reduce deficit in budgets and if so, the reaction of different States thereto; and

(c) the names of States which approached the Centre for financial help to meet the financial difficulties and the reaction of the Centre thereto?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) A statement is laid on the Table of the House.

(b) The State Plan outlays for the current year have been fixed after detailed consultations with the State Governments and on a fully financed basis. The State Governments have been advised that all future operations would have to be on a self-financing basis and a balance would have to be maintained between the flow of resources and expenditure. No State has raised any objection.

(c) The Government of Mysore has approached the Centre for financial help to meet its budgetary deficit in 1973-74. The Government have

agreed in principal to provide special accommodation (by way of loans) to those States which may be assessed by the Planning Commission as having inescapable gaps in resources. For 1973-74, this assessment has not yet been made.

Export of Coir and Coir Products

6258. SHRI RAMACHANDRAN KADANNAPPALLI: Will the Minister of COMMERCE be pleased to state whether the export of coir and coir products has been affected due to Britain's joining the Common market?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): There would not be any change in the British tariff for Indian coir manufactures till the end of current year. Negotiations are already going on with the Community for satisfactory trading arrangements for the exports of Indian coir manufactures to the enlarged Community.

Setting up of Implementation Cell in the Ministry of Finance to Process the Recommendations of Third Pay Commission

6259. SHRI M. S. SIVASWAMY: will the Minister of FINANCE be pleased to state:

(a) whether Government have set up any implementation cell in his Ministry to process the recommendations of the Third Pay Commission; and

(b) if so, the nature of the cell set up for this purpose and the progress made in the matter?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) Yes, Sir.

(b) The Cell consists of one Additional Secretary, two Deputy and Under Secretaries each and other ancillary staff. A majority of the staff including the Additional Secretary have been appointed.

Talks to Dismantle International Trade Barriers

6260. SHRI M. S. SIVASWAMY: Will the Minister of COMMERCE be pleased to state:

(a) whether any international negotiations are proposed to be held during

this year to dismantle trade barriers; and

(b) if so, the points to be discussed in the said negotiations?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) and (b). Yes, Sir. A new comprehensive Multi-lateral Trade Negotiations under the auspices of the General Agreement on Tariffs and Trade are likely to be held in Geneva during 1973. The negotiations aim at removal or liberalisation of both tariff and non-tariff barriers to the flow of international trade. The negotiations will cover both industrial and agricultural products including tropical products. The techniques and modalities as well as the ground rules for the negotiations are under discussions in the various subsidiary Organs of the GATT.

Appointment of Clerks by Agents of S. B. I. Chhota-Nagpur (Bihar)

6261. KUMARI KAMLA KUMARI: Will the Minister of FINANCE be pleased to state:

(a) whether the Agents of State Bank of India located in Chhota Nagpur area (Bihar) do not hold any examination to appoint clerks in the Banks; and

(b) the number of appointments made and the examinations held during 1972 and whether the appointments are made on competition basis?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN): (a) and (b). The State Bank of India has reported that recruitment to Clerical/Cash Department staff in its offices in Chhota Nagpur Division is based on zonal tests generally held at Ranchi, Jamshedpur and Dhanbad. During the year 1972, 74 clerks-typists and cashiers are reported to have been appointed for its offices in Chhota Nagpur Division on the basis of tests held in 1971. As a result of two recruitment tests held at Jamshedpur

in 1972 for filling posts of clerks-typists and cashiers, it has been reported by the Bank that 32 candidates have since been selected for appointment.

Criteria for Appointment in State Bank of India

6262. KUMARI KAMLA KUMARI: Will the Minister of FINANCE be pleased to state:

(a) whether State Bank of India gives employment to the people who are known to high officials of State Bank and no competitive examination is held at State or Central level;

(b) if so, the reasons therefor; and

(c) the main criteria for appointment for clerks and peons?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN): (a) to (c). The bank has reported that all vacancies in the clerical and subordinate cadre are filled by it from among the candidates sponsored by local Employment Exchanges and a limited number of direct candidates who include temporary employees or dependents of the bank's employees. Specific percentage of vacancies are also reserved for the Scheduled Castes and Scheduled Tribes and ex-service-men. While the clerks are selected on the basis of written tests and interviews, the subordinate staff are selected on the basis of interviews only.

The main criteria for appointment prescribed by the bank for all candidates are:—

For Clerks :

- (i) candidates should possess the prescribed minimum educational qualification, i.e. First Division in the Matriculation or Second Division in the Intermediate or Graduation;
- (ii) they should be within the age limit of 18 to 25 years; and

- (iii) they should be found suitable in the written test and interview held by the bank.

For Peons :

- (i) candidates should not be matriculates ; and
- (ii) they should be within the age limit of 18 to 24 years.

The above criteria are, however, relaxed in the case of Scheduled Caste/Tribe candidates.

Selection for Appointment of Deputy Collectors to Special Pay Posts in Central Customs & Excise Department

6263. SHRI K. SURYANARAYANA: Will the Minister of FINANCE be pleased to refer to the reply given to Starred Question No. 71 dated the 23rd February 1973 and state:

(a) whether any rules have been framed under the proviso to Article 309 of the Constitution and for appointment to the special pay post to which the Deputy Collector referred to in part (c) of the reply has been appointed;

(b) if so, whether he would lay a copy thereof on the Table and if not, the reasons therefor;

(c) the manner in which selection of Deputy Collectors for appointment to special pay posts at Delhi/New Delhi either in the Central Customs and Excise Board's Office or in other offices under it is made and whether it is done on an all-India basis or otherwise; and

(d) the manner in which the selection to this post has presently been made?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) and (b). No, Sir. This special pay post is included in the cadre of Deputy Collectors of Customs and Central Excise. Appoint-

ment of a Deputy Collector to this post is not a promotion from the grade of Deputy Collector but is only a transfer from one post to another within the same cadre.

(c) and (d). Selection of Deputy Collectors for appointment to special pay posts in the Board's office or in other offices under it is made on considerations of suitability having regard to the officer's knowledge, experience, aptitude etc. For this purpose, a number of officers in the grade of Deputy Collector are considered in the order of their seniority which is on all-India basis. The officer appointed to the special pay post referred to in part (a) of the Question was also selected on this basis. Appointments of Deputy Collectors to the special pay posts in the Board's office are made with the prior approval of the Appointments Committee of the Cabinet in terms of the Scheme for staffing senior administrative posts in the Central Government Secretariat.

'Seizure of Third Party Goods by Collectorate of Central Excise, Madurai'

6264. SHRI K. SURYANARAYANA: Will the Minister of FINANCE be pleased to refer to the reply given to Unstarred Question No. 618 dated the 23rd February, 1973 and the statement laid on the Table in implementation of the assurance given in the earlier question referred to therein and state:

(a) the remedial measures which Government propose to take to either recover the Excise Duty paid by the buyers to the original 'licencees' or 'manufacturers' before removal of the goods from the latter or ensure its refund to the former who have been penalised to pay the double duty for the same goods;

(b) the reasons for not enforcing recovery of the dues already paid by buyers to the original 'licencees' or 'manufacturers' for which they hold valid receipts;

(c) the reasons for enforcing recovery of storage charges on these goods on which duty had already been paid before removal; and

(d) the present position regarding the release of goods held over for want of payment of storage charges and the relief which Government propose to give in such genuine cases of hardship?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) and (b). As already explained in the statement in fulfilment of assurance arising out of a reply to an earlier Question by the same Hon'ble Member, on the same subject, the Central Excise Department is concerned with payment of Central Excise duty into Government account either by the manufacturer, or if the duty has not been paid by him before removal of the goods from the factory for sale to another person, from that person who has come to possess such non-duty paid goods. If the buyer pays an amount equivalent to the duty as a part of the price to the manufacturer but this amount is not credited as excise duty into Government account, there is no provision in the Central Excise law to enable the Central Excise Department to intervene in the trade transactions to recover such amount, paid by the buyer, from the manufacturer, or ensure its refund to the buyer. In such a situation, if the buyer feels aggrieved, the remedy for him lies in taking legal proceedings against the seller.

(c) Position with regard to payment of duty has been explained in reply to parts (a) and (b) above. Regarding storage charges, the position, in law, is that these become payable by the owner of the goods which are seized and held liable to confiscation. Those goods on which proper duty has been paid into Government account not being liable to seizure, the question of storage charges becoming recoverable in respect thereof will not arise.

(d) At present, there is no case where release of goods is held up for want of payment of storage charges.

Revocation of the Registration Certificate in respect of M/s Howrah Cotton Textile Mills Ltd., Calcutta

6265. SHRI K. SURYANARAYANA: Will the Minister of COMMERCE be pleased to refer to the reply given to the Unstarred Question No. 2609 on the 1st December, 1972 and state:

(a) the stage at which the revocation of the registration certificate in respect of Messrs. Howrah Cotton Textile Mills Limited, Calcutta stands at present; and

(b) when final decision in the matter is likely to be taken?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) and (b). Necessary orders revoking the Registration Certificate of Messrs Howrah Cotton Textile Mill were issued on 16th March, 1973.

भारतीय रुई निगम द्वारा कपास की खरीद

6266. श्री गंगा चरण दीक्षित : क्या वाणिज्य मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या भारतीय रुई निगम ने कपास की खरीद के लिए मध्य प्रदेश में कुछ केन्द्र खोले हैं और यदि हां, तो कितने और ये किन स्थानों पर खोले गये हैं; और

(ख) इन केन्द्रों की अब तक की प्रगति क्या है ?

वाणिज्य मंत्रालय में उपमन्त्री (श्री ए० सी० जार्ज) : (क) और (ख). भारतीय रुई निगम ने मध्य प्रदेश में चालू रुई मौसम

1972-73 के दौरान रुई की खरीद के लिए 11 केन्द्र खोले हैं। उनके स्थान तथा 24-3-73 तक उनके द्वारा वहां पर की खरीदारियां निम्न प्रकार हैं :

केन्द्र	गांठों में रुई की खरीद
	593
	1050
	123
	887
	933
	611
	1132

मध्य प्रदेश के होशंगाबाद और पूर्व निमाड़ जिलों में राष्ट्रीयकृत बैंकों में गबन के मामले

6267. श्री गंगाचरण दीक्षित : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या गत तीन वर्षों में मध्य प्रदेश के होशंगाबाद और पूर्व निमाड़ जिलों में स्थित राष्ट्रीयकृत बैंकों में गबन के कुछ मामले हुए थे

(ख) इस सम्बन्ध में सरकार ने क्या कार्यवाही की है ; और

(ग) क्या कुछ मामलों में ऋण वही खाते में डाल दिये गये हैं ; और यदि हां, तो

इसके परिणामस्वरूप सरकार को कितनी हानि हुई ?

वित्त मंत्री (श्री यशवन्तराव चव्हाण) : (क) से (ग) : पंजाब नेशनल बैंक ने सूचना दी है कि होशंगाबाद जिले में इसकी पिपरिया शाखा में 1970 के वर्ष में कदाचारों और अनियमितताओं की कुछ घटनाएँ हुई हैं। कुछ अन्य पार्टियों के विरुद्ध एक पुलिस केस और दीवानी मुकदमें चल रहे हैं। शाखा अधिकारी को उस समय बैंक की सेवा से हटा दिया गया और उसकी भविष्य निधि (बैंक का अंशदान) तथा उपदान बैंक द्वारा रोक लिये गये हैं। बैंक ने यह भी बताया है कि उपरोक्त मामलों के सम्बन्ध में 1,01,558/- रु० की राशि बट्टे खाते डाल दी गई है।

अन्य 13 राष्ट्रीयकृत बैंकों ने पिछले तीन वर्षों में मध्य प्रदेश के होशंगाबाद तथा पूर्वी निमाड़ जिलों में गबन के किसी मामले की सूचना नहीं दी है।

मध्य प्रदेश में हथकरघा डिजाइनिंग केन्द्र की स्थापना

6268. श्री गंगाचरण दीक्षित : क्या वाणिज्य मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या भारत सरकार ने मध्य प्रदेश में एक हथकरघा डिजाइनिंग केन्द्र स्थापित करने का निर्णय किया है ;

(ख) यदि हां, तो उक्त केन्द्र कब तक कार्य करना आरम्भ कर देगा ; और

(ग) यदि नहीं, तो इसके कारण क्या

वाणिज्य मंत्रालय में उपमंत्री (श्री ए० सी० जार्ज) : (क) जी नहीं।

(ख) प्रश्न नहीं उठता।

(ग) मध्य प्रदेश में इन्दौर में पहले ही एक बुनकर सेवा केन्द्र है।

मध्य प्रदेश में बुनकर सेवा केन्द्र की स्थापना

6269. श्री गंगा चरण दीक्षित : क्या वाणिज्य मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश में बुनकर सेवा केन्द्र स्थापित करने का कोई प्रस्ताव राज्य सरकार से प्राप्त हुआ है ; और

(ख) यदि हां, तो उसकी मुख्य बातें क्या हैं और इस पर सरकार की क्या प्रतिक्रिया है ?

वाणिज्य मंत्रालय में उपमंत्री (श्री ए० सी० जे०) : (क) जी नहीं।

(ख) प्रश्न नहीं उठता।

बंगलौर और कसरोव के बीच एक ट्रक से तस्करी का सोना पकड़ा जाना

6271. श्री हुकम चन्द कछवाय : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या दिसम्बर, 1972 में बंगलौर और कसरोव के बीच एक ट्रक से भारी मात्रा में विदेशी सोना बरामद किया गया था ;

(ख) इस प्रकार बरामद किये गये सोने का भारतीय मुद्रा में मूल्य कितना है ;

(ग) इस सम्बन्ध में कितने व्यक्ति गिरफ्तार किये गये हैं ; और

(घ) उनके विरुद्ध सरकार ने क्या कार्यवाही की है ?

वित्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश) : (क) और (ख). केन्द्रीय उत्पादन शुल्क के मंगलौर प्रभाग के अधिकारियों ने 8 दिसम्बर, 1972 को विदेशी मार्का का 93.3 किलोग्राम सोना पकड़ा जिसका मूल्य भारतीय बाजार दर पर लगभग 25 लाख रुपये है। उक्त सोना मंगलौर के निकट अडियार-कन्नूर चौकी पर एक लारी से उस समय पकड़ा गया जब वह कैसरगोड से बंगलौर जा रही थी।

(ग) और (घ). इस सम्बन्ध में तीन व्यक्तियों को गिरफ्तार किया गया है। आग जांच पड़ताल जारी है।

पंजाब में तस्करी का सामान पकड़ा जाना

6272. श्री हुकम चन्द कछवाय : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) गत 5 महीनों में पंजाब में भारतीय मुद्रा में कितने मूल्य का तस्करी का सामान पकड़ा गया है ;

(ख) इस सम्बन्ध में कितने व्यक्ति गिरफ्तार किये गये हैं ; और

(ग) पकड़े गये सोने का मूल्य क्या

वित्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश) : (क) से (ग) : सूचना एकत्रित की जा रही है और सभा की मेज पर रख दी जायेगी।

Appointment of C.S.S. Junior Section Officers to the Post of Senior Analysts

6273. SHRI JHARKHANDE RAI: Will the Minister of FINANCE be pleased to state:

(a) whether some* of the Junior Class II C.S.S. Section Officers borne

on the Finance cadre were appointed since 1st January, 1968 to Class I posts of Senior Analysts contrary to the requirements of the U.P.S.C. (Consultations) Regulations;

(b) whether some of them are still continuing in such appointments even though the Cabinet Secretariat advised his Ministry that such appointments were irregular; and

(c) if so, what steps have been or are proposed to be taken in the matter?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) No, Sir.

(b) and (c). Does not arise.

Export of Shoes

6274. SHRI BISHWANATH JHUN-JHUNWALA: Will the Minister of COMMERCE be pleased to state:

(a) the total quantum of exports of shoes effected annually during the last three years to foreign countries;

(b) whether the price of shoes sold to foreign countries has gone up during these years and if so, by what amount.

(c) whether the increase in price of the sale of shoes is in any way reflected in increased earning for the suppliers and the shoes makers and if not, the reasons therefor; and

(d) the number of shoes manufactured by Government institutions and those supplied by the private trade during this period?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) Export's of Leather footwear effected during the last three years are as under:—

1970-71	Rs. 9.24 crores
1971-72	Rs. 8.63 crores
April 1972 to Jan.	
1973 (estimated)	Rs. 8.17 crores

183 L.S.—3.

(b) and (c). Increase in the export prices of Leather footwear has been in the range of 3 per cent to 8 per cent. There has however, been no corresponding increase in the earnings of the suppliers and shoe makers, due to increase in the price of leather.

(d) Exact figures are not available. The number of shoes supplied by Government institutions for export are negligible and the bulk was supplied by the private trade.

Recruitment of Stenographers in the Office of Collector, Central Excise and Customs, Delhi

6275. SHRI R. V. BADE: Will the Minister of FINANCE be pleased to state:

(a) whether the office of the Collector, Central Excise and Customs, Delhi obtained a 'No Objection Certificate' on 30th July, 1972 from the Central (Surplus Staff) Cell, Department of Personnel, New Delhi to the effect that there were no surplus Stenographers available for nomination to the office of Collector, Central Excise and Customs, Delhi; and

(b) if so, the number of vacancies and date on which these were notified to Central (Surplus Staff) Cell, New Delhi?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) Yes, Sir. The 'No Objection Certificate' in question was obtained from the Central (Surplus Cell) on the 10th July, 1972, and not on 30th July, 1972.

(b) Six vacancies were notified to the Surplus Cell on 1st February, 1972.

Export of Steel Pipes and Tubes

6276. DR. GOVIND DAS RICH-HARIYA: Will the Minister of COMMERCE be pleased to state:

(a) the quantum of steel tubes exported during the last three years, year-wise; and

(b) what incentive is given to the steel tube industry to augment their manufacture to earn more foreign exchange?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a). Export of steel pipes and tubes during the last 3 years and the current year have been as follows:—

(Value Rs. in lakhs)

1969-70	1127
1970-71	719
1971-72	741
1972-73 (April 72--Jan. 73)	675

(Source. BEPC)

(b) Facilities given to steel tube industry to augment export production include provision of principal raw material viz., H. H. strips and skelp from indigienous sources and from bulk imports organised through canalised agency, drawback of duties re-imbursement of price differential of steel supplies, railway freight concession etc.

Levy of Excise duty on domestic Electric Appliances

6277. SHRIMATI JYOTSNA CHAN-DA: Will the Minister of FINANCE be pleased to state:

(a) whether the Electrical Appliances Manufacturers Association, Malka Ganj, Delhi has sent a memorandum to him regarding increased excise duty on electrical appliances;

(b) whether during the year 1969-70 an excise duty of 10 per cent. was levied for the first time on domestic electrical appliances; and

(c) if so, what was the revenue expected as a result of this during the year 1970-71, 1971-72 and 1972-73 and what was the actual collection during each of these years? *

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) and (b). Yes, Sir.

(c) The information is as under:—

Year	Revenue estimated	Actual realisation
	(Rs. lakhs)	(Rs. lakhs)
1	2	3
1970-71 . . .	25	33
1972-72 . . .	40	49
1972-73 . . .	50	45*

*Figures are for 10 months April, 72—January, 73.

Production of House Rent Receipt by Government Employees

6278. SHRI AMBESH: Will the Minister of FINANCE be pleased to state:

(a) whether every Government employee has to produce house rent receipt to get rebate in income-tax assessment on the House Rent paid by him;

(b) whether there is any proposal under consideration of Government not to demand house rent receipts in respect of house rent paid by the Government employee for rebate in Income-tax; and

(c) if so, the salient features of the proposal?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) No rebate is permissible on the House Rent Allowance under the Income-tax Act. Therefore the question does not arise.

(b) and (c). Do not arise.

Memorandum from Tea Board Employees Association

6279. **SHRI VASANT SATHE:** Will the Minister of COMMERCE be pleased to state:

(a) whether Government have received a Memorandum from the Tea Board Employees' Association, New Delhi;

(b) if so, what are the main demands of the employees; and

(c) the action taken or proposed to be taken by Government thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) Yes, Sir.

(b) The demands of the Tea Board Employees' Association, New Delhi are as under:—

- (i) Enhancement of House Rent Allowance from 15 per cent to 30 per cent;
- (ii) Payment of Bonus;
- (iii) Promotion of Attenders;
- (iv) Provision of Staff Quarters;
- (v) Filling up of vacant posts of Demonstrators Sub-Inspectors, Head Clerks, Accountant etc.;
- (vi) Implementation of Internal Rational Transfer policy;
- (vii) Healthy accommodation for staff in Zonal Office;
- (viii) Restoration of electricity in Association's Office;
- (ix) Complete halt of anti-labour policy, harassment of employees and favouritism etc.
- (x) Removal of Special Officers; and

(xi) Open enquiry for distribution of tea caddies and expenditure on all Heads etc.

(c). The demands made by the Association are under consideration.

Voluntary Export from Cotton Textile Industry

6280. **DR. H. P. SHARMA:** Will the Minister of COMMERCE be pleased to state:

(a) whether India's cotton textile industry has decided to undertake a voluntary obligation to export 15 per cent of its production in 1973;

(b) how far this voluntary undertaking is likely to meet the export targets fixed by Government in respect of the cotton textile industry; and

(c) what steps are taken by Government to strictly regulate the production in accordance with the programme and policy and to ensure that no undeclared production is undertaken by the mills?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a). Yes, Sir.

(b). Indications are that the export targets will be achieved except in yarn where production has been already hit by power shortage.

(c). Government is not regulating the production pattern of individual mills. As far as undeclared production being undertaken by the mills is concerned, the question does not arise as textile goods are subjected to excise levies and excise authorities maintain account of all goods leaving the mill premises. Under a Notification issued by the Textile Commissioner under the Cotton Textiles (Control) Order, 1948, all manufacturers of yarn, cloth and processed fabrics are statutorily required to furnish complete details of their production every month.

Export of Indian Tea to Hard Currency Areas

6281. DR. H. P. SHARMA: Will the Minister of COMMERCE be pleased to state:

(a) whether the exports of Indian tea to hard-currency areas has been on the decline during the past three years;

(b) if so, the comparative figures for each of these years;

(c) the reasons for this decline; and

(d) the steps Government propose to take to regain its lost position in these markets?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) and (b). Exports of tea to free currency areas have been on decline during the past three years as per details given below:—

Countries	(In th. kgs.)		
	1970	1971	1972
U.K.	96,619	70,234	57,213
Ireland	4,841	5,649	5,957
West Germany	3,255	3,535	5,168
U.S.A.	7,116	9,046	7,070
Canada	3,280	3,845	2,883
Australia	3,688	3,062	3,150
New Zealand	285	313	337
Other free-currency countries	12,833	16,688	26,509
Total under free-currency countries	131,917	112,372	108,287

(c) Some of the reasons for decline in exports to free currency are—

(i) pressure of buying in Indian auctions by bi-lateral trade countries, (ii) pressure of rising domestic market, (iii) increasing competition from other producing countries particularly Ceylon, African countries, Argentina and Indonesia which can offer teas at comparatively cheaper prices.

(d) In order to boost tea trade to free currency areas, Government have *inter-alia* taken the following steps:—

(1) Abolition of export duty on tea with effect from 1st March, 1970;

(2) Rebate of excise duty at the point of export varying with price with effect from 15th April, 1970;

(3) Promotional activities by the Tea Board's offices established in London, New York, Brussels, and Sydney to create greater possibility for export of Indian tea to various traditional and new markets.

(4) Promotion of special packs of Indian tea in selected markets abroad with the cooperation of the local blenders/packers;

- (5) Advertisement through appropriate media of publicity in countries abroad;
- (6) Participation in Trade Fairs and exhibitions;
- (7) Exchange visits of traders and experts to promote the interest of tea;
- (8) Setting up of a Tea Trading Corporation in the Public Sector for export of packeted and blended teas; and
- (9) Participation in Generic Promotion along with other tea producing countries and local tea trade in importing countries to increase consumption of Tea as a beverage vis-a-vis other soft drinks.

Development of Village Industries in Tripura

6282. SHRI DASARATHA DEB: Will the Minister of COMMERCE be pleased to state:

(a) whether any survey was made to find out prospects for developing village industries in Tripura;

(b) if so, the outcome thereof; and

(c) what are the industries proposed to be developed in the rural areas of Tripura?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) Yes Sir.

(b) Survey revealed scope for developing Handlooms, Forest based village Industries, Processing of Cereals and pulses, Ghani Oil, Leather, Pottery, Cottage Match, Gur and Khand-sari, and Hand-made Paper Industries.

(c) Khadi & Village Industries Commission organised departmental activities from 1963-64. Presently Khadi work is being carried on by three institutions. 170 improved oil

ghanis were installed. 3255 beehives were distributed among 747 villages. Seven Village Pottery Co-operative Societies and two Fibre Units are functioning. In all, 54 co-operatives of artisans were organised. Annual developmental programmes for Khadi & Village Industries are formulated and implemented through Tripura State Khadi & Village Industries Board and directly aided institutions.

न्यूनतम और अधिकतम वेतन का अनुपात
घटा कर 1 : 10 करना

6283. श्री चिरंजीव झा : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार का विचार न्यूनतम और अधिकतम वेतन का अनुपात घटा कर 1 : 10 करने का है ;

(ख) यदि हां, तो इस दिशा में कब तक कदम उठाये जाने की सम्भावना है ; और

(ग) यदि नहीं, तो इसके क्या कारण हैं ?

वित्त मंत्रालय में राज्य मंत्री (श्री क० आर० गणेश) : (क) से (ग). तृतीय वेतन आयोग की, संशोधित वेतन ढांचे के बारे में सिफारिश केन्द्रीय सरकारी कर्मचारियों के लिये अभी हाल ही में मिली हैं और आयोग द्वारा प्रस्तावित न्यूनतम तथा अधिकतम वेतन सम्बन्धी सिफारिशें भी उनमें शामिल हैं, और इनकी जांच की जा रही है। इन सिफारिशों से उत्पन्न होने वाले असमानता-अनुपातों के सम्बन्ध में सही स्थिति का पता, विभिन्न सिफारिशों पर सरकार द्वारा निर्णय लिये जाने के बाद ही चल सकेगा।

Japanese Assistance for Industrial Projects

6284. SHRI K. MALLANNA:
SHRI DHAN SHAH
PRADHAN:

Will the Minister of FINANCE be pleased to state:

(a) whether Government have sought special assistance from Japan for the development of certain Industrial Projects; and

(b) if so, which are those industrial projects?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN):
 (a) and (b). Government are exploring the possibility of obtaining assistance from Japan for additional fertiliser and steel production.

Amount Advanced by Nationalised Banks for Improvement of Agriculture and Animal Husbandry

6285. SHRI K. MALLANNA: Will the Minister of FINANCE be pleased to state:

(a) the amount of money advanced for the improvement of agricultural and Animal Husbandry by the nationalised Banks during the year 1972-73; and

(b) the number of landless and Small land holders benefited?

THE DEPUTY MINISTER IN THE MINISTRY OF FINANCE (SHRIMATI SUSHILA ROHATGI): (a) Separate statistics of bank advances for the improvement of agriculture and animal husbandry are not maintained. The amount of agricultural advances provided by public sector banks outstanding at the end of June 1972 was Rs. 379.96 crores.

(b) According to the data available upto the end of December, 1971, the

number of borrowal accounts of land holders upto 5 acres financed by public sector banks was 4,21,274. This is inclusive of lendings to landless agricultural labourers for purchase of milch cattle, poultry birds etc.

Formation of Tea Company by Government in Public Sector

6286. SHRI ROBIN KAKOTI: Will the Minister of COMMERCE be pleased to state:

(a) whether Government have formed a Tea Company in the public sector; and

(b) if so, the names of the Chairman and members of the Board of Directors of the Company?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) Yes, Sir. Government have set up 'Tea Trading Corporation of India Ltd.' in the Public Sector.

(b) Shri B. R. Vohra, Chairman, Tea Board is the Part-time Chairman of the Corporation and Shri D. K. Nag is its Managing Director. The other Directors so far appointed are:—

(i) Shri V. V. Parekh, Managing Director, Housing and Urban Development Corpn., New Delhi.

(ii) Shri M. N. Misra, Director, State Trading Corporation, New Delhi.

(iii) Shri L. N. Saklani, Director, Ministry of Commerce, New Delhi.

Total number of employees working in various Airports in Assam

6287. SHRI ROBIN KAKOTI: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state the total number of employees working in

various airports in Assam, category-wise?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): A statement giving the requisite information is laid on the Table of the House. [Placed in Library. See No. LT-4739/73.]

Number of flights operated by Indian Airlines from Calcutta to Assam, Manipur, Tripura and Back during 1972

6288. SHRI ROBIN KAKOTI: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) the total number of flights operated by Indian Airlines from Calcutta to Assam, Manipur, Tripura and back during 1972;

(b) how many of the flights were delayed or cancelled with reasons therefor; and

(c) the steps taken to improve the flights?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) The requisite information for the calendar year 1972 is not readily available. However, the total number of flights operated during the period October to December, 1972 from Calcutta to Assam, Manipur, and Tripura sectors and back was 3,735.

(b) The number of flights delayed exceeding 30 minutes (including cancellations) during the above period, due to various reasons, is given hereunder:—

S.No.	Reasons	Total No. of delays	Total No. of cancellations
1	Engineering	34	4
2	Commercial (Traffic, Catering & Security checks) .	8	..
3	Operations	24	..
4	Transport	2	..
5	Weather	112	11
6	Consequential	600	60
7	Miscellaneous	19	51
8	Air Traffic Control	2	..
TOTAL		801	126

(c) Indian Airlines are constantly taking steps to improve the punctuality of their services. The causes of each delay are examined and corrective measures taken wherever possible.

India's share of hessian in world market

6289. SHRI BISHWANATH JHUNJHUNWALA: Will the Minister of COMMERCE be pleased to state:

(a) whether Calcutta Jute Fabrics Shippers Association has informed Government that unless immediate corrective measures are introduced, India's share of hessian in world market will be substantially reduced and the industry which earned over Rs. 250 crores worth of foreign exchange will be edged out of the world market; and

(b) if so, Government's reaction thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) In a recent communication the Calcutta Jute Fabrics Shippers Association has stressed the urgent need to abolish export duty on jute goods, to enable Indian jute goods to compete with our competitors and to contain the encroachment of synthetics.

(b) Government have noted the suggestion of the Association. The course of exports and the incidence of export duty are kept under constant review.

Decline in foreign aid and foreign exchange reserves

6290. SHRI BISHWANATH JHUNJHUNWALA: Will the Minister of FINANCE be pleased to state:

(a) whether the quantum of foreign aid during 1972-73 has sharply declined;

(b) whether the position of foreign exchange reserves has also declined sharply during the last three years;

(c) if so, the precise position in regard to decline in foreign aid and foreign reserves for the last three years; and

(d) what would be the impact thereof on our economy and plan implementation and whether this will necessitate resorting to more of deficit financing?

THE MINISTER OF FINANCE (SHRI YESHWANTRA CHAVAN):

(a) There has been a decline in the quantum of foreign aid commitments in 1972-73 as compared to the previous two years.

(b) There has been a slight fall in our foreign exchange reserves as compared to 1971-72, though our position is better than that in 1970-71.

(c) The precise position in respect of foreign aid committed and foreign exchange reserves for the last three years are as follows:

	Rs. Crores	
	Aid Committed	Foreign Exchange Reserves
1970-71	761.9	723.8
1971-72	929.2	848.7
1972-73	670.9	815.8 (Prov.)

(d) It is Government's endeavour to ensure that plan implementation is not affected and that greater resort to deficit financing does not occur.

Assam Cooperative Jute Mill, Silghat

6291. SHRI ROBIN KAKOTI: Will the Minister of COMMERCE be pleased to state:

(a) whether the Assam Co-operative Jute Mill at Silghat in Nowgong District is facing acute financial crisis and is going to be closed; and

(b) if so, the steps taken to provide necessary financial help to tide over the crisis?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) The Assam State Government have reported that the Co-operative Jute Mill at Silghat is having difficulties in meeting its obligations for supply of sacking to DGS&D. There is no danger of closure of the mills.

(b) No financial assistance has been sought in this behalf.

विश्व बैंक के उपाध्यक्ष और उत्तर प्रदेश के मुख्य मंत्री में हुई वार्ता

6292. श्री कृष्ण चन्द्र पांडेय : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या केन्द्रीय सरकार को पता है कि विश्व बैंक के उपाध्यक्ष और उत्तर प्रदेश के मुख्य मंत्री तथा वित्त मंत्री में फरवरी, 1973 के प्रथम सप्ताह में वार्ता हुई थी; और

(ख) यदि हां, तो वार्ता का संक्षिप्त विवरण और उसका परिणाम क्या है ?

वित्त मंत्री (श्री यशवन्त राव चव्हाण) :
(क) जी, हां ।

(ख) बातचीत सामान्य किस्म की थी और इसका सम्बन्ध उत्तर प्रदेश विकास से था और उस में वे दो परियोजनाएं भी शामिल थीं जिनके लिए विश्व बैंक समूह से सहायता मांगी गयी है ।

Smugglers on border areas of Assam

6293. SHRI ROBIN KAKOTI: Will the Minister of FINANCE be pleased to state:

(a) whether the smugglers are very active in the border areas of Assam;

(b) the number of smugglers arrested or detained there in 1972 and upto January, 1973; and

(c) the steps taken to prevent smuggling in these border areas?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) Some activity of smugglers has been noticed in the border areas of Assam.

(b) The number of persons arrested on charges of smuggling in the border areas of Assam was 311 during the year 1972 and 35 in January, 1973.

(c) The measures taken to prevent smuggling in these border areas are as follows:—

(i) Systematic collection and follow up of information, keeping watchful eye on the suspected smugglers and checking of vulnerable sectors along the land frontiers. In addition, the Border Security Force deployed on this border and the State Police also help in checking smuggling.

(ii) Holding of frequent meetings between Enforcement Agencies like Customs, Central Excise, Border Security Force and State Governments' Police to ensure better co-ordination for mutual exchange of information; and

(iii) Imparting of specialised training to the officers on anti-smuggling work.

Issuing of Import/Export Licences to Ashoka Layland

6294. KUMARI KAMLA KUMARI: Will the Minister of COMMERCE be pleased to state:

(a) the number of export and import licences issued to the "Ashoka Layland" vehicle manufacturing com-

pany, the Fiat and Hindustan Motors during the years 1970-71 and 72; and

(b) whether all these licences have been utilised properly?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) Particulars of all Import/Export licences issued by the Import and Export Trade Control Organisation are published in the "Weekly Bulletin of Industrial Licences, Import Licences and Export Licences", copies of which are sent to the Parliament Library.

(b) Names of the firms against whom action has been taken under the Import and Export (Control) Act, 1947 and orders issued there-under for improper utilisation of licences, if any, are also published in the aforesaid publication.

C.B.I. Enquiry into the Film Distribution Business Started by Shri A. K. Mishra

6295. PROF. MADHU DANDAVATE: Will the Minister of COMMERCE be pleased to state:

(a) whether Government have seen a news-item appearing in Delhi Weekly 'Pratipaksha' (Hindi) dated the 29th October, 1972 about an enquiry conducted by the Central Bureau of Investigation into the Film Distribution business started by Shri A. K. Mishra of Rajdhani Films Private Limited;

(b) if so, what are the findings of the inquiry; and

(c) whether Government propose to take any action against Shri A. K. Mishra?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) Yes, Sir.

(b) and (c). The Central Bureau of Investigation did not make any inquiries against Shri A. K. Mishra.

Use of charas and pot by young people in discotheques of Delhi

6296. SHRI D. D. DESAI: Will the Minister of FINANCE be pleased to state:

(a) whether discotheques in Delhi have become the dens for use of charas and pot by the younger generation increasingly; and

(b) if so, what steps Government are taking to check the tendency to introduce the young people to harmful drugs and narcotics in these discotheques?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) and (b). The Police, and local Excise authorities keep a watch over the activities of the discotheques in Delhi so that no harmful drugs and narcotics or any other banned intoxicants are used in their premises. Government have no information that these discotheques have become the dens for use of charas and pot by the younger generation.

Construction of Tea Board's Stall in Asian Fair

6297. SHRI R. N. BARMAN:
SHRI B. K. DAS-
CHOWDHURY:

Will the Minister of COMMERCE be pleased to state:

(a) total amount paid to the architect and the contractor for construction of Tea Board's stall in Asian Fair held recently at Delhi;

(b) total amount spent on visit of the architect to Darjeeling and other areas; and

(c) whether the Board did not consider the panel of architects of the Directorate of Exhibitions of Government but appointed an architect who was associated with the construction of house of a senior officer of the Board at New Delhi?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) For the construction of Tea Board's Stall in Asian Fair, a sum of Rs. 1,84,320 has been provisionally paid to the Central Public Works Department subject to final adjustment. An *ad-hoc* payment of Rs. 8000 has been made to the Architect for interior designing and decor.

(b) The Architect did not make any visits to Darjeeling and other areas.

(c) The Architect for interior designing of the Board's stall was appointed from the list of approved architects and interior designers prepared by the Asian Fair authorities.

Transfer of Headquarters of Tea Board Chairman to Delhi

6298. SHRI R. N. BARMAN:
SHRI B. K. DAS:
CHOWDHURY:

Will the Minister of COMMERCE be pleased to state:

(a) whether the headquarters of Tea Board Chairman has been transferred to New Delhi;

(b) if not, the total number of days in 1971-72 and 1972-73 he spent at New Delhi on duty, the total amount paid for his air fare and daily allowance for duty at New Delhi; and

(c) whether any house building loan had been granted to him for construction of a house at New Delhi and if so, whether he took any earned leave in connection with construction of his house or was permitted to attend office at New Delhi during the period of construction of his house?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) No, Sir.

1971-72 1972-73

(upto February, 1973)

(b) Total number of days spent on duty in New Delhi . . .	77	95½
Air Fare . . .	12203.10	17846.50
Daily Allowance	1809.50	2244.25

(c) Chairman, Tea Board had been granted house building loan by the Uttar Pradesh Government. He had not taken any earned leave during the last two years.

Prior-Permission by Chairman Tea Board to sell his Car

6299. SHRI R. N. BARMAN:
SHRI B. K. DAS:
CHOWDHURY:

Will the Minister of COMMERCE be pleased to state:

(a) whether Chairman of Tea Board obtained prior permission before selling his Mercedes Car to a tea firm and if so, what was the price received;

(b) the date of sale, date and value of original purchase and total mileage run; and

(c) whether he has drawn any Car Advance after the sale of his Mercedes?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) Yes, Sir. The price received was Rs. 44,000.

(b) The car was sold on 4-1-1971.

The car was purchased in Germany in October, 1961 at about Rs. 10,000. On import into India in 1965 a duty of about Rs. 11,000 was paid plus usual freight and insurance. The date on

which the car was sold, it had done only 47,000 kilometers.

(c) No, Sir.

**Central Aid to West Bengal for
Development of Powerloom
Cooperatives**

6300. SHRI JYOTIRMOY BOSU: Will the Minister of COMMERCE be pleased to state the total amount of assistance given by the Union Government during the last three years for the development of Powerloom Cooperatives in West Bengal?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): The development of powerloom industry in West Bengal is primarily the concern of the State Government. The Central assistance to the State is granted for its Annual Plan Scheme; powerlooms are included in the Village and Small Industries for which provision is made in the State's Annual Plan. This assistance is provided by way of block loans and grants for the State's Plan as a whole and is not related to any specific scheme or programme. Besides the block assistance, no assistance specifically for the development of powerloom cooperatives has been provided to the Government of West Bengal by the Central Government during the last three years.

**Issue of No Objection Certificate by
Bombay Municipal Corporation for
the Buildings occupied by Income-tax
Department and Nationalised Banks
in Bombay**

6301. SHRI FATEHSINGHRAO GAEKWAD: Will the Minister of FINANCE be pleased to state:

(a) whether the Income-Tax Department and some nationalised banks recently occupied some newly constructed buildings in Bombay in spite of a number of construction irregularities in them;

(b) whether the Bombay Municipal Corporation had initially refused to issue a no-objection certificate to these buildings but it was later persuaded by the parties concerned to issue a no-objection certificate; and

(c) the action taken or being taken by Government in the matter?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) to (c). So far as the Income-Tax Department is concerned, the position is that a newly constructed building at Tardeo, Bombay was hired. The Bombay Municipal Corporation had pointed out no construction irregularities to the Department; nor had the Department approached the Corporation for regularisation of any such irregularity. As, however, the landlord was experiencing some difficulties with the Corporation for using the building as commercial premises and the Income-tax Department was in urgent need of additional accommodation at reasonable rates, the Income-tax Department wrote to the Municipal Commissioner for getting the premises cleared for early occupation by it. The premises were occupied only after the Municipal Corporation issued the Occupation Certificate.

As regards accommodation hired by Nationalised Banks, the information is being collected and will be laid on the Table of the House as early as possible.

**Rehabilitation of People affected by
floods in Dhenkanal District, Orissa**

6302. SHRI P. GANGADEB: Will the Minister of FINANCE be pleased to state:

(a) whether 4 lakh people who affected by floods of July, 1972 in 15 blocks in the District of Dhenkanal, Orissa, have been fully rehabilitated;

(b) if so, the amount spent for this purpose; and

(c) what steps were taken to complete the relief works before the end of the 1972-73?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) to (c). Formulation and implementation of relief programmes is the responsibility of the State Government. Central Government provide financial assistance towards relief and rehabilitation measures undertaken by the State Government for the State as a whole. An amount of Rs. 9.42 crores has been released to the State Government towards expenditure on various relief measures in 1972-73 necessitated on account of cyclone, drought and floods.

इलाहाबाद के सूखा प्रभावित क्षेत्रों की सहायता

6303. श्री शिव कुमार शास्त्री : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या इलाहाबाद जिले की सूखा प्रभावित करधना और मेजा तहसीलों के लिये केन्द्रीय सरकार ने सूखा प्रभावित क्षेत्र कार्यक्रम के अन्तर्गत दो करोड़ रुपये की सहायता दी है और इतनी ही राशि अगली पंच-वर्षीय योजना में देने का आश्वासन दिया है; और

(ख) यदि हां, तो इस राशि का उपयोग उन तहसीलों में किस प्रकार किया जायेगा ?

वित्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश) : (क) और (ख) : केन्द्रीय सहायता समग्र राज्य के व्यय के लिए दी जाती है, किसी क्षेत्र-विशेष के व्यय के लिए नहीं क्षेत्रों का चयन करता राज्य सरकारों की

जिम्मेदारी है । 1972-73 के दौरान, राज्य सरकार को बाढ़ और सूखा संबंधी विभिन्न उपायों के लिए केन्द्रीय सहायता के रूप में 5.65 करोड़ रुपये की राशि दी गयी है ।

Purchase of Industrial Plants from Europe

6304. SHRI N. K. SANGHI: Will the Minister of COMMERCE be pleased to state:

(a) whether some of the industrial organisations in Europe offered to sell their entire plants as their products had become less profitable owing to increased Labour cost; and

(b) if so, the number of such cases that have been finalised by Government and the main features thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) and (b). A statement is laid down on the Table of the House. [Placed in Library. See. No. LT—4740/73].

Modernisation of Art Silk Textile industry

6305. SHRI RAM BHAGAT PASWAN: Will the Minister of COMMERCE be pleased to state:

(a) whether art-silk textile industry has blamed Government to have applied a sudden brake on their modernisation plan by refusing to allow the import of circular knitting machinery; and

(b) if so, the reasons for refusal of import thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) and (b). There have been reports in a section of the press to the effect that import of circular knitting machines have not been allowed in the art silk

sector. This is, however, not correct. Requests for import of these machines are considered on the merits of each case and import is allowed in terms of the Import Trade Control Policy.

Central Study Team to Bihar to Assess Drought situation in that State

6306. SHRI BHAGIRATH BHANWAR: Will the Minister of FINANCE be pleased to state:

(a) whether any Central team had been sent to Bihar to assess the alarming drought situation and financial requirements of that State; and

(b) if so, the main recommendations of the team and Centre's reaction thereto?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) and (b). Two Central teams visited the State during 1972-73. The first Central team had recommended a total ceiling of Rs. 3.2 crores. The second Central team revised this ceiling upwards and the ceilings adopted on the basis of its report are as follows:

	(Rs. in crores)
Relief Items	11.90
Loan Items	1.50
TOTAL	13.40

An amount of Rs. 10 crores has been released to the State Government as against the ceiling on the basis of the progress of expenditure reported.

Accounts of former Rulers in Foreign Banks

6307. PROF. NARAIN CHAND PARASHAR:

SHRI VARKEY GEORGE:
Will the Minister of FINANCE be to state:

(a) whether any of the former Princes affected by the abolition of princely privileges had their accounts in the foreign banks at the time of abolition of privy purses; and

(b) if so, the names of these Princes and the amounts in the banks concerned?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN):
(a) Yes Sir.

(b) A statement is laid on the Table of the House. [Placed in Library. See No. LT-4741/73.]

Recovery of Pre-partition debt from Pakistan

6308. SHRI BHARAT SINGH CHOWHAN: Will the Minister of FINANCE be pleased to state:

(a) the action taken by Government for recovery of pre-partition debt of Rs. 300 crores due from Pakistan;

(b) whether interest is chargeable on this amount and if so, the amount of the interest accrued thereon; and

(c) whether Pakistan has agreed to pay interest thereon and if not, the further action being taken by Government in this regard?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN):

(a) to (c). Under the partition arrangement concluded in December, 1947, Pakistan's partition debt to India was repayable in 50 annual equated instalments of principal and interest commencing from 15th August, 1952. Despite efforts made on various occasions, no agreed settlement has so far been reached about the quantum of debt due from Pakistan nor has Pakistan made any payment in this regard.

**Explanation of Policies by Indian
Investment Centre to Indians
abroad**

6309. SHRI R. V. SWAMINATHAN:
Will the Minister of COMMERCE be
pleased to state:

(a) whether Indian investment
centre which has its branches abroad
is explaining its policies to the
Indians; and

(b) if so, what concessions are
likely to be given, and how many
cases have been forwarded to the
Indian Government by the Invest-
ment Centre for its approval?

THE DEPUTY MINISTER IN THE
MINISTRY OF COMMERCE (SHRI
A. C. GEORGE): (a) Yes, Sir.

(b) The import policy provides for
special facilities to Indians returning
from/residing abroad who wish to set
up industries in India. Details of the
Scheme are given in the Import Trade
Control Policy (Red Book—Vol. I)
for 1973-74. Seventeen applications
have so far been received through
the Indian Investment Centre.

**Payment of Taxes by National and
Grindlays Bank**

6310. SHRI JYOTIRMOY BOSU:
Will the Minister of FINANCE be
pleased to state:

(a) the details of the Indian Taxes
paid by the National and Grindlays
Bank year-wise, during the last three
years;

(b) whether there are arrears;

(c) whether his Ministry has re-
ceived letters from a former officer
of the National and Grindlays Bank
containing allegations of tax evasion
against it and if so, the nature of
such allegations; and

(d) what action if any, has been
taken on these allegations?

THE MINISTER OF STATE IN
THE MINISTRY OF FINANCE
(SHRI K. R. GANESH): (a)
The details of income-tax paid by
the National and Grindlays Bank
year-wise during the last three years
are as under:—

Year	Regular tax	Advance tax	U's 140A	Total
1969-70	2,53,000	37,57,000	3,99,000	44,09,000
1970-71	7,26,000	22,19,000	Nil	29,45,000
1971-72	7,36,000	1,64,62,000	3,36,000	1,75,34,000

(b) There are no arrears as on
23-3-1973.

(c) Yes, Sir. The Ministry has re-
ceived letters from a former official
of the Bank containing certain alle-
gations against the Bank. Some of
the allegations made against the bank
are as follows:—

(a) Improper valuation of per-
quisites provided to top offi-
cials of the bank.

(b) Improper claims of deprecia-
tion in regard to bank's
buildings other assets.

(c) Evasion of Income-tax by the
pensioners of the bank settl-
ed in U.K.

(d) Non deduction of tax at
source from interest paid to
non-residents.

(e) Improper claims of certain expenses.

(d) Investigations in regard to those and other allegations are in progress.

Rise in deficit of the Current Budget

8311. SHRI SAMAR GUHA: Will the Minister of FINANCE be pleased to state:

(a) whether one of the spokesmen of the Finance Department told pressmen on 1st March, 1973, that deficit in the current budget may rise from the present estimate of Rs. 85 crores to Rs. 200 crores in course of implementing the recommendations of the Pay Commission;

(b) if so, whether he was authorised by Government to state in advance that the expected expenditure to implement the recommendations of the Pay Commission may be incurred by Government to the extent of Rs. 115 crores;

(c) if so, the basis of such advance estimate;

(d) whether such advance observation regarding expected financial commitment of the recommendations by the Pay Commission, is an indirect attempt to influence the decision of the Commission; and

(e) if not, the justification of such advance observation by the Government spokesman?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) to (e). The question apparently refers to the Press briefing held by the Finance Ministry officers on the 1st March, 1973. When the Finance Ministry officers were asked whether there will be additional deficit financing on implementing the recommendations of the Third Pay Commission,

it was explained that the deficit financing may possibly go up to even Rs. 200 crores. A high-powered body like the Pay Commission could hardly be expected to be influenced by any such statements made by the officers of the Finance Ministry.

जनरल इश्योरेंस कम्पनी पटना में घोटाला

6312. श्री रामावतार शास्त्री : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार का ध्यान पटना से प्रकाशित "पटना टाइम्स" के 31 दिसम्बर, 1972 और 18 फरवरी, 1973 के अंकों में प्रकाशित क्रमशः "जनरल इश्योरेंस कम्पनी में भ्रष्टाचार घोटाला" और "जनरल सोसाइटी में गोलमाल" नामक समाचारों की ओर आकृष्ट किया गया है ; और

(ख) यदि हां, तो उसके बारे में सरकार की प्रतिक्रिया क्या है ?

वित्त मंत्रालय में उप-मंत्री (धीमती सुशीला रोहतगी) : (क) जी हां ।

(ख) आरोप ये थे:—

(i) पूंजीपतियों के प्रतिनिधि ही बीमा कम्पनियों के अभिरक्षक बने हुए हैं और उनके संरक्षण में बहुत भ्रष्टाचार चल रहा है ।

(ii) मोटर-बीमा के गलत अथवा बढ़े-चढ़े दावों का भुगतान किया जा रहा है ।

(iii) एक विविध बीमा कम्पनी की पटना स्थित शाखा के शाखा-प्रबन्धक ने, शाखा में की गयी

अनियमितताओं पर पर्दा डालने के लिए अपने रिश्तेदारों को महत्वपूर्ण पदों पर नियुक्त किया है। इस शाखा का लेखाकार, शाखा प्रबन्धक का भतीजा है और उसने पंजाब नेशनल बैंक में दो खाते खोले हैं। यदि इन खातों की जांच की जाय तो सनसनीपूर्ण तथ्य प्रकाश में आयेंगे।

(iv) किसी बीमा कम्पनी के एक चपरासी को पहले अधीक्षक और बाद में निरीक्षक नियुक्त किया गया। शाखा-प्रबन्धक एक अन्य निरीक्षक के नाम से कारोबार करते हैं।

(v) कलकत्ती में काम कर रहा एक व्यक्ति बीमा कम्पनी में निरीक्षक के रूप में भी काम कर रहा है।

उपर्युक्त आरोप विशिष्ट प्रकार के नहीं होने से इनकी वाबत कोई कार्यवाही नहीं की जा सकती थी। यदि कोई विशिष्ट आरोप प्राप्त होंगे तो सरकार उनकी जांच करेगी।

Tea Delegation to South America

6313. SHRI B. K. DASCHOWDHURY: Will the Minister of COMMERCE be pleased to state:

(a) whether in the last three years any proposal for sending out a tea delegation to South America was discussed by the Export Promotion panel for America of Tea Board and if so, what were the observations of the Panel;

(b) the names of the countries in South America which Tea Board Chairman visited in 1972 and the purpose of the visit; and

183 L.S.—4.

(c) the nature of control on tea imports including import duty prevailing in South American countries?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) Proposal for sending a delegation to North and South Americas was discussed at the meetings of Panel 'B' of the Export Promotion Committee held in July 1970 and March 1971. The views of the Panel to keep the proposal in abeyance were placed before the meeting of the Export Promotion Committee. This Committee decided to defer the same.

(b) Chairman, Tea Board did not visit any South American countries in 1972.

(c) Information is being collected and will be placed on the Table of the House.

Specific Export Obligations on British Collaboration Projects

6314. DR. RANEN SEN: Will the Minister of COMMERCE be pleased to state:

(a) whether Mr. Noel Burne, leader of the British Business Mission, now touring India, has stated that the British industry would not like the Government of India setting any specific export obligations on their collaboration project; and

(b) if so, what is Government's reaction thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) The Government of India have no knowledge of any such statement having been made by Mr. Burne, leader of the British Business Mission.

(b) Does not arise.

**Evasion of Income-tax by Koday's
Manufacturer of Liquor in**

Bangalore

6315. SHRI K. LAKKAPPA: Will the Minister of FINANCE be pleased to state:

(a) whether it has come to the notice of Government that (Koday's) manufacturer of liquor in Bangalore is evading Income-tax and Central Sales Tax; and

(b) if so, what action is proposed to be taken by Government?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) and (b). Certain investigations regarding evasion of income-tax by Khoday's group of concerns are being made. Action as provided under the law will be taken on the basis of the results of the investigations.

As regards evasion of Central Sales tax by M/s. Khoday's, no instance has come to Government's notice.

केन्द्रीय करों में बिहार के भाग में वृद्धि

6316. श्री एम० एस० पुरती :

श्री के० एम० मधुकर :

क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बिहार सरकार ने केन्द्रीय सरकार से कर आय में अपने भाग में वृद्धि करने का अनुरोध किया है ; और

(ख) यदि हाँ, तो अनुरोध की मुख्य बातें क्या हैं और केन्द्रीय सरकार की इस बारे में क्या प्रतिक्रिया है ?

वित्त मंत्री (श्री यशवंतराव चव्हाण) :
(क) और (ख). भारत सरकार को बिहार सरकार से केन्द्रीय करों और शुल्कों में उसके हिस्से में वृद्धि करने के सम्बन्ध में कोई अनुरोध प्राप्त नहीं हुआ है ।

**Purchase of Cardamom for Export by
STC.**

6317. SHRI D. B. CHANDRA GOWDA: Will the Minister of COMMERCE be pleased to state:

(a) whether the State Trading Corporation has entered the Cardamom market for the purchase of Coorg variety cardamom for export; and

(b) if so, the action taken or proposed to be taken in the matter?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) and (b). The State Trading Corporation obtained certificate of registration as dealer from Cardamom Board in November, 1972 and exported 500 Kilograms of Cardamom (Coorg Green) valued at Rs. 0.28 lakh to Japan during 1972-73. Efforts to market additional quantities of cardamom are in progress through a network of State Trading Corporation's offices abroad.

**Stricture passed by Delhi High Court
against Hindi officer of Finance
Ministry**

6318. SHRI RAM PRAKASH:

SHRI M. C. DAGA:

Will the Minister of FINANCE be pleased to state:

(a) whether the Delhi High Court has passed any stricatures against the Senior Hindi Officer of the Ministry of Finance;

(b) if so, in what manner and under what circumstances; and

(c) the action Government have taken or propose to take in the matter?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) to (c). On receipt of the Delhi High Court judgment in civil writ No. 1055 of 1970 it had appeared that a view was possible that the Court had made certain adverse observations against the Senior Hindi Officer of the Ministry of Finance. The matter is under examination.

Amount spent on maintenance of imported cars/staff cars in Government of India offices

6319. SHRI NAWAL KISHORE SHARMA: Will the Minister of FINANCE be pleased to state:

(a) the total amount spent on the maintenance of imported cars/staff cars in use in the Government of India Offices during the last three years;

(b) the amount spent by Government on import of spare parts for these cars in foreign exchange during the last three years;

(c) whether there is any proposal under the consideration of Government to replace these imported cars by indigenous cars; and

(d) if not, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) and (b). The information is being collected and will be laid on the Table of the House as soon as possible.

(c) and (d). The use of imported cars is already restricted to the minimum. They are maintained mainly for the use of V.I.Ps., or in connection with protocol requirements or for certain kinds of special-

ised field jobs. However, as and when occasions for replacing the existing imported cars arise, the question of replacing them by indigenous cars is invariably examined.

Discussion with Yugoslavia Delegation for Export of Wagons

6320. SHRI M. S. SANJEEVI RAO: Will the Minister of COMMERCE be pleased to state:

(a) whether any discussions were held with the Yugoslavia delegation in March, 1973 to export Rail Wagons and

(b) if so, the nature and outcome thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) and (b). No discussions were held with the Yugoslav delegation that visited India in March, 1973 on export of railway wagons deal, the agreement on which has already been signed. Both sides, however, agreed that there are possibilities of further cooperation between the two countries in several sectors such as railway wagons.

Gradual extinction of Brass and Bell metal industry

6321. SHRI R. P. DAS: Will the Minister of COMMERCE be pleased to state:

(a) whether the Brass and Bell Metal Industry is on the way to gradual extinction;

(b) if so, the causes thereof;

(c) whether Government have ever suggested any specific remedy for revival of this industry; and

(d) if so, the salient features of the suggestions made?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) No, Sir.

(b) Does not arise.

(c) and (d). It is the policy of the Government to encourage the development of handicrafts including brass and bell metal industry. The All India Handicrafts Board have been assisting the brass and bell metal industry in the country in diversifying the line of production by evolving new export oriented designs and making them available to the industry through their four Regional design Centres.

**Artisans, Middlemen and Traders.
engaged in Brass and Bell Metal
Industry**

6322. SHRI R. P. DAS: Will the Minister of COMMERCE be pleased to state:

(a) the number of artisans, middlemen and traders engaged in the Brass and Bell Metal Industry in West Bengal;

(b) whether Government are aware of the sad plight of the artisans in the State of West Bengal, if so, the rate of wage per artisans per day; and

(c) the number of days in a month for which the artisans are engaged on the production of Brass and Bell metal wares?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) There are about 20,000 artisans and 2,000 middlemen and traders engaged in Brass and Bell Metal Industry in West Bengal.

(b) There is no peculiarity in the working conditions of the artisans in West Bengal. The rate of wage for artisans per day varies from 2/- to Rs. 5/- depending on the individual skill and craftsmanship.

(c) About 20 days in a month.

बिहार खादी ग्रामोद्योग संघ में अनियमितताओं के सम्बन्ध में जांच प्रतिवेदन

6323. श्री कमल मिश्र मधुकर : क्या वाणिज्य मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बिहार खादी ग्रामोद्योग संघ के नियामक मंडल ने खादी ग्रामोद्योग में फैली अनियमितताओं की जांच करने के लिये श्री के० रामचंद्र और श्री रतीया दत्ता द्वारा वर्ष 1969 में एक जांच समिति का गठन किया था ;

(ख) क्या समिति ने जांच पूरी कर ली थी और प्रतिवेदन प्रस्तुत कर दिया था ;

(ग) यदि हां, तो उस प्रतिवेदन में की गई सिफारिशों की मुख्य बातें क्या हैं; और

(घ) सरकार ने उन सिफारिशों पर क्या कार्यवाही की है ?

वाणिज्य मंत्रालय में उप मंत्री (श्री ए० सी० जार्ज) : (क) जी हां ।

(ख) समिति की रिपोर्ट अभी आनी है ।

(ग) और (घ) : ऊपर (ख) को ध्यान में रखते हुए प्रश्न नहीं उठता ।

बिहार राज्य खादी ग्रामोद्योग संघ के बारे में बडौरा समिति का प्रतिवेदन

6324. श्री कमल मिश्र मधुकर : क्या वाणिज्य मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बिहार राज्य खादी ग्रामोद्योग संघ के कार्यकरण की जांच करने के लिये

वर्ष 1970 से केन्द्रीय सरकार ने श्री बडोरा को नियुक्त किया था ;

(ख) यदि हां, तो उनका जांच प्रति-वेदन अब तक प्रकाशित न किये जाने के क्या कारण हैं ; और

(ग) सरकार बडोरा समिति के प्रति-वेदन को कब तक प्रकाशित कर देगी ?

वाणिज्य मंत्रालय में उपमंत्री (श्री ए० सी० जार्ज) : (क) जी नहीं ।

(ख) और (ग). प्रश्न नहीं उठते ।

बिहार राज्य ग्रामोद्योग के कर्मचारियों की भविष्य निधि का गोलमाल

6325. श्री कमल मिश्र मधुकर : क्या वाणिज्य मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बिहार राज्य खादी ग्रामो-द्योग के कुछ अधिकारियों ने कातने वालों, बुनकरों और अन्य श्रमिकों की भविष्य निधि की काफी बड़ी राशि का गोलमाल किया

(ख) यदि हां, तो क्या सरकार ने इस मामले की जांच करने का कोई आदेश दिया

(ग) यदि हां, तो उसका क्या परिणाम निकला है ; और

(घ) यदि नहीं, तो इसके क्या कारण

वाणिज्य मंत्रालय में उपमंत्री (श्री ए० सी० जार्ज) : (क) से (घ). जानकारी एकत्र की जा रही है और सभा पटल पर रख दी जायेगी ।

यूनियन बैंक बम्बई से ले जाई गई धनराशि

6327. श्री महादीपक सिंह शाक्य : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या यह सच है कि कि दिनांक 7-3-1973 के दैनिक 'वीर अर्जुन' में प्रकाशित एक समाचार के अनुसार यूनियन बैंक, बम्बई से एक व्यक्ति ने 8000 रुपये चुरा लिये थे ; और

(ख) यदि हां, तो उस व्यक्ति का नाम क्या है और इस सम्बन्ध में अब तक क्या कार्यवाही की गई है ?

वित्त मंत्री (श्री यशवन्त राव चव्हाण) : (क) और (ख). यूनियन बैंक आफ इंडिया ने सूचना दी है कि 5 मार्च, 1973 को बम्बई की मुलुन्द स्थित बैंक के काउन्टर से 8500/- रुपये (8000/- रुपये नहीं) की राशि चुरा ली गई/छीन ली गई थी तथा अपराधी को ढूंढने के प्रयत्न किये, जिसका नाम पता नहीं है, सफल नहीं हुये । बैंक ने मामले की सूचना पुलिस को दे दी है तथा उसकी जांच हो रही है ।

Visit by World Bank Team to drought affected areas in India

6328. SHRI VASANT SATHE: Will the Minister of FINANCE be pleased to state:

(a) whether the World Bank Team visited certain chronically drought affected areas during January, 1973 in the States of Maharashtra, Rajasthan and Mysore;

(b) if so, the main purpose of the visit of these areas and the outcome of the Mission;

(c) whether the World Bank propose to undertake some projects in drought affected areas of the country; and

(d) if so, the main features of the projects proposed, the number of

projects, statewide, and financial commitments made by them?

THE MINISTER OF FINANCE (SHRI YESHWANTRA CHAVAN):
(a) A Mission of the World Bank visited a few districts in the States of Maharashtra, Rajasthan and Mysore where the centrally-sponsored drought-prone area programme is under implementation.

(b) The purpose of the visit was to study the activities being undertaken under the programme.

(c) The possibility of obtaining assistance from the Bank Group is under consideration.

(d) The centrally sponsored programme is already under implementation. It is premature to indicate the extent of assistance likely to be forthcoming from the World Bank group.

आयात लाइसेंस देने की प्रक्रिया

6329. श्री मूल चन्द डागा : क्या वाणिज्य मंत्री यह बताने की कृपा करेंगे कि क्या वस्तुओं अथवा मशीनों के आयात के लिये लाइसेंस प्राप्त करना पड़ता है और यदि हाँ, तो उसके लिये क्या प्रक्रिया है और विदेशों से वस्तुएँ या मशीनें आयात करने के लिये लाइसेंस या परमिट कितने समय में मिल जाता है ?

वाणिज्य मंत्रालय में उपमंत्री (श्री ए० सी० जार्ज) : जो वस्तुएँ या मशीनें, आयात नियंत्रणाधीन हैं उनका आयात करने के लिये आयात लाइसेंस आवश्यक हैं। इस सम्बन्ध में आवेदन-पत्र देते समय लागू हैंड-बुक-इम्पोर्ट ट्रेड कंट्रोल तथा इम्पोर्ट ट्रेड कंट्रोल पालिसी में दिये गये नियमों तथा प्रक्रियाओं के अनुसार सम्बद्ध लाइसेंसिंग प्राधिकारी को आवेदन-पत्र देना होता है। यदि आवेदन-पत्र हर प्रकार से पूर्ण होता है तथा मशीनरी और कच्चे माल/फालतू पुर्जों के लिये आयात लाइसेंस जारी करने में क्रमशः लगभग 60 दिन तथा 30 दिन लगते हैं।

Hunger Strike by Employees of MMTC on 5-3-73

6330. SHRI JAGANNATH MISHRA:
SHRI M. RAM GOPAL REDDY:

Will the Minister of COMMERCE be pleased to state:

(a) whether some employees of MMTC went on 24 hours hunger strike on the 5th March, 1973; and

(b) if so, what were their demands and the reaction of Government thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): Yes, Sir.

(b) Their demands covered upward revision of pay and allowances, grant of some new allowances and several matters relating to organisation and personnel, staff welfare, fringe benefits and greater participation in Management etc. The matter is under the active consideration of Government.

बिहार के राज्य व्यापार निगम और खनिज तथा धातु व्यापार निगम के कार्यालयों का खोला जाना

6331. श्री चिरंजीव झा : क्या वाणिज्य मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मुख्य रूप से इस्पात का उत्पादन करने वाले बिहार राज्य में राज्य व्यापार निगम और खनिज तथा धातु व्यापार निगम के कोई कार्यालय नहीं है ; और

(ख) यदि हाँ, तो इसके क्या कारण हैं ; और उपरोक्त राज्य में उनके कार्यालय कब तक स्थापित किये जायेंगे ?

वाणिज्य मंत्रालय में उप-मंत्री (श्री ए० सी० जार्ज) : (क) और (ख). जहां तक राज्य व्यापार निगम का सम्बन्ध है, फिलहाल निगम का कोई कार्यालय बिहार में नहीं है परन्तु पटना में एक कार्यालय खोलने के प्रबन्ध कर रहा है ।

जहां तक खनिज तथा धातु व्यापार निगम का सम्बन्ध है, जिन के कार्यालय बिहार राज्य में निम्नलिखित स्थानों पर स्थित हैं :—

(क) झुमरी तलैया

(ख) बा राजस्दा

(ग) नौमण्डी तथा

(घ) गुआ

(ङ) गिरीडीह

खनिज तथा धातु व्यापार निगम द्वारा बिहार के लोह अयस्क खरीदा जाना ।

6332. श्री चिरजीव झा : क्या वाणिज्य मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या ऐसा लोह अयस्क, जिसमें कुछ निर्धारित प्रतिशत में लोहा होता है और जिसके लिए खनिज तथा धातु व्यापार निगम ने अन्य देशों के साथ करार किये हैं, बिहार में भी उपलब्ध है ; और

(ख) यदि हां, तो खनिज तथा धातु व्यापार निगम को बिहार से लोह अयस्क खरीदने में क्या कठिनाई है ?

वाणिज्य मंत्रालय में उप-मंत्री (श्री ए० सी० जार्ज) : (क) और (ख).

जी हां, निगम बिना किसी कठिनाई के नियुक्त आधार पर बिहार से लोह अयस्क खरीदता रहा है ।

Export of wagons

6333. SHRI VEKARIA: Will the Minister of COMMERCE be pleased to state the number of wagons exported during the last three years?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): The number of wagons exported during the last 3 years, year-wise has been as follows:—

1969-70	24 Nos.
1970-71	463 Nos.
1971-72	691 Nos.

Declining interest of Japan in India's iron-ore

6334. SHRI FATESINGHRAO GAE-KWAD: Will the Minister of COMMERCE be pleased to state:

(a) whether Japan's interest in Indian iron ore is declining and she is turning to other source like Brazil for her requirements; and

(b) if so, the steps being taken to ensure that at the end of our present contract with Japan this industry is not faced with a sudden crisis?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) No, Sir. Japan's interest in Indian iron ore is not declining though it meets its requirement of iron ore from other sources of supply like Australia, Brazil, Chile, Peru etc. as well.

(b) Does not arise.

Export of traditional items to GDR

6335. SHRI RAM BHAGAT PASWAN: Will the Minister of COMMERCE be pleased to state:

(a) whether the GDR Government has expressed resentment over India for not exporting traditional items to that country; and

(b) if so, the reaction of Government thereto.

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) No, Sir.

(b) Does not arise.

जोधपुर के निकट एक गिरोह से अफीम के दूध का पकड़ा जाना

6336. श्री नवल किशोर शर्मा : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या केन्द्रीय उत्पादन शुल्क विभाग ने जोधपुर के निकट एक क्विंटल से अधिक शुद्ध अफीम का दूध तस्करी के एक गिरोह समेत पकड़ा और, यदि हां, तो उस दूध का मूल्य कितना है ;

(ख) क्या इस सम्बन्ध में कुछ अन्य व्यक्तियों को भी गिरफ्तार किया गया है ; और

(ग) राजस्थान-मध्य प्रदेश सीमा से पार राजस्थान को अफीम के दूध का चोरी छिपे ले जाया जाना रोकने के लिये सरकार का क्या कार्यवाही करने का विचार है ?

वित्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश) : (क) और (ख). जी, नहीं । केन्द्रीय उत्पादन शुल्क विभाग के कर्मचारियों ने जोधपुर के निकट अफीम का दूध नहीं पकड़ा था ।

(ग) मादक द्रव्यों के अवैध व्यापार को रोकने के लिये राज्य एवं केन्द्रीय सरकार की प्रवर्तन एजेंसियों जैसे राज्य आबकारी विभाग, पुलिस, सीमाशुल्क तथा केन्द्रीय उत्पादन शुल्क विभाग, केन्द्रीय जांच ब्यूरो, सीमा सुरक्षा दल, रेलवे सुरक्षा दल आदि सदैव सतर्क रहते हैं । इस तरह कीनगरानी देश के अन्दर के स्थानों तथा सीमा शुल्क पर भी रखी जाती है । राजस्थान तथा मध्य प्रदेश में पोस्ट की काश्त वाले क्षेत्रों में निवारक उपायों को सुदृढ़ बना दिया गया

Delayed Flights of Indian Airlines

6337. SHRI NAWAL KISHORE SHARMA: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) the total number of delayed flights of Indian Airlines on account of lack of spares, labour disputes and other reasons during the last three years;

(b) the action being taken by Government to ensure the running of these flight "On Time" to avoid hardships to passengers; and

(c) the extent of loss suffered by Indian Airlines as a result thereof?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) The total number of flights delayed during the last three financial years due to various reasons is given hereunder:

1970-71		32860
1971-72		26943
1972-73		32426

(b) Indian Airlines are constantly taking steps to improve the punctuality of their services. The causes of each delay are examined and corrective measures taken wherever possible.

(c) Indian Airlines serve soft drinks and meals for delayed/cancelled flights, and also provide hotel accommodation in case of cancelled flights. The expenditure incurred on this account during the last three years is given hereunder:

	(Rupees in lakhs)
1970-71	21.81
1971-72	15.79
1972-73 . (estimated) .	26.00

Percentage of utilisation of Boeings and other aircraft in Indian Airlines during 1972-73

6338. SHRI NAWAL KISHORE SHARMA: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state the percentage of utilisation of Boeings and other aircraft, separately, in Indian Airlines during 1972-73?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): The percentage of utilisation of Boeings and other aircraft in Indian Airlines during 1972-73 (up to January, 1973) is as follows:—

Type of Aircraft	Percentage of utilisation for the period 21-4-72 to 31-1-73)
HS-748	78.6%
Caravelle	89.3%
Boeing	88.5%
F-27 (Fokker Friendship)	90.4%
Viscount	86.2%
Dakota	68.8%

Increase in expenditure in the office of Controller of Defence Accounts, Patna

6339. SHRI RAMAVATAR SHASTRI: Will the Minister of FINANCE be pleased to state:

(a) how much expenditure has been incurred on T.A., D.A., contingency and overtime in the office of the Controller of Defence Accounts, Patna in the year 1972-73; and

(b) the reasons for increase in the expenditure, if any?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) The expenditure incurred on TA/DA, Contingencies and Overtime Allowances in the office of the Controller of Defence Accounts, Patna, in the year 1972-73 was as follows:—

	Rs.
(i) TA/DA	5,31,182
(ii) Contingencies	4,71,800
(iii) Overtime Allowances	1,01,768

(b) The reasons for the increase in the expenditure are given below:—

(i) TA/DA

As compared to 1971-72, there was an increase of Rs. 25,056 in 1972-73. The additional expenditure was mainly due to increase in railway fares from April, 1972 and the full year's impact of the Refugee Relief tax imposed in November, 1971.

(ii) Contingencies.

The expenditure in 1972-73 showed an increase of Rs. 27, 663 over that in the preceding year. The rise in expenditure was due to the full year's impact of increase in postal rates from November, 1971 and the general rise in prices of articles of office use.

(iii) Overtime Allowances.

The requisite information is being collected and will be laid on the Table of the House as soon as possible.

Fixing of responsibility on every Bank Branch to help growth of prescribed minimum number of Small Industries in Rural|Urban Areas

6340. SHRI BHOGEN DRA JHA: Will the Minister of FINANCE be pleased to state:

(a) whether it is proposed to fix responsibility on every Bank Branch, in the rural and urban areas to help the growth of the prescribed minimum number of small industries every year in its areas of work; and

(b) if so, the broad outlines of the proposal and if not, the reasons therefor?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN):

(a) and (b). As the pace of development of small scale industries in the rural and urban areas is influenced by several factors like availability of raw materials, market for the products, provision of timely credit, etc.; the overall responsibility for the development of small scale industry cannot solely rest with the banks. However, the banks have been continually advised to ensure that timely credit is provided to viable small scale industries. The outstanding of advances by public sector banks to small scale industries, has increased from Rs. 25145 lakhs on the eve of nationalisation to Rs. 53028 lakhs as on the last Friday of June, 1972.

Memorandum from All India Small Scale Lamp Manufacturers Association

6341. SHRI PRIYA RANJAN DAS MUNSI: Will the Minister of FINANCE be pleased to state:

(a) whether the All India Small Scale Lamp Manufacturers Association has submitted a Memorandum to his Ministry for the grant of exemption from the proposed excise duty on the goods manufactured by them; and

(b) if so, the reaction of Government thereto?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) Yes, Sir.

(b) The memorandum of the Association is under examination.

Programme for Co-ordination and Development of Village Industries

6342. SHRI PRIYA RANJAN DAS MUNSI: Will the Minister of COMMERCE be pleased to state:

(a) whether his Ministry has prepared any programme for the coordination and development of village industries, including Khadi; and

(b) if so, the broad outlines thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) and (b). No programme as such has been evolved so far in this Ministry. The broad recommendation of Ashok Mehta Committee in this regard were the establishment of a new organisational set up, where a Rural Industries Commission would take the place of the present Khadi & Village Industries Commission and be the apex body to promote and co-ordinate the development of all cottage and small industries in the rural areas. The body which would have statutory powers, would render advice, undertake and sponsor training and research and also coordinate the implementation of the planned programmes.

While bodies like the Handicrafts Board, Small Scale Industries Board, Coir Board, etc. may continue as expert bodies in their respective fields, there would be joint consultations between them and Rural Industries Commission. For this, appropriate co-ordinating committees could be set up. The question of setting up such a Rural Industries Commission is being examined.

Corruption in Khadi Gramodyog Commission

6343. SHRI PRIYA RANJAN DAS MUNSI: Will the Minister of COMMERCE be pleased to state whether any report of corruption has been received by his Ministry against Khadi Gramodyog Commission?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): No, Sir.

Iron Ore Exports to Japan by MMTC

6344. SHRI INDRAJIT GUPTA: Will the Minister of COMMERCE be pleased to state:

(a) whether prior to 1971, the MMTC had been taking forward exchange covers for its iron ore exports to Japan as a safeguard against sudden or wide fluctuations in the exchange rates;

(b) if so, whether this practice was given up from 1971 and the reasons therefor;

(c) whether the absence of forward cover in 1971 and 1972 has meant a substantial loss in foreign exchange earnings due to successive weakenings of the Dollar; and

(d) the extent of losses incurred and anticipated on this account; and whether the Board of Directors of MMTC has been asked for an explanation?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) Yes, Sir. The Corporation has been taking forward cover from 1968 onwards only to a limited extent against its anticipated sales realisation on exports of iron ore to Japan.

(b) No, Sir.

(c) The absence of forward cover has no impact on foreign exchange earnings of the Corporation.

(d) There is no loss in terms of foreign exchange earnings. The question of calling for any explanation, therefore, does not arise.

Gap in banking facilities between under-Banked and over-Banked States

6345. SHRI INDRAJIT GUPTA: Will the Minister of FINANCE be pleased to state:

(a) whether the gap in banking facilities between the under-banked and over-banked States has further widened after nationalisation;

(b) if so, whether the rate of deposit mobilisation is, however, higher in the under-banked areas; and

(c) the steps contemplated or taken to remedy this imbalance during the next three years?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN): (a) No, Sir.

(b) In absolute terms the deposit mobilisation in the under-banked areas is somewhat lower, though in relation to the small deposit base of such areas, the rate of growth appears to be higher in comparison with branches opened in the better banked areas.

(c) The Government propose to continue its policy of devoting greater attention to the needs of the unbanked/under-banked areas. One of the concrete steps initiated recently is that of formulation by each bank a rolling 3 year plan for branch expansion covering the period 1973-75. The banks have been advised that in preparing these plans they should keep in mind the need to give priority to requirements of unbanked/under-banked areas.

**Repatriation of Foreign Exchange by
Singer Sewing Machine Company of
U.S.A. by sale of "Meritt"
Machines**

6346. SHRI INDRAJIT GUPTA:
Will the Minister of FINANCE be
pleased to state:

(a) whether any inquiry has been conducted into the extent of profit repatriation by the Singer Sewing Machine Company of U.S.A. as a result of their selling "Meritt" machines in the Indian market at Rs. 245 per machine;

(b) whether these "Meritt" machines are actually manufactured by small producers in Northern India and are marketed under a Singer brand name; and

(c) if so, whether Government have taken any steps to stop this defrauding of the public and illegal drainage of foreign exchange?

THE MINISTER OF FINANCE
(SHRI YESHWANTRAO CHAVAN):

(a) No, Sir. The overall profits made by the Indian branch of Singer Sewing Machine Company between the years 1963 and 1971, after setting off the losses made in some of those years, amounted to Rs. 13.05 lakhs, which was credited to the Head Office account with the Branch. Out of that amount, the company has so far remitted only a sum of Rs. 2.67 lakhs.

(b) A Delhi based licensed sewing machine manufacturing unit is known to be supplying sewing machines to the Singer Company which sells them under its brand name of "Merritt". It is probable that the Singer Sewing Machine Company is obtaining such machines from small scale units also.

(c) These activities of the company do not attract the provisions of Section 18A of the Foreign Exchange Regulation Act, 1947 but will come up for review when the new Foreign Exchange Regulation Bill, which is now before Parliament is enacted.

Loan from Asian Development Bank

6347. SHRI VAYALAR RAVI: Will the Minister of FINANCE be pleased to state:

(a) whether the Government of India have taken decision not to take any loan from the Asian Development Bank;

(b) if so, the reasons therefor and Government's policy in this regard; and

(c) the benefits India has derived from this Bank?

THE MINISTER OF FINANCE
(SHRI YESHWANTRAO CHAVAN):

(a) Yes, Sir.

(b) This decision which was taken at the time we joined the Asian Development Bank, was based on the consideration that India's own needs for assistance are large compared to the Bank's funds and particularly soft loans are not likely to be available to India, as the volume of small funds accumulated by the Bank is relatively small, and finally her seeking assistance would deprive the smaller countries of funds.

(c) In the formulation of the policies of the Bank affecting the reorganisation, India's counsel is received well, as we have decided not to borrow from the Bank. Also India has been able to secure some contracts for the provision of goods and technical services to projects financed by the Asian Development Bank.

**Names of Cities in Kerala for which
Air Services have been Demanded**

6348. SHRIMATI BHARGAVI
THANKAPPAN: Will the Minister of
TOURISM AND CIVIL AVIATION be
pleased to state:

(a) the names of the cities in Kerala State for which air services have been demanded; and

(b) the reaction of Government thereto?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) and (b). The cities in Kerala State for which air services have been demanded by different parties are as under:—

(i) Quilon

(ii) Cannannore

(iii) Khozhikode (Calicut)

Out of these, Indian Airlines have plans to airlink Khozhikode (Calicut) during the Fifth Plan period.

राष्ट्रीयकृत बैंकों की कृषि शाखाओं द्वारा मध्य प्रदेश में किसानों को दिया गया ऋण

6349. डा० लक्ष्मीनारायण पांडेय : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) राष्ट्रीयकृत बैंकों की कृषि शाखाओं ने गत एक वर्ष में मध्य प्रदेश में किसानों को कितना ऋण दिया ;

(ख) उनको ऋण किन प्रयोजनों के लिये दिया गया ;

(ग) क्या जिन क्षेत्रों में इस प्रकार के बैंक खोले गये हैं वहाँ सहकारी बैंकों और भूमि विकास बैंकों की शाखाएँ भी कार्य कर रही हैं ; और

(घ) क्या एक ही क्षेत्र में दोनों प्रकार के बैंकों को कार्य करने में कठिनाई हो रही है ; और यदि हाँ, तो सरकार ने इन कठिनाइयों को दूर करने के लिये क्या कार्यवाही की है ?

वित्त रंताजग ने उरररररी (ओमती सुडीला रोहतगी): (क) जून, 1972 के

अन्त में मध्य प्रदेश में सरकारी बैंकों द्वारा दिये गये प्रत्यक्ष कृषि अग्रिम की बकाया रकम 6.98 करोड़ रुपये थी ;

(ख) बैंक किसानों की कृषि उत्पादन से सम्बन्धित सभी सक्षम उत्पाद प्रयासों और सहायक कार्यकलापों की आवश्यकताओं को पूरा करते हैं ।

(ग) जी हाँ ।

(घ) विभिन्न वित्तीय अधिकारणों के कार्यचालन का समन्वय राज्य स्तर और जिला स्तर की समन्वय समितियों द्वारा किया जाता है । इन समितियों में राज्य सरकारी और वित्तीय संस्थानों के अधिकारी होते हैं ।

मध्य प्रदेश के विभिन्न सहकारी बैंकों को रिजर्व बैंक आफ इंडिया द्वारा दी गई राशि

6350. डा० लक्ष्मीनारायण पांडेय : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) पिछले दो वर्षों के दौरान मध्य प्रदेश में विभिन्न सहकारी बैंकों को रिजर्व बैंक द्वारा कुल कितनी राशि दी गई है ;

(ख) उक्त राशि किन-किन कार्यों के लिये दी गई थी ; और

(ग) कुल कितनी राशि मांगी गई थी ?

वित्त मंत्री (श्री यशवंतराव चव्हाण) :

(क) से (ग). एक विवरण सभा पटल पर रख दिया गया है । [ग्रन्थालय में रखा गया । देखिये संख्या LT- 4742/73]

राष्ट्रीयकृत बैंकों में अस्थायी नियुक्तियों के लिए अनुसूचित जाति और अनुसूचित जन जातियों के व्यक्तियों को छूट देना

6351. डा० लक्ष्मीनारायण पांडेय :
क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या राष्ट्रीयकृत बैंकों में अस्थायी नियुक्तियों के लिये अनुसूचित जाति और अनुसूचित जन जाति के उम्मीदवारों को अहंताओं आयु आदि के मामले में कोई छूट दी गई है और

(ख) यदि हां, तो किन-किन पदों के लिये छूट दी गई है और इस सम्बन्ध में किस प्रकार की छूट दी गई है ?

वित्त मंत्री (श्री यशवन्तराव चव्हाण)

(क) और (ख). राष्ट्रीयकृत बैंकों द्वारा अधीक्षण संवर्ग में अस्थायी नियुक्तियां नहीं की जाती ; ऐसी नियुक्तियां केवल लिपिकीय और / अथवा अधीनस्थ संवर्ग में ही की जाती है। अनुसूचित जातियों और अनुसूचित जनजातियों के उम्मीदवारों की आयु तथा योग्यताओं के सम्बन्ध में दी जाने वाली आयु छूट, प्रत्येक बैंक में भिन्न-भिन्न होती है यद्यपि अस्थायी और स्थायी नियुक्तियों के बारे में कोई अलग अलग स्तर नहीं है। अधिकतर बैंकों ने बताया है कि उन्होंने अनुसूचित जातियों और अनुसूचित जनजातियों के उम्मीदवारों को ऊपर की आयु-सीमा में पांच वर्ष की छूट दी है और सामान्य रूप से लिपिकीय और अधीनस्थ संवर्गों के लिये न्यूनतम शैक्षिक योग्यताएँ निर्धारित की हैं।

Import through Public Sector Agencies

6352. SHRI MUKHTIAR SINGH
MALIK:

SHRI BIRENDER SINGH
RAO:

Will the Minister of COMMERCE be pleased to state: .

(a) the items which had been imported by the Public Sector Trading agencies during the last three years;

(b) whether any criteria have been laid down in this regard and if so, the broad outlines thereof; and

(c) whether the imports of cotton, dry fruits and raw materials for plastics are completely cancelled or are proposed to be cancelled and if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) List of items import of which was canalised through the Public Sector agencies during 1970-71, 1971-72 and 1972-73 are published in Section III of Import Trade Control Policy (Red Book—Vol. I) for the respective periods, as amended from time to time.

(b) The import of items is canalised through the Public Sector agencies keeping in view the following objectives and criteria:—

- (i) Economies in prices, transport arrangements, etc. through collective bargaining and bulk purchases;
- (ii) Mopping up of profits of speculative items and of items with high margins of profits;
- (iii) Effective utilisation of foreign exchange resources available with the Government;
- (iv) Providing better service to actual users and consumers particularly small industries;

(v) Extending the role of State Agencies where they have acquired special expertise and knowledge.

(c) (i) Cotton is canalised through a public sector agency i.e. Cotton Corporation of India. The share of imports directly handled by the Corporation has increased from 26 per cent in 1970-71 to 80 per cent during the current cotton year.

(ii) Dry fruits. The matter is under consideration.

(iii) Import of the following plastic raw materials is canalised through the State Trading Corporation of India Ltd.;

Cellulose acetate flakes

Cellulose acetate sheets/films

Cellulose acetate butyrate

Cellulose nitrate sheets and flakes

Methyl Methacrylate Monomer

Polyvinyl chloride resin powder

P.V.C. composition including moulding powder

Polyethelene moulding powder (high and low density)

Acrylic resins

Polypropylene

Nylon Moulding powder

A.B.C. moulding powder.

खालू योजना में कोटा (राजस्थान) को विमान सेवा के अन्तर्गत लाना

6353. श्री ओंकार लाल बैरवा : क्या पर्यटन और नागर विमानन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या कोटा (राजस्थान) की दिल्ली से बम्बई, जयपुर होते हुए जाने वाली

नियमित विमान सेवा से जोड़ने का कोई प्रस्ताव है; और

(ख) यदि हां, तो उसकी रूपरेखा क्या है ?

पर्यटन और नागर विमानन मंत्री (डा० कर्ण सिंह) : (क) जी, नहीं ।

(ख) प्रश्न नहीं उठता ।

मंत्रियों और संसद सदस्यों पर आयकर की बकाया राशि

6354. श्री ओंकार लाल बैरवा : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) मंत्रियों और संसद सदस्यों पर आज तक कितना आयकर बकाया है; और

(ख) किस व्यक्ति पर सब से अधिक आय कर की राशि बकाया है ?

वित्त मंत्रालय में राज्य मंत्री (श्री के०आर० गणेश) : (क) और (ख) संसद सदस्यों का आय-कर निर्धारण देश भर में फैले आय कर अधिकारियों द्वारा किया जाता है किया जाना होता है, और ऐसा कोई केन्द्रीयकृत रजिस्टर अथवा विवरण-पत्र नहीं है जिसमें संसद सदस्यों (जिनकी संख्या 767 है) की ओर बकाया आयकर के बारे में सूचना रखी जाती हो ।

31 मार्च, 1973 की स्थिति के अनुसार केन्द्रीय सरकार के मंत्रियों के बारे में आयकर आयुक्तों से सूचना एकत्रित की जा रही है और यथासम्भव शीघ्र सदन की मेज पर रख दी जावेगी ।

Income-Tax Officers belonging to Scheduled Castes and Scheduled Tribes

6355. SHRI AMBESH: Will the Minister of FINANCE be pleased to state:

(a) the number of Income-tax officers working at present in the Income-Tax Department, Circle-wise; and

(b) the number of Income-Tax Officers belonging to the Scheduled Castes and Scheduled Tribes among them, Circle-wise?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) and (b). The information is being collected and will be placed on the Table of the House.

Visit by British Trade Team to India

6356. DR. H. P. SHARMA:

SHRI SHRIKISHAN MODI:

Will the Minister of COMMERCE be pleased to state:

(a) whether a 13-member British Trade Team headed by Mr. N. J. Borne of the Birmingham Chamber of Commerce during their recent visit, while appreciating the quality and prices of Indian goods criticised the standard of delivery by Indian exporters as also the cumbersome export licensing procedure;

(b) if so, the precise observations of the team; and

(c) Government's reaction thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) The Government of India are not aware whether the British Trade Team, while appreciating the quality and prices of Indian goods, criticised the standard of delivery by Indian exporters as also the cumbersome export licensing procedure.

(b) and (c). Does not arise.

Expenditure on refugees from Bangla Desh

6357. SHRI S. C. SAMANTA: Will the Minister of FINANCE be pleased to state:

(a) whether the financial burden, which fell upon Government of India due to the influx of refugees from erstwhile East Pakistan before the coming into existence of Bangladesh has been wiped off;

(b) what is the deficit or surplus as a result of various Bangladesh refugee levies; and

(c) the proposal for utilisation of surplus levies, if any, and if there is a deficit, how is it proposed to be met?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN):

(a) to (c). The total expenditure on relief of refugees from Bangladesh was of the order of Rs. 306 crores. As against this, the receipts from refugee levies imposed by the Central and State Governments are estimated at Rs. 76 crores. The rest of the expenditure was financed from relief aid received from abroad and normal budgetary resources.

Functioning of co-operative societies under Bank of India in Saharsa, Bihar

6359. SHRI CHIRANJIB JHA: Will the Minister of FINANCE be pleased to state:

(a) the number of co-operative societies functioning under the "Bank of India" in District Saharsa (Bihar); and

(b) the total amount of loans advanced to these Societies during the last year?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN): (a) and (b). Presumably the reference is to the scheme of commercial banks financing primary agricultural credit.

co-operative societies. This scheme has not yet been introduced in Bihar. Such societies are not being financed by the commercial banks under this scheme in Saharsa District.

कृषक बचत योजनाएँ

6360. श्री चिरंजीव झा : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि क्या बिहार में हुई राष्ट्रीय बचत सम्बन्धी केन्द्रीय सलाहकार बोर्ड की गत बैठक में राज्यों के वित्त मंत्रियों ने “कृषक बचत योजना” प्रारम्भ करने की मांग की थी; और यदि हां, तो यह कब तक लागू की जायेगी और इसका संक्षिप्त व्यौरा क्या है ?

वित्त मंत्रालय में उपमंत्री (श्रीमती सुशीला रोहतगी) : 10 फरवरी 1973 को पटना में हुई केन्द्रीय राष्ट्रीय बचत सलाहकार बोर्ड की पिछली बैठक में उत्तर प्रदेश के वित्त मंत्री ने उन किसानों का मनोबल ऊँचा करने के उद्देश्य से, जो अपनी बचतों को भली भाँति नियोजित कर सकते हैं, “किसान बचत पत्र” चालू करने का सुझाव दिया था जिन्हें सहकारी समितियों आदि की मार्फत बेचा जा सकता है। उत्तर प्रदेश सरकार से प्रस्तावों का व्यौरा प्राप्त होने पर इस सुझाव पर और आगे विचार किया जायेगा।

जून, 1972 के अन्तिम शुक्रवार को बिहार में राष्ट्रीयकृत बैंकों के द्वारा दिये गये अग्रिम :

*अन्तिम आंकड़े

**अन्य उद्योगों को दिये गये अग्रिमों का विवरण अलग से उपलब्ध नहीं है।

बिहार में बैंकों की शाखाएँ और औद्योगिक तथा कृषि क्षेत्रों के लिए दिए गए ऋण

6361. श्री अंकर दयाल सिंह : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) बिहार में बैंकों के राष्ट्रीयकरण से पहले बैंकों की कुल कितनी शाखाएँ थीं; और बैंकों के राष्ट्रीयकरण के बाद कितनी शाखाएँ खोली गईं; और

(ख) वर्ष 1972 के दौरान बिहार में राष्ट्रीयकृत बैंकों द्वारा औद्योगिक क्षेत्रों और कृषि क्षेत्रों को क्रमशः कितना ऋण दिया गया ?

वित्त मंत्रालय में राज्य मंत्री (श्रीमती सुशीला रोहतगी) : (क) बिहार में वाणिज्यिक बैंकों की शाखाओं की संख्या जो 19 जुलाई, 1969 को 274 थी, बढ़कर दिसम्बर, 1972 के अन्त में 575 हो गयी।

(ख) उपलब्ध सूचना नीचे दी गयी है :—

Revenue from Excise Duty on Tobacco Cultivation in West Bengal and Cooch Behar

6362. SHRI R. N. BARMAN:
SHRI B. K. DAS-
CHOWDHURY:

Will the Minister of FINANCE be pleased to state:

(a) the amount of the total Central Excise duty collected by Government from Tobacco Cultivation in West Bengal and the District of Cooch Behar, separately during last three years, year-wise; and

(b) the names of the schemes for giving loans by banks to the Tobacco cultivators in West Bengal and District of Cooch Behar in particular?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) The required information is as follows:—

Year	Total Central Excise duty collected from tobacco in	
	West Bengal	Distt. of Cooch Behar
	(Rs. 000)	(Rs. 000)
1969-70	9,37.59	37.88
1970-71	9,14.31	39.01
1971-72	9,97.74	47.11

(b) There are no special schemes for giving loans by banks to the Tobacco Cultivators as such, in West Bengal or in the District of Cooch Behar. However, Commercial Banks make available necessary credit for tobacco cultivation under the agricultural credit scheme, in accordance with their rules and procedures.

Formation of Tobacco Development Corporation

6363. SHRI R. N. BARMAN:
SHRI B. K. DAS-
CHOWDHURY:

Will the Minister of COMMERCE be pleased to state:

(a) whether his Ministry has finally decided to form Tobacco Development Corporation;

(b) if so, when such Corporation will be formed; and

(c) if not the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) to (c). It is proposed to set up a Tobacco Marketing Board for F.V.C. tobacco. The various details regarding its constitution, functions etc. are being examined so that the Board could be established at the earliest possible.

Proposal to Establish Forecasting Centres in the Country

6364. SHRI C. K. JAFFER
SHARIEF:
SHRI DHARAMRAO
AFZALPURKAR:

Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) whether there is any proposal under the consideration of Government to establish forecasting Centres in the country to forecast drought situations; and

(b) if so, the broad outlines thereof?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) and (b). The India Meteorological Department issues forecasts of drought situation a few days in advance through its various forecasting centres in the country. The Meteorological Office, Poona, also issues every year three seasonal fore-

casts of probable rainfall during the monsoon and winter seasons over the Peninsula and North West India. The Department proposes to undertake intensive research in long range seasonal forecasts by introducing new factors and using computer facilities. The effort will be directed to issuing reliable forecasts for periods ranging from a fortnight to a season of 4 months for homogeneous areas. Special research projects such as the Global Atmospheric Research programme are also being planned to improve medium range forecasting techniques.

Setting up of a Spinning Mill in Manipur

6365. SHRI N. TOMBI SINGH: Will the Minister of COMMERCE be pleased to state:

(a) whether Government have given due clearance for the setting up of Spinning Mill in Manipur;

(b) if so, the proposed capacity and estimated cost of the project and the progress made in this behalf so far; and

(c) if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) and (b). A licence under the Industries (Development and Regulation) Act, 1951 has been issued to the Director of Industries, Manipur on 3-4-1973 for the establishment of new cotton spinning mill at Imphal in Manipur with a capacity of 25,000 spindles. According to the terms and conditions of the licence, effective steps have to be taken within a period of 12 months from the date of issue of the licence and the project has to be implemented within a period of 24 months from the date of issue of the licence.

(c) Does not arise.

Construction of a new terminal building at Tuliha Aerodrome (Imphal)

6366. SHRI N. TOMBI SINGH: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) whether in view of the total absence of the normal facilities for passengers and crew of the Indian Airlines at Tuliha Aerodrome (Imphal) at present, Government are considering a proposal for construction of a new terminal building there;

(b) if so, when the work will be started and completed and what would be its basic features and cost;

(c) whether Government are aware that the delay in the matter is causing hardship to the people of this far flung area; and

(d) if so, the reasons for delay?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) to (d). Construction of a new terminal building at an estimated cost of Rs. 4.00 lakhs to provide, *inter-alia*, a passenger hall, offices, restaurant, V.I.P. room and toilets has been sanctioned. Tenders have been called twice but there has been no response. Fresh tender enquiry is being issued. The work is likely to be completed within 12 months of commencement.

Development of tourism in Manipur

6367. SHRI N. TOMBI SINGH: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) whether Government are aware that Manipur in the North Eastern area has rich tourist potential which are yet to be developed;

(b) if so, whether the Central Government have considered the question of extending special assistance in the matters of finance and expertise for

the development of tourism in this State and if so, the outcome thereof; and

(c) whether the Central Government have received any proposal from the State Government in this behalf and if so, the main features thereof?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) Yes Sir.

(b) and (c). At the request of the Manipur Administration, a report on the tourist potential of Manipur containing suggestions for the promotion and development of tourism was prepared in the Department of Tourism and sent to the Administration in November, 1970. Because of entry restrictions into the State, Government are not at present in a position to include investments in the area in the Central Plan for tourism development. However, some tourism scheme have been included in the State's Fourth Plan.

Minimum Price Fixation for Jute

6368. **SHRI G. Y. KRISHNAN:** Will the Minister of COMMERCE be pleased to state:

(a) whether Government have revised the minimum price fixed for jute, in view of the adverse effect of drought on jute crops; and

(b) what other steps have been taken by Government to assist the jute-growers?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) No, Sir.

(b) For the development of jute, a number of centrally sponsored schemes viz. intensive jute/mesta District programme, Special Package Programme on Jute and Mesta, subsidised distribution of certified improved jute seed, quality improvement programme, and exploratory trials in Tamil Nadu are

in operation in the different jute/mesta growing states. Under these schemes the Government of India is providing incentive by way of subsidy on jute seed and fertilisers, transport of fertilisers, plant protection equipment, operational charges on spraying of urea, construction of retting tanks. These measures aim at increasing per unit yield and improving the quality of jute fibre.

Decline in Export Targets

6369. **SHRI G. Y. KRISHNAN:** Will the Minister of COMMERCE be pleased to state:

(a) the steps taken by Government, to meet the backlog in export targets under the current plan; and

(b) the extent to which the targets have so far been achieved?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) and (b). All possible efforts are being made to achieve the Fourth Five Year Plan targets. The exploration of foreign markets, stepping up of export production and generation of export surpluses are continuous processes. A close watch is kept on the trends of exports and suitable adjustments are made in export promotion measures, as and when considered necessary.

The growth rate of India's exports during the first three years of the Fourth Five Year Plan has varied from 4.1 per cent in 1969-70 to 8.6 per cent in 1970-71 and to 4.6 per cent in 1971-72, giving an average compound rate of about 5.8 per cent per annum.

The trends of exports have been quite encouraging during 1972-73. With an estimated increase of over 13 per cent during 1972-73 (against 1971-72), the growth of export during the first four years of the Fourth Five Year Plan is expected to exceed the target of 7 per cent rate of annual growth envisaged for the Fourth Five Year Plan.

Impact of devaluation of dollar

6370. SHRI R. R. SINGH DEO: Will the Minister of FINANCE be pleased to state:

(a) the prices at which dollar and sterling have now stabilised after recent devaluation of the dollar; and;

(b) how have the prices of dollar and pound sterling affected the equivalent price of Indian rupee in the International market?

THE MINISTER OF FINANCE (SHRI YESHWANTRA CHAVAN):

(a) Due to the float of the pound sterling since June, 1972, there is no fixed rate of exchange between the dollar and the pound sterling. On 2nd April, 1973 the dollar sterling rate was 2.48 dollars per pound sterling.

(b) The rupee sterling rate remain unchanged at Rs. 18.80 per pound, but the rupee dollar rate varies in accordance with the sterling dollar rate. On 2nd April, 1973 the rupee dollar rate was Rs. 7.61 per dollar.

Suggestions to Eastern States regarding development of tourism

6371. SHRI R. R. SINGH DEO: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) whether Government of India have asked the Eastern States to give priority to development of tourism in their plans; and

(b) if so, the reaction of the State Governments concerned thereto?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) and (b). The development of tourism in the Eastern region was discussed at a convention on Tourism in Eastern India held last month at Calcutta, which was attended by the representatives of the Central Government and the States/Union Territories in the Eastern region. One

of the recommendations of the Convention urged the constitution of a Committee of all those concerned with and interested in the development of tourism in the Eastern region for the purpose of making a detailed study of the tourism potential of the Eastern region, identifying places for tourism development and determining financial implications for assistance from the Central Government.

Policy of Progressive Increase in Public Sector Share in India's Foreign Trade

6372. SHRI SHRIKISHAN MODI:
SHRI K. LAKKAPPA:

Will the Minister of COMMERCE be pleased to state:

(a) whether Government will continue their policy of progressively increasing the public sector share in India's foreign trade;

(b) if so, what would be the extent of expansion;

(c) the factors on which the expansion would depend; and

(d) whether there had been setbacks in some foreign trade fields under the Public Sector?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) Yes, Sir.

(b) As much as is possible.

(c) Suitability of various items of import/and export for canalisation through State agencies.

(d) No, Sir.

Trade between India and Yugoslavia

6373. SHRI SHRIKISHAN MODI:
SHRI PILOO MODY:

Will the Minister of COMMERCE be pleased to state:

(a) whether the Prime Minister or Yugoslavia visited India in the first week of March, 1973;

(b) if so, whether the prospects of exporting consumers goods and non-traditional items to Yugoslavia have become brighter with this visit; and

(c) whether trade between the two countries would be strengthened further, if so, in what way?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) Yes, Sir.

(b) and (c). In the discussions held during this visit, both sides agreed to explore ways and means of expanding Indo-Yugoslav trade relations. The question of increased access of Indian manufactured goods in the Yugoslav market, would no doubt be kept in view. It is, however, too early to express any opinion on the extent of success likely to be achieved.

Exports of Engineering goods

6374. SHRI SHRIKISHAN MODI:
SHRI P. M. MEHTA:

Will the Minister of COMMERCE be pleased to state:

(a) whether Chairman of the Engineering Promotion Council has suggested that India should prepare from now on to meet the potential competition from China in the Export of Engineering goods; and

(b) if so, whether in spite of Chinese structurals and other engineering goods in Hong Kong and other South-East Asian Countries having price advantage over Indian products, India at the moment enjoyed a clear superiority in quality?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) Yes, Sir.

(b) At present there is no severe competition from China. Even other-

wise qualitywise and pricewise our exports have been competitive in these markets.

Interim Report of Sixth Finance Commission

6375. SHRI SHRIKISHAN MODI:
SHRI P. GANGADEB:

Will the Minister of FINANCE be pleased to state:

(a) whether almost all the State Governments have submitted their memoranda to the Finance Commission;

(b) whether the Commission has been asked by the Centre to go to all the States and after consultation with the State Government submit an interim report; and

(c) if so, when the Commission would submit its interim report?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) Yes, Sir.

(b) No, Sir.

(c) Does not arise.

Appointment of Fourth Pay Commission to review the Pay Structure of Employees of Orissa Government

6376. SHRI GIRIDHAR GOMANGO: Will the Minister of FINANCE be pleased to state:

(a) whether Orissa Government had taken a decision to appoint a Fourth Pay Commission to review the pay structure of their employees and remove the anomalies in the present pay scales;

(b) whether the formation of Commission had not been decided upon before the State Government was defeated; and

(c) if so, whether Government propose to take a fresh decision and

appoint the Chairman and members thereof?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) and (b). According to information furnished by the Government of Orissa the last Ministry had taken a decision that in view of a number of demands of the State non-gazetted Employees Coordination Committee and others relating to restructuring of pay scales and service conditions, a Pay Committee will be the appropriate forum for reviewing such issues and formulate recommendations.

(c) The position is being ascertained from the State Government.

Smuggling of Gold

6377. SHRI GIRIDHAR GOMANGO: Will the Minister of FINANCE be pleased to state:

(a) whether the smuggling of gold into India is on the increase; and

(b) the quantity of smuggled gold seized throughout the country from January, 1973 to March, 1973?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) It is not practicable to make a reliable estimate of the extent of gold smuggled into the country. However, on the basis of the seizures it can be said that the smuggling of gold into the country has declined since 1971 because of the rise in the price of gold abroad.

(b) The quantity of smuggled gold seized by the Customs authorities during the period January, 1973 to February, 1973 was 338 Kgs. The figures for the month of March, 1973 are being collected and will be laid on the Table of the House.

बिहार के पूर्वी भाग का पर्यटन स्थल के रूप में विकास

6378. श्री एम० एस० पुरती : क्या पर्यटन और नागर विमानन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बिहार सरकार ने बिहार के पूर्वी भाग का पर्यटन स्थल के रूप में विकास करने का केन्द्र से अनुरोध किया है;

(ख) क्या विदेशी पर्यटकों के लिए पूर्वी भाग में काफी ऐतिहासिक स्थान हैं; और

(ग) यदि हां, तो केन्द्रीय सरकार द्वारा बिहार के इस भाग में पर्यटन को बढ़ावा न देने के क्या कारण हैं ?

पर्यटन और नागर विमानन मंत्री (डा० कर्ण सिंह) : (क) से (ग). राज्य सरकार से ऐसा कोई आवेदन प्राप्त नहीं हुआ है । बिहार में पर्यटन रुचि के स्थान सुप्रसिद्ध हैं । सीमित साधनों तथा अन्य प्राथमिकताओं के कारण, पर्यटन विभाग पटना, बोध-गया, राजगिर तथा नालन्दा में, जो कि बौद्ध देशों से काफी बड़ी संख्या में पर्यटकों को आकर्षित करते हैं, पर्यटन सुविधाओं के विकास पर ध्यान केन्द्रित कर रहा है ।

हशीश तथा अन्य वस्तुओं की तस्करी के अपराध में हिप्पियों की गिरफ्तारी

6379. श्री एम० एस० पुरती : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) गत दो वर्षों में सीमाशुल्क अधिकारियों ने कितने हिप्पियों को देश में हशीश तथा अन्य वस्तुओं की तस्करी के अपराध में गिरफ्तार किया है;

(ख) क्या इस समय कुछ हिप्पियों पर मुकदमा चलाया जा रहा है; और

(ग) यदि हां, तो ऐसे मामलों की संख्या कितनी है ?

वित्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश) : (क) से (ग). "हिप्पी" शब्द की ठीक-ठीक व्याख्या करना सम्भव नहीं है। किन्तु, चरस (हशीश) तथा अन्य निषिद्ध माल के तस्कर आयात संबंधी आरोपों में गिरफ्तार किये गये सभी विदेशी राष्ट्रिकों के बारे में अपेक्षित सूचना एकत्रित की जा रही है और सभा की मेज पर रख दी जायगी।

State Bank's Foreign Loan—Wisdom questioned by Beirut Journal

6380. SHRI JYOTIRMOY BOSU: Will the Minister of FINANCE be pleased to state:

(a) whether his attention has been drawn to a report published in 'Mail' Madras dated 17th January, 1973, under the caption "State Bank's Foreign Loan—Wisdom questioned by Beirut Journal"; and

(b) if so, the reaction of Government thereto?

THE MINISTER OF FINANCE (SHRI YESHWANTRA CHAVAN):

(a) Yes, Sir.

(b) The Press Report pertains to the foreign exchange loan raised by the Shipping Corporation of India through the State Bank of India, for meeting a portion of the foreign exchange requirements in respect of 2 OBO Vessels under construction in Yugoslavia. The loan is to be repaid in 5 years in 7 half yearly instalments, the first instalment being payable on completion of 2 years from the date of drawal. The loan carries a fixed rate of interest of 7.5 per cent per annum and is free of Indian income tax. The loan has been taken by the State Bank of India against promissory notes. The State Bank has also

to incur an additional expenditure of 0.1 per cent per annum as stamp duty.

The Lebanese pound is a freely convertible currency. A specific clause was also incorporated in the Loan Agreement between the lending Banks and the State Bank of India that, unless the proceeds of the loan were convertible, the Agreement would be null and void. The loan has already been utilized by converting the amount to U.S. dollars and making the payment to the Yugoslav Shipyard. The conversion at the time of draw down did not entail any loss.

The repayment of the loan will start from December, 1974. The exchange conversion for buying Lebanese currency in international market will be guided by the prevalent movement of exchange rates at the appropriate time. This is a risk which is inherent in any international financial transaction.

There have been certain critical comments on this loan but, by and large, this transaction has been commented upon favourably.

The terms on which this loan was extended by the Lebanese Banks were considered to be acceptable by Government. The World Bank and other international financial agencies have also raised loans in the Lebanese and Middle-East markets.

Arrears of Income Tax against Film Actors and Actresses

6381. SHRI JYOTIRMOY BOSU: Will the Minister of FINANCE be pleased to refer to the reply given to Starred Question No. 305 on the 7th April, 1972 regarding arrears of income tax against film actors and actresses and state:

(a) what steps have been taken since then, to realise the arrears from the persons referred to in the statement;

(b) whether the officials of his Department had been investigating char-

ges of tax evasion against Shri M. G. Ramachandran; and

(c) if so, the findings thereof?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) Various steps to realise the arrears as provided in the Income tax Act, such as, issue of show-cause notice imposition of penalty u/s 231(1), attachment of salary u/s 226(2), attachment of bank-accounts, debts, rents u/s 226(3), issue of Tax Recovery Certificate, attachment of movable and immovable properties, grant of instalments, filling of claim before official assignee in insolvency cases etc., have been taken as a result of which substantial arrears have been realised. A Statement showing the amounts outstanding as on 29th February 1972 against the persons mentioned in the reply to Lok Sabha Starred Question No. 305 for 7th April 1972, amount realised/reduced, amount outstanding as on 15th March 1973, further steps taken to realise arrears/remarks, is laid on the Table of the House. [Placed in Library. See No. LT-4743/73].

(b) and (c). There has not been any charge of tax evasion as such against Shri M. G. Ramachandran so far though there are disputed additions in his income-tax assessments and consequently proceedings u/s 271(1)(c) of the Income-tax Act, 1961 have been initiated in respect of two years. The proceedings have yet to be completed.

Performance of Public Sector Hotels

6382. SHRI JYOTIRMOY BOSU: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) whether his attention has been drawn to a report published in the 'Hindustan Standard' Calcutta dated the 22nd January, 1973 under the caption "public sector hotels report poor results"; and

(b) if so, Government's reaction thereto?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) Yes, Sir.

(b) In terms of gross profit, the India Tourism Development Corporation made a profit of Rs. 101.84 lakhs during the year 1971-72 as against Rs. 93.83 lakhs in the previous year, from its various commercial activities including hotels. The apparent decline in the net profit of the Corporation during 1971-72, referred to in the press report is due to increased depreciation and provision for development rebate reserve.

Inconvenience caused to Passengers due to lack of Seat numbers in Boeing 747

6383. SHRI S. M. BANERJEE: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) whether there are no seat numbers in Boeing 747;

(b) if so, the reasons therefor; and

(c) whether he has received any representation in the recent past regarding the inconvenience caused to the passengers on this account and if so, the action taken thereon?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) to (c). In the Boeing 747s in the fleet of Air-India the seats are numbered and passengers are allotted specific seats. In the Boeing 737s in the fleet of Indian Airlines, however, although seats are numbered, free seating was introduced as a measure of passenger convenience. There have been complaints of families and friends travelling in groups not being able to occupy adjacent seats in the free seating system. Indian Airlines have, therefore decid-

ed to give up the free-seating arrangement.

Repatriation of Funds by Companies

6385. SHRI C. K. CHANDRAPPA: Will the Minister of FINANCE be pleased to refer to the reply given to USQ No. 2755 on the 9th March, 1973 regarding remittances by foreign companies in India and state what was the total amount repatriated by each of these Companies in 1969-70 and 1970-71 and under each heading separated?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN): A statement showing the remittances of profits made in 1969-70 and 1970-71 by the 75 branches of foreign companies including branches of foreign banks, which were referred to in the reply to USQ No. 2755 answered in the Lok Sabha on the 9th March 1973/Phalguna 18, 1894 (Saka), is laid on the Table of the Lok Sabha [*Placed in Library. See No. LT-4744/73*]. Information regarding the profit remittances made by Mercantile Bank Ltd., U.K. and Mercantile Bank Ltd., Hong-kong is being collected and will be laid on the Table of the Lok Sabha.

During these two years EID-Parry Ltd., was the only foreign incorporated company which made remittances on account of royalty payments and the amounts remitted were Rs. 0.94 lakhs and Rs. 1.06 lakhs for the years 1969-70 and 1970-71 respectively.

Recovery of Taxes from Top 75 Families in India

6386. SHRI C. K. CHANDRAPPA: Will the Minister of FINANCE be pleased to refer to the reply given to Unstarred Question No. 2724 on the 9th March, 1973 and state:

(a) what is the total tax collections, under various Direct Taxes, made from each of these 75 families during the last years;

(b) what is the total amount of tax arrears due from each of these families; and

(c) what is the amount of tax arrears written off against each of these families during the last two years?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) to (c). In reply to Lok Sabha Unstarred Question No. 2724 for 9th March 1973, three lists containing the names of 75 top wealth-tax assesseees for each of the 3 years—1969-70, 1970-71 and 1971-72 were given. Majority of the names in the three lists are common. However, the total number of assessee families in these three lists is 100. Information in respect of these families is being collected and will be laid on the Table of the House as early as possible.

Inquiry Report on Stowaway Incident at Bombay Airport on 3-3-1973

6387. SHRI SUKHDEO PRASAD VERMA:

SHRI M. S. SIVASWAMY:

Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) whether one-man Commission of inquiry appointed by Government to go into stowaway incident at the Bombay Airport on the 3rd March, 1973 has since submitted its report; and

(b) if so, the action taken thereon?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) Yes, Sir.

(b) The report is under examination.

Seizure of Hashish at Delhi Air Port

6388. SHRI SUKHDEO PRASAD VERMA: Will the Minister of FINANCE be pleased to state:

(a) whether Hashish worth Rs. 15 lakh has been seized at Delhi Air Port from London bound passengers on 8th March, 1973; and

(b) if so, the action taken against them?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) On 8th March, 1973 Hashish (Charas) weighing 21.250 Kgs. and valued at about Rs. 21,000 (at the current illicit market rates) was seized at the Delhi Airport from three foreign nationals bound for Frankfurt.

(b) All the three foreigners have been arrested and further investigations are in progress.

Direction to Commercial Banks Re: Finance for Foodgrains including Imported Ones

6389. SHRI YAMUNA PRASAD MANDAL: Will the Minister of FINANCE be pleased to state:

(a) whether Government have directed Commercial Banks to provide finances for the foodgrains, including imported ones handled by the Food Corporation; and

(b) if so, the justification for such a direction?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN): (a) and (b). No direction has been issued by Government to commercial banks in this regard. However, a consortium of banks constituted by the Reserve Bank of India in April 1970, with the State Bank of India as the leader, meets the credit requirement of food procurement agencies, including the imported food grains

handled by the Food corporation of India primarily because of the social objective in regulating the price as also distribution of the foodgrains, which are essential commodity for mass consumption.

बंदरों का निर्यात

6390. श्री हुकम चन्द कछवाय : क्या वाणिज्य मंत्री यह बताने की कृपा करेंगे कि :

(क) 1971-72 और 1972-73 के वित्तीय वर्षों के दौरान कितने बंदरों का विदेशों को निर्यात किया गया;

(ख) इस अवधि के दौरान इससे कितनी विदेशी मुद्रा अर्जित की गई; और

(ग) वर्ष 1973-74 के दौरान बंदरों के निर्यात से अनुमानतः कितनी राशि की विदेशी मुद्रा अर्जित किये जाने का लक्ष्य है ?

वाणिज्य मंत्रालय में उप मंत्री (श्री ए० सी० जार्ज) : (क) और (ख). 1971-72 तथा 1972-73 (अप्रैल-सितम्बर, 1972) के दौरान निर्यात किये गये बंदरों की संख्या तथा मूल्य नीचे दिया गया है :—

1971-72		1972-73 (अप्रैल-सितम्बर, 72)	
सं०	मूल्य (लाख रुपये)	सं०	मूल्य (लाख रुपये)
53170	37.96	15875	16.19

(ग) 1973-74 के दौरान 30,000 बंदरों के निर्यातों की अनुमति दी जायेगी। चालू इकाई मूल्य के आधार पर संपूर्ण कोटें

के उपयोग से लगभग 30 लाख रुपये की विदेशी मुद्रा प्राप्त होगी।

वर्ष 1972-73 के दौरान सुअर की चर्बी और गाय तथा बछड़ों की खालों के निर्यात से अर्जित आय

6391. श्री हुकम चन्द कछवाय : क्या वाणिज्य मंत्री यह बताने की कृपा करेंगे कि :

(क) वित्तीय वर्ष 1972-73 के दौरान सुअर की चर्बी और गाय तथा बछड़ों की खाल के निर्यात से कितनी विदेशी मुद्रा अर्जित की गई; और

(ख) वित्तीय वर्ष 1973-74 के दौरान उक्त वस्तुओं के निर्यात से अनुमानतः कितनी विदेशी मुद्रा अर्जित करने का लक्ष्य है ?

वाणिज्य मंत्रालय में उप मंत्री (श्री ए० सी० जार्ज) : (क) वर्ष 1972-73 में सुअर की चर्बी का निर्यात नहीं किया गया है। अप्रैल, 1972 से फरवरी, 1973 के दौरान अनुमानतः 44.86 करोड़ रुपये की ई०आई० तथा क्रोम विधि से कमायी गई गाय की खालों तथा बछड़ों की चमड़ियों का निर्यात किया गया।

(ख) 1973-74 से अर्ध साधित खालों तथा चमड़ियों के निर्यात कोटा प्रणाली द्वारा विनियमित होंगे। इस वस्तु की विभिन्न श्रेणियों के लिए कोट निर्धारित करने के बारे में शीघ्र ही विनिश्चय किया जायेगा। 1973-74 में इस वस्तु के संबंध में निर्यात आय का अनुमान उसके बाद दिया जा सकता है।

Proposal to open Civil Airport at Gorakhpur (U.P.) to Air Traffic

6392. SHRI NARSINGH NARAIN PANDEY: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) whether Government are considering a proposal for opening the civil airport at Gorakhpur (Uttar Pradesh) to air traffic by starting the flights from Delhi to Bombay via Gorakhpur; and

(b) if so, the broad outlines of the proposal in this regard?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) and (b). There is a Defence airfield at Gorakhpur and the questions of starting air services and constructing a civil enclave are under active consideration. The routing of such services will be determined in relation to traffic flows, commercial affinity, fleet availability, etc.

चाय उत्पादकों को ऋण सम्बन्धी सुविधायें

6393. श्री महादीपक सिंह शास्त्री : क्या वाणिज्य मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या चाय अनुसंधान समिति ने चाय बोर्ड से सिफारिश की है कि चाय का उत्पादन बढ़ाने और उसकी किस्म में सुधार करने की दृष्टि से यह आवश्यक है कि चाय उत्पादकों को आसान शर्तों पर पर्याप्त ऋण संबंधी सुविधायें उपलब्ध कराई जायें; और

(ख) यदि हां, तो इस बारे में सरकार द्वारा क्या कार्यवाही की गई है ?

वाणिज्य मंत्रालय में उप मंत्री (श्री ए० सी० जार्ज) : (क) जी नहीं।

(ख) प्रश्न नहीं उठता।

सिविल सेवाओं पर हुआ व्यय

(ख) कुल राजस्व का कितने प्रतिशत व्यय विकास कार्यों पर किया जाता है; और

6394. श्री मूलचन्द इंगा : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(ग) गत तीन वर्षों के दौरान इन शीर्षकों पर व्यय बढ़ा है अथवा कम हुआ है ?

(क) केन्द्रीय सरकार के कुल राजस्व का कितने प्रतिशत व्यय सिविल सेवाओं पर किया जाता है ;

वित्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश) : (क)

1970-71	1971-72	1972-73 (बजट अनुमान)
83.0 प्रतिशत	84.6 प्रतिशत	82.4 प्रतिशत

(ख) ख्याल है कि माननीय सदस्य का संकेत योजना व्यय की ओर है; जिसका	कुल राजस्व के प्रति अनुपात नोचे दिया गया है :—	
1970-71	1971-72	1972-73 (बजट अनुमान)
31.8 प्रतिशत	31.0 प्रतिशत	40.0 प्रतिशत

(ग) इन शीर्षकों के अन्तर्गत पिछले तीन वर्षों में हुए व्यय का विवरण नोचे दिया गया है, जिससे रुख का पता चलता है :—

(करोड़ रुपये में)

	1970-71	1971-72	1972-73
	वास्तविक	वास्तविक	बजट अनुमान
सिविल सेवाओं पर व्यय	4474	5626	5404
योजना व्यय	1714	2025	2624

1970-1971 और 1972 के वर्षों के दौरान
पर्यटन विभाग द्वारा पत्र-पत्रिकाओं और
पर्यटक साहित्य के प्रकाशन पर व्यय

6395. श्री मूलचन्द डागा : क्या
पर्यटन और नागर विमानन मंत्री यह बताने
की कृपा करेंगे कि :

(क) क्या 1970, 1971 और 1972
के दौरान पर्यटन विभाग ने कुछ पत्र-पत्रिकाएं
और पर्यटक साहित्य प्रकाशित किया है;
और

(ख) यदि हां, तो यह प्रकाशन किन-
किन भाषाओं में हुआ और इन में से प्रत्येक
पर कितनी राशि व्यय की गई ?

पर्यटन और नागर विमानन मंत्री :
(डा० कर्ण सिंह) : (क) जी, हां ।

(ख) प्रचार साहित्य अंग्रेजी, जर्मन,
फ्रेंच, स्पेनिश, इतालियन और हिन्दी भाषाओं
में प्रकाशित किया गया है । एक विवरण
सभा पटल पर रखा गया है (ग्रंथालय में
रखा गया) देखिये संख्या एल० टी—4745/
73)

**Indias offer to Supply Light Engineer-
ing Goods to Kenya**

6396. SHRI RAM PRAKASH: Will
the Minister of COMMERCE be pleas-
ed to state:

(a) whether Government of India
have offered to supply light engineer-
ing goods to Kenya on competitive
prices; and

(b) if so, the list of such items?

THE DEPUTY MINISTER IN THE
MINISTRY OF COMMERCE (SHRI
A. C. GEORGE): (a) No, Sir.

(b) The question does not arise.

Decline in Export of Raw Tobacco

6397 SHRI RAM PRAKASH: Will
the Minister of COMMERCE be pleas-
ed to state:

(a) whether export of unmanufac-
tured tobacco has gone down compa-
ratively; and

(b) if so, the reasons therefor?

THE DEPUTY MINISTER IN THE
MINISTRY OF COMMERCE (SHRI
A. C. GEORGE): (a) and (b). No,
Sir. In the period April to February
1972-73, our exports of unmanufactur-
ed tobacco are estimated to be equi-
silver from villages in North India
37.28 crores during the corresponding
period of the year 1971-72.

Smuggling of Silver out of India

6399. SHRI B. S. BHAURA: Will
the Minister of FINANCE be pleased
to state:

(a) whether it has come to the
notice of Government that the agents
of smugglers are buying all available
silver from villages, in North India
and convert it into 35 Kg. slabs;

(b) whether these slabs are kept in
bank lockers and smuggled out of
the country at safe intervals with the
help of some air-lines; and

(c) if so, what action has been taken
to stop smuggling of silver from India?

THE MINISTER OF STATE IN THE
MINISTRY OF FINANCE (SHRI K.
R. GANESH): (a) Government have
no such information. However, silver
is received in Bombay which is the
principal bullion market in the coun-
try and at other bullion centres from
various parts of the country including
northern India, mostly in ingot shape
weighing about 30 to 35 kilograms.

(b) Silver slabs kept in bank lockers are declared to the Customs authorities and are not for smuggling out. There is no information that silver is smuggled out of the country with the help of some airlines. The information available with the Customs authorities indicates that silver smuggling is mostly by mechanised launches.

(c) The following steps have been taken by the Government to prevent smuggling of silver from India:—

Systematic collection and follow up of informatoin, keeping a watchful eye on the suspected smugglers, rummaging of suspected vessels or aircrafts and checking of vulnerable sectors along the coast and the land frontiers. Additional launches and vehicles are being provided from time to time for effective interception, prevention etc. Some senior officers of the rank of Collector of Customs, Additional Collector of Customs and Assistant Collector of Customs have been posted in vulnerable areas to look after anti-smuggling work exclusively. Customs Act, 1962 has been amended providing for regulatory measures within the specified area extending inland upto 50 kilometers from the West Coast of India and that part of the East Coast which falls within Tamil Nadu and Pondicherry. The regulations provide for declaration of premises to Customs, transport of silver under cover of vouchers, maintenance of prescribed accounts and reasonable steps to avoid sales in the name of fictitious persons. The position is kept under constant review.

Unearthing of Racket in the import of Foreign Textiles in U.P.

6400. SHRIMATI SAVITRI SHYAM: Will the Minister of FINANCE be pleased to state:

(a) whether recently a big racket in the import of foreign textile has been unearthed in Uttar Pradesh by the Customs Department;

(b) if so, the names of the persons involved and the value of the textiles unearthed; and

(c) the action taken against them?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) and (b). 926 bales suspected to contain imported discarded clothing were seized by Customs authorities in 1972 at various places in Uttar Pradesh as part of an operation in various cities in Northern India and Bombay, in view of the complaints regarding sale of foreign discarded garments imported against licences of woollen rags. It has not been practicable to ascertain their value so far. The names of persons from whom these were seized are given in the statement laid on the Table of the House. [Placed in Library. See No. LT-4746/73.]

(c) Show cause notice under Customs Act have been issued and the cases are under adjudication.

Effect of Steel shortage on export of Engineering Goods

6401. SHRIMATI SAVITRI SHYAM: Will the Minister of COMMERCE be pleased to state whether steel shortage has proved a drag on the export of engineering goods and if so, the remedial steps proposed?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): In view of short supply of steel following steps were

taken to meet steel requirements of exporters of engineering goods:

(i) supply of steel from indigenous sources for export oriented industries has been allotted a very high priority.

(ii) a scheme for massive import of steel was formulated and announced on 18-4-72 which envisaged that requisite quantities of imported steel would be supplied to the exporting units against definite orders.

(iii) long term measures to increase capacity of existing steel plants have also been initiated.

(a) whether India is losing heavily in her trade with East European countries for the past two years;

(b) whether Government have examined the matter carefully; and

(c) if so the reaction of Government in this regard and the steps being taken to make up the loss suffered by the country?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) No, Sir. Exchange of goods between India and East European countries, as with other territories, takes place under world competitive prices, and therefore, the question of loss does not arise.

(b) and (c). Do not arise

Agreement between Tea Board and Port Commissioner, Calcutta for taking over the warehouses of Foreign Countries

6402. SHRIMATI SAVITRI SHYAM: Will the Minister of COMMERCE be pleased to state:

(a) whether the Tea Board of India has entered into an agreement with the Port Commissioner of Calcutta for taking over the warehouses of the foreign countries recently;

(b) if so, the names of the countries whose warehouses have been taken over by the Tea Board; and

(c) the steps being taken in pursuance of the agreement?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) No, Sir.

(b) and (c). Do not arise.

Decline in Indian Trade with E.E.C.

6403. SHRIMATI SAVITRI SHYAM: Will the Minister of COMMERCE be pleased to state:

Mobilisation of Deposits under Small Saving Schemes

6404. SHRI RAJDEO SINGH: Will the Minister of FINANCE be pleased to state:

(a) whether the net small savings collection for the first seven months during the last financial year, i.e. upto October, 1972 is Rs. 129.84 crores which is more than double the figure for the corresponding period in the previous year i.e., Rs. 64.37 crores; and

(b) if so, whether entire collections under Small Savings in 1972-73, if this tempo had been sustained proportionately in remaining 5 months will be more or less than the Budget estimates of 1973-74?

THE DEPUTY MINISTER IN THE MINISTRY OF FINANCE (SHRIMATI SUSHILA ROHATGI): (a) The net small saving collections from April, to October 1972 amounted to Rs. 123.23 crores (approx.) as compared to Rs. 64.37 crores for the corresponding period of the previous year.

(b) The latest figures of net Small Savings collections are available upto January, 1973. The net Small Savings collections from April, 1972 to January, 1973 amount to Rs. 210.51 crores as compared to 126.15 crores during the corresponding period of the previous year. On the basis of trend of actuals the net small savings collections during the year 1972-73 may exceed the 1972-73 revised budget estimates of Rs. 300 crores. However at this stage, it is not possible to say whether the net small savings collections during the year 1972-73 will go up to the Budget Estimates of 1973-74, viz. Rs. 325 crores.

Loan Applications received by S.B.I. Kotdwara, U.P.

6405. DR. RANEN SEN: Will the Minister of FINANCE be pleased to state:

(a) the number of applications received in 1972 by State Bank of India, Kotdwara (U.P.) for loan from small scale industries;

(b) whether some of them have been sanctioned loan; and

(c) if so, the number of applications and the amount of loan sanctioned?

THE DEPUTY MINISTER IN THE MINISTRY OF FINANCE (SHRI-MATI SUSHILA ROHATGI): (a). State Bank of India, Kotdwara Branch (U.P.) have not received any application from the Small Scale Industries, established at Kotdwara.

(b) and (c). Do not arise.

Development of Tourist Resorts in Kerala during Fifth Plan

6406. SHRIMATI BHARGAVI THANKAPPAN: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

183 L.S.—6.

(a) whether schemes for the development of tourist resorts in Kerala State during the Fifth Plan period have been finalised and if so, the broad outlines thereof; and

(b) the estimated cost of the scheme?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) and (b). Plan schemes in the Central Sector are not drawn up on a State-wise basis. Investments have to be made keeping in view the existing and potential attraction for tourists of different areas of the country. The Fifth Plan Schemes of the Department of Tourism are still under formulation. No doubt the Government of Kerala will also be drawing up plans for tourism development in the State Sector.

कोलम्बो में 20 मार्च, 1973 को हुआ
विभिन्न देशों के पर्यटन मंत्रियों का
सम्मेलन

6407. श्री विभक्ति मिश्र : क्या पर्यटन और नागर विमानन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या भारत, पाकिस्तान, नेपाल, अफगानिस्तान, ईरान, मंगोलिया और श्रीलंका के पर्यटन मंत्रियों का सम्मेलन 20 मार्च, 1973 को कोलम्बो में हुआ था;

(ख) यदि हां, तो वहां पर कौन कौन-से मुख्य निर्णय हुए; और

(ग) उनके परिणामस्वरूप भारत को कितनी मात्रा में लाभ होने की सम्भावना है ?

पर्यटन और नागर विमानन मंत्री
(डा० कर्ण सिंह) : (क) कोलम्बो में 20

से 22 मार्च, 1973 तक हुई बैठक मंत्री स्तर की नहीं थी। यह दक्षिण एशिया क्षेत्रीय यात्रा आयोग की एक बैठक थी जिसके स्थायी सचिवालय का उद्घाटन कोलम्बो में श्रीलंका के प्रधान मंत्री द्वारा 20 मार्च को किया गया था। क्षेत्रीय आयोग के सात देशों में से भारत, पाकिस्तान, ईरान तथा श्रीलंका का प्रतिनिधित्व सरकारी स्तर पर किया गया था।

अन्य बातों के साथ साथ, अन्तर्राष्ट्रीय होटल वर्गीकरण मानकों के निर्धारण, प्रमुख पर्यटक सृजक मार्केटों में संयुक्त अनुसंधान सर्वेक्षणों, दक्षिण एशिया क्षेत्र के लिये विमान किरावों के ढांचे तथा शिक्षण प्रचार और अभिवृद्धि से संबंधित विषयों में क्षेत्रीय सहयोग पर विचार विमर्श भी हुआ। होटल वर्गीकरण तथा पर्यटन अनुसंधान के लिये क्रमशः दो कार्य संचालक दलों का गठन किया गया था। परिषद की अगली बैठक में संयुक्त रूप से निर्णय लेने के लिये क्षेत्रीय सचिवालय को कुछ अन्य अध्ययन करने के लिये प्राधिकृत किया गया था।

(ग) भारत सरकार यात्रा संगठनों के अन्तर्राष्ट्रीय संघ एवं उसके दक्षिण एशिया क्षेत्रीय यात्रा आयोग का सदस्य है। पर्यटन विकास में अन्तर्राष्ट्रीय या क्षेत्रीय सहयोग से भारत को विचारों के अदान प्रदान, विशेषज्ञ परामर्श तथा प्रशिक्षण सुविधाओं की उपलब्धता और पर्यटन सुविधाओं को विकसित करने की सहकारी योजनाओं के रूप में लगातार लाभ मिलते रहने की संभावना है।

Setting up of an Enquiry Committee to Check Smuggling Activities at Various Airports in India

6408. SHRI BIBHUTI MISHRA: Will the Minister of FINANCE be pleased to state:

(a) whether there are people at various airports in the country who are engaged in smuggling activities;

(b) if so, whether Government propose to set up an enquiry committee to check their activities; and

(c) if not, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) Except for stray cases in which some non-officials working at the airport were found to be engaged in smuggling activities there is no evidence to this effect.

(b) and (c). Do not arise in view of (a) above.

अफीम का निर्यात

6409. श्री बिभूति मिश्र : क्या वित्त मंत्री यह बताने को तैयार करेंगे कि :

(क) क्या विश्व की अफीम की खपत के 60 प्रतिशत भाग का निर्यात भारत से होता है ;

(ख) क्या भारत में अफीम की खेती उत्तर प्रदेश, राजस्थान और महाराष्ट्र में होती है ;

(ग) क्या चम्पारन (बिहार) में जो अफीम उत्पन्न होती थी वह उक्त राज्यों में उत्पन्न होने वाली अफीम से अच्छी किस्म की थी परन्तु सरकार ने चम्पारन में अफीम की खेती बन्द कर दी है ; और

(घ) यदि हां, तो क्या सरकार का विचार चम्पारन (बिहार) में अफीम की खेती को फिर से प्रारम्भ करने का है ?

वित्त सचिवालय में प्रमुख मंत्री (श्री के. आर. गणेश) : (क) विश्व

अफीम के कुल निर्यातों में भारत का योगदान लगभग 85 प्रतिशत है ।

(ख) अफीम के उत्पादन के लिए पोस्त की काश्त मध्य प्रदेश, उत्तर प्रदेश और राजस्थान राज्यों के कुछ जिलों में की जाती है महाराष्ट्र में अफीम की काश्त नहीं की जाती है ।

(ग) बिहार में पोस्त की काश्त 1910 में बन्द कर दी गई थी । बिहार में जिस अफीम का उत्पादन किया जाता था उसकी क्वालिटी के विषय में कुछ भी कहना सम्भव नहीं है क्योंकि वर्ष 1910 तथा इससे पूर्व के रेकार्ड उपलब्ध नहीं हैं

(घ) चम्पारन (बिहार) में अफीम की काश्त प्रारम्भ करने का इस समय कोई प्रस्ताव नहीं है ।

इण्डियन एयरलाइन्स तथा एयर इण्डिया के विमानों में यात्रा करने वालों की जांच-पड़ताल करने में पहले से अधिक सस्ती बरतने का प्रस्ताव

6410 श्री विभूति मिश्र : क्या पर्यटन और नागर विमानन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या देश की आंतरिक या अन्तर्राष्ट्रीय परिस्थितियों को देखते हुए, सरकार का विचार इण्डियन एयरलाइन्स तथा एयर इण्डिया के विमानों में यात्रा करने वाले यात्रियों की, यात्रा प्रारम्भ करने से पूर्व, पूरी जांच पड़ताल करने में पहले से अधिक सस्ती बरतने का है ;

(ख) क्या सरकार का विचार नागर विमानन विभाग के उड़ानों से सम्बद्ध सभी कर्मचारियों की पूरी जांच पड़ताल का प्रबन्ध करने का भी है ; और

(ग) यदि हां, तो प्रस्ताव की मोटी रूपरेखा क्या है,

पर्यटन और नागर विमानन मंत्री (डा० कर्ण सिंह) : (क) वर्तमान सुरक्षा व्यवस्था के अन्तर्गत विमान पर सवार होने से पहले सभी विमान यात्रियों को विशेषरूप से प्रतिनियुक्त अधिकारी द्वारा शारीरिक तलाशी ली जाती है । उनकी छानबीन करने के लिये चुने हुए विमान क्षेत्रों पर 'इलेक्ट्रानिक' यंत्र भी लगाये गये हैं । सुरक्षा प्रबन्धों का लगातार पुनरालोकन किया जाता है ।

(ख) और (ग) यद्यपि उड़ानों की व्यवस्था (हैंडल) करने वाले कर्मचारियों की वैयक्तिक रूप से तलाशी नहीं ली जाती है तथापि इस बात का ध्यान रखा जाता है कि वे सुनिश्चित रूप से विश्वसनीय हो तथा वे अपने पास अइडेंटिटी कार्ड/बैज अवश्य रखें ।

Financial Assistance to States by I.D.B.I., I.F.C. and I.C.I.C.I.

6411. SHRI SAMAR GUHA: Will the Minister of FINANCE be pleased to state:

(a) whether differential financial aids have been made in preference to some States as against the claims of others by the Industrial Development Bank, the Industrial Finance Corporation and the Industrial Credit and Investment Corporation;

(b) the break-up of the figures of the (i) 10 per cent outright grant or subsidy, (ii) financial assistance and, (iii) refinance assistance made by the above financial institutions to different States during last three years;

(c) the break-up of the figures of State-wise applications sanctioned and awaiting clearance during the same period; and

(d) whether a review committee is proposed to set up to adopt a policy of equitable distribution of financial aid, grant and assistance to different States?

**THE MINISTER OF FINANCE
(SHRI YESHWANTRAO CHAVAN):**

(a) No, Sir. The financial institutions consider individual applications for assistance on merits subject to the criteria of technical feasibility and economic viability.

(b) State-wise distribution of financial assistance and refinance assistance sanctioned and disbursed by the Industrial Development Bank of India and financial assistance sanctioned and disbursed by the Industrial Finance Corporation of India and the Industrial Credit and Investment Corporation of India during the financial years 1969-70, 1970-71 and 1971-72 is given in the statements I, II and III respectively laid on the Table of the House. [Placed in Library. See No. LT-4747/73.] The 10 per cent outright grant or subsidy on behalf of the Central Government is sanctioned by State Level Coordination Committees. Disbursements are effected through various agencies including financial institutions. The institutions mentioned above have not so far disbursed any amount under this Scheme.

(c) State-wise distribution of applications sanctioned by the Industrial Development Bank of India and the Industrial Finance Corporation of India during the above 3 years and applications pending as on 31st March, 1972 is given in the Statement IV laid on the Table of the House. [Placed in Library. See No. LT-4747/73]. Similar information in respect of the Industrial Credit and Investment Corporation of India is being collected and will be laid on the Table of the House.

(d) No, Sir.

Decision on using Dum Dum Airport for Jumbo Jets

6412. **SHRI SAMAR GUHA:** Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) whether Government have decided to use Dum Dum airport for Jumbo Jets also;

(b) if so, the steps taken by Government to implement the decision;

(c) whether some International Airways have also decided now to stop at Dum Dum Airport; and

(d) if so, the reason for delay in implementing this decision by various International Airways?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) and (b). Air-India are planning to introduce Jumbo Jet services through Dum Dum early in the Fifth Plan. The terminal and operational facilities at Calcutta are already suitable for these aircraft, and ground handling facilities will also be provided by Air India at the appropriate time.

(c) Seven international airlines are already operating through Calcutta.

(d) Does not arise.

Loan Advanced by Central Bank as a Lead Bank to Small Businessmen, Artisans, Weavers and Agriculturists

6413. **SHRI B. K. DASCHOWDHURY:** Will the Minister of FINANCE be pleased to state:

(a) the total amount so far advanced by the Central Bank as a Lead Bank to small businessmen, artisans, weavers and agriculturists since its inception; and

(b) whether there is any special scheme to attract farmers, agriculturists, weavers to get loan from the

bank on easier terms and if so, the nature of the scheme?

THE DEPUTY MINISTER IN THE MINISTRY OF FINANCE (SHRIMATI SUSHILA ROHATGI): (a) Presumably the Hon'ble Member wishes to have information about the lending to specified categories of borrowers by the Central Bank in lead districts. The required information as on February, 1973, is given below:—

(As at the end of Feb. '73)

	No. of Accounts	Amount (Rs. lakhs)
Small Businessmen	2549	81.66
2. Self-employed persons like artisans and weavers	4508	41.54
Agriculturists	33811	1418.00

The total amount of advances to priority sector by the bank in the lead districts is Rs. 19.34 crores covering 42163 accounts.

(b) Some of the special credit schemes formulated by the Bank are:—

1. Agricultural schemes for financing minor irrigation, purchase of tractors, production finance and allied agricultural activities such as dairy, poultry, fisheries, etc.

(2) Schemes for purchase of buffaloes in the lead districts of Maharashtra.

3. Financing land development in area of extreme fragmentation of holdings in Mazaffarpur District of Bihar by bringing small farmers with scattered uneconomic holdings to form viable groups. Each group benefits by composite programme of construction of deep tube wells and laying of channels.

4. Assistance provided to entrepreneurs for setting up of agro service centres as also financing of unemployed agricultural graduates for purchase

of land and for undertaking agricultural operations.

5. For giving financial assistance to weavers, a scheme devised in consultation with the State Governments of Maharashtra and Uttar Pradesh for allowing working capital loans upto Rs. 1,500 per handloom and upto Rs. 5,000 per powerloom.

In all these cases, the normal terms and conditions governing sanction of loans such as security, margin requirements etc., are relaxed to suit the local conditions.

Opening of Branches of Lead Banks in Cooch Behar, West Bengal

6414. SHRI B. K. DASCHOWDHURY: Will the Minister of FINANCE be pleased to state:

(a) the places and number of branches of the Lead Bank opened in the District of Cooch Behar, West Bengal upto the year 1972-73; and

(b) how many more branches will be opened in the District of Cooch Behar and the name of those places?

THE DEPUTY MINISTER IN THE MINISTRY OF FINANCE (SHRIMATI SUSHILA ROHATGI): (a) and (b). Upto 31st December, 1972, the Central Bank of India which is the lead bank for the district of Cooch Behar has opened 7 offices there. These are located at Haldibari, Mathabhanga, Mekliganj, Tufanganj, Cooch Behar, Dewanhat and Pundibari. The Central Bank of India holds a license for opening an office at Dinhata. Bank offices are also expected to be opened in due course at the following 7 places identified as growth centres in the district:—

Sitalkuchi, Gosanimari, Nishiganj, Baneswar, Bamanhat or Chowdhurihat, Jamaladah and Basirhat.

Cheating of Nagercoil Branch of State Bank in Tamil Nadu

6415. SHRI PILOO MODY: Will the Minister of FINANCE be pleased to state:

(a) whether the State Bank Nagercoil Branch in Tamil Nadu was recently cheated by a group of people;

(b) if so, the amounts involved in these incidents; and

(c) whether Government have received any report in this regard from the Manager of the Nagercoil Branch of the State Bank and if so, the action taken in this regard?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN):
(a) Yes, Sir.

(b) Rs. 53,700.

(c) The Bank has reported that complaints have been lodged with the local police and police investigations are proceeding.

Sending of Provident Fund Accounts Sheets to Subscribers by A.G.C.R.

6416. SHRI B. K. DASCHOWDHURY: Will the Minister of FINANCE be pleased to state:

(a) the target month by which the Accountant General, Central Revenues, New Delhi and Accountant General, Commerce, Works and Miscellaneous, New Delhi are required to send to the subscribers of the General Provident Fund their account-sheets;

(b) the month by which such account-sheets for 1972-73 will be sent;

(c) the reasons for delay, if any; and

(d) what steps will be taken to ensure that such target months are adhered to for these returns?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K.

R. GANESH): (a) By the end of August of the succeeding account year.

(b) By January, 1974.

(c) and (d). The maintenance of a large number of G.P.F. accounts was computerised in two stages in the office of the A.G.C.R. with effect from 1st April, 1970 and 1st April, 1971. Computerisation was also started in the office of Accountant General, Commerce, Works and Miscellaneous with effect from 1st April, 1971. The switch over from the manual system to computers involved various transitional difficulties and problems, resulting in the closing of the accounts for 1971-72 and 1972-73 being delayed. The delays are being reduced progressively and efforts are being made to come closer to the target month in the near future.

Subsidy granted by Tea Board to Dooteriah and Kalej Valley Tea Estates in Darjeeling

6417. SHRI B. K. DASCHOWDHURY: Will the Minister of COMMERCE be pleased to state:

(a) the total amount of loans and subsidy granted by Tea Board to Dooteriah and Kalej Valley Tea Estates in Darjeeling;

(b) whether the progress of repayment of loans is satisfactory and if not, the reasons therefor;

(c) whether these two Estates forced their workers under an agreement concluded last year to forego Bonus and provident fund contribution after an illegal closure; and

(d) whether other Tea Estates under the same management have since been and are being granted loans and subsidy on liberalised terms by Tea Board even after violation of established Labour Laws of the country?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI

A. C. GEORGE): (a) and (b). Dooteriah and Kalej Valley Tea Estates, Pvt. Ltd., are the owners of only two tea Estates viz. Dooteriah Tea Estate and Kalej Valley Tea Estate. The following loans and subsidies have been sanctioned, disbursed and outstanding under the three financial Assistance Schemes of the Board:—

Plantation Finance Scheme	Dooteriah Tea Estate	Kalej Valley Tea Estate
	Rs.	Rs.
Sanctioned	3,96,000 (11 1965)	2,20,770 (11 1967)
Disbursed upto 31-3-73	3,30,000	1,30,635

Replantation Subsidy Scheme

Sanctioned	98,760
Disbursed (upto 31-3-73)	17,190

Tea Machinery Hire Purchase Scheme

Sanctioned	1,73,960.70	2,05,080.81
Outstanding	29,028.55	23,028.05

Repayment performance of the Estates is satisfactory.

(c) Government have no information in this regard.

(d) There are no other tea estates under the management of Dooteriah and Kalej Valley Tea Estates Private Limited.

Proposal to entrust Airport Security to Central Industrial Security Force

6419. SHRI S. A. MURUGANATHAM: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) whether Government are considering a proposal to entrust the Cen-

tral Industrial Security Force with airport security; and

(b) if so, the broad outlines thereof?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) and (b). Yes, Sir. It has been decided to induct the Central Industrial Security Force at the four international airports viz., Delhi, Bombay, Calcutta and Madras, for security and related functions.

Loan obtained by State Governments from Banks and Financial Institutions for Procurement of Food

6420. SHRI ANADI CHARAN DAS: Will the Minister of FINANCE be pleased to state:

(a) the amount of loan obtained by the State Governments from the banks and financial institutions for procurement of food;

(b) whether the banks and financial institutions are free to advance loans to the State Government to any limit; and

(c) whether the banks and financial institutions are required to obtain prior permission from the Reserve Bank of India or from the Central Government?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN):

(a) The outstanding balance of the loans obtained from the consortium of Banks for food procurement operations by the State Governments during the last one year varied from maximum of Rs. 110.7 crores in June 1972 to a minimum of Rs. 23.4 crores as on the 14th March, 1973.

(b) The Consortium of Banks, which are meeting the bank-credit requirements of the State Governments and their agencies for financing procurement storage and distribution of

foodgrains, grant the advances after taking into account the estimated targets of procurement of foodgrains.

(c) The banks are required to obtain prior permission from the Reserve Bank of India only before granting such advances to the State Governments. However, the State Governments are under a constitutional obligation to seek prior permission of the Central Government before availing themselves of any credit facility from the banks.

Calicut Aerodrome

6421. **SHRI C. H. MOHAMED KOYA:** Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) the latest position of the work of the Calicut aerodrome; and

(b) whether the Planning Commission has given any indication that the work will not be included in the Fifth Plan?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) and (b). Land measuring 213.65 acres has been acquired and fenced. The estimate of expenditure is ready. A revised project report for obtaining approval of the Planning Commission is under examination and will be sent shortly.

Under-Invoicing by Mica Exporters of Giridih and Jumri Tilaiya

6422. **SHRI R. P. YADAV:** Will the Minister of FINANCE be pleased to state:

(a) whether Government are aware that large scale Mica is exported to the Eastern European countries, U.S.A., Germany and Japan by the Mica Traders of Giridih, Jumri Tilaiya by under-invoicing and underhand ways, depriving Government of revenues and Customs duty; and

(b) whether any secret investigation has ever been carried out and whether any step has been suggested to stop this recurring malpractice; and

(c) whether some of the Mica exporters of Giridih are constantly being watched and if not why?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) The Government have no reliable information regarding large scale export of Mica to the Eastern European countries, U.S.A., Germany and Japan by the Mica Traders of Giridih, and Jumri Tilaiya by way of under-invoicing and over-invoicing. The number of cases of under/over-invoicing of Mica detected during the last 3 years was very small as compared to the total exports, since only 2, 5 and 7 cases of under/over-invoicing were detected during the years 1970-71, 1971-72 and 1972-73 respectively. However, in view of some seizures of Mica in the past viz. Rs. 2,93,000 in 1969; Rs. 68,870 in 1970 and Rs. 30,700 in 1972, the possibility of some mica being smuggled across the Indo-Nepal border cannot be ruled out.

(b) and (c). Efforts are made to collect intelligence regarding manufacturers and exporters of Mica who indulge in under-hand practices. Greater care is taken to check the suspected consignments.

The following steps are being taken to prevent malpractices by exporters of Mica.

The value declared by shippers on the shipping bill is scrutinised by Customs Officers with reference to the floor price fixed up by the Government and also with the ruling market price. The consignments of Mica, except fabricated Mica, are supported by certificates of Inspection issued by Export Inspection Agency whose Officers examine the goods at the factory under statutory Quality Control and Inspection Scheme and seal packages

and before shipment these are checked up by the Customs Officers.

To check smuggling of goods, including Mica across the Indo-Nepal border, the following further steps are being taken by the Government:

(i) Required staff has been posted at Kodarma and Giridih, where most of mica is produced and traded, to collect and transmit intelligence about smuggling of mica from these areas to Nepal.

(ii) Mobile preventive parties have been set up on the Indo-Nepal border to check smuggling of goods including mica, from India to Nepal and *vice-versa*.

(iii) Jeeps have been provided to make the border staff more mobile and effective.

(iv) The man-power in the Preventive parties has been increased.

(v) Close liaison is being maintained with the State authorities on the Indo-Nepal border to check smuggling of goods across the border.

(vi) Co-operation of the H.M.G. of Nepal has also been sought repeatedly in this connection. The Nepal Government have informed that they have stopped issuing fresh licences for the export of mica from Nepal since the last one and a half years. They have also banned the export of mica from Nepal by gift parcels.

(vii) A post of Collector of Customs has been created at Patna for unified control of the Customs formations along the Indo-Nepal border.

Allocation of foreign exchange to Tamil Nadu for Veeranam project

6423. SHRI M. KALYANASUNDARAM: Will the Minister of FINANCE be pleased to state:

(a) the value of foreign exchange permitted to the Government of Tamil

Nadu for the execution of drinking water project known as Veeranam project; and

(b) whether the machinery for which the foreign exchange was allowed has been imported in time?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN):

(a) An amount of Rs. 360 lakhs in foreign exchange has been released so far to the Government of Tamil Nadu for the Veeranam Project.

(b) Most of the machinery and steel items, except for HT wire rods, have already been received by the Project.

Diversion of a large part of output by Textile Mills to keep up prices of Cloth

6424. SHRI M. KALYANASUNDARAM:

SHRI TRIDIB CHAUDHURI:

Will the Minister of COMMERCE be pleased to state:

(a) whether the textile mills have diverted a large portion of the output to the export market with a view to create an atmosphere of shortage and to keep up cloth prices in the home market; and

(b) if so, what action Government propose to take against such methods adopted by the textile mills?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) No, Sir.

(b) Does not arise.

Exports by M.M.T.C. during the Current Financial Year

6425. SHRI M. KALYANASUNDARAM: Will the Minister of COMMERCE be pleased to state:

(a) whether exports by the Minerals and Metals Trading Corporation

are likely to fall short of the targets during the current financial year;

(b) if so, the reasons therefor; and

(c) the steps taken to step up exports handled by the Corporation?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) Yes, Sir.

(b) and (c). The shortfall in exports is in respect of iron ore, coal and manganese ore. This shortfall is due to emergence of Brazil and Australia as major competitors; escalation of ocean freight rate since July, 1972; US Dollar Devaluation; recession in the steel industry till September, 1972; production short falls in the country; natural calamities like cyclone and heavy rains in Madras and Paradeep and prolonged seamen strike in Japan. In respect of coal, shipment had to be deferred on request from Bangladesh which is our main importer of coal. All possible steps are being taken by the Corporation to step up exports.

Expansion of India's Trade with other Socialist Countries after Britain's entry into E.E.C.

6426. SHRI DHARAMRAO AFZALPURKAR: Will the Minister of COMMERCE be pleased to state:

(a) whether Britain had earlier given the assurance that everything would be as before as regards economic contacts with India after Britain entered the Common Market and now there is prospect of freeze and curtailment of trade; and

(b) if so, the efforts made by Government for expanding relations with other socialist countries in this regard?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) and (b). Britain had not given any such assurance. However, the Government is alive to the need for expanding trade with socialist countries.

Steps to clear tourist traffic at various Airports without delay ..

6427. SHRI RAMKANWAR: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) whether complaints have been received from number of tourists for inadequate arrangements and communication facilities at various airports;

(b) whether these complaints have been gone into; and

(c) the reaction of Government in this regard and what efforts, if any, have been made or are being made to clear the tourist traffic at various airports without delay and obviate endless formalities which create unwanted irritations?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) to (c). While no complaints seem to have been received recently, the following measures have been taken to simplify the procedural formalities for tourists at our international airports:

- (i) Introduction of a separate channel only for tourists to ensure expeditious clearance.
- (ii) Elimination of the currency declaration form for those bringing foreign currency up to \$ 500.
- (iii) Elimination of the need for tourists to make entries regarding certain commonly used items (e.g. cameras, some sports equipment etc.) in Tourist Baggage Re-export Form.
- (iv) Elimination of the separate Health Declaration form.
- (v) Use of simplified disembarkation card.
- (vi) Exemption from duty for importing one bottle of wine in addition to 36 ounces of liquor.

Special Tariffs fixed by various Government Hotels in New Delhi

6428. SHRI RAMKANWAR: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) the salient features of special tariffs fixed by the various Government hotels in New Delhi for new year eve functions during the last two years;

(b) whether there has been a considerable increase in the tariffs this time and if so, why; and

(c) whether attention of Government has been invited in this regard to a report in the *Motherland* dated the 30th December, 1972 and if so, the reaction of Government thereto?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) and (b). The tariffs fixed in the public sector hotels are competitive with those in the private sector. The increase * this year was due to an escalation in food prices as well as decoration costs and artistes' fees.

(c) Yes, but the allegations made are of a general nature.

Investigation into the Shrimp Exports by Union Carbide

6429. SHRI DASARATHA DEB: Will the Minister of COMMERCE be pleased to state:

(a) whether Government have made any headway in the investigation into the shrimp exports by M/s. Union Carbide, a world monopoly concern;

(b) if so, what are the facts that have been revealed as a result of the investigation; and

(c) what steps have been taken to stop further exports by this firm?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI

A. C. GEORGE): (a) to (c). The Government has looked into the case of M/s. Union Carbide and there was no evidence to suggest that the firm had committed any malpractice in their exports of shrimps to U.S.A.

Foreign Exchange Reserves

6430. DR. H. P. SHARMA:
SHRI R. P. ULAGANAMBI:

Will the Minister of FINANCE be pleased to state:

(a) whether foreign exchange reserves have lately registered a sharp decline and are likely to further decline by the end of March-April, 1973;

(b) if so, the comparative figures for February, 1973; February 1972, April, 1972 and April (end) 1973 and June (end) 1972 and June (end), 1973;

(c) the estimated, decline in the reserves currency area-wise;

(d) the reasons for the decline; and

(e) the steps being taken to improve the reserves position?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN):

(a) India's foreign exchange reserves including Gold and SDRs, declined from about Rs. 848.7 crores on 31-3-72 to about Rs. 839.6 crores on 30-3-73; according to provisional estimates.

(b) The comparative figures of foreign exchange reserves including Gold and SDRs are as follows:—

(Rs. Crores)

	1972	1973
February	868.8	799.1@
April	853.7	*
June	845.1	

@Provisional.

*It is not possible to give precise indications of level of reserves at these future dates.

(c) The fall in reserves was due mainly to a substantial fall in dollar reserves, made up in part by net increase in other currencies.

(d) The reasons for decline are im-debt service payments which were not fully balanced by export earnings and net aid receipts.

(e) Government is making constant efforts to strengthen the country's balance of payments. Export promotion and import substitution play a major role in this as contribution to self-reliance.

प्रत्यक्ष तथा अप्रत्यक्ष करों से प्राप्त राजस्व

6431. श्री नाथूराम अहिरवार :
क्या वित्त मंत्री यह बताने की कृपा करेंगे कि गत तीन वर्षों में प्रत्यक्ष तथा अप्रत्यक्ष करों के रूप में जनता से कितनी राशि प्राप्त की गयी ?

वित्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश) : प्रत्यक्ष और अप्रत्यक्ष करों से पिछले तीन वर्षों में वसूल हुई रकमों में मदवार नीचे दी गयी हैं :-

(करोड़ रुपयों में)

1970-71 1971-72 1972-73

(दिसम्बर
1972 तक)

राष्ट्रीयकृत बैंकों द्वारा लघु उद्योगों, मध्यम उद्योगों को तथा कृषि विकास के लिए दिए गए ऋण

6432. श्री नाथूराम अहिरवार : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) पिछले दो वर्षों में राष्ट्रीयकृत बैंक द्वारा लघु उद्योगों, मध्यम उद्योगों तथा कृषि विकास के लिए कितनी राशि के ऋण दिये गये ; और

(ख) प्रत्येक राज्य में ग्रामीण तथा नगरीय क्षेत्रों को कितना कितना ऋण दिया गया ?

वित्त मंत्रालय में राज्य मंत्री (श्रीमती सुशीला रोहतगी) : (क) जून, 1970, 1971 और 1972 के अन्तिम शुक्रवार को राष्ट्रीयकृत बैंकों द्वारा लघु उद्योगों और कृषि को दिए गये ऋणों के बारे में सूचना नीचे दी गई है :—

(लाख रुपयों में)

	जून 1970	जून 1971	जून 1972 (अन्तिम)
1. लघु उद्योग	20632	24513	29574
2. कृषि	15963	20555	25 487

मध्यम श्रेणी के उद्योगों को दिए गये ऋणों के सम्बन्ध में सूचना अलग से उपलब्ध नहीं है ।

(ख) ग्रामीण और शहरी क्षेत्रों को दिए गए ऋणों का ब्यौरा अलग से उपलब्ध नहीं है । फिर भी, जून 1970, 1971 और 1972 के अन्तिम शुक्रवार को राष्ट्रीयकृत बैंकों द्वारा लघु उद्योगों और कृषि को दिए गये राज्यवार ऋणों का विवरण सभा पटल पर रख दिया गया है । [प्रणालय पर रखा गया । देखिये संख्या एस० टी० 4748/73] ।

Survey undertaken by Lead-Banks in Backward Districts of States

6433. DR. KAILAS: Will the Minister of FINANCE be pleased to state:

(a) whether the Lead-Banks have completed the survey of Backward districts of different States, specially those which are declared eligible by Government for subsidy of 10 per cent, for guidance of the entrepreneurs to locate small-scale or Agro-industries in those districts; and

(b) if so, whether these Lead-Banks have organised a Seminar to co-ordinate the efforts of Small Industries Service Institutes and the State Directorates of Industries to attract the entrepreneurs; and

(c) if not, when it is likely to be completed; whether survey has been undertaken in respect of those Backward Districts for which 10 per cent subsidy is not given but which have been identified by Government as Backward Districts; and

(d) if so, which are those districts whose survey has been completed and which are under survey and if not, the reasons therefor?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN): (a), (c) and (d). All the backward districts except Goa, Daman and Diu, are covered under the Lead-Bank Scheme. The lead banks are required to carry out surveys in respect of all the lead districts. Information about the backward districts in which surveys have been completed or are under way is set out in the Statement laid on the Table of the House. [Placed in Library. See No. LT-4749/73.]

(b) No lead bank has, within the knowledge of the Government, organised any seminar of the kind referred to by the Hon'ble Member.

Switching over part of loomage by Textile Mills from Cotton Fabrics to Synthetics to earn higher profit

6434. SHRI TRIDIB CHAUDHURI: Will the Minister of COMMERCE be pleased to state:

(a) whether several mills in Bombay, Ahmedabad and elsewhere have pushed up the prices of higher medium, fine and superfine fabrics by 15 to 20 per cent and whether in

view of the higher margin on cotton fabrics many mills are switching over part of their loomage from synthetic textiles to pure cotton textiles of the above mentioned varieties; and

(b) if so, the steps contemplated by Government to remedy the position?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) In the last one year, prices of cotton fabrics of the higher medium, fine and superfine varieties have risen by 7—10 per cent. This is not extra-ordinary in view of the price rise in the economy as a whole. Prices of synthetic fabrics have shown a corresponding rise. It is not correct that mills have diverted their loomage from production of synthetic textiles to higher medium, fine and superfine cotton textile.

(b) Does not arise.

Fresh Fruits exported through S.T.C. during 1972 and Foreign Exchange earned

6435. SHRI R. P. ULAGANAMBI: Will the Minister of COMMERCE be pleased to state:

(a) the names of countries to which fresh fruits were exported through the State Trading Corporation during the year 1972 and the kind and quantity of such fruits; and

(b) the amount of foreign exchange earned thereby from each such country of export?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI

A. C. GEORGE): (a) and (b). A statement is attached.

STATEMENT

Country to which exported	Mango		Litchi		Oranges	
	Quantity in tonnes	Value C & F Rs. in thousand	Quantity M/Tonnes	Value C & F Rs. in thousand	Quantity in tonnes	Value C & F Rs. in thousand

Leakage of Foreign Exchange due to Over-invoicing and Under-invoicing

6436. SHRI R. P. ULAGANAMBI:
Will the Minister of FINANCE be
pleased to state:

(a) the number of cases which
Government have detected involving
foreign exchange leakage through
over-invoicing and under-invoicing
during the years 1970-71, 1971-72 and
1972-73;

(b) the names of parties involved,
the nature of action taken or proposed
to be taken against them; and

(c) the amount of foreign exchange
involved in each case?

THE MINISTER OF STATE IN
THE MINISTRY OF FINANCE (SHRI
K. R. GANESH): (a) The Number of
cases detected involving foreign ex-
change leakage through over/under
invoicing during the years 1970-71,
1971-72 and 1972-73 (upto December
1972) was as follows:

Description	1970-71	1971-72	1972-73 (upto Decem- ber 72)
(i) Under-invoicing of Imports	35	29	14
(ii) Under-invoicing of Exports	16	30	47
(iii) Over-invoicing of Imports	8	2	..
(iv) Over-invoicing of Exports	14	4	7

(b) and (c). A statement indicating the names of parties involved, the nature of action taken or proposed to be taken against them and the amount of foreign exchange involved in each case is laid on the Table of the House. [Placed in Library. See No. LT-4750/73].

Value of Artificial Yarn Imported through S.T.C. during 1972

6437. SHRI R. P. ULAGANAMBI: Will the Minister of COMMERCE be pleased to state:

(a) the total value of artificial yarn imported through State Trading Corporation and other agency, if any, during 1972;

(b) the names of parties to whom the yarn has been allotted and the quantity of the yarn allotted to each party; and

(c) whether the imported artificial yarn was allotted to these parties on the condition of certain export guarantee; and if so, the names of defaulters and the action taken, if any, against them?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) to (c). The information is being collected and will be laid on the Table of the House as soon as it is possible.

Amount spent for development of Tourism in States during the last two years

6438. SHRI R. P. ULAGANAMBI: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state:

(a) the total amount spent by the Central Government in each State for development of tourism during the last two years;

(b) the total amount proposed to be spent during the years 1973-74 for the purpose; and

(c) the total amount spent in the States of Haryana and Jammu and Kashmir since 1969-70?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): (a) A statement is attached.

(b) A provision of Rs. 400 lakhs has been made in the Budget Estimates for 1973-74.

(c) A total amount of Rs. 55.22 lakhs has been spent on tourism schemes in Jammu and Kashmir till February 1973. Against an anticipated expenditure of Rs. 17.10 lakhs in Haryana during the Fourth Plan, an expenditure of Rs. 4.30 lakhs has been incurred during 1972-73.

*Statement of amounts spent by the Department of Tourism in each State/Union Territory
on Tourism Schemes during 1971-72 and 1972-73.*

Appointment of S.C.-S.T. against reserved Posts in Managerial Cadre in S.T.C.

(b) No. called for interview 64
No. selected 10

(c) Does not arise.

6439. SHRI AMBESH: Will the Minister of COMMERCE be pleased to state:

(a) whether interviews were held in August, 1972 by the State Trading Corporation for selection of Scheduled Caste/Tribe candidates for appointment to some reserved posts in the managerial cadre;

(b) if so, the number of candidates called for interview, the number of reserved posts available and the number of Scheduled Caste/Tribe candidates selected for appointment; and

(c) if no candidate was selected in spite of the provision for relaxation of standard provided by the Government in case of Scheduled Caste/Tribe candidates, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) Yes, Sir. Not for reserved posts but as a part of special scheme to encourage scheduled castes and scheduled tribes candidates for service in the Corporation.

Opening of branches of Nationalised Banks in Hill Districts of U.P.

6440. SHRI NARENDRA SINGH BISHT: Will the Minister of FINANCE be pleased to state:

(a) the number of branches of the Commercial Banks which have been established in Uttareykhanda viz., the Hill Districts of U.P. since the nationalisation of Banks and the number of Branches prior to the nationalisation;

(b) the number of employees working in these branches and the number of local people among them alongwith their number in every grade and pay scales;

(c) the total amount of deposits received and loans advanced by these branches during the last three years and the purpose for which advanced; and

(d) the amount advanced to the weaker sections of the people and the purposes for which advances have been given during the last three years year-wise and the steps taken or proposed to be taken to give

maximum benefits in the weaker sections?

THE DEPUTY MINISTER IN THE MINISTRY OF FINANCE (SHRI MATI SUSHILA ROHTAGI): (a) Prior to bank nationalisation, there were 3 offices of 3 commercial banks in the Uttareykhand districts of Chamoli, Pithoragrah and Uttar Kashi. Between then and 31st December, 1972, 11 more offices have been opened by commercial banks in these three districts.

(b) to (c). Information is not readily available. This will be collected to the extent possible and will be laid on the Table of the House.

**Concessional Finance provided by
... Financial Institutions to Hill
Districts of U. P.**

6441. SHRI NARENDRA SINGH BISHT: Will the Minister of FINANCE be pleased to state:

(a) the total amount of concessional finance given for the industrial development of Uttarkhand, viz., the hill Districts of Uttar Pradesh by the financial institutions since the introduction of the scheme;

(b) the purposes for which the finance has been provided; and

(c) whether it has been properly utilised?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN):

(a) to (c). The projects located/to be located in the following 6 districts of the hill region of Uttar Pradesh, identified as industrially less developed by the Planning Commission, are eligible for the financial assistance on concessional terms from the Industrial Development Bank of India, the Industrial Finance Corporation of India and the Industrial Credit and Investment Corporation of India who had announced schemes of concessional finance in 1970:—

"Almora, Garhwal, Tehri Garhwal, Pithoragarh, Chamoli and Uttar Kashi".

Since the introduction of the schemes upto the 31st January, 1973, the Industrial Finance Corporation of India and the Industrial Credit and Investment Corporation of India had not received any application for financial assistance from projects located in the above districts. The Industrial Development Bank of India has, however, sanctioned concessional assistance of Rs. 2.55 lakhs by way of refinance in respect of two projects located in Tehri Garhwal district for the manufacture of miscellaneous chemical products. The Industrial Development Bank of India refinance assistance has yet to be disbursed.

**Names of Ministers, Departments
and Autonomous Organisations
which put up their pavilions in
Asia '72 and National Industries
Fair**

6442. SHRI NATHU RAM AHIRWAR: Will the Minister of COMMERCE be pleased to state:

(a) the names of Central Government Ministries and departments (including autonomous organisations) which put up their pavilions in the Third Asian International Trade Fair, 1972 and the National Industries Fair held in Delhi in November and December, 1972; and

(b) the total expenditure incurred by each on this account?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) and (b). The names of Central Government Ministries, Departments and Public Sector Undertakings which participated in the Third Asian International Trade Fair and National Industries Fair are indicated in Annexure I laid on the Table of the House. [Placed in Library. See No. LT-4751/73.]

The expenditure incurred by them is not available with Ministry of Commerce.

Declaration of Dabolim as an International Airport

6443. SHRI ERASMO DE SEQUEIRA: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state the progress made with reference to the declaration of Dabolim as an international airport?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): Land measuring 14.95 acres has been taken over from the Ministry of Defence and plans for construction of a civil enclave suitable for international traffic are under consideration.

Civilian Air Terminal at Dabolim

6444. SHRI ERASMO DE SEQUEIRA: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state the progress made regarding the proposed civilian air terminal at Dabolim?

THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH): Land measuring 14.95 acres has been taken over from the Ministry of Defence and plans for construction of a civil enclave are under consideration.

Air Link from Bombay to Hyderabad via Dabolim and Bangalore

6445. SHRI ERASMO DE SEQUEIRA: Will the Minister of TOURISM AND CIVIL AVIATION be pleased to state the progress made regarding the proposed link by air from Bombay to Hyderabad via Dabolim and Bangalore, as recommended by the Indian Airlines Advisory Committee?

THE MINISTER OF TOURISM AND CIVIL AVIATION: (DR. KARAN SINGH): Hyderabad is already airlinked with Bombay via Bangalore. Indian Airlines have no plans to air-link Bombay and Hyderabad via Dabolim.

Amount Given by Industrial Finance Corporation to Birlas, Tatas and Sahu Jain

6446. SHRI G. P. YADAV: Will the Minister of FINANCE be pleased to state the amount given by Industrial Finance Corporation of India to Birlas, Tatas and Sahu Jain separately during the last three years?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN): The total amount of financial assistance sanctioned and disbursed by the Industrial Finance Corporation to the industrial concerns belonging to the industrial houses of Birlas, Tatas and Sahu Jain listed in Appendix II to the report of the Industrial Licensing Policy Inquiry Committee, during the three financial year, 1969-70, 1970-71 and 1971-72 is given below:—

Industrial House	Financial assistance	
	Sanctioned	Disbursed
	Rs. in lakhs	
Birlas	324.66	153.48
Tatas	2835.9	259.90
Sahu Jain	—	—

Note:—Disbursements include disbursements in respect of earlier sanctions also.

ओपियम फैक्ट्री, गाजीपुर का विस्तार

6447. श्री सरजू पांडे : क्या वित्त मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या गाजीपुर ओपियम फैक्ट्री के विस्तार के संबंध में कोई प्रतिवेदन सरकार को प्राप्त हुआ है ; और

(ख) यदि हां, तो इस संबंध में सरकार क्या कार्यवाही कर रही है ?

वित्त मंत्रालय में राज्य मंत्री (श्री के० आर० गणेश) (क) और (ख). गाजीपुर अफीम कारखाने से सम्बद्ध अफीम परितः शोधन के कारखाने के आधुनिकीकरण एवं विस्तार के लिए एक योजना नरकोटिक्स आयुक्त के विचारधीन है । इसके प्राप्त होने के तुरन्त पश्चात् सरकार द्वारा इसकी जांच की जायेगी ।

Setting up of International Jute Agency

6448. SHRI LALJI BHAI: Will the Minister of COMMERCE be pleased to state:

(a) whether a new "International agency for research, development and promotion of Jute and Kerf called "The Jute International" will be set up in India with the co-ordination of Bangladesh, Nepal and Thailand; and

(b) if so, the constitution and functions thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) and (b). As a result of a conference held at Dacca under the auspices of UNDP, certain conclusions have emerged for tackling the problem of jute economy in the field of research, development and production. The setting up in India of an International Centre known as "Jute International" is contemplated to maintain a strong and expanding demand for jute and kenaf and their manufactures to maximise their consumption. Details will be worked out by the UNDP. The conclusions of the Conference are subject to ratification by the producing countries, namely, India, Bangladesh, Thailand and Nepal.

Recommendations of Wanchoo Committee on Taxation

6449. SHRI P. G. MAVALANKAR: Will the Minister of FINANCE be pleased to state:

(a) whether Government are aware of the remarks of the Wanchoo Committee that recommendations on tax administration will have to receive precedence, if the other measures suggested by them are to yield the desired results; and

(b) whether Government are going to implement the recommendations of the Wanchoo Committee on tax administration?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): (a) Yes, Sir.

(b) The matter is under consideration.

Production of Rubber for Export

6450. SHRI DASARATHA DEB: Will the Minister of COMMERCE be pleased to state:

(a) which are the States of India that produce rubber for export;

(b) whether any attempts are being made to cultivate rubber production in the North-Eastern States like Tripura and Assam etc; and

(c) if so, the broad outlines thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF COMMERCE (SHRI A. C. GEORGE): (a) At present natural rubber is not being exported. It is commercially cultivated mainly in the States of Kerala, Tamil Nadu and Mysore to meet the requirements of the rubber industry in the country.

(b) Yes, Sir.

(c) Forest Departments of Assam, Tripura, etc. have undertaken rubber planting in these States on experimental basis in limited areas.

12.02 hrs.

**CALLING ATTENTION TO MATTER
OF URGENT PUBLIC IMPORTANCE**

**REPORTED STATEMENT BY THE MINISTER
OF IRRIGATION AND POWER OF BIHAR
REGARDING THE POSSIBILITY OF DESTRU-
TION OF MAIN KOSI CANAL**

**SHRI BHAGWAT JHA AZAD (Bha-
galpur):** Sir, I call the attention of
the Minister of Irrigation and Power
to the following matter of urgent pub-
lic importance and I request that he
may make a statement thereon:—

“The reported statement by the
Minister of Irrigation and Power of
Bihar regarding the possibility of
destruction of main Kosi Canal any
time.”

**THE MINISTER OF IRRIGATION
AND POWER (DR. K. L. RAO):** The
Main Eastern Canal taking off from
Hanumannagar Barrage across Kosi
has a discharge in the head reach of
15,000 cusecs. Of this 13,600 cusecs
are for irrigation of 1.8 m. acres. A
hydro-electric power station is also
located at a distance of 2.5 miles from
the head regulator with an installed
capacity of 20 MW.

The Kosi river carries a large quan-
tity of silt which it brings down every
year from its hilly catchment in
Nepal. The Silt concentration is
more than four times the quantity of
silt that is carried in Sutlej river.

From 1964, when the canal was
opened for partial irrigation to 1971,
it is estimated that nearly 21 crores
of cft. of silt was deposited in the
canal. More than half of this has
been removed involving an expenditure
of Rs. 1 crore.

The following measures have been
taken to check excessive silt in the
canal.:

- (1) Relatively silt free water from
the top portion was drawn in-
to the canal to prevent entry

of coarse silt as far as possi-
ble.

- (2) The canal is closed when the
silt charge exceeds 3 grams
per litre (i.e., the concentra-
tion is 0.3 per cent silt).
- (3) A silt ejector has been com-
missioned in 1971 and this is
reported to be working satis-
factorily. The advisability of
providing a second silt eiec-
tor is under examination.
- (4) During the canal closure, a
part of the deposited silt is
cleared and dredgers have been
purchased for this purpose.

In December, 1972, the Government
of India constituted a Committee of
experts comprising Member (D&R),
Central Water and Power Commission,
Director, Central Water and Power
Research Station, Poona, and the Chief
Engineer, Kosi Project, to study in de-
tail the silting problem of the Kosi
canal and to recommend appropriate
remedial measures comprising both
short term and long term measures in-
cluding engineering works, soil conser-
vation, afforestation, etc. The Com-
mittee is expected to report in the next
three months.

It is observed that as a result of
the improvements undertaken, the
silt deposit in the canal is now re-
duced to less than a crore of cft. for
year as against 4 crores of cft. in ear-
lier years.

After the closure of the canal ten
days backs severe erosion of banks
about a mile from the regulator upto
the Power House has been noticed.
Earlier, it was contemplated to pro-
tect the slopes of the canal by con-
struction of short spurs. As the erosion
is severe, more permanent measures
like lining of the canal will be re-
quired. A senior officer of the Central
Water and Power Commission has
been sent to discuss with the State en-
gineers and submit a report for
further action.

SHRI BHAGWAT JHA AZAD:
While taking note of two important points in this statement, I would like to say that the statement admits that this erosion is severe and it also lists a few measures that have been taken to check excessive silt. I would like to know this from the hon. Minister. Is it a fact that the irrigation from the main eastern canal of the Kosi project has totally stopped due to the heavy erosion at several points? At some points it is reaching as much as 600 feet. Is it also a fact that the Rs. 10 crore Kataya Power House is closed as it is not getting water from the main canal. Mr. Mishra, the Irrigation Minister of Bihar who visited this site has given out a statement to the effect that it may collapse any time unless preventive measures are taken to protect. The hon. Minister here may say that preventive measures have been taken and have been listed in the statement. In spite of the fact that certain measures are there, the Minister of Bihar, his counterpart, says that it can collapse at any time. I would like to know why at all the preventive measure taken has not been encouraging and what the Government proposes to do in the matter for the future. May I know whether he is considering the construction of a bypass channel to provide permanent measures for preventing erosion? I want to know whether there is siltation problem in the barrage control room also. This suit has entered the control room also who have to control all these things from that end. This has affected two crores of c.f.t. I would like to know this mainly from the hon. Minister if it is a fact

that this has been due to the rise in the main bed within the embankment which is responsible for erosion? You have incurred an expenditure of Rs. 1 crore. These are only temporary measures. Why is it that no permanent measures are taken. Why cannot you have a permanent silt control arrangement for this Kosi river, which is otherwise called, the River of Sorrow?

The Rajpur canal flow is stopped completely. This is adversely affecting the rabi irrigation in North Bihar. Can we not connect the present Rajpur Canal with Link Canal branching Off from permanent by-pass channel at Rajpur canal at CRP? Are the Government contemplating to have some permanent solution instead of only temporary solution for this.

How are the Government proposing to utilise this Rs. 10 crore Kataya project? I would like to know from the expert Irrigation Minister why this project of Rs. 10 crore, a white elephant project was designed at all? Is it technically sound? If it is a fact that this is technically not correct and this is a wrong decision, how do the government propose to correct it?

In the light of all that I have said, do Government propose to examine the entire Kosi project in the light of these permanent difficulties? The Minister will say, as he has stated in his statement, that in December 1972 a Committee of experts was constituted. In the light of that, I want to put these questions: If the Committee was constituted in December 1972, it is now

[Shri Bhagwat Jha Azad]

April 1973; four months are over. Did not these experts have the eyes and ears to notice and hear the murmur of the damage that is already there in the Kosi project which is going completely to erosion and has completely stopped? What were they doing? Have they submitted any interim report? Have they in their interim report told Government that the project is in danger, has completely stopped, the control room is silted and there is danger of the project going down any time? If there was an interim report, What measures did Government take? If there was no interim report, how many times did this Expert Committee meet?

MR. SPEAKER: Kindly ask your question so that it may be answered.

SHRI BHAGWAT JHA AZAD: Mr. Speaker, this is about Kosi which I know better....

MR. SPEAKER: Please do not talk like that. I am asking you to put your question so that he may answer.

SHRI BHAGWAT JHA AZAD: I protest against your treating members like this. I knew you would ring the bell. I knew you were not following what I said.

MR. SPEAKER: I knew you would say like this. I am not allowing you to go on like that. I will have to ask you to sit down if you go on like that.

SHRI BHAGWAT JHA AZAD: As a protest, I am not putting my question.

MR. SPEAKER: Do not misbehave.

SHRI BHAGWAT JHA AZAD: You cannot speak to a member like that in the House.

MR. SPEAKER: Do not do like that. Please sit down. Do not be rude to the Chair.

SHRI BHAGWAT JHA AZAD: I do not like this cheap jibe that you throw.

MR. SPEAKER: Will you please sit down? I cannot tolerate this.

SHRI BHAGWAT JHA AZAD: For the future, both of us should be careful.

MR. SPEAKER: If you go on like this, I am not going to allow it.

SHRI BHAGWAT JHA AZAD: I speak under the rules of this House. I think under the rules of the House, the Speaker has no right to throw such cheap jibes at members.

MR. SPEAKER: Will you please withdraw it or sit down?

SHRI BHAGWAT JHA AZAD: I am not withdrawing. You said I misbehaved. I never misbehaved. Rather you are cutting such jokes and throwing such cheap jibes at me.

MR. SPEAKER: I did not cut any joke—where is the joke? You are a very senior member of the House. I did not expect this from you.

SHRI BHAGWAT JHA AZAD: Therefore I know the rules.

MR. SPEAKER: Under the rules, I have got the right to intervene and direct you to put the question. It does not mean that you can go on speaking when your attention is invited to this. I am not going to tolerate it.

SHRI BHAGWAT JHA AZAD: I also know the rules. Under the rules, I have got the right to do what I am doing. But as a protest, I sit down.

THE MINISTER OF PARLIAMENTARY AFFAIRS (SHRI K. RAGHU RAMAIAH): I would like to intervene and say that we should forget this unhappy episode and ask you to

let him continue for two minutes. I hope this will not recur.

MR. SPEAKER: Under the rules, members can ask only one question. When a member puts more than one question, normally I invite his attention and say that he can make his whole question as one continued question. That was why I was inviting his attention and telling him that he was putting so many questions and should therefore try to correlate them.

SHRI BHAGWAT JHA AZAD: I have the privilege to speak, and I never speak in the House without preparation.

MR. SPEAKER: Anyway, this is really something which is very regrettable. Sometimes, I have even invited your attention that you may ask not only one question but you can have one correlated question. But this gentlemen, instead of listening to me, is coming right down on me.

SHRI JYOTIRMOY BOSU (Diamond Harbour): Sir, I have a submission to make.

MR. SPEAKER: I am not allowing you.

SHRI JYOTIRMOY BOSU: You cannot have a dialogue with one Member.

SHRI BHAGWAT JHA AZAD: I never go against the rules. I know the rules.

MR. SPEAKER: My feeling is, whenever you are asked about anything, you try to come right down on me and come into my field. Please sit down. That is my feeling.

SHRI BHAGWAT JHA AZAD: Everytime I am on my legs, you are replying like that. I do not know why you are speaking like that. I knew you would ring the bell. That is what I have seen.

MR. SPEAKER: That means that I should not ask you to sit down?

श्री अटल बिहारी वाजपेयी (ग्वालियर) : दोनों तरफ से गलतफहमी है। आप उनको पूरा कर लेने दीजिये।

अध्यक्ष महोदय : उन से जो कुछ भी कहा जाए वह रौब डालने की कोशिश करते हैं।

श्री अटल बिहारी वाजपेयी : पुराने मेम्बर हैं।

अध्यक्ष महोदय : मैं भी बहुत पुराना हूँ।

(Interruptions)

MR. SPEAKER: I am not going to allow you, Mr. Bosu.

SHRI BHAGWAT JHA AZAD: I am within the rules. Please treat me also as a Member of the House. I am not like a student in the class-room.

MR. SPEAKER: I do not expect such a behaviour from you. Please be sure of it. I am not going to tolerate it.

SHRI BHAGWAT JHA AZAD: I also did not expect such a treatment from the Chair. I am within the rules. What I am saying is within the rules. (Interruptions).

MR. SPEAKER: Order please.

SHRI BHAGWAT JHA AZAD: They speak beyond the rules. But you are just telling us not to speak.

MR. SPEAKER: They may say any thing, but I have got the right to regulate the debate.

SHRI BHAGWAT JHA AZAD: I have also got a right to speak as a Member of the House. Both have their rights. (Interruptions).

MR. SPEAKER: Please sit down. This gentleman is having an idea of his own (*Interruptions*). I am extremely sorry at the way you put things.

SHRI BHAGWAT JHA AZAD: I conclude with a protest. In the light of what I have asked, I would like to know this. This project costing Rs. 10 crores in Bihar is lying like a white elephant as if it is in the zoo. It is not going to give the benefit to the Kosi project people. I strongly protest against this treatment given by the Ministry of Irrigation and Power to the North Bihar people who have been subjected by the Kosi project to this devastation. I want a reply to this question.

DR. K. L. RAO: The hon. Member wants a clarification. The question was about the canal irrigation, and, whether the canal irrigation had been affected so far. Actually, what happened was, the canal was closed from the 1st April, when the rabi season was over, for annual maintenance.

SHRI BHAGWAT JHA AZAD: Will the Minister please repeat what he is saying? We could not hear anything, as the Speaker and Mr. Jyotirmoy Bosu were speaking between them.

MR. SPEAKER: I was telling him that it was only yesterday, in the Business Advisory Committee, that it was stated that less time should be taken, and that I should give a ring after a Member has spoken for seven to 10 minutes.

SHRI JYOTIRMOY BOSU: You declared that?

SHRI BHAGWAT JHA AZAD: I have seen in this House Members speaking for 25 minutes. I appreciate that. Let it be followed henceforth.

MR. SPEAKER: It was repeated again. This is not the first time. I am sorry this takes a lot of time. It is for you to take it or not.

SHRI JYOTIRMOY BOSU: You lay down a rigid, uniform standard. That is all. Not double standards.

MR. SPEAKER: Sit down please. I think you are also trying to encourage it.

SHRI BHAGWAT JHA AZAD: Five minutes or 10 minutes. I will appreciate it.

DR. K. L. RAO: I would submit that two important questions have been raised by the hon. Member. One was as to whether irrigation itself has been affected by this canal or not. As I submitted, operation of the Kosi Canal has not affected the irrigation. The other question raised by him is about the power house. He said that the power house was not used even though it had cost the Government a sum of Rs. 10 crores. Actually, I should tell him that the cost of it was only Rs. 7 crores. But, still, I agree with the hon. Member that this power house has not been successful in the sense that it is not giving adequate power. At the time of sanction of the power house, it was known that it would cost more than for other conventional power stations. At that time negotiations with Nepal were going on. So far as Birpur and other northern areas are concerned, they were deficient in power. In fact there was no power available at all in those days. That was why this power house was sanctioned. I agree with the hon. Member that this power house had not been considered to be a good one or a very beneficial one.

The other question of the hon. Member was about the stability or the safety of the main eastern canal. That was his main question. There are two problems connected with the Kosi. This was one of the most difficult rivers in the world—next of course to Yellow river. This was called the river of sorrow. This causes damage to North Bihar. For the last 12 years or so this has been controlled. Kosi river gets a huge

amount of silt. As I said earlier this river is a most difficult one—next, of course, to the Yellow River. We know that there is heavy silt. As compared to Sutlej river, the concentration here is four times more. That is our chief difficulty in regard to the control of Kosi river. Since this river carries very heavy silt with it, this is a big problem and so we took some measures as was done in the case of the Ganga and other Himalayan rivers. We did not allow the heavy silt to come into the canal.

Secondly, we have put in an ejector so that the water and silt could be washed out. By this measure, we found that the silt-content in the canal has gone down. From about 4 crores c.ft. the silt-content has come down to 90 lakhs c.ft. We also find that the ejector has been very useful. We are now, thinking of constructing another ejector so that the silt could be further controlled. I must say that we have been very lucky that so far the River Kosi has not been giving us any serious problem. In recent times, as we all know, the course of the river has not shifted westwards; it was near Purnea eighty years back and now it flows near Nirmali, that is, the lateral shaft is about 75 miles.

The project which we have taken up is a good one. Nobody can say anything about the amount of stability and the prosperity built in the area. I can only say that this project has been very successful. I won't say the same thing about the power house. That has been a disappointing one. The main trouble now is with regard to erosion and not silt which we are able to control. The canal is constructed in a sandy area without lining.

In fact, the Rajasthan Canal under similar circumstances is being completely lined. Just like that, we should have done here also. In fact, we are lining the western Kosi canal. At least the first portion of the eastern canal also should be lined. Be-

cause there was no lining, clear water has cut the slopes and widened it, causing erosion. But there is nothing much by way of anxiety. These things are inevitable when we are tackling a river system like Kosi, but we have to take steps in time to line those 2-1/2 miles. I am sending a team of experts so that we may not lose any time and the lining can be taken up this year itself.

About the committee appointed in December for suggesting both permanent and short-term measures, that committee has not sent its report. In fact, I was very angry with them, this morning. They should have at least sent a report about the lining, which is inevitable. In any case, we could not have started it earlier than 1st April because the water was flowing down the canal for the rabi crop.

श्री राम भगत पासवान (रोसेरा) :
अध्यक्ष महोदय, कोसी नहर के ध्वस्त हो जाने की आशंका से जनता काफी भयभीत हो चुकी है। जैसा मंत्री महोदय ने स्वीकार किया है कि यह बहुत दुःखदायी नदी है। कोसी नदी को रिवर आफ सारो कहा जाता है। बांध का निर्माण होने के पहले इस की चाल यही रही है कि यह अपने पुराने स्थान को छोड़ कर, बालू और कीचड़ से भर कर उर्वरा भूमि में प्रवेश करती थी और हर साल बाढ़ ला कर लाखों एकड़ भूमि को बरबाद करती थी। इस से सुरक्षा के लिये इस बांध का निर्माण किया गया था। शुरू में कंवर सेन कमेटी ने रिपोर्ट दी थी कि कोटार डैम बनाया जाये ताकि सिल्टेशन के द्वारा जिस तीव्रता से यह बालू और कीचड़ ला कर नहर को भरती जा रही है, उस को रोका जाये। लेकिन इस पर सरकार का ध्यान नहीं गया। फलतः जो सिल्टेशन का रेट है वह क्रमशः बढ़ता ही जा रहा है और आशंका यह हो गई है कि क्रमशः यह नहर बरबाद होती चली जा रही है। यदि इस नहर की सुरक्षा नहीं की गई थी इस के लिये कोई खास स्टेप नहीं

[श्री राम भक्त पासवान]

लिया गया तो यह निश्चय ही ध्वस्त हो जायेगी। अभी तक जो भी स्टेप लिये गये हैं वह बिल्कुल टेम्पोरेरी रहे हैं, परमानेंट सोल्यूशन की कोई व्यवस्था नहीं की गई है। मंत्री महोदय ने कहा है कि स्टेप लिए जा रहे हैं लेकिन कोई भी स्टेप कारगर नहीं हुआ है। इतने स्टेप लेने के बावजूद नहर ध्वस्त होती चली जा रही है। क्या मंत्री महोदय परमानेंट सोल्यूशन के लिये कोई इमिजिएट व्यवस्था करने जा रहे हैं ?

आज सैकड़ों मील में बहने वाली इस नदी के एम्बेकमेंट के अन्दर के लोगों का जन जीवन बिल्कुल असुरक्षित है। आज वह लोग वही कष्ट पा रहे हैं जो पहले कोसी नदी के द्वारा लोगों को होता था। हजारों एकड़ भूमि को यह कोसी नदी धारा में बालू ला कर रेगिस्तान बनाती जा रही है। दूसरी ओर बाढ़ के कारण यहां के लोग बहुत ही संकटग्रस्त रहते हैं और अनेक बीमारियों के शिकार होते रहते हैं। कई बार सरकार से अनुरोध किया गया कि कोसी तटबन्ध के अन्दर लोगों को सुरक्षित किया जाये अन्यथा वहां से लोगों को निकाल कर दूसरी जगह बसाया जाय, लेकिन अभी तक उनके कष्ट निवारण की कोई व्यवस्था नहीं की गई।

तीसरा प्रश्न यह है कि वेस्टर्न कोसी कैनाल भी बनने जा रही है। जो समस्या पूर्वी कैनाल से उपस्थित हुई है हो सकता है कि वेस्टर्न कैनाल से भी वही उपस्थित हो। इस वास्ते सरकार क्या प्रीकाशनरी स्टेप लेने जा रही है वेस्टर्न कोसी कैनाल के बारे में?

क्या कंवर सैन कमेटी की जो रिपोर्ट थी उसका उल्लेख किया गया? क्या यह भी सही नहीं है कि यदि न किया जाता तो आज जितनी तीव्र गति से सिल्टिंग हो रहा है और कोसी नहर को तबाह उसकी बजह से होना पड़ रहा है, वह नहीं होना पड़ता?

DR. K. L. RAO: I answered all these questions in my reply to the first question. I am afraid, I will have to repeat them. With regard to the Kosi Project there are two distinct matters that have got to be taken into consideration, and they are the problems relating to the two aspects of the river, which are entirely different. There is erosion; and there is silt. With regard to silt we have taken some measures which are quite effective. So, the silt problem is being adequately tackled. In regard to erosion we have to take further measures. One of the measures that we are thinking of now is canal lining of at least three or four miles so that there will be no erosion.

The problems we are facing in the Kosi are some of the most difficult in the world. But we need not get frightened. We can solve them.

The Kosi embankment has got to be watched very carefully. The State Government has got a very good organisation for looking after this embankment. They are spending nearly Rs. 80 lakhs to Rs. 1 crore every year. So far, the embankments have been a withstanding very well. It is a matter of comfort that the Kosi embankment work is very effective. In the Western Kosi canal, unlike the Eastern Kosi Canal, it is going to be lined. Otherwise, it will not be able to stand the velocity of water because of its sandy nature.

Then, I do not know what he meant by violation of Kanwar Sain's report. There is no violation. We take up all sound advice.

श्री चिरंजीव झा (सहरसा) : दुर्भाग्यपूर्ण कोसी क्षेत्र के प्रतिनिधि के रूप में मैं यहां उपस्थित हूँ। जिस व्यवस्था की ओर मैं मंत्री महोदय का ध्यान आकर्षित करने जा रहा हूँ उसके बारे में मैं आपको पहले निवेदन कर देना चाहता हूँ कि हो सकता है कि उस सिल्वसिले में मैं आपके नियमों के विपरीत

में कुछ अधिक समय ले लूं। मैं आशा करता हूं कि हमारी दुर्भाग्यपूर्ण स्थिति को देखते हुए आप मुझे उसके लिए क्षमा करेंगे।

यह हमारा सीभाग्य रहा है कि आज देश के सबसे बड़े प्रख्यात अभियंता हमारे इस विभाग के मंत्री यहां बैठे हुए हैं। यह भी हमारा सीभाग्य रहा है कि जिस समय कोसी योजना बनने लगी थी उस समय एक अभियंता के रूप में इन्होंने ही उसमें अपना प्रमुख हाथ बटाया था। यह दुर्भाग्य की बात है कि कोसी योजना के पूरा होने के इतने दिनों के बाद भी वही विपदा आज हमारे ऊपर दिखमान है।

कोसी तटबन्धों के अन्दर रहने वाली जनता तो कराह रही हो है लेकिन उसके बाहर जो लोग हैं और जिनके वास्ते सिंचाई तथा नहर की व्यवस्था की बात की गई है, वे भी कराह रहे हैं। अपनी रिपोर्ट में मंत्री जी ने बताया कि 18 लाख एकड़ जमीन पटाने की इनकी योजना पूर्वी मुख्य नहर से है लेकिन आप अभी तक केवल अढ़ाई तीन लाख एकड़ से ज्यादा में पानी नहीं दे पाए हैं और इससे ज्यादा भूमि का पटवन नहीं होता है। यह हमारी दुर्घवस्था है। हम अंधर में लटके हुए हैं। कोसी जो विधिविका ठहाती है उससे आज भी रोंगड़े खड़े हो जाते हैं। तटबन्धों के भीतर तो संकट है ही लेकिन उसके बाहर भी संकट आने वाला है। पहले यह होता था कि नदी के किनारे जो गांव रहते थे वे अगर शाम को दिखाई देते थे तो अगली सुबह लापता हो जाने थे और नदी के गर्भ में विलीन हो जाते थे। तटबन्धों के अन्दर जो गांव हैं उनकी यह हालत आज भी दिखमान है। पूर्वी मुख्य कोसी नहर में भूक्षरण प्रारम्भ हो गया है। इससे मालूम होता है कि यह सारी समस्या पुनः उपस्थित होने वाली है।

राजपुर शाखा नहर से 2700 क्यूसेक पानी देने का इन्होंने खाका बनाया था। उस में अभी ये सिर्फ 1700 क्यूसेक पानी ही दे पाते हैं। आज राजपुर नहर का जो डंड रेग्युलेटर है, उसका जो मुंह है, वह बालू से

भर गया है और वह बन्द हो गया है जैसा कि बिहार के सिंचाई मंत्री न बताया है। इसलिए चालूरबी की फसल को भी भारी नुकसान हुआ है। उससे सिंचाई के हेतु पानी नहीं मिल सका। यह स्थिति आज हमारी है।

जो विशेषज्ञ हैं उनके अनुसार एक क्यूसेक पानी में 100 एकड़ के पटवन का अनुमान है। लेकिन जो व्यवहारिक लोग हैं वे बताते हैं कि एक क्यूसेक में कहीं 10 एकड़ और कहीं 20 से 25 एकड़ से ज्यादा नहीं पट सकती है। इस तरह से जो 18 लाख एकड़ की बात है वह कल्पना मात्र है।

कटैया जल विद्युत गृह से विद्युत प्राप्त करने की जो बात है मंत्री जी ने स्वयं स्वीकार किया है कि दस करोड़ राष्ट्र का उस पर खर्च हुआ है लेकिन उसमें से कुछ भी बिजली नहीं मिल रही है।

66,000 एकड़ जमीन का अर्जन करके तथा डेढ़ दो लाख लोगों को तथा तीन लाख एकड़ भूमि को दोनों तटबन्धों के भीतर रख कर लगभग अस्सी करोड़ रुपये की लागत से कोसी बांध को बनाया गया था और कहा गया था कि इसके बन जाने के बाद तटबन्धों के भीतर पड़ने वाले लोगों का स्थायी और समुचित पुनर्वास हो जायगा। लेकिन आज भी हर वर्ष बांध के भीतर हजारों एकड़ भूमि कट कर तथा बालू भर भर बरबाद होती रहती है। इस तरह से तो उन लोगों का कभी भी उद्धार होने वाला नहीं

आज सहरसा और पूर्णिया क्षेत्रों को सिंचित क्षेत्र करार दिया गया है। उसके मुताबिक भू-हस्ताब्दी हो रही है। सिंचित क्षेत्र के मुताबिक ही जमीन मिलेगी। यह उचित और न्यायसंगत नहीं है। यह कैसा सिंचित क्षेत्र है इसको भी आप देखें। मंत्री जी इस क्षेत्र में 18 लाख एकड़ की सिंचाई की बात करते हैं किन्तु हम कहते हैं कि चौदह लाख एकड़ में भी

[श्री जिरंजीव झा]

सिंचाई की व्यवस्था हो जाय तो हम उसको सिंचित क्षेत्र मान लेंगे। वस्तुतः दो ढाई लाख एकड़ से ज्यादा जमीन पटती नहीं है। यह एक विषम समस्या है। सिंचित क्षेत्र करार दिया जाता है लेकिन सिंचाई की व्यवस्था भी नहीं हो पा रही है, पानी भी ये नहीं दे पा रहे हैं। सरकार को असिंचित क्षेत्र के अनुरूप ही यहां भी जोत की सीमा बांधनी चाहिए।

अब मैं प्रश्न करता हूं। क्या सरकार अविलम्ब एक उच्च शक्ति सम्पन्न टेक्नीकल कमेटी का गठन करेगी जो सम्पूर्ण कोसी योजना की समस्याओं की तथा रेत, गाद, भूक्षरण नहर से सिंचाई, तटबन्धों की रक्षा, तटबन्धों के भीतर रहने वाले ढाई लाख लोगों के स्थायी पुनर्वास तथा कटैया जल विद्युत उत्पादन की समस्याओं को ठीक से जांच और विश्लेषण करे तथा उसे कार्यान्वित कराए ताकि एक करोड़ से अधिक आबादी के इस क्षेत्र के लोगों की रक्षा हो सके? क्या पूर्वी नहर से चौदह लाख एकड़ जमीन को सिंचाई की सुविधा प्रदान की जाएगी और अगर हां तो कब तक? कटैया जल विद्युत गृह को कब तक चालू किया जा सकेगा?

इन सारी समस्याओं से निपटने के लिए बिहार सरकार सक्षम नहीं है। क्या केन्द्रीय सरकार उसे सीधे अपने अधीन ले कर इन सभी समस्याओं का शीघ्र हल निकालेगी? क्या राजपुर शाखा नहर से आपके खाके के अनुसार 2700 क्यूसेक पानी प्राप्त किया जा सकेगा जबकि अभी सिर्फ 1700 क्यूसेक ही उसे मिलता था और अब वह भी बंद हो गया है? मैं जानना चाहता हूँ कि क्या तटबन्धों के भीतर भी नदियों की सतह का इजिज आप करावेंगे जिससे तटबन्धों के भीतर भी नदी अपनी धाराओं को न बदले और लोगों की जमीन, फसल तथा घर, बराबर नष्ट न होते रहें?

DR. K. L. RAO: The first question the hon. Member asked was about the maintenance of the embankment.

It is inevitable. As an old Chinese proverb goes—the Chinese are very accustomed to it and they maintain very well their embankments—embankments without maintenance are no embankments and they are very dangerous. Therefore, there must be very good maintenance, whether it be in Bihar or any other part of the country. Embankments mean immediately an expenditure committed and every year you must spend money. The more you are careful about the maintenance, the better the service will be. Therefore, there is no question of neglecting the maintenance of the embankment. If the embankment is not maintained properly, it will be breached and the protected areas will be flooded.

So far, the maintenance has been very good in the Kosi embankment and I hope it will continue to be so. You cannot help it.

With regard to irrigation, I never said that 18 lakh acres have been irrigated. I wish I was able to say that. All that I said was that the project was intended to irrigate 18 lakh acres. Actually, the potential that has been built up for irrigation so far is only 7 lakhs of acres and the actual irrigation is only half of that 7 lakh acres—to be exact, it is 3-1/4 lakh acres. So, the actual irrigation is 3-1/4 acres as against 18 lakhs of acres. There are two or three reasons for it. One reason is that there was a *satta* system. Under that system, the farmer every year has a choice to use water or not and we insisted that this system be removed and it has been done. In the last two months it was removed. Now, it is compulsory for every farmer to register and take the water and pay for it whether he takes water or not. So, that *satta* system, will no more affect the irrigation utilisation.

Secondly, I think no field channels have been constructed in that area. That was another reason why irrigation is lagging.

We are aware of these problems in that area. Having spent crores of rupees, nobody would like to see that there is no irrigation developed. Therefore, we have appointed a committee of the Ministers of States headed by the Minister for Irrigation and Power from Maharashtra, Shri Vasant Rao Patil, who is a very capable, experienced and valuable Minister and the Committee is going into these various projects where the utilisation is not there and the Kosi project in particular is being studied. I am sure we will get quite a valuable report from them to develop its irrigation.

The other question the hon. Member raised is about the rehabilitation of the persons living between the embankments. This is a major problem and it has to be tackled by the State Government. I have every sympathy for the hon. Member who has expressed anxiety in the matter and I would request the State Government to take all measures that are possible.

सिद्धार्थ

श्री ~~सिद्धार्थ~~ प्रसाद सिंह (छपरा): अध्यक्ष महोदय, यह कॉलिंग एटेंशन नोटिस बिहार के सिंचाई मंत्री डा० जगन्नाथ प्रसाद मिश्र, के उस स्टेटमेंट के आधार पर दिया गया है, जो उन्होंने 28 मार्च को फ़रविसनगर में दिया था। उस स्टेटमेंट में मंत्री महोदय ने स्थिति को भयंकर बताया था और कहा था कि वह इस मामले को बिहार की मंत्रि-परिषद के सामने रखेंगे और मंत्रि-परिषद के द्वारा भारत सरकार का ध्यान इस ओर आकर्षित किया जायेगा।

मैं मंत्री महोदय का ध्यान उन्हीं बातों की ओर दिलाना चाहता हूँ, जिनका जिक्र बिहार के सिंचाई मंत्री के स्टेटमेंट में दिया गया है। उन्होंने कहा है कि पूर्वी कोसी नहर में कई स्थानों पर कटाव होने के कारण सिंचाई बन्द हो गई है। मैं जानना चाहता हूँ कि क्या वह सही है कि कटाव के कारण सिंचाई बन्द हो गई है।

बिहार के सिंचाई मंत्री ने यह भी कहा है कि पावर हाउस दस करोड़ रुपये नहीं बल्कि सात करोड़ रुपये की लागत से बना है। उस की लागत कुछ भी रही हो, तो मैं यह जानना चाहता हूँ क्या यह सही है कि वह पावर हाउस पानी न मिलने के कारण बन्द हो गया है।

सिंचाई मंत्री ने यह भी कहा कि नहर के बचाव के लिए जितने भी उपाय किये गये हैं, वे सब बेकार साबित हुए हैं इस और कारण वह नहर बर्बाद हो जायेगी। मैं जानना चाहता हूँ कि इस बारे में जो प्रिवेंटिव मेजर्ज लिये गये थे, क्या वे सफल नहीं हुए और वे बेकार साबित हुए।

उन्होंने यह भी कहा कि बिहार के जो अधिकारी वहाँ उपलब्ध थे, उनसे बात करने के बाद यह ज्ञात हुआ कि है वहाँ पर ये जटिल समस्याएँ हैं। एक तो कटाव; दूसरे, सिंचाई और तीसरे, पानी की धारा द्वारा इकट्ठी की गई मिट्टी का जमाव, जिस से तटबन्ध के बीच में नदी का पेट ऊँचा हो जाता है और पानी की धारा बदल जाती है। इन समस्याओं के समाधान के लिए उन्होंने एक उच्च-स्तरीय समिति बनाने की सिफारिश करने की बात कही है। मैं मंत्री महोदय से जानना चाहता हूँ कि क्या बिहार सरकार ने केन्द्रीय सरकार का ध्यान इस ओर दिलाया है।

क्या मंत्री महोदय यह जानते हैं कि यद्यपि सरकार ने यह बड़ी योजना इतनी लागत से कार्यान्वित की है, लेकिन आज कोसी क्षेत्र के लोग इस स्थिति में पहुँच गये हैं कि वे कह रहे हैं कि इस योजना से जितना लाभ उन को होना चाहिए था, वह नहीं हुआ, बल्कि जो लोग तटबन्ध के बीच में हैं, वे ज्यादा परेशानी महसूस कर रहे हैं? मंत्री महोदय ने श्री चिरजीव झा के प्रश्न के उत्तर में बताया है कि तटबन्ध के बीच में रहने वाले लोगों के रीहै-बिलिटेशन का काम बिहार सरकार करेगी।

[श्री रामशेखर प्रसाद सिंह]

मगर बिहार सरकार द्वारा यह कार्य न किये जाने की वजह से वे लोग परेशानी का सामना कर रहे हैं। क्या मंत्री महोदय इस अनुभव से लाभ उठाते हुए गंगा नदी पर बक्सर और कोयलवर के बीच में तटबन्ध बनाने से प्रस्ताव पर पुर्विचार करेंगे क्योंकि वहां की स्थिति इस से भयंकर होगी? जब तक उस बीच में रहने वाले लोगों के पुनर्वास की व्यवस्था न हो जाये, तब तक वहां पर गंगा नदी का बांध बनाने की योजना को स्थगित रखा जाये।

जैसा कि मैंने कहा है, बिहार की राज्य सरकार तटबन्ध के बीच में रहने वाले लोगों का पुनर्वास नहीं कर सकी है, इस लिए वे लोग कठिनाई में हैं और वे समझते हैं कि इस योजना से उन को लाभ के बजाये नुकसान हुआ है।

DR. K. L. RAO: I have not heard about the pressure on the main embankment. I have not received any letter from the Government of Bihar. Only for the past ten days or so this erosion has been severe. When I heard of this, I despatched immediately an officer from here to the spot. We should not allow erosion to take place, to damage our main canal. And with regard to the oustees who are living in between the embankments, it is a very difficult problem; 200,000 people are living there and the embankments are constructed some 10 miles apart at Nirmali. He mentioned about the Koilwar-Buxar embankment. It is on the right side of Ganga river. This is a problem which has to be tackled carefully and we have to see that the people living between the embankments are properly rehabilitated. I shall draw the attention of the State Government to this problem and we have to see that there is only minimum suffering to the persons concerned. I would draw the attention of the State Government to these matters.

श्री अंकर बायाल सिंह (चैतरा) : अध्यक्ष महोदय, कोसी की समस्या और तटबन्धों की समस्या ऐसी रही है जिस पर इस सदन में कई बार विचार हो चुका है। मुझसे पूर्व के वक्ताओं ने बहुत सारे प्रश्न किए और मंत्री महोदय ने उसके उत्तर दिए कुछ सन्तोषजनक और कुछ जिनमें अभी शंका की जा सकती है। आज जो कालिंग अटेंशन हाउस में आया उस का आधार 'इंडियन नेशन' में निकला हुआ यह समाचार है जिसमें 'बिहार' के इरीगेशन एंड पावर मंत्री डा० जगन्नाथ मिश्रा ने कहा था :

Minister fears collapse of the main Kosi canal.

यही आधार है इस कालिंग अटेंशन का। मैं कहना चाहूंगा मंत्री महोदय से कि यह जो गाज जमा होती है कोसी में वह एक बहुत बड़ी समस्या है।

क्या यह सही है कि उस गाज को बाहर निकालने में बहुत सी कृषि योग्य भूमि भी बरबाद हो रही है?

दूसरा सवाल मेरा है, मंत्री महोदय खुद एक्सपर्ट हैं देश के और इनकी उंगलियों पर, इनकी आंखों के सामने सारे नक्शे हैं। इनको नक्शे देखने की जरूरत नहीं पड़ती तो क्या जब इतनी बड़ी समस्या पैदा है तो स्वयं डा० के० एल० राव साहब बिहार जाकर इस चीज को देखेंगे? मैं जानना चाहूंगा वह कब जा रहे हैं और कब इसको देख रहे हैं?

इसके साथ साथ भारत सरकार के जो एक वरिष्ठ अधिकारी वहां भेजे गए हैं वह कब लौट कर आ रहे हैं जिससे उनकी क्या रिपोर्ट है उसकी जानकारी हो सके।

बिहार के विद्युत और सिंचाई मंत्री के वक्तव्य का आधार तो आज है लेकिन यह सवाल जिस योजना के अन्तर्गत आता है उसके मंत्री वहां के मुख्य मंत्री श्री केदार

पांडेय हैं। क्या उनकी ओर से भी भारत सरकार के पास कोई इस सम्बन्ध में उत्तर आया है?

एक और बहुत महत्वपूर्ण प्रश्न की ओर मैं ध्यान दिलाना चाहूंगा। कोसी का कंट्रोल बहुत कुछ नेपाल से होता है। होता अमूमन यह है कि हमारे जो मन्त्री या अधिकारी जाते हैं उनको नेपाल की ओर से भी होकर इस जगह पहुंचना पड़ता है और बराबर ऐसा होता है कि जब हमारे कोई अधिकारी या मन्त्री जाते हैं अपनी चीज को देखने के लिए तो अपना झंडा उनको उतार देना पड़ता है और परमीशन लेनी पड़ती है। मैं चाहता हूं कि इस सम्बन्ध में भी मन्त्री महोदय स्पष्ट कहें कि जब इतनी बड़ी बात है, 80 करोड़ रुपया हमारा लगा है तो कम से कम एक इस तरह की बात नेपाल के साथ होनी चाहिए कि जब अपनी चीज को देखने के लिए जायें तो अपनी इज्जत को साथ लेकर जाएं और परमीशन नहीं लेनी पड़े तथा झंडा भी न उतारना पड़े। इन शब्दों के साथ मैं चाहूंगा कि यह जो महत्वपूर्ण सवाल हमारे सामने पैदा हो गया है उसको भारत सरकार उतने ही महत्व से देखे और तत्काल इस सम्बन्ध में जो समस्या उपस्थित है उसका समाधान करे।

DR. K. L. RAO: The hon. member asked whether any communication has been received from Bihar. As I submitted, in regard to the recent erosion that has taken place, I have not received any letter from Bihar. But I am sure they must have been very busy tackling this problem. As soon as I heard about it, I sent an officer there to find out the details. It is not so much the question of silt; that is under control; the canal erosion that has taken place is more serious. If the canal is widened, it will mean that a lot of money will have to be spent for lining. We must try to attend to it when the width is

limited, when it is not widened. Then the cost will be much less. It will be only Rs. 1-1/2 crores for lining the first 2-1/2 miles. Otherwise, it will cost very much more.

Therefore it is that I am sending an officer immediately to decide what type of lining is to be done and so on and to do something at least before the kharif season commences.

The hon. member raised the question of our relationship with Nepal. Our relationship with Nepal is extremely cordial. We have found no difficulty in the inspection of our works in Nepal territory. I must submit that so far as the relations between India and Nepal are concerned, we are very happy at the amount of co-operation we are getting in the mutually beneficial work we are undertaking in connection with various river projects and so on.

SHRI SHANKAR DAYAL SINGH: I want to know when the hon. Minister is going there to personally visit the area.

DR. K. L. RAO: I am sorry I did not reply to that question. It will be my privilege to go there as soon as possible. First, the Committee that I am going to send will go there and start implementing some work, and I hope to be there in the month of May.

श्री चिरंजीब झा : अध्यक्ष महोदय : एक प्रश्न मैंने किया था, उसका जवाब उन्होंने नहीं दिया।

अध्यक्ष महोदय : आप दोबारा क्यों खड़े हो गए ? कोई चीज रह गई है तो उसी समय पूछ लेना चाहिए था।

श्री चिरंजीब झा : मेरा प्रश्न यह था कि बिहार सरकार की वह शक्ति नहीं है कि कोसी योजना जैसी भीषण खर्च की योजना को अपने बलबूते से चला सके और उसका समाधान निकाल सके, इसलिए सीधे

[श्री बिरंजीब झा]

मीझे भारत सरकार स्वयं उसे अपने आधीन कर ले : बिहार सरकार से उस का कोई

सम्बन्ध न रहे। पूरे हफ्ते में भारत सरकार अपने आधीन ले कर उसका काम कराए।

DR. K. L. RAO: The hon. Member is saying that for an important work like this, the Government of Bihar does not have enough money and asking whether the Government of India will come to their assistance. In view of the seriousness of the situation, I think it should be possible for the Government of India to help. (Interruptions).

MR. SPEAKER: I am sorry; I am not allowing.

We have seen last year and this year also that the Calling Attention motions take a long time; first they took 15 minutes; then they started taking half an hour and then the Rules Committee, for the third time, took up the matter in the last Session, and decided that in no case it should go beyond 45 minutes. But every day, it goes beyond the zero hour; the so-called zero hour. There is no term called zero hour in the rules. So, the Rules Committee took it up yesterday again and decided that the Speaker should be very strict; that the Minister should be given 10 minutes first, and then 10 minutes for the first Member, and five minutes each for the other Members. Please see that it does not go beyond 45 minutes. Everytime it comes, when the Member who is asked to speak gets up, he just goes on. I am very sorry; either you should follow the rules or you do not decide about time; let it go on as it is, do not fix the time. You must respect the decision of the Rules Committee. The Rules Committee took up this matter again.

13.00 hrs.

SHRI BHAGWAT JHA AZAD: This was never communicated to us. If that is so, then let this be followed from today.

SHRI JYOTIRMOY BOSU: With your permission, Sir, may I make one submission?

MR. SPEAKER: I am sorry I am not allowing this. If need be, I shall ask him to make a statement. I am not allowing that on the adjournment motion. You will kindly sit down. Do not make it a daily practice. Now, Shri Ganesh.

13.01 hrs.

PAPERS LAID ON THE TABLE

WEALTH TAX (AMDT.) RULES, GIFT-TAX (AMDT.) RULES, COMPANIES (PROFITS) SURTAX (AMDT.) RULES AND NOTIFICATIONS ETC.

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): I beg to lay on the Table—

(1) A copy of the Wealth-tax (Amendment) Rules, 1973 (Hindi and English versions) published in Notification No. S.O. 154(E) in Gazette of India dated the 17th March, 1973, under sub-section (4) of section 46 of the Wealth-tax Act, 1957 together with an explanatory memorandum. [Placed in Library. See No. LT-4731/73.]

(2) A copy of the Gift-tax (Amendment) Rules, 1973 (Hindi and English versions) published in Notification No. S.O. 155(E) in Gazette of India dated the 17th March, 1973, under sub-section (4) of section 46 of the Gift-tax Act, 1958 together with an explanatory memorandum. [Placed in Library. See No. LT-4732/73.]

- (3) A copy of the Companies (Profits) Surtax (Amendment) Rules, 1973 (Hindi and English versions) published in Notification No. S.O. 156(E) in Gazette of India dated the 17th March, 1973, under sub-section (3) of section 25 of the Companies (Profits) Surtax Act, 1964 together with an explanatory memorandum. [Placed in Library. See No. LT-4733/73.]

- (4) A copy each of the following Notifications (Hindi and English versions) under section 296 of the Income-tax Act, 1961:—

- (i) The Income-tax (Amendment) Rules, 1973, published in Notification No. S.O. 159(E) in Gazette of India dated the 20th March, 1973 together with an explanatory memorandum.

- (ii) The Income-tax (Second Amendment) Rules, 1973, published in Notification No. S.O. 160(E) in Gazette of India dated the 20th March, 1973.

[Placed in Library. See No. LT-4734/73.]

- (5) A copy of the Emergency Risks (Goods) Insurance (Amendment) Scheme, 1973 (Hindi and English versions) published in Notification No. S.O. 148(E) in Gazette of India dated the 16th March, 1973, under sub-section (6) of Section 5 of the Emergency Risks (Goods) Insurance Act, 1971.
- (6) A copy of the Emergency Risks (Undertakings) Insurance (Amendment) Scheme, 1973 (Hindi and English versions) published in Notification No. S.O. 140(E) in Gazette of India dated the 16th March, 1973, under sub-section (7) of section 3 of the

Emergency Risks (Undertakings) Insurance Act, 1971.

[Placed in Library. See No. LT-4735/73.]

13.1-1½ hrs.

ASSENT TO BILLS

SECRETARY: Sir, I lay on the Table following eleven Bills passed by the Houses of Parliament during the current session and assented to since a report was last made to the House on the 30th March, 1973:

- (1) The Appropriation (Railways) Bill, 1973.
- (2) The Appropriation (Railways) No. 2 Bill, 1973.
- (3) The Andhra Pradesh State Legislature (Delegation of Powers) Bill, 1973.
- (4) The Andhra Pradesh Appropriation (Vote on Account) Bill, 1973.
- (5) The Andhra Pradesh Appropriation Bill, 1973.
- (6) The Orissa Appropriation (Vote on Account) Bill, 1973.
- (7) The Orissa Appropriation Bill, 1973.
- (8) The Refugee Relief Taxes (Abolition) Bill, 1973.
- (9) The Union Territories Taxation Laws (Amendment) Bill, 1973.
- (10) The Coal Mines (Taking Over of Management) Bill, 1973.
- (11) The Manipur Appropriation (Vote on Account) Bill, 1973.

13.03 hrs.

COMMITTEE ON PUBLIC
UNDERTAKINGSTWENTY-FIFTH AND TWENTY-SIXTH
/ REPORTS

SHRIMATI SUBHADRA JOSHI
(Chandni Chowk): I beg to present
the following Reports of the Commit-
tee on Public Undertakings:

- (1) Twenty-fifth Report regard-
ing action taken by Govern-
ment on the recommenda-
tions contained in their Third
Report on Bharat Electronics
Limited.
- (2) Twenty-sixth Report regard-
ing action taken by Govern-
ment on the recommendations
contained in their Second
Report on Bharat Earth Mo-
vers Limited.

13.02½ hrs.

STATEMENT RE. RECENT MEETING
OF THE COMMITTEE OF THE
BOARD OF GOVERNORS OF INTER-
NATIONAL MONETARY FUND

THE MINISTER OF FINANCE
(SHRI YESHWANTRAO CHAVAN):
This is a lengthy statement. I shall
lay it on the Table of the House.

MR. SPEAKER: All right.

SHRI YESHWANTRAO CHAVAN:
Sir, I lay the statement on the table
of the House.

STATEMENT

Recently a meeting of the Commit-
tee of the Board of Governors of
the International Monetary Fund on
Reform of the International Mone-
tary System and Related Issues was
held in Washington on March 26 and
27, 1973.

As the Hon'ble Members are aware,
the international monetary system
has been faced with serious difficul-
ties in recent years. The persistence
of uncertainty that has prevailed in
the exchange markets since the mid-
dle of 1971 can seriously affect the
smooth flow of world trade and pay-
ments.

There is now a general agreement
that the unsettled state of foreign ex-
change markets is basically a reflec-
tion of the mal-functioning of the
adjustment process under the pre-
sent international monetary system.
Over the years, the U.S.A. has had
a persistent deficit in her balance of
payments, the counterpart of which
are large surpluses in the balance of
payments of countries like Japan and
the Federal Republic of Germany.

The continued weakness of the
U.S. balance of payments has not
only given rise to massive speculation
against the dollar but has also call-
ed into question its role as a reserve
currency. Until five or six years, the
fact that the dollar was convertible
into gold at a fixed price provided
a strong inducement for countries to
hold their foreign reserves in the
form of dollars. However, as the
dollar holdings of central banks swel-
led in the wake of persistent deficits
in the U.S. balance of payments,
many countries began to entertain
doubts about the continued converti-
bility of the dollar into gold. To for-
estall any attempt on the part of cen-
tral banks of other countries to con-
vert their dollars into gold, the U.S.
Government suspended in August
1971 the convertibility of the dollar
into gold. This gave added urgency
to the task of devising a new mone-
tary system which would provide for
an orderly growth of world liquidity
in accordance with the requirements
of an expanding world economy. The
fact that the U.S. dollar or the pound
sterling could not perform this role
was recognised when the Internatio-
nal Monetary Fund decided in 1968 to
create a new reserve asset in the form

of Special Drawing Rights as a supplement to other than existing reserve assets. However, the events of 1971 led to the conclusion that it was necessary to move forward speedily towards a system in which a neutral reserve asset like the special Drawing Rights would become the principle reserve asset of the system.

Although the need for international monetary reform has been recognised for many years, until very recently the major developed countries of the West tended to discuss these matters in an exclusive forum such as the Group of Ten. Since the stake of developing countries in a smooth functioning of the world monetary system is in no way less than that of developed countries, we repeatedly stated that it was entirely unacceptable to us that vital decisions about the future of the world monetary system should continue to be taken by a limited group of countries. It is largely as a result of strong protests by the developing countries that the International Monetary Fund set up in September, 1972 the Committee of 20 to advise the Board of Governors on international monetary reform. The members of this Committee are the Finance Ministers of various countries.

The first meeting of the Committee of 20 was held in September, 1972 at the time of the annual meeting of Board of Governors. At that meeting, the Committee set up a group of Deputies, consisting of senior monetary officials of various countries, to examine technical issues and make recommendations on reform to the Committee. The Deputies have held so far four meetings and they are due to meet again in May, 1973.

The second meeting of the Committee of 20 was held in Washington on March 26-27, 1973. The principal item of the agenda was to approve the work programme drawn up by the Deputies. At this meeting, the Committee considered a report submitted by Mr. Jeremy Morse, Chair-

man of Deputies, on the work of Deputies to date. The Deputies have completed a preliminary review of outstanding issues relating to the improvement of the adjustment process and of reserve assets and convertibility in a reformed monetary system. Mr. Morse's report, which is not a public document, revealed that the Deputies had made substantial progress in their work. However, it became obvious that further progress in the preparation of the outline of reform before the next annual meeting of the Board of Governors would greatly depend on the ability of the Committee of 20 to lay down certain broad guidelines about the direction of reform. Without such guidelines, the Deputies' work was likely to suffer from a lack of proper focus as well as perspective.

Accordingly, both in formal intervention in the debate as well as in the course of informal exchanges of views with several members of the Committee, the need for the Committee to lay down certain basic principles of the reformed system so as to enable the Deputies to accelerate the speed of their work was stressed. These views were shared by other members of the Committee coming from developing countries. Our task was not easy particularly since the Committee was meeting soon after the February-March, 1973 exchange crisis which led to a collapse of the per value system for the second time in a period of less than two years. A number of developed countries initially took the view that it was too early to see clearly the outline of the reformed system. However, after some debate, the Committee agreed on a set of basic principles which constitute a definite step forward. Certainly, these principles and guidelines will help to accelerate the work of Deputies. Clearly, as of now one cannot assert with absolute confidence that the outline of reform will definitely be ready before the annual

meeting of the Board of Governors. There are still differences of opinion on many vital details of the reformed system. However, the chances of the outline of reform being ready by September, 1973 appear brighter now than in the past one or two months.

Before the major conclusions of the meeting of the Committee of 20 are described, the House may like to know the set of objectives we had in mind for this meeting. First of all, we were very keen that the International Monetary Fund rather than the Group of 10 or the new Group of 14 should be the primary forum for discussion of international monetary issues. Secondly, like other developing countries we strongly feel that a stable though adjustable par value system provides a framework which is most conducive to the expansion of world trade. Developing countries do not have the institutional arrangements to cope with prolonged uncertainties in the exchange markets. Thirdly, we were eager that the Special Drawing Rights rather than gold or national currencies should become the principal reserve asset in the reformed monetary system. Fourthly, we are in favour of control of speculative capital movements so as to ensure that exchange rates are not always at the mercy of speculators. Fifth, during the last few years, we have argued consistently in favour of using new international liquidity to provide additional resources for economic development of developing countries. It is our view that while the volume of new international liquidity should be determined solely on the basis of monetary needs of the world economy, it is both feasible and desirable to use the liquidity so created to provide additional real resources to developing countries. This proposal known as the link proposal has gained widespread intellectual acceptance in recent years even though there is still resistance to it from governments of a number of developed countries.

The results of the deliberations of the Committee are reflected in the Communiqué issued at the end of the meeting. A copy of this communiqué is also laid on the Table of the House. Clearly we have still to resolve a large number of unsettled issues before an agreement can be reached on the outline of reform. Nevertheless, this meeting has helped to provide the needed impetus to the work of Deputies.

It is a matter of satisfaction to us that the Committee has affirmed that the exchange rate regime in the reformed system should continue to be based on stable but adjustable par values. However, there is a strong sentiment in favour of greater exchange rate flexibility than in the past and that even though the par value system is likely to be retained developing countries will have to learn to live with the consequences of more frequent changes in exchange rates in the future.

The Committee of 20 has also agreed that the role of reserve currencies should be reduced and the Special Drawing Rights should become the principal reserve assets of the reformed system. This is in line with our own thinking on this subject.

The Committee has also agreed that an intensive study should be made of effective means to deal with the problem of disequilibrating capital flows.

Finally, on the important subject of the link, we have not been able to persuade the Committee to endorse it in principle and to leave its mechanics to be worked out later on. Some developed countries have strong reservations in this matter. However, the Committee has affirmed the desirability on the occasion of reform to promote economic development and the flow of real resources from developed to developing coun-

tries. Although this cannot be constituted an endorsement of the link, the language of the Communique reflects some positive advance.

In our view, the link is a practical means of securing the objective endorsed by the Committee. It would be wrong to suggest that the link proposal will not face any serious hurdles. However, if developing countries remain united, there is a good chance that the link would constitute an important element of the reformed system.

Prior to the meeting of the Committee of 20, the Ministerial meeting of the Group of 24 developing countries was held on 24th March 1973. This group came into being last year to enable developing countries to exchange views and to work out a common position on matters relating to international monetary reform. On our suggestion, the Group of 24 has set up a working party to work out a common position on the link proposal acceptable to all developing countries for presenting it to the Committee of 20. We attach great importance to the work of the Group of 24 for it is only if developing countries are united that their voice is likely to be felt in the forums of the Committee of 20. On our part, we shall make every possible effort to sustain the unity of developing countries in our common quest for a new monetary system which will be more responsive to the needs of developing countries.

Communique

1. The Committee of the Board of Governors of the International Monetary Fund on Reform of the International Monetary System and Related Issues (the Committee of Twenty) held its second meeting in Washington on March 26 and 27, 1973, under the chairmanship of Mr. Ali Wardhana, Minister of Finance

for Indonesia. By the courtesy of the Organisation of American States the meeting was held in the Pan American Union Building. Mr. Pierre-Paul Schwitzer, Managing Director of the International Monetary Fund, took part in the meeting which was also attended by Mr. Wilhelm Haferkamp, Vice-President of the E.E.C., Mr. Rane Larre, General Manager of the B.I.S., Mr. Olivier Long, Director-General of the G.A.T.T., Mr. Manuel Perez-Guerrero, Secretary-General of the U.N.C.T.A.D., Sir Denis Rickett, Vice-President of the I.B.R.D., and Mr. Emile Van Lennep, Secretary-General of the O.E.C.D.

2. The Committee received a report in which the Chairman of their Deputies, Mr. Jerney Morse, summarised the Deputies' discussion to date on the adjustment process and exchange rate mechanism, reserve assets and convertibility, and capital flows.

3. The Members of the Committee reaffirmed the need for a world monetary order, based on cooperation and consultation within the framework of a strengthened International Monetary Fund, that will encourage growth of world trade and employment as well as economic development and will support the domestic efforts of monetary authorities throughout the world to counteract inflation.

4. The Members of the Committee exchanged views on the substance of international monetary reform in the light of recent development in exchange markets and of countries' policy reactions to these developments and instructed their Deputies to take account of these events and their implications in their continuing work. The Members of the Committee recognised that the various elements of reform are interlinked. Their discussion of a reformed system centred on the following points:

(a) There should be a better working of the adjustment process, in which adequate methods to assure timely and effective balance of payments adjustment by both surplus and deficit countries would be assisted by improved international consultation in the Fund including the use of objective indicators. It was noted that the Deputies are establishing a technical group on indicators. The importance of effective domestic policies for balance of payments adjustment was underlined. Members of the Committee recognised that exchange rates must be a matter for international concern and consultation and that in the reformed system the exchange rate regime should remain based on stable but adjustable par values. It was also recognised that floating rates could provide a useful technique in particular situations. There was also general agreement on the need for exchange market stability and on the importance of Fund surveillance of exchange rate policies.

(b) There should be better international management of global liquidity. The role of reserve currencies should be reduced and the S.D.R. should become the principal reserve asset of the reformed system. The Deputies were asked to study further the conditions for a resumption of general convertibility including questions relating to consolidation of excess reserve currency balances and to methods of settlement.

(c) An intensive study should be made of effective means to deal with the problem of disequilibrating capital flows by a variety of measures, including controls, to influence them and by arrangements to finance and offset them. It was noted that the Deputies are establishing a technical group on

disequilibrating capital flows, including those associated with Euro-currency markets.

(d) There should be a strong presumption against the use of trade controls for balance of payments purposes. Developing countries would, however, be exempt wherever possible from trade and capital controls imposed by other countries and their particular circumstances would be taken into account in assessing controls that they themselves felt it necessary to apply.

5. The Members of the Committee recognised the concerns of developing countries under current conditions and their interests in a reformed system. They affirmed the desirability on the occasion of the reform of promoting economic development and the flow of real resources from developed to developing countries.

6. The Committee approved their Deputies' program of future work. In directing the attention of the Deputies to these aspects of reform which have an important bearing on the current situation, they recognised that procedures are already established for coordinating the work of the Executive Directors of the Fund with that of the Deputies. They noted that the Deputies plan to expand their meeting schedule and to intensify their work between meetings, and they instructed the Deputies to proceed urgently with the preparation of a draft outline of the reform, in which the major issues would be presented to the Committee for decision.

7. The Committee will meet again at a time to be proposed by the Chairman in the light of the progress of the Deputies' work.

SHRI JYOTIRMOY BOSU (Diamond Harbour): Will you allow me to put two or three questions?

MR. SPEAKER: No, please. Now, Shri Chattopadhyaya.

1303 hrs.

TEXTILES COMMITTEE (AMENDMENT) BILL*

THE MINISTER OF COMMERCE (PROF. D. P. CHATTOPADHYAYA): Sir, I beg to move for leave to introduce a Bill to amend the Textiles Committee Act, 1963.

MR. SPEAKER: The question is:

"That leave be granted to introduce a Bill to amend the Textiles Committee Act, 1963".

The motion was adopted.

PROF. D. P. CHATTOPADHYAYA: Sir, I introduce† the Bill.

RE. PAY COMMISSION REPORT

MR. SPEAKER: Now, Shri Banerjee.

SHRI S. M. BANERJEE (Kanpur): Mr. Speaker, Sir, with your permission, I would like to place one or two very important issues. I invite your kind attention to the *Statemen* dated 6th April, 1973 stating that some of the Members of Pay Commission discovered distortions in the Report. I am surprised to read the banner headline appearing in this paper. It seems that there are serious questions raised in this. And it appears that Members did not know about these perhaps before signing the Report. Another very serious thing to which I want to draw the kind attention of the hon. Minister is this. This is about the chapter on I.A.S. This was perhaps drafted by

the Member-Secretary Shri H. N. Ray and two I.A.S. Officers, Shri R. D. Thapar and Shri Naresh Chandra. One can very well imagine that this Pay Commission which is supposed to be an independent body should have allowed this Chapter to be drafted by the outsiders.

Our suspicion is that some of the Pay Commission members—with due apologies to them—were tinkering with the fate of the millions of Central Government employees and Armed Forces. I would request you to allow a discussion and ask the minister to appoint a commission immediately to find out if this is correct, action should be taken against the Member-Secretary.

MR. SPEAKER: Under rule 377, you can just invite attention, not make a speech.

SHRI S. M. BANERJEE: I would request the minister to make the necessary investigations. Now that the fate of 20 lakhs of Class III and Class IV employees has been sealed by the Pay Commission I want that bilateral talks and negotiations with the employees' associations should start.

श्री अटल बिहारी वाजपेयी (गालियर) : अध्यक्ष महोदय, चूंकि यह मामला उठाया गया है, इसलिए मैं भी एक मिनट लेना चाहता हूँ। मुझे बड़ा ताज्जुब है—आपने समाचार देखा होगा—स्टेट्समैन में जो कुछ छपा है, उससे पे-कमीशन की प्रतिष्ठा को गहरा धक्का लगा है। पे-कमीशन के बारे में जो इस तरह की खबरें छपी हैं कि उसके मेम्बरों ने बिना रिपोर्ट को पढ़े उस पर दस्तखत किए हैं तो कर्मचारियों में उस रिपोर्ट के बारे में क्या विश्वास पैदा

*Published in Gazette of India Extraordinary, Part II, section 3, dated 6th April, 1973.

†Introduced with the recommendation of the President.

[श्री अटल बिहारी वाजपेयी]

होगा? क्या पे-कमीशन के मेम्बरों ने लिखी हुई बातों पर दस्तखत कर दिए हैं? मैं चाहता हूँ कि वित्त मन्त्री इसके बारे में सदन को विश्वास में लें। यह पे-कमीशन इस समय मजाक का विषय बन रहा है।

श्री ज्योतिर्मय बसु (डायमण्ड हार्बर) : यह तो क्रिमिनल ओफेन्स है।

SHRI SAMAR GUHA (Contai): I am not going to question the competence of the drafting of the report by any IAS officer. That is not my concern. My concern is, a serious report has come to the press that in the report that has been submitted and released to the press, including the summary, members of the Commission are expressing their surprise that there had been introduction of some recommendations of which they are not aware. It is their fear that there has been a number of distortions.

MR. SPEAKER: I have made it very clear that under rule 377, you can just invite attention and not make a speech.

SHRI SAMAR GUHA: It has been said that there is no page marking, there is no system of chaptering etc. It has been said that the members were not given enough time to read through all the pages before signing the report. The apprehension has been expressed by the members of the Commission that there is a possibility that the whole record may be tampered with by those IAS officers and that new recommendations by way of distortions are being included in favour of the IAS officers. It is for the Government to make a statement whether there has been any distortion, whether they have signed it without seeing the whole document and whether the newspaper report is correct or not. This is a very serious matter.

SHRI JYOTIRMÓY BOSU: The report is very disturbing. It amounts to tampering with Government records, which is a criminal offence. We want Government to come out with a clear statement.

MR. SPEAKER: I have allowed him to raise it. What more can I do?

SHRI ATAL BIHARI VAJPAYEE: Let the Minister either deny it or confirm it.

SHRI YESHWANTRAO CHAVAN: Sir, I saw some press report about this matter. But I cannot proceed on the basis of press reports.

SHRI ATAL BIHARI VAJPAYEE: Have you made any enquiries?

SHRI YESHWANTRAO CHAVAN: Where is the question of making enquiries? The report was presented to me by all the members of the Commission. I saw their signatures in the report, and that report I placed on the Table of the House. What more can I say about it? Now, possibly, there may be some sort of difference of opinion about the press summary that is published. There may be some distortions there. But the report which is signed by them is placed on the Table of the House.

SHRI JYOTIRMOY BOSU: Why is it that there is no page numbering?

SHRI YESHWANTRAO CHAVAN: Why create doubt when none exists? The summary which has been prepared was not signed by them. It is a fact. That is why I did not place the summary on the Table of the House. They had signed the main body of the report. Therefore, I placed the report on the Table of the House. In the press summary which has been given for publicity, maybe there are some distortions; I cannot say. If they have got any doubts

about it, that is a different matter. As far as the members are concerned, they can see the report as such.

SHRI JYOTIRMOY BOSU: Why is it that there is no page-marking?

SHRI YESHWANTRAO CHAVAN: I have nothing more to add.

SHRI S. M. BANERJEE: Sir, kindly allow a discussion on this.

MR. SPEAKER: These volumes are quite big. That is the reason why they were laid on the Table of the House. After all of you have gone through it I will allow some time for it.

श्री अटल बिहारी वाजपेयी : आज अखबार में जो खबर छपी है उससे पता चलता है कि पे-कमीशन के मेम्बरों ने इस बात की शिकायत की है।

अध्यक्ष महोदय : क्या सारी सारी खबर जो अखबारों में छपे उसको आप यहां पर लाएंगे ?

SHRI YESHWANTRAO CHAVAN: I would like to make this point clear. When the members of the Commission came with that report I had a problem as to what I should submit to the House. The copies were merely cyclostyled and I did not have enough copies. So, I was thinking whether I can print the summary, which is a part of the report, and place it on the Table of the House. But the members themselves said that they have not signed the summary and, therefore, that should not be placed on the Table because that does not represent the views of the Commission. What they have signed is the body report. Therefore, even though there may be limited copies of the cyclostyled reports, I decided to place the report itself on the Table of the

House. Possibly, they had asked someone to prepare the summary. That is included in the report but it is not signed. What can I do about it? But when the report is before you, why do you go by the summary?

SHRI ATAL BIHARI VAJPAYEE: The summary is part of the report. If there is some distortion in the summary, who is to be held responsible? Are the members of the Commission not responsible?

SHRI YESHWANTRAO CHAVAN: What am I to do if after having given the summary....

SHRI ATAL BIHARI VAJPAYEE: I am not blaming the Finance Minister. But the summary here is part of the report.

MR. SPEAKER: There must be some end to this discussion. After all, the business of the House must go on.

एक तरफ आप यह करते हैं और दूसरी तरफ कहते हैं वक्त नहीं मिलता है। वक्त तो इन्हीं बातों में निकल जाता है।

13.14 hrs.

RE. KILLING OF SIX STUDENTS BY DAFLA TRIBES

SHRI DINESH CHANDRA GOSWAMI (Gauhati): Sir, under rule 377, I want to draw the attention of the House to a matter which is agitating the minds of all of us. Six students were killed and eight injured when they went on a picnic to a place known as Kiminu in NEFA by Dafla tribes. This has happened in the border of Assam and this has caused tremendous tension there. It also poses some very serious questions. Firstly, I want to know what has been the impact of the administration upon the Dafla tribes? During all these years has our administra-

[Shri Dinesh Chandra Goswami]

tion been able to bring any change in their way of life? Thirdly, the most important question is where this procedure of keeping these people in isolation, following the doctrine of Verrier Elwyn is leading us to.

All these questions are coming up. This matter has very very serious consequences. That in 1973, six boys could be killed and eight could be injured, without any rhyme or reason by a tribe is indeed beyond comprehension. I would request you to admit our callattention....

MR. SPEAKER: Then why should I allow you now?

SHRI DINESH CHANDRA GOSWAMI: The Minister should make a statement on this, or a discussion on it should be allowed.

13.16 hrs.

RE. STRIKE BY WORKERS OF STENTON PIPE AND FOUNDRY FACTORY, UJJAIN

श्री हुकम चन्द कछवाय : (मुरैना):

अध्यक्ष महोदय, मैं सरकार का ध्यान उज्जैन की स्टेन्टन पाइप एण्ड फाउण्ड्री फैक्टरी की ओर दिलाना चाहता हूँ। वहाँ पर वेतन मण्डल की रिपोर्ट तीन साल से आई हुई है लेकिन उसको लागू नहीं किया जाता है जिसके फलस्वरूप वहाँ कर्मचारियों में काफी उत्तेजना है। वहाँ पर पिछले 42 दिनों से लगातार हड़ताल चल रही है। नियमानुसार फैक्टरी का जो निर्धारित समय है उससे अधिक समय तक काम लिया जाता है। इसके साथ साथ मध्य प्रदेश सरकार ने जो योजनाएँ बनाई हैं पाइप बिछाने की वह फेल हो रही हैं, उन पर काम चालू नहीं हो रहा है। इस फैक्टरी को दो साल से केन्द्रीय सरकार ने ले रखा है इसलिए सारी जिम्मेदारी केन्द्रीय सरकार पर ही आती है कि इन सारी चीजों को लागू किया जाये। हड़ताल के दौरान जो कर्मचारी निकाले गए हैं उनको पुनः काम पर रखा जाना चाहिए। मैं सरकार को क्वा-बन्ती देना चाहता हूँ कि हजारों लोग वहाँ पर

इससे प्रभावित हैं। उनकी जो वाजिब मांगें हैं उनको स्वीकार किया जाये क्योंकि उसकी पूरी जवाबदेही केन्द्रीय सरकार पर है।

13.17 hrs.

RE, NON-AVAILABILITY OF YARN

अध्यक्ष महोदय : झारखंडे राय जी, इसका जवाब तो दो तीन दफा हो चुका है।

श्री झारखण्डे राय (घोसी): अध्यक्ष महोदय, सारे देश में और विशेषकर उत्तर भारत में सूत गायब हो गया है। (व्यवधान)

9 मार्च को भारत सरकार ने सूत पर नियन्त्रण किया और 12-13 मार्च को उसको मिलों ने लागू कर दिया। मिलों से सूत का निकालना बन्द हो गया। जो सूत तब तक मार्केट में आ चुका था उससे 10-12 दिन काम चला लेकिन 26-28 तारीख तक जब लोकल अधिकारियों ने सभी जगह जो लोकल स्टॉक था वह अपने हाथ में ले लिया तब नतीजा यह है कि उत्तर भारत में, दक्षिण भारत के नागपुर में, फैजाबाद में, मऊ में, बंगाल में और गुजरात भी सभी जगह सूत किसी भी दाम पर बिल्कुल नहीं मिल रहा है। भारत सरकार ने नियन्त्रण किया तो ठीक किया लेकिन डिस्ट्री-ब्यूशन सिस्टम न बनाने की वजह से हैंडलूम और पावरलूम को सूत बिल्कुल नहीं मिल रहा है।

SHRI P. G. MAVALANKAR (Ahmedabad): On a point of order. To this very matter I had invited your attention two days back, but you were pleased to decline your permission. May I know how is it that the same matter has been allowed to be raised today?

MR. SPEAKER: It is right, the hon. Member met me and I declined my permission..(Interruptions) I do not follow how it is a new method.

SHRI ATAL BIHARI VAJPAYEE (Gwalior): Government has taken over distribution of yarn, but yarn is not available. I went to Moradnagar.... (Interruptions) Yarn is not available.

अध्यक्ष महोदय : मैं इसके बारे में आपको टाइम दे देता, आपने मोशन दिया है लेकिन जैसा मैंने कल भी कहा था कि यह पहले इस हाउस में आ चुका है। अब कामर्स की डिमांड आ रही है उस पर कह लीजिए।

श्री अटल बिहारी वाजपेयी : जब आपने पहले इजाजत दी थी, काल अटेंशन एडमिट किया था तब मन्त्री महोदय ने एलान किया था कि सूत का डिस्ट्रीब्यूशन सरकार अपने हाथ में ले रही है। सरकार ने डिस्ट्रीब्यूशन तो अपने हाथ में ले लिया लेकिन डिस्ट्रीब्यूशन हो नहीं रहा है। क्या यह मामला कामर्स मिनिस्ट्री की डिमाण्ड्स तक रुक रह सकता है? आज तो वह आ नहीं सकता है क्योंकि शिक्षा पर आपने एक घण्टा बढ़ा दिया है।

अध्यक्ष महोदय : लेकिन यह इसमें कैसे आ सकता है? (व्यवधान)

श्री शारखंडे राय : अध्यक्ष जी मैं यह कह रहा हूँ कि नतीजा यह है कि हमारे खुद अपने आजमगढ़ जिले में 40,000 हैडलूम्स में से 30,000 बन्द हो गये, और 4,000 पावरलूम में से 2,700 बन्द हो गये हैं। एक गुड्डी सूत नहीं मिल रहा है। अब तक तो लोगों को शिकायत यह थी कि सूत महंगा है, अब यह है कि एक गुड्डी भी सूत नहीं मिल रहा है। सरकार ने, अपना नियन्त्रण कर लिया ठीक है, लेकिन वितरण की कोई व्यवस्था नहीं की।

श्री सरजू पांडे (गाजीपुर) : मन्त्री जी आश्वासन दें कि कैसे लोगों को सूत मिलेगा।

श्री हुकम चन्द कछवाय : इतने लोग बेकार हो रहे हैं, मन्त्री महोदय कुछ तो कहें...

अध्यक्ष महोदय : मैं आपको अनुमति नहीं दे रहा हूँ, आप बैठ जाइये।

श्री अटल बिहारी वाजपेयी : अध्यक्ष जी, ऐसा लगता है कि सरकार ने कोई अभी तक

पौलिसी नहीं बनायी है। टैक्सटाइल कमिश्नर के पास जाते हैं वह कहते हैं कि सूत बाटने की कोई योजना नहीं बनी है।

SHRI P. G. MAVALANKAR: 25,000 power looms have already been closed in Gujarat of which 6000 are in the city of Ahmedabad itself.

श्री हुकम चन्द कछवाय : लोग काम बन्द करके बैठे हुए हैं, उनका रोजगार नहीं चल रहा है, भूखे मर रहे हैं।

अध्यक्ष महोदय : कैसे चले यह हाउस, समझ में नहीं आता। मैं तो सोच रहा हूँ कि मैं ही यहां से भाग जाता हूँ, आप तो नहीं हटेंगे। मेरे बस के बाहर बात निकल गयी है। (व्यवधान) कछवाय जी, आप बैठ जाइये। अगर आप ऐसे ही हाउस को चलायेंगे तो इसका मतलब है कि कोई मुझ में ही गलत बात होगी। मैं चाहता हूँ कि कोई और आये, कोई और बैठने वाला आ जायगा। यह जो आप के सामने एक तरीका है इसकी धीरे धीरे अगर आप अहमियत को कम करेंगे तो कोई और तरीका आयेगा। अगर पार्लियामेंट को आप इसी तरह का बनाना चाहते हैं तो इसके आगे क्या आयेगा, यह आपको सोचना पड़ेगा। (व्यवधान) अरे भाई बैठो। आप समझते क्यों नहीं। माननीय कछवाय जी, आप जो कुछ कह रहे हैं वह रेकार्ड में नहीं आयेगा। आप लोगों को जरूर सोचना पड़ेगा, मैं बिल्कुल सफाई देता हूँ। कहिये वाजपेयी जी, आप को क्या कहना है।

श्री अटल बिहारी वाजपेयी : माननीय अध्यक्ष जी, आप शान्त हो जाइये।

अध्यक्ष महोदय : मुझे यह शिकायत है कि यह जो पार्लियामेंट का तरीका है इसको अगर तरीके से नहीं चलाया तो फिर और कोई तरीका आप को सोचना पड़ेगा। मैं भी चला जाऊँ और आप भी चले जायेंगे, लेकिन यह पार्लियामेंट रहेगी, इसको जरूर चलाना

[अध्यक्ष महोदय]

चाहिये, और यह पार्लियामेंट रहनी चाहिये।
हमारे और आप जैसे आते जाते रहेंगे, लेकिन
Parliament must have the dignity of
its own.

13.23 hrs.

PERSONAL EXPLANATION BY
MEMBER

श्री अटल बिहारी वाजपेयी (ग्वालियर)
अध्यक्ष जी, मैं आप की इजाजत से एक व्यक्ति-
गत स्पष्टीकरण देना चाहता हूँ। शिक्षा
मन्त्रालय के अनुदान की मांगों पर जब 4
अप्रैल को बहस हो रही थी तो श्री चन्द्र पन ने
मेरे नाम का हवाला देकर एक बात कही।
उन्होंने कहा, मैं उनके शब्दों को उद्धृत कर
रहा हूँ :

"You may be knowing that the
leaders of the syndicate are taking
interest in this University. (Aligarh
Muslim University). Shri Piloo
Mody has been bestowed the life
membership of the Aligarh Muslim
University. Mr. Atal Bihari Vajpayee
visited the University and had dis-
cussion there."

अध्यक्ष महोदय : मैं अभी तक उस विश्व
विद्यालय में गया नहीं हूँ निकट भविष्य में
उस विश्वविद्यालय में मेरा जाने का कोई
इरादा नहीं है। श्री चन्द्रपन को सही जान-
कारी रखनी चाहिये। इस सदन में आकर इस
तरह की अनर्गल बातें कहना या तो मुझे बद-
नाम करने का तरीका है, या मेरी पार्टी को
बदनाम करने का तरीका है। किसी प्रेस में यह
छपा हुआ नहीं है। यह बिल्कुल गलत बात है।
सी० पी० आई० के मेम्बर इस तरह की
अनर्गल बातें कह कर देश के वातावरण को
बिगाड़ना चाहते हैं।

13.25 hrs.

DEMANDS FOR GRANTS, 1973-74—
Contd.

—contd.

MR. SPEAKER: The House will now
take up further discussion on the De-
mands for Grants relating to the
Ministry of Education and Social
Welfare and the Department of Cul-
ture.

Shri Mulki Raj Saini to continue
his speech.

श्री मुल्की राज सैनी (देहरादून) :
अध्यक्ष महोदय, मैं कह रहा था कि सरकार
ने शिक्षा के प्रसार के लिये और शिक्षा को
गरीबों तक पहुंचाने के लिये कुछ दिशा बदलनी
है और उनकी यह योजना प्रशंसनीय है। देश
के अन्दर 1971 से राज्य सरकारों को
30,000 टीचर्स, 240 इंस्पेक्टर और 1000
वर्किंग टीचर्स दिये गये। इसी तरह से 1972
और 1973 में 90,000 टीचर्स 720 इंस्-
पेक्टर्स और 3,000 वर्किंग टीचर्स दिये गये हैं।
जिससे आभास होता है कि 6 से 11 साल तक
के बच्चों को प्राइमरी शिक्षा देने की योजना
पूरी हो जायगी। यह कार्य प्रशंसनीय है।

13.26 hrs.

[MR. DEPUTY-SPEAKER in the Chair].

इसी तरीके से पढ़ लिखे अनएम्प्लायड
लोगों को रोजगार देने के लिये 29 करोड़ रु०
बजट में रखा गया है। इसी तरीके से सरकार
ने तकनीकी, प्रौद्योगिकी और इंजीनियरिंग
शिक्षा के वास्ते अलग अलग संस्थान खोल
रखे हैं। सवाल यह होता है कि इन संस्थानों
में किस के बच्चे पढ़ सकते हैं? क्योंकि यह
बहुत खर्चीली शिक्षा है इसलिये इनमें किसी
गरीब का बच्चा, निम्नतम श्रेणी का बच्चा,
मध्यम श्रेणी का बच्चा, हरिजन, आदिवासी
और देहात के गरीब तबके के लोग नहीं जा
सकते हैं। इस वास्ते मेरा सुझाव है कि सरकार
को यह शिक्षा गरीब के बच्चों तक पहुंचाने के
लिये सस्ती करनी चाहिये। आप कहेंगे कि
छात्रवस्तियां हैं। लेकिन वह इतनी कम हैं कि
इस मांग को पूरा नहीं करतीं। तो इस तरीके
से सरकार को इसकी व्यवस्था करनी चाहिये।

देश में जो शिक्षा चल रही है उसमें तीन, चार प्रकार के विद्यालय हैं। एक वह हैं जिन्हें हम स्वर्ण की शिक्षा कह सकते हैं, अगर कहीं स्वर्ण है तो। सैनिक स्कूल हैं, दून स्कूल है और भी अन्य पब्लिक स्कूल हैं जिनमें पांच, छ सौ २० एक लड़के पर खर्च होता है, इसलिये उनमें गरीब का बच्चा नहीं जा सकता। सरकार ने पिछले साल 25 सीट्स ऐसे स्कूलों में देने की बात कही थी। लेकिन यह तो ऊंट के मुंह में जीरा वाली बात है। यह समस्या कैसे हल होगी? देश में समाजवाद लाने के लिए शिक्षा में समता लाना बहुत जरूरी है। शिक्षा के अन्दर भी एक प्रकार से मौनोपोली हो गई है। मौनोपोली हाउसिस की हम बातें करते हैं आर्थिक क्षेत्र में, औद्योगिक क्षेत्र में। लेकिन शिक्षा के क्षेत्र में भी मौनोपोली क्लास कायम हो गई है और इसी क्लास के बच्चे ही सबसे अधिक फायदा उठाते हैं और वे ही सही अर्थों में शिक्षा ग्रहण करते हैं। मैं नाम देकर बताता हूं। क्रिकेट के बच्चे जाते हैं इन बड़े-बड़े स्कूलों में, पूजीपतियों के, उद्योगपतियों के, उनके रिश्तेदारों के, बड़े-बड़े अफसरों के और अब एक नई क्लास भी बड़े-बड़े मिनिस्टर्स की कायम हो गई है, उनके बच्चे जाते हैं। उसके बाद कौन जाते हैं जो इन लोगों के साथ लग हुए हैं स्मगलर्स, ब्लैक मार्किटर्स, एडल्ट्रेशन करने वाले और रिश्वत पर जिन्दगी चलाने वाले उनके बच्चों के वास्ते शिक्षा की कोई समस्या नहीं है। जहां इनके बच्चे पढ़ते हैं वहां न अनुशासन बिगड़ता है, न वायोलेंस होती है, न हड़ताल होती है। शान्ति के साथ वहां सब काम होता है और यह क्लास बन रही है और यह शिक्षा के क्षेत्र में आगे बढ़ती जा रही है। बाकी देश का क्या हाल है कुछ अच्छे विद्यालय कहे जा सकते हैं लेकिन मैं उन्हें उच्च मध्यम श्रेणी के लाभ के लिए कहूंगा कि वे हैं। इस वास्ते कहूंगा कि वहां पर ट्यूशन की समस्या पैदा हो गई है। जो ट्यूशन नहीं पढ़ा सकता उसका बच्चा पास नहीं हो सकता, उसे एप्रोच से, रिश्वत से प्रवेश दिलाना पड़ता है। यहां पर एम एस सी में लड़कों की पांच

हजार या दस हजार देना पड़ता है। इसी तरह से नैडोकल कालेज में प्रवेश पाने के लिए बीस बीस हजार रुपये एक लड़के को प्रवेश पाने के लिए देना पड़ता है। कहां है मैडीकल की शिक्षा, विश्वविद्यालयी शिक्षा गरीबों के बच्चों के वास्ते? शिक्षा के क्षेत्र में एकाधिकार स्थापित होता जा रहा है, मौनोपोली हो गई है। इसको आपको तोड़ना होगा। यह बहुत जरूरी है।

निम्नतम और निम्न श्रेणी के लोगों के बच्चों के लिए शिक्षा का जो प्रबन्ध है वह नरक की शिक्षा का प्रबन्ध है, उसको नरक की शिक्षा कहा जा सकता है। पढ़ने के लिए उनके पास किताबें नहीं होती हैं, जहां वे पढ़ते हैं वहां मास्टर नहीं होते हैं, अगर मास्टर होता है और आता है तो कहीं हुक्का पीने चला जाता है, खाना खाने चला जाता है तो दो तीन घण्टे वहां लगा आता है। खेत में वह हल चलाता है और आराम के लिए स्कूल में आता है। इस प्रकार की शिक्षा प्राप्त कर कैसे आप समझते हैं कि अच्छे स्कूल पढ़ने वाले लड़कों के बराबर आ सकेगा, उनके स्तर पर पहुंच सकेगा और शिक्षा के क्षेत्र में समता कायम हो सकेगी। इस प्रकार से तो जो आपका लक्ष्य है उसको प्राप्त नहीं किया जा सकेगा।

विश्वविद्यालय और हायर सेकेंड्री स्कूल के ऊपर जो विद्यालय हैं उनके अन्दर दादा लोग पैदा हो गए हैं। गरीब का बच्चा उनमें पढ़ने के लिए या पढ़ने की नियत से आएगा तो उसको वे दरवाजे पार रोक लगे। उनको धमकाएंगे, वायोलेंस करेंगे और अगर वह पढ़ना भी चाहेगा तो पढ़ नहीं पाएगा, ऐसी स्थिति उसके वास्ते पैदा कर दी जाती है। शिक्षा के क्षेत्र में यह वातावरण पैदा कर दिया गया है। क्लब्स, प्रोग्राम, कोएजुकेशन, सिनेमा, रेडियो, टेलीविजन, आदि इस प्रकार का वातावरण तैयार करने के लिए जिम्मेदार हैं। मां

[श्री मुल्की राज सैनी]

बाप पहला गुरु होता है। कल कहा गया है कि मां एक लाख गुरुओं के बराबर एक गुरु होती है। उनको अपने बच्चों की देखभाल करने के लिए समय ही नहीं होती है। उनका जीवन बहुत ही व्यस्त रहता है रोजगार में। सिनेमाओं, होटलों, डांसगृहों, गायन-गृहों से उनको फुर्सत नहीं होती है। वहां से बालक स्कूल में आता है पढ़ने के लिए तो वहां दादा लोगों से उसका वास्ता पड़ता है। समाज में जाता है तो वहां भी इसी तरह की व्यवस्था है। इम वास्ते वायोलेन्स कहां से आता है, अनुशासन कौन लाता है इसके ऊपर सरकार को सोचना चाहिए और सरकार को अनुशासन की भावना पैदा करने के लिए विद्यालयों की तरफ ध्यान देना होगा और वहीं से इसको शुरू करना होगा। जहां पर बड़े बड़े लोगों के बच्चे पढ़ते हैं, वहां पर शान्ति रहती है, वहां अच्छी योग्यता के मास्टर होते हैं, अच्छा वेतन उनको मिलता है। वे फैंसी स्कूल हैं। हमारे जो दूसरे स्कूल हैं वहां कौन मास्टर आते हैं? उस क्षेत्र को आज उपेक्षित क्षेत्र कहा जा सकता है। इसमें वे ही आते हैं जिसको कहीं और नौकरी नहीं मिलती। बहुत सी जगहों पर यह सुनने में भी आता है कि जो तनख्वाह उनको दी जाती है वह कम दी जाती है लेकिन दस्तखत उनके ज्यादा तनख्वाह पर कराए जाते हैं। ऐसे विद्यालयों के शिक्षकों के दिल में बच्चों के वास्ते कोई स्थान नहीं होती है और न ही बच्चों के दिल में उनके प्रति कोई सम्मान की भावना होती है। जो तनख्वाह उनको मिलती है उससे उनका गुजर बसर भी नहीं हो पाता है। नतीजा यह होता है कि वे हड़ताल करते हैं, मांग पेश करते हैं, जेल जाते हैं। मैं शिक्षक रह चुका हूँ। मुझे दुख होता है यह जानकर कि आज भी पच्चीस साल के बाद भी शिक्षा जिसके लिए कहा जाता है कि प्रत्येक को यह मानव बना सकती है या मानव

में पशुता को निकल सकती है, अपने इस लक्ष्य को प्राप्त करने में नितान्त विफल रहें हैं। इस ओर आपको ध्यान देना होगा। बड़े बड़े प्लान आप बनाते हैं, यद्ध स्तर पर काम भी होता है लेकिन शिक्षा में जो पहली चीज थी और जिस पर सरकार की तवज्जह जानी चाहिए थी, वह नहीं गई है। उसका बजट ऊंचा होना चाहिए था। ऐसा क्यों नहीं किया गया? इसका मुझे बड़ा खेद है।

मैं नरक की शिक्षा के बारे में कह रहा था। कल भी हमारे साथी ने कहा था कि सौ लड़के किसी पाठशाला में जाते हैं तो प्राइमरी शिक्षा पास करने तक उनकी संख्या घट जाती है और हायर सैकेंड्री जाते जाते सौ में से दस ही रह जाते हैं। नाम पढ़ाई में उनके भी आ जाते। लेकिन वास्तव में सच बहुत ही कम होता है।

जो विषमता शिक्षा के क्षेत्र में विद्यमान है उसको मिटाने के लिए मैं सरकार को सुझाव देना चाहता हूँ कि सरकार शिक्षा का राष्ट्रीयकरण करे और जो बीकार सेक्शन हैं, जो गरीब तबके के लोग हैं उनके वास्ते शिक्षा निशुल्क बनाए, कम्पलसरी बनाए, अनिवार्य बनाए और सबको एक तरह की शिक्षा देने देने का प्रबन्ध करें। इस द्रष्टि से शिक्षा का राष्ट्रीयकरण करना बहुत जरूरी है ताकि कुछ खानदानों की ही उच्च शिक्षा प्राप्त करने की मौनोपोली न रहे और सबको समान शिक्षा मिले। इस तरह से आप कार्य करेंगे तो समाजवाद का जो हमारा लक्ष्य है, वह प्राप्त हो सकता है नहीं तो यह स्वप्न रहेगा, स्लोगन रहेगा।

हिन्दी के प्रसार के बारे में भी थोड़ा कहना चाहता हूँ। कहा जाता है कि हिन्दी की प्रोत्साहन देने की जिम्मेदारी, इसका प्रचार करने की जिम्मेदारी केन्द्रीय सरकार की है। जिस गति से जाड़ी चला रही है, जिस तरह से कंपन्यों को कंपन्यों में

काम करते हुए हम देखते हैं, तो ऐसा मालूम होता है कि जैसे कोई योजना इसकी है ही नहीं। यहां हाउस के अन्दर भी मुझे यह देखकर बड़ा आश्चर्य होता है और खेद भी होता है कि हमारे माननीय सदस्य जो हिन्दी जानते हैं, हिन्दी भाषी क्षेत्रों से आते हैं वे भी समझते हैं कि अगर वे हिन्दी बोलेंगे तो उनको हीन समझा जायगा। मैं कहूंगा कि कम से कम जो हिन्दी बोलना जानते हैं और हिन्दी समझते हैं उनको तो हिन्दी में ही बोलना चाहिए।

समाज कल्याण के बारे में भी मैं एक शब्द कहना चाहता हूं। समाज कल्याण का काम इस तरीके से चलाया जा रहा है कि कुछ लोगों को रोजगार मिले। ग्रान्ट जो विभिन्न संस्थाओं को दी जा रही है, सहायता जो उनको दी जा रही है, सरकार को ऐसी व्यवस्था करनी चाहिए कि उसका दुरुपयोग न हो, उसका सदुपयोग हो। ऐसा मालूम होता है कि पाठशालाओं में पौष्टिक आहार की जो व्यवस्था है वह शायद शिक्षकों के लिए है, पौष्टिक आहार बच्चों को नहीं मिल पाता है। भिक्षा वृत्ति बन्द करना हो, औरतों के अनैतिक व्यापार को रोकना हो, इस काम के वास्ते विभिन्न संस्थाओं को जो रुपया दिया जाता है उन पर चैकर आपको रखना चाहिये। उसकी देखभाल आपको करनी चाहिए और इस विभाग को देखना चाहिए कि जो रुपया अनुदानों आदि के रूप में दिया जाता है उसका सही इस्तेमाल हो।

प्रो० एस० एल० सक्सेना : (महाराजगंज) : जब नये मंत्री महोदय ने चार्ज लिया था और जिस तरह के विचार उन्होंने व्यक्त किये थे उनको पढ़ कर मुझे बड़ी प्रसन्नता हुई थी। मुझे आशा थी कि स्थिति में कुछ सुधार होगा शिक्षा के क्षेत्र में। लेकिन इस बार जब मैंने शिक्षा की मद के बजट को देखा तो इसको

देख कर मैं आश्चर्य चकित रह गया। यह चौथी योजना का आखरी वर्ष है। बजाय इसके कि इसके लिए एलोकेशन बढ़ता यह और घट गया है। दस परसेंट कट लगा दिया गया है। 136.43 करोड़ रूपयों से घटा कर इसको 123.14 करोड़ रूपयों कर दिया गया है। इसको देख कर मैं हैरान रह गया। यह बहुत जबर्दस्त कटौती है। पांच हजार करोड़ रेवेन्यू रिसीट है और ढाई हजार करोड़ कैपिटल रिसीट है। 75,000 करोड़ में से केवल 123 करोड़ ही एजुकेशन के लिए रखा गया है जोकि 1.5 परसेंट हमारे टोटल एक्सपेंडीचर का है। यह बहुत ही लज्जा की बात है। हम समाजवाद लाना चाहते हैं। समाजवादी मुल्क क्या कर रहे हैं, इसको आप देखें। रूस की 1972 की रिपोर्ट में पढ़ रहा था। उन्होंने उसमें लिखा है कि 1975 में उनका बजट कुल मिला करके 360,000 मिलियन रूबल का होगा जिसमें से 90,000 मिलियन रूबल एजुकेशन पर खर्च होगा यानी कुल आमदनी का 25 परसेंट खर्च एजुकेशन पर होगा। वहां 25 परसेंट होता है और यहां केवल 1.5 परसेंट। यह समाजवाद लाने का ढंग नहीं है। डिफेंस एक्सपेंडीचर से तिगुना उनका सोशल वेलफेयर और एजुकेशन पर खर्च होता है। ब्रिटेन और अमरीका जैसे देशों का भी लगभग दस परसेंट एजुकेशन पर खर्च होता है। लेकिन हमारा केवल 1.5 होता है। यह अफसोस की बात है।

कितनी कम इम्पार्टेंस हम एजुकेशन को देते हैं यह इसी से जाहिर हो जाता है कि कैबिनेट मिनिस्टर के रैंक का मिनिस्टर इस विभाग में नहीं है। प्रो० नुरूलहसन बड़े योग्य व्यक्ति हैं, उनका कैरियर बहुत अच्छा रहा है, वह बड़े डेनेमिक व्यक्ति हैं, आइडियाज के आदमी हैं। क्या वजह है कि उनको कैबिनेट रैंक नहीं दिया जाता? अगर ऐसा किया जाता तो वे अपने विभाग के लिए ज्यादा पैसा प्रभावशाली ढंग से मांग सकते थे और अपनी योजना को चला सकते थे। मैं चाहता हूँ कि

[प्रो० एस० संसैना]

मिनिस्टर आफ एजुकेशन का कैबिनेट रैंक होना चाहिए ।

यू० जी० सी० के बजट में 11.5 परसेंट का कट किया गया है, अर्थात् 36 करोड़ रुपये में से 5 करोड़ रुपये का कट किया गया है । इस तरह तो यू०जी०सी० के बजट में कुछ भी नहीं रहेगा । यू०जी०सी० का रुपया जिस तरह खर्च होता है, वह भी शर्म की बात है । हमारे 88 परसेंट विद्यार्थी 3600 कालेजों में पढ़ते हैं और केवल 12 परसेंट विद्यार्थी 70 यूनिवर्सिटीज में शिक्षा पाते हैं । लेकिन मिनिस्ट्री की 1970-71 की रिपोर्ट से पता चलता है कि यूनिवर्सिटीज पर 23 करोड़ रुपया और कालेजों पर केवल 7 करोड़ रुपया खर्च किया जाता है । यह बड़े शर्म की बात है । यह कोई न्याय नहीं है । मैं चाहूंगा कि जितने विद्यार्थी जहां पढ़ें, वहां उनके हिसाब से खर्चा दिया जाये । फिलहाल 60 परसेंट रुपया कालेजों को दिया जाये और 40 परसेंट यूनिवर्सिटीज पर खर्च किया जाये ।

जहां तक स्पोर्ट्स का ताल्लुक है, हम ने देखा है कि आलिम्पिक्स में हम सब से बाटम पर रहते हैं । कालेजों में स्पोर्ट्स के खर्च को कट कर दिया गया है । अगर हम उसको दूसरे कन्टीज से कम्पेयर करें, तो वह बिल्कुल निल है । मैं चाहता हूं कि स्पोर्ट्स पर ज्यादा ध्यान दिया जाये, ताकि आलिम्पिक्स में हमारी परफॉर्मेंस इतनी खराब न हो ।

मैं देहात के प्राइमरी स्कूलों में देखता हूं कि लड़के जमीन पर फटे हुए टाट पर बैठे हुए हैं और एक मास्टर बैठा हुआ है, सब चिल्ला रहे हैं, कोई नहीं सुनता है कि क्या हो रहा है । इस हालत में वे बेचारे बच्चे किस तरह पढ़ेंगे ? इसी लिए अच्छी स्थिति के लोग अपने बच्चों को उन प्राइमरी स्कूलों में न भेजें और नर्सरीज और किंडरगार्टन्स में भेजते हैं ।

जब तक हमारे प्राइमरी स्कूल किंडरगार्टन नहीं बन जायेंगे, तब तक शिक्षा में हमारी प्रगति नहीं हो सकती है । चूंकि शुरू में ही लड़कों की पढ़ाई अच्छी नहीं होती है, इसलिए उनका कैरेक्टर नहीं बनता है । इसी वजह से बाद में स्टुडेंट्स इनडिसिप्लिन देखने को मिलती है । हमें देश में प्राइमरी एजुकेशन को प्रमुख स्थापित किया जाना चाहिए ।

इस में किंडरगार्टन्स और पायनियर कैम्पस में बच्चों को जिस तरह पढ़ाई होती है और जो सुविधये उनको मिलती हैं, जब मैं रखा गया, तो मैंने देख कर मुझे ईर्ष्या हुई कि काश, हमारे बच्चों को भी ऐसा मौका मिले । मिनिस्टर साहब सब से ज्यादा ध्यान इस तरफ दें ।

मुझे खुशी है कि अध्यापकों का वेतन बढ़ाया गया है । मैं चाहूंगा कि यह शर्त रखी जाये कि उन को बड़ा हुआ वेतन तब मिलेगा, जब कि वे अच्छे रिजल्ट्स दिखायेंगे और अपना कर्तव्य पूरा करेंगे ।

श्री बलीप सिंह (बाह्य दिल्ली) : उपाध्यक्ष महोदय, मैं शिक्षा मंत्रालय की मांगों का समर्थन करना चाहता हूं । इसके साथ-साथ मैं आदरणीय शिक्षा मंत्री जी और शिक्षा मंत्रालय का इस बात के लिए शुक्रिया अदा करता हूं कि उन्होंने दिल्ली स्कूल एजुकेशन बिल पास करा के दिल्ली के हजारों अध्यापकों की सेवा की है । इस हाउस ने और राज्य सभा ने उस बिल को बहुत जल्दी और मजबूती के साथ पास कर दिया, इस लिए मैं इस हाउस और राज्य सभा का भी आभारी हूं ।

हमारे देश के शहरों में बहुत पब्लिक स्कूल हैं । लेकिन हमारा देश गांवों में रहता है । यहां की ज्यादा जनता गांवों में रहती है, लेकिन गांवों में शिक्षा की व्यवस्था अच्छी नहीं है । शहरों में बेशक पब्लिक स्कूल हैं

और वहाँ जो बच्चे पढ़ते हैं, चाहे वे पूजीपतियों के बच्चे हों या बड़े अफसरों और ठेकेदारों के, उनको कन्वेन्स, स्कूलों में अच्छे खाने और ब्रेकफ़ास्ट वगैरह की सब सहायतें दे सकते हैं। लेकिन कम से कम सब स्कूलों का सिलेबस तो एक कर दिया जाये। इसका नतीजा यह होगा कि गरीब आदमी का बच्चा भी वही किताबें पढ़ेगा, जो पब्लिक स्कूल में अमीर आदमी का बच्चा पढ़ेगा।

अगर हम भारतवर्ष के पुराने इतिहास में जायें, तो हम देखते हैं कि कृष्ण और सुदामा ने एक ही जगह पर, एक ही गुरु से, एक ही किस्म की शिक्षा की किताबें पढ़ीं। यह अलग बात है कि बाद में कृष्ण द्वारिका के राजा बने और सुदामा गरीब ब्राह्मण रहे। परन्तु सुदामा जब कृष्ण से मिलने के लिए द्वारिका गये, तो कृष्ण ने क्लासफ़ेलो और सहपाठी के नाते सुदामा को बहुत आदर दिया। यदि हम सारे देश में एक ही किस्म की शिक्षा पद्धति कर दें, तो गरीबों के बच्चे भी वही सिलेबस पढ़ेंगे, जो कि अमीरों के बच्चे पढ़ते हैं।

शायद कुछ लोगों का ख्याल है कि सिर्फ अमीरों के बच्चों के ही दिमाग होते हैं। दिल्ली से पच्चीस मील दूर दिल्ली-हरियाणा बार्डर पर अपने हल्के के एक गांव में मैं इलैक्शन के सिलसिले में गया। वहाँ मैं ने एक लड़के को कुर्ता पाजामा और साधारण खेस डाले देखा। वह जुलाहे का लड़का था। उसने मुझे बताया कि वह आई०ए०एस० के काम्पीटीशन में सिलेक्ट हो कर ट्रेनिंग के लिए जा रहा है। इससे जाहिर है कि गरीबों के बच्चों के भी दिमाग होते हैं। लेकिन उनकी पढ़ाई, शिक्षा पद्धति और सिलेबस में फ़र्क होता है। मैं चाहूंगा कि मंत्री महोदय इस तरफ़ ध्यान दें और उस फ़र्क को ख़त्म करने की कोशिश करें।

पिछले दिनों मैं दिल्ली के एक कालेज में गया, जिस में को-एजुकेशन है, लड़के-लड़कियां

साथ-साथ पढ़ती हैं। उनके सालाना फंक्शन में उनके डिसिप्लिन की हालत को देख कर मुझे बहुत दुख हुआ। वहाँ प्राइज डिस्टिन्क्शन हो रहा था। जब कोई लड़की प्राइज लेने के लिए आती थी, तो लड़कों की तरफ़ से हूटिंग होती थी। मुझे बहुत शर्म आई और वहाँ बैठना भी मुश्किल हो गया। अगर हमारे विद्यार्थियों की डिसिप्लिन की यही हालत रही, तो पता नहीं, हमारे देश का क्या हथ्र होगा।

शिक्षा मंत्रालय की बड़ी भारी जिम्मेदारी है। शिक्षा मंत्रालय जिम्मेदार होता है नेशन और समाज को बनाने का। क्या मंत्री महोदय कालेज में डिसिप्लिन की तरफ़ ध्यान देंगे? मैं जानता हूँ कि राजनैतिक पार्टियां यूनिवर्सिटीज के मामलों में दखल देती हैं और वहाँ स्ट्राइक वगैरह कराती हैं। कालेजों में पढ़ने वाली लड़कियां हमारी बेटियां और बहनें हैं, जिस तरह कि लड़के हमारे बेटे और भाई हैं। इसलिए यह जरूरी है कि कालेजों की बाउंडरी में इतना डिसिप्लिन हो कि कोई लड़का किसी लड़की के बारे में कोई नामुनासिब बात न कह सके। मुझे उम्मीद है कि मंत्री महोदय इस तरफ़ ध्यान देंगे।

सारे हिन्दुस्तान में कहीं जाइये, आपको शहरों में कालेज मिलेंगे। दिल्ली में भी शहर में बहुत कालेज हैं। मेरी कांस्टीट्यूएन्सी का इलाका तीस पैंतीस मील का लम्बा चौड़ा क्षेत्र है, जिसकी आबादी नौ लाख के करीब है। मंत्री महोदय वहाँ एक कालेज खोलने के बारे में सोचें। अगर वह दिल्ली के देहात में एक कालेज प्रोवाइड करने की कोशिश करें, तो मैं आभारी हूंगा।

दूसरी बात यह है कि शहरों के अंदर नर्सरी स्कूल हैं। छोटे छोटे बच्चे तीन साल के, चार साल के नर्सरी में चले जाते हैं और काफी उनका वहाँ से सुधार होता है। बचपन से ही उनको अच्छा रोस्ता दिखाया जाता है।

[श्री बिलीप सिंह]

लेकिन देहातों के अंदर चाहे वह दिल्ली के देहात हों चाहे बिहार के और चाहे उड़ीसा के देहात हों, वहां पर कोई नर्सरी स्कूल छोटे छोटे बच्चों के लिए नहीं हैं। आप अन्दाज़ा लगाइए, गरीब आदमियों के बच्चे भी चाहते हैं कि वह अच्छी पढ़ाई पढ़ें। तो गांवों में भी नर्सरी स्कूल खोलने की आप कृपा करें तो हमारे देश का बहुत बड़ा सुधार होगा।

एक बात मैं यह मंत्री महोदय से जानना चाहूंगा कि दिल्ली के देहात के हायर सेकेंड्री स्कूलों में, मेरी नोटिस में यह आया है कि बच्चों को साइंस हिन्दी में पढ़ाई जाती है। लेकिन वह बच्चे जो आइ० आइ० टी० हौजखास में दाखिल होने के लिए प्रास्पेक्टस लेने जाते हैं तो वहां साफ साफ लिखा हुआ है कि हर एक टेस्ट अंग्रेजी में देना होगा। अगर यह बात ठीक है तो यह डिफरेंस आप न रखें। अगर शहरों में अंग्रेजी में साइंस पढ़ाई जाती है तो देहात के अंदर भी अंग्रेजी में साइंस पढ़ाई और नहीं तो शहरों में भी और देहातों में भी दोनों जगह हिन्दी में पढ़ाई ताकि वह अगर कहीं दाखिल होना चाहें तो उन्हें दाखिला तो मिल सके।

दिल्ली के अंदर 110 गांव हैं जिन की जमीन एक्वायर हो चुकी है। वहां पर सब लोग बेकार हो गये हैं। कोई रोजगार उनके लिए नहीं रहा चाहे वह लैंड ओनर्स रहे हों चाहे लैंडलेस रहे हों। शिक्षा मंत्रालय की ओर से सोशल एजुकेशन की स्कीम के अंतर्गत वहां पर कुछ सेंटर्स खोले गये थे जिसके अन्दर महिलाओं और लड़कियों को सिलाई कढ़ाई का काम सिखाते थे। उससे थोड़ा सा रोजगार उनका बढ़ता था। अब शायद वह सेंटर बन्द करने जा रहे हैं। मैं मंत्री महोदय से प्रार्थना करूंगा कि दिल्ली एजुकेशन डायरेक्टोरेट से बात कर के वह यह प्रयत्न करें कि उन गांवों के अंदर से जहां उनकी सारी जमीन ले ली

गई है, कम से कम ये सेंटर न हटाये जायें। इनको तो वहां आप चालू रखें। इन्हीं शब्दों के साथ मैं शिक्षा मंत्रालय की मांगों का समर्थन करता हूं।

श्री महावीर सिंह शास्त्री : (कासगंज) :
उपाध्यक्ष महोदय, यह शिक्षा और समाज कल्याण का जो विषय चल रहा है इसकी जो मांगें हैं मैं इनका विरोध तो नहीं करना चाहता लेकिन मुझे खेद है कि यह विषय और विभाग कितना विस्तृत है और उसकी मांग कितनी कम हैं। यह वास्तव में खेदजनक है। समाज और शासन एक दूसरे का समवायी कारण है। समाज का निर्माण ना होता है, उसमें समाज और शासन ये एक दूसरे पर निर्भर करते हैं। यदि हमारा समाज अच्छा नहीं होगा तो शासन की अच्छी नहीं मिल सकता। यदि शासन अच्छा नहीं होगा तो समाज भी अच्छा नहीं हो सकता। इसलिये इसके लिये बजट की मांग बहुत ज्यादा होनी चाहिये थी।

जैसा हमने अभी सुना है गत 25 सालों में शिक्षा का काफी विकास हुआ, काफी शिक्षालय खोले गये, स्कूलों की बढ़ा गई। लेकिन मैं सरकार से पूछता हूं कि क्या कभी उसने इस बात का पता लगाया है कि देश में विद्यालय कितने हैं और उनमें धन्धालय कितने हैं। कहने का तात्पर्य यह है कि दो प्रकार की संस्थाय आज चल रही हैं, एक प्राइवेट और दूसरी सरकारी। प्राइवेट संस्थायों में क्या होता है क्या आपने अभी उसकी जांच करवाई है। मंत्री जी देख कि इनमें धन्धालय कितने चल रहे हैं, और वास्तविक विद्यालय कितने हैं?

दूसरी खेद की बात यह है कि शिक्षा के क्षेत्र में आपने काफी प्रगति की लेकिन क्वालिटी आफ एजुकेशन जो है उसमें आप बहुत पीछे रह गये हैं। 25 वर्ष के आंकड़ों को देखते हुये यह खेद के साथ कहना पड़ता

है कि हम उसमें बहुत पीछे रह गये हैं। इसका कारण यह है कि समाज की रचना शिक्षा से होती है और शिक्षा समाज कल्याण के चार स्तम्भों में से सबसे प्रथम स्तम्भ है। पहला शिक्षा, दूसरा समाज की समानता, तीसरा सामाजिक स्वास्थ्य और चौथा सामाजिक न्याय मिलना। यदि समाज कल्याण के अन्दर ये बात होंगी तो ये प्लान आपके बनते रहेंगे और ये केवल पेपर तक रहेंगे हमको इनसे वास्तव में कोई लाभ नहीं होगा।

शिक्षा के लिये कहा है कि :

तालीमगर नहीं है जमाने की हस्बोहाल
फिर क्या उम्मीद हो दौलती आराम
एहतराम

आराम तलास करना चाहते हो और उधर शिक्षा का स्तर गिर रहा है। आज कल का पढ़ा लिखा जवान आपसे सर्टिफिकेट, डिप्लोमा और डिग्रियों का भूखा नहीं है उसको रोजगार मिलना चाहिये, वह काम की आकांक्षा लेकर शिक्षा प्राप्त करता है। शिक्षा का आपने विस्तार किया लेकिन हमारी बेकारी चरम सीमा तक पहुँच गयी है। इसपर आपने कभी ध्यान नहीं दिया। आज 38 करोड़ आदमी अशिक्षित हैं। ऐसी स्थिति में हम चाहे कि समाजवाद आये तो यह सूर्य के सामने दीपक के प्रकाश को ले जाने के समान है। क्या आपने कभी इसका भी सर्वेक्षण कराया है कि कौन कौन से वर्ग शिक्षा से अछूते रहे हैं? क्या आपने विकलांगों की ओर ध्यान दिया है कि कितने विकलांग देश में पड़े हैं? महिलाओं और विधवाओं की तरफ ध्यान दिया है? उनके लिये क्या योजना आपने बनाई है। अनाथालयों की तरफ क्या आप का ध्यान गया है जहाँ अनिवार्य शिक्षा होनी चाहिये?

मेरा निवेदन है कि देश के अन्दर शिक्षा के साथ साथ बेकारी की समस्या का भी हल

नहीं किया गया है तो समाज का कल्याण नहीं हो सकता।

दूसरी बात यह है कि समाज की रचना तभी हो सकती है कि जब हम ऊँच नीच की खाई तो पाट दें, जब हमारे अन्दर साम्प्रदायिकता की भावना न हो, जब हम एक दूसरे को सम्मान करें। लेकिन देखने में यह आता है कि आम जनता की बात की अलग है पार्लियामेंट में कोई स्पीच होती है तो माननीय सदस्य साम्प्रदायिक भावना लेकर कभी आर० एस० एस० की बात कभी मुस्लिम लीग की बात करने लगते हैं। हम सब एक हैं। हमारा राष्ट्र एक है। समान रूप से हम लाभान्वित हों, यह दृष्टि हमारी होनी चाहिये।

स्वास्थ्य की योजना हमारे समाज कल्याण के लिये बहुत आवश्यक है। आज हमारे छोटे छोटे बच्चों के लिये अच्छा आहार नहीं मिलता, दूध नहीं मिलता। हरिजनों और गरीबों के लिये रहने के मकान नहीं हैं। उनके लिये पीने के पानी की व्यवस्था नहीं है। जिस देश के अन्दर पीने का पानी न मिलता हो, भोजन के लिये अन्न न मिलता हो उस देश के अन्दर समाज कल्याण कैसे होगा?

बात और करना चाहूंगा। आज जो आप यह देख रहे हैं कि हर जगह दर्शन होते हैं, हर जगह रेलवे की तोड़फोड़ की जाती है। दफ्तरों में आग लगाई जाती है। इसका कारण क्या है? इसका एक ही कारण है कि आज बेरोजगारी है, शिक्षित नवयुवकों को काम नहीं मिलता। इसलिये इसको यदि आपने खत्म नहीं किया तो यह दीवार उठ नहीं सकती है।

हर हाथ हाथ को काम मिले,
हर खेत खेत को पानी हो ।
तो भारत गुलशन बन जाये,
भारत में नई जवानी हो ॥

श्री नागेश्वर द्विवेदी, (मछली-शहर): माननीय उपाध्यक्ष महोदय, मैं शिक्षा तथा समाज कल्याण के अनुदानों की मांगों का समर्थन करता हूँ। स्वतन्त्रता के 25 वर्षों के बाद जब मैं शिक्षा के मामले पर विचार करता हूँ तो देखता हूँ कि शिक्षालयों का बहुत अच्छा विस्तार हुआ है। चाहे प्रारम्भिक शिक्षा हो चाहे कालेज की शिक्षा हो और चाहे विश्वविद्यालय की शिक्षा हो, इनका बहुत अच्छा विस्तार हुआ है। लेकिन शिक्षा का स्तर गिरा है। जिस तरह की शिक्षा की व्यवस्था होनी चाहिये उसमें हमारा कोई स्पष्ट लक्ष्य नहीं हो सका है। हम शिक्षा किसलिये देना चाहते हैं, हम कैसा नागरिक बनाना चाहते हैं इसमें कुछ अपने को स्पष्ट नहीं कर सके हैं। इसका परिणाम हुआ है कि एक तरफ तो स्कूलों और कालेजों से जो लड़के निकलते हैं वे नौकरी की तलाश में घूमते हैं और नौकरी न मिलने पर तरह तरह के अनैतिक कार्यों में लगते हैं, दूसरी तरफ वही विद्यार्थी जब विश्वविद्यालयों में पहुँचते हैं तो अनुशासनहीनता दिखाते हैं। आज शायद ही कोई ऐसा विश्वविद्यालय हो जहाँ पर तीन चार महीने तक वह विश्वविद्यालय उपद्रवों के कारण बन्द न रहा हो।

14 '00 hrs.

सारा पैसा जो इस पर खर्च हो रहा है—लगता है कि ब्रेकार जा रहा है। उस के साथ यह भी लगता है कि विश्वविद्यालयों में जो छात्र पढ़ रहे हैं शायद उन के सामने उन का अन्धकारमय भविष्य ही है जो उन

को उपद्रव करने के लिये प्रेरित करता है और इसी लिये उस को एक अच्छा बनाया हुआ है। आज आवश्यकता इस बात की है कि शिक्षा प्रणाली में परिवर्तन किया जाय और उस में सुधार लाया जाय, अन्यथा हम उस लक्ष्य को प्राप्त नहीं कर सकेंगे जो शिक्षा के क्षेत्र में हमें प्राप्त करना चाहिये।

पहले धार्मिक शिक्षा की भी व्यवस्था होती थी। आज जो स्कूल तथा कालिज प्राइवेट ढंग से चल रहे हैं, उन में धार्मिक शिक्षा दी जाती है। हमारा देश त्रिधर्म का देश है, यदि इन धर्मों की जो मुख्य, मुख्य बातें हैं उन्हें हर छात्र को पढ़ाया जाय तो मैं समझता हूँ कि जो टकराहट धार्मिक क्षेत्र में, सामाजिक क्षेत्र में और दूसरी जगहों पर होती है, वह बहुत कुछ कम हो जायगी। अपरिपक्वता तथा धार्मिक बातों की ठीक जानकारी न होने की वजह से टकराहट पैदा होती है—इस के लिये सरकार को हर स्तर पर प्रबन्ध करना चाहिये। मैं चाहता हूँ कि हर धर्म की या मुख्य बातों को शिक्षा में स्थान दिया जाय, चरित्र निर्माण और नैतिकता की शिक्षा का भी प्रबन्ध किया जाय।

आज शिक्षा की जो संस्थाएँ चल रही है—उन में कुछ निजी क्षेत्र में हैं और कुछ सरकारी क्षेत्र में चल रही हैं। सरकारी क्षेत्र में कुछ जिला परिषदें चलाती हैं, कुछ को प्रदेशीय सरकार चलती है और कुछ को केन्द्रीय सरकार चलाती है। इस मामले में स्पष्टीकरण होना चाहिये—यह शिक्षा किस के हाथ में होनी चाहिये और किस ढंग से चलाई जानी चाहिये।

हमारे यहां विश्वविद्यालयों में जो इतिहास पढ़ाया जा रहा है करीब करीब वह अंग्रेजों के जमाने का है। उन के इतिहास

का कुछ अपना दृष्टिकोण था जो उन के लिये हमारे देश में शासन चलाने की दृष्टि से उपयुक्त था। हमारे देश में नया इतिहास बहुत से लोगों ने लिखा है, मैं चाहता हूँ कि उस का एकत्रीकरण कर के उस को नया रूप दिया जाय और विश्वविद्यालयों में वह नया इतिहास पढ़ाया जाय। हमारे देश का प्राचीन इतिहास आज बहुत से टोलों के नीचे बिखरा पड़ा है, संस्कृत साहित्य में भरा पड़ा है, उस की खोज होनी चाहिये। उस को निकाल कर हमारे देश का नया इतिहास बनाया जाय तो वास्तव में सच्चा इतिहास होगा तथा उस का अनुसन्धान होना चाहिये और उस को नये सिरे से लिखा जाना चाहिये।

संस्कृत शिक्षा को आज हमारे देश में उपेक्षा हो रही है। हमारे देश में संस्कृत राजभाषा रही है, परन्तु कुछ लोग उस को मृत भाषा समझते हैं। लेकिन मैं समझता हूँ कि वह अमर भाषा है। उस के अन्दर शब्दों के बनाने का कारखाना है, शब्द से शब्द बनाये जाते हैं, धातु से शब्द बनाये जाते हैं, किसी भी शब्द को बनाया जा सकता है। लेकिन उस की पूरी उपेक्षा हो रही है, उस पर उतना ध्यान ना दिया जाता, जितना देना चाहिये। अगर हम संस्कृत की शिक्षा की ठीक से व्यवस्था नहीं करते हैं, तो अपने देश की संस्कृत से वंचित रह जायेंगे हम अपनी साहित्यिक धरोहर से वंचित रह जायेंगे।

हमारे यहां पहले आश्रम पद्धति से पढ़ाई होती थी। बच्चों को शुरू से ही विद्यालयों में भेज दिया जाता था और 24 घंटे का पूरा समय वे आश्रम में ही व्यतीत करते थे। वहां उन की जीवन से सम्बन्धित हर विषय की शिक्षा दी जाती थी—मैं चाहता हूँ कि

उसी तरह की पद्धति फिर से चलाई जाय। आज दो-चार घंटे के लिये बच्चा स्कूल जाता है, बाकी के समय में गांव के वातावरण में रहता है। समाज के बुरे लोगों के सम्पर्क में रह कर जितना पढ़ता नहीं है, उस से अधिक उस में दोष आ जाते हैं। इस लिये इस पद्धति को बदलने भी विचार किया जाय।

हमारे देश में एक अमर-कोष की प्रणाली होती थी। भिन्न भिन्न क्षेत्रों में ऐसे शब्द जो एक ही अर्थ के वाचक होते थे, उन को कन्नित किया जाता था। हमारे यहां विभिन्न भाषाओं में अनेकों ऐसे शब्द भरे पड़े हैं, जिन को लेकर विभिन्न लिपियों में एक जगह संग्रहीत किया जाय तो आज जो भाषाओं में टकराहट होती है, विवाद होता है, वह बहुत कुछ हल किया जा सकता है। इस लिये हमें इन सम्बन्ध में एका नया अमर कोष बनाना चाहिये।

जहां तक बुनियादी शिक्षा का सम्बन्ध है—महात्मा गांधी जी ने बुनियादी शिक्षा को प्रारम्भ किया था, उस का प्रचार भी हुआ, सरकार ने भी उस पर जोर दिया, लेकिन वह जिस ढंग से चलाई जा रही है, एक उपहास की वस्तु बन गई है। वास्तव में जिस चीज पर मूलतः जोर दिया गया था, वह तो गौण हो गई है और जो चीज गौण थी वह मुख्य बन गई है। यदि उस पद्धति को लागू करना है तो उस ढंग से लागू किया जाय जिस तरह से वर्धा शिक्षा योजना के अन्दर स्वीकार किया गया था।

शिक्षा के क्षेत्र में भेद-भाव की पद्धति के बारे में बहुत से सदस्यों ने ध्यान आकर्षित किया है। भिन्न भिन्न लोगों के लिये भिन्न भिन्न तरह के विद्यालय इस समाजवादी व्यवस्था में, इस धर्म निपक्ष शासन में बने रहें—यह अच्छा नहीं कहा जा सकता

[श्री नागेश्वर द्विवेदी]

मैं चाहूंगा कि मंत्री महोदय इस पर विचार करें और इस में परिवर्तन लायें।

विश्वविद्यालयों में बढ़ती हुई अनुशासनहीनता बड़ी खेदजनक हो रही है। मंत्री जी ने बनारस विश्वविद्यालय और अलीगढ़ विश्वविद्यालय के सम्बन्ध में जो रुख अपनाया है, मैं उस का हार्दिक समर्थन करता हूँ और चाहता हूँ कि मंत्री जी उस पर दृढ़ रहें और उन के अपने जो विचार हैं, उन को कार्यान्वित करने में किसी तरह की हिचकिचाहट अनुभव न करें।

SHRI PAOKAI HAKIP (Outer Manipur): I rise to support the Demands for Grants of the Ministry of Education. One has much to say on it, but one has very limited time. The problems of students, teachers and the problem of the primary and secondary schools have always been there with us. But now within the limited time at my disposal I would like to state a few points.

According to the Directives of the Constitution, free and compulsory universal education was to be provided by 1960 but now although 13 years have passed, this requirement has not been fulfilled so far. I am very sorry to state this. The hon. Minister Prof. Nurul Hasan said last year that this will be fulfilled. He said that free and compulsory universal education for the age group of 6 to 11 will be provided by 1975-76 and that of age group 11-14 will be provided by 1980-81. But I doubt whether, at the pace at which we are proceeding in the matter, we will be able to achieve that target at all.

There is one other aspect to which I would like to draw the attention of the hon. Minister. We talk so much about the mid-day meals scheme obtaining in the schools. What about the poor people living in the countryside? The children of those parents living in the remote areas and the

countryside are not aware of these facilities and these provisions. This should be looked into. I would like to know as to what the Government is doing in the matter. In regard to the fulfilment of educational requirements, the Government has been failing. I am sorry to state this. What is the reason? As many hon. Members have pointed out, this should have been dealt with as a national subject and this should have been decided at the national level. But this subject is divided into two parts, one looked after by the Centre and another by the States. Cannot the Centre come into the picture fully? At the same time, the State themselves cannot adequately tackle this problem. What has happened during the last 25 years is this. The allocations made for Education were very very meagre and this is one of the causes why there has been no improvement in the educational field. Here. I would like to mention one thing. This subject should be taken away from the Concurrent List and this subject should be handled by the Union for a certain time, and when the Central Government thinks that it is time, then it can be re-included in the Concurrent List. If this is done that way....

MR. DEPUTY-SPEAKER: This is not in the Concurrent List.

SHRI PAOKAI HAKIP: Certainly. Something is in the Concurrent List.

This country is one of the largest democracies in the world. Unless education is improved, how do you expect the Government to function smoothly? We have taken various socialistic measures. Our people are illiterate mostly. They are not provided good leadership. Unless we improve the standards of literacy of the people, we will not have good leadership at various levels. I would like to say here that I am happy that the report for 1972-73 has contained so many changes, and at the same

time, there are many things on which the report is silent.

In this regard, I am happy to note that the Government will be bringing forward soon a Bill to establish a Central University with Headquarters at Shillong. This will help in the improvement of standards of education.

I would also like to make one request to the hon. Minister. Speaking from my point of view, being a Member from the State of Manipur, I would like to say that the establishment of a University there has been a long-felt need. Now, Manipur has become a State. It needs so many things for its development, like roads, railways etc. The establishment of a University is also very essential. I hope the hon. Minister will keep this in mind. I now sit down.

SHRI A. K. M. ISHAQUE (Basirhat): Sir, I rise to support the Demands for Grants of the Ministry of Education.

I avail this opportunity to put some questions to our hon. Minister. What is our educational policy? Have we framed any educational policy till now? If we have got an educational policy, what are its aims and objectives? Is it merely to produce some job-seekers or to prepare the students to enter the life of reality with confidence? If the purpose is to prepare the students to enter life with confidence, then, how far we have succeeded in that approach?

Sir, as things stand today, we find that lakhs of boys are passing the matriculation examination, school-final examination etc. They are given some lessons—some book lessons. Some of them who are rich can enter the colleges. Those who cannot afford to enter into colleges, find themselves totally helpless before the society. A vast multitude of people, joining the unemployed community every year, is creating a volcanic situation in the country. Our educational system has helped that situation to grow. The pupils are not taught

so that they could be useful citizens of India. In the early fifties we heard about what is called basic training centres. We now find that nothing has been done in this regard. I do not know what has happened to our education. Why has this basic training scheme been shelved all over our country? I want to know from the hon. Minister as to what is the aim of our education policy? Is it to develop the mental faculty of the students so as to allow themselves to think for themselves or is it for merely producing the imitating people who are believers in lottery?

Sir, we have got to-day a peculiar system of examination in our country. That system of examination is not capable in determining the merit or calibre of a student. Chance element is preponderating in that system. A student of an ordinary calibre fares better or passes in the examination if he prepares the questions per chance on the previous night which are set in the examination. A very intelligent student, on the other hand, who did not, per chance, prepare himself on the question set for examination on the previous night fares badly. That means, they are dependent on mainly on the chances. That is no criterion for determining the merit or calibre of a student. This system of education was introduced by our imperialist rulers; they just wanted to produce some job-seekers to serve them. They do not want that they should go in for original thinking. Are we satisfied if we produce only job-seekers?

I want to know from the hon. Minister as to what we have done to do away with the imperialistic system of education? Has this Government been able to produce disciplined citizens in this country? As you see to-day, in this country, discipline is perhaps the last word in every academic institution. Why During the last twenty-five years, why we could not introduce discipline among the students in the schools and colleges? Discipline is necessary. If we could do that, that

[Shri Paokai Haokip]

would have been the best strength of our country. I would request the Ministry to make a heart-searching in regard to this and to find out as to how we could produce disciplined boys in the schools and colleges.

MR. DEPUTY-SPEAKER: Not only the Minister, but all of us have got to do that.

SHRI A. K. M. ISHAQUE: Sir, we are seeing that the Government has been pursuing a policy of gradual encroachment in the day-to-day administration of academic institutions. I would request the Government to give up this gradual encroachment in the day-to-day affairs of the administration. Does this country belong to 800 and odd Members of Parliament or members of the administration of this country or the country belongs to 55 crores of people. You must trust the teaching community. Why should you not allow them to function in their own way? If you allow them to function in their own way, in my view, that would contribute to the growth of this country very much. I plead with the Government that they should allow them to function independently. That is the only policy that we can follow. My last question to the hon. Minister is: How far has our policy been successful in the matter of availability of the thinkers in the country?

Sir, you know that Vidyasagar came from a very low family; Nazurul Islam came from a very poor family. Is our policy framed this way, as to find out the genius of India and utilise it for Indian purposes, to make India stronger? As you know, thousands and thousands of brilliant boys, only because they were born in poor families, could not come up, and they could not contribute to the growth or development of India. I would like to know from the hon. Minister what the Government's policy is to help this genius to be utilised for Indian purposes.

Lastly, I would like to ask the hon. Minister whether he knows that Raja Ram Mohan Roy was a great reformist. He will perhaps agree with me when I say that Raja Ram Mohan Roy is the father of Indian renaissance. Has anything been done to Commemorate his memory in this country? The hon. Minister knows the feeling of Bengalis. The Government of West Bengal wants to commemorate his memory by having a memorial for Raja Ram Mohan Roy. Ram Mohan Roy's house is there, and it can be turned into a national memorial to Raja Ram Mohan Roy, and the State Government has been requesting the Centre, persistently requesting the Central Government, to acquire that building to commemorate the memory of Raja Ram Mohan Roy. Even the hon. Minister, when he was in Calcutta, spoke about turning this into a national memorial. I want to know from the hon. Minister how it is that we are not having anything in this country to commemorate the memory of a great reformist and the father of Indian renaissance.

With these words, I support the Demands for Grants.

श्री चन्द्रिका प्रसाद (बलिया) : उपाध्यक्ष महोदय, मैं शिक्षा तथा समाज कल्याण मंत्रालय की अनुदानों का समर्थन करता हूँ। लेकिन दुख के साथ कहना पड़ता है कि इतने बड़े देश के लिये यह जो बजट है वह कम है। आज कल देश में दो प्रकार की शिक्षा हो रही है—एक शिक्षा हो रही अफसर बनाने की और दूसरी क्लर्क बनाने की। अफसर बनाने के लिये पब्लिक स्कूल हैं और क्लर्क बनाने के लिये म्युनिसिपैलिटी और डिस्ट्रिक्ट बोर्ड के स्कूल हैं। मतलब यह कि अफसर वर्ग और शासित के लिये यह पढ़ाई हो रही है। कहते हैं कि देश में 25 वर्ष के बाद शिक्षा बढ़ी है। लेकिन हमारा कहना है कि शिक्षा जैसी बढ़नी चाहिये वो वैसी नहीं बढ़ी है। आज कल कारखानों

में, जहां देश के निर्माण का सामान पैदा होता है, शिक्षा की वर्तमान व्यवस्था के कारण, हड़तालें चल रही हैं। सरस्वती के मन्दिरों में जहां देश के नागरिकों का निर्माण होता है वहां आगजनी हो रही है, जातीयता का आधार बना हुआ है, दल बन्दी हो रही है, तथा और परेशानियां हैं, लड़कों में असंतोष है। उन में न गुरु और न मां बाप के प्रति आदर की भावना है। अगर शिक्षा का यही आधार रहेगा तो देश आगे नहीं बढ़ेगा।

जैसा शास्त्रों में भी कहा गया है कि पहले हमारा शिक्षा का आधार था उत्तम खेती, मध्यम वान, निकृष्ट चाकरी भीख निदान। हम लोग नौकरी नहीं करना चाहते थे, यह शिक्षा के बराबर है, लेकिन आज उसी के लिये होड़ लगी हुई है। कारण यह है कि शिक्षा के अन्दर जो पढ़ाई होती है उस की वजह से लड़कों का स्वास्थ्य नहीं रह जाता है कि वह श्रम कर सकें। श्रम के प्रति उन में अरुचि हो जाती है, शारीरिक मेहनत की ओर ध्यान नहीं दिया जाता है जिस से बाप, मां की सहायता कर सकें, गाय बैल को पाल सकें। इसलिये मेरा सुझाव है कि शिक्षा मंत्री इस बात की व्यवस्था करें कि कम से कम दो प्रतिशत कालेज और युनिवर्सिटी के जो लड़के हैं, उन के लिये समाज सेवा आवश्यक हो। इस से उन में श्रम की भावना पैदा होगी, वे श्रम करेंगे और श्रम की पूजा होगी जिससे देश का निर्माण होगा और हम प्रत्येक क्षेत्र में आगे बढ़ेंगे, उन का चरित्र भी बनेगा। जब तक श्रम की तरफ नहीं जायेंगे और आदमी को ईमानदार नहीं बनायेंगे तब तक देश के अन्दर जो आज परेशानी पैदा हो रही है वह दूर नहीं होगी।

इस के साथ पब्लिक स्कूल में और जो और स्कूल हैं जहां हड़तालें हो रही हैं, ऐसे पब्लिक स्कूलों को आप बन्द कर सकें तो बड़ा अच्छा

होगा। अगर न बन्द कर सकें तो फिलहाल जो पिछड़े हुए क्षेत्र हैं जहां पर पढ़ाई की कोई व्यवस्था नहीं रह गयी है, जैसा लोगों ने कहा कि स्कूलों की हालत क्या है, उन स्कूलों का सारा पैसा उपेक्षित और पिछड़े क्षेत्रों में भेजा जाय और इन स्कूलों को पब्लिक स्कूल के स्टैण्डर्ड पर लाया जाय, और उन पर पैसा खर्च किया जाये। जब तक आप ऐसा नहीं करेंगे तो इन लोगों में हिंसा की भावना रहेगी, और जो समाजवाद की रचना हम करना चाहते हैं उस में हम बराबरी का दर्जा नहीं दे सकेंगे। इसलिये यह पैसा उपेक्षित क्षेत्रों में आप खर्च करें।

प्रत्येक गांव में प्राइमरी स्कूल हो, और दो, तीन गांवों को मिला कर एक जूनियर हाई स्कूल हो, प्रत्येक गांव में लड़कियों का स्कूल हो और ब्लाक स्तर पर इंटरमीडियेट और हाई स्कूल हो तथा जिला स्तर पर कम से कम एक डिग्री और पोस्ट ग्रेजुएट कालेज होना चाहिये तथा 100 मील के एरिया में एक युनिवर्सिटी होनी चाहिये। हमारा बलिया जिला, जो आजादी के लिये कुर्बानी देने में सबसे आगे रहा है, आज तक एक भी यूनिवर्सिटी नहीं है। पटना में जो कि 100 मील की दूरी पर है एक विश्वविद्यालय है, इसी तरह गोरखपुर में विश्वविद्यालय है, बनारस में भी जो कि 100 मील के फासले पर है एक विश्वविद्यालय है, लेकिन बलिया, आजमगढ़ और गाजीपुर के लिये कोई यूनिवर्सिटी नहीं है। तो मैं शिक्षा मंत्री जी से कहूंगा कि बलिया में एक केन्द्रीय विश्वविद्यालय बनायें।

आप से दो स्कीमें लागू की हैं जो लेबर ओरियन्टेड हैं। आप ने हमारे सूबे को छोड़ दिया है। एक एक्सटेंसिव डिवेलपमेंट प्रोग्राम प्रोजेक्ट की स्कीम है और दूसरी एजुकेशनल डिस्ट्रिक्ट डिवेलपमेंट प्रोजेक्ट है। तो डिस्ट्रिक्ट डिवेलपमेंट प्रोजेक्ट में यू० पी०

[श्री चन्द्रिका प्रसाद]

मैं आप ने सिर्फ सुल्तानपुर को लिया है, हमारा कहना है कि बलिया, आजमगढ़ और गाजीपुर में भी इस योजना को लागू करना चाहिये । ऐक्सटेंसिव डिवेलपमेंट प्रोजेक्ट में आप ने यू० पी० को छोड़ दिया है मेरा निवेदन है कि इस योजना को यू० पी० में भी लागू करना चाहिये ।

इसी तरह से हरिजनों की संख्या हमारे यहां काफी है लेकिन आज तक एक भी हरिजनों का होस्टल नहीं है ? मैं चाहूंगा कि कम से कम एक होस्टल हरिजनों का यहां पर होना चाहिये ।

हमारे पूर्वी जिलों में एक ही लड़कियों का डिग्री कालेज है, लेकिन यू० जी० सी० की तरफ से उस को कोई सहायता नहीं दी गयी । उसके लिये हम बराबर प्रयास करते रहे और इस काम में हमारा दो, तीन हजार रुपये भी खर्च हो गया लेकिन आज तक कुछ सहायता नहीं मिल सकी, यह बड़े दुख की बात है ।

हमारे साथियों ने कहा कि शिक्षा का राष्ट्रीयकरण होना चाहिये । मैं मानता हूं कि शिक्षा का राष्ट्रीयकरण होना चाहिये, लेकिन उस का राजतन्त्रीकरण नहीं होना चाहिये । आचार्य विनोबा भावे जी ने कहा है कि बच्चों का दिमाग एक क्लीन स्लेट की तरह है उस में किसी जाति भावना को नहीं भरना चाहिये बल्कि उस का मस्तिष्क खुला रहना चाहिये ।

पब्लिक ओरियेन्टेड और पब्लिक पार्टि-सिपेशन से कालेज चल रहे हैं जो सारे खराब नहीं हैं । मैं जानता हूं कि हमारे यहां एक यहां मनोहर ट्रस्ट कालेज है उस में टीचर्स को हर महीने समय पर तनखाह मिलती है, यहां पर अच्छी तरह से काम चल रहा है, कोई स्ट्राइक नहीं होती है । ऐसे अगर विद्यालय हैं तो उन को सरकार की तरफ से सहायता

मिलनी चाहिये । अध्यापकों के लिये कम से कम गारन्टी होनी चाहिये, उनकी सोशल रेपासिबिलिटी सरकार को लेनी चाहिये और उन को कोई कठिनाई नहीं होनी चाहिये ताकि वह ईमानदारी से और मेहनत से काम कर सकें ।

कुछ साथियों ने भाषा के बारे में कहा है । इस सिलसिले में मेरा निवेदन है कि हमारी भी भोजपुरी भाषा है जिस को चार करोड़ लोग बोलते हैं लेकिन उस के बारे में आज तक कुछ नहीं किया गया । जब कि इस भाषा के बोलने वाले डा० राजेन्द्र प्रसाद जी थे, माननीय जगजीवन राम जी हैं, श्री जयप्रकाश नारायण हैं, लेकिन उस भाषा के बारे में कोई रिकर्स नहीं की गयी । यही नहीं ज्योतिष के जनक भृगु जी, जिन्होंने भृगु संहिता लिखी है, भोजपुरी भाषा बोलने वाले थे । इसलिये मेरी मांग है कि उस भाषा के विकास के लिये भी सरकार को कुछ करना चाहिये ।

इस साल हम स्वतंत्रता की रजत जयन्ती मना रहे हैं लेकिन हमारा बलिया जिला जो कि आजादी की लड़ाई में सदा अग्रणी रहा है, और 1857 की आजादी की लड़ाई का प्रथम सेनापति कुवर मंगल पांडे रहा है, उस के नाम पर आज तक कोई स्मारक नहीं बनाया गया । जिला स्तर पर कोई स्मारक नहीं है । मेरी मांग है कि इस ओर सरकार को कोई कदम उठाना चाहिये ।

आज हमारी शिक्षा धर्म की मर्यादा और भारत की प्राचीन सभ्यता पर आधारित होनी चाहिये और जो भारत की मान्यताय हैं, सत्य और अहिंसा की जब तक शिक्षा जो उनके अनुरूप नहीं लायेगी तब तक हमारी शिक्षा का उद्देश्य पूरा नहीं होगा । हमारी शिक्षा लेबर ओरियेन्टेड होनी चाहिये, जोब ओरियेन्टेड होनी चाहिये तभी भेदभाव मिटेगा और बच्चों में फैला दुश्मा असंतोष दूर होगा ।

THE MINISTER OF EDUCATION, SOCIAL WELFARE AND CULTURE (PROF. S. NURUL HASAN): Sir, first of all I should like to express my very deep sense of gratitude to the hon. members for the deep interest they have shown in the development of education, social welfare and culture. The number of hon. members who have participated in the debate is unusually large, so that the time allocated for discussion had to be increased by you with the approval of the House. The level of the debate, as you yourself have seen, has been extremely high and at the level mainly of policies. The suggestions which have been given by the members will be of immense value to us in the finalisation of the fifth plan. I am particularly grateful for the kind references that have been made to me and my colleagues in the ministry. All this has touched me deeply and I feel immensely grateful. I can assure the hon. members that we in the Ministry of Education and Social Welfare and in the Department of Culture will do everything that lies in our power to deserve the confidence which the House has reposed in us.

The points that have been made broadly cover three categories. The first is the category relating to broad policy questions. The second refers to some major events or issues which have to be dealt with by me in the House. The third covers a number of issues which are important or points on which some clarification and information is sought, but which nevertheless are limited in their scope. I would have liked to refer to all the three categories, but in view of the fact that the time at my disposal is limited, I will beg of the House to pardon me if I deal with the first two categories of general policy and specific points which need to be immediately referred to in this House. So far as the rest are concerned, I shall be writing to individual members giving them the information or comments of Government and I would crave your in-

dulgence to be excused. It is not as if I consider those points to be less important, but I have to look at the clock and the time-table of the House.

I will deal rather briefly with the basic problems of social welfare and culture and then take up education on which much more has been said in this House. First of all I would like to make a reference to the education and development of scheduled castes and scheduled tribes. Even though the subject of the development of scheduled castes and scheduled tribes, including post-matric scholarships, is now the responsibility of the Ministry of Home Affairs, my ministry is deeply conscious of its responsibility of looking after the welfare of the weaker sections of our community, particularly educational opportunities for them and in particular of the scheduled castes and scheduled tribes. We shall be making every effort to see that the educational opportunities available to the scheduled castes and scheduled tribes and the other deprived social groups are fully taken into account. In this connection, I would like to make specific reference to admissions to the Indian Institutes of Technology. In spite of the fact that a 20 per cent reservation already exists, due to certain difficulties this quota was not being fulfilled. The Council of the IITs reviewed this question and expressed its great anguish at the fact that the full quota reserved for scheduled castes and scheduled tribes was not being fully utilised. Therefore, we are proposing to make certain changes in the rules, so that when the next admission takes place in July, this quota is fulfilled. This is just one of the examples because some hon. Members have referred to IITs.

My task in this respect has been considerably lightened by the intervention of my colleague, Professor D. P. Yadav. I will, therefore, not like to repeat the points to which he has already made a reference.

[Prof. S. Nurul Hasan]

A great deal of attention was paid to the fact that we have not yet issued a Children's Policy Resolution and appointed the National Children's Board. This is perfectly true. It is a charge to which I plead guilty. My only justification is that if this resolution is to be acted upon, it would require consultation and being fed into the Plan. Therefore, until suitable provisions are made in the Plan it would perhaps be rather unrealistic for the government to issue this resolution. But, at the same time, none of the major programmes for the welfare of the children have been held back. They are still going on and they are being increased in a massive way.

I would particularly refer to the nutrition programme for children and to the pre-school education of children between the ages of three and six. One of my friends referred to the fact that the children of the rich can go to kindergarten. But the programme of educating children from three to six and providing them with pre-school education is to be confined to the weaker sections of our population, particularly in the villages. We hope that the primary school will be the nucleus where this will be done. The nutrition programme has already been referred to by my colleague. An integrated programme is being worked out and, to some extent, the implementation of this has already started.

In regard to the question of culture, I can assure the hon. House that we are deeply conscious of our responsibility of preserving our ancient monuments and the ancient heritage of this country. I can assure the House that this work will not suffer for want of funds. In the Fifth Plan we propose to include a scheme under which both the Centre and the States will undertake thoroughly massive programmes for the conservation of monuments in their respective jurisdiction. It is also proposed to develop monuments with landscape gardening of appropriate type. Naturally, emphasis will also be

laid on chemical preservation of the monuments and of the paintings and murals in these monuments.

We are also launching now a scheme which the Survey had wanted for a long time but which, for some reason or other, could not be implemented, and that is the village to village archaeological survey. We are now attempting a new project, and that is involving the students in this work. We feel that MA students in history and archaeology can be given suitable training and can be involved in this work. If we are able to mobilise this student power, it should not be impossible for us to complete the village to village survey within the Fifth Plan period.

The hon. House will recall having passed the Antiquities and Art Treasures Bill of 1972, which has become an Act. We are taking urgent measures in order to frame the rules to set up the proper staff for registration of antiquities, and more than that, to train the CBI and the Customs officers, so that they are able to prevent smuggling or unauthorised trade in antiquities. The State Governments have been giving us full co-operation in setting up the implementation machinery.

Naturally, the efforts in the field of archaeology have to be strengthened by major repositories of cultural heritage such as museums, libraries and archival holdings and centres. We want to strengthen the Central museums. We also want to give assistance to well established libraries, particularly of manuscripts. In this connection, I would, specially, like to make a reference to the offer which the Central Government have made to the Government of Tamil Nadu in order to assist the Government of Tamil Nadu in looking after that most magnificent collection of manuscripts at Tanjore. I hope, it would be possible for the Government of Tamil Nadu to take advantage of the offer of the Central Government.

We are equally conscious of the fact that museums, howsoever important they may be in the national sector and in the State Capitals, nevertheless have a role, as have the libraries, the role, to play in developing the consciousness of the masses of our people. We are, therefore, making plans to take the museums of culture as well as of science and libraries as far as the Block headquarters during this Plan. Now, I cannot make a definite commitment to the hon. House because the plan has not yet been finalised. But this is the proposal on which we are working and depending on the resources that are available to us, we will attempt to do our best.

I would like to make a very brief reference to the akademies. I would not like the charges made against the akademies to go uncontradicted. Akademies have done, within the limited resources available to them, extremely valuable work. But I do share the feeling expressed in this House that they must improve their working in order to cope with their responsibilities which are now being felt more and more by the nation. It is also necessary that State akademies should be established where they do not exist and be strengthened where they do exist. We are hoping that in the Fifth Plan the situation will be rectified and that the chief recommendations of the Khosla Committee to strengthen the State akademies would be accepted and funds would be made available.

Sir, the development of Indian culture is a matter of the highest importance for us. Our culture has its own distinctive features. It has grown out of many streams which have given it its unity in diversity, which has given to the world that pattern of cultural synthesis which is almost unique, which has a tradition of tolerance and large-heartedness, which is so characteristic of the Indian people, which at times gives the impression of syncretism and eclecticism, but

which, nevertheless, has a higher dialectical logic to weld it into a basic unity while retaining its diversity which we all wish to preserve because it lends so much colour to it. This has to be preserved, this has to be developed. We cannot afford an attitude towards culture which is only past-oriented. We must see that our culture rooted in the past blossoms out to solve the needs of the masses of our people for the future. We cannot afford the luxury of having two cultures—one a science culture and the other a culture of non-science. The two have to be welded in accordance with the particular genius of the Indian people with the new technique which has been evolved by the Indian people to absorb new ideas and to keep the windows open as Gandhiji said, but not to be swept away by the winds which come through these windows. Therefore, a cultural policy has to be evolved. It cannot be dictated to by a group of us. It has to be evolved by a general consensus and I hope that the contributions made in this hon. House will lead to the emergence of such a cultural policy.

A reference was made to the international cultural agreements. It is true that we have 26 formal cultural agreements but the executive cultural exchange programmes are not confined only to these 26 countries. During the last year we have made special efforts to arrive at executive programmes with countries in Asia. We have evolved such programmes with Bangla Desh, Mongolia, Afghanistan and the Arab Republic of Egypt. We hope we will be able to extend this programme.

I now come to a point which has been repeatedly raised, that is to say, the reduction in the Budget. What the hon. Members have said has really raised my morale. I was a little upset that what we wanted and what we considered to be the minimum was not being given to us. But one has to bear in mind certain constraints which the Planning Ministry and the Finance Ministry have to bear. It is

[Prof. S. Nurul Hasan]

not that they were happy at cutting down the allocations for education or that they are not conscious of the importance of education....

SHRI P. G. MAVALANKAR (Ahmedabad): But, why do you think of education all the time wherever there is a cut?

PROF. S. NURUL HASAN: Many sectors have been cut but this point has been....

SHRI SAMAR GUHA (Contai): This is not the first time. For the last 25 years, education has been the victim whenever there is a cut.

PROF. S. NURUL HASAN: But the hon. Member will bear with me. I have started with a 'but' and I think the 'but' might answer some of the questions. While the formal allocation has been cut, there have been assurances given to us that by way of advance action for the Fifth Plan, additional allocations would be made available. Then we hope to get a fairly large grant for the payment of primary teachers from the provision of Rs. 100 crores made in this year's Budget for creating five lakhs of jobs for the educated unemployed. Moreover, if we are short of funds and if we find that any on-going programme is likely to suffer, then I will come before the House for a supplementary grant and I am sure the House will give my request as sympathetic consideration as it has given at the moment and sympathise with me in the cut....

SHRI SAMAR GUHA: We will happily do that.

PROF. S. NURUL HASAN: I believe that this financial stringency will be temporary and be limited to the current year only.

I think it would not be out of place for me to mention here that comparatively larger funds have been allocated for education in the proposed Fifth

Five-Year Plan. In the First Plan, Education received Rs. 153 crores or 7 per cent of the total outlay. In the Second Plan it received Rs. 273 crores or 5.8 per cent of the total outlay. In the Third Plan this allocation rose to Rs. 584 crores or 6.9 per cent. In the Fourth Plan the allocation was Rs. 824 crores or only 5.2 per cent of the total. Now, in the Fifth Plan, the total allocation proposed for Education is Rs. 2200 crores or 6.4 per cent. The proposed allocation in the Fifth Plan exceeds the total allocation in the first four Plans put together. This shows that the Government is deeply conscious of the role of education.

श्री कृष्ण चन्द्र पांडे (खलीलाबाद) :
प्वार्ट आफ आर्डर सर । मान्यवर, शिक्षा
नीति में परिवर्तन करने की आवश्यकता
है, गांव गांव में स्कूल खोलने की आवश्यकता

MR. DEPUTY-SPEAKER: There is no point of order. Kindly sit down. Nothing will go on record.

श्री कृष्ण चन्द्र पांडे * *

PROF. S. NURUL HASAN: I would like to refer to one specific point because I think, I should make a public statement in Parliament as early as possible. This is with regard to the selection grades of trained graduate teachers in Delhi. I deeply regret to inform the House that there has been an unfortunate error in the list of trained graduate teachers in Delhi who were promoted to the Selection Grade. It is an unfortunate fact that some of the teachers whose names were there in the list have either resigned or died or had gone abroad, etc. The error has to be regretted and the Delhi Administration have called for the explanation of the persons responsible

for it. Such names have since been deleted from the list and the resultant vacancies have been offered to eligible teachers next on the list.

Sir, several hon. Members have referred to the position of teachers including the need to improve their social and economic status and to give them security of tenure whether they are working in private institutions or elsewhere. Being a teacher myself, I would naturally accept all these points. But more than that, the House has accepted the National Policy on Education, which has emphasised the crucial role of the teacher. It is the Sovereign Parliament as such, which has accepted this policy.

Sir, my acceptance of this policy is not as important as the entire House—which has only a few teachers amongst its Members—accepting this policy. I hope that as a result of the recommendations of the Pay Commission, to which a reference was made a little while ago, in the House, there would be a further improvement in the conditions of service of the teachers in the Union Territories and in the Central Schools. I also hope that the broad principles which are laid down by us, would be acceptable to the State Government also. In fact, the Chairman of the Finance Commission, has already announced that these needs of the State Governments will be given due consideration by the Commission while finalising its proposals.

So far as University and College teachers are concerned, as I already stated before in the House, the Committee appointed by the UGC on the governance of Universities and Colleges which had to finalise its report on the service conditions of University and College teachers, has now been able to complete its work. I expect to receive this report with the comments of the UGC fairly soon.

The question of the remuneration of the teachers is a very complex problem. The first effort is to give the

community of teachers its appropriate status. The second is to move in the direction of a general austerity in the remuneration of all public servants, in order that economy may have an adequate chance to grow. I hope it will be possible to find a proper equilibrium between these two very important aspects of policy.

Sir, my hon. friend, Shri Dhanda-pani, referred to the significant achievements of the Government of Tamil Nadu, in the field of education. I have no hesitation in stating that I agree with him and I consider the educational policies of the Government of Tamil Nadu to be forward-looking policies, and I have received every cooperation from the Minister of Education of the Government of Tamil Nadu. But, Sir, the point that he raised about Tamil Nadu not getting enough teachers is contradicted by his own assertion, which I think is correct, that it is a very advanced State. If regional imbalances are to be removed, then, we have not to provide an equal distribution of resources but an equitable distribution of resources. Those who have been lagging behind, who have not been able to attain the level of development and whose resources are not adequate, must be given comparatively higher priority, compared to those who have already made adequate progress.

Sir, reference was made to the right of the linguistic minorities and of the development of Urdu. The Constitution is very clear. Every child has the right to receive his primary education through his mother tongue. This is a constitutional guarantee and the Government of India stands fully by this Constitutional provision and has been impressing upon the State Governments the urgent need to implement this Constitutional provision.

श्री बिभूति मिश्र : (मोतीहारी) :
उनके पास पैसा नहीं है, वह इम्प्लीमेंट क्या
करेंगे ?

प्रो० एस० नुरुल हसन : ऐसी बात नहीं है, पैसा है ।

श्री कृष्ण चन्द्र पांडे : यू० पी० में पैसा नहीं ई, इस नाते सारा काम रुका हुआ है ।

Prof. S. Nurul Hasan: यू० पी० में दे दिया है, अभी बतला रहा हूं । अरे भैया, हमदुं तो यू० पी० के हैं, अबहुं बतौवे ।

15.00 hrs.

It is also our policy that facilities for teaching of Urdu would be provided at the secondary level in schools wherever there is a reasonable number of Urdu-speaking students studying in the schools. Now, you will observe that there is a shift of emphasis. Formerly, in all good faith, the Central Government and the Chief Ministers had decided that wherever there is a demand, this would be done. Now we saw that in actual practice using the word 'demand', a lot of hanky-panky was done by many local officials and local institutions. Therefore, we have now taken a view that we can ascertain wherever there is a reasonable number of Urdu-speaking students.

It is on this basis that the Central Government ordered that the teaching of Urdu should be provided in 27 Central schools and the number of students who ultimately took up during the current academic session study of Urdu was 1,876, which has shown that the policy pursued by the Central Government has been justified by actual facts of the case.

The Tarraqi-a-Urdu Board has been concentrating on the production of academic literature, scientific books, children's literature and reference encyclopaedia. In the field of university education, the Board have selected 542 titles for original writing or translation. It has also been engaged in preparing English-Urdu and Urdu-Urdu dictionaries and encyclopaedias. In the field of secondary education, the

Board have undertaken translation of 49 books published by NCERT, for middle and secondary classes. 20 of these have already been translated and approximately 12 of them are expected to be published by May, 1973.

SHRI S. M. BANERJEE (Kanpur): Has any direction been issued to State Governments? Our complaint is that the State Governments do not accept them. We have passed resolutions. People have died on hunger strike. There is the case of Jai Bahadur Singh one of our friends who died before the UP Council. What are the instructions to the States? Urdu is an Indian language. It is not imported from a foreign country.

PROF. S. NURUL HASAN: I was first mentioning the Central Government and then State Governments.

SHRI S. M. BANERJEE: As for the Central Government, it is all right.

PROF. S. NURUL HASAN: If he is satisfied, I will not refer to the Central Government, including the problem of training teachers which we have attended to, including the assistance to non-official organisations dealing with Urdu.

So far as the UP Government are concerned, the following steps have been taken by the State Government. I have official information from the State Government of UP. At least one Urdu teacher is to be appointed before the beginning of the next academic session in every primary school in the municipal area. It is expected that about 3,000 Urdu teachers will be appointed shortly. Such Urdu Maktabas as have been reorganised by the Education Directorate, UP, but were not included so far in the list of institutions sanctioned grant-in-aid to be immediately put on the grant-in-aid list. Facts and figures are to be collected immediately regarding such Urdu Maktabas etc. as have not been reorganised so far.

Then the Government of UP have established an Urdu Academy. The main functions of the Academy are preservation and development of the Urdu language and its literature, publishing original works of literary and academic merit in Urdu, arranging translation of Urdu literary and scientific works, preparation and publication of reference works in Urdu, provision of facilities including financial assistance for advanced study to Urdu scholars for specified periods, to give monthly financial assistance to old and needy authors of Urdu. These steps have already been taken by the Government of Uttar Pradesh.

My hon. friend Shri Banera referred to history writing. I am very much worried that there has been a gross distortion of history and a presentation of history in a manner which, if it is not questioned and challenged, would strike at the very root of India's unity. I am particularly worried as a professional student of history, because it is based on a distortion of facts and not on a scientific attitude towards history. It was, therefore, essential that history writing on scientific and objective lines should be encouraged so that our people can really understand our heritage and the historical processes which have led to the vigour and vitality of India's culture and development. It was for this reason that the Indian Council of Historical Research has been set up. No person has been appointed anywhere because of the political party to which he belongs; the only criterion has been whether he has the competence as a scholar and an approach of objectivity in dealing with history. It was with this purpose that the NCERT has brought out already three school text-books in history. I have had the privilege, before I came to occupy this office, of serving on the advisory board of the history school text-book project, and I hope that all the six volumes, three dealing with middle schools and three dealing with higher secondary, will soon be available to the public. They are already in use

in the Kendriya Vidyalayas and some of the State Governments have accepted them.

SHRIMATI BIBHA GHOSH GO-SWAMI (Nabadwip): What is the language?

PROF. S. NURUL HASAN: They have been published in English and Hindi, and the State Governments have been invited to translate them in their own regional languages and publish them.

Reference has also been made for taking up education as a concurrent subject and one of my hon. friends thought that it should be put in the Central list. I beg to submit that Government are not in favour of getting the whole discussion and debate on education involved in constitutional wrangles of States versus Centre or Centre versus States. It is a common task and there is a general understanding, both among the State Education Ministers and the Union Education Ministry, that we have to work together for achieving our common objectives, and it is for this reason that in the Central Board of Education which consists of all the State Education Ministers irrespective of party lines, a common strategy could be evolved. I hope that most of the recommendations of the Central Advisory Board would be acceptable to the Planning Commission in the sense that funds could be made available, and if funds are made available, I have no doubt that our policies jointly agreed upon and voluntarily agreed upon between the State Education Ministers and the Union Ministry of Education would be implemented.

Many Members have talked about the transformation of the educational system. Many Members were kind enough to refer to the fact that the Prime Minister, in several of her speeches, and I myself whenever I have had the occasion to do so, have averred that we must bring about a radical transformation of the educa-

[Prof. S. Nurul Hasan]
tional system so that it can serve the needs of our society.

Therefore, Sir, in the plans that we have formulated jointly in the Central Advisory Board if the hon. Members would agree to examine the essential features of it, they would find that definite break with the existing system would be taking place. But, I would like the hon. Members to remember one thing that if you add the number of teachers, the number of students and those who are involved in the process of education, the total would reach something like 10 crores, roughly twenty per cent of the entire population. Taking the plan and non-plan expenditure of the States and the Centre together, we are spending an amount of Rs. 1100 crores a year on education which is next only to defence expenditure. A major transformation of the educational system will, therefore, not only require the efforts of the Government of India but also the efforts of the State Governments, of the voluntary agencies, of the teachers of the students and of their parents. I am not saying that I am not accepting the responsibility. But, I am pleading for a little patience because, this is a gigantic task and so, you have to judge us whether the direction is correct; you should judge us whether we are moving with adequate speed. But, please do not expect that a miracle can be performed overnight. If we have started moving in the right direction with appropriate speed, then, I think, there would be a great deal of cause for satisfaction.

While talking of the Plan, I have already said that the allocation in the present plan is more than the total allocation in the Fourth Plan. It has also a unique feature. Firstly, it gives an overriding priority to primary education which gets an allocation of about Rs. 1100 crores or 50 per cent of the total allocation. This is a right priority in my opinion. Primary education is being put or being sought to be put in the minimum needs programme so that the amount allocated

for it is not cut down. On vocationalisation of the study, a considerable outlay has been proposed and the concerned ministries are making a coordinated effort to diversify the Secondary Education, particularly, at the high school level.

Then, for the first time, it lays down a policy with regard to higher education to regulate and to conform to increasing employment opportunities for the educated and learned persons. And this, I should like to underscore, is not in any way, to curtail the free access to higher education which the persons from the deprived sections of the community, especially, the scheduled castes and scheduled tribes, have at present. In fact, it is proposed to regulate the overall enrolment in higher education and at the same time, to increase the opportunities for the higher education now available to the weaker sections of the community.

In this connection, I would like to deal with the point which my hon. friend, Shri Ishaque has made. I am sorry he is not here at the moment. That was about the goal of education. The goal of education is basically to train the minds and the hands and to bring about a coordination and to develop the faculties of the intellect and of personality and of character in a manner which would help meet any challenge with which the young man is likely to be faced in future.

Having said that, I would submit, people have to live and it is no use closing our eyes to the fact that we can keep on producing graduates, especially with general education and not look at the employment opportunities open to them. This plan puts emphasis on quality improvement at all stages. In particular, special efforts will be made to improve selected institutions at all stages.

SHRI SAMAR MUKHERJEE
(Howrah): We are told it will be related to employment. Now there are lakhs and lakhs of educated people without any jobs. So, if higher

education is related to employment. it means you want to curtail higher education until job opportunities are created. That is implied.

PROF. S. NURUL HASAN: That is not implied. The main point I was emphasising was that higher secondary education will come in for massive vocationalisation, so that many people will be in a position to go in for a vocation and if at a later time they wish to revert to higher education, they can always do so. Sir, I am sorry I cannot go into all those details now. Informal education, the concept of open university, correspondence courses all these will have to be taken up. These are some of the most important features of the new fifth plan and the details have been made available to hon. members.

I would like to refer briefly to the point raised about the existence of public schools. The Government of India's policy has been enunciated in the National Policy Resolution on education. Firstly the common school system has to be strengthened. We cannot straightway strengthen and build up the requisite facilities in all our primary schools. Therefore, the proposal at the moment is to upgrade 10 per cent of the primary and higher secondary schools during the current plan period and also to establish model schools. The plan about model schools has not been finalised, but I would like to remove the misapprehension of Shrimati Goswami and Shri Chandrapan that these schools will cater to the upper classes. At the primary level these will be in the blocks and no fees will be charged. In fact, 25 per cent of the seats will be reserved for the poorest sections who will be paid full maintenance grants. At the district level, the fees charged would be the same as exist at the moment in Kendriya Vidyalayas, which are, as everybody knows, still open to the common people. There will be no intention to cater to the upper classes through these schools.

SHRIMATI BIBHA GHOSH GO-SWAMI: What about hostel charges? It will be residential.

PROF. S. NURUL HASAN: Yes, but the residential expenditure will be kept to the minimum. It will be run on the basis of "No loss; no profit". There is no intention of following the public school system.

Then I would like to correct an impression. Most of the so called public schools are now switching over to the syllabus prescribed by the Central Board of Higher Secondary Education and they are not going in for anything else.

I have to briefly emphasize the question of work experience and vocationalisation, to which I have already made a reference. I would also draw the attention of the hon. House to the rural talent search scheme under which rural children, two per block, will be provided with scholarships.

Then, reference has been made to text-books. The NCERT has already screened about 2,000 text-books and advised the State Governments where it thought that certain changes were needed. Then, the NCERT is also undertaking the responsibility of preparation of text books which will be free from all these defects. We wish to strengthen this programme, particularly in the next Plan period.

About examination reform I have spoken several times in this hon. House. I have gone so far as to say that anyone may have faith in the existing system of education, but I have no desire to hold forth in defence of the existing examination system. I still stand by that view. We are doing our very best to persuade the State Governments. We have sent them the reports and we request them to deal with those reports.

Coming to the Central Universities, I am as concerned as many of my hon. friends about the growth of communal

[Prof. S. Nurul Hasan]

activities in the campus of BHU and elsewhere. I agree with the suggestion made by my hon. friend, Shri Chandrappan, that the whole question has to be examined in depth. The Government will certainly apply its mind in order to find out what is the best way to meet this situation. But I would like to make one point clear. Government feels very unhappy at the consistent campaigns to denigrate the Vice-Chancellor of BHU. Government has been giving, and proposes to continue to give, all support to the Vice-Chancellor and to the legally constituted authorities of the University to take all the necessary steps to ensure the academic functioning and discipline in the University.

Similarly, the Government has given, and will continue to give, full support to the Vice-Chancellor of the Aligarh Muslim University in whatever decisions he takes to maintain discipline on the campus and ensure normal academic life in the University. The Vice-Chancellor's statement about the closure of the University has already appeared in the press. Since the time at my disposal is short, I do not want to take the time of the House by reading that statement. I am, therefore, with your permission, placing a copy of it on the Table of the House [*Placed in Library. See No. LT-4736/73.*]

SHRI S. M. BANERJEE: Is it correct that there are some suggestions by progressive professors and other intellectuals that some amendments should be moved?

PROF. S. NURUL HASAN: If the hon. Member would bear with me for a few minutes, I will deal with it.

The statement which has been given to me by the Vice-Chancellor contains full reasons why he has taken this particular decision. Therefore, instead of reading that statement which should take at least five minutes, I shall place it on the Table of the House. It has been published in the newspapers and hon. members might have seen it.

I have already stated that the Government has given and will continue to give full support to the Vice-Chancellor in whatever decision he takes to maintain discipline and to maintain the academic life in the University.

I now want to deal with the point which has been raised by my hon. friend, Shri Ebrahim Sulaiman Sait, about the character of the University. The Aligarh Muslim University, as the Supreme Court has held, was never a minority institution in terms of article 30, sub-clause (1) of the Constitution. Government, therefore, have no intention of changing the character of the University and accepting the contention that it be declared a minority institution in terms of article 30(1) of the Constitution. Government, as I had stated at the time we introduced the Aligarh Muslim University (Amendment) Bill, has no intention of changing the historical character of the University. The historical character of the University is defined in the Preamble, it is defined in section 4(1) of the Act, it is defined in section 5(2) of the Act, none of which has been changed. As a result of historical developments, the University Court, the Executive Council and the Academic Council consist of a majority of Muslim members. Government have no intention of altering this situation artificially. But, Sir, the House will recall, in regard to the constitution of the various university bodies, while I was dealing with the Bill in this House, I had said:

"The bulk of the provisions are in the Statute and if, at any time, the Executive Council of the University were to feel that in the academic interest or in the interest of the University, any particular statute needs to be amended, they have only to propose the amendment and if the Government also agrees, then the Statute can be amended. Therefore, if you pass this Bill in the present form, it does not mean that no changes, even when considered necessary for the academic

development of the institution, can be brought about. This flexibility is the result of present day academic thinking not only here but in many other parts of the world."

SHRI S. M. BANERJEE: In the larger interest of the minorities, will you accept the amendments given by those Muslims, the minority community people, who do not believe in communal approach?

PROF. S. NURUL HASAN: If the hon. Member would bear with me for a few seconds....

श्री इस्हाक सम्भली (अमरोहा) :
अलीगढ़ यूनिवर्सिटी में डेमोक्रेटाइजेशन ...

प्रो० एस० नुरुल हसन : साहब, सब बात आप ही कह दीजियेगा कि मुनियेगा भी। दो मिनट रह गये हैं मुझे कह लेने दीजिये। उसके बाद फ्लोर आप को हाजिर है आप कहते रहियेगा।

श्री इस्हाक सम्भली : जैसा आपने बताया कि हिस्टारिकल कैरेक्टर रखने के लिये जिन चीजों को आप खूद समझते हैं जरूरी हैं, जैसे नौमीनेशन का मिलसिला खत्म करना, कांस्टीट्यूशन में डेमोक्रेटाइजेशन लाना तथा इसकी सर्वेरी के लिये कि वहां पर मुस्लिम्स की मैजोरिटी रहेगी, क्या कोई इस तरह का अमेंडमेंट ला रहे हैं ?

SHRI EBRAHIM SULAIMAN SAIT (Kozhikode): It is a minority institution.

PROF. S. NURUL HASAN: As I was saying, although I do not still accept the view that the University has been deprived of its autonomy or that its constitution is undemocratic because the Joint Committee of the two Houses had without any substantial dissent accepted the provisions of the Jawaharlal Nehru University Act wherein the provision of the appointment of the Vice-Chancellor and its

procedure, the powers of the Vice-Chancellor, the method of appointment of the Dean, the method of appointment of the Heads of Departments, the 21 nominations to the Court as against 20 in Aligarh, the manner of appointment of the Executive Council and the Academic Council are more or less at par and if at all there is any difference in Aligarh, it is for a greater representation to the younger teachers and to the existing students and in many respects some more democratic powers have been given. Although this is so, I, at the same time, state that in view of the fact that the Staff Association of the University has suggested certain amendments and that the academic community wants certain amendments, we will deal with it with an open mind and we would be prepared to accept any changes that the Academic and Executive Council propose.... (Interruptions) I am confining myself to the academic community. I am not prepared to treat the Aligarh Muslim University please forgive me for a little bit of sentimental reference; I have spent the best years of my life in the service of that University. I do not want it to become a football in a political playfield. I want it to be treated as a University and the interests of the University and the opinions of the University will carry greater weight with me and with my Government than the weight of any group of politicians who may be wishing to exploit the feelings of the University.

SHRI EBRAHIM SULAIMAN SAIT: I would like to have a clarification from the Minister.

The Vice-Chancellor is reported to have said that the academic life at the university had come to a standstill and there was no option but to close the institution for a short time. In the statement released by the Union Education Ministry, Prof Aleem (the Vice-Chancellor) has said I am reading from the *Indian Express* of today:

"Prof Aleem said a series of incidents had occurred which had made

[Shri Ebrahim Sulaiman Sait]
it impossible for various teachers responsible for looking after the academic or corporate life to function normally."

This was what Prof. Aleem has said.

But, on the other hand, the facts are that there is complete normalcy, no tension and nothing of that sort, but the report here in the press....

MR. DEPUTY-SPEAKER: No, please.

SHRI EBRAHIM SULAIMAN SAIT: But the press report is:

"It was a day of dramatic developments on the campus of the Aligarh Muslim University, which was closed for an indefinite period this morning.

Teachers and students who had no inkling of the impending closure till late last night, woke up this morning only to be told that the University had been closed.....

MR. DEPUTY-SPEAKER: Mr. Sait, why do you assume that what others say is a complete lie?.... (Interruptions) Order, please. I will permit two or three questions only.

SHRI EBRAHIM SULAIMAN SAIT: The Aligarh Muslim University is going to be closed indefinitely.....

MR. DEPUTY-SPEAKER: Your question is, I think, noted by the Minister. I will give him a chance to reply to your question.... (Interruptions) One or two only.... (Interruptions) I do not understand this. If everybody gets up I will not permit anybody.

SHRI Y. S. MAHAJAN (Buldana): I would like to know if the Government has accepted my proposal to see that 100 per cent of the children of the school going age get enrolled in the primary schools, by the end of 1974-75.

MR. DEPUTY-SPEAKER: It is a suggestion for action.

श्री विभूति मिश्र : क्या यह सही है कि सेंट्रल गवर्नमेंट चाहती है कि प्रत्येक राज्य में एक एक सेंट्रल यूनिवर्सिटी खोली जाये ? यदि हां, तो यह कब तक हो सकेगा ?

श्री सरजू पांडे (गाजीपुर) : मंत्री महोदय ने कहा है कि अलीगढ़ यूनिवर्सिटी को वह फुटबाल नहीं बनने देंगे मैं जानना चाहता हूं कि बनारस यूनिवर्सिटी को कब तक वह फुटबाल बनायेंगे अगर उनका ओपन माइंड है जैसा उन्होंने कहा है तो मैं जानना चाहता हूं कि बनारस हिन्दू यूनिवर्सिटी के बारे में आप निकट भविष्य में क्या करने वाले हैं, क्या वहां भी कोई तबदीली आप करेंगे या नहीं ?

MR. DEPUTY-SPEAKER: I do not understand this. We have extended the time. We have extended the time of the debate on these Demands twice. Instead of one day, you have taken three days. Now, we have crossed over into the time of the Private Members' Business. Still, not only you, but there are so many others standing. I can allow one or two Members only.

SHRI P. VENKATASUBBAIAH (Nandyal): Sir, the people who have participated need not have put questions once again. May I know from the Minister whether in view of the fact that the South is not well-served by a Central University, the Government propose to start a University at Hyderabad so as to help in removing some of the difficulties which are being faced with regard to the Mulki rules, educational facilities and so on, and if so, what does the Government propose to do in the matter?

SHRI RAJDEO SINGH (Jaunpur): I want to know something about the proposal of the autonomous colleges.

PROF. S. NURUL HASAN: I would say that there is no proposal under consideration of the Central Govern-

ment to establish a Central University at Hyderabad. So far as the southern region is concerned a proposal given by the Government of Pondicherry to establish a Central University has been supported by the University Grants Commission and is now under the consideration of the Government. We have to look at the resources position.

All the suggestions given by hon. Members will certainly be borne in mind as I said initially, in preparing the Fifth Plan.

So far as Banaras Hindu University is concerned, I hope the hon. Member will mark my words carefully, that the suggestions given by my hon. friend Mr. Chandrappan will receive the most earnest consideration because I am equally worried about the situation which had developed and which is developing in the university. Lastly, I would like to deal with the question, raised by Mr. Sulaiman Sait as to what were the series of incidents. I would only request him to make his own enquiries. They are very well-known. The number of incidents which have taken place would not have given credit to any institution. Why is he forcing me to make those statements here?

MR. DEPUTY-SPEAKER: I will now put the Cut Motions that had been moved to the Demands in respect of the Ministry of Education and Social Welfare.

All the cut motions were put and negatived.

MR. DEPUTY-SPEAKER: Now, the question is :

"That the respective sums not exceeding the amounts on Revenue Account and Capital Account shown in the fourth column of the order paper be granted to the President to complete the sums necessary to defray the charges that will come in course of payment during the year ending the 31st day of March,

1974, in respect of the heads of demands entered in the second column thereof against Demands Nos. 25, 26 and 27 relating to the Ministry of Education and Social Welfare."

The motion was adopted.

MR. DEPUTY-SPEAKER: I Will now put the Cut Motions that had been moved to the Demands in respect of the Department of Culture.

All the cut motions were put and negatived.

MR. DEPUTY-SPEAKER: Now, the question is:

"That the respective sums not exceeding the amounts on Revenue Account and Capital Account shown in the fourth column of the order paper be granted to the President to complete the sums necessary to defray the charges that will come in course of payment during the year ending the 31st day of March, 1974, in respect of the heads of demands entered in the second column thereof against Demands Nos. 92 and 93 relating to the Department of Culture."

The motion was adopted.

[*The motions for Demands for Grants, which were adopted by the Lok Sabha, are reproduced below—Ed.]*

DEMAND NO. 25 —DEPARTMENT OF CULTURE

"That a sum not exceeding Rs. 2,21,48,000 on Revenue Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Department of Education'."

DEMAND NO. 26—EDUCATION

"That a sum not exceeding Rs. 97,98,94,000 on Revenue Account

[Mr. Deputy-Speaker]

and not exceeding Rs. 88,49,000 on Capital Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Education'."

DEMAND NO. 27—DEPARTMENT OF SOCIAL WELFARE

"That a sum not exceeding Rs. 22,09,52,000 on Revenue Account and not exceeding Rs. 4,17,000 on Capital Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Department of Social Welfare'."

DEMAND NO. 92—DEPARTMENT OF CULTURE

:"That a sum not exceeding Rs. 5,59,34,000 on Revenue Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Department of Culture'."

DEMAND NO 93—ARCHAEOLOGY

"That a sum not exceeding Rs. 2,18,08,000 on Revenue Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Archaeology'."

MR. DEPUTY-SPEAKER: We now take up Private Members' Business. It is assumed that Private Members' Business starts from now and two hours and thirty minutes time is allowed from now onwards.

Shri Arjun Sethi.

15.40 hrs.

CONSTITUTION (AMENDMENT)
BILL*

(Amendment of Articles 62 and 65)

SHRI ARJUN SETHI (Bhadrak): I beg to move for leave to introduce a Bill further to amend the Constitution of India.

MR. DEPUTY-SPEAKER: The question is:

"That leave be granted to introduce a Bill further to amend the Constitution of India."

The motion was adopted.

SHRI ARJUN SETHI: I introduce the Bill.

MR. DEPUTY-SPEAKER: Shri. Rana Bahadur Singh....Absent.

15.41 hrs.

CONSTITUTION (AMENDMENT)
BILL

(Amendment of Seventh Schedule)
by Shri Arjun Sethi—contd.

MR. DEPUTY-SPEAKER: We now take up further consideration of the following motion moved by Shri Arjun Sethi, namely:—

"That the Bill further to amend the Constitution of India be taken into consideration."

On the last occasion, Shri S. P. Bhattacharyya was on his legs. He may continue his speech.

SHRI S. P. BHATTACHARYYA: (Uluberia): The other day I spoke about the Bill. I oppose the Bill because I do not want that the authority of the State should be taken away and education made a concurrent

subject. I do feel that the Centre must give sufficient money, so that education may develop. But, I also feel that the States must have the right or the authority to develop education. The subject of education should not be taken away from the States. The problem is that most of the resources of our country, are concentrated at Centre and the States have not been able to find adequate money.

My alternative suggestion is that States must be given full right to develop education and the Centre must give all the required money for the development of education. We must know that in our country, there are so many languages and every language must be developed and the State must take the responsibility to develop that language. If you bring everything under the control of the Centre, then, the development of languages in the States will be checked and this will not fulfil the sentiments of the people and also the interests of the people. From this angle, I oppose this suggestion that education should be made a concurrent subject. But, I support that the Centre must take full responsibility so that primary education can be developed in every State on its own responsibility. This is the suggestion that I would like to make.

15.42 hrs.

[SHRI K. N. TIWARY *in the Chair*]

SHRI B. R. SHUKLA: (Bahraich): Mr. Chairman, Sir, I strongly oppose this Bill. The reasons are, though it looks very well that everything should be done by the Centre primary education and secondary education is a very big task. I think the Central Government has not got the requisite personnel to implement the programme of primary and secondary education in every nook and corner of the country.

Moreover, the State Governments would be very reluctant to part with

the function of implementing primary and secondary education in their respective States. Therefore, a very keen tussle between the Central and State Governments is likely to occur on this issue.

Moreover, education in different parts of the country is conditioned by the local circumstances prevalent and the State Governments, rather municipalities and zila parishads etc are the best institutions to understand and appreciate the needs and aspirations of the people living there. The Centre would not be a very competent authority to look into this aspect of the matter. Hence my submission is that the Central Government, which is responsible for implementing so many programmes for the eradication of poverty, squalor and ignorance throughout the country in the broad perspective should not be further saddled with the responsibility of looking after primary and secondary education.

There is another aspect of the matter. Already we know the Central Government employees are clamouring for more pay and allowances. The moment the Central Government take upon themselves the burden of implementing the programme of primary and secondary education all the teachers engaged in primary schools and secondary schools shall *ifso facto* become employees of the Central Government and they would be demanding a pay which would be much more than what is their present pay under State Governments. I think the Central Government are not in a position to take up the work of primary and secondary education on financial grounds also as it would require huge funds.

It is very easy to talk in an attractive way that everything should be done by the Centre, but the Centre's resources competence and efficiency are very limited. We have just now concluded the debate on the December for Grants of the Education Ministry.

[Shri B. R. Shukla]

Members have voiced their concern that all is not well even in the sphere of education conducted by the Central Government. If the Central Government have not been functioning very well in the limited sphere of education, could we expect that they would do better when an additional burden is cast on the Central Government? My submission is that this is not possible. Therefore, I oppose the Bill and say that the State Governments under the present set up are best fitted to carry on implementation of primary and secondary education.

डा० लक्ष्मी नारायण पांडेय (मंदसौर) :

सभापति महोदय, प्रस्तुत विधेयक द्वारा शिक्षा को भी केन्द्रीय विषय बनाने का प्रस्ताव रखा गया है इस आधार पर कि राज्य सरकारों के पास उसके लिये उचित फंड्स नहीं हैं। राज्य सरकारों द्वारा जो शिक्षा की व्यवस्था की जा रही है वह ठीक नहीं है और राज्य सरकारों द्वारा जिस प्रकार से विद्यालय चलाये जा रहे हैं उनकी व्यवस्था भी ठीक नहीं है। इस आधार पर इस विषय को भी केन्द्रीय सरकार के हाथ में लेने का सुझाव रखा गया है। जहां तक केन्द्रीय सरकार के आने हाथ में लेने का सम्बन्ध है कई बातें ऐसी हो सकती हैं जिनके बारे में राज्य सरकारों से असन्तोष हो सकता है, राज्य सरकारों के क्रियाकलापों से असन्तोष हो सकता है। लेकिन यदि एक के बाद एक हम इस विषय पर विचार करें और यदि शिक्षा का काम भी राज्य सरकारों से हटा कर केन्द्रीय सरकार अपने हाथ में ले, कृषि का काम भी राज्य सरकारों से, हटा कर केन्द्रीय सरकार अपने हाथ में ले उद्योग का काम भी केन्द्रीय सरकार करे तो फिर राज्य सरकारों के पास करने को कौन सा विषय रह जायेगा? इस आधार पर इस बिल का कोई औचित्य प्रतीत नहीं होता और ऐसा करना ठीक नहीं है। इस लिये मैं इसका समर्थन भी नहीं करता हूं।

लेकिन जहां तक शिक्षा के स्तर का सम्बन्ध है यह बात सही है कि राज्यों दीजाने वाली शिक्षा जिस का दायित्व हमारी केन्द्रीय सरकार पर भी है, उसमें परिवर्तन की आवश्यकता है। शिक्षा नीति में सुधार की आवश्यकता है। यह बातें तो हम बहुत सुनते रहे हैं। राज्य में भी और केन्द्र में भी लगातार 25 वर्षों से अपवाद स्वरूप कुछ राज्यों को छोड़ कर जैसे तमिलनाडु या और एक दो राज्यों को छोड़ कर जहां पर कि कांग्रेस की सरकार नहीं है, उसके अलावा अन्य सभी स्थानों में केन्द्र में भी और राज्यों में भी कांग्रेस की सरकार है। फिर केवल इस नारे के मात्र से कि हम शिक्षा में परिवर्तन चाहते हैं और शिक्षा नीति में आमूलचूल परिवर्तन होना चाहिए, केवल यह नारा लगाते रहने से तो कुछ होता नहीं है। यदि यह नारा केवल एक भ्रमात्मक नारा है, लोगों को गुमराह करने वाला नारा है। यदि आप करना चाहते तो आपके हाथ में करने की शक्ति है। राज्य सरकारों में भी शक्ति है और केन्द्रीय सरकार में भी शक्ति है, आपको करना चाहिये था। लेकिन आप करते नहीं हैं।

जहां तक शिक्षा का सम्बन्ध है आज स्थिति कुछ इस प्रकार पैदा हो गई है कि हम ज्यादा से ज्यादा क्वालिटी की तरफ ध्यान देते हैं, क्वालिटी की तरफ ध्यान नहीं दे रहे हैं। अधिक से अधिक शिक्षित हों यह ठीक है। लेकिन उसके साथ-साथ शिक्षा का स्तर भी बहुत अच्छा हो, शिक्षा में प्रगति के साथ-साथ उसका स्तर भी ऊंचा हो, इस बात की बहुत बड़ी आवश्यकता है और इसके बारे में केन्द्रीय सरकार बहुत कुछ ध्यान दे सकती है। जैसा कि शिक्षा मंत्री महोदय ने बजट की मांगों के सम्बन्ध में बोलते हुये बताया कि हम इस बारे में बहुत कुछ सुधार कर रहे हैं। ब्लाक लेवल पर भी कुछ माडेल स्कूल हम बना रहे हैं, डिस्ट्रिक्ट लेवल पर भी होंगे और सेंट्रल स्कूल भी खुल रहे हैं। इसलिये काफी

कुछ सुधार की बात हो सकती है। सेंट्रल यूनिवर्सिटीज के जरिये हम कुछ आदर्श स्वरूप भी प्रस्तुत करते जा रहे हैं, राज्यों की भी यूनिवर्सिटीज हैं, केन्द्रीय सरकार की भी अपनी यूनिवर्सिटीज हैं, और केन्द्र के अपने सेंट्रल स्कूल हैं जहाँ पर एक विशेष पद्धति शिक्षा की चल रही है या जहाँ शिक्षा व्यवस्था उत्तम है जिसकी तरफ लोग आकर्षित होते हैं। वे चाहते हैं कि सेंट्रल स्कूलों में हमारे बच्चे जायें। इस प्रकार की भावना के आधार पर हमें यह लगता है कि राज्यों का जो काम है शिक्षा के बारे में वह ठीक नहीं है और उसमें सुधार की आवश्यकता है, सुधार होना चाहिये। मेरा यह नम्र निवेदन है कि इस अवसर का लाभ उठाते हुये हमें इसके ऊपर विचार करना चाहिये। जहाँ तक इस विधेयक का सम्बन्ध है इस विधेयक का कोई औचित्य नहीं है। जैसा कि मैं पूर्व में ही निवेदन कर चुका हूँ। लेकिन यह बात अवश्य है कि केन्द्रीय सरकार का भी अपना दायित्व है कि वह शिक्षा के स्तर को सुधारे, शिक्षा नीति में जिस प्रकार के भी परिवर्तन हो सकते हैं उस के लिये जो भी गाइड लाइन्स दी जा सकती है वह केन्द्र राज्य सरकारों को दे और शिक्षा के अन्दर व्यापक परिवर्तन करे। क्योंकि आज यह एक भावना पैदा हो गई है कि हम शिक्षा के द्वारा केवल बेकारों की सख्या को बढ़ा रहे हैं। शिक्षा हमारे लिये एक बेकारी का कारण सिद्ध हुई है। हम चर्चा जरूर कर सकते हैं कि हमारी शिक्षा पद्धति जाब-ओरिएण्टेड होनी चाहिये लेकिन वह हो नहीं रहा है। इसके लिये केन्द्र सरकार राज्य सरकारों को कोई निर्देशक स्वरूप दे सकती है जैसे और विषयों में देती है, कोई योजना दे सकती है जिसके अनुसार अधिक से अधिक नवयवक जो पढ़ लिख कर तैयार होते हैं वह काम पावें। अन्यथा आपने जसा देखा है आज स्थिति यह पदा हो गई है कि डिग्री उन्होंने ली, बाहर आ कर डिग्री फाड़ी और वह कहते हैं कि डिग्री हमको नहीं चाहिये, हमें काम चाहिये (व्यवधान)

यह जो असन्तोष और शिक्षा के प्रति जो भावना पैदा हो रही है यह भावना पैदा न हो, हमारे विद्यार्थी बराबर उसकी तरफ आकर्षित हों, उनको शिक्षा प्राप्त करने के बाद ठीक ठीक काम मिले, इस प्रकार का आधार हमारी शिक्षा का हो। ऐसा न हो कि शिक्षा प्राप्त करके वह निकले तो उन्हें दर-दर की ठीकरे खानी पड़े या उन्हें इस कारण आत्महत्या करने के लिये विवश होना पड़े या फिर वह असमाजिक कृत्य करने के लिये उद्यत हों जो कि उनको नहीं करने चाहिये।

इन शब्दों के साथ मैं केन्द्रीय सरकार में कहूँगा कि केन्द्रीय सरकार का भी जो अपना दायित्व है उसका निर्वाह करते हुये शिक्षा पद्धति में इस प्रकार के परिवर्तन वह निश्चित रूप में और शीघ्रातिशीघ्र लावें जिससे नवयवकों में बढ़ना हुआ असन्तोष दूर हो और जो काम चासने वासू हैं उनको काम मिल सके। हमारी शिक्षा का आधार काम मिलने का आधार होना चाहिये। ऐसा आधार होना चाहिये जिसमें उनका पूरा विश्वास हो, उनके मस्तिष्क का विकास हो, शारीरिक विकास हो और वह काम पा सके। हम प्रकार जो शिक्षा के हमारे आँ और उताग हो सकते है उन सबके सम्बन्ध में केन्द्रीय सरकार अपने दायित्व को महसूस करे। किन्तु राज्य सरकारों के हाथ से यह काम नहीं लिया जाना चाहिये, यह मेरा निवेदन है।

MR. CHAIRMAN: Shri Ram Gopal Reddy.

SHRI M RAM GOPAL REDDY (Nizamabad): Mr. Chairman, I can understand the feelings of the young M.P. Shri Arjun Sethi for bringing forward this Bill before the House.

Now, Sir, we see in our country that there are over thirty-eight crores of uneducated people. When we achieved our Independence at that time, the population of our country was only 30 crores while the percentage of the educated people was only 16 per cent. This means about five crores of people were educated.

[Shri M. Ram Gopal Reddy]

while 25 crores of them were uneducated. To-day we are having about 35 per cent of literacy. It means that we are having only 20 to 22 crores of educated people while the remaining are uneducated persons. This has naturally prompted the mover of this Bill to bring forward the same before the House.

The question now is: whether this should be in the Concurrent List of Subjects or it should be within the purview of the States or it should be within the purview of the Centre. Whether it is within the purview of the States or the Centre it is all the same. National cake is same whether you cut from this side or that, it does not make a difference. Whether it is with the Centre or at the States, it is all the same. We have got only limited resource. With these, how can we solve this problem? The problem is for our administrators to administer. Our population goes on increasing at the rate of 400 per cent while the population increase in advanced countries is 100 per cent. Whereas President Nixon gives education to one boy, our P.M. has to give education to four persons. This we are not realising and nobody has talked about it. Unless and until there is some sort of birth control, it is impossible to wipe away the illiteracy from our country. Once Shri Ashoka Mehta stated on the floor of the House that we always remain in the same place where we were. And that is the fate of this country.

मर्ज बढ़ता ही गया, ज्यों-ज्यों दवा की ।

Whatever amount we may spend, we cannot have the cent per cent universal literacy in this country.. The present rate of increase in education is only one per cent a year. With this, how can we wipe out the illiteracy from this country? It will take another sixty years. We have here got 18 crores of uneducated adults this country. They will remain so for more number of years. That is

why I say that this is a great problem. For that any amount would not do any good. The only solution for this problem is that each educated person should teach one uneducated adult in his life—each one, teach one my hon. friend, Shri P. Venkatasubbiah, has correctly put this. Unless and until that method is adopted, any amount of money that is spent will go to waste. Moreover, in our country, students remain on strike for six months; teachers remain on strike for six months. The Opposition Members may talk about Haryana teachers while someone else may speak about some other teachers. If these people go on strike and when they come back from the strike, the absence should not be treated as leave, or else the tendency to go on strike will remain with the teachers. Even when teachers remain in the school they hardly work 3 or 4 periods a day whereas Kisans and others work for 15 hours a day.

16.00 hrs.

It is the poor man's money which is being paid to these teachers.

The educated people have done more harm to the poor people than anybody else. The educated are educated at the cost of the uneducated people. They are paid from the treasury. They take bribes. For every single work they are paid three times. They have private tutions. So a kind of hatred is being generated in this country against educated people. They have become parasites and trouble-makers in society. The educated go on waiting till they get some remunerative job. That is why we are pressing that education should be job-oriented and everybody has to do some physical work. Pandit Nehru used to say that there are veterinary doctors who never touchd an animal in their life. That is the fate of the country. Young ministers are incharge of education and I urge upon them to see that some practical training is given from 1st standard to

university level. Everybody should be made to work in fields and factories compulsorily. Then alone they will become good citizens of the country. Otherwise, we will have no scope. The only remedy is that every MP, legislator or officer should educate one uneducated adult. Nowadays everybody has become very selfish. I am sure, Sir, in your younger days you must have educated several uneducated adults. Every political party should have this as its aim that they should teach some people at least instead of instigating them to do violence. Unless and until we follow this constructive method, there will be no future. India does not belong to the Congress party only. It belongs to all the parties and all the people. Some people are living in this country, but their souls are in some other countries. During the election time the political parties make use of the uneducated people in any manner they like. If they are educated, they will use their own intelligence and know for whom to vote.

That is why it is in the best interests of all political parties to try to educate all the uneducated adults in the first stage and then leave the education of small children to the State Governments.

Then, family planning must be strictly enforced. If anybody produces more than two children, the third child should be refused any facility or social benefit. If a man produces more children, it is not responsibility of Shri Yadav to educate them.

श्री फूल चन्द वर्मा : (उज्जैन) :
सभापति महोदय, मैं एक बात कहना चाहता हूँ, अभी हाल में संतदीय कांग्रेस दल ने मुस्लिम कानून में परिवर्तन करने के बारे में अमनी राय जाहिर की है। वे तो तीन-तीन पत्नियाँ रख सकते हैं, यदि एक से तीन हों तो तीन से नौ बच्चे होंगे।

The Original speech was delivered in Tamil.

SHRI M. RAM GOPAL REDDY:

तीन से नौ हों तो भा कोई परवाह नहीं है, लेकिन एक से बारह हों, तब बिना होती है।

So, the third child should not be given even admission for the school.

While some of the private schools are very good, some others are preaching communalism. Government should put a check and refuse those schools grants. Unless the government become bold and do something, nothing will happen. I would request the hon. Minister to use his youthfulness in fulfilling the interests of the nation at a whole.

*SHRI E. R. KRISHNAN (Salem):
Mr. Chairman, Sir, on behalf of my party the Dravida Munnetra Kazhagam, I rise to oppose the Constitution (Amendment) Bill of Shri Arjun Sethi. If this Amending Bill is accepted by the House then Education will be brought over from the State List to the Union List of our Constitution.

Sir, during the past two days of discussion on the Demands for Grants of the Central Ministry of Education, many hon. Members who participated in the debate invariably referred to the failure of the Ministry in attending to the problems of educational progress in the country. If the Central Government could not make any tangible progress in education during the past 25 years, I doubt very much whether by taking over Education to the Union List of the Constitution this Government will be able to do anything much.

Sir, if I am to be honest, I should say that the Centre's unwarranted interference and unimaginative educational programmes have led to the creation of many thorny problems for

[Shri E. R. Krishnan]

the States which are doing remarkably a good job. I can compare this attempt to take over Education to the Union List by giving you an example.

You know, Sir, that 'industries' is in the State List. Still the Centre has made wide encroachment on the State sphere. With what result? I will not be far from the truth if I say that the backward areas in the States continue to be neglected and the Centre is not able to pay adequate attention to the development of these areas except by offering some pittance of grants to the States for the industrial development of these areas.

Similar is the case in education also. The Centre appointed Dr. Radhakrishnan Commission, Gajendra-gadkar Commission, Kothari Commission and so on whose valuable reports have not seen the light of the day. These Commissions were appointed with the objective of ushering in uniform higher education throughout the country. Dr. Lakshmanaswami Mudaliar's Commission made valuable recommendations for the improvement of secondary education in the country, but they are adorning the shelves of the Ministry of Education at the Centre.

You know, Sir, that there is the University Grants Commission at the Centre which disburses grants to the colleges in the States without even consulting the States. Then, there is the National Council of Educational Research and Training, which is trying to bring out books on modern scientific lines from primary education level to college education.

In addition to the existence of Central Schools in the States, the Government are proposing to have some sort of Model Schools in the States.

I have stated these facts to show that the Central Government want to spread their tentacles of power far and wide, even when they are not able to exercise it in the interests of common people. I need not say that

India is a land of diverse culture and languages. The Central Government having all the powers in their hands will not be able to do justice to the growth of diverse culture and languages of the country. They have not been able to do so uptill now and they will not be able to do that in future also

In this year's Central Budget only a sum of Rs. 25 crores has been allocated for education, which is just 1.62 per cent of the total budgetary allocations. This is the importance that has been given to education by the Centre. I would like to show how the States give greater importance to education by quoting the example of Tamil Nadu. In this year's Budget, a sum of Rs. 113 crores has been allocated for education including medical education, agricultural education, educational facilities for Harijan's etc. This is about 24 per cent of the total budgetary allocations of the Tamil Nadu Government. I wonder whether the Centre will be able to make any significant dent in the problems of education with this meagre allotment of Rs. 25 crores for the entire country. I have to say that the States are exercising their right and discharging their duties enjoined upon them to the progress of the people. Therefore, there is no need for taking over Education to the Union List.

Recently, a German economist Dr. Schumacher visited India. On his return he has expressed the view that 80 per cent of the people living in rural India is in intellectual and cultural ghetto. If you look at the Approach Paper to Fifth Plan, the same thing has been stated that the urban educated class does not care to educate their rural brethren. It has also been suggested that in the Fifth Plan a sum of Rs. 1,030 crores should be allotted for primary education.

I am also afraid that if the Bill is accepted by the House, it will pave the way for the Central Government to impose Hindi forcibly on the non-Hindi speaking people. The interests

and welfare of the minority communities in our country and also that of a large number of non-Hindi speaking people will be in jeopardy if education is taken over to the Union List. I strongly oppose the Bill of Shri Arjun Sethi which if passed will enable the Central Government to do the very same things I have narrated.

With these words, I conclude.

श्री ~~अरजुन सेठी~~ राय (बोसी) : सभापति महोदय, मैं इस विधेयक का हार्दिक समर्थन करता हूँ। मेरा विचार है कि देश में सम्पूर्ण शिक्षा का, नीचे से ऊपर तक, राष्ट्रीयकरण हो जाना चाहिये था। यह कमी 25 सालों तक रही और इस कमी को अब दूर करना चाहिये। हम सभी इस बात से परिचित हैं कि जब हिन्दुस्तान गुलाम था, जब हमारे देश में अंग्रेजों का राज्य था तो एक विशेष उद्देश्य से अंग्रेजों ने शिक्षा प्रणाली स्थापित की थी—उसमें दो शायें किसी की नहीं हैं। अब स्वतन्त्रता के बाद हमारा वह उद्देश्य नहीं रह सकता था, नहीं रह सकना है। तो जो काम शुरू में ही हाथ में लेना चाहिये था वह—शिक्षा प्रणाली के पूर्ण परिवर्तन का—व्यवस्था नहीं की गई। 25 सालों के बाद सही, जैसे बहुत से भूले भटके काम हम कर रहे हैं; उसी तरह से इसको भी अपने हाथ में लेना चाहिये। हमारा देश मल्टी-नेशनल और मल्टी-लिग्वुअल स्टेट है, बहुजातीय और बहुभाषीय राज्य है। वहाँ नेशनल इन्टिग्रेशन का सवाल भी एक बहुत बड़ा राष्ट्रीय सवाल हमेशा रहा है और आगे भी रहेगा। शिक्षा का राष्ट्रीयकरण होने से और केन्द्र के हाथ में सम्पूर्ण रूप से चले जाने से हमारी राष्ट्रीय एकता को स्थापित करने में और उसे मजबूत करने में भी सहायता मिलेगी। अब तक हमारी शिक्षा नीति दिशाहीन रही है। यह नहीं मालूम हो रहा था कि हम किधर को अपने बच्चों को, अपने युवक समाज को और अपने देश को शिक्षा के माने में ले जाना चाहते हैं। मेरा सुझाव है कि समस्त देश

में एक प्रणाली चलनी चाहिये। यह मकतबों की प्रणाली, संस्कृत की पाठशालाओं की व्यवस्था, धार्मिक स्कूलों की व्यवस्था, चाहे वह क्रिश्चियन धर्म की तरफ से हों या हिन्दू धर्म और मुसलमान धर्म की तरफ से हों कन्वेंट हों या धनियों के बच्चों के स्कूल सब खत्म कर देना चाहिये। एक तरह की प्रणाली पूरे देश में और हर प्रदेश के कोने-कोने में चलनी चाहिये। उस भाषा में शिक्षा दी जाये जो भाषा बच्चा माँ के पेट से लेकर पैदा होता है लेकिन कन्टेन्ट, उसका आन्तरिक तत्त्व एक ही होना चाहिये। इसलिये पूरे देश में एक ही शिक्षा प्रणाली होनी चाहिये। इस तरह की बात अब उचित नहीं है कि गरीबों के लिये एक तरह की शिक्षा हो और जो समाज के श्रीमन् लोग हैं उलके लिये दूसरी तरह की शिक्षा हो। अंग्रेजी जमाने में यह बात थी और वह समय में आती थी लेकिन आज उसका कोई औचित्य नहीं है। लेकिन वह व्यवस्था आज भी चल रही है। एक रूपता हमारी शिक्षा में आनी ही चाहिये जोकि 25 साल तक नहीं लाई जा सकी है।

शारीरिक श्रम के प्रति हमारी शिक्षा प्रणाली कुछ इस तरह की दूषित रही है, अभी तक एक माननीय सदस्य कह रहे थे कि शारीरिक श्रम के प्रति एक अजीब तरह की वितृष्णा हमारे बच्चों में, हमारे किशोर आयु के बच्चों में और युवा जनों में भी है। पढ़ना शुरू भी नहीं किया कि शारीरिक श्रम के प्रति एक नफरत सी हो जाती है। उस वर्ग और जाति के समुदाय के बच्चे भी जो पीढ़ियों और परम्पराओं से शारीरिक श्रम करते आये हैं उन में भी इस शिक्षा को प्राप्त करने के बाद यह शिक्षा प्राप्त करने के समय शारीरिक श्रम से नफरत पैदा हो जाती है। तो कहीं बुनिबादी दोष बहुत जरूर है क्योंकि जिस चीज को हम खानदान दर खानदान, पीढ़ी दर पीढ़ी करते आ रहे हैं उसके प्रति भी हमें नफरत पैदा हो जाये 4-6 महीने या साल दो साल के बाद! इसलिये हमें इस बात को सोचना पड़ेगा कि शिक्षा

[श्री झारखंडे राय]

प्रनाली जो अंग्रेजों ने बनाई थी उसमें ग्रामूल परिवर्तन होने की जरूरत है। 25 साल हो गये, एक युवा पीढ़ी का समय हमने खो दिया। अब भी समय है कि इस भून को हम सुधारें।

शिक्षा जगत में ऐसा लगता है जैसे जंगल का राज्य हो। बोर्ड शिक्षा दे रहे हैं, राज्य सरकारें शिक्षा दे रही हैं और केन्द्र सरकार की भी कुछ जिम्मेदारी है। इसमें एकरूपता नहीं है, वह एकरूपता होनी चाहिये। वरना आज कल बहुत जगहों पर शिक्षा संस्थाएँ और निजी स्कूल खाने कमाने और राजनीति करने के अड्डे बन गये हैं। बहुत से लोगों की रोजी, धंधे बन गये हैं। इसलिये प्राइवेट शिक्षा को तो बिल्कुल समाप्त कर देना चाहिये। गवर्नमेंट स्कूलों के लिये पुराने जमाने में कहा जाता था और आज भी है कि उनका स्तर बमुकाबले दूसरे स्कूलों के ऊँचा होता है, ज्यादा अच्छा होता है। इसलिये प्राइवेट स्कूल और कॉलेजों को बिल्कुल बन्द कर देना चाहिये और सारी शिक्षा केन्द्रीय सरकार के हाथ में आनी चाहिए। यह जाहिर है कि केन्द्रीय सरकार अकेले स्वयं इसको नहीं कर सकती है उसे राज्य सरकारों की सहायता लेनी पड़ेगी, लनी भी चाहिये और लेगी भी लेकिन यह विषय मुख्यतः केन्द्रीय सरकार का होना चाहिये। इसलिये मैं इस बिल का समर्थन करता हूँ।

एक बात और है। भ्रष्टाचार की चर्चा हम करते रहते हैं। हर जगह इसकी चर्चा होती है लेकिन आपको अनुभव होगा कि प्राइवेट स्कूलों में संगठित भ्रष्टाचार चलता है, प्रिंसिपल भी जानता है, मैनेजर भी जानता है, क्लर्क्स भी जानते हैं और स्कूल के लड़के भी जानते हैं कि अधिक खर्चा दिखाया जाता है और कम खर्चा किया जाता है और उसके नाम पर सरकार से अधिक ग्रांट ली जाती है। अगर कहीं इमानदार लोग हैं मैनेजिंग कमेटी में या प्रिंसिपल इमानदार है तो वे

उस रुपये का अधिक सदुपयोग करते हैं और अगर कहीं बेइमान है तो सब खा पी जाते हैं। इस प्रकार का संगठित भ्रष्टाचार चलता है और इसका मौका इसलिये मिलता है कि सारी चीजें प्राइवेट हाथों में हैं। इसलिये मेरा निश्चित सुझाव है, इस बिल का समर्थन करते हुये, कि देश की राष्ट्रीय एकता के उद्देश्य से और दिशा-हीन शिक्षा को दिशा देने के लक्ष्य में पूरी शिक्षा का सम्पूर्ण रूप में राष्ट्रीयकरण करके केन्द्र को अपने हाथ में ले लेना चाहिये। यह मेरा निश्चित मत है और मुझे आशा है कि सरकार इस पर विचार करेगी।

SHRI DINESH CHANDRA GOSWAMI (Gauhati): The Bill moved by my hon. friend, Shri Arjun Sethi is of great importance. To a great extent in the entire country, thinking is going on whether the Centre should take over the subject of Education. Even in this House, Sir, when I listened to the speakers who spoke before me, I find that their opinions have been to a great extent divided.

Some points were raised on the aspect that the Centre should not take up Education as the resources position of the Centre does not permit it. Mr. Shukla said that because the Centre does not have sufficient finance which will be necessary to take up Education, therefore, the Centre should not take up this subject. It has also been said that since the Centre will have no means to impart education, so, it should not take over Education. I feel that these are not very well-considered and valid objections regarding the present subject-matter of the debate. Because, Education is a subject which we cannot neglect on the ground of inadequacy of finance. As Steel, coal and all such materials are the basic materials for the development of material resources of our country, so also, obviously, for the development of the mental and moral resources in the country Education comes as the first and the foremost subject. Our consideration should not

be based on whether resources are available or not available, but our main consideration should be based on other aspects and not on these aspects.

Then, Sir, I have no quarrel with the last speaker who said that there must be some change in the entire approach of Education. But, the question now is whether by transferring this subject from the State List to the Centre, one will be able to bring about a complete and desirable change in the Educational system. Now, today even in this country, there are institutions which are under the guidance of the Centre directly under Central supervision and control. There are institutions governed under the provisions of Item 64 of List-1. But these institutions also suffer from the same handicap and require the same change which was urged by my previous speaker. Merely to think that by changing this subject from the State to the Centre a change will be brought about will be only thinking on Utopian lines.

In some of the Constitutions of the other countries also I find that Education has been a State subject. It is so in USA and Canada and in Australia. In all Federating States, it is a State subject. Of course one cannot say that countries like India can compete with USA, Canada or Australia, but these undoubtedly are some guides.

श्री नारायण राय : सोशलिस्ट कन्ट्रीज में क्या है, यह मैं जानना चाहता हूँ ।

SHRI DINESH CHANDRA GOSWAMI: I could not lay my hand immediately to it although I was very much interested to know about it. What I personally feel in respect of this entire aspect is that today the States are not in a position to really cater to Technical Education, because, the type of resources and manpower needed in the sphere of technical education is something which they do not possess to the desired extent,

We require more finance and more resources. The standard of technical education,—whether it is imparted in Tamilnadu or in U.P.—will be the same always. But there will be variation in General Education. It is quite natural that so far as General Education is concerned every State will try—and rightly so,—to impart some of its own cultural heritage to its own students. So when we discuss this, we have got to discuss this in two compartments. Technical Education will be one compartment and General Education will be another compartment. I feel that for the proper development of Technical Education, this should be taken over by the Centre. So far as General Education is concerned, it should be left to the States concerned. Ours is a country with different cultural heritage. The greatness of India lies in its unity in diversity. We should give opportunity to the States to express themselves adequately in the sphere of General Education and therefore I would plead that this should be left to the States.

It is high time that it is necessary that we consider some amendments in regard to certain of the items which we find in List I.

So far as Education is concerned, we find Item Nos. 62 to 66 relating to Education.

Item No. 62 says that the National Library, the Indian Museum and some other Institutions like these will be under the Centre.

Item No. 63 says that the Banaras Hindu University, the Aligarh University and the Delhi university will be the Central subjects. The way things are going on in Aligarh, Banaras and Delhi, I am almost rather apprehensive whether bringing universities under the Central control will help in the development of education. Past experience does not prompt me to look with favour any idea of taking over by the Centre of the entire educational system of the country.

[Shri Dinesh Chandra Goswami]

Item No. 66 relates to Coordination and Determination of Standards in Institutions for Higher Education or research and Scientific and Technical institutions. The interpretation of this item, item 66, by different Supreme Court judgments has led to a great confusion in this respect. The Centre should come up with certain concrete policy on it. On the medium of instruction the Supreme Court has said, the University can have its medium of instruction, but if, in the opinion of the Supreme Court, such fixation lowers down the standard of education, then, the university has no jurisdiction.

I think it was in the Gujarat case that the Supreme Court decided that the University can fix the medium of instruction, but if the Supreme Court comes to the conclusion that the fixation of medium of instruction has lowered the standard of education, then the University has no jurisdiction and the Central Government has jurisdiction. May I pose a question at this stage? Is the Supreme Court competent to judge whether the standard of education will come down by the fixation of a medium of instruction or is it within the competence of the educational authorities or the University? Should the University subject its judgment to the opinion of the Supreme Court in this matter? After all, when the University fixes the medium of instruction, it does so after a lot of consideration.

SHRI P. G. MAVALANKAR: May I rise on a point of fact since he has referred to the Gujarat case and the Supreme Court decision thereon and say that the issue was not the standard of education? The Gujarat University wanted that only Gujarati should be the exclusive medium of instruction. The Supreme Court said that Gujarati cannot be the medium; it may be a medium, one of the media of instruction.

SHRI DINESH CHANDRA GOSWAMI: There are cases where this

has been dealt with. I am reading from Basu's Commentary.

"Consequently, the State legislature has exclusive power to legislate regarding medium of instructions of institutions for primary or secondary education. The State legislature shall have no power as to the medium of instruction in institutions for higher and scientific or technical education if such legislation is likely to result in lowering the standard of education".

These were the observations in a case coming from Mysore. I think that even in Gujarat case, there are some such observations.

What I am saying is that the Supreme Court Judges sitting in their pedestal are not in the best position to judge whether the fixation of medium of instruction will raise or lower the standard of education. I emphatically suggest that the Supreme Court is not the proper authority who can decide whether the standard of education will go up or down by the fixation of a medium of instruction, but it is for the educationists and university authorities to decide on this matter.

From this point of view I feel there is essentially a need for amendment of the different schedules, the relevant items thereunder, to make it more uniform and broad-based so that a proper policy on this could be laid down for being followed throughout the entire country.

Therefore, while I do not support Shri Arjun Sethi in toto because I feel it will not be proper to confer on the Centre the entire power in regard to education since the States should also have certain liberty particularly in regard to general education, because every State would like to give its own students at least some background about its cultural heritage and other things. But at the same time, I feel the States have got no

resources for the development of technical education. So far as technical education is concerned, we may think afresh and bring it within the purview of the Centre. It is also high time we removed the confusion prevailing on the question of medium of instruction in all parts of the country. Hence the Centre should have a through probe into item 66 and put forward some guidelines for all.

श्री रामकंदर (टोंक) : सभापति महोदय, श्री अर्जुन सेठी जी ने जो विधेयक रखा है शिक्षा के सम्बन्ध में उसका मैं समर्थन करता हूँ, और वह इसलिए कि राज्यों का जो मामला है, आज तक शिक्षा के मामले में छोटे लोगों के प्रति, मध्यम श्रेणी के बच्चों के प्रति जो भेदभाव बरता जाता है उस पर राज्य सरकारें काबू नहीं पा रही हैं। इस विधेयक के उद्देश्य में बताया गया है कि :

“इस बात पर बल देने की कोई आवश्यकता नहीं है कि बच्चे के जीवन में निर्माण-काल, जब उसे प्राथमिक और माध्यमिक शिक्षा दी जानी होती है, बहुत महत्वपूर्ण काल होता है। परन्तु इस बात का खेद है कि इन दोनों अवस्थाओं में शिक्षा की, राज्यों के क्षेत्राधिकार में होने के कारण, जिसके पास पर्याप्त धन नहीं होता है, बहुत अवहेलना होती है। इसका परिणाम यह होता है कि जो बच्चे माध्यमिक शिक्षा प्रणाली से शिक्षा प्राप्त करके निकलते हैं वे अर्द्ध शिक्षित भी नहीं होते हैं।

यदि हम वास्तव में अपने बच्चों को प्रबुद्ध, देश के अनुशासित और उपयुक्त नागरिक बनाना चाहते हैं तो हमें शिक्षा के विषय को केन्द्र के उत्तरदायित्व में लाना होगा। इस विधेयक का उद्देश्य संविधान में उपयुक्त संशोधन करके उपयुक्त ध्येय प्राप्त करना है।

जहां तक शिक्षा का सवाल है, जो वर्तमान पद्धति है उस में लोग सही तरीके से शिक्षा प्राप्त नहीं कर सकते हैं। साथ ही जो पढ़ लिख कर युवक तैयार होते हैं उनको रोजगार नहीं मिलता है। इन दोनों कारणों से शिक्षित वर्ग में असंतोष बढ़ता जा रहा है। मेरा अनुरोध है कि ग्रामीण जनता की ओर आपका ध्यान जाना चाहिए। शहरों से बाहर जितने शड्यूल्ड कास्ट और हरिजन बच्चे हैं उनके साथ जो भेदभाव बरता जाता है, उसको आपको दूर करना चाहिए। पीने के पानी की जो टंकियां हैं उन से उनको पानी नहीं पिलाया जाता है। उनको सवर्ण जाति के लोग दूर से पानी पिलाते हैं। कितनी ही जगह जा कर मैंने इसको देखा है। राज्य सरकार का ध्यान हमने इस भेदभाव की ओर कितनी ही बार दिलाया है। लेकिन कोई संतोषजनक उत्तर नहीं मिला और न ही कोई इसका हल निकाला गया है। मैं चाहता हूँ कि भारत सरकार विशेषकर ग्रामीण जनता को शिक्षित बनाने की ओर ज्यादा से ज्यादा ध्यान दे।

लीडर लोग भी अपनी गतिविधियों को शहरों तक ही सीमित रखते हैं। गांवों में जाने में उनको धूप सताती है और धूल से उनके कपड़े खराब हो जाते हैं और उनको बड़ी परेशानी होती है। ग्रामीण जनता का भगवान ही मालिक है। मैं सीधे और साफ शब्दों में कहना चाहता हूँ कि गरीबी हटाओ नारा, एक नारा मात्र है और आप भी इसको अच्छी तरह से समझते हैं। आज गरीबों के लड़के पढ़ लिख कर अफसर नहीं बन सकते हैं। वे पटरियों पर घूमते हुए आपको नजर आते हैं। मैं निवेदन करना चाहता हूँ कि प्राइवेट और पब्लिक स्कूल जो चल रहे हैं, उन में तो गरीब बच्चों के भरती होने का प्रश्न ही पैदा नहीं होता है। उनके बास्ते तो अपना पेट पालना भी मुश्किल हो रहा है।

आज देश की परिस्थिति क्या है ?
पचासों तरह से जो कानून हैं उनका उल्लंघन

[श्री रामकंवर]

हो रहा है और जो उल्लंघन करने वाले है वही आगे बढ़ रहे हैं। उनके पास ही पैसा है। सरकार गरीबों के वोट लेने के वक्त तो उनको नाना प्रकार के लालच देती है लेकिन उनकी आर्थिक अवस्था सुधारने की ओर ध्यान नहीं देती है। मैंने दिल्ली में लाल बहादुर शास्त्री लेबर कैम्प को देखा है, इंदिरा गांधी लेबर कैम्प को देखा है और वहां मैंने पाया है कि कई हजार बच्चों की बहुत ही बुरी दशा है

श्री झारखंड राय : सभापति महोदय, कोरम नहीं है।

सभापति महोदय : घंटी बज रही है—कोरम हो गया है—माननीय सदस्य अपना भाषण जारी रखें।

श्री रामकंवर : शिक्षा मंत्रालय की मांगों पर जो बहस हो रही है इसको तीन रोज़ से मैं सुन रहा हूं। मैं समझता हूं कि निम्न वर्ग और गरीब वर्ग के गरीब बच्चों के वास्ते कोई ठोस कदम नहीं उठाये गये है। इसका मुझे बड़ा भारी खेद है। गांवों में बच्चों को जो पौष्टिक आहार देने की व्यवस्था है वह कुछ मात्रा को छोड़ कर बाकी सारा अध्यापकों और इंस्पेक्टरों के घरों में चला जाता है। नीचे से ऊपर तक वे मिले रहते हैं। चपड़ासी से लेकर अफसर तक लिंक जुड़ा रहता है। जिनका लिंक जुड़ा रहता है उन्हीं को रहने के लिए मकान मिलते हैं। जो राग में राग नहीं मिलाते वे बहुत दुखी है।

कुछ कांग्रेसी सदस्य भी शैड्यूल्ड कास्ट की सीट से चुन कर आये हैं। इधर भी कुछ आ गये हैं। मैंने देखा है कि वे चुन कर आ कर अपनी बिरादरी को भूल जाते हैं, निम्न वर्ग को भूल जाते हैं। मैं चाहे अकेला हूं लेकिन मुझे गरीबों की दशा सुधारने की मांग करते हुए खुशी होती है। मैंने देखा है कि भाषणों में गरीब लोगों के बच्चों, निम्न वर्ग के लोगों के

बच्चों का कोई खास उल्लेख नहीं किया गया है। गरीब बच्चों के लिए आप ने जो होस्टल खोल रखे हैं उनमें भी उन शैड्यूल्ड कास्ट के लोगों के बच्चों को प्रवेश मिलता है जिन्होंने अपना ठीक कारोबार चला रखा है। मेरा निवेदन है कि आप राज्य सरकारों को आदेश जारी करे कि वे जो सरपंच हैं उनसे गरीब बच्चों की लिस्ट मंगवा कर अपनी देख-रेख में उनकी शिक्षा का प्रबन्ध करें और उनको शिक्षा प्राप्त करने में समर्थ बनायें।

SHRI GIRIDHAR GOMANGO (Koraput): Mr. Chairman, Sir, I am very much thankful to you for having given me a chance to speak on this resolution.

The mover, Shri Arjun Sethi's view is to transfer the primary and secondary education to the Central List. I want to submit here that education—whether in the States list or in the Central List or Concurrent List—is in Education List. For instance, the cow may be white, black or red in colour but the milk is white in colour. Like that, the aim of any education should be the man-making education. By that I mean give education to all the children, all the youths and also to the adults so that all of them become good men.

You know education is only for obtaining diplomas and degrees. We cannot deny that. We do not want to deny them the diplomas or degrees. But at the same time, we must also know what Shri Chanakya said. He defines educated person in the following terms:

मातृवत् परदारेषु परद्रव्येषु लोष्टवत्
आत्मवत् सर्वभूतेषु यः पश्यति स पंडितः

According to his definition, true and proper education is to realise the heart of others. If we see the recommendations of the Education Commission, it says that our education should aim for moral and spiritual. Educa-

tion should also be man-making. True education is for the head, the heart and the hand also. But now our education is such that we get knowledge; it caters to the head and the heart but our hand is idle. Education has become theoretical. We are not very much practical. Our schools should be half theoretical and half practical. We have introduced it in some schools conceived of by Mahatma Gandhi. We have introduced it in some schools and in others. So, the whole educational system should be changed so that we can be self-sufficient and self-employed. Dr. S. Radhakrishnan said:

"We cannot climb the mountain when the very ground at our feet is crumbling. When the very basis of our structure is shaky, how can we reach the heights which we have set before ourselves?"

So, from the top to the bottom we should look into the difficulties facing the schools, teachers and students, including the financial difficulties. So, it is very difficult to eradicate the defects of education rapidly. We can do it slowly. From today we have to improve and change the present system of education.

Coming to primary and secondary education, real education, begins from the time the mother begins to take the responsibility of the child. Primary education is for the age group 5 to 8 years. The mind of the child is compared to the white blank paper. Whatever teacher teaches, that will be printed in their mind. So, those who are employed in primary schools should be good teachers and they should teach the children how to lead their life in future. That is why Government should give the highest priority to recruitment of good teachers and providing the best facilities for the students.

Indian education needs a drastic reconstruction, almost a revolution. This is the view of the Kothari Commission. What type of revolution? We

want cultural revolution, social revolution, educational revolution, which will give the results for the reformation of our life. The aim of the Kothari Commission is to bring about a revolution not in primary schools but at other levels of education also.

So, if we really want to change our educational system and the socio-economic life of the country, then we have to adopt the recommendations of the Kothari Commission, which has given very valuable suggestions. If we implement them then we can have not only a good future but also a good present.

SHRI P. G. MAVALANKAR (Ahmedabad): Mr. Chairman, Sir, I do appreciate the intention of Shri Arjun Sethi, the mover of the Bill. He has brought forward this Bill to amend the Constitution of India to make education entirely a Union subject. But I would suggest at the very outset that the remedy that he is indicating in his Bill is not one which will cure the disease or solve the problem. In my opinion the remedy he suggests is neither healthy, nor worth welcoming, nor effective. I say this for several reasons which I will briefly narrate.

Before I do so, let us see what the mover had in his mind when he introduced this Bill. He complains of lack of funds on the part of the States. Because the States do not have adequate resources, therefore he feels that this subject should go to the Centre, assuming of course that the Centre has more financial resources. Secondly, he feels that the subject of education will have to be made the responsibility of the Centre. So, the mover has two points in mind, namely, paucity of funds at the disposal of States and the inability of the States to look after responsibly the urgent need of education.

I agree with the Education Minister, who said only a little while ago that he does not want to enter into any unhealthy and unhappy contro-

[Shri P. G. Mavalankar]

verys of States versus the Union. I do not think in this particular Bill the idea is to create that controversy of States being pitted against the Centre or *vice versa*.

I wish to submit that in a country like India, which is big and has got a great many variety of things, it would be very unfortunate if we make all our educational endeavours entirely the responsibility of the Centre. The problem of funds is, no doubt, real and genuine. I suggest that we can certainly find some ways and means with regard to more and better Central allocation of funds to the States concerned. But because the States of the Union are unable to foot the Bill of their respective educational programmes, you cannot argue that is the reason why education must be lifted bodily from the States and taken to the Centre. As I said a little while ago, India is a vast country with a lot of variety, social, cultural, linguistic, regional and economic and I feel that the educational programmes and endeavours of this vast nation must be able to represent and reflect those varieties. Therefore, if you make education a Central or Union subject, you are unwittingly, even though it is not your intention, trying to make education an instrument for producing regimentation and dead uniformity in this vast land of ours. It is from that angle that I feel that the subject of education must not be exclusively in the hands of the Union.

There is another reason why education must be in the hands of the States. That is because I feel that educational institutions and centres and training institutions must have the necessary scope and freedom to experiment with new ideas, with different ideas. If the subject of education is exclusively in the hands of the Centre, then only the Centre will direct all the States and regional institutions as to how a particular educational scheme has to be conducted. That goes contrary to the very idea of good education. Good education stands for variety, for freedom. It is

in the midst of variety that we want to achieve unity. But unity does not mean uniformity. My difficulty is that the Bill, instead of producing good results, more allotment of funds, will only aim at producing a dead uniformity which will kill personality of the States. Let us not forget that India is federation by choice, India is a country where we are respecting the distinct personalities of States. Each State of the Union has a personality of its own, the flavour of its own, the taste of its own. These different tastes and cultures are not at all, as of necessity, in direct conflict with the natural desire of the Union, i.e., the whole country. Therefore, I feel that, in order to preserve these very necessary and natural varieties in the Indian Union, we should see to it that education remains in the hands of the States.

I would in this context quote one story. Many years ago, an Englishman went to a continental country, France. He was an official of the Education Ministry from England and was talking to his counter-part in Paris. They were talking about various things. At one point, the French official, said, 'While you and I are sitting here in Paris at the desk of the Education Department, I can tell you right now, at this pointed second, what is happening where in the whole country of France, what subject is being taught, what is the time-table, who are the people teaching the subject, syllabus, etc.'. And the Englishman naturally and very correctly reacted and revolted; he almost collapsed. You can imagine what will happen if, in a country like India with its big size and varieties, there is that kind of uniformity throughout the country.

Education must really cater to different needs, different tastes and different requirements of the people. Therefore, it will be a very dangerous thing if education is made an exclusively Union subject, and I hope that this danger will be eliminated if my friend, after having introduced the

Bill and got his intention and anxiety well expressed, will withdraw this Bill.

In conclusion, I want to say this. I started by saying that I appreciated the anxiety and intention of the mover. But I am unable to persuade myself to agree to his proposal. But then what is the remedy? If you cannot have education as a Central subject, is there any remedy to keeping education as it is in the State subjects? I would suggest that one remedy could be to make education a Concurrent subject, so that the Union has some chance, the federal Government has some chance and scope and some more manoeuvrability in regard to finances, laying down certain uniform practices, establishing certain healthy conventions and so on and so forth. You can do that if you have it as a Concurrent subject and not exclusively as a State subject.

From this angle and the arguments that I have advanced earlier in my speech, I feel that I must oppose this moved by my hon. Friend, Shri Arjun Sethi.

शिक्षा और समाज कल्याण मंत्रालय तथा संस्कृति विभाग में उपमंत्री (श्री डी० पी० यादव) : सभापति जी, श्री सेठी साहब ने सदन के सामने जो विधेयक रखा है उस के द्वारा एक बार उन्होंने हम को भी झकझोरा और राष्ट्र का ध्यान इस ओर आकृष्ट किया। विछले तीन दिन से हम लोग शिक्षा के बजट पर बहस कर रहे थे और आज माननीय सदन ने उसे पारित कर दिया। सेठी साहब की इच्छाओं, आकांक्षाओं और उन की जो भावनाएं हैं उन की मैं कदर करता हूं। आज सवाल इस बात का नहीं अब होना चाहिए कि शिक्षा राज्य में रहे हैं या केन्द्र में रहे। सवाल हमारे सामने यह होना चाहिए कि इस का क्वालिटेटिव कंट्रोल कैसे हो, क्वालिटेटिव है इन्वाल्समेंट कैसे हो, आज हमारे सामने आबजेक्टिव यही है।

जब कभी सदन में यह विषय आता है तो माननीय सदस्य कहते हैं कि आप वोक्शेननाइजेशन की बात करते हैं, आप बेसिक एजुकेशन की बात करते हैं, करते आप कुछ नहीं हैं। कल भी मैंने बड़े स्पष्ट शब्दों में इस बात को स्वीकार किया है कि वोक्शेननाइजेशन और रीस्ट्रक्चरिंग आफ एजुकेशन इन सब मामलों पर हम बहस बहुत कर चुके हैं और काम बहुत कम हुआ है। और जब यह बात है तो इस को कहने में कोई आपत्ति नहीं होना चाहिए।

हमारे सामने बहुत सारी समस्याएं आई। देश अगर छोटा सा होता जैसे मावलंकर जी ने कहा कि पेरिस में एक आदमी बैठ कर कह रहा था, हो सकता है उस के पास कम्प्यूटर हो जिस के आधार पर वह कह रहा था, लेकिन आप का देश इतना बड़ा है, ढाई हजार किलोमीटर लम्बा और ढाई हजार किलोमीटर चौड़ा है, 57 करोड़ इस को आबादा है दिल्ली में बैठ कर कम्प्यूटर लगाइगा भी तो शायद 6 लाख स्कूलों को एक कम्प्यूटर फीड नहीं कर पाएगा। हम चिन्तित इस बात से हैं कि राज्य स्तर पर शिक्षा का जो कार्यक्रम चल रहा है उसकी मदद दें और एफेक्टिव ढंग से मदद दें। केवल बातों से मदद नहीं करें, ठोस रूप में मदद करें। सदन ने देखा कि हम ने जो वादा किया था और अपने चुनाव घोषणा पत्र में भी हमारी पार्टियों ने जो वादा किया था उस को पूरा करने की और हम ने कदम बढ़ाया है। राज्य को शिक्षकों की आवश्यकता थी। 1971-72 में हम ने करीब 30 हजार शिक्षक दिए। 1972-73 में 30 हजार शिक्षक दिए और 1973-74 में भी हम ने राज्यों को लिखा है कि आप 30 हजार शिक्षकों की बहाली के लिए तैयारी कर लीजिए। इस के बाद भी हम आप को और शिक्षक देने जा रहे हैं।

[श्री डी० पी० यादव]

आज सारे देश में सेंट्रल सेक्टर, स्टेट सेक्टर और सेंट्रल यूनिवर्सिटीज से ले कर प्राइमरी स्कूल तक की शिक्षा पर बाराब करीब 11 सौ करोड़ रुपया हम सालाना खर्च कर रहे हैं। करीब 30 लाख हमारे पास शिक्षक हैं। सी के पास पास विश्व-विद्यालय हो गए हैं। 35-36 हजार के ऊपर हायर सेकेंडरी स्कूल हमारे हो गए हैं। इसलिए हम ने बंदम आगे बढ़ाया है, यह हम मान कर चलते हैं। अब जरूरत सिर्फ इम बात की है कि क्वालिटी कैसे बढ़ाई जाय। इस के लिए मैं सदन को यह सूचना देना चाहूंगा कि हम ने केन्द्र में जो एका नेशनल कौंसिल आफ एजुकेशनल रिसर्च एण्ड ट्रेनिंग की स्थापना की है वह अब अपने टेक् आफ पोजीशन में आ गई है और राष्ट्र के स्कूलों को एका सूत्र में बांधने की क्षमता उस ने अपनी पैदा कर ली है। बहुत सारे स्कूलों की किताबें हमें जमा करनी थी, स्कूलों में साइंस किट बिल्डिंग कैसे हो इस को चिन्ता करनी थी। इन तमाम चीजों के लिए हमें बहुत कुछ करना था। उसमें अभी खामियां हैं। लेकिन जो हमारी एन० सी० आर० टी० है, वह सिर्फ हिन्दुस्तान में ही नहीं, एशिया के ऐसे संस्थानों में है, जिसको देखने के लिये लोग देश-विदेश से आने लगे हैं। हम ने सारे देश के कोर्सिज को किताबों को मंगाया है, प्राइमरी से लेकर हायर सैकेंडरी तक, उन का विवेचन किया है और जो किताबें और किताबों के कन्टेन्ट्स राष्ट्रीय हित में नहीं थे, उन को हम ने एलिमिनेट करने की कोशिश की है। सदन को यह जानकर खुशी होगी कि एन० सी० आर० टी० ने अनेकों किताबें छपी है और छाप रहा है—एक-एक स्टेट में 20 लाख से 30 लाख तक किताबें छपने लगी हैं—यह हमारा एका बंदम है।

17.00 hrs.

इस के साथ ही हमारे पास 4 रिज्जल कालिजिज आफ एजुकेशन हैं जो इस काम

में मदद करते हैं। हम ने यह देखा कि हम केन्द्र से जो सर्कुलर राज्य सरकार के शिक्षा सचिवों को भेजा करते थे कि हमारी अमुक अमुक योजनाओं को बार्यान्वित करो, उस का बहुत अच्छा परिणाम नहीं निकलता था, सिर्फ चिट्ठी लिखना या सर्कुलर भेज देना इफेक्टिव नहीं हो रहा था। इस लिये अब हमारे आफिसर राज्य के मुख्यालय में जाते हैं, वहां के आफिसरों से बातचीत करते हैं, हम लोगों ने भी जाना शुरू कर दिया है और उन के साथ बैठ कर राज्य की जो स्थिति है, उस के दूथ को जानने की कोशिश करते हैं, आन-दी-स्पार्ट डिजीजन करते हैं, यह प्रदेश किंतना पिछड़ा हुआ है और इस को किताबी सहायता की आवश्यकता है, उस का निर्णय करते हैं, फिर उस को परमू करते हैं। इतना ही नहीं अफसरों का आदान-प्रदान, शिक्षा अधिकारियों का आदान-प्रदान भी हम ने शुरू कर दिया है। नेशनल स्टाफ कालिज की स्थापना हम करने जा रहे हैं और हमने यह फैसला भी किया है कि ग्रासरूट-लेवल पर जो आफिसर इम्प्लोमेन्टेशन में एक्टिव हों, इम्प्लोमेन्टेशन कर रहे हों, उन्हें एका जगह पर एकत्रित कर के समझाया जाय कि केन्द्र क्या सहायता दे रहा है या केन्द्र आप के लिये क्या करना चाहता है या क्या कर रहा है।

हम ने यह भी सोचा है कि प्रत्येक जिले से जिला शिक्षा पदाधिकारी या जिला निदेशक (शिक्षा) को भी बुलाया जाय, उनका सेमिनार कराया जाय और उनके साथ बैठ कर जो वस्तु स्थिति है, फील्ड की जो स्थिति है उसका ज्ञान हम को होना चाहिए। अब हम केवल सर्कुलर में विश्वास करने वाले नहीं हैं। अतः हम ने यह सोचा है कि इन लोगों को जो फील्ड में काम करते हैं

श्री फूल चन्द बर्मा (उज्जैन) : सेमिनार कब तक आयोजित किये जायेंगे ?

श्री जी० पी० ग्राबब : हम ने शुरू कर दिये हैं। मैं वर्मा जी को स्पष्ट कर देना चाहता हूँ कि एन०सी०आर०टी० में हम ने जो डेवेलपमेंट किये हैं, जो किट्स या किताबें बनी हैं उनका ज्ञान हमारे जिला शिक्षा पदाधिकाश्रियों को होना चाहिए। जब तक वे यह नहीं जान लेते हैं कि ये किट्स किस के लिये बनी हैं, क्यों बनाई गई हैं, तब तक काम नहीं चलेगा, सर्कुलर से यह काम नहीं हो सकता है। अतः उन लोगों को हम ने बुलाना शुरू कर दिया है, सेमिनार कराते हैं, उनसे पूछते हैं कि बतलाइये आप की क्या डिफिकल्टीज़ हैं, आप की डिफिकल्टीज़ का निवारण कैसे कर सकते हैं? इस तरह का फैसला हम ने लिया है और इसको शुरू कर दिया है।

जहां तक क्वालिटी कंट्रोल और डेवेलपमेंट का सवाल है, बिना पैसों के क्वालिटी कंट्रोल नहीं हो सकता है। सारे देश का खर्चा, जिसे शिक्षा मंत्री जी ने आज बतलाया था—1100 करोड़ रुपये रेकरिंग और नान-रेकरिंग सब मिला कर है। लेकिन योजना आयोग ने हमें आश्वासन दिया है—अगर किसी प्रकार की ऐसी कैलेमिटी न आई, जो देश पर किसी तरह से थोप दी जाय, जैसी सन् 1971 में थोपी गई थी, तो हम शिक्षा पर सवा गुना प्रति वर्ष खर्च करने जा रहे हैं। सिर्फ प्राइमरी एजुकेशन के सप्लीमेंट, कम्पलीमेंट और डेवेलपमेंट के लिए 225 करोड़ रुपया खर्च करने जा रहे हैं। आप के जो रिसोर्सेज हैं, इस सदन के जो रिसोर्सेज हैं, इस राष्ट्र के जो रिसोर्सेज हैं वे कम हैं, फिर भी उस में काट कर अगर, हम 225 करोड़ रुपये सालाना खर्च कर सकें, जिसका ग्रीन सिगनल हमें योजना आयोग से मिल चुका है तो हम बहुत कुछ कर सकेंगे और सच्चे दिल से करेंगे, ईमानदारी से करेंगे—इसमें आप को अविश्वास नहीं होना चाहिए।

सभापति जी, जहां तक इस बिल का सवाल है—अगर हमारी पार्टी को आप यहां से हटा दीजिये और सिर्फ सामने वाले माननीय सदस्यगण इसके लिये वोट करें तो वे ही इस को वोट-डाउन कर देंगे। क्योंकि यह सैंट्रल सब्जेक्ट नहीं होना चाहिये और सैंटर का मकसद भी पावर कन्सेन्ट्रेशन नहीं है। मैं यह स्पष्ट कह देना चाहता हूँ कि केन्द्र कभी भी नहीं चाहता कि पावर को कन्सेन्ट्रेट कर के रखा जाय या केवल इसी सदन में इसके लिये पावर रहे—ऐसा सरकार नहीं चाहती है।

श्री सामन्त जी ने भी एक बिल इस सदन में फ्लोट किया हुआ है कि शिक्षा कानक्रेट लिस्ट में आये या नहीं आये। जब वह आलरेडी फ्लोटेड है, तब मैं नहीं समझता कि पुनः एक दूसरा बिल भी उसी तरह से भेजा जाय, उस पर भी विचार मांगे जाय। परन्तु सेठी जी की भावना की मैं कद्र करता हूँ और चूकि दो-तीन दिन यहां पर इस मंत्रालय पर बहस चल रही थी, जो कुछ हमने कहा है, उसके अनावा हमारे पास और कोई नई योजना नहीं है, जिसे सदन का सहारा लेकर अनाउन्स करूं, जितना हम ने कल और आज में अनाउन्स किया है, उसको इम्प्लीमेंट करने की शक्ति सदन प्रदान करे और हम पर अंकुश भी रखे—यह मैं जरूर चाहूंगा।

इन शब्दों के साथ मैं सेठी साहब से विनीत निवेदन करूंगा कि सदन में जो विचार व्यक्त किये गये हैं, उस भावना को देखते हुए और सरकार की जो लाचारियां हैं—सामन्त जी का एक बिल पहले से फ्लोटेड है—उसको ध्यान में रखते हुए, सेठी साहब कृपापूर्वक इसे वापस लेंगे—ऐसी मेरी धारणा है और मैं चाहूंगा कि वे उठ कर कहें कि वे इसे वापस लेते हैं।

SHRI ARJUN SETHI: I am very thankful to the hon. members who have participated in the discussion on

[Shri Arjun Sethi]

this non-official Bill and advanced their arguments for or against it. Whatever be the grounds adduced, most of them have opposed it. The point is that today the problems of education are so acute that unless we do something immediately and urgently to solve them, our country cannot as a whole be in a happy position.

Shri Mavalankar while speaking advanced some arguments. I had mentioned only two reasons to make education a Central subject in the statement of objects and reasons. But while speaking at the introductory stage, I advanced a number of points in support of it. One is the national integration of the country as a whole. Another is the economic, social and political goal which we envisage to be achieved in the best interest of our country.

So, the objectives I have enumerated are not these two only. There are a number of objectives. Unless we achieve those objectives, it is very, very difficult to sustain or preserve the unitary character of our nation as a whole. My friend Shri Krishnan form the DMK said that Tamil Nadu has done such and such things. It is true they have done something towards development. It is well and good. But looking to the other States my submission would be that if such kinds of development could be made by the other States in the Indian Union, certainly it would be for the best interests of our country.

Our esteemed Deputy Minister of Education, Shri Yadav, has also enumerated some of the steps which the Government is envisaging or is taking for the betterment of the country. I am glad to hear it from the hon. Deputy Minister and I am grateful for his presence and his participation in the debate.

I want to submit before the House what our Prime Minister has said, while she was speaking on the occa-

sion of the 25th year of India's tryst with freedom, from the ramparts of the Red Fort. I would like to quote her words. She said:

"The States have not got enough talent to run the higher education. The subject of education should be a concurrent subject with the Centre having an agency of its own."

She further asked a question, "Have the full possibilities of the present system of education been fully brought out? With laxity everywhere, it has not been."

"Education is meant to develop the best in the personality of the taught and giving it a biological sense of adaptability to the socio-economic milieu and not for inculcating this ism or that ism."

So, this is the main problem which our educational system is facing today. Unless our goal is clear, our system of education cannot improve. Without bringing politics in all these important subjects, if all the States or if all the Members here join in this endeavour and participate and work together, certainly the problem before us could be solved in no time.

Lastly, I submit that after our Deputy Minister's assurance to improve the quality of education and to do something immediately for the betterment of the educational system. I wish to seek the permission of the House to withdraw my Bill.

MR. CHAIRMAN: The question is:

"That leave be granted to Shri Arjun Sethi to withdraw his Bill further to amend the Constitution of India."

The motion was adopted.

SHRI ARJUN SETHI: I withdraw the Bill.

The Bill was, by leave, withdrawn.

17.15 hrs.

CONSTITUTION (AMENDMENT)
BILL

(SUBSTITUTION OF ARTICLE 335)

SHRI C. T. DHANDAPANI (Dharmapur): Sir, I beg to move:

"That the Bill further to amend the Constitution of India be taken into consideration."

I wish to bring before this House the amendment to Article 335 of our Constitution with the hope that our Hon. Minister would agree to the proposal of my Bill. I know he is a very broad-minded and progressive minister. There are very few Minister like him at the Centre with such a quality. I hope that he will accept my proposal.

17.16 hrs.

[SHRI S. A. KADER in the Chair.]

My proposal is that for article 335 of the Constitution, the following article shall be substituted, namely:—

"335(1) Notwithstanding anything in this Constitution, twentyfive per cent of the vacancies in services and posts in connection with the affairs of the State shall be reserved for the members of the Scheduled Castes and the Scheduled Tribes.

(2) The vacancies reserved under clause (1), which cannot be filled due to non-availability of candidates belonging to the Scheduled Castes and the Scheduled Tribes in a particular year, shall be carried forward and added to the normal reservations during the subsequent two years:

Provided that the number of normal yearly reserved vacancies together with reserved vacancies carried forward from the previous years in the aforesaid manner shall

not exceed 75 per cent of the total number of vacancies in any recruitment year.

"(3) In this article, unless the context otherwise requires, 'the State' includes the Central Government and the Legislature of each of the States' Union territories, all local or other authorities within the territory of India or under the control of the Government of India or co-operative societies or companies registered or set up under an Act of Parliament or of a State Legislature and are financed wholly or partly by Government of India or a State Government or by any local authority."

I also want to read the objective of this Bill.

"Article 46 of the Constitution enjoins upon the State *inter alia* to promote with special care the educational and economic interests of the weaker sections of the people, and, in particular, of the Scheduled Castes and Scheduled Tribes. The existing article 335 of the Constitution which stipulates that the claims of the members of the Scheduled Castes and Scheduled Tribes shall be taken into consideration in the making of appointments to services and posts in connection with the affairs of the Union or of a State is quite inadequate in the context of proliferation of industrial undertakings, cooperative societies and expansion of commercial activities of the State. The present Bill seeks to make good this deficiency."

Sir, this Bill seeks protections to the downtrodden, suppressed and exploited classes. Once they were denied the right of education, right of worship, right to enter into public places, and they were never granted the use of public roads, public wells, public burial ground, right from the puranic period. Now I want to say something about the historical background of the society. I do not want to go into the legal points of this Bill. But, I want to deal with the economic and

[Shri C. T. Dhandapani]
social aspects of this Bill. If I explain the background of the past, nobody should misconstrue my intention that I make this mention to hurt the feelings of others, those who believe in casteism. One may pose a question as to why a special treatment is needed to the low caste people. Historically a deliberate fraud had been committed on those people by high caste Hindus for their selfish ends and to keep those suppressed classes as slaves for ever. They were considered as untouchables. The puranas and the so-called sacred books, instead of teaching in terms of cooperation, equality and fraternity, they instigated the message of hatred, anti-brotherhood and anti-humanitarianism.

These untouchables were advised to serve sincerely the people of high position. Otherwise, they were not entitled to salvation. They never got an opportunity to think even of fresh food and pure water. They were asked to be satisfied with rotten food and dirty water which could not be touched by animals. One may come forward to ask why could not they revolt against this sort of injustices done to them. The simple reason was that they were made to believe the superstition and the supreme power of God. Even in Gita we could find the voice of the God himself saying, "The four castes created by me according to quality and merit."

Right from the puranic period till now in the modern age, caste system plays an important role in all walks of life.

Dr. B. R. Ambedkar said:

"In the caste system the division of labour is not spontaneous and natural but it is a hierarchy. Caste has killed public spirit. Caste has destroyed the sense of public charity. Caste had made public opinion impossible. There is no sympathy for the deserving. There is no charity for the needy. There is charity but it begins with caste and ends with caste."

Dr. G. S. Ghurye says:

"The low caste person had no civil

or religious rights. If he tries to hear the Vedic text, he shall have his ears filled with molten tin or lac; if he recites the Veda, his tongue shall be cut off and if he remembers it, he shall be made dismembered. If he assumes a position of equality, conversing or going along the road, he shall receive corporal punishment."

These were the main factors for the backwardness, and illiteracy of Harijans and they could not compete with others either politically or economically or socially. Very many social reformers tried to attack the evil roots of the caste system, but failed. The miseries of these people were rapidly increasing and their socio-economic and political fortunes were diminishing. Due to the earnest services of Gandhiji and Dr. Ambedkar in the north and of Periyar E. V. Ramaswamy and Arignar Anna and the self-respect movement in the south, a feeling of confidence was created in the minds of the Harijans. They were named as Harijans by Gandhiji.

Some of the leaders from their own community identified themselves as the protectors of their interests and took part in the national and social movements and rose to the occasions. After August 1947, though the Harijans and Adivasis could not taste the fruits of independence, they sincerely believed that their long-cherished hopes and aspirations would be fulfilled. Meanwhile there was a public demand for voting rights for those who completed 21 years irrespective of their caste, creed religion etc. The Constitution Assembly had detailed discussions about the right of vote at the age of 21 for all. Naturally, the scheduled castes and scheduled tribes people also have the right of voting now and they have been given the right to make their own choice. In a democratic country like ours, voters are considered as masters on the eve of the elections. That section which was fighting to live in the society has become a force in Indian politics.

Willingly or unwillingly the circumstances compelled the then Government, the present Government to do some service, at least lip service, to those suffering masses.

In articles 46, which comes in the Chapter on Directive Principles of the Constitution, this has been incorporated Article 335, for which I have now brought forward an amendment, gave some hopes to the Scheduled Castes and Scheduled Tribes. What made me bring an amendment to this article? Though there was constitutional obligation on the part of the Government, yet the rights of these people were deliberately neglected.

Let us see what Shri Elayaperumal, who was a chairman of a Commission on this subject, stated about Plan programmes.
